The Chairman Pro Tem. directed the Clerk to read the call for the meeting, which is as follows:

No. 4463.

City of New York, Office of the Mayor, September 12, 1913.

In pursuance of the provisions of section 37 of the Greater New York Charter, I hereby call a special meeting of the Board of Aldermen, to be held in the Aldermanic Chamber, in the City Hall, in the Borough of Manhattan, on Tuesday, September 16, 1913, at 12 o'clock noon, for the purpose of taking appropriate action on the death of the Honorable William J. Gaynor.

A. L. KLINE, Mayor.

Which was ordered on file.

The Chairman Pro Tem. laid before the Board the following message from his Honor the Mayor:

No. 4464.

City of New York, Office of the Mayor, September 16, 1913.

To the Honorable the Board of Aldermen:
It is with deep sorrow that I announce that the Honorable William Jay Gaynor, the Mayor of this City, died while on his way to Europe to enjoy a well-earned vacation, on September 10, 1913. The news of his death has plunged our entire City into mourning, and I have felt it proper to call your honorable body together to take proper official action regarding his death. The funeral is to occur at Trinity Church next Monday morning, September 22, at 11 o'clock, and I suggest that your

body appoint a committee of nine members to attend the services. I know it to be the desire of each member of the Board to be present at the funeral and to do honor to the late Mayor, but the limited seating capacity of the church and the vast number of requests that are being made to the family and committee for seats makes it impracticable for the entire Board to attend. A. L. KLINE, Mayor.

Which was ordered on file.

ORDINANCES AND RESOLUTIONS.

The Committee on Rules presented the following resolution:

No. 4465.

Resolved, That the following named members of the Board, Aldermen Bolles, Hamilton, Post, Diemer, Walsh, Levine and Dunn, be and they are hereby appointed a special committee to confer with the Board of Estimate and Apportionment in relation to the arrangements for the funeral of Mayor Gaynor.

RALPH E. FOLKS, FRANK J. DOTZLER, JOHN DIEMER, FRANK L. DOWLING, Committee on Rules.

Which was adopted.

Alderman Dowling then offered the following resolution:

No. 4466.

A City mourns a City's loss.

WILLIAM J. GAYNOR.

Mayor of The City of New York, is no more. Divine Providence has called him from his earthly career, leaving behind a record of integrity, devotion to duty and faithfulness to all the claims which public life made upon him.

A foremost citizen, great public character, constructive jurist, and in the public life of The City of New York a leading force, he will be missed.

During his extended period of service he took a most useful and active part in the affairs of the City, State and Nation, to each of which he gave uninterruptedly, and unstintingly of the talent and genius with which nature had freely endowed him.

No longer will his subtle and trenchant pen, blent with a grim humor and homely philosophy, find its way into the heat and glare of official and political life with which he had been identified for nearly half a century.

"He was a man, take him for all in all, we shall not look upon his like again."

Resolved, That, in the death of the Honorable William J. Gaynor, The City of New York, the State and the Nation have suffered an especial and very great loss. In him was recognized one of the country's greatest and most conscientious public servants;

Resolved, Further, that the Board of Aldermen of The City of New York extends to the sorrowing widow and children sincere and heartfelt sympathy on the sad bereavement they have sustained, and that a copy hereof, suitably engrossed and duly authenticated by the Mayor and City Clerk, be transmitted to the family; and be it further

Resolved, That the Board of Aldermen attend the funeral of Mayor Gaynor in a body, and, as an additional mark of respect, do now adjourn.

Which was seconded by Aldermen Folks, Nicoll, Curran, Downing, Marks and Herbst.

The Chairman Pro Tem. put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by a rising vote.

And the Chairman Pro Tem. declared that the Board stood adjourned.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River or along the North River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Department of Docks and Ferries, with whom all arrangements must be made with respect to utilizing such docks and bulkheads as may be available.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable, and within a period of thirty-six (36) months from the date of the delivery of the contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 1st day of October, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent, as near as practicable, of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Routes Nos. 4 and 38, Section No. 2," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York, for the sum of Fifteen Thousand Dollars (\$15,000). Such check must not be enclosed in the envelope containing the proposal.

The unit prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract the contractor will be required to furnish security to the City by giving a bond for Seventy-five Thousand Dollars (\$75,000). At the option of the successful bidder, cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds, and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the production of the estimated approximate quantities and the unit prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

District C.
The remainder of the expense, excluding the portion placed against The City of New York by the Commissioners under section 980 of the Charter, is to be borne by the Borough of The Bronx, designated as "District C."

