DEPARTMENT OF FINANCE.

REPORT ON THE COST OF OPERATION AND MAINTENANCE OF THE OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX FOR THE YEARS 1915 AND 1916.

January 4, 1918.

Hon. CHARLES L. CRAIG, Comptroller, The City of New York:

Dear Sir—Submitted herewith is a report showing the cost of operation and maintenance of the various functions and activities of the office of the President of the Borough of The Bronx for the years 1915 and 1916. This report is based upon the expense reports rendered by the borough president to the Department of Finance.

It has been divided into three sections:

Section 1. Costs and statistics of the department, embracing all classes of funds.

Section 2. Functional distribution of expenditures for the operation and maintenance of those activities chargeable to tax budget and special revenue bond funds.

Section 3. Statistics and unit costs of the principal functions chargeable to tax budget and special revenue bond funds.

Section I.

The following statement shows the distribution of the total expenditures, subdivided in accordance with the class of funds chargeable:

Year.	Tax Budget.	Special Revenue Bonds.	Corporate Stock, Assessment and Special Funds.	Total.
1913.....	\$1,169,715 99	\$45,411 20	\$3,682,895 20	\$4,898,022 39
1914.....	1,152,747 85	32,530 90	2,815,379 72	4,000,658 47
1915.....	1,179,606 93	32,346 28	1,716,082 82	2,928,036 03
1916.....	1,150,798 75	6,688 87	1,330,516 54	2,488,004 36

A large decrease is shown in 1915 and 1916 in the cost of public improvements, such as the construction and paving of highways and the construction of sewerage, paid for out of corporate stock, etc.

HIGHWAYS.

The mileage of streets under the jurisdiction of the President of the Borough of The Bronx, classified according to kinds of pavement, as at December 31, 1915, and 1916, was:

	1915.	1916.
Permanent Pavements	189.4	194
Macadam Pavements	122.4	122
Earth Roads	138.2	171
Total	450.0	487

Details of the Total Mileage of Permanent Pavements as at December 31, 1916.

	Miles.
Asphalt Block, 3-inch	56.50
Asphalt	57.19
Granite Block on Sand	27.42
Bituminous Concrete	24.03
Granite Block, Redressed	10.71
Granite Block, Modern	5.80
Granite Block, Old Method	4.84
Wood Block	4.38
Iron Slag Block	1.55
Asphalt Block, 2-inch	1.47
Medina Block	0.28
Trap Block	0.08
Brick	0.04
Total	194.29

SEWERS.

The mileage of the sewers and drains and the number of manholes, receiving basins and catch basins in the Borough of The Bronx are given below:

	1915.	1916.
Combined Water and Sanitary Sewers	316.988	324.634
Sanitary Sewers	35.918	36.103
Total	352.906	360.737
Total Pipe, Stone or Concrete Box and Open Drains	59.807	60.719
Number of manholes	16,083	17,723
Number of Receiving Basins	3,912	3,968
Number of Catch Basins or Inlets	686	694

FUNCTIONS OF BUREAUS.

The Bureau of Design prepares the plans and contracts for sewers and street improvements. The Bureau of Highways, Engineering, makes the preliminary surveys and investigations for proposed highways, bridges and viaducts; prepares estimates of cost for assessable proceedings for the information of the Local Boards and the Board of Estimate and Apportionment; supervises contract work for the construction of all highway improvements, viz., regulating, grading, paving, bridges and viaducts; prepares payment vouchers for work done under the supervision of the Bureau of Highways; makes record maps, showing in detail all work performed under each contract, and reports upon complaints and other communications referred to that bureau.

The following tabulation shows the miles of pavement laid under contract during 1915 and 1916:

	1915.	1916.
Bituminous Concrete	4.55	2.47
Sheet Asphalt	1.96	3.00
Modern Granite Block on Concrete	0.28	0.73
Granite Block on Sand	0.80
Redressed Granite Block	0.37	0.74
Asphalt Block, 3-inch Blocks	0.08

The amount earned under contracts in force during 1915 and 1916 was \$704,366.95 and \$562,694.83, respectively.

The Bureau of Sewers, Engineering, has practically the same functions in connection with sewers as the Bureau of Highways has in connection with highways.

The miles of sewers built in 1915 was 8.167 miles and in 1916, 7.046 miles. The amount earned under contracts in force in 1915 was \$535,879.12 and in 1916, \$391,776.40.

CASH RECEIPTS.

The cash receipts from various sources for the years 1915 and 1916 were:

	1915.	1916.
Restoring and repaving permits	\$41,070 18	\$45,572 25
Sewer connection permits	4,510 00	3,330 00
Vault permits	4,561 53	1,190 05
Miscellaneous Permits	560 75	2,382 97
Unexpended subpoena fees	133 92	82 35
Railroad companies, for paving and repaving between tracks	48,731 88	6,771 19

The increase in "General Administration" is due to the inclusion therein in 1915 and 1916 of the cost of the Motor Vehicle Service. Previous to these years this service was charged to the functions benefited by it.

The "General Engineering" increase is attributed to a change in 1915 and 1916 of the distribution of the engineering charges. During 1913 and 1914 the salaries of the Chief Engineer of Sewers and Highways, and only the salaries of engineers in the Topographical Bureau and the Bureau of Design and Sub-surface Construction were charged to General Engineering, and the engineering charges of the Sewers and Highways Bureaus were treated as a part of the cost of maintenance of sewers and highways. In 1915 and 1916 all of these charges were made to General Engineering.

The increased cost of the Care of Public Buildings and Offices, 1916 over 1913, is due principally to the maintenance of the County Court House, and the Children's Court House, additional activities.

The decrease in the "Maintenance of Sewers and Highways" is partly due to the diversion of engineering charges formerly made to this function to "General Engineering."

The expenses set forth in the summary statement above are sub-divided below according to the objects of expenditure or budget classification.

Section III.

Statistics and Unit Costs of the Principal Functions Chargeable to Tax Budget and Special Revenue Bond Funds.

General Engineering.—The work of the Topographical Division consists of making surveys, rule maps, drafting damage maps, etc., for condemnation of streets, etc.; the establishment, definition, care and maintenance of the city map; topographical survey of the borough, and other miscellaneous work, including reports, investigations, accident surveys, etc. On account of the nature of the work, unit costs are difficult to obtain without an elaborate system of time reports and the analysis of work accomplished.

The Division of Design prepares plans and contracts for the maintenance of sewers and street improvements, and compiles various statistics and records. The Sewer and the Highway Divisions supervise the maintenance work on sewers and highways, respectively.

