The President laid before the Board the following communication from the Commissioner of Parks, Manhattan and Richmond:

No. 784.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, Tenth Floor, June 18, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, City Hall:

Sir—I have the honor to respectfully request that the Board of Aldermen recommend to the Board of Estimate and Apportionment that, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Comptroller be authorized to issue special revenue bonds in the sum of eleven thousand five hundred and twenty dollars ($11,520), the proceeds to be used for expenses in connection with eight piers on which it is proposed to install recreation activities during the vacation period.

As you know, the shade of the piers offers a great advantage to the mothers and children, and to have the activities conducted with music would be giving pleasure and recreation for those who stand most in need of it. The starting of these additional activities would also expedite the work of this Department in getting ready for our pageant which is held in August of each year, in the way of rehearsals, the children being taken in groups from the playgrounds to the piers, as there is no music provided on the playgrounds.

The piers at which it is proposed to open the new recreation centers are as follows: 129th Street, North River; 50th Street, North River; Barrow Street, North River; Rutger Street, East River; Market Street, East River; Third Street, East River; 24th Street, East River; 112th Street, East River.

Two playground and gymnasium Attendants (female) will be required at each pier for the period of sixty days—a total of 960 days, at $2 per day, making nineteen hundred and twenty dollars ($1,920) to be expended for that purpose.

It is anticipated that two folk dances a week will be held at each pier, which will require music, the band to consist of ten men and a leader. This is a procedure of previous years. The cost of this item will be nine thousand six hundred dollars ($9,600). This makes the total of the request $11,520.

This is a move in the direction of centralizing recreation activities in Manhattan.

I cannot urge too strongly your favorable consideration of this request which, to my mind, is a move in the interest of that part of our metropolitan population which in the sultry hot season of the year must find breathing space near home. It seems to me that money spent in this manner is of the greatest benefit to the community at large.

May I hope for the most speedy action necessary on this request so that I may begin work at the earliest possible moment?

Yours very respectfully, CABOT WARD, Commissioner of Parks, Boroughs of Manhattan and Richmond.

The President laid before the Board the following communication from the Chief Clerk, City Magistrates' Courts:

No. 785.

This is to certify that the following resolution was duly passed at a regular meeting of the Board of City Magistrates, First Division, held at No. 300 Mulberry st., on December 22, 1913:

"Resolved, That the Chief Clerk of this Division be and hereby is directed to make request on the Board of Estimate and Apportionment and the Board of Aldermen of The City of New York for an issuance of revenue bonds in the sum of forty-five hundred dollars ($4,500), to pay the salaries of five female Probation Officers, which was left out of the Budget for the year 1914." CHIEF CLERK.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Register of Kings County:

No. 786.

Office of the Register of Kings County, Hall of Records, Borough of Brooklyn, New York City, June 22, 1914.

Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—In accordance with the provisions of subdivision 8 of section 188 of the Charter of The City of New York, I respectfully make application for an issue of special revenue bonds to the amount of $24,000, to pay for the copying of deeds, mortgages, etc., recorded in this office for the balance of the current year.

In the Budget prepared by this office for the Board of Estimate and Apportionment, request was made for an appropriation of $50,000 to pay for the copying work, which is piece work, and is paid for at the rate of 5 cents a folio.

The Board of Estimate and Apportionment, however, appropriated only the sum of $26,000, and this amount will all have been expended by July 15 next, and unless an appropriation is made immediately for this particular work, the entire work of the office will be held up, to the great inconvenience of the pubilc which do business with this office and who pay the legal fee for the proper recording of their papers.

Yours respectfully, E. T. O'LOUGHLIN, Register.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Comptroller:

No. 787.

The City of New York, Department of Finance, Comptroller's Office, June 23, 1914

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—On April 8, 1914, the Commissioners of the Sinking Fund adopted a resolution authorizing the rental of rooms 814 and 815 on the eighth floor, containing approximately 763 feet of floor space, at an annual rental of $1,600, in the Emigrant Industrial Savings Bank Building, No. 51 Chambers st., Borough of Manhattan, for use of one of the Justices of the Supreme Court designated as a member of the Court of Appeals, for a period of one year from April 15, 1914, with the privilege of renewal for an additional year on the same terms and conditions.

This is a new lease, the rent of which is a charge against the County of New York, and as no provision has been made therefor in the rent Budget for the year 1914, it will be necessary to provide money for the payment of the same for a period from April 15, 1914, to December 31, 1914, eight and one-half months, at the rate of $1,600 a year, or in the sum of $1,133.33.

In view of the conditions above recited, and in order that proper provisions may be made for the payment of this rent, I respectfully recommend that your Honorable Board adopt the following resolution:

Resolved, That, in pursuance of subdivision 8, section 188, of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of $1,133.33, the proceeds whereof to be used by the Comptroller for the payment of rent of rooms 814 and 815, on the eighth floor of the Emigrant Industrial Savings Bank Building, 51 Chambers st., Borough of Manhattan, under a lease to the City, from April 15, 1914, to December 31, 1914, for use of one of the Justices of the Supreme Court, designated as a member of the Court of Appeals, the same being a charge against the County of New York. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Bronx Parkway Commission:

No. 788.

Bronx Parkway Commission, 100 Broadway, New York, June 19, 1914.

To the Honorable Board of Aldermen, City of New York, Municipal Building, New York City:

Gentlemen—I am enclosing herewith copy of report of the Corporate Stock Budget Committee of the Board of Estimate and Apportionment, dated April 25, 1914, upon the Commission's application for $33,000 corporate stock for surveys and improvements, which application was submitted to the Board of Estimate on September 8, 1913, in accordance with section 16 of chapter 594 of the Laws of 1907.

At a meeting of the Board of Estimate on June 5, 1914, this report was considered and the following resolution adopted:

"Resolved, That the Secretary of this Board transmit to the Bronx Parkway Commission a copy of the report of the Committee on Corporate Stock Budget, dated April 25, 1914, in regard to the request for $33,000 corporate stock for the expenses of the Bronx Parkway Commission for 1914, an dthat the said Commission be notified that, in the opinion of this Board, it will be more appropriate to issue special revenue bonds for all except $9,907.50, the City's share of the expenses, and that application be made to the Board of Aldermen for the issue of special revenue bonds under subdivision 8, section 188, of the Greater New York Charter."

In pursuance of this resolution and under authority of section 16, chapter 594, of the Laws of 1907, as amended, the Bronx Parkway Commission hereby makes application to your Honorable Board for an issue of special revenue bonds, in amount $23,092.50, under subdivision 8, section 188, of the Greater New York Charter; this amount being the remaining portion of $33,000 applied for by this Commission in accordance with the Parkway law above cited, and being the balance of the City's share for surveys and improvements to be made available under said application.

These funds are required for the payment of salaries of the engineering and labor forces and for work which is required to be done during the present open season.

Respectfully, MADISON GRANT, President.
April 25, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On September 8, 1913, the Bronx Parkway Commission requested the issue of $33,000 corporate stock for necessary expenses for procuring surveys, preparing maps and plans and improving the lands acquired and to be acquired by the Bronx Parkway Commission for the Bronx Parkway.

No authorization for corporate stock has been made in response to this request, but the Budget Committee, in recommending the Budget for 1914, included an account for the Bronx Parkway Commission as follows:

1420TC Salaries and Expenses	$54,000 00
Tax Levy Allowance	$21,000 00
Corporate Stock Allowance	33,000 00
Total Allowance	$54,000 00

This account was not scheduled in detail in the Budget. Only the $21,000 tax levy was actually appropriated. The object of the Budget Committee is scheduling the corporate stock allowance as $33,000 was simply to indicate its approval of an expenditure of that amount.

This $33,000 in corporate stock represents only three-fourths of the total proposed corporate stock for the year 1914. The remaining one-fourth is a charge against the County of Westchester, which has already appropriated $11,000, its share of the expense. This amount has been paid by the County to the Comptroller of The City of New York and has been used by the Commission for its disbursements for the first four months of the year. The amount is now about exhausted, and it will be necessary to provide that part of the appropriation for which The City of New York is responsible.

Chapter 594 of the Laws of 1907 gives the Commission the authority to employ and discharge, at pleasure, the Secretary, Engineer, Landscape Architect and all such officers and employees as may be necessary, and also to fix their compensation. The law provides for the payment of the expenses for procuring surveys, preparing plans and maps and improving the lands during the ensuing year, one-fourth of the expense to be borne by the County of Westchester and three-fourths by The City of New York. It is provided that these expenses should be paid upon proper requisition by the Commission. The same law provides for the payment of salaries of Commissioners, office employees, incidental rent and expenses, three-fourths of which charge shall be included in the annual Budget. It is this latter charge which is provided for by the $21,000 tax levy allowance included in the 1914 Budget.

With the $44,000 in corporate stock for The City of New York and the County of Westchester, the Commission proposes to pay salaries and expenses for the present topographical engineering force which is engaged in obtaining an accurate and careful topographical survey and in preparing maps of the entire reservation. The data which this force will accumulate is to be used as a basis for the ultimate improvement of the parkway.

The topographical force is engaged at present in checking and revising surveys and maps obtained two years ago, which are used as title maps, and as a basis for acquisition of all the lands to be acquired. The Commission feels that the accuracy of these maps is a matter of great importance, involving, as they do, the integrity of the Commission's titles.

In addition to the topographical and map revision work, an amount of about $4,000 has been estimated for appraisals of lands and buildings in order that the Commission can obtain necessary information to aid it in determining the prices to be paid. The Commission states that no general improvement work is contemplated this year, but a force is engaged in preserving the natural growth of trees upon the property already acquired. This force consists of tree trimmers and foresters. The men are now trimming and doctoring trees to restore them to the healthiest possible condition. They are also employed to prevent the ravages of insects. A portion of the corporate stock will be used for a nursery, upon which a large number of small plants have been planted. These will be ready within a few years for planting and screening purposes and for covering the naked tracts. The Commission expects to save a considerable amount of money by raising its own nursery stock, instead of purchasing in the open market.

A part of the expense in 1914 will be the removal of a spoil bank on lands donated by Miss Emily O. Butler. This bank is unsightly and should be removed. In order to obtain the benefit of $2,500 allowed by the New York Central Railroad for the diversion of the river at North White Plains, the Commission will use a part of the 1914 appropriation for this purpose. It is expected that the total cost of diversion will be $6,000.

A force of Laborers to clean up after the tree trimmers, and to clear the lands and put them in proper sanitary condition, will be engaged throughout the year. A total estimated cost of all the work planned for the year, outside of that charged by the Budget appropriation, is $44,000.

By far the greater part of the expense of the Commission should be charged to the Budget appropriation, but the present law appears to contemplate the use of corporate stock. However, the law does not exclude the use of revenue bonds, and in our opinion revenue bonds should be issued for the necessary work not properly chargeable to corporate stock in 1914, and hereafter such work be provided for in the Budget. A tentative amendment to the law has already been drafted and submitted to the Commission for its approval. This amendment, if enacted into law, would make it clearly possible for the Board of Estimate and Apportionment to include its portion of the expenses in the Budget with detailed schedules by which all the expenditures could be controlled. The $44,000, of which the $33,000 now requested represents the City's share, is roughly divided as follows:

Topographical work and appraisals	$16,000 00
General improvement work	28,000 00

The $28,000 desired for the general improvement work is divided as follows:

Salaries	$4,000 00
Wages	13,200 00
River diversion	3,500 00
Removal of spoil bank	1,000 00
Development of the nursery	2,500 00
Miscellaneous	3,800 00

The wage item in this list is for a force of Tree Trimmers and Laborers. This work should be regarded as maintenance and the City should not be issuing 50-year bonds to pay for such services. The $4,000 item for salaries is for an Engineer, Forester and a Clerk. This, in our opinion, is clearly a current charge and should not be paid from corporate stock. The diversion of the Bronx River at White Plains is, we believe, a proper charge against corporate stock. The estimated cost is $3,500.

The removal of the unsightly spoil bank from the property donated by the Butler estate is another feature of the work which we believe can be charged to corporate stock.

The item of $2,500 for the development of the nursery is in one sense a proper charge against corporate stock, as the nursery is to grow trees for the future development of the park. Some of these trees will no doubt live for a great many years. However, we think it would be best to maintain the nursery from current appropriations.

The miscellaneous item of $3,800 is chiefly for the removal of objectionable features of the same nature as the spoil bank. This work is to be done by contract. It is work that will have to be done only once, and it, therefore, does not come under the class of current expenses, as would the salaries and wage items.

We recommend that this item be allowed from corporate stock.

The $16,000 item for topographical work and appraisals is divided into $11,090 for salaries for the topographical force and $4,910 for appraisals and preparation of maps and plans. The item for appraisal and preparation of maps and plans is properly a part of the purchase price, and is in the same class as the purchase price of lands to be acquired, as the appraisals and preparations of maps and plans to be paid from this item will be used in the acquisition of property.

The $11,090 for salaries of the topographical force is to pay the salaries of a force engaged in bringing maps up to date and in planning for the future development of the parkway. This is a current appropriation, which will have to be met year after year. For that reason we believe that it should not be paid from corporate stock.

We recommend that this Board consider as proper corporate stock charges items as follows:

Appraisals and preparation of maps and plans to be used in connection with acquisition of property	$4,910 00
Diversion of the Bronx River	3,500 00
Removal of spoil bank	1,000 00
Miscellaneous charges in connection with permanent improvements	3,800 00
Total	$13,210 00

The three-quarters of this amount to be borne by the City of New York is $9,907.50.

We recommend that corporate stock for this amount be authorized.

The City's share of the $30,790 not properly chargable to corporate stock is $23,092.50.

We recommend that the Commission be notified that request for revenue bonds should be made to the Board of Aldermen for this part of the expense. It would costs the tax payer almost $3 before the corporate stock is amortized, we feel that a close distinction should be made between current expenses and the cost of considered that every dollar paid in salaries and wages from corporate stock proceeds costs the tax payer almost $3 berfore the corporate stock is amortized, we feel that a close distinction should be made between current expenses and the most of construction of improvements which will last for all time, and which will be done but once. Attached hereto are resolutions which, if adopted, will carry our recommendations into effect. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEO. McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, May 27, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On March 13, 1914, you referred to this Committee a communication from the Fire Commissioner, dated March 10, 1914, requesting $249,870 in corporate stock for the purchase of motor apparatus for the Fire Department, as follows:

Thirty tractors at $3,750	$112,500 00
Twenty auto tenders at $4,045	80,900 00
Five auto hook and ladder trucks, at $7,394	36,970 00
Three gasoline motor driven pumping engines, at $6,500	19,500 00
	$249,870 00

The 30 tractors and 20 tenders will permit of a reduction of 140 horses in service in the Department. The estimated average life of a tractor or tender is twenty years.

The annual tax budget cost of renewal and maintenance of 140 horses and equipment is approximately $31,185. A similar cost of the proposed motor apparatus, including interest and amortization on $193,400, 4¼ per cent. twenty-year corporate stock, and also gasoline, oil and repairs to motors, is $25,513.98. If the additional $56,470 were allowed for the five auto trucks and three engines, which are requested in order to provide spare motor apparatus, the total annual budgetary cost would be $30,014.63.

The detail of this comparison is as follows:

Annual Tax Budgetary Cost of 140 Horses and Equipment.

Annual purchase to replace, on a seven-year life basis, 20 horses at $350	$7,000 00
Forage, 140 horses at $0.35 per day	17,885 00
Stable equipment	500 00
Harness and repairs	900 00
Horseshoeing, 140 at $35	4,900 00
	$31,185 00

Annual Tax Budgetary Cost of Maintenance of 30 Tractors, 20 Auto Tenders and Repairs for Same, and for 5 Trucks and 3 Engines (Spares), Including Amortization and Interest on $249,890, 20-Year Corporate Stock.

Interest, 4¼ per cent. on $249,870	$10,619 47
Installments payable .0372 on $249,870	9,295 16
Gasoline	1,500 00
Lubricating oil	600 00
Repairs, 30 tractors at $200 and 20 tenders at $100	8,000 00
	$30,014 63

The gasoline, lubricating and repair cost is additional to similar expenses for the present apparatus and applies to the motor feature only; it is expected that the apparatus repairs will remain the same. The gasoline is allowed upon a mileage basis; the actual cost for the first year will be considerably higher, due to the "breaking in" of chauffeurs.

It appears, from an economic point of view, without even considering the increased efficiency of the motors, that the purchase of apparatus out of the proceeds of twenty-year corporate stock would be advantageous, as compared with horse maintenance.

