MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, April 3, 1896. *To the Honorable the Board of Aldermen:*

GENTLEMEN—I return herewith, without approval, resolution of your Honorable Body, adopted March 26, 1896, permitting the erection of an awning at No. 121 Madison avenue, on the ground that the City Ordinances prohibit the erection of awnings on Broadway, Fifth avenue, Madison avenue and Lexington avenue.

Yours, respectfully,

W. L. STRONG, Mayor.

Resolved, That "Number 121 Madison Avenue Company" is hereby authorized and empowered to construct and maintain a permanent awning extending across the sidewalk and outside of the stoop-line opposite the doorway as now situated at No. 121 Madison avenue, provided that said awning shall in all respects be constructed in conformity with the provisions of the ordinance of the Common Council of the City of New York, passed the 10th day of May, 1886, such work to be done at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, April 6, 1896. *To the Honorable the Board of Aldermen:*

GENTLEMEN—I return herewith, for amendment, resolution of your Honorable Body to pave the east and west carriageway of Park avenue, from Ninety-seventh to One Hundred and Second street, with asphalt blocks on concrete foundation, on the ground of the report of the Commissioner of Public Works that the easterly carriageway, between One Hundred and First and One Hundred and Second street, where the grade is 7 3-10 per cent., is too steep for any kind of asphalt pavement.

It is therefore recommended that the ordinance be amended by leaving out the east carriageway, between One Hundred and First and One Hundred and Second streets, and a separate ordinance be adopted to pave that carriageway with granite blocks on concrete foundation.

Yours, respectfully,

W. L. STRONG, Mayor.

Resolved, That the carriageway of Park avenue lying east and west of the railroad cut, from Ninety-seventh to One Hundred and Second street, be paved with asphalt-block pavement on concrete foundation, and that crosswalks be laid at each intersecting and terminating street or avenue, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

MOTIONS AND RESOLUTIONS.

By Alderman Hall—

Resolved, That permission be and the same is hereby given to the Society of American Artists to place and keep a sign, announcing an art exhibition in the building of the Society of Fine Arts, on the unused lamp-post on the southeast corner of Seventh avenue and Fifty-seventh street, the work to be done at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only for two weeks from April 9, 1896.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

By Alderman Olcott—

Whereas, The proposed consolidation of the City of New York with the adjacent cities and portions of counties has been approved by a direct vote of the people in the territory proposed to be consolidated; and

Whereas, We believe that the bill consolidating the said local governments and providing for the preparation of bills for enactment into laws for the government thereof, which bill is now in the hands of his Honor the Mayor, is wise and proper legislation, preparatory to the full accomplishment of the will of the people as expressed by their direct vote;

Resolved, That this Board hereby expresses its approval of said measure, and respectfully requests his Honor the Mayor to return it to the Legislature with his approval.

Alderman Lantry moved that the resolution be laid on the table.

The President put the question whether the Board would agree with said motion. Which was decided in the negative by the following vote:

Affirmative—The President, Aldermen Clancy, Dwyer, Hall, Lantry, Muh, and Wund—7.

Negative—The Vice-President, Aldermen Campbell, Goetz, Goodman, Hackett, Kennefick, Noonan, O'Brien, Olcott, Randall, Robinson, School, Ware, Wines, and Woodward—15.

Alderman Noonan moved that the resolution be referred to the Committee on County Affairs.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative by the following vote:

Affirmative—The President, Aldermen Campbell, Clancy, Dwyer, Goodwin, Hall, Kennefick, Lantry, Muh, Noonan, Oakley, O'Brien, Tait, and Wund—14.

Negative—The Vice-President, Aldermen Goetz, Goodman, Hackett, Olcott, Randall, Robinson, School, Ware, Wines, and Woodward—11.

REPORTS.

The Committee on County Affairs, to whom was referred the portions of the annual message of his Honor the Mayor relating to Civil Service, Aqueduct, Board of Education and Charities and Correction, respectfully

REPORT:

That, having examined the subject, they find nothing contained therein requiring or suggesting action in the premises by this Board, and therefore your Committee would respectfully ask to be discharged from further consideration of the same.