Maintenance of Sewers and Highways.—The Division of Permits issues permits for street openings and other miscellaneous purposes, also makes sewer inspections and handles complaints relating to permits issued during the year. The work of the Division of Sub-Surface Structures consists of the accumulation of data relating to the location, size and character of all sub-surface structures in the borough, and plotting this information on "Record Maps."

The asphalt plant began operation on June 1, 1915. The charges made against the plant are for its operation and maintenance and are undistributed. These charges should have been prorated to the cost of maintenance of asphalt pavements on the basis of the output of the plant.

The Live Stock Service consists of the cost of maintenance during 1915 of 19 horses which were boarded and shod. Of this number, 15 horses were used in hauling material and 4 horses were assigned to inspectors having charge of highway maintenance. During 1916 there were 16 horses, of which 13 were used for hauling and 5 for inspectors.

Care of Public Buildings and Offices, Interior Bath.—The interior bath has 21 showers and 6 bath tubs in the female department and 79 showers and 5 bath tubs in the male department. The attendance was as follows: Male Department, 1915, 197,154; 1916, 256,324. Female Department, 1915, 34,539; 1916, 34,425.

Supervision and Inspection of Buildings.—This function includes the supervision over the construction of all new buildings and alterations to existing buildings in the Borough, consisting of the examination of plans filed for all structures, the inspection of the work by Inspectors until completion and the issue of certificates of occupancy, when such buildings have been completed.

During 1915 plans were filed for 962 new buildings estimated to cost \$28,119,100, and 3,026 old buildings were altered at a cost of \$1,232,026. During 1916, the number of plans were 650, estimated to cost \$16,725,582, and 3,037 alterations, estimated to cost \$1,699,478.

General Remarks.

The total cost of operation and maintenance of this department in 1916 shows a decrease, as compared with the 1915 cost, of \$51,560.81. Of this amount, \$18,407.86 is in personal service, \$35,128.15 in contract and open market order service, mostly in general repairs, \$2,324.46 in equipment, and \$943 in rent. These decreases are offset by increases of \$3,380.15 in supplies, \$1,769.25 in materials and \$93.26 in contingencies.

A comparison of increases and decreases in the costs of the various functions follows:

	Increases.	
	Amount.	Percentages.
General Administration	\$7,235 27	6.67
Care of Buildings and Offices.....	5,668 41	6.02
Supervision and Inspection of Buildings.....	325 04	.28
Total Increases	\$13,228 72	
	Decreases.	
General Engineering	\$22,964 64	14.21
Maintenance of Sewers and Highways	41,824 89	5.76
Total Decreases	\$64,789 53	

The General Administration increase is principally in motor vehicle service, \$3,781.71 in personal service for maintenance, \$2,833.16 in operating service, and \$1,235.46 in purchase of motor vehicles and equipment. These are offset by various decreases aggregating \$1,485.23.

The main increases in the care of public buildings and offices were in the cost of cleaning and general care of, and repairs and replacements to plant and equipment of, the Municipal Building, Tremont and Third avenues, amounting to \$4,819.43; to the cleaning, general care and equipment service of the Supreme Court offices in 1916 at a cost of \$4,372.34, no separate charge being made for this service in 1915; to increases

of \$3,988.71 in the repairs and replacements to the Court House at 162d street and Brook avenue; and to an increase of \$3,483.77 in the cleaning, general care, operation and repairs to plant and equipment of the 137th Street Court House, there being no similar charges in 1915. These increases are offset in part by various decreases, the principal ones being \$5,740.78 in executive and undistributed charges and \$4,921.53 in miscellaneous offices and buildings.

The decrease in general engineering of \$22,964.64, or 14.21 per cent., would naturally follow the heavy decrease in the expenditures for public improvements, these having fallen from \$4,900,000 in 1913 to \$2,500,000 in 1916. The reduction in general engineering has been secured largely by the non-filling of vacancies.

The largest saving is in Maintenance of Sewers and Highways, \$41,824.89, composed chiefly of decreases to cost of cleaning and repairing bridges, \$31,339.79; cleaning, general care, etc., of building, shops, stables and yards, \$5,319.03.

So far as can be judged from the figures submitted, the financial results attained by the department in 1916 are very satisfactory. It is highly probable, however, that by increased study of the detailed costs and statistics upon which they are based, still further savings can be effected. Respectfully,

ROBERT B. McINTYRE, Supervising Statistician and Examiner.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE TUESDAY, JANUARY 22, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

CHARLES L. CRAIG, Comptroller.

REPORT FOR QUARTER ENDED SEPT. 30, 1917.

The Department as a Whole.

During this quarter the Trustees considered a detailed analysis of the departmental estimates to be presented for 1918, the total of which was in the sum of \$2,549,840, and provided for a number of increases to bring positions to the minimum of the grade prescribed by the Bureau of Personal Service of the Board of Estimate, also increases for efficiency and length of service, in addition to the new positions required for the efficient administration of the hospitals of the department.

In compliance with the suggestion developed at the hearings of the Budget Committee, the Trustees have authorized a survey of all the clerical duties in order that the work may be reorganized and co-ordinated and placed in charge of the Chief Clerk, with a view to avoiding duplication and ultimate economy for the City.

The Board of Aldermen has authorized an issue of special revenue bonds in the sum of \$40,000 to replenish the supply accounts.

A request was made of the Board of Aldermen for permission to purchase in the open market, without public letting, certain medical and surgical and food supplies required by the department.

In compliance with a request from the Department of Finance made in connection with the department's application for additional funds for food supplies, all repair or other work for which appropriations were made for 1917 which could possibly wait until 1918 were discontinued in order that the funds could be made available for food supplies and medical and surgical supplies.

In view of the economic conditions prevailing, the department has had great difficulty in securing and retaining employees. Many changes occurred in response to military duty. As a result we are obliged to employ many who would not ordinarily be considered desirable.

Frequent changes have occurred among the members of the interne staff of the various hospitals, the older men being called for military service and their substitutes have not had the six months' hospital experience required. It has therefore become necessary and will continue to be necessary, during the period of the war, to place internes on ambulance duty and in the admitting office who do not meet the qualifications of having six months' hospital service. For this reason the Trustees have abrogated, for the period of the war, the rule regarding this requirement.

As the Government desires to save wheat, the Trustees instructed the General Medical Superintendent to see what could be done to provide bread for the doctors, nurses and employees in the hospitals of the department, containing 60 per cent. wheat and 40 per cent. other ingredients and also to see what could be done to bake our own bread.

