BELLEVUE AND ALLIED HOSPITALS.

REPORT FOR QUARTER ENDING MARCH 31, 1908.

New York, April 1, 1908.

Hon. GEORGE B. McCLELLAN, Mayor:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to report as follows concerning the three months just concluded:

THE DEPARTMENT AS A WHOLE.

On the 1st of February the composition of the Board underwent a change, two new members, Mr. John G. O'Keeffe and Mr. John J. Barry, having been appointed to

succeed Mr. Theodore E. Tack, resigned, and Mr. Myles Tierney, term expired. The Board adopted resolutions expressing its appreciation of the services rendered by the two retiring members, Messrs. Tierney and Tack. As required by law, the Board reorganized by the re-election of Dr. John W. Brannan as President and Mr. James K. Panding as Secretary.

No action of first-rate importance affecting the Department as a whole has been taken during the past quarter. Among the matters deserving of mention are the following:

The rule governing the appointment of medical and surgical members of the attending staff at the several hospitals was revised to require advertisement in the medical journals of all vacancies to be filled except those on the college divisions at Bellevue, for which nominations are regularly made by the faculties of the several medical schools. Also requiring ten years' professional experience in an applicant for appointment as Visiting Physician or Surgeon; five years' experience for the position of Assistant Visiting and three years' experience for the position of Adjunct Assistant. An exception to this rule is made in the case of the advancement of men already members of the visiting staff.

The Board of Aldermen having fixed the salary of Stationary Engineman at \$4.50 per day, it was necessary to ask an appropriation of \$2,379 in Special Revenue Bonds to provide for the required increase. An additional Helper in the Pathological Laboratory at a salary of \$20 per month, with maintenance, was allowed.

The generosity of the Board of Estimate and Apportionment has made it possible for the first time to pay a minimum salary of \$20 per month to all the male employees of this Department, and one of \$15 to the women. The Board of Trustees deems it advisable to increase these salaries automatically up to \$30 for the men and \$25 for the women, according to the length of time they remain in the service, thus placing a premium upon permanency in the work.

The annual resolution permitting the purchases of fresh vegetable supplies in open market was passed by the Board of Aldermen early in February. The amount allowed to be expended is fixed this year at \$8,000.

It having been found impossible to secure an X-ray photographer at the authorized salary of \$1,200 per annum, the Board has asked for the establishment of the position in this Department with an attached salary of \$1,800. Much can be saved in expense to the City, even at the latter rate, and the danger attendant upon constant exposure to the rays seems to justify the higher salary asked for.

The three years' lease of the dwelling house occupied by the General Medical Superintendent will expire on September 1, and the Board has made application for a two years' renewal, provision for such renewal having been made in the original lease.

An order has been issued excluding from the wards of the hospitals all agents soliciting orders for supplies of every description.

A reorganization of the system of fire drills in use at the different hospitals has been undertaken, and the General Medical Superintendent is engaged at present in arranging for their conduct under rules laid down by fire experts.

The Board has asked the City's financial authorities for the transfer from any unexpended balance of the sum of \$1,735.15, to be expended in paying the Department of Charities for drugs to be used during the coming year. This is made necessary under the law creating the General Drug Department for the two Departments, and is really a matter of bookkeeping between the two Departments.

BELLEVUE HOSPITAL.

After conference with the Commissioner of Public Charities the Chairman of the Building Committee reported in favor of eliminating from the plans for the new hospital all provision for the General Drug Department. This will release from the general uses of the institution a space of 8,000 square feet, which can be applied to much greater advantage in other directions. After the evacuation of the Emergency Hospital in East Twenty-sixth street, it may be found advisable to house the Drug Department in this building, the floor space here being equal to if not greater than that proposed for the accommodation of the Department in the new building.

Pavilions A and B.

Although the progress on these buildings during the quarter has not been as rapid as could have been desired, the work accomplished shows to advantage as it has been mostly of a finishing nature, and the buildings are fast assuming the appearance of being ready for occupation. The brick work is entirely completed. All cement floors in cellar are finished, with the exception of the floor about the west entrance, which cannot be laid until the track for the industrial railway has been set. The carpenter work is practically complete with the exception of the finished floors in the wards upon which work has now begun. The dressers in diet rooms have been set in place. All doors for the electric closets, drying closets, clothes chutes and dumb-waiters have been fitted and halsomed. The doors and frames have been set in the ceilings of the toilet rooms where required. The lights in the lower sash of toilet and bath rooms, other than on the ground floor, have been changed to ground glass. The entire sash in these rooms on the ground floor has been glazed with prism glass, which has considerably increased the light in these rooms. All mangle work has been completed, with the exception of cleaning. All tile floors have been laid throughout the building and on the balconies. With the exception of several sinks, which have not as yet been delivered, the plumbing system is practically complete and ready for water. All pumps have been set and the necessary connections made. The electric lighting work has been entirely installed, and is now ready for fixtures, bids for which will be received in another week. All tubing and wiring for conveying power to the fan motors, elevators, vacuum pumps, etc., has been completed. All telephone outlets are ready for the attachment of the instruments. High pressure steam connections have been made to all sinks in diet rooms, and the piping is ready on every floor for connecting radiators as soon as the finished floors are laid. The balcony railings which are now being set are of pleasing design and considerably enhance the appearance of the buildings.

Decision was made by the Board in the month of January to lengthen the windows leading on to the balconies in order to facilitate the moving of beds, and this has been carried out to the great improvement of the original plans.

In order to be prepared to occupy the new pavilions as soon as they are received from the hands of the contractors, the Trustees have asked for \$30,000 for the purchase of all the necessary furniture and equipment.

Training School for Women Nurses.

Good progress has been made on the building of the Training School for Women Nurses. The upper four stories are practically ready for plastering; the plumbing and heating pipes are in place and have been tested and covered. All electric conduits, outlet boxes and panel boxes have been set in place. The sleepers, floor fill and rough floor have been laid and with but few minor exceptions all partition work has been erected. The mason work on the roof houses is being pushed to permit the completion of the skylight and copper roof work. The laying of the roof tile has been begun. The various water tanks have been delivered and are being set in place. The work in general is in such shape that plastering ought to be begun without delay.

The Twenty-sixth Street Tunnel.

A letter dated February 19 was received from Messrs. Cavanagh & Seymour, contractors for the tunnel under Twenty-sixth street, connecting Pavilions A and B with the new Nurses' Training School building, asking to be relieved of their contract on account of the difficulty of obtaining money from the City and because of changed conditions since the time when their bid was offered. Their request was forwarded to the Corporation Counsel for his opinion upon the rights of the Trustees in this matter, and he replied to the effect that if the facts concerning the information said to have been accorded the contractors at the Finance Department were true, the

Trustees were at liberty to exercise their best judgment as to releasing them. Further inquiry developed the substantial truth of the matters alleged, and the Board, upon the advice of the architects, Messrs. McKim, Mead & White, at their meeting of March 17, absolved these contractors from their obligations and authorized a new advertisement of the work.

Pathological Department.

The structural steel work was begun about the middle of January, and already has been erected as far as the sixth tier, and is complete, including riveting. The columns and beams for the two remaining tiers have been delivered and are now being erected. Good progress has also been made with the mason work, all walls being practically completed up to the ground floor level. All extension walls have been dampproofed. The granite sills for casement windows have been set.

Specifications for the plumbing in the new Department were received from the architects on February 11, and at that time approved, their advertisement being authorized one month later upon receipt of the Comptroller's permission.

Estimates on the work of boring for the new buildings were received early in March, and that of the lowest bidder was accepted.

The Medical and Nursing Service.

The Board of Trustees is in receipt of a petition from the Consulting Alienists and Neurologists of the hospital recommending the establishment in the new Bellevue of a neuropsychiatric department in which cases of mental disease, alcoholism (exclusive of common drunkenness), epilepsy, hysteria and mild neuro-psychoses may be treated. The Board was favorably impressed with this suggestion, backed as it was by the names of some of the most distinguished specialists in this field of medicine, but decided first to submit the matter to the members of the Medical Board for their opinion, and this plan is still under advisement.

Upon the recommendation of Dr. James Alexander Miller, Director of the Tuberculosis Clinics, endorsed by the Executive Committee of the Medical Board, the Board of Trustees has named four Adjunct Assistant Attending Physicians, one for each division, to the tuberculosis service at Bellevue, and has placed this entire service, which was formerly grouped with the alcoholic, prison and erysipelas services, under their charge, with Dr. Miller as Physician in Chief. Under this new arrangement it is expected to secure better treatment and increased individual attention for this class of unfortunates, while at the same time offering a greater inducement to physicians to take up a kind of work which is both exhausting and unrewarding when confined, as it was under the previous system, to the ambulatory cases coming to the hospital only for dispensary treatment. Under the new plan the same physicians will attend to both, and thus be enabled to enlarge their experience, to the advantage of the patients coming under their care.

The installation of a system of continuous baths in the male and female psychopathic wards at a cost not to exceed \$563 has been approved. The influence of this treatment upon excited persons has proved little short of wonderful, and it is believed that the comparatively slight expense involved will be entirely justified by the result.

It has been found necessary to erect additional partitions in the tent used as an isolation ward. In consequence of the approaching destruction of this building (when the new pavilions are ready for occupancy this summer) the Trustees felt unwilling to expend more money upon it, but the Board of Health considered it unsafe and required that this be done.

The employment of two additional night Orderlies in the wards of the second division has been approved. These men will receive \$25 a month and will live outside the hospital.

To provide for the increased number of Nurses whom the proper care of the patients has made necessary, an apartment has been rented at \$40 per month in the building No. 200 East Twenty-seventh street, and furniture has been bought. This arrangement will continue, of course, only until the completion of the Nurses' Home.

In the meanwhile application has been made to the Commissioners of the Sinking Fund for a one year's renewal of the lease of the Probationers' Home at No. 212 East Twenty-sixth street.

Miscellaneous.

The purchase of 300 new bells to be placed in the Bellevue wards has been authorized. Wilton rugs for the doctors' rooms have also been purchased, an estimate a few dollars in excess of the lowest bid submitted having been accepted by reason of the better quality of the rugs.

On account of several thefts occurring in the hospital the property of patients is delivered to them direct by the Property Clerk upon their discharge from the hospital.

Medical Appointments.

During the quarter the following medical appointments and changes were made in Bellevue Hospital:

January 14, Dr. Malcolm Goodridge, appointed Clinical Assistant to Out Patients (children), First Division.

Census.

The average daily census for the quarter has been 925, as compared with 895 for 1907. There have been 8,536 admissions during the quarter, as compared with 8,018 during the corresponding quarter of last year. The total number treated has been 9,454, as compared with 8,877 during the corresponding quarter of 1907.

Twenty-two thousand six hundred and fifty-five (22,655) visits were made to the Out Patient Department, as compared with 20,446 during the same quarter of last year.

GOUVERNEUR HOSPITAL.

No progress has been made in effecting a settlement with Messrs. John R. Sheehan & Co., concerning the defective work done under their contract for building and alterations at Gouverneur Hospital. Payment upon their contract has been stopped, pending a decision from the Corporation Counsel.

The most important matter affecting the welfare of Gouverneur Hospital at the present time is the overcrowded condition of the Out-Patient Department. For six years past there has been a continual increase in the attendance, until the Physicians and Surgeons are no longer able properly to care for the patients applying for treatment, nor is it possible to increase the medical staff because of the lack of space to do proper work. An extensive investigation made by the Medical Board shows conclusively the impossibility of improving conditions in the present quarters, and the Board of Trustees is therefore constrained to ask for a new building, to be devoted exclusively to the uses of the dispensary, with perhaps, quarters for Nurses on the upper floors, in the immediate vicinity of the hospital. A vacant lot adjoining the hospital on the northeast would be admirably suited to this purpose, and it is hoped that the City may acquire it. The rooms in the hospital now occupied by the Dispensary are needed for another ward, so that the internal as well as external service of the institution would be benefited by the change.

The contractor in charge of the construction of the new coal vault has continued dilatory in his work, which is not yet completed. The Architect has been instructed to take prompt measures to bring the work to completion.

On the recommendation of the Supervising Nurse a flooring of tile is being laid in the office, the substitution being required upon sanitary grounds.

Four aseptic instrument cabinets have been purchased for the hospital.

Application was made to the Board of Estimate and Apportionment on March 17 for the transfer of \$4,716 from the funds of this Department to those of the Charities Department in payment of the Nurses supplied this hospital from the New York City Training School for Nurses.

Medical Appointments.

On March 17, the following Physicians and Surgeons were reappointed to the Out-Patient Department of Gouverneur Hospital for the year 1908: Assistant Visiting Surgeons and Surgeons to Out-Patients, Dr. Albert E. Sellenings and Dr. Edward L. Kellogg; Assistant Visiting Physicians and Physicians to Out-Patients, Dr. A. R. Braunlich and Dr. A. W. Taves; Clinical Assistants (medical), Dr. A. C. Henderson, Dr. M. N. Horowitz, Dr. L. J. Nishoff, Dr. I. Grushlaw, Dr. Max Feldman, Dr. W. H. Steers, Dr. C. E. Perkins, Dr. Morris Levine, Dr. M. Rosenthal, Dr. R. Abraham, Dr. John L. Sheila, Dr. C. L. Beil, Dr. F. G. Goodridge and Dr. N. G. Seymour; Clinical Assistants (surgical), Dr. S. Moskowitz, Dr. A. M. Hilcovich, Dr. C. W. Eveleth, Dr. S. J. Scadron, Dr. B. J. Beck, Dr. I. P. Starr, Dr. W. Narins, and Dr. Meyer Rabinowitz; Clinical Assistant (tuberculosis), Dr. Charlotte Blum.

On March 17, also, the place of Consulting Cystoscopist was created and Dr. Frederick Hierhoff appointed to the vacancy.

On the same date the resignation of Dr. Tasker Howard, Assistant Physician to Out-Patients, was accepted.

Census.

The average daily census for the quarter has been 135, as compared with 83 for the same quarter of 1907. There have been 879 admissions during the quarter, as compared with 839 during the corresponding quarter of last year. The total number treated has been 991 as compared with 914 during the corresponding quarter of 1907.

Twenty-three thousand three hundred and seventy-five (23,375) visits were made to the Out-Patient Department, as compared with 21,122 during the same quarter of last year.

HARLEM HOSPITAL.

A proposition, made by Mr. D. Barta, Civil and Landscape Engineer, to prepare plans and specifications for the layout of the grounds about Harlem and Fordham Hospitals, at a cost of \$50 each, was approved by the Board of Trustees, and these having been obtained, the General Medical Superintendent was instructed to invite bids from various nurserymen upon the work.

Defects have been found in the sterilizing power and cooking apparatus by the Supervising Engineer, and he is arranging, in conjunction with the Building Committee, a means for their improvement.

The fire hose in use at the hospital proved to be unsatisfactory, on test, and when bids were received for more the hose offered by the firm making the lowest bid was found to lack the endorsement of the Underwriters' Laboratories. The Superintendent was instructed to communicate with the Board of Underwriters and discover the kind recommended by them before purchasing new.

Additional filing cases for the record room have been purchased at a cost of \$43 each.

It has been decided to replace the open-work floorings of the balconies with the kind of solid floorings used at Fordham and Gouverneur Hospitals. A great mistake was made in the Harlem floorings, as they permit of drippings to the balcony below, besides exposing to the view of those underneath persons on the balcony above.