BENJAMIN E. HALL, WILLIAM M. K. OLCOTT, FREDERICK A. WARE, THOMAS DWYER, JOHN P. WINDOLPH, FRANCIS J. LANTRY, Committee on County Affairs.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative by the following vote:

Affirmative—The President, the Vice-President, Aldermen Campbell, Goetz, Goodman, Goodwin, Hackett, Hall, Kennefick, Lantry, Muh, Noonan, Oakley, O'Brien, Olcott, Randall, Robinson, School, Tait, Ware, Wines, Woodward, and Wund—23.

The Committee on County Affairs, to whom was referred the annexed resolution in favor of instructing said committee to confer with the Trustees of the Tilden, the Astor, and the Lenox Libraries, in regard to a site for the New York Public Library, respectfully

REPORT:

That they held several conferences with the representatives of the above-mentioned libraries, who stated that the above proposition would be presented to the trustees of the several libraries, and that on the day of March, 1896, the representatives of the Libraries, at a public hearing, called upon the Mayor to urge the adoption of this plan. They therefore recommend that the Committee be discharged from further consideration of the subject.

Whereas, The City of New York has no public library worthy of the name, and the establishment of a suitable public library commensurate with the wealth and dignity of New York would be an ornament to the city and of incalculable benefit to its citizens; and

Whereas, Valuable books and documents belonging to the city are missing from the City Library, it is the sense of this Board that New York City should possess a public library centrally located which would be worthy of the city, both from an architectural and literary standpoint, and a safe repository for the books and manuscripts committed to its keeping; and be it further

Resolved, That the Committee of County Affairs be instructed to confer with the Trustees of the Tilden, the Astor, and the Lenox Libraries, and the trustees of any other libraries intended to be devoted to public use for the purpose of reporting upon the advisability of selecting a proper site for the building of the New York Public Library; and be it further

Resolved, That said committee investigate the condition of the City Library for the purpose

of ascertaining as far as possible what portion of its contents have been destroyed or removed, and take such action as will lead to its replacement or recovery.

Adopted by the Board of Aldermen, April 30, 1895, a majority of all the members elected voting in favor thereof.

WM. H. TEN EYCK, Clerk of the Common Council
BENJAMIN E. HALL, WILLIAM M. K. OLCOTT, FREDERICK A. WARE, THOMAS DWYER, Committee on County Affairs.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative by the following vote:

Affirmative—The President, the Vice-President, Aldermen Campbell, Clancy, Dwyer, Goetz, Goodman, Goodwin, Hackett, Hall, Kennefick, Lantry, Muh, Noonan, Oakley, O'Brien, Randall, Robinson, School, Tait, Ware, Wines, Woodward, and Wund—24.

The Committee on County Affairs, to whom was referred the annexed communication informing the Common Council that Mr. Rocellus S. Guernsey had presented to the City Library a copy of his valuable work, entitled "New York City and Vicinity during the War of 1812-15," respectfully

REPORT:

That they recommend that such history be accepted and placed upon the shelves of the City Library, and that the thanks of the Board be extended to Mr. Guernsey for his courteous and public-spirited donation.

Whereas, Our respected and public-spirited fellow citizen, Mr. Rocellus S. Guernsey, has completed and published his work, entitled "New York City and Vicinity during the War of 1812-15, being a Military, Civic and Financial Local History of that Period," consisting of two volumes of nearly eleven hundred pages of closely printed matter, and has presented a copy of the same to the New York City Library; and

Whereas, The said work being the result of many years' labor and research by the writer in collecting and preserving records, many of which were scattered in and obscure places and were unknown and inaccessible to those who may be much interested in them; and

Whereas, Said work appears to contain very fully the official action of the Common Council of the City of New York during that eventful period relating to the War of 1812, and also contains many military orders and regulations and proceedings, particularly relating to this city during that time, never before printed and not before in the archives of this city, although pertaining thereto; now, therefore,

Resolved, That said work by Mr. Rocellus S. Guernsey, entitled "New York City and Vicinity during the War of 1812-15," be placed among the official archives of the Common Council of New York City, and that the thanks of the Common Council of this city be expressed to said Rocellus S. Guernsey for the care, industry and research bestowed by him upon said valuable work, and that a copy of this resolution be presented to him under the official seal of this Body, and that a committee be appointed to present the same to said Guernsey.

The Committee on Streets, to whom was referred the annexed resolution in favor of repaving Eighty-fourth street, from Central Park, West, to Columbus avenue, with asphalt, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary. They therefore recommend that the said resolution be adopted.