The President of the Board of Trustees conferred with representatives of the National Administration in Washington regarding the shortage of internes and prospective internes for hospital service due to the draft law and men entering the Medical Reserve Corps, and the need of taking steps to relieve the situation, with the result that he was informed that the subject would be taken under consideration.

Due to the great many absences caused by men entering military service, the Trustees adopted a rule to the effect that a leave of absence would not be granted

unless a substitute was named by the applicant to cover the service and that the substitute was approved by the Medical Board of each hospital.

Several years ago the employment of special nurses in the hospitals of the department was provided at the expense of the City for nurses, doctors and various patients whose condition required constant nursing and attention. It has been found desirable to limit the employment of special nurses to periods of twenty-four hours each, the visiting physician or surgeon renewing the request in writing, if necessary, subject to the approval of the General Medical Superintendent.

Bellevue Hospital.

In view of the great delay in obtaining funds for the construction of pavilions F and G, and the question of solving the kitchen problem at Bellevue, consideration was given to the subject of obtaining corporate stock to build at least the kitchen section of these pavilions, the remaining portions to be erected as soon thereafter as funds became available. The architect was requested to furnish an estimate of the cost of constructing this part of the building and tunnels to connect with pavilions A and B, I and K, and L and M. On account of the very high estimate of \$650,000 and the present cost of building construction, the subject was laid over for further consideration.

The General Medical Superintendent and the Director of the Alcoholic and Psychopathic Services have been requested by the government authorities to assist in the medical examination of recruits at the regiment armories and at the camps. Permission was granted to do this work if it could be done without interfering with the work of the hospitals. To comply with a further request from the government the Director of the Alcoholic and Psychopathic Services has asked for an indefinite leave of absence, which was approved after he had submitted a plan of organization for covering the work of the Psychopathic Service during his absence.

The wards in the old buildings which have been altered for the Alcoholic and Prison services have been placed in use.

The Trustees approved the plan formulated by the Bellevue Training School for Nurses to give a course of training in nursing for non-resident students.

A large picture of A. A. Smith, who died recently and who was for many years Visiting Physician at Bellevue Hospital, has been donated by Mrs. Smith and is now hung in the staff room.

The dining rooms for employees at Bellevue having become greatly overcrowded because of the physical layout, and it having been impossible to serve properly the five to six hundred employees three meals daily, the Trustees requested the Board of Estimate and Apportionment for an issue of corporate stock in the sum of \$3,000 to prepare the basement of pavilions I and K to provide additional space for a dining room for these employees.

A contract has been awarded for enclosing the loggias on pavilions I and K, to the lowest bidder, Victor B. Hess, in the sum of \$1,425.

The department has had considerable difficulty with the installation of the power plant equipment at Bellevue, the work of the abandoned contract of the Reliance Engineering Company having been finally completed by C. R. Jacobsen.

The Department of Docks and Ferries, as a result of an examination of the boat "Southfield," reported that the boat appeared to be in good condition but that repairs would be required to the superstructure and the guards at an estimate cost of \$2,000. As no funds were available, a request was made for this purpose in the departmental estimate for 1918.

The work of the Simes Company for the installation of electrical fixtures in the Radiographic Department of pavilions I and K has been accepted and final payment authorized, on the recommendation of the Building Committee and the architects.

An extension of four weeks' time was granted to the Chamberlain Metal Weather Strip Company on their contract for the installation of screens in pavilions A and B on account of the difficulty in obtaining wire under the present conditions.

The Trustees obtained through the Sinking Fund Commission a lease for two years of the building to be erected on the plot adjoining Osborn Hall. This building is to be used to house the nurses, the residence being overcrowded.

Gouverneur Hospital.

The contract for the painting of the new building for the Out Patient Department was awarded on July 10 to the Ulshen, Weiskopf Company in the sum of \$1,322.50.

The work under the contract for the installation of the heating and ventilating equipment in the new building for the Out Patient Department was accepted on the recommendation of the Building Committee and the architect.

The construction of a bridge connecting the hospital with the new building for the Out Patient Department is contemplated and the architect has been instructed to prepare plans for transmission to the Board of Estimate.

The Board of Estimate and Apportionment having approved the plans and specifications and estimate of cost for making repairs and alterations to the day camp boat "John H. Huddleston" a contract was awarded to M. Osserman, in the sum of \$4,105, on Aug. 30 for this work, the boat having been brought to Bellevue Hospital for this purpose. In the meantime a committee of the Board of Trustees is considering plans for the open air school formerly conducted on this boat and since carried on in a building belonging to the City directly southeast of the hospital.

The Board of Estimate having approved plans and specifications and estimate of cost for furnishing and installing piping and connections for the heating system between Gouverneur Hospital and the Out Patient Department arrangements for obtaining bids are in course of preparation.

Harlem Hospital.

On July 19 a contract for the layout of the grounds at Harlem Hospital was awarded to the lowest bidder, Jennings & John, in the sum of \$13,800, on the recommendation of the Building Committee and the architects.

Preparations are being made for receiving bids for work at Harlem Hospital, involving the enlargement of the ambulance station; converting the stable into a garage; enclosing the north and south balcony ends of the old building; north entrance to the nurses' home; moving vacuum tanks, and furnishing and installing sump pump.

An opinion has been received from the Law Department regarding the closing of the contract for the alterations to the machine room, coal vault and storage room at Harlem Hospital, which contract was abandoned by the Andrews Building Company and undertaken by the Southern Surety Company, who, in turn, abandoned the contract, and which was finally completed by the Voss Ice Machine Works. The opinion sets forth that as the work was completed for \$2,375 less than the original contractor agreed to do it, the City is entitled to retain that amount and that no liquidated damages are assessable as the contractor or the surety did not complete the work.

Another contract which is causing the Trustees considerable trouble is the contract of the W. H. Jamouneau Company for the installation of screens and awnings. In order to close the contract the Trustees, on recommendation of the Building Committee, accepted the work with the provision that \$92.25 be deducted for the work not completed in accordance with the specifications and the contractor was requested to show cause why liquidated damages should not be assessed in accordance with the terms of the contract. In the meantime the Corporation Counsel was requested for information in regard to reforming this contract to reduce the liquidated damages from \$30 to \$5 a day. We have since learned that such an amendment could not be made.

The creation of the position of Assistant Neurologist to have charge of such cases at the hospital and the Out Patient Department has been approved.

In carrying out the reorganization of the medical and surgical administration a plan has been developed to improve the service in the Out Patient Department and co-ordinate the work with the hospital and also the Pediatric Service.

