Rapid Transit Railway, Battery-East River-Atlantic Avenue Route.

In the matter of the communication dated June 30, 1911, from the Public Service Commission for the First District, transmitting resolutions adopted by said Commission as to route and general plan of construction for a proposed rapid transit railway beginning at a point under Battery Park, Borough of Manhattan, and extending under the park and ferry or waterfront property to the East River; thence under the East River to a point at or near Atlantic avenue, Borough of Brooklyn, extended with the pierhead line; thence under and along Atlantic avenue to a point in said avenue about 150 feet east of the easterly line of Court street, Borough of Brooklyn, where a connection can be made with Section 11-D of the Fourth avenue subway; and requesting the approval and consent of this Board thereto.

This communication was presented to the Board at the meeting of July 6, 1911, and by resolution duly adopted July 13, 1911, was fixed as the date for consideration and the communication was referred to the Franchise Committee.

At the meeting of July 13, 1911, the consideration was concluded and the matter was laid over until this day.

The matter was laid over until the next meeting (Tuesday, July 18, 1911).

FINANCIAL MATTERS.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

$82.89 from the General Fund for the Reduction of Taxation for the year 1906, to the appropriation made to the Armory Board for the same year, Account No. 139.

The Armory Board, Basement Suite 6, Hall of Records, New York, May 17, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Dear Sir—In the Reconciliation Sheets for December 31, 1909, received from the Department of Finance, the sum of one hundred and sixty-one dollars and forty-two cents ($161.42) was transferred to the General Fund from the account entitled Boroughs of Manhattan and The Bronx, Repairs and Supplies, 1906, 139, 22d Regiment.

This showed an overdraft in the account of fifty-six dollars and ninety-one cents ($56.91). There was an outstanding liability of twenty-five dollars and ninety-eight cents ($25.98), so that it will require a transfer to the credit of the account of eighty-two dollars and eighty-nine cents ($82.89) to close said account.

It is requested, therefore, that the sum of eighty-two dollars and eighty-nine cents ($82.89) be transferred from the General Fund to the account entitled, Boroughs of Manhattan and The Bronx, Repairs and Supplies, 1906, 139, 22d Regiment.

Yours respectfully, C. D. RHINEHART, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 10, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On May 17, 1911, the Secretary of the Armory Board requested the transfer of $82.89 from the General Fund to account No. 139, Twenty-second Regiment for the year 1906. In connection therewith I report as follows:

The requested transfer is to cover an overdraft of $56.91 and an outstanding liability of $25.98 in the account entitled Boroughs of Manhattan and The Bronx, No. 139, Twenty-second Regiment, Repairs and Supplies. The outstanding bills are for glazing work done by Samuel Pollack.

On May 28, 1908, the Board of Estimate and Apportionment transferred $161.42 from No. 139 to the General Fund. This was done in error, as the balance of the account amounted to but $104.51. The overdraft therefore was made, which, with the outstanding liability of $25.98, gives the total deficit of $82.89. As the transfer was made in error it is now proposed to reimburse the account in the amount of the deficit.

I recommend the adoption of the attached resolution recertifying the error and balancing the account. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds to the Armory Board for the year 1906, as follows:

From	
General Fund for the Reduction of Taxation	$82 89
To	
Boroughs of Manhattan and The Bronx, Repairs and Supplies—	
139. Twenty-second Regiment	$82 89

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

$5,250 within the appropriation made to the Fire Department for the year 1911.

Fire Department of The City of New York, Office of the Commissioner, New York, June 20, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman Board of Estimate and Apportionment:*

Sir—I have the honor to request that the Board of Estimate and Apportionment authorize the following transfers from appropriations for the purchase of horses, made to this Department for the current year:

This money will not be required for the purchase of horses as it is desired to use it for the maintenance of automobile apparatus:

From Account No. 979, Purchase of Horses, to Account No. 978, Maintenance of Automobiles, $3,000.

From Account No. 1005, Purchase of Horses, to Account No. 1004, Maintenance of Automobiles, $250.

From Account No. 1029, Purchase of Horses, to Account No. 1028, Maintenance of Automobiles, $2,000.

These transfers are necessary owing to the purchase of additional automobile apparatus since January 1, the present accounts for Maintenance of Automobiles being about exhausted. Respectfully, JOS. JOHNSON, Fire Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 10, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 20, 1911, the Fire Commissioner requested transfers in the sum of $5,250 within the appropriations to the Fire Department for the year 1911. In connection therewith I report as follows:

The proposed transfers are from accounts for the Purchase of Horses to accounts for the Maintenance of Automobiles, for the reason that automobile apparatus is being substituted for horse-drawn apparatus in the Department.

Since January 1, 1911, the following automobile apparatus has been placed in service: Eleven wagons for Deputy Chiefs, one water tower, four hose wagons, one engine, two delivery wagons, two wagons for Telegraph Bureau and Bureau of Repairs and Supplies. Contracts have also been awarded for three engines and four hook and ladder trucks.

The appropriations for 1911 for the maintenance of automobiles were based upon the estimated expenditure for the six automobiles in use in 1910, and are inadequate to meet the increase in cost due to the addition to the number of auto apparatus. The transfer items are as follows:

From	
979. Purchase of Horses, Manhattan	$3,000 00
1005. Purchase of Horses, Richmond	250 00
1029. Purchase of Horses, Brooklyn	2,000 00
To	
978. Maintenance of Automobiles, Manhattan	$3,000 00
1004. Maintenance of Automobiles, Richmond	250 00
1028. Maintenance of Automobiles, Brooklyn	2,000 00

The appropriations for Nos. 979, 1005 and 1029 were $20,000, $1,200 and $10,000, respectively, against which no liabilities have been incurred.

The appropriation for No. 978 was $3,000. The liabilties up to June 30, 1911, were $2,969.81, as follows:

Rubber tires and tubes	$984 32
Gasoline	387 93
Repairs	316 55
Auto parts and supplies	1,281 01
	$2,969 81

The appropriation for No. 1004 was $500. Liabilities incurred to June 30, 1911, amount to $499.12, as follows:

Rubber tires and tubes	$297 28
Repairs	10 30
Auto parts and supplies	191 54
	$499 12

The appropriation for No. 1028 was $2,000. The liabilities to June 30, 1911, amounted to $1,996.33, as follows:

Rubber tires and tubes	$1,080 41
Gasoline	235 80
Repairs	159 70
Auto parts and supplies	520 42
	$1,996 33

I recommend that the request be approved by the adoption of the attached resolution. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Department of Public Charities of The City of New York, foot of East 26th Street, New York, June 28, 1911.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On the 10th instant this Department made an application to your honorable Board for the transfer of $165,800 from the appropriation account for 1911 entitled, "808B, Additional Allowance for General Supplies, subject to the approval of the Board of Estimate and Apportionment as to the purposes to which it is to be applied," to sundry other supply accounts.

Included in this application was a request for a transfer of $54,013.29 from No. 808B to No. 747, Repairs and Replacements by Contract or Open Order.

Owing to the protracted period of dry weather which prevailed this spring, the price of forage has advanced materially; hence it is necessary to augment the forage appropriations for Manhattan and Brooklyn $900 and $800 respectively. For that reason I respectfully request permission to modify the application of the 10th instant, as follows:

Amend:

747. Repairs and replacements by contract or open order, Manhattan, by striking out $54,013.29, and inserting	$52,313 29

Add:

751. Forage, boarding and shoeing horses, Manhattan	900 00
783. Forage, boarding and shoeing horses, Brooklyn	800 00
	$54,013 29

Respectfully yours, M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 10, 1911, the Commissioner of the Department of Charities requested the transfer of $165,800 within the appropriations to his Department for the year 1911. In connection therewith I report as follows:

The appropriations recommended by the Budget Committee for the purchase of general supplies for the year 1911, including meat, groceries, vegetables, drugs, clothing, etc., was $1,265,000 as follows:

Manhattan and The Bronx	$925,000 00
Richmond	40,000 00
Brooklyn and Queens	300,000 00
	$1,265,000 00

The amount was considerably less than the sum requested by the Department. To provide for any deficiency, an additional allowance of $200,000 was granted in the Budget for 1911, the account being entitled "808b, Additional Allowance for General Supplies, subject to the approval of the Board of Estimate and Apportionment as to the purposes to which it is to be applied."

