The Clerk proceeded to read the minutes of the stated meeting of July 9, 1912,

and the minutes of the special meeting of August 5, 1912.

On motion of Alderman Dowling, further reading was dispensed with and the

several minutes were approved as printed.

Aldermen Becker rose to a question of personal privilege and made the following formal statement.

No. 1648.

Mr. President—I rise to a question of personal privilege.

Since the last meeting of this Board, the morning newspapers of this City, on

August 16, in expressions generally identical, printed an address that had been delivered by the Mayor the night before at a public meeting of a newsdealers' association.

This statement alleged, in words or effect, that a system of grafting in respect of the stand privileges was prevalent throughout the City, and he mentioned a case

which he said had occurred in my district, and so employed my name in connection with the matter as to make inferable his suspicion of my official integrity. He had no

facts to justify that. There were none that he could have. I promptly denounced

his statement, in so far as it contained a reflection upon me, and challenged him to the proof of it. I addressed a letter to him directly, demanding that he call together

this Board in special session, in order that I might ask an investigation at its hands.

I take it as an admission on the Mayor's part that he then knew that he had

done an unfair and unmanly thing in naming me in connection with any transaction

of this kind, that he has never replied to this part of my letter. He did not call the

Board in special session. He did not give to me the opportunity of a fair, open,

public inquiry. Instead, his Commissioners of Accounts set about in their secret,

insidious and, I do not hesitate to say, unlawful way to get evidence against me. I

am advised that it is settled law that these Commissioners of Accounts have no authority whatever to subpoena private citizens. I am advised that their authority

is limited entirely to the examination of municipal employees and for the sole purpose of ascertaining how the public business is conducted by municipal departments.

But, in this case, they sent out a flood of subpoenas to men, women and children in

no way connected with the municipal government nor with the transaction the facts

of which they were endeavoring to ascertain, wholly ignorant of who the parties

were that they should have subpoenaed.

The fact of these unlawful, impotent and mistaken subpoenas coming to my attention,

I personally produced before the Commissioner of Accounts, and of my own motion, the two individuals who, if these Commissioners had had any such right of

subpoena, were the persons that should have been called.

Now, the facts are these: For many years I was a Republican election district

captain, and in that association with other captains of my own party which, as you

all know, ripens into the sincerest friendship and good will, one towards another, I

knew, and long had known, a certain Benjamin Strauss. A new elevated railway

station was being constructed in my district, and Strauss came to me and said, in

effect, that a friend of his wanted the news stands under the stairways of this station

on both sides of the street. I liked Strauss and believed in him. I had not the

slightest notion that a monetary consideration to him was involved in the matter. I

would cheerfully have given one of these stands to his friend, as I would have done

any lawful and proper thing, to strengthen Strauss in his own district, or anywhere

in the Assembly District, for he was and is one of the most successful and industrious

members of my organization. But I thought it was hogging it a little to ask of me

the two stands, and for a long while, five or six weeks, I put him off. At last, however,

I signed the applications he presented, and one of the licenses was promptly issued.

Delay occurred in connection with the issuance of the other, and one day, ten days

or so before the Mayor's address at the Newsdealers' Association, Strauss came to

me and said that the second license was being held up. I took him with me to the

Licenses Bureau, and there, going alone into the Bureau, I saw the Commissioner of

Licenses and asked for the licenses, and he told me that I would have to see the Mayor

about it, for the Mayor had an affidavit affecting the integrity of transactions that had

led up to this application. I went outside and asked Strauss what that meant, and

then he admitted to me that he had received money for these licenses. I told him

that he must immediately return the money, and that he had done a thing that placed

me in a false position.

With this knowledge, and when the Commissioners of Accounts were floundering

around in a vain effort to obtain witnesses in the matter, I sent for Strauss and for

the applicant, whose name was Selikowitz, and I took them both to the Commissioner

of Accounts and told him that there were the men who could tell him what they had

done. These men were examined then and there and in my presence, and in spite of

all the crafty, insinuating and suggestive questions that the examiner's mind could

devise to induce them in some way to reflect upon me, they agreed in the statement

and proof that I had had not part or lot in their transaction, nor knowledge of it.

It appeared that Strauss had told Selikowitz that he could get these stands, or

thought he could, that after several interviews they agreed together that if Strauss

could get them Selikowitz would pay Strauss \$800—\$500 for the more valuable one

and \$300 for the other. It appeared from Selikowitz that he had neither seen me

nor heard of me in any way in the matter, but that, in considering the value of the

privilege, he had gone about among other newsdealers and had discussed with them

whether \$800 was a fair price or not, and that, upon their advice that it was, he had

paid it. It was in that way, of course, that knowledge of the transaction had come

to the Mayor even before it came to me.

It appears also that the privilege for which Strauss had charged \$300 not having

been given, Strauss returned to Selikowitz that \$300, and that Selikowitz was

entirely content to let him retain the other \$500 so long as the more valuable privilege

that had been delivered held out. It was still good, notwithstanding all that the Mayor had heard, until after the examination of which I have spoken had occurred. It seems that then, at whose instance you can well imagine, the Mayor, in a timely way, revoked this privilege, and at about the same time Selikowitz began to have visits from the agents of the Commissioners of Accounts. It appears that coincidental with their visits Selikowitz began to make demands on Strauss for the other \$500. It appears that Strauss not responding Selikowitz attended another session of the Commissioners of Accounts, a secret session, a session of which I was not advised, and that there he gave some other kind of testimony. How little it affected me, however, is witnessed in the fact that a warrant was issued for Strauss's arrest, at Selikowitz's complaint and on Selikowitz's affidavit stating that Strauss had mentioned me, had told him that all of this money was to come to me, that he believed it, that he gave this money for that purpose, for the purpose of bribing me, that he has since ascertained that Strauss's statements were false, that I knew nothing about the matter, and that Strauss was therefore guilty of grand larceny.

I believe and say here in my place that this affidavit, a loathsome confession of attempted bribery, is at the same time a dull and stupid perjury. I believe, and say here in my place, that it will develop that Selikowitz was induced, and without his knowing the position in which he was placing himself, to change his sworn testimony, and to commit this perjury and to make this confession of crime, at the instance of agents of the Commissioners of Accounts in a scandalous and dishonest effort to frighten Strauss so that he too would change his testimony and that he too would be induced to solve me. I say and charge that this office of Commissioner of Accounts has prostituted itself to the dirty business of manufacturing lies and perjuries in a contemptible effort to assist the Mayor in distracting public attention from his own miserable plight, brought about by the murder of Rosenthal, the developments that ensued and the pitiful attitude the Mayor assumed in respect of them.

Now, gentlemen, the matter of this transaction in my district is in the hands of the Grand Jury of the County of New York. That is where it ought to be. That body will decide at whose door, Strauss's or Selikowitz's, indictment should lie. I think it might well take up the question also whether subornation of perjury has not been committed by the agents of the Commissioners of Accounts, and I say to the Grand Jury, on that point, I can produce direct and vital testimony. I had intended, until these developments occurred, to present here a resolution for an investigation by this body of the Mayor's general charge that you, and you all, and all of us, are and have been engaged in this sort of dirty business. In view of the fact, however, that so far as this charge relates to my district, it is before the Grand Jury, just where I personally want it to be, I feel that I am relieved of any duty in that matter, and that duty, if any exists, pertains to some other member of this Board. I should think that it would not consent to rest under the imputation of so grave a charge as the Mayor has made. I should think that you, and all of you, would be quick to resent it, as I have been. I should think that you, and all of you, would be quick to find some way of bringing out the truth as I have found it. I should think that you, sir, the President of this body, in whose integrity, fidelity to duty, in whose fine intelligence and noble public spirit all the people of the City have supreme confidence, would have now and at this moment a word of counsel and advice to deliver to the body over which you preside.

Which was ordered on file.

#### MESSAGES FROM THE MAYOR.

The President laid before the Board the following messages from his Honor the Mayor:

No. 1281.

The Committee on Laws and Legislation, to which was referred on June 4, 1912, (Minutes, page 617), the annexed ordinance in favor of ordinance to prevent obstruction and interference with fire drills in public schools and other buildings in The City of New York, respectfully

#### REPORTS:

That having examined the subject, they believe the proposed ordinance to be necessary.

AN ORDINANCE to prevent obstruction and interference with fire drills in public schools and other buildings in The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Sec. 1. That it shall be unlawful for any person to drive a vehicle of any kind within The City of New York within 50 feet of a public school building or buildings while a fire drill is being held therein, or to interfere, hinder, obstruct or impede in any way whatsoever any such fire drill.

Sec. 2. Any person or persons violating this ordinance shall, upon conviction thereof by any City Magistrate, either upon confession of the party or by competent testimony, shall be fined a sum not less than \$5 nor more than \$10 for each and every offense, and in default of payment of such fine shall be committed to prison by such City Magistrate until the same be paid, but such imprisonment shall not exceed 10 days.

Sec. 3. This ordinance shall take effect immediately.

They, therefore, recommend that the said ordinance be adopted.  
COURTLANDT NICOLL, W. H. PENDRY, JOHN A. BOLLES, O. GRANT  
ESTERBROOK, FRANK CUNNINGHAM, WILLIAM BRUSH, Committee on  
Laws and Legislation.

City of New York, Office of the Mayor, July 24, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—I herewith return disapproved proposed Ordinance No. 1281, entitled, "Ordinance to prevent obstruction and interference with fire drills in public schools and other buildings in The City of New York."

It inflicts a fine on any one who shall come with a vehicle within 50 feet of any public school building "while a fire drill is being held therein." I do not see how any such ordinance can be enforced. How is any one on his way through the street to know whether there is a fire drill going on in the building or not? For this reason alone the ordinance seems to be altogether too loose. And if the matter is to be considered further, it seems to me well to consider whether any such ordinance is necessary. The fewer laws and ordinances we have the better. It makes people indifferent to law to have so many laws interfering with their conduct that they are in jeopardy all the time of disobeying or violating some petty law. If the children come from the school house into the street as part of the drill, and block it, then vehicles should not try to pass through them. But this ordinance is restricted to the drill within the building itself. But do we need any ordinance to prevent drivers from trying to drive through children in front of a school house? How many drivers would try to do such a thing? And if in doing it they should injure a child they would now, without the aid of any ordinance, be guilty of a criminal offence. To injure any one by reckless driving is a criminal offence. Respectfully,

W. J. GAYNOR, Mayor.

Nos. 1482 and 1546.

Resolved, That the ordinance in relation to the discharge of fireworks be and the same is hereby suspended so as to enable the Thomas J. McManus Association to explode fireworks in the territory bounded by 40th st., Broadway, 57th st. and the North River, in the Borough of Manhattan, on Monday, August 19, 1912, under the supervision of the Police Commissioner and the Fire Commissioner, such suspension to continue only for the day and date mentioned, and such suspension to take effect only upon the filing of a bond, in form and amount to be approved by the Corporation Counsel, indemnifying The City of New York against any loss or damage sustained by reason of such suspension.

Resolved, That the ordinance in relation to the discharge of fireworks be and the same is hereby suspended so as to enable the Cherokee Club to explode fireworks in the territory bounded by 79th st., Lexington ave., 92d st. and the East River, in the Borough of Manhattan, on Tuesday, August 6, 1912, under the supervision of the Police Commissioner and the Fire Commissioner; such suspension to continue only for the day and date mentioned and such suspension to take effect only upon the filing of a bond, in form and amount to be approved by the Corporation Counsel, indemnifying The City of New York against any loss or damage sustained by reason of such suspension of the ordinance.

City of New York, Office of the Mayor, July 24, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed resolutions numbered 1482 and 1546, respectively, entitled: "Resolution suspending fireworks ordinance on August 6, 1912, in favor of the Cherokee Club," "Resolution suspending fireworks ordinance in favor of the Thos. J. McManus Ass'n."

The courts have repeatedly held that where fireworks are exploded under permission of resolutions like these the City is by the resolution itself made responsible

in damages for personal injuries or death or injuries to property caused thereby. The courts hold such explosions of fireworks to be a public nuisance. We have put an end to all explosion of fireworks on Independence Day, except at the fireworks exhibitions given by the City itself, but such explosions are had all over the City on other days of the year by political organizations, by persons running for office, by church organizations, and so on. Injuries and deaths are constantly occurring therefrom for which the City is made to pay heavy damages. It seems time to put a stop to all of these explosions of fireworks throughout the City. They are just as objectionable and dangerous every day in the year as they are on Independence Day. These two resolutions, following those which your honorable Board has adopted heretofore, require that the persons to whom you give the permission shall file a bond to indemnify the City against any loss or damage sustained by reason of the fireworks. But that amounts to little or nothing. It is only a false cover. The giving of such a bond will not restore the lives lost, or the limbs shattered or injured. Moreover, the City has seldom, if ever, been able to recover on such a bond. You all remember how scores of persons were killed and maimed by the explosions of fireworks set off by a candidate running for office about ten years ago. For the deaths and injuries caused thereby the City has paid \$200,000, but has not thus far been reimbursed to the extent of a dollar, and there seems little prospect that it ever will be. I cite that instance, as it is typical. Suits for damages caused by fireworks are constantly in the courts, and judgments are invariably and justly recovered against the City, for the reason that the City is a participant in the explosions by reason of the resolutions of your honorable Board allowing them. Respectfully,

W. J. GAYNOR, Mayor.

Nos. 1518 and 1536.

Resolved, That permission be and the same is hereby given to the Republican Club of the 30th Assembly District to suspend a banner across 125th st., near Lexington ave., in the Borough of Manhattan, such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Resolved, That permission be and the same is hereby given to the G. Pepe Association to suspend a banner in front of 66 Thompson st., in the Borough of Manhattan, said permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

City of New York, Office of the Mayor, July 24, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed resolutions Nos. 1518 and 1536, entitled:

"Resolution allowing the Republican Club of the 30th Assembly District to suspend a banner"; and

"Resolution to permit the G. Pepe Association to suspend a banner."

I have several times returned similar resolutions to you disapproved (see veto messages of October 4, 1910, and May 24, 1910). If the poles supporting these banners, or the banners, or any part of the structure, should fall and injure pedestrians the City would be held responsible in damages by the courts (Durfield vs. City of New York, 101 App. Div., 581). Respectfully,

W. J. GAYNOR, Mayor.

No. 1561.

Resolved, That the following city employees now in Stockholm, Sweden, for the purpose of taking part in the Olympic games, to wit: Patrick McDonald, Matthew McGrath, Egan Erickson, John J. Eller, Jr., and Simon Gillies, of the Police Department; George V. Bonhag, of the Department of Water Supply, Gas and Electricity, and John Dietz, employed in the 71st Regiment Armory, be allowed to draw their usual pay while absent from duty for a period not exceeding two months, on the proper certification of the same in the usual manner by the heads of the respective Departments or Bureaus in which they are employed.

City of New York, Office of the Mayor, July 24, 1912.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—I herewith return disapproved proposed resolution No. 1561 entitled "Resolution to allow pay to City employees participating in Olympic games held in Stockholm, Sweden."

It provides that certain employees of the City who are named may draw their salaries for a period of two months while absent in Europe participating in the Olympic games. No such resolution is necessary. If these employees are absent without leave they should not be allowed their salaries. If they are absent with leave of the heads of their Departments that means that they may draw their salaries. Respectfully,

W. J. GAYNOR, Mayor.

Nos. 1653, 1141 and 1142.