Resolved, That, in pursuance with section 321 of the New York City Consolidation Act of 1882, as amended by chapter 569 of the Laws of 1887, the Commissioner of Public Works be and he is hereby authorized and directed to repave Eighty-fourth street, from Central Park, West, to Columbus avenue, with asphalt pavement on the present pavement, and that crosswalks be laid and curb-stones set along the line of said street where necessary.

COLLIN H. WOODWARD, JACOB C. WUND, WILLIAM M. K. OLCOTT, ANDREW A. NOONAN, Committee on Streets.

REPORTS RESUMED.

NEW YORK, March 31, 1896. To the Honorable the Board of Aldermen:

The undersigned, Legislative Committee, in conformity with the intent and purpose of the resolution adopted by this Board, to furnish to each member of the Committee copies of all acts pending before the Legislature affecting the City of New York, and in compliance with the general duties of the Committee as implied by its title, beg leave to

REPORT:

That we have examined the Assembly Bills which have been referred to us, and as to some of them we submit the following:

Assembly Bill 41.—This measure is intended to compel the application of fenders to all surface railroad cars, operated by cable or electric power. We favor any act which tends towards lessening danger to life and limb, and while generally approving the measure, we submit, that instead of a committee composed of seven members of the Assembly Railroad Committee to examine the merits of fenders which are to be certified to as possessing the requisite elements of safety, that a special commission be selected, composed in part of engineers (mechanical and civil), and also one or more to represent the railroad interests. Our Committee on Railroads have this question before it, and contemplate, we understand, to recommend some such provision, if the Legislature does not take affirmative action in the matter.

Assembly Bill 55.—This is intended to compel the running of trains on all elevated roads between 5 o'clock A. M. and 8 P. M. every six minutes, and between 8 P. M. and midnight every twelve minutes. This act we believe should be passed.

Assembly Bill 179.—This is an important act and has our approval. It contemplates the erection of a large public building, either in City Hall Park, on the spot where now stands the Hall of Records, or at or near the corner of Centre and Chambers streets. This City should possess a fireproof building for the use of the departments mentioned in this act, and should urge legislation which tends towards concentrating under one roof as many of our departments as possible. We are paying entirely too much rental for offices for public use, and should aid any movement that is intended to provide buildings of our own, and also to draw as close together as possible the various departments which are now scattered all over the city. We object to that feature of the bill, however, which places the power of designating and apportioning the offices in the said building entirely in the hands of the Board of Estimate and Apportionment. This opposition is based upon the general objection of having any more of the powers of our Board curtailed.

Assembly Bill 252.—The importance of this measure cannot be overestimated. It is intended to provide a Deputy Commissioner of Correction. This is an absolute necessity. Under existing law no one but the Commissioner can sign official papers, the pay-rolls, etc. If sickness or any other cause would compel his absence from his office, or if for any reason he could not append his signature to documents requiring the same, chaos and confusion would ensue, and many of the city employees, no matter how destitute of means, would be deprived for a time of their salaries. We urge the passage of this act.

Assembly Bill 267.—This act provides for the paving of Fifth avenue with wooden blocks. The conditions and restrictions of this bill are carefully drawn, and the advantages of the measure are appreciated. We object to it, however, because it is another encroachment on the rights and powers of this Board. It places the entire matter in the hands of the Department of Public Works, and ignores the fact that the streets, avenues and highways are under the official jurisdiction of the Common Council. The act should be amended accordingly.

Assembly Bill 438.—This measure is intended to provide free public employment bureaus. It is in line with the requirements of the age; will largely tend towards reducing the number of unemployed, and bring happiness into many households where misery now abounds. Every reason exists for its prompt passage.

Assembly Bills 497 and 503.—These bills are intended to prevent the granting of franchises to operate railroads through Charles and Perry streets in this city. We object to their passage as they interfere with the principles of home rule. There are pending before our Board petitions to permit railroads on these streets, and these bills are intended to circumvent our action. We are qualified to judge whether these petitions should or should not be granted, and we therefore protest against interference of this kind.

Assembly Bill 533.—By the adoption of this bill our streets will be freed from mendicants who are crippled or deformed, or are idiotic, etc. This class of beggars, playing upon the sympathy of our pedestrians, should be removed from our public thoroughfares. This bill will do it. We hope it will pass.

