PETITIONS AND COMMUNICATIONS.

No. 1538.

Frederick J. Graf, Fender Expert.

No. 47 St. Mark's Place,

New York, January 19, 1903.

To the Honorable, the Board of Aldermen of The City of New York:

Mr. Chairman and Gentlemen—I would kindly call your attention to the attached resolution presented by Alderman William Dickinson, of Brooklyn, last May, 1902, and inserted in the "City Record" of May 29, 1902, and which still is in the Committee on Railroads since that date. Now, gentlemen, after the Committee has had three successful hearings on this resolution, the last one being last October, 1902, when at that time I proved to them and the railroad companies as well the benefits that would be derived by the public and the railroad companies as well, should you make this pending ordinance a law, I have demonstrated a complete working model in full operation, and have delivered the inclosed address, a copy of which is also in possession of the Committee; now, in courtesy to all concerned, I would kindly ask this Honorable Body, should not this matter be reported to you for action, after a lapse of eight long months, and therefore believing you to be a fair-minded body, I would request you to call up this matter for action.

I am yours very truly,

FREDERICK J. GRAF, Fender Expert.

P. S.—Any other information desired on this matter will be cheerfully furnished.

No. 652.—May 29, 1902.—City Record.

By Alderman Dickinson—

Resolved, That all cars and vehicles, used, operated or propelled by electricity or motor power, wholly or partly within the limits of The City of New York, shall be equipped with proper, non-projecting, automatic life-saving fenders.

2. The fenders to be adopted shall be the best adapted for the preservation of life and limb and the safety of persons and property.

3. So far as practicable, the fenders shall be automatic in their operation, and when not in operation shall be secured underneath the car or other vehicle to prevent obstruction of traffic.

4. All persons, firms, companies or corporations operating such cars or other vehicles as aforesaid, failing to comply with the terms of this resolution by January 1, 1903, shall be fined one hundred dollars for each and every day of such default on each car or other vehicle not so equipped.

Which was referred to the Committee on Railroads.

Greater New York, October 10, 1902.

To the Honorable, the Board of Aldermen, Street Railway Companies, Automobile Owners, and the Public in Particular, and to All Whom These Presents May Concern:

Mr. Chairman and Gentlemen of This Honorable Body—I am here to lay before you statistics of the number of persons injured, mangled and killed up to date in Greater New York and vicinity, which are as follows: 1,529 persons. And persons injured, mangled and killed outright in Greater New York alone are as follows:

391 persons injured by cars equipped with fenders; 270 persons mangled by cars equipped with fenders; 545 persons killed outright by cars equipped with fenders; 55 persons injured, mangled and killed outright by automobiles not equipped with fenders; a total of 1,261 persons in Greater New York alone.

Now, gentlemen, I claim that all this injury and loss of life could have been prevented in the past, and would be prevented in the future, by the use of a real practical life-saving fender. The need of such a fender becomes more and more urgent with an ever-increasing population and the demand for a larger number of cars.

You will observe, gentlemen, that the major part of these cases resulted to persons knocked down by cars equipped with some of the so-called "best fenders in the market," and it is a fact that a large truck horse was dragged under one of these same fenders and killed. Now, if a truck horse could be dragged under a fender and killed, how, then, can we expect the ordinary individual to escape? In fact, there is a record of a recent case where a woman and child together were knocked down, and the mother was dragged under one of these so-called best fenders, and of the 1,529 killed, mangled and injured, over one-half has occurred in Brooklyn Borough alone. It is said that mothers in Brooklyn have contracted what is called "the trolley eye," a peculiar expression that has resulted from the constant dread of seeing their children carried home either hopelessly injured or dead, and here I have a case of a person slipping off the running board and falling between the trucks, having a leg cut off, which could have been prevented with an automatic fender, where wheels are encased as you see before you.

And in another case the fender threw a child down who was standing on a corner while the car was rounding a short curve, the extending fender sweeping across the walk and killing it. Remember, gentlemen, these statistics do not mention the many cases that are not made public, and, gentlemen, I have here also statistics of expenses incurred by street railway companies and owners of automobiles in Greater New York alone through damage suits amounting to \$841,125; and for damaged and wrecked fenders \$89,000, aggregating the enormous sum of \$930,125. Now, I claim that all this expense could have been avoided in the past and would be avoided in the future had and should the proper kind of fender been in use, as I have noted cars having been equipped with four fenders within one year on account of being damaged and wrecked through collisions with vehicles.

In making these statements I have not mentioned the loss of time and money involved in injury to pedestrians and the impediment to our vehicle traffic in this great City. Through blockades, as pedestrians and vehicles have to travel long distances to reach their destination, I having noted cars standing close together for a long time, their fenders projecting three feet in front of car while not in use, thereby preventing access to the other side of the street, not counting the loss of time to railroad companies where one car has to wait for the other at narrow street corners, for fear of wrecking fenders.

I will now try and prove to you that a practical life-saving fender will not only be a life and money saver, but will also economize space room in the railway depots in which cars are housed.

Now gentlemen, I do not come before you to-day as an orator, as that is out of my line, but simply as a plain, independent American citizen and workingman; nor do I belong to any political party. And as my policy is to do right and fear not, I, therefore, beg of you to pardon the way in which I am about to give you the following information:

In the first place, gentlemen, I am an inventor of an automatic life saving fender for street cars and automobiles, and having noticed your call in the "City Record" for a hearing to be given on automatic fenders, in regard to an ordinance pending demanding that automatic fenders be adopted for street cars and automobiles, therefore, I am here only to prove to you what benefit would be derived by the public should you allow the pending ordinance to become a law and also to prove to you that there are and have been such fenders in the market for the past six years to comply with said pending ordinance even should the railroad companies inform you to the contrary, and I will also prove to you the reliability, durability and ornamantality of such a fender, which, I believe, would comply with the pending ordinance, should you allow it to become a law. I hope you will not misunderstand me, and I believe that I come before you with this device, expecting you to report favorably on any one particular fender.

Gentlemen, believing you to be a fair-minded body, and believing you will only be guided by facts, figures and proofs in deciding what is the best for the benefit of the public, and at the same time for the benefit of the street railway companies and automobile owners as well, and not for any one particular person, and on this understanding only am I here to give and receive fair play. I have with me catalogues explaining this automatic fender, a copy of which any person is entitled to, and I also have here a working model of the same, the operation of which I will explain to you after closing my address. Kindly note that from the foregoing statistics there were several hundred persons killed, mangled and injured by cars and automobiles not equipped with a fender, such as the Broadway, Third avenue, Lexington avenue and Columbus avenue cars, also at the Brooklyn Bridge loop, which has a fender hanging up at the dashboard and, therefore, is in reality, no fender at all at this point. I ask you to put the question to the Metropolitan Railway Company, why do they equip their other cars with fenders and not these, and you will find that they will probably tell you that there is no fender in the market suitable for these cars, as they all connect with the Broadway road and the fenders would all be damaged and wrecked through collisions with vehicles in the downtown overcrowded vehicle districts, or they must tell you that an automatic fender that would answer the purpose for these cars would be too complicated. But you can readily answer them by reference to locomotives, automobiles, clocks or watches, whose mechanism is also complicated, but nevertheless perform their functions satisfactorily, or they will probably tell you an automatic fender would give the motorman too much to do, which I would contradict as his attention to fender would only be required when car is running or halting, where he then has nothing else to do.

And again I ask you to put the question to the Brooklyn Heights road and ask them why they do not use proper life saving fenders, or have fenders on their cars that are ready for action at the Brooklyn Bridge loop entrance, and they will probably tell you there is no fender in the market suitable for that purpose as they would all be wrecked by striking the iron supports of the Bridge when rounding the loop, if they did not hang them up on the dashboard. And again, ask the automobile owners why they do not equip their autos with a practical fender, and they will probably tell you that there is no such fender on the market as yet. Do you understand gen-

lemen, by them all telling you this they avoid the expense of using a real fender? I am here to-day to contradict their statements with facts and proofs that there are fenders on the market to suit these cars and automobiles that would comply with the pending ordinance.

Gentlemen, I am about to prove to you where the real fault and its remedy lie. You will notice that every time a person is killed, mangled or injured, the last lines of the newspaper article reporting the case will read "and the motorman was arrested." What are the results if they are bailed out by the company to-day only to be arrested again to-morrow for the same offense. Now, gentlemen, this system of arresting those who are not to blame is only a mantle for those to hide behind who are really to blame, thereby putting the public off the track. If the motorman is guilty, why do they not hold him for trial? But you will notice instead that the man goes free, because the persons who really ought to be held know very well that the motorman is taking their place. I ask you, gentlemen, to put a stop to all this abuse of the motorman by letting the pending ordinance become a law. I do not mention all the abuse they have to endure from an enraged public when their car has added another victim to the death list, and thus are thrown in a cell for that which is not their fault, because if the car had been equipped with a real life saving fender the case could not have happened. Also this ordinance would do away with the unnecessary labor and loss of time occasioned by motorman and conductor having to carry fender around from one end of car to the other, on cold, wintry nights especially. Why lose time on good brake and slow speed ordinances? What advantage is a good brake to the motorman, or slow speed to the victim after he has been struck, as in cases where the victim comes from behind another car or vehicle and the motorman did not see him. In such cases only a real fender would have saved the victim, and no good brake or slow speed, therefore the present fenders were all good enough for the emergency at the introduction of the first electric and cable cars and automobiles, and acted only as a temporary relief until a real fender could be invented, but now when most of them have not met their requirements and have proven to be life killers instead of life savers, after a six years' trial, and as they are an eyesore and a disgrace to our beautiful city with cars having fenders hanging lopsided in front, from three inches on one side to twelve inches on the other, they, therefore, now should be condemned by you because through the progress of invention and manufacture there are real life saving fenders on the market, therefore, the various companies ought to be compelled to adopt the best that could be found, and one that is not an eyesore, as a fender should be a sort of limb of the car and not an obstruction and disgrace to the same, especially when not required to perform their functions.

Gentlemen: Here is the medal presented to me by the American Institute, an institution known all over this land as honest and impartial in its awards, that no money could bribe, nor do they give them out as souvenirs, and the jury of mechanical engineers were as competent as any railroad company has in their employ to-day, and the institute—having not personal knowledge of who the inventor was—awarded me this medal for the invention of the best fender brought to their notice and on its merits only. This fender was highly esteemed by over 100,000 visitors, after a run of six weeks at Madison Square Garden, and stands highly recommended by the public press, the street railway publications, as well as the "Patent Record." The price of this fender may somewhat exceed the price of other inferior fenders, but the principle of this fender is, "Not what does it cost, but what does it do," because life is more precious than the dollar.

An examination of statistics proves that there have been more persons injured and killed by street cars and automobiles than in the late Spanish war, and, as I believe in "live and let live" and not getting honors through taking any lives, I, therefore have perfected this invention. There was a time when I had an idea, like almost all inventors, that there was millions in it, but I have come to the conclusion that if I kept on at those figures the invention would not become a benefit to the public, as the railroad companies would not pay for it, so I came down the ladder to thousands, and finally to the price of my time only, and expenses incurred in developing the invention. All this I have done for the benefit of the railway companies to adopt the same, but it was of no use. At last one company had the audacity to offer me \$2,000 down and 25 per cent. of the profits of the company, which I certainly would not accept, as that amount would not have compensated me for my time and expenses, and probably would not have benefited the public, as it is quite possible that this fender would never have been manufactured.

Therefore, gentlemen, I distinctly state to you that I would not accept \$1,000,000 for the patent to-day for fear that it might be pigeonholed, and the public would not derive any benefit therefrom whatsoever, but I am ready to furnish fenders in any quantity and in any time desired, but, as I am well aware that after this hearing this fender will not stand a show of adoption, even should the pending ordinance become a law, then, gentlemen, I am satisfied that the railway companies have two thousand other fenders (as stated by the representative of the Brooklyn Heights Railroad at our last meeting) to choose from, to comply with the law. Let me say that it is now up to you, gentlemen, to put a stop to this wholesale murder of the public. I have proven to you where the fault lies, which never will be remedied so long as the dollar stands for more than a life. I have also shown you where the remedy lies, therefore, ask you to use the remedy in letting this pending ordinance become a law for the public benefit, as their benefit is yours, as you are their representatives—and then after you have done your duty there will be no further loss of life, and the public will stand by you, for, as I have already stated, it does not lie with the motorman, but with the directors to stop the killing, and they know it, and if they pretend not to know it I could teach them, if ever I should stand before a trial jury, proving by this model before you that the life in question could have been saved, then they could not send their claim agents to settle out of court for a paltry sum and compel most of the bereaved to accept what they choose to give. The greater part of the victims are children of the poor workingman, who must accept whatever is given in order to have sufficient to bury his dead.

Therefore, gentlemen, from a legal or humane standpoint I would ask you what power on earth can give the humane railway companies or automobile owners the inalienable right to injure, mangle or take away life, fairly crushing out whatever lies in their path? with hardly any legal redress for the injured one or their legal representatives of those who get their lives crushed out. A murderer might as well plead that he had received a commission to take the lives of those who stood in his way, therefore if the murderer is arrested and indicted for manslaughter, why should not the railway directors and automobile owners also be held to answer for this wholesale butchery, when it could have been prevented, instead of arresting the innocent motorman for formality's sake? Therefore, gentlemen, as you alone hold the remedy I ask you to use it to the best advantage, for if you fail the public will hold you responsible hereafter, as you can now compel the companies to use the best device by making the pending ordinance a law, the same as the St. Louis Common Council did only a short time ago and compelled the railroad companies in that city to equip 2,600 cars with an automatic fender, and should you not do your duty, remember that the blood of the victims which already have passed away, will cry to you from their graves, imploring you to act at once for the sake of those who in future may meet the same fate.

And now, gentlemen, as the railway companies have not taken measures to make these improvements within the past six years, it is now up to you to utter the single word "halt," which will mean much to them, and will never be forgotten by the people by taking the matter into your own hands by allowing the pending ordinance to become a law.

Yes, I've even offered these railroad companies to equip one of their cars at my own expense with this fender in order to prove my claims, but they refused me a car. Why did they refuse my offer? Was it for fear if I proved my claim they would be compelled to so equip all their cars, which would mean to them an unnecessary expense, as the fenders they were using were quite good enough as far as they were concerned. If this is the case it proves they care more for the dollar than they do for a life; but I ask you, why should they? Has this public not been very good to the railway companies in giving them franchises which means the right of way, for hardly any compensation whatever, and permitting them to tear open our thoroughfares at the dangers of health and public inconvenience, and therefore are they not in duty bound in return to protect the lives and limbs of those who have given them all these valuable rights and privileges?

In view of the foregoing, I wish to impress upon you the danger of further postponement of the important matter now before you. It seems to me that when the railway companies are out of ammunition they ask for a postponement. Why is it? Do they hope for some power or unforeseen omen to help them out? Since, gentle-

men, you have been so liberal as to give the Metropolitan Traction Company the extra four weeks' time to answer your call, after already having had six long years in which to consummate their improvements, it would be well to look into the way in which they have tried to remedy this evil, and, asking their pardon, I would inquire what they needed the extra four weeks for? (I am sure the convention only lasted one week.) Was it to prepare to obey the will of the people, or was it to prepare to kill this pending ordinance? This I do not know, but, gentlemen, what I positively do know is: That since this ordinance has been in your hands, which is now about five months, sixty-nine again have been killed, mangled and injured, and in the extra four weeks which have been so liberally allowed them they have again killed, mangled and injured fourteen persons with cars equipped with those apologies of fenders, and here is a record of sixty-one persons killed outright, and one hundred and forty-two mangled and injured by cars equipped with some of those so-called best fenders in the market, and as we proceed along the line of victims we find here another case of a man being knocked down by one of those counterfeit fenders, only to have his life ground out of him by those cruel wheels.