The Committee on Laws and Legislation, to which was referred on May 14, 1912 (Minutes, page 494), the annexed ordinance to amend section 447 of chapter 12, part 1, of the Code of Ordinances of The City of New York, respectfully

#### REPORTS:

That, having examined the subject, it believes the proposed amendment to be necessary.

It, therefore, recommends that the said ordinance be adopted.

AN ORDINANCE to amend section 447 of chapter 12 of part 1 of the Code of Ordinances of The City of New York, relating to the "Rules of the Road."

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 447 of chapter 12 of part 1 of the Code of Ordinances of The City of New York, relating to the "Rules of the Road," is hereby amended to read as follows:

Sec. 447. Stopping Near Corners—No vehicle shall stop or stand within the intersection of any street nor within ten feet of a street corner. This section shall not apply to the stopping of cars of surface street railroads at street corners in the Borough of Brooklyn, for the purpose of receiving and discharging passengers, provided no part of said car or equipment thereof shall, when stopped, rest upon or project over any part of the crosswalks at said crossings.

Sec. 2. This ordinance shall take effect immediately.

Note—New matter in italics.

The Committee on Laws and Legislation, to which was referred on May 14, 1912 (Minutes, page 495), the annexed resolution and ordinance in favor of stopping the cars in the Borough of Brooklyn, City of New York, on the near side of the streets, respectfully

#### REPORTS:

That it held a public hearing in the Borough Hall, Borough of Brooklyn, on this ordinance; that at such public hearing it was suggested that the ordinance as originally drawn did not require that cars must stop, irrespective of taking on or discharging of passengers, at certain specified streets named in section 49 and at school streets.

That to obviate this objection, the Committee has amended the ordinance to read as follows, and that having examined the subject it believes the proposed ordinance to be necessary and therefore recommends that the same be adopted.

#### SUBSTITUTE.

AN ORDINANCE to amend section 49 of chapter 5 of Part 3 of the Code, being "Ordinances affecting that part of The City of New York within the Borough of Brooklyn," and relating particularly to "railroads."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 49 of chapter 5 of part 3 of the Code, being "Ordinances affecting that part of The City of New York included within the Borough of Brooklyn" is hereby repealed in its entirety, and the following section inserted in lieu thereof:

Sec. 49. Stoppage of Cars—Outside of the limits of Fulton st., Myrtle ave., Broadway, and Grand st., defined in the first section of this ordinance, the cars of surface street railroads shall be stopped for the purpose of receiving and discharging passengers only at the near crossing of all streets which intersect or bisect the street or avenue of the car line. All such cars must be brought to a full stop before crossing the following named streets and avenues, namely: Bedford ave., Eastern parkway, Hancock st., St. Marks ave., Schermerhorn st., State st., Dean st., Nevins st., Lincoln place, Berkeley place, 1st st., 3d st., Clinton ave., Bushwick ave., Greene ave., Lafayette ave., Stuyvesant ave., Union st., 2d st., 60th st., 92d st., 6th ave., 18th ave., Throop ave., Jefferson ave., Heyward st., Grand st., Leonard st., 5th st., 8th st., 14th st., 13th ave., Henry st., Berry st., Metropolitan ave., and at junction of Fulton, Clinton and Liberty sts., Bridge st., Albany ave., New York ave., Grand ave., and 13th st., and between the hours of 8 a. m. and 9 a. m., 12 m. to 1 p. m., 3 p. m. to 4 p. m., they shall be brought to a full stop before crossing any street on which a school is located on the adjoining block.

Sec. 2. This ordinance shall take effect immediately.

COURTLANDT NICOLL, WM. BRUSH, WM. H. PENDRY, BRYANT WILLARD, JAMES HAMILTON, JOHN DIEMER, O. GRANT ESTERBROOK, Committee on Laws and Legislation.

City of New York, Office of the Mayor, September 24, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed ordinances numbered 1141 and 1142, respectively entitled:

"Ordinance to amend section 447 of the Code relating to the Rules of the Road,"  
"Ordinance to amend section 49, chapter 5, part 3, of the Code, being ordinance affecting the Borough of Brooklyn, relating particularly to 'railroads'."

These ordinances require the street cars in the Borough of Brooklyn to stop with the dash-board at the near crossing to discharge or receive passengers. There is already an ordinance requiring that method at many street crossings in Brooklyn. It has existed for several years. I do not think such an ordinance should exist unless the ordinance also provides that the company shall receive and discharge passengers on the front platform. Heretofore we have had to walk from the crossing to the rear platform through mud and slush and snow in order to get in the cars, and those who get off have to undergo the same inconvenience. It seems to me that you should put in the ordinance itself this requirement of ingress and egress by the front platform. I hope you will agree with me in this. I assure you from my own personal observations that we have all been greatly inconvenienced by being obliged to walk in all conditions of the street from the crossing to the rear platform of the car.

I think it also worthy of consideration that if this method is a good one it ought to prevail all over the city and not merely in one borough. I hope that will also be considered by your committee and by your honorable body before final action is taken. If I can contribute in any way to aid in the consideration of the matter I shall be very glad to do so, because it is one of great concern to the whole city.

Very truly yours,

W. J. GAYNOR, Mayor.

The Committee on Finance, to which was referred on July 2, 1912 (Minutes, page 102), the annexed resolution in favor of an appropriation of \$2,500 special revenue bonds for the purpose of the celebration of the centenary of Washington Market, respectfully

#### REPORTS:

That the Committee believes this to be a very worthy and at this time an especially appropriate event for civic celebration. It believes, however, that a much smaller sum should be granted, and further that the expenditure of City funds should be solely under the direction of City officials. It therefore recommends that the accompanying resolution be adopted.

#### ORIGINAL.

Whereas, October 8, 1912, will mark the centennial of the opening of Washington Market, located at Vesey and Washington sts., in the Borough of Manhattan, City of New York; and

Whereas, This market enjoys the distinction of being the only one extant in the Greater City of New York that for a century has continuously and without interruption served the public uses; and

Whereas, The City of New York has recently evidenced its keen interest in the perpetuity of said market by expending certain moneys for its improvement; and

Whereas, It is most fitting and proper that the centennial of the opening of this market should be made an event of celebration under the official auspices by The City of New York, the expense of this celebration to be borne by The City of New York; now therefore be it

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of \$2,500, the proceeds whereof to be used and expended by a Committee of Twenty to be composed of ten members of this Board and ten citizens to be appointed by the Mayor, to provide at such celebration proper illuminations and decorations, music, arrange for prominent citizens to attend and delivering addresses and to provide such other functions as such Committee may deem fitting and proper.

#### SUBSTITUTE.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand dollars (\$1,000), the proceeds whereof to be used by a Special Committee of the Board of Aldermen for the purpose of meeting expenditures to be incurred during the celebration of the centenary of Washington Market on October 8, 1912.

HENRY H. CURRAN, ROBERT F. DOWNING, C. AUGUSTUS POST, HENRY F. GRIMM, JOHN S. GAYNOR, JAMES HAMILTON, FRANCIS P. KENNEY, Committee on Finance.

City of New York, Office of the Mayor, September 24, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed resolution No. 1543, entitled: "Resolution to provide for an issue of special revenue bonds to the amount of \$1,000, for the purpose of meeting expense of celebrating centenary of Washington Market."

There is no reason why the taxpayers of this City should be made to bear such expenses. They are sufficiently burdened already. There are so many improvements to be done in the City that the tax rate will be high enough for some time to come without adding to it in such ways as this. I trust you will agree with me about this. Very truly yours,

W. J. GAYNOR, Mayor.

No. 1283.

The Committee on Laws and Legislation, to which was referred, on June 4, 1912 (Minutes, page 618), the annexed ordinance, respectfully

They therefore recommend that the said ordinance be adopted.  
AN ORDINANCE to amend section 91 of article 1 of chapter 5 of part 1 of the Code of Ordinances relating to "The Borough Presidents, Contracts and General Powers."

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:  
Section 1. Section 91 of article 1 of chapter 5 of part 1 of the Code of Ordinances relating to "The Borough Presidents, Contracts and Powers," is hereby amended to read as follows:

The Borough Presidents—Contracts and General Powers.

City of New York, Office of the Mayor, September 24, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith, disapproved, proposed Ordinance No. 1283, entitled: "Ordinance to amend section 91 of part 1 of the Code relating to 'Borough Presidents, Contracts and Powers.'"

It would require all borough presidents to appoint an Inspector to regulate grading and paving where grading and paving were being done by a contractor, an Inspector of Sewers where sewer work was being done, and an Inspector of Masonry

where masonry construction was being done. The executive departments of the city are the proper judges of whether such new officials are needed, and I am assured that they do not need them. Very truly yours,  
W. J. GAYNOR.

Which were severally laid over, ordered printed in the Minutes and published in full in the City Record.

#### PETITIONS AND COMMUNICATIONS.

No. 1652.

The New York Lumber Trade Journal, New York, July 9, 1912.

To the Board of Aldermen of The City of New York:

Sirs—I should like to call your attention to the conditions which arise from certain buildings discharging their hot air from the basement into the streets through gratings in the sidewalk or through openings close to the building, and which seem to me require abatement. I was literally nearly knocked down yesterday by such a blast from the Astor Building, on Broadway, just below Exchange pl. Discharging hot air into the streets in this manner is unsanitary, adds greatly to the discomfort of thousands of people, and does not appear to me as efficient as if the same were discharged by pipes through the roof. I am informed by the Consulting Engineer of the Commissioner of Public Works that there is no ordinance directly forbidding the discharging of warm air as above noted. It seems to me that this is something which should claim your prompt attention. Respectfully,  
J. D. CRARY.

Being an invitation to a convention called the League of American Municipalities. League of American Municipalities, Office of the President, Des Moines, Iowa, August 22, 1912.

To the Honorable Mayor and City Council:

Gentlemen—You are cordially invited to send delegates to the Sixteenth Annual Convention of the League of American Municipalities, which will be held in Buffalo, N. Y., September 18, 19 and 20.

The League's fifteen years' active service has established its usefulness, and no official can fail to be benefited by attending and taking part in the deliberations of its conventions, and comparing notes with the practical and experienced administrators in attendance.

Among the subjects to be discussed are: City charters and short ballot, taxation, importance of the city in modern society, playgrounds, civic awakening, relations of the library to the city.

Delegates will be able to take advantage of summer tourist rates now in effect on lake and rail routes to Buffalo and Niagara Falls.

If your city is not already a member of the League, we will be glad to receive your application for membership, but whether a member or not, representatives from your city will be welcome, and are invited to take part in the discussion of the subjects before the gathering. If the names of those who desire to take part in the program are sent in promptly, they will be included in the program.

Please advise us at an early date how many delegates will be in attendance from your city. Yours truly,

JOHN MACVICAR, President.

Hon. P. J. SCULLY, City Clerk, New York City:

Copy of program, list of speakers and subjects, as well as general information will be forwarded to you later.

In behalf of the Trustees of the League, I respectfully request you to transmit this invitation to the proper authorities so as to afford them ample time and opportunity to make such recommendations as they may deem meet and proper.

No. 1655.

Charles H. Davids, M. E., 4402 Katonah Ave., New York City, September 12, 1912.

To the Honorable Board of Aldermen, City Hall, New York:

Sirs—Your attention is respectfully called to the fact that there are in the Borough of The Bronx two avenues whose names are so nearly alike in sound that, when they are called off, for instance for directing parcels, letters or telegrams, one is very frequently mistaken for the other; thus causing frequent and unnecessary delays in the delivery of the things addressed.

One of said avenues, and the older, is Crotona, which is situated in the lower central part of the borough and is one of the least important of the avenues and streets in the latter, and one of a group of Crotonas, eight in number, comprising Crotona ave., Crotona Park, Crotona Park East, Crotona Park North, Crotona Park South, Crotona Park West, Crotona parkway and Crotona place. It does not appear, however, that there is, as yet, any Crotona alley or any Crotona lane, and the attention of parties interested is respectfully called to these omissions.

The other and younger of said avenues is Katonah, named for a very worthy Indian Chief who resided some years ago in the town of Yorktown, where there is a village, the second of his name, in the County of Westchester. It seems from the records that this chief, like his worthy coadjutor, Nymham, frequently breakfasted on broiled Britishers during the Revolutionary War. At all events, he was doubtless such a worthy coadjutor to the old Continentals, who, in their ragged regimentals, faltered not, that it would be a sin and a shame to change the name of the avenue which bears his, the second one, the first name of said avenue being "Quail"; very apropos, even at the present time, as it is not a very uncommon occurrence to see these birds taking a stroll on the avenue which once was named for them.

"Quail," by the way, is far from being cacophonous; very much further, in fact, than "Cro-", especially when the latter has a tail added in the full name, thus bringing to one's mind's ear the extremely raucous voice of the filthy bird when Crotona is, as most often happens, pronounced "Crowtoner."

To get back to our avenue, however, Katonah avenue is situated in the loveliest residential village in the City of New York, namely, Woodlawn, and said avenue is the principal business street of said village, and runs from E. 233d st. to the northern limit of New York City; that is to say, the whole length of Woodlawn Village.

In view of the facts hereinbefore set forth, your honorable body is respectfully requested and petitioned to change the name of one of the avenues referred to and thus benefit residents on both of them; for it is safe to assume as a fact that the residents on Crotona ave. are sometimes compelled to wait longer than would be necessary for deliveries if the names were not so similar in sound.

It is respectfully suggested to your honorable body that a very simple change in the name "Crotona" would settle the whole matter advantageously for the residents on both avenues; and, at the same time, make said name very euphonious and easier to write or print; while residents or business concerns on said avenue would not need to change their printed matter any further than, for that already on hand, to draw a pen across the last letter of the name, making it Croton, instead of "Crotona." This change, by the way, need not extend to all of the "Crotonas," for it is not at all probable that any one of them except the avenue would be misunderstood to mean Katonah ave.

While the writer can assure your honorable body that the change mentioned is very greatly desired by all of the business enterprises and residents on Katonah ave., he will, if you deem it necessary, take a pool of them all, or have them sign a copy of this petition to you. Very respectfully,  
CHARLES H. DAVIDS.

Dear Sirs—At the last regular meeting of the Brooklyn and Queens Park Council of the Per Diem Employees' New York State Civil Service Association, held at the Labor Lyceum, 949 Willoughby ave., Borough of Brooklyn, on Friday evening, August 9, 1912, a resolution was passed thanking your honorable body, the Board of Aldermen, for its very kind action in granting the per diem employees in this Department the two weeks' vacation. Being an invitation to the Fourth National Conservation Congress,  
Fourth National Conservation Congress, Indianapolis, Indiana, August 26, 1912.  
Chairman, Board of County Commissioners, New York County, New York, N. Y.:

Dear Sir—The Fourth National Conservation Congress will be held in Indianapolis, October 1, 2, 3 and 4. I enclose the Official Call. I have the honor to extend to you a special invitation to be present and to name three delegates to represent your county at the Congress.

Every indication points to the largest Congress yet held. There will be the usual notable attendance from all parts of the country.

The commercial and industrial organizations of Indianapolis and the citizens in general will join in giving you and your delegates a hearty welcome. I earnestly hope we may count on your attendance.

The Congress has felt that it is time special attention be directed to the conservation of our national vitality. Therefore, at this year's meeting, considerable attention will be devoted to the discussion of "Vital Resources" in its many important divisions. This does not mean, however, that the other classes of resources—forests, waters, lands and minerals—will be neglected.

