(The above communication from the Comptroller has been laid over at various meetings of the Board since December 7, 1911.)

City of New York, Department of Finance, Comptroller's Office, December 4, 1911.

To the Honorable the Board of Estimate and Apportionment:

Sirs—Section 246 of the Greater New York Charter, as amended, has recently been construed by the Court of Appeals in the case of *People ex rel. Dady vs. Prendergast*. This section, as construed by the Court of Appeals, places in your Board a broad power, in its discretion, to inquire into, hear and determine any claim against the City which the Comptroller may certify in writing to your Board, as an illegal or invalid claim against the City, but which, notwithstanding, in his judgment, it is equitable and proper for the City to pay, in whole or in part, and upon such inquiry, to determine, by unanimous vote, that the City has received a benefit and is justly and equitably obligated to pay such claim, and thereupon to authorize the Comptroller to pay the claim in such amount as your Board may determine to be just, provided the claimant shall fully release the City upon any such payment, in such form as shall be approved by the Corporation Counsel. The section does not authorize the audit or payment of any claim barred by the Statute of Limitations, nor any claim for services performed under an appointment in violation of any provisions of the Civil Service Law.

Pending the decision mentioned, a large number of illegal or invalid claims, upon which relief has been asked under such section, have been held in abeyance, but must now be disposed of.

It seems to me wise, before certifying more of these claims to your Board for consideration, that a definite policy should be adopted as to the manner in which such claims shall be disposed of.

Such claims may be divided into three general classes. These classes are as follows:

First—Those for work, labor and services, or materials, done and performed or furnished to the City, but done and performed or furnished in violation of the statutes in such cases made and provided.

Second—Services rendered by employees of the City not in violation of any provision of the Civil Service Law, but for which the City is not legally liable, such as a case where an employee has been regularly appointed from a Civil Service list, but where the compensation of such employee has never been fixed pursuant to section 56 of the Charter.

Third—Cases where property has been purchased by the City and old property, such as an automobile, taken in exchange as part payment. This practice, while not authorized by law, obviously has its advantages from a business standpoint.

As to the first class of cases, I do not believe that the claimant should be paid in full and have the same advantage as others doing business with the City who have seen that all provisions of law in connection with their claim and the letting of the work upon which it is based have been complied with. In other words, I believe that a failure to observe the provisions of the statute should be visited by a penalty. It might be said that to pay only the principal of such claims after long delays would penalize the claimant by loss of interest. But the difficulty with that principle would be that different claimants would be penalized in different proportion. I would suggest that as to this class of claims it would be wise for this Board to hold that it would be equitable and proper for the City to pay an amount equal to the outlay of the contractor without profits, but plus interest at 2 per cent. per annum, which is the amount the City earns upon its money on deposit. In other words, a claimant whose claim arose in violation of the provisions of the statute would be penalized by losing his profits, but saved from loss.

As to the second class of cases, I believe that the principal of the claim should be paid in full, but without interest.

As to the third class of cases, it would seem equitable to pay the claimant in full, without interest.

If my views as to the method in which the claims in question should be liquidated meet with the approval of the Board, I would suggest that the Board adopt a resolution expressing such approval, in order that the recommendations of the Comptroller in such matters may represent not merely his views, but the expressed views of your Board as well. There may, of course, arise cases where it would be inequitable, either to the City or to the claimant, to apply the rules I have outlined. The rules, however, are intended for general application, and exceptional cases, should they arise, will receive special consideration and be called to the attention of your Board. Respectfully,

WM. A. PRENDERGAST, Comptroller

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, March 6, 1912.

The Board of Estimate and Apportionment, City of New York:

Gentlemen—On February 29, 1912, the resolution presented by the Comptroller approving the policy recommended by him in his report dated December 4, 1911, as the one to be pursued in the adjustment of claims presented to this Board for consideration under section 246 of the Greater New York Charter, was set for consideration on March 7, 1912. To be sure, section 246 provides a safeguard against the ill-considered adjudication of claims against the City by requiring a unanimous vote of the members of the Board of Estimate and Apportionment. But it seems to me that in adopting a uniform rule for the consideration of such claims you should restrict the claims a little more than is suggested by the Comptroller.

The first class of such claims, those for work, labor and services or materials, done and performed or furnished to the City, but done and performed or furnished in violation of the statutes in such cases made and provided, should not be considered unless it appear affirmatively by affidavit of the petitioner and be found as a fact by the Comptroller in his report to the Board that such work was done and such materials furnished without knowledge on the part of the person performing such work or furnishing such material that such act was in violation of the statutes.

The second class, which provides for services rendered by employees of the City not in violation of any provision of the Civil Service Law, etc., should not be considered unless it appear affirmatively by affidavit of the petitioner and be found as a fact by the Comptroller in his report that such services were rendered in good faith and without knowledge on the part of the employee that such employment was in violation of the statutes.

The third class, where property has been purchased by the City, and old property, such as automobiles, taken in exchange as part payment, should not be considered in the future. The Charter forbids such exchange and if it be deemed advisable from a business point of view to make such exchange, the Charter should be amended. Pending cases might be adjusted if the Board thought wise.

No interest should be paid on any of these claims, as the payment of interest, however small, has a tendency to make the claimant less active in the early presentation of his claim. Yours very truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

The following resolution was offered:

Resolved, That the policy recommended by the Comptroller in his report dated December 4, 1911, as the one to be pursued in the adjustment of claims presented to this Board for consideration under section 246 of the Greater New York Charter, be approved with the following modifications:

First—In the adjustment of claims for work, labor, services or materials done and performed or furnished to the City but not done and performed or furnished in the manner required to create a legal liability on the part of the City, but nevertheless done or performed in good faith as embraced under the contract, the maximum amount to be paid by the City shall be the actual outlay of the contractor without profit and without interest, and that only in the event that the City has received a benefit and derived an advantage which in money value is equal to such sum.

Second—That in no event shall the amount paid exceed the value of the benefit actually derived by the City from the work, labor and services or materials for which the claim is made.

Third—That in the event that the claimant in any such claim has litigated his claim, then and in all such cases the costs of such litigation, if unpaid, together with an amount which shall be a reasonable allowance to the City for the services of its different officials and employees and for its disbursements in the defense of such litigation, shall be deducted from any sum which would otherwise be paid such claimant under the policy hereby adopted.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the President of the Borough of Richmond, suggesting (in view of the approaching preparation of the Corporate Stock Budget and the schedules attached thereto) the rescindment of the resolution adopted October 5, 1911, referring to the Committee on Standardization of Salaries and Grades all requests for increases in salaries submitted with the Budgetary estimates for the year 1912, and deferring action on said requests until the Board shall have before it the report of said Committee, to be submitted not later than May 1, 1912, as said resolution would seem to preclude the possibility of necessary changes in salaries paid from funds other than budgetary if it remained in force.

Which was referred to the Committee on Standardization of Salaries and Grades, consisting of the Comptroller, the President of the Borough of Manhattan and the President of the Borough of Brooklyn, for report in two weeks, March 21, 1912.

The Secretary presented communications as follows:

From the President of the Borough of Richmond, requesting an additional authorization of corporate stock in the sum of \$4,690, for the purpose of building an addition to the County Clerk's office, County of Richmond;

Two (2) from the Public Service Commission, requesting that the resolution adopted September 30, 1910, authorizing the issue of \$15,000 corporate stock, to provide means for reconstructing the easterly end of the mezzanine of the Brooklyn Bridge Station of the Manhattan-Bronx Rapid Transit Railroad, and for constructing an entrance from this station to the Municipal Building be rescinded, and that the Board authorize the issue of \$5,000 corporate stock to provide means for said purpose under modified plans;

From the Public Service Commission, requesting the issue of \$350,000 corporate stock, for the acquisition of real estate and interests therein, etc., for the construction and operation of section 15 of the Lexington Avenue Subway in the Borough of The Bronx;

The Secretary presented the following report of the Comptroller, certifying, pursuant to section 246 of the Charter, claim of the Detroit-Cadillac Motor Company in the sum of \$3,960, for automobile and other supplies furnished by the various City Departments:

(On February 8, 15, 21 and 29, 1912, the above report was laid over one week.)

City of New York, Department of Finance, Comptroller's Office, November 20, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—Under and pursuant to the provisions of section 246 of the Charter, I hereby certify that a claim has been presented by the Detroit-Cadillac Motor Car Company for \$4,292.08, alleged to be due for automobile and other supplies furnished to various City Departments. Four vouchers, each for \$990, were prepared and transmitted to this Department for payment to the Detroit-Cadillac Motor Car Company of the difference of value between four second-hand automobiles, delivered by the City to the claimant Company, and four other new automobiles delivered to the City by that Company. In each case the price allowed for the old machine, together with the cash required for the new machine, exceeded the sum of \$1,000, to which the purchase of supplies without advertisement for bids was limited. The transaction was illegal and invalid, for the reasons that if the head of a Department desired to sell an automobile as old and worn out material he must follow the provisions of section 1533 of the Charter, and sell it at auction, and if he wished to purchase a new car at an expense exceeding \$1,000, without calling for competitive bids, he must obtain the consent by resolution of the Board of Aldermen pursuant to the provisions of section 419 of the Charter. Inasmuch as the amounts allowed for the old machines were equal to and in some cases in excess of their actual value, and the new cars delivered in exchange were fully worth the amounts charged, the City has received a benefit to that extent. In my judgment it is equitable and proper for the City to pay the value for which it has received benefit, and the Detroit-Cadillac Motor Car Company should be paid the sum of \$3,960 in full satisfaction of its claim. Respectfully,

WM. A. PRENDERGAST, Comptroller.

City of New York, Department of Finance, Comptroller's Office, November 18, 1911.

In the matter of the application made by the Detroit-Cadillac Motor Car Company for the adjustment by the Board of Estimate and Apportionment, under section 246 of the Charter, of its claim for \$4,292.08, alleged to be due for automobiles and other supplies furnished to various City Departments.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—In a report, dated April 4, 1910, made by me upon this application, in which the facts in the case were fully set forth, it was recommended that the Corporation Counsel be requested to advise you as to whether or not the claim was a proper one for consideration by the Board of Estimate and Apportionment under section 246 of the Charter.

In reply to a request for such advice, a communication, dated April 18, 1910, has been received from Acting Corporation Counsel G. L. Sterling, in which he stated in part: "The heads of the various Departments and Bureaus referred to in your communication have done what a private individual would do under the circumstances, to wit, exchanged old automobiles for new ones on a basis of cash and exchange value. Such transactions would open the door for fraud and jobbery by the heads of Departments and contractors, and the Legislature, in its wisdom, has rightfully prohibited such transactions (sections 419 and 1553 of the Charter; opinion of the Corporation Counsel, dated December 18, 1909), and the claims are 'invalid and illegal.' For the reason stated they are also 'void,' and under the Corporation Counsel's opinion of July 31, 1909, rendered the Mayor of The City of New York, they are not proper to be certified by the Comptroller to the Board of Estimate and Apportionment for payment. The claims 'arise out of a contract which is not void simply as ultra vires, but as a forbidden act, and in such case the statute does not apply.' (See opinion.) It does not follow, however, that the City may retain the fruits of the illegal action of its department heads. Inasmuch as the transaction was void the title to the automobiles did not pass to the City. The claimants may replevy the cars and repudiate the agreement for lack of power on the part of the City authorities, and on tendering to the City the fair value of the old cars taken in exchange by the Company, may recover the cars in question. It follows that if the claimants should file with the Comptroller a claim demanding their cars, the Comptroller, under section 149 of the Charter, could settle such claim, and the basis of that settlement might be the amount of money evidenced by the vouchers in question or any less sum. For the reason stated the claim must be rejected as presented and the claimants be advised to take such action as outlined in this communication."

