ARMORY COMMISSIONERS.

The City of New York, January 18, 1906.

A meeting of the Armory Board was held this day at 11 o'clock a. m., at the office of the Mayor.

Present—The Mayor, Commissioners John J. Brady, representing the President of the Department of Taxes and Assessments; Patrick F. McGowan, President of the Board of Aldermen; Brigadier General James McLeer and Brigadier General George Moore Smith.

A resolution appointing the Mayor as Chairman of the Board was adopted by the following vote:

Ayes—Commissioner John J. Brady, the President of the Board of Aldermen, Brigadier General James McLeer and Brigadier General George Moore Smith.

A resolution appointing President O'Donnell, of the Department of Taxes and Assessments, Vice-Chairman of the Board, was adopted by the following vote:

Ayes—The Mayor, Commissioner Brady, the President of the Board of Aldermen, Brigadier General James McLeer and Brigadier General George Moore Smith.

The minutes of the meeting held December 7, 1905, were then approved.

A communication was received from the Deputy Comptroller, of date November 24, 1905, notifying the Armory Board that the City had acquired title to the property on Franklin avenue, One Hundred and Sixty-sixth and One Hundred and Sixty-seventh streets, in the Borough of The Bronx, as a site for an armory.

Ordered filed.

A communication was received from the Secretary of the Commissioners of the Sinking Fund, of date December 15, 1905, transmitting certified copies of resolutions of that body, adopted at a meeting held December 13, 1905, as follows:

1. Concurring in the resolution of the Armory Board accepting the bid of O. Charles Meyer for Item No. 2, improvement to Second Battalion Naval Militia Armory.

2. Concurring in the resolution of the Armory Board accepting the bid of Louis Wechsler for Item No. 4, improvement to brigade headquarters, Seventy-first Regiment Armory.

3. Concurring in resolution of the Armory Board accepting the bid of Louis Wechsler for Item No. 6, lockers in the Seventy-first Regiment Armory.

4. Concurring in resolution of the Armory Board accepting the bid of Neptune B. Smyth for Item No. 3, alterations and repairs in the Twenty-second Regiment Armory.

5. Concurring in the resolution of the Armory Board accepting the bid of L. Plaut & Co. for Item No. 5, lighting fixtures in the Seventy-first Regiment Armory.

6. Concurring in resolution of the Armory Board authorizing the issue of Corporate Stock to the amount of \$10,000, for furnishing lighting fixtures in the new Sixty-ninth Regiment Armory.

Ordered filed.

Communications were received from the Deputy Comptroller, of dates December 7, 14 and 28, 1905, advising the Board that the following amounts had been deposited in the City Treasury to the credit of the Armory Fund:

December 5, 1905.....	\$30,002 06
December 7, 1905.....	35,002 41
December 15, 1905.....	4,500 17

Ordered filed.

A communication was received from the Secretary of the Commissioners of the Sinking Fund, of date December 19, 1905, transmitting an extract from the minutes of a meeting of that body, held on the 13th of December, containing a report of the Engineer in the Department of Finance, relative to a suggested change in the installation of lighting and heating fixtures for gas and electricitv, in the new armory for the Sixty-ninth Regiment, and referring the matter back to the Armory Board.

The Secretary stated that he had referred the matter to the Corporation Counsel for his opinion.

Laid over.

A communication from Pilcher, Thomas & Tachau, architects for the new armory for Squadron "C," N. G., N. Y., was received, submitting for the approval of the Armory Board drawings and specifications for electric and gas fixture work, in the armory of that organization, with an estimate of the cost for said work.

Which was referred to the Committee on Armories for Brooklyn and Queens.

A communication was received from Lord & Hewlett, architects for the armory for the Second Battalion Naval Militia, in the Borough of Brooklyn, requesting permission to substitute reinforced concrete stairs with slate treads for the cast iron stairs, for the four flights from the drill room floor to the gallery floor, at the east end of the armory, without additional expense.

Which was referred to the Committee on Armories for Brooklyn and Queens, with power.

A communication was received from Captain John F. Klein, commanding the Seventeenth Separate Company, making requisition for furnishings for the new armory of his organization.

Which was referred to the Committee on Armories for Brooklyn and Queens.

A communication was received from Clinton & Russell, architects for the new Seventy-first Regiment armory, of date January 10, 1906, transmitting an application from L. Plaut & Co., for changes in some of the lighting fixtures.

Which was referred to the Committee on Armories for Manhattan and The Bronx. A communication was received from Charles N. Swift, of date January 2, 1906, making application for the position of Secretary to the Armory Board.

Ordered filed.

The Committee on Armories submitted the following report:

The City of New York, January 11, 1906.

To the Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Armory Board:

Dear Sir—The Committee on Armories met this day, at 11 o'clock a. m., and in response to the reference of the Armory Board, considered the following questions:

The request of Messrs. Hunt & Hunt, architects, for furniture for the new Sixty-ninth Regiment armory.

Colonel Duffy and Architect Hunt appeared before the committee.

After consideration, the committee recommend the sum of forty thousand dollars (\$40,000) to be appropriated for the following purposes:

Furniture and rugs, approximately.....	\$27,095 24
Platforms on drill floor, balcony chairs for the same and galleries, chair rail and picture moulding.....	11,000 00
Architects' fees.....	1,904 76
	\$40,000 00

They further recommend an appropriation of three thousand six hundred and thirty-eight dollars and twenty-five cents (\$3,638.25), as follows:

For partition between drill hall and administration building, as required by the Building Department.....	\$3,465 00
Architects' fees	173 25
	\$3,638 25

Colonel Bates, commanding the Seventy-first Regiment, N. G., N. Y., appeared before the committee in reference to furnishings for the armory of his organization.

The committee recommend that an appropriation of fifty-five thousand dollars be made, to purchase furniture for said armory, and for the furniture and fittings in Brigade Headquarters, as follows:

For Seventy-first Regiment.....	\$50,000 00
For Brigade Headquarters.....	5,000 00

—including architect fees in each case.

Colonel Austen, commanding the Thirteenth Regiment, H. A., N. G., N. Y., appeared before the committee, in relation to the extension to the armory of his organization.

A communication was presented from Clinton & Russell, of date November 10, 1905, relative to a change in the rifle range in the new Seventy-first Regiment armory.

General Smith stated that he believed these changes proper, and recommended that they be made; and the committee so report.

Respectfully submitted,
(Signed) FRANK A. O'DONNELL,
President of the Department of Taxes and Assessments.
JAS. McLEER,
Brigadier General, Commanding Second Brigade.
GEORGE MOORE SMITH,
Brigadier General, Commanding First Brigade.
Committee on Armories.

The Mayor offered the following:

Resolved, That an appropriation of forty thousand dollars (\$40,000) be and is hereby made for furniture and rugs, platforms on drill floor, balcony chairs for the same and galleries, chair rail and picture moulding in the Sixty-ninth Regiment armory (including architects' fees), in accordance with the plans and specifications prepared by Messrs. Hunt & Hunt, architects; that the Commissioners of the Sinking Fund be requested to concur in the same and authorize the Comptroller to issue bonds for the payment therefor.

Which was adopted by the following vote:

Ayes—The Mayor, Commissioner Brady, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Mayor offered the following:

Resolved, That an appropriation of three thousand six hundred and thirty-eight dollars and twenty-five cents (\$3,638.25) be and is hereby made for partition between the drill hall and administration building, in the new Sixty-ninth Regiment armory (including architects' fees), as required by the Building Department; that the Commissioners of the Sinking Fund be requested to concur in the same and authorize the Comptroller to issue bonds for the payment therefor.

Which was adopted by the following vote:

Ayes—The Mayor, Commissioner Brady, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Mayor offered the following:

Resolved, That an appropriation of fifty-five thousand dollars (\$55,000) be and is hereby made for furniture for the Seventy-first Regiment, and for the furniture and fittings in brigade headquarters, in the new Seventy-first Regiment armory (including architects' fees), that the Commissioners of the Sinking Fund be requested to concur in the same, and authorize the Comptroller to issue bonds for the payment therefor.

Which was adopted by the following vote:

Ayes—The Mayor, Commissioner Brady, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Secretary reports the receipt of the following liens:

The Wells and Newton Company against James McFerran; Fairbanks, Morse & Co. against James McFerran; also an order extending lien of Edwin H. Jonson against James McFerran.

Which were referred to the Comptroller.

A notice of violation, filed by the Bureau of Buildings, on the Seventy-first Regiment and Third Battery Armories was received.

The Secretary reported that the architects and contractors had been notified to remove such violations.

The Mayor offered the following:

Resolved, That the following resolution adopted by the Armory Board October 10, 1905, namely:

"Resolved, That the bid of the Manhattan Supply Company, No. 127 Franklin street, in the Borough of Manhattan, amounting to the sum of \$1,372.63, be accepted as being the lowest formal bid for furnishing supplies to the armories of the N. G., N. Y.; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of this Board," be amended to read: "Thirteen hundred and seventy-one dollars and seventy-three cents (\$1,371.73) instead of "thirteen hundred and seventy-two dollars and sixty-three cents (\$1,372.63)" to correct a clerical error.