Then, as in all previous cases, the same farce was enacted of arresting the innocent motorman. This is the reason, gentlemen, that I desire to impress upon you the danger of further delay—for each day, in all probability, means one more victim added to the already too long list that have fallen to this heartless recklessness. Therefore, gentlemen, the sooner you make them understand what you want, the quicker will this public slaughter cease. As you have given them all a fair chance and they have ignored your liberality, it is now time for you to demand what is best for the benefit of the public, by allowing the pending ordinance to become a law, as the public commands you to protect their lives and limbs on our public thoroughfares. Therefore, woe to the person or combination of persons who stand in the way of their will, and rights, which road leads to inventions, publicity, manufactures and the progress of civilization, and as it rushes forward like the Empire State Express, and throws aside all those who dare stand in the way, and just as sure as the truth always prevails and every bad tendency runs its course, then woe to the person or persons whose petty interests, mean ambitions and vile intrigues may, for an instant, arrest their will or progress or disobey their commands as their progress will only rest for a short time, in order to gather more energy and strength and will then rush forward again with more lightning speed until it reaches its goal, and those who obey the will of the people will never be forsaken by them, but they will stand by them, yes even in the hour of death, which they proved to you only a short time ago, when you lost one of your tried and true comrades, so, should we have to die fighting this battle, then let us die game, standing erect defending their rights, then you can rest assured that they will greet you with "Well done, my public servants," and will not only give you a place of honor in their Temple of Fame, but will also honor the body which you represent.

Gentlemen, now the opportunity has come for you to keep your vow, and do what your predecessors have failed to do, proving to those who have put you where you are to-day, that you are keeping your promises to protect, not only their interests, but also their lives, by letting the pending ordinance become a law, otherwise you will have to go down on record before them as opposed to their lives and interests, and thereby show that you ignore those who have stood by you; and as this chance comes only once in a lifetime, I would ask you to consider this question seriously, as you do not know how soon you, or a member of your own family may have their names added to the roll of victims; therefore act before it is too late, while you possess the remedy, and believe me, it is with regret that I have to stand before you to-day and expose some individuals, but the thought alone that the public comes before any individual compelled me to answer your call, as this scene could have been prevented years ago had certain individuals and public servants had the public's welfare at heart, and believing the public's welfare to be at stake to-day, I am before you asking you to let no false accusations, animosity, prejudice or malice, yes, even personal attacks against the inventor, have any bearing upon your decision, as you are aware that all such slander would have no bearing upon his invention, or the pending ordinance whatever. Although this ordinance may die or be killed, it nevertheless will come to life again at some future day, as the invention will never die, but will live on forever and will stand firm like the Rock of Gibraltar, and cannot be wiped out; and as sure as time flies, so sure will the roll of victims be increasing. You then cannot help but see this scene which is before you to-day appealing to you, and therefore I hope that in this appeal to you, for the public, I did not injure any of our good feelings toward one another, but if I did I humbly beg your pardon, for what I have said and done was from the bottom of my heart and for the benefit of the public, street railway companies and automobile owners as well, and humanity in particular. I will now leave this question for you to decide, and may God help you to decide it right. Thanking you all heartily for your kind attention and courtesy which you have shown me in allowing me to occupy your valuable time, and allow me to remind you that although "Wealth and palaces may cease to exist, but the will of the people will live on forever."

Gentlemen, I will now explain to you the operation of this working model before you to prove to you all my claims, and I stand ready to answer any and all questions to substantiate all my assertions which I have made to-day in the foregoing address to you.

I am, yours very truly,

FREDERICK J. GRAF.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Owens asked for and obtained unanimous consent to introduce the following:

No. 1539.

Office of Commissioner of Jurors,
Stewart Building, Room 127,
New York, January 16, 1903.

Hon. JAMES OWENS, Alderman, City of New York:

Dear Sir—I herewith inclose an ordinance which I wish you would have passed by the Board of Aldermen.

A long experience as an active practitioner in the courts of this city, together with my experience for brief periods on the Bench and in this office, have convinced me that such an ordinance would be not only just and proper, but of great public service. This is not only my opinion, but it is that of most, if not all, of the Judges in this city, with many of whom I have consulted and on whose request I have drawn this ordinance.

I inclose herewith two certificates of the approval of such an ordinance as I send you—one signed by every trial justice of the Supreme Court in this county but one, whose signature was not obtained because he is absent from the City; the other signed by five of the Justices of the City Court. I am sure that another one of the justices of this court would also sign it, but he is absent from the City. He has, however, orally stated to me that he is in favor of such an ordinance. It is also the opinion of many lawyers and clerks and officers of courts whose experience qualifies them to speak on this subject.

In this county all jurors in criminal courts, including both grand and petit jurors, now are, and for many years have been, paid two dollars a day for attendance. The result is a very general willingness on the part of jurors to serve in those courts. In the United States Courts the jurors are paid three dollars a day.

In every county in this State, excepting the county of New York, jurors in civil courts are paid a per diem compensation for attendance, and in some counties they receive three dollars a day.

On the face of it there is neither reason nor justice in treating jurors in the civil courts in this county less favorably than similar jurors in all the other counties in this State and than jurors in criminal courts in this county.

It is a custom to pay jurors a per diem in many of the States. Even the City of Pittsburg, Pa., so pays its jurors.

If it be found necessary to have a hearing before a committee, I will be glad to appear, and think others will.

The ordinance is restricted to New York County, because the jurors in the other counties in New York City are provided for by existing ordinances.

Very truly yours,

THOMAS ALLISON, Commissioner of Jurors.

We, the undersigned, Justices of the Supreme Court, approve of the passage of

an ordinance for the payment of two dollars (\$2) a day for attendance to jurors in the civil courts of record in New York County.

AN ORDINANCE to provide for the payment of jurors in courts of civil jurisdiction in the County of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: That, in pursuance of section 3314 of the Code of Civil Procedure, it is hereby directed that the sum of two dollars be allowed to each trial juror for each day's necessary attendance by him as such a juror at a term of any court of record of civil jurisdiction held within the County of New York; provided, however, that no such juror shall be so paid for attendance on any day on which he shall be excused from service at his own request.

Alderman Marks moved that this matter be referred to the Committee on Laws and Legislation, and that said committee be directed to ascertain from the Corporation Counsel if the Board has jurisdiction in the premises.

Which was adopted.

At this point the President took the chair.

President Cantor asked and obtained unanimous consent to introduce the following:

No. 1540.

Resolved, That his Honor the Mayor be and he is hereby authorized and empowered to appoint a commission to prepare a comprehensive plan for the beautifying and development of this municipality, the members of which shall serve without pay; and be it further

Resolved, That, for carrying out the purposes of said commission, the Board of Estimate and Apportionment is hereby requested, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds to an amount not exceeding ten thousand dollars (\$10,000), the proceeds of which are to be applied to the defraying of the expenses of said commission.

Which was referred to the Committee on Finance.

Alderman Seebeck asked and obtained unanimous consent to introduce the following:

No. 1541.

Resolved, That permission be and the same is hereby given to the Lincoln Republican Club to fire one hundred guns in the City Hall Park on Wednesday, January 21, 1903, between the hours of 1 and 2 o'clock p. m., in honor of the re-election of Hon. Thomas C. Platt as United States Senator from the State of New York.

Which was adopted.

PETITIONS AND COMMUNICATIONS RESUMED.

No. 1542.

Dresden, November, 1902.

To the City Council of New York:

In the Spring and Summer of 1903 there will be held in the great Exhibition Palace of the City of Dresden an exhibition which for the first time will allow collectively the representatives of German Municipalities to offer an inclusive view of their industrial and technical resources, thus demonstrating their connection with the prevailing social and political influences. The exhibition will be under the common control of 128 German towns, 90 towns having taken part in its inception. The inauguration will take place on the 20th of May, 1903, when the exhibition will be officially and publicly opened by its distinguished patron, His Majesty King George of Saxony. At this opening representatives of towns all over Germany will be present, and it is desired that to allow the necessary arrangements to be made, early intimation may be given by the various municipal representatives from all parts intending to take part in it.

The exhibition will not, however, be limited to German town authorities, but every branch of imperial and civic life will be included generally, and without regard to national or geographical limitations, in order to carry out as far as possible the suggestive and instructive object in view. The Committee of the Exhibition have therefore decided in consideration of the active participation of exhibitors abroad, who have already, with the concurrence of the Honorary Presidents, their Excellencies Count von Buelow, Chancellor of the German Empire, and Herr von Metzsch, Minister of State, been apprised of the matter, to invite representatives of the chief cities of many European countries and a number of the more important cities in the United States to take part in the inaugural celebration of the exhibition.

In furtherance of this decision we send to the City Council of New York, for the information of those concerned, a statement of further details in reference to the internal arrangements of this undertaking, and we venture to hope that you will do us the favor to depute representatives of the Town Council of New York (whose number and names should be previously advised) in order that they may honor us by taking part in the opening ceremony of the German Municipal Exhibition on the 20th of May, 1903, in the forenoon.

To this we would add the remark that it will be in the highest degree agreeable to us if, during the several months' duration of the exhibition, the representatives or officials of all and any towns will pay us a visit. In view of this, we add a number of copies of the statement of details above referred to with the earnest wish that it may be as widely as possible, and by means of the daily press and other fit means, brought under the notice of municipal officials and others interested throughout the provinces; moreover, we shall be happy to furnish at the request of all foreign applicants any further information which may be desired in regard to the exhibition.

THE COMMITTEE OF THE GERMAN MUNICIPAL EXHIBITION OF 1903 IN DRESDEN.

Oberbürgermeister Buetler.

The German Municipal Exhibition of 1903, Dresden, under the distinguished patronage of His Majesty King George of Saxony.

The idea of demonstrating the development of German municipal life during recent years by means of a public exhibition was first conceived as long ago as January, 1897, when a meeting of the leading men of various German towns took place at Carlsruhe, and the question was opened at the instigation of the Mayor of Dresden. The proposal was eagerly supported and a conference of the officials of a large number of German cities was thereupon convened and it was unanimously resolved to carry out the scheme of a German Municipal Exhibition, 1903, in Dresden. Preparations to realize the resolution were immediately commenced, the arrangements for the exhibition were ordered, a Board of Council and an executive committee were appointed, and invitations were issued to all German towns having a population of over 25,000. This invitation was accepted by the authorities of 128 towns having a collective population of about thirteen millions. And not only did the German towns evince the greatest interest in the undertaking, but the Imperial and State governments also gave it their powerful support.

His Majesty King George of Saxony has been graciously pleased to grant his patronage; Graf von Buelow at Berlin, Chancellor of the German Empire, and Herr

von Metzsch at Dresden, Minister of State, readily consented to accept office as Honorary Presidents of the Board of Council; Herr Schmiedel, German Kriesshauptmann, has joined the same as honorary member, and Herr Geheimer Regierungsrat von Burgsdorff has been appointed by the State Government of Saxony as High Commissioner.

The arrangements for carrying out the whole undertaking are definitely fixed. According to these arrangements the exhibition will be held during the period between May 28 and the end of September, 1903, in the Exhibition Palace and grounds of Dresden. The direction of the exhibition is in the hands of a managing board formed of the representatives of thirty towns participating in the Council and an executive committee, including four representatives for the city of Dresden and one for each of the following towns: Berlin, Breslau, Chemnitz, Cottbus, Hanover, Cologne, Leipsic, Munich and Wurzberg. Moreover, other gentlemen, not included in the committees, will give their valuable support to the managing board in business questions. Among these the name of Herr Geheimer Finanzrat a. D. Beutler, Oberbürgermeister of Dresden, takes a foremost place.

The object of the exhibition is:

a. To demonstrate the condition of civic life in Germany at the beginning of the twentieth century, especially as regards the development of the larger communities in Germany during the recent years, and to show the progress made in that time in the different places in carrying on civic and civil affairs.

b. To bring together a collection of German trade appliances and manufactures for the requirements of popular civic life.

The objects in view being thus clearly defined, it follows that the exhibition will be divided into two great departments, entirely distinct and separated from each other, namely, one department for towns and other civic communities, and another department for trade appliances and manufactures. In the department for towns will be exhibited a homogeneous collection of appliances which will be grouped under different heads; these groups will include:

I. Street traffic, public lighting, roadway construction and drainage, bridges and harbors, with which will be included excavation work, measuring, surveying, street tramways, etc.

II. Town extension, sanitary and other tenement inspection.

III. Public artistic work (architecture, painting, sculpture, etc.).

IV. Public health and well-being, constabulary.

V. School education and instruction.

VI. Indoor and outdoor relief of the poor, care of the sick, charitable schemes and endowments.

VII. Control of cash receipts of finance operations and of public rates and taxes. The trading of City and Town Councils, land property, savings banks and loan institutions.

VIII. Registration and office appliances. Regulation of official staff. Statistics and printed reports, etc.

From promises of co-operation received from many towns, we are assured that the exhibition will include an immense collection of particular objects all coming within the scope of municipal control. Many of these interesting exhibits will be actual specimens, others will be shown as models or in drawings or other pictorial form. The exhibition therefore will fully realize and carry out its defined objects. Especially interesting will be the sections of streets constructed in the natural size, which have been planned for laying down by the municipal and other authorities of various towns. These sections will show (in the natural size) the building up of the upper part of the streets on one side, and on the other will be exposed the lower part of the pavement containing various passageways such as, for instance, drains, cables, water and gas pipes, house drainage connections, etc. As being within the scope of municipal management, the various appliances relating to gas, water and electrical supply, constabulary, public charitable institutions, the prevention of smoke and kindred nuisances, etc., have been specially arranged to be grouped together and reference thereto will be thus facilitated. An experimental street railway line will be laid to show as far as possible in a practical manner the progress recently made in the construction of tramways. It is intended to exhibit here also a motor train without rails, and a practical automobile street service is also contemplated.

Further, in the department of the exhibition devoted to trade and manufacture, a large number of appliances are in view. Already more than 300 manufacturers, representative of the German industrial trades, have signified their intention to take part in the exhibition as exhibitors of requirements for German municipalities. The arrangements of these exhibits will include three groups, as follows:

I. Machines, machine tools and kindred appliances.

II. Building materials and auxiliaries.

III. Miscellaneous manufactures.

A point deserving of special mention is that as may be gathered from the foregoing statement, the exhibition will offer also to the general public an interesting and comprehensive survey so that the lay mind may obtain from the clearly classified exhibition substantial information.

All the exhibits, except those which will be more appropriately placed in the grounds, will be arranged in the permanent exhibition building erected by the City of Dresden at a cost of about £90,000 and in various large and small annexes. The total exhibition area is represented by a floor space of 20,000 square metres. Although the primary object of the exhibition is to promote serious study of its aims, various arrangements of a recreative character, so as to make it attractive to the general public, will be made. Thus daily concerts will be given in the grounds in fine weather and in the newly constructed concert hall when the weather is unfavorable. Evening amusements in the form of illuminations and fireworks are under consideration. There is a summer theatre where theatrical representations will be given from time to time, as well as scientific lectures and discussions. A part of the chief refreshment hall will be a reproduction of an old German rathskeller.

Besides the German town administrations and the great industrial firms which participate in it, also all those societies and corporate bodies whose aims border upon the sphere of civic administration will take a special interest in this exhibition. This interest will be amply shown, as a number of such bodies intend during the exhibition period to hold conferences and other meetings in Dresden.

Further, the larger cities of European countries and of the United States of America take—as has been shown in many inquiries and written communications—a lively interest in the exhibition, and it may be assumed that a considerable number of them will depute representatives to visit and report upon the exhibition. The exhibition will thus offer an exceptional opportunity of examining the latest improvements in the different fields of municipal management, as well as of comparing the arrangements of individual towns. The committee of the exhibition has therefore decided to specially invite the authorities of the more important cities of North America, England, France, Holland, Belgium, Denmark, Sweden and Norway, Russia, Austria-Hungary, Italy, Spain and Switzerland to visit the exhibition and to take part in the inauguration ceremony.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Board of Estimate and Apportionment transmitting ordinance

No. 1543.

Department of Finance—City of New York,
January 17, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment January 16, 1903, authorizing the issue of Corporate Stock to the amount of \$32,000 to provide additional means for the construction of buildings of the Department of Public Charities, together with a copy of a letter from the Commissioner of the Department of Public Charities relative thereto.