It is stated that the necessity for the purchase of the apparatus at this time is due to the lowered efficiency of the live stock of the department; and that during this year it is intended to sell at auction all horses which have fallen below the standard.

There will undoubtedly be considerable need for either tractors or horses, because no horses have been purchased recently and less than the usual annual supply purchased for some period back. An appropriation of $79,000 for apparatus in the 1914 Budget was allowed in lieu of horses and forage. When this is expended the number of horses will be reduced to about twelve hundred, of which it is stated many will be below the standard.

In order to meet this condition and to provide such additional apparatus as newly organized companies may require, and spare motor apparatus, it will be necessary to approve the request, at least, in part.

The progressive policy in fire deparments to-day is for the complete motorization of all apparatus, because of the economy of maintenance as compared with horses. To meet the cost of the complete motorization of the department would require at least one million three hundred and fifty thousand dollars.

As compared with twenty-year corporate stock, it would be even more economical if a gradual motorization of the department were provided for out of tax budget funds from year to year, as it becomes expedient to condemn horses. The necessary annual appropriation would not be very much in excess of what ordinarily would be appropriated for the purchase of horses, forage and other maintenance.

We believe that a large authorization of twenty-year corporate stock at this time will, in addition to meeting present needs, provide a basis, from which the gradual further and full motorization may be provided for by tax budget allowances. Spare apparatus can be secured by tractoring present spares, and by releasing some of the engines in the high pressure districts.

We recommend the adoption of the attached resolution authorizing two hundred thousand dollars in twenty-year corporate stock for the purchase of motor tractors and motor tenders. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Committee on Corporate Stock Budget.

No. 791.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred and forty-two thousand dollars ($142,000), maturing not more than ten (10) years after date of issue, to provide means for the repaving of the roadway of Riverside drive, from 113th st. north around the east side of Grant's Tomb Reservation to the viaduct, including the viaduct plaza, and thence southerly along the west side of Grant's Tomb Reservation to the intersection at 120th st., with a bituminous pavement on a concrete foundation, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid, provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contracts, plans, specifications and estimates of cost pertaining to the same, and that no part of such proceeds shall be used for the payment of fees of any architect, engineer, or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for the payment of any salary or wage of departmental employees, except after approval by the Board of Estimate and Apportionment, and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the Commissioner of Parks, Boroughs of Manhattan and Richmond, is directed to submit to this Board for its approval forms of contracts, plans, specifications and estimates of cost, prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized, and said Commissioner is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, April 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On November 6, 1913, the Commissioner of Parks, Borough of Manhattan and Richmond requested an authorization of corporate stock to the amount of $150,000 to provide means for the repaving of Riverside Drive from 113th street to the Viaduct near 129th street, with a bituminous pavement.

During 1913, the roadway of Riverside Drive, exclusive of the service roads, and the area of the north approach to Cathedral Parkway, was repaved by the Department of Parks with a bituminous pavement on a concrete foundation, from 72d street to 113th street.

It is now proposed to continue the repavement of the Drive with a similar pavement from 113th street, north, around the east side of the Grant's Tomb Reservation to the Viaduct, including the Viaduct Plaza and thence southerly along the west side of the Grant's Tomb Reservation to the intersection at 120th street.

This section of the driveway has recently been examined by engineers of the Bureau of Contract Supervision and is reported as being in extremely bad condition.

The superficial area proposed for repavement is 44,000 square yards.

The Engineers of the Bureau of Contract Supervision have estimated that the cost of the improvement should not exceed $142,000.

We recommend the adoption of the attached resolution which will approve the issue of corporate stock maturing not more than ten years after issue to the amount of $142,000 for repaving Riverside Drive from 113th street to the Viaduct near 129th street. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brook-

lyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Committee on Corporate Stock Budget.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment June 19, 1914, referring to resolution adopted June 12, 1914, recommending to the Board of Aldermen the establishment, in accordance with section 56 of the Charter, of various grades of positions in the Department of Licenses, and withdrawing from the consideration of the Board of Aldermen, and recommitting to the Committee on Salaries and Grades of the Board of Estimate and Apportionment, for further consideration, the various positions set forth therein.

Yours very truly, JOSEPH HAAG, Secretary.

Whereas, At a meeting of the Board of Estimate and Apportionment, held on June 12, 1914, a report of the Committee on Salaries and Grades recommending the establishment of certain positions in the Department of Licenses, was presented and a resolution adopted accordingly, and forwarded to the Board of Aldermen, in accordance with section 56 of the Charter; and

Whereas, It appears that in said report there were contained, through inadvertence, reductions in salaries; and

Whereas, Some of these reductions violated the Municipal Civil Service law by crossing grade lines; therefore be it

Resolved, That the following positions be withdrawn from the Board of Aldermen and recommitted to the Committee on Salaries and Grades for their further consideration:

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment June 19, 1914, recommending the establishment in the Board of Estimate and Apportionment (Division of Standardization of Supplies) of the grade of position of Examining Inspector, Purchase and Supplies, at $1,800 per annum, for one incumbent.

I also transmit copy of report of the Committee on Salaries and Grades relative thereto. Yours very truly, JOS. HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of Estimate and Apportionment of the grade of position, in addition to those heretofore established, as follows:

Examining Inspector, Purchase and Supplies.....	$1,800 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment, June 19, 1914. JOS. HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 10, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 9, 1914, the Director of the Bureau of Standards of your Board requested the establishment in the Board of Estimate and Apportionment of the grade of position of "Examining Inspector, Purchase and Supplies," for one incumbent, at a salary of $1,800. This request is made for the purpose of enforcing the proper use of standard specifications by City Departments in accordance with the terms and conditions of the Budget. As a result of an agreement with the Comptroller a definite procedure has been adopted and is now in operation whereby all contracts for the purchase of supplies in City Departments are reviewed by the Division of Standardization of Supplies, in the Bureau of Standards, as to their conformity with standard specifications. The duties of this Inspector would be to keep in constant touch with the purchasing officials of the various Departments, instruct them in the use of standard specifications, investigate their actual operation as to practicability and economy and report to the chief of the division the results obtained through the use of different specifications. The work of the Division of Standardization of Supplies has been handicapped by the lack of such supervision. We recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The President laid before the Board the following communications from the President, Borough of The Bronx:

No. 794.

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St. Office of the President, June 23, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—I have given the matter of the establishment of markets in this Borough considerable thought during the five months of my tenure of office and am convinced that it will be wise to establish what I would term a "farmers' market" on a plot of ground approximately 200 feet square, bounded by Southern boulevard, Willis ave. and 132d st., which has not yet been opened. This plot of ground is part of the area acquired for the use of the approach to the Willis Avenue Bridge, part of which was turned over to the Park Department as a playground in December, 1911.

I have taken up this matter with the Park Commissioner, who has stated that, in his opinion, this plot is not satisfactorily situated for a playground, in view of the fact that there are so few children in the neighborhood. No work whatever has been done by the Park Department toward developing this plot as a playground or park.

The question of transferring jurisdiction over the part under the jurisdiction of the Bridge Department under the east approach to the Willis Avenue Bridge has been discussed with them and they have denoted their willingness to have it assigned to this office for the purpose above mentioned.

This location is on the direct line of travel now taken by farmers from Westchester and the surrounding country going to the Harlem Market, as well as convenient for Long Island farmers crossing on either the Clason Point ferry or the 96th Street ferry. It is also most conveniently located for merchants from this Borough on their way to the Harlem Market and to the railroad yards in this vicinity.

I therefore request the honorable Board to pass a resolution designating the plot of ground approximately 200 square feet, bounded by Southern boulevard, Willis ave. and 132d st., as a market site.

Very truly yours, DOUGLAS MATHEWSON, President of the Borough of The Bronx.

Which was referred to the Committee on Markets.

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, June 23, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—Request is hereby respectfully made that a resolution be adopted by the Board of Aldermen requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in the sum of $1,399.50 for the purpose of defraying the cost of the employment at the Bronx County Court House, 161st st. and 3d ave., of one (1) Elevatorman, two (2) Engineers and one (1) Fireman, for the period as below set forth, viz.:

1 Elevatorman, from October 1 to December 31, 1914, at $840 per annum.	$210 00
1 Engineer, from September 1 to December 31, 1914, at $4.50 per day, 122 days	549 00
1 Engineer, from November 1 to December 31, 1914, at $4.50 per day, 61 days	274 50
1 Fireman, from September 1 to December 31, 1914, at $3 per day, 122 days	366 00
	$1,399 50

The revenue bond issue already allowed will be sufficient only to the commencement dates as above shown, and request is now made for funds for the purpose for the balance of the year, and application is made at this time in order that said funds may be forthcoming when required.

Respectfully, DOUGLAS MATHEWSON, President, Borough of The Bronx.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Comptroller:

No. 796.

The City of New York, Department of Finance, Comptroller's Office, June 23, 1914.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—It is very necessary, in order to relieve existing conditions in New York City, to provide for the acquistion of additional land adjacent to the Seaview Hospital, in the Borough of Richmond. There is now available for such purpose about 200 acres.

I would therefore request that your Board adopt a resolution selecting and determining as an addition to the Seaview Hospital in the Borough of Richmond, the premises shown on the enclosed map and more particularly described in a memorandum hereto attached. Respectfully,

WM. A. PRENDERGAST, Comptroller.

In connection therewith Alderman Curran submitted the following ordinance, and moved its adoption:

AN ORDINANCE selecting a site for an addition to the Seaview Hospital, in the Borough of Richmond.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby selects as a site for an addition to the Seaview Hospital in the Borough of Richmond the following lands and premises located in the County of Richmond, in The City of New York, described in metes and bounds, as follows:

"All the lands and premises situate in the 2d Ward, Borough and County of Richmond, State of New York:

"Excepting therefrom all such portions thereof and interests therein as are now owned by The City of New York."

Sec. 2. The Corporation Counsel is hereby authorized and directed to institute condemnation proceedings for the acquisition of said lands and premises.

Sec. 3. This ordinance shall not preclude the acquisition of the above lands and premises, or any part thereof, by purchase from the owner or the respective owners thereof, at a price authorized by the Board of Estimate and Apportionment.

Sec. 4. The Clerk of this Board is hereby directed to prepare two similar surveys, maps or plans of said lands and premises and file the same—one in the office of this Board and one in the office of the Clerk of the County of Richmond, in accordance with the provisions of section 1436 of the Greater New York Charter.

Sec. 5. This Ordinance shall take effect immediately.

The President put the question whether the Board would agree to adopt said ordinance.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Bosse, Brush, Burden, Carberry, Chorosh, Cunningham, Curran, Delaney, Dixson, Dostal, Dotzler, Dowling, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Eagan, Fink, Gaynor, Hamilton, Hogan, Igstaedter, Jacobson, Kenney, Kochendorfer, Levy, McCann, McCourt, McGarry, Moore (Jesse D.), Moran, Mullen (Frank), Mullen (Jas. ORDINANCES AND RESOLUTIONS.

No. 797.

By Alderman McCourt—

Whereas, The United States is the only established government in the world which does not make some provision for its veteran civil servants; and

Whereas, It has clearly demonstrated in actual business practice for many years by corporations and private employers that the problem of superannuation is best taken care of through a system of retiring allowances; and

Whereas, Such a system, if adopted by the United States, would secure to the government increased efficiency in the service of its various departments, greatly outweighing the comparatively small expense of its operation; and

Whereas, There has been introduced in the Sixty-third Congress of the United States, by the Hon. James A. Hamill of New Jersey, a bill known as H. R. 5139, which provides for the retirement of superannuated or disabled federal employees, on an annuity commensurate with their length of service; therefore be it

Resolved, That the Board of Aldermen of The City of New York hereby endorses H. R. 5139 and urge Congress to take early action on this question; and be it further

Resolved, That a copy of these resolutions be sent to the Hon. Atlee Pomerene, Chairman Senate Committee, Civil Service and Retrenchment, Washington, D. C.; Hon. Hannibal Godwin, Chairman House Committee on Reform in the Civil Service, Washington, D. C., and to each of the two United States Senators from this state at Washington, D. C.

Which was referred to the Committee on Pensions.

Alderman Igstaedter called from file No. 565, and moved that so much thereof as is embraced in the following resolution be adopted:

No. 565A.

Resolved, That the Board of Aldermen hereby approves of and concurs in so much of the resolution adopted by the Board of Estimate and Apportionment on April 24, 1914 (No. 29), (Board of Aldermen No. 565), recommending the establishment in the office of the Mayor various grades of positions, in addition to those heretofore established therein, as relates to the following:

Stenographer and Typewriter	$1,200 00	1

The President put the question whether the Board would agree to adopt said resolution.

REPORTS:

That, after a re-examination of this subject, it has prepared a substitute ordinance which it feels thoroughly covers the point at issue, and settles satisfactorily this question of the decision of disputes as to responsibility of owners.

It, therefore, recommends that the accompanying second substitute ordinance be adopted.

SECOND SUBSTITUTE.

AN ORDINANCE, Providing for the Regulation of Partition Fences and Retaining Walls in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. All partition fences in The City of New York, unless erected under some specal agreement, shall be so built that the dividing line between the properties shall run through the centre of such fence in each case, and shall be built and maintained at the joint expense of the owners of the land on each side.

Section 2. When the regulation of a lot, in conformity, with the street or streets on which it is situated, shall require the ground of such lot to be raised and kept up higher than the ground of the adjoining lot or lots, provided the ground of such adjoining lot or lots is not maintained at a grade lower than in conformity with the street on which they are situated, and a retaining wall for supporting the same shall be necessary, such retaining wall shall be made and maintained jointly by the owners of the land on each side and shall stand one-half upon the land of each owner, provided, however, that if the owner of the lot having the lower grade shall bear and discharge the entire cost and expense of the making, such retaining wall shall be built entirely upon the lot having the higher grade and shall thereafter be maintained jointly by the owners of the land on both sides thereof.

Section 3. Where an excavation has been made on any lot, but not below the legal grade in conformity with the street on which that lot fronts, and the land adjoining it has no building or permanent structure thereon, other than frame sheds or structures of like character, and where a retaining wall shall be necessary to support the adjoining earth, such retaining wall shall stand one-half upon the lot of each owner and shall be made and maintained jointly by the owners of the land on each side, provided, however, that if the owner of the lot having the lower grade shall bear and discharge the entire cost and expense of the making, such retaining wall shall be built entirely upon the lot having the higher grade and shall thereafter be maintained jointly by the owners of the land on both sides thereof.

Section 4. Where any owner or owners shall insist on maintaining his, her or their ground either higher or lower than the legal regulation as hereinafter provided, the surplus retaining wall which may be necessary to support such height or provide for such excavation shall be made and maintained at the sole expense of such owner or owners.

Section 5. All retaining walls required under this ordinance shall be constructed in accordance with the provisions of the Building Code.

Section 6. Any retaining wall erected or provided under the requirements of this ordinance so as to stand partly on the land of each owner may be removed by either owner when the necessity for such retaining wall no longer exists.

Section 7. The regulation of lots in conformity with the street or streets on which they are situated shall be calculated at an ascent of two inches in every ten feet, measured from the curb in a direction at right angles or normal thereto; provided that in the case of a lot having more than one street frontage when so situated that the street frontages intersect the curb along the longest street frontage shall be used, and when so situated that the street frontages do not intersect the curb along each frontage shall be used to one-half the depth of the lot between street frontages.

A lot as defined in this section shall be deemed and construed to mean a parcel of land not over twenty-five feet by one hundred feet in one ownership whether adjacent land be in the same ownership or not.

Section 8. If any person or persons whose duty it may be to jointly make or repair any partition fence or retaining wall, or any part thereof, in pursuance of the provisions of this ordinance, shall neglect so to do, or to join in so doing, for six days after being requested, in writing, by the owner or owners of the adjoining ground, it shall be lawful for such owner or owners of such adjoining ground to make or repair such partition fence or retaining wall, or cause the same to be done, and to recover from such person or persons such share of the expense of making or repairing so much thereof as is necessarily made or repaired by him, her or them, together with costs of suit, in any court having cognizance thereof.

Section 9. In case of any dispute between the parties as to what part or portion of the expense shall be borne and discharged by each party for building or maintaining any partition fence or wall, and in all cases of dispute concerning the sufficiency of any fence or wall in The City of New York, the matter shall be determined by the superintendent of buildings of the borough in which such partition fence or wall may be situated.

Section 10. All ordinances or parts of ordinances of the former municipal or public corporations consolidated into The City of New York inconsistent or conflicting with the provisions of this ordinance are hereby repealed, to wit, sections 43 to 55, inclusive, of Part 2; sections 30 to 42, inclusive, of Part 3; and sections 28 to 39, inclusive, of Part 4, of the Code of Ordinances of The City of New York.