Dressing rooms have been provided at the west end of the hall, to the great improvement of the service. The installation of a shower bath in the Surgeons' dressing room at a cost of \$173 has been authorized.

Report was made to the Trustees that the mangle in the power house was working unsatisfactorily, and investigation showed that it had been installed in a faulty manner by the subcontractors, the American Laundry Machine Company. The contractors were communicated with, they having given a guarantee for the satisfactory working of all machinery for a period of one year, and were instructed to give the subcontractors three days' time in which to begin to remedy the defects.

On recommendation of the Medical Board the appointment of two additional men on the House Staff (one-year Internes) was authorized.

Working drawings and specifications for the new Nurses' Home were received from the Architect, Mr. R. F. Almirall, on March 24, and referred to the Building Committee for their inspection.

Medical Appointments.

On February 11, upon the recommendation of the Medical Board, the following appointments were made for the year 1908:

Assistant Attending Surgeons and Surgeons to Out-Patients, Dr. Percy A. Boynton, Dr. John F. Connors, Dr. George H. Mallett and Dr. John J. Moorhead.
Assistant Attending Physicians and Physicians to Out-Patients, Dr. A. L. Goodman, Dr. Frederick C. Heckel and Dr. Arthur M. Shady.

Assistant Physicians to Out-Patients, Dr. John Blackman, Dr. Edmund L. Cocks, Dr. Martin Cohen, Dr. Isadore Flatto, Dr. Edward W. Hall, Dr. David Jurist, Dr. Edward N. Rosser, Dr. S. H. Meurr, Dr. John J. Slevin and Dr. David W. Tovey.

Assistant Surgeons to Out-Patients, Dr. Samuel Marshall, Dr. Carl R. Keppler, Dr. H. A. Lingenfelder, Dr. Bernard McBride, Dr. Solomon N. Rosenbaum and Dr. P. Schoonmaker.

Clinical Assistants (Medical), Dr. H. B. Biscow, Dr. J. A. Heitlinger, Dr. Thomas Mulcahy and Dr. Claud H. Weir.

Clinical Assistants (Surgical), Dr. D. P. Fagan, Dr. Peter N. Fischer, Dr. L. Lewis, Dr. N. J. Furniss and Dr. William Karniol.

On February 25 the resignation of Dr. T. A. Gonzales, Assistant Director of the Pathological Department, was accepted, as was also the resignation of Dr. Edward T. Hull, Assistant Physician to Out-Patients.

On March to the following additional physicians and surgeons were reappointed to the positions named in the Out-Patient Department for the year 1908, as follows:

Assistant Surgeons to Out-Patients, Dr. Henry Scott and Dr. George E. Steel.
Assistant Physicians to Out-Patients, Dr. Casper Stock, Dr. Charles H. Moak and Dr. W. H. Henning.

Clinical Assistant (Surgical), Dr. F. F. Potter.

Clinical Assistants (Medical), Dr. W. B. Allen, Dr. L. W. Hubby, Dr. N. E. Lancaster and Dr. G. H. Hildreth.

Census.

The average daily census for the quarter has been 115, as compared with 49 for the same quarter of 1907. There have been 1,223 admissions during the quarter, as compared with 807 during the corresponding quarter of last year. The total number treated has been 1,334, as compared with 879 during the corresponding quarter of 1907.

Nineteen thousand four hundred and forty-seven (19,447) visits were made to the Out-Patient Department, as compared with 14,744 during the same quarter of last year.

FORDHAM HOSPITAL.

As mentioned in the Harlem report, the offer of Mr. D. Barta, Landscape Gardener, to plot the grounds for \$50, was accepted by the Trustees, and the Superintendent was authorized to secure bids from various nursery men upon the work.

At the request of Rev. S. J. Krim, Roman Catholic Chaplain at the hospital, the Board agreed to allow the use of the dispensary waiting room for the saying of Mass on Sunday morning, it being agreed that the City should be placed under no expense in the matter and that the privilege of holding services at a different hour should be extended to the clergy of any other denomination desiring it. A large percentage of the inmates at Fordham Hospital are Catholics, and the hospital building is so remote from any church of this faith that the privilege was highly coveted.

Medical Appointments.

On January 21 Dr. E. B. Reilly was appointed on the house staff. The resignation of Dr. Frederick C. Hargrave as Assistant Physician to Out-Patients was accepted. The following nominations for the year 1908 were also approved:

Assistant Visiting Surgeon and Surgeons to Out-Patients, Dr. Frederick Coerr and Dr. E. R. Cumiffe; Assistant Physicians to Out-Patients, Dr. John J. McGuwan and Dr. A. McDonald Bell; Clinical Assistant to Out-Patients (Medical), Dr. James V. Kern; Clinical Assistant to Out-Patients (Surgical), Dr. Paul Dolan; Dermatologist to Out-Patients and to Fordham Hospital, Dr. E. L. Cocks.

On February 11 Dr. James C. Harkins was appointed Assistant Physician to Out-Patients and Dr. Thomas F. Lancer Anaesthetist to Fordham Hospital.

Census.

The average daily census for the quarter has been 109, as compared with 52 for the same quarter for 1907. There have been 516 admissions during the quarter, as compared with 322 during the corresponding quarter of last year. The total number treated has been 619, as compared with 377 during the corresponding quarter of 1907.

Three thousand five hundred and two (3,502) visits were made to the Out-Patient Department, as compared with 1,536 during the same quarter of last year.

Respectfully submitted,

J. K. PAULDING, Secretary.

The certificate of the Commissioner was forwarded to the Commissioners of the Land Office to the effect that if the application of the Brooklyn and Canarsie Realty Company for a grant of the lands under the waters of Jamaica Bay, Borough of Brooklyn (78423), between Rockaway parkway and East Ninety-sixth street, and of Arthur E. Keating (78508) for a grant of lands under the waters at Powells Cove, between College Point and Whitestone, in the Borough of Queens, are granted, the same will conflict with the rights of The City of New York, under the Greater New York Charter, as amended, and will be otherwise injurious to the public interests of the City, for the reason that the lands under water applied for are vested in The City of New York.

A report (78524) was received from the Superintendent of Docks to the effect that the recreation piers, with the exception of the East Third and Market Street piers, East River, will close on September 25, 1908, at 11 p. m., and recommending that the Police Department be advised thereof, and that the New York Edison Company, the United Electric Light and Power Company and the Edison Electric Illuminating Company of Brooklyn be notified to discontinue their service on the various piers, with the exception of one light on the outer end of each pier. Police Department and electric light companies notified as recommended.

The Chief Engineer (78534) submitted a report relative to the misconduct on September 8, 1908, of William H. Kain, Watchman on the North Second Street Recreation Pier, Brooklyn. Kain given a hearing, reprimanded and ordered reassigned to work.

The Chief Engineer reported the following work supervised under Bureau orders: No. 6626. Installation of water pipe foot of Beckman street, East River, by Independent Wholesale Fish Dealers' Association.

No. 6406. Making of telephone connections at Pier 28, East River, by Empire City Subway Company, Limited.

No. 6589. Repairs to steam pipe at Pier 61, East River, by Etzel & Son Coal Company.

No. 6517. Dredging between Gansevoort and Bloomfield streets, North River, by Henry DuBois Sons Company, under Contract No. 1115.

No. 6450. Dredging at Department of Street Cleaning dumping board foot of Thirtieth street, North River, by Henry DuBois Sons Company, under Contract No. 1115.

No. 6465. Dredging at southerly side of pier foot of Forty-sixth street, North River, by Henry DuBois Sons Company, under Contract No. 1115.

DENIS A. JUDGE, Deputy and Acting Commissioner.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 11:30 o'clock a. m., on Wednesday, November 4, 1908.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; James J. Martin, Chamberlain; and Patrick F. McGowan, President Board of Aldermen.

The minutes of the meeting held October 21, 1908, were approved as printed.

The following communication was received from the Commissioner of Docks relative to a lease of water-front property between One Hundred and Fourteenth and One Hundred and Fifteenth streets, on the Harlem River, to Robert McWilliam:

October 9, 1908.

Hon. GEORGE B. McCLELLAN, Mayor and Chairman of the Commissioners of the Sinking Fund:

Sir—After due consideration I am of the opinion that the interests of the City would be best served by the granting of a lease to Robert McWilliam of the following described property, situated on the Harlem River, in the Borough of Manhattan, to wit:

Beginning at a point in the southerly line of East One Hundred and Fifteenth street where it intersects the present crib bulkhead; running thence westerly along said southerly line about 90 feet to a point where an existing fence intersects said southerly line of East One Hundred and Fifteenth street; thence southwesterly and along the line of the said existing fence and its prolongation about 108 feet to a point in the centre line of the block between East One Hundred and Fourteenth and East One Hundred and Fifteenth streets; thence easterly and along said centre line about 80 feet to a point in the present crib bulkhead where said centre line intersects the same; thence northeasterly and along the face of the present crib bulkhead 112 feet, more or less, to the point or place of beginning.

The lease to be for a term of five years from November 1, 1908, at a rental of \$2,500 per annum. The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

Robert McWilliam has been the occupant of the premises in question since August 1, 1903, when a lease was granted to him for a term of five years at a rental of \$2,000 per annum. The rental recommended in the present lease is therefore an advance of \$500 per annum.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

The compensation being fair by comparison with other similar property in the vicinity, I think the Commissioners of the Sinking Fund may properly approve the lease as proposed by the Commissioner of Docks and Ferries.

W. H. ROBERTS,

Assistant Engineer in Charge of Bureau, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to Robert McWilliam, of the following described property, situated on the Harlem River, in the Borough of Manhattan, to wit:

Beginning at a point in the southerly line of East One Hundred and Fifteenth street where it intersects the present crib bulkhead; running thence westerly along said southerly line about 90 feet to a point where an existing fence intersects said southerly line of East One Hundred and Fifteenth street; thence southwesterly and along the line of the said existing fence and its prolongation about 108 feet to a point in the centre line of the block between East One Hundred and Fourteenth and East One Hundred and Fifteenth streets; thence easterly and along said centre line about 80 feet to a point in the present crib bulkhead where said centre line intersects the same; thence northeasterly and along the face of the present crib bulkhead 112 feet, more or less, to the point or place of beginning.

—the lease to be for a term of five years from November 1, 1908, at a rental of twenty-five hundred dollars (\$2,500) per annum; the remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated October 9, 1908.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks relative to a lease of the bulkhead between Ninety-first and Ninety-second streets, East River, to the American Ice Company:

October 13, 1908.

Hon. GEORGE B. McCLELLAN, Mayor and Chairman of the Commissioners of the Sinking Fund:

Sir—I beg to advise that after due consideration I am of the opinion that the interests of the City would be best served by the granting of a lease to the American Ice Company, for a term of five years, from the first of the month next succeeding the date upon which said lease shall be approved by the Commissioners of the Sinking Fund, at a rental of \$3,500 per annum, of the bulkhead between Ninety-first and Ninety-second streets, East River, with upland in rear of same and with the privilege of erecting a shed over a portion of the premises, the lease to provide for one renewal term of five years, at an advance of 10 per cent. over the rental of the preceding term. The bulkhead in question is about 197 feet in length and runs northerly from the northerly line of East Ninety-first street.

The upland in rear of the bulkhead contains about 19,456 square feet and is described as follows:

Beginning at a point formed by the intersection of the northerly side of East Ninety-first street and the westerly side of the marginal street; thence northwesterly along the westerly side of the marginal street 92 feet more or less; thence northeasterly along the line of the open shed, as shown on filed map, 20 feet more or less; thence northwesterly along the lines of said shed 25 feet more or less; thence northeasterly on a line at right angles to the present established bulkhead line 113 feet, more or less, to the present established bulkhead line; thence southeasterly along the present established bulkhead line 166.75 feet to the northerly line of East Ninety-first street; thence westerly along the northerly line of East Ninety-first street 146.18 feet to the point or place of beginning.

That portion of the upland included within the lease, which is above described, immediately in rear of the bulkhead, is not to be shedded. The portion which is to be shedded contains an area of about 14,350 square feet and is described as follows:

Beginning at a point formed by the intersection of the northerly side of East Ninety-first street and the westerly side of the marginal street; thence northeasterly along the westerly side of the marginal street 92 feet, more or less; thence northeasterly along the line of the open shed, as shown on filed map, 20 feet, more or less; thence northwesterly along the lines of said shed 27 feet, more or less; thence northeasterly on a line at right angles to the present established bulkhead line 85 feet, more or less, to the westerly line produced of the pavement as shown on filed map; thence southeasterly along the westerly line of said pavement 172 feet, more or less; thence still southwesterly along the westerly side of said pavement 8 feet, more or less, to

the northerly side of East Ninety-first street; thence westerly along said northerly side of East Ninety-first street 109 feet, more or less, to the point or place of beginning.

There is no outlet from the bulkhead or upland through Ninety-second street, the only exit or entrance from or to the property being through Ninety-first street, owing to the extension of the easterly ferry structures south of the former street.

The shed is to be erected in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of this Department, and the work shall be done under his direction and supervision.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

On January 25, 1906, the Commissioners of the Sinking Fund passed a resolution approving of a lease to the Yorkville Construction and Supply Company of the premises in question for a term of five years, at an annual rental of \$3,200, with privilege of renewal at an annual rental of \$3,700. The company went into possession of the premises, but shortly afterward abandoned the same and the Corporation Counsel has been requested to institute an action for the recovery of the rent.

I beg, therefore, to recommend that the lease as above set forth be approved by the Commissioners of the Sinking Fund.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

In my opinion the terms and conditions of the lease as proposed by the Commissioner of Docks and Ferries, may properly be approved by the Commissioners of the Sinking Fund.

W. H. ROBERTS,

Assistant Engineer in Charge of Bureau, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the American Ice Company, of the bulkhead between Ninety-first and Ninety-second streets, East River, with the upland in rear of the same, for a term of five years from December 1, 1908, at an annual rental of three thousand five hundred dollars (\$3,500); the lease to provide for one renewal term of five years, at an advance of 10 per cent. over the rental for the preceding term; the lessee to have the privilege of erecting a shed over a portion of the premises, which shed is to be erected in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries and the work to be done under his direction and supervision. The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated October 13, 1908.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, relative to a lease of Pier (new) 22, near the foot of James slip, East River, and Pier (new) 25, at or near the foot of Oliver street, East River, together with the bulkhead between said piers, to the Long Island Railroad Company.

October 8, 1908.