I also send you form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of bonds to an amount not exceeding thirty-two thousand dollars (\$32,000) to provide additional means for the construction of buildings of the Department of Public Charities, and that when authority therefor shall have been obtained from the Board

of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the amended Greater New York Charter, to the amount of thirty-two thousand dollars (\$32,000), the proceeds thereof shall be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment January 16, 1903.

J. W. STEVENSON, Secretary.

Department of Public Charities,
Boroughs of Manhattan and The Bronx,
January 15, 1903.

Hon. EDWARD M. GROUT, Comptroller:

Dear Sir—On April 18, 1902, the Board of Estimate and Apportionment authorized the issue of bonds for new buildings in this Department to the amount of \$100,000, which action was approved by the Board of Aldermen April 29, 1902.

The first and most urgent need of the Department was an addition to the Nurses' Home, on Blackwell's Island. The contract price for this amounted to \$65,348. The architect's fee of \$3,267.40 made the total cost \$68,615.40. The next most urgent need was a three-story brick pavilion at the City Hospital for erysipelas and paralytic patients, to contain also rooms for the isolation of violent and disturbed patients, who must now be cared for in the open wards. Plans were prepared for the plainest possible building suited for this purpose and bids were opened recently. There were seven bids, the lowest being \$43,228. The architect's fee on this building would be \$2,161.40, making a total of \$45,389.40. This sum, plus the cost of the Nurses' Home mentioned above, would be \$114,004.80.

In order that we may proceed with the construction of the brick pavilion, I respectfully request that an additional issue of bonds be authorized.

We have at the Metropolitan Hospital a building known as the Amusement Hall, formerly occupied by the Manhattan State Hospital. The Manhattan State Hospital vacated this building on Blackwell's Island a little more than a year ago. This building, however, requires extensive alterations, amounting to reconstructing of the interior of the building, before it can be used by this Department. There is urgent and immediate need of a hospital for convalescents. Convalescents are now retained in the general wards of our hospital, and the capacity of the hospitals is insufficient to provide for them, aside from the fact that they should be provided for apart from the patients still under treatment. Plans and specifications have been prepared by the Supervising Engineer of this Department, and bids have been received for the reconstruction of this building, including the construction of water tower, with bath, toilets, etc. The lowest bid was \$17,000.

I respectfully ask that an additional issue of bonds to the amount of \$32,000 be authorized for construction of buildings in the Department of Public Charities, in order that the two items mentioned above may be provided for.

I have the honor to remain

Yours respectfully,

(Signed) HOMER FOLKS, Commissioner.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of thirty-two thousand dollars (\$32,000) to provide additional means for the construction of buildings of the Department of Public Charities.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment January 16, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of bonds to an amount not exceeding thirty-two thousand dollars (\$32,000) to provide additional means for the construction of buildings of the Department of Public Charities, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by Section 169 of the amended Greater New York Charter, to the amount of thirty-two thousand dollars (\$32,000), the proceeds thereof shall be applied to the purposes aforesaid."

The President laid before the Board the following communication from the President of the Borough of Brooklyn transmitting resolution

No. 1544—(S. O. No. 70).

The City of New York—Office of the
President of the Borough of Brooklyn,
Brooklyn, January 15, 1903.

Hon. CHARLES V. FURNES, President, Board of Aldermen, New York City:

Dear Sir—I am directed by the President of the Borough to transmit to you, herewith inclosed, a resolution authorizing the purchase of coal, without public letting, to the amount of \$6,000, and to request you to be kind enough to see that it is presented at the next meeting of the Board of Aldermen and given immediate consideration.

Yours very truly,

JUSTIN MCCARTHY, Jr., Secretary.

Whereas, It is still exceedingly difficult to purchase coal in large quantities, except at exorbitant prices; and

Whereas, It is inexpedient, under the circumstances, to make a contract for the future delivery of coal; therefore be it

Resolved, That the President of the Borough of Brooklyn be and he is hereby authorized to contract for and purchase coal without public letting, to be used in the public buildings of said borough, the amount thereof not to exceed six thousand dollars (\$6,000).

Which, on motion of Alderman Seebeck, was laid over and made a Special Order for 2 o'clock p. m.

Subsequently, the hour of 2 o'clock p. m. having arrived,

The Vice-Chairman, then in the chair, put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Brenner, Bridges, Chambers, Culin, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Florence, Foley, Gaffney, Gillen, Goldwater, Goodman, Harburger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Klett, Leitner, Lundy, John T. McCall, McCarthy, Malone, Marks, Mathews, Meyers, Owens, Parsons, Peck, Porges, Richter, Seebeck, Shea, Stewart, Tebbetts, Twomey, Wafer, Walkley, Ware, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Haffen, Borough of The Bronx; President Cantor, Borough of Manhattan; and the Vice-Chairman of the Board of Aldermen—59.

On motion of Alderman Kenney, the above vote was reconsidered, and the matter made a Special Order for 2 o'clock p. m. at the next meeting.

The President laid before the Board the following communication from the Police Department:

No. 1545.

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, January 15, 1903.

To the Honorable Board of Aldermen:

Gentlemen—The following proceedings were this day directed by the Police Commissioner:

Whereas, Public advertisement was duly made by the Police Commissioner for bids or proposals for supplying the Police Department with coal, for the year 1903, for the purposes of the station houses and other public buildings of the Department, as well as the steamboat "Patrol"; and

Whereas, No bids were received for furnishing coal for the boroughs of Brooklyn and Queens; and

Whereas, Only one bid was received for furnishing coal for the steamboat "Patrol," viz.: the bid of John H. Meyer at the price of thirteen dollars and fifty cents per ton of two thousand and forty (2,240) pounds; and

Whereas, Only one bid was received for furnishing coal for the boroughs of Manhattan, Bronx and Richmond, viz.: the bid of John H. Meyer, at the price of

thirteen dollars and fifty cents per ton of two thousand and two hundred and forty (2,240) pounds; and

Whereas, The Police Commissioner deems it to be for the interest of the City to reject the said bids on the ground that the price is too high; therefore

Ordered, That the said bids be and are hereby rejected; and it is further

Ordered, That the Board of Aldermen be and is hereby respectfully requested to authorize the Police Commissioner to purchase in the open market, and without advertising for sealed bids or proposals, coal at the market price for the use of the Police Department, such purchases not to exceed six hundred (600) tons per month.

Very respectfully,

WM. H. KIPP, Chief Clerk.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Commissioner of Fire Department transmitting resolution

No. 1546.

Headquarters Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, January 19, 1903.

Hon. CHARLES V. FURNES, President, Board of Aldermen, City Hall, Borough of Manhattan:

Sir—I inclose herewith, requesting that it receive the favorable action of your Honorable Board at its meeting the 20th instant, draft of preamble and resolution to permit this Department to have done otherwise than by contract at public letting certain additional work required in connection with the existing contract for renovating the fireboat "Zophar Mills" (Engine Company No. 51), which was duly entered into under date of December 9, 1902.

When the Consulting Engineer prepared the plans and specifications for the work the boat was in commission, and the necessity for the further requirements (consisting of the replacing of corroded parts) could not be determined until it was placed in the dry dock, which was but recently done. It is most desirable, under the circumstances, that this work be done by the contractor for the general repairs to avoid delay by moving the vessel to another shipyard.

The Corporation Counsel having held that the balance of the appropriation applicable to this work is available only until the 1st of March, 1903, and it being of the utmost importance, in view of the reduced number of fireboats at the disposal of the Department, that the work of placing the "Zophar Mills" in condition for effective service should be prosecuted to speedy completion, you will, of course, appreciate the necessity of prompt and affirmative action in this matter on the part of your Honorable Board.

Yours respectfully,

THOS. STURGIS, Commissioner.

Whereas, It appears by a communication from the Fire Commissioner to this Board, dated January 19, 1903, that he is advised by the Consulting Engineer in charge of the making of extensive repairs and alterations to the fireboat "Zophar Mills" of the Fire Department of The City of New York, boroughs of Manhattan and The Bronx, under contract dated December 9, 1902, that certain additional work (consisting of the replacing of corroded parts of the boat), the occasion for which could not be anticipated and the expense of which will approximate the sum of two thousand dollars (\$2,000), will be indispensably necessary in connection therewith, which it would be in the interest of the Department and of The City of New York to have performed by the present contractor, to avoid delay by moving the vessel to another shipyard; therefore

Resolved, That this Board, in pursuance of the authority conferred upon it by the provisions of section 419 of the Greater New York Charter, deeming such course to be for the best interest of the City, hereby authorizes and empowers the Fire Commissioner to have such additional work done without contract at public letting and by the present contractor, the total expenditure therefor not to exceed the sum of two thousand dollars (\$2,000).

Which was referred to the Committee on Fire.

The President laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity, transmitting resolution.

No. 1547.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13-21 Park Row,
City of New York, January 19, 1903.

Hon. CHARLES V. FURNES, President Board of Aldermen:

Sir—It has become necessary again to request your Honorable Board to allow this Department to purchase anthracite and bituminous coal without public letting, and accordingly I transmit to you a form of resolution granting the consent to such purpose to the extent of \$100,000. Some of the coal contractors, whose contracts were made with this Department last year, have defaulted, and it has been necessary to declare those contracts abandoned. It has been found impracticable, however, to procure any coal at any except exorbitant prices by re-advertising these contracts. The contractors who are still making deliveries cannot alone completely supply the Department, and the supply at the various pumping stations is rapidly decreasing.

I respectfully request that your Honorable Board will give this request immediate consideration at its next meeting.

Respectfully,

R. G. MONROE,

Commissioner of Water Supply, Gas and Electricity.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he hereby is authorized to contract for and purchase coal, both anthracite and bituminous, without public letting, for use in the pumping stations of the Department of Water Supply, Gas and Electricity, the expenditures for such purchases not to exceed in the aggregate the sum of one hundred thousand dollars (\$100,000), in addition to the thirty thousand dollars (\$30,000) already authorized by resolution of this Board passed September 18, 1902, and to the one hundred thousand dollars (\$100,000) already authorized by resolution of this Board passed October 7, 1902, and to the fifty thousand dollars (\$50,000) already authorized by resolution of this Board passed December 18, 1902.

On motion of Alderman John T. McCall, this matter was laid over, and made a Special Order for 2 o'clock p. m.

Subsequently, the hour of 2 o'clock having arrived,

The Vice-Chairman, then in the chair, put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Brenner, Bridges, Chambers, Culin, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Florence, Foley, Gaffney, Gillen, Goldwater, Goodman, Harburger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Klett, Leitner, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Owens, Parsons, Peck, Porges, Richter, Seebeck, Shea, Stewart, Tebbetts, Twomey, Wafer, Walkley, Ware, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Haffen, Borough of The Bronx; President Cantor, Borough of Manhattan; and the Vice-Chairman of the Board of Aldermen—60.

COMMUNICATIONS.

The President laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 1548.

Bellevue and Allied Hospitals, Office of the Board of Trustees,
Bellevue Hospital, foot East Twenty-sixth Street,
New York, January 21, 1903.

Hon. CHARLES V. FURNES, President, Board of Aldermen, No. 11 City Hall, New York City:

Dear Sir—I beg to inclose copy of a resolution passed at the last meeting of the Board of Trustees of Bellevue and Allied Hospitals, held on Thursday afternoon, the 15th instant.

The resolution, I believe, is self-explanatory, and I would ask in the name of this Board immediate consideration of the same on the part of your Honorable Body.

Yours respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Whereas, The Board of Trustees of Bellevue and Allied Hospitals advertised for bids for coal for the month of January, 1903, and no bids were submitted; and

Whereas, The condition of the market is such that it is extremely difficult to purchase coal at the standard price, be it

Resolved, That the Board of Trustees of Bellevue and Allied Hospitals be and are hereby authorized under section 419 of the City Charter to purchase fifteen hundred (1,500) tons of anthracite coal at the lowest price obtainable in the open market without letting, for the use of Bellevue and Allied Hospitals, the total expenditure not to exceed ten thousand dollars (\$10,000).

Attest:

J. K. PAULDING, Secretary.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Fire Department transmitting resolution

No. 1549.

Headquarters Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, January 19, 1903.

Hon. CHARLES V. FORTES, President, Board of Aldermen, City Hall, Borough of Manhattan:

Sir—I have the honor to inclose herewith draft of resolution authorizing and empowering the Fire Commissioner to purchase coal in the open market for use of this Department without public letting to the amount of \$36,000.

The necessity for this request is due to the continued stringency in the coal market, the last two advertisements for proposals for furnishing this Department with coal by contract at public letting having elicited no response.

The resolution is similar in form to that adopted by your Honorable Board at my request on October 14, 1902, which was approved by his Honor the Mayor on the 21st of the same month, and its adoption is absolutely necessary to enable this Department to place itself in a position to obtain a sufficient supply of coal for use of its engines and for the heating of its apparatus houses.

Favorable action by your Honorable Board upon this resolution at its meeting to be held to-morrow, the 20th instant, will be greatly appreciated.

Yours respectfully,

THOS. STURGIS, Commissioner.

Resolved, That the Fire Commissioner of The City of New York is hereby authorized and empowered to purchase coal in the open market without public letting for the use of his department in the amount of thirty-six thousand (\$36,000) dollars.

Which, on motion of Alderman Parsons, was laid over, and made a special order for 2 o'clock p. m.

Subsequently, the hour of 2 o'clock having arrived, the Vice-Chairman, then in the chair, put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Florence, Foley, Gaffney, Gillen, Goldwater, Goodman, Haggerty, Harburger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Klett, Leitner, Lundy, John T. The President laid before the Board the following communication from the Board of Estimate and Apportionment transmitting ordinance

No. 1550.

Board of Estimate and Apportionment,
The City of New York,
New York, January 19, 1903.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of the Greater New York Charter and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith certified copy of a resolution adopted by the Board at a meeting held on the 9th day of January, 1903, approving of and favoring a change in the map or plan of The City of New York by changing the lines of Exterior street, between East One Hundred and Thirty-eighth street and East One Hundred and Thirty-fifth street, and changing the grades of East One Hundred and Thirty-fifth street and Exterior street, between Park avenue and Cheever place, in the Borough of The Bronx.

Said resolution was adopted after a public hearing at the request of the President of the Borough of The Bronx and on the report of the Chief Engineer of this Board.

I also inclose form of ordinance for the approval of your Honorable Board.

Respectfully,

J. W. STEVENSON, Secretary.

AN ORDINANCE laying out an approach to the East One Hundred and Thirty-eighth Street Bridge over the Harlem river, by changing the lines and grades of East One Hundred and Thirty-eighth street, between the New York and Harlem Railroad and the United States Pier and Bulkhead line, in the Borough of The Bronx.

Be it Ordained, By the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 12th day of December, 1902, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out an approach to the East One Hundred and Thirty-eighth Street Bridge over the Harlem river by changing the lines and grades of East One Hundred and Thirty-eighth street, between the New York and Harlem Railroad and the United States Pier and Bulkhead line, in the Borough of The Bronx, City of New York, does hereby favor and approve of the same, so as to lay out the aforesaid approach as follows:

I.

Beginning at the intersection of the western line of Exterior street, as shown on section 7 of the final maps of the Twenty-third and Twenty-fourth Wards, with the southern line of East One Hundred and Thirty-eighth street:

Department of Bridges,

New York, October 24, 1902.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Owing to an error in levels made on the streets about the terminal masonry of the Williamsburg Bridge, in Manhattan, the grading plan (print of Drawing No. 473) heretofore submitted to the Board of Estimate and Apportionment was incorrect. The error made affects the grading in Delancey street, near Clinton,

and the correction lessens the amount to be done. The work of grading is already well advanced.

Herewith I submit a new plan (print of Drawing No. 473a), which is a modified and final plan for the grading of the streets about the terminal masonry of the Williamsburg Bridge, differing but slightly from Plan No. 473, as will be seen by a comparison of the two, and respectfully request that Plan No. 473a be substituted for Plan No. 473.

Respectfully,

(Signed) G. LINDENTHAL, Commissioner of Bridges.