It would help us greatly if you could conveniently appoint your delegates immediately and send their names to Thomas R. Shipp, Executive Secretary, National Conservation Congress, Indianapolis, Indiana. Very truly yours,  
J. B. WHITE, President.

President, Board of Aldermen, City:

Honorable Sir—I desire to call your attention by suggesting to you the carelessness of all drivers of vehicles such as motor cars, trucks, carriages and etc., as to them driving on when a surface car is stopped to discharge passengers. Don't you think it a good idea to pass an ordinance to notify all drivers to stop and wait until such passengers are off the car. I think a law of this kind would do away with a great many accidents and loss of life.

My reason in writing you is, was almost run over the other day when alighting from a car, by an automobile rushing by at high speed.

Would like to have you bring this article before your Board for action.  
Awaiting to hear from you whether or not you think my suggestion a good one, I am, Yours truly,

Dear Sir—We recently corresponded with the Hon. T. J. Higgins, Commissioner of Parks, The Bronx, New York City, requesting that a two weeks' vacation be given to the per diem employees, as is done by the other Park Commissioners. Replying thereto, Mr. Higgins states "that application was made for funds for this purpose, which is now pending before the Board of Aldermen."

By direction of this Body I write you urging that the measure be passed upon so that the men at interest might enjoy this boon before the snow flies.

Amagansett, L. I., N. Y., July 22, 1912.

To the President of the Board of Aldermen, New York City:

Dear Sir—I have just recently learned that on the accepted map of Flushing, Borough of Queens, the street hitherto known as Locust st. appears as Waller st. When, some time ago, this change was first suggested, I wrote to the Topographical Bureau, protesting against the use of my name, and earnestly requesting that my name be not attached to this or any other street. In spite of this I am now informed that the map has been approved, that my name is still attached to Locust st., and that the only way to have it removed is through the action of the Board of Aldermen and the Board of Estimate and Apportionment.

As my name was used without my consent and in spite of my earnest protest I therefore respectfully appeal to your Honorable Board to remove my name from the map and thus confer on me a real favor. I am, truly yours,

Albert E. Davis, Architect, New York, August 7, 1912.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, City of New York.

Dear Sir—Under section 54 of the City Charter "the Board of Aldermen shall have power and it shall be its duty to see to the faithful execution of the laws and ordinances of the City; and it may appoint from time to time a special committee to inquire whether the laws and ordinances of the City relating to any subject or to any department of the City government are being faithfully observed, and the duties of the officers of such department or of any officer of the City are being faithfully discharged."

For over a year the ordinances governing the distance to which stoops and areas may project beyond the building line have been violated and nullified through the usurpation by Borough Presidents of the powers and duties of your Board as defined by section 50 of the City Charter, regulating the use of streets, and by section 43 of the City Charter.

This action has been continued in defiance of public sentiment as emphatically experienced at a public hearing on April 10, 1911, and subsequently and arbitrarily and without any warrant in law or public necessity.

As a citizen and taxpayer I ask that your Board take such action as will restore to property owners, especially in Manhattan and The Bronx, the privileges as to entrances and exits, light and ventilation of buildings to which they are entitled under Corporation Ordinances. Respectfully submitted,  
ALBERT E. DAVIS.

P.—332C, New York Zoological Park, Erection of New Zebra House," to the account, "C. D. P.—332B, New York Zoological Park, Erection of Bear Dens and Removal of Moose House, Yak Shelter and Yards." In connection therewith we report as follows:

The sum of \$36,000 was appropriated in the 1910 Corporate Stock Budget for the erection of the zebra house. The work has been completed and there is an unencumbered balance of \$5,188.96 in the account. The sum of \$11,000 was appropriated in the 1910 Corporate Stock Budget for the erection of the new bear dens and the removal of the old moose house, yak shelter and yards. The Chairman of the Executive Committee of the New York Zoological Society states that the \$11,000 is sufficient only for the erection of the bear dens and the removal of the moose house. He also states that the yak shelter and yards are needed for the yak now in the Park, and that it is estimated the \$5,188.96 will be sufficient for the work.

We recommend the rescindment of \$5,188.96 in C. D. P.—332C, and approving a new authorization in the same amount for the yak house and yards. Respectfully,  
DOUGLAS MATHEWSON, Deputy Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

To the Board of Estimate and Apportionment:

Gentlemen—On May 29, 1912, the Commissioner of Public Charities requested the amendment of a resolution adopted by the Board of Estimate and Apportionment on June 3, 1910, approving an issue of corporate stock for the construction of an industrial building at Randalls Island. In connection therewith we report as follows:

The request is that the resolution of June 3, 1910, which authorized corporate stock in the sum of \$60,000 for the construction of the industrial building, be amended so that the balance remaining, after the cost of construction has been met, may be applied to the purchase of the machinery necessary for carrying on the industrial work, for which no funds have been provided. The status of the account (C-CH—40A) is as follows:

Amount of authorization .....	\$60,000 00
Premiums .....	245 85
Total available .....	\$60,245 85
Contract liability .....	\$54,542 40
Open market liability .....	275 00
	54,817 40
Available balance .....	\$5,428 45

We recommend that the request be approved by the adoption of the attached resolution. Respectfully,

To the Board of Estimate and Apportionment:

Gentlemen—On June 26, 1912, the Board of Education requested that a resolution adopted in the 1911 Corporate Stock Budget, authorizing \$286,000 for the interior construction and equipment of the Bay Ridge High School, 4th ave., 67th and Senator sts., Brooklyn, be amended by deducting \$25,000 from the appropriation and making it available for the construction and improvement of the said school building. In connection therewith we report as follows:

In the 1910 Corporate Stock Budget \$395,000 was appropriated for the general construction of a new high school in Bay Ridge. On June 17, 1912, bids for the work were opened, and the lowest was \$416,500. It is stated that the estimate for interior construction, on which the \$286,000 was appropriated in 1911, included laboratory fittings, which are to a great extent provided for in the contract for general construction. It is also stated that a generating plant, which is not to be installed, was provided for. It is therefore proposed to reduce the appropriation for interior construction by the sum of \$25,000, and authorize an equivalent additional sum for the purposes of general construction.

We recommend that the request be granted by the adoption of the attached resolutions. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Resolved, That, subject to concurrence herewith by the Board of Aldermen, the following resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen on July 25, 1911:

"Resolved, That, pursuant to the provisions of sections 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred and eighty-six thousand dollars (\$286,000), to provide means for the interior construction and equipment of the Bay Ridge High School, 4th ave., 67th and Senator sts., Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be amended to make the amount read two hundred and sixty-one thousand dollars (\$261,000).

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, July 17, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of 5 resolutions adopted by the Board of Estimate and Apportionment July 11, 1912, recommending the establishment of grades of positions, etc., in the various City departments as follows:

Cal. No.	Department and Position.	Compensation Per Annum.	Incumbents.
104	Department of Education, Janitor-Engineer of Public Schools 148 and 21, Brooklyn; and Janitor, Public School 73, Manhattan, as set forth therein.		
158	Department of Public Charities, Deputy Superintendent and Steward.....	\$1,800 00	1
188	Department of Education, Janitors of Public Schools 97c, 98a, 111, 112, Manhattan, and 16, Brooklyn, as set forth therein.		
199	Department of Docks and Ferries, Real Estate Investigator .....	3,000 00	1
205	Bureau of Licenses, Borough of Brooklyn, Stenographer .....	900 00	1

I also enclose copies of report of the Committee on Salaries and Grades relative thereto. Yours very truly,  
JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On May 22, 1912, the Board of Education requested the fixation, pursuant to the provisions of section 56 of the Greater New York Charter, of rates of compensation for Janitors of Public School 73, Manhattan, 148 and 21, Brooklyn, and for the athletic field located at Nostrand avenue and Hart street, Brooklyn. In connection therewith we report as follows:

The establishments for 148 and 21, Brooklyn, represent a transfer and a new appointment respectively at the present rates for these schools. The rate for 73, Manhattan, is \$120 per month for a temporary assignment, as against \$162 per month, which is the regular rate for a permanent employee. A rate of \$50 per month is requested for the care of the athletic field at Nostrand avenue and Hart street, Brooklyn. This item has since been rescinded and arrangements made whereby the athletic association connected with Public School 54, which uses this field, will be responsible for its care. The Janitor of Public School 54 took care of the field for five days but as he employed no extra help on account of such extra duty it would hardly seem necessary to establish the new rate simply to compensate a regular employee for a few hours extra service.

We recommend the adoption of the attached resolution granting the request as to School 73, Manhattan, 148 and 21, Brooklyn. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Whereas, By opinions of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal, unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provision of section 56 of the Charter is now in the hands of a Special Committee of the Board of Estimate and Apportionment; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said Committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor-Engineer, Public School 148, Brooklyn; rate of compensation, \$4,392 per annum.  
Janitor-Engineer, Public School 21, Brooklyn; rate of compensation, \$1,272 per annum.  
Janitor, Public School 73, Manhattan; rate of compensation, \$120 per month.

No. 1673.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 2, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 13, 1912, the Commissioner of Public Charities requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions:

	Rate Per Annum.
Medical Superintendent of Hospital.....	\$5,000 00
Deputy Superintendent (Lay) of Hospital.....	1,800 00

In connection therewith we report as follows:

The grades are requested for the new Sea View Hospital, Borough of Richmond. Buildings representing an approximate expenditure of \$2,500,000 to provide for the care of 1,000 inmates are approaching completion.

There is now established in the Department the grade of position of General Medical Superintendent for unlimited incumbents, at \$4,000 per annum, and Medical Superintendent, at \$3,000, for two incumbents. It would seem that the grades now existing are sufficient to provide for the anticipated needs of the Sea View Hospital.

The established rate for Deputy Superintendent is \$1,000 per annum. The incumbent of the position at the new hospital will also act as Steward. In the larger hospitals of the Department, viz., City and Metropolitan Hospitals, Blackwells Island, and the New York City Children's Hospital and Schools, Randalls Island, budget provision is made for a Deputy Superintendent at \$1,000 and a Steward at \$1,200 per annum. In view of the fact that the Department states that no Steward will be employed at the new institution, the proposed rate of \$1,800 would seem to be reasonable, providing the title shows the dual nature of the position.

We recommend that the request be approved for Deputy Superintendent and Steward at \$1,800 per annum, by adoption of the attached resolution. Respectfully,  
WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Public Charities of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Deputy Superintendent and Steward.....	\$1,800 00	1

To the Board of Estimate and Apportionment:

Gentlemen—On June 26, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Charter, of rates of compensation for janitors of Public Schools 97C and 98A, 111, 112, Manhattan, and 16, Brooklyn. The request represents one transfer and one permanent assignment at the present rates, and two temporary assignments at rates which are less than the ones for regular employees.

We recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

No. 1675.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 10, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On April 24, 1912, the Commissioner of Docks requested the establishment in the Department of Docks and Ferries, of the position of Real Estate Investigator, at \$3,000 per annum, for one incumbent. In connection therewith, we report as follows:

The Commissioner states that in order to carry out the extensive improvements which the Dock Department is undertaking in connection with the United States Government at Jamaica Bay, it is essential to obtain the services of a Real Estate Expert familiar with values in the vicinity of the bay. There is no official in the Department fitted for the position, and as the work to be done is extensive and involves large expenditures, it appears to be to the best interest of the City to establish the position.

We recommend, therefore, that the request be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Docks and Ferries of the position, in addition to those heretofore established, as follows:

No. 1676.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 24, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 8, 1912, the Chief of the Bureau of Licenses, the Mayorality, requested the establishment of various positions and grades, including the following:

Stenographer and Typewriter for the Brooklyn office, at \$1,200.

The Select Committee has already reported upon all of the requested positions except the Stenographer and Typewriter for the Brooklyn office. The report on this feature of the request was deferred until a more thorough investigation could be made. That investigation has been made. It appears that the Brooklyn office of the Bureau of Licenses requires the services of a Stenographer, and up to some time in January a Stenographer was temporarily employed. This Stenographer was employed without authority, and without any provision in the Budget for payment of his salary.

At this time the stenographic reports of hearings in the Brooklyn office are taken by a Stenographer sent over from the Manhattan office. This is an inconvenient method of transacting the business. The Stenographer from the Manhattan office is kept so busy in his own office that it is not possible for him to go to Brooklyn every day. At present the practice is to delay all hearings and hold them on one day a week.

The Brooklyn office handled approximately 9,500 matters last year. In some cases the matter would involve several licenses. The estimated number of licenses handled in 1911 is about 15,000. The business of the office requires considerable correspondence. As there is no Stenographer in the office, this correspondence must be written by hand.

The most important work of the Stenographer in the Brooklyn office would be the taking of testimony at hearings. This would not keep the Stenographer busy, but with the other work of the office there would be enough to keep the time of a Stenographer fairly well employed. While the office could continue as at present, and the testimony at hearings could be taken by a Stenographer from the Manhattan office, that would not be satisfactory. It appears to your Committee that the Brooklyn office should have a Stenographer. However, it is not necessary to pay as high as \$1,200 a year. If it were not for the fact that testimony has to be taken, the services of a \$600 Stenographer would be adequate.

We recommend the establishment of the position and grade of Stenographer at \$900 per annum. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Select Committee.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the office of the Bureau of Licenses in the Borough of Brooklyn the position and grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Stenographer .....	\$900 00	1

July 8, 1912.

To the Honorable Board of Estimate and Apportionment:

Dear Sirs—At a meeting of this Board, held on June 20, 1912, the application of the President of the Borough of Manhattan for the amendment of two corporate stock accounts, known as the "Construction of Riverside Drive" and the "Preparation of Preliminary Plans," was referred to this Committee. In the appropriation known as "The Construction of Riverside Drive Extension from 155th St. to the Hendrick Hudson Memorial Bridge," there is a balance of \$264,488.69, and it appears that the appropriation known as "The Preparation of Preliminary Plans for the Extension of Riverside Drive" has a balance of but \$220.89. The President of the Borough of Manhattan has appointed a commission, consisting of three experts, to study the entire situation in connection with the extension of Riverside drive, and, in order to provide compensation for this commission, and the necessary incidental expenses, the sum of approximately \$30,000 will be required. A very large sum was saved to the City through the cancellation of the former plans for this extension, and it is imperative that the undertaking of this improvement be well considered and furthered under the best engineering advice and counsel.

Your Committee accordingly recommends that the requested transfer of \$30,000 from the Construction Account to the Preliminary Plans Account be made. The adoption of the resolution hereto attached will carry into effect the recommendation of your Committee.

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President of the Borough of Manhattan; Corporate Stock Budget Committee.

Resolved, That the resolution adopted by the Board of Estimate and Apportionment April 6, 1911, which reads as follows:

"Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the following resolution adopted by the Board of Estimate and Apportionment June 1, 1906, and concurred in by the Board of Aldermen July 10, 1906:

No. 1674.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 3, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On May 29, 1912, the Commissioner of Public Charities requested the amendment of a resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, authorizing an issue of corporate stock for the construction and equipment of an addition to the bakery at Kings County Hospital. In connection therewith we report as follows:

Corporate stock to the amount of \$25,000 was authorized on July 17, 1911, for the construction and equipment of an addition to the bakery at Kings County Hospital. Subsequently the plans were modified, because the erection of an addition to the heating and power plant required a portion of the ground originally intended for the bakery extension. This resulted in reducing the space available for bakery purposes and equipment. The liability incurred under the new conditions amounts to \$10,313.38, as follows:

Construction and equipment.....	\$9,730 00
Architect's fees .....	583 38

\$10,313 38

leaving an unencumbered balance of \$14,686.62. It is proposed to rescind \$14,500 of this balance and transfer it to a new corporate stock account to be expended in enlarging the storehouse facilities at the Kings County Hospital.