Assembly Bill 661.—This is intended to provide for paving in the Twenty-third and Twenty-fourth Wards in the location of school-houses. We favor this measure and recommend its passage.

Assembly Bill 864.—This bill provides an amendment to existing law in order to make it a criminal offense for wrongs committed at primaries. While we favor the adoption of this bill we urge that either further amendment be made or new laws enacted which will clearly provide safeguards against usurpation of power by any party or faction of party at caucus, primary or convention. Every parliamentary step at all stages of the proceedings should be so clearly defined that it will be impossible hereafter for a minority, because of certain powers, influences or advantages to override the will of a majority, or to nullify or vitiate the action of those composing such majority. Committees on Credentials or Contested Seats, at any and all conventions, should be empowered to and directed by law to administer oaths to all witnesses who testify, in order that justice may be done to all, and that those who commit perjury may be punished for so doing.

We offer the following for adoption:

Resolved, That the views and conclusions of the Committee on Legislation, as set forth in the foregoing report, be and the same are concurred in and approved of by this Board.

Resolved, That a copy of this report and the resolution adopted, be transmitted by the Clerk of the Common Council to the Speaker of the Assembly, Hon. Hamilton Fish, with request that he refer the several subjects contained herein to the respective committees of the Assembly having the various matters under consideration.

JOHN P. WINDOLPH, ROBERT MUH, JOHN J. O'BRIEN, ELIAS GOODMAN, JACOB C. WUND, FREDERICK A. WARE, CHARLES WINES, Legislative Committee.

At this point the Vice-President took the chair.

The Vice-President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

Alderman Hall, in connection with so much of the above report as relates to Assembly Bills Nos. 497 and 503, which are intended to prevent the extensions of railroad lines in the City of New York, moved that a special committee of three, to be appointed by the Vice-President, appear before the Mayor and protest against said bills becoming laws.

The Vice-President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

And the Vice-President appointed as said Committee Aldermen Hall, Goodman and Oakley.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The Vice-President laid before the Board the following communication from the Department of Public Works:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, NEW YORK, April 7, 1896. *Hon. JOHN JEROLMAN, President, Board of Aldermen:*

DEAR SIR—I transmit herewith a draft of a resolution, with the necessary certificate, for repaving Seventy-sixth street, from Madison to Park avenue, with asphalt, and respectfully request you to use your good offices to secure prompt action by the Board of Aldermen.

I also have the honor to report on the following resolutions for asphalt pavements on certain streets:

No. 647. Requesting the Commissioner of Public Works to repave West Tenth street, from Fifth to Sixth avenue, with asphalt-block pavement on the present pavement.

The Water Purveyor reports that it is impracticable to lay asphalt-block pavement on the present pavement. It should either be laid on a foundation of concrete or about eight inches of sand. Moreover, it is doubtful if there is money enough available to enable this department to pave that part of Tenth street this year.

No. 659. Requesting the Commissioner of Public Works to repave Seventy-fourth street, between Park and Madison avenues, with asphalt.

The Water Purveyor reports that Seventy-fourth street, from Madison to Park avenue, is already paved with asphalt, and that the contract for the pavement provides that the latter shall be maintained in good condition for fifteen years.

No. 661. Petition of citizens for an asphalt pavement on Thirty-first street, from Madison to Fourth avenue.

On this request I would state that Thirty-second street, from Madison to First avenue, and a part of Thirtieth street also, are to be repaved with asphalt this year. Owing to the limited appropriation at the disposal of this department for asphalt pavements, the repaving of those two streets is all that this department will be able to accomplish in that immediate neighborhood this year.

Very respectfully,

HOWARD PAYSON WILDS, Deputy Commissioner of Public Works.
(G. O. 779.)

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET, NEW YORK, April 2, 1896. *To the Honorable the Board of Aldermen:*

GENTLEMEN—In accordance with the provisions of section 321 of the New York City Consolidation Act of 1882, as amended by chapter 569 of the Laws of 1887, I hereby certify and report to your Honorable Board that the safety, health and convenience of the public require that Seventy-sixth street, from Madison to Park avenue, be repaved with asphalt pavement on the present pavement, and that crosswalks be laid and curb-stones set along the line of said street where necessary.

Very respectfully,

CHARLES H. T. COLLIS, Commissioner of Public Works.