Which was adopted by the following vote:

Ayes—The Mayor, Commissioner Brady, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Mayor offered the following:

Resolved, That the following resolution, adopted by the Armory Board July 21, 1905, namely:

"Resolved, That the Armory Board does hereby approve the bill and expense of Lord & Hewlett, architects, for professional services in re additional labor and material in running conduits between switchboards and motors, and between switchboard and Edison service, in the armory of the Second Battalion Naval Militia, in the amount of twenty-four dollars and ten cents (\$24.10), and that the Commissioners of the Sinking Fund be requested to concur, and the Comptroller authorized to pay,"

—be amended to read fourteen dollars and seventy-seven cents (\$14.77) instead of "twenty-four dollars and ten cents (\$24.10)."

Which was adopted by the following vote:

The report of the President was adopted.

The Commission then considered the following report of the Examiners on the appeals of candidates in the recent examination for promotion to Sergeant in the Police Department:

William H. Bell, Twenty-seventh Precinct. No error or mistake being pointed out, the Chief Examiner recommends that the appeal be denied.

William J. Sullivan, Thirty-first Precinct. No error or mistake being pointed out, the Chief Examiner recommends that the appeal be denied.

John H. Ayers, Fifty-fifth Precinct. No error or mistake being pointed out, the Chief Examiner recommends that the appeal be denied.

John E. Nelson, No. 158 Rutledge street, Brooklyn. No error or mistake being pointed out, the Chief Examiner recommends that the appeal be denied.

William O. Wettlaufer, No. 1089 Second avenue. Under resolution of the Commission under date of June 14, 1905, that only such "commendations" and "honorable mentions" shall be considered as shall have been awarded as a result of individual acts of personal bravery, the Chief Examiner recommends that the appeal be denied.

James W. Hallock, No. 2782 Marion avenue, The Bronx. Under resolution of the Commission under date of June 14, 1905, that only such "commendations" and "honorable mentions" shall be considered as shall have been awarded as a result of individual acts of personal bravery, the Chief Examiner recommends that the appeal be denied.

John J. McGinty, Central Office Squad. Reports of the Chief Examiner and Examiner Oppenheim recommending that appeal be denied.

George S. Wheeler, No. 129 Jane street, Long Island City. No manifest error pointed out, and as to rating on seniority mentioned by him, same rule was applied in his case as in others, and only continuous service as Roundsman was taken into consideration. Denied.

Matthew F. Kennedy, West Seventh street and Neptune avenue, Coney Island. His appeal from his rating does not present a case which brings his appeal within the rule. With reference to his protest against his standing on the eligible list, the case is governed by Rule X., paragraph 2, and his present standing is correct. Denied.

Joseph F. Quinn, No. 352 West Fifty-fifth street. Candidate did not answer first question on Laws and Ordinances paper correctly, and second question does not show that there has been any error made by the Examiners. Denied.

John M. Polley, No. 3538 Park avenue. Report of Examiner Byrne showing that only one sheet of candidate's report was taken into consideration when paper was rated 50. The paper complete is considered worth 75 by Examiner Conway and himself, and he recommends that candidate be credited with that rating.

The recommendations of the Examiners were adopted.

On motion, it was

Resolved, That the Assistant Secretary be and he is hereby instructed to inform the heads of all departments requesting the classification of positions that the Commission will not consider such applications for classification until the said positions have first been established by the Board of Estimate and Apportionment and the Board of Aldermen.

A communication was presented from the Chief Examiner, dated December 19, with further reference to his request for instructions from the Commission as to the method of rating the candidates' seniority in the recent examination for promotion to first grade Clerk, in view of the fact that the said examination was open to three grades of Junior Clerks, B, C and D. The Chief Examiner stated that in a former examination of the same character what appeared to be an injustice was worked, as the candidates of the higher grades had been less time in those grades than the candidates in the lower. The Chief Examiner was instructed to rate the seniority of the candidates in the said examination for promotion to first grade Clerk from the time of their entering the lowest grade in which candidates were allowed to compete.

On recommendation of the Chief Examiner the appeal of Edward J. Colgen for a rerating of the papers submitted by him in the recent examination for Patrolman was denied, there having been no error or mistake of marking pointed out.

A communication was presented from the Chief Examiner, dated December 18, recommending that the appeal of Patrick O'Brien, candidate for Stationary Engineer, be denied, no mistake of marking having been pointed out by the candidate. The appeal was denied.

A communication was presented from the Chief Examiner, dated August 4, transmitting reports of the Examiners of the papers of James J. Langan, candidate for promotion in the recent examination for Inspector of Police. It appeared from the said reports that there was no error or mistake of marking made by the Examiners in rating the papers. The appeal was denied.

A communication was presented from the Chief Examiner, dated December 21, forwarding a report of Mr. Oppenheim, Examiner, on the cases of William C. Klepper and J. J. Hines, candidates for promotion to Roundsman, for a rerating of their record, and requesting instructions from the Commission as to whether the said appeals and those of other persons who appeal on the same ground are to be granted. It appeared that the candidates appealed for a rerating of their records in the examination for Roundsman, by eliminating deductions made in their percentage for penalties imposed during their probationary period as Patrolman. After consideration of the matter the appeals of Messrs. Klepper and Hines were denied, and the Assistant Secretary was instructed to communicate with the Chief Examiner and state that all such appeals shall be denied, unless the candidates first requested the said rerating of their record within fifteen days after the certification of the examination for promotion to Roundsman, as required by the Civil Service rules in force at the time of said examination.

A communication was presented from the Chief Examiner, dated December 11, stating that the appeal of Henry Scherb, candidate for promotion to Sergeant, did not bring his case within the provisions of Civil Service Rule IX., as no mistakes of marking were pointed out. The appeal was denied.

A communication was presented from the Chief Examiner, dated December 21, stating that the appeal of John J. Connelly, candidate for Stationary Engineer, should be denied, as no error of marking was pointed out by the candidate. The recommendation of the Chief Examiner was adopted.

A communication was presented from the Chief Examiner, dated December 22, stating that the papers in the examination for Topographical Draughtsman held October 31 had not yet been given out, because the Examiners had not finished the papers of the examination for Chainman and Rodman held on October 19. The communication was ordered filed.

A communication was presented from the Chief Examiner, dated December 22, stating that it would be necessary to employ two experts to conduct a non-competitive examination of the candidates whose names appear on the list for Attendance Officer to ascertain whether they had a knowledge of Italian. The matter was referred to the President for disposition.

A communication was presented from the Chief Examiner, dated December 22, with reference to the recent protest received by the Commission against the appointment of John Clausnitzer to the position of Assistant Engineer in the Borough of The Bronx, on the ground that he has not had the experience required by law, and submitting a list of the persons whose names appear on the existing eligible list for Assistant Engineer who do not possess the ten years' experience as a civil engineer, required by the Charter in all appointees in the offices of the Borough Presidents. The Assistant Secretary was instructed to request the Certification Clerk to note such fact on the eligible list, and the Chief Examiner's communication was ordered continued on the calendar.

A communication was presented from the Chief Examiner, dated December 21, stating that the examination for Architectural Draughtsman held on June 9, 1905, had been completed.

On motion, it was

Resolved, That the eligible list for Architectural Draughtsman resulting from the examination held June 9, 1905, be and the same is hereby established by the Civil Service Commission, and the Assistant Secretary is instructed to certify from same in answer to requisitions for eligibles for appointment to that position.

The Commission then considered the request of the Certification Clerk for instructions as to whether or not the name of Thomas Howard should remain on the list for promotion to Transitman in the office of the President of the Borough of Richmond; and the name of Myron H. Lewis should remain on the eligible list for original appointment to Transitman, in view of the fact that the first-named person declined promotion from the said list on the score of "location," and the second-named person, according to the report of President Cromwell, "refused to either accept or decline appointment." The Assistant Secretary was instructed to notify the Certification Clerk to drop the aforesaid names from the lists on which they appeared.

The Commission then considered the following matters which had been laid over from the last meeting:

(a) Request of the Chief Examiner for instructions as to whether the experience sheets of several candidates for Prison Keeper should be rated, in view of the fact that in his opinion the said candidates had in one way or another revealed their identity. The matter was laid over again.

(b) Report of the Assistant Secretary on the request of Charles N. Lawless that his name be transferred from the list for Deputy Tax Commissioner, Brooklyn, to the list for Queens. It appearing from the said report that section 888 of the Charter provides that no person shall be appointed to the office of Deputy Tax Commissioner unless he shall be at the time he is appointed, or shall have been for at least one year prior thereto, an elector and freeholder of the borough from which he is appointed; and it further appearing that the list upon which Mr. Lawless's name appeared would expire, by limitation, on September 30, 1906, a few months before he could complete the year's residence in the Borough of Queens required by law, the request was denied.

(c) Request of the President of the Borough of Brooklyn that the Commission take up the matter of amending the classification of positions in the exempt class in his Department by adding thereto the title "Confidential Inspector." The matter was again laid over.

(d) Request of the Dock Department that a public hearing be held on its request for an amendment of the classification of positions in the exempt class in that Department by adding thereto an additional Assistant Superintendent of Ferries. The matter was again laid over.

(e) Report of Mr. P. D. Byrne, Examiner, with reference to certain irregularities in the examination of William J. Stone, No. 880 Forest avenue, City, who was certified by the Commission for appointment to the position of Fireman, and appointed to that position in the Fire Department on July 21, 1905. Mr. Stone appeared before the Commission in person and answered various questions put to him concerning his mental examination, and then retired. The matter was again laid over for further consideration.