AN ORDINANCE to change grades of Delancey, Attorney and Ridge streets, Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That, In pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment, adopted by that Board on the 19th day of December, 1902, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York, by changing the grades of Delancey street, Attorney street and Ridge street, at the approach to Bridge No. 2, known as the Williamsburg Bridge, in the Borough of Manhattan, City of New York, does hereby favor and approve of the same, so as to change the grades of the aforesaid streets as follows:

Delancey Street.

Beginning at a point the centre line of Clinton street and the centre line of Delancey street, elevation 24.11-100 feet above city datum.

1. Thence easterly along said centre line of Delancey street to centre line of Attorney street, elevation 17.30 feet.

2. Thence southerly along said centre line of Delancey street to centre line of Ridge street, elevation 17.86 feet.

Board of Estimate and Apportionment,

The City of New York,

New York, January 19, 1903.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith certified copy of a resolution adopted at the meeting of said Board, held on the 22d day of December, 1902, approving of a change in the map or plan of The City of New York, by closing and discontinuing that part of Eldert's lane lying between the centre lines of blocks bounded by the southerly side of Glenmore avenue and northerly side of Pitkin avenue, and the easterly side of Enfield street and the westerly side of Sheridan avenue, in the Borough of Brooklyn.

This change in the map is petitioned for by George W. Forbell, Jr., and Charles Alt, is recommended by the Local Board of the Bushwick District, and reported favorably upon by the Chief Engineer of this Board.

I also inclose form of ordinance for your approval and a copy of a protest against the change from Noyes F. Palmer.

Respectfully,

J. W. STEVENSON, Secretary.

(Copy.)

E. M. GROUT, Esq., Comptroller, City of New York:

Do not allow the City to be a party to the closing of any part of Eldert's lane, Twenty-sixth Ward. That part of said lane, from Jamaica avenue to the New Lots road, was duly opened May 16, 1720, recorded in the "Road Book."

That part from the New Lots road to the Old Mill by an act of the Legislature passed 1849, map dated March 20, 1849.

That part of this lane coterminous with the New Lots road was made a public road March, 1704.

The first part of this lane was 3 rods wide, 49.6.

The second part of this lane was 2 rods wide, 33.0.

The third part and New Lots road was 4 rods wide, 66.0.

A portion of this lane has lately been fenced up, and the public prevented the use of the same. These obstructions should be removed.

Property owners have requested me to act for them in this matter.

Respectfully yours,

NOYES F. PALMER.

AN ORDINANCE to close part of Eldert's lane, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That, in pursuance of Section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 22d day of December, 1902, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by closing and discontinuing that part of Eldert's lane lying between the centre lines of blocks bounded by the southerly side of Glenmore avenue and northerly side of Pitkin avenue, and the easterly side of Enfield street and the westerly side of Sheridan avenue, in the Borough of Brooklyn, City of New York, does hereby favor and approve of the same, so as to close and discontinue part of the aforesaid lane as follows:

Parcel "A."

Board of Estimate and Apportionment,
The City of New York,
New York, January 19, 1903.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith a certified copy of a resolution adopted at the meeting of said Board held on the 22d day of December, 1902, approving of a change in the map or plan of The City of New York by changing the grade of Linden avenue, between Flatbush avenue and Rogers avenue, in the Borough of Brooklyn, City of New York.

Said resolution was adopted, after a public hearing, upon the recommendation of the Local Board of the Flatbush District and the approval of the Chief Engineer of this Board.

I also inclose form of ordinance for your approval.

Respectfully,

J. W. STEVENSON, Secretary.

AN ORDINANCE to Change Grade of Linden Avenue, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

The Committee on Streets, Highways and Sewers, to whom was referred on December 2, 1902 (Minutes, page 1625), the annexed communication in favor of changing the name of Nathalie avenue, in the Borough of The Bronx, to Kingsbridge terrace, respectfully

REPORT:

That, having examined the subject, they believe the proposed change of name to be necessary.

They therefore recommend that the annexed resolution be adopted.

No. 1360.

To the Committee on Street Nomenclature, Board of Aldermen:

Gentlemen—The undersigned property owners or residents upon what is now known as Nathalie avenue, in Kingsbridge, Borough of The Bronx, respectfully petition that the name be officially changed to Kingsbridge terrace. This name would accurately describe the character and general location of the street, while the present name is meaningless and unsatisfactory to those most concerned.

REPORT:

That, having examined the subject, they find that the temporary employees in the Tenement House Department for 1902 have not been paid, and whilst they would recommend the adoption of a resolution to provide for their salaries, they object to the passage of the resolution in its present form.

They recommend that the said resolution be returned to the Board of Estimate and Apportionment for modification on the lines suggested in this report.

Whereas, The Board of Estimate and Apportionment, at its meeting held December 19, 1902, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment recommends to the Board of Aldermen in accordance with the provisions of section 56 of the Greater New York Charter, that the Tenement House Commissioner be authorized to employ temporarily certain employees as hereinafter designated, not to exceed the number set opposite such designation, and that their salaries be fixed at the rate heretofore fixed for like employees in the Tenement House Department:

75 temporary Inspectors of Tenements at \$1,200 each per annum.

75 temporary Clerks at \$1,200 each per annum.

20 temporary Typewriting Copyists at \$750 each per annum.

2 temporary Office Boys at \$300 each per annum.

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above temporary employees to be appointed to the Tenement House Department, as set forth therein.

Reports of the Committee on Public Printing—

No. 1443—(G. O. No. 296).

New York, January 20, 1903.

To the Honorable the Board of Aldermen:

The undersigned, the Committee on Public Printing, to whom was referred the accompanying message from his Honor the Mayor, and the resolution in connection therewith, beg leave to report:

That we have carefully considered the same and approve the purpose in view. We feel, however, that the amount to be appropriated, and the limitation thereof to the records of the English period and to those contained in the City Library and in the office of the City Clerk, does not contemplate the thorough work which, in our opinion, should be authorized and undertaken. In view thereof we have prepared and will present for consideration a supplementary report.

We offer the following:

Resolved, That the resolution hereto appended be and the same is hereby approved and adopted by this Board.

(Copy of Message from His Honor the Mayor.)

"City of New York—Office of the Mayor.

"To the Honorable the Board of Aldermen of The City of New York:

"In 1895 an appropriation of \$7,000 was made for the purpose of translating and printing the records of The City of New York relating to the Dutch period. The same sum of money has been inserted in the Budget for 1903 for the purpose of printing the records of the English period, which, at the present time, are almost equally inaccessible to scholars. The importance of having the early records of the City printed in a form in which they will be accessible to all who are interested in the early history of the City need not be pointed out to your Honorable Board.

"In order to secure for this work competent and interested oversight I have appointed to have charge of it a committee from the membership of the New York Historical Society, consisting of Messrs. Frederick W. Jackson, Henry P. Johnston, Robert Kelby, Hiram Smith and Herbert L. Osgood.

"I venture to hope that your Honorable Board will pass a resolution providing for this work, in the form approved in 1895.

"SETH LOW, Mayor."

Resolution pertaining to the subject matter of the Mayor's message recommended for adoption:

"Resolved, That Frederick W. Jackson, Professor Henry P. Johnston, Robert H. Kelby, Hiram Smith and Professor Herbert L. Osgood, a committee appointed by his Honor the Mayor, be and they are hereby authorized and empowered under the supervision of the Clerk of the Board of Aldermen, to edit and print, at a cost not exceeding \$7,000, such records contained in the City Library and the office of the City Clerk as they may desire; and the Clerk of the Board of Aldermen is hereby authorized to loan

to said committee such records or books as shall be necessary to carry on this work, and shall take proper receipts therefor."

ELIAS GOODMAN, REGINALD S. DOULL, FREDERICK LUNDY, THOMAS F. McCAUL, THOMAS F. BALDWIN, JOHN DIEMER, Committee on Public Printing.

Which was laid over.

No. 1444—(G. O. No. 297).

New York, January 20, 1903.

To the Honorable The Board of Aldermen:

The undersigned, the Committee on Public Printing, who have had under consideration and have approved a resolution in favor of the appointment of a Committee by his Honor the Mayor, with authority to act in conjunction with the Clerk of the Board of Aldermen, to edit and print, at a cost not exceeding \$7,000, such records as are contained in the City Library and in the office of the City Clerk, beg leave to submit the following supplementary report.

We feel that the amount appropriated and that the language of the resolution recommended for adoption, together with the message of his Honor the Mayor, do not vest sufficient authority for the examination, translation, editing and other necessary work which, if done, will supply for the City Library a complete collection of records relating to the legislative branch of our City from the earliest date to the present time.

In order to avoid delay and to insure the desired results as far as possible, we feel that the Committee named by his Honor the Mayor deserve and should have authority to proceed on the lines indicated to the fullest extent. But in order that such special Committee may be continued in its work until the City Library contains all the records pertaining to the legislative branch of the City, we have prepared and present herewith resolutions which we trust will meet with favor.

We find that the records in our possession are as follows:

From the earliest period, i. e., 1653 to 1674, they have been translated and are printed, and are known as the "Dutch Records."

From 1675 to 1776 they are in manuscript form.

From 1776 to 1784 we have no records whatever. We therefore recommend—as was done by formal resolution by the Municipal Assembly on June 4, 1901—as follows: "That an inquiry be inaugurated with a view of ascertaining whether or not it is possible to obtain copies of the missing records for the period of time dating from 1776 to and including 1783; and that, in order that said effort may be thorough in all respects, the co-operation of historical societies be invited."

From 1784 to 1831 we also have them in manuscript.

Subsequent thereto they have been properly compiled and printed.

We find, however, that for one year—1871 to 1872—the volume is missing.

In addition to the foregoing, which relate entirely to the records of legislative work, there are in possession of the City the following important papers and documents, which should be prepared to correspond with the records above referred to, to wit:

Minutes of Burgomasters and Schepens, from 1653. Notarial records 10 volumes in original.

No. 1. Burgomasters and Schepens, 1653-1675.

No. 2. Burgomasters and Schepens, 1654-1660.

No. 3. Burgomasters and Schepens, 1658-1660.

No. 4. Burgomasters and Schepens, 1661-1663.

No. 5. Burgomasters and Schepens, 1663-1665.

No. 6. Burgomasters and Schepens, 1662-1664.

No. 8. Burgomasters and Schepens, 1657-1661.

Records of Burgomasters and Orphan Masters' Surrogates.

There are 8 volumes of translations of above by O. Callyhan, with following titles:

Volume 1. Mortgages of lots and pieces of land in the city of New Amsterdam, 1654-1660.

Volume 2. Deeds and conveyances of real estate in the city of New Amsterdam, 1659-1665.

Volume 3. Deeds and conveyances of real estate in the city of New Amsterdam, 1654-1658.

(In volumes 2 and 3 are translated the contents of No. 3 of the original Dutch series and parts of Nos. 5 and 6.)

Volume 4. Register of Salomon Lechaire, Notary Public of New Amsterdam, 1662-1664.

(This contains a translation of Nos. 4 and 9 of original Dutch, etc.)

Volume 5. Register of Waleyn Van du Vien, Notary Public of New Amsterdam, 1662-1664.

(The original is No. 6 in Dutch series.)

Volume 6. Deeds and mortgages of lots and tracts of land in The City of New York and New Orange, 1664-1675.

(This contains translation of deeds of New Orange, 1671-1674, and part of No. 5 original series.)

Volume 7. Powers of attorney, acknowledgments, indentures of apprenticeship, deeds, etc., 1651-1656.

(This is a translation of No. 1, above.)

Volume 8. Minutes of the Orphan's Court of New Amsterdam, from its erection, 1665-1668.

We offer the following:

Resolved, That the Committee on Public Printing be and it hereby is authorized to confer with the Mayor's Special Committee and the City Clerk, with the view of securing, if possible, all the records hereinbefore referred to.

Resolved, That the said Committee on Public Printing shall also ascertain what expenditure may be necessary to complete the City Records as set forth; to have those in the foreign language translated, properly compiled and printed, and shall report to this Board from time to time such recommendations as may be deemed advisable.

Y., and running thence westerly on and along said Jerrico turnpike to a point at the intersection of said Jerrico turnpike and the Hempstead and Jamaica turnpike (otherwise known as Fulton street). Length one and three-quarter miles.

Your petitioner further desires to obtain from your Honorable Board the right, privilege and franchise to cross the right of way or property devoted to the uses of the Brooklyn City Water Works, between Lynbrook and Rosedale, in the County of Nassau, N. Y.

III. That said corporation expects to operate said railroad by the overhead trolley system or any other motive power, except steam locomotive power, which may be permitted by the State Board of Railroad Commissioners and consented to by property owners pursuant to law.

IV. That the section of the Borough of Queens through which the proposed route is projected, though fairly populous, is without ready means of transportation into Jamaica, where there is easy access into the boroughs of Kings and Manhattan, New York City.

Wherefore your petitioner prays that the notice of the time and place when and where this application will first be considered be given, pursuant to the provisions of section 92 of the Railroad Law and all other laws applicable thereto, and that consent or grant be given in the form of an ordinance, subject to the laws and ordinances applicable thereto and upon terms of compensation to be fixed and determined in accordance with the provisions of the Greater New York Charter.

Dated New York, April 14, 1902.

MINEOLA, HEMPSTEAD AND FREEPORT TRACTION COMPANY,

[Seal]

By John E. Ensign, President.

State of New York, County of Queens, ss.:

On this 24th day of April, 1902, before me personally came John E. Ensign, to me known, who, being duly sworn, did depose and say that he resided in Hempstead, Nassau County, New York; that he is the President of the Mineola, Hempstead and Freeport Traction Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation, and he signed his name thereto by like order.

Reports of Committee on Finance—

No. 1517—(G. O. No. 298).

The Committee on Finance, to whom was referred on January 13, 1903 (Minutes, page), the annexed resolution to permit the offices of the Borough Presidents to draw upon the Comptroller for sums of \$500, and to renew the draft for contingencies as soon as the preceding draft has been accounted for, respectfully

REPORT:

That, having examined the subject, they believe the authorization to be proper. This is similar to resolutions passed a year ago providing for advances for petty cash. It is necessary unless the employees of the boroughs are expected to advance the money necessary for petty cash expenses.

They therefore recommend that the said resolution and ordinance be adopted:

Resolved, That for the purpose of defraying minor incidental expenses contingent to the offices of the Presidents of the various boroughs, each of the said Presidents of the various boroughs may, by a requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars (\$500), and may in like manner renew the draft as often as he may deem necessary to the extent of the appropriation set apart for "Contingencies" in his office during the year 1903; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the Presidents of the boroughs, covering the expenditure of money paid thereon.

HERBERT PARSONS, JAMES N. McINNES, JOHN T. McCALL, JAMES E. GAFFNEY, JOHN L. FLORENCE, Committee on Finance.

No. 1537—(G. O. No. 299).

The Committee on Finance, to whom was referred on January 13, 1903 (Minutes, page), the annexed resolution in favor of authorizing the Comptroller to pay \$15 to Thomas Sullivan for 100 chairs furnished at the time of the visit of the Rochambeau delegation, respectfully

REPORT:

That, having examined the subject, they believe the proposed authorization to be proper. Your committee are informed that the chairs were furnished. The charge seems reasonable. They therefore recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of Thomas Sullivan for the sum of fifteen dollars (\$15), the same to be payment in full for the use of one hundred chairs on the stand at the Worth Monument, in the Borough of Manhattan, on the occasion of the visit to and reception of by The City of New York of the representatives of the French Republic on the occasion of the unveiling of the statue of Rochambeau at Washington; the said amount to be charged to and paid out of the proceeds of the sale of Special Revenue Bonds, as provided for in preamble and resolutions adopted by the Board of Aldermen May 6, 1902, and approved by his Honor the Mayor May 13, 1902, pursuant to subdivision 8 of section 188 of the Greater New York Charter.

MOTIONS, ORDINANCES AND RESOLUTIONS, RESUMED.

Alderman Dowling asked and obtained unanimous consent to introduce the following:

No. 1562.