The claimant has failed to avail itself of the remedy suggested by the Acting Corporation Counsel, and the decision recently rendered by the Court of Appeals in the mandamus proceedings brought by Michael J. Dady points out a way for a simpler method of adjusting this claim. In the opinion of the Court it was held: "It is said that the Legislature has no right by provisions such as those which have been quoted to deprive the City of the benefit of the judgment heretofore rendered in the action at law dismissing plaintiff's claim. It is further urged in substance

that relator's claim is absolutely void because of failure to comply with the statutory provisions with reference to letting and making municipal contracts, and that therefore the Legislature has no right to authorize the City and its officials to disregard these defects in the claim and pay it even if found to be equitable. In a most excellent and well considered opinion in the Appellate Division, Mr. Justice Carr has given the reasons why these views should not prevail. So far as the first one is concerned, he has pointed out that the rule invoked by appellant does not apply to an adjudication dismissing a claim against a municipality for failure to comply with some statutory provisions as distinguished from an adjudication dismissing a claim because of its inherent and substantial invalidity. He has shown, with reference to the second argument, that the attempt to distinguish relator's claim as one which is void rather than invalid and illegal under the statute is not well founded; that the Legislature has ample power in the case of a truly meritorious claim to authorize a municipality or its officers to overlook the failure to comply with statutory provisions relating to the letting of a contract which the Legislature might have refrained from enacting in the first instance; that relator's claim is not unconstitutional and inherently bad, but is affected only by the failure to comply with rules which the Legislature need not have prescribed in the first instance. There is nothing to be added to the opinion which has thus been summarized."

The decision of the Court of Appeals is therefore adverse to the opinion of the Corporation Counsel, in which he advised you that the claim of the Detroit-Cadillac Motor Car Company was void and not proper to be certified by the Comptroller to the Board of Estimate and Apportionment for payment.

It is undoubtedly true that the City has received a benefit in this case, and is justly and equitably obligated to pay to the claimant the value which it has received. The items of this claim are as follows:

July 14	Topographical Bureau, Borough of Brooklyn, 1 Cadillac car, exchange .....	\$990 00
Nov. 30	Topographical Bureau, accessories .....	98 10
July 24	Bird S. Coler, President, Borough of Brooklyn, 1 Cadillac car, exchange .....	990 00
Sept. 30	Department of Water Supply, Gas and Electricity, 1 Cadillac car, exchange .....	990 00
Oct. 31	Police Department, 1 Cadillac car, exchange .....	990 00
	Plus .....	72 08
Nov. 30	Police Department .....	162 00

\$4,292 08"

In a report by Assistant Engineer James W. Reed, dated February 1, 1910, he stated in reference to these items: "As to the first item, \$990, the Cadillac car mentioned was in exchange for a Pope-Toledo car which has been in use about four years. There is no question but that the difference between the full price of the Cadillac car and the value of the Pope-Toledo at the time of exchange was in excess of, rather than under, \$990. The next item, \$98.10, has been paid by the President of the Borough of Brooklyn, and should have no place here. The third item, \$990, covers the balance of an exchange of a fully equipped Cadillac car for a Peerless car which had been in use three years. There can be no doubt, in this instance, that the Cadillac car as delivered was worth considerably more than the Peerless car and the \$990 mentioned. Item No. 4, \$990, covers the amount promised in exchange of a Cadillac car, fully equipped, for a second-hand Corbin car which had been in use two or three years. In this case, as in the others above-mentioned, the City received full value, and there is no doubt that the \$990 is fairly due the Detroit-Cadillac Motor Car Company. Item No. 5, \$990, covers the balance offered in exchange of a Cadillac car for an Oldsmobile which had been in use for three years. In this case, as in those above, the Cadillac car, as delivered, represented, in my opinion, considerably more than the value of the Oldsmobile and the \$990 claimed. The remaining two items are for equipment, one of which has been paid, and there is no reason, so far as I know, why the claim should not be paid directly by the Police Department."

The estimate of the value received by the City made by Mr. Reed is reasonable and just, and the aggregate of \$3,960 should be paid.

It is, therefore, respectfully recommended that the certificate, prescribed in section 246 of the Charter, as a requisite for consideration of this claim by the Board of Estimate and Apportionment, be issued in favor of the Detroit-Cadillac Motor Car Company in the sum of \$3,960. Respectfully,

JOS. L. HANCE, Auditor of Accounts.

Approved: ALBERT E. HADLOCK, Chief of the Division of Law and Adjustment, November 21, 1911.

The following resolution was offered:

Resolved, That, pursuant to section 246 of the Greater New York Charter, the Board of Estimate and Apportionment hereby determines that the City has received a benefit and is justly and equitably obligated to pay to the Detroit-Cadillac Motor Car Company, without interest, the sum of \$3,960, the difference in value between four second-hand automobiles, delivered by the City to the said company, and four other new automobiles delivered to the City by the said company; that the said sum shall be paid in full satisfaction of the claim which it has presented and shall be paid only upon the execution by it of a full release in favor of the City, in such form as shall be approved by the Corporation Counsel, and also of a stipulation for the discontinuance of the action which has been instituted for a recovery of the said amount; and the Comptroller is hereby authorized to pay the said sum of \$3,960, as follows: \$990 thereof from Account No. 523 of 1909, "Police Department, Administration, Apparatus, Machinery, Vehicles, Horses, Equipment, Care and Storage of same"; \$990 thereof from the "Revenue Bond Fund for Claims, Miscellaneous"; \$990 thereof from Account No. 159 of 1909, "Water Supply, Boroughs of Manhattan and The Bronx, Distribution, Maintenance, Croton and Bronx Systems, General Supplies," and \$990 thereof from Account No. 1371 of 1909, "President of Borough of Brooklyn, Maintenance of Highways."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communications from the Presidents of the Boroughs of Manhattan and The Bronx relative to, and report of the Comptroller recommending, the transfer of \$4,000 from Account 1832, within the appropriation made to the President of the Borough of Manhattan for the year 1912, to Account 1886, within the appropriation made to the President of the Borough of The Bronx for the year 1912:

(On February 29, 1912, the above matter was laid over.)

City of New York, Office of the President of the Borough of Manhattan, City Hall, January 13, 1912.

To the Honorable Board of Estimate and Apportionment:

Dear Sirs—In the Budget appropriation for the President of the Borough of Manhattan for 1912, there was included "Code No. 1832, Repairs of cuts in pavements other than stone made by Department of Water Supply, Gas and Electricity, \$30,000."

This item was included in previous years under the Department of Water Supply, Gas and Electricity, entitled, "Restoration of pavements in Manhattan and The Bronx disturbed by this Department."

In transferring the account from the Department of Water Supply, Gas and Electricity the amount should have been divided between Manhattan and The Bronx, but through inadvertence the entire amount was transferred to the Borough of Manhattan. I would, therefore, request that a transfer be made from this code number of \$4,000 to the Budget appropriation of the President of The Bronx, "Code Item 1886, Repairs and Replacements by Contract or Open Market Order."

Attached hereto are letters from Commissioner Thompson, of the Department of Water Supply, Gas and Electricity, and Commissioner of Public Works Whittle, of the Borough of The Bronx, asking that the transfer of this amount be made.

Very truly yours,

GEORGE McANENY, President, Borough of Manhattan.

Department of Water Supply, Gas and Electricity, 13 Park Row, City of New York, January 11, 1912.

Hon. GEORGE McANENY, President, Borough of Manhattan:

Dear Sir—I am just in receipt of a communication from Commissioner Thomas W. Whittle of the Borough of The Bronx, requesting that I again take up with

you the question of the early transfer of \$4,000 to the credit of the appropriations of the Borough of The Bronx, Code Item 1886, Repairs and Replacements by Contract or Open Market Order. This item is included in the \$30,000 which was credited to your appropriations for replacing pavements over openings made by this Department. This Department is constantly making street openings in the Borough of The Bronx, and the Borough President is anxious to have the pavement restored over said openings as promptly as possible. The expense of this work is properly chargeable against the \$4,000 above referred to.

Will you kindly arrange for the early transfer of these funds to the credit of The Bronx Borough President? Yours truly,

HENRY THOMPSON, Commissioner.  
(Copy.)

President of the Borough of The Bronx, 3d Avenue and 177th Street, January 10, 1912.

Hon. GEORGE MCANENY, President, Borough of Manhattan, City of New York:

Dear Sir—I am in receipt of a letter dated the 4th inst., from the Commissioner of the Department of Water Supply, Gas and Electricity, advising that his 1912 Budget includes an item of \$30,000 for the expense of restoring pavements over openings made by his employees in the Boroughs of Manhattan and The Bronx, and that the entire sum has been credited to your appropriation for that purpose. May I ask you to cause the sum of \$4,000, the amount estimated and allowed for the same purpose in this Borough, to be transferred without delay to The Bronx Budget Appropriation, Code Item 1886, Repairs and Replacements by Contract or Open Market Order? Respectfully,

THOMAS W. WHITTLE, Commissioner of Public Works.

City of New York, President of the Borough of The Bronx, Third Avenue and 177th Street, Office of the President, February 14, 1912.

Board of Estimate and Apportionment, No. 277 Broadway, New York City:

Gentlemen—This office has been advised by the Commissioner of Water Supply, Gas and Electricity that he included in the Budgetary estimate of his Department for the year 1912 an item of \$30,000 to cover the expense of restoring pavements over openings made by his employees in the Boroughs of Manhattan and The Bronx, and that the entire amount was inadvertently credited to the appropriation granted the President of the Borough of Manhattan. The amount of money necessary for restoring pavements disturbed by the employees of the Department of Water Supply, Gas and Electricity in this Borough for the year 1912 is \$4,000, estimated as follows:

<i>Repairs and Replacements by Contract or Open Market Order.</i>

In a communication to the Commissioner of Water Supply, Gas and Electricity, under date of January 10 last, the Commissioner of Public Works asked that he request the President of the Borough of Manhattan to apply for the transfer of the whole amount from the appropriations for the Borough of Manhattan to Code Item 1886 (Repairs and Replacements by Contract or Open Market Order) of the Budget appropriations for this Borough. The moneys should be credited to the Code Items in the above statement. Respectfully,

CYRUS C. MILLER, President of the Borough of The Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 6, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 13, 1912, the President of the Borough of Manhattan requested the transfer of \$4,000 appropriated to his office for the year 1912 to the office of the President of the Borough of The Bronx. In connection therewith I report as follows:

The proposed transfer is from "Repairs and Replacements by Contract or Open Order, No. 1832, repairs of cuts in pavements other than stone made by the Department of Water Supply, Gas and Electricity." The appropriation, in former years, was made to the Department of Water Supply, Gas and Electricity under the title, "Restoration of Pavements in Manhattan and The Bronx Disturbed by This Department."

The appropriation was requested and originally allowed in the tentative Budget for 1912 in the Department of Water Supply, Gas and Electricity.

The Budget Committee directed that the 1912 appropriation for the purpose be made to the offices of the Borough President of Manhattan.

On February 14, 1912, the President of the Borough of The Bronx requested that the \$4,000 be transferred to his office as follows:

1886 Repairs and Replacements by Contract or Open Order, Highways..	\$2,800 00
1863 Highways, Maintenance, Road Force, Wages, Temporary Employees	1,000 00
1891 Vehicular Transportation, Horses and Vehicles, with Drivers,	
Highways .....	200 00
	\$4,000 00

The President states that on January 10, 1912, the Commissioner of Public Works of the Borough of The Bronx requested the President of the Borough of Manhattan to apply for the transfer of the \$4,000 to No. 1886.

The proposed transfer, so far as it applies to No. 1863, Highways, Maintenance, Road Force, Wages, Temporary Employees, to which the President would add \$1,000, is in violation of the resolutions which control the administration of the Budget for 1912, and cannot, therefore, be made available as requested. In view of the fact that the \$4,000 was intended to provide for the restoration of cuts made in pavements in the Borough of The Bronx, by the Department of Water Supply, Gas and Electricity, I recommend that \$3,800 be made available in account No. 1886, Repairs and Replacements by Contract or Open Order, and \$200 in the appropriation account No. 1891, Vehicular Transportation. The approval of the transfer will provide means for the restoration of cuts in pavements in the Borough of The Bronx.

Transmitted herewith is a resolution, which, if approved, will transfer the \$4,000 as noted above. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, as amended, hereby approves transfers of funds appropriated for the year 1912, as follows

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of

Bellevue and Allied Hospitals requesting, and report of the Comptroller recommending, the modification of salary schedules Nos. 202, 206, 208, 211, 214, supporting the appropriation made in the Budget for the year 1912, for said Department, providing for changes in line items, by placing Waitresses, Seamstresses, etc., at rates of compensation of \$360 per annum, or less, under the item, "Hospital Helpers":

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, February 13, 1912.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Sir—We have received the resolution adopted by the Board of Estimate and Apportionment on February 1, denying the request of the Trustees for the modification of the salary schedules for the current year so far as the striking out of line items for individual positions is concerned. In transmitting the request for the amendment of the schedules it was stated:

"Second—To combine the funds allowed for Hospital Helpers, Laundresses, Waitresses, etc., into one sum for each of these classes of employees. The grade of Hospital Helper is established at various grades not exceeding \$600 per annum. All the low paid help could therefore be properly classed as Hospital Helpers, and at one time they were so classified. The Trustees, however, for the past three years have endeavored to segregate the titles according to the duties performed. For the last two years the money appropriated for each of these groups of employees was given in a lump sum. For 1912 it has been appropriated in amounts covering different grades. If the schedules were put into effect, it would entirely prohibit the increasing of wages of low paid Helpers except when a vacancy occurred. For years the Trustees have striven to increase the wages of these employees, and have endeavored to have them begin at a minimum wage of \$20 and \$15 per month for men and women respectively, increasing at the end of six months by \$2.50. A better grade of worker will be obtained when it is generally known that increases will be secured for a definite length of service. This demands elasticity and not limitation of the number which can be appointed at the various grades."