Resolved, That, in pursuance with section 321 of the New York City Consolidation Act of 1882, as amended by chapter 569 of the Laws of 1887, the Commissioner of Public Works be and he is hereby authorized and directed to repave Seventy-sixth street, from Madison to Park avenue, with asphalt pavement on the present pavement, and that crosswalks be laid and curb-stones set along the line of said street where necessary.

Which was laid over.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS RESUMED.

The Vice-President laid before the Board the following communication from the Department of Public Works:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, NEW YORK, April 7, 1896. Hon. JOHN T. OAKLEY, Board of Aldermen:

DEAR SIR—Your Board has adopted a resolution, requesting the Commissioner of Public Works to repave Fifteenth street, from Fourth avenue to the East river, with asphalt.

There is no doubt that such improvement is very desirable, but the cost for that entire distance is too large for the repaving appropriation for this year.

It is practicable, however, to repave the street from Avenue A to the East river, postponing to next year the repaving from Avenue A to Fourth avenue. A portion of the street near the river is within grant of land under water, where an assessment can be levied for the new pavement.

I, therefore, inclose certificate and draft of resolution for repaving the street from Avenue A to the East river, where not within land grants, out of the annual repaving appropriation, and a draft of an ordinance for the part within land grants, and respectfully ask your good offices for the introduction and adoption of the resolution and ordinance. Very respectfully,

HOWARD PAYSON WILDS, Deputy Commissioner of Public Works.

(G. O. 780.)

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, NEW YORK, April 7, 1896. To the Honorable the Board of Aldermen:

Very respectfully, CHARLES H. T. COLLIS, Commissioner of Public Works.

Resolved, That, in pursuance with the provisions of section 321 of the New York City Consolidation Act of 1882, as amended by chapter 569 of the Laws of 1887, the Commissioner of Public Works be and he is hereby authorized and directed to repave Fifteenth street, from Avenue A to East river, so far as the same is not within the limits of grants of land under water, with asphalt pavement on the present pavement, and that crosswalks be laid and curb-stones set along the line of said street where necessary.

(G. O. 781.)

Resolved, That the carriageway of Fifteenth street, from Avenue A to the East river, so far as the same is within the limits of grants of land under water, be paved with asphalt pavement on the present pavement, and that new crosswalks be laid and curb-stones set along the line of said street where the present bridge and curb-stones are worn or broken so as to be unfit for use, under the provisions of chapter 449 of the Laws of 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Furnishing Patrol Wagons," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the kind of wagons required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price for the work and material furnished in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

All of the wagons are to be completed and delivered within seventy (70) days after the execution and delivery of the contract. The deliveries to be made at such places as shall be directed by the Board of Police.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of FIFTEEN HUNDRED DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default of the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received.

Blank forms for estimates may be obtained by application to the undersigned at his office in the Central Department.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED BY SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has

offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default of the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine. The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

DEPARTMENT OF DOCKS.

TO CONTRACTORS. (No. 532).

At which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Thirteen Thousand Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged is as follows:

Mud and Sand Dredging, about . . . 150,000 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of

the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks that any part or portion of the dredging therein mentioned is required. The dredging to be done under this contract will be in the bed of the Harlem river and in the bed of Sherman's creek, on the Harlem river, in conformity with the accompanying drawing marked "Dredging at Sherman's Creek, H. R. C." and is to be done from time to time, and in such quantities and at such times as may be directed by the Engineer, and all the work under this contract is to be fully completed on or before the 15th day of July, 1896.

The damages to be paid by the contractor for each day that the contract, or any part thereof that may be ordered or directed by the Engineer, may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested.

This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residences; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or in which he is directly or indirectly interested, or of which he has knowledge, either personal or otherwise, to bid a certain price or not less than a certain price for said labor or material, or to keep others from bidding thereon; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or any other officer or employee of the Corporation of the City of New York or any of its departments, is directly or indirectly interested in this estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof; and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder or anyone in his behalf with a view to influencing his action or judgment in this or any other transaction heretofore had with this department; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief. No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

In case two or more bids are received at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

the Department for any loss or deprivation of wharfage or otherwise, resulting from or occasioned by any delay on account or by reason of the premises or any part thereof being occupied for or on account of any repairs rebuilding or dredging.

The upset price of the parcels or premises exposed or offered for sale will be announced by the auctioneer at the time of sale.

The Department will do all dredging whenever it shall deem it necessary or advisable so to do.