A communication was presented from Comptroller Grout, dated December 27, asking that the period of employment of five temporary Clerks in his Department be extended until January 1, 1906, in view of the fact that their services were urgently needed, and that it would be impossible, owing to the limited amount of time, to secure new appointees from the eligible list and instruct them sufficiently regarding the work to be performed, to permit of the completion of such work before January 1. The Assistant Secretary stated that the three months' employment allowed by Rule XII. had expired on December 25. The request was granted.

A communication was presented from the Secretary to the President of the Borough of Brooklyn, dated December 19, requesting an examination for promotion to the position of Stenographer and Typewriter (fourth grade) in that Department, such examination to be open to the Typewriting Copyists in that Department. The matter was laid over.

A communication was presented from the Assistant Commissioner of Public Works, Borough of Richmond, dated December 27, requesting that the Commission permit Mr. Roscoe C. Ford, Axeman in his Department, to enter the examination for promotion to Rodman set for January 10. It appeared Mr. Ford was appointed to the position of Axeman August 10 and had served less than five months in the Department. The request was denied.

A communication was presented from the Commissioner of Docks and Ferries, dated December 26, requesting approval of his action in rescinding the dismissal of George S. Gaylord from the position of Watchman on October 11, 1905, and reassigning him to duty in that position. The action of the Commissioner of Docks and Ferries was approved.

A communication was presented from the Secretary of the Board of Education, dated December 19, in answer to the request of the Commission as to why the examination for change of title of Mr. James J. Sheridan from Inspector of Repairs to Inspector of Plumbing was asked for. The Assistant Secretary was instructed to communicate with Mr. Palmer and inform him that the statements contained in his communication were not sufficient to convince the Commission of the necessity of holding such examination.

A communication was presented from the President of the Borough of Richmond, dated December 19, requesting authority to appoint Mr. George McGarby, of Port Richmond, S. I., to the position of Axeman, pending the establishment of the eligible list for that position. The request was granted, and the Chief Examiner was instructed to conduct a non-competitive examination of the candidate, according to the provisions of Civil Service Rule XII., paragraph 3.

A communication was presented from the President of the Borough of Richmond, dated December 22, again requesting that an examination be held to qualify Mr. Spire Pitou, Jr., for change of title from Cashier in the Bureau of Highways, Borough of Richmond, to Clerk. It appearing that the position of Cashier in the Bureau of Highways of the Borough of Richmond was included in the exempt class, and the position of Clerk in the competitive, the request was denied.

A communication was presented from the Assistant Secretary of the Park Board, dated December 23, requesting that an examination be held to qualify the Topographical Draughtsmen and Transmitters employed in the Department of Parks, boroughs of Manhattan and Richmond, for promotion to Assistant Engineer. The matter was laid over.

A communication was presented from the Department of Bridges, dated December 26, requesting an examination for promotion for Mr. Joseph Courtney, from the third to the fifth grade of clerkship, and certifying that Mr. Courtney was the only person in that Department eligible for such promotion. The matter was laid over.

A communication was presented from the Commissioner of Water Supply, Gas and Electricity, dated December 20, requesting that Mr. Thomas M. Murphy, fifth grade Clerk in the employ of his Department, be certified as eligible for promotion to the sixth grade, without further examination, on the ground that the questions submitted to Mr. Murphy in his last examination were the same as those given candidates for promotion to two higher grades. The request was denied, and the Assistant Secretary was instructed to communicate with Commissioner Oakley and state that under the Civil Service rules it would be necessary for the candidate to qualify in an examination before the Commission could certify him as eligible for promotion to the sixth grade.

A communication was presented from the Department of Docks and Ferries, dated December 6, requesting that an examination be held to qualify the Levelers in that Department for promotion to the grade of Transmitters. The matter was laid over.

A communication was presented from the Secretary of the Department of Public Charities, dated December 23, requesting the Commission to extend the emergency appointment for one week, of George Scott, employed as an Engineer in the City Hospital, for another week, owing to the fact that it had been impossible for that Department to make a permanent appointment from the eligible list in that space of time. The Assistant Secretary was instructed to communicate with the Department and state that the Commission would approve the said appointment for an additional week, but that a selection must be made from the eligible list before the expiration of that period.

A communication was presented from the Secretary of the Department of Public Charities, dated December 26, requesting an examination for promotion from Nurse to Supervising Nurse, as there was a vacancy in the latter position in that Department, and none of the persons whose names appeared upon the existing eligible list for promotion to Supervising Nurse would accept an appointment to same. The matter was laid over.

A communication was presented from the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated December 20, requesting an amendment of the classification of positions in the exempt class in that Department, so as to include therein the position of "Director of Children's School Farms and Playgrounds." The Assistant Secretary was instructed to arrange a public hearing on the matter, in accordance with Civil Service Rule III., to be held at the Commission's offices, on Wednesday morning, January 3, 1906, at 10 o'clock.

A communication was presented from the Commissioner of Parks, Borough of The Bronx, dated December 22, requesting that an examination for promotion of Mr. John H. Bergen, Clerk and Bookkeeper, from the sixth to the seventh grade be held, and certifying that Mr. Bergen was the only person in the Department eligible for such promotion. The matter was laid over.

A communication was presented from the Commissioner of Parks, Borough of The Bronx, dated December 23, requesting that the Rodmen in his Department be examined for promotion to the grade of Leveler. The matter was laid over.

A communication was presented from the Secretary to the President of the Borough of Brooklyn, dated December 26, requesting that an examination for promotion from Transmitter and Computer to Assistant Engineer be held, such examination to be limited to the Topographical Bureau of that Department. The matter was laid over.

The following reports of Boards of Examiners for positions in the non-competitive class were approved on the recommendation of the Chief Examiner:

Board of Education, December 1.
Bellevue and Allied Hospitals, November 22, December 5.
Department of Health, December 21.
Department of Docks and Ferries, December 14.

A communication was presented from Patrick J. Flaherty, dated December 6, requesting that he be restored to eligibility for appointment from the list for Deputy Superintendent of Hospitals. It appeared that Mr. Flaherty competed in the examination and succeeded in obtaining a place upon the eligible list for Deputy Superintendent of Hospitals established on May 9, 1902. On May 15, 1903, however, he was dismissed from the position of Storekeeper in the Department of Public Charities, and for that reason he was disqualified by the Commission for appointment from the list of Deputy Superintendent of Hospitals. The matter was laid over.

A communication was presented from James A. Hughes, No. 162 East Seventy-fourth street, dated December 21, submitting an affidavit as to his reasons for failing to report in answer to the notice of appointment to the position of Stenographer and Typewriter sent him by the Aqueduct Commission, and requesting that his name be restored to that list. It appeared from the communication that the candidate did not receive the said notice, owing to a change of address. The request was granted.

The appeal of Captain John J. Murtha for a rerating of his papers in the recent examination for promotion to Inspector of Police, was denied, for the reason that the same did not come within the provisions of Civil Service Rule IX., no manifest error of rating having been pointed out by the candidate.

A communication was presented from Mr. E. S. Conklin, of Tottenville, S. I., dated December 21, requesting that the papers submitted by him in the examination for Gas Inspector be rated. It appeared that on October 27 the candidate competed in the examination for Gas Inspector, and that he subsequently addressed a letter to the Chief

Examiner, giving several facts regarding his experience, and that he was informed by the Chief Examiner that, for that reason, his papers could not be rated, as he had in a measure revealed his identity. The matter was referred to the Chief Examiner for a report.

The Assistant Secretary was instructed to restore the name of Miss Katherine Cox, of No. 319 West Seventeenth street, to eligibility for certification for appointment to the position of Stenographer and Book Typewriter in the Tenement House Department. It appeared that the candidate had called at the office of the Commission and notified a Clerk of her change of address, but that the same was not noted upon the eligible list promptly, and her name was certified three times with the wrong address, and consequently the notices did not reach the candidate in time to report at the Tenement House Department within the prescribed four days.

A communication was presented from Mr. Saul Werstein, No. 63 West One Hundred and Fifteenth street, dated December 26, and requesting that he be restored to eligibility for appointment to the position of Clerk at a salary of \$750 per annum or over, as he would be glad to accept appointment at that salary at this time. It appeared that on December 1, 1905, the candidate requested the Commission not to certify him for appointment at less than \$900 per annum. The request was granted.

A communication was presented from Franklin Frean, No. 67 North Portland avenue, Brooklyn, dated December 22, submitting a doctor's certificate to the effect that he is now in good health and able to accept an appointment. It appeared that the candidate was appointed to the position of Stationary Engineman in the Dock Department on December 12, 1905, but owing to illness he was unable to report and was consequently dropped from the pay-roll on December 13. The Assistant Secretary was instructed to restore his name to the list for Stationary Engineman.

A communication was presented from Miss Lenore Upshaw, No. 440 Richmond terrace, St. George, S. I., dated December 25, requesting that her name be restored to the list for Junior Clerk, from which it had been dropped for the reason that when she was certified for appointment to the Queens Borough Library and the Department of Docks and Ferries she was out of the city and unable to report in answer to the notices sent her. The request was granted.

A communication was presented from James Coyle, No. 260 West Sixteenth street, dated December 23, stating that his title had been changed from Head Gardener to Gardener in the Department of Parks, Boroughs of Manhattan and Richmond, and that his salary has been cut from \$1,800 to \$1,200 per annum, and requesting to be informed whether the same was legal in view of the fact that he is a veteran volunteer fireman. The matter was laid over.

The request of Jerome J. O'Connor, of No. 22 Sherman avenue, Tompkinsville, S. I., for a special mental examination for the position of Fireman was denied for lack of power.