Notices of Public Hearings.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held July 10, 1913, the following petition was received:

To the Board of Estimate and Apportionment of The City of New York:

The petition of Manhattan Bridge Three Cent Line respectfully shows as follows:

On the 10th day of July, 1912, The City of New York, pursuant to resolution of this Board, entered into a contract with petitioner whereby said City granted to petitioner a franchise to construct and operate a street surface railroad from the Desbrosses Street Ferry, in Manhattan, to the Long Island Railroad Station, in Brooklyn, via the Manhattan Bridge and certain streets in the Boroughs of Manhattan and Brooklyn.

Paragraph first of section 2 of said contract provides that the rights granted by the contract shall cease unless petitioner shall obtain and file with the Board, within six months from the date of the contract, consents in writing of the owners of one-half in value of the property bounded on said streets and avenues to the construction and operation of said railway, or, in the event that such consents cannot be obtained within such time, shall, within said six months or within one month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine whether said railway ought to be constructed.

Paragraph fourth of section 2 of said contract provides that the rights granted by said contract shall cease unless petitioner shall commence construction of its railway within three months from the date upon which the consents of property owners are filed with the Board, or from the date of the order of the Appellate Division confirming the determination of Commissioners appointed pursuant to section 174 of the Railroad Law, and shall complete the construction and place the same in full operation within six months from the date of filing such consents or the date of such order, provided, however, that the Board may grant an extension, not to exceed six months, of either of such periods.

Prior to the execution of said contract petitioner had obtained from the Public Service Commission for the First District a certificate of public convenience and necessity under section 9 of the Railroad Law, and immediately on the execution of said contract petitioner applied to the Public Service Commission, pursuant to section 53 of the Public Service Commission Law, for an order permitting it to exercise its said franchise. Said application was opposed by the existing surface railroads of Manhattan and Brooklyn, but was granted by an order made on the 14th day of August, 1912.

Petitioner immediately began the construction of the tracks and equipment necessary to operation on the Manhattan Bridge. Said work was delayed by two temporary injunctions obtained by the existing railroads in Manhattan and Brooklyn, acting in concert, both of which were vacated, and such work was completed and operation commenced on the Manhattan Bridge on the 4th day of September, 1912.

Immediately on the execution of said con-

tract petitioner set about obtaining consents of owners of property abutting on the streets in which it was authorized to operate its railroad, and prior to the 1st day of September, 1912, obtained the necessary consents as to Flatbush Avenue Extension, in the Borough of Brooklyn, and began the construction of its road from Manhattan Bridge to Fulton street. This construction was delayed by the refusal of the roads constituting the Brooklyn Rapid Transit system to consent to the installation of crossings over their tracks in Concord and Willoughby streets and Myrtle avenue, and by an injunction obtained by them to prevent such installation. This action on their part made it necessary for petitioner to commence a proceeding under section 22 of the Railroad Law to obtain the right to install such crossings. Said proceeding was commenced on the 10th day of September, 1912, was tried on the 12th day of September, 1912, and decided on the 9th day of November, 1912, such decision being in favor of the contention of petitioner, and on the 16th day of November, 1912, Commissioners were appointed in said proceedings, who made their report as to the manner of said crossings on the 26th day of November, 1912, and the same was confirmed on the 27th day of November, 1912.

Said railroad was put in operation to Fulton street in December, 1912, and is still in operation.

The Brooklyn Rapid Transit Company thereupon appealed from the judgment and various orders made in said proceeding, and said appeal was argued at the June, 1913, Term of the Appellate Division, Second Department, but has not yet been decided.

The petitioner proceeded diligently in obtaining consents of abutting owners, and did obtain a majority on Bridge street, Fulton street, 4th avenue, Atlantic avenue and 3d avenue, in the Borough of Brooklyn, in addition to those obtained on Flatbush Avenue Extension, and filed copies of the same with this Board on the 9th day of January, 1913.

On the 30th day of January, 1913, this Board by resolution accepted said consents, and directed the attention of petitioner to the fact that construction of its road on said streets should be commenced on or before April 9, 1913, and completed on or before July 9, 1913.

