In accordance with the rules a fire drill was held at Bellevue Hospital on January 26; at Gouverneur Hospital on January 28 and at Harlem and Fordham Hospitals on January 27, 1910.

Special Nurses have been authorized at the request of Drs. Lee and Woolsey, and at the request of Miss Goodrich, to care for a sick Nurse at the Nurses' residence. These have been authorized, as in each instance their services appeared to be very necessary. Your approval is asked for.

It has been necessary to assign four special Nurses to special cases receiving treatment for the alcoholic and drug habit, under the care of Dr. Lambert. It hardly seems

that the hospital is justified in spending this money for this class of case, and it is recommended that Dr. Lambert be allowed to meet the expense of these Nurses.

A Pupil Nurse, Miss Lane, was recently sent to the Minturn Hospital with diphtheria. For the guidance of the General Medical Superintendent it is desired that instructions be given by your Board as to whether or not we shall send members of the nursing staff and of the house staff to the Minturn Hospital in case of contagious disease.

Dr. Moses Oziah is recommended for the position of Interpreter to Bellevue Hospital. He is eligible by Civil Service list, and speaks German, French, Italian, Yiddish, Polish, Spanish and Roumanian.

It is recommended that the closet and the alcove in the Board room be converted into proper cabinets for the reception and safe keeping of the medical books now kept in the office of the General Medical Superintendent. These books are for the use of the house staff, and will be much more accessible than at present.

The names of Mr. Howard Dinwiddie and Louis J. Ward have been certified by the Civil Service Commission as eligible for appointment as Investigator. They have been instructed to call upon the members of the Committee on Salaries and Offices. Both of these men have had the experience necessary to qualify them for this position. It is recommended that one of these applicants be selected for appointment as Investigator.

Dr. Renwick R. Ross, of the Buffalo General Hospital, requests permission to use portion of the plans of the new kitchen in the Nurses' Home, same to be used in a book being edited by Miss Charlotte Aiken, of Detroit. It is recommended that this be allowed.

On motion, duly seconded and carried, the appointment of special Nurses reported by the General Medical Superintendent was approved.

On motion, duly seconded and carried, the question of the assignment of special Nurses to special cases under the care of Dr. Lambert was laid over until next meeting.

On motion, duly seconded and carried, authority was given the General Medical Superintendent to send members of the nursing staff and of the house staff who contract contagious diseases to the Minturn Hospital for treatment, as has been the practice heretofore.

On motion, duly seconded and carried, it was Resolved, To permit Dr. Renwick R. Ross to use portions of the plan of the kitchen of the new Nurses' home, as recommended by the General Medical Superintendent.

The General Medical Superintendent presented lists of changes in the help at Bellevue Hospital for the two weeks ending December 4 and 11, 1909, and on motion, duly seconded and carried, these were referred to the Committee on Officers and Employees.

With the approval of the Committee on Supplies, the lowest bid in each case was accepted on the following:

A copy of a resolution adopted by the Board of Aldermen February 1, 1910, which became effective February 15, 1910, by reason of the failure of his Honor the Mayor to approve or disapprove of same, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of \$15,667.50 for the purpose of paying salaries at the Brooklyn Headquarters of the Department of Health, was received and ordered on file.

A copy of a resolution adopted by the Commissioners of the Sinking Fund February 16, 1910, authorizing the Comptroller to pay rent of the premises No. 961 Sixth avenue, Borough of Manhattan, for a period commencing August 1, 1909, and not to extend beyond May 1, 1910, was received and ordered on file.

The President called attention to the fact that the request of the Board embodied in a preamble and resolution adopted July 21, 1909, requesting the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter as amended, to approve of the issue of corporate stock to an amount not exceeding nine hundred thousand dollars (\$900,000) for the acquisition of the site and building located on the southwest corner of Sixteenth street and Irving place, in the Borough of Manhattan, although acted upon favorably by the Board of Estimate and Apportionment at a meeting held December 10, 1909, had failed of passage in the Board of Aldermen; that the lease of the premises at present occupied by the Department on the southwest corner of Fifty-fifth street and Sixth avenue, in the Borough of Manhattan, will expire May 1, 1910, and that no provision has yet been made for quarters for the Department after such time, and recommended that the matter be again submitted to the Board of Estimate and Apportionment, with the request that immediate action be taken thereon. In accordance with such recommendation the following preambles and resolution were adopted:

"Whereas, The lease of the premises at present occupied by said Department as its chief office, at Nos. 963 to 969 Sixth avenue, Borough of Manhattan, terminated on the 1st day of May, 1909, and it is deemed best for the interests of The City of New York not to renew the same; and

"Whereas, A proposition has been received from Mr. Reon Barnes, agent for the Kips Bay Realty Company, owners of the premises situate the southwest corner of Irving place and Sixteenth street, Borough of Manhattan, City of New York, consisting of a plot of land 100 feet in length on Sixteenth street and 123 feet 9 inches in length on Irving place, upon which is in course of construction a twelve-story and basement steel, brick terra cotta and reinforced concrete office building, to sell said site and building when completed to The City of New York for the sum of \$850,000; therefore be it

"Resolved, That the Board of Health of the Department of Health of The City of New York hereby selects and approves of the premises situate the southwest corner of Sixteenth street and Irving place for its chief office; and be it further

"Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to approve of the selection by the Board of Health of said premises for its main office, and to authorize the Comptroller to enter into a contract for the acquisition of the above described property at private sale, at a price not exceeding eight hundred and fifty thousand dollars, said contracts to be submitted to the Corporation Counsel for approval as to form, and to include the following provisions: One hundred thousand dollars to be paid by the City upon the signing of the contract, the balance upon the completion and acceptance of the building; and be it further

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment is hereby requested to approve of the issue of corporate stock of The City of New York to an amount not exceeding nine hundred thousand dollars, to provide means for the acquisition of the site and building situate on the southwest corner of Sixteenth street and Irving place, in the Borough of Manhattan, to be occupied by the Department of Health as its main office for the examination of title thereof, and for the furnishing and equipment of said building, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding nine hundred thousand dollars, the proceeds whereof to be applied to the purpose aforesaid; and be it further

"Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to release the Board of Health from the restrictions of a resolution adopted by the Board of Estimate and Apportionment at a meeting held December 18, 1908, requesting the heads of the various City Departments and offices not to advertise for contracts nor enter into any further obligations to be paid for by the issues of corporate stock, without first submitting the same to the Board of Estimate and Apportionment for reapproval, and to approve of the expenditure of the sum of one hundred thousand dollars by the Comptroller for the purpose of making initial payment upon the execution of the contract for the sale of the premises above described, said sum to be paid from the proceeds from the sale of corporate stock heretofore authorized for the acquisition of sites and erection of buildings under the jurisdiction of the Department of Health, and known as the Department of Health Building Fund; and

Whereas, The Board of Estimate and Apportionment did subsequently on December 10, 1909, adopt the following resolutions:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding the sum of eight hundred and fifty-five thousand dollars (\$855,000) to provide means for the acquisition, and expenses in connection therewith, of property located on the southwest corner of Sixteenth street and Irving place, Borough of Manhattan, for the use of the Health Department, the Tenement House Department and the Bureau of Buildings, office of the President, Borough of Manhattan, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eight hundred and fifty-five thousand dollars (\$855,000).

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, shall be removed and the debris shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department. No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