Provision will also be made in the departmental estimate for 1918 for the needs of the Gynaecological Service, the appointment of a Technician for the pathological work of the laboratory, and also to provide for a full time social service nurse in the admitting office and the cardiac clinic.

In view of the fact that a number of men have obtained leaves of absences on account of military service the Medical Board has received permission to arrange with the surgical directors for the assignment to the Gynaecological Service of one of the surgical adjuncts not at the time on hospital duty.

Fordham Hospital.

The sum of \$40,000 having been granted by the Board of Estimate for the construction of a new roof ward for Fordham Hospital the Trustees authorized the appointment of Raymond F. Almira as architect for the work, and have under consideration at the present time sketch plans for the new roof ward.

The appointment of an expert telephone operator was authorized, to meet the situation in the office. ARDEN W. ROBBINS, Secretary, Board of Trustees.

STATE INDUSTRIAL COMMISSION—DEPARTMENT OF LABOR.

Resolution Adopted.

WHEREAS, THE DIVISION OF FACTORY Inspection has submitted to this Commission appeals filed from orders issued by said Division of Factory Inspection, said appeals being from a strict compliance with the provisions of the rules and regulations of the Code and from the provisions of the law, the granting of which would necessitate a variation of law; and

WHEREAS, the said Division of Factory Inspection has had a reinspection made in each case, and upon the report submitted sets forth the following facts and recommendations:

(1) Premises affected, Brooklyn, Kent ave. and S. 9th st.; appellant, Wm. H. Hirst. 2—Properly guard crank shafts of ice machines. (11-27-17) These ice machines are engines with large flywheels making 35 to 40 revolutions per minute; crank shafts are protected by base of engine, which projects about 2 feet from said crank shaft. Shaft practically guarded by position; engineer must necessarily feel of these crank shafts when running, which operation would be more dangerous if guard were provided, inasmuch as the engineer would be liable to be caught between guard and shaft.

Recommendation—Waiver of order.

(2) Premises affected, Buffalo, 445 Ellicott st.; appellant, John H. Kamman Co. Request for permission to use 3d floor of building for factory purposes. 5-story building; open lofts; no sprinkler; no combustibles; no fire alarm; exit, one wood enclosed stairway from 1st to 5th floors; occupancy, 24; 8 on 2d floor, 1 on 3d floor.

Recommendation: Permission be granted to employ not to exceed two persons on 3d floor on condition that one window on 3d floor be changed to nonfireproof doorway opening outwardly onto 2-story building, giving access to adjoining roof and egress therefrom to street, said doorway to measure 2 by 6 feet, and further that employees be located between present stairway and window.

(4) Premises affected, Buffalo, 362 Elk st., rear; appellant, Superior Brass Co. Equip upright melting furnaces with a standard rail, such platform to be metal or fireproof material and extend along the front and sides of furnaces, flush with the crown plate and at least 4 feet wide. Brass foundry has three upright melting furnaces provided with a metal slat platform 4 feet wide extending along the front of furnaces, the crown plates of furnaces at 13 inches, 14 inches and 15 inches respectively above platform; mechanical means have been provided to remove molten metal from furnaces.

Recommendation: Waive order, inasmuch as there is but 1 to 3 inches above the required 12 inches and mechanical means are provided for removing molten metal from furnaces.

(4) Premises affected, Buffalo, 143 W. Mohawk st.; appellant, H. C. Moffat. 4—Prohibit occupancy. 5—Additional exit, brew house. 6—Additional exit, drum malt house. 7—Additional exit, malt house. 3—and 4-story nonfireproof buildings; open lofts; no sprinkler; no combustibles; no fire alarm system; occupancy, 13; above 1st floor, 2 to 4 occasionally; above 2d floor, 1 to 2 occasionally. Drum malt house: Stairway, 4th to 1st floors; horizontal exit, 3d, 2d and 1st floors, same have sliding fireproof self-closing doors on all floors but 1st; 1st floor has swinging fireproof both sides, but not self-closing. Brew house: Stairway 4th to 3d and 3d to 1st floors; horizontal exits; sliding doors on both sides 4th floor to 4th floor malt house; also horizontal exits on 1st, 2d, 3d floors drum malt house; horizontal exit of 1st floor has swinging door on one side. Floor malt house: Stairway 4th to 1st floor; horizontal exit on 4th floor to brew house and stairway 4th to 3d floors; 2d floor level with roof of shed adjoining; same reached from windows on one side; egress to ground by ladder from roof; egress from roof to any of adjoining sections over fire walls.

Recommendation: On account of low occupancy, accept present exits if doors to horizontal exits, 1st floor drum malt house are made self-closing.

(5) Premises affected, Buffalo, 1454 Seneca st.; appellant, Larkin & Co. Fireproof doors at all openings of fireproof enclosure conveyor shafts. Two-story fireproof building erected since Oct. 1, 1913; open lofts; no sprinkler; no combustibles; no fire alarm; occupancy, 41; above 1st floor, 23; exits, two interior fireproof enclosed stairways; conveyor shaft has been enclosed in fireproof material from cellar to underside 1st floor ceiling and equipped with fireproof doors; 2d floor enclosed; floor to ceiling of 2d floor about 22 feet to conveyor shaft machinery, which is 4 feet beyond shaft line; pottery manufactured; material used, wet clay.

Recommendation: Accept as compliance with orders a fireproof enclosure to be provided in 2d floor to height of 6 feet.

(6) Premises affected, Buffalo, 113 East Delaware st.; appellant, Stewart Motor Corp. 6—Prohibit occupancy. 10—Additional exit. (9-15-17) 3-story building; open lofts; fire alarm system not installed; sprinkler (83-b); combustibles; occupancy, 16; above 1st floor, 8; above 2d floor, 3; exits, one interior stairway; vertical ladder on south side; imperfect horizontal exit on 2d floor only.

Recommendation: Accept iron stairway from 3d floor to roof of one-story building; stairway to be 3 feet wide with door opening onto one-story roof; windows underneath to be fireproofed and stairway from roof to ground; balcony to be 3 by 4 feet with nonfireproof door

3d floors leading to 3-story building; firm carries from 1 to 5 bales of excelsior in packing room on 2d floor, main supply being in separate building; on 3d floor is supply of moss, hair and upholstery material; 6 men are employed on 5th floor; on this floor are two gallons of turpentine in tin cans; 5 to 7 gallons shellac in jugs; 5 to 7 gallons benzine in tin cans and 50 to 60 gallons varnish in metal dipping tanks with metal covers. Main supply of combustibles kept in separate building.