Whereas, The Erie Railroad Company has presented to the Board of Aldermen of The City of New York its application in writing for its consent to and a grant of the right, privilege and franchise to lay, construct, maintain and operate double tracks upon and across Thirteenth avenue, in the Borough of Manhattan, between Twenty-eighth and Twenty-ninth streets, from the float now or hereafter to be constructed at the bulkhead to the property on the easterly side of Thirteenth avenue, between Twenty-eighth and Twenty-ninth streets, so that cars of said company can enter, leave and be transferred between said property and said float.

Resolved, therefore, That Wednesday, the eleventh day of February, 1903, at three o'clock in the afternoon, and the Chamber of the Board of Aldermen, in the City Hall, in the Borough of Manhattan, in The City of New York, be and they hereby are designated as the time and place when and where the said application of the Erie Railroad Company to the Board of Aldermen of The City of New York for its consent to and a grant of the right, privilege and franchise to lay, construct, maintain and operate double tracks upon and across Thirteenth avenue, in the Borough of Manhattan, between Twenty-eighth and Twenty-ninth streets, as set forth and described in said application will be first considered, and that the City Clerk shall cause public notice thereof to be published for at least fourteen (14) days in two daily newspapers published in The City of New York, to be designated in writing therefor by his Honor the Mayor, according to the provisions of law in such case made and provided, such notice to be published at the expense of the applicant.

Resolved, further, That the notice to be published by said City Clerk shall be substantially in form and manner as follows:

PUBLIC NOTICE.

The City of New York, Office of The City Clerk,
City Hall, New York, 1903.

The Erie Railroad Company having filed its petition and application in writing to the Board of Aldermen of The City of New York, bearing date the 8th day of December, 1902, for its consent to and a grant of the right, privilege and franchise to lay, construct, maintain and operate double tracks upon and across Thirteenth avenue, in the Borough of Manhattan, The City of New York, between Twenty-eighth and Twenty-ninth streets, from the float now or hereafter to be constructed at the bulkhead to the property on the easterly side of Thirteenth avenue, between Twenty-eighth and Twenty-ninth streets, so that cars of said company can enter, leave and be transferred between said property and said float.

Now, therefore, pursuant to the direction given by resolution of said Board of Aldermen of The City of New York, which was adopted on the day of January, 1903, and approved by His Honor, the Mayor, of the said City, on the day of January, 1903, public notice of such application is hereby given that at the Chamber of the Board of Aldermen, at the City Hall, in the Borough of Manhattan, in The City of New York, on the day of , 1903, at o'clock in the afternoon, such application of the said railroad company will be first considered, and a public hearing had thereon.

All persons interested in said application are invited to be present at the time and place aforesaid, at which time and place an opportunity will be given them to be heard in relation thereto.

City Clerk.

Board of Education,

New York, September 26, 1902.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:
Dear Sir—I have the honor to transmit herewith certified copy of report and resolution adopted by the Board of Education on September 24 relative to the appointment of a Superintendent of Libraries at a salary of \$2,000 per annum, subject to the approval of the Board of Estimate and Apportionment and the Board of Aldermen.

Respectfully,
(Signed)

A. EMERSON PALMER,
Secretary, Board of Education.

To the Board of Education:

The Committee on By-Laws and Legislation, to which was referred back the resolution presented by it (Journal, pages 1464-65) relative to the appointment of a Superintendent of Libraries, and fixing of his salary, respectfully reports that it has again considered the matter, and has decided to amend the resolution in question by eliminating the clause providing that the salary of the Superintendent of Libraries shall be paid from the Library Fund, which would appear to be in violation of law.

The following resolution is therefore offered for adoption:

Resolved, That, subject to the approval of the Executive Committee, the Committee on Lectures and Libraries be and it is hereby authorized to appoint from the appropriate eligible list a Superintendent of Libraries, said position having been created by the Board of Education (see Journal, pages 902 and 1037) and that, subject to the approval of the Board of Estimate and Apportionment and the Board of Aldermen, the salary of such Superintendent be and it is hereby fixed at the sum of \$2,000 per annum.

A true copy of report and resolution adopted by the Board of Education on September 24, 1902.

(Signed) A. EMERSON PALMER,
Secretary, Board of Education.

Whereas, The Board of Estimate and Apportionment at its meeting held December 26, 1902, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Superintendent of Libraries in the Department of Education be fixed at the rate of two thousand dollars per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Superintendent of Libraries in the Department of Education at the rate of two thousand dollars (\$2,000) per annum.

ROBERT F. DOWNING, JOHN H. BEHRMANN, WILLIAM D. PECK, JOHN J. HAGGERTY, SAMUEL H. JONES, PATRICK H. MALONE, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Brenner, Chambers, Coggey, Devlin, Dickinson, Diemer, Dietz, Donohue, Dowling, Florence, Foley, Gaffney, Gillies, Goldwater, Goodman, Haggerty, Harburger, Higgins, Holler, Jones, Keely, Kennedy, Kenney, Klett, Leitner, McCarthy, Meyers, Parsons, Peck, Porges, Richter, Seebeck, Shea, Tebbetts, Twomey, Ware, Whitaker, Willett, Wirth; President Cantor, Borough of Manhattan, and the President of the Board of Aldermen—46.

No. 1452.

The Committee on Salaries and Offices, to whom was referred on December 23, 1902 (Minutes, page 1917), the annexed resolution in favor of fixing salaries of Bridge Tenders in the Borough of The Bronx, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Department of Finance, City of New York,
December 23, 1902.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at its meeting held December 19, 1902, fixing the salary of Elijah P. Miller, Bridge Tender in the Borough of the Bronx, at the rate of seven hundred and thirty dollars (\$730) per annum, together with a copy of a communication from the Commissioner of Bridges relative thereto.

I also send you herewith form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Department of Bridges,
December 15, 1902.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—The Corporation Counsel has advised, in an opinion bearing date December 12, 1902, that the Department of Bridges has jurisdiction over the bridge across Eastchester Bay in the Pelham Bay Park, and is charged with the duty of operating and maintaining said bridge. Heretofore jurisdiction over this bridge has been exercised by the Department of Parks in the Borough of The Bronx. Pursuant to this opinion of the Corporation Counsel the Commissioner of Parks for the Borough of The Bronx has transferred jurisdiction over this bridge to the Department of Bridges, as of this date, December 15, 1902, and has consented to the transfer of Elijah P. Miller, Bridge Tender on said bridge, to the Department of Bridges.

Mr. Miller has received a salary of \$750 per year from the Department of Parks. The uniform compensation of Bridge Tenders in the Department of Bridges in the Borough of The Bronx is \$730 per year.

I respectfully request your Honorable Board to recommend to the Board of Aldermen that the compensation of Mr. Miller as a Bridge Tender in the Department of Bridges be fixed at \$730 per year.

(Signed)

Respectfully,
G. LINDENTHAL, Commissioner.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 19, 1902, adopted the following resolution:

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at its meeting held December 19, 1902, fixing the salaries of certain employees in the office of the Public Administrator, County of New York, as follows:

Messenger, per annum.....	\$720 00
Chief Clerk, per annum.....	2,300 00
Second Clerk, per annum.....	1,900 00
Agent, per annum.....	1,400 00
Page, per annum.....	260 00

—together with a copy of a communication from the Public Administrator relative thereto.

I also send you herewith form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.
December 9, 1902.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—My Law Assistant, Mr. Charles C. Halpine, has, with my consent, been lately transferred to the office of the Counsel to the Corporation.

Having decided to leave vacant the office of Law Assistant, and to create a new position to be called "Messenger," and promote thereto my Storehouse Custodian, Mr. Owen A. Keegan, I created the position of "Messenger" pursuant to the regulations of the State Civil Service Board, and promoted Mr. Keegan to the new position, his promotion to take effect December 1, 1902. Mr. Keegan's former salary as my Storehouse Custodian was \$600, and I desire his new compensation to be \$720, all that the State Civil Service will permit me at this time to give him.

I therefore request that your Honorable Board fix, pursuant to law, the salary of "Messenger" at \$720.

The salary of my Law Assistant has been \$1,200, and there will therefore be a balance of \$480, which, in part, may very properly be applied during the year 1903, on account of the salaries of four of my other subordinates as stated below, and I so request.

The duties of my agent are very responsible, and he is a most trustworthy man. His services with me have been long continued, and I wish his salary increased from \$1,200 to \$1,400. Mr. Robert D. Bronson, the Chief Clerk, has been in the office for seventeen years without any increase in salary, and I would like to allow him \$100 more. The second clerk, Mr. James F. Buck, an expert accountant, has charge of all the books of account as general bookkeeper, has also been in my employ for a number of years, and I wish to make an increase in his salary of the same amount.

The present office boy receives a salary of \$4.00 per week. That amount I have found too small to insure me a competent boy. He should be paid at least \$5.00 per week.

The increases above requested aggregate \$452, and do not increase, as you will see, the amount of your appropriation for 1903 for my Bureau.

In brief, therefore, I ask you to fix the following salaries at the following amounts, to take effect, in the case of my messenger, December 1, 1902, and in the cases of my other employees January 1, 1903, viz.:

	1903.	1902.
Salary of Messenger.....	\$720 00
Salary of Chief Clerk.....	2,300 00	\$2,200 00
Salary of Second Clerk.....	1,900 00	1,800 00
Salary of Agent.....	1,400 00	1,200 00
Salary of Page.....	260 00	208 00

It would be difficult, without being unfair, to classify my subordinates as requested by your circular letter of April 7, 1902. I take it, however, that you do not desire to have me do so, and that you intended the classification enumerated in that letter for City subordinates and not for County subordinates. Further, the classification of my clerks is made to conform to the State Civil Service rules rather than to the City Civil Service regulations.

Respectfully yours,

WM. M. HOES, Public Administrator.

Whereas, The Board of Estimate and Apportionment, at its meeting held December 19, 1902, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries in the Public Administrator's office, County of New York, of the following named employees, be fixed as follows:

Messenger, per annum.....	\$720 00
Chief Clerk, per annum.....	2,300 00
Second Clerk, per annum.....	1,900 00
Agent, per annum.....	1,400 00
Page, per annum.....	260 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above named positions in the Public Administrator's office, County of New York, as set forth therein.

ROBERT F. DOWNING, JOHN H. DONOHUE, WILLIAM D. PECK, WEBSTER R. WALKLEY, JOHN J. HAGGERTY, PATRICK H. MALONE, JOHN D. GILLIES, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Brenner, Bridges, Coggey, Devlin, Dickinson, Dietz, Donohue, Doull, Dowling, Downing, Florence, Foley, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Holler, Holmes, Jones, Keely, Kennedy, Kenney, Klett, Leitner, John T. SPECIAL ORDERS.

Alderman Downing called up Special Order No. 67, being a report and resolution as follows:

No. 1458.

The Committee on Salaries and Offices, to whom was referred on December 23, 1902 (Minutes, page 1929), the annexed resolution in favor of authorizing heads of Departments and Borough Presidents to appoint clerks, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be rejected.

Department of Finance—City of New York,
December 22, 1902.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith a certified copy of a resolution adopted by the Board of Estimate and Apportionment at its meeting held December 19, 1902, authorizing the heads of departments and Borough Presidents to appoint as many clerks and employees in each of the grades fixed by the Civil Service rules, the salaries of which have already been fixed, as they may, within the limits of their appropriations, from time to time determine to be necessary, together with a copy of the Corporation Counsel's opinion relative thereto.

I also send you herewith a form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very respectfully,

J. W. STEVENSON, Deputy Comptroller.

New York, December 16, 1902.

Hon. SETH LOW, Mayor:

Sir—I am in due receipt of your communication bearing date of December 11, which is as follows:

"The question has arisen whether, under the provisions of sections 56 and 1543 of the Greater New York Charter, the head of a department has power to appoint as many clerks or employees in each of the several grades as he may determine to be necessary, the salaries for said grades being already fixed, provided he keeps within the amount of his appropriation; if not, whether this course can be legalized by a resolution, general in form, of the Board of Estimate and Apportionment and of the Board of Aldermen. If the latter course seems necessary, please submit the form which, in your judgment, such a resolution should take."

The salaries of officers or persons whose compensation is paid out of the City treasury must be fixed by the Board of Estimate and Apportionment and the Board of Aldermen under section 56 of the Charter; but the salaries as fixed attach to the positions rather than to the particular persons occupying them.

To hold otherwise would involve the administration of the City government in endless confusion and require constant action on the part of the two boards.

The slightest change in the salary of any one person, whether by promotion or otherwise, would require their joint action, and a large part of the time of those boards would be taken up in passing on these matters.

It is provided in section 1543:

"The number of all officers, clerks, employees, laborers and subordinates in every department shall be such as the heads of the respective departments and Borough Presidents shall designate and approve, not exceeding the number limited by any ordinance of the Board of Aldermen. * * * The salaries or wages of all such officers, clerks, employees, laborers and subordinates in every department shall be such as shall be fixed by the Board of Aldermen upon the recommendation of the Board of Estimate and Apportionment in the manner provided in this act."

I think that under this section the "number of all officers, clerks, employees, laborers and subordinates" also relates to the offices or employments held by them rather than to the particular persons holding such offices or employments, and the language of the portion of the section cited in reference to salaries or wages covers only the same ground as the corresponding provisions of section 56, but as the different kinds of employments are given somewhat more in detail, it shows still further the impossibility of fixing the salaries of individuals rather than of offices or positions.

Taking therefore the two sections together, I have no doubt that their true meaning is that the head of a department or a Borough President has power to appoint as many clerks or employees in each of the several grades as he may determine to be necessary—the salaries for said grades being already fixed—provided he keeps within the amount of his appropriation and within the number of such clerks or employees that may be limited by any existing ordinance of the Board of Aldermen.

Respectfully yours,

(Signed) G. L. RIVES, Corporation Counsel.

Resolved, That the Board of Aldermen hereby concurs in the following resolution adopted by the Board of Estimate and Apportionment, December 19, 1902:

"Resolved, That the Board of Estimate and Apportionment, the Board of Aldermen concurring, hereby authorizes each of the heads of departments and Borough Presidents to appoint as many clerks and employees in each of the grades fixed by the Civil Service rules, the salaries of which have already been fixed, as he may, within the limits of his appropriation, from time to time determine to be necessary."

ROBERT F. DOWNING, PATRICK H. MALONE, JOHN H. BEHRMANN, SAMUEL H. JONES, JOHN J. HAGGERTY, Committee on Salaries and Offices.

Alderman Downing moved that inasmuch as the Board of Estimate and Apportionment desired to withdraw the above resolution, that the whole matter be transmitted to said Board.

Which was adopted.

Alderman Marks called up Special Order No. 64, consisting of a majority and minority report and ordinance as follows:

No. 1190.

The Committee on Laws and Legislation, to whom was referred on October 14, 1902 (Minutes, page 317), the annexed ordinance in relation to the sprinkling of the streets with water in The City of New York, respectfully

REPORT:

That, having examined the subject, they believe the sprinkling of the streets should be done by contract, and that the President of each Borough is the proper official to supervise the letting of such contract.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE in Relation to Sprinkling Streets with Water in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The President of each Borough may in his discretion cause the streets within his Borough, or any part or parts thereof, to be properly sprinkled with water from the public supply or other source, during such part of each year as he may deem to be necessary for the health and comfort of the public; provided, however, that no such sprinkling shall be done at the expense of the City.

Sec. 2. Any resident citizen experienced in street sprinkling may make written application to the President of a Borough for authority to sprinkle the streets and avenues of such Borough, accompanied by evidence satisfactory to such President of the fitness and ability of the applicant to perform such service, and evidence of the desire of a reasonable number of the occupants of premises in such Borough that such sprinkling ought to be done. And thereupon such Borough President shall, upon receiving a bond as hereinafter provided, enter into a contract on behalf of the City with such applicant for the sprinkling of the streets and avenues of such Borough with such water as may be conveniently available for the purpose.