According to the report of the Comptroller attached to the resolution of the Board of Estimate and Apportionment, the above was not considered sufficient reason to grant the request. Under the circumstances, the Trustees have given the subject very careful consideration, and have decided to renew the request and to ask that equal consideration be given the subject by the Board of Estimate and Apportionment, as the aim of the Trustees to increase the wages of the low paid helpers at regular intervals would otherwise be prevented.

The Trustees fully appreciate that the appropriations upon which the changes have been requested are in the so-called temporary class, in which the amount to be spent each month is not limited to one-twelfth of the appropriation available. Under ordinary circumstances a few increases could be given with such elasticity, but it must be remembered that the total appropriation allowed for the temporary employees in this Department is barely enough to meet the payroll of those regularly employed. As a matter of fact, the amount required for January for employees in this class is in excess of one-twelfth of the total allowance. In effect, therefore, we are limited to twelfths, and the proper supervision demands that the allowance each month should barely exceed that proportion. As a matter of fact, however, the number of changes in the low paid helpers which take place each month, causing vacancies for one or two days at a time, saves just so much on the payroll. These balances, while small on each line number, amount to a good deal in one year when considered as a total, and would probably be sufficient to enable the Trustees to carry out consistently the plan of increasing the wages of these low paid helpers at regular intervals. For example, it is the desire to have ordinary Helpers, Laundrymen, Laundresses, etc., begin at a wage of \$20 and \$15 per month for men and women respectively. In some instances, however, such as in the case of Shirtwaist Ironers and Waitresses, the minimum salary paid is \$16 per month, increasing to \$18 at the end of six months, and again increasing to \$20 at the end of one year. Ward and Kitchen Maids begin at \$15 per month, increasing to \$17.50 at the end of six months, and to \$20 at the end of one year's service. Orderlies begin at the minimum wage of \$20 per month, and are allowed an increase of \$2.50 at the end of each of these two periods. To carry out this plan it is necessary that there should be an elasticity in the supporting schedules far greater than is possible with the limitations now attached to them. An additional handicap under the present circumstances is the fact that the Trustees, in an effort to segregate the payroll as far as possible, have described the employees by their duties, and not merely listed all who receive less than a certain sum as "Hospital Helpers." This segregation, while of an advantage from an executive standpoint, retards efficiency when it restricts the amount of money available for increasing the wages of these employees. In the Department of Public Charities, practically all these grades of employees are included under the title of Hospital Helpers and the appropriation is allowed in a lump sum. We fail to see why there should be any distinction between these two departments. The Trustees are, however, not asking that the classification referred to be abolished, but simply asking that the money be given in a lump sum for each class, such as Hospital Helpers, Waitresses, Laundresses, etc.

In the allied hospitals, where there are only two or three employees in these various groups, it is absolutely impossible to give an increase at the end of any period if the schedules are continued as at present.

The situation is aggravated by the fact that the employment agencies which send workers to the Department state the salary and the rate of increase. When the employees do not receive that increase, it is natural that they should feel a resentment and question the practice. If, therefore, the Board of Estimate and Apportionment is not prepared to grant our request, a statement to that effect should be made, in order that the Trustees may definitely rule that increases are not to be given at regular intervals, so that the employees may not come to us under a false impression that length of service will be rewarded.

We are fully aware that it is not the intention of the Board of Estimate and Apportionment to embarrass or handicap any Department in its administration by needless rules and regulations, and feel convinced that a proper study of this situation would result in a compliance with our request. The Comptroller's office, in passing upon this request, is asked to remember its own frequent commendation of the efforts of this Department to accept all suggestions made by that office, and that it is not with a mere desire to evade the regulations that have been laid down that this protest is made.

Dr. George O'Hanlon, our General Medical Superintendent, will be glad to furnish the Examiners with additional details of the conditions leading to this request and of the disadvantages of the schedules as now allowed.

In conclusion, I would state that the appropriation allowed for Helpers in 1911 was granted in a lump sum. In 1910 the money was appropriated in line numbers, but the Board of Estimate and Apportionment on March 11, after an investigation by the Comptroller's office, saw fit to change the schedules in order to combine the items. It would therefore seem to be a backward step to continue the schedules for 1912 as drawn. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 28, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 13, 1912, the Board of Trustees of Bellevue and Allied Hospitals renewed the requests denied by this Board on February 1, 1912, for modification of certain 1912 salary schedules of that Department by striking out line items for various grades of compensation and substituting a lump sum for "Hospital Helpers." In connection therewith I report as follows:

The original request for lump sums was denied on the ground that no sufficient reason had been advanced why the line item schedule plan approved by your Board should not be continued in the Department. The Board of Trustees now state the following:

An additional handicap under the present circumstances is the fact that the Trustees, in an effort to segregate the payroll as far as possible, have described the employees by their duties, and not merely listed all who receive less than a certain sum as "Hospital Helpers." In the Allied Hospitals, where there are only two or three employees in these various groups, it is absolutely impossible to give an increase at the end of any period, if the schedules are continued as at present.

In the case of Shirt Waist Ironers and Waitresses, the minimum salary paid is \$16 a month, increasing to \$18 at the end of six months, and to \$20 at the end of one year. Ward and Kitchen Maids begin at \$15 a month, and are increased to \$20 at the end of a year. Male employees begin at the minimum of \$20 a month, and

are increased \$5 a month at the end of the year.

Employment agencies which send workers to the Department state the salary and rate of increase. When the employees do not receive that increase, it is natural that they should feel resentment.

I am of the opinion that the line item schedule plan should be retained as to the various grades of compensation.

It seems, however, that the "aggravated" condition complained of by the Board of Trustees can be met by placing Waitresses, Seamstresses, etc., in their respective grades of compensation in the line items for "Hospital Helpers"; this to apply only to low-priced help receiving \$360 per annum or less, who are employed with the understanding that they shall receive periodical increases in salary. Under this plan there should be sufficient funds in "Hospital Helper" line items to meet necessary changes during the year, without resorting to "lump sum" appropriations.

The following table shows these line item changes in detail:

The Secretary presented the following report of the Comptroller recommending the modification of Salary Schedule No. 2165, supporting the appropriation made in the Budget for the year 1912, for the Supreme Court, First Department, providing for the salary of an additional Official Referee at \$11,500 per annum:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 29, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to modification of a salary schedule for the Supreme Court, First Department, to permit payment of the compensation of an additional Official Referee for the year 1912, I report as follows:

Chapter 844 of the Laws of 1911 authorizes the Appellate Division of the Supreme Court, First Department, to appoint Official Referees, whose compensation shall be the same as now paid to Official Referees by the County of New York, namely, \$11,500 per annum.

Pursuant to these provisions, the Appellate Division on November 15, 1911, appointed John J. Friedman as Official Referee, and a voucher for \$958.33, his compensation for January, has been transmitted to the Department of Finance. As no funds are available in the 1912 Budget for Mr. Friedman's salary, the necessary amount will be provided by the issue of special revenue bonds, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter.

The schedule, No. 2165, in the 1912 Budget provides for two Official Referees at the \$11,500 rate.

I recommend the adoption of the attached resolution modifying the schedule to include the additional referee. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following report of the Comptroller recommending acquisition, at private sale, at a price not exceeding \$1,000, of property on the southwesterly side of Clove avenue, 100 feet southerly from the corner of Clove avenue and Danube avenue, Borough of Richmond, for the use of the Fire Department:

Department of Finance, City of New York, Comptroller's Office, February 29, 1912.

To the Honorable the Board of Estimate and Apportionment:  
Gentlemen—At a meeting of your Board held July 17, 1911, corporate stock to

the amount of \$1,000 was authorized to provide means for the acquisition of a site in the Concord section of the Borough of Richmond, for use of the Fire Department, which resolution was concurred in by the Board of Aldermen on July 25, 1911.

In pursuance of this action I directed the Appraiser of Real Estate of this Department to confer with the Fire Commissioner to the end that a desirable site might be obtained. It was finally determined that the plot of ground on the southwesterly side of Clove avenue, distant 100 feet southerly from the corner of Clove and Danube avenues, in the Borough of Richmond, being 50 feet in width, both front and rear, with a depth on each side of 100 feet, would be most desirable for the purpose.

After negotiation by the Comptroller the premises may be secured for the sum of \$1,000. The Fire Commissioner has approved of the selection of this site.

The price being reasonable and just, I respectfully recommend that your Board approve of the selection of the following described premises for use of the Fire Department:

All those two certain lots, pieces or parcels of land, situate, lying and being in the 4th Ward of the Borough of Richmond, County of Richmond, City and State of New York, known and designated on a certain map filed in the office of the Clerk of the County of Richmond, August 15, 1900, and numbered 619A, entitled, "Map of Clove Avenue Park, in the Town of Southfield, Staten Island, the property of Olivia B. Wandell, deceased, made August, 1891, by W. H. Bostwick, C. E.," as and by lots number 147 and 148, inclusive, and which said lots, according to said map, are particularly bounded and described as follows:

Beginning at a point on the southwesterly side of Clove avenue, which point or place of beginning is distant 100 feet southerly from the corner formed by the intersection of the northwesterly line of Clove avenue with the southeasterly line of Danube avenue; thence running southeasterly along the said southwesterly line of Clove avenue 50 feet to Lot No. 149 on said map; thence southwesterly along the northwesterly line of Lot No. 149, 100 feet to Lot No. 155; thence northwesterly along the northeasterly line of Lot No. 155, 50 feet to Lot No. 146; thence northeasterly along the southeasterly line of Lot No. 146, 100 feet to the point or place of beginning; be the said several dimensions, more or less; together with all the right, title and interest, if any, of the owner, in and to the avenue or street in front of or adjoining said lots, to the centre thereof; subject to the right, if any, of the public to use the same as highway.

—and authorize the Comptroller to enter into contract for the acquisition of the same, at private sale, at a price not exceeding \$1,000, said contract to be submitted to the Corporation Counsel for his approval as to form. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Board of Education relative to the acquisition of property on the northerly side of East 158th street, between Trinity and Jackson avenues, Borough of The Bronx, for school purposes, and reports (2) of the Comptroller recommending the acquisition of two parcels of land within said area, at private sale, at prices not exceeding \$7,000 each, and the acquisition, by condemnation proceedings, of two parcels also within said area:

(On December 21, 1911, the resolution of the Board of Education requesting the acquisition of the above property was referred to the Comptroller.)

(On January 11, 1912, the Board, on the report of the Comptroller, adopted a resolution approving of the acquisition of four parcels of land within said area.)

To the Board of Education:

The Committee on Sites respectfully reports that funds have been authorized for the acquisition of a site and the erection of a new school building in the vicinity of Tinton avenue and 163d street, The Bronx. Additional school accommodations are urgently required in this section to relieve the heavy part-time registration in the public schools, and your Committee has selected as a site for a new building certain property on the northerly side of East 158th street, running from Trinity avenue to Jackson avenue, which, as the Committee is informed by the Bureau of Real Estate of the Department of Finance, can be acquired for the purpose in view. It is the intention to erect a new school building thereon as soon as the site is acquired.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on East 158th street, Trinity and Jackson avenues, in Local School Board District No. 24, Borough of The Bronx, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$102,900:

Beginning at a point formed by the intersection of the northerly line of East 158th street with the easterly line of Trinity avenue, and running thence northerly along the easterly line of Trinity avenue 225 feet, thence easterly and parallel, or nearly so, with East 158th street 99.23 feet, thence northerly and parallel, or nearly so, with Jackson avenue 11.67 feet, thence again easterly and again parallel, or nearly so, with East 158th street 75.16 feet, to the westerly line of Jackson avenue, thence southerly along the westerly line of Jackson avenue 236.67 feet to the northerly line of East 158th street thence westerly along the northerly line of East 158th street 175 feet to the easterly line of Trinity avenue, the point or place of beginning, be the said several dimensions more or less; said premises being known on the tax maps of the Borough of The Bronx as Lots Nos. 1, 3, 4, 6, 7, 8, 9, 25, 26, 27, 28, 29, 29½, 30, 32, 33 and 34, in Block 2637.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education December 13, 1911. A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Comptroller's Office, March 4, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held December 21, 1911, there was referred to the Comptroller certified copy of a resolution adopted by the Board of Education on December 13, 1911, with reference to the selection of a school site on the northerly side of East 158th street, running from Trinity to Jackson avenues, in the Borough of The Bronx.