Section 11. The superintendent of buildings in each borough may in order to secure the purposes of this ordinance notify in writing any owner or owners of anything required to be done under the provisions thereof. Any failure to proceed within ten days in accordance with such notice and to comply within a reasonable time thereafter shall subject the responsible parties to a penalty of not less than ten dollars nor more than fifty dollars, and in addition one dollar for each and every day that such failure to comply shall continue after due notice to such owner or owners.

Section 12. This ordinance shall take effect immediately.

No. 757 (G. O. No. 331).

The Committee on Finance, to which was referred on June 16, 1914 (Minutes, page 621), the annexed petition of the widow of the late Judge Bischoff for his salary to expiration of term of office, respectfully

REPORTS:

That, having examined the subject, it believes that this power rests only with the State Legislature.

It therefore recommends that the said paper be ordered on file.

HENRY H. CURRAN, FRANK J. DOTZLER, JOHN DIEMER, F. H. STEVENSON, JESSE D. MOORE, F. H. WILMOT, C. AUGUSTUS POST, D. M. BEDELL, JOHN S. GAYNOR, FRANCIS P. KENNEY, Committee on Finance.

To the Honorable the Board of Aldermen of The City of New York:

The petition of Elizabeth Bischoff respectfully shows: Your petitioner is the widow of the late Henry Bischoff, who was a Justice of the Supreme Court for many years past, and whose last term of office would have expired on December 31, 1917, had he lived.

Justice Bischoff died on the 28th day of March, 1913, while in the active discharge of his judicial duties, by being killed in an accidental manner in the elevator in No. 51 Chambers st., Borough of Manhattan, City of New York, where the City of New York had provided for him his judicial chambers. Justice Bischoff on the 28th day of March, 1913, and for some time prior thereto, had been sitting as a Justice in Special Term, Part 2, and had on that day signed an order in a case then pending before him, and proceeded on that day, with the order in his pocket, across to his chambers in No. 51 Chambers st., to have the same entered in his personal docket, and then in the regular way, transmitted by his clerk to the files of the court for entry.

Justice Bischoff at that time was sixty-one years old, in perfectly good health, and had been for some time. He always devoted his entire time to his judicial duties, including the vacation months. He carried no life insurance for the benefit of your petitioner, and your petitioner is informed that there will be nothing left for her owing to litigation and claims, in which your petitioner takes no part, and is not an executrix under his will. Your petitioner has received nothing from his estate.

Your petitioner is informed that the County of New York paid toward the salary of Judge Bischoff the sum of $7,500 yearly, which is the proportion the County is obliged to pay according to law.

Justice Bischoff was paid his salary to March 1, 1913, and that to April 1, 1913, was paid to his executors. Your petitioner has received nothing from the County of New York, and cannot, unless the City is directed by your honorable body to audit and allow your petitioner the amount of the salary which would have been paid to your petitioner's husband as Justice of the Supreme Court from April 1, 1913, to December 31, 1913, had he not been killed as aforesaid.

In view of the long and faithful services which your petitioner's deceased husband has rendered the State and the County, and in view of the facts and circumstances herein set forth, and that Justice Bischoff's term would not have expired until January 1, 1918, had he lived, your petitioner respectfully and earnestly prays that you direct the authorities of The City of New York to audit and allow and pay your petitioner, as such widow, the sum of $5,625, which is the amount of salary her deceased husband would have received had he lived to December 31, 1913.

And your petitioner will ever pray.

Dated, New York, May 15th, 1914.

ELIZABETH BISCHOFF, Petitioner.

State of New York, County of New York, ss.:

Elizabeth Bischoff, being duly sworn, says that she is the petitioner named in the foregoing instrument; that she has read the foregoing instrument and knows the contents thereof; that the same is true to her own knowledge, except as to the matters therein stated to be alleged on information and belief and that as to those matters she believes it to be true. ELIZABETH BISCHOFF.

Sworn to before me this 15th day of May, 1914. HENRY J. WEHLE.

City of New York, Law Department, Office of the Corporation Counsel, New York, May 29th, 1914.

To the Honorable the Board of Aldermen, City of New York:

Sirs—On March 9, 1914, I wrote to your Board requesting that you recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue special revenue bonds amounting to $6,200 to defray the cost of the removal of the offices of this Department to the Municipal Building. The amount requested in that letter was based upon an estimate obtained from the architects. Since then bids for the various kinds of work have been obtained from a large number of concerns and it appears that the amount needed will be $16,400. The bids which have been received are as follows:

Linoleum.

Bids were received from the following:

Conradson & Hill, 200 5th ave., New York; E. H. Pepper, 120 W. 31st st., New York; Abraham & Straus, Brooklyn; John Wanamaker, New York City; David E. Kennery, 48 W. 38th st., New York.

The lowest bid received was that of Conradson & Hill, who are now doing the work for the Finance Department, and who offered to lay the linoleum at the same price as they are receiving for that work, that is: To supply and lay 3-16 inch brown battleship linoleum, laid on heavy felt paper and cemented to the floor, for $1.20 per square yard.

It is necessary to cover the floors of the rooms occupied by the Stenographers and the general Clerks' office, where it is not practicable to use rugs. These floors contain about 700 square yards and the cost will be approximately $840.

It will be noted that only one firm submitted a bid for removing the steel furniture. That is explained by the fact that the cost of the work of taking apart the cases and reassembling them in the new building is so uncertain that no concern except the firm who originally erected the furniture is willing to submit a bid.

For a similar reason we were able to obtain only one bid for the electric work. No firm, except the concern who are now doing the electric work in the building, was willing to bid on work where it was so difficult to determine the cost.

The lowest bids received show that the cost of the removal of our offices will be as follows:

For moving steel furniture	$9,500 00
For electric work	3,863 00
For moving equipment, books, records, etc.	1,000 00
For carpenter work, temporary shelving, etc.	1,195 00
For linoleum	840 00
	$16,398 00

My former application was referred to the Finance Committee of your Board and the Chairman of that Committee suggested that the amount be expended from the regular budget appropriations for this Department, and that later in the year an application be made for special revenue bonds. I do not think it would be advisable to proceed in that manner when the appropriations for the current year were fixed by the Board of Estimate and Apportionment. They were based upon the actual expenditures for the previous twelve months, and the amounts allowed for various purposes will cover only the usual operating expenses of the Department, and there will be no balance in any of the appropriations from which the expenses of moving could be paid.

I do not feel at liberty to spend from our regular appropriations so large a sum, relying upon obtaining an issue of revenue bonds later to make up the deficit. In a matter involving the expenditure of such a large sum, I feel that the fund should be appropriated by the proper authorities before it is expended.

When this matter came before your Committee on Public Letting, upon an application for permission to spend $16,400 without advertising for bids, that Committee reported as follows:

"That the letter of application contains a very full statement of the efforts made to secure bids on the various items embraced in the request. It is evident that as much care has been taken in this matter as if the formal specifications had been drawn and advertising had thereon. After careful scrutiny, the Committee is convinced that the City's interests have been fully protected, and it recommends that the accompanying resolution be adopted."

I therefore request that your Board recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue special revenue bonds, amounting to $16,400, for the removal of the effects of the Law Department to the new Municipal Building, necessary carpenter work, shelving, electric work, etc., and the purchase of linoleum. Yours respectfully,

FRANK L. POLK, Corporation Counsel.

City of New York, Department of Finance, June 15, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, City of New York:

Dear Sir—In reference to a communication dated May 29, 1914, addressed to your Board by the Corporation Counsel, Law Department, which communication was subsequently referred by the Committee on Finance to this Department, transmitted herewith you will find a copy of a report prepared by the Bureau of Municipal Investigation and Statistics, dealing with the request made in the letter referred to for an issuance of special revenue bonds to an amount of $16,400.

Very truly yours, WM. A. PRENDERGAST, Comptroller.

June 15, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—On May 29, 1914, the Corporation Counsel, applied for an issuance of $16,400 in special revenue bonds to defray the cost of the removal of the furniture and effects of the Law Department to the Municipal Building.

The offices of the Law Department are to be removed from the Hall of Records to the Municipal Building, space having been assigned on the 15th, 16th and 17th floors.

The Board of Aldermen granted permission to the Department to enter into contracts for the work without public advertising. Bids have been solicited for the removal of its effects and other expenses incidental to placing the new quarters in a satisfactory condition. The lowest estimates received are as follows:

Moving steel cases and reassembling in new building, including alterations, Art Metal Construction Company	$9,500 00
Installing low tension electric work, bells, annunciators, connecting desks, etc., Lord Electric Company	3,863 00
Moving furniture, books, records, etc., Eagle Warehouse and Storage Company	1,000 00
Carpenter work, new shelving, etc., David Kramer	1,195 00
Linoleum, 700 square yards, Conradson & Hill	840 00
Total estimated cost	$16,398 00

Bids for the removal, reassembling, etc., of the steel cases were solicited from thirteen concerns. The only bid submitted for this work was made by the firm who originally installed the work. This, it is stated, is due to the uncertainty and risk involved in taking apart and reassembling the various cases and files, etc. Additional bids have since been requested, but no replies have been received.

For similar reasons only one out of five firms requested to submit estimates for the electrical work responded, which is the same firm at present engaged in the electrical work in the Municipal Building, on account of the difficulty in estimating such costs.

For the removal of the furniture, books, records, etc., eight bids were submitted, ranging from $1,000 to $4,800.

Eight firms were requested to bid upon the carpentering work. The six bids received ranged from $1,195 to $2,647.

The lowest estimate received from five bidders for 700 square yards of linoleum was $840, submitted by the firm who furnished linoleum for the Department of Finance.

Examination has been made as to the possibility of obtaining the funds necessary to meet the cost of removal by means of transfer within appropriations for the Law Department. The only account which might be used for the purpose is No. 134, Contingencies, for which $48,300 is allowed. On June 1, 1914, the balance remaining in this account stood approximately at $26,000, but in view of the large amount involved in the estimated total of the moving expenditures referred to, and also the fact that a further seven months still remained at that time to complete the current year, it is probable that the balance now available in Contingencies Account No. 134 would soon be depleted were such moving expenses allowed to be charged up to this appropriation account which did not at the time of estimating the 1914 budgetary expenditures make or anticipate such a charge.

From the examination made it would appear that the request for $16,400 in special revenue bonds is, under the circumstances, reasonable and cannot well be reduced.

A letter has accordingly been prepared for your signature, addressed to the Hon. Henry H. Curran, Chairman, Committee on Finance, Board of Aldermen, transmitting for the information of that committee a copy of this report, which is attached hereto. Respectfully submitted.

R. B. McINTRYE, Supervising Statistician and Examiner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Carberry, Chorosh, Cole, Cunningham, Curran, Delaney, Diemer, Dixson, Donnelly, Dostal, Dotzler, Dowling, Duggan, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hogan, Igstaedter, Jacobson, Kenney, Kochendorfer, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Jesse D.), Mullen (Frank), Mullen (Jas. The Committee on Finance, to which was referred on June 2, 1914 (Minutes, page 463), the annexed request from the Supervisor of the City Record for $3,000 special revenue bonds for supplies for Queens County offices, respectfully

The request contains a full statement of the reasons for the application, and a report has been secured from the Bureau of Investigations, Department of Finance, and is hereto appended. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand dollars ($3,000), the proceeds whereof to be used by the Supervisor of the City Record for the purpose of purchasing blank books for the offices of the County of Queens.

All obligations contracted for hereunder to me incurred on or before December 31, 1914.

The City of New York, Board of City Record, Office of the Supervisor, Municipal Building, May 29th, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—I respectfully request that the Board of Aldermen authorize an issue of special revenue bonds in the sum of $3,000 to provide the necessary funds to meet the expense of supplying blank books for the offices of the County of Queens for the remainder of the current year.

In explanation of this request I wish to submit the following facts:

The Budget appropriations for Queens County for the year 1914 were as follows:

1914—3635	Printing, etc.	$1,700 00
1914—3636	Stationery, etc.	1,300 00
1914—3637	Blank books	1,000 00

The Board of Estimate and Apportionment on May 1st, 1914, transferred $200 from Account 3635, Printing, etc., and $200 from Account 3636, Stationery, etc., to Account 3637, Blank Books, making a total allowance for blank books of $1,400. The unencumbered balance on May 27th is only $21.05.

At the present time there is a requisition on file in this office from the County Clerk's office for $1,100 worth of books, and a letter, a copy of which is attached, was received from the same office notifying the Supervisor of a requisition to be made in a few months for about $3,000 worth of books to carry out the provision of chapter 434 of the Laws of 1913, providing for the establishment of a block index system for Queens County.

The unusual demands that have been made on this office this year by the county offices of Queens County for blank books and the establishment of a block index system for Queens County could not have been foreseen and provided for in the Budget for the year 1914.

It is the belief of this office that the $3,000 herein asked for should be sufficient to supply blank books for the offices of Queens County for the balance of the year.

Respectfully, DAVID FERGUSON, Supervisor of the City Record.

(Copy.)

Office of the County Clerk, Queens County, May 26th, 1914.

Hon. DAVID FERGUSON, Supervisor, City Record, Manhattan:

Dear Sir—If it is your intention to make application for additional money with which to purchase stationery, books, etc., for the use of the offices in this county, I would like to suggest that consideration be given to the needs of this office for the furnishing of books, etc., to carry out the provisions of chapter 434 of the Laws of 1913, which provides for the establishing of a block index system in this county.

As soon as I have completed the Land Map I will require a number of index books, and these will be needed in the late fall of this year. I will try, however, to carry it over so that they will not be needed until the 1915 annual requisition is presented, but from now until the first of January there will be needed for the use of this office about 200 books for indexing, recording, docketing, etc., and I should be pleased if you will take this into consideration when making your application for funds, so that there will be no delay on account of the small amount of money available.

The average cost or charge for these books is $18, and the total amount required will aggregate upwards of $3,000. Realizing as I do the great difficulty that your Department has to obtain funds for carrying on your work, as many departments in the City have experienced, I am writing this for the purpose of having provision made by you, if it is your intention to make an application before the summer season sets in, when both the Board of Estimate and Apportionment and the Board of Aldermen adjourn for the hot weather.

Yours very truly, LEONARD RUOFF, County Clerk.

City of New York, Department of Finance, June 16, 1914.

Hon. HENRY H. CURRAN, Chairman of Finance Committee, Board of Aldermen, City of New York:

Dear Sir—Certain supplementary information relating to the application for an issue of special revenue bonds to replenish the appropriation for blank books in the office of the County Clerk of Queens County, has been received by the Bureau of Municipal Investigation and Statistics of this Department. As it changes the aspect of the affair materially, I hope you will find time to read the enclosed report before taking any decisive action in the matter. Very truly yours,

WM. A. PRENDERGAST, Comptroller.

June 16, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—During the past week inquiries have been made by this Bureau relative to the application of the Supervisor of the City Record to the Board of Aldermen for an issue of special revenue bonds to the amount of $3,000 to supply books for the Queens County offices. As stated in my communication to you on June 8th, Hon. Leonard Ruoff, County Clerk of Queens, gave the Examiner assigned to the case to understand that, except for 10,000 loose liber leaves of unsatisfactory quality, the supply of blank books on hand could be made to last through the year. This statement from the head of the office was accepted as conclusive. On request, Mr. Ruoff agreed that data as to expenses for books since January 1, 1912, should be supplied by Mr. Charles F. O'Donnell, Clerk in charge of the accounts, but then absent, and an appointment was made for Friday.

On that date Mr. O'Donnell directly reversed the statement made by the County Clerk. Mr. Ruoff, however, maintained that his statements were meant to apply only to the needs of the moment. The Supervisor of the City Record says there have been other marked discrepancies connected with the County Clerk's office, and recommends a systematic investigation of their whole system.

The data given by Mr. O'Donnell follows:

Cost of Books:
1912, about 500 books, $10,099.
1913, about 450 books, $8,174.

Volume of Business:
1912, 32,000 transactions in Registry Office.
1913, 51,492 transactions in Registry Office.

Books Received in 1914:
10 index books.
20,000 leaves for libers, equivalent to 100 books.

But the accounts of the Board of City Record show that, in addition to these, about $500 worth of books have been receipted for, most of them of less expensive kinds than those now desired and probably overlooked by Mr. O'Donnell for that reason, and because the number of any one kind was usually small.