A communication was presented from Joseph H. Hayes, Esq., No. 280 Broadway, dated December 27, demanding that the Commission certify the pay-roll of James Keenan for fifty-two days' work at \$4 a day, a total of \$208, for services rendered as Inspector of Sewers in the office of the President of the Borough of Manhattan. The Assistant Secretary stated that he had withheld the certification of the amount from the said pay-roll for the reason that Mr. Keenan was assigned to duty from the preferred list for Inspector of Sewers without certification by the Civil Service Commission, and that at the time of his reassignment to duty Mr. Keenan stood ninth on the said list. The request was denied.

The recommendation of the Labor Clerk that the following appeals be denied was adopted:

William Sutton, No. 101 East One Hundred and Second street. Appealed for a physical re-examination for the position of Sweeper in the Department of Street Cleaning, he having been rejected by the Medical Examiner.

William R. Hazel, No. 1791 Third avenue. Appealed for a special physical examination for Sweeper in the Department of Street Cleaning.

The recommendation of the Labor Clerk that the Commission rescind its action of December 13 in granting the appeal of Thomas F. S. Halpin to have his name restored to the list for Plumber, on the ground that the appeal was not signed by the candidate himself, but by some person unknown to the Commission, was referred back for further information.

The resignation of Richard W. Hill, Esq., No. 150 Nassau street, city, from the position of Monitor in the Civil Service Commission was accepted.

There being no further business before the Commission the meeting was adjourned.

Attest:

PHILIP J. COFFEY, Assistant Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission, }
No. 61 Elm Street,
New York City, January 1, 1906. }

A meeting of the Civil Service Commission of The City of New York was held at the Commission's offices, No. 61 Elm street, on Monday, January 1, 1906.

There were present Commissioners Baker, Appleton and Talley.
Commissioner Appleton acted as Chairman of the meeting and Commissioner Talley as Secretary.

On motion of Commissioner Appleton, seconded by Commissioner Talley, Commissioner Baker was elected President of the Board. Mr. Baker then took the chair and offered the following resolution, which was seconded by Mr. Appleton:

Resolved, That Mr. Frank A. Spencer, now employed as Labor Clerk in the office of the Commission, be and he hereby is transferred to the position of Secretary of the Commission, at the salary fixed for that position, such transfer to take effect immediately.

Commissioner Talley offered the following resolution, which was seconded by Mr. Appleton:

MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission, }
No. 61 Elm Street,
New York City, January 3, 1906. }

A meeting of the Civil Service Commission of The City of New York was held at the Commission's offices, No. 61 Elm street, on Wednesday, January 3, 1906, at 10 a. m.

All the Commissioners were present.

The public hearing which had been ordered for that day on the proposed amendment of the classification of positions in the exempt class in the Department of Parks, Boroughs of Manhattan and Richmond, by including therein the title "Director of Children's School Farms and Playgrounds," was postponed, owing to the fact that the resolution creating the position had been recalled by the Board of Estimate and Apportionment.

The minutes of the meeting held January 1 were approved.

Commissioner Talley presented a draft of the report of the Commission for the year 1905, which was read and approved, and the Secretary was instructed to forward the same to his Honor the Mayor and the State Civil Service Commission.

There being no further business before the Commission the meeting was adjourned until Friday, January 5, 1906, at 10 a. m.

Attest:

BOARD OF ESTIMATE AND APPORTIONMENT.

CITY OF NEW YORK.

BOARD OF ESTIMATE AND APPORTIONMENT.

A T A MEETING OF THE BOARD OF Estimate and Apportionment, held December 15, 1905, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, New York and Port Chester Railroad Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate its railroad across certain streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, The Mayor has, in pursuance of such laws, designated "New York Times" and "New York Daily News" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to New York and Port Chester Railroad Company and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record and at least twice in "The New York Times" and "The New York Daily News," two daily newspapers published in The City of New York, and a public hearing has been had thereon by this Board;

Now, therefore, it is Resolved, That the following form of the resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

"Resolved, That the Board of Estimate and Apportionment hereby grants to New York and Port Chester Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 1906, by and between The City of New York, party of the first part, the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and New York and Port Chester Railroad Company, a domestic railroad corporation of the State of New York, hereinafter called the Railroad Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Railroad Company, subject to the conditions and provisions hereinafter set forth, the right to cross certain streets and highways hereinafter described, and the right and privilege to construct, maintain and operate a railroad, with all connections, turnouts, switches and cross-overs necessary for the accommodation and operation of said railroad, by means of electricity, or by any other mechanical motive power which may be lawfully employed upon the same, except steam locomotive power, in, upon and across the following-named streets, avenues, parkways, highways and public places, and upon the following route, all situate in the Borough of The Bronx, City, County and State of New York, namely:

Main Line—Beginning at a point at or near the intersection of Southern Boulevard and Willis avenue, in the Borough of The Bronx, and running thence easterly between One Hundred and Thirty-fourth street and Southern Boulevard, crossing Brown place to Brook avenue; thence crossing Brook avenue and thence crossing the Southern Boulevard, between St. Ann's avenue and Brown place; thence crossing St. Ann's avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence easterly and northeasterly, between Southern Boulevard and One Hundred and Thirty-second street to Cypress avenue; thence crossing Cypress avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence between Cypress avenue and Willow avenue to One Hundred and Thirty-fourth street; thence crossing One Hundred and Thirty-fourth street to One Hundred and Thirty-fifth street; thence between Willow avenue and Southern Boulevard, crossing One Hundred and Thirty-fifth street, One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street to Willow avenue; thence crossing Willow avenue and crossing One Hundred and Thirty-eighth street, at or near its intersection with

Willow avenue, to One Hundred and Thirty-ninth street; thence crossing One Hundred and Thirty-ninth street and One Hundred and Fortieth street, between Southern Boulevard and the tracks of the New York, New Haven and Hartford Railroad to One Hundred and Forty-first street; thence crossing One Hundred and Forty-first street, and thence crossing and along Southern Boulevard and Whitlock avenue, at or near their junction between One Hundred and Forty-first street and One Hundred and Forty-second street; thence crossing St. Joseph's street, between Whitlock avenue and Austin place; thence crossing One Hundred and Forty-ninth street, between Austin place and Whitlock avenue to Austin place; thence crossing Austin place, between Whitlock avenue and Timpson place to Timpson place; thence between Whitlock avenue and Southern Boulevard, and crossing Timpson place, Leggett avenue, East One Hundred and Fifty-sixth street, Craven street, Longwood avenue, Lafayette avenue, Tiffany street, Barretto street, Hunt's Point road, Hoe street, Faile street, Bryant street, Longfellow street, Aldus street, Whittier street, to Guttenberg street; thence between Whitlock avenue and Longfellow street, crossing Guttenberg street and Westchester avenue to and crossing Home street; thence crossing Freeman street, Boone street, Edgewater road, West Farms road and Jennings street; thence crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, between West Farms road and Boone street; thence along and across Boone street to One Hundred and Seventy-sixth street; thence between West Farms road and Longfellow street, crossing One Hundred and Seventy-sixth street and Rodman place to West Farms road; thence along and across West Farms road to and across East One Hundred and Seventy-seventh street to Tremont avenue; thence to and across Bronx street to the Bronx river; thence crossing East One Hundred and Seventy-ninth street and Lebanon street, between Bronx Park avenue and Bronx river; thence along and across East One Hundred and Eightieth street and Bronx Park avenue at or near their intersection; thence to and across the northerly branch of West Farms road to Adams street, between Morris Park avenue and the easterly line of Bronx Park; thence to and across Unionport road, an unnamed street, or another branch of Unionport road, Victor street, Washington street, or White Plains road, Louise street, Lincoln street, Jefferson street, Madison street and Bear Swamp road or Bronxdale avenue to Williamsbridge road; thence crossing Williamsbridge road approximately 2,400 feet southeast of Bronx and Pelham parkway to Bronx and Pelham parkway; thence crossing Bronx and Pelham parkway, approximately 2,100 feet east of its intersection with Williamsbridge road, and running thence northerly between Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Corsa lane, between Boston Post road and Saw Mill lane to Boston Post road; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the City line, being the route shown on maps entitled "Survey Maps and Profiles of the line or route of the railroad of the New York and Port Chester Railroad Company, in the County of New York, State of New York," adopted by the Board of Directors of said Company on the 8th day of February, 1904, and signed by W. C. Gotshall, President; W. C. Gotshall, Chief Engineer, and Francis Blanchard, Secretary, under seal and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 6th day of May, 1904, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Branch Line—Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street, Lebanon street, Morris Park avenue, at or near its intersection with West Farms road; thence across or along West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike, or Westchester avenue, at or near its intersection with Clason's Point road; thence across Clason's Point road, near its intersection with the Southern turnpike, or Westchester avenue, being the route shown on a map entitled "Map and profile of branch line extending from main line (Bronx Park) to Clason's Point, New York City," forming part of the maps filed with the County Clerk of the City and County of New York, referred to in the preceding paragraph, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or their successors in authority. The "Survey Map and Profiles" are heretofore referred to solely for the purpose of indicating the route of the railroad and not the profile thereof.

General—And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered, in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, which it may be necessary for said railroad to cross, in order to make connections with any other railway within two thousand (2,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections; and provided, further, that such connections shall be limited to two (2) in number.