Hon. GEORGE B. McCLELLAN, Mayor and Chairman of the Commissioners of the Sinking Fund:

Sir—After due consideration, I am of the opinion that the interests of the City would be best served by the granting of a lease to the Long Island Railroad Company of the following described property, viz.: Pier (new) 22, near the foot of James slip, East River, and Pier (new) 25, at or near the foot of Oliver street, East River, together with the bulkhead between the said piers and the following described platform in front of the bulkhead, viz.: Beginning at a point on the easterly side of Pier (new) 22, East River, at its intersection with the marginal street line; thence easterly along the southerly side of the marginal street to the westerly side of Pier (new) 25; thence southerly, outshore and adjoining the westerly side of Pier (new) 25 a distance of about 77.44 feet; thence westerly and parallel to the marginal street line to the easterly side line of Pier (new) 22, aforesaid; thence northerly and along the easterly side line of Pier (new) 22 about 77.44 feet to the point or place of beginning, comprising an area of about 17,656 square feet, for a term of ten years from the date of completion of said piers, bulkhead and platform with the privilege of renewal for a further term of ten years, rental to be at the rate of \$46,500 per annum for the first term of ten years and at an advance of ten per cent. (10%) for the renewal term; the lessee to have the privilege of erecting upon said piers and upon the platform between the same sheds for the protection of freight in transit, said sheds to be erected in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of this Department and to be erected under his direction and supervision, said sheds to revert to and become the property of The City of New York at the expiration or sooner termination of the lease; the remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

The two piers will contain an area of 29,636 square feet, which at \$1.02 per square foot, the rate charged the Joy Steamship Company for Pier 28, East River, leased last year, amounts to..... \$30,228 72
Two hundred and twenty-eight feet of bulkhead at \$29.52 per linear foot, the rate charged for bulkhead leased separately, northerly of Pier 28, East River..... 6,730 56
Seventeen thousand six hundred and fifty-six square feet of bulkhead platform at 53 cents per square foot per annum, being the same rate charged the Ward Line for triangular space westerly of Pier 13, East River..... 9,357 68

Making the total rental based on current rental values of wharf property in this vicinity..... \$46,316 96

—or, say, \$46,500 per annum.

Pier (new) 22 is now built together with a portion of the bulkhead northerly and the platform in front thereof and it is the intention of the Department in case a lease is approved by the Commissioners of the Sinking Fund for the entire premises to grant a temporary permit for the use of the portion now completed at a pro rata rate of rental in order that the Long Island Railroad Company, the present occupant of Pier (old) 33, may vacate said pier and take possession of the completed portion and proceed with the erection of sheds thereon. As it stands now, Pier 22 and part of the bulkhead and the platform are completed, lying idle. Rental therefor will commence as soon as the company takes possession as above stated which will also enable the Department to proceed with the building of Pier (new) 25, and the completion of the bulkhead and platform between the piers.

Yours respectfully,

ALLEN N. SPOONER, Commissioner of Docks.

In connection therewith the Comptroller presented the following report and offered the following resolution:

The rental proposed is fair, by comparison with similar wharf and bulkhead property in this vicinity, and, I think, the Commissioners of the Sinking Fund, may properly approve the terms and conditions of the lease as proposed by the Commissioner of Docks and Ferries.

W. H. ROBERTS,

Assistant Engineer in Charge of Bureau, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the Long Island Railroad Company, of the following described property, viz.: Pier (new) 22, near the foot of James slip, East River, and Pier (new) 25, at or near the foot of Oliver street, East River, together with the bulkhead between the said piers and the following described platform in front of the bulkhead, viz.: Beginning at a point on the easterly side of Pier (new) 22, East River, at its intersection with the marginal street line; thence easterly along the southerly side of the marginal street to the westerly side of Pier (new) 25; thence southerly, outshore and adjoining the westerly side of Pier (new) 25, a distance of about 77.44 feet; thence westerly and parallel to the marginal street line to the easterly side line of Pier (new) 22, aforesaid; thence northerly and along the easterly side line of Pier (new) 22, about 77.44 feet to the point of place of beginning, comprising an area of about 17,656 square feet, for a term of ten years from the date of completion of said piers, bulkhead and platform, with the privilege of renewal for a further term of ten years, at a rental at the rate of forty-six thousand five hundred dollars (\$46,500) per annum for the first term of ten years and at an advance of ten per cent. for the renewal term; the lessee to have the privilege of erecting upon said piers and upon the platform between the same sheds for the protection of freight in transit, said sheds to be erected in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries; and to be erected under his direction and supervision, said sheds to revert to and become the property of The City of New York at the expiration or sooner termination of the lease; the remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated October 8, 1908.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Street Cleaning, relative to a lease of premises at Nos. 309 and 311, and Nos. 313 and 315 East One Hundred and Forty-sixth street, Borough of The Bronx:

September 16, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Sinking Fund Commissioners:

Sir—Referring to my request dated April 23, 1908, in reference to proposed lease from William Oppenheim of certain premises Nos. 313 and 315 East One Hundred and Forty-sixth street, and Nos. 309 and 311 East One Hundred and Forty-sixth street, in the Borough of The Bronx, I hereby renew the request for the said lease, but on the terms as follows, omitting the mortgage clause referred to in my letter of the 23d of April:

1. The westerly store of the premises Nos. 313 and 315 East One Hundred and Forty-sixth street, in the Borough of The Bronx, being 15 feet front by about 35 feet in depth, together with the privilege of using the court-yard, about 12 feet by 40 feet, in the rear of said premises, for a term of three years from May 1, 1908, at an annual rental of four hundred and twenty dollars (\$420), payable quarterly, at the end of each and every quarter, during the term of said lease; the lessor to provide gas fixtures, proper inlet arrangements and sink, to pay for the Croton water used on the premises, and to make all outside repairs, including the cornice and roof; the City to have the right to put in such closets and improvements as may be necessary and to remove the same, whether nailed or unnailed to the walls, at the expiration of the said lease.

2. The cellar space, about 12 feet by 18 feet, of the premises Nos. 309 and 311 East One Hundred and Forty-sixth street, Borough of The Bronx, for a term of three years from May 1, 1908, at an annual rental of sixty dollars (\$60) payable quarterly, at the end of each and every quarter, during the term of the lease; the lessor to partition off the said portion of the cellar, to pay for the Croton water used on the premises during the term of the lease and to make all outside repairs; the City to have the right to put in closets or such improvements as it may deem necessary, and to remove the same, whether nailed or unnailed to the walls at the expiration of the lease.

The Department has been in occupation of the above described premises since May 1, 1908, under the authority of a resolution of your Board dated April 1, 1908.

Respectfully,

FOSTER CROWELL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolutions:

October 20, 1908.

Hon. HERMAN A. METZ, Comptroller:

Sir—The Commissioners of the Sinking Fund at a meeting held April 1, 1908, adopted a resolution consenting to and approving of the execution of a lease by the Department of Street Cleaning of the store premises at No. 313 East One Hundred and Forty-sixth street, Borough of The Bronx, with the privilege of using the court-yard, 12 feet by 40 feet, in the rear, and also the cellar space, 12 feet by 18 feet, in the premises Nos. 309 and 311 East One Hundred and Forty-sixth street, adjoining the above, for three years from May 1, 1908, at a yearly rental of \$480, payable quarterly, but the lease was never executed, owing to a question of a mortgage clause which the lessor, William Oppenheim, of No. 21 East Fourteenth street, insisted upon putting in, and which was objected to by the City.

It now appears that Mr. Oppenheim has withdrawn his claim as to the mortgage clause, as appears from the letter from Hon. Foster Crowell, Commissioner of Street Cleaning, under date of September 16, 1908, herewith, but instead of the properties being covered in one lease, as was originally intended, it is now requested by Commissioner Crowell that two leases be authorized, one for the store and court-yard at Nos. 313 and 315 East One Hundred and Forty-sixth street, at a rental of \$420 a year, and another for the cellar space at Nos. 309 and 311 East One Hundred and Forty-sixth street, at a rental of \$60 a year.

As the City has been occupying these premises since May 1, 1908, and no change is made in the rent to be paid as then agreed upon, I see no objection to authorizing separate leases as requested.

I therefore respectfully recommend that the Commissioners of the Sinking Fund rescind the resolution of April 1, 1908, and adopt a resolution approving of and consenting to the execution by the Commissioner of Street Cleaning of a lease to the City from William Oppenheim of the westerly store of the premises Nos. 313 and 315 East One Hundred and Forty-sixth street, Borough of The Bronx, being about 15 feet front by about 35 feet in depth, together with the privilege of using the court-yard, about 12 feet by 40 feet, in the rear of said premises, for a period of three years from May 1, 1908, at an annual rental of \$420, payable quarterly; the lessor to provide gas fixtures, proper toilet arrangements and sink; to pay for the Croton water used on the premises and to make all outside repairs, including cornice and roof; the City to have the right to put in such closets and improvements as may be necessary, and to remove the same, whether nailed or unnailed to the walls, at the expiration of said lease.

I would further respectfully recommend that the Commissioners of the Sinking Fund approve of and consent to the execution by the Commissioner of Street Cleaning of a lease to the City from William Oppenheim of the cellar space, about 12 feet by 18 feet, of the premises Nos. 309 and 311 East One Hundred and Forty-sixth street, Borough of The Bronx, for a term of three years from May 1, 1908, at an annual rental of \$60, payable quarterly; the lessor to partition off the said portion of the cellar, to pay for the Croton water used on the premises during the term of the lease, and to make all outside repairs; the City to have the right to put in closets or such improvements as it may deem necessary, and to remove the same whether nailed or unnailed to the walls, at the expiration of the lease.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held April 1, 1908, approving of and consenting to the execution, by the Commissioner of Street Cleaning, of a lease of the store premises at No. 313 East One Hundred and Forty-sixth street, Borough of The Bronx, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City, from William Oppenheim, of the cellar space about 12 by 18 feet, of the premises Nos. 309 and 311 East One Hundred and Forty-sixth street, Borough of The Bronx, for a term of three years from May 1, 1908, at an annual rental of sixty dollars (\$60), payable quarterly; the lessor to partition off said portion of the cellar, to pay for Croton water used on the premises during the term of the lease, and to make outside repairs; the City to have the right to put in closets or such improvements as it may deem necessary, and to remove the same whether nailed or unnailed to the walls at the expiration of the lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from William Oppenheim, of the westerly store of the premises Nos. 313 and 315 East One Hundred and Forty-sixth street, Borough of The Bronx, being about 15 feet front by about 35 feet in depth, together with the privilege of using court yard about 12 by 40 feet in the rear of said premises, for a period of three years from May 1, 1908, at an annual rental of four hundred and twenty dollars (\$420), payable quarterly; the lessor to provide gas fixtures, proper toilet arrangements and sink; to pay for Croton water used on the premises and to make all outside repairs, including cornice and roof; the City to have the right to put in such closets and improvements as may be necessary, and to remove the same whether nailed or unnailed to the walls at the expiration of said lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Commissioner of Street Cleaning, relative to a renewal of the lease of premises at No. 166 South Fourth street, Borough of Brooklyn:

October 7, 1908.

Hon. GEORGE B. McCLELLAN, Chairman, Sinking Fund Commission:

Sir—I request the consent and approval by your Board, pursuant to section 341 of the Charter to a renewal of the lease from Terrence Nugent (residing at No. 166 South Fourth street, Brooklyn) of the store and ground floor, cellar and stable, of the premises No. 166 South Fourth street, in the Borough of Brooklyn, for another term of one (1) year, beginning January 1, 1909, at the same annual rental of \$420, payable quarterly, and otherwise upon the same terms and conditions contained in the existing lease.

Respectfully,

FOSTER CROWELL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

October 19, 1908.

The rent being the same as heretofore paid, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the premises consisting of the store and ground floor, cellar and stable of No. 166 South Fourth street, Borough of Brooklyn, for a period of one year from January 1, 1909, at an annual rental of \$420, payable quarterly, and upon the same terms and conditions as contained in the existing lease.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City, of the premises consisting of the store and ground floor, cellar and stable of No. 166 South Fourth street, Borough of Brooklyn, for a period of one year from January 1, 1909, at an annual rental of four hundred and twenty dollars (\$420), payable quarterly, and upon the same terms and conditions as contained in the existing lease; lessor, Terrence Nugent; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a renewal of the lease of premises No. 965 Sixth avenue, Borough of Manhattan, for use of the Department of Health:

October 26, 1908.

Hon. HERMAN A. METZ, Comptroller:

Sir—The Commissioners of the Sinking Fund at a meeting held March 11, 1908, adopted a resolution authorizing the renewal of the lease of premises No. 965 Sixth avenue, Borough of Manhattan, for the use of the Department of Health for a period of one year from November 19, 1908, at a rental of \$4,735 per annum, payable quarterly; lessor, Henry J. Braker.

Subsequent to the resolution of the Commissioners of the Sinking Fund of March 11, 1908, Henry J. Braker died, and I would therefore recommend that the Commissioners of the Sinking Fund amend said resolution by striking out the words "lessor, Henry J. Braker," and insert in lieu thereof the words "lessor, Austin B. Fletcher, executor, etc., of Henry J. Braker."

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held March 11, 1908, authorizing a renewal of the lease to the City of premises No. 965 Sixth avenue, Borough of Manhattan, for use of the Department of Health for a period from November 19, 1908, to May 1, 1909, at a rental at the rate of four thousand seven hundred and thirty-five dollars (\$4,735) per annum, payable quarterly, and upon the same terms and conditions as contained in the existing lease; lessor, Henry J. Braker, be and the same is hereby amended by substituting "Austin B. Fletcher, executor, etc.," as the name of the lessor in place of "Henry J. Braker."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Police Department relative to a renewal of the lease of premises at No. 17 Leonard street, Borough of Manhattan:

September 21, 1908.

To the Honorable Commissioners of the Sinking Fund:

GENTLEMEN—The following proceedings were this day directed by me:

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute renewal of lease from Charles

J. Campbell and John J. Campbell, trustees of the estate of John Campbell, deceased, lessors, of premises No. 17 Leonard street, as a stable for horses for traffic and also for patrol wagons for the Eighth Precinct, at \$2,100 per annum for one year from December 31, 1908, upon the same terms and conditions as contained in existing lease.

Respectfully,

THEO. A. BINGHAM, Police Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

September 25, 1908.

The rent being the same as heretofore paid, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of premises No. 17 Leonard street, Borough of Manhattan, for the use of the Police Department for a period of one year from December 31, 1908, at an annual rental of \$2,100, payable quarterly, and upon the same terms and conditions as contained in the existing lease. Lessors, Charles J. Campbell and John J. Campbell, trustees of the estate of John Campbell, deceased.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of premises No. 17 Leonard street, Borough of Manhattan, for use of the Police Department, for a period of one year from December 31, 1908, at an annual rental of twenty-one hundred dollars (\$2,100), payable quarterly, and upon the same terms and conditions as contained in the existing lease; lessors, Charles J. Campbell and John J. Campbell, trustees of the estate of John Campbell, deceased; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Water Supply, Gas and Electricity, relative to a lease of space at Nos. 271 and 273 East One Hundred and Thirty-fifth street, Borough of The Bronx:

October 6, 1908.

N. TAYLOR PHILLIPS, Esq., Secretary of the Sinking Fund Commission, No. 277 Broadway, Manhattan:

DEAR SIR—The Department now occupies as a repair station quarters on the north side of East One Hundred and Thirty-fifth street, 36 feet east of Lincoln avenue. There is not sufficient room for the storage of the pipes, castings and other fittings which are used by the Repair Company. The property is leased from C. W. Montgomery, corner of Lincoln avenue and One Hundred and Thirty-fifth street.

There is a strip of land 25 feet by 20 feet directly in the rear of the plot now occupied by the Department, which is held by the same owner. This additional space would permit of the storage of material and allow of the better handling of the pipes. The owner agrees to place a roof over this lot if the City will agree to enter into a lease for same. The rent is \$180 per annum, payable quarterly.

The owner further agrees in leasing this additional ground to be governed by all of the terms and conditions as stated in the lease now held by the City. The present lease will expire on June 1, 1909, and it might be advisable in making a lease for the additional plot of ground to have it terminate on the same date, with privilege of renewal.

I respectfully recommend that this application receive your early and favorable consideration.