The Clerk further states that the following supply of books will be absolutely necessary by July 1st, and will be not more than half enough to finish out 1914:

100 index books for deeds and mortgages.
35 lis pendens books.
27 books for transcription of judgments.

He declares that the mandatory functions of the office cannot be performed without these supplies, and that, failing an appropriation, the books will be ordered by the office and the vendors will sue the City for payment. It was seen from the accounts inspected that the purchase of 1912 and 1913 were made from F. W. Briese, the Long Island Farmer and the Long Island Democrat. There are also 208 libers that were condemned by the Supreme Court in August, 1913, as too much worn for further reference, and ordered recopied, but lack of books has delayed the execution of the order. Another point made is that Mr. Ruoff combines in his position the functions of Register and County Clerk, a fact which they think has been overlooked in making appropriations. The official minutes of the Budget Committee meeting in 1913, shows that $5,000 asked for by the County Clerk as being required for books was cut out. The official departmental estimate on file in the Department of Finance bears the memorandum: "Do not allow if City Record can supply." Only $1,000 was included in the appropriations for the Board of City Record for blank books in the County of Queens for county offices and courts other than Supreme Court. Section 161 of the County Law (sub-division 2), contains the following provision:

"The County Clerk * * * shall provide, at the expense of the county, all necessary books for recording all papers, documents or matters authorized by law to be recorded in his office."

To sum up, as the volume of business shows so large an increase for 1913, and as the number of libers and other books supplied during the current year falls decidedly below that of previous years, and the book account is exhausted, Mr. O'Donnell's testimony indicates that more funds will have to be provided for the purchase of the necessary supply of records for use in the office. It is recommended that the amount requested by the Supervisor of the City Record be provided. Very truly yours,

R. B. McINTYRE, Supervising Statistician and Examiner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Finance, to which was referred on June 2, 1914 (Minutes, page 464), the annexed request from the Trustees of Bellevue and Allied Hospitals for $3,800 special revenue bonds for out-patient department of Gouverneur Hospital, respectfully

REPORTS:

That, having examined the subject, it believes part of the proposed allowance to be necessary. It refers to a report hereto submitted from the Bureau of Investigations, Department of Finance, which recommends $1,500 for this purpose.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand five hundred dollars ($1,500), the proceeds whereof to be used by the Trustees of Bellevue and Allied Hospitals for the purpose of paying Physicians in connection with out-patient work at Gouverneur Hospital, as follows: 10 Physicians at $300 each, from July 1 to December 31, 1914, $1,500

HENRY H. CURRAN, FRANK J. DOTZLER, JOHN DIEMER, F. H. STEVENSON, JESSE B. MOORE, F. H. WILMOT, C. AUGUSTUS POST, D. M. BEDELL, JOHN S. GAYNOR, FRANCIS P. KENNEY, Committee on Finance.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Ave. and 26th St., New York, May 29, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize the issue of special revenue bonds in the amount of $3,800, in order to provide for the appointment of 19 salaried Physicians and Surgeons to the out-patient department of Gouverneur Hospital, as follows:

Nineteen Doctors at $300 per annum	$5,700 00
Less one-third from January to May 1	1,900 00
Proportion required from May 1, 1914	$3,800 00

Gouverneur Hospital is located on the lower east side, in a section of the City that is densely populated by a people who avail themselves in large numbers of the facilities offered in the dispensary of that hospital for the treatment of their friends and relatives. During 1913 over 133,000 visits, an average of over 11,000 a month, were made by patients to the Gouverneur dispensary. The large number of patients at this dispensary requires the attendance of a large staff of Physicians and Surgeons, and the department has found it difficult to obtain the services of qualified doctors in sufficient numbers for this purpose who are willing to do this work for the educational value alone. The Trustees have in preparation the plans for a new building for the out-patient department and are desirous of securing competent men so that the dispensary may properly serve the purpose for which it is intended.

Respectfully, J. K. PAULDING, Secretary, Board of Trustees.

City of New York, Department of Finance, June 22, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, City of New York:

Dear Sir—In reference to a communication dated May 29, 1914, addressed to your board by the Board of Trustees, Bellevue and Allied Hospitals, which communication was subsequently referred to by the Committee on Finance to this Department, transmitted herewith you will find a copy of a report prepared by the Bureau of Municipal Investigation and Statistics dealing with the request made in the letter referred to for an issuance of special revenue bonds to an amount of $3,800.

Very truly yours, ALEX. BROUGH, Deputy and Acting Comptroller.

City of New York, Department of Finance, June 22, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—On May 29, 1914, the Trustees of Bellevue and Allied Hospitals applied to the Board of Aldermen for an issuance of special revenue bonds to the extent of $3,800 for the purpose of providing funds for the employment of additional Physicians and Surgeons from May 1, to December 31, 1914, which matter was referred to the Committee on Finance on June 2, 1914.

The funds requested are for the employment of nineteen Physicians and Surgeons at the Out Patient or Dispensary Department of Gouverneur Hospital, at an annual salary of $300 each. The hospital is located at Gouverneur and Water sts., Borough of Manhattan. On account of the congested conditions existing in that section, great demands are made upon the Dispensary Department. The approximate number of visits for the past three years was as follows: 1911, 141,000; 1912, 138,000; 1913, 133,000, an average of over 137,000 visits per annum, or over 450 a day. Based upon the service to date, the number of visits for 1912 will approximate the figure above quoted for the year 1913.

In order to maintain and operate the service referred to, the 1914 Budget made provision for twenty-six Physicians at $300, and two at $600 each, representing an appropriation of $9,000. The same allowance was made for the year 1913.

The force of Physicians is divided so that each Physician may be in attendance about one-half of each alternate day. In addition to the salaried force, about thirty Physicians serve gratuitously, giving some of the time which is not devoted to their private practice. Obviously, therefore, it is not to be expected that the same regular service can be obtained from unpaid Physicians as from those who are compensated for their services. For these reasons, it is proposed to substitute paid for unpaid Physicians in order to insure more efficient and adequate service.

Investigation made by this Bureau seems to indicate that insufficent help and lack of proper facilities for carrying on the work are in the main responsible for the unsatisfactory conditions at present existing at the dispensary. In a report made to the Board of Estimate and Apportionment by the Committee on Inquiry into the Departments of Health, Charities and Bellevue and Allied Hospitals, based upon an investigation extending over a period of three months, it is stated:

"In all the clinics of Gouverneur Hospital that were studied, it was found that the work in general is hasty and unsatisfactory. Many patients were admitted to the clinic rooms at the same time. On some occasions a room was so crowded that the doctor had to force his way through the patients, examining and prescribing. One of our investigators sat in the room being used as a female general medical clinic from 10.30 to 12 a. m., on March 15, 1913, and saw 162 patients treated during that time by two doctors, an average of 1 minute and 6 seconds for each patient. Of these, 105 were new patients, of whom it was necessary to obtain a history of symptoms, etc., before prescribing. In the majority of cases there was either no physical examination before prescribing, or when it was made, it was so superficial as to be almost valueless. A new building is to be built, and this new building will correct some of the bad conditions."

In reference to the foregoing it is considered that the unsatisfactory conditions now existing can be remedied to some extent for the time being by the employment of additional Physicians until such time as the new dispensary building is constructed and put into operation, for which an issue of $200,000 in corporate stock was authorized in July, 1911.

In view of the foregoing it is respectfully suggested that the request be approved to the amount of $1,500, which would provide for the employment of ten additional physicians at $300 each, from July 1, to December 31, 1914.

A letter has accordingly been prepared for your signature addressed to Hon. Henry H. Curran, Chairman, Committee on Finance, Board of Aldermen, transmitting for the information of that Committee a copy of this report, which is attached hereto. Respectfully submitted.

R. B. McINTYRE, Supervising Statistician and Examiner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Carberry, Chorosh, Cole, Cunningham, Curran, Delaney, Diemer, Dixson, Donnelly, Dostal, Dotzler, Dowling, Duggan, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hogan, Igstaedter, Jacobson, Kenney, Kochendorfer, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Jesse D.), Mullen (Frank), Mullen (Jas. The Committee on Finance, to which was referred on June 9, 1914 (Minutes, page 540), the annexed request from the President of the Borough of Queens for $6,600 special revenue bonds for copying and indexing old records, respectfully.

REPORTS:

That having examined the subject, it believes the proposed appropriation to be necessary. Herewith is appended a report on this matter from the Department of Finance.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 183 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of six thousand, six hundred dollars ($6,600), the proceeds whereof to be used by the President of the Borough of Queens, for the purpose of copying and indexing of a part of the records of the old municipalities in existence prior to 1898, and consolidated into Greater New York.

All obligations contracted hereunder to be incurred on or before December 31, 1914.

HENRY H. CURRAN, FRANK J. DOTZLER, JOHN DIEMER, F. H. STEVENSON, JESSE D. MOORE, F. H. WILMOT, C. AUGUSTUS POST, D. M. BEDELL, JOHN S. GAYNOR, FRANCIS P. KENNEY, Committee on Finance.

City of New York, Department of Finance, June 16, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, City of New York:

Dear Sir--Herewith you will find a report made by Mr. Robert B. McIntyre, Supervising Statistician and Examiner of the Bureau of Investigation and Statistics, relative to an application of the President of the Borough of Queens to the Board of Aldermen for approval of an issue of special revenue bonds to provide for the copying and indexing of a part of the records of the old municipalities in existence prior to 1898 and consolidated into Greater New York.

Very truly yours, WM. A. PRENDERGAST, Comptroller.

June 16, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Sir—Referring to the application of the President of the Borough of Queens, under date of June 2, 1914, to the Board of Aldermen requesting its approval of an issue of special revenue bonds under subdivision 8 of section 188 of the Greater New York Charter, to the amount of $6,600, to provide for the copying and indexing of a part of the records of the old municipalities in existence prior to 1898 and consolidated into Greater New York, President Connolly states that "there are many important records in the books which are of inestimable value, particularly those entries which have a bearing on the question of the City's title to streets and avenues in this Borough where the legal processes have not been completed. Some of the old records are fast going to pieces as a result of the continued use and must either be copied or lost forever."

Mr. Harned and Mr. Merrill of this Bureau have made a sufficient examination of the records under consideration to convince themselves of the necessity of their being copied.

It is suggested, however, that inasmuch as subdivision 6 of section 151 of the City Charter reposes upon the Department of Finance the custody and care not only of the old records of the towns comprising the Borough of Queens, but also of those towns comprised by the other Boroughs of the City, where a similar question may arise, it is advisable that the proposed copying and indexing of the old records referred to by the Borough President shall be done by the Department of Finance.

Very truly yours, R. B. McINTYRE, Supervising Statistician and Examiner.

The City of New York, Office of the President of the Borough of Queens, Long Island City, June 2, 1914.

To the Board of Aldermen, City of New York:

Gentlemen—In accordance with subdivision 8 of section 188 of the Greater New York Charter, I hereby respectfully request your approval of an issue of special revenue bonds, amounting to sixty-six hundred dollars ($6,600), to provide for the copying and indexing of a part of the records of the old municipalities in existence prior to 1898 and consolidated into Greater New York.

The statute creating the Bureau of Investigation and Statistics in the Department of Finance provides that the Bureau shall have custody of the records of the old municipalities consolidated into Greater New York. They have been collected and assorted and are in the record room of the Department of Finance in the Hall of Records. There are many important records in the books which are of inestimable value, particularly those entries which have a bearing on the question of the City's title to streets and avenues in this borough where the legal processes have not been perfected.

Some of the old records are fast going to pieces as a result of the continual use, and must either be copied or forever lost.

The books are in no way indexed and the different bureaus using them are obliged to spend much time and money in obtaining essential facts. The data obtainable from these old records is of immense value, not only to the borough authorities, but also to the citizens, and if systematically copied and indexed would save great expenditures of money.

The following is the estimated cost of the work:

Six (6) Typewriter Copyists at $750 per annum	$4,500 00
Two (2) Index Clerks at $900 per annum	1,800 00
Six (6) typewriting machines at $39.80	238 80
Six (6) tables at $4	24 00
Miscellaneous	37 20
	$6,600 00

It is proposed to obtain paper, ribbons, carbons, pencils and other stationery from the Board of City Record. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Carberry, Chorosh, Cole, Cunningham, Curran, Delaney, Diemer, Dixson, Donnelly, Dostal, Dotzler, Dowling, Duggan, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hogan, Igstaedter, Jacobson, Kenney, Kochendorfer, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Jesse D.), Mullen (Frank), Mullen (Jas. Voorhies, Commissioner of Public Works; President Marks, by E. V. Frothingham, Commissioner of Public Works, and the Vice-Chairman—64.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, City of New York:

Dear Sir—In a communication dated June 5, 1914, addressed to your Board by the Commissioner of the Department of Water Supply, Gas and Electricity, which communication was subsequently referred by the Committee on Finance to this department, transmitted herewith you will find a copy of a report prepared by the Bureau of Municipal Investigation and Statistics dealing with the request made in the letter referred to, for an issuance of special revenue bonds to an amount of $6,043.50.

Very truly yours, ALEX. BROUGH, Deputy and Acting Comptroller.

June 22, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—In a communication dated June 5, 1914, the Commissioner of the Department of Water Supply, Gas and Electricity applied to the Board of Aldermen for an issuance of $6,043.50 in special revenue bonds for the purpose of providing funds for the payment of wages in that Department during the vacation period, in which it is reported as follows:

It is intended that the sum so provided by the issuance of special revenue bonds referred to shall be applied in the payment of wages of temporary Stationary Engineers, Stokers, Oilers and Coal Passers or Laborers working in the various pumping stations in the Borough of Manhattan and The Bronx, Brooklyn, Queens and Richmond, and during such period as the regular employees, who are paid from tax levy allowance, are absent on additional days' vacation granted under the terms and provisions of an ordinance adopted by the Board of Aldermen on June 2, 1914 entitled "An ordinance in relation to vacations for employees of The City of New York," which reads in part as follows:

"A vacation shall be granted during the months of June, July August and September to each per diem employee who has been in the City service for at least one year prior to each June 1, and during said year has actually worked for a period of at least 150 days in the aggregate, and who shall waive all claims to any rights or privileges under chapter 121, Laws of 1913. Said vacation shall consist of one day for each 25 days that said employee has actually worked during said year."

All the men engaged at the pumping stations are employed on the basis of 365 days a year and this request is to provide for employees at the following stations:

Six stations, Manhattan and The Bronx.
Three stations, Brooklyn (high pressure).
Two stations, Queens.
Seven stations, Richmond.

These stations referred to are operated by high pressure boilers which necessitates an Engineman and Stoker being employed on each watch. Owing to this fact it would be impossible to grant any additional vacation without proper provisions being made to replace these regular employees during that time. It would therefor appear that the sum of $6,043.50 (less a clerical error of 50 cents in the resolution referred to) is necessary in order to comply with the said resolutions and that the amount should be provided for as requested.

Attached hereto is a schedule showing the present working force at these stations and the amounts required to carry out the vacation schedule for the per diem employees.

In respect to the foregoing a letter has been prepared for your signature, addressed to the Hon. Henry H. Curran, Chairman, Committee on Finance, Board of Aldermen, transmitting for the information of that committee a copy of this report which is attached hereto. Respectfully submitted,

R. B. McINTYRE, Supervising Statistician.

City of New York, Department of Finance, June 22, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, City of New York:

Dear Sir—In reference to a communication dated June 16, 1914, addressed to your Board by the Department of Taxes and Assessments, which communication was subsequently referred by the Committee on Finance to this Department, transmitted herewith you will find a copy of a report prepared by the Bureau of Municipal Investigation and Statistics relative to the request made in the letter referred to for an issuance of special revenue bonds to an amount of $5,200.

Very truly yours, ALEX. BROUGH, Deputy and Acting Comptroller.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 22, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—On June 16, 1914, the Department of Taxes and Assessments applied for an issuance of $5,200 in special revenue bonds to cover the cost of removal to and for furnishing its new offices in the Offerman Building, Borough of Brooklyn.

The Municipal Building, Borough of Brooklyn, in which the offices of the Department of Taxes and Assessments are at present located, is to be removed and a new structure erected. Pending its construction the Department will occupy quarters in the Offerman Building, 503 Fulton st. A lease has been entered into for the use of the sixth floor (about 22,000 square feet) for the said purpose for a period of three years, commencing June 1, 1914.

The Department referred to requests that $4,850 be provided for the purchase of new furnishings and $350 for removal expenses, the details relating to which are listed in the communication of the Department addressed to your Board.