Such contract shall specify the part of each year during which such sprinkling shall be done, which shall not begin earlier than the first of March nor be continued later than the thirtieth of November; the period of time it shall remain in force, which shall not be more than ten years; the amount to be paid to the City, which shall not be less than \$25 per month for each vehicle that shall be employed using, in such service, water from a public supply, and a license fee of the same amount as is or may be required to be paid by public truckmen for each such vehicle not using water from a public supply; and the times when and the manner in which all such payments shall be made; and such reasonable regulations relative thereto and to the conduct of said business as to such Borough President shall seem meet.

Such contract may also specify a price or prices beyond which such contractor shall not exact payment from any person soever for any such sprinkling service; and it may also require that the contractor shall obligate himself to sprinkle any street or avenue or part thereof on due request and agreement to pay for the service at regularly established rates by owners or occupants of premises adjoining upon any street or avenue in such borough, provided, however, that such request be made in writing, subscribed by at least 25 per cent. of such owners or occupants of a continuous series of not less than 200 feet of premises abutting on any such street or avenue.

Sec. 3. As a condition precedent to the execution and delivery of a contract as hereinbefore provided the applicant shall execute and deliver to such Borough President a bond in an amount and with surety or sureties to the satisfaction of such President, and conditioned that such obligor shall make the payments as in such contract provided, and will at all times abide by and perform according to the terms of such contract and indemnify against and hold harmless the said City from all liability for any or all acts or omissions of the obligor, his agents and other employees.

Sec. 4. The powers and authority hereby conferred shall not be exercised at any time or in any such manner as to encroach upon any rights now possessed by any person soever relative to street sprinkling in either or any of the boroughs of said city.

The undersigned, being unable to agree with the views of the majority of the Committee on Laws and Legislation respecting the merits of two ordinances in relation to the sprinkling of streets in The City of New York which said Committee has had under consideration, begs leave to submit the following minority report:

On February 25, 1902, an ordinance, introduced by Alderman Oatman and entitled "An Ordinance to Regulate Street Sprinkling of The City of New York," was referred to the said Committee, and after a public hearing had the Committee reported said

ordinance favorably, but on May 13, 1902, the report and ordinance were recommitted to the Committee on Laws and Legislation. Subsequently, on October 14, 1902, Alderman Marks introduced an "Ordinance in Relation to Sprinkling Streets with Water in The City of New York," which was referred to the same Committee, and is the ordinance now reported favorably by the majority of the Committee.

The Committee has held two well-attended public hearings on the subject of street sprinkling, which is now a pertinent question, because the ten-year contract between a corporation called the Street Sprinkling Association and The City of New York will expire on April 26, 1903. This contract is really only a permit, The City of New York allowing the association, in consideration of \$30,000 a year, to draw water from the fire hydrants for use in its business, and that business is the sprinkling of the streets in front of the premises of the subscribers to the Street Sprinkling Association's service.

In the public hearings mentioned it has been shown to your Committee that the Street Sprinkling Association uses water the cost of which to The City of New York is much greater than the amount paid by the Association under the contract, and, therefore, the Association is really operating to an extent at the expense of the City.

Its service necessarily results in intermittent and unsatisfactory sprinkling of the streets, for if the owners of Nos. 20 and 24 on a street are subscribers, and No. 22 is not, the intervening strip is left unsprinkled. The complaint is also made as to the unsatisfactory manner in which the sprinkling is done, especially on asphalt streets which are said to be made dangerous to horses.

The matter of street sprinkling narrows down to two courses: First, the continuance of the present system; Second, the assumption by the City of the sprinkling of the streets as one of the departments of its public service. If the latter alternative is believed to be desirable the City may do the work with its own plant and its own men, as proposed in Alderman Oatman's ordinance, or the City may contract for sprinkling the streets as it does for snow removal, and the contractor may be put under the supervision and control of the Commissioner of Street Cleaning or some other City official.

The public hearings above referred to have developed a practically unanimous public sentiment against the continuance of the present system, and we heard the representatives of public hackmen, truck drivers, pleasure drivers, automobilists and wheelmen.

The ordinance now reported favorably by the Committee, will, if adopted, continue the present archaic and unsatisfactory system and provides for the giving of similar permits by the President of each borough, and it does not even provide for public bidding for the privilege and for the use of the City's water.

The significant language of section 2, "Any resident citizen experienced in street sprinkling," has been thought by some persons who appeared before the Committee to restrict the giving of the privilege to the person or persons whose corporate entity is the Street Sprinkling Association, which enjoys the present monopoly.

The conclusion of the undersigned is that the present system should not be continued, and that if the sprinkling of streets is desirable the City should make it a public function.

Respectfully submitted,

JAMES COWDEN MEYERS.

ARMITAGE MATHEWS, ISAAC MARKS, NOAH TEBBETTS, MOSES J. WAFER, JOHN H. BEHRMANN, ERNEST A. SEEBECK, Jr., Committee on Laws and Legislation.

Alderman Marks moved that the ordinance be amended by adding after the word "citizen" in the first line of section 2 the words "or corporation."

Which was adopted.

Alderman Marks moved that the ordinance be further amended by striking from the first line of section 2 the words "experienced in street sprinkling."

Which was adopted.

Alderman Marks then moved the adoption of the majority report.

The President put the question whether the Board would agree to accept said majority report and adopt said ordinance as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Florence, Foley, Gaffney, Gillen, Gillies, Goldwater, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Jones, Keely, Kennedy, Klett, Leitner, Lundy, McCarthy, Thomas F. McCaul, Malone, Maloy, Marks, Mathews, Owens, Porges, Richter, Seebeck, Shea, Tebbetts, Twomey, Wafer, Whitaker, Wirth, and the President of the Board of Aldermen—51.

Negative—Aldermen Goodman, John T. McCall, Meyers, Parsons, Peck, Stewart; President Cantor, Borough of Manhattan—7.

The minority report was then ordered on file. At this point the Vice-Chairman took the chair.

No. 1396.

Alderman Peck called up Special Order No. 69, being a report and ordinance, as follows:

The Committee on Streets, Highways and Sewers, to whom was referred on December 9, 1902 (Minutes, page 1680), the annexed ordinance in favor of locating and laying out Palisade place, from Popham avenue to Sedgwick avenue, Borough of The Bronx, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE locating and laying out Palisade place, from Popham avenue to Sedgwick avenue, in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 28th day of November, 1902, be and the same is hereby approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by locating and laying out Palisade place, from Popham avenue to Sedgwick avenue, in the Borough of The Bronx, City of New York, does hereby favor and approve of the same so as to locate and lay out the aforesaid place, as follows:

Beginning at a point in the northern line of Popham avenue distant 263.63 feet westerly of the intersection of Popham avenue with Montgomery avenue.

1. Thence northwesterly along the northern line of Popham avenue for 45.07 feet;
2. Thence northerly deflecting 94 degrees 57 minutes 50 seconds to the right for 70 feet;
3. Thence northwesterly deflecting 50 degrees 9 minutes 40 seconds to the left for 244.57 feet;
4. Thence northeasterly deflecting 95 degrees 13 minutes 30 seconds to the right for 20.99 feet;
5. Thence northerly deflecting 91 degrees 56 minutes 40 seconds to the left for 100.06 feet to the eastern line of Sedgwick avenue;
6. Thence northeasterly along said eastern line of Sedgwick avenue 8 feet;
7. Thence southerly deflecting 88 degrees 3 minutes 20 seconds to the right for 100.06 feet;
8. Thence northerly deflecting 88 degrees 3 minutes 20 seconds to the left for 16.20 feet;
9. Thence southerly deflecting 84 degrees 46 minutes 30 seconds to the right for 261.27 feet;
10. Thence southerly deflecting 50 degrees 9 minutes 40 seconds to the right for 87.26 feet to the point of beginning.

Grades.

Beginning at the intersection of Palisade place and Popham avenue, the elevation to be 145 feet above mean high-water datum, as heretofore.

Thence westerly to a point distant 100.06 feet easterly of the eastern side line of Sedgwick avenue, the elevation to be 106.5 feet above mean high-water datum.

FRANK L. DOWLING, ERNEST A. SEEBECK, Jr., CHARLES W. CULKIN, JAMES OWENS, PATRICK H. MALONE, CHARLES ALT, Committee on Streets, Highways and Sewers.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Behrmann, Bennett, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Florence, Foley, Gaffney, Gillen, Gillies, Goldwater, Haggerty, Harburger, Higgins, Holler, Jones, Keely, Klett, Leitner, Lundy, McCarthy, Thomas F. MOTIONS, ORDINANCES AND RESOLUTIONS, AGAIN RESUMED.

Alderman Wirth asked and obtained unanimous consent to introduce the following:

No. 1563.

Resolved, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty thousand dollars (\$30,000), the proceeds of which shall be applied to meet immediately such deficiencies as may exist in the Fire Department Relief Fund, otherwise known as the Pension Fund.

In connection herewith Alderman Wirth presented the following, and asked that it be read:

Headquarters Fire Department, City of New York,

Nos. 157 and 159 East Sixty-seventh Street,

Borough of Manhattan, January 19, 1903.

Hon. SETH LOW, Mayor of The City of New York, City Hall, Borough of Manhattan, New York City:

Sir—I address you in regard to the Fire Department Relief Fund, generally known as the Pension Fund, which is the source from which are paid the pensions of all the Firemen who have been disabled in the service, or from age or debility are placed upon the retired list, and also the pensions to the widows and the minor children which become payable to them annually after the Fireman's death.

The principal of this fund represents the accumulations of the formerly independent funds of the New York and of the Brooklyn Departments, which are the accretions of many years and from various sources. Part of it was the property of the old Volunteer Department before the organization of the paid Department; a portion of it has been received by deductions made by way of penalties from the pay of Firemen; a portion represents the donations of individuals from time to time in recognition of the services of the Fire Department, and a portion, the larger part, is the result of the operation of various laws passed from time to time by reason of which receipts from certain sources of revenue have been regularly applied to the fund. These last named sources of revenue are a portion of the moneys derived from the excise tax, from the tax of foreign fire insurance companies, and from oil licenses and other licenses and permits of various character. The fund also receives as a part of its revenue the proceeds from the sale of condemned apparatus and other property of the Fire Department. The principal of the fund is now \$1,170,000, nearly all of which is invested in the corporate stock of The City of New York. The interest upon this, which was last year \$41,775.48, is, of course, a source of revenue equally with the other sources which have been above described.

Schedules showing in detail the receipts and disbursements for the past year together with schedules showing the cash operations of 1901 and 1902, also the condition of the fund on December 31st of each year from 1897 to 1902, also a schedule of the bond account, are transmitted herewith, which, taken in connection with the above description will furnish, I think, all necessary data for understanding the situation.

For several years last past the necessary statutory disbursements from this fund have exceeded the income from all sources applicable to that purpose. The deficiency has been met from a cash balance which has been carried on hand, not permanently invested, but this is now exhausted, and unless increased income is provided from some source a portion of the corporate stock held in the principal of the fund will have to be sold in order to make good the deficiency and permit the regular payment of the pensions as they accrue during the year 1903. (Payments upon pensions are made on the last day of each month throughout the calendar year in varying amounts being largest at the end of each recurring quarter on account of certain pensions being only paid quarterly. The cash balance on hand at this date is about \$40,000, and the requirements for pension payments on the 31st of this month are about \$62,000. It is therefore apparent that a minimum sum of say \$30,000 is required before the 31st in addition to the amount on hand. It is also essential to meet the exact day of payment promptly, as many of the families of the deceased firemen are, to a great extent, dependent upon the money thus received, and a delay would result in great hardship.)

I also inclose a schedule showing the estimated total disbursements for 1903, which are made as accurate as possible upon the disbursements of 1902, adding the pensions of the probable number of retired men and widows, and deducting the average amount of deaths of those two classes. The total amount probably necessary for 1903 thus arrived at is \$523,098.51. The total income of the Relief Fund in 1902 applicable to this purpose was \$391,276.97. The probable deficit is therefore \$131,821.54.

There are only two ways of permanently adjusting this matter and insuring to the Firemen that security and promptness of payment which I am sure the people of the city desire they should have. The first would be the allotting of this fund of additional portions of city revenue, as, for instance, from the excise tax, to do which would require new legislation. The other method is that the City authorities should appropriate from the general funds a sufficient amount to meet the probable deficit as outlined above. The pecuniary result to the City would be the same in either case, but of the two I greatly prefer and strongly recommend the latter, and I am encouraged by your Honor's suggestions to me to hope that it will receive your favorable consideration and be commended by you to the Board of Aldermen for their action, and to the Board of Estimate and Apportionment. It seems to me the simplest and most businesslike method of meeting this emergency, and I am sure that it would be received with the greatest favor by the members of the Fire Department, who would thus be, in the most practical way and for the first time, assured that the City authorities proposed directly to see that their rights in the matter of the provision for their old age and infirmities were duly regarded and protected.

In conclusion I beg therefore to ask, should the request meet your approval, that an appropriation of \$150,000 be made by the proper authorities and added to the income of the Pension Fund for the year 1903, to the end that as much thereof as may be necessary may be disbursed in accordance with the statutory provisions controlling that fund. Should it be impracticable to obtain an appropriation of this amount at once, I would further ask that an appropriation of not less than \$30,000 be made in such manner as to be available by the 29th of the present month, to be used in connection with the January disbursements. May I ask that I be advised of the view which you take of the facts presented and the recommendation which I have made and the action, if any, which you decide to take thereon? I ask this inasmuch as, should it prove impossible to obtain the appropriation I have suggested, I must, prior to the end of the month, negotiate the sale of a sufficient amount of the securities to provide the additional funds which I have indicated.

Very respectfully,

THOMAS STURGIS, Commissioner.

SPECIAL ORDERS, RESUMED.

Alderman Holler called up Special Order 68, being a report and ordinance, as follows:

No. 1099.

The Committee on Buildings, to whom was referred on September 9, 1902 (Minutes, page 881), the annexed ordinance, to amend the Bay Window Ordinance, by striking out certain words therein,

REPORT:

That, having examined the subject, they recommend that the said ordinance be placed on file, and that the annexed substitute ordinance be adopted, for the following reasons: On July 22, 1902, the Board of Aldermen passed a general ordinance providing for the issuing of permits for the erection of bay windows projecting beyond the building line, which was signed by his Honor the Mayor on July 29, 1902. After this ordinance had been in effect for a few months, objectionable features were found not only by builders, who were the principal persons affected, but

also by the departments under whose jurisdiction the permits were issued. These objections, together with the proposed changes in the ordinance in order that they might be obviated, were submitted by your Committee through its Chairman to the Corporation Counsel for his opinion. On November 3, 1902, and a reply was received December 22, 1902. The proposed changes are as follows:

First—The Borough Presidents are substituted for the Commissioners of Public Works, wherever the names occur in the ordinance, as the appointment of the office of the Commissioner of Public Works lies with the discretion of the Borough Presidents, respectively, and the Corporation Counsel advises that the power to issue permits under these circumstances be given to the Borough Presidents.

Second—The requirement under section 2, that the payment for the permit be made by a certified cheque, has been eliminated, thereby allowing the applicant to pay in whatever way it may be most convenient.

Third—On account of the objection made to the rates charged in the original ordinance, section 3 has been revised, making the rate for what are commonly called "show windows," viz., windows which do not project more than one foot beyond the building line and are not carried higher than the sill course of the second-story windows, ten cents per square foot. This nominal charge is made on the advice of the Corporation Counsel, who states as follows:

"A show window projecting into a public street, without the proper authority therefor, would be a nuisance which must be abated by the City authorities. It is necessary, therefore, that such an encroachment should be authorized by the ordinance."

"The question as to the amount of compensation to be paid for the privilege of erecting a show window is the subject of legislative discretion. There seems to be no objection, therefore, in view of the criticism to which you refer, in providing for a nominal charge for the erection of such windows."

The rate for what are commonly called "bay windows" has been fixed in the revised ordinance at 10 per cent. of the assessed valuation per square foot of the property on which the bay window is to be erected; the application for the erection of the window being accompanied by a certified copy of the last assessed valuation of the property. This modification is an improvement upon the original, as it calls for a much less complicated plan or system of arriving at a license fee to be charged in each case, and it has the sanction of the Corporation Counsel.