Respectfully,

M. F. LOUGHMAN, Deputy Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

October 17, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Mr. M. F. Loughman, Deputy Commissioner of the Department of Water Supply, Gas and Electricity, in a communication addressed to the Commissioners of the Sinking Fund under date of October 6, 1908, states that the sub-station of his Department, located at No. 271 East One Hundred and Thirty-fifth street, Borough of The Bronx, is crowded for space, especially for the storage of heavy castings, such as water pipes, hydrants, etc. He requests that a space 20 feet by 25 feet in the rear of the present storage room adjoining the office be secured from C. W. Montgomery, the present lessor, at a rental of \$15 a month, the lease to extend in June 1, 1909, when the lease of the premises as present occupied by the City will expire, the lessor to inclose and roof over this additional space.

The Department now has at this place an office and storage room 21 feet by 22 feet and an adjoining storage room or shed 21 feet 6 inches by 25 feet, for which premises it pays \$45 a month rent. The added space will make this latter room 21 feet 6 inches by 50 feet.

The owner, as will be seen by his letter herewith, has since consented to reduce the rental to \$10 a month, which rental is in my opinion not excessive.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the inclosed and roofed space 25 feet by 20 feet in the rear of the present storage room of the Department of Water Supply, Gas and Electricity at Nos. 271 and 273 East One Hundred and Thirty-fifth street, Borough of The Bronx, for a period from the date of occupancy to June 1, 1909, at a rental of \$10 per month, payable quarterly, said lease otherwise to be on the same terms and conditions as the existing lease on the adjoining premises. Lessor, C. W. Montgomery.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from C. W. Montgomery, of the inclosed and roofed space 25 feet by 20 feet in the rear of the present storage room of the Department of Water Supply, Gas and Electricity, at Nos. 271 and 273 East One Hundred and Thirty-fifth street, Borough of The Bronx, for use of the Department of Water Supply, Gas and Electricity, for a period from the date of occupancy to June 1, 1909, at a rental of ten dollars (\$10) per month, payable quarterly, otherwise to be on the same terms and conditions as contained in the existing lease of the adjoining premises; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises at No. 217 Sixth avenue, Borough of Brooklyn, for the Department of Water Supply, Gas and Electricity:

October 30, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioner of the Department of Water Supply, Gas and Electricity requests a renewal of the lease of the second and third floors in the building No. 217 Sixth avenue, Borough of Brooklyn, for the use of his Department.

The rent being the same as heretofore paid, I would respectfully recommend that the Commissioners of the Sinking Fund approve of the request and authorize a re-

newal of the lease for a period of one year from July 1, 1908, at an annual rental of \$500, payable quarterly, and on the same terms and conditions as contained in the existing lease. Lessors, George F. Halstead and John M. Halstead.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the second and third floors in the building No. 217 Sixth avenue, Borough of Brooklyn, for use of the Department of Water Supply, Gas and Electricity, for a period of one year from July 1, 1908, at an annual rental of five hundred dollars (\$500), payable quarterly, and upon the same terms and conditions as contained in the existing lease; lessors, George F. Halstead and John M. Halstead; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises at No. 6 North Fairview avenue, Rockaway Beach, Borough of Queens, for use of the Department of Water Supply, Gas and Electricity:

October 29, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioner of the Department of Water Supply, Gas and Electricity in a communication under date of June 17, 1908, makes application for the renewal of the lease of the portion of the building No. 6 North Fairview avenue, Rockaway Beach, Borough of Queens, used as a photometric station, for a period of one year from July 1, 1908, at an annual rental of \$300, payable quarterly; lessor, Thomas Keenan.

The rent being the same as heretofore paid, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the portion of the building No. 6 North Fairview avenue, Rockaway Beach, Borough of Queens, for a period of one year from July 1, 1908, at an annual rental of \$300, payable quarterly, and upon the same terms and conditions as contained in the existing lease; lessor, James Keenan.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the portion of the building occupied by the Department of Water Supply, Gas and Electricity, at No. 6 North Fairview avenue, Rockaway Beach, Borough of Queens, for a period of one year from July 1, 1908, at an annual rental of three hundred dollars (\$300), payable quarterly, and upon the same terms and conditions as contained in the existing lease; lessor, James Keenan; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an amendment to resolution authorizing a renewal of the lease of premises at Nos. 38 and 40 Clinton street, Borough of Brooklyn, for use of the Department of Health. (See page 1106):

October 29, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund at a meeting held September 23, 1908, authorized you to execute a renewal of the lease to the City of premises Nos. 38 and 40 Clinton street, Borough of Brooklyn, for the use of the Department of Health, for one year from January 1, 1909, with the privilege of renewal for an additional year; lessor, Edwin Packard.

Mr. Packard now requests that any renewal of this lease after January 1, 1910, be upon notice to him, to be given prior to October 2, 1909, otherwise, he states, he might have this property on his hands without being able to secure a new tenant in time. I believe his point is well taken and respectfully recommend that the resolution adopted by the Commissioners of the Sinking Fund on September 23, 1908, be amended by inserting after the words "with the privilege of renewal for an additional year," the words "upon notice to be given prior to October 2, 1909."

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the resolution adopted by this Board, at meeting held September 23, 1908, authorizing a renewal of the lease to the City, of premises known as Nos. 38 and 40 Clinton street, Borough of Brooklyn, for use of the Department of Health, for a period of one year from January 1, 1909, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of four thousand dollars (\$4,000), payable quarterly, and upon the same terms and conditions as contained in the existing lease—lessor, Edwin Packard—be and the same is hereby amended by inserting after the words "with the privilege of renewal for an additional year," the words "upon notice to be given prior to October 2, 1909."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Trustees of Bellevue and Allied Hospitals, relative to a lease of premises at No. 102 West One Hundred and Thirty-eighth street, Borough of Manhattan:

October 8, 1908.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund, Room 12, Stewart Building, New York City:

DEAR SIR—The Board of Trustees of Bellevue and Allied Hospitals begs to apply to the Commissioners of the Sinking Fund for the rental of a furnished room at No. 102 West One Hundred and Thirty-eighth street, two flights up, for the use of two additional Nurses whose services are required to properly care for the patients in Harlem Hospital. A room can be had from Mrs. Homer Jenson at the address given above for \$2 a week, payable weekly. The room will be required for about four months, after that time we can accommodate the Nurses in the new Nurses' home. There is no possibility of accommodating them in any of the buildings of the Department at the present time, and as their services are urgently needed the Trustees hope you will act upon this request at an early date. It is suggested that the agreement be made not for any fixed time so that the room may be given up earlier should the building for the Nurses be completed earlier than is expected at the present time. In other words, if the room may be used from week to week until it is no longer needed, the arrangement will be satisfactory to both parties concerned.

Yours very truly,

J. K. PAULDING,

Secretary, Board of Trustees.

In connection therewith the Comptroller presented the following report and offered the following resolution:

October 29, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Mr. J. K. Paulding, Secretary of the Board of Trustees of Bellevue and Allied Hospitals, in a communication to the Commissioners of the Sinking Fund

under date of October 8, 1908, states that the Trustees request the Commissioners of the Sinking Fund to authorize the renting of a furnished bedroom at No. 102 West One Hundred and Thirty-eighth street, two flights up, for use as a sleeping room for two additional Nurses, whose services are required to properly care for the patients in the Harlem Hospital, there being at present no room for these Nurses in any of the buildings of the Department until the completion of the new Nurses' home now under construction, the rent to be at the rate of \$4 a week; lessor, Mrs. Homer E. Jennison. He states further that the room will be required for a period of about four months, and asks that the term of renting shall be from the date of occupation week to week, but not to extend beyond the four months.

I find upon examination that this is a comfortably furnished bedroom in the third floor flat, south, in the five-story and basement apartment house No. 102 West One Hundred and Thirty-eighth street. The room is not yet occupied by the Nurses.

The rent asked, \$4 a week, is reasonable. I would, therefore, respectfully recommend that the Commissioners of the Sinking Fund approve of the renting of the furnished rear bedroom, 8 by 12 feet, on the third floor, south, of the apartment No. 102 West One Hundred and Thirty-eighth street, from Mrs. Homer E. Jennison, at the rate of \$4 a week, payable monthly, Mrs. Jennison having consented to monthly instead of weekly payments; the term of said rental to be from the date of occupancy and to cease as soon as vacated, but not to exceed four months, and that the Comptroller be authorized to pay the rent without the necessity of entering into a lease.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring by the Trustees of Bellevue and Allied Hospitals, of a furnished rear bedroom, 8 feet by 12 feet, on the third floor, south, of the apartment No. 102 West One Hundred and Thirty-eighth street, Borough of Manhattan, at a rental of four dollars (\$4) a week, payable monthly; the term of said rental to commence from the date of occupancy and to cease as soon as vacated, and not to exceed four months, and the Comptroller be and is hereby authorized to pay said rental to Mrs. Homer E. Jennison, without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a lease of accommodations for the mounted drills of the Second Company Signal Corps, N. G., N. Y., in the Bedford Riding Academy, corner of Bedford and Atlantic avenues, in the Borough of Brooklyn:

October 20, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Mr. Harrie Davis, Secretary of the Armory Board, in a communication addressed to the Commissioners of the Sinking Fund under date of October 20, 1908, states that the Armory Board at a meeting held October 16, 1908, adopted the following resolution:

"Resolved, That the Comptroller be requested to execute a lease to the City from George H. Willers, of accommodations for the mounted drills of the Second Company Signal Corps, N. G., N. Y., in the premises known as the Bedford Riding Academy, situated at the corner of Bedford and Atlantic avenues, in the Borough of Brooklyn; said accommodations to include the use of the riding ring for two entire evenings each week, suitable locker rooms, toilet accommodations, heat, light, repairs, alterations, and the storage of one escort wagon and one wire reel cart, for a period of one year from November 1, 1908, with the privilege of renewal yearly for three years, upon the same terms and conditions, at a rental of \$1,250 per annum, payable quarterly, and that the Commissioners of the Sinking Fund be requested to concur therein."

Upon examination by a representative of this Bureau, it was found that this lease was to cover the use of the riding ring by the Second Company Signal Corps, N. G., N. Y., for two entire evenings each week, a locker room for the men, 20 feet by 35 feet, furnished with sufficient lockers; an officers' room, 15 feet by 35 feet, furnished, and sufficient locker accommodations for the officers in the general locker room; a saddle room, 10 feet by 15 feet; shower baths and toilets; storage room for one escort wagon and one wire reel cart; with heat, light, repairs and alterations. The lease to be for a period of one year from November 1, 1908, with the privilege of renewal yearly for three years upon the same terms and conditions, at a rental of \$1,250 a year, payable quarterly.

After an investigation by this Bureau I learn that it was the expectation of Mr. George H. Willers, the owner, to hire his horses to members of the troop, as is done in the case of the First Company in the Central Park Riding Academy, thus bringing in a much larger income from that source than from the lease. Under these conditions it was decided that \$1,000 a year was the fullest value that should be paid by the City on this lease. The representatives of this Bureau thereupon had a conference with Mr. Willers, and the latter agreed to make the rent \$1,000 a year instead of \$1,250, the other conditions to remain the same as expressed in the resolution, as will be seen by his memorandum on the bottom of the letter herewith. This rent of \$1,000 a year being, in my opinion, fair and reasonable, I would respectfully recommend that the Commissioners of the Sinking Fund authorize the execution of a lease to the City of accommodations for the Mounted Drills of the Second Company Signal Corps, N. G., N. Y., in the premises known as the Bedford Riding Academy, situated at the northeast corner of Bedford and Atlantic avenues, Borough of Brooklyn, said accommodations to include the use of the riding ring for two entire evenings each week; suitable locker rooms, toilet accommodations, heat, light, repairs and alterations; the storage of one escort wagon and one wire reel cart, for a period of one year from November 1, 1908, with the privilege of renewal yearly for three years thereafter, upon the same terms and conditions at a rental of \$1,000 a year, payable quarterly. Lessor, George H. Willers.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from George H. Willers, of accommodations for mounted drills of the Second Company Signal Corps, N. G., N. Y., of the premises known as the Bedford Riding Academy, situated at the northeasterly corner of Bedford and Atlantic avenues, Borough of Brooklyn; said accommodations to include the use of the riding ring for two entire evenings each week; suitable locker rooms, toilet accommodations, heat, light, repairs and alterations; the storage of one escort wagon and one wire reel cart, for a period of one year from November 1, 1908, with the privilege of renewal yearly for three years thereafter, upon the same terms and conditions, at a rental of one thousand dollars per annum, payable quarterly; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an application of the New York Telephone Company, to place a telephone cable on the premises No. 128 Prince street and No. 123 Wooster street, Borough of Manhattan:

October 30, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The New York Telephone Company in a communication under date of October 27, 1908, requests permission of the Commissioners of the Sinking Fund to

place a small lead encased telephone cable on the premises No. 128 Prince street and No. 123 Wooster street, which is at the corner of Prince and Wooster streets.

This property was acquired by The City of New York January 6, 1817; was first used by the Police Department, and turned over by the Police Department to the Commissioners of the Sinking Fund and accepted by them, as shown by the minutes of the Sinking Fund January 13, 1894.

The property is now used for court purposes, and I assume that the request of the Superintendent of the telephone company is for the purpose of making telephone connections for the court. No proposition has been presented by the Superintendent to pay for the use of this privilege, and to grant permission without compensation might in the future be a cloud on the City's title in case the City should dispose of the property. I therefore respectfully recommend that the request of the New York Telephone Company be denied.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the application of the New York Telephone Company, for permission to place a small lead encased telephone cable on the premises No. 128 Prince and No. 123 Wooster street, in the Borough of Manhattan, be and the same is hereby denied.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to the action of the Armory Board, in accepting bid of C. L. Dooley, in the sum of \$4,646, for furnishing and installing alterations and improvements, etc., in the Sixty-ninth Regiment Armory, Borough of Manhattan:

October 23, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board held October 16, 1908, the following was adopted:

"Resolved, That the bid of C. L. Dooley, No. 5 Beckman street, Borough of Manhattan, in the sum of \$4,646 for furnishing and installing alterations, improvements, etc., in the Sixty-ninth Regiment Armory, in the Borough of Manhattan, be accepted, being the lowest formal bid received for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence, and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the Comptroller requested to return the deposits received from the unsuccessful bidders."

I would report: On October 16, 1908, the Armory Board received and opened the following bids for furnishing and installing alterations, improvements, etc., in the Sixty-ninth Regiment Armory, Borough of Manhattan:

Jurat and Feigenbaum	\$8,340 00
J. & L. Moreland Company	5,695 00
Joseph Ohlhausen	5,670 00
Inter-City Contracting Company	5,653 00
P. J. Byrnes	5,600 00
Madison Building Company	5,400 00
J. K. French	5,268 00
J. M. Knapp	5,180 00
S. F. Fox Construction Company	4,995 00
Neptune H. Smyth	4,971 00
William Horne Company	4,070 00
C. L. Dooley	4,646 00

The bid, \$4,646, of C. L. Dooley for this work being the lowest formal bid received, I think, the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board.

Respectfully,

W. H. ROBERTS,

Assistant Engineer in Charge of Bureau

Approved:

H. A. Metz, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution, adopted by the Armory Board, at meeting held October 16, 1908:

"Resolved, That the bid of C. L. Dooley, No. 5 Beckman street, Borough of Manhattan, in the sum of four thousand six hundred and forty-six dollars, for furnishing and installing alterations, improvements, etc., in the Sixty-ninth Regiment Armory, in the Borough of Manhattan, be accepted, being the lowest formal bid received for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence, and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the Comptroller requested to return the deposits received from the unsuccessful bidders."