From the examination made of the present offices of the Department of Taxes and Assessments, it appears that the greater part of its furnishings are in a dilapidated condition, due to long service, and should be replaced with new equipment. However, an analysis of the proposed new furnishings reveals the fact that some of the items listed could be eliminated without detriment to the work of the Department, and that certain purchases could be made at a lesser figure than is quoted in the estimate. The purchase of eighty metal clothes lockers at an expenditure of $560, one for each of the employees, seems to be unnecessary, and it is recommended that a less expensive plan be adopted. There would appear no special reason for supplying as many as thirty-six armchairs at $6.50 each, or a total of $234, for such general purposes for which the same are required. The request for $350 for the removal of safes, books, records and such furniture as can be utilized is a reasonable one.

In view of the foregoing statements and the fact that no funds are at the present time available in any appropriation account of the Department of Taxes and Assessments, it would appear that an issue of special revenue bonds not exceeding $4,250 in amount is necessary to provide for the purchase of new furnishings and the cost of removal.

A letter has accordingly been prepared for your signature, addressed to the Hon. Henry H. Curran, Chairman, Committee on Finance, Board of Aldermen, transmitting for the information of that committee a copy of this report, which is attached hereto.

Respectfully submitted, R. B. McINTYRE, Supervising Statistician and Examiner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Carberry, Chorosh, Cole, Cunningham, Curran, Delaney, Diemer, Dixson, Donnelly, Dostal, Dotzler, Dowling, Duggan, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hogan, Igstaedter, Jacobson, Kenney, Kochendorfer, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Jesse D.), Mullen (Frank), Mullen (Jas. The Committee on Finance, to which was referred on June 16, 1914 (Minutes, page 628), the annexed request from the Commissioner of Bridges for the rescindment of $3,000 of a $15,000 special revenue bond appropriation, respectfully

REPORTS:

That, having examined the subject, they believe the proposed rescindment to be advisable. It therefore recommends that the accompanying resolution be adopted.

Resolved, That the following resolution, adopted February 7, 1911, and received from his Honor the Mayor February 21, 1911, to wit:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifteen thousand dollars ($15,000), to constitute a Municipal Garage Fund, the proceeds whereof to be used by the Commissioner of Bridges for the purpose of maintaining a garage for the storage, maintenance and repairs of City-owned automobiles and for the purchase of necessary supplies required thereof,"

—be and the same is hereby amended by striking therefrom the words and figures "fifteen thousand dollars ($15,000)" and inserting in lieu thereof the words and figures "twelve thousand dollars ($12,000)."

Department of Bridges, City of New York, Municipal Building, Manhattan, N. Y., June 10, 1914.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—On February 7, 1911, your Honorable Board adopted a resolution, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of $15,000, to constitute a municipal garage fund, the proceeds whereof to be used by the Commissioner of Bridges for the purpose of maintaining a garage for the storage, maintenance and repairs of City owned automobiles and for the purchase of necessary supplies required therefor. The Board of Estimate and Apportionment approved of this issue of special revenue bonds by resolution adopted March 16, 1911, the same to be redeemable from the tax levy of the year succeeding the year of their issue.

The Comptroller to date has issued $12,000 of these special revenue bonds. The experience of this Department for the past three years has shown that $12,000 has been, during that period, a sufficient amount in this fund to carry the expenses of maintaining the garage, and I therefore beg to suggest that your honorable Board recommend to the Board of Estimate and Apportionment the rescindment of $3,000 of the said special revenue bonds, which is the amount unissued. Yours truly,

F. J. H. KRACKE, Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Carberry, Chorosh, Cole, Cunningham, Curran, Delaney, Diemer, Dixson, Donnelly, Dostal, Dotzler, Dowling, Duggan, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hogan, Igstaedter, Jacobson, Kenney, Kochendorfer, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Jesse D.), Mullen (Frank), Mullen (Jas. No. 762.

The Committee on Finance, to which was referred on June 16, 1914 (Minutes, page 628), the annexed request from the President of the Borough of Brooklyn for $3,250 special revenue bonds for replacement of a pump used in connection with sewage plant at Coney Island, respectfully

REPORTS:

That having examined the subject, it believes the proposed improvement to be necessary. A report from the Finance Department on this question is hereto attached.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand two hundred and fifty dollars ($3,250), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of meeting one-half the cost of a pump for the sewage plant located at Caisson No. 2, W. 12th st. and Neptune ave., Coney Island. All obligations contracted for hereunder to be incurred on or before December 31, 1914.

HENRY H. CURRAN, FRANK J. DOTZLER, JOHN DIEMER, F. H. STEVENSON, JESSE D. MOORE, F. H. WILMOT, C. AUGUSTUS POST, D. M. BEDELL, JOHN S. GAYNOR, FRANCIS P. KENNEY, Committee on Finance.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, June 15, 1914.

The Honorable the Board of Aldermen, City of New York:

Gentlemen—The mechanical plant at Caisson No. 2, at W. 12th st., and Neptune ave., Coney Island, Borough of Brooklyn, where all the sewage of Coney Island is pumped and treated, is in immediate need of repairs and replacement. The present pump is worn out, and it should be repaired or replaced at as early a date as possible. In replacing this pump it will be necessary to enlarge it somewhat, owing to the increased sewage of the Coney Island section, and the estimated cost of doing this work is $6,500. The necessity for enlargement is due, however, to the added responsibility from the new sewers in Coney Island, and therefore half of it would be chargeable against the "Street Improvement Fund," and paid for by assessment. The repairs and replacements, however, will have to be paid for out of revenue bonds, and I respectfully request your honorable body to adopt a resolution recommending to the Board of Estimate and Apportionment the authorization of revenue bonds amounting to $3,250 for "Repairs and Replacements to pump at Caisson No. 2, Bureau of Sewers, Borough of Brooklyn."

Owing to the urgency of this matter, I respectfully request it be given consideration by your Board as soon as possible. Yours very respectfully,

E. W. VOORHIES, Acting President, Borough of Brooklyn.

City of New York, Department of Finance, June 20, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, City of New York:

Dear Sir—In reference to a communication dated June 15, 1914, addressed to your Board by the office of the President of the Borough of Brooklyn, which communication was subsequently referred by the Committee on Finance to this Department, transmitted herewith you will find a copy of a report prepared by the Bureau of Municipal Investigation and Statistics, dealing with the request made in the letter referred to for an issuance of special revenue bonds to an amount of $3,250. Very truly yours, ALEX. BROUGH, Deputy and Acting Comptroller.

City of New York, Department of Finance, June 20, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Sir—On June 15, 1914, Mr. E. W. Voorhies, Acting President of the Borough of Brooklyn, requested the Board of Aldermen to recommend to the Board of Estimate and Apportionment an issuance of special revenue bonds to an amount of $3,250 to provide means for making repairs and replacements to a pump at Caisson No. 2 located at West 12th st. and Neptune ave., Coney Island, which request was referred to the Committee on Finance of the said Board for consideration, on which it is reported as follows:

On examination of the plant at Caisson No. 2, to which all the sewage of Coney Island is pumped and treated, discloses the fact that there is only one pump now working to handle the large amount of sewage coming from that district, and that the pump is in very poor condition, having been installed for over three years and forced to its utmost capacity day and night during that time.

The Chief Engineer of the Bureau of Sewers states that at the time the present pump was installed they had about eight miles of sewers leading to the plant, whereas at the present time there are about eleven miles of sewers leading to the plant, whereas amount of the new system is now under contract and that when this work is completed there will be about thirty-six miles of sewers passing through Caisson No. 2 to be treated. In order to meet the emergency it is proposed to install one new pump, the contract and specifications for which have already been approved by the Corporation Counsel, and to make necessary repairs and replacements to the pump which for the past three years has been forced beyond its capacity.

The elevation in that section where Caisson No. 2 is located is only five feet, which necessitates pumping all sewage from tanks to the new sewers recently con-

structed. The estimated cost to install one new pump, and put the old one in good working order, is $6,500. The Chief Engineer states, however, that owing to the fact that the new pump is required to handle the output of the new sewers, he is of the opinion that one-half of the expense should be charged against the "Street Improvement Fund," and paid for by assessment, therefore only one-half of the estimated amount required was requested in special revenue bonds, which amount it is estimated will suffice to make all necessary repairs to the plant.

It is the opinion of the representative of this bureau who made an examination of the plant that the matter is an urgent one, for the reason that during the summer months the district is crowded, and there will be a large increase in sewage to be disposed of, and that should the inadequate pumping system now in use break down, the results would be of serious consequences.

In view of the facts as stated and the extreme urgency of the request it is respectfully suggested that the Board of Aldermen and the Board of Estimate and Apportionment consider the suspension of the rules governing these Boards, so as to avoid the delay caused by holding matters over for one week under the rule, thereby making the money for the necessary repairs and replacements available before the Boards adjourn for the summer months. Respectfully submitted.

R. B. McINTYRE, Supervising Statistician and Examiner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Carberry, Chorosh, Cole, Cunningham, Curran, Delaney, Diemer, Dixson, Donnelly, Dostal, Dotzler, Dowling, Duggan, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hogan, Igstaedter, Jacobson, Kenney, Kochendorfer, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Jesse D.), Mullen (Frank), Mullen (Jas. The Committee on Finance, to which was referred on June 16, 1914 (Minutes, page 630), the annexed request from the Commissioner of Parks of Manhattan and Richmond, for $4,000 for furniture for new offices, respectfully

REPORTS:

That in pursuance of the statements contained in the annexed report of the Bureau of Investigation of the Department of Finance, the Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand dollars ($2,000), the proceeds whereof to be used by the Department of Parks, Manhattan and Richmond, for the purpose of purchasing furniture and floor fittings for new departmental offices.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, June 13, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, City Hall:

Sir—I have the honor to respectfully request that the Board of Aldermen recommend to the Board of Estimate and Apportionment, that pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Comptroller be authorized to issue special revenue bonds in the sum of four thousand ($4,000) dollars, the proceeds to be used for the purchase of new office equipment, for use in the new offices of the Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, and for linoleum with which to cover the floors of these offices.

This is urgently necessary, because most of the furniture in use at the Arsenal will not be of service in the new office, and the character of the floors of the Municipal Building makes the covering necessary. Yours truly,

CABOT WARD, Commissioner of Parks, Boroughs of Manhattan and Richmond.

City of New York, Department of Finance, June 22, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, City of New York:

Dear Sir—In reference to a communication dated June 13, 1914, addressed to your Board by the Commissioner of Parks, Boroughs of Manhattan and Richmond, which communication was subsequently referred by the Committee on Finance to this Department, transmitted herewith you will find a copy of a report prepared by the Bureau of Municipal Investigation and Statistics, dealing with the request made in the letter referred to for an issuance of special revenue bonds to an amount of $4,000 to provide for the purchase of new office equipment.

Very truly yours, ALEX. BROUGH, Deputy and Acting Comptroller.

City of New York, Department of Finance, June 22, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—In reference to a resolution which was referred to the Committee on Finance of the Board of Aldermen on June 16, 1914, requesting an issuance of $4,000 in special revenue bonds for the purchase of office equipment for use in the new offices of the Department of Parks, Boroughs of Manhattan and Richmond, in the Municipal Building, and to meet the cost of linoleum for the floors.

In a communication dated June 13, 1914, addressed to the Board of Aldermen, the Commissioner of Parks, Manhattan and Richmond, writes as follows:

"This is urgently necessary because most of the furniture in use at the Arsenal will not be of service in the new office, and the character of the floors of the Municipal Building makes the covering necessary."

An examination made of the office furniture now in use shows that while it is not modern it will serve the requirements of the Department for some time to come, but additional furniture would appear to be necessary for the proper transaction of the business of the Department. The cost of the additional furniture required should not exceed the sum of $600, and it also appears that the cost of the linoleum with which it is intended to cover the floors should not exceed $1,400.

In view of the foregoing it would seem that an appropriation of $2,000 is sufficient to meet the requirements.

Respectfully submitted, R. B. McINTYRE, Supervising Statistician and Examiner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Carberry, Chorosh, Cole, Cunningham, Curran, Delaney, Diemer, Dixson, Donnelly, Dostal, Dotzler, Dowling, Duggan, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hogan, Igstaedter, Jacobson, Kenney, Kochendorfer, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Jesse D.), Mullen (Frank), Mullen (Jas. No. 767.

The Committee on Finance, to which was referred on June 16, 1914 (Minutes, page 630), the annexed request from the Commissioner of Street Cleaning for $35,000 special revenue bonds for payment of temporary employees during vacation period, respectfully

REPORTS:

That having examined the subject, it believes the proposed appropriation to be necessary. It submits herewith a report from the Bureau of Investigations of the Department of Finance, which approves the request.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-five thousand dollars ($35,000), the proceeds whereof to be used by the Commissioner of Street Cleaning for the purpose of paying wages of temporary employees during the vacation period during the year 1914.

HENRY H. CURRAN, FRANK J. DOTZLER, JOHN DIEMER, F. H. STEVENSON, JESSE D. MOORE, F. H. WILMOT, C. AUGUSTUS POST, D. M. BEDELL, JOHN S. GAYNOR, FRANCIS P. KENNEY, Committee on Finance.

Department of Street Cleaning of The City of New York, Municipal Building, 12th Floor, New York, June 15, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Sir—I would respectfully request that your honorable Board, pursuant to the provisions of section 188, subdivision 8 of the Greater New York Charter, authorize the issue of revenue bonds amounting to thirty-five thousand dollars ($35,000), the proceeds whereof to be used in connection with an ordinance in relation to vacations for employees of The City of New York, adopted June 2, 1914, and approved by the Mayor June 6, 1914.

The wages of temporary employees to fill the positions of the regular force during the vacation period is estimated at above amount, and includes Sweepers, Drivers, Hostlers, Stablemen, Section Station Keepers, Custodians of Yards and Boardmen, and is segregated by boroughs as follows:

Manhattan	$19,775 00
Brooklyn	11,785 00
The Bronx	3,440 00
	$35,000 00

There were no additional funds allowed in the Budget for 1914, and it is estimated that $35,000 will permit the granting of two weeks vacation to the entire regular force and pro rata vacation to the temporary force. Respectfully,

J. T. FETHERSTON, Commissioner.

City of New York, Department of Finance, June 22, 1914.

Hon. HENRY H. CURRAN, Committee on Finance, Board of Aldermen, City of New York:

Dear Sir—In reference to a communication dated June 15, 1914, addressed to your Board by the Commissioner of the Department of Street Cleaning, which communication was subsequently referred by the Committee on Finance to this Department, transmitted herewith you will find a copy of a report prepared by the Bureau of Municipal Investigation and Statistics dealing with the request made in the letter referred to for an issuance of special revenue bonds to an amount of $35,000.

Very truly yours, EDMUND D. FISHER, Deputy Comptroller.

City of New York, Department of Finance, June 22, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—In a communication dated June 15, 1914, the Commissioner of the Department of Street Cleaning applied to the Board of Aldermen for an issuance of $35,000 in special revenue bonds for the purpose of providing funds for the payment of wages in that Department during the vacation period, on which it is reported as follows:

It is intended that the sum so provided by the issuance of special revenue bonds referred to shall be applied in the payment of wages of temporary Sweepers, Drivers, Hostlers, Stablemen, Section Station Keepers, Custodians of Yards and Boardmen employed in the Boroughs of Manhattan, Brooklyn and The Bronx, during such period as the regular employees are absent on additional days' vacation granted under the terms and provisions of an ordinance adopted by the Board of Aldermen on June 2, 1914, entitled "An ordinance in relation to vacations for employees of the City of New York," and which reads in part as follows:

"A vacation shall be granted during the months of June, July, August and September to each per diem employee who has been in the City service for at least one year prior to each June 1st, and during said year has actually worked for a period of at least 150 days in the aggregate, and who shall waive all claims to any right or privileges under chapter 12, Laws of 1913. Said vacation shall consist of one day for each 25 days that said employ has actually worked during said year."

Attached hereto is a schedule showing the amount of wages to be paid for the additional vacation granted regular employees, under the resolution of the Board of Aldermen referred to, which represents a total of $44,222. This sum it will be noticed is $9,222 over the amount requested, namely, $35,000. However, the Commissioner of the Department of Street Cleaning states that he anticipates being able to take care of this excess by utilizing available budgetary appropriation balances for the current year. It would therefore appear that the sum of $35,000 is necessary, in order to comply with the resolution as quoted, and that the amount should be provided for as requested.

A letter has accordingly been prepared for your signature, addressed to the Hon. Henry H. Curran, Chairman, Committee on Finance, Board of Aldermen, transmitting for the information of that Committee a copy of this report, which is attached hereto. Respectfully submitted,

R. B. McINTYRE, Supervising Statistician and Examiner.

City of New York, Law Department, Office of the Corporation Counsel, New York, May 2, 1914.