Section 2. The grant of this privilege is subject to the following conditions:

1. The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the Railroad Company to file with the Comptroller of The City of New York a map or maps showing the number of tracks and length of same, including cross-overs, switches, turnouts, sidings and stands within the present limits of The City of New York, such lengths to be accurately determined by measurements to be taken after the commencement of the operation of any portion of the railroad within the present limits of The City of New York.

2. The said right to cross the streets and the privilege to construct and operate said railroad shall be held and enjoyed by said Railroad Company, its lessee or successors for the term of twenty-five years from the date when this contract is signed by the parties hereto, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. In the determination of the said revaluation may be considered and included the extension of the provisions of this agreement contained in the paragraphs numbered 7 and 8 herein, and the payment of the costs and expenses therein provided for by the Railroad Company, or otherwise.

If the Railroad Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year

before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Railroad Company and the Board of Estimate and Apportionment or such other authority in its place. If the Railroad Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the Railroad Company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Railroad Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Comptroller or his successor in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Railroad Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Railroad Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

3. Upon the termination of this grant, if it be not renewed, or, in case of a renewal thereof, upon the termination of such renewal, all rights and privileges hereby granted to cross the said streets shall cease and determine, unless the said Railroad Company, its successors or assigns, shall have previously procured a new grant for the same from The City of New York.

4. The Railroad Company, its successors or assigns, shall pay to The City of New York, for the rights and privileges hereby granted, the following sums of money:

During the first five years commencing from the day when this contract is signed, an annual sum of eight thousand dollars (\$8,000), and during the next succeeding five years an annual sum of thirteen thousand dollars (\$13,000), and during the next succeeding fifteen years an annual sum of thirty-five thousand dollars (\$35,000).

From the date of the commencement of the operation of any portion of the railroad until the end of the first five years of this grant, an additional sum of five and four-tenths cents per linear foot per annum of single track, including all crossovers, switches, turnouts, sidings and stands, within the present boundaries of the City of New York, and for the next succeeding five years an additional sum of seven and seven-tenths cents per linear foot per annum of single track, as aforesaid, in lieu of said sum of five and four-tenths cents, and for the next succeeding fifteen years an additional sum of twenty cents per linear foot per annum, as aforesaid, in lieu of said sum of seven and seven-tenths cents.

All such payments shall be made to the Comptroller of the City, in equal payments at the end of each quarter year, on the first day of January, April, July and October of each year.

Any and all payments to be made by the terms of this contract to The City of New York by the Railroad Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

5. The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgagee or more lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

6. The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right of interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Port Chester Railroad Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage nor to a sale under foreclosure, provided that no sale under foreclosure shall be made to any person or corporation owning, operating or controlling any other railroad in The City of New York.

7. The grade of the railroad has not yet been established. Profile maps definitely showing such grade within the present limits of The City of New York shall be filed with the Board of Estimate and Apportionment by the Railroad Company before beginning the construction of its railroad within the present limits of The City of New York. A duplicate thereof shall at the same time

be filed with the Board of Rapid Transit Railroad Commissioners of The City of New York. The Board of Estimate and Apportionment, after a public hearing, of which ten days' notice shall be given by publication, shall then approve or disapprove the said profile map and grades, and upon the Board approving the same the Railroad Company may thereupon proceed with the construction of its railroad within the present limits of The City of New York.

If said Board disapproves the same it shall within 30 days after said hearing prescribe such changes in said map as it may deem necessary.

Within the present limits of The City of New York no street or railroad shall be crossed by the railroad at grade, and no existing park or parkway shall be crossed by the railroad at or above the grade of said park or parkway. All streets now open or in use and streets hereafter opened within the present limits of The City of New York, crossing the line of the railroad, shall be carried over or under the said railroad by the Railroad Company, at the sole cost and expense of the Railroad Company. The cost of all changes in grades of all approaches to such crossings within the present limits of The City of New York shall likewise be borne and paid by the Railroad Company, and The City of New York assumes no liability for any damages to property injured thereby, or by said railroad crossings, or any damages to property along the line of said railroad or contiguous thereto, caused by reason of the construction or operation of the said railroad, and the Railroad Company hereby agrees to indemnify and save harmless The City of New York of and from all such liability.

The City shall have the right at any time it so desires to open across the route of the Railroad Company within the present limits of The City of New York any new streets other than those now open or in use, and the Railroad Company hereby gives its consent to said opening.

8. Within the present limits of The City of New York all viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed and maintained at the expense of the Railroad Company. All viaducts over streets within the present limits of The City of New York shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street, and in the case of tunnel construction under a street there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

9. Within the present limits of The City of New York any superstructure of the railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved by the Board of Estimate and Apportionment. The width of such superstructure of the railroad shall not exceed sixty (60) feet when measured over all.

10. The plans for all structures over or under any street within the present limits of The City of New York must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of steel, concrete or masonry, or a combination of these materials. Such structures over streets shall be floored and shall be water-tight.

11. The railroad shall be constructed in the most modern and approved manner of railroad construction. Unless otherwise authorized by the Board of Estimate and Apportionment, the roadbed shall be ballasted throughout its entire length within the present limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast. The Board of Estimate and Apportionment may, however, at any time require a portion of the road not theretofore ballasted to be ballasted.

12. The roadbed within the limits of The City of New York as now fixed or hereafter extended shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. Should, however, watering the roadbed in any way injure electric line equipment which has been approved by the Board of Estimate and Apportionment, or its successors in authority, then other means of preventing dust shall be used, which shall be first approved by the Board of Estimate and Apportionment. For any failures to comply with the foregoing, the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day.

13. The entire right of way of the company within the present limits of The City of New York, except at stations, shall be fenced throughout.

14. Within the present limits of The City of New York, all abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company.

15. There shall be constructed along the line of the route of the main line of the railroad as proposed, for the accommodation of local passenger traffic, at least six stations between the Harlem river and the Bronx river, at least six stations between the Bronx river and the northern line of The City of New York, as now fixed. On the branch line there shall be constructed at least three stations east of Morris Park avenue, unless otherwise authorized by the Board of Estimate and Apportionment.

16. Said railroad may be operated by electric power or by any other mechanical motive power, which may be lawfully employed upon the same except locomotive steam power. If electrical power is used, the Railroad Company shall, before the commencement of any of the construction of the electrical line equipment, within the present limits of The City of New York, file with the Board of Estimate and Apportionment plans showing such proposed construction, within the present limits of The City of New York, including all methods of insulation, position of contact conductor and all feed wires, conductors or cables, with method of carrying the same, and said plans must be approved by the said Board before construction thereof shall begin. The Board of Estimate and Apportionment hereby retains the right to make such conditions relative to construction of such line equipment within the present limits of The City of New York as it may see fit at the time of the approval of such plan.

17. No wires for the transmission of power shall be permitted within the present limits of The City of New York unless they be placed in conduits or carried in a manner which shall have been approved by the Board of Estimate and Apportionment. The City may use the structure of the Railroad Company for carrying wires or cables for the use of the City within the present limits of The City of New York not exceeding such a quantity as might be carried in two conduits each of not more than three inches in diameter, without charge to the City. If the Railroad Company shall place its wires for the transmission of power in conduits, then the Railroad Company shall construct and permit the City to use without charge two conduits each of not more than three inches in diameter for carrying wires or cables for the use of the City.

18. The Railroad Company shall not carry wires or conduct power on its structures or along its right of way within the present limits of The City of New York for any purpose except

cept for the operation of its railroad and except, as provided above, for the use of the City.

19. The Railroad Company shall maintain throughout the term of this grant or any renewal thereof a train schedule on the main line within the limits of The City of New York of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time, either day or night, shall there be greater headway within the City limits between such trains than thirty (30) minutes; provided, however, that said Railroad Company shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 5 o'clock a. m., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

The Board of Estimate and Apportionment may require, from time to time, as it may see fit, such number of trains to be run on the branch line—not exceeding 60 trains a day.

20. All cars on said railroad shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty dollars (\$50) per day for each offense.

21. All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment. For any failure to comply herewith the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day for each violation.

22. The Railroad Company shall light the space beneath any superstructure which it shall erect across streets and the approaches to stations, within the limits of The City of New York, in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

23. During the term of this grant the rate of fare upon said railroad within the limits of The City of New York, as now fixed, shall not exceed five cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railroad, or a line or branch operated in connection therewith, and controlled by it, to any point thereof or of any such connecting line, or branch thereof, within the present limits of The City of New York during such term. The New York and Port Chester Railroad Company shall operate cars over the route hereby authorized, and shall not operate cars over the route of any other railroad company within the present limits of The City of New York until it shall have received authority for such operation from the Board of Estimate and Apportionment, and it shall not, without like authority, permit any other company within the present limits of The City of New York to run cars over the railroad hereby authorized.

The Board of Estimate and Apportionment reserves the right to fix the compensation to be paid for such privilege to The City of New York by such other company as shall be authorized to run cars over the route hereby authorized, and said Board further reserves the right to fix the compensation to be paid to The City of New York by the New York and Port Chester Railroad Company for the privilege of operating cars over the route of any other railroad company within the present limits of The City of New York.

Whenever the New York and Port Chester Railroad Company shall have entered into a contract with another railroad company within the limits of The City of New York permitting the cars of such other company to run over the route hereby authorized, in pursuance of authority from the Board of Estimate and Apportionment, or its successors in authority, the Board of Estimate and Apportionment may prescribe the maximum fare which may be charged by either company within the limits of The City of New York during the continuance of such contract to a passenger desiring to make a continuous trip in either direction between any point on the railroad of the New York and Port Chester Railroad Company and any point on the railroad of such other railroad company within the present limits of The City of New York. For their refusal to comply with the requirements of this section, the corporation so refusing shall forfeit fifty dollars (\$50) to the aggrieved party. Two or more penalties may be recovered in one action.