The report was accepted and the resolution unanimously adopted.

The following was received from the Armory Board approving bill of Messrs. Robinson & Knust, architects, in the sum of \$175.50, for professional services in connection with alterations, etc., Second Company Signal Corps armory, Borough of Brooklyn:

The Comptroller presented the following report and offered the following resolutions, relative to a sale of buildings on property acquired for public purposes:

October 26, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Pursuant to section 1553 of the Revised Charter, the authority to sell buildings situated upon land owned by The City of New York is vested in the Commissioners of the Sinking Fund.

This office is in receipt of several communications requesting the sale of buildings situated upon City property, to wit:

First—Request from the President of the Borough of The Bronx to sell buildings lying within the lines of Barry street, from Leggett avenue to Longwood avenue, in the Twenty-third Ward, in the Borough of The Bronx.

Second—Request from the President of the Board of Education to sell buildings on the school site located on the westerly side of Hamilton place, between West One Hundred and Fortieth street and West One Hundred and Forty-first street, in the Borough of Manhattan.

I would therefore respectfully request that two resolutions for the sale of the said buildings be adopted by the Commissioners of the Sinking Fund, and resolutions are herewith transmitted.

Respectfully submitted for approval.

JOHN M. GRAY, Collector of City Revenue.

Approved:

H. A. METZ, Comptroller.

Whereas, The President of the Borough of The Bronx has requested the sale of all buildings, parts of buildings, etc., now standing upon property owned by The City of New York, located in the Borough of The Bronx, acquired by it for street opening purposes, said buildings being situated upon land more particularly described as follows:

Being all those buildings, parts of buildings, etc., situated upon the land lying within the lines of Barry street, from Leggett avenue to Longwood avenue, in the Twenty-third Ward, in the Borough of The Bronx, and which are more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale, at public auction, at the highest marketable prices, of all the buildings, parts of buildings, etc., upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the

amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars, of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them, or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall painted and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Whereas, The President of the Board of Education has requested the sale of all buildings, parts of buildings, etc., now standing upon property owned by The City of New York, located in the Borough of Manhattan, acquired by it for school purposes, said buildings being situated upon land more particularly described as follows:

Being all those buildings, parts of buildings, etc., now remaining on all that certain plot of ground located on the westerly side of Hamilton place, between West One Hundred and Fortieth street and West One Hundred and Forty-first street, and extending westerly along the northerly side of West One Hundred and Fortieth street 14 feet 6 inches and along the southerly side of West One Hundred and Forty-first street 219 feet 3 1/2 inches; the westerly line of the plot being 109 feet 10 inches, running from West One Hundred and Fortieth street to West One Hundred and Forty-first street, and which are more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction, at the highest marketable prices, of all the buildings, parts of buildings, etc., upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of

Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I present herewith for your approval and adoption a resolution fixing the rates of interest on all bonds and stock of The City of New York, except Revenue Bonds, which may hereafter be issued.

Respectfully,

H. A. METZ, Comptroller.

Resolved, That, pursuant to the provisions of chapter 430 of the Laws of 1907 of the State of New York, this Board hereby fixes four per cent. per annum as the rate of interest to be paid on all bonds and stock of The City of New York which shall hereafter be issued to the public, except Revenue Bonds, and three per cent. per annum as the interest to be paid on all bonds or stock of The City of New York hereafter issued to the Commissioners of the Sinking Fund of The City of New York, except bonds or stock issued for the construction of the Rapid Transit Railroad, the rate of interest on which is hereby fixed at four per cent. per annum.

Which resolution was unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a tract of land on the water-front, between Nott and Vernon avenues, Borough of Queens, acquired by the City for a Municipal Lighting Plant:

October 30, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The City of New York is the owner of a large tract of land on the water-front of the East River, bounded on the southerly side by Nott avenue, on the westerly side by Vernon avenue, on the easterly side by the East River; and also two smaller parcels of land on the southerly side of Nott avenue, one 425.9 feet by 100 feet at the southeast corner of Nott avenue and West avenue, and the other 25 feet by 100 feet on the southwest corner of Nott and West avenues.

The President of the Borough of Queens in a communication dated October 26, 1908, requests the Commissioners of the Sinking Fund to assign to him the parcel marked "A" on the diagram hereto attached, which is the plot of ground on the southeast corner of Nott and West avenues, being 425.9 feet by 100 feet, extending through to Division street. He states that if this were assigned to him the new yard will be large enough to permit of the erection of a large shed, in which all the road machinery and sprinkling wagons can be placed in the fall, and where a blacksmith shop and a paint shop could be located, so that department machines, trucks and wagons are stored, they can be properly repaired and painted preparatory to being put in use in the spring.

The City of New York acquired this property for a municipal lighting plant, and as I assume it is not the intention of the City to establish this plant, it seems to me that something should be done with the property, instead of allowing it to lie idle. If the City cannot utilize it, it should be sold.

The method of procedure to be adopted, I assume, would be that the committee appointed in regard to this matter of municipal lighting plant will have to turn the same over to the Commissioners of the Sinking Fund as being no longer required for their purposes, after which the Commissioners of the Sinking Fund may assign the properties in question.

I am of the opinion that the first thing to do would be to see whether the Commissioner of Docks could utilize the dock property at the foot of Nott avenue, and how much of the same he would require, and that he furnish a map of just the property he will need for the purpose of establishing a public dock, which, owing to the erection

of manufacturing building in this vicinity, seems to me to be necessary; after which the remaining part can either be assigned for other departmental purposes, or, if not so required, can be sold.

I would therefore respectfully recommend that the matter be referred to the Commissioner of the Department of Docks for the preparation of plans as to his dock necessities, and that when the same is returned to the Commissioners of the Sinking Fund and the property has been turned over to them by the Municipal Lighting Plant Committee, that the proper assignments be made to the Dock Commissioner and to the President of the Borough of Queens for departmental uses.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Which was referred to the Commissioner of Docks, as recommended in the report.

The Comptroller presented the following report relative to property between Ninetieth and Ninety-first streets, Avenue A and the river, Borough of Manhattan, acquired by the City for a Municipal lighting plant:

Hon. HERMAN A. METZ, Comptroller:

October 28, 1908.

Sir—The City of New York acquired as a municipal lighting plant premises extending from Avenue A to the outside pier line, between Ninetieth and Ninety-first streets. No action has been taken by the City authorities for the purpose of establishing this plant, and I assume that no action will be taken.

Application has been made several times by various Departments for sites in this vicinity. In the first place, the Department of Water Supply, Gas and Electricity has asked for a site for a high pressure pumping station, and as they needed only a small part of the property, the proposition was rejected by this office, on the ground that it would spoil the entire site by using a small part thereof.

The Commissioner of the Fire Department, in a communication dated October 22, 1908, states that there is great need of a fire company in the congested section of the city east of Second Avenue and north of Ninetieth street, and, pending the selection of a suitable site and the erection of a building thereon, he requests that a building be rented for temporary use. Transmitted with his communication is a copy of a letter sent to the Fire Department by Adam Happel, who states that he will lease the premises on the northwest corner of First Avenue and Ninety-third street on a two, three or five year basis on a rental approximating for two years \$2,000, for three years \$6,000 and for five years \$5,270.

Without going into the merits of whether this amount is reasonable and just, it seems to me that the time has come when the City should utilize this vacant property acquired for the Municipal lighting plant.

I would therefore respectfully recommend that the matter be laid before the Commissioners of the Sinking Fund and that a resolution be adopted requesting the Commissioner of the Department of Docks and the Commissioner of the Department of Water Supply, Gas and Electricity, and the Commissioner of the Fire Department to get together for the purpose of apportioning this property. The Commissioner of the Department of Docks, for the purpose of constructing a public dock, if necessary, at this point. After the Commissioner of the Department of Docks has formulated his plan as to what is desired by the Dock Department, the Commissioner of the Department of Water Supply, Gas and Electricity will select the portion of the premises which would be suitable for his use as a site for a high pressure pumping station, and the Commissioner of the Fire Department will select a portion of the balance of the property, presumably a lot extending through from street to street, so as to permit the Commissioners of the Sinking Fund to assign the remaining portion not taken for other departmental purposes. A diagram is hereto attached of the entire property in question.

The Dock Department will not need any property west of the westerly line of the marginal street.

Sufficient property will remain for the Department of Water Supply, Gas and Electricity to erect its plant, beginning on the westerly side of the marginal street and extending toward Avenue A. They would not require a plot of ground over 200 feet by 200 feet, and that would leave a very large space for other purposes besides the Fire Department.

The Fire Department lease requested to be made upon a 5 per cent. basis is equivalent to an expenditure of \$200,000 on the three-year basis, and if the three Departments can get together immediately and the assignment can be made by the Commissioners of the Sinking Fund sometime in November, there is no reason why the Fire Department should not immediately begin to construct its building on the land allotted to them and thus do away with this rented property.

If, on the other hand, the Commissioner of the Department of Docks states that he has no use for the property and that it is not available for any purpose of his Department, I see no reason why the Commissioners of the Sinking Fund should assign to the other Departments a piece of the property in question and thus injure the whole proposition. If the City does not intend to use it, it had better dispose of it at the proper time at public auction to the highest bidder.

I would respectfully request that the matter be printed in the minutes of the Commissioners of the Sinking Fund before reference to the different Departments.

The letters enclosed are requests from the Fire Department and from the Department of Water Supply, Gas and Electricity. The Water Supply Department's communication relates directly to this property, and the communication of the Fire Department relates to property in the vicinity.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Which was ordered printed in the minutes and a copy of the report transmitted to the departments interested.

Bureau of Public Buildings and Offices.

During the quarter ending June 30, 1908, various minor repairs have been made to the buildings under the jurisdiction of the Superintendent of Public Buildings and Offices, the most noticeable being the relaying of the tile floor in the County Clerk's office, Jamaica; placing new shingles on the building in the rear of the County building, Jamaica, which is occupied by the Janitor; painting the hallways in the Town Hall, Jamaica, also drinking fountain and lamp-posts; painting the interior of the Queens County Jail and general repair, and painting interior and exterior where necessary. Office furniture and fixtures have been provided upon requisitions from the different Departments and Bureaus, Janitor's supplies furnished and the grounds around public buildings have been placed in fine condition, shrubbery, flowers, etc. The buildings and offices have been regularly cleaned.

Respectfully submitted,

ALFRED DENTON,

Commissioner of Public Works, Borough of Queens.

Approved:

Lawrence Grosser, President of the Borough of Queens.

Which were ordered transmitted to the Comptroller.

The Secretary presented the following minutes of a meeting of the Committee on Armories for Manhattan and The Bronx, and Brooklyn and Queens:

New York, October 13, 1908.

The Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Armory Board:

Sir—The Committee on Armories for Manhattan and The Bronx, and Brooklyn and Queens, report the consideration of the following matters at a meeting held this day at 2 o'clock p. m., at the office of the Comptroller:

Requisition of A. W. J. Pohl, Captain, commanding Second Company Signal Corps, N. G., N. Y., for suitable riding ring, locker accommodation, etc., for the mounted drills of his organization.

Your Committee report that the same is necessary and recommend that the Comptroller be requested to execute a lease with George H. Willers, for the use of the Bedford Riding Academy Ring, with suitable locker room, etc., for two evenings each week, for the sum of \$1,250 per annum, with the privilege of renewal yearly for three years upon the same terms and conditions.

The Mayor offered the following:

Resolved, That the Comptroller be requested to execute a lease to the City from George H. Willers, of accommodations for the mounted drills of the Second Company Signal Corps, N. G., N. Y., in the premises known as the Bedford Riding Academy, situated at the corner of Bedford and Arthur avenues, in the Borough of Brooklyn; said accommodations to include the use of the riding ring for two entire evenings each week, suitable locker rooms, toilet accommodations, heat, light, repairs, alterations, and the storage of one overt wagon and one wire reel cart, for a period of one year from November 1, 1908, with the privilege of renewal yearly for three years upon the same terms and conditions, at a rental of \$1,250 per annum, payable quarterly; and that the Commissioners of the Sinking Fund be requested to concur therein.

Which was adopted by the following vote:

Ayes—The Mayor, Brigadier-General George Moore Smith, Brigadier-General John G. Eddy and the President of the Department of Taxes and Assessments.

Communication from Charles C. Haight, Esq., architect, transmitting two sketch plans showing alterations desired by Major Wilson at the proposed new armory building for the Second Battery, to accommodate himself and staff. Which was referred to the Engineer of the Finance Department for report.

In the absence of the Comptroller the matter was laid over.

Communication from Messrs. Walker & Morris, architects, recommending that the heating contract for the new Twenty-second Regiment Engineers' armory be separated from the general contract. Which was referred to the Engineer of the Finance Department for consultation with Messrs. Walker & Morris, and report.

In the absence of the Comptroller the matter was laid over.

Communication from C. F. Lacombe, Esq., Chief Engineer of Light and Power, requesting the Armory Board to install an incandescent mantle emergency system of lighting in the Sixty-ninth Regiment armory.

The Secretary was directed to request Mr. Lacombe to submit a memorandum to the Board, explaining why open flame lights would not answer as well as mantles.

Communication from Colonel William A. Stokes, commanding the Twenty-third Regiment, N. G., N. Y., requesting the Armory Board to abrogate the contract of the Interborough Supply Company for failure to keep their contract for furnishing two new rooms in the armory of his organization within the time stipulated.

Your Committee suggest that the matter be laid over until Friday, the 16th inst., by which time the contractor reports he will be able to show that the work has been completed.

The Secretary reports the receipt of the architect's certificate that the work was fully completed.

The communication was ordered placed on file.

Communication from Charles Werner, architect, recommending that all sheet steel lockers, type S. S., be furnished under the contract of George Stanton (Thirteenth Regiment armory), in place of all steel lockers type, C. S.

Your committee approve of the recommendation of the architect.

The Mayor offered the following resolution:

Resolved, That the specifications for furnishing and installing alterations, etc., in the Thirteenth Regiment armory under the contract of George R. Stanton, be and the same are amended as follows:

To furnish all sheet steel lockers, type S. S., in place of all steel lockers, type C. S., as recommended by the architect. Said change to be made without additional expense to the City.

Which was adopted by the following vote:

Ayes—The Mayor, Brigadier-General George Moore Smith, Brigadier-General John G. Eddy, and the President of the Department of Taxes and Assessments.

Communication from Guidone & Galardi, contractors, requesting the consent of the Armory Board to the assignment by them of \$1,081.72 to the Guidone & Galardi Company (contract for installing a rifle range in the Thirteenth Regiment armory).

Your committee recommend that the consent of the Board be given to such assignment.

The Mayor offered the following:

Resolved, That the consent of the Armory Board be and is hereby given to the assignment by Guidone & Galardi of the sum of \$1,081.72 to the Guidone & Galardi Company of the money to become due under said Guidone & Galardi's contract for installing a rifle range in the Thirteenth Regiment armory, in the Borough of Brooklyn.

Which was adopted by the following vote:

Ayes—The Mayor, Brigadier-General George Moore Smith, Brigadier-General John G. Eddy, and the President of the Department of Taxes and Assessments.

Application of Charles Schneider, contractor, requesting an extension of time on his contract for excavating the site for proposed new armory for the Second Battery, N. G., N. Y. Which was referred to the Comptroller's Engineer for report.

In the absence of the Comptroller the matter was laid over.