On April 20, 1911, the sum of $34,200 was transferred from this account to No. 793, General Supplies, Richmond, leaving a balance of $165,800. Request is made that this balance be transferred as follows:

Manhattan and The Bronx—	
745. General Supplies	$48,269 01
747. Repairs and Replacements by Contract or Open Order	52,313 29
748. Apparatus—Machinery, Vehicles, etc., including Care and Storage	19,517 70
751. Forage, Shoeing and Boarding Horses	900 00
Brooklyn and Queens—	
777. General Supplies	20,000 00
778. Materials for Repairs and Replacements by Departmental Labor	5,000 00
779. Repairs and Replacements by Contract or Open Order	13,000 00
780. Apparatus—Machinery, Vehicles, etc., including Care and Storage	2,000 00
781. Maintenance of Automobiles, including Equipment, Care and Storage	1,500 00
783. Forage, Shoeing and Boarding Horses	800 00
786. Contingencies	600 00
Richmond—	
796. Apparatus—Machinery, Vehicles, etc., including Care and Storage	1,000 00
798. Forage, Shoeing and Boarding Horses	400 00
Miscellaneous—	
804. Clothing for Insane Patients	500 00
	$165,800 00

The appropriation of $200,000 having been made to provide for possible deficiencies in the allowances for the purchase of food supplies, and not for the general maintenance of the Department, I am of the opinion that the only items in the request that should be considered are those relating to transfers to the appropriations for General Supplies in Manhattan and The Bronx, and Brooklyn and Queens.

The appropriation for No. 745, General Supplies, Manhattan and The Bronx, was $925,000. The liability incurred to June 10, 1911, as shown by a statement submitted by the Department, was $515,269.01, as follows:

Contracts	$456,503 31
Open Market Orders	38,732 29
Informal awards	20,033 41
	$515,269 01

The unencumbered balance on June 10 was $409,730.99. The requirements, from June 10 to December 31, 1911, as estimated by the General Storekeeper, will require an expenditure of $458,000, as follows:

Food supplies	$363,066 22
Dry goods	26,097 98
State's prison goods (clothing, shoes, etc.)	39,819 10
Drugs	8,000 00
Laundry supplies	9,660 06
Miscellaneous	11,356 64
	$458,000 00

To provide for this expenditure, the balance to the credit of the account will have to be replenished in the sum of $48,269.01.

The appropriation for No. 777, General Supplies, Brooklyn and Queens, was $300,000. The liability incurred to June 10, 1911, was $159,715.73, as follows:

Contracts	$140,800 76
Open Market Orders	17,909 33
Informal awards	1,005 64
	$159,715 73

The unencumbered balance on June 10 was $140,284.27. The Deputy Commissioner in charge of the Boroughs of Brooklyn and Queens estimates that $20,000 additional will be required to meet the cost of the necessary food supplies, clothing, etc., from June 10 to December 31, 1911.

I recommend that transfers to the amount of $68,269 be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller.

(On June 29, 1911, the resolution of the Board of Aldermen requesting the above appropriation was referred to the Comptroller.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand eight hundred dollars ($3,800), the proceeds whereof to be used by the Department of Public Charities for the purpose of employing additional help in the Children's Bureau, Borough of Brooklyn, during 1911.

Received from his Honor the Mayor June 27, 1911, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 10, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 13, 1911, the Board of Aldermen adopted a resolution requesting special revenue bonds in the sum of $3,800, the proceeds to be used by the Department of Public Charities for the purpose of employing additional help in the Children's Bureau, Brooklyn, from July 1 to December 31, 1911. In connection therewith I report, as follows:

At the request of the Commissioner of Charities an examination was made by the Commissioner of Accounts of the conditions existing in the Children's Bureau, Brooklyn. In a report dated April 7, 1911, the Commissioner of Accounts stated that "one of the chief causes of the chaotic conditions found to exist is the lack of an adequate clerical force to keep the work up to date." To carry into effect the recommendations of the Commissioner of Accounts and establish a system similar to that in the Children's Bureau, Manhattan, it is proposed to expend the $3,800 from July 1 to December 31, 1911, as follows:

Superintendent, at $2,400 per annum, to replace the position of Clerk, at $1,800, now vacant	$300 00
Stenographer and Typewriter, at $600 per annum	300 00
Clerk, at $600 per annum	300 00
Cashier, at $1,000 per annum	500 00
Examiners of Charitable Institutions, four at $1,200 per annum	2,400 00
	$3,800 00

The Commissioner states that the appropriation will increase the efficiency of the Bureau by providing for a proper supervision and control of reinvestigation work, resulting in a material decrease in the number of children who are public charges. In addition, there will be a systematized "follow-up" of delinquent payers, with an increase in the amount received in partial support of committed children.

On May 31, 1911, the number of children maintained as public charges in the Boroughs of Brooklyn and Queens was 8,468. The number of children proposed for commitment during the first quarter of 1911 was 1,328. As a result of the investigations made by the ten Examiners connected with the Children's Bureau, 612 of the applications were denied. In addition to the investigations made at the time of application, 414 investigations were made of applications by parents and guardians for the discharge of children. The rules of the State Board of Charities require that reinvestigations should be made at least once a year into the ability of parents to maintain children who are public charges. From January 1 to March 31, 1911, the number of reinvestigations made was 600, or at the rate of 2,400 a year. This is a small percentage when compared with the total number of committed children, and is due to an inadequate force of Examiners. Their investigations resulted in fifty-five children being disapproved for further retention as public charges, representing an annual saving to the City of more than $6,000. It is estimated that with a sufficient force of Examiners the Bureau would be self-supporting.

The State Board of Charities, in a communication to this Board, dated April 17, 1911, called attention to the increase in the number of committed children, and stated that one of the causes of the increase was the failure to reinvestigate commitments. The State Board further stated this condition seems to have been largely due to an inadequate examining force in the Department of Public Charities.

The Stenographer and Clerk are for the efficient carrying on of the office work, The Cashier is to have charge of the moneys paid by parents towards the support of committed children. Based upon the receipts up to June 30, the amount for the year will approximate $15,000. The Bureau has been in charge of a Clerk at $1,800 per annum. The position is now vacant, through death, and it is proposed to place a Superintendent in charge, at $2,400 per annum. A similar position in Manhattan is at the rate of $2,700.

I recommend the adoption of the attached resolutions granting the request, approving a schedule for the special revenue bond fund, and the necessary modification of the budget schedule for the Bureau. Respectfully,

WM. A. PRENDERGAST, Comptroller.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 10, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 14, 1911, the Board of Aldermen adopted a resolution requesting $1,000 in special revenue bonds, the proceeds to be used by the "Richmond County Society for the Prevention of Cruelty to Children" for the care of children arrested in Richmond County and held for arraignment in the Children's Court. In connection therewith I report as follows:

The $1,000 is for a deficit of $109.38 up to May 31, 1911, and for the expenses of the Society for the rest of the year.

The receipts and expenditures of the Society for the five months ending May 31, 1911, were as follows:

Expenditures.

Agent's salary and expenses	$432 25
Coal and wood	64 50
Sundries	104 21
Matron's salary	110 00
Telephone	23 18
Provisions	174 12
Repairs, etc.	72 31
	$980 57

Receipts.

Balance from 1910	$193 23
Subscriptions	147 00
City of New York	333 32
Donations	197 64
	$871 19

Deficit, $109.38.

The average monthly expenditures for the five months was $196.11. This would give a total for the year of $2,353.31.

The Society during 1910 received $682.15 from donations, entertainments and membership fees. The same amount for 1911 would give total receipts of $1,682.15, or a deficit of approximately $650 for the year.

The Society states the following:

"The Richmond County Society for the Prevention of Cruelty to Children was organized in 1880, and was conducted for many years as a private charitable enterprise. During the past few years, The City of New York has appropriated $1,000 per annum to the Society.

"The expenses of the Society for the year ending December 31, 1909, were $1,762.67 of which $1,000 was received from The City of New York; $16 from relatives

of children boarded with the Society, and the balance from private subscriptions and donations. The Society has now found it necessary to employ the entire time of an agent, thereby increasing its expenses $700 per annum; and with increasing expenses in other directions, it was already facing a serious deficit for the current year.

Under the provisions of chapter 659, Laws of 1910, the number of children brought to the Society's house is greatly increased, and moreover, instead of being taken before the City Magistrates on the following day, they now are obliged to await the session of the Children's Court, which sits but once a week, which at least trebles the average number of days spent by the children in the Society's house.

"The Society has no resources from which to meet these increased expenses, and it does not seem proper that this additional burden should be met by private subscriptions, even if it were possible to raise the money in that way.

"When the Society asked for a continuance of the $1,000 appropriation, it was quite ignorant of the added burden and expense which would be imposed upon it by the new law. The resources and accommodations of the Society are entirely insufficient for this additional work, and if this service is to be performed for the City, some means must be found to care for the additional expense involved.

The Society's managers are desirous of co-operating with the City and with the Children's Court as far as possible; but unless some relief can be found from the present situation, they apparently will have no alternative but to decline to receive such children in the future."