The rates for carrying of property upon the routes of the Railroad Company within the present limits of The City of New York shall, in all cases, be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the Railroad Company, and when so fixed such rate shall be binding upon the Railroad Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by said Board of Estimate and Apportionment.

24. The said Railroad Company shall carry free within the present limits of The City of New York during the existence of this grant members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

25. The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters, under the Charter of the City.

26. In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof, then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said Railroad Company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure, and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of forfeiture shall accrue. The right of action as herein provided shall not affect or limit any other rights of the City.

27. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

28. The Railroad Company shall commence actual construction within one year from the date of the signing of this contract, and shall complete and have in operation a four-track railroad upon the main line, from the northern line of the City to a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river, and a railroad of at least two tracks from a point at or near the intersection of One Hundred and Seventy-seventh

street with the Bronx river to the southerly terminus as aforesaid at or near the intersection of Southern Boulevard with Willis avenue, and a railroad on the branch line of at least two tracks, all within five years from the date of the signing of this contract, otherwise this grant shall cease and determine.

The Board of Estimate and Apportionment may require the construction of two additional tracks on that portion of the route between One Hundred and Seventy-seventh street and the southerly terminus, as aforesaid, at or near the intersection of Southern Boulevard and Willis avenue so as to make a railroad of four tracks on such portion of the route, whenever public convenience and necessity shall require the construction thereof; and in case the construction of such two additional tracks is so required by the Board of Estimate and Apportionment, the Railroad Company shall complete the construction thereof within five (5) years after such requirement, otherwise this grant may be forfeited; and the Railroad Company is hereby authorized to construct a railroad of four tracks on the entire route authorized by this contract, if, in its judgment, public convenience and necessity shall require the construction thereof.

The Railroad Company shall actually expend or cause to be expended the sum of at least eight hundred thousand dollars (\$800,000) within two years after the date of the signing of this contract, upon the actual construction of said railroad between the northern line of The City of New York and Westchester avenue, at or near One Hundred and Sixty-seventh street, and shall also actually expend or cause to be expended an additional sum of two hundred thousand dollars (\$200,000) within three years after the date of the signing of this contract, upon the actual construction of the railroad between Westchester avenue as above and Willis avenue at or near the Southern Boulevard, which sums shall be exclusive of any moneys expended for land acquired for the right of way. The reason why The City of New York assents to the difference in the times and amounts for the portions of the railroad north and south of Westchester avenue is that the Railroad Company represents that it is or will be able to procure by private purchase most of its right of way north of such avenue, and will have to resort to condemnation proceedings for its right of way south thereof.

Verified statements of moneys so expended for construction shall be submitted, on demand, to the Comptroller of The City of New York who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board an expenditure of the said sum within the time given is not proven, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within said five years from the date of the signing of this contract shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railroad shall cease and determine, and, in such case, all structures erected by the Railroad Company, its successors or assigns, upon any portion of the route so forfeited within the lines of any street within said City, shall become the property of The City of New York.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the provisions of this section, the Railroad Company shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed shall be allowed a hearing.

The Board of Estimate and Apportionment shall extend the time provided for in this section for the completion of the railroad and for the work to be performed and expenditures to be made, as above, for a period or periods not exceeding in the aggregate two years if the reasons given by the Railroad Company for non-fulfillment are for causes over which the Railroad Company had no control and was in nowise responsible.

29. The Railroad Company shall assume all liability by reason of the construction and operation of the railroad, and the City shall assume no liability whatsoever to either persons or property by reason of said construction, maintenance or operation, and the Railroad Company hereby agrees to indemnify and save harmless the said City from all liability whatsoever by reason of the construction, maintenance and operation of said railroad.

As a condition of this grant, the Railroad Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Railroad Company, its successor or assigns.

30. Any portion of the right of way of the said Railroad Company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

31. The Railroad Company shall not operate cars over any extension of any length whatsoever within the present limits of The City of New York not specifically hereby authorized, and shall not make any connection within the present limits of The City of New York with any other railroad, either by means of extensions or branches or by means of a platform building, unless it shall have received authority therefor from said Board of Estimate and Apportionment or its successors in authority, and upon such terms as shall be fixed by the Board. In the event that the provisions of this section cause a conflict because of the lawful right of any other railroad to compel a connection with the Railroad Company, the City agrees that it may be made a party to any legal proceedings between the said companies and its rights and duties therein determined.

32. In case any of the streets as now shown on the map of The City of New York and crossed by the said railroad above grade are altered or widened after the Railroad Company has completed its railroad, and such widening requires the alteration of the superstructure of the railroad, the Railroad Company and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

33. In case the route as laid out shall make it necessary, in the opinion of the Board of Estimate and Apportionment, to change the map of The City of New York in order to avoid impracticable, unnecessary or undesirable crossings, purely on account of the location of the railroad, and by reason of such change additional or substitute streets crossing the railroad are determined upon, then the Railroad Company shall pay to the City the additional cost thus made necessary, or may, at its own expense, acquire the lands necessary and cede them to the City without cost, provided, however, that the lands so to be acquired or paid for shall not extend more than 400 feet upon each side of said railroad.

34. Any alterations which may be required to the sewerage or drainage system, or to any sub-surface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railroad, shall be made at the sole cost of the

Railroad Company and in such manner as the proper City officials may prescribe.

35. In case the Board of Estimate and Apportionment shall, in order to avoid impracticable, unnecessary and undesirable crossings purely on account of the location of the railroad, within one year from the date of the signing of this contract, adopt a map or a change in the map laying out a street or streets bounding or adjoining the right of way of the Railroad Company, on either or both sides thereof, from the easterly line of the White Plains road to the northerly line of the City, or any part thereof, then the Railroad Company shall acquire the lands necessary for such streets and cede them to the City without cost, or will pay to the City the cost of acquiring such lands, provided that it shall not be required to acquire and cede or pay for an amount of land which in the aggregate will exceed a strip fifty feet in width and in length the distance between the easterly side of White Plains road and the northerly line of the City. The Railroad Company, at its own expense, shall regulate and grade said strips of land to such grade as shall be hereafter fixed by the City authorities, such regulating and grading to be done, from time to time, as directed by the Board of Estimate and Apportionment. On notice to the City by the Railroad Company that said Railroad Company cannot acquire such lands, the City covenants to use all possible diligence in acquiring the actual possession of the lands necessary for such streets to the end that the Railroad Company may regulate and grade the same while it is grading its railroad within the present limits of The City of New York.

36. All construction of railroad crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the Railroad Company to restore such streets within a reasonable length of time, The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund hereinafter provided.

37. The company's property and structures within the present limits of The City of New York shall not be used for advertising purposes in any way, under a penalty of fifty dollars (\$50) per day for each offense. Such restriction shall not apply to stations or cars nor to the interior of fences or walls.

38. The City, the Board and all duly authorized representatives of the City shall have the right at all reasonable times, as well during construction as afterwards, to inspect the railroad and any part thereof, and to enter thereon when necessary, for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this contract shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

39. The Railroad Company shall deposit with the Comptroller, within six months after the date of signing this contract, the sum of \$100,000, either in money or in securities to be approved by him, which fund shall be security for the construction of the road authorized hereby, and which the Railroad Company is under obligation to construct, and said fund shall be repaid to the Railroad Company only as hereby specified. If the City exercises its option to require the construction of the additional two tracks south of One Hundred and Seventy-seventh street, the Railroad Company shall, within three months after notification thereof, make a like deposit of \$25,000 as security for such construction. Whenever and as often as the Railroad Company shall have actually constructed one mile of single track, a certificate showing the construction of such track shall be prepared by the engineer of the Railroad Company, and such certificate shall be delivered to the Board of Estimate and Apportionment. The said Board shall, as soon as practicable thereafter, verify the correctness of such certificate and either accept such certificate as correct, or if it finds it to be incorrect, return said certificate to the Railroad Company, specifying in writing the respects in which it finds such certificate to be incorrect. Upon the verification of the correctness of any such certificate, or if any such certificate shall be found to be incorrect, upon its being corrected, and subsequently verified by the said Board of Estimate and Apportionment, the said Board shall prepare and certify a voucher in due form for payment to said company of the sum of \$2,500, and the amount so certified by said Board shall be forthwith paid by said Comptroller from said fund to the Railroad Company, upon the construction of the said mile of single track. This procedure shall be followed by the Railroad Company and by said Comptroller as often as the Railroad Company shall construct an additional mile of single track.

Upon the completion of the construction of the entire track authorized hereby, which the Railroad Company shall remain under obligation to construct, a final certificate shall be prepared by the engineer of said company and approved by the president thereof, showing the fact of such completion and the fact that the road is ready for operation. Such final certificate shall be delivered to the said Board of Estimate and Apportionment of The City of New York, and shall be subject to a like verification as the certificate hereinbefore mentioned. Upon the verification of the correctness of such final certificate, or if such final certificate shall be found to be incorrect, upon being corrected the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for the payment by the Comptroller to the said company of the balance of said funds remaining in his hands.