The Secretary to whom was referred the bids received at this meeting for alterations, etc., in the Sixty-ninth Regiment armory, reported that twelve bids were received, the lowest being that of C. L. Dooley, in the sum of \$4,646; that the bid is formal and within the appropriation.

The President of the Department of Taxes and Assessments offered the following:

Resolved, That the bid of C. L. Dooley, No. 5 Beekman street, Borough of Manhattan, in the sum of \$4,646, for furnishing and installing alterations, improvements, etc., in the Sixty-ninth Regiment armory, in the Borough of Manhattan, be accepted, being the lowest formal bid received for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence, and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the Comptroller requested to return the deposits received from the unsuccessful bidders.

Which was adopted by the following vote:

Ayes—The Mayor, Brigadier-General George Moore Smith, Brigadier-General John G. Eddy, and the President of the Department of Taxes and Assessments.

A motion to adjourn was adopted.

HARRIE DAVIS, Secretary.

TERMS AND CONDITIONS OF SALE.

All expenses of removing, storing, advertising and selling such trucks, wagons, carts, etc., will be deducted from the purchase price paid, and any remainder of such purchase price over and above said expenses will be held by the Commissioner of Docks, in trust, for the owner or owners thereof for a period of twelve months from the receipt of same, and if not claimed

within said twelve months the Commissioner of Docks will pay such remainder over to the Commissioners of the Sinking Fund.

The purchase price must be paid immediately after the sale. In case of the failure to pay the purchase price the property for which said purchase price is not paid will be immediately resold, and if the price paid on such resale is less than the difference will be charged against the person or persons failing to pay. Upon the payment of the purchase price a receipt will be given to the purchaser, and upon the production of such receipt at the Pound the trucks, wagons, carts, etc., therein described will be delivered to the purchaser.

All property purchased at the sale must be removed from the Pound within five days after the sale or within any extension of time beyond such period which the Commissioner of Docks may grant. In case of failure to remove the same within the time specified, or in case of failure to remove the same within any extended time which may be granted by the Commissioner of Docks, the purchaser will be deemed to have abandoned the property sold to him, and the purchase price paid by him will be forfeited and the property will be resold.

BOARD OF WATER SUPPLY.

TO CONTRACTORS.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, DECEMBER 1, 1908.

For CONTRACT 25 for the construction of the NORTH HALF OF THE WALLKILL PRESSURE TUNNEL, a tunnel in rock crossing under the valley of the Wallkill River, with three shafts 350 feet in depth, and a short stretch of plain concrete conduit known as cut-and-cover aqueduct; and for CONTRACT 27 for the construction of the SOUTH HALF OF THE WALLKILL PRESSURE TUNNEL, with three shafts 350 feet in depth, and a short stretch of plain concrete conduit, known as cut-and-cover aqueduct. The pressure tunnel will be circular, 14 feet inside diameter, and the conduit 14 feet high by 12 feet wide inside. The work is located in the Towns of New Paltz and Gardiner, Ulster County, N. Y.

Bids or proposals are invited for each contract separately and for both contracts combined. Any bidder may make a bid for either contract or for the two contracts combined. A separate form of proposal will be furnished for the purpose of the combined bid.

The Board may reject any or all bids. An approximate statement of the quantities of the various classes of work and further information are given in the Information for Bidders, forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. Two or more bonds, the aggregate amount of which shall be one hundred and fifty thousand dollars (\$150,000) under each contract, will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of the City of New York, to the amount of fifty thousand dollars (\$50,000) for each contract. Only one check for each contract will be required whether bids are submitted for the contracts separately or combined.

Time allowed for the completion of the work under each contract is 42 months from the date of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 512, at the above address, upon application in person or by mail, by depositing the sum of ten dollars (\$10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, NEW YORK, November 12, 1908.

ON MONDAY, NOVEMBER 23, 1908,

at 11 o'clock a. m., the Department of Water Supply, Gas and Electricity will sell at public auction to the highest bidder, by Sam Vorzimmer, Auctioneer, at the Department Pipe Yard, foot of East Twenty-fourth street, Borough of Manhattan:

98 tons, more or less, scrap iron (cast iron).

2,000 pounds, more or less, of brass composition.

6.8 tons, more or less, of wrought iron or steel.

500 pounds, more or less, scrap rubber.

TERMS OF SALE.

The upset prices at which these materials will be sold are \$50 per ton of 2,000 pounds for the cast and wrought iron; eight cents per pound for the brass composition; four cents per pound for scrap rubber. No bid below these prices will be considered or accepted.

Successful bidders must make cash payment in bankable funds at the time and place of sale.

Bids will be received for one or more of the separate descriptions of these materials, but no bid will be considered or accepted for less than the entire quantity in each case.

The purchaser or purchasers must remove all the materials from the Pipe Yard within thirty (30) days after the sale, otherwise he or they will forfeit the money paid at the time of sale and the ownership to the material, which will thereafter be resold for the benefit of the City.

The purchaser must remove the material as directed by the officer of the Department in charge at the Pipe Yard, and will not be allowed to select material for removal at will.

DEPARTMENT OF FINANCE.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

BARTOW STREET—SEWER, between Jackson avenue and Webster avenue. Area of assessment: Both sides of Bartow street, from Jackson avenue to Webster avenue.

THIRTIETH AVENUE—SEWER, from Vandewater avenue to Grand avenue. Area of assessment: Both sides of Thirtieth avenue, from Vandewater avenue to Grand avenue.

FIFTEENTH AVENUE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from Broadway to Newtown road. Area of assessment: Both sides of Fifteenth avenue (Lyster street), from Broadway to Newtown road, and to the extent of half the block at the intersecting streets.

—that the same were confirmed by the Board of Assessors, November 10, 1908, and entered on November 10, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 1019 of this act."

Section 120 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 31 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 3 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments

made thereon on or before January 9, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS, MACHINERY AND APPURTENANCES THEREON, ERECTED UPON PROPERTY OWNED BY THE CITY OF NEW YORK.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, machinery and appurtenances thereto, now standing upon property owned by The City of New York, acquired for the use of the terminal for the Manhattan side of the Brooklyn Bridge, the said buildings being situated in the

Borough of Manhattan.

and being more particularly within the area of the following known property:

All of the buildings situated and now standing upon land within the area of the block bounded by the north side of Chambers street, the southerly side of City Hall place and the southerly and southwesterly side of Duane street, in the Borough of Manhattan, all of which property is situated within Block 120 on the land map of the County of New York.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held February 26, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, NOVEMBER 27, 1908,

at 11 a. m. on the premises, upon the following Terms and Conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a verified check or cash in full of the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but not later than the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing thereon or permitting the occupancy of any such building by any tenant, free, for rent or otherwise, excepting the necessary workmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet above the curb, immediately at that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser of the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The period for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of the possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, except as regards the East River Sayings Bank Building, in which case sixty days will be allowed for removal, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, as hereinafter provided, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All fittings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beams, poles, etc., bricked up, and the wall painted and made to exclude wind and rain and present a

clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. METZ, Comptroller.

These bonds were duly authorized by the Greater New York Charter, as amended, and by the Municipal authorities of The City of New York, and are free and exempt from all taxation.

The interest on all of said Stock and Bonds which may be issued in Coupon form will be paid at the option of the holder thereof, at the office of the Comptroller of The City of New York or at the office of the City's Agent in London, England.

The said stock and bonds are issued in accordance with the provisions of section 10 of article 8 of the Constitution of the State of New York.

The principal of and interest on said stock and bonds are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to resolutions of the Commissioners of the Sinking Fund, adopted June 9th, 1898, and April 18th, 1904.

CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for bonds or stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a trust company or a state bank incorporated and doing business under the laws of the State of New York, or upon a National Bank, Two per cent. of the par value of the bonds or stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit. All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the bonds or stock awarded to him or them at its or their par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury by the persons whose bids are accepted, of the amounts due for the bonds or stock awarded to them respectively, including accrued interest from the date of sale, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of bonds or stock bid for by him at the same rate or proportional price as may be specified in his bid and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the bonds to the bidder offering the highest price for all or none of said bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision, the condition that the bidder will accept only the whole amount of bonds or stock bid for by him, and not any part thereof, cannot be inserted in any bid, except those for "all or none" offered by bidders who have also bid for "all or any part" of the bonds or stock offered for sale.

7. Bonds or stock issued in Coupon form can be converted at any time into Registered Bonds or Stock, and bonds or stock issued in Registered form can be converted at any time into Coupon Bonds or Stock in denominations of \$1,000.

8. The proposals, together with the security deposits, should be enclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope enclosed in another sealed envelope, addressed to the Comptroller of The City of New York. (No special form of proposal is required, therefore no blanks are furnished.)

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL

IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 6.

ONE HUNDRED AND TWENTY-FIRST STREET AND THIRD AVENUE—RESTORING ASPHALT PAVEMENT, at the northwest

corner. Area of assessment: Northwest corner of One Hundred and Twenty-first street and Third avenue, known as Lot No. 25 in Block 1790.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 191 of the Greater New York Charter, that the same was entered on November 2, 1908, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 191 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 191 of this act."

Section 191 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 11, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 3, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THEREON ON CITY REAL ESTATE.

AT THE REQUEST OF THE BRIDGE COMMISSIONERS, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., now standing on property owned by The City of New York, acquired by it for bridge purposes in the

Borough of Manhattan.

Being all those buildings, parts of buildings, etc., situated within the lines of property taken for bridge purposes between Monroe street and the Battery, and more particularly described as being all or part of the buildings known as No. 12 Bayard street, No. 5 Forsyth street, No. 8 Forsyth street, No. 37 Henry street, No. 123 Madison street, No. 132 Madison street, No. 53 Monroe street and No. 69 Monroe street; all of which buildings are more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, NOVEMBER 17, 1908,

at 11 a. m., on the premises, upon the following

Terms and Conditions.

The buildings and appurtenances thereon will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash to half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may

at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs in which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All burials, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-boles, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and insulated and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ,

Comptroller.

All of which machinery is more particularly described upon a specific list now on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

By direction of the Comptroller the sale of the above described machinery and appurtenances thereto will be made, at public auction, under the supervision of the Collector of City Revenue,

MONDAY, NOVEMBER 16, 1908,

at 11 a. m. upon the premises, upon the following

TERMS AND CONDITIONS.

The machinery will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash in full the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but withdrawn at the expiration of the contract period.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said machinery, or any part thereof, within thirty days from the day of the sale will work forfeiture of ownership of such machinery, or portion, as shall then be left, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless the City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them, or any of them, and against and from all damage and costs to which it, they, or any of them, be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bid and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ,

Comptroller.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, desiring it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out West One Hundred and Fifty-seventh street, from Audubon place to Broadway, Borough of Manhattan, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on November 20, 1908, at 10:30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on October 23, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 422 of the Greater New York Charter, as amended, desiring it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out West One Hundred and Fifty-seventh street, from Audubon place to Broadway, in the Borough of Manhattan, City of New York, more particularly described as follows:

The northerly line of West One Hundred and Fifty-seventh street, between Audubon place and Broadway, is to be a straight prolongation of the northerly line of West One Hundred and Fifty-seventh street as at present laid out westerly from Audubon place, the intention being to incorporate in the street system the triangular area bounded by the prolongations of the said northerly line of West One Hundred and Fifty-seventh street, the easterly line of Broadway and the northerly line of Audubon place.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 20th day of November, 1908, at 10:30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of November, 1908.

Dated November 7, 1908.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on October 23, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for a public park at the northwest corner of East One Hundred and Eighty-second street and Bryant avenue, and for the marginal streets forming the northerly and northwesterly boundaries thereof, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the centre line of Boston road where it is intersected by the centre line of East One Hundred and Eighty-second street, and running thence southwesterly along the centre line of Boston road to the intersection with the prolongation of the centre line of East One Hundred and Eighty-second street as laid out easterly from Boston road; thence easterly along the centre line of East One Hundred and Eighty-second street, and the prolongation thereof, to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the northerly line of Boston road as laid out between East One Hundred and Seventy-ninth street and East One Hundred and Eighty-second street, the said distance being measured at right angles to the line of Boston road; thence southwesterly along the said line parallel with Boston road, and the prolongations of the said line, to the intersection with

a line bisecting the angle formed by the intersection of the prolongations of the centre lines of East One Hundred and Seventy-ninth street and East One Hundred and Eighty-second street as laid out between Vase street and Boston road; thence westwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of East One Hundred and Eighty-second street and East One Hundred and Seventy-ninth street as laid out between Daly avenue and Vase street; thence westwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of East One Hundred and Seventy-ninth street and East One Hundred and Eighty-second street as laid out between Honeywell avenue and Daly avenue; thence northwardly along the said line midway between Honeywell avenue and Daly avenue, and the prolongation thereof, to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Honeywell avenue and Daly avenue as laid out northerly from East One Hundred and Seventy-ninth street; thence northwardly along the said bisecting line to the intersection with the centre line of East One Hundred and Eighty-second street; thence easterly along the centre line of East One Hundred and Eighty-second street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 20th day of November, 1908, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 20th day of November, 1908.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on October 23, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Sedgwick avenue, from Jerome avenue to the line between the Twenty-third and Twenty-fourth Wards, at West One Hundred and Sixty-ninth street, where not already acquired, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the easterly bulkhead line of the Harlem River where it is intersected by the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Commerce avenue, as laid out immediately west of and adjacent to Sedgwick avenue, the said distance being measured at right angles to the line of Commerce avenue, and running thence easterly along the said line parallel with Commerce avenue to the intersection with the easterly line of Underhill avenue; thence easterly and at right angles to the line of Underhill avenue to a point distant 100 feet easterly from the easterly line of Aqueduct avenue, the said distance being measured at right angles to the line of Aqueduct avenue; thence southwesterly and always distant 100 feet easterly from and parallel with the easterly line of Aqueduct avenue and the easterly line of Lind avenue, as laid out north of West One Hundred and Sixty-ninth street, and along the prolongation of the latter line to the intersection with a line midway between Graham square and West One Hundred and Sixty-seventh street; thence southwesterly along the said line midway between Graham square and Lind avenue and the prolongation thereof to the intersection with the prolongation of a line midway between Graham square and Lind avenue; thence southwesterly along the said line midway between Graham square and Lind avenue and the prolongation thereof to the intersection with the prolongation of a line midway between West One Hundred and Sixty-seventh street and the prolongation thereof to the intersection with the prolongation of a line midway between Summit avenue and Odeen avenue; thence southwesterly along the said line midway between Summit avenue and Odeen avenue and the prolongations thereof to the intersection with a line always distant 100 feet northerly from and parallel with the northerly line of Sedgwick avenue and Exterior street, the said distance being measured at right angles to the line of Sedgwick avenue and Exterior street; thence southwesterly along the said line parallel with Sedgwick avenue and Exterior street to the intersection with a line distant 100 feet southwesterly from and parallel with the southerly line of Jerome avenue, the said distance being measured at right angles to the line of Jerome avenue; thence southwesterly along the said line parallel with Jerome avenue to the intersection with the easterly bulkhead line of the Harlem River; thence northwardly along the said bulkhead line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 20th day of November, 1908, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Eighty-second street, from Shore road to Narrows avenue, and from Third avenue to Fourth avenue, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the centre line of Boston road where it is intersected by the centre line of East One Hundred and Eighty-second street, and running thence southwesterly along the centre line of Boston road to the intersection with the prolongation of the centre line of East One Hundred and Eighty-second street as laid out easterly from Boston road; thence easterly along the centre line of East One Hundred and Eighty-second street, and the prolongation thereof, to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the northerly line of Boston road as laid out between East One Hundred and Seventy-ninth street and East One Hundred and Eighty-second street, the said distance being measured at right angles to the line of Boston road; thence southwesterly along the said line parallel with Boston road, and the prolongations of the said line, to the intersection with

the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of East Two Hundred and Seventh street, from Woodlawn road to Perry avenue, where not heretofore acquired, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of East Two Hundred and Seventh street, the said distance being measured at right angles to the line of East Two Hundred and Seventh street, and by the prolongations of the said line; on the east by a line distant 100 feet easterly from and parallel with the easterly line of Perry avenue, the said distance being measured at right angles to the line of Perry avenue; on the south by a line midway between East Two Hundred and Sixth street and East Two Hundred and Seventh street and by the prolongations of the said line; and on the west by a line distant 100 feet westerly from and parallel with the westerly line of Woodlawn road, the said distance being measured at right angles to the line of Woodlawn road.