I recommend the adoption of the attached resolution granting the request to the extent of $650. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on March 14, 1911, requesting an issue of special revenue bonds in the sum of one thousand dollars ($1,000), the proceeds whereof to be used by the Richmond County Society for the Prevention of Cruelty to Children, for the purpose of caring for children arrested in Richmond County and being held for arraignment in the Children's Court, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment to the extent of six hundred and fifty dollars ($650), and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding six hundred and fifty dollars ($650), redeemable from the tax levy of the year succeeding the year of their issue.

The City of New York, Department of Parks, Arsenal, Central Park, June 27, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller*, City of New York:

Sir—Herewith I beg to forward for the approval of the Board of Estimate and Apportionment, as required by resolution of said Board of January 5, last, plans and specifications for improving the playground located under Queensboro Bridge, in the block west of Sutton Place, between 59th and 60th streets, in the Borough of Manhattan.

This improvement is estimated to cost approximately $34,000, and will be chargeable against the fund provided by corporate stock issue designated as C-DP-58A.

Respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 10, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 20, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested approval of plans, specifications and estimated cost in the sum of $34,000, for improving the playground located under Queensboro Bridge in the block west of Sutton place, between 59th and 60th streets, Borough of Manhattan.

This playground is designed principally for an atheletic field where baseball and other games may be played. The plot, covering an area of approximately 52,856 square feet, is vacant and unimproved.

It is proposed to level the ground and inclose the property with rubble masonry and concrete walls, surmounted by a seven-foot wrought iron fence.

The construction of the playground proper will consist of excavating and filling to a subgrade elevation of eight inches below finished grade, rolling and ramming as required. Complete water and drainage systems are to be installed and surfacing material, composed of a mixture of gravel and steam cinders, spread in a sufficient quantity to bring the surface to a finished grade.

Seats of concrete in tiers are to be constructed along the southerly boundary and along portions of the easterly and westerly boundaries.

The estimate of cost, based on the quantities of labor and materials necessary to complete the work at fair estimated contract prices, is considered reasonable. The plans and specifications are satisfactory.

The cost of the work is to be charged to the corporate stock fund of $250,000 approved on June 3, 1911, and entitled C-DP-58A, Improvement of Playgrounds throughout the City.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the plans, specifications and estimate of cost, thirty-four thousand dollars ($34,000), for improving the playground located under the Queensboro Bridge, in the block west of Sutton place, between 59th and 60th streets, Borough of Manhattan, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the County Clerk of Queens County relative to, and report of the Comptroller recommending that, the Board approve of the expenditure of the sum of $9,180 for recopying and transcribing books of public records in the office of the County Clerk of Queens County during the year 1911, and that the Comptroller be authorized to meet said sum from the proceeds of special revenue bonds issued pursuant to subdivision 7, section 188 of the Charter:

(On June 22, 1911, the request of the County Clerk of Queens County for an appropriation of $20,000 for the above purpose was referred to the Comptroller.)

Queens County Clerk's Office, Jamaica, N. Y., June 16, 1911.

To the Honorable the Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—On April 15, 1911, I applied to your Board for an appropriation of $9,000 with which to complete the work of recopying and transcribing old libers in this office. This amount was in addition to an appropriation made for this year of $9,000.

Your Board, on the report of the Comptroller, took no action in the matter, as he reported that application should be made to the Board of Aldermen for an issue of special revenue bonds.

Since that meeting of the Board the Supreme Court has appointed two Commissioners to condemn the torn and mutilated books of record in this office and form a tentative report made of these books; it will require at least $15,000 and possibly $20,000 with which to complete the work and carry out the directions of the Supreme Court.

This work is a county charge and as such moneys can be provided, pursuant to subdivision 7 of section 188 of the Greater New York Charter, I will ask you to take this matter up and approve of the expenditure of the sum of $20,000 with which to carry on this work.

The statute provides that the work should be done, the Supreme Court has directed it; and as it is a mandatory and a county charge, I think it should not require action by the Board of Aldermen.

Can I ask your early and favorable consideration and action in this matter?

Respectfully yours, MARTIN MAGER, County Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 10, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 16, 1911, the County Clerk of Queens County, requested an appropriation of $20,000, pursuant to the provisions of subdivision 7, section 188 of the Greater New York Charter, for the work of recopying and transcribing old libers, in his office. In connection therewith I report as follows:

On April 15, 1911, the County Clerk of Queens County requested an appropriation of $9,000 for the same purpose. The request was denied and the County Clerk was advised to apply to the Board of Aldermen for an issue of special revenue bonds, as provided by subdivision 8, of section 188, of the Charter. The recopying was done by order of Justice Stapleton, of the Supreme Court, acting on a report of William F. Wyckoff and Louis Hess, Commissioners appointed to condemn torn and mutilated records. The Commissioners on June 22, 1910, condemned certain torn and mutilated records, and under the Court order it was mandatory on the County Clerk to perform the work. The budget appropriation for recopying and transcribing was $9,000. The expenditure from the appropriation to June 1, 1911, was $8,980, leaving an available balance of $20. The liabilities, consisting of unpaid claims, amounting to $9,200, leaving the sum of $9,180 to be provided.

I recommend adoption of the attached resolution approving of the request to the extent of $9,180. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the expenditure of a sum not to exceed nine thousand one hundred and eighty dollars ($9,180) to provide for a deficiency in the appropriation for Recopying and Transcribing Books of Public Record in the office of the County Clerk of Queens County, and recommends that payment of the same be made by the Comptroller out of the sale of special revenue bonds of The City of New York, issued pursuant to the provisions of subdivision 7, of section 188, of the Greater New York Charter.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Board of Trustees of the Bellevue and Allied Hospitals requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted June 3, 1910, of the plans, specifications and estimate of cost ($1,157) for furnishing and installing a complete fire alarm system in Harlem Hospital, under the jurisdiction of said Board of Trustees.

Bellevue and Allied Hospitals, Office of the Board of Trustees, First avenue and Twenty-sixth street, New York, July 5, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, Department of Finance*, New York City:

Sir:—My attention has been drawn to the fact that a contract has been awarded to the Phillips Manufacturing Company for the installation of a fire alarm system in Harlem Hospital, the plans and specifications for which have not been approved by the Board of Estimate and Apportionment, although the contract is chargeable against corporate stock. This is an oversight which we very much regret. At the time the advertisement was authorized, it was understood that the contract was payable from the current appropriations, the same as the contract on the fire sprinkler system now being installed in Bellevue Hospital, for which provision was made in the appropriations for 1911. As a matter of fact, however, a special appropriation of corporate stock amounting to $7,000 was authorized on June 25, 1909, and was released by the Board of Estimate and Apportionment on May 23, 1910. When the approprition was first authorized on June 25, 1909, the plans and specifications were approved by the Board of Estimate and Apportionment.

These were subsequently somewhat modified to meet the ideas of Professor Sevier, Consulting Engineer of the Department of Water Supply, Gas and Electricity, who has kindly given the trustees much advice in regard to the protection of the hospitals against fire. Specifications were formally approved by his department, and before the contract was awarded, the bids were referred to that department for examination. Attached is a copy of the reply received, recommending the acceptance of the lowest bid, together with a copy of our letter of transmittal. Under the circumstances, we trust that you will authorize approval of the contract at once, as the danger from fire is too great to warrant any delay.

Respectfully, JOHN W. BRANNAN, President, Board of Trustees.

June 1, 1911.

HON. HENRY S. THOMPSON, *Commissioner, Department of Water Supply, Gas and Electricity*, 13 Park Row, New York City:

Sir—Enclosed please fine a list of bids received on May 26th for the installation of a fire alarm system at Harlem Hospital. Will you kindly let us know if in your opinion the lowest bid is fair and reasonable and should be accepted?

Respectfully, JAMES K. PAULDING, Secretary, Board of Trustees.

List of bids opened on May 26, 1911, for the installation of a fire alarm system at Harlem Hospital:

Phillips Manufacturing Company	$1,157 00
T. Frederick Jackson, Incorporated	1,492 00
Gamewell Fire Alarm Telegraph Company	1,758 25
Frederick Pearce Company	1,900 00

Department of Water Supply, Gas and Electricity, 13-21 Park Row, City of New York, June 12, 1911.

MR. J. K. PAULDING, *Secretary, Board of Trustees, Bellevue and Allied Hospitals*, 1st avenue and 26th street, Manhattan:

Dear Sir—In answer to your letter of June 1, transmitting the list of bids received on May 26th for the installation of a fire alarm system at Harlem Hospital and asking if, in my opinion, the lowest bid is fair and reasonable and should be accepted, I beg to advise you that this matter was referred to Mr. Lacombe and Professor Sever, and the latter reports that in his opinion the bid of the Phillips Manufacturing Company is fair and reasonable and can be accepted. The specifications under which these bids were called are very clear and definite, and if accurately complied with, will provide a perfectly satisfactory fire alarm system at the Harlem Hospital. Very truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics. July 10, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On July 5, 1911, the President of the Board of the Trustees of Bellevue and Allied Hospitals requested the approval of the plans, specifications and estimate of cost, in the sum of $1,157, for furnishing and installing a complete Fire Alarm System in Harlem Hospital, Borough of The Bronx.