If such final certificate, certifying to the completion of the entire construction of the road, which the Railroad Company shall be under obligation to construct, shall not be delivered to the Board of Estimate and Apportionment on or before the expiration of the time at which the Railroad Company shall be under obligation to complete the road, under and in pursuance of the terms and conditions of this contract, and if the construction of the entire road authorized hereby, which the Railroad Company shall be under obligation to construct, shall not have been completed by said time, the balance of said fund shall be forthwith delivered by the Comptroller of The City of New York and thereafter said company shall have no claim or cause of action therefor.

The word construction as used herein shall include the grading of the bed of the railroad, laying of tracks thereon, ballasting of the same and the construction of all bridges or viaducts necessary for the support of the railroad.

The word completion, as used herein, shall include the laying of tracks, electrical conductors and all structures necessary to the operation of trains over the route authorized hereby, and which the Railroad Company shall be under obligation to construct and shall include also such street bridges or other structures as the company is required hereby to make, and such final certificate shall include proof that all of the antecedent acts required by this contract have been performed by said company, in so far as their completion is required hereby.

40. This grant is upon the express condition that within thirty days after the date of the signing of this contract and before anything is

done in exercise of the rights conferred thereby, the Railroad Company shall deposit with the Comptroller of The City of New York the sum of twenty-five thousand dollars (\$25,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Railroad Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the president of said company. In case of failure of the said company to comply with any of the terms of this contract, or its neglect or refusal to comply with any demand or direction of the Board of Estimate and Apportionment, or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, if no other money penalty is provided therefor, the said company shall pay to the Comptroller of The City of New York a penalty of \$50 for each violation; and in case of any violation of the provisions of this contract for which money penalties are provided, the said company shall pay to the Comptroller of said City the penalties so provided.

The procedure for the imposition and collection of penalties provided in this contract shall be as follows:

The Comptroller of The City of New York, on complaint made, shall, in writing, notify said company through its president to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If said company fail to make an appearance or, after a hearing, appear in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the said company shall, upon ten days' notice in writing, pay to the Comptroller of The City of New York a sum sufficient to restore said security fund to the original amount of \$25,000 and in default thereof the said company shall pay to the Comptroller of The City of New York the sum of one hundred dollars for each day of such default in addition to the amount necessary to restore said fund to the original amount of \$25,000. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

The right of the City to collect any penalties imposed for non-compliance with the terms of this contract, or with any law or ordinance now in force or hereafter adopted, shall not be limited to the said sum of \$25,000, and the enumeration or reservation of any rights by the City herein shall not operate to the exclusion of any other rights belonging to the City, either in law or at equity. Nor shall the imposition of any penalty by the terms of this contract interfere with or diminish the right of the City specifically to enforce any of the terms or conditions of this contract.

41. If the Railroad Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings within the present limits of The City of New York in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said Company specifying any default on the part of said Company, and requiring the said Company to remedy the same within a reasonable time, and upon the failure of the said Company to remedy its said fault within a reasonable time said Company shall for each day thereafter during which said fault or defect remains pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

42. The Railroad Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
[SEAL.] By..... Mayor.
NEW YORK AND PORT CHESTER
RAILROAD COMPANY,
By..... President.

Attest: [SEAL.] Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor are that the money value of such franchise or right proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of Proposed Contract for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company and the said form of Proposed Contract for the grant of such franchise or right and said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published at the expense of New York and Port Chester Railroad Company, for at least twenty days immediately prior to January 26, 1906, in THE CITY RECORD, and at least twice, during the ten days immediately prior to January 26, 1906, in "The New York Times" and "The New York Daily News," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, and fully set forth and described in the foregoing form of Proposed Contract for the grant of such franchise or right, and before adopting any resolu-

tion authorizing any such contract, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 26, 1906, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

SPECIAL NOTICE TO APPLICANTS.

The Civil Service Commission desires to warn you against all persons who offer to sell, in advance of the examinations, the questions that you will be expected to answer; and also against all individuals or so-called "schools" that would have you think they possess advantages by the use of which you will be enabled to pass a successful examination and secure appointment. If you pay any money for these purposes, other than the nominal charge for legitimate Civil Service School tuition, a fraud will be imposed upon you, and you will not only lose your money but be guilty of a misdemeanor. (Section 56, Penal Code.)

Your own merit and ability will determine your position as a result of the examination.

A reward of \$100 will be paid to any person who will furnish the Civil Service Commission with information and evidence that will secure the conviction of any person attempting to defraud applicants, and such information will be considered confidential.

Questions used in previous examinations may be seen upon application at the Examining Department, second floor, No. 61 Elm street, New York City.

DEPARTMENT OF FINANCE.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.

MACOMB'S ROAD—SEWER and appurtenances, between Jerome avenue and Aqueduct avenue. Area of assessment: Both sides of Macomb's road, from its intersection with Cromwell avenue to Tremont avenue; both sides of Shakespeare avenue, extending southerly from Featherbed lane about 1,203 feet; both sides of Nelson avenue, from One Hundred and Seventy-second to One Hundred and Seventy-sixth street; east side of Aqueduct avenue, commencing at a point about 1,000 feet southerly of Featherbed lane and extending northerly to Tremont avenue; both sides of One Hundred and Seventy-fifth street, from Nelson avenue to Macomb's road; and both sides of Featherbed lane, from Aqueduct avenue to Macomb's road.

ONE HUNDRED AND EIGHTY-FIRST STREET—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from Jerome avenue to Aqueduct avenue. Area of assessment: Both sides of One Hundred and Eighty-first street, from Jerome avenue to Aqueduct avenue, and to the extent of half the block at the intersecting and terminating streets.

—that the same were confirmed by the Board of Assessors January 23, 1906, and entered on January 23, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 24, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

By direction of the Comptroller, the sale of the above-described buildings and machinery will be made under the supervision of the Collector of City Revenue on Tuesday, February 20, 1906, at 11 a. m. on the premises.

Arrangements will be made by the Collector of City Revenue as to the time of removal of the machinery contained in the building and the date upon which the purchaser shall begin to remove the buildings.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations, of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings or appurtenances by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 30, 1906,

at 11 a. m., on the premises, the building and appurtenances thereunto belonging erected upon real estate within the bounds of City Hall Park and formerly occupied by the Fire Department, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the building thereunto belonging, situated on the southwest corner of Chambers and Centre streets, in the

Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted January 11, 1906, the Comptroller has directed the sale of the above-described building to be made under the supervision of the Collector of City Revenue on Tuesday, January 30, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls, shall also be torn down to the same level. All tin from roofs,

cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick in mortar, all floor beams, joists, studs, flooring, ceiling, roofing, boards and wood-work of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

SUPREME COURT.—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated at the southwesterly corner of NORFOLK AND EAST HOUSTON STREETS, in the Borough of Manhattan, in The City of New York, duly selected as a site for school purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above-entitled matter, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York, at its office, at the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, for the inspection of whomsoever it might concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, January 19, 1906, file their objections to such estimate, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York, and we, the said Commissioners, will hear parties so objecting, at our said office on the 31st day of January, 1906, at 3 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, January 18, 1906.

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, by the Counsel to the Corporation, relative to acquiring title, wherever the same has not been heretofore acquired, to all the lands, tenements, hereditaments, property right, terms, easements and privileges not owned by the Mayor, Aldermen and Commonalty of The City of New York, or any rights, title and interest therein, not extinguishable by public authority, embraced within the lines of THE GRAND BOULEVARD AND CONCOURSE AND NINE TRANSVERSE ROADS, from a point on East One Hundred and Sixty-first street, in said City, at the intersection of said streets, and Mott avenue northerly to Moshulu parkway, as laid out and established by the Commissioner of Street Improvement of the Twenty-third and Twenty-fourth Wards of The City of New York, pursuant to the provisions of chapter 130 of the Laws of 1895.

NOTICE OF FILING THE SUPPLEMENTAL and amended report and notice of motion to confirm the supplemental and amended report of the Commissioners of Estimate and Assessment herein with respect to Damage Parcel No. 459, contained in section 4.

We, Hugh R. Garden, John H. Knoepfel and William Endemann, the undersigned Commissioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Whereas, The undersigned were heretofore duly appointed Commissioners of Estimate and Assessment herein, pursuant to the provisions of chapter 130 of the Laws of 1895, and amended by chapter 89 of the Laws of 1896, and thereafter duly qualified as such Commissioners and thereafter made our several reports of awards for damage by reason of this proceeding; and

Whereas, We have heretofore made our report of section 4 in this proceeding, dated February 10, 1898, which said report was confirmed by order of this Court, dated September 16, 1898, and filed in the office of the Clerk of the County of New York on September 21, 1898, wherein there was an award for land for Damage Parcel No. 459 for the sum of \$18,388.68; and

Whereas, On an application made in this proceeding by Mary E. Ryan, an order was made herein, dated February 2, 1905, and duly filed in the office of the Clerk of the County of New York on the 2d day of February, 1905, which said order referred back to the said Commissioners, or their successors, the report of the said Commissioners herein, dated February 10, 1898, and filed September 21, 1898, to amend and correct the same, and the said order ordered and directed the Commissioners that in addition to proofs on which their estimates and award for lands and improvements taken were heretofore made, to take proof and ascertain and determine any and all loss or damages to the premises owned by Mary E. Ryan, and of which said Parcel No. 459, in this proceeding, formed a part by reason and in consequence of the laying out and establishing of the Grand Boulevard and Concourse, and that the said Commissioners make a just and equitable estimate and assessment and award the said loss and damages to the owner, Mary E. Ryan, and it is further ordered that the sums or estimates or awards of compensation or recompense for such loss or damage, when made by said Commissioners, be reported by them to this Court without unnecessary delay, and to be subject to confirmation by this Court.