(Excepting, however, from the above described area so much of it as is exempt from assessment under the provisions of section 902 of the Charter.)

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 20th day of November, 1908, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held October 23, 1908, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of the Metropolitan Street Railway Company respectfully shows:

First—Your petitioner is a street surface railroad corporation organized under the laws of

the State of New York by the filing of Articles of Consolidation with other street surface railroad corporations in the office of the Secretary of State on or about the 12th day of November, 1897.

Second—Since the date of its consolidation it has been the owner and lessee of a large number of street surface railroads in the Borough of Manhattan, City of New York, including, among others, the electric railroad on Broadway, from South Ferry to Forty-fifth street, and also the electric railroad on Canal street, running from the corner of Broadway and Canal street to Centre street, and along Centre street and Park row to the Post Office.

Third—Your petitioner is also the lessee of the Bleecker Street and Fulton Ferry Railroad Company, which company owns a franchise on Canal street, from Broadway to the Bowery, upon which, as your petitioner is informed and believes, the said Bleecker Street and Fulton Ferry Railroad Company operated a street surface railroad for more than twenty years.

Fourth—Your petitioner proposes to construct a double electric track on Canal street, from Centre street to the Bowery, and to operate such track in connection with the tracks on the Manhattan Bridge, so as to form a continuous line or route from the Brooklyn plaza over the Manhattan Bridge and its approaches and across Canal street, connecting with your petitioner's lines on Centre street, Broadway, West Broadway and Hudson street.

Fifth—Your petitioner proposes to operate said route by the underground system of electricity, similar in all respects to that in use on the other lines of your petitioner's road.

Sixth—For the purpose of constructing and operating the branch or extension to its road over the Manhattan Bridge, your petitioner desires to obtain from your Honorable Board, and hereby applies for, its consent to and the grant of a franchise or right for the construction, maintenance and operation of a double track electric extension or branch of its existing railroad for public use in the conveyance of persons and property for compensation over the Manhattan Bridge and its approaches, from the intersection of Canal street and the Bowery to the Brooklyn plaza.

Wherefore, your petitioner prays that notice of this application and of the time and place when and where the same will be first considered be given, as required by law, and that the grant of a franchise or right be made, in accordance with the provisions of the Greater New York Charter and of the Railroad Law applicable thereto.

Dated New York, October 20, 1908.

METROPOLITAN STREET RAILWAY COMPANY,

By CHARLES E. WARREN, Vice-President,

State of New York, City and County of New York, ss.:

Charles E. Warren, being duly sworn, says that he is Vice-President of the Metropolitan Street Railway Company, the petitioner herein; that he has read the foregoing petition and knows the contents thereof, and that the statements contained therein are true to the knowledge of deponent, except as to those matters which are therein stated on information and belief, and as to such matters he believes it to be true.

Sworn to before me this 20th day of October, 1908.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held September 20, 1907, the following petition was received:

BROOKLYN, September 9, 1907.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Brooklyn City Railroad Company, a street surface railroad corporation, duly organized and existing under the laws of the State of New York, owning and operating a double-track street surface electric railroad in Flatbush avenue, Willoughby street, Myrtle avenue and Fulton street and other streets in the Borough of Brooklyn, hereby makes application to your Honorable Board for the grant of a franchise to construct, maintain and operate a double-track street surface railroad, with the necessary poles, wires, conduits, turnouts, crossovers, switches, sidings and equipment, for the purpose of conveying persons and property upon the following route in the Borough of Brooklyn, State and City of New York:

Commencing at the intersection of Fulton street and Flatbush avenue; thence northerly along and through the center of Flatbush avenue (known as the recent extension of Flatbush avenue from Fulton street) to a point at or about Nassau street, where said extension terminates, and the plaza to be used in connection with the new Manhattan Bridge begins, together with the right to connect the aforesaid tracks with the existing tracks of the Brooklyn City Railroad Company on Flatbush avenue, Fulton street, Willoughby street and Myrtle avenue. And it submits herewith a plan showing the location of said tracks and the connection of the same with its present street surface railroad in the Borough of Brooklyn, so as to permit the operation of street surface railroad cars for the conveyance of persons and property over the Manhattan Bridge.

Respectfully submitted,

THE BROOKLYN CITY RAILROAD COMPANY.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held September 18, 1908, the following petition was received:

To the Honorable the Board of Estimate and Apportionment:

The petition of the Third Avenue Railroad Company respectfully shows, on information and belief, as follows:

First—That your petitioner is a street surface railroad company, organized and existing under the laws of the State of New York, having filed its articles of incorporation in the office of the Secretary of State on the 8th day of October, 1875, and for many years has owned and operated a double-track street surface railroad for the carriage of passengers in the Borough of Manhattan, City of New York, from the City Hall in said City, along Park Row, Bowery and Third Avenue to the Harlem River, along One Hundred and Twenty-fifth Street and Manhattan Street, from East River to North River, and from One Hundred and Twenty-fifth Street along Amsterdam Avenue to the northerly terminus thereof at Fort George, at or near the intersection of Fort George Avenue, using the underground system of electrical traction as motive power.

Second—That The City of New York is now constructing two bridges and approaches in said City, the first known as the Manhattan Bridge, which extends from the Bowery at or near Canal Street, in Manhattan Borough, along a viaduct

approach in said Borough to and across the East River by bridge, and thence along a viaduct or approach to Sands Street, in the Borough of Brooklyn; the second known as the Blackwell Island Bridge, which extends from Fifty-ninth Street and Second Avenue, in the Borough of Manhattan, along a viaduct approach in said Borough to and across the East River and Blackwell Island by bridge, and thence along a viaduct or approach in the Borough of Queens to Jackson Avenue, Long Island City. Each of said bridges is to be constructed for the operation of street surface cars, by an underground current of electricity, with appropriate terminals.

Third—That your petitioner, for the convenience of public travel, proposes to extend its railroad to and upon each of said bridges and the approaches thereto by the construction and operation of separate branches or extensions, by an underground current of electricity, upon the following-described routes:

(A) Beginning at the double-track road on the Bowery, at or near Canal Street, in the Borough of Manhattan, owned by the petitioner and connecting therewith, running thence westerly with double tracks in, upon and along the westerly approach to said bridge in the Borough of Manhattan; thence upon, over, across and along said Manhattan Bridge; and thence in, upon and along the easterly approach to said bridge in the Borough of Brooklyn to the terminal plaza, at or near Sands Street, in said Borough. The total length thereof is sixty-five hundred feet.

(B) Beginning at the double-track road on Third Avenue at the intersection of Fifty-eighth Street, Borough of Manhattan, owned by the petitioner, and connecting therewith, running thence easterly with a single track in, upon and along Fifty-eighth Street to Second Avenue; thence northerly in, upon and along Second Avenue to a point of connection with the tracks on Blackwell Island Bridge and its approach, at or near Fifty-ninth Street and northerly thereof; thence with double tracks easterly in, upon and along the westerly bridge approach; thence upon, over, across and along said bridge; thence in, upon and along the easterly bridge approach in the Borough of Queens to the terminal at or near Jackson Avenue, in Long Island City, in said Borough. And also beginning at the petitioner's double-track road on Third Avenue, at the intersection of Sixtieth Street, and connecting therewith, running thence easterly with a single track in, upon and along Sixtieth Street to, along and across Second Avenue to a point of connection with the double tracks on said Blackwell Island Bridge and its westerly approach, in this paragraph described. The total length thereof is ninety-six hundred feet.

Fourth—Your petitioner is advised that separate consents of your Honorable Board must be first obtained to permit of the operation in said streets and avenues and over each of said bridges and their approaches, and hereby applies for the consent of the Board of Estimate and Apportionment to, and a grant of, franchises or rights for the maintenance and operation of branches or extensions of its railroad, for public use in the conveyance of persons and property for compensation, upon each of the routes in The City of New York above described.

Wherefore, your petitioner prays that public notice of such application for said consents, franchises or rights, and of the time and place when and where the same will be first considered, be given, as required by law, and that consents, franchises or rights be granted by the Board for the construction, maintenance and operation of each of said branches or extensions, in accordance with the provisions of the Greater New York Charter and of the Railroad Law of the State of New York.

Dated New York, July 28, 1908.

THE THIRD AVENUE RAILROAD COMPANY,

By **E. W. WHITRIDGE, Receiver.**

City and County of New York, ss:

Frederick W. Whitridge, being duly sworn, says he is the Receiver of the railroad properties and premises at the Third Avenue Railroad Company, the petitioner herein, having been appointed such by order of the United States Circuit Court that he has read the foregoing petition and knows the contents thereof, and that the same is true to his knowledge, except as to those matters which are therein stated on information and belief, and that as to such matters he verily believes it to be true.

FREDERICK W. WHITRIDGE,

Sworn to before me this 3d day of August, 1908.

JAMES G. FEELY,

Notary Public, New York County.

And at a meeting held October 16, 1908, the following resolutions were adopted:

Whereas, The foregoing petition from the Third Avenue Railroad Company, dated July 28, 1908, was presented to the Board of Estimate and Apportionment at a meeting held September 18, 1908;

Resolved, That in pursuance of law this Board sets Friday, the 13th day of November, 1908, at 10:30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and he is further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held this day the following proceedings were had:

Whereas, The Coney Island and Brooklyn Railroad Company, in a petition dated June 29, 1908, which was presented to the Board of Estimate and Apportionment at its meeting of June 26, 1908, requests that the resolution adopted by this Board on January 18, 1907, ordering the removal of the tracks of the company from the west side of Coney Island Avenue to the centre thereof be amended as follows:

(a) By permitting the company to place the tracks in a space twenty-four feet in width, in the centre of the street, and include said space by curbing, separating the centre space from the roadway, such space to be laid in grass by the railroad company, and maintained by it.

(b) By reducing the width of the sidewalks from twenty-five feet to fifteen feet, at the expense of the railroad company.

—And Whereas, Said petition was on that date referred to the Chief Engineer of this Board for investigation and report; and

Whereas, A report has this day been received from the Chief Engineer, stating he is informed that a large majority of the property owners are opposed to the plan proposed by the railroad company, and suggesting that a date be set for public hearing on the petition, in order that the abutting property owners may be given an opportunity to appear and be heard; now therefore be

Resolved, That Friday, November 13, 1908, at 10:30 a. m., and Room 16 in the City Hall, Borough of Manhattan, be set as the time and place for the public hearing on the aforesaid petition, when citizens shall be entitled to appear and be heard; and he is further

Resolved, That the Secretary of this Board he and he hereby is directed to cause these resolutions to be published in the City Record for at least ten (10) days prior to the date of the public hearing.

Dated New York, September 18, 1908.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The City of New York, by an ordinance adopted by the Board of Aldermen July 26, 1904, and approved by the Mayor August 2, 1904, granted to the New York, Westchester and Boston Railway Company the right to construct, maintain and operate a four-track railroad upon certain routes, particularly set forth in section 1 of said ordinance, and which ordinance, including all the terms and conditions thereof, as accepted by said company by an instrument in writing, duly filed with the Comptroller of The City of New York on August 13, 1904; and

Whereas, The Board of Estimate and Apportionment, by resolution adopted July 24, 1905, and approved by the Mayor July 21, 1905, consented to certain modifications or alterations in the aforesaid routes; and

Whereas, The said company has petitioned the Board of Estimate and Apportionment, under date of June 18, 1908, for the consent of The City of New York to certain modifications and alterations in said routes, and to certain modifications and alterations in the terms and conditions of the aforesaid ordinance, as is fully set forth in said petition; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 26, 1908, fixing the date for a public hearing thereon as September 18, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Tribune" and the "North Side News," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and such public hearing was on that date continued to September 25, 1908, and was concluded on said day; and

Whereas, The said Board has made inquiry as to the proposed modifications and amendments of said ordinance and has adopted a resolution that the said modifications and amendments are desirable and in the public interest and that the causes stated by said Westchester Company why the conditions contained in said ordinance in regard to the completion of said road cannot be performed prior to the time therein stipulated are, in its opinion, for causes over which the grantee had no control and is in no wise responsible; now therefore it is

Resolved, That the following form of resolution for the consent or right applied for by the New York, Westchester and Boston Railway Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain changes, alterations and amendments in the route of the New York, Westchester and Boston Railway Company, as granted by an ordinance of the Board of Aldermen, approved by the Mayor August 2, 1904, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and that the said Board also consents to certain modifications in the terms and conditions of the said ordinance; such changed, altered or amended route, and such modified terms and conditions being fully set forth and described in the following form of proposed contract for the granting thereof, embodying such terms and conditions as modify or alter said ordinance of the Board of Aldermen, which said ordinance otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York he and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract for Alteration of Route and Modification of Ordinance.

This contract, made the day of 1908, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York, Westchester and Boston Railway Company, a domestic railroad corporation (hereinafter called the Westchester Company), party of the second part, witnesseth:

Whereas, The City of New York, by ordinance approved by the Mayor on August 2, 1904, granted to the New York, Westchester and Boston Railway Company the right to cross certain streets and highways, and the privilege to construct and operate a four-track railroad upon certain routes particularly set forth in section 1 of said ordinance, and as shown on certain maps and profiles therein referred to and filed in the office of the County Clerk of the City and County of New York on the 23d day of June, 1904, or any lawful amendment thereof consented to by the Board of Estimate and Apportionment; and

Whereas, The Board did, on July 14, 1905, adopt a resolution, which was approved by the Mayor on July 21, 1905, consenting to a change in the route of the Westchester Company; and

Whereas, In and by said ordinance and resolution as amended, the consent of the City was granted to the Westchester Company for the construction, maintenance and operation of the said railroad across certain enumerated streets, avenues or highways, either above or below the grade thereof, within said City, upon certain conditions therein fully set forth; and

Whereas, On the seventeenth day of June, 1908, the Board of Directors of said Westchester Company, at a meeting of said Board duly held on said date, and by a vote of two-thirds of all the directors of said company, passed a resolution altering and amending the route of the said company as amended by said consent of 1905, and changing the southern terminal thereof from a point on the Harlem River between Third Avenue and Lincoln Avenue to a point on the Harlem River near the point where Lincoln Avenue intersects the north bank of the Harlem River, and which alterations and amend-

ments and change of terminal are shown upon a certain map, dated June 17, 1908, entitled:

"Survey, Map and Profile of the New York, Westchester and Boston Railway Company for New York County, New York, Section 1, Section 2 and Section 3."