The plans and specifications have been formally approved by the Department of Water Supply, Gas and Electricity. The following bids were received and opened for the work by the Board of Trustees of Bellevue and Allied Hospitals on May 26, 1911:

Phillips Manufacturing Co	$1,157 00
T. Frederick Jackson	1,492 00

The Gamewell Fire Alarm Tel. Co	1,758 25
Frederick Pierce	1,900 00

The cost of this work is to be charged against the Corporate Stock Fund, entitled "C-BH-9a, Installation of Fire Alarm System in Bellevue and Harlem Hospitals." There is sufficient balance in the fund to pay for the proposed work.

The plans and specifications appear to be complete and satisfactory, and the estimate of cost is the lowest bid received for the work.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of June 3, 1910, hereby approves the plans, specifications and estimated cost, in the sum of one thousand one hundred and fifty-seven dollars ($1,157), for furnishing and installing a complete Fire Alarm System in Harlem Hospital, under the jurisdiction of the Department of Bellevue and Allied Hospitals.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller relative to increase in salaries of employees paid out of non-budgetary accounts, and recommending the adoption of the following resolutions:

1. That the rates of salaries and wages of employees to be paid out of other than tax budget accounts or budgetary part account, shall be fixed annually at the time of the adoption of the corporate stock budget, and that any salary or wage increase, except those required by the prevailing rate of wages law, shall be limited within the succeeding twelve months to the annual rate then fixed, on the same principle which is now operative with regard to salary increases of employees paid out of the annual tax budget.

2. That, in the instances where schedules of employees are required for corporate stock or other work authorized in the intervals between corporate stock budgets, the rates fixed by such schedules must not be exceeded until action thereon at the next succeeding corporate stock budget period.

Which was laid over until the meeting of July 27, 1911.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller, relative to, the modification of salary Schedule No. 479, supporting the appropriation made in the Budget for the year 1911, for said Department, providing for an increase in the salary of an Engineer from $2,400 to $2,700 per annum, the reduction of a Stenographer from $1,200 to $1,050 per annum, and the elimination of a Keeper at $1,000 per annum, to be effective as of July 1, 1911:

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York. June 29, 1911.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—I wish to promote, by an increase in salary from $2,400 to $2,700, an Assistant Engineer in this Department who has been for twenty-six years employed on the Croton Watershed, having charge of the maintenance and operation of all aqueducts and reservoirs supplying water to the Boroughs of Manhattan and The Bronx, as well as the force employed on the entire watershed.

The appropriation out of which he is paid has ample funds owing to the reduction in one item from $1,200 to $1,050, and to the reduction of $1,000 in the item for Keepers, reducing the number from three to two.

I respectfully request that the Board of Estimate and Apportionment approve the modified schedule herewith enclosed, supporting account No. 479, entitled "Collection and Storage, Croton and Bronx System, Care of Watersheds, Aqueducts, Ponds and Reservoirs, Croton Water System, Salaries,"

Yours truly, HENRY S. THOMPSON, Commissioner.

In connection therewith I report as follows:

It is proposed to increase an Assistant Engineer from $2,400 to $2,700 per annum; to reduce a Stenographer from $1,200 to $1,050 per annum, and to drop a Keeper at $1,000 per annum, the balance of $850 to be scheduled as unassigned.

The Commissioner states that the Assistant Engineer has been employed for twenty-six years on the Croton Watershed, having charge of the maintenance and operation of all aqueducts and reservoirs supplying water to the Boroughs of Manhattan and The Bronx, as well as the force employed on the entire watershed.

The following table shows the changes in detail:

In No. 1217 there is a vacant position of Architectural Draftsman at $35 per week. It is proposed to promote Frederick C. Purdy, Mechanical Draftsman, from $27.50 to $30 per week and George D. Farnham, Mechanical Draftsman, from $37.50 to $42.50 per week. There are also two vacant positions of Inspector of Masonry and Carpentry at $36 per week, which it is proposed to fill by transferring two Inspectors of Masonry and Carpentry at $33 per week to this schedule from the corporate stock force.

In the schedule for the corporate stock force it is proposed to increase Louis M. Thorn, Architectural Draftsman, from $40 to $45 per week, and George Krug, Jr., Mechanical Draftsman, from $22.50 to $27.50 per week. It is further proposed to increase the force by appointing three Inspectors of Masonry at $30 per week and two at $33 per week, besides filling two vacancies at the latter rate.

The promotion of Purdy is impracticable, because the necessary grade does not exist for an additional incumbent. With this exception the proposed changes in detail are as follows:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Increase.
	Bureau of Buildings, Division of Repairs, Budgetary Part Allowance—		
1217.	Architectural Draftsman, 1 at $35 per week	$35 00	.....
	Mechanical Draftsman, 1 at $37.50 per week	37 50	.....
	Mechanical Draftsman, 1 at $42.50 per week	.....	$42 50
	Inspectors of Masonry and Carpentry, 2 at $36 per week	72 00	.....
	Inspectors of Masonry and Carpentry, 2 at $33 per week	.....	66 00
		$144 50	$108 50
	Bureau of Buildings, Corporate Stock Force—		
	Architectural Draftsman, 1 at $45 per week	.....	$45 00
	Architectural Draftsman, 1 at $40 per week	$40 00	.....
	Mechanical Draftsman, 1 at $22.50 per week	22 50	.....
	Mechanical Draftsman, 1 at $27.50 per week	.....	27 50
	Inspectors of Masonry and Carpentry, 3 at $30 per week	.....	90 00
	Inspectors of Masonry and Carpentery, 2 at $33 per week	.....	66 00
		$62 50	$228 50

The net result of the proposed changes is to increase the staff by four employees. This would appear to be justified by the larger appropriations of corporate stock already made and pending for the year 1911.

The attached resolutions, if adopted, will grant the requests, with the one exception hereinbefore mentioned. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Department of Street Cleaning requesting, and report of the Comptroller recommending, the modification of wage schedules for regular employees for said Department of Street Cleaning for the year 1911, to provide for the proper administration of the forces during the summer months, involving the transfer of $56,000:

Department of Street Cleaning of The City of New York, 13-21 Park Row, New York, July 6, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—I have to request that a further revision of schedules and transfer amounting to the sum of fifty-six thousand dollars ($56,000), be made within the appropriation allowed the Department of Street Cleaning for the year 1911, as follows:

From

Administration, Borough of Manhattan—	
Division of Sweeping:	
889. Wages, Regular Employees	$19,000 00
898. Repairs and Replacements by Contract or Open Order	8,000 00
Administration, Borough of Brooklyn—	
Division of Sweeping:	
915. Wages, Regular Employees	29,000 00
	$56,000 00

To

Administration, Borough of Manhattan—	
Division of Carting and Stable:	
891. Wages, Regular Employees	$19,000 00
897. Materials for Repairs and Replacements by Departmental Labor	8,000 00
Administration, Borough of Brooklyn—	
Division of Carting and Stable:	
917. Wages, Regular Employees	29,000 00
	$56,000 00

As it is impossible to conduct the business of the Department under the subdivision of the different codes, as represented by the supporting schedules, it has and will become necessary at different periods to revise the various codes to meet the requirements of the Department.

These transfers are necessary for the proper administration of the forces during the summer months, and are only temporary, as it is my intention to apply to your honorable Board for sufficient revenue bonds to meet the expected deficit on account of the appropriation allowed for 1911 being under the amount allowed for 1910.

Respectfully, WM. H. EDWARDS, Commissioner of Street Cleaning.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 13, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On July 6, 1911, the Commissioner of Street Cleaning requested modification of wage schedule for regular employees involving a transfer of $56,000 within appropriations for his Department for the year 1911. In connection therewith I report as follows:

It is proposed to transfer $19,000 from No. 889, Division of Sweeping, to No. 891, Division of Carting and Stable; $29,000 from No. 915, Division of Sweeping, to No. 917, Division of Carting and Stable, and $8,000 from No. 898, Repairs and Replacements by Contract or Open Order, to No. 897, Materials for Repairs and Replacements by Departmental Labor.

The Commissioner states that the transfer from the Division of Sweeping to the Division of Carting and Stable are necessary for the reason that it is impossible to properly operate the force under the present schedules.

The transfer of $8,000 from No. 898 to No. 897 is necessary, the Commissioner states, to enable him to liquidate outstanding liabilities chargeable against this account for Materials for Repairs and Replacements by Departmental Labor, and to give him a sufficient balance for the remainder of the year.