Recommendation: Inasmuch as larger part of combustibles are kept on top floor and occupancy above the 3d floor but 12, waive order on condition that the supply of combustibles on these floors be kept at a minimum, all waste material be either burned or removed from building each day, same not to be allowed to accumulate on floor; that main supply of combustibles be kept in separate building, and further, that a man be kept permanently gathering and removing waste material.

(9) Premises affected, Johnstown, 29 North Market st.; appellant, J. H. Decker, Sons & Co. 4—Additional exit. 5—Prohibit occupancy. 6—Fire alarm system. 3- and 4-story building; divided lofts; sprinkler; unapproved fire alarm system; no combustibles; occupancy, 43; above 1st floor, 29; above 2d floor, 20; exits, interior stairway 1st to 4th floors in 4-story portion; 2 interior stairways 1st to 3d floors in 3-story building; three means of exit from each floor but 4th floor; 4th floor measures 40 by 25 feet and used for storage of packing cases and old equipment; visited by one man occasionally.

Recommendation: Accept while no one permanently employed on 4th floor a stationary wooden ladder from 4th to 3d floor at a point on easterly side along south wall, with 30-inch scuttle hole with hinged door.

(10) Premises affected, Minetto (Sizer Building); appellant, Columbia Mills, Inc. Additional exit. (2-21-17) 1-, 2- and 3-story buildings; no fire alarm; sprinkler installed; no combustibles; occupancy, 19; above 1st floor, 1; above 2d floor, 1; exit, in 3-story building one interior unenclosed wooden stairway; 2-story building has wooden stairway along easterly wall.

Recommendation: That stairway erected along easterly side of 3-story building, same to be fireproof enclosed, connecting "Sizer Building" on each floor, present wooden stairway in 3-story section to be removed; as second means of exit from 3-story section, while conditions and occupancy remain unchanged, accept stationary wooden ladder from 3d floor to ground, accessible from window on each floor on westerly side.

(11) Premises affected, Rochester, 27 East ave.; appellant, David E. Morris. 4—Fireproof windows on course of fire escape. (10-26-17) 3-story miscellaneous factory building erected since Oct. 1, 1913; open lofts; no sprinkler; combustibles; fire alarm system; occupancy, 28; factory, 15; other, 33; above 1st floor, 18; above 2d floor, 15; exits, one interior stairway not enclosed with fireproof partitions, same having been accepted by variation granted May 2, 1917; doors to stairway open out; fire escape on south, some of the openings on the course of which are not fireproofed; doors 6 feet 5 inches high by 2 feet wide; exits remote; openings to which this order refers are on ground floor and small in area; 1st floor restaurant; 2d floor pool room; 3d floor factory.

Recommendation: Waiver of order to fireproof the small windows on ground floor on course of fire escape.

(12) Premises affected, Rochester, 319 W. Main st.; appellant, Probst Realty Co. 1—Additional exit. 2—Prohibit occupancy. (12-31-17) 3-story fireproof factory and storage building; open lofts; no sprinkler; no combustibles; occupancy, 16; factory, 7; other, 9; above 1st floor, 7; above 2d floor, 7; one interior stairway enclosed fireproof; doors open out, but are not self-closing; perfect fire escape on westerly side, with fireproof openings 5 feet 6 inches high by 28 inches wide; exits remote; no egress from roof; wholesale paper warehouse and manufacture of paper bags; 7 employees on 3d floor, north end; 2d floor storage; fire escape has door at 3d floor to roof of two-story building on west and another escape to grade from said roof.

Recommendation: Acceptance of present exits.

(13) Premises affected, Rochester, 165 North Water st.; appellant, Rochester Power Co. 2—Additional exit. (1-8-15) 6-story nonfireproof building; open lofts; section 8 3-a sprinkler; no combustibles; fire alarm signal system installed; occupancy, 247; above 1st floor, 236; above 2d floor, 226; exits, one interior stairway enclosed with fireproof partitions, doors to which open out and are self-closing; imperfect fire escape on west, openings to which are nonfireproof; exits remote; no egress from roof.

Recommendation: Acceptance of fire escape as second means of exit if balconies and stairs be screened to a height of 5 feet, one window on course of each balcony to be changed to a non-fireproof door opening out so as not to obstruct

the balcony, and measuring 2 by 6 feet; in lieu of fireproof openings accept a sufficient number of sprinkler heads over the openings to balconies on all floors to provide an adequate water curtain.

(15) Premises affected, Rochester, 36 St. Paul st.; appellant, Cox Realty Co. Doors to stairway enclosure to swing outwardly. To swing these doors outwardly would obstruct the passageway unless each door were vestibuled.

Recommendation: Accept doors as now constructed until the adoption of the Code covering exit facilities from buildings used for mercantile and factory purposes.

(16) Premises affected, Rochester, Aqueduct st.; appellant, Rochester Railway & Light Co. Additional exit. (2-1-17) 5-story building; open lofts; sprinkler; combustibles; no fire alarm; 3 to 4 persons engaged at handling stoves and assembling same; exits, one interior stairway and imperfect fire escape on rear; no egress from roof; exits remote.

Recommendation: Acceptance of fire escape as exit while occupancy remains unchanged.

(17) Premises affected, Syracuse, 318-324 Pearl st.; appellant, Rogers & Hilton. Fire alarm system; fire drills. (2-21-17) 3-story building; non-fireproof; open lofts; no sprinkler; no combustibles; no fire alarm; exits, fire escape erected according to plan approved by this department and an unenclosed interior wooden stairway; basement used as storeroom and but one person employed therein; 1st floor has 12 employees; 2d floor 18, 3d floor 15.

Recommendation: Inasmuch as there is no inflammable material and occupancy above the 1st floor is but 33, accept a Class "B" system.

(18) Premises affected, Troy, 261 River st.; appellant, R. C. Reynolds. Enclose stairway fire resisting. Provide additional means of exit. 6-story nonfireproof; open lofts; no sprinkler; combustibles; no fire alarm; occupancy, 16; 8 on factory work; above 1st floor, 2; above 2d floor, 1; exits, one interior stairway not enclosed with fire-resisting partitions; doors open out but are not self-closing; 1st, 2d, 5th and 6th floors have horizontal exits leading to main building; exits not remote; 2d floor rear building at same floor level as 1st floor of main building.

Recommendation: Acceptance of doorway unenclosed and horizontal exits on 1st, 2d, 5th and 6th floors while conditions and occupancy remain unchanged.