The term for which leases are sold will commence at the date mentioned in the advertisement, and the rents accruing therefor will be payable from that date in each case.

Each purchaser of a lease will be required, at the time of the sale, to pay, in addition to the auctioneer's fees, to the Department of Docks, twenty-five per cent. (25%) of the amount of annual rent bid, as security for the execution of the lease, which twenty-five per cent. (25%), will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, with good and sufficient surety or sureties, to be approved by the Department, within ten days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks, Pier "A," North river, Battery place.

The Department expressly reserves the right to resell the lease or premises bid off, by those failing, refusing or neglecting to comply with these terms and conditions, the party so failing, refusing or neglecting to be liable to the Corporation of the City of New York for any deficiency resulting from or occasioned by such resale.

Lessees will be required to pay their rent quarterly in advance, in compliance with the terms and conditions of the lease prepared and adopted by the Department.

In all cases where it is mentioned in the advertisement of sale, the purchaser shall be entitled to the privilege of occupying any shed upon the pier or bulkhead at the commencement of the term or that may thereafter be permitted or licensed by the Department, and to the rights attached to such permission or license, but subject to the conditions thereof, such purchaser being engaged in the business of steam transportation, and using and employing the same for the purpose of regularly receiving and discharging cargo thereat.

Not less than two sureties, each to be a householder or freeholder in the State of New York, to be approved by the Board of Docks, will be required under each lease to enter into a bond or obligation, jointly and severally, with the lessee, in the sum of double the annual rent, for the faithful performance of all the covenants and conditions of the lease, the names and addresses of the sureties to be submitted at the time of sale.

Each purchaser will be required to agree that he will, upon ten days' notice so to do, execute a lease with sufficient surety as aforesaid, the printed form of which may be seen and examined upon application to the Secretary, at the office of the Department, Pier "A," Battery place.

No person will be received as a lessee or surety who is delinquent on any former lease from this Department or the Corporation.

No bid will be accepted from any person who is in arrears to this Department or the Corporation, upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to this Department or to the Corporation of the City of New York.

The auctioneer's fees (\$25) on each lot or parcel must be paid by the purchasers thereof respectively at the time of sale.

EDWARD C. O'BRIEN, EDWIN EINSTEIN, JOHN MONKS, Commissioners of the Department of Docks.

TO CONTRACTORS. (No. 531.) PROPOSALS FOR ESTIMATES FOR FURNISHING SAWED SPRUCE TIMBER.

ESTIMATES FOR FURNISHING SAWED Spruce Timber will be received by the Board of Commissioners at the head of the Department of Docks at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

WEDNESDAY, APRIL 15, 1896, at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of One Thousand Two Hundred Dollars.

The Engineer's estimate of the quantities of materials to be furnished is as follows:

SPRUCE PLANK FOR REPAIRS. Feet, B. M.
3-inch and 4-inch plank, as ordered, in pieces varying in length from 11 feet to 26 feet, 9 inches wide and upward, about 150,000
The 3-inch and 4-inch plank called for shall be delivered in lots of not less than 500 feet, board measure, within six hours after receipt of an order that said delivery is to commence.

Where the City of New York owns the wharf, pier or bulkhead at which the materials under this contract are to be delivered, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received: 1st. Bidders must satisfy themselves, by personal examination of the location of the proposed delivery of material, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor per ton, to be specified by the lowest bidder, shall be due or payable for the entire work.

The contractor shall be ready to commence the delivery of the materials called for under this contract within five days after the date of this contract, and the delivery shall be commenced and shall be continued in such manner and quantities and at such times and places as may from time to time be directed by the Engineer-in-Chief, and the entire work is to be fully completed on or before the 1st day of October, 1896, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per thousand feet, board measure, for spruce timber delivered, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with

the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to, any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member or in which he is directly or indirectly interested or of which he has knowledge, either personal or otherwise, to bid a certain price or not less than a certain price for said labor or material, or to keep others from bidding thereon, and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or any other officer or employee of the Corporation of the City of New York, or any of its departments, is directly or indirectly interested in this estimate or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder or anyone in his behalf with a view to influencing his action or judgment in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTERESTS OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Plans and specifications may be seen, and blank proposals obtained, at the office of the Superintendent of School Buildings, No. 146 Grand street, third floor.

The Trustees reserve the right to reject any or all of the proposals submitted.