He further states that a saving has been made in No. 898, Repairs and Replacements by Contract or Open Order, but that the allowance of $60,000 made for No. 897, Repairs and Replacements by Departmental Labor, is insufficient to enable him to purchase material and make the repairs necessary during the year. An amount of $67,000 was requested by him in his estimate for 1911; this was reduced by the Budget Committee to $60,000.

The change made in the schedule for wages of regular employees entails no additional cost to the City, as shown in the following statement:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
889.	Sweepers, at $780	$17,000 00	.....	$17,000 00	.....

		$48,800 00	$48,800 00	$48,800 00	$48,800 00

I recommend the adoption of the attached resolution granting the transfers and modifications. Respectfully, WM. A. PRENDERGAST, Comptroller.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to a resolution of the Board of Aldermen, under date of June 27, 1911, requesting $5,274 in special revenue bonds for the payment of rent of property leased for the use of various departments of the County Governments, I report as follows:

On November 16, 1910, the Commissioners of the Sinking Fund authorized a lease of space in the building located at the northwest corner of Livingston and Court streets, known as 66-74 Court street, Borough of Brooklyn, for use of the District Attorney of Kings County, for a term of five years from January 15, 1911, at an annual rental of $7,536. This lease was duly executed and the District Attorney entered into possession of the premises on May 1, 1911. The rent is to start from that date.

This rent is a county charge, and, as no provision has been made for it in the Rent Budget it will be necessary to provide money for payment of the same from May 1, 1911, to December 31, 1911 (a period of eight months), at the rate of $7,536 a year, or $5,024.

On June 20, 1910, the Commissioners of the Sinking Fund authorized the Comptroller to pay to the Fidelity Storage Warehouse Company rental for storage of ambulances and army wagons (ten in all), at 107 West 96th street, Borough of Manhattan, for use of the Armory Board, at the rate of $5 a month for each vehicle, for a period not exceeding one year from June 1, 1910. The rent for the storage of these ambulances and wagons from June 1, 1910, to December 31, 1910, was paid from an unexpended balance in the Rent Budget for the year 1910. This is also a county charge, and no provision has been made for the payment of the same for the year 1911.

It will therefore be necessary to provide money for the payment of the storage of these ambulances and wagons for the five months in 1911, from January 1 to June 1, at $50 a month, or a total of $250.

The sum required, covering both items, is $5,274.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 20, 1911, the Board of Aldermen adopted a resolution requesting $215,000 in special revenue bonds to be used by the President of the Borough of Manhattan for the purpose of repairing street pavements, other than stone block, upon which the period of maintenance by the original contract has expired. In connection therewith I report as follows:

The Budget appropriation for Repairs and Replacements by Contract or Open Order for 1910 was $175,000. The amount actually expended for repairs and replacements that year was $314,000. The deficiency was made up by the transfer of funds saved in other appropriation accounts. The Budget appropriation for Repairs and Replacements for 1911 was $317,000. In support of his request for the $215,000 to replenish the account, the President states the following:

The past winter was unusually harmful to the asphalt pavements, and particularly so to the many miles of sheet asphalt laid upon the old stone block foundation. It will therefore be necessary to lay during the year a much larger yardage of repairs than was originally estimated. This fact, coupled with an unexpected increase in the price of the sheet asphalt repair work, from 77 cents to 97 cents a yard, is responsible for the insufficiency of the present appropriation.

The amount of the existing contract for sheet asphalt repair is 270,000 square yards, of which there had been laid up to the first of June 235,000 yards. It is estimated that the balance of 35,000 yards will be exhausted by the middle of July, and that there will be needed for the balance of the year 175,000 yards.

The amount of the existing contract for asphalt block repair is 20,000 square yards, of which there had been laid up to the first of June 17,500 yards. It is estimated that the balance of 2,500 yards will be exhausted in July, and that there will be needed for the balance of the year 20,000 yards.

The total estimated cost of the above items is $222,280. There is, however, an unused balance in the present appropriation of $6,540, and it is accordingly believed that the amount asked for will be sufficient provision until the end of the present year.

The President states that the account cannot be replenished by transfers, for the reason that no unencumbered balances are available.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

In connection therewith, I report as follows:

On April 18, 1911, the Board of Aldermen adopted a resolution requesting special revenue bonds for the same amount and purposes, but the appropriation was "to be used by the President of the Borough of Manhattan." On June 1, 1911, the Board of Estimate and Apportionment approved of the request, and $2,500 in special revenue bonds was authorized.

An appropriation having already been made for equipping and furnishing the new offices for Probation Officers, there is no necessity for a new authorization. The resolution adopted by the Board of Aldermen on June 20, 1911, can be complied with by amending the resolution adopted by the Board of Estimate and Apportionment on June 1, 1911, by substituting the words "to be used by the Court of Special Sessions" for the words "to be used by the President of the Borough of Manhattan."

It seems that the rooms in the Ashland Building were altered, equipped and furnished for Probation Officers and contracts for the work and fittings awarded to the lowest bidders by the Chief Justice of the Court of Special Sessions. It also appears that the new offices were established, fitted up and in use when the appropriation to meet the cost was made.

Although there may have been a pressing necessity for the establishment of offices for the Probation Officers of the court, it seems that no liabilities should have been incurred before funds were provided.

The Chief Clerk of the Court of Special Sessions states that, as the alterations, equipment and furnishings were for leased premises, and not for a building owned by the City, the work and expenditures did not strictly come under the jurisdiction of the President of the Borough of Manhattan. He also states that through error the resolution adopted by the Board of Aldermen on April 18 provided that the proceeds of the special revenue bonds should be used by the President of the Borough of Manhattan instead of by the Court of Special Sessions.

I recommend that the present request be disapproved, and the adoption of the attached resolution allowing the proceeds of the authorization of June 1, 1911, to be used by the Court of Special Sessions instead of by the President of the Borough of Manhattan.

Respectfully, WM. A. PRENDERGAST, Comptroller.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to the resolution adopted by the Board of Aldermen on June 20, 1911, requesting an issue of special revenue bonds to the amount of $50,000, to be used by the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the regeneration of the lawn in Central Park, I report as follows:

The Commissioner, in his estimate for the Corporate Stock Budget, included the proposed restoration of the lawns. The item was not approved by the Corporate Stock Budget Committee for the reason that it was not a proper corporate stock charge, and the Commissioner was advised to make application for special revenue bonds for the purpose.

The Commissioner proposes to have the lawns that are in the worst condition plowed, fertilized and seeded this summer, so that they may be turned over and seeded again in the early spring of 1912.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Commissioner states he proposes to detail prisoners to make necessary repairs to the sea walls and roads, on both Blackwells and Randalls Islands, and that his present force of Keepers is not large enough to permit him to do this extra outside work. He also states that the need for more Keepers for the work was recognized by the Mayor on a recent visit to the Penitentiary.

I recommend, therefore, the adoption of the attached resolutions concurring in the resolution of the Board of Aldermen, and approving of a schedule for the fund.

Gentlemen—On July 7, 1911, the Board of Education requested approval of plans, specifications and estimates of cost for alterations and additions to the gas and electric lighting work in connection with the fireproof stairways, etc., in the public schools in the Borough of Brooklyn, as follows:

	Approximate Cost.
Public School 24	$250 00

Public School 52	200 00

Their plans and specifications cover the alterations and additions to the gas and electric lighting, made necessary by the replacement of wooden stairways with fireproof stairways. The plans and specifications for the construction of the new stairways were approved by the Board of Estimate and Apportionment on June 11, 1911. The Department of Water Supply, Gas and Electricity has approved the plans and specifications for the gas and electric lighting work, and an examination of them shows that they are satisfactory and the estimates of cost reasonable.

The cost of the work is chargeable to the fund C-DE-80, Providing Fire Protection, Borough of Brooklyn. There is a sufficient balance in the account for the cost of the work.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following resolution of the Board of Aldermen requesting an issue of $845 special revenue bonds (subdivision 8, section 188 of the Charter), the proceeds to be used by the Department of Education for the purpose of furnishing certain supplies and equipment for classes of anemic children, together with a report of the Comptroller, to whom on July 6, 1911, this resolution was referred, recommending that said request be disapprovel, as this appropriation is not urgent and may be held in abeyance for consideration with the 1912 Budget:

(On July 6, 1911, the resolution of the Board of Aldermen, as above, was referred to the Comptroller.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight hundred and forty-five dollars ($845), the proceeds whereof to be used by the Department of Education for the purpose of furnishing certain supplies and equipment for classes of anaemic children.