The present storehouse building, erected in 1903, is a two-story brick structure, about 30 by 60 feet, with a one-story extension, 30 by 35 feet. A portion of both floors of the main building is used by the Bookkeeping Division of the Department. A refrigerating plant is also located in the building. It is stated that the accommodations are inadequate for the receipt and distribution of the supplies for the various hospitals, approximating in cost \$300,000.

We recommend the adoption of the attached resolutions, one providing for the rescindment of \$14,500 of the original corporate stock authorization of \$25,000 for an addition to bakery; the other authorizing an issue of corporate stock in the sum of \$14,500, to be expended in enlarging the present storehouse. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and adopted by the Board of Aldermen on July 25, 1911, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-five thousand dollars (\$25,000), to provide means for the construction and equipment of an addition to bakery, Kings County Hospital, under the jurisdiction of the Department of Public Charities, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to be applied to the purposes aforesaid."

—be and the same is hereby amended to make the amount read ten thousand five hundred dollars (\$10,500).

No. 1680.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 3, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On June 17, 1912, the Commissioner of Water Supply, Gas and Electricity requested an issue of corporate stock, in the sum of \$48,000, to provide for furnishing and laying an additional 30-inch distribution main and appurtenances, and installing the necessary meters therefor in the Borough of Queens. In connection therewith we report as follows:

This main is to connect the Brooklyn system to the Queens system, utilizing the 48-inch main being laid by the Board of Water Supply to deliver Catskill water to Queens. For the present it is intended to deliver water from Brooklyn to the 1st Ward, Queens, reducing the amount of water to be purchased from the Citizens Water Supply Co., the contract price for water so purchased being \$65 per million gallons. The cost of the water delivered from Brooklyn would be about one-third of the price paid to the Citizens Company, and it is expected that several million gallons a day can be furnished.

Upon the introduction of the Catskill supply the new main will be available to feed a rapidly growing section of the 2d Ward, Queens, assuming that the City

acquires the distribution system of the Citizens Water Supply Co., and it will also be available to reinforce the distribution of water in the Borough of Brooklyn in the territory adjacent to the Queens-Brooklyn Borough line in the Ridgewood section.

It is proposed to lay the main in Cypress avenue, from Myrtle to Troutman avenues. The Departmental Engineers state that the amount of water than can be thus diverted from Brooklyn to Queens is estimated at from 3,000,000 to 5,000,000 gallons per day.

If the amount of water now purchased from the Citizens Water Supply Company can be reduced by 3,000,000 gallons a day, the saving to the City in one year would be approximately the same as the amount requested for the proposed main, as follows:

3,000,000 gallons per day, at \$65 per million gallons, 365 days.....	\$71,175 00
Estimated cost of Brooklyn water substituted.....	23,725 00

Estimated saving .....	\$47,450 00
------------------------	-------------

Estimated cost of proposed main.....	\$48,000 00
--------------------------------------	-------------

The detailed estimates submitted contain an item of \$5,143, or approximately 12.7 per cent. for contingencies. On account of the unit prices used in the estimate the allowance for contingencies seems over liberal, and the work can probably be completed for \$45,000.

In view of the foregoing, and since the main will be a part of the permanent water supply system of the two Boroughs, after the introduction of the Catskill supply, the proposed improvement appears to be necessary.

We recommend, therefore, the adoption of the attached resolution granting the request to the extent of \$45,000. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding forty-five thousand dollars (\$45,000), to provide means for furnishing and laying a 30-inch distribution main and appurtenances in Cypress avenue, between Myrtle and Troutman avenues, in the Borough of Queens, and furnishing and installing the necessary meters therefor, under the jurisdiction of the Department of Water Supply, Gas and Electricity, in connection with improving the water supply system of said Borough, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 3, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On May 28, 1912, the Commissioner of Parks, Borough of Queens, requested the transfer to his Department of \$1,000 from the corporate stock account entitled "C. D. P.—250, Department of Parks, Brooklyn and Queens." In connection therewith we report as follows:

On July 17, 1911, the Board of Estimate and Apportionment, and on July 31, 1911, the Board of Aldermen authorized an appropriation of \$5,000 for preliminary work in preparation of plans and specifications for improvements requiring corporate stock authorizations under the jurisdiction of the Department of Parks, Boroughs of Brooklyn and Queens. Chapter 644 of the Laws of 1911, which became operative on July 11, 1911, provided for a Park Commissioner for the Borough of Queens. The Commissioner of Parks, Borough of Brooklyn, has consented to the transfer of the \$1,000 as the proper share for the new Park Department of Queens.

We recommend the adoption of the attached resolutions approving the rescindment of \$1,000 in the original appropriation and a new appropriation in the same amount. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

To the Board of Estimate and Apportionment:

Gentlemen—On May 28, 1912, the Board of Aldermen adopted the following resolution:

Whereas, There are many deaths by drowning recorded annually, attributed to the inability of people to swim; and

Whereas, The City of New York conducts a large number of floating and stationary baths in each of which there could be taught the art of swimming; therefore

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to consider the idea of establishing the position of Instructor in Swimming in the Public Baths of the City.

In connection therewith we report as follows:

At the East 23d Street Bath and the West 60th Street Bath there are located swimming pools, from three to seven feet deep. They are visited daily, summer and winter, by large numbers of people, who cannot swim. It is stated by those in charge that many narrow escapes from drowning have occurred in the pools. The United States Volunteer Life Saving Corps agreed to furnish swimming instructors at the baths, but the hours of these instructors are so irregular that they are of little benefit. The management of the baths has endeavored to employ, as far as possible, Attendants who are able to swim. These Attendants are not instructors. Other duties require them to be continually in uniform, and they are sometimes compelled to jump in the pool, fully clothed, to rescue a person from drowning. It would therefore appear that Attendants, who are well qualified swimming instructors, should be continually on duty in bathing suits, not only to teach the art of swimming, but to prevent loss of life.

In view of the foregoing we recommend the adoption of the attached resolution establishing the grade of position of Swimming Instructor, for four incumbents, two male and two female, to be employed at the East 23d and West 60th Streets Baths.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President of the Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Manhattan, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Instructor in Swimming.....	\$1,050 00	4

To the Board of Estimate and Apportionment:

Gentlemen—On June 12, 1912, the Board of Education requested the fixation, pursuant to the provisions of section 56 of the Charter, of rates of compensation for Janitors of Public Schools 42, 144, 166, Manhattan; 70 and 16, Brooklyn. The request involves three transfers at present rates and three temporary assignments at rates less than the corresponding rates regular for permanent employees. No increases are involved.

We recommend the adoption of the attached resolution, granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Whereas, By opinion of the Corporation Counsel as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provisions of section 56 of the Charter is now in the hands of a special committee of the Board of Estimate and Apportionment; therefore, be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said Committee, the compensation of Janitors in the Department of Education be fixed temporarily, and, until further modified, in accordance with the following list:

No. 1720.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 10, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On April 22, 1912, the Sheriff of Queens County requested establishment of the grades of position of Warden, Deputy Warden, Keeper, six incumbents; Matron, two incumbents; Cleaner and Bookkeeper for the Queens County Jail, pursuant to the provisions of section 56 of the Greater New York Charter. In connection therewith we report as follows:

Chapter 456 of the Laws of 1912, which became a law on April 18, 1912, amends section 695 of the Greater New York Charter and directs the transfer of certain jail buildings in Queens County from the custody of the Sheriff to the Commissioner of Correction. The act further provides that every Warden, Deputy Warden, Jail Keeper, Van Driver, Matron, Assistant Matron, Cook, Assistant Cook, Laundress, Cleaner, Bookkeeper, Jail Physician and Orderly employed in the county jails of Kings and Queens Counties, shall be transferred to the Department of Correction.

The Sheriff states that on May 31, 1912, pursuant to the provisions of the act, he turned over to the Commissioner of Correction the jail and all the criminal prisoners therein. He also states that the employees eligible to be transferred to the Department of Correction, under the new law, were a Warden at \$2,000, Orderly at \$1,300, three Keepers at \$1,000, and a Matron at \$800. The responsibility for the custody of all persons detained by civil process in the County of Queens remains with the Sheriff. The present request is made for the purpose of providing an adequate force to guard the civil prisoners. In the 1912 Budget appropriation for the County Jail, the Sheriff was allowed 19 employees at aggregate annual salaries amounting to \$18,100. For the proposed staff to take care of the civil prisoners he requests the establishment of the following positions: Warden, Deputy Warden, six Keepers, two Matrons, Cleaner and Bookkeeper, a total of 12 employees.

There appears to be a necessity for the employment of a responsible person as Warden in charge of the jail for civil prisoners, for the reason that the Sheriff may be called upon to personally pay damages in the event of his permitting a civil prisoner to escape. The salary heretofore paid the Warden of the jail was \$2,000 per annum, but he was responsible for the care and custody of both criminal and civil prisoners. On account of the reduced number of prisoners to be under his control \$1,200 appears to be a sufficient compensation for this position. The Sheriff asks for the fixation of the position of Bookkeeper because he will need a man to keep the records of the incoming and outgoing prisoners, have charge of the expenses of the Keepers and Deputies assigned to the duty of transferring prisoners, and to examine and pass upon the commitment papers presented. All of these duties should be taken care of by the Warden, and consequently the requested position of Bookkeeper is unnecessary. The position of Deputy Warden is not necessary for the reason that the duties imposed on the Warden under the new law can be performed without any further assistance. The Sheriff states that he requires six Keepers. The position of Keeper is necessary, but the number asked for appears to be too large, because the number of prisoners will be reduced. Two Keepers should be allowed, at the salary of \$1,000 each, which rate of salary has been heretofore paid in Queens County for such service, and which is the uniform rate in the other counties. Request is also made for two Matrons and one Cleaner. As the Sheriff has female prisoners from time to time, he will need the assistance of a Matron, who should be able also to take care of the necessary cleaning to be done. It is therefore recommended that the Sheriff be allowed one Matron. The salary paid the former Matron was \$800, and the Assistant Matron received \$600. The single position of Matron allowed should be at the rate of \$600 per annum.

The extent to which the Sheriff's request should be granted therefore is as follows: Warden at \$1,200, two Keepers at \$1,000 each, and one Matron at \$600. There are ample funds in the regular salary appropriation to meet all the salaries proposed. All the titles and grades herein proposed, except Matron at \$600 per annum, have been duly established.

We recommend therefore the adoption of the attached resolution establishing said grade and abolishing unnecessary grades in the office. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Sheriff, County of Queens, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Matron .....	\$600 00	1

—and that grades of positions as follows be hereby abolished:

Title.	Rate per Annum.	Number of Incumbents.
Warden .....	\$2,000 00	1
Orderly .....	1,300 00	1
Physician .....	1,200 00	1

No. 1721.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 26, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On June 12, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Charter, of new grades of positions for eighteen incumbents, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Architectural Draftsman .....	\$2,550 00	1
Architectural Draftsman .....	2,400 00	3
Architectural Draftsman .....	2,250 00	3
Architectural Draftsman .....	1,200 00	5
Junior Architectural Draftsman.....	900 00	2
Inspector of Masonry and Carpentry.....	1,500 00	3
Inspector of Masonry and Carpentry.....	2,355 00	1

In connection therewith we report as follows:

The first four are requested for the purpose of increasing the salaries of twelve Architectural Draftsmen as follows:

Title.	Present Salary.	Proposed Salary.	Incumbents.
Architectural Draftsman.....	\$2,093 33	\$2,550 00	1
Architectural Draftsman.....	2,093 33	2,400 00	2
Architectural Draftsman.....	2,355 00	2,400 00	1
Architectural Draftsman.....	2,093 33	2,250 00	1
Architectural Draftsman.....	1,831 67	2,250 00	2
Junior Draftsman .....	900 00	1,200 00	5

The above increases are not offset by corresponding decreases in the salaries of persons now employed in the Bureau; it is therefore recommended that this part of the request be not approved.

There are at present four vacancies in the schedule (No. 1147). It is stated that they have existed for some time owing to the lack of an eligible list. They are Architectural Draftsman at \$1,962.50, \$1,700.83, \$1,177.50 and \$1,046.67, respectively; an unassigned balance of \$462.50 remains in the schedule. Two vacancies exist in the position of Inspector of Masonry and Carpentry at \$1,884 per annum. It is stated it is impracticable to fill them because of Civil Service complications.

It is proposed to eliminate these six positions from the schedule and substitute the five following: Inspector of Masonry and Carpentry, at \$1,500 per annum for three incumbents, and Junior Draftsman at \$900 per annum for two incumbents, and to use the accruals, together with a part of the balance unassigned, for the purpose of increasing salaries as aforesaid. The last item in the list represents a change of title only, from "Inspector of Masonry" to "Inspector of Masonry and Carpentry." It is very important that as many men as can be provided for within the allowance be made available without unnecessary delay.

In order to facilitate this, we recommend the adoption of the attached resolution providing for the establishment of seven new positions at minimum rates as follows: Inspector of Masonry and Carpentry at \$1,500 per annum for three incumbents, and Junior Draftsman at \$900 for four incumbents. This will add two positions to the schedule within the present appropriation, without opening the way for any salary increases.

We also recommend the change of title requested. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Education of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Inspector of Masonry and Carpentry.....	\$2,355 00	1
Inspector of Masonry and Carpentry.....	1,500 00	3
Junior Draftsman .....	900 00	4

To the Board of Estimate and Apportionment:

Gentlemen—On June 12, 1912, the Board of Trustees of the Normal College of The City of New York requested the establishment, pursuant to the provisions of section 56 of the Charter, of positions for drafting corps, as follows:

Title.	Rate Per Annum.	Number of Incumbents.	Amount.
Architectural Designer.....	\$2,700 00	1	\$2,700 00

Junior Draftsman .....	900 00	2	1,800 00
			\$19,650 00

Corporate stock in the sum of \$628,630 for new buildings was authorized during 1909, 1910 and 1911. The first section is now under construction and it is desired to start the plans for the second section in the near future. Corporate stock in the sum of \$656,000 has been requested for this purpose for 1912. The designing and drafting work for the first section was done by the regular staff employed in the Bureau of Buildings, Department of Education. Such a large amount of unfinished work remains on public school buildings for which funds were authorized in 1911, that Superintendent C. B. J. Snyder, who has charge of the construction of the college buildings also, objects to having his regular men undertake the Normal College work. It is therefore proposed to establish a new corps for this purpose.

We recommend the adoption of the attached resolution providing for the establishment of the grades. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Charter, hereby recommends to the Board of Aldermen the establishment in the Normal College of The City of New York of grades of positions in addition to those heretofore established, as follows:

Which were severally referred to the Committee on Salaries and Offices.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 1723.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, July 29, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment July 15, 1912, approving, pursuant to concurrence by the Board of Aldermen, of the selection by the Board of Managers of the Brooklyn Disciplinary Training School for Boys, of property containing 223 acres of land at Melville, Suffolk County, Long Island, as a site for a new training school, and authorizing the purchase of the same at \$325 an acre.

I also enclose copy of report of the Comptroller relative thereto.