On July 17, 1911, your Board adopted a resolution authorizing an issue of corporate stock in a lump sum appropriation of \$695,000, which amount provided for a site in the vicinity of Tinton avenue and East 163d street. This resolution was concurred in by the Board of Aldermen on July 25, 1911.

After a thorough investigation it has been determined that the premises selected by the Board of Education on the northerly side of East 158th street, running from Trinity to Jackson avenues, having a frontage on East 158th street of approximately 175 feet, a depth on Trinity avenue of 225 feet, with a depth on Jackson avenue of 236 feet, are the most desirable for the purposes mentioned.

Your Board has authorized the purchase, at private sale, of seven different parcels included within this tract. There still remain to be acquired a number of parcels of property which cannot be purchased at a reasonable price at private sale, and the Title Insurance Company of New York state that there will always be a question as to the outstanding title of part of the remaining property.

Because of these facts, I believe the premises should be acquired through condemnation proceedings.

I therefore respectfully recommend that your Board approve of the action taken by the Board of Education in the selection of the property located on the northerly side of East 158th street, between Trinity and Jackson avenues, in the Borough of The Bronx, for school purposes, and that the corporation counsel be directed to acquire the following described parcels through condemnation proceedings, title to vest in The City of New York upon the filing of the oaths of the Commissioners:

All those certain lots, pieces or parcels of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of The Bronx, City, County and State of New York, bounded and described as follows:

Beginning at a point on the westerly side of Jackson avenue, distant 100 feet northerly from the corner formed by the intersection of the westerly side of Jackson avenue with the northerly side of East 158th street; running thence westerly, parallel with East 158th street 83 feet 6 inches to the westerly line of Cudlipp Farm; thence in a northerly direction along said line of Cudlipp Farm 136.77 feet, more or less, to a point in a line distant 236.77 feet northerly from the northerly side of East 158th street, and at right angles therefrom; thence in an easterly direction, parallel with East 158th street 76.76 feet, more or less, to the westerly side of Jackson avenue; and running thence southerly along the westerly side of Jackson avenue 136.77 feet to the point or place of beginning; the assessed valuation of which, in connection with other property, for the year 1911, is \$35,600.

All that certain lot, piece or parcel of land, with the building and improvements thereon erected, situate, lying and being in the Borough of The Bronx, City, County and State of New York, bounded and described as follows:

Beginning at a point on the easterly side of Trinity avenue, distant 50 feet northerly from the corner formed by the intersection of the easterly side of Trinity avenue and the northerly side of East 158th street; running thence easterly, parallel with East 158th street 98.90 feet; thence northerly, parallel with Trinity

avenue 25 feet; thence westerly, again parallel with East 158th street 98.95 feet to the easterly side of Trinity avenue; and thence southerly, along the easterly side of Trinity avenue, 25 feet to the point or place of beginning; the assessed valuation of which for the year 1911 is \$7,500. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

The Secretary presented the following communication from the Board of Water Supply requesting, and report of the Comptroller recommending, approval of the purchase, by the said Board, at a private sale at a price not exceeding \$557.83, of a perpetual easement in Parcel 1155, Section 16, Southern Aqueduct:

(On January 25, 1912, the request of the Board of Water Supply for approval of the above purchase was referred to the Comptroller.)

Board of Water Supply, City of New York, 165 Broadway, New York, January 18, 1912.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—At the meeting of the Board of Water Supply held January 3, 1912, the following resolution was adopted:

Resolved, That the Board of Water Supply, pursuant to the provisions of chapter 724 of the Laws of 1905, as amended, and subject to the approval of the Board of Estimate and Apportionment, hereby approves of the purchase from Maud P. Peet, for \$557.83 of a perpetual easement in Parcel 1155, Section 16, Southern Aqueduct; and that when and if said purchase shall be approved by the Board of Estimate and Apportionment, the Corporation Counsel is hereby requested to prepare the necessary agreement and other instruments for the signatures of the Board of Water Supply, and to take such other steps and proceedings as may be necessary and proper to consummate the purchase.

We respectfully request the approval of this purchase by your Board.

Respectfully,

BOARD OF WATER SUPPLY,

Per JOSEPH P. MORRISSEY, Secretary.

Department of Finance, City of New York, Comptroller's Office, February 28, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—The following communication dated January 18, 1912, from the Board of Water Supply, was presented to your Board at a meeting held January 25, 1912, and was referred to this Department for consideration and report:

"At the meeting of the Board of Water Supply held January 3, 1912, the following resolution was adopted:

"Resolved, That the Board of Water Supply, pursuant to the provisions of chapter 724 of the Laws of 1905, as amended, and subject to the approval of the Board of Estimate and Apportionment, hereby approves of the purchase from Maud P. Peet, for \$557.83 of a perpetual easement in parcel 1155, section 16, Southern Aqueduct; and that when and if said purchase shall be approved by the Board of Estimate and Apportionment, the Corporation Counsel is hereby requested to prepare the necessary agreement and other instruments for the signatures of the Board of Water Supply, and to take such other steps and proceedings as may be necessary and proper to consummate the purchase."

"We respectfully request the approval of this purchase by your Board."

The permanent easement which the Board of Water Supply wishes to acquire is a part of the parcel known as Parcel 1155, section 16, Southern Aqueduct, and consists of the easterly half of the bed of Orient street, from the centre line of Division street to the centre line of Belmont avenue, in the City of Yonkers, as shown on the map herewith. This easement is 12½ feet wide and 557.83 feet in length. The price asked for the easement is \$557.83, or \$1 a running foot, the easement to include the right to the City to construct and maintain under and overground telephone or electric power wires.

Mr. I. J. Beaudrias, of Yonkers, Special Counsel for the City in these aqueduct condemnation suits, in a letter (see copy herewith) to the Board of Water Supply, under date of December 5, 1911, states that there are several condemnation suits for similar easements in the bed of Orient street, and that the experts for the owners have placed the value of such easements at \$4 a running foot, while the City's experts have placed a value of \$1 a running foot, which is the price now agreed upon for the easement in question. This price is less than it would cost the City if taken by condemnation.

I therefore respectfully recommend, the price being reasonable and just under the circumstances, that the Board of Estimate and Apportionment approve the purchase by the Board of Water Supply of the perpetual easement in the easterly half of the bed of Orient street, from the centre line of Division street to the centre line of Belmont avenue, City of Yonkers, being a part of Parcel 1155, section 16, Southern Aqueduct, at a price not exceeding \$557.83, and that the Corporation Counsel is hereby requested to prepare all necessary agreements and other instruments for the Board of Water Supply, and to take such other steps and proceedings as may be necessary and proper. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 724 of the Laws of 1905, as amended, hereby approves of the purchase by the Board of Water Supply from Maud P. Peet of a perpetual easement in the easterly half of the bed of Orient street from the centre line of Division street to the centre line of Belmont avenue, City of Yonkers, being a part of Parcel 1155, Section 16, Southern Aqueduct, at a price not exceeding five hundred and fifty-seven dollars and eighty-three cents (\$557.83), and requests the Corporation Counsel to prepare all necessary agreements and other instruments for the Board of Water Supply, and to take such other steps and proceedings as may be necessary and proper in the proceeding.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen requesting the issue of \$6,336 special revenue bonds (subdivision 8, section 188 of the Charter), to provide for the compensation of an additional force of Domestic and Orderlies, for the maintenance of two Tuberculosis Pavilions on the grounds of Riverside Hospital, North Brother Island, under the jurisdiction of the Department of Health, together with a report of the Comptroller recommending an issue of \$5,280 for this purpose from March 1, 1912, and also recommending approval of a schedule for said fund:

(On February 15, 1912, the resolution of the Board of Aldermen above mentioned was referred to the Comptroller.)

In the Board of Aldermen:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of six thousand three hundred and thirty-six dollars (\$6,336), the proceeds whereof to be used by the Department of Health for the purpose of paying wages of sixteen Domestic at \$216 per annum, and eight Orderlies at \$360 per annum, required for the maintenance of two tuberculosis pavilions recently completed on the grounds of the Riverside Hospital, North Brother Island, Borough of The Bronx.

Adopted by the Board of Aldermen January 23, 1912, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor February 6, 1912, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 26, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 23, 1912, the Board of Aldermen adopted a resolution requesting \$6,336 in special revenue bonds for the salaries of sixteen Domestic, at \$216 per annum, and eight Orderlies, at \$360 per annum, required for the maintenance of two tuberculosis pavilions recently completed on the grounds of the Riverside Hospital, North Brother Island. In connection therewith I report as follows:

The Budget appropriations for Domestic and Orderlies for Riverside Hospital for four years have been as follows:

1909	\$27,600 00
1910	26,400 00
1911	24,400 00
1912	26,880 00

The Commissioner states that the number of this class of help provided for in 1911 was insufficient; that during 1911 help was transferred from Kingston Avenue and Willard Parker Hospitals to Riverside, to the detriment of the service in those hospitals; and that help cannot now be assigned from other hospitals to the new tuberculosis pavilions without hampering the work of the hospitals.

The Superintendent of Hospitals states that the number of additional employees asked for is not excessive. The request is for one Domestic for each of the sixteen wards in the two pavilions, and an Orderly for two wards. One Maid in each ward is necessary to keep the pavilions in proper condition. The recent opening of these pavilions for 160 patients has so reduced the help in other buildings at Riverside that they cannot be properly cared for.

Request was made in the estimate of the Department of Health for 1912 for these additional employees, but no allowance was made because of the unfinished condition of the buildings.

I recommend the adoption of the attached resolutions granting the request to the extent of \$5,280, for payment of the additional force from March 1, 1912, and approving the necessary schedule modification for the fund.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on January 23, 1912, requesting an issue of special revenue bonds in the sum of six thousand three hundred and thirty-six dollars (\$6,336), the proceeds whereof to be used by the Department of Health for the purpose of paying salaries of sixteen Domestic, at \$216 per annum, and eight Orderlies, at \$360 per annum, required for the maintenance of two tuberculosis pavilions recently completed on the grounds of Riverside Hospital, North Brother Island, Borough of The Bronx, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment to the extent of five thousand two hundred and eighty dollars (\$5,280), for the payment of salaries of additional help as follows:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Corporate Stock Budget Committee recommending the purchase of property in the town of Smithtown, Suffolk County, New York, containing about 523 acres, at the rate of \$225 an acre, for the purpose of a hospital and industrial colony for the care and treatment of inebriates, and further recommending the issue of corporate stock in the sum of \$120,000 to provide means therefor.

Which was laid over one week, March 14, 1912.

The Secretary presented a report of the Comptroller recommending that the communication from the Commissioner of Water Supply, Gas and Electricity, relative to the payment of wages to employees in his Department absent from the City's service on account of injuries received therein, be placed on file, as conferences are now being held with the Law Department upon said subject with a view to attending the Charter to provide a remedy for such conditions.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the Commissioner of Water Supply, Gas and Electricity.

(On January 11, 1912, the above communication was referred to the Comptroller.)

The Secretary presented the following communication from the Commissioner of Bridges, and report of the Committee on Salaries and Grades recommending the retirement, pursuant to chapter 669 of the Laws of 1911, of Daniel McGonigle, a Paver in the Department of Bridges, on an annuity of \$660.35:

(On December 21, 1911, a communication from the Commissioner of Bridges, recommending the retirement of the above employee was referred to said Committee.) Department of Bridges, City of New York, 13-21 Park Row, Manhattan, December 14, 1911.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Gentlemen—Enclosed I beg to transmit application for retirement, pursuant to chapter 669 of the Laws of 1911, of Daniel McGonigle, a Paver in the employ of this Department. There is also enclosed a communication from the Municipal Civil Service Commission, forwarding a record memoranda showing that Daniel McGonigle entered the employ of the former City of Brooklyn on September 1, 1881.