Approved by the Mayor July 5, 1911. P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 27, 1911, the Board of Aldermen requested special revenue bonds in the sum of $845, the proceeds to be used by the Department of Education for the purpose of furnishing certain supplies and equipment for classes of anaemic children. In connection therewith I report as follows:

In the 1910 Budget, the sum of $6,500 was appropriated for fitting up classrooms for anaemic or tubercular children. In this account, No. 1037, there was a balance on July 12, 1911, as shown by the books in the Department of Finance, of $2,141.30. It is stated that the Board of Superintendents delayed making up their specifications for the supplies and equipment until it was too late to award a contract in 1910. For this reason special revenue bonds have been requested for items for which funds were provided in the 1910 Budget.

It would appear, therefore, that the need for equipping rooms for anaemic children is not very urgent, and may be held in abeyance for consideration in the 1912 Budget.

I recommend that the request for special revenue bonds be not approved.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the request of the Board of Aldermen as contained in resolution adopted June 27, 1911, and approved by the Mayor July 5, 1911, as follows:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight hundred and forty-five dollars ($845), the proceeds whereof to be used by the Department of Education for the purpose of furnishing certain supplies and equipment for classes of anaemic children."

—be and the same is hereby disapproved.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to transmit copies of the report of the Comptroller to the Board of Aldermen and to the Board of Education.

In the Board of Aldermen.

Resolved, That, pursuant to subdivision 8, section 188 of the Charter of The City of New York, the Comptroller be and is hereby authorized to issue special revenue bonds to an amount not exceeding three hundred and nineteen dollars and fifty cents ($319.50), the proceeds whereof to be used by the President of the Borough of Queens to increase the salary of William L. Ryan, Foreman of Plumbers, Bureau of Public Buildings and Offices, Borough of Queens, for two hundred and thirteen (213) days at one dollar and fifty cents ($1.50) per day, effective April 18, 1911, pursuant to resolution of the Board of Estimate and Apportionment of March 23, 1911, approved and agreed in by resolution of the Board of Aldermen of April 4, 1911, becoming a law, without the approval or disapproval of his Honor the Mayor, April 18, 1911, establishing in all City Departments the grade of position of Plumber at a salary of $5.50 per diem.

Adopted by the Board of Aldermen June 20, 1911, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor July 3, 1911, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 13, 1911.

To the Board of Estimate and Apportionment:

To the Board of Estimate and Apportionment:

Gentlemen—On June 20, 1911, the Board of Aldermen adopted a resolution requesting special revenue bonds to the amount of $473.77, the proceeds to be used by the President of the Borough of The Bronx to liquidate a bill for services rendered by the Department of Docks and Ferries. In connection therewith I report as follows:

The funds are to reimburse the Department of Docks and Ferries for expenditures incurred in connection with borings made for the President from March 6 to March 25, 1911. The necessity for the work of a bore and the force to operate it arose from an effort to ascertain the approximate cost for extending a sewer at White Plains avenue and the East River, from a point about 100 feet north of the bulkhead line to a considerable distance beyond the pier line, for a sewer extension to be paid for by assessment.

As the President had no equipment for making borings, the Department of Docks and Ferries loaned an apparatus and force. The itemized bill is as follows:

For use of borer, "Woodcock," from March 6 to 25, 1911:

18⅞ days, Engineer, at $4.50	$84 94
36 2-8 days, Dock Builders, at $3.50	126 88
94⅛ days, Laborers, at $2.50	235 33
Carfares	8 85
160 feet pipe, at .0945	15 12
1 Stillson wrench	69
23 couplings	1 96
	$473 77

I recommend the approval of the request by the adoption of the attached resolution.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Approved by the Mayor July 5, 1911. P. J. SCULLY, Clerk.

To the Board of Education:

The Committee on Finance respectfully reports that it is in receipt of the following communication:

"June 6, 1911.

"Hon. JOHN GREENE, *Chairman, Committee on Finance:*

"Dear Sir—I have the honor to advise you that at a meeting of the Committee on Buildings held on May 29, 1911, it was ordered that the Committee on Finance be requested to take the necessary steps to procure an immediate issue of special revenue bonds, in the sum of $6,300, in order to replenish the fund for general repairs, which will be utilized, in part, for the carrying out of the contracts for heating and ventilating apparatus and temperature regulation in Public School 7, Queens.

"The facts in relation to the matter are as follows:

"In the year 1910, through action by the Board of Estimate and Apportionment and the Board of Aldermen, $43,900, corporate stock, was made available for the equipment, including heating and ventilating and electric work of Public School 7, addition, Queens.

"On April 13, 1911, a resolution was adopted by the Board of Estimate and Apportionment approving the plans, specifications and estimates of cost for heating and ventilating work in said above-mentioned school building, and stating that $26,000 of the cost of the heating and ventilating apparatus is chargeable to corporate stock, and $5,000 to the Budget account for repairs and replacements, and that $3,000 of the cost of temperature regulation is chargeable to corporate stock, and $1,300 to the Budget account for repairs and replacements.

"There will, therefore, be a deficit of $6,300 in the general repair account, and the replenishment of that account by the immediate issue of special revenue bonds becomes absolutely essential. Respectfully yours,

"A. EMERSON PALMER, Secretary, Board of Education."

The following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of six thousand three hundred dollars ($6,300), pursuant to the provisions of subdivision 8 of section 188 of the revised Charter, for the purpose of replenishing the fund for general repairs, which will be utilized, in part, for the carrying out of the contracts for heating and ventilating apparatus and temperature regulation in Public School 7, Borough of Queens, and that the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize such issue upon the request of the Board of Aldermen.

A true copy of report and resolution adopted by the Board of Education on June 14, 1911. A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 27, 1911, the Board of Aldermen requested special revenue bonds in the sum of $6,300, the proceeds to be used by the Department of Education to replenish the fund for general repairs. In connection therewith I report as follows:

In the Corporate Stock Budget for 1910, $43,900 was appropriated for the equipment, including heating, ventilating and electric work, for Public School 7, addition, Queens. On April 13, 1911, the Board of Estimate and Apportionment approved the plans, specifications and estimate of cost for heating and ventilating Public School 7, but decided that the estimated cost, in the sum of $6,300, was properly chargeable to the Budget allowance for repairs and replacements. The expenditure will cause a deficit in the amount in the general repairs allowance for the Borough of Queens, for 1911, and the replenishment therefore is proposed by the issue of special revenue bonds.

I recommend that the request be granted by the adoption of the attached resolution.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the District Attorney, New York County, relative to, and report of the Comptroller recommending, the approval of the expenditure of $10,842 for the compensation of four additional Assistant District Attorneys, from September 1 to December 31, 1911, and for the purchase of desks and other necessary supplies in the office of said District Attorney, and that payment of same be made from the proceeds of special revenue bonds issued, pursuant

to subdivision 7, section 188 of the Charter; also recommending approval of a schedule for the fund:

(On July 6, 1911, the request of the District Attorney of New York County for an appropriation of $12,212 to carry out the provisions of chapters 115 and 516 of the Laws of 1911, providing for additions to the professional and administrative force of his office, was referred to the Comptroller.)

District Attorney's Office, County of New York, June 29, 1911.

To the Honorable, the Board of Estimate and Apportionment, City of New York:

Gentlemen—I have the honor to respectfully request that, pursuant to the provisions of subdivision 7, section 188 of the Greater New York Charter, your honorable Board authorize the Comptroller to issue special revenue bonds to the amount of twelve thousand two hundred and twelve dollars, to be used in making additions to the professional and administrative force of this office and for the purchase of desks and other office supplies, which are actually necessary in order to carry out the provisions of chapters 115 and 516 of the Laws of 1911. The enactment of these laws provides for two additional Stenographers to the Grand Jury, and four Assistant District Attorneys, making a total of three Stenographers to the Grand Jury and increasing the number of statutory Assistant District Attorneys from ten to fourteen.

Owing to the large increase in public business and to obtain means of expediting the work of this office, it was at my request that the above bills were introduced, as it required an act of the Legislature to amend the laws in question in order to secure the desired relief.

The Criminal Courts of New York County, unlike those of adjoining counties, which close during some of the summer months, sit continuously during the entire year, and during the coming months of July, August and September, it will be necessary to have at least three Courts in continuous session. As an illustration of this increase in criminal business, I desire to state that formerly one Grand Jury in continuous session and occasionally a special Grand Jury, was sufficient to dispose of the criminal business of this County, but it now necessitates two Grand Juries in continuous session, and even with their aid, it is impossible at times to cope with the situation. For instance, there have been months when it was essential to have three or four Grand Juries and on one occasion five Grand Juries in session during the past year.

It is quite evident from the foregoing conditions that it is a physical impossibility for one Stenographer to the Grand Jury to be present and take the proceedings of three or more Grand Juries on the same day, and, therefore, in order to relieve this situation and avoid legal complications, it became necessary to increase the number of Grand Jury Stenographers from one to three.