The party submitting a proposal, and the parties proposing to become sureties, must each write his name and place of residence on said proposal.

Two responsible and approved sureties, residents of this city, are required in all cases.

No proposal will be considered from persons whose character and antecedent dealings with the Board of Education render their responsibility doubtful.

The party submitting a proposal must include in his proposal the names of all sub-contractors, and no change will be permitted to be made in the sub-contractors named without the consent of the School Trustees and Superintendent of School Buildings.

It is required as a condition precedent to the reception or consideration of any proposals, that a certified check upon, or a certificate of deposit of, one of the State or National banks or Trust Companies of the City of New York, drawn to the order of the President of this Board, shall accompany the proposal to an amount of not less than three per cent. of such proposal, when said proposal is for or exceeds ten thousand dollars, and to an amount not less than five per cent. of such proposal when said proposal is for an amount under ten thousand dollars; that on demand, within one day after the awarding of the contract by the proper Board of Trustees, the President of the Board will return all the deposits of checks and certificates of deposit made, to the persons making the same, except that made by the person or persons whose bid has been so accepted; and that if the person or persons whose bid has been so accepted shall refuse or neglect, within five days after due notice has been given that the contract is ready for execution, to execute the same, the amount of the deposit or of the check or certificate of deposit made by him or them shall be forfeited to and retained by this Board, not as a penalty, but as liquidated damages for such neglect or refusal, and shall be paid into the City Treasury to the credit of the Sinking Fund of the City of New York; but if the said person or persons whose bid has been so accepted shall execute the contract within the time aforesaid, the amount of his or their deposit of check or certificate of deposit shall be returned to him or them.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with, any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each bid or estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety, in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the City.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at this office.

LOUIS F. HAFFEN, Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Whenever any owner, lessee, tenant, or occupant or person having charge of any building or lot of ground in the City of New York shall fail to comply with the provisions of any ordinance of the said city for the removal of snow and ice from the sidewalk or gutter in the street, on the side of the street on which the said building or lot fronts, the Commissioner of Public Works of the said city shall cause such removal to be made, and thereupon the expense of such removal as to each particular lot of ground shall be ascertained and certified by the said Commissioner of Public Works to the Comptroller of the said city, who shall pay the same in the same manner as the expense of removing snow from the streets of the city is paid; and immediately after the making of the payment of such expense as so certified to him, the said Comptroller shall make and deliver a certificate thereof to the Board of Aldermen of the said city, and the said amounts so certified shall, by the said Board of Aldermen, annually be added to and made to form a part of the annual taxes of the next ensuing fiscal year against the lots against which the said amounts shall be so certified respectively, and the same shall be collected in and with and as part of the annual taxes for such fiscal year, for or during which the same shall have been so incurred and certified.

Section 2. This act shall not be regarded as interfering with the owner of any lots throwing into the roadway of the streets or avenues any snow or ice which may be removed from the sidewalk or gutter directly in front of such lot.

Section 3. The term lot, as used in this act, shall include a space not to exceed twenty-five feet in width fronting the street, avenue or lane upon which the violation is charged to have been committed or omitted.

Section 4. This act shall take effect on the first day of November, eighteen hundred and ninety-five.

The City Ordinance to which the above statute applies reads as follows:

"Section 669. Every owner, lessee, tenant, occupant or person having charge of any building or lot of ground

in the city of New York shall, within eight hours after the fall of any snow, and within eight hours after the forming of any ice on the sidewalk or in the gutter in front of any such building or lot, remove, or cause the same to be removed, from such sidewalk or gutter, under the penalty of three dollars for every such neglect, to be paid by the said owner, lessee, tenant, occupant or person having charge severally and respectively; but where said snow falls or ice forms between the hours of eight o'clock in the evening and five o'clock in the morning, this ordinance will be complied with by removing, or causing the same to be removed, before nine o'clock of the morning succeeding its fall or formation."

It becomes my duty to give notice that the provisions of the foregoing statute will be rigidly enforced in all cases where the City Ordinance is not complied with.

That it is made without any connection with, any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each bid or estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety, in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the City.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at this office.

LOUIS F. HAFFEN, Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards.

The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

No bid will be accepted from or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interests of the City so to do, and to re-advertise until satisfactory bids or proposals shall be received, but the contract when awarded, will be awarded to the lowest bidder.