Through the courtesy of Comptroller Prendergast, Dr. A. J. Byrne, the Physician of the Department of Finance, has made a physical examination of Daniel McGonigle and in his certificate, dated November 28, 1911, which is attached hereto, he states that in his opinion McGonigle is physically unfit to perform the duties of his position.

This man's record in the Department is good and in view of his application and the opinion of the physician, I respectfully recommend that your honorable Board act favorably upon the application of Daniel McGonigle. Respectfully,

ARTHUR J. O'KEEFE, Commissioner.

Brooklyn, N. Y., November 13, 1911.

Hon. ARTHUR J. O'KEEFE, Commissioner of Bridges, City of New York:

Dear Sir—I respectfully make application to you for retirement under the provisions of chapter 669 of the Laws of 1911. I have been in the service of the municipalities of the City of Brooklyn and The City of New York for a period of over 38 years. I was appointed a Laborer in the Board of City Works of the late City of Brooklyn in April, 1873, at \$1.75 per day. In September of the same year I was appointed a Paver at \$4 per day. I served in that capacity until November, 1906, when I was transferred to a similar position in the Department of Water Supply, Gas and Electricity in the Borough of Brooklyn, my wages then being \$5 per day; on December 31, 1909, I was laid off for the lack of work, and my name was placed on the Civil Service preferred list. In February, 1910, I was certified and reappointed as a Paver in the Department of Bridges, at \$5 per day, and have been continuously there since. On two occasions during the past 38 years I have been placed on the Civil Service preferred list and was always re-employed as soon as weather conditions allowed my class of work to be resumed.

Trusting you will do all you can to help me, I am, Respectfully yours,

DANIEL MCGONIGLE, Paver, 261 Gold street  
December 1, 1911.

Hon. A. J. O'KEEFE, Commissioner of Bridges:

Sir—Referring to my communication of November 13, making application for retirement and pension, pursuant to chapter 669, Laws of 1911, and to which I subscribe myself as Daniel McGonigle, I desire to say that while the Civil Service records and my appointment in the Department of Bridges are under the spelling of McGonagle, I do not really know which is the correct spelling of my name and that both spellings have been used heretofore and that I have never bothered about the matter until it has been called to my attention in the matter of this application, and I write this letter to explain any discrepancy which may appear in the records.

Respectfully, DANIEL MCGONIGLE, No. 261 Gold street, Brooklyn.

J. M. Byrne, M. D., 360 West 51st Street, New York, November 28, 1911.

Hon. ARTHUR J. O'KEEFE, 21 Park Row, New York City:

My Dear Commissioner—Mr. Daniel McGonigle, 261 Gold street, Brooklyn, who is employed as a Paver in your Department, appeared here as you directed.

Upon examination I find he is suffering from chronic rheumatism, which is most marked in the right hip and sacro-iliac joints and sciatica on the right side. The muscles of the lumbar and gluteal regions are in a state of constant contraction and there is a slight antero-posterior curvature of the spine. He has hardening of the

arteries, is somewhat lame, complained of soreness over the lower part of the back, has difficulty in locomotion and raising the body after stooping.

In my opinion he is physically unfit to perform the duties of his position and therefore comes within the provision of the Retirement Act, passed by the last Legislature. Yours very truly.

J. H. BYRNE, Physician, Department of Finance.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 8, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 14, 1911, the Commissioner of Bridges recommended the retirement, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, of Daniel McGonigle, a Paver in his Department. In connection therewith we report as follows:

In an application for retirement to the Commissioner, dated November 13, 1911, Mr. McGonigle states that he has been in the City's service for over 38 years, having been appointed as Laborer in the Board of City Works of the old City of Brooklyn in April, 1873. He further states that on two occasions he was temporarily transferred to the Civil Service preferred list, but re-employed as soon as weather conditions permitted his class of work to be resumed.

The earliest date which your Committee has been able to verify is April 7, 1875, on which date he was appointed in the Department of City Works of the old City of Brooklyn.

An examination of the list of appointments and discharges of employees from 1875 to 1881 fails to disclose either the discharge or reappointment of Mr. McGonigle during that period. Labor payrolls of the Engineer of the Department of City Works for February, August and October, 1880, show that McGonigle performed service as a Paver on those dates.

A record memorandum of the Municipal Civil Service Commission shows that Mr. McGonigle was appointed as Paver on September 1, 1881, and has been twice "discharged" and "reinstated" and once "suspended" and "re-employed." The aggregate of these three periods is slightly over 11 months. It appears that his total service, from the date of his first certified appointment, April 7, 1875, will at least equal 30 years.

Mr. McGonigle has been examined by J. H. Byrnes, M. D., Physician to the Department of Finance, who, in a communication to the Commissioner of Bridges, dated November 28, 1911, states as follows:

"Upon examination I find he is suffering from chronic rheumatism, which is most marked in his right hip and sacro-iliac joints and sciatica on the right side. The muscles of the lumbar and gluteal regions are in a state of constant contraction and there is a slight entero-posterior curvature of the spine. He has hardening of the arteries, is somewhat lame, complained of soreness over the lower part of the back, has difficulty in locomotion and raising the body after stooping. In my opinion he is physically unfit to perform the duties of his position."

Mr. McGonigle's total compensation for the three years prior to March 1, 1912, amounts to \$3,962.10, an average of \$1,320.70.

We recommend the adoption of the attached resolution retiring Mr. McGonigle from active service and granting him an annuity of \$660.35. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, and upon the recommendation of the Comptroller and the Acting President of the Board of Aldermen, hereby retires from active service Daniel McGonigle, Paver in the Department of Bridges, for the reason that he is physically incapacitated to further perform his duties as Paver, and that the interests of the public service requires such retirement, and hereby awards and grants to said Daniel McGonigle an annual sum or annuity of six hundred and sixty dollars and thirty-five cents (\$660.35), to take effect April 1, 1912, and be it further

Resolved, That the Comptroller of The City of New York be and is hereby directed to pay said annuity to said Daniel McGonigle, in monthly installments, out of the receipts of excise money or liquor taxes belonging to The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution from the Board of Education requesting, and report of the Committee on Salaries and Grades recommending, the establishment in the Department of Education, of the following grades of positions:

	Per Annum.	Number of Incumbents.
Heating and Ventilating Inspector.....	\$2,093 33	11
Inspector of Light and Ventilation.....	2,093 33	1
Electrical Inspector .....	2,093 33	5
Inspector of Electrical Conductors.....	2,093 33	1

(On February 1, 1912, the resolution of the Board of Education, requesting the establishment of the above grades, was referred to said Committee.)

Resolved, That the Board of Estimate and Apportionment be, and it is hereby requested to recommend to the Board of Aldermen the establishment of the following positions in the Department of Education in addition to the grades already established:

Heating and Ventilating Inspector, at \$2,093.33 per annum, for eleven incumbents.

Inspector of Light and Ventilation, at \$2,093.33 per annum, for one incumbent.

Electrical Inspector, at \$2,093.33 per annum, for five incumbents.

Inspector of Electrical Conductors, at \$2,093.33 per annum, for one incumbent.

A true copy of resolution adopted by the Board of Education on January 24, 1912.

A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 24, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions:

Title.	Rate Per Annum.	Number of Incumbents.
Heating and Ventilating Inspector.....	\$2,093 33	11
Inspector of Light and Ventilation.....	2,093 33	1
Electrical Inspector .....	2,093 33	5
Inspector of Electrical Conductors.....	2,093 33	1

In connection therewith we report as follows:

The establishment is for employees now on the payroll at \$40 per week, equaling the annual rate proposed. The incumbents were increased to the \$40 rate as of October 1, 1911, pursuant to an opinion of the Corporation Counsel that the increases were mandatory under a court decision. The Corporation Counsel's opinion was not given out in time to make provision for the increases in the schedule for the present year. The Board of Education, therefore, has requested special revenue bonds in the sum of \$4,415.44 for this purpose. This request is now pending before the Board of Aldermen.

Heretofore all Inspectors and Draftsmen in the Department of Education have been scheduled at a weekly rate, but in making up the 1912 Budget they were put upon an annual rate to conform with all other City departments. It is therefore proposed to establish the annual rate of \$2,093.33, equaling \$40 per week for fifty-two and one-third weeks.

We recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:

Inspector of Light and Ventilation.....	2,093 33	1
Electrical Inspector.....	2,093 33	5

(On February 15, 1912, the request of the President of the Borough of Queens for the establishment of the above grade of position, as well as the grade of position of Inspector of Regulating, Grading and Paving at \$1,788 per annum, was referred to said committee. Subsequently, the request was amended by eliminating therefrom the grade of Inspector of Regulating, Grading and Paving.)

The City of New York, Office of the President of the Borough of Queens, Long Island City, February 6, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman, Board of Estimate and Apportionment:

Respectfully yours,

DENIS O'LEARY, Commissioner of Public Works and Acting President, Borough of Queens.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 6, 1912, the Acting President of the Borough of Queens requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions:

Position.	Rate Per Annum.	Number of Incumbents.
Inspector of Regulating, Grading and Paving.....	\$1,788 00	1
Typewriting Copyist .....	720 00	1

On February 19, 1912, the Acting President amended the request to include only establishment for the Typewriting Copyist. In connection therewith we report as follows:

A vacancy exists in the grade of Typewriting Copyist at \$750 per annum, and it is proposed to appoint an incumbent at \$720, a decrease of \$30 per annum. Establishment is necessary to permit of the appointment.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Committee on Salaries and Grades.

In connection therewith we report as follows:

Under this decision judgments obtained against the City have been paid to seven of the present employees of the Department, who are performing the duties of Matron. The following table gives the names of the seven employees who are to be classed as Matrons at \$900 per annum, the dates of their entrance into the Department, their present titles and rates of compensation:

The Secretary presented the following communication from his Honor the Mayor, and report of the Committee on Salaries and Grades recommending the retirement, pursuant to chapter 669 of the Laws of 1911, of Peter Kiernan, Inspector of Masonry in the Department of Water Supply, Gas and Electricity, on an annuity of \$750:

(On January 4, 1912, a communication from his Honor the Mayor, recommending the retirement of the above employee was referred to said Committee.)

City of New York, Office of the Mayor, December 18, 1911.

To the Honorable Board of Estimate and Apportionment, New York City:

Gentlemen—Pursuant to authority vested in me as Mayor of The City of New York under the provisions of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, I hereby recommend to your honorable Board the retirement from active service of Peter Kiernan, an Inspector of Masonry in the Department of Water Supply, Gas and Electricity. I further recommend that the Board of Estimate and Apportionment grant to Peter Kiernan the annual sum or annuity of seven hundred and fifty dollars (\$750), as provided in chapter 669 of the Laws of 1911, such payments to continue during the lifetime of the said Peter Kiernan.

Mr. Kiernan has been actively employed in the Department of Water Supply, Gas and Electricity since August 27, 1878, aggregating over thirty-three years.

By reason of physical disability, Mr. Kiernan now applies for the annuity provided in the Charter for the retirement of employees in the City service after a period of thirty years or more. He has submitted a request that this recommendation be made to your honorable Board, and that his retirement be made effective December 31, 1911. His request is as follows:

"October 31, 1911.

"Mr. I. M. DE VARONA, Chief Engineer:

"Dear Sir—I hereby make formal application for retirement on a pension at half pay. I was appointed an Inspector of Masonry in the Department of Water Supply, Gas and Electricity on August 22, 1878, and have been in the service continuously to date. I also served two or three years as a Building Inspector some time between the years 1865 and 1873.

"My present salary is fifteen hundred dollars per annum. I am past seventy-five years of age.

"Hoping this will meet with your approval, I am, Respectfully,

"PETER KIERNAN, 2060 Ryer avenue, The Bronx."

This request is accompanied by the certificate of his physician, a copy of which is given herewith:

"1803 Washington Avenue, New York, October 31, 1911.

"To Whom It May Concern:

"This will certify that in my opinion Mr. Peter Kiernan is no longer able to perform his duties as an Inspector of Masonry in the Department of Water Supply, Gas and Electricity, New York City, his troubles are due to the infirmities of age. Very respectfully,

Rt. JOYCE, M. D."