Yours very truly,

JOSEPH HAAG, Secretary.

The City of New York, Department of Finance, Comptroller's Office, July 13, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held July 17, 1911, corporate stock to the amount of \$75,000 was authorized to provide means for the acquisition of a new site for the Brooklyn Disciplinary Training School for Boys. This resolution was concurred in by the Board of Aldermen on July 31, 1911.

In the meantime the Board of Managers of the Disciplinary Training School have examined 120 different parcels of land which were submitted to them for consideration as a site for this purpose, and finally determined that two farms, containing 223 acres, at Melville, Suffolk County, Long Island, were the most desirable for the purposes mentioned.

In so far as the location is concerned, it may be stated that the eastern end of this site adjoins the Huntington-Amityville trolley line station at Melville, and is about four miles from the Farmingdale station on the Long Island Railroad. The property has a half mile of frontage on the State road, which extends southwest from the trolley station at Melville. The Long Island Railroad time table shows seven trains daily each way between Flatbush ave. and Farmingdale, which is distant 32.2 miles from New York, the running time between the two points being one hour. The Huntington-Amityville time table shows ten trips daily and fourteen trips on Sunday between Farmingdale and Melville. The time between the two stations is ten minutes. The round trip fare from Flatbush ave. to Farmingdale is \$1.51, and the trolley fare from Farmingdale to Melville is ten cents.

The premises are about a half mile wide from north to south, and about three-quarters of a mile wide from east to west, rounding to a point on the easterly side where it almost touches the trolley. The cleared section is on the easterly side of the property and is all flat country, extending along the State road for about half a mile and in area covers approximately 90½ acres. The remainder of the premises consists of wooded hills rising from the cleared area and extending back to the westerly boundaries. The hills form a table land in the centre of the property and will furnish an ideal place for the cottages and other buildings which it is proposed to construct for the institution.

The property in question may be purchased at the rate of \$325 per acre, which for the 223 acres included in both tracts, amounts to \$72,475.

The price being reasonable and just, I respectfully recommend that your Board approve of the selection of the following described premises for use by the Brooklyn Disciplinary Training School for Boys as a site for a proposed new Training School, subject to concurrence by the Board of Aldermen:

Parcel No. 1.

All that certain tract or parcel of land situate at Melville, formerly Sweet Hollow, town of Huntington, Suffolk County, N. Y., bounded and described as follows:

No. 1724.

The City of New York, Department of Finance, Comptroller's Office, August 10, 1912.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—On June 12, 1912, the Commissioners of the Sinking Fund authorized a lease of the three stores, 358-360-362, situated on the Adams st. front of the Park Building, in the Borough of Brooklyn, containing an area of 2,870 square feet, for use of the Commissioner of Jurors, Borough of Brooklyn, for a term of five years from July 1, 1912, at a rental of \$3,587.50 a year.

This is a new lease, the rent of which is a charge against the County of Kings, and as no provision has been made for it in the Rent Budget for the year 1912, it will be necessary to provide money for the payment of the same for the period from July 1, 1912, to December 31, 1912 (six months), at the rate of \$3,587.50 a year, or the sum of \$1,793.75.

In view of the condition above recited and in order that provision may be made for the payment of the rent, I respectfully recommend that your Board adopt the following resolution:

Resolved, That, in pursuance of subdivision 8, section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of \$1,793.75, the proceeds whereof to be used by the Comptroller for the payment of rent of the three stores, 358-360-362 on the Adams st. front of the Park Building, in the Borough of Brooklyn, containing a total area of 2,870 square feet, under a lease to the City, from July 1, 1912, to December 31, 1912, for use of the Commissioner of Jurors of the Borough of Brooklyn. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The President laid before the Board the following communication from the Fire Commissioner:

No. 1728.

Fire Department of The City of New York, Office of the Commissioner, July 16, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—Work is in progress, under contracts awarded at public letting, for the erection of twenty-one new apparatus houses for this department, six of this number being to replace existing structures. The buildings for proposed new companies are needed to afford a greater measure of fire protection to localities in the various boroughs that, owing to the growth and expansion of population and corresponding increase in area of built-up territory during the past few years, are now inadequately covered.

Eight of these houses will be ready for occupancy during the coming fall, and to provide for the salaries from October 1st to December 31st, 1912, of the additional firemen required to man them, a special revenue bond issue will be necessary, the Budget appropriation for the uniformed force for the current year being sufficient only to meet the aggregate amount of the present payrolls.

Following is a statement in detail of the location and character of the houses in question, of the requirements in the way of additional force and of the amount necessary to meet the expense thereof:

Borough of Manhattan.

South side E. 111th st., 80 feet west of 2d ave., double engine and hook and ladder company: 36 Firemen, 4th grade, 3 months at the rate of \$1,000 per annum each .....	\$9,000 00
North side W. 181st st., 100 feet east of Audubon ave., double engine and hook and ladder company: 36 Firemen, 4th grade, 3 months at the rate of \$1,000 per annum each .....	9,000 00

Borough of The Bronx.

West side Morris ave., 222 feet south of 169th st., engine and hook and ladder company: 26 Firemen, 4th grade, 3 months at the rate of \$1,000 per annum .....	6,500 00
West side Prospect ave., 25 feet north of 152d st., hook and ladder company: 14 Firemen, 4th grade, 3 months at the rate of \$1,000 per annum each .....	3,500 00
Southeast corner Castle Hill and Ellis ayes, hook and ladder company: 14 Firemen, 4th grade, 3 months at the rate of \$1,000 per annum each ..	3,500 00

Borough of Brooklyn.

East side 7th ave., 75 feet south of 50th st., engine company: 15 Firemen, 4th grade, 3 months at the rate of \$1,000 per annum each .....	3,750 00
582 Knickerbocker ave., engine company: 14 Firemen, 4th grade, 3 months at the rate of \$1,000 per annum each .....	3,500 00

Borough of Queens.

Spruce st., 125 feet north of Atlantic ave., Richmond Hill, engine and hook and ladder company (H. & L. Co. provided for): 14 Firemen, 4th grade, 3 months at the rate of \$1,000 per annum each .....	3,500 00
--	----------

Total .....

From the foregoing statement, it appears that for the companies to be organized in the eight new houses, 169 fourth grade firemen at an expense of \$42,250 will be required for the last quarter of the current year.

I have the honor, therefore, to request that, pursuant to the provisions of Subdivision 8 of Section 188 of the amended Greater New York Charter, the Board of Aldermen apply to the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in an amount not exceeding \$42,250, the proceeds whereof to be applied to the purpose herein indicated.

Draft of necessary resolution is enclosed. Respectfully,

JOS. JOHNSON, Fire Commissioner.

Resolved, That, pursuant to the provisions of Subdivision 8 of Section 188 of the amended Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in an amount not exceeding forty-two thousand seven hundred and fifty dollars (\$42,750), the proceeds whereof to be applied to the payment from October 1st to December 31st, 1912, of the salaries of the additional force of firemen required in connection with the organization and operation of new fire companies.

The President laid before the Board the following communication from the Corporation Counsel:

City of New York, Law Department, Office of the Corporation Counsel, New York, July 16, 1912.

Board of Aldermen:

Sirs—On May 28, 1912, the Board of Aldermen adopted a resolution (No. 1177) in the matter of the 222d st. bridge over the Bronx River and the New York and Hudson River Railroad and the changing of the map eliminating same, in which the opinion of the Corporation Counsel was requested as to the right of the Board of Estimate and Apportionment to eliminate and stop the construction of said bridge, and as to the City's liability for damages on a taxpayer's suit to recover for money already expended from the appropriation for the bridge and also by what right the fund was expended.

Under chapter 357 of the Laws of 1897 the Commissioner of Street Improvements of the 23d and 24th Wards was authorized to construct a bridge over the New York and Harlem Railroad at a point about midway between the Williamsbridge and Woodlawn stations.

In March, 1905, the President of the Borough of The Bronx made a request for the issue of corporate stock to the amount of \$200,000 for the construction of the bridge at 222d st., and the issue was authorized March 16, 1905. Of this authorization \$12,500 was made available during 1905 and 1906 and there has been expended \$10,254.57.

On June 3, 1910, the Board amended the original resolution by changing the amount therein to \$12,500, thus rescinding the unallotted balance in the authorization of \$187,500.

The plan of constructing the bridge at 222d st. has since been abandoned and the Board of Estimate and Apportionment has duly adopted a change in the map

eliminating therefrom 222d st., between Webster ave. and the Bronx River, and changing the grade of the new terminus at the river, to conform closely to its present condition.

As the local authorities have determined that the building of the bridge should be abandoned as being unnecessary, the Board of Estimate was authorized to take such action as was necessary to eliminate the bridge and stop its construction.

All of the lands taken in the opening of 222d st. were taken for a street use and the Board of Estimate and Apportionment had authority under the Charter to make the changes provided for by its resolution.

There can be no liability on the part of the City in a taxpayer's suit to recover for money already expended from the appropriation, as it was at the time duly and properly authorized. None of the money appears to have been wantonly or wastefully expended.

It has only been determined by the proper authorities that the large expenditure required for the erection of a bridge at that particular point was unnecessary and the work has been discontinued.

There can be no question as to the legal right of the City, through its proper boards and officers, to abandon a proposed improvement of such a nature.

Yours respectfully,

W. P. BURR, Acting Corporation Counsel.

The President laid before the Board the following communications from the Public Service Commission:

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau St., New York, July 27, 1912.

P. J. SCULLY, Esq., Clerk to the Board of Aldermen, City Hall, New York City:

Dear Sir—Following the receipt of the resolution adopted by the Board of Aldermen on July 2, 1912, an investigation was made of the conditions existing on the platforms and stairways of the station at Flushing ave., on the Broadway elevated line in Brooklyn. The observations showed that an additional stairway is needed, but the Broadway line is to be third-tracked in connection with the developments in elevated and subway rapid transit lines provided for by the recent agreements between the City and the Brooklyn Rapid Transit Company and the third-tracking will require an entire reconstruction of that station.

It is expected that the work will be begun within a year in view of which it hardly seems reasonable that the Company should be ordered to put in an additional stairway at this time. Very truly yours,

TRAVIS H. WHITNEY, Secretary.

The President laid before the Board the following communication from the Corporation Counsel:

No. 1737.

City of New York, Law Department, Office of the Corporation Counsel, New York, August 27, 1912.  
To the Honorable the Board of Aldermen:

Sirs—There is now pending in the Supreme Court of the United States the case of the People of the State of New York, complainants, against the State of New Jersey and Passaic Valley Sewerage Commissioners, defendants. During the trial of this case since June, 1911, over seven large volumes of testimony have been taken. This testimony is almost entirely scientific and complex, and has been given by the most eminent sanitary and hydraulic engineers, bacteriologists, chemists, physicians and biologists.

On June 8, 1911, a request was made by this office for the sum of \$50,000.00, to meet the expenses of this litigation, and this sum was appropriated by your honorable body. Since June, 1911, during the large number of hearings held in this suit, thousands of chemical analyses and bacteriological examinations have been placed on record, as well as a long series of tests determining the salinity, the oxygen percentages, tidal phenomena, geodetic surveys, and a lengthy chain of correlated scientific topics.

The object of the suit is to secure an injunction against the State of New Jersey and Passaic Valley Sewerage Commissioners, restraining them from menacing the health and destroying the property of the citizens of the greater city of New York.

The Passaic Valley trunk sewer project, which it is sought to restrain, contemplates draining not only the 103 square miles of territory originally selected in the most populous region of the State of New Jersey, from Paterson to Newark, but this territory is about to be increased in area; so that the trunk sewer, if put into operation, will now discharge, approximately, at full capacity, 410,000,000 gallons of septic sewage and trade refuse per day. So vast a volume of putrescent filth discharged daily into New York's upper bay would practically render New York City intolerable for either business or residence, and would destroy property values not readily within the range of calculation.

Under the order of the Supreme Court of the United States in this suit, which is designated as No. 4, Original, the taking of testimony will proceed until April 30, 1913.

The evidence to be presented will be of such a character as to warrant the Supreme Court of the United States in granting the injunction, and will consume the full time set down by the Court for placing such testimony upon the record.

The witnesses still awaiting the opportunity of testifying at the resumed hearings, which will commence September 3, 1912, are men of the greatest eminence and the highest professional reputations both in this country and in Europe.

The previous appropriation is now very nearly exhausted and there is pressing need of a further appropriation for the completion of the complainant's case; and I most respectfully request an issue of special revenue bonds to the amount of \$30,000 in order to meet the further expenses of this litigation; and I further request that in accordance with the provisions of paragraph 8 of section 188 of the Greater New York Charter you take the necessary action. The amount suggested is the nearest estimate I can make at the present time. Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

The President laid before the Board the following communication from the Sheriff of Queens County.

No. 1738.

Office of the Sheriff, Queens County, County Court House, Long Island City, July 12, 1912.

Honorable Board of Aldermen, New York City, N. Y.:

Gentlemen—I respectfully request your honorable Board to recommend the issuance of special revenue bonds for the sum of \$1,500 to defray expenses chargeable against Account No. 2422, Contingencies, to this office for the year 1912.

In support of my request, I beg to state that we were allowed the sum of \$2,370 as an appropriation to this fund. Up to the 30th day of June, 1912, we expended from this amount the sum of \$1,856.32, leaving a balance of \$513.68.

This appropriation which is used for contingencies in this office and is also used to pay for the transportation of prisoners to and from the various courts and State prisons and institutions throughout the State of New York, as well as all the traveling expenses of the deputies attached to this office.

I ask for the amount of \$1,500 because it will be necessary to have the same amount for the next six months as it was for the past six months.

The total, when the requested amount is added to the balance now in the account, will be \$2,013.68.

Trusting that you will give this matter your attention, I am, very truly yours,

THOMAS M. QUINN, Sheriff of Queens County.

#### COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Commissioner of Parks, Borough of Queens:

No. 1740.

The City of New York, Department of Parks, Borough of Queens, September 3, 1912.

Hon. H. H. CURRAN, Chairman, Committee on Finance, of the Honorable Board of Aldermen, City of New York:

Dear Sir—I have the honor to request the adoption of a resolution of approval for the issue of revenue bonds in the sum of seven thousand six hundred and seventy dollars (\$7,670), to supply a deficiency in the appropriation No. 1101, "Maintenance, Parks and Boulevards, Wages, Temporary Employees," for payment of "Laborers." The original allowance has been absolutely insufficient to meet the service required in twenty parks, covering about 1,000 acres, as shown in list submitted herewith. A statement is also annexed setting forth the appropriation originally made, used to date, and balance required to December 31, 1912:

	Days.
Original allowance .....	18,000
Used to September 1.....	7,252
Unused .....	748
Required September 1 to December 31, approximately 106 days for 36 men or	3,816
Deduct days remaining unused.....	748
Balance .....	3,068
—to be provided for at compensation of \$2.50 per day is \$7,670.	
These Laborers will be assigned as follows:	
Golf house and links .....	4
Forest Park (Mechanics and Gardeners).....	6
Forest Park, Engineers.....	1
Forest Park, roads .....	6
Highland Park, upkeep.....	3
Kissena Park, upkeep.....	3
Kings and Ashmead Parks, upkeep.....	3
Upland Park, upkeep.....	1
Rockaway Park, upkeep.....	4

Rainey Park, upkeep.....	2
Linden Park, upkeep.....	1
College Point Park, upkeep.....	1
Flushing and Leavitt Parks, upkeep .....	1

Total .....