Hon. GEORGE McANENY, President of the Board of Aldermen:

Sir—I have received your communication relative to the power of the Board of Aldermen in the matter of enacting traffic regulations, which reads as follows:

"The Committee on Public Thoroughfares of the Board of Aldermen has appointed an Advisory Commission to study the whole question of street traffic in New York City, and to draft ordinances for the consideration of the Board.

"There seems to be some question as to the powers of the Board of Aldermen in traffic matters, since one section of the Charter confers upon the Police Commissioner the power of making regulations for the movement of traffic.

"Our assumption is that the Board of Aldermen has power to enact ordinances of a general nature under which the police may exercise control; for example, ordinances that may empower the police, in certain sections, to designate certain streets as 'one-way streets,' exclude certain kinds of vehicles from certain streets at certain hours, etc.

"Since the question has arisen, however, I hereby request that you give me your opinion as to how far the Board of Aldermen may lawfully go, under the Charter and the Home Rule Bill, in enacting traffic ordinances."

The power of the Police Commissioner with respect to the adoption of traffic regulations by him was conferred by a provision inserted in section 315 of the Charter by chapter 621 of the Laws of 1905. Prior to that amendment the duty of the Police Department and force upon the subject of regulating traffic in streets, as defined by that section, was to

"Regulate, direct, control, restrict and direct the movement of all teams, horses, carts, wagons, automobiles and all other vehicles in streets, bridges, squares, parks and public places, for the facilitation of traffic and the convenience of the public as well as the proper protection of human life and health, etc."

Prior to this amendment it was held that the Police Commissioner could not, by a general rule, prohibit the movement of teams and vehicles generally in parts of the City streets, but his power was confined to the exclusion of teams or vehicles from parts of a street, or from a street, in case of an emergency, like a conflagration or an abnormal congestion of traffic due to some unusual cause, to bringing of order out of chaos of vehicles by prescribing rules relative lines of travel, for alignment, for halting a movement for a time in order to afford relative rights of passage to other teams and vehicles or to pedestrians, and to execute that policy which under his present direction would facilitate and safeguard passage in the streets.

By the amendment above referred to, the following was added to the provision above quoted:

"and to that end the Police Commissioner shall make such rules and regulations for the conduct of vehicular traffic in the use of the public streets, squares and avenues as he may deem necessary;"

By chapter 456 of the Laws of 1914, the section was further amended by adding to the clause last above quoted the following provision:

"the violation of which rules and regulations shall be a misdemeanor punishable by not less than two or more than thirty days in prison, or by a fine of not less than five or more than fifty dollars, or both;"

His power before the adoption of those amendments, however, was fully recognized to the extent of the direction and control of traffic movement under the provision as it then existed.

The first amendment, as above quoted, confined the power to make rules and regulations, and the last amendment, which became a law only recently, gives definite force and effect to such regulations. But the rules and regulations which the Police Commissioner is thus authorized to make appear to be such only as he may enforce in the direction and control of traffic movement in pursuance of the power which had been conferred upon him before the amendment. The amendment of 1905, you will observe, begins with the significant words, "and to that end," which is to say that the Police Commissioner is authorized to make rules and regulations, to the end that the purpose embodied in the preceding clause might be effectually accomplished, and that purpose had prior to the amendment received the limited interpretation to which reference has already been made.

Upon a careful consideration of the provisions of the foregoing section of the Charter, as amended, in connection with the provisions of sections 43 and 50 of the Charter under which the general legislative power to regulate the use of the streets and sidewalks by foot passengers and by vehicles is conferred upon the Board of Aldermen, which power in that Board has been recognized since as well as before the amendment of section 315 which gave the Police Commissioner power to make rules and regulations, I am of opinion that the general authority of the Board of Aldermen over the subject has not been superseded. To justify a contrary construction of the provisions of section 315, the legislative purpose to deprive the Board of Aldermen of the power granted in the earlier sections of the Charter hereinbefore adverted to should be conveyed by unequivocal language, which is not the case here. The power of the Police Commissioner and the power of the Board of Aldermen may be exercised without conflict, and I beg to advise you that in my opinion the Board of Alderman may enact ordinances of a general character under which the police may exercise control.

In view of the foregoing conclusion, it is unnecessary to consider the effect of the Home Rule Bill.

Respectfully yours, LOUIS H. HAHLO, Acting Corporation Counsel.

Very truly yours,

WM. A. PRENDERGAST, Comptroller.

June 9, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—On May 8, 1914, the Board of Estimate and Apportionment passed the following resolution:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in City departments of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Electrician	$4 80	Unlimited
Wireman-Electrician	4 80	Unlimited
Lineman-Electrician	4 80	Unlimited

"Resolved, That the Board of Estimate and Apportionment hereby requests the heads of City departments in which Electricians, Wireman (Electrician) or Lineman (Electrician) are employed to provide for compensation of such workmen, beginning April 1, 1914, at the rate of four dollars and eighty cents ($4.80) per diem by the transfer of funds or by the application for an authorization of special revenue bonds in the necessary amounts or by the reorganization of the work reducing the number of days of employment."

In reference to the foregoing resolution it appears that there are employed at the present time in the Police Department a Chief Lineman at the rate of $1,500 per annum and four Linemen at $4.50 per day, 365 days. These positions are provided for in the Greater New York Charter, the provisions concerning which entitle them to the same privileges as a member of the uniformed force. In addition to this there are five Linemen at $4.50 per day (303 days), one Wireman at $4.50 per day (303 days) and one Cable Splicer at $4.50 per day (303 days).

These positions referred to are of an emergency character, and although the men employed under the aforesaid titles often work overtime it is not considered advisable in the interests of life and property that the hours should in any way be reduced.

In order to meet the requirements of the resolution adopted by the Board of Estimate and Apportionment referred to, it is recommended that an issue of special revenue bonds be approved and authorized to the extent of $1,000.77. As under the

circumstances hereinbefore stated, there could appear to be no other alternative to procure the necessary funds than to issue special revenue bonds to the extent named.

A letter has accordingly been prepared for your signature addressed to the Hon. Henry H. Curran, Chairman, Committee on Finance, transmitting for the information of that Committee a copy of this report, which communication is attached hereto.

Respectfully submitted,

R. B. McINTYRE, Supervising Statistician and Examiner.

The City of New York, Department of Parks, Borough of Queens, The Overlook, Forest Park, Richmond Hill, L. I., June 5th, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, City Hall, New York City:

Sir—The Board of Aldermen, on December 4th, 1913, passed a resolution requesting the Board of Estimate and Apportionment to issue one thousand dollars ($1,000) in special revenue bonds to be used in repairs to the old Barclay Mansion in Astoria Park.

This matter has been pending in the Board of Estimate and Apportionment and was reported on favorably by Comptroller Prendergast January 16th. The Comptroller withdrew this report on January 30th, and nothing further has been done.

I desire to have the Board of Aldermen rescind the original resolution. In my opinion one thousand dollars is entirely inadequate for the repair of this building. In fact I don't believe it would be wise to authorize any expenditure. It is in a very dilapidated condition and even if it could be repaired at a reasonable cost I am at a loss to see to what advantgeous use it could be put by this Deprtment.

I therefore, request that the resolution of December 11th, authorizing the appropriation of this sum, be rescinded in order to clear the calendar. Respectfully,

JOHN E. WEIER, Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

That when moving to the Municipal Building the City Clerk found it necessary to procure new safes more adaptable to his uses, and as no funds are available in the budget appropriation he has made this application. Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three hundred and seventy-five dollars ($375), the proceeds whereof to be used by the City Clerk and Clerk of the Board of Aldermen for the purpose of purchasing two steel fireproof safes for use in his new offices in the Municipal Building.

By striking therefrom in the title the word "licenses," where it appears the third time and inserting in lieu thereof the word "licensees."

As so amended, the Committee recommends the adoption of the ordinance.

A report in writing of all *such* inspections shall promptly be [made to the Chief of the Bureau] *transmitted to the Department* of Licenses. Licenses when so suspended or revoked shall not be reissued until the public vehicle and all its appurtenances shall be put into fit condition for use by the public, to the satisfaction of the [Chief of the Bureau] *Commissioner* of Licenses.

[ARTICLE IV.]

Any false statement made by applicant for a license shall be punishable by a fine of $25, and a record of such false statement *shall be* sent by the [Chief of the Bureau] *Commissioner* of Licenses to the District Attorney of the county in which the application was made .[.];

(h) *He* [Each applicant] shall be examined, by [the Bureau] *or under the supervision of the Commissioner* of Licenses, as to his knowledge of the provisions of this [ordinance] *article,* the police traffic regulations, and [of] the geography of the City of New York, and, if the result of the examination be unsatisfactory, he shall be refused a license[.];

The photograph [of the licensee] shall be attached to the license, in such a way that it cannot be removed and another photograph substituted without detection. Each licensed driver shall, upon demand of an inspector of licenses, a policeman, or passenger, exhibit his license and photograph for inspection. In [such instances where] case the application for a license is denied, the photograph shall be returned to the applicant by the [Bureau of Licenses] *Department.*

3. The [Chief of the Bureau] *Commissioner* of Licenses is hereby authorized and empowered to provide forms for applicants for drivers' licenses hereunder, and he may establish reasonable rules and regulations governing the issue of drivers' licenses, not inconsistent herewith.

4. Upon satisfactory fulfillment of the conditions herein established, the applicant shall be licensed by delivering to him a license, which shall be in such form as to contain a photograph of the licensee, the licensee's signature, and [shall contain] blank spaces upon which a record may be made of any arrest of the driver or serious complaint against him. Any licensee who defaces, removes or obliterates any *official* entry [made in these blank spaces] upon his license shall be punished by the revocation of his license. There shall also be delivered to each licensee a metal badge, of such form and style as the [Mayor] *Commissioner of Licenses* shall [approve] *prescribe,* with his license number thereon, which must, under penalty of revocation of the license, be constantly conspicuously displayed on the outside of the driver's coat when [said driver] *he* is engaged in his employment. The [Bureau] *Department* of Licenses shall keep a complete record of each license issued to a driver, *and of* all renewals, suspensions and revocations thereof, which record shall be kept on file with the original application of the driver for a license.

5. Drivers' licenses shall be issued as of February 1 in each and every year, and shall be valid to and including the 31st day of January next succeeding. The

[Bureau] *Commissioner* of Licenses may renew same from year to year, by noting the fact of such renewal on the licenses.

6. A driver, in applying for a renewal of his license under this [ordinance] *article,* [can] *may* make such application upon a form to be furnished by the [Bureau] *Department* of Licenses, entitled "Application for Renewal of License," [this blank to] *which shall* be filled out with the full name and address of the applicant for such renewal, together with a statement of the date upon which his original license was granted and the number thereof.

The following license fees shall be paid for drivers' licenses:

For each original license	$1 00

Any person now holding a public driver's license, under the provisions of any former ordinance or regulation, shall be entitled to have the proportion of his fee for his unexpired license apply in payment of the original license issued under this [ordinance] *article.*

7. Drivers' licenses may be suspended or revoked at any time by the [Mayor, the Chief of the Bureau] *Commissioner* of Licenses or any City Magistrate. The fact of such suspension shall be noted on the license, together with a statement of the reasons therefor, and the driver shall be deprived of his badge by the official suspending or revoking such license. When the license is suspended or revoked by an official other than the [Chief of the Bureau] *Commissioner* of Licenses, the driver's badge and a note of the revocation or suspension shall be forthwith forwarded to [him] *the Department of Licenses*; the badge to be returned at the expiration of the period for which the license was suspended. A second suspension for the same reason or, in any case, a third suspension of a driver's license, shall revoke the license. No driver whose license has been revoked shall again be licensed as a public hack driver in The City of New York. Whenever a license is suspended or revoked by a City Magistrate, notice of such revocation, with the cause thereof, shall be forwarded to the [Chief of the Bureau] *Commissioner* of Licenses. [It shall also be the duty of the Chief of the Bureau of Licenses to] *The Commissioner shall promptly* notify the Police Department whenever a license *issued under this section* is revoked.

8. Any person not having been duly licensed as a public hack driver, or any person whose license as such driver has been revoked, or any person whose license has been suspended and who, during the time of such suspension, drives for hire a public hack upon the streets or highways of The City of New York, shall, upon conviction before any City Magistrate, be punished by a fine of not over $50, or imprisment for a term not exceeding thirty days, or both.

[ARTICLE V.]

§320. Hack Stands. 1. All public hack stands heretofore designated by [this] *the* Board *of Aldermen* are hereby abolished.

2. All special hack stands are hereby abolished and licenses for the same shall not be issued hereafter.

3. The [Mayor] *Commissioner of Licenses* is hereby authorized to locate and designate as public hack stands the space alongside the curb adjacent to property used as public parks, public buildings, railroad stations, steamship and ferry landings, hotels, restaurants, theatres, and the centre of any street or avenue where the roadway exclusive of the sidewalk, is 30 feet in width or more.

4. The [Mayor] *Commissioner of Licenses* may also designate [the] spaces beside the curb adjacent to subway entrances and elevated railway steps as stands for a limited number of public hacks. [The Mayor] *He* shall [further designate] *fix* the number of [such] public hacks that shall be allowed to stand at any of the places designated by him, and the [Bureau] *Department* of Licenses shall [prepare] *provide* a metal sign, [which shall] to be attached to a post or stanchion adjacent to the said stand, [and] on which [sign] shall be placed the number and kind of vehicles that will be allowed on that particular [hack] stand.

5. Owners of any property may apply to the [Mayor] *Commissioner of Licenses* for the establishment of a public hack stand adjacent to their premises, stating [in said application] the number of public hacks they desire to come on said stand, and [also] the kind of locomotion to be used, whether gasoline[,] *or* electric motor, or horses. [Such] *The* application shall be granted solely in the discretion of the [Mayor] *Commissioner,* and may be revoked by him at any time. [There] *If granted there* shall be delivered to the [owner of the property making such application] *applicant* a metal sign, to be affixed to a stanchion on the curb or other conspicuous place, setting forth the kinds of public hacks and the number thereof that will be allowed on said stand.

6. [The Mayor may not establish a] *No* public hack stand *shall be established* in the centre of any street opposite to the premises where the owner has applied for and received the permit last above mentioned, during the time that said permit is in operation.

7. No public hack shall stand at any hack stand, located and designated by the [Mayor] *Commissioner of Licenses* in accordance with [section] *subdivision* 3 of this [article] *section,* adjacent to the curb of the sidewalk, within 15 feet of the entrance to any building erected on the property adjacent to the said hack stand. The [said 15 feet] *restricted area* shall be determined by measuring 15 feet on each side of a point on the curb opposite the middle of the entrance to the adjacent building. No hack shall stand within 5 feet of any cross-walk.

8. Only public hacks, in such numbers and of such kinds as are set forth on the metal sign, may remain at the stand while waiting for employment; and only in single file, pointed in accordance with the traffic regulations. No public hack standing at the head of any such line shall refuse to carry any orderly person applying for a hack who agrees to pay the proper rate of fare; but this shall not prevent any person from selecting any hack he may desire on the stand, whether it be at the head of the line or not. As the hacks leave the line with passengers, those behind shall move up, and any public hack seeking a space on the stand shall only approach the same from the rear end of the stand and move up as far as possible to the last (cab) *vehicle* already on the line.

9. The [Mayor] *Commissioner of Licenses* may suspend or revoke the license of any public hack driver who shall violate the above provisions by standing in front of the entrance of any building, within the prohibited space, after his passengers desiring to leave have alighted, or who shall attempt to stand in said prohibited space waiting for passengers, or who shall violate any of the other provisions of this section.

[ARTICLE VI.]

§321. Rates of Fare. 1. Maximum rates of fare shall be as follows:

4. Applying both to motor-driven and horse-drawn vehicles:

For waiting time at the rate of $1.50 per hour.

5. A copy of the foregoing rates of fare shall be furnished by the [Bureau] *Department* of Licenses to each public hack, and shall at all times be [pasted] *posted* in a conspicuous place in the inside thereof.

6. The [Bureau] *Department* of Licenses shall provide each public hack with a printed receipt pad, and every public hackman shall keep on hand a supply of the same, and shall, whenever so requested by a passenger, give the passenger a receipt on such printed official form for the fare paid.