I am convinced that Mr. Kiernan has justly earned the mark of appreciation of long and faithful service to The City of New York, which was contemplated by those who inaugurated the provision for retirement in the City Charter. I therefore offer the following resolution. Respectfully,

W. J. GAYNOR, Mayor.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 29, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 18, 1911, the Mayor recommended the retirement, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, of Peter Kiernan, an Inspector of Masonry in the Department of Water Supply, Gas and Electricity, on an annuity of \$750. In connection therewith we report as follows:

In an application for retirement, under date of October 31, 1911, Mr. Kiernan states that he has served the City continuously since August 22, 1878, a period of over 33 years, and that he also had served as Building Inspector for two or three years prior to that date. He also states that he is over 75 years of age.

In a communication to the Mayor, under date of December 7, 1911, the Commissioner of Water Supply, Gas and Electricity states, in part, as follows:

"Mr. Kiernan has rendered over 33 years' continuous service in this Department as an Inspector of Construction and Inspector of Masonry. He has during the past few weeks been forced to remain away from his duties, owing to physical disability. His advanced years render him unfit to continue in his employment with the Department. I recommend Mr. Kiernan's retirement on a pension of \$750, this being one-half of his present salary, which he has been receiving since October 1, 1905."

The Physician to the Department of Finance examined Mr. Kiernan on February 22, 1912, and certifies as follows:

"Upon examination I find he has a dilated and hypertrophied heart, but the latter does not compensate when he is obliged to make any physical effort, and he then suffers from dyspnoea. The arteries are hardened, and the pulse is small and hard and there is a blood pressure of 205 mm. He has had several severe attacks of vertigo while at work, has fallen with same and had to be taken home. He is troubled with an enlarged prostate gland, irritable bladder and frequent micturition, especially nocturnal. He is also afflicted with defective vision, poor locomotion and general muscular weakness. He is physically unfit to perform his duties."

From the Commissioner's statement it appears that the average compensation received by Mr. Kiernan for the past three years is \$1,500.

We recommend the adoption of the attached resolution retiring Peter Kiernan from active service and granting him an annuity of \$750. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

The Secretary presented the following communication from the Commissioner of Bridges and report of the Committee on Salaries and Grades recommending the

retirement, pursuant to chapter 669 of the Laws of 1911, of Joshua T. Wigley, Carpenter in the Department of Bridges, on an annuity of \$670.42:

(On January 11, 1912, a communication from the Commissioner of Bridges recommending the retirement of the above employee was referred to said Committee.)

Department of Bridges, City of New York, 13-21 Park Row, Manhattan, January 4, 1912.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Gentlemen—Enclosed I beg to transmit application for retirement, pursuant to chapter 669 of the Laws of 1911, of Joshua T. Wigley, Carpenter, in the employ of this Department. The payroll books in the possession of this Department show that Joshua T. Wigley entered the service of the New York and Brooklyn Bridge on November 19, 1877, and has remained in such service to date.

Through the courtesy of Comptroller Prendergast, Dr. J. H. Byrne, the physician of the Department of Finance, has made a physical examination of Wigley and in his certificate dated November 21, 1911, which is attached hereto, he states that in his opinion Wigley is physically unfit to perform the duties of his position.

This man has been in the employ of this Department almost all of the time that he has been in the City's service. His record is good and he is universally well spoken of by the men under whom he has served.

In view of his application and the opinion of the physician, I respectfully recommend that your honorable Board act favorably upon the application of Joshua T. Wigley for retirement on a pension. Respectfully,

ARTHUR J. O'KEEFFE, Commissioner.

In the matter of the application of Joshua T. Wigley for retirement from active service from the position of Carpenter in the Bridge Department of The City of New York.

To Hon. ARTHUR J. O'KEEFFE, Bridge Commissioner, and the Board of Estimate of The City of New York:

This is an application by Joshua T. Wigley for retirement from active service.

Your petitioner entered into the service of the Bridge Department in the month of July, either 1875 or 1876 (or as the record shows, on the 16th day of November, 1877), in the capacity of a Carpenter, and since that time he has performed manual labor in and about the New York and Brooklyn Bridge, up to and including the present date.

That your petitioner has worked very hard, especially while the building of the towers was in progress, under all kinds of trying conditions and weather.

That your petitioner is now sixty-six years of age and worked for The City of New York, and the municipalities consolidated to form the same, for a period of upwards of 30 years, to wit, about thirty-five years, during the whole of which time your petitioner worked nearly every day, except for a six-months' layoff by reason of lack of appropriations and whatever short vacation your petitioner received.

That your deponent is now infirm and old, and physically unable to longer withstand the strenuous work and labor of his position, and the conditions and weather under which the same is to be performed, as appears more fully by the statement of the doctors who have examined your deponent, hereto attached and made a part hereof.

Wherefore your petitioner prays that he be retired from active service as an employee of the Bridge Department, that the Hon. Arthur J. O'Keefe, Bridge Commissioner, recommend to the Board of Estimate of The City of New York your petitioner's retirement, and that the Board of Estimate grant, upon such retirement as aforesaid, an annuity, not exceeding one-half of the amount which your petitioner's salary or compensation averaged for the period of three years immediately prior to his retirement, which annuities so granted shall be paid in equal monthly installments during the lifetime of your deponent, as provided for by law.

That no previous application for the relief has been made herein.

Dated New York, October 28, 1911.

JOSHUA T. WIGLEY, Petitioner.

State of New York, City of New York, County of New York, ss.:

Joshua T. Wigley being duly sworn deposes and says that he has heard read the foregoing petition subscribed by him, and the same is true of his own knowledge, except as to the matters therein stated to be alleged upon information and belief and as to those matters he believes it to be true.

JOSHUA T. WIGLEY.

Sworn to before me this 28th day of October, 1911.

SAMUEL F. LANGDON, Commissioner of Deeds, New York City.

February 20, 1912.

Hon. ARTHUR J. O'KEEFFE, Commissioner, Department of Bridges:

Sir—Referring to my application for retirement and pension, I beg to say that I entered the service of the Brooklyn Bridge November 19, 1877, and have been employed on the Brooklyn Bridge from that time to date. I have never been employed elsewhere during the above period. Respectfully,

JOSHUA T. WIGLEY.

New York, February 26, 1912.

Joshua T. Wigley, being duly sworn, deposes and states that he entered the service of the Brooklyn Bridge on November 19, 1877, and has been employed on the Brooklyn Bridge from that time to this date, and that during said period from November 19, 1877, up to the present date he has never been employed except as above stated.

JOSHUA T. WIGLEY.

Sworn to before me this 26th day of February, one thousand nine hundred and twelve.

M. W. SHEFFIELD, Commissioner of Deeds, City of New York, Residing in Borough of Brooklyn.

Edward G. Hynes, M.D., 80 Ocean Boulevard, Near Ft. Hamilton Avenue, Brooklyn, N. Y., October 28, 1911.

This certifies that Mr. Joshua T. Wigley, 2717 Fort Hamilton avenue, has been examined by me, and I find him to be suffering from hardening of eye arteries, a condition due to his age, and one that will necessitate him to lead a life at home, without work or worry.

DR. E. G. HYNES.

J. H. BYRNE, M.D., 360 West 51st Street, New York, November 21, 1911.

Hon. ARTHUR J. O'KEEFFE, 21 Park Row, New York City:

My Dear Commissioner—Mr. Joshua T. Wigley, 2717 Fort Hamilton avenue, Brooklyn, who is employed as a Carpenter in your Department, appeared here this morning, as you directed.

Upon examination, I find he is suffering from weakness of the lower extremities, general Arterio-Sclerosis, with disease of his coronary arteries, which latter results in frequent but mild attacks of Angina. Mr. Wigley is physically unfit for work and comes within the provisions of the act passed by the last Legislature, and I would therefore suggest that you recommend his retirement, as provided for by law. Yours very truly,

J. H. BYRNE, Physician, Department of Finance.

Applicant stated that he was 67 years of age, and had been in the employ of the City for 37 years.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1912, the Commissioner of Bridges recommended the retirement, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, of Joshua T. Wigley, a Carpenter in his Department. In connection therewith we report as follows:

In an application for retirement to the Commissioner, under date of October 28, 1911, Mr. Wigley states that he entered the service of the Bridge Department "in the month of July, either 1875 or 1876, or, as the record shows, on the 16th day of November, 1877," and has worked, since that time, "nearly every day except for a six-month layoff by reason of lack of appropriation and whatever short vacation your petitioner has received." He also states that he is 66 years of age, infirm, and no longer able to perform his duties. This application is sworn to by Mr. Wigley.

The Commissioner states that the payroll books of his Department show that Mr. Wigley entered the service of the New York and Brooklyn Bridge on November 19, 1877, and has remained in the service since that date. He also states that the applicant's record is good, and that he is "universally well spoken of" by the men under whom he has served. The date of appointment as shown in the Civil List is November 16, 1877.

From the preceding statements it appears that Mr. Wigley has been in the employ of the City for more than the 30 years required.

The Physician to the Department of Finance examined the applicant on November 21, 1911, and certifies, in part, as follows:

"I find he is suffering from weakness of the lower extremities, general arteriosclerosis, with disease of his coronary arteries, which latter results in frequent but mild attacks of angina. Mr. Wigley is physically unfit for work."

The total compensation Mr. Wigley will have received for the period of three years prior to March 1, 1912, based upon his actual earnings up to February 1, 1912, and the full number of working days for the current month, totals \$4,022.53, an average of \$1,340.84 per annum.

We recommend the adoption of the attached resolution retiring Joshua T. Wigley from active service and granting him an annuity of \$670.42.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, and upon the recommendation of the Comptroller and the Acting President of the Board of Aldermen, hereby retires from active service Joshua T. Wigley, Carpenter, in the Department of Bridges, for the reason that he is physically incapacitated to further perform his duties as Carpenter, and that the interests of the public service require such retirement, and hereby awards to said Joshua T. Wigley an annual sum or annuity of six hundred and seventy dollars and forty-two cents (\$670.42), to take effect April 1, 1912; and be it further

Resolved, That the Comptroller of The City of New York be and is hereby directed to pay said annuity to said Joshua T. Wigley, in monthly installments, out of the receipts of excise moneys or liquor taxes belonging to The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from his Honor the Mayor, and report of the Committee on Salaries and Grades recommending the retirement, pursuant to chapter 669 of the Laws of 1911, of Frank McDonald, Stoker in the Department of Water Supply, Gas and Electricity, on an annuity of \$447.32:

(On February 8, 1912, a communication from his Honor the Mayor, recommending the retirement of the above employee, was referred to said Committee.)

City of New York, Office of the Mayor, January 28, 1912.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—Pursuant to authority vested in me as Mayor of The City of New York, under the provisions of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, I hereby recommend to your Honorable Board the retirement from active service of Frank McDonald, a Stoker in the Department of Water Supply, Gas and Electricity. I further recommend that the Board of Estimate and Apportionment grant to Frank McDonald the annual sum or annuity of five hundred and forty-seven dollars and fifty cents (\$547.50), as provided in chapter 669 of the Laws of 1911, such payments to continue during the lifetime of the said Frank McDonald.

Mr. McDonald has been actively employed in the Department of Water Supply, Gas and Electricity since March, 1879, with the exception of 146 days from January 31, 1902, to June 25, 1902, and 110 days from January 26, 1910, to May 17, 1910, aggregating over thirty years. By reason of physical disabilities Mr. McDonald now applies for the annuity provided in the Charter for the retirement of employees in the City service after a period of thirty years or more. He has submitted a request that this recommendation be made to your Honorable Board, and that his retirement be made effective January 31, 1912.

Mr. McDonald's request is as follows:

"November 13, 1911.

"To whom it may concern:

"Having entered the employ of the Department of Water Supply, Brooklyn, as a Laborer August 15, 1863, under the supervision of Mr. Coleman, Superintendent of Ponds and Conduits, remaining until September, 1865, then having returned February, 1872, as a Laborer and worked in that capacity under Foreman Michael Turner until March, 1879, when I was promoted to the position of Stoker. Having served in that capacity to the present date, and in the employ of the Department of Water Supply, Brooklyn, for 41 years, and attained the age of 75 years, and finding myself physically unfit for duty, I hereby request that I be recommended for retirement, pursuant to chapter 669, Laws of 1911. Respectfully yours,

"FRANK McDONALD, 212 Hale Avenue, Brooklyn, N. Y., Licensed Fireman."

This request is accompanied by the certificate of his physician, a copy of which is herewith given:

"November 10, 1911.

"This certifies that I have this day examined Frank McDonald, aged 75 years, and to my knowledge for many years an employee of the Department of Water Supply, and find him unfitted for any severe muscular exertion, owing to a weakness of the heart. Attest:

FRANCIS H. MILLER, M.D."