36

The 748 days remaining would last only 21 days, which would necessitate the discharge of the 36 Laborers on or about September 22, leaving the parks in many instances absolutely uncared for. Respectfully,

WALTER G. ELIOT, Commissioner of Parks, Borough of Queens.

The President laid before the Board the following communication from the Municipal Explosives Commission:

No. 1741.

Municipal Explosives Commission of The City of New York, 157 East 67th Street, September 17, 1912.

To the Honorable the Board of Aldermen of The City of New York, City Hall, New York City:

Gentlemen—We respectfully request that special revenue bonds to the amount of \$4,785 be issued, in order that this Commission may have funds with which to carry on its work during the remainder of the current year.

This Commission consists of four paid commissioners, with pay of \$10 each per session; the fifth member is the Fire Commissioner, who is ex-officio chairman. It also has a stenographer, with authorized pay of \$7.50 per session, who acts as its secretary.

In accordance with the statute, the Commission meets upon the call of the Fire Commissioner. Thus far the Commission has met each working day during the year, and the accumulation of business now before it would indicate that it will be necessary to continue to meet daily during the remainder of the year.

The appropriation made in the Budget for the pay of the Commission during the year 1912 was exhausted on August 23d, inclusive, except that there are funds still further available for the pay of the stenographer for four days during the month of August, to wit: \$30.

The detailed estimate of funds necessary is as follows:

Pay for three commissioners for seven days during August, at \$10 each per session, and for one commissioner for two days during August, at \$10 per session .....	\$230 00
Estimated pay of commissioners for September; three commissioners 24 days each, at \$10 each per session, and one commissioner for seven days, at \$10 per session .....	790 00
Estimated pay of commissioners for October; four commissioners, 26 days each, at \$10 each per session .....	1,040 00
Estimated pay of commissioners for November; four commissioners, 24 days each, at \$10 each per session .....	960 00
Estimated pay of commissioners for December; four commissioners, 25 days each, at \$10 each per session .....	1,000 00
Total .....	\$4,020 00
Estimated amount to pay Albert Bruns, Stenographer, for 3 days in August, 24 days in September, 26 days in October, 24 days in November and 25 days in December, or 102 days, at \$7.50 per day .....	765 00
Total .....	\$4,785 00

MUNICIPAL EXPLOSIVES COMMISSION, JOS. JOHNSON, Fire Commissioner and Chairman.

No. 1742.

Department of Public Charities of The City of New York, foot of East 26th st., New York, September 16, 1912:

To the Honorable the Board of Aldermen:

Gentlemen—On May 24, 1912, this Department made a request for an issue of special revenue bonds in the sum of one hundred and seventy-eight thousand eight hundred dollars, to meet anticipated deficits in certain appropriations allowed for the current year. On June 11, 1912, your Honorable Board adopted a resolution recommending to the Board of Estimate and Apportionment the issue of special revenue bonds to the amount of fifty thousand dollars. I now take the liberty of requesting your early and favorable consideration of that portion of my communication of May 24, 1912, above referred to, on which you have not yet taken any action. The depleted condition of some of our appropriation accounts makes this course imperative. Herewith will be found a statement showing:

- The numbers and titles of the appropriation accounts affected.
- The amount of special revenue bonds requested on May 24, 1912.
- The amount of special revenue bonds authorized June 11, 1912.
- The balance of special revenue bonds not yet authorized, and for which a renewed request is hereby made.

Trusting that this application will receive your prompt and favorable consideration I am, yours very respectfully,

MICHAEL J. DRUMMOND, Commissioner.

The President laid before the Board the following communication from the Commissioner of Parks, Manhattan and Richmond:

No. 1743.

September 16, 1912.

Board of Aldermen, City of New York, City Hall, New York City:

Gentlemen—I respectfully request that you recommend to the Board of Estimate and Apportionment an authorization of special revenue bonds to an amount of five thousand dollars (\$5,000) to pay the salaries of Gymnasium and Playground Attendants for the balance of the year 1912. This amount of money is necessary to carry on the work of the playgrounds for the months of November and December.

In my estimate for the year 1912 I requested an amount of \$58,000. The request, however, was decreased by an amount of \$9,000 by the Budget Committee for the reason that some of the grounds were, at the time, not completed. The amount of \$49,000 provided in the Budget for this year is insufficient for the purposes for the reason that during the summer months I opened ten additional playgrounds. The unexpended balance will only suffice to carry the force necessary to keep even a reduced number of playgrounds open until November 1.

I have during the summer conducted forty grounds on an appropriation made for thirty grounds. The authorization of \$5,000 in special revenue bonds will, if granted, allow me to keep open twenty park playgrounds and two indoor gymnasiums for the balance of the year.

When this matter was taken up by the Budget Committee in compiling the Budget for the year 1912, the reduction was made with the understanding that if the ten grounds then under course of construction were opened during the summer, the Commissioner could make application for special revenue bonds to cover the deficiency in appropriation.

I respectfully request that you take immediate action so that no more of the grounds will have to be closed during the year. Respectfully yours,

CHARLES B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

The President laid before the Board the following communication from the President, Borough of Queens:

No. 1744.

The City of New York, Office of the President of the Borough of Queens, Long Island City, June 25, 1912.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—I am in receipt of a report from the Superintendent of the Bureau of Sewers, to the effect that he will have insufficient funds for to pay the laboring gangs in his Bureau until the balance of the year.

He further reports that his Bureau is now organized in accordance with the recommendations recently made by the Commissioner of Accounts. Fifty-one (51) Laborers and twenty horses and carts are employed, while sufficient funds were appropriated to employ forty-one Laborers and eighteen horses and carts for the entire year, hence the shortage.

I therefore beg to request your Honorable Board for an issue of special revenue bonds, amounting to seven thousand three hundred and forty-six dollars and fifty cents (\$7,346.50), and to that end I enclose the following resolution:

Resolved, That, pursuant to subdivision 8, section 188 of the Charter of The City of New York, the Comptroller is hereby authorized to issue special revenue bonds to an amount not exceeding seven thousand three hundred and forty-six dollars and fifty cents (\$7,346.50), proceeds whereof to be expended by the President of the Borough of Queens in employing:

Laborers, at \$3 per day (364 days).....	\$1,092 00
Laborers, at \$2.50 per day (1,820 days).....	4,550 00
Horses and carts at \$3.50 per diem (487 days).....	1,704 50

Total .....	\$7,346 50

—the amount of the appropriation funds being insufficient for the purposes of the Bureau of Sewers. Yours respectfully,

DENIS O'LEARY, Acting President of the Borough of Queens.

DENIS O'LEARY, Acting President of the Borough of Queens.

The City of New York, Office of the President of the Borough of Queens, Bureau of Sewers, Long Island City, N. Y., May 15, 1912.

Hon. DENIS O'LEARY, Commissioner of Public Works, Borough of Queens:

Dear Sir—I desire to recommend that application be made for the issuance of special revenue bonds, the proceeds of which are to be applied to the maintenance of sewers in the Borough of Queens.

In my request for funds in the 1912 Budget, I applied for and was allowed five additional Foremen, it being the intention to form four new gangs, owing to the increased mileage of sewers placed under the jurisdiction of this Bureau. I also requested sufficient funds to employ sixty-one Laborers and twenty-one horses and carts.

The maintenance force of this Bureau is now organized in accordance with the recommendations recently made by the Commissioner of Accounts. Fifty-one Laborers and twenty horses and carts are employed, while sufficient funds were appropriated to employ forty-one Laborers and eighteen horses and carts for the entire year, which will result in there being a shortage of funds during the latter part of the year. I desire to submit that the seasons make no difference in the activities of our maintenance force, and that the following funds will be required to keep the entire force employed until the end of the year:

Laborers, at \$3 per diem (364 days).....	\$1,092 00
Laborers, at \$2 per diem (1,820 days).....	4,550 00
Horses and carts at \$3.50 per diem (487 days).....	1,704 50

Total .....	\$7,346 50
-------------	------------

I desire to state further that the four gangs have been formed, one on repairs in the 1st Ward, one on sewer and basin cleaning in the 3d Ward, one on general sewer and basin work in the 4th Ward, and one on general sewer and basin work in the 5th Ward, where the Rockaway Park system was turned over to this Bureau last fall. Respectfully yours,

JOHN R. HIGGINS, Superintendent.

Hon. MAURICE E. CONNOLLY, President, Borough of Queens, Jackson Ave. and 5th St., Long Island City:

Dear Sir—I am instructed by the President of the Board of Aldermen to acknowledge the receipt of yours of the 25th inst., relative to an issue of special revenue bonds in the sum of \$7,346.50, and the same will be transmitted to the Board at the next regular meeting. Respectfully,

WM. O'CONNOR, Secretary.

The President laid before the Board the following communication from the Board of Education:

No. 1745.

Board of Education, Park avenue and 59th street, New York, July 11, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on the 10th inst., relative to the issue of Special Revenue Bonds, to the amount of \$1,500, for the purchase of an initial electric tabulating outfit for the Bureau of Supplies.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that the Committee on Supplies has requested that means be taken to secure the sum of \$1,500, special revenue bonds, for the purpose of obtaining certain electric machinery, appliances and supplies, incidental to the establishment of an improved method of tabulating, sorting and bringing together by mechanical means the multitudinous items contained in the many requisitions for supplies for use throughout the school system. The work has been done heretofore by manual means, but it has been demonstrated that the task can be accomplished more expeditiously and effectively by the employment of electric tabulators and sorters. The system proposed to be installed is the same as has been in use for some years in the Statistical Division of the Bureau of Audit and Accounts, where it has been thoroughly tested, and its efficiency, adaptability and usefulness demonstrated in the most practical way. Further details may be found in the accompanying report of the Committee on Supplies.

The following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be, and it is hereby, respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of fifteen hundred dollars (\$1,500), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, for the purpose of obtaining an initial electric tabulating outfit for the Bureau of Supplies of the Board of Education.

The President laid before the Board the following communication from the Commissioner of Correction:

No. 1746.

Department of Correction of the City of New York, Commissioner's Office, 148 East 20th street, New York, August 7, 1912.

The Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—Pursuant to the provisions of section 188 of the Charter, I would respectfully ask that your Honorable Board will request the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of forty-three thousand six hundred dollars (\$43,600) for use of the Department of Correction during the current year, as follows:

273 Supplies and Materials, General.....	\$40,000 00
282 Forage .....	3,600 00

In the matter of "Supplies and Materials," for which \$40,000 is asked, the increase in the prices of various foodstuffs over the bids for 1911 (on which the estimate for 1912 was based) has depleted this fund to a great extent. Added to this is the fact that as against an average, for 1911, of 470 employees and 4,152 prisoners, we have had, for the first six months of 1912, to provide for an average daily census of 485 employees and 4,401 prisoners.

The City Prison, Queens, which has been under the jurisdiction of the Department of Correction since June 1, 1912, will also draw on department funds for supplies for the remainder of this year.

The unencumbered balance in the fund, "Supplies and Materials, General," as per statement of July 31, 1912, is \$9,778.87.

In the matter of forage, the increase in cost over the prices for 1911, on which our estimate was made, renders it necessary for the Department to ask for an addition to that fund also.

The estimated cost of forage for 1912 is about twelve thousand, eight hundred and ninety dollars (\$12,890), while the amount appropriated is nine thousand three hundred and sixty dollars (\$9,360) only.

Trusting that the above request for the issue of the bonds required will receive the approval of your Honorable Board, I am, very respectfully,

PATRICK A. WHITNEY, Commissioner.

The President laid before the Board the following communication from the Fire Commissioner:

No. 1747.

Fire Department of the City of New York, Office of the Commissioner, August 14, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—in order to bring the Bureau of Fire Alarm Telegraph to a proper standard of efficiency it will be necessary to increase the present force from September 16, 1912, by two additional Telegraph Operators, at an annual salary of \$1,500 each.

As the Operators of this Bureau work on eight-hour shifts and are allowed one day off in seven, the present number is inadequate to properly equip the Bureau and provide for the day off.

In the absence of an Operator caused by sickness or other reasons, there is no available Operator in any of the five Boroughs who could be called upon to relieve such an emergency, and a member of the uniformed force must be detailed for this purpose or the length of tours increased.

An appropriation for three additional Operators for the Brooklyn office requested in the departmental estimate for 1912 was disallowed.

Considering the nature and importance of the work of the Operators and extra strain placed upon the present incumbents by reason of the shortage in the force, I feel impelled to request funds to employ two additional Telegraph Operators.

I have, therefore, the honor to request that, pursuant to the provisions of subdivision eight of section 188 of the amended Charter, the Board of Aldermen make application to the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in an amount not to exceed eight hundred and seventy-five dollars (\$875), proceeds to be used for the payment of salaries of two Telegraph Operators at \$1,500 per annum, from September 16, 1912, to December 31, 1912.

The amount required for 1913 will be included in the departmental estimate for that year.

Draft of necessary resolution is enclosed herewith. Respectfully,

JOS. JOHNSON, Commissioner.

Resolved, That, pursuant to the provisions of subdivision eight of section 188 of the Greater New York Charter, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in an amount not to exceed eight hundred and seventy-five dollars (\$875), the proceeds to be applied for the payment of salaries of two Telegraph Operators at the rate of fifteen hundred dollars (\$1,500) per annum, from September 16, 1912.

No. 1748.

The Queens Borough Public Library, Offices of Attorney, 115 Broadway, New York, August 15, 1912.

Honorable JOHN PURROY MITCHEL, President, Board of Aldermen, 51 Chambers St., New York City:

Sir—I am directed by the Trustees of the Queens Borough Public Library to request an appropriation by special revenue bonds in the sum of \$5,000 for binding of books and periodicals, 1912.

A sum of \$3,000 allowed in the annual Budgets for some years past has proven insufficient to keep the books and periodicals in proper repair. There are now 159,236 volumes in the 20 libraries and twelve stations conducted by this corporation. The allowance provides for a repair of slightly over 3 per cent. of the stock annually, which in view of the use by the public has proven to be wholly insufficient.

There are as of July 1, 1912, on the shelves unavailable to the public 5,524 volumes, and there is available the sum of \$830.25 balance in the 1912 appropriation. In addition, there will accumulate during the next six months 5,000 volumes which will require binding.

July 1, 1912, volumes on hand held for the bindery.....	5,524
Accumulation of books which will require binding July to December, 1912.....	5,000
Total volumes .....	10,524
At 55 cents each.....	\$5,788 20
Balance of appropriation available.....	830 25
Deficiency, 1912 .....	\$4,957 95

There are no balances in the appropriation accounts for the Queens Borough Public Library available for transfer. Very respectfully,

DENNISON BRIGGS.

#### PETITIONS AND COMMUNICATIONS.

No. 1749.

John T. Clarke, No. 34 W. 33d St., New York City, August 27, 1912.  
Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Dear Sir—The enclosed newspaper clipping giving details of another horrible elevator accident which occurred last week is another reminder that something should be done to require that owners of buildings equip their elevators with modern elevator safety appliances which would absolutely prevent accidents to persons getting on and off elevator cars, and from falling through open doors into the elevator shafts.

The Coroners' office of the Borough of Manhattan shows that there were 68 deaths caused by elevator accidents during 1911, nearly all of which would have been prevented if the elevators had been equipped with safety appliances which would prevent the starting of the car while any door opening into the elevator shaft was open and unlocked.