AND it appearing that there are practical difficulties and unnecessary hardships in complying with the strict provisions of law and the rules and regulations of the Industrial Code on the premises noted above, and that in granting the variations herein provided for, the spirit of the law will be observed and public safety secured;

It further appearing that each of the appellants herein has been notified that he would be given an opportunity to appear and be heard at this time and place if he so desired, and such of the appellants who appeared having been heard by the Commission, therefore

Be it resolved by the State Industrial Commission that the variations noted in each of the cases set forth above be and they hereby are granted to the appellants for the premises noted, and that such variations be effective only during the time that the conditions remain as of this date.

STATE OF NEW YORK, OFFICE OF THE STATE INDUSTRIAL COMMISSION, ss.:

I, WILLIAM S. COFFEY, Secretary of the State Industrial Commission of the State of New York, DO HEREBY CERTIFY that I have compared the foregoing copy of a resolution with the original thereof, duly adopted by the State Industrial Commission on the 16th day of January, 1918, and duly filed in the office of said Commission, and that the same is a true and correct copy and transcript of said resolution and of the whole thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the State Industrial Commission this 18th day of January, 1918.

W. S. COFFEY, Secretary.

DEPARTMENT OF FINANCE.

Sales of Tax Liens.

Notice of Sale of Tax Liens of the City of New York, for Unpaid Taxes, Water Rents and Assessments for Local Improvements upon Lands and Tenements within that part of the City of New York, now known and described as the Borough of Manhattan, affecting Property as shown on the Tax Map of said City for said Borough of Manhattan.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES AND ASSESSMENTS, MUNICIPAL BUILDING, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Under the direction of Hon. William A. Prendergast, Comptroller of the City of New York, I, Daniel Moynahan, Collector of Assessments and Arrears, hereby give public notice, pursuant to the provisions of Chapter 17, Title 5, of the Greater New York Charter:

That the respective owners of the lands and tenements in the Borough of Manhattan, in the City of New York, as said lands and tenements are shown upon the Tax Map of said City for said Borough, on which any taxes or any assessment for local improvements have been imposed and become a lien and have remained unpaid for three years since the same were due and payable, or on which any water rent has been imposed and become a lien and has remained due and payable for four years since the same was due and payable, have been imposed and become a lien and have remained unpaid for three years since the same were due and payable, are required to pay the amount of said taxes, assessments and water rents together with all unpaid taxes, water rents and assessments affecting such lands and tenements which became a lien and were due and payable prior to November 15, 1917 (the taxes, water rents and assessments for local improvements required to be paid, thus comprising all unpaid taxes and water rents affecting said properties contained in assessment rolls down to and including the assessment roll of the City of New York for the year nineteen hundred and sixteen and all assessments for local improvements affecting said properties confirmed and entered up to November 4, 1917, inclusive), with all penalties thereon remaining unpaid, together with the interest thereon at the rate provided by law from the time the same became liens so as to be due and payable to the date of payment and the charges of this notice and advertisement to the Collector of Assessments and Arrears, at his office on the third floor of the Municipal Building, situate at Centre st., Duane st. and Park Row, Borough of Manhattan, in the City of New York.

AND NOTICE IS HEREBY GIVEN that if default be made in such payment the lien of the City of New York upon any of said lands and tenements for any tax, assessment or water rent which became a lien so as to be due and payable before November 15, 1917, will be sold at Public Auction in Room 310, third floor, Municipal Building, Borough of Manhattan, in the City of New York on

THURSDAY, MARCH 7, 1918.

at two-thirty o'clock in the afternoon of that day, for the lowest rate of interest, not exceeding twelve per centum per annum, at which any person or persons shall offer to take the same in consideration of advancing the said taxes, water rents and assessments and penalties, as the case may be, and interest thereon as aforesaid to the time of sale, the charges of notice and advertisement and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all said liens for taxes, water rents and assessment for local improvements so advertised for sale affecting such lands and tenements shall be sold.

The transfer of tax lien to be executed and delivered to the purchaser thereof pursuant to the terms of said sale shall be subject to the lien for and the right of the City of New York to collect and receive all taxes, water rents and assessments for local improvements and penalties and interest thereon which accrued and became a lien, or which shall accrue and become a lien upon said premises so as to be due and payable on and after the date stated in the first advertisement of said sale as stated herein, namely the 15th day of November, 1917 (i. e., the lien for and the right of the City of New York to collect and receive all taxes and water rents, included in the assessment rolls of the City of New York for the years subsequent to 1916, and assessments for local improvements entered subsequent to November 4, 1917).

NOTICE IS HEREBY FURTHER GIVEN that a particular and detailed statement of the property affected showing section or ward, block and lot number thereof as the same may be on the Tax Map of the City of New York for the Borough of Manhattan, a description of which as indicated thereby and by the assessment rolls, and the tax liens thereon, which are to be sold, is as follows:

DANIEL MOYNAHAN, Collector of Assessments and Arrears of The City of New York.

Notice of Sale of Tax Liens of the City of New York, for Unpaid Taxes, Water Rents and Assessments for Local Improvements Upon Lands and Tenements Within That Part of the City of New York Now Known and Described as the Borough of The Bronx, Embraced in Sections 14, 15, 16, 17 and 18 (Formerly 24th Ward Annexed Territory).

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES AND ASSESSMENTS, MUNICIPAL BUILDING, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Under the direction of Hon. William A. Prendergast, Comptroller of the City of New York, I, Daniel Moynahan, Collector of Assessments and Arrears, hereby give public notice, pursuant to the provisions of Chapter 17, Title 5, of the Greater New York Charter:

That the respective owners of the lands and tenements in the Borough of The Bronx, in the City of New York, embraced in Sections 14, 15, 16, 17 and 18 (formerly 24th Ward, Annexed Territory), as said lands and tenements are shown upon the Tax Map of said City for said Borough on which any taxes or any assessment for local improvements have been imposed and become a lien and have remained unpaid for three years since the same were due and payable, or on which any water rent has been imposed and become a lien and has remained due and payable for four years since the same was due and payable, are required to pay the amount of said taxes, assessments and water rents, together with all unpaid taxes, water rents and assessments affecting such lands and tenements which became a lien and were due and payable prior to March 15th, 1917 (the taxes, water rents and assessments for local improvements required to be paid, thus comprising all unpaid taxes and water rents affecting said properties contained in assessment rolls down to and including the assessment roll of the City of New York for the year 1916, and all assessments for local improvements affecting said properties confirmed and entered up to March 4th, 1917, inclusive), with all penalties thereon remaining unpaid, together with the interest thereon at the rate provided by law from the time the same became liens so as to be due and payable to the date of payment and the charges of this notice and advertisement to the Collector of Assessments and Arrears, at his office on the fourth floor of the Bergen Building, corner of Arthur and Tremont aves., Borough of The Bronx, City of New York.