On February 10, 1913, petitioner commenced a proceeding in the Appellate Division, First Department, under section 174 of the Railroad Law, for the appointment of Commissioners to determine whether its road ought to be constructed and operated in the streets in Manhattan in which it was authorized by its franchise to construct and operate, and on February 8, 1913, commenced a similar proceeding in the Appellate Division, Second Department, in regard to the streets in the Borough of Brooklyn as to which it had not obtained the necessary consents, to wit, through and along Rockwell place, between Fulton street and Flatbush avenue; Flatbush avenue, between Rockwell place and 4th avenue, and also between 3d avenue and Livingston street; Livingston street, between Flatbush avenue and Hoyt street; Hoyt street, between Livingston street and Fulton street, and diagonally across Fulton street, between Hoyt street and Bridge street.

In the Manhattan proceeding Commissioners were appointed on the 14th day of March, 1913, and made their report in favor of the construction of petitioner's road on the 8th day of May, 1913, and the same was confirmed on the 23d day of May, 1913.

In the Brooklyn proceeding Commissioners were appointed on the 7th day of March, 1913, and made their report in favor of the construction of petitioner's road on the 23d day of June, 1913, and a motion for the confirmation of the same was submitted to the Appellate Division on the 26th day of June, 1913, but has not yet been decided.

This Board by resolution adopted on the 10th day of April, 1913, extended the time of petitioner to commence the construction of its railway on Bridge street, 3d, Atlantic and 4th avenues, and Fulton st., between Flatbush Avenue Extension and Rockwell place, Borough of Brooklyn, the same being the streets as to which petitioner had obtained the consents of abutting owners, up to and including October 9, 1913, and the time of petitioner to complete such construction and place the railway in operation in said streets to the 9th day of January, 1914.

In the construction and operation of its road in Brooklyn it will be necessary for petitioner to cross the tracks of the Brooklyn Rapid Transit Company in several places and to use their tracks in several streets. Said companies have stated openly that they will not consent to such operation, and, consequently, it will be necessary for petitioner to acquire such right in the manner provided in section 183 of the Railroad Law.

The streets in Brooklyn other than Flatbush Avenue Extension, as to which petitioner has procured the necessary consents, namely, Fulton street, between Flatbush Avenue Extension and Rockwell place; 4th avenue, between Flatbush avenue and Atlantic avenue; Atlantic avenue, between 4th avenue and 3d avenue; 3d avenue, between Atlantic avenue and Flatbush avenue, and Bridge street, between Fulton street and Flatbush Avenue Extension, are isolated, and it would be futile to attempt to construct and operate a railroad in them, except in connection with the streets as to which consents have not been obtained.

In view of the attitude of the Brooklyn Rapid Transit Companies, it is obvious that a long litigation will ensue before petitioner can obtain the necessary trackage and crossing rights to enable it to construct and operate its road from its present terminus at Flatbush Avenue Extension and Fulton street to the Long Island Railroad Station.

Similar conditions exist in regard to Canal street and the other streets in Manhattan in which petitioner is authorized to operate its railroad, and which are occupied by tracks of the Third Avenue Railway Company and the New York Railways Company, or their subsidiaries.

The questions which will be involved in this litigation have never been passed upon by the Courts of this State, and for this reason the litigation will in all probability be carried to the Court of Appeals, making it impossible to foresee how much time will be consumed before a final adjudication can be had.

The determination of the Courts on these questions will be of vast importance not only to petitioner, but also to The City of New York and this Board, by ascertaining and fixing the power of the Board with reference to existing railroad franchises throughout this municipality, and constraining the limitations contained in the Railroad Law with reference to the use of tracks and equipment of existing railways.

Petitioner is ready and anxious to complete the construction of its entire road and put the same in operation at the earliest possible moment.

Wherefore, petitioner prays that paragraph fourth of section 2 of the said agreement between The City of New York and petitioner, dated the 10th day of July, 1912, be amended to read as follows:

"The Company shall commence construction of the railway herein authorized on or before the 9th day of October, 1914, and shall complete the construction and place the same in full operation on or before the 9th day of January, 1915; otherwise this right shall cease and determine,

and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board; and provided further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

New York, July 10, 1913. s6,18

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment held July 10, 1913, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of the New York and North Shore Traction Company respectfully shows:

First—That by two several contracts dated respectively February 1 and April 14, 1909, the City of New York granted to your petitioner a franchise to build and operate an electric street surface railroad, with its appurtenances, on certain streets and avenues in the 3d Ward of Queens Borough, New York City, N. Y.