Fourth—The requirement in section 5 that, upon the completion of the bay window, the applicant shall file a certificate from a City Surveyor, has been dispensed with, as it was found unnecessary.

Fifth—The modifications in sections 6 and 7 were made in order to overcome technical objections, and to make the meaning more clear. These changes have the sanction of the Corporation Counsel.

Sixth—Section 9 has been amended so that the moneys received shall be credited to the General Fund, instead of the Sinking Fund.

Your Committee believes that the changes above suggested, and incorporated in the substitute ordinance, are advisable and necessary, and they therefore recommend that the substitute ordinance be adopted.

FRANKLIN B. WARE, LEOPOLD M. HARBURGER, FREDERICK BRENNER, PETER HOLLER, O. M. HOLMES, JOHN C. KLETT, Committee on Buildings.

A GENERAL ORDINANCE providing for the issuing of permits for the erection of bay windows projecting beyond the building line.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Note.—New matter is underscored thus ———; old matter omitted is bracketed thus ().

Section 1. The Borough Presidents (Commissioners of Public Works) and the Park Commissioners, having jurisdiction, shall issue permits for the erection of bay windows projecting beyond the building line, provided in the opinion of the Officer (Commissioner) having jurisdiction no injury will come to the public thereby. Permits for the erection of bay windows lying within any park, square or public place, or within a distance of three hundred and fifty feet from the outer boundaries thereof, shall be issued by the Park Commissioner having jurisdiction, as provided in section 612 of the Charter, as amended by section 1, chapter 723 of the Law of 1901. Permits for the erection of all other bay windows shall be issued by the Borough President (Commissioner of Public Works) having jurisdiction.

For the purposes of this ordinance a "bay window" shall be taken to mean and include all projections on the face of a building in the nature of windows, such as are commonly called bay windows, show windows, oriel windows and bow windows, without regard to the material of which they are constructed or to the purposes for which they are to be used.

Section 2. Before the erection of any bay window projecting beyond the building line shall have been commenced, the owner or his duly authorized agent shall make application in writing to the Officer (Commissioner) having jurisdiction, on suitable blanks furnished by him, and shall state the length and width of the proposed bay window, the number of stories through which it is intended to be carried, and the number of square feet of area covered by that portion of the bay window projecting beyond the building line. Drawings showing the size of and area covered by the bay window, the number of stories through which it is proposed to be carried and its location in reference to the lot and building lines shall be submitted with each application, and for the purpose of computing the area covered by a bay window projecting beyond the building line the outside face of the bay, exclusive of cornices, pilasters, trims, etc., shall be the line taken as a basis of computation.

Each application for the erection of a bay window projecting more than one foot beyond the building line shall have indorsed thereon the consent of all the adjoining property owners within a distance of fifty feet from the centre of the bay window, on the same side of the street; meaning, thereby, so much of the side of a street as is intersected by any other street on which it is proposed to be erected.

Each application shall be accompanied by (a certified check for) the amount of the compensation due the City for the privilege of erecting said bay window, as hereinafter provided.

Section 3. Each application for the erection of a bay window projecting more than one foot beyond the building line shall be accompanied by a certified copy of the last assessed valuation of the property on which said bay window is to be erected, which appears upon the books of the Department of Taxes and Assessments. Except as hereinafter provided the amount that shall be paid as a compensation to the City for the privilege of erecting each bay window shall be at the rate of one-half of one per cent. of the assessed value per square foot of the property on which the said bay window is to be erected (not less than one dollar nor more than five dollars), for each and every square foot, or fraction thereof, of area covered by said bay window beyond the building line for each and every story through which it is carried. (The rate to be based upon the assessed valuation of the property as confirmed by the City authorities.)

If the projection of a bay window does not exceed one foot beyond the building line, and it is not carried higher than the sill of the second-story windows, the rate throughout The City of New York shall be five cents for each square foot or fraction thereof of area covered by said bay windows beyond the building line.

(The Commissioners of Public Works and the Park Commissioners shall divide the City into districts, throughout which, in each district, the rate per square foot shall be uniform, the maximum rate being charged where the assessed valuation per square foot is the greatest, and the minimum rate where the assessed valuation per square foot is the least, the intermediate rates being proportioned accordingly.)

Section 4. Bay windows may be hereafter erected with a projection of not more than three feet beyond the building line, provided that when the projection exceeds one foot beyond the building line the total number of feet in width occupied by all the bay windows on the same frontage of the same building shall not exceed seventy-five per cent. of the width of the frontage of the building on which they are located. When the total number of feet to width occupied by all the bay windows on the same frontage of the same building exceeds seventy-five per cent. of the width of the frontage of the building on which they are located, the projection shall not exceed one foot beyond the building line, nor shall the bay window be carried higher than the sill course of the second-story windows.

Section 5. Permits for the erection of bay windows shall be issued in duplicate, one of which shall be retained by the applicant, and kept at the building during the

erection of the window, and the other shall be filed by him, with the plans for the construction of the window, in the Department of Buildings. (It shall be the duty of the applicant, upon the completion of the bay window, to file with the Commissioner issuing the permit a certificate from a City Surveyor stating the dimensions of said window, the number of square feet contained therein, and the number of stories through which it has been carried, as erected.) If it shall appear, upon completion (by said certificate, or otherwise), that the bay window occupies a greater number of square feet, or has been carried through a greater number of stories than shall have been paid for, the applicant shall pay twice the sum previously paid for each square foot of area occupied by said bay window over and above the number of square feet paid for originally.

Section 6. Permits granted pursuant to the provisions of this ordinance are revocable permits, and shall have the following clause printed thereon, viz.: "This permit is issued subject to revocation thereof at any time hereafter by the Board of Aldermen of The City of New York, upon the recommendation of the Officer (Commissioner) having jurisdiction, when the space occupied by said bay, or any portion thereof, may be required for any public improvement, or upon any violation of any of the terms or conditions upon which this permit is issued." A permit for the erection of a bay window shall be deemed to have expired when the bay window is taken down, and the space formerly occupied thereby shall no longer be used for the purpose for which the permit was issued, unless a permit for its reconstruction shall have been granted, as provided in section 7 of this ordinance. In case it is thereafter desired to erect a bay window on the said property, the applicant shall comply with all the provisions of this ordinance.

Section 7. Permits for the reconstruction of now existing bay windows as defined by this ordinance, and for the reconstruction of all bay windows which shall be hereafter erected under the provisions of this ordinance, shall be issued by the Officer (Commissioner) having jurisdiction, without the applicant's obtaining the consent of adjoining property owners, as provided in section 2 of this ordinance; provided that the bay window, when reconstructed, shall have no greater projection or width, nor be carried through a greater number of stories, nor cover a greater area, than the window as originally constructed. And, further, provided that no fee shall be charged for the reconstruction of bay windows which have been erected under the provisions of this ordinance, or for which a fee has been paid for the privilege of erecting the same under the provisions of the laws in force at the time of the erection of the said bay window. The restrictions specified under section 4 of this ordinance shall not apply to the reconstruction of now existing bay windows; but permits issued for the reconstruction of now existing bay windows, for which no fee has heretofore been paid, shall be paid for as provided in section 3 of this ordinance.

Section 8. Nothing herein contained shall be deemed to conflict with the provisions of the Building Code, and all bay windows for which permits are issued, under the provisions of this ordinance, shall be erected in accordance with all the provisions of said Code in regard to the kind and quality of materials used. No plans for the construction of a bay window as defined in this ordinance shall be approved by the Superintendent of Buildings until the permit is filed, as provided by section 5 of this ordinance.

Section 9. All fees received by the Borough Presidents (Commissioner of Public Works), or the Park Commissioners for the issuing of permits for the erection of bay windows shall be accounted for in proper books kept for that purpose, and shall be turned over by them to the City Chamberlain (Commissioners of the Sinking Fund) and credited to the General Fund (Fund for the Redemption of the City Debt).

Section 10. Any person, firm or corporation violating any of the provisions of this ordinance shall be liable to a fine of ten dollars (\$10) for each offense, and ten dollars (\$10) for each and every day that such offense shall continue, which shall be duly sued for and collected.

Section 11. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Section 12. This ordinance shall take effect immediately.

In connection herewith, Alderman Ware offered the following amendment: Alderman Ware moved that the ordinance, as amended, be amended by striking out from section 3 the words "one-half of one" before the words "per cent.", and inserting in lieu thereof the word "ten"; striking out the word "five" before the word "cents" in the last paragraph, and inserting in lieu thereof the word "ten"; also inserting after the word "of" and before the word "area" the word "horizontal."

Which was adopted.

Alderman Ware then moved that the report be received and the ordinance adopted as amended.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said ordinance as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Behrmann, Bennett, Brenner, Chambers, Devlin, Dickinson, Dowling, Downing, Foley, Goldwater, Goodman, Harburger, Holler, Holmes, Jones, Keely, Kenney, Klett, Leitner, John T. Resolved, That the President of the Borough of Manhattan be and he is hereby authorized and requested to renumber the houses on East Seventy-fifth street, beginning at Fifth avenue, in the Borough of Manhattan, as may be necessary, in accordance with the provisions of section 230, article 13, of the revised ordinances of 1887.

Which was referred to the Committee on Streets, Highways and Sewers.

No. 1567.

By Alderman Klett—
Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for further consideration a resolution now in his hands (Int. No. 1352), permitting Martin Wallace, Frederick W. Seagrist, Jr., and others to erect and place a drinking fountain for man and beast in the Borough of Manhattan.

Which was adopted.

The paper was received from his Honor the Mayor, and is as follows:

No. 1352.

The Committee on Water Supply, Gas and Electricity, to whom was referred on November 25, 1903 (Minutes, page 1616), the annexed resolution in favor of permitting Martin Wallace et al. to erect a drinking fountain at One Hundred and Forty-third street and Amsterdam avenue, Borough of Manhattan, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That permission be and the same is hereby given to Martin Wallace, Frederick W. Seagrist, Jr., and others, representing property owners and residents of the Twenty-third Assembly District and surroundings, New York County, to erect and place an improved iron drinking fountain for man and beast on the triangular

plot of ground, the property of The City of New York, formed by the junction of One Hundred and Forty-third street, Amsterdam avenue and One Hundred and Forty-fourth street, in the Borough of Manhattan, and known as Hamilton place; the said drinking fountain to be paid for by voluntary contributions and eventually to become the property, by gift, of The City of New York, and to be of a pattern or design to be approved by the Art Commission of The City of New York. The said drinking fountain is to be erected under the supervision of the President of the Borough of Manhattan and the water therefor shall be supplied by the Department of Water Supply, Gas and Electricity.

JAMES H. MCINNES, WILLIAM WENTZ, FRANK BENNETT, JAMES E. GAFFNEY, REGINALD S. DOULL, Committee on Water Supply, Gas and Electricity.

On motion of Alderman Klett the vote by which the above matter was adopted was reconsidered.

Alderman Klett then moved the re-adoption of the resolution.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Behrmann, Bennett, Chambers, Devlin, Dickinson, Diemer, Duoll, Dowling, Downing, Foley, Gillen, Goodman, Holler, Holmes, Jones, Keely, Kenney, Leitner, Lundy, McCarthy, Malone, Mathews, Meyers, Owens, Parsons, Peck, Richter, Stewart, Tebbetts, Twomey, Wafer, Walkley, Ware, Whitaker, Willett, Wirth; President Cassidy, Borough of Queens; President Haffen, Borough of The Bronx; the Vice-Chairman of the Board of Aldermen—40.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS, RESUMED.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment transmitting ordinance

No. 1568.

Department of Finance—City of New York.

January 20, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith a certified copy of a resolution adopted by the Board of Estimate and Apportionment January 16, 1903, approving of the selection of the property of the corporation known as the Bay Ridge Free Library, situated on the northeast corner of Second avenue and Seventy-third street in the Borough of Brooklyn for library purposes, and authorizing the issue of Corporate Stock to the amount of \$5,000 for the purchase of said premises, etc., together with copy of communication from Edward Kaufman, Chairman of the Law Committee, relative thereto.

I beg to call your attention to the importance of having this resolution adopted at the earliest possible moment, for the reason that this property is to be sold under foreclosure proceedings on the 28th of this month, and it is the desire of the Board of Estimate and Apportionment that the mortgage, interest, costs, fees, etc., be paid off before this property is put up for public sale, so that the City will not be compelled to bid it in at a higher price. The property is now used for public library purposes, and the books, etc., were transferred to the Brooklyn Public Library, and is a part of the library in said Borough.

I also send you form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

January 9, 1903.

Hon. EDWARD M. GROUT, Comptroller of The City of New York:

The Directors of the Brooklyn Public Library herewith submit you the resolution and papers relating to the merger of the Bay Ridge Free Library in the Brooklyn Public Library.

The Bay Ridge Free Library, a corporation organized under the laws of the State of New York, operated and maintained, prior to the year 1901, a free library in the premises belonging to it, situated on the northeast corner of Second avenue and Seventy-third street, in the Borough of Brooklyn, which premises are more fully described by the annexed diagram thereof.

That by a resolution adopted by the Board of Estimate and Apportionment dated October 30, 1900, adopting the Budget for the year 1901, the sum of \$20,000 was appropriated in addition to the \$80,000 to the Brooklyn Public Library, which \$20,000 was for the absorption of certain four libraries of which the Bay Ridge Free Library was one. That in pursuance to such action of the Board of Estimate and Apportionment the Bay Ridge Free Library, at a meeting of the Board of Trustees held on December 14, 1900, adopted unanimously a resolution whereby its President and Secretary were authorized and instructed to transfer to the Brooklyn Public Library all the books, land, buildings, plant, furniture and fixtures, a copy of which resolution is hereto annexed.

That on the 18th day of December, 1900, at a meeting of the Brooklyn Public Library Board, a resolution was adopted that the offer of the Bay Ridge Free Library be accepted, and that the same, together with three other libraries, be taken in as branches of the Brooklyn Public Library from January 1, 1901.

That immediately after the adoption of these resolutions, the property belonging to the Bay Ridge Free Library was taken possession of by the Brooklyn Public Library. That the estimated equity of the land and buildings, exclusive of personal property, is upwards of \$10,000. The land is covered by a mortgage of \$4,000, with interest at 5 per cent.

That subsequently the transfer of the land intended to be vested by the Brooklyn Free Library in The City of New York was submitted to the Honorable Corporation Counsel of The City of New York, and on February 5, 1902, an opinion was rendered, a copy of which is here annexed, from which it appears that in the opinion of the learned Corporation Counsel, the grant to the City by the Brooklyn Public Library could not be made, because the grantor is subject to restrictions contained in section 45, wherein power to transfer the ownership and control of such an institution is given to "any public library in the university," but inasmuch as the Brooklyn Public Library is not a library "in the university," he believes that as the law stands, it cannot receive these conveyances.

After the rendition of the said opinion, in order to carry out the terms of the said resolution, the Board of Directors of the Brooklyn Public Library requested the Board of Estimate and Apportionment to lease the premises belonging to the Bay Ridge Free Library, at a rental which would include the annual charge of the interest, taxes and assessments. Resolutions of the Board of Estimate and Apportionment were adopted on June 25, 1902, and also on August 21, 1902, and on October 24, 1902, in pursuance to the said resolutions, a written lease was entered into.

The mortgagee, having demanded the payment of the principal, began an action for the foreclosure of the mortgage of \$4,000, and the same has now proceeded to judgment and the sale of the premises, which are to be sold on January 28, 1903.

Annexed hereto is a copy of the correspondence with your Department and the holder of the said mortgage in reference thereto, and also a copy of the letter of the Law Department, under date of February 10, 1902.

The Board of Directors of the Brooklyn Public Library believes that it is for the interest of the public libraries that The City of New York purchase the land, under the foreclosure suit, from the Trustees of the Bay Ridge Free Library, so as to save the equity to The City of New York, as the Trustees of the Bay Ridge Free Library are willing and anxious to carry out the resolution of the Board of Estimate and Apportionment.

Owing to the necessity for speedy action, this communication is addressed to you in the hope that you, as the Comptroller of The City of New York, may see your way clear to acquire the fee of the property affected by this foreclosure suit.