7. Any violation of the provisions of this article, or any charge or any attempt to charge any passenger a greater rate of fare than that to which the public hack is entitled under the provisions of this article, shall render the offender liable, upon conviction thereof before any City Magistrate, to a fine of not exceeding $10, or, in default of payment thereof, to imprisonment in the City Prison for a period not exceeding ten days.

[ARTICLE VII.]

§322. Miscellaneous Provisions. 1. It shall be unlawful:

For any person to use or permit to be used, or drive for hire, a public hack equipped with a taximeter not having the case thereof sealed and the cover and gear therefore intact [.];

For any driver of a public hack equipped with a taximeter or other similar device, while carrying passengers or under employment, to display the signal affixed to such taximeter or other similar device in such position as to denote such vehicle is not employed, or in such position as to denote that he is employed at a rate of fare different from that to which he is entitled under the provisions of this ordinance [.];

For any person to drive a public hack on which has been affixed any taximeter other than one duly inspected and approved.

A violation of any of the provisions of this [section] *subdivision* shall render the offender or offenders liable, upon conviction before any City Magistrate, to a fine of not more than fifty dollars for each and every offense, and, in default of payment of such fine, he may be committed to prison [by such Magistrate] until the same shall be paid, but such imprisonment shall not exceed ten days [.];

2. Every driver of a public hack, immediately after the termination of any hiring or employment, must carefully search such hack for any property lost or left therein, and any such property, unless sooner claimed or delivered to the owner, must be taken to the nearest Police Station and deposited with the officer in charge, within twenty-four hours after the finding thereof, [and the Captain of the precinct to which such report shall be made] *who* shall forward a written notice to the [Bureau] *Department* of Licenses, with brief particulars and description of the property.

3. Every driver of a public hack shall have the right to demand payment of the legal fare in advance, and may refuse employment unless so prepaid, but no driver of a public hack shall otherwise refuse or neglect to convey any orderly person or persons upon request anywhere in the City, unless previously engaged or unable to do so. No driver of a licensed hack shall carry any other person than the passenger first employing [a hack] *him,* without the consent of said passenger.

4. All disputes as to the lawful rate of fare shall be determined by the police officer in charge of the police station nearest to the place where such dispute is had; failure to comply with such determination shall subject the offending party to a charge of disorderly conduct, punishable by a fine of not exceeding ten dollars, or, in default *of payment* thereof, *to* imprisonment for not more than ten days.

5. No public hack while awaiting employment by passengers shall stand on any public street or place, other than at or upon a public hack stand designated or established, in accordance with this [ordinance] *article,* nor shall any driver of such hack seek employment by repeatedly and persistently driving his hack to and fro in a short space before, or by otherwise interfering with the proper and orderly access to or egress from any theatre, hall, hotel, public resort, railway or ferry station or other place of public gathering, but any hackman may solicit employment by driving through any public street or place without stops, other than those due to obstruction of traffic, and at such speed as not to interfere or impede traffic, and may pass and repass before any theatre, hall, hotel, public resort, railway or ferry station, or other place of public gathering, provided that after passing [such public place] *the same* he shall not turn and repass until he shall have gone a distance of two blocks beyond such place.

6. No person shall be allowed to ride on the box with the driver.

8. Any person violating any of the provisions of this [ordinance] *article,* except those where another penalty is specifically provided, upon conviction of such violation by a City Magistrate or the [Chief of the Bureau] *Commissioner* of Licenses, or [the] *his* Deputy [chief], either upon confession of the party or by competent testimony, may be fined for such offense a sum not exceeding ten dollars [or] *and shall* be subject to the suspension or revocation of his license, in the discretion of the [Chief of the Bureau] *Commissioner* of Licenses, or [the] a Deputy [Chief] *Commissioner* [of Licenses] with the approval of the [Mayor] Commissioner.

That No. 685, a communication from the District Attorney of Queens, contains a request which has been complied with.

No. 721 is covered by No. 723, an official request from the President of the Borough of Queens.

It therefore recommends that the said papers be ordered on file.

The Committee on Finance, to which was referred on June 9, 1914 (Minutes, page 541), the annexed request from the District Attorney of Queens County for $1,200 special revenue bonds for transportation, respectfully

REPORTS:

That it is informed that the expenditures which this request seeks to cover are mandatory, and may be met by an appropriation made direct by the Comptroller without prior authorization by this Board, but under direction of the Board of Estimate and Apportionment.

It therefore recommends that the said request be forwarded to said Board of Estimate and Apportionment for such action as may be deemed advisable.

District Attorney's Office, Queens County, N. Y., Long Island City, June 4, 1914.

Hon. P. J. SCULLY, City Clerk, City of New York:

Dear Sir—I hereby request the issuance of special revenue bonds to the amount of $1,200 for transportation expenses in this office. The Budget appropriation for transportation (Code No. 3540) was $900, and there is now a balance of only $96.45 in this account, and there remains to be paid therefrom the expenses incurred during the month of May, and this balance is hardly sufficient to meet the expenditures during the latter month. The fall term of the courts is always the busiest time, and the expenses of transportation during the coming fall will be larger than usual because there are several murder cases now awaiting trial, and because of the likelihood of additional homicides occurring during the summer.

The allotment now asked is necessary for the proper prosecution of crime in this County, and I trust that you will have the matter presented to the Board of Aldermen at your earliest opportunity. Yours very truly,

MATTHEW J. SMITH, District Attorney.

Which report was accepted.

The Committee on General Welfare, to which was referred on March 24, 1914 (Minutes, page 1003), the annexed ordinance providing for the leashing and muzzling of dogs, respectfully

REPORTS:

That, having examined the subject, it believes some further regulation should be provided, but inasmuch as this subject is covered for the summer months it considers that no harm will be done if this ordinance is laid aside for further consideration.

It therefore recommends that the said ordinance be ordered on file.

AN ORDINANCE to amend "An Ordinance providing for the muzzling or leashing of dogs during a certain period in the City of New York."

Be It Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. "An Ordinance providing for the muzzling or leashing of dogs during a certain period of the year," adopted June 13, 1911, and received from the Mayor June 27, 1911, is hereby amended to read as follows:

"Sec. 2. "Sec. 3. A book shall be kept by the poundmaster, in which he shall enter the hour and minute of the delivery to him of each dog."

Section 2. This ordinance shall take effect immediately.

AN ORDINANCE to amend an "Ordinance to regulate the use of aisles and passageways in places of amusement, changing Section 762 of the Greater New York Charter," adopted by the Board of Aldermen December 19, 1911.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. By virtue of the authority and power vested in the Board of Aldermen of the City of New York by chapter 466 of the Laws of 1901 of the State of New York, commonly known as the Amendatory Act of 1901, section 762 of the Greater New York Charter is hereby repealed and the following ordinance enacted in lieu thereof:

All lights used in theatres and other places of public amusement, manufactories, stores, hotels, lodging-houses and in show windows shall be properly protected by globes or glass coverings, or in such other manner as the Fire Commissioner shall prescribe. The owners and proprietors of all manufactories, hotels, tenement-houses, apartment houses, office buildings, boarding and lodging-houses, warehouses, stores and offices, theaters and music halls, and the authorities or persons having charge of all hospitals and asylums, and of the public schools and other public buildings, churches and other places where large numbers of persons are congregated for purposes of worship, instruction or amusement, shall provide such means of communicating alarms of fire, accident or danger, to the police and fire departments, respectively, as the Fire Commissioner or police board may direct, and shall also provide such fire hose, fire extinguishers, buckets, axes, fire hooks, fire doors and other means of preventing and extinguishing fires as said Fire Commissioner may direct. In every building used or occupied as a hotel, lodging-house, or public or private hospital or asylum, there shall be employed by the owner or proprietor, or other person or persons having the charge or management thereof, one or more watchmen, whose exclusive duty it shall be to visit every portion of such building, at regular and frequent intervals, under rules and regulations to be established by the Fire Commissioner, for the purpose of detecting fire or other sources of danger, and giving timely warning thereof to the inmates of the building. In every room in each of said buildings there shall be posted a card upon which shall be printed a diagram showing the exits, halls, stairways, elevators and fire-escapes, and in the halls and passageways signs shall be posted indicating the location of the stairs and fire-escapes. In each of the said buildings there shall be placed and provided electrical or other alarms and time detectors, to be approved by the Fire Commissioner, by means of which the movements of said watchmen may be recorded, and through which alarms of fire or other danger may be instantly communicated, by means of bells or gongs, to every portion of the building. Said electrical apparatus, and all other appliances placed or kept within any of said buildings for the purpose of preventing or extinguishing fires, or for affording means of escape therefrom in case of fire, shall be kept at all times in good working order and proper condition for immediate use, and any member of the uniformed force of said departments may enter any of the said buildings at any time for the purpose of inspecting said apparatus or appliances. The Fire Commissioner may detail, not to exceed two members of the uniformed force of said department, at each and every place of amusement where machinery and scenery are in use, while such place is open to the public, whose duty shall be to guard against fire, and who shall have charge and control of the means provided for its extinguishment, and shall have control and direction of the employees of the place to which they may be detailed for the purpose of extinguishing any fire which may occur therein. It shall also be the duty of such member or members of the uniformed force of said department to inspect every portion of the building or buildings to which they may be detailed, during public performance therein, for the

purpose of guarding and protecting the occupants from fire or panic. Whenever any member of the uniformed force of said department shall discover in any [inside] aisle or passageway in any such place of amusement any camp stools, chairs, sofas, or other obstructions, or any person or persons standing or sitting therein, during any public performance, it shall be the duty of such member of the uniformed force forthwith to notify the proprietor or manager of such place of amusement, or any usher, agent or other employee of such proprietor or manager then present, to cause such obstruction to be forthwith removed, or to cause the person or persons standing or sitting in such aisles or passageways to forthwith vacate the same. [, except as hereinafter provided.] If the manager or proprietor or such usher, agent, or employee shall cause or permit any camp stool, chairs, sofas, or other obstructions to be placed or remain in any aisle or passageway, in any such place of amusement, or shall cause, or permit any person to stand or sit therein, during any public performance, or, having been so notified, shall neglect or refuse to cause such obstruction to be forthwith removed, or to cause such person or persons to forthwith vacate, said aisles or passageways, they shall each severally be deemed to have violated the provisions and requirements of this title and the regulations or orders duly made thereunder, and shall be subject to the penalties prescribed in this act: [, provided, however, that where there is a passageway in the rear of the seats in such place of amusement, more than six feet in depth, it shall be lawful to permit persons to stand therein, as follows: (a) if such passageway is more than six feet and less than sixteen feet deep, persons may stand therein provided an unobstructed passageway of at least six feet in depth is left open, and there are no more than four rows of persons standing; (b) if such passageway is more than sixteen feet deep, any number of persons or rows of persons may stand therein, provided that an unobstructed passageway of at least ten feet, in depth, is left open; (c) and in balconies or galleries, only one row of persons shall be permitted to stand; (d) and in places of amusement having a passageway in the rear of the seats, six feet or less, in depth, but having in addition an outer passageway in the rear thereof, to which all aisle heads have straight and direct access, it shall be lawful to permit two rows of persons to stand in such passageway in the rear of such seats, but under no circumstances, any more than two such rows; (e) and in no event, nor under any circumstances, shall any persons be allowed to stand at the head of any aisle. The space to be occupied by said standees shall be separated from the space to be left clear for passage, by tape, ribbon, or other easily broken material, supported by light posts fixed in stationary sockets, and to be not less than three nor more than four feet from the door; all to be constructed and placed as to be no obstruction in case of panic or emergency.] In all places of public amusement or entertainment, not included in the foregoing provisions, except in fireproof buildings, there shall be employed, by the owner or proprietor thereof, one or more watchmen whose exclusive duty it shall be to protect and guard the inmates of such buildings from fire and other sources of danger. The penalties prescribed by section 773 of the Greater New York Charter shall apply to any violation of this ordinance.

That this ordinance has been withdrawn by the introducer.

It therefore recommends that the said ordinance be ordered on file.

AN ORDINANCE relating to public places wherein pool tables or billiard tables are kept and maintained.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 355, of subdivision XIV, of Title II, of chapter 7 of Part I of the Code of Ordinances of the City of New York is hereby amended as follows:

"Section 355. Any pool or billiard table in a place open to the public and not otherwise licensed shall be deemed to be included within the terms of this ordinance and every keeper of a public place where there are pool or billiard tables shall maintain good order and allow no person under (sixteen) eighteen years of age to (play therein) use any such pool or billiard table in any such place."

Section 2. Subdivision XIV, of Title II, of Chapter 7, of Part I of the Code of Ordinances of the City of New York is here amended by adding thereto four new sections, to be numbered Sections 355a, 355b, 355c, and 355d, respectively, to read as follows:

"Section 355a. Every room, place or enclosure, open to the public and containing a pool table or billiard table, shall be provided with such accommodations and facilities for its lighting, heating and ventilation as shall be prescribed by the Superintendent of Buildings of the borough in which the premises are located. Any such room, and the toilet, and all hallways and stairways connecting therewith shall be kept in a clean and sanitary condition. No license to install or maintain a pool table or billiard table in any public room, place or enclosure shall be granted, issued or reissued except upon a certificate in writing from the appropriate superintendent of buildings that such room, place or enclosure is equipped with adequate toilet accommodations and proper facilities for its lighting, heating and ventilating, together with a like certificate from the Board of Health that such room, place or enclosure and the toilet, hallways and stairways connecting therewith are in a clean and sanitary condition. No license to install or maintain a pool table or billiard table in any public room, place or enclosure, shall be granted, issued or reissued, except upon a statement in writing from the Police Department approving the application."

"Section 355b. No person shall keep open to the public any room or place wherein a pool table or a billiard table is maintained on any day between the hours of 1 and 8 o'clock in the morning, provided, that where the room or place wherein a pool table or a billiard table is maintained is also used for the sale of intoxicating liquors, the room or place containing such pool table or billiard table shall be cleared of its occupants and closed to the public after the hour of 12 o'clock midnight on every Saturday night. Proof of the fact that the premises are open to the public or are in use between the above prohibited hours will be presumptive evidence that the owner keeps such place open to the public."

"Section 355c. No proprietor, manager or person in charge of any public place in a tenement house wherein is maintained a billiard table or pool table, except where a licensed liquor saloon is part of the same premises, shall allow to be covered any part of any window therein, nor shall any such place have in, near to or back of any window or door, any partition, or opaque or colored glass or other article or thing that obstructs or in any way prevents a person passing from having a full view from the street, roadway or alley in front of any pool table or billiard table, or of any room in such place or any part thereof; nor shall the room in which the billiard table or pool table is maintained be more than four feet below the level of the street on which the building fronts.

"No pool table or billiard table shall be used, placed or maintained in any room in which the principal door or entrance to such room or place has not a section of such door fitted with clear glass, through which a clear, unobstructed view of the pool and billiard tables and room where pool and billiard games can be had.

"Section 355d. Every application for a license to install and maintain a pool table or billiard table in a public place shall be accompanied by duplicate photographs of the applicant. One of these photographs is to be preserved in the records of the Chief of the Bureau of Licenses until the expiration of the license granted on such application, and the other is to be returned to the applicant, together with the license, when granted, which photograph is to be kept by him annexed to the license."

Section 3. A violation of any of these provisions shall be deemed sufficient cause for the immediate revocation of the license, and any person who shall violate or neglect or refuse to comply with any of the provisions of this ordinance shall, upon conviction, be punished by a fine of not more than (50 or 100) dollars, or by imprisonment not exceeding (3) days, or by both such fine and imprisonment.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred thousand dollars ($100,000), the proceeds whereof to be used by a special committee of five members of the Board of Aldermen for the purpose of appropriate and adequate participation by The City of New York in the 300th anniversary of the beginning of chartered commerce of New York; all bills incurred hereunder to be audited by and under the supervision of the Department of Finance.
The World, Publication Office, Pulitzer Building, Park Row, N. Y., June 23, 1914.
Hon. H. H. CURRAN, Chairman, Board of Aldermen, New York City, N. Y.:
My Dear Sir—Following an interview and at the suggestion of His Honor, the Mayor, the members of the New York Tercentenary Commission repectfully petition your body for the passage of an appropriation of $100,000 to fittingly proceed with the plans for the celebration of the 300th anniversary of the chartered commerce of New York, this to be added to a similar amount already appropriated by the State, and such other amounts as may be raised by private subscription.
No other event of equal importance in the history of the municipality has ever been allowed to pass unnoticed. Few cities in the new world can trace an unbroken record back to the date of issuance of our original charter and no other can point with pardonable pride to such a record of industrial achievement. Without a single exception every civic and commercial body in the Boroughs has given its endorsement to the plan, and citizens from all walks and callings and of every political affiliation have united in giving their personal support.
We believe it fully as important to fittingly celebrate the 300th anniversary of the commercial birth and commercial charter and in a manner that our citizens at home can see and participate in, as it is to spend an amount similar to the one now petitioned for, at the exposition 3,000 miles away where a splendid exposition will commerorate the master engineering achievement of the ages.
In this specific case every dollar appropriated and subscribed will be expended in providing much needed employment at home and all with the hope that as the plans are perfected and carried out they will serve to stimulate an interest in thousands outside of the city who will be attracted here to the educational exhibits and that much will be done to resuscitate business in all retail lines and check the feeling of commercial depression that holds the City in its grip. If the Commission can succeed in doing these two things their work will be cheap at ten times the amount requested.
Yours very respectfully,
A. E. McKINNON, Assistant Secretary, New York Tercentenary Commission.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE, WEDNESDAY, JUNE 24, 1914.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date, in which is shown the Department of Finance voucher number, the date of the invoices or the registered number of the contract, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher the date of the earliest is given, excepting that when such vouchers are submitted under a contract the registered number of the contract is shown instead.