—and signed by the Chief Engineer, President, Secretary and ten directors, which map was filed in the office of the County Clerk of New York County on June 17, 1908; and

Whereas, The said Westchester Company has applied to the Board, as the local authority of The City of New York, by a verified petition, dated June 19, 1908, for the consent of such local authority for such change, alterations and amendments to the route of said railroad, and for the right to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on said amended route, and for the modification of the said ordinance and resolution in accordance therewith; and

Whereas, The said Westchester Company has applied to the Board, as the local authority of The City of New York, by a second verified petition, dated June 17, 1908, for the consent of such local authority to certain other modifications in the ordinance approved by the Mayor August 2, 1904, as amended by the ordinance approved by the Mayor July 21, 1905, to wit:

1. By striking out in section 1 the following words, "except the overhead trolley system."

2. By striking out in section 2, paragraph 15, the following words, "except the overhead trolley system."

3. By striking out the whole of section 2, paragraph 16, and substituting therefor the following: "In any conduits laid by the company, or on any poles erected by the company for the transmission of power for its own use, provision shall be made to carry three cables for the use of the police, fire and ambulance service of the City without charges therefor."

4. By striking out in section 1, paragraph 3, the words, "One thousand (1,000) feet," and substituting therefor the words, "Two thousand five hundred (2,500) feet."

5. By the addition of a clause permitting the construction and maintenance of connections with:

(a) The present subway-elevated system at or near the present station thereof, at West Farms Road.

(b) The projected Southern boulevard and Westchester Avenue subway route at Westchester Avenue, at or near Home Street.

6. By striking out in section 5, paragraph 1, the words, "the intersection of the Southern boulevard and Westchester Avenue," and substituting therefor the words, "One Hundred and Seventy-fourth Street."

7. That the time named in said section 5, paragraph 1, for the completion of a four-track railroad upon the main line, from the northerly line of the City as far south as One Hundred and Seventy-fourth Street, be extended to August 2, 1911.

8. By striking out the whole of section 5, paragraph 4, and substituting therefor the following:

"Any portion of the route covered by this grant which shall not be completed and in full operation prior to the 31st day of August, 1913, shall be deemed to have been abandoned and all rights hereby granted in and to such portions of said railway shall cease and determine, except that south of One Hundred and Seventy-fourth Street, if the railway company shall have constructed less than four tracks within said period, it shall only be deemed to have abandoned its right to construct any additional tracks south of One Hundred and Seventy-fourth Street. And in the event that the said railway company shall not, prior to the 31st day of August, 1913, construct its main line south of One Hundred and Seventy-fourth Street and to the Harlem River, the Board of Estimate and Apportionment, or its successors in office, may fix and finally determine such additional compensation as shall be imposed upon said railway company because of such failure."

—and Whereas, On the 18th day of September, 1908, the Board held a public hearing upon the proposed modifications, at which citizens were entitled to appear and be heard, such hearing being held after due publication; and

Whereas, Said public hearing was continued to the 25th day of September, 1908, and was concluded on said day; and

Whereas, The said Board has made inquiry as to the proposed modifications and amendments of said ordinance and has adopted a resolution that the said modifications and amendments are desirable and in the public interest, and that the causes stated by said Westchester Company why the conditions contained in said ordinance in regard to the completion of said road cannot be performed prior to the time therein stipulated, are, in its opinion, for causes over which the grantee had no control and is in no wise responsible; and

Whereas, On the day of 1908, the Board, as the local authority of The City of New York, adopted a resolution granting to the Westchester Company the right to make such changes, alterations and amendments to the route of said railroad, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and gave its consent to the other modifications in the ordinance approved by the Mayor August 2, 1904, as amended by ordinance approved by the Mayor July 21, 1905, and authorized the Mayor to execute and deliver a contract granting such rights in the name and on behalf of the City, which resolution was approved by the Mayor on the day of 1908;

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Westchester Company, subject to the conditions and provisions hereinafter set forth, the right to make such changes, alterations and amendments to the route of said railroad, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, which amended route is shown upon the map heretofore referred to, and is more particularly described as follows:

Sec. 2. The grant of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said ordinance approved by the Mayor August 2, 1904, and the said resolution of the Board approved by the Mayor July 21, 1905, shall remain unchanged and shall apply to the routes herein authorized with the same force and effect as when they applied to the routes described in said contract, and as though the routes herein authorized had been specifically described in said contract, except as follows:

1. Section 1 of the said ordinance is hereby amended by striking out therefrom the words, "Except the overhead trolley system."

2. The description of the route as hereby amended and described above shall be substituted for the description of the route as contained in the ordinance approved by the Mayor August 2, 1904, and as contained in the resolution of the Board approved by the Mayor July 21, 1905.

3. Section 1, paragraph third, general, of the said ordinance is hereby amended by striking out therefrom the words, "One thousand (1,000)

feet," and substituting therefor the words, "Two thousand five hundred (2,500) feet." The said Westchester Company is hereby permitted to make the following two connections under this section:

Connection With the Present Subway-Operated Route at West Farms Road.

Beginning at a point on the main line of the New York, Westchester and Boston Railway Company at or near Lebanon street; thence running southerly crossing Devoe avenue and One Hundred and Seventy-ninth street at or near their intersection; thence crossing Bronx street at or near its intersection with Walker avenue; thence crossing Walker avenue, between Bronx street and Boston road; thence crossing West Farms road, between Boston road and Rodman place; thence to a connection with the laterborough Rapid Transit Railroad on Boston road, between Bryant and Tremont avenues.

Connection With the Projected Southern Boulevard and Westchester Avenue Subway Route.

Beginning at a point on the main line of the New York, Westchester and Boston Railway Company, between Westchester avenue and One Hundred and Seventy-fourth street, and running southerly and crossing One Hundred and Seventy-second street and Edgewater road; thence to a connection with the proposed Broadway-Lexington avenue subway at or near the intersection of Westchester avenue and Home street, all as shown on a map entitled:

"Survey Map and Profile of the New York, Westchester and Boston Railway Company, for New York County, New York, Section 1, Section 2 and Section 3."

—adopted by the Board of Directors of said company on the 17th day of June, 1908, and signed by Allen Wardell, president; Mace Moulton, chief engineer, and Ralph Polk Buel, secretary, under the seal of the corporation, which map and profile were filed in the office of the County Clerk of the County of New York on the said 17th day of June, 1908, or any lawful amendment thereof which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

4. Section 2, clause fifteenth, of the said ordinance is hereby amended by striking out therefrom the words, "Except the overhead trolley system."

5. Section 2, clause sixteenth, of the said ordinance shall be stricken out and the following substituted therefor:

"In any conduits laid by the company, or on any poles erected by the company for the transmission of power for its own use, provision shall be made to carry three cables for the use of the police, fire and ambulance service of the City without charges therefor."

6. Section 5, paragraph 1, of the said ordinance is hereby amended to read as follows:

"Said railroad company shall commence actual construction within one year from the date of the signing of this ordinance by the Mayor, and shall complete a four-track railroad upon the main line, from the northerly line of the City as far south as East One Hundred and Seventy-fourth street, by the 22d day of August, 1911, otherwise this grant shall cease and determine."

7. Section 5, paragraph 4, of the said ordinance shall be stricken out and the following substituted therefor:

"Any portion of the route covered by this grant which shall not be completed and in full operation prior to the second day of August, 1913, shall be deemed to have been abandoned and all rights hereby granted in and to such portions of said railway shall cease and determine, except that south of One Hundred and Seventy-fourth street, if the railway company shall have constructed less than four tracks within said period, it shall only be deemed to have abandoned its right to construct any additional tracks south of One Hundred and Seventy-fourth street. And in the event that the said railway company shall not, prior to the 22d day of August, 1913, construct its main line south of One Hundred and Seventy-fourth street and to the Harlem River, the Board of Estimate and Apportionment, or its successors in office, may fix and finally determine such additional compensation as shall be imposed upon said railway company because of such failure."

Second—The Westchester Company hereby agrees to assume all liability to any person or company by reason of the execution of this contract by the City, and it is a condition of this contract that the City shall assume no liability whatsoever, either to persons or companies, on account of the same, and the Westchester Company hereby agrees to repay to the City any damage which the City may be compelled to pay by reason of this contract.

Sec. 3. The Westchester Company covenants and agrees to abandon and relinquish and does hereby abandon and relinquish to the City all of its rights and franchises to construct, maintain and operate a railroad in, upon or across the streets on the portions of the route described in the said ordinance approved by the Mayor August 2, 1904, as amended by the ordinance approved by the Mayor July 21, 1905, and which are not covered by the description of the new and amended route as herein described, and which are not shown on the map of the amended route dated June 17, 1908, entitled "Survey map and profile of the New York, Westchester and Boston Railway Company for New York County, New York, Section 1, Section 2 and Section 3," which map was filed in the office of the County Clerk of New York County on June 17, 1908.

Sec. 4. The Westchester Company promises, covenants and agrees, on its part and behalf, to conform to and abide by all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK.

Attest:.....Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed ordinance, and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, are as specified and fully set forth in the said ordinance approved by the Mayor August 2, 1904, as amended by the foregoing form of proposed contract for the consent of such modifications and alterations.

Resolved, That these preambles and resolutions, including said resolution for the consent of The City of New York to the modifications and alterations as applied for by the New York, Westchester and Boston Railway Company, and said form of proposed contract for the grant of

said franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to November 13, 1908, in the City Record, and at least twice during the ten days immediately prior to November 13, 1908, in two daily newspapers to be designated by the Mayor thereof, and published in The City of New York, at the expense of the New York, Westchester and Boston Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the consent of the City to certain modifications and alterations in the routes of the New York, Westchester and Boston Railway Company, as granted by ordinance of the Board of Aldermen, approved by the Mayor August 2, 1904, and amended by resolution of the Board of Estimate and Apportionment, approved by the Mayor July 21, 1905, and for the consent of the City to certain modifications in the terms and conditions of the said ordinance, such modifications and alterations being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, in the City Hall, Borough of Manhattan, City of New York, on November 13, 1908, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the northerly side of TWENTY-FIFTH STREET and the southerly side of TWENTY-FIRST STREET, between Eighth and Ninth avenues, in the Borough of Manhattan, in The City of New York, duly selected as a site for school purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Apportionment in the above entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York, situated at the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Wednesday, November 11, 1908, file their objections, in writing, with us at our office, Room 401, No. 228 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 22d day of November, 1908, at 11 o'clock in the forenoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, November 10, 1908.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SEVENTY-EIGHTH STREET (although not yet named by proper authority), from Cedar avenue to the easterly line of the Putnam Division of the New York Central and Hudson River Railroad, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Apportionment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do pre-

sent their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 1st day of December, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 2d day of December, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 22d day of December, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which taken together, are bounded and described as follows, to wit:

Beginning at a point formed by the intersection of the northerly prolongation of a line parallel to and distant one hundred (100) feet southerly from the southerly line of that portion of West One Hundred and Seventy-seventh street lying between Cedar avenue and Sedgwick avenue with the southerly line of the New York and Putnam Railroad; running thence northerly along said southerly line of the said railway to its intersection with a line parallel to and distant one hundred (100) feet northerly from the northerly line of West One Hundred and Seventy-ninth street; thence southerly along said parallel line to West One Hundred and Seventy-ninth street and its southerly prolongation; thence southerly with a line parallel to and distant one hundred (100) feet southerly from the southerly line of Sedgwick avenue; thence southerly along said last mentioned parallel line to Sedgwick avenue, to its intersection with a line drawn at right angles to the westerly line of Loring place at a point midway between West One Hundred and Seventy-ninth street and Burnside avenue; thence easterly along said line midway between West One Hundred and Seventy-ninth street and Burnside avenue, to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of Andrews avenue; thence southerly along said parallel line to Andrews avenue, to its intersection with a line drawn at right angles to the northerly line of the new Croton Aqueduct at a point midway between Burnside avenue and Tremont avenue; thence northerly along said line midway between Burnside avenue and Tremont avenue to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of Sedgwick avenue; thence southerly along said last mentioned parallel line to Sedgwick avenue to its intersection with the southerly prolongation of a line parallel to and distant one hundred (100) feet southerly from the southerly line of that portion of West One Hundred and Seventy-seventh street lying between Cedar avenue and Sedgwick avenue; thence northerly along said southerly prolongation and parallel line to West One Hundred and Seventy-seventh street, and its northerly prolongation to the point or place of beginning, as such area is shown on our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 22d day of January, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 281 and 282 of the Greater New York Charter, as amended by chapter 678 of the Laws of 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to amending its application heretofore made in the matter of acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of HULL AVENUE, PERRY AVENUE and NORWOOD (Desmar) AVENUE, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III thereof, in the County Court House in the Borough of Manhattan, in The City of New York, on Tuesday, the 17th day of November, 1908, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending and correcting the proceeding entitled "In the matter of the application of The City of New York relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of Hull Avenue, Perry Avenue and Norwood Avenue (Desmar Avenue), between Mosholu Parkway North and Woodlawn, across the lands of the former Jerome Park Branch of the New York and Harlem Railroad, now the property of the New York City Railway Company, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," and the petition and order appointing Commissioners of Estimate and Assessment, by excluding therefrom certain property not required in the above-entitled proceeding, which is bounded and described as follows:

Beginning at a point in the northern line of Perry Avenue as legally opened distant 80.55 feet east of the intersection of said line with the eastern line of Mosholu Parkway North; thence westerly along the northern line of Perry Avenue, as legally opened, 40.70 feet to the eastern line of Jerome Park Railroad; thence southerly along last-mentioned line for 66.85 feet to the southern line of Perry Avenue, as legally opened; thence westerly along said last-mentioned line for 44.35 feet to the western line of Jerome Park Railroad; thence westerly along last-mentioned line for 66.85 feet to the point of beginning.

The land to be excluded from the above-entitled proceeding is shown in Blocks 3313 and 3314, of Section 12 of the land map of The City of New York.

The Board of Estimate and Apportionment on the 8th day of May, 1908, duly fixed and determined the amended area of assessment for benefits in this proceeding as follows:

Bounded on the southwest by the northeasterly side of Moshulu Parkway North as heretofore; on the northeast by the southwesterly side of Woodlawn road as heretofore; on the southeast by a line midway between Norwood avenue and Webster avenue as heretofore; and on the northwest by a line midway between Hull avenue and Perry avenue.

Dated New York, November 6, 1908.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of HEMLOCK STREET, from Jamaica avenue to Atlantic avenue, in the Twenty-sixth Ward, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and supplemental estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 24th day of December, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of December, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and supplemental estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 14th day of December, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situated, lying and being in the Borough of Brooklyn, in the City of New York, which taken together, are bounded and described as follows, viz:

Beginning at a point on the southerly side of Jamaica avenue where the same is intersected by the center line of the block between Hemlock street and Railroad avenue; running thence southerly along the center line of the block between Hemlock street and Railroad avenue to the northerly side of Atlantic avenue; running thence westerly along the northerly side of Atlantic avenue to the center line of the block between Crescent street and Hemlock street; running thence northerly along the center line of the block between Crescent street and Hemlock street to the southerly side of Jamaica avenue; running thence easterly along the southerly side of Jamaica avenue to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in the City of New York, on the 24th day of December, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of our amended and supplemental estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 982 of the Greater New York Charter, as amended by chapter 468 of the Laws of 1906.

Dated Borough of Brooklyn, New York, November 9, 1908.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freshliars in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bid required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application thereto at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