AND NOTICE IS HEREBY GIVEN that if default be made in such payment the lien of the City of New York upon any of said lands and tenements for any tax, assessment or water rent which became a lien so as to be due and payable before March 15th, 1917, will be sold at Public Auction at the Bureau for the Collection of Assessments and Arrears, fourth floor, Bergen Building, corner of Arthur and Tremont aves., Borough of The Bronx, in the City of New York, on

MONDAY, FEBRUARY 25, 1918.

at two-thirty o'clock in the afternoon of that day, for the lowest rate of interest, not exceeding twelve per centum per annum, at which any person or persons shall offer to take the same in consideration of advancing the said taxes, water rents and assessments and penalties, as the case may be, and interest thereon as aforesaid to the time of sale, the charges of notice and advertisement and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all said liens for taxes, water rents and assessments for local improvements so advertised for sale affecting such lands and tenements shall be sold.

The transfer of tax lien to be executed and delivered to the purchaser thereof pursuant to the terms of said sale shall be subject to the lien for and the right of the City of New York to collect and receive all taxes, water rents and assessments for local improvements and penalties and interest thereon which accrued and became a lien, or which shall accrue and become a lien upon said premises so as to be due and payable on and after the date stated in the first advertisement of said sale as stated herein, namely, the 15th day of March, 1917 (i. e., the lien for and the right of the City of New York to collect and receive all taxes and water rents, included in the assessment rolls of the City of New York for the years subsequent to 1916, and assessments for local improvements entered subsequent to March 4, 1917).

NOTICE IS HEREBY FURTHER GIVEN that a particular and detailed statement of the property affected showing section or ward, block and lot number thereof as the same may be on the Tax Map of the City of New York for the Borough of The Bronx and the tax liens thereon which are to be sold, is published in a pamphlet and that copies thereof are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of The Bronx and Manhattan and will be delivered to any person applying for the same.

Dated, New York, November 14, 1917.

DANIEL MOYNAHAN, Collector of Assessments and Arrears of The City of New York.

This notice applies to arrears as of March 15, 1917.

THURSDAY, JANUARY 31, 1918.
 CONTRACT NO. 1595.
 FOR FURNISHING AND DELIVERING OILS AND GREASE.

The time for the completion of the work and the full performance of the contract is on or before the expiration of sixty consecutive calendar days.

The amount of the security for the performance of the contract shall be thirty per cent. (30%) of the total amount for which the contract is awarded.

The deposit to accompany bid shall be in an amount not less than one and one-half per cent. (1½%) of the total amount of the bid.

All bids shall be submitted on the form furnished by the City. The bidder shall state thereon, against such items on which he desires to bid, the price per unit of measure at which he is prepared to furnish and deliver such supplies, and shall extend such totals as may be required on the schedules. In case of discrepancy between the unit and total price, the unit price will be considered as the bid.

Awards, if made, will be made by items. Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the said Department.

Notices of Examinations.

PUBLIC NOTICE IS HEREBY GIVEN THAT applications will be received by the Municipal Civil Service Commission, Municipal Building, Manhattan, New York City, from

WEDNESDAY, JANUARY 16, 1918, TO WEDNESDAY, JANUARY 30, 1918,
for the position of
STENOGRAPHER AND TYPEWRITER, GRADE 2, MALE.

No applications delivered at the office of the Commission, by mail or otherwise, after 4 p. m., WEDNESDAY, JANUARY 30, 1918, will be accepted. Application blanks will be mailed upon request, provided a self-addressed stamped envelope or sufficient postage is enclosed to cover the mailing. The Commission will not guarantee the delivery of the same. Postage on applications forwarded by mail must be fully prepaid.

Applicants must be citizens of the United States and residents of the State of New York. The subjects and weights of the examination are: Transcription, 7; 70 per cent. required. Letter, 3. General average, 70 per cent. required.

A qualifying physical examination will be given. Applications for the examination must be filed on a special blank, Form

Duties—The duties of incumbents of these positions are to take symbolic notes of and to typewrite work which may include technical, scientific, legal or other matter recognized as difficult dictation, and to perform incidental clerical work.

Requirements—Three letters will be dictated to the candidates, the dictation of each letter being completed in one minute. Each letter will contain one hundred words. Each candidate may select any one of the three letters for transcribing. Each candidate will be permitted to hand in only one transcript. In rating accuracy, exactness, correctness of form, neatness, freedom from interlineations, alterations, etc., will be considered.

Candidates must furnish their own notebooks, typewriting machines, pens and ink. The Commission will not at any time or in any way be responsible for machines, nor will any allowance be made where machines are missing, late in arriving, defective or out of order on the day of the examination.

Candidates must be at least 16 years of age on the date of filing application.

The compensation rates proposed by the Board of Estimate and Apportionment for this position are from \$840 to \$900. Under the terms and conditions of the budget for the year 1918, appointments will, as a rule, be made at the lowest compensation rate.

Vacancies occur from time to time. The term of the eligibility of the list resulting from this examination is fixed at not less than one year nor more than four years.

j16,30 CHARLES I. STENGLE, Secretary.

PUBLIC NOTICE IS HEREBY GIVEN THAT applications will be received by the Municipal Civil Service Commission, Municipal Building, Manhattan, New York City, from

MONDAY, JANUARY 14, 1918, TO MONDAY, JANUARY 28, 1918,
for the position of
ACTUARIAL CLERK, GRADE 4.

No applications delivered at the office of the Commission, by mail or otherwise, after 4 p. m., MONDAY, JANUARY 28, 1918, will be accepted. Application blanks will be mailed upon request, provided a self-addressed stamped envelope or sufficient postage is enclosed to cover the mailing. The Commission will not guarantee the delivery of the same. Postage on applications forwarded by mail must be fully prepaid.

Applicants must be citizens of the United States and residents of the State of New York.

The subjects and weights of the examination are: Duties, 4; Mathematics, 3; Experience, 3; 70 per cent. is required on Experience, 70 per cent. on all. The examination in Mathematics will include calculations employed in the handling of actuarial problems, algebra and the use of logarithms.

A qualifying physical examination will be given.

Applications for this examination must be filed on a special blank, Form D, with insert.

Duties—Assisting in the adjustment of crude mortality rates prepared from tabulations in the computing department; constructing commutation columns; preparing annuity values and present values of pension benefits and working tables.