Respectfully,

EDWARD KAUFMANN, Chairman of the Law Committee.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of five thousand dollars (\$5,000) to provide means for the purchase of property known as the Bay Ridge Free Library, situated on the northeast corner of Second avenue and Seventy-third street, in the Borough of Brooklyn, for library purposes.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment, January 16, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of the property of the Corporation known as the Bay Ridge Free Library, situated on the northeast corner of Second avenue and Seventy-third street, in the Borough of Brooklyn, for library purposes, which said property is more fully described as follows:

"Beginning at the corner formed by the intersection of the northerly side of Seventy-third street with the easterly side of Second avenue, running thence northerly along the easterly side of Second avenue forty feet; thence easterly parallel with Seventy-third street, one hundred feet; thence southerly parallel with Second avenue forty feet to the northerly side of Seventy-third street, and thence westerly along the northerly side of Seventy-third street one hundred feet to the corner, the point or place of beginning. Also all the right, title and interest of the parties of, in and to Seventy-third street and Second avenue, lying in front of and adjoining said premises to the centre lines thereof, respectively;"

—and the Comptroller is hereby authorized, on behalf of The City of New York, to purchase the said premises for the amount of the mortgage, interest, costs, fees, taxes and other charges; and

Resolved, That for the purpose of providing the necessary means for the purchase of said property the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding five thousand dollars (\$5,000), and that when authority shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to the amount of five thousand dollars (\$5,000), the proceeds thereof to be applied to the purposes aforesaid.

On motion of Alderman Malene the matter received immediate consideration.

The Vice-Chairman put the question whether the Board would agree with said ordinance.

Which was immediately decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bridges, Chambers, Culkin, Devlin, Dickinson, Diemer, Dietz, Doull, Dowling, Foley, Gillen, Goldwater, Goodman, Haggerty, Holmes, Jones, Keely, Kenney, Leitner, Lundy, McCarthy, Malone, Marks, Mathews, Meyers, Owens, Parsons, Peck, Richter, Sebeck, Stewart, Tebbetts, Twomey, Wafer, Walkley, Ware, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Haffen, Borough of The Bronx; the Vice-President of the Board of Aldermen—49.

MOTIONS, ORDINANCES AND RESOLUTIONS AGAIN RESUMED.

No. 1569.

By Alderman Goldwater—

Resolved, That permission be and is hereby granted to P. J. Heaney to build a wall 2 feet 9 inches high to project 18 inches on the sidewalk in front of building at No. 1971 Hughes avenue, Borough of The Bronx, New York.

Alderman Culkin moved that the matter be referred to the Committee on Streets, Highways and Sewers.

Which was lost.

The resolution was then adopted.

No. 1570.

By Alderman Dowling—

Resolved, That the Committee on Streets, Highways and Sewers be and hereby is discharged from further consideration of the following enumerated matters, the subject matter of each of which has either been disposed of or is of such nature that it requires no further consideration, and that the same be placed on file, to wit:

No. 521, petition of property owners asking that the assessment for grading and paving Somers street, in the Borough of Brooklyn, be vacated and canceled. No. 876, communication from the National Association of Newsdealers, Booksellers and Stationers, in relation to newspaper stands. No. 991, communication from Board of Estimate and Apportionment inclosing protest against changing grades in Twentieth street, Borough of Brooklyn. No. 1240, an ordinance to reduce the width of East Twelfth street, Borough of Brooklyn.

Which was adopted.

No. 1571.

By Alderman Devlin—

Resolved, That the City Clerk and Clerk of the Board of Aldermen be and he is hereby requested to provide, by requisition on the Board of City Record, for the publication of the following enumerated bound volumes of the proceedings and approved papers of the Board of Aldermen, which publication or publications shall and are hereby declared "to be published by authority of the Board of Aldermen" as provided in section 1536 of the amended Greater New York Charter, to wit:

Two hundred and fifty bound volumes, for each quarter of the year 1903, of "The Proceedings of the Board of Aldermen of The City of New York."

Two hundred and fifty bound volumes of the "Approved Papers of the Year 1903."

Which was adopted.

At this point the President resumed the chair.

No. 1572.

By Alderman Parsons—

Whereas, Abram S. Hewitt, full of years and honor, has been called from this life by the inexorable decree of fate, after a career replete with hope, inspiration and suggestion to the American youth of this and future generations; and

Whereas, While conspicuous as a national character by his broad statesmanship, his scholarly attainments and his intuitive grasp and lucid treatment of every public question, he was pre-eminently a part of the life and growth of the sovereign city of New York during the most important and progressive era of its history; as Mayor of the former City of New York he brought to the discharge of his official duties an aim single for the betterment and welfare of this community; his keen intellectual vision stamped him as one of the master minds of this Republic, and his efforts were always directed towards the continuance of the supremacy of his beloved New York as the commercial and financial centre of the Western hemisphere.

His death is a loss to America and to New York. His life of labor and usefulness will be a lesson to all mankind. His loyalty to convictions will cheer untold men when doubts and trouble assail. His end was all a patriot could desire.

Resolved, That the Board of Aldermen of The City of New York, mindful of the services of Abram S. Hewitt to the City, State and Nation, and desirous of paying a proper tribute to his memory, hereby record their appreciation of his splendid manhood and their sorrow at his demise. That the President of this Board appoint a special committee consisting of seven members, of which he shall ex-officio be a member, to attend the funeral. That a copy of these resolutions, signed by the Mayor and the President of the Board of Aldermen, suitably engrossed and duly authenticated by the City Clerk, be transmitted to the family of the deceased; and be it further

Resolved, That as an additional mark of respect this Board do now adjourn.

Appropriate addresses were made by Alderman Herbert Parsons and by President Charles V. Fornes, of the Board of Aldermen.

The resolution was then adopted by a rising vote, and the President appointed as such Committee Aldermen Parsons, John T. McCall, Haggerty, Owens, Ware and the Vice-Chairman.

The President then declared that the Board stood adjourned until Tuesday, January 27, 1903, at 1 o'clock, p. m.

P. J. SCULLY,

City Clerk and Clerk of the Board of Aldermen.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE
 Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to alter the Map or Plan of The City of New York, by laying out and extending Carey avenue, from Bement avenue eastward, and by laying out and extending Oakland avenue from the extension of Carey avenue to Castleton avenue, in the First Ward, Borough of Richmond, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 30th day of January, 1903, at 2:30 o'clock p. m., at which such proposed laying out and extending will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by the Board on the 9th day of January, 1903, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York, by laying out and extending Carey avenue, from Bement avenue eastward, and by laying out and extending Oakland avenue from the extension of Carey avenue to Castleton avenue, in the First Ward, Borough of Richmond, City of New York, more particularly described as follows:

Beginning at a point on the east line of Bement avenue, distant 491 feet 11 inches southerly, from the intersection formed by the east line of Bement avenue and the south line of Castleton avenue; thence in an easterly direction 235 feet to a point distant 454 feet 1 inch southerly, from a point on the south line of Castleton avenue, which is 238 feet easterly from the intersection of the east line of Bement avenue and the south line of Castleton avenue; thence northerly 454 feet 1 inch to a point on the southerly line of Castleton avenue, distant 238 feet easterly from the intersection of the east line of Bement avenue and the south line of Castleton avenue; thence easterly and along the south line of Castleton ave-

nue 60 feet 9 inches; thence southerly and parallel with the last but one mentioned line and 60 feet distant therefrom 503 feet 6 inches; thence westerly and parallel to the first mentioned line and 60 feet distant therefrom 295 feet to the east line of Bement avenue; thence northerly along the east line of Bement avenue, 60 feet to the point or place of beginning.

Resolved, That the President of the Borough of Richmond cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed laying out and extending and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed laying out and extending at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 30th day of January, 1903, at 2:30 o'clock p. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed laying out and extending will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 30th day of January, 1903.

 Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to alter the Map or Plan of The City of New York, by laying out and extending East One Hundred and Eighty-fifth street from Washington avenue to Third avenue, in The Borough of The Bronx, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 30th day of January, 1903, at 2:30 o'clock p. m., at which such proposed laying out and extending will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 9th day of January, 1903, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York, by laying out and extending East One Hundred and Eighty-fifth street from Washington avenue to Third avenue, in the Borough of The Bronx, City of New York, more particularly described as follows:

"PARCEL A."—BETWEEN WASHINGTON AVENUE AND BASSFORD AVENUE.

Beginning at a point in western line of Bassford avenue, distant 210.031 feet southerly from the intersection of said line with the southwestern line of Third avenue as they are laid down on section 13 of the final maps of the Twenty-third and Twenty-fourth Wards, Borough of The Bronx, City of New York, filed in the Register's Office, New York City.

1. Thence westerly, parallel and 25 feet northerly of the southern property line of lot 78, block 3053, to its intersection with the eastern line of Washington avenue.

2. The northern line of East One Hundred and Eighty-fifth street is 50 feet northerly and parallel to the previous course.

"PARCEL B."—BETWEEN BASSFORD AVENUE AND THIRD AVENUE.
 Beginning at a point in the eastern line of Bassford avenue, distant 160.921 feet southerly from the intersection of said line with the southwestern line of Third avenue, as they are laid down on section 13 of the final maps of the Twenty-third and Twenty-fourth Wards, Borough of The

Bronx, City of New York, filed in the Register's Office, New York City.

1. Thence easterly along the southern property line of lots 33 and 46, block 3053, to its intersection with the westerly line of Bathgate avenue.

2. The northern line of East One Hundred and Eighty-fifth street is 50 feet northerly and parallel to the previous course.

Resolved, That the President of the Borough of The Bronx cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed laying out and extending and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed laying out and extending at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 30th day of January, 1903, at 2:30 o'clock p. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed laying out and extending will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 30th day of January, 1903.

J. W. STEVENSON, Secretary.

CONDITIONS OF SALE.

As provided for by The Greater New York Charter.

- Proposals containing conditions other than those herein set forth will not be received or considered.
- No proposal for stock shall be accepted for less than the par value of the same.
- Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon one of the State or National Banks of The City of New York, two per cent. of the par value of the stock bid for in said proposal.
- No proposal will be received or considered which is not accompanied by such deposit.
- All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.
- If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them, at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.
- Upon the payment into the City Treasury of the amounts due by the persons whose bids are accepted, respectively, certificates thereof shall be issued to them as authorized by law, and in such denominations as they may desire.
- It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected." Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him, and not any part thereof, cannot be inserted in any bid.
- It is also provided by the Charter that these bonds, being registered, may be issued in denominations of ten dollars or any multiple thereof; and that "preference shall, so far as practicable, and without pecuniary disadvantage to the City, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same."
- The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York.

EDWARD M. GROUT,
Comptroller.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 4.

NINETY-SECOND STREET—PAVING AND CURBING, between West End avenue and Riverside Drive. Area of assessment: Both sides of Ninety-second street, between West End avenue and Riverside Drive, and to the extent of one-half the blocks on the terminating street and avenue; also, Lots Nos. 22 and 24 to 29, both inclusive, in Block No. 1252.

—that the same was confirmed by the Board of Assessors on January 8, 1903, and entered on January 9, 1903, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments, and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter. Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments, and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of the Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 10, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

MUNICIPAL CIVIL SERVICE COMMISSION.

PUBLIC NOTICE WILL BE GIVEN OF ALL competitive examinations at least two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close.

Persons desiring application blanks may obtain the same by applying to the office of the Commission, either in person or in writing, stating in each case the position or positions for which they wish to apply.

When application is made for a position for which no examination is scheduled, the name of the applicant will be recorded and an application blank sent, when a date for such examination is fixed.

All notices of examination will be posted and advertised. Such notices will state the scope of the examination, but for more general information application should be made at the office of the Commission.

Regulation adopted by the Municipal Civil Service Commission at the meeting held November 19, 1902.

APPEALS.
No candidate for a position for which a physical examination is required who is rejected or who fails to appear on the date set, shall be again examined within nine months, unless by order of

the Commission. A candidate asking a new examination shall be required to submit to the Commission an affidavit stating the reasons for which such examination is asked, and if such reasons be that the candidate's physical disability was temporary, the affidavit must be accompanied by a physician's certificate showing exactly that the disability has been wholly remedied.

A candidate who has been notified of the result of his examination may, upon personal application to the Chief Examiner or other person duly authorized by the Commission, and on presentation of his notice, be entitled to see his papers and the ratings thereon.

No appeal from the ratings of examiners will be considered unless the grounds on which it is based are stated specifically and in full, in writing, and unless it is presented within fifteen days after the applicant has been notified of the result of his examination.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF BROOKLYN:

THIRTIETH WARD.
BAY TWENTY-THIRD STREET—OPENING, from Benson avenue to Cropsy avenue. Confirmed November 17, 1902; entered January 9, 1903. Area of assessment includes all those lands, tenements and hereditaments and premises situated, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Westerly by the centre line of the block between Bay Twenty-second and Bay Twenty-third streets; southerly by the northerly side of Cropsy avenue; easterly by the centre line of the block between Bay Twenty-third street and Twentieth avenue; and northerly by the southerly side of Benson avenue.

The above-entitled assessment was entered on the date hereinabove given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments, and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments, and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 10, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

SUPREME COURT.

SECOND JUDICIAL DISTRICT.

In the matter of the application and petition of Seth Low, Edward M. Grout, Alexander E. Orr, Charles Stewart Smith, Morris K. Jesup, John H. Starin, Woodbury Langdon and John Claffin, constituting the Board of Rapid Transit Railroad Commissioners of The City of New York, for and on behalf of said City, for the appointment of Commissioners of Appraisal under chapter 4 of the Laws of 1891, and the various statutes amendatory thereof and supplementary thereto, relative to the acquisition of a perpetual underground right, easement and right of way under JORALEMON STREET, from a point therein between the East river and Furman street to its intersection with Fulton street; Fulton street, from its intersection with Joralemon street to its intersection with Flatbush avenue; Flatbush avenue, from its intersection with Fulton street to a point at or near its intersection with Atlantic avenue; Fulton street, from its intersection with Joralemon street to its intersection with Court street; Court street, from its intersection with Joralemon street to its intersection with Fulton street.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court for the appointment of Commissioners of Appraisal, under chapter 4 of the Laws of 1891, and the various statutes amendatory thereof and supplementary thereto, at a Special Term of said court for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, on the 23d day of January, 1903, at the opening of the court on that day, for the appointment of three disinterested freeholders, residents of The City of New York, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property rights, franchises, easements or privileges sought to be taken or affected for the purposes indicated in said chapter 4 of the Laws of 1891, and the various statutes amendatory thereof and supplementary thereto.

The real property affected is located in the Borough of Brooklyn, and a fuller statement setting forth the location and boundaries of the several lots or parcels of property, right, franchises, easements or privileges sought to be taken or affected is annexed to similar maps thereof adopted and approved by the Board of Rapid Transit Railroad Commissioners on the 23d day of October, 1902, and which said maps were filed, one in the office of the chief executive department of The City of New York having principal charge of the streets, on the 14th day of November, 1902; one in the office of the Register of the County of Kings, on the 10th day of December, 1902, and one in the office of the Board of Rapid Transit Railroad Commissioners, on the 23d day of October, 1902.

It is sought to obtain in this proceeding a permanent and perpetual underground right, easement and right of way under the following-described lands:

Under Joralemon street, from a point therein between the East river and Furman street to its intersection with Fulton street; Fulton street, from its intersection with Joralemon street to its intersection with Flatbush avenue; Flatbush avenue, from its intersection with Fulton street to a point at or near its intersection with Atlantic avenue; Fulton street, from its intersection with Joralemon street to its intersection with Court street; Court street, from its intersection with Joralemon street to its intersection with Fulton street.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to NINETEEN SEVENTH STREET from Fourth avenue to Fort Hamilton avenue, in the Thirtieth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 11th day of September, 1901, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 14th day of September, 1901, and indexed in the In-

dex of Conveyances in section 18, blocks 6122, 6123, 6127, 6126, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter XVII., of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 14th day of February, 1903, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, January 21, 1903.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