In relation to the qualification of the Stenographer to the Grand Jury, I would state that, in order to fill this position acceptably he must not only be thoroughly trustworthy, but also an expert, with extensive experience, competent to take testimony rapidly and transcribe same with extreme accuracy, and to obtain a Stenographer with these qualifications the compensation to be paid him is $10 per diem while actually engaged in taking testimony before the Grand Jury and fees for copies of testimony furnished to the District Attorney (chapter 348, Laws of 1884.)

It has been customary for your Board to set aside annually an appropriation to provide for the payment of such Stenographer's compensation and fees, which appropriation is merely an estimate, for it is hardly possible for any one to state accurately in advance the number of days the Grand Jury will convene during the year, or the number of Grand Juries that will be required to dispose of the public business during said period.

The following itemized statement shows how it is proposed to expend this appropriation:

Increase of Force.

Salaries.		Amount Required for Four Months, September 1 to December 31, 1911.
Four additional Assistant District Attorneys, at $7,500 each per annum (chapter 516, Laws of 1911)		$10,000 00
Two additional Grand Jury Stenographers (chapter 115, Laws of 1911.) Estimated amount of compensation and fees as follows:		
Stenographer to second Grand Jury (77days), at $10 per diem	$770 00	
Stenographer to third Grand Jury (30 days), at $10 per diem.	300 00	
Estimated amount of fees for both additional Grand Jury Stenographers	300 00	
Total estimated amount of compensation and fees for two additional Grand Jury Stenographers	1,370 00	
Total Estimated amount for salaries and fees		$11,370 00
Office Supplies.		
4 roll top desks, at $41.50 each	$166 00	
4 revolving office chairs, at $8.50 each	34 00	
4 steel safes, at $100 each	400 00	
2 roll top typewriting desks, at $40 each	80 00	
2 typewriting machines, at $81 each	162 00	
		842 00
Total amount requested for salaries and office supplies		$12,212 00

In view of the facts mentioned, I would respectfully request that your honorable Board grant the appropriation asked for, the same to take effect September 1, 1911.

Very truly yours, CHARLES S. WHITMAN, District Attorney.

Assembly, No. 1740; Chapter 516.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 29, 1911, the District Attorney of New York County, requested an issue of special revenue bonds in the amount of $12,212 for the compensation of additional employees and the purchase of desks and other office furniture, pursuant to the provisions of chapter 115 and 516 of the Laws of 1911. In connection therewith I report as follows:

The following itemized statement shows how it is proposed to expend the appropriation:

Increase of Force.

Salaries.		Amount Required for Four Months, September 1 to December 31, 1911.
4 additional assistant District Attorneys, at $7,500 each per annum (chapter 516, Laws of 1911)		$10,000 00
2 additional Grand Jury Stenographers (chapter 115, Laws of 1911.) Estimated amount of compensation and fees as follows:		
Stenographer to second Grand Jury, 77 days, at $10 per diem	$770 00	
Stenographer to third Grand Jury, 30 days, at $10 per diem..	300 00	
Estimated amount of fees for both additional Grand Jury Stenographers	300 00	
Total estimated amount of compensation and fees for two additional Grand Jury Stenographers..	1,370 00	
Total estimated amount for salaries and fees		$11,370 00
Office Supplies.		
4 roll top desks, at $41.50 each	$166 00

2 typewriting machines, at $81 each	162 00	
		842 00
Total amount requested for salaries and office supplies		$12,212 00

The District Attorney states the following:

"The appropriation is necessary to carry out the provisions of chapter 115 and 516 of the Laws of 1911. The enactment of these laws provides for two additional Stenographers to the Grand Jury, and four Assistant District Attorneys, making a total of three Stenographers to the Grand Jury and increasing the number of statutory Assistant District Attorneys from ten to fourteen.

For instance, there have been months when it was essential to have three or four Grand Juries and on one occasion five Grand Juries in session during the past year."

As the grade of position of Stenographer to the Grand Jury, at $10 per diem, has not been established, pursuant to the provisions of section 56 of the Greater New York Charter, no action can be taken at this time on this item in the request.

It is proposed to appoint the four additional Assistant District Attorneys on September 1, 1911. To provide for their compensation from September 1 to December 31, 1911, the sum of $10,000 will be required. The estimate of $842 for desks and other office furniture makes necessary a total of $10,842.

I recommend adoption of the attached resolutions approving the request to the extent of $10,842, and a schedule for the fund. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau Street, New York, June 12, 1911.

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District on October 16, 1907, made requisition upon the then Board of Estimate and Apportionment of The City of New York for the authorization of corporate stock of The City of New York to be sold by the Comptroller in the amount of one million dollars ($1,000,000), to pay the expense of the acquisition of real estate or of interests therein necessary for the construction and operation of the Rapid Transit Subway Railroad known as the Brooklyn Loop Lines in Manhattan, running under Centre street, with connections to Manhattan Bridge by way of Canal street and to Williamsburg Bridge by way of Delancey street. of corporate stock to an additional amount of five hundred and fifty-one thousand one hundred and forty-five dollars ($551,145), for the purchase of specific parcels of property necessary for the purposes of the said Brooklyn Loop Lines or for the payment of interest on the purchase price thereof. On December 23, 1910, this Commission made requisition for a further amount of corporate stock, to wit: The sum of one million eight hundred and fifty thousand dollars ($1,850,000), for the same purposes specified in its requisition of October 16, 1907, and pursuant thereto your honorable Board authorized the issue of corporate stock to the amount of one million two hundred thousand dollars ($1,200,000) for those purposes.

The total amount, therefore, appropriated to pay the expense of the acquisition of any real estate or interests therein necessary for the said Brooklyn Loop Lines, excluding the appropriations above mentioned made for the purchase of specific parcels of property or payment of interest on the purchase price thereof, is one million six hundred and forty-eight thousand eight hundred and fifty-five dollars ($1,648,855). Of this amount the sum of fifty thousand five hundred and seventy-one dollars and fifty-seven cents ($50,571.57) was expended up to May 31, 1911, for general expenses, such as fees of Commissioners of Appraisal, advertising, searches and appraisals, clerical expenses and special services, and the sum of one million five hundred and seventy-one thousand eight hundred and eighty-five dollars and ten cents ($1,571,885.10) was expended up to May 31, 1911, to pay awards for property condemned, with interest, leaving a balance now available of twenty-six thousand three hundred and ninety-eight dollars and thirty-three cents ($26,398.33.) This balance, however, does not include premiums realized from the sale of corporate stock.

An award for the sum of one hundred and sixty-five thousand dollars ($165,000) has been made and confirmed for property at the intersection of Centre and Lafayette streets, acquired by condemnation for the said Brooklyn Loop lines and is now due and payable with interest from July 22, 1908, the date when title vested in the City; but there are not sufficient funds available to pay it. Included in the sum of five hundred and fifty-one thousand one hundred and forty-five dollars ($551,145) appropriated, pursuant to the Commission's requisition of October 16, 1907, for the purchase of specific parcels of property or payment of interest on the purchase price thereof, however, is an item of one hundred and sixty thousand dollars ($160,000), appropriated on October 30, 1908, for the purchase at private sale of the property 239-241 Canal street and 157-163 Centre street. This sum has never been expended as the City did not have funds available to pay the purchase price of this property at the time title was to be closed under the contract and the owners of the property refused to keep the contract open any longer. The Commission, therefore, being unable to complete the purchase of this property was compelled to condemn it, and the voucher sent to the Comptroller for the payment of the purchase price was cancelled and withdrawn. An award was subsequently made for this property, but as the sum appropriated for its purchase was not sufficient to cover the amount of the award, with interest, payment was made out of the funds available generally for the acquisition of real estate for the said Brooklyn Loop Lines. Accordingly there now remains unissued in the account for this property corporate stock to the amount of one hundred and sixty thousand dollars ($160,000), which could be made available for the purpose of paying the award for the property at the intersection of Centre and Lafayette streets, with interest, any balance to be available for paying other expenses connected with the acquisition of real estate or interests therein for the said Brooklyn Loop Lines.

The Public Service Commission for the First District accordingly requests your Honorable Board to modify your resolutions of October 30, 1908, authorizing the issue of corporate stock by the Comptroller to an amount not exceeding one hundred and sixty thousand dollars ($160,000), to provide means for the purchase of the said property 239-241 Canal street and 157-163 Centre street, and of any award which might be made in the proceedings, together with interest thereon and examination of title to the said premises, so as to make the said sum of one hundred and sixty thousand dollars ($160,000) available generally for the payment of the expense of the acquisition of any real estate or interests therein necessary for the construction or operation of the said Brooklyn Loop Lines.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by WM. WILLCOX, Chairman; TRAVIS WHITNEY, Secretary.

