BOARD OF ESTIMATE AND APPOINTMENT.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment held October 10, 1912, the following petition was received:

To the Board of Estimate and Apportionment: The petition of New York Westchester and Boston Railway Company respectfully shows as follows:

Your petitioner has constructed and is engaged in operating its railroad in The City of New York, in accordance with a certain ordinance adopted by the Board of Aldermen of said City on the 26th day of July, 1904, approved by the Mayor on August 2, 1904, as amended by resolution of the Board of Estimate and Apportionment, adopted July 14, 1905, approved by the Mayor July 21, 1905, and by several subsequent contracts between New York Westchester and Boston Railway Company and The City of New York, none of which amendments, however, alter or amend that portion of said ordinance to which this petition is addressed.

That in and by said ordinance it is provided, in section 2, paragraph 12, as follows:

"Twelfth—The roadbed within the limits of The City of New York shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. For any failure to comply here-with the railway company shall be liable for a penalty of fifty dollars (\$50) per day."

That the railroad of your petitioner is wholly upon private right of way, except where it crosses over or under streets, avenues and other public places. That the construction of petitioner's roadbed is of such quality and nature that the requirements of said provision of said ordinance are wholly unnecessary, and do not serve any useful public purpose, or offer any advantage to the traveling public or to the City.

The roadbed throughout is ballasted with stone, and your petitioner verily believes that it is wholly unnecessary to water the same, and that no dust will arise in the absence of watering. That it will be a serious hardship and inconvenience to your petitioner if it is obliged to comply with said section 2, paragraph 12 of said ordinance without any corresponding benefit to the public or to the City.

Wherefore your petitioner prays that subdivision 12 of section 2 of the ordinance of The City of New York, adopted July 26, 1904, approved by the Mayor August 2, 1904, as amended by resolution of the Board of Estimate and Apportionment, adopted July 14, 1905, and approved by the Mayor July 21, 1905, and further amended by subsequent contracts between New York Westchester and Boston Railway Company and The City of New York, be further amended by striking therefrom the whole of said subdivision 12 of section 2.

Dated September 30, 1912.
NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY, by L. S. MILLER, President.

State of New York, County of New York, ss.: Leverett S. Miller, being duly sworn, deposes and says that he is President of New York Westchester and Boston Railway Company, the petitioner named in the foregoing petition; that he has read the said petition and knows the contents thereof, and that the same is true to his own knowledge, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true.

LEVERETT S. MILLER.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereunto shall be sold to the highest bidder, who must pay cash or certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant for, rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curbs in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All walls, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in

the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