Second—That in each of said contracts it is provided among other conditions that your petitioner is to pay the City, for the privilege of the franchise, certain annual payments divided into periods of five years at an increased ratio. In the contract of February 1, 1909, during the first term of five years, the annual sum to be paid is to be at least \$2,200, and is to be equal to 3 per cent. of its gross annual receipts; in such percentage shall exceed that amount. In the contract of April 14, 1909, during the first term of five years, the annual amount to be paid is to be at least \$1,575, and is to be equal to 3 per cent. of its gross annual receipts if such percentage shall exceed that amount.

Third—That on account of the arrested development of that section of Queens Borough in which its railroad is operated, 3 per cent. of its gross annual receipts has been less than minimum payment required, and so much less than was anticipated by the parties to the contracts that the minimum payments called for by the contracts have been a hardship on petitioner.

Now, therefore, your petitioner respectfully asks that the said contract be modified so that, in each, the term during which petitioner is obligated to pay 3 per cent. of its gross annual receipts or a minimum amount as fixed, shall be extended to a date which shall be five years after the beginning of the operation of its railroad, to wit, to August 12, 1915; and that the dates of the commencement of the other terms of five years, in which the said annual payments are fixed, be changed so as to be computed from the commencement of operation instead of from the dates of said contracts, and that the minimum amount to be paid during the second term of five years be lessened so as to conform more equitably to its gross annual receipts during that period.

Dated July 1, 1913.

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track street surface railway as an extension to its existing railway with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of Brooklyn, in The City of New York, upon the following route, to wit: Beginning at and connecting with the existing tracks of the Company at or near the intersection of Roebeling street with Division avenue; thence in and upon Roebeling street to Lee avenue, and thence connecting with the tracks of the Company in Lee avenue.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Brooklyn City R. R. Co. Map showing proposed extension in the route of the Brooklyn City R. R. Co. on Roebeling street, from Division to Lee Ave. in the Borough of Brooklyn, City of New York, to Accompany the petition to the Board of estimates and apportionment. Dated May 13, 1913."

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said three (3) months, within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor, until January 1, 1924.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one hundred dollars (\$100) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than one hundred and ten dollars (\$110), and which shall be equal to three (3) per cent. of

its gross annual receipts if such percentage shall exceed the sum of one hundred and ten dollars (\$110).

During the remaining term expiring January 1, 1924, an annual sum which shall in no case be less than one hundred and seventy-five dollars (\$175), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one hundred and seventy-five dollars (\$175).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted, or of any part thereof, or of any part of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or in its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this consent shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the route hereinbefore described, and the Company shall not at any time oppose, but shall consent to the construction and operation of any street surface railway by any such other corporation or individual which may receive a franchise therefor from the City, and which may necessitate the use of any portion of the railway which shall be constructed or operated by the Company pursuant to this contract.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route, or any portion thereof, over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company and shall have the right to construct such operation and to use such property until this contract or the right to use such property under the terms of the franchise or right granted said corporation or individual by the City, shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual, and the two so chosen shall choose a third fit and impartial person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators, as herein provided, should two of such arbitrators agree, the Company shall file with the Board a duplicate copy of a written agreement which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators, as the sum or sums which such corporation or individual shall pay to the Company for said privilege. If the Company fails to file the same with the Board within said thirty (30) days, then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator, as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Supreme Court upon the application of either party.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board, or from the date of the order of the Appellate Division of the Supreme Court made pursuant to section 174 of the Railroad Law confirming the determination of the Commissioners appointed thereunder, that such railway ought to be constructed, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such consents or the date of such order, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement of the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appliances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permit so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Brooklyn, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Twelfth—No wires for the transmission of power, except trolley wires, shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two (2) ducts not less than three (3) inches in diameter each for the exclusive use of the City. Such conduits shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road or on any road, line or branch operated by it or under its control, to any other point thereof, or any connecting branch thereof within the limits of the City unless a rate of fare in excess of five (5) cents may be lawfully charged therefor.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on

said railway shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Nineteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—As long as said railway, or any portion thereof, remains in any street or avenue the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the Company to make pavement or repairs after the expiration of twenty (20) days' notice to do so from the President of the Borough of Brooklyn, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-first—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-second—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-third—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fourth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-sixth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board, acting under the powers therein reserved, the franchise or consent herein granted, may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed.