I am convinced that Mr. McDonald has justly earned the mark of appreciation of long and faithful service to The City of New York, which was contemplated by those who inaugurated the provision for retirement in the City Charter. I therefore offer the accompanying resolution. Respectfully,

W. J. GAYNOR, Mayor.

212 Hale Avenue, Brooklyn, N. Y., February 27, 1912.

To Whom It May Concern:

Referring to my request for retirement, I desire to state that I was employed in the Department of Water Supply, Gas and Electricity, Brooklyn, N. Y., for forty-one (41) years continuously, excepting the periods I was laid off for lack of work. During such periods I was not employed elsewhere. Respectfully yours,

FRANK McDONALD.

Sworn to before me this 27th day of February, 1912,

ALBERT P. BRENNER, Commissioner of Deeds, New York City.

City of New York, Department of Finance, February 14, 1912.

Hon. WILLIAM A. PRENDERGAST, 280 Broadway, New York City:

My Dear Mr. Prendergast—Mr. Frank McDonald, of 212 Hale Avenue, Brooklyn, who is employed as a Stoker in the Department of Water Supply, Gas and Electricity, came to my office this morning by direction of Mr. Tirrell.

Upon examination I find he is deaf in both ears, that he is suffering from Rigg's disease of the gums, having lost all of his teeth with the exception of seven, in the front of his lower jaw, and as a result of improper mastication he is constantly bothered by gastro intestinal disturbances. His heart is greatly dilated and hypertrophied, but the latter no longer compensates and his heart action is therefore tumultuous. His pulse varies from 86 to 100 to the minute (78 being normal), it is intermittent and irregular, of low tension and with a blood pressure of 195 mm. He complained of dizziness and he is, in my opinion, likely to have an apoplectic seizure at any time, owing to the hardened state of his arteries.

He is physically unfit to perform his duties and I would therefore suggest that you recommend his retirement as provided for by law. Yours very truly,

J. H. BYRNE, Physician to the Department of Finance.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 29, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 28, 1912, the Mayor recommended the retirement, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, of Frank McDonald, a Stoker in the Department of Water Supply, Gas and Electricity, on an annuity of \$547.50.

In connection therewith we report as follows:

Mr. McDonald's request for retirement, dated November 13, 1911, states that he is 75 years old and finds himself physically unfit for duty.

In a communication to the Mayor, under date of January 5, 1912, the Commissioner of Water Supply, Gas and Electricity states the following:

"Mr. McDonald states that he entered the employ of the old City of Brooklyn in 1863. A search of the earliest payrolls of the old Department of Public Works that could be located, dated April, 1881, shows that Frank McDonald was then employed as Coal Passer at the Ridgewood Pumping Station, and the roster of

employees for that year gives his date of appointment as March, 1879. His title was later changed to Fireman and on May 1, 1899, he was promoted to the position of Oiler at \$840 per annum. He was removed January 31, 1902, for lack of work, and reinstated in the same position about six months later. On April 1, 1906, his title was again changed from Oiler to Stoker. He was removed for lack of work on January 26, 1910, and reinstated as a Licensed Fireman on May 17, 1910."

From the Commissioner's statement it appears that the applicant has been continuously in the service of the City (with the exception of two periods aggregating about ten months, during which he was laid off for lack of work), for about thirty-three years. Mr. McDonald made affidavit on February 27, 1912, that during the periods he was laid off he was not employed elsewhere.

The Physician to the Department of Finance examined Mr. McDonald on February 14, 1912, and certifies as follows:

"Upon examination I find he is deaf in both ears, that he is suffering from Rigg's disease of the gums, having lost all of his teeth with the exception of seven, in the front of his lower jaw, and as a result of improper mastication he is constantly bothered by gastro intestinal disturbance. His heart is greatly dilated and hypertrophied, but the latter no longer compensates and his heart action is therefore tumultuous. His pulse varies from 86 to 100 to the minute (78 being normal); it is intermittent and irregular, of low tension and with a blood pressure of 195 mm. He complained of dizziness and he is in my opinion likely to have an apoplectic seizure at any time, owing to the hardened state of his arteries. He is physically unfit to perform his duties."

The actual compensation for the three years prior to March 1, 1912, is stated as \$2,683.94, an average of approximately \$894.65.

We recommend the adoption of the attached resolution retiring Frank McDonald from active service and granting him an annuity of \$447.32.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, and upon the recommendation of the Mayor, the Comptroller and the Acting President of the Board of Aldermen, hereby retires from active service Frank McDonald, Stoker, in the Department of Water Supply, Gas and Electricity, for the reason that he is physically incapacitated to further perform his duties as Stoker, and that the interests of the public service require such retirement, and hereby grants and awards to said Frank McDonald an annual sum or annuity of four hundred and forty-seven dollars and thirty-two cents (\$447.32), to take effect April 1, 1912; and be it further

Resolved, That the Comptroller of The City of New York be and is hereby directed to pay said annuity to said Frank McDonald, in monthly installments, out of the receipts of excise moneys or liquor taxes belonging to The City of New York.

The Secretary presented the following communication from the Metropolitan Sewerage Commission requesting, and report of the Corporate Stock Budget Committee recommending, the issue of \$20,000 corporate stock for the purpose of defraying the cost of preparing and printing original data, with averages, summaries, diagrams, maps, etc., representing the work of the Commission:

(On January 18, 1912, the request of the President of the Metropolitan Sewerage Commission for the above appropriation was referred to said Committee.)

Metropolitan Sewerage Commission of New York, 17 Battery Place, New York City, January 11, 1912.

Hon. WILLIAM J. GAYNOR, Chairman, Board of Estimate and Apportionment, New York City:

Sir—Application is hereby made for authorization for the expenditure of \$20,000, or such part of this sum as may be necessary, in order to defray the cost of preparing and printing original data, with averages, summaries, diagrams, maps and plans, the same collectively representing the work of this Commission for the five years 1908-1912. It appears that the Commission's original records should be printed so that they may be made available to the various Departments and Bureaus of the City.

The work covers a broad scope. It includes careful investigations of the tidal phenomena of the harbor, including studies of the force and direction of the currents. Estimates of population, including forecasts for 1940, have been made for all parts of the City. Plans of works for main drainage, including large collecting and intercepting sewers and disposal works, have been prepared for the protection of the harbor. Over 5,000 analyses have been made of the harbor waters in the course of investigations to determine the conditions and extent to which sewage can be discharged into the water of the harbor without danger or offense. The subjects of oyster culture and of bathing in the harbor waters have been carefully studied in their relation to the public health.

The Commission's Budget appropriation is sufficient for the publication of a report which will deal with the net result of the Commission's work. The special appropriation here requested will enable the Commission to publish all the essential details upon which the Commission's final opinions will be based.

Respectfully submitted,

GEORGE A. SOPER, President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 11, 1912, the Metropolitan Sewerage Commission requested an authorization of corporate stock in the sum of \$20,000 for the purpose of defraying the cost of preparing and printing original data, with averages, summaries, diagrams, maps and plans, the same, collectively, representing the work of the Commission since it was reorganized in 1908. In connection therewith we report as follows:

The work of the Commission includes investigations of the tidal phenomena of the harbor, with studies of the force and direction of the currents. Estimates of population, including forecasts for 1940, have been made for all parts of the City. Plans of works for main drainage, including large collecting and intercepting sewers and disposal works have been prepared for the protection of the harbor. Over 5,000 analyses have been made of the harbor waters to determine the conditions and extent to which sewage can be discharged into the water of the harbor without danger or offense. The problems of oyster culture and of bathing in the harbor waters have been carefully studied in their relations to the public health.

The President of the Commission states that the special appropriation will make it possible to publish all the essential details upon which the Commission's final opinions will be based.

We are of the opinion that the original records of the Commission should be printed, so that they may be made available to the various Departments of the City government. The services of the Commission will terminate on May 1, 1913.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 639 of the Laws of 1906, as amended by chapter 422 of the Laws of 1908 and chapter 200 of the Laws of 1910, the Board of Estimate and Apportionment hereby appropriates the sum of twenty thousand dollars (\$20,000), for the purpose of defraying the cost of preparing and printing original data, with averages, summaries, diagrams, maps and plans, the same, collectively, representing the work of the Commission known as the Metropolitan Sewerage Commission of New York, appointed to investigate and consider means for protecting the waters of New York Bay and vicinity against pollution, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Corporate Stock Budget Committee recommending that certain resolutions heretofore adopted by the Board authorizing issues of corporate stock for work in the Borough of Queens, under the jurisdiction of the Commissioner of Parks, Boroughs of Brooklyn and Queens, be amended, by making said authorizations available for work under the jurisdiction of the Commissioner of Parks, Borough of Queens, for the reason that these authorizations were adopted by the Board previous to the enactment of chapter 664, of the Laws of 1911, separating the park administration in these boroughs:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 31, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated December 29, 1911, addressed to the Comptroller, the Commissioner of Parks for the Borough of Queens requested that certain authorizations of corporate stock made for work in Queens, under the jurisdiction of the Commissioner for Brooklyn and Queens, be deemed available for the use of the Commissioner in Queens. In some cases the authorizations referred to consist of small unencumbered cash balances. In addition to these cash balances there are four unallotted authorizations as follows:

Erection of comfort station, Kings Park.....	\$10,000 00
Improvement, Rainey Park.....	18,000 00
Improvement, Kings Park.....	3,000 00
Improvement, Linden Park.....	12,800 00

These four authorizations were intended for parks in Queens, and should be made available for work in that Department. The authorizations were made before the enactment on July 11, 1911, of chapter 644 of the Laws of 1911 providing for a Commissioner of Parks for Queens Borough, and separating the park administration of that Borough from Brooklyn.

On the theory that any appropriation made for park work in the Borough of Queens would automatically fall under the jurisdiction of the Commissioner of Parks for that Borough, it would not be necessary to amend the resolution authorizing the corporate stock. However, it appears to us that it would be safer to amend the resolutions and thereby obviate all questions concerning the matter.

Attached hereto are resolutions amending the various authorizations so that they will read "Commissioner of Parks, Borough of Queens" instead of "Commissioner of Parks for the Boroughs of Brooklyn and Queens." We recommend their adoption.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 28, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 1, 1912, the Board of Estimate and Apportionment adopted a resolution authorizing an issue of corporate stock to the amount of \$3,000,000 for repaving of streets and avenues, the amount to be apportioned as follows:

Borough of Manhattan.....	\$1,000,000 00

The Secretary presented the following communication from the Acting President of the Borough of Brooklyn requesting, and report of the Corporate Stock Budget Committee recommending, an additional authorization of corporate stock in the sum of \$30,000, for the Topographical Bureau, office of the President of the Borough of Brooklyn, on work in connection with the making of the City map:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, February 29, 1912.

Corporate Stock Budget Committee, New York City:

Gentlemen—I beg to call your attention to the matter of an appropriation for corporate stock for the use of our Topographical Bureau, for which only \$35,000 was appropriated in the last Corporate Stock Budget.

It seems that the various Topographical Bureaus throughout the City were originally requested to make application for an amount of corporate stock sufficient to supply their needs for six months, or from July, 1911, to January, 1912. In accordance therewith request was made for \$35,000 corporate stock. Before the adoption of the Corporate Stock Budget, your Committee decided that each Topographical Bureau should receive an appropriation which would allow for their expenses until July, 1912. All the other Topographical Bureaus did receive the necessary appropriations, with the exception of the Topographical Bureau in this Borough, for which an appropriation for only six months was made. When the matter was called to the attention of your Committee, we were advised to make application for the additional \$30,000 when the appropriation for \$35,000 was exhausted.

As this amount is practically exhausted, I would respectfully request that your Committee recommend to the Board of Estimate and Apportionment the appropriation of the additional \$30,000 of corporate stock for the use of our Topographical Bureau up to July 1, 1912. Yours very truly,

L. H. POUNDS, Acting Borough President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 5, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 29, 1912, the Acting President of the Borough of Brooklyn requested an additional authorization of corporate stock, in the sum of \$30,000, for the Topographical Bureau in his office, on work in connection with the making of the City map. In connection therewith we report as follows:

In the Corporate Stock Budget for 1911, the Board of Estimate and Apportionment approved an authorization of corporate stock amounting to \$35,000 for the Topographical Bureau. The amount was the estimate for six months, from July 1, 1911, to January 1, 1912. The appropriations for the other Topographical Bureaus were for the full year. The President of the Borough of Brooklyn requested an appropriation of \$65,000 for the year, but through a misunderstanding only six

months' provision was made. Of the \$30,000 requested, it is estimated that \$29,000 will be needed for salaries, and \$1,000 for supplies and incidental expenses. The appropriation is to be applied to the existing schedule for the Bureau.