Now, therefore, having taken proof thereunder, we report:

First—That we have completed our supplemental and amended estimate of damage relating to the Damage Parcel No. 459, in section 4, as aforesaid, and that all persons interested in this proceeding, or in any of the lands affected thereby, and having objections thereto, present their objections, in writing, to us at our office, Nos.

90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 17th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 17th day of February, 1906, and for that purpose will be in attendance at our said office on each of said ten days at 3 o'clock p. m.

Second—That the abstract of said supplemental and amended estimate, together with our damage maps, and also all the evidence, estimates and other documents used by us in making our said estimate, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, Borough of Manhattan, in the said City, there to remain until the 28th day of February, 1906.

Third—That, pursuant to the provisions of chapter 130 of the Laws of 1895, as amended by chapter 89 of the Laws of 1896, we propose to assess for benefit, which assessment will appear in our last Partial and Separate Abstract of Estimate and Assessment, all those lots, pieces or parcels of land situate, lying and being in The City of New York, which, taken together, are bounded and described as follows, viz:

Northerly by the line separating The City of New York from the City of Yonkers; easterly by the Bronx river and the East river; southerly by the Harlem river, the Bronx Kills and the East river, and westerly by the Hudson river and the Harlem river, all of which land, taken together, is known as the Twenty-third Ward and part of the Twenty-fourth Ward, as such territory was annexed to The City of New York by an act of the Legislature designated as chapter 613 of the Laws of 1873, and acts amendatory thereof.

Fourth—That our said supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term, to be held in Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on the 27th day of March, 1906, at the opening of the court on that day.

Dated Borough of Manhattan, City of New York, January 23, 1906.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to

the lands and premises required for the opening and extending of RANDALL AVENUE (although not yet named by proper authority), from Truxton street and Leggett avenue to the Bronx river, in the Twenty-third Ward, Borough of The Bronx, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of February, 1906, at 11 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of the westerly side of the Bronx river with a line parallel with and 100 feet southerly from the southerly side of Eastern Boulevard; thence westerly along said parallel line to its intersection with a line parallel with and 100 feet westerly from the westerly side of Truxton street; thence northerly along said parallel line to its intersection with a line parallel with and 100 feet southwesterly from the westerly side of Leggett avenue; thence northwesterly along said parallel line and its prolongation to its intersection with a line parallel with and 100 feet northwesterly from the northwesterly side of Southern Boulevard; thence southeasterly along said parallel line to its intersection with the northwesterly prolongation of a line drawn parallel to and distant 100 feet northeasterly from the northeasterly side of that portion of Leggett avenue lying between Southern Boulevard and Truxton street; thence southeasterly along said prolongation and parallel line to its intersection with a line parallel with and 100 feet northwesterly from the northwesterly side of Truxton street; thence northeasterly along said parallel line and its prolongation to its intersection with a line parallel with and 100 feet northerly from the northerly side of Spofford avenue; thence easterly along said parallel line to its intersection with the southwesterly side of the Bronx river; thence southeasterly, southerly and westerly, following the windings of said Bronx river to the point or place of beginning, as such streets are shown upon the final maps and profiles of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 7th day of March, 1906, at the opening of the Court on that day.

CROTON FALLS RESERVOIR. (RESERVOIR "K.")

Notice of Application of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court for the appointment of Commissioners of Appraisal under chapter 490 of the Laws of 1883, and the laws amendatory thereof.

Such application will be made at a Special Term of said Court, to be held in the Second Judicial District, at the Court House in White Plains, Westchester County, New York, on the seventeenth day of February, 1906, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard.

The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and the other two of whom shall reside in the county in which the real estate hereinafter described is situated, as Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners of and all persons interested in the real estate (as the term "real estate" is defined by said act) hereinafter described as proposed to be taken or affected for the construction of a dam and reservoir on the West Branch of the Croton river for the purpose of supplying The City of New York with an increased supply of pure and wholesome water.

The real estate sought to be taken or affected is situated in the Towns of Carmel and Southeast, Putnam County, New York.

A statement or description of the boundaries of the dam and reservoir and the real estate to be acquired therefor by courses and distances is as follows:

All those tracts or parcels of land to be acquired in fee for the construction of the Croton Falls Reservoir (Reservoir "K") and Dam ("the Hemlocks" site), as shown on a certain map, entitled "Department of Water Supply, Gas and Electricity, Exhibit No. 6 of 1905, Property Map No. One (1) of lands required for the construction of the Croton Falls Reservoir (Reservoir "K") in the Towns of Carmel and Southeast, Putnam County, New York," adopted by the Aqueduct Commissioners, December 6, 1905, and filed in the Putnam County Clerk's Office at Carmel, New York, December 26, 1905, which are bounded and described as follows:

First Tract.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to TREMONT AVENUE (although not yet named by proper authority), from Bronx river to the Eastern Boulevard and to the public place at the intersection of Tremont avenue and Westchester avenue, Twenty-fourth Ward, Borough of The Bronx, of The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants,

of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 14th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 16th day of February, 1906, at 10 o'clock a. m.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in said City, there to remain until the 24th day of February, 1906.

Third—That we propose to assess for benefit, which assessment will appear in our last partial and separate abstract of assessment, and will be contained in our last partial and separate report, all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet westerly from the westerly line of Webster avenue with the westerly prolongation of a line parallel to and distant 100 feet northerly from the northerly side of Tremont avenue; running thence easterly along the last-mentioned westerly prolongation and parallel line and its continuation easterly parallel to and distant 100 feet northerly from the northerly side of East One Hundred and Seventy-seventh street to its intersection with a line parallel to and distant 100 feet westerly from the westerly side of Boston road; thence northerly along the last-mentioned parallel line to its intersection with the westerly prolongation of a line parallel to and distant 1,500 feet northerly from the northerly side of Tremont avenue extending easterly between the Bronx river and the New York, New Haven and Hartford Railroad; thence easterly along the last-mentioned westerly prolongation and parallel line to its intersection with an arc of a circle having a radius of 1,725 feet and whose centre is the centre of the circular public place at the intersection of Westchester avenue and Tremont avenue; thence easterly along the said arc of a circle to its intersection with a line parallel to and distant 1,500 feet northerly from the northerly side of Tremont avenue; thence easterly along the last-mentioned parallel line and its continuation easterly parallel to and distant 1,500 feet northerly from the northerly side of Tremont avenue to the westerly side of Long Island Sound; thence southerly and easterly and southwesterly along the said westerly side of Long Island Sound to its intersection with the easterly prolongation of a line parallel to and distant 1,500 feet southerly from the southerly side of the proposed extension of Tremont avenue; thence westerly along the last-mentioned easterly prolongation and parallel line and its continuation westerly parallel to and distant 1,500 feet southerly from the southerly side of Tremont avenue to its intersection with an arc of a circle having a radius of 1,725 feet and whose centre is the centre of the circular public place at the intersection of Westchester avenue and Tremont avenue; thence westerly along the said arc of the circle to its intersection with a line parallel to and distant 1,500 feet southerly from the southerly side of Tremont avenue; thence westerly along the last-mentioned parallel line and its prolongation westerly to its intersection with a line parallel to and distant 100 feet westerly from the westerly side of Boston road; thence northerly and northeasterly along the last-mentioned parallel line to its intersection with a line parallel to and distant 100 feet southerly from the southerly side of East One Hundred and Seventy-seventh street; thence westerly along the last-mentioned parallel line and its continuation westerly parallel to and distant 100 feet southerly from the southerly side of Tremont avenue to its intersection with a line parallel to and distant 100 feet westerly from the westerly side of Webster avenue; thence northerly along the last-mentioned parallel line to the point or place of beginning.

Fourth—That our first partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 12th day of March, 1906, at the opening of the Court on that day.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of HONEYWELL STREET (although not yet named by proper authority), from Jackson avenue to Thompson avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us, at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 31st day of January, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 5th day of February, 1906, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 10th day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning on the southerly side of Jackson avenue at the middle line of the block between Honeywell street and Buckley street, and running southerly along said centre line of the block and parallel with Honeywell street to the northerly side of Thompson avenue; thence westerly along the northerly side of Thompson avenue to the middle line of the block between Honeywell street and Moore street; thence northerly and parallel with Honeywell street and along the centre line of the block aforesaid to the southerly line of Jackson avenue and thence easterly along the southerly side of Jackson avenue to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 27th day of March, 1906, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, January 8, 1906.

WILLIAM VOPAT,

Chairman;

FRANK HOLUB,

Commissioners.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of WEBSTER AVENUE (although not yet named by proper authority), from the East river to Jackson avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment, as directed by an order of the Supreme Court dated April 5, 1905, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present

their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 5th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 8th day of February, 1906, at 12 o'clock m.

Second—That the abstract of our said supplemental and amended estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 14th day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the middle line of the block, between Webster avenue and Washington avenue, and the southeasterly line of the East River; thence southeasterly along said middle line of the block and its prolongation to its intersection with a line parallel to and 100 feet southeasterly from the southerly line of Jackson avenue; thence southwesterly along said parallel line to its intersection with the southeasterly prolongation of the middle line of the block between Webster avenue and Freeman avenue; thence northwesterly along said prolongation and middle line to its intersection with the southeasterly line of the East river; thence northeasterly along said southeasterly line of the East river to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 30th day of March, 1906, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, January 11, 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