The Department of Public Safety of the City of Philadelphia states that the Pennsylvania law which requires that elevators be equipped with automatic safety appliances has been the means of reducing to a minimum the number of preventable elevator accidents.

Cannot you aid to have a law or ordinance passed which will prevent these unnecessary serious and fatal elevator accidents? Yours very truly,

JOHN T. CLARKE.

Department of Public Safety, Bureau of Building Inspection, Philadelphia, April 11, 1908.

Mr. J. T. CLARKE, New York:

Dear Sir—Answering your inquiry, would say that the records of our office show that there were no accidents to passengers in getting on or off from elevator cars or from falling through open doors into elevator shafts where the elevators have been equipped with any of the six (6) automatic elevator safety locking systems that have been approved by the Bureau of Building Inspection, Department of Public Safety, of Philadelphia, where said devices are kept in perfect operation. Yours truly,

J. S. GILLESPIE, Supervising Elevator Inspector.

Approved: Edwin Clark, Chief of Bureau.

State of New York, Department of Labor, Bureau of Factory Inspection, Sub-Office, New York, Albany, N. Y., February 17, 1911.  
Public Safety Association, New York City, N. Y.:

Sirs—Answering your inquiry would say that the records in the offices of the New York Bureau of State Factory Inspection and the Commissioner of Labor show that there were about 1,600 accidents reported to our Bureau of Factory Inspection that were caused to persons getting on and off elevators, and from falling through open doors into elevator shafts, for the five years ending September 30, 1909.

Of these more than 1,600 accidents reported, at least 198 were fatal, causing death to the persons injured either instantly or soon thereafter, being over one-eighth of all fatal accidents reported to the Bureau during the 5 years; and in addition thereto there were in my opinion of the accidents reported about 298 permanently disabled. I have been connected with the New York Bureau of Factory Inspection for about 12 years, and I believe that there has not been reported to our Bureau even one-half of the accidents that have occurred in factories.

I am familiar with the Pennsylvania law enacted in 1895 which requires that elevators be equipped with safety appliances which would prevent accidents to persons getting on and off elevators, and from falling through open doors into elevator shafts, and I am also familiar with the Rhode Island law which requires that elevators be equipped with safety appliances, and in my opinion a law should be enacted by the New York Legislature which would require all elevators, especially those in factories, hotels, hospitals, office buildings and department stores to be equipped with approved safety appliances, which would prevent accidents to persons getting on and off elevators, and from falling through open doors into elevator shafts.

There are a number of different elevator safety systems which would prevent accidents of this nature and would reduce to a minimum the number of preventable accidents. Unless dollars are more than human life there can be no good reason why legislatures should not enact laws requiring owners of buildings to equip their elevators with safety appliances to make them safe and avoid risk of injury to employees and passengers. Very respectfully,

WILLIAM W. WALLING, Chief Factory Inspector.

The President laid before the Board the following communication from the President, Borough of Manhattan:

No. 1752.

City of New York, Office of the President of the Borough of Manhattan, City Hall, September 6, 1912.

Honorable JOHN PURROY MITCHEL, President, Board of Aldermen, 51 Chambers Street, New York:

Dear Sir—Under date of July 8, 1912, the Borough President addressed a communication to the Board of Estimate and Apportionment requesting its approval of a site at the southeast corner of 2d avenue and 2d street upon which to erect a public building in which should be consolidated the Magistrate's Court of the Third district, the Municipal Court of the Second district, and the Ludlow street jail. His request was referred to a committee of that board, which reported under date of July 12, 1912, recommending that the site selected by the Borough President be approved, and that the Corporation Counsel be authorized to institute condemnation proceedings for the acquisition of the said property.

A copy of this resolution was duly transmitted to the Corporation Counsel, who, under date of August 19, 1912, returned a communication to the Board of Estimate and Apportionment in which he expressed the opinion that the selection of the site by the Borough President was not authorized by charter or statute. It was then discovered that through an error the matter had not been submitted to the Board of Aldermen for approval.

I have, therefore, been directed by the Borough President to transmit to you copies of (1) his communication to the Board of Estimate, (2) the report of the committee of that board, and (3) the resolution of the Board of Estimate and Apportionment approving the site, with the request that the matter be submitted to the Board of Aldermen at its next meeting, and that it be urged to act thereon as promptly as possible, the necessity for expedition being fully set forth in the communications herewith enclosed. Respectfully,

JULIAN B. BEATY, Secretary to the President.

The Secretary presented the following communication from the President of the Borough of Manhattan relative to, and report of the Corporate Stock Budget Committee recommending, the acquisition of a Court House site at the corner of 2d avenue and 2d street, Manhattan:

(On July 11, 1912, the request of President of the Borough of Manhattan for an issue of \$150,000 corporate stock for the above purpose was referred to said Committee.)

City of New York, Office of the President of the Borough of Manhattan, City Hall, July 8, 1912.

To the Honorable Board of Estimate and Apportionment:

Dear Sirs—For some time past, the Magistrates' Court of the Third District has been holding its sessions in the Florence Building, at 1st street and 2d avenue, in rented quarters, owing to the fact that the Essex Market Court House, situated at Essex street and Essex Market place, has not been fit for use. At one time it was thought that a new court house should be located on the site of the old one; but upon further investigation it appeared unwise, in the first instance, to place a building of this description on a side street, and, in the second instance, it appeared that this location was too far south, and that a site in the neighborhood of Houston street would more nearly mark the centre of the district. After a diligent search for a proper location, I have come to the conclusion that the one which would best answer all purposes would be the plot on the southeast corner of 2d avenue and 2d street, comprising four lots, Nos. 28 to 32 2d avenue, and covering a piece of ground approximately 103½ by 100 feet. The erection of a new building on this site would care for not only the Magistrates' Court, but likewise the Municipal Court of the Second District, now located at 268 Madison street, and the Ludlow Street Jail. The Madison Street Court is also located almost on the southern boundary of the district, and is inconvenient of access both to litigants and to the judges and lawyers. The Ludlow Street Jail is a very old building, which ill serves the purpose for which it is now used, and occupies valuable land. The assessed valuation of these two plots and of the Delancey street station, which has been abandoned, is \$430,000, and, according to an estimate made by the Real Estate Bureau of the Department of Finance, the present actual value of the land alone is approximately \$272,000. The plot of ground at the corner of 2d avenue and 2d street is estimated to be worth about \$150,000; so that the sale of these three properties would not only provide the necessary funds for the purchase of the proposed site, but would leave a substantial margin. It appears that this 2d avenue site is mainly in leasehold properties, and will, therefore, have to be taken by condemnation proceedings.

I would accordingly request an appropriation of \$150,000 to cover the cost of this site, and, furthermore, that the necessary resolutions be adopted requesting the Corporation Counsel to institute condemnation proceedings. Very respectfully,

GEORGE McANENY, President, Borough of Manhattan.

July 12, 1912.

To the Honorable Board of Estimate and Apportionment:

Sirs—At a meeting of this Board held on July 11, 1912, a communication was received from the President of the Borough of Manhattan requesting that a site located at the southeast corner of 2d avenue and 2d street be acquired by the City by condemnation proceedings for the purposes of a court house.

This new court building is to house the Magistrate's Court and prison of the Third District, the Municipal Court of the Second District, and the Federal Jail. At the present time the Magistrate's Court of the Third District is being held in rented quarters in the Florence Building, at 2d avenue and 1st street, because the Essex Market Court House, where it was previously held, had fallen into such a state of disrepair as to make it untenable. The Municipal Court of the Second District is located at 268 Madison street, in a building that is ill suited to the purpose, and about which there is constant complaint on account of the inadequacy of the quarters. The Federal Jail, known as the Ludlow Street Jail, occupies a considerable plot of land, and, although the number of prisoners rarely exceeds twelve at one time, the construction of the building is such that it calls for a large staff of Keepers, and is in every way antiquated and badly arranged.

The value of the land on which these three buildings are situated is approximately \$250,000, and, as they are in congested quarters of the City where there is a ready sale for real estate, there seems to be little doubt that this amount could be promptly realized.

In addition to the above mentioned sites, there is the Delancey street police station plot, which has been abandoned, and which could likewise be disposed of. The location of the proposed site is very much more advantageous than the ones that it is to replace, inasmuch as the present Municipal Court House is situated on the extreme southern boundary of the court district; and the Magistrate's Court as well will be far more centrally located at the proposed site than at the Essex Market location.

The assessed value of the property in question is \$140,000, and, according to the best advice obtainable, the present actual value is approximately \$175,000.

The site requested is 103½ feet on the avenue by 100 feet on 2d street. It is sufficiently large to furnish adequate quarters for both the Magistrate's and Civil Courts, and will be so arranged that the entrances are on different streets. The necessary provision for the prison and jail will probably be made on the roof, and, by the exercise of more modern methods, there will be a saving to the City, both in the first

cost and in the cost of administration. The question of location and type of building has been exhaustively discussed between the President of the Borough of Manhattan and the Special Committee on Courts, and there appears to be no differences of opinion as to the entire desirability of the proposed scheme.

As this site is mainly in leasehold properties, it will be necessary to take the same by condemnation proceedings; and it is the recommendation of this Committee that the Corporation Counsel be requested to proceed with the steps necessary to acquire this site by condemnation. Respectfully submitted,

WM. A. PRENGERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the President of the Borough of Manhattan of property located at the southeast corner of 2d avenue and 2d street, Borough of Manhattan, being 103½ feet on 2d avenue and 100 feet on 2d street, as a site for a Court House, the assessed valuation of which is one hundred and forty thousand dollars (\$140,000), for the year 1911, and the Corporation Counsel be and is hereby authorized to institute condemnation proceedings for the acquisition of said property.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into a contract for the acquisition of said property at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan and Brooklyn, the Acting President of the Borough of The Bronx, and the Presidents of the Boroughs of Queens and Richmond—16.

Which was referred to the Committee on Finance.

Department of Correction of The City of New York, Commissioner's Office, 148 E. 20th St., New York, September 12, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City: Dear Sir—Pursuant to the provisions of section 188 of the Charter, I would respectfully ask that your honorable Board will request the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of three thousand one hundred and five dollars (\$3,105), for the payment of the salaries of the following additional employees needed at the City Prison, Queens, from October 1 to December 31, 1912:

Drivers, 2 at \$1,000.....	\$2,000 00
Cook .....	720 00
Matrons, 2 at \$600.....	1,200 00
Keepers, 8 at \$800.....	6,400 00
Physician .....	1,200 00
Clerk .....	900 00
	<hr/>
	\$12,420 00

Amount needed for three months..... \$3,105 00

This institution was on June 1 of this year transferred to the care of the Department of Correction in accordance with the provisions of chapter 456, Laws of 1912. At the time the only employees who could be taken over were a Warden, an Orderly, three Keepers and a Matron.

The additional employees are needed to properly man the prison, which has an average census of 100 prisoners, with accommodations for over 400.

Since the time of the transfer we have been compelled to make drafts on various other of our prisons for sufficient help to take care of this one, with the result that in some of the institutions we have hardly enough help to handle the prisoners.

For this reason I would respectfully urge your honorable Board to take immediate, favorable action in the matter. Very respectfully,

PATRICK A. WHITNEY, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Fire Commissioner:

No. 1755.

Fire Department of The City of New York, Office of the Commissioner, July 23, 1912.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen:

Sir—I have the honor to request authorization by the Board of Aldermen to purchase, without public letting, the two-wheel electric storage battery tractor now attached to the steam fire engine of Engine Co. No. 117, Brooklyn, the cost, \$4,000, to be charged against corporate stock.

This tractor was placed on trial by the Couple-Gear Company, 149 Broadway, its purchase by the City depending upon a satisfactory test. Since April 24, 1912, when placed in service, to this date it has been operated successfully in responding to 76 alarms for fire.

The company furnishing the tractor will be required to give a bond to secure the faithful performance of a guarantee, covering a period of one year, against deterioration in the storage battery and defective parts of the apparatus.

Respectfully, JOSEPH JOHNSON, Fire Commissioner.

The Honorable the Board of Aldermen, City Hall, New York City:

Very respectfully,

W. G. ELIOT, Commissioner of Parks, Borough of Queens.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 1757.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, September 19, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—At a meeting of the Board of Estimate and Apportionment held September 19, 1912, a report was presented from the Corporate Stock Budget Committee, returning resolution adopted by the Board of Aldermen on June 11, 1912, recommending an issue of corporate stock for the purchase of certain property for a new court house for the County of Richmond, for the reason that this Board has approved of the selection of a site for said court house and the matter of acquisition is now in the hands of the Corporation Counsel.

The matter was ordered on file and the Secretary directed to notify the Board of Aldermen to that effect. Very truly yours,

JOSEPH HAAG, Secretary.

Which was ordered on file.

The President laid before the Board the following communication from the President, Borough of Queens:

No. 1758.

The City of New York, Office of the President of the Borough of Queens, Long Island City, September 20, 1912.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, City of New York:

Dear Sir—The funds for sheet asphalt repairs are fully contracted for as allowed in the Budget for 1912. The contractor is now making his second round, as provided for in his contract, and he has placed practically all on Fulton st., Jamaica, that we can afford out of this quantity. The condition of the old asphalt on this street is such that although the repairs were just completed a few weeks ago, and the street left in good condition, it is full of holes again and there is one continuous rut about five (5) feet from the railroad track through the entire length, from Grand st. to Metropolitan ave. The total area of sheet asphalt on this street, including the railroad area for which the City seems to be responsible, is 40,000 square yards, and the repairs should be made this fall to the extent of at least 5,000 square yards.

Application is hereby made for an issue of special revenue bonds to an amount not exceeding seven thousand five hundred dollars (\$7,500) for the repair of sheet asphalt on Fulton st., Jamaica, between Van Wyck ave. and Grand st., and to replenish Line No. 2033, Bureau of Highways, Restoration of Asphalt Pavements, Repairs and Replacements by Contract or Open Market Order, \$22,000.

This matter is very important, and it is urgent that it be taken up at once and the funds obtained at the earliest time possible so that a contract can be let and the work carried out this fall, or else I fear that the condition of this street during the winter months and spring will be a cause of great inconvenience to the public and complaint. Yours very truly,

DENIS O'LEARY, Acting President of the Borough of Queens.

Resolved, That, pursuant to subdivision 8, section 188 of the Charter of The City of New York, the Comptroller be and is hereby authorized to issue special revenue bonds to an amount not exceeding seven thousand five hundred dollars (\$7,500), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of repairing sheet asphalt on Fulton st., Jamaica, 4th Ward, Borough of Queens, replenishing of Appropriation Fund, Repairs and Replacements by Contract or Open Market Order, Highways, Line 2033, Restoration of Asphalt Pavements, \$22,000, which fund is now exhausted.

No. 1759.

Office of the President of the Borough of Queens, Long Island City, September 20, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Sir—On June 14, 1912, application was made to your Honorable Board for an issue of special revenue bonds to an amount not exceeding twenty thousand dollars (\$20,000), in lieu of funds appropriated to the office of the President of the Borough of Queens in the Budget for the year 1912, entitled:

President of the Borough of Queens, Bureau of Highways.

Fund 2025—

Supplies and materials..... \$10,000 00

President of the Borough of Queens, Bureau of Highways.

Fund 2077—

Purchase and Original Equipment of Apparatus, Machines, Harness and vehicles, except automobiles..... \$10,000 00

As this office has no record of the issue of the bonds for this amount, I would request that your Honorable Board take the necessary measures to authorize the Comptroller of The City of New York to issue special revenue bonds for the above-named amount, as the funds of both of these codes are entirely depleted and exhausted.