We recommend approval of the request by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding thirty thousand dollars (\$30,000), in addition to corporate stock heretofore authorized, to provide means for the use of the Topographical Bureau, in the office of the President of the Borough of Brooklyn, in preparing and completing maps and monumenting all territory within said Borough, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purpose aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the President of the Borough of Richmond, referring to communication presented to the Board on September 21, 1911, and referred to the Comptroller, relative to a site for a new court house in Richmond County, urging the selection of a site at St. George, adjacent to the Borough Hall, for said purpose, suggesting that this matter be set down for a public hearing by the Board at the earliest possible date, and submitting with said communication a communication from Messrs. Carrere & Hastings, Architects, in support of said request:

The Comptroller stated that a report on this subject will be ready for consideration at the next meeting of the Board, March 14, 1912.

The Secretary presented a communication from the President of the Borough of The Bronx, recommending the appointment of a committee of the Board to examine into and report upon the advisability of presenting a bill to the Legislature establishing a new bureau for the purchase of automobiles and automobile supplies for The City of New York, and possibly the establishment of a central automobile garage.

The Comptroller announced that it is expected that a report on this subject will be presented at the next meeting of the Board, March 14, 1912.

The following matters, not upon the Calendar for this day, were considered by unanimous consent:

The Comptroller presented the following resolution of the Board of Aldermen requesting an issue of \$11,230 special revenue bonds (subdivision 8, section 188 of the Charter), for the purpose of meeting a deficiency in the Budget allowance for Janitors for the year 1911; communication and resolution of the Board of Education relative thereto and report recommending the approval of said request:

(On February 29, 1912, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller.)

#### In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eleven thousand two hundred and thirty dollars (\$11,230), the proceeds whereof to be used by the Department of Education for the purpose of meeting deficiency in the appropriation for compensation of Janitors for the year 1911.

Adopted by the Board of Aldermen, February 6, 1912, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor, February 20, 1912, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The Committee on Finance respectfully reports that the deficiency in the fund for compensation of Janitors for 1911 was estimated, at the beginning of the year, to be \$66,920.92, and an application of this Board for an issue of special revenue bonds for that amount has been favorably reported by the Comptroller to the Board of Estimate and Apportionment on the request of the Board of Aldermen.

Certain unforeseen liabilities have accrued during the year which were not contemplated in the original calculation. The cost of janitorial services in evening and vacation activities, which fluctuates with the number of rooms in use, has been greater than anticipated.

There is also pending before the Board of Estimate and Apportionment and the Board of Aldermen the matter of the fixation, under section 56 of the Charter, of certain enlarged rates of compensation for Janitors who have been required to render extra services in connection with additions to buildings, new machinery installed, etc.

The accrual of these liabilities will cause a further deficit of \$13,000.

The following resolution is offered for adoption:

Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of thirteen thousand dollars (\$13,000), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, for the purpose of meeting the deficiency in the appropriation for compensation of Janitors for the year 1911, and that the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize such issue upon request of the Board of Aldermen.

A true copy of report and resolution adopted by the Board of Education December 13, 1911.

A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 4, 1912.

#### To the Board of Estimate and Apportionment:

Gentlemen—On February 6, 1912, the Board of Aldermen requested an issue of special revenue bonds in the sum of \$11,230, the proceeds to be used by the Board of Education to cover a deficit in the 1911 Budget appropriation for the compensation of Janitors. In connection therewith I report as follows:

The original appropriation for the compensation of Janitors for 1911 was \$1,402,697.60. This sum included no allowance for extra service in evening schools, recreation centres, vacation schools and kindred activities, which extra service had been costing approximately \$80,000 per annum. The Budget Committee in recommending the appropriation was of the opinion that the pending investigation of the whole matter of janitorial service by the Special Committee of the Board of Estimate and Apportionment would result in economies, making it feasible to reduce necessary expenditures to the allowance made. On January 18, 1911, the Board of Education requested special revenue bonds in the sum of \$66,920.92, for the purpose of maintaining the existing rates of compensation until the Committee had reported. This request was approved by the Board of Aldermen on March 21, 1911, and by the Board of Estimate and Apportionment on December 14, 1911.

Meanwhile it had become evident that the issue of special revenue bonds would be insufficient to cover the deficit, and the Board of Education had already requested the issue of \$13,000 additional. It was stated that the cost of janitorial service in the evening and vacation schools had been greater than was anticipated when the first request was made, and that the extra service on account of the opening of the annex to the Erasmus Hall High School annex and other additions created unforeseen liabilities. Subsequently, upon the advice of the Chairman of the Committee on Care of Buildings of the Board of Education, the Board of Aldermen recommended only \$11,230. The liabilities aggregate \$12,255.11, against which is an available cash balance of \$121.11. It is stated that the balance is to be provided by transfer.

As the unpaid claims involved have now become urgent, I recommend that the

request of the Board of Aldermen be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on February 6, 1912, requesting the issue of special revenue bonds in the sum of eleven thousand two hundred and thirty dollars (\$11,230), the proceeds whereof to be used by the Board of Education for the purpose of meeting a deficiency in the Budget allowance for the compensation of Janitors for the year 1911, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding eleven thousand two hundred and thirty dollars (\$11,230), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following report recommending the transfer of \$10,000 from Miscellaneous, City, Special Contract Obligations (1615), to Board of Estimate and Apportionment, 1390, Contingencies:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 7, 1912.

#### To the Board of Estimate and Apportionment:

Gentlemen—On March 4, 1912, the Secretary of the Board of Estimate and Apportionment requested the transfer of \$10,000 from "some 1912 appropriation" to the 1912 account entitled "Board of Estimate and Apportionment, No. 1390, Contingencies." In connection therewith I report as follows:

On October 26, 1910, the Board of Estimate and Apportionment adopted a resolution authorizing the appointment of a committee to conduct an inquiry into the organization, equipment and methods, both financial and educational, of the Department of Education. A resolution adopted by this Board on December 9, 1910, authorized the payment of any necessary expenses incurred by this committee in 1911, in the employment of experts or otherwise, out of the 1911 budget appropriation for the contingent expenses of your Board. An appropriation for the committee was approved by your Board in the Budget for 1912, but the item was stricken out by the Board of Aldermen and the Mayor.

At present there are unpaid expense bills of the committee for 1912 amounting to about \$8,500. On February 29, 1912, your Board adopted a resolution authorizing that the expenses of the committee be paid out of No. 1390. The appropriation for the account is \$12,000, and the Secretary states that this sum is necessary for the regular expenses. He, therefore, requests the transfer to the account to cover the outstanding bills of the committee. The sum of \$10,000 is available for the transfer from the 1912 appropriation entitled "Miscellaneous, City—Special Contract Obligations, No. 1615, Advertising, not otherwise provided for, including arrearages." The appropriation for No. 1615 was \$175,000.

I recommend the adoption of the attached resolution transferring the \$10,000 to No. 1390. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds, appropriated for the year 1912, as follows:

FROM

MISCELLANEOUS—CITY.

Special Contract Obligations—

1615 Advertising, not otherwise provided for, including arrearages..... \$10,000 00

TO

BOARD OF ESTIMATE AND APPORTIONMENT.

1390 Contingencies ..... \$10,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication from the Fire Department requesting, and report recommending, the modification of schedule No. 852, supporting the appropriation made to the said Department for the year 1912, to provide for an increase in the salary of the position of Secretary to the Commissioner from \$3,000 to \$3,800 per annum, involving the transfer of \$666.67:

Fire Department of The City of New York, Office of the Commissioner, March 2, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller of The City of New York:

Sir—The Board of Estimate and Apportionment and the Board of Aldermen established the position of Secretary to Fire Commissioner at a salary of \$3,800 per annum, which has been in effect since February 6, 1912. To provide funds for the increase in salary it will be necessary to modify Budget lines as per attached schedule. It is, therefore, requested that said modifications be approved by the Board of Estimate and Apportionment. Respectfully,

JOS. JOHNSON, Fire Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 5, 1912.

#### To the Board of Estimate and Apportionment:

Gentlemen—On March 2, 1912, the Fire Commissioner requested modification of three salary schedules supporting appropriations to his Department for the year 1912, involving the transfer of \$800. In connection therewith I report as follows:

In No. 852, General Administration, Salaries, Regular Employees, it is proposed to increase the salary of Lloyd D. Willis, Secretary to the Commissioner, from \$3,000 to \$3,800 per annum.

Mr. Willis was appointed on June 12, 1911, at \$3,000 per annum. The Fire Commissioner states that the duties of the position have been carefully performed by the incumbent and that the establishment of the Bureau of Fire Prevention will add materially to the work and responsibilities of the position. The grade of \$3,800 was established in accordance with the provisions of section 56 of the Greater New York Charter on February 6, 1912. The salaries paid in other City departments range from \$2,500 to \$6,000 per annum.

To provide funds for the proposed increase in General Administration, Bureau of Repairs and Supplies, No. 855, Salaries, Regular Employees, a Clerk at \$900 per annum is to be decreased to \$600; and in the Bureau of Chief of Department, No.

881, Salaries, Regular Employees, a position of Clerk at \$1,200 is to be decreased to \$600.

The following table shows the line item changes in detail:

#### PUBLIC SERVICE COMMISSION.

##### INVITATION TO CONTRACTORS.

##### PART OF LEXINGTON AVENUE ROUTE.

The City of New York, acting by the Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section No. 2-A of the Lexington Avenue Rapid Transit Railroad, including the underlying portion of the Canal Street Rapid Transit Railroad or Route No. 20.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2-A. Beginning at a point under Broadway about ninety (90) feet north of the centre line of Walker street and extending thence northerly under Broadway for about five hundred and thirty (530) feet to a point about fifty (50) feet north of the centre line of Howard street; including the underlying portion of the Canal Street Rapid Transit Railroad, or Route No. 20 extending under Canal street and Broadway and under and across the portion of the Lexington Avenue Route above described a distance of about one hundred and fifty-seven (157) feet.

The general plan of construction calls for a subsurface railroad having four tracks for such portion of the Lexington Avenue Route and two tracks for such underlying portion of the Canal Street Route; all of which are more particularly indicated on the contract drawings.

Bidders will not be required to do the station-finish work, nor to provide or lay tracks, ties or ballast.

The work of construction under the contract will include the construction of all necessary sewers and connections along the route of the railroad in Broadway and in Canal street; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning where necessary, of all buildings, surface railroads and other structures, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and the temporary paving and maintenance of roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders by payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Commission.

Partial payments to the Contractor will be made monthly as the work proceeds as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of forty (40) months.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 22nd day of March, 1912, at twelve (12) o'clock noon, at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Separate proposals must be submitted for the portion of the Lexington Avenue Route above described and for the underlying portion of the Canal Street Route above described. The Commission may accept the proposal for such portion of the Lexington Avenue Route while at the same time rejecting the accompanying proposal for such portion of the Canal Street Route. Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

Statements based upon estimates of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required on such portion of the Lexington Avenue Route and on such portion of the Canal Street Route are to be found in the schedules forming a part of the form of Contractor's Proposal. The quantities given in such schedules are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

If the contract as awarded embraces both such portion of the Lexington Avenue Route and such portion of the Canal Street Route, the Commission further reserves the right to omit such portion of the Canal Street Route upon the terms and conditions stated in the form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 2-A," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company, having its principal office in the City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of Fifteen Thousand Dollars (\$15,000). Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder

shall then deliver a contract in the form referred to, duly executed and with its execution duly approved.

At the time of the delivery of the contract, the Contractor will be required to furnish security to the City by giving a bond for thirty-five thousand dollars (\$35,000) if the contract as awarded embraces only such portion of the Lexington Avenue Route and fifty thousand dollars (\$50,000) if the contract as awarded embraces both such portion of the Lexington Avenue Route and such portion of the Canal Street Route. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen per centum (15%) of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal the sum of One Hundred Thousand Dollars (\$100,000) if the contract as awarded embraces only such portion of the Lexington Avenue Route and One Hundred and Fifty Thousand Dollars (\$150,000) if the contract as awarded embraces both such portion of the Lexington Avenue Route and such portion of the Canal Street Route. Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other Contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.