Requirements—Candidates must present evidence of at least one year's experience in the actuarial department of a life insurance company or similar institution in positions involving the actual performance of duties like those described above, or other experience tending to qualify them for this work. Candidates must be acquainted with mathematics as applied in actuarial work, especially logarithms, interest and annuities. Knowledge of actuarial terms and ability to read symbols and formulae are essential.

The requirement of paragraph 12, Rule VII, that no person who has entered any examination for appointment to a competitive position and failed, or who has withdrawn from an examination, shall be admitted within nine months from the date of such examination to a new examination for the same position, is waived for this examination.

Filing Tentative Decree—Notice to File Objections.

In the Matter of Acquiring Title by The City of New York to certain lands and premises on the westerly side of CROTONA AVENUE, between EAST 180TH and EAST 181ST STREETS, in the 24th Ward of the Borough of The Bronx, in the City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN TO THE owner and owners respectively entitled to or interested in the real property, title to which is sought to be acquired in the above proceeding, and to all others whom it may concern, to wit:

That the Supreme Court of the State of New York, at a Special Term for Trials, held in and for the County of Bronx, has, after considering the testimony and proofs offered by The City of New York and the parties and persons who have appeared in the above proceeding, completed its estimate of the compensation which should justly be made by The City of New York to the respective owners of the real property so acquired in this proceeding, and has prepared a transcript of its estimate of the damages so ascertained and estimated. Said transcript of estimate is accompanied by the damage map used by said Court upon the trial of said proceeding and states the several sums respectively estimated for each parcel shown on said damage map, with the names of each owner so far as ascertained. Said transcript of estimate, dated December 20, 1917, is signed by Hon. George V. Mullan, the Justice of the Supreme Court presiding at the trial of the above proceeding, and said transcript, accompanied by said damage map, together with the proofs upon which the same is based, was filed in the office of the Clerk of the County of Bronx on the 21st day of December, 1917, for the inspection of whomsoever it may concern.

NOTICE IS HEREBY FURTHER GIVEN

that The City of New York, or any person or persons whose rights may be affected by said transcript of estimate and who may object to the same or any part thereof, may, within fifteen days after the first publication of this notice, on January 19th, 1918, set forth their objections to the same in writing, duly verified, in the manner required by law for the verification of pleadings in an action setting forth the real property owned by the objector and his post-office address, and file the same with the Clerk of the County of Bronx, and within the same time serve upon the Corporation Counsel of The City of New York at his office, Room 1743, 17th floor, Municipal Building, Borough of Manhattan, City of New York, a copy of such verified objections.

NOTICE IS HEREBY FURTHER GIVEN

that on the 8th day of February, 1918, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon, the Corporation Counsel of The City of New York will apply to Hon. George V. Mullan, the Justice of the Supreme Court signing said transcript of estimate or tentative decree, at a Special Term, Part I, for the Hearing of Motions, of the Supreme Court, to be held in and for the County of Bronx at the County Court House in the Borough of The Bronx, City of New York, to fix a time when said Justice will hear the parties so objecting.

Dated, New York, January 19, 1918.

WILLIAM P. BURR, Corporation Counsel, Municipal Building, Borough of Manhattan, New York City.

Application to Court to Condemn Property.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the real property required for the opening and extending of CARLISLE PLACE, from East 211th street to East 213th street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, First Judicial District, at a Special Term of said Court, held in and for the County of Bronx, at the County Court House in the Borough of The Bronx, in the City of New York, on the 30th day of January, 1918, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, to have the compensation which should justly be made to the respective owners of the real property proposed to be acquired for such improvement ascertained and determined by the Supreme Court without a jury, and to have the cost of such improvement assessed by the said Court, as hereinafter set forth, in accordance with the resolution of the Board of Estimate and Apportionment.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public to the real property required for the opening and extending of Carlisle place from East 211th street to East 213th street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York. The real property, title to which is proposed to be acquired, is more particularly bounded and described as follows, to-wit:

Beginning at a point in the southern line of East 213th street, distant 195.022 feet easterly from the intersection of said line and the eastern line of Holland avenue; thence easterly along said southern line of East 213th street 50.0 feet; thence southerly, deflecting 90 degrees to the right 364.415 feet to the northern line of East 211th street; thence westerly along said northern line of East 211th street 52.0 feet; thence northerly 378.687 feet to the point of beginning.

Carlisle place is shown on "Amendment of Section 30 of the Final Maps of the Borough of The Bronx" filed in the office of the President of the Borough of The Bronx on January 9, 1911, in the office of the Register of the County of New York on January 4, 1911, as Map No. 1479, and in the office of the Corporation Counsel of the City of New

property deemed to be benefited thereby, and that the area of assessment for benefit in this proceeding be fixed and determined to be as follows:

Bounded on the north by a line midway between East 213th street and East 214th street; on the east by a line distant 100 feet easterly from and parallel with the easterly line of Carlisle place, the said distance being measured at right angles to Carlisle place, and by the prolongations of the said line; on the south by a line distant 100 feet northerly from and parallel with the northerly line of Tilden street, the said distance being measured at right angles to Tilden street, and on the west by a line midway between Carlisle place and Holland avenue and by the prolongations of the said line.

Dated, New York, January 18, 1918.
WILLIAM P. BURR, Corporation Counsel,
Municipal Building, Borough of Manhattan, City of New York. j18,29

In the Matter of Acquiring Title by The City of New York to certain lands and premises situated on and near the westerly side of SEVENTH AVENUE EXTENSION, between CARMINE STREET and LEROY STREET, in the Ninth Ward of the Borough of Manhattan, in The City of New York, duly selected as a site for an addition to a public library, according to law.

PURSUANT TO THE STATUTES IN SUCH case made and provided, notice is hereby given that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York at a Special Term, Part III thereof, to be held in and for the County of New York, at the County Court House in the Borough of Manhattan, in The City of New York, on the 30th day of January, 1918, at the opening of Court on that day, or as soon thereafter as counsel can be heard thereon, to have the compensation which ought justly to be made to the respective owners of the real property proposed to be taken in the above proceeding ascertained and determined by said Court without a jury.

The nature and extent of the improvement hereby intended is the acquisition of title in fee simple absolute to certain lands and premises, with the buildings thereon and appurtenances thereunto belonging, situated on and near the westerly side of Seventh Avenue Extension, between Carmine street and Leroy street, in the Ninth Ward of the Borough of Manhattan, in The City of New York, the same to be converted, appropriated and used as a site for an addition to a public library.

Said lands and premises so to be acquired are bounded and described as follows:

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue from the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher than any point than two feet below the curb opposite that point. The exterior walls and their foundation shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be in closed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