I enclose copy of application made to your Honorable Board on June 14, 1912. Yours very truly,

DENIS O'LEARY, Acting President of the Borough of Queens.

City of New York, Office of the President of the Borough of Queens, Long Island City, June 14, 1912.

To the Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—For the proper performance of a mandate of the Supreme Court of the County of Queens, dated May 13, 1912, a copy of which is hereto attached, and forming pages two and three of this communication, it has been necessary for this office to expend twenty thousand dollars (\$20,000) of the funds allotted in the Budget for the year 1912.

For the replenishment thereof, application is hereby made to your Honorable Board for an issue of special revenue bonds to an amount not exceeding twenty thousand dollars (\$20,000), and for that purpose the passage of the following resolution is respectfully requested:

Resolved, That, pursuant to subdivision 8, section 188 of the Charter of The City of New York, the Board of Aldermen hereby authorizes the Comptroller of The City of New York to issue special revenue bonds to an amount not exceeding twenty thousand dollars (\$20,000), the proceeds whereof to be expended by the President of the Borough of Queens, in lieu of funds appropriated to that office in the Budget for the year 1912, entitled:

President of the Borough of Queens, Bureau of Highways.

Fund 2025—

Supplies and materials..... \$10,000 00

President of the Borough of Queens, Bureau of Highways.

Fund 2077—

Purchase and original equipment of apparatus, machines, harness and vehicles, except automobiles..... \$10,000 00

—which has been expended pursuant to a mandate of the Supreme Court of Queens County, dated May 13, 1912, to eliminate the cause of complaint and otherwise performing the order of the Court in relation to sewer conditions in the 5th Ward of the Borough of Queens. Respectfully,

MAURICE E. CONNOLLY, President of the Borough of Queens.

*To the Board of Estimate and Apportionment:*

Gentlemen—In reference to a request of the Board of Trustees of Bellevue and Allied Hospitals, dated July 10, 1912, for the amendment of a resolution authorizing corporate stock for the construction of roof ward and small balconies on Pavilions A and B, Bellevue Hospital, we report as follows:

In the 1911 Corporate Stock Budget \$49,500 was authorized for the construction of a roof ward and thirteen small balconies on Pavilions A and B, New Bellevue Hospital. The Board of Trustees has decided to install fourteen small balconies, and states that the appropriation is sufficient for the whole work.

We recommend that the request be approved by the adoption of the attached resolution. Respectfully,

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of three resolutions adopted by the Board of Estimate and Apportionment September 19, 1912, recommending the establishment of additional grades of positions, etc., in the various city departments, as follows:

Calendar No.	Department and Position.	Rate per Annum.	Incumbents.
51	Fire Department—Clerk.....	\$3,600 00	1
	Clerk.....	3,000 00	1
52	Police Department—Superintendent of Stables, and abolishing the position of Foreman of Stables at \$2,000 per annum.....	2,000 00	1
53	Department of Public Charities—Inspector of Repairs and Supplies.....	1,650 00	1

I also enclose copies of reports of the Committee on Salaries and Grades, relative thereto. Yours very truly,

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk.....	\$3,600 00	1
Clerk.....	3,000 00	1

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 27, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On April 19, 1912, the Fire Commissioner requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grades of positions of Clerk at \$3,600 and \$2,000 per annum, for one incumbent each. In connection therewith we report as follows:

The Commissioner states that the \$3,600 grade is to permit of an increase in salary to John B. Keefe, Clerk in charge of the Bureau of Repairs and Supplies. This position was previously held by a Deputy Chief of the Department at \$4,200 per annum. Mr. Keefe's salary is \$2,700, which appears to be inadequate for the position. The \$3,600 rate would show an annual saving of \$600 in comparison with the compensation formerly paid for the same work. Mr. Keefe has filled the position for seven months and during that period a further saving of \$8,500 per annum has been effected by the transfer from the Bureau of a Battalion Chief, at \$3,300 and two Captains at \$2,500 each. Through a readjustment of assignments by Mr. Keefe no additional help has been necessary to fill the vacancies caused by these transfers.

The Bureau of Repairs and Supplies has supervision over the following: Division of Apparatus, Division of Stores, Purchasing Division, Division of Horses, Division of Buildings, Division of Requisition and Property Accountability.

In addition Mr. Keefe has general supervision of the Bureau of Audit and Accounts. In all there are more than 500 employees under Mr. Keefe's direction.

The Commissioner states that the \$3,000 grade is to permit of an increase in salary to George A. Perley, who has been in the employ of the Fire Department since April 1, 1893, and has received one increase in nineteen years. That was in April, 1905, when his compensation was increased from \$2,000 to his present salary of \$2,400. Mr. Perley is connected with the executive division of the Department and is charged with the duty and responsibility of preparing and arranging data for all legal proceedings in connection with suits for reinstatement on the part of dismissed members of the uniformed force. The Commissioner states that he has had a broad and intimate knowledge of the affairs of the Department which could only be acquired by long service and close application to duty.

It is stated that the increased compensation will be provided for by a modification of existing schedules, without increasing the total appropriation for salaries.

We recommend that the request be approved by the adoption of the attached resolution. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

No. 1762.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Police Department of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Superintendent of Stables.....	\$2,000 00	1

—and that the grade of position of Foreman of Stables, at \$2,000 per annum, be hereby abolished.

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 21, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On April 25, 1912, the Police Commissioner requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Superintendent of Stables at \$2,000 per annum for one incumbent. In connection therewith we report as follows:

The establishment is for a change in title of a Foreman of Stables at the same rate of compensation. No other change is involved. The Commissioner states that the title of Superintendent of Stables is to conform to the work of the incumbent.

We recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Public Charities of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Inspector of Repairs and Supplies.....	\$1,650 00	1

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 10, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On March 5, 1912, the Commissioner of Public Charities requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Inspector of Repairs and Supplies, at \$1,650 per annum, for one incumbent. In connection therewith we report as follows:

The Commissioner states the following:

For general supplies alone, in this Department, approximately \$1,365,000 per annum is expended. \* \* \* Supplies are delivered throughout a territory including Randalls Island, Blackwells Island, Farm Colony and Kings County Hospital. The interests of the Department, and consequently of the City, cannot properly be protected unless these supplies are thoroughly inspected after delivery to see that they conform to standards and specifications. The present force is already overburdened by the great increase in this Department in recent years, and this position is urgently needed so that a competent Inspector may co-operate with the General Storekeeper and Purchasing Agent in a thorough inspection of all supplies.

The Department employs three Inspectors of Foods, stationed at the foot of East 26th street, who inspect the meat, milk and eggs used on Blackwells and Randalls Islands, representing about one-third of the total amount expended for general supplies on these two islands. No Inspectors are provided for the Boroughs of Brooklyn and Richmond. In addition to the inspection of supplies and materials, the incumbent of the proposed new position will inspect the storerooms of the different institutions of the Department to see that there is no undue accumulation of supplies. The salary proposed is not in excess of the salaries paid for inspection work in other City Departments, which range from \$1,200 to \$2,550 per annum.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS, RESUMED.

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 1764.

Department of Street Cleaning of The City of New York, 13-21 Park Row, New York, September 24, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, The City of New York:

Sir—Pursuant to section 188, subdivision 8 of the Greater New York Charter, I respectfully request that your honorable Board authorize the issue of revenue bonds of the City of New York in the sum of two hundred twenty-seven thousand eighty-four dollars and ninety cents (\$227,084.90), segregated as follows:

Special Contract Obligations, Manhattan, Disposal of Ashes, Street Sweepings and Rubbish, Including Towing and Unloading and Hired Scows..	\$70,000 00
Special Contract Obligations, Brooklyn, Disposal of Ashes, Street Sweepings and Rubbish, Including Towing and Unloading and Hired Scows..	29,000 00
Forage, Manhattan.....	65,560 38
Forage, Brooklyn.....	47,123 00
Forage, The Bronx.....	15,401 52
	\$227,084 90

The reasons for the above requests are as follows:

Under date of May 20, 1912, request was made to your honorable Board for the issue of revenue bonds to the amount of \$110,000 for the disposal of ashes, street sweepings and rubbish and hired scows in the Borough of Manhattan, due to the abandonment of the contract by the Harbor Dredging and Scow Construction Company, necessitating the work being performed by the Department, the excess cost being a charge against the sureties. Of this amount requested the sum of \$55,000 was authorized with the understanding that later, if conditions so warranted, a further request be made for additional funds. I now find that in addition to the funds already authorized the sum of \$70,000 will be necessary for the balance of the year 1912.

Appropriation.....	\$313,379 79
Revenue bonds.....	55,000 00
	\$368,379 79

Transmitted to the Department of Finance.

January 1 to September 22, 1912:

Contract.....	\$105,331 62
Open market orders.....	194,187 49
	\$299,519 11

Outstanding Liabilities.

January 1 to August 31, 1912:

Contract.....	\$20,841 89
Open market orders.....	3,475 97
	24,317 86

September 1 to December 31, 1912:

Contract.....	\$112,312 00
Open market orders.....	2,635 20
	114,947 20

438,784 17

\$70,404 38

In reference to the sum of \$29,000 requested to meet the apparent deficit in the account, Special Contract Obligations, Brooklyn, Disposal of Ashes, Street Sweepings and Rubbish, Including Towing and Unloading and Hired Scows, the amount appropriated is insufficient owing to the excess output of material disposed of, due to the increased area and population.

The following is a statement of the actual cost for the first eight months of the year 1912; the remaining four months of the year being estimated on the basis of the four similar months of the year 1911, a natural increase of six and one-half per cent. being added:

Appropriation.....	\$620,000 00
--------------------	--------------

Transmitted to the Department of Finance.

January 1 to September 12, 1912:

Contract.....	\$387,700 96
Open market orders.....	3,450 60
	\$391,151 56

Outstanding Liabilities.

August, 1912:

Open market orders.....	\$502 20

Open market orders.....	1,976 40	
	258,022 48	649,174 04

Estimated deficit..... \$29,174 04

In reference to the sum of \$128,084.90 for Forage in the Borough of Manhattan, Borough of Brooklyn and Borough of The Bronx, for the last quarter of the year 1912, I have to state that the appropriations allowed were insufficient, due to the increased cost of forage. The appropriation for 1912 was based on fifty-five cents in the Boroughs of Manhattan and The Bronx and fifty-eight cents in the Borough of Brooklyn, as the cost per horse per day.

The actual cost was \$0.6542 in the Borough of Manhattan; \$0.7478 in the Borough of Brooklyn; and \$0.672 in the Borough of The Bronx.

The following is a statement of the condition of the appropriations:  
Forage, Manhattan.

I would respectfully request your immediate action in the above for the reasons that contracts were opened for furnishing forage to the several Boroughs on September 19 and cannot be awarded until these funds are made available. The present contracts expire on September 30. There will be no forage on hand to feed the horses after that date.

We are also in immediate need of funds for the final disposition of ashes, etc., as there is not a sufficient appropriation available to pay current expenses.

Respectfully,  
WM. H. EDWARDS, Commissioner.

Whereas, A certain City Magistrate of the Second Division made the charge or statement that the City practically starved court prisoners, basing said charge or statement upon one case that came under his personal notice where a female prisoner had gone without food for thirty-six hours; and

No. 1848.

By Alderman Bolles—

Whereas, on June 6, 1911, the Board of Aldermen adopted a resolution requesting the Board of Estimate and Apportionment to establish, pursuant to the provisions of section 56 of the Greater New York Charter, the grades of Gardener in Charge at \$115 per month and Gardener at \$90 per month, the grades to apply to all Boroughs and the compensation to be paid semi-monthly, on the first and fifteenth day of each month, and

Whereas, said resolution was referred to the Select Committee of the Board of Estimate and Apportionment, consisting of the Comptroller and the President of the Board of Aldermen, on June 15, 1911, which Committee, under date of June 30, 1911, reported as follows:

"Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 30, 1911.

"To the Board of Estimate and Apportionment:

"Gentlemen—On June 6, 1911, the Board of Aldermen adopted a resolution requesting the Board of Estimate and Apportionment to establish, pursuant to the provisions of section 56 of the Greater New York Charter, the grades of Gardener in Charge at \$115 a month and Gardener at \$90 a month, the grades to apply to all Boroughs, and the compensation to be paid semi-monthly, on the first and fifteenth of each month. In connection therewith, we report as follows:

"The matter of fixing grades for Gardeners employed in the City parks was taken up recently by the Comptroller on the request of the Gardeners' and Florists' Union. As a result of an examination, the Comptroller addressed a communication to the secretary of the union, stating that in his opinion the matter was one of departmental administration, and advising the union to confer with the Park Commissioners.

"We are of the opinion that the request for the establishment of the grades for gardeners should emanate from the Commissioners of Parks of the several Boroughs.

"We therefore return herewith the resolution and a communication from William Dihn, Secretary of a Special Committee of Gardeners of Greater New York, and suggest that they be referred to the Commissioners of Parks for such action as they may deem necessary and proper. Respectfully,

"WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Select Committee."

And, whereas, in a communication addressed to the Secretary of the Special Committee of Gardeners, Superintendent Zartman, of the Department of Parks for the Boroughs of Brooklyn and Queens, under date of June 27, 1911, said:

"In reply I beg to say that I have long realized that the Gardeners in this Department are not compensated in accordance with the work furnished, and you can rest assured that I will do all in my power to secure adequate payment for these men."

And, whereas, in a letter to the Secretary of the Special Committee of Gardeners, dated July 27, 1911, the Board of Estimate and Apportionment, through its secretary, Joseph Haag, said:

"At a meeting of the Board of Estimate and Apportionment held July 27, 1911, a report was presented from the Commissioner of Parks, Boroughs of Brooklyn and Queens, referring to a resolution of the Board of Aldermen, requesting the establishment of the grades of positions of Gardener in Charge at \$115 per month, and Gardener at 90 per month, also to a communication from the Secretary of a Special Committee of Gardeners in Greater New York, and stating that he is in favor of increasing the compensation of skilled men performing such work and will request an appropriation for this purpose in the Budget estimate for his department for the year 1912."

And, whereas, Notwithstanding the report of the Select Committee of the Board of Estimate and Apportionment and of the recommendation of both the Superintendent of Parks and the Commissioner of Parks for the Boroughs of Brooklyn and Queens, action has not been taken by either the Park Department or the Board of Estimate and Apportionment as requested by resolution of the Board of Aldermen dated June 6, 1911, therefore,

Resolved, That the Board of Aldermen urges the Department of Parks of The City of New York to incorporate in its Budget for 1913 estimates which will enable said Department to pay its Gardeners-in-Charge \$115 per month and Gardeners \$90 per month, the grades to apply to all Boroughs and the compensation to be paid on the fifteenth and last days of each month.

Resolved, That should the estimates of the Department of Parks for 1913 already have been submitted without such provision being contained therein that the Commissioners of said Department be requested to submit a supplemental request incorporating said provisions; and

Resolved, That when such estimate or request is made by the Board of Park Commissioners to the Board of Estimate and Apportionment said Board of Estimate and Apportionment be and it is hereby urged to provide the necessary funds to enable the Commissioners of Parks to adopt the schedule of salaries for the grades of Gardener-in-Charge and Gardener in the Park Department herein specified.

## NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in

the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, holes, etc., bricked up, and the walls pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City