[SEAL]

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 12, 1911, the Public Service Commission for the First District, requested that a resolution adopted by the Board of Estimate and Apportionment October 30, 1908, authorizing $160,000 in corporate stock for the purchase of property 239-241 Canal street and 157-163 Centre street, Manhattan, and for payment of any award which might be made in the proceedings, etc., be amended to make the authorization available generally for the payment of the expense of acquiring any real estate or interest therein necessary for the construction or operation of the Brooklyn loop lines. In connection therewith I report as follows:

The $160,000 was found to be inadequate, and for that reason all expense incurred in acquiring the properties were paid out of the general fund.

The $160,000 authorization, therefore, remains unissued.

The request is made so that the amount may be available generally for the payment of the expenses of the acquisition of any real estate or interests therein, necessary for the construction or operation of the Brooklyn loop lines.

I recommend the adoption of the attached resolutions granting the request by rescindment of the original resolution and a new authorization for the proper purposes.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 27, 1911, the Board of Aldermen adopted a resolution requesting special revenue bonds to the amount of $6,000, for the purchase by the President of the Borough of Richmond of flushing machines, for use by the Bureau of Street Cleaning in his office. In connection therewith I report as follows:

The President states that owing to the raising of dust, it has been necessary to dispense with machine street sweeping, and that the hand brooms now being used do not clean the streets as thoroughly as is desired, particularly during the hot weather. It is stated that flushing by machine, following sweeping, will cleanse the streets properly.

The following table shows the areas of pavements in charge of the Street Cleaning Bureau in Richmond:

	Mileage.	Square Yards.
Granite block	5.9	108,465
Medina block	.2	4,524
Sheet asphalt	.5	6,409
Block asphalt	9.5	186,843
Wood block	1.3	27,483
Iron slag block	1.9	40,166
Vitrified brick	4.2	82,087
Bituminous concrete	2.7	53,333

Bituminous macadam	5.3	68,305
Macadam	102.9	1,032,190
	134.5	1,612,005

It is stated by the President that the sewers in the Borough are protected with catch basins to permit of street flushing.

I recommend the approval of the request by the adoption of the attached resolution.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Comptroller, on behalf of the Corporate Stock Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan, presented the report of said Committee, as follows:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 13, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In connection with our reports upon requests of the various departments and offices for corporate stock to be authorized in the year 1911, we submit the following statement which shows the effect the adoption of our recommendations will have upon the borrowing power of the City, and which also expresses our attitude concerning several improvements which we believe are desirable, but which we have not included in our recommendations for immediate authorizations of corporate stock.

The total of entirely new authorizations and additions to existing authorizations of corporate stock which we have recommended is $45,807,818.23. We have recommended rescindments amounting to $647,272.41, which will make the net amount of new indebtedness $45,160,545.82. Not all of this amount will be an addition to the debt, because items aggregating $7,432,638.29, now recommended for authorization, are to wipe out indebtedness included in the debt statement of December 31, 1910.

When this is subtracted from the net amount of new indebtedness, there is left $37,727,907.53 as an additional charge against the borrowing power of the City.

This amount can be still further reduced by rescindments of existing authorizations against which there is little or no liability. However, we have thought it best to rescind at this time only such authorizations as the work of reconciliation has shown to have no further obligations against them.

Our recommendations for the various departments are shown in the following summary:

Department.	Authorizations.	Rescindments.
President, Borough of Manhattan	$4,590,000 00	$148,125 00
President, Borough of Bronx	1,000,000 00	45,635 00
President, Borough of Brooklyn	835,000 00	18,010 68

Brooklyn Disciplinary School	75,000 00	.....
Street Cleaning	20,000 00	15,632 37
Commissions and Commissioners	27,300 00	500 00
Metropolitan Sewerage Commission	34,000 00	.....
Commissioner of Records, New York County	25,000 00	.....
Surrogate and County Clerk, Queens	100,000 00	.....
Finance and Miscellaneous	5,012,000 00	*.....
Total authorizations	$45,807,818 23	$647,272 41

*$5,000,000 of the authorization for Finance and Miscellaneous is a release of a part of the previous authorization of $33,000,000 for the funding of uncollectible taxes. However, it is a new addition to the debt.

If all of these recommended authorizations are made, the City will still be able to build rapid transit subways and have ample margin left for other work that may have to be done.

A statement estimating the constitutional borrowing capacity of The City of New York as at July 5, 1911, shows that the margin of legal borrowing capacity is $159,300,978.07. Of this amount, $60,482,725.18 is available for rapid transit purposes only. This sum is made up as follows:

Manhattan-Bronx Rapid Transit bonds, exempted	$43,868,325 18
Brooklyn-Manhattan Rapid Transit bonds, to be exempted	3,614,400 00
Amount set aside by resolution of April 8, 1910, for additional rapid transit railroads	13,000,000 00
	$60,482,725 18

This leaves a margin of $98,818,252.89 for such purposes as the Board of Estimate and Apportionment may determine, including rapid transit railroads, should the Board so desire.

Even if it is assumed that $80,000,000 will be used for subway construction this year, there will be left the sum of $79,300,978.07. After subtracting from this remainder the sum of the new authorizations we have recommended, there will remain a margin of $41,573,070.54.

This margin may be reduced to the extent of approximately $11,000,000 by the necessary provision for extra work on the Manhattan-Bronx division of the existing subway, for which $2,260,000 has been allowed in a tentative agreement, and for four other improvements for which no provision has been recommended, which were alluded to in the first paragraph of this report. Whatever amount is authorized for paying claims for extra work on the Manhattan-Bronx division will be only a temporary charge against the debt margin, and as soon as the bonds for this work can be exempted, the probable additional charge of $11,000,000 will be reduced to approximately $9,000,000.

The four improvements which we believe should be provided for (but not until the City has procured satisfactory data upon which to base its action), are as follows:

First—A site for a new court house, New York County. Your Committee believes that a site should be procured at the earliest possible moment, but it is not able, at this time, to make any definite recommendation.

We recommend that this matter be referred back to the Committee on Court House Site, with instructions that the Committee report to this Board at the meeting July 27, 1911.

Second—Rockaway Park. We are convinced that the City should acquire land for a park at Rockaway at a time when it can be procured at a reasonable figure. We are not yet assured that the property available at Rockaway can be secured at a reasonable figure.

We recommend that this matter be referred back to the Committee on Rockaway Park, consisting of the President of the Board of Aldermen, the Comptroller, President of the Borough of Manhattan and the President of the Borough of Queens, with instructions to report to this Board at the meeting July 27, 1911.

Third—The proposed park at Coney Island, on the area burned over at the time of the Dreamland fire.

Additional park facilities should be provided at Coney Island, and we are of the opinion that the property recently burned over can be obtained now at a lower figure than at any time in the future. However, we believe that the City should have absolute assurance of a fair price before it is committed to the purchase of this property.

We recommend that this matter be referred back to the Committee consisting of the President of the Borough of Brooklyn, the Comptroller and the President of the Board of Aldermen, with instructions to report to this Board at the meeting of July 27, 1911.

Fourth—Proposed terminal of the Manhattan end of the Brooklyn Bridge, in connection with the new Municipal Building.

This matter, we believe, deserves attention. The former Commissioner of Bridges requested $2,500,000 for this work.

We recommend that the Secretary of the Board of Estimate and Apportionment be directed to send a copy of this report to the present Commissioner of Bridges, with the request that he transmit to this Board, before its meeting of July 27, 1911, a complete statement, giving detailed figures of architects and engineers, also opinions of experts on the possibility of any other than all motor car trains to operate on the steep grade that is proposed for the terminal.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Committee on Corporate Stock Budget.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 11, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—We transmit herewith our report upon the requests made by the Department of Water Supply, Gas and Electricity for corporate stock to be authorized in 1911.

Our recommendations are embraced in the attached resolutions which are drawn in accordance with the schedule included herein.

Since authorizations of corporate stock for improving the water supply systems in the several Boroughs do not affect the borrowing capacity of the City, as determined by the debt limit, only such authorizations as are required to provide for improvements to be contracted for during 1911, and for the estimated annual cost of salaries and wages of the engineering and labor construction force of the Department; for the contingent expenses of this force, and for the purchase of supplies and materials for construction work performed by departmental labor, are herein recommended.

For the reason that when the authorizations previously noted are available, no further expenditures for salaries and wages, or for contingent expenses, will be charged against present authorizations of corporate stock, it has been considered advisable to recommend new authorizations for the specific improvements required; and later, when the amounts of the present authorizations which can be rescinded are definitely determined, to recommend such rescindments. At that time such further authorizations as may be required for improvements to be contracted for prior to July 1, 1912, will be recommended.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resoved, That, while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