If the vouchers are found to be correct and properly payable to the respective claimants it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

DEPARTMENT OF DOCKS AND FERRIES.

Filling-in Privilege.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery Place, North River, in The City of New York, until 12 o'clock noon on

WEDNESDAY, JULY 8, 1914.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON PART OF THE BLACKWELL SECTION ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE:

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the intersection of the southerly side of East Sixty-eighth Street, prolonged outshore, and the bulkhead wall and extending northerly along the bulkhead wall a distance of about 265 feet to the southerly side, prolonged outshore, of East Sixty-ninth Street.

The filling shall be brought to a grade level with the top of the coping of the bulkhead wall and shall extend inshore on a sloping grade to the level of the street adjacent.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to 2,900 cubic yards.

Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built, at the Blackwell section on the East River, Borough of Manhattan, as above more fully described. The award if made will be made to the bidder whose lump sum price is the highest for the privilege.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore in such a manner as not to cause any damage to the pipes lying in the area to be filled in.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 100 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above described basin up to grade shall be completed within twenty-nine days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against him and forfeit the money paid for the privilege.

The purchaser shall during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same.

The purchaser shall provide all plank and other appliances and all necessary labor, and shall at all times keep the dump graded to the satisfaction of the Engineer.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money in the full amount of the bid price.

The purchaser agrees that he will comply with the provisions of the Labor Law. He further agrees that no laborer, workman or mechanic in the employ of the contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract shall be permitted or required to work more than eight hours in any one calendar day except as in cases of extraordinary emergency caused by fire, flood or danger to life and property.

That the wages to be paid for a legal day's work to all classes of such laborers, workmen or mechanics upon public work or upon any material to be used thereon shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such laborer, workman or mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of Sections 3 and 14 of the Labor Law.

Dated: June 23rd, 1914.

All lighting in and on this stand must be paid for by the concessionaire and must be arranged for by the concessionaire with the approval of the Department of Water Supply, Gas and Electricity and the Department of Docks and Ferries. GENERAL TERMS AND CONDITIONS.

All bidding shall be upon the basis of an aggregate per annum fee or compensation to The City of New York for the privileges included in the lot which shall be payable to the Cashier of the Department of Docks and Ferries. The successful bidder on each lot is to pay to the Department of Docks and Ferries at the time of the sale one-third of the amount of the per annum fee or compensation which is bid by the successful bidder to be paid to The City of New York for the lot, as security for carrying into effect the terms of the sale, which amount will be applied to the payment of the fee or compensation first accruing under the agreement when executed, for the months of July, August, September and October, or will be forfeited to The City of New York as liquidated damages if the successful bidder neglects or refuses to execute the agreement with good and sufficient bond or obligation of a Surety Company as hereinafter provided for. On November 1, 1914, one-quarter of the amount of the per annum fee or compensation is to be paid to the Cashier of the Department of Docks and Ferries to cover the quarter beginning at noon on November 1, 1914; and on February 1, 1915, a similar payment of one-quarter of the per annum fee or compensation is to be made to the Cashier of the Department of Docks and Ferries to cover the quarter beginning at noon on February 1, 1915.

2. The successful bidder on each lot will be allowed the privilege of subletting any portion or portions of the privilege included within the lot, subject, however, to consent thereto in writing being first obtained from the Commissioner of Docks. The subletting of any portion of the privileges without having first obtained the consent, in writing, of the Commissioner of Docks thereto, shall at once subject the successful bidder to forfeiture of the privileges held by him at the election of the Commissioner of Docks, who, in the event of any such forfeiture, shall then have the power at any time during the term of the privileges, to revoke and cancel the permit for the exercise thereof and to resell such privileges; and the successful bidder so forfeiting privileges shall be liable to The City of New York for any deficiency resulting from such resale.

3. The successful bidder on each lot will be required to:

(a) At the time of the sale pay the auctioneer's fee to the auctioneer as follows:

Lot No. 1, $25.00; Lot No. 2, $15.00; Lot No. 3, $10.00.

(b) Enter into a written agreement with the Commissioner of Docks, at the time of the sale, to comply with the terms, conditions and limitations of the permit issued to him by the Commissioner of Docks, blank forms of which agreement are on file for examination at the office of the Secretary of the Department of Docks and Ferries.

(c) Pay to the Department of Docks and Ferries at the time of sale the amount hereinbefore provided for, which amount will be forfeited to The City of New York as liquidated damages if the successful bidder neglects or refuses to execute the agreement or neglects or refuses to furnish a good and sufficient bond or obligation of a Surety Company authorized by law to act as surety, in the sum of the annual fee or compensation for the lot, to be approved by the Commissioner of Docks, for the faithful performance of the terms and conditions thereof, which surety company bond or obligation must be furnished within five days after being notified that the form of bond or obligation is ready for execution by the successful bidder and by the Surety Company at the office of the Department of Docks and Ferries, Pier A, foot of Battery place, North River.

(d) Arrange with the Department of Water Supply, Gas and Electricity for any water required in connection with the privileges, and must pay to said Department the regular water charges for the water used. All gas installation will be by and at the expense of the successful bidder, subject to the rules and regulations of the Department of Water Supply, Gas and Electricity, and the gas must be paid for by the successful bidder. Any electricity required by the successful bidders other than the regular lighting of the terminals must be paid for by the successful bidders. No installation of water, gas or electricity shall be attempted without consent being first obtained from the Department of Water Supply, Gas and Electricity and from the Commissioner of Docks.

4. The Commissioner of Docks expressly reserves the right to:

(a) Revoke, cancel and annul any permit issued to or agreement made with any successful bidder at this sale who shall fail or neglect to observe, keep and perform any of the terms, conditions or limitations of such permit or agreement.

(b) Resell any privileges where the successful bidder fails, refuses or neglects to comply with the terms and conditions herein contained, the parties so failing, refusing or neglecting to be liable to The City of New York for any deficiency resulting from or occasioned by such resale.

(c) Grant to other than the successful bidders the privilege to maintain and operate "Cent-a-Drink" or other or similar water machines.

(d) Reject any and all bids if, in his judgment, he deem it for the best interests of The City of New York so to do. No bid will be received from any person who is in arrears to the Department of Docks and Ferries, or to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Department of Docks and Ferries or to The City of New York.

SEC. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the grantees.

First—The said right to construct, maintain and operate said transmission line shall be held and enjoyed by the grantees from the date upon which this contract is signed by the Mayor until January 1, 1938, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the grantees shall determine to exercise the privilege of renewal they shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the grantees and the Board.

If the grantees and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the grantees shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the grantees; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the grantees and their officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties but no annual compensation shall, in any event, be less than that required for the last year of the original term of this contract. If in any case the annual compensation shall not be fixed prior to the termination of the original term of this contract, then the annual compensation theretofore prevailing shall continue until the new rate shall be determined, and the grantees shall then make up to the City the amount of any excess of the annual compensation then determined over the previous annual compensation. The compensation and expenses of the said appraisers shall be borne jointly by the City and the grantees, each paying one-half thereof.

Second—As compensation for the privilege hereby granted the grantees jointly and severally agree to install equipment and furnish electrical current to the City without charge to it, as follows:

(*a*) Install, reserve and maintain for the exclusive use of the City, as an integral part of the generating and distributing systems of the grantees, generating machinery, sub-station apparatus, cables, switches and controlling apparatus up to the switchboards in the structures of the drainage chambers now or to be hereafter provided by the Board of Water Supply of the City for the unwatering of the pressure tunnels of the Catskill Aqueduct; said drainage chambers situated or to be situated

(1) At or near Croton Lake at the shaft known as the Croton Lake Drainage Shaft;

(2) At or near the intersection of Clinton and South Streets at the shaft known as No. 21 of the City Aqueduct; and

(3) In Morningside Park between West 120th and West 121st Streets, if the same were extended, at the shaft known as No. 11 of the City Aqueduct,

—sufficient in capacity to deliver 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 2200 volts at each of the shafts Nos. 11 and 21 and 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 40,000 volts at the Croton Lake Drainage Shaft.

(*b*) Furnish when called upon by the Board of Water Supply or its authorized representatives electrical energy up to the capacity of 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 2200 volts at each of the shafts Nos. 11 and 21 and up to the capacity of 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 40,000 volts at the Croton Lake Drainage Shaft.

(*c*) Install and maintain for the use of the City wires, cables or other conductors and controlling apparatus up to the switchboards in the buildings or other structures owned by the City and used in the operation of the Catskill Aqueduct that is to say, gate-houses, offices, bridges and all other buildings and chambers used in the operation and maintenance of the aqueduct and aqueduct lands of the city which may be situated north of Battery Park in the Borough of Manhattan and south of the bundary line between the Counties of Westchester and Putnam.

(*d*) Furnish whenever required two-phase or three-phase alternating current having a frequency of sixty (60) cycles per second, at a pressure of 110 or more volts, sufficient for operating all motors and other apparatus as may be required for the maintenance and operation of the aqueduct.

(*e*) Furnish whenever required single-phase alternating current having a frequency of sixty (60) cycles per second, at a pressure of 110 or more volts, or direct current at a pressure of 120 or more volts, sufficient for lighting all said buildings, bridges and grounds as may be necessary, and for any and all other purposes as may be required in connection with the maintenance and operation of the aqueduct and appurtenant works and structures.

Any and all payments to be made or service to be rendered by the terms of this contract to the City by the grantees shall not be considered in any manner in the nature of a tax, but such payments shall be made and such service rendered in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, to operate upon a route upon all or any part of lands acquired for aqueduct purposes.

Fourth—The service hereby required to be rendered as payment for the rights hereby granted shall continue throughout the whole term of this contract (whether original or renewal), and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to service to be rendered as payment for the rights hereby granted, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—The consent hereby granted shall not be assigned, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the acts of any of the grantees, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Should the grantees at any time fail to supply the service herein required as payment for the privilege herein granted in an efficient manner satisfactory to the Board of Water Supply, then the right herein granted shall cease and determine, and all sums paid or deposited with the City shall be and become the property of the City.

Seventh—It is understood by the parties hereto that the right herein granted is subject to any and every limitation imposed by law upon the use of the aqueduct lands outside of the present limits of the City or by any and every condition upon which such lands were purchased or acquired. It is understood also that no rights of any kind whatsoever are herein granted to or in any of the aqueduct lands lying within the present limits of the City.

Eighth—The transmission line hereby authorized shall be used only for the transmission of electrical current to and within the Counties of Westchester and Putnam of the State of New York, and shall not be used as a portion of or in connection with a transmission line extending into any other portion of the State of New York nor into any portion of any other state; provided that the Board may by resolution authorize the use of such transmission line for the transmission of electrical current from, to and within districts outside of said Counties of Westchester and Putnam, but the Board may, upon the adoption of such resolution, require such compensation for the additional right and prescribe such terms and conditions to govern the same as in its discretion it may deem proper.

Ninth—The grantees shall immediately begin the construction of ducts, conduits, poles and towers and the installation therein or thereon of wires, cables or other conductors and complete so much of such construction and installation as shall be necessary to furnish the service herein required and stand ready to supply the current herein required for the purposes of the Board of Water Supply, and the City of New York on or before October 1, 1914; otherwise this right shall cease and determine; provided that the time for completion of such construction and installation and the commencement of current supply, as required, may be extended by the Board, but the total extension of time shall not exceed twelve months; and provided further that when the completion of the construction or installation or the delivery of current shall be prevented by legal proceedings in any court or by works of public improvement or from other causes not within the control of the grantees, then such time may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the grantees and provided further that in no case shall such delay be deemed to begin until the grantees shall have given written notice to the Board of any such court proceedings or other occasion of delay and shall have delivered to the Board copies of any injunction or other orders and the papers upon which the same shall have been granted, and unless upon the request of the Board the grantees shall in writing consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, the conduits, poles, towers, fixtures, wires, cables and equipment of the grantees constructed pursuant to this contract shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the grantees shall, upon thirty (30) days' notice from the Board, remove any part or all of such conduits, poles, towers, fixtures, wires, cables and equipments constructed pursuant to this contract and the aqueduct lands shall be restored to a condition satisfactory to the Board of Water Supply at the sole cost and expense of the grantees.

Eleventh—The grantees shall comply with all laws, ordinances or rules of the local authorities having jurisdiction over the construction, maintenance or operation of the transmission line herein authorized.

Twelfth—The position of said transmission line upon said aqueduct lands shall be such as shall coincide with that designated and fixed by the Board of Water Supply. Before any work of construction or installation herein authorized shall be commenced, the grantees shall submit to the Board of Water Supply plans and specifications which shall show and specify in detail the character of the structure or structures proposed by the grantees and the location of the same upon City land. Said plans and specifications must be approved by the Board of Water Supply before such work shall be commenced. The work of construction and installation shall be under the supervision of the Board of Water Supply, and any rules or directions given by said Board shall be complied with by the grantees. If in the opinion of the Board of Water Supply it shall become necessary to change at any time during the term of this contract the location or the character of the construction or installation of said transmission line for the protection of life or property, or if in the opinion of said Board it shall become necessary for the City to use during said term any part or all of the lands upon which the structures herein authorized shall be situated for any of the purposes for which said lands were acquired, then the grantees shall make at their own expense such changes in the character of the construction or installation or changes in the position of such structures on said Aqueduct Lands as directed by the Board of Water Supply.

Thirteenth—All structures and appurtenances erected hereunder shall be kept in good and safe repair and in accordance with the instructions given by the Board of Water Supply.

Fourteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the grantees, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the ducts, conduits, poles, towers, wires, cables, conductors, fixtures and all structures, constructed or in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the grantees to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the grantees fail to appear, action may be taken by the Board forthwith.

Fifteenth—This grant is upon the express condition that the grantees, within thirty (30) days after the signing of this contract, by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of twenty-five thousand dollars ($25,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the grantees of all of the terms and conditions of this contract and compliance with all orders of the Board, or the Board of Water Supply, acting under the powers herein reserved, especially those which relate to the furnishing of service herein required for the privilege hereby granted, and the maintenance of the property in good and safe condition throughout the whole term of this contract; and in case of default in the performance by the grantees of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board or Board of Water Supply, acting hereunder, the grantees shall pay a penalty of fifty dollars ($50) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the grantees, directing their Presidents, or any one of them, or other officers to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the grantees should not be penalized in accordance with the foregoing provisions. If the grantees fail to make an appearance, or, after a hearing, appear in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the grantees shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of twenty-five thousand dollars ($25,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Sixteenth—The grantees shall assume all liability to persons or property by reason of the construction or operation of the transmission line and its appurtenances authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the grantees hereby agree to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the grantees. The grantees shall pay all taxes on all property constructed or maintained pursuant to this contract and shall reimburse the City for all taxes upon said property which the City may be required to pay and shall reimburse the City, its officers and agents for any and all costs or expenses whatsoever of every name and nature to which the City may be put by reason of the construction, operation or maintenance of the transmission line and its appurtenances and shall save the City, its officers and agents harmless therefrom.

Seventeenth—If at any time the powers of the Board or of the Board of Water Supply, or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or the Board of Water Supply or other authorities, officer or officers.

SEC. 3. Nothing in this contract contained shall be construed as reviving or validating any lapsed or invalid franchise heretofore granted to any of the grantees herein or to their predecessors, or as enlarging or adding to the powers or privileges contained in said grants of franchises or as waiving any forfeiture thereto.

SEC. 4. Each of the parties of the second part, jointly and severally, promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

SEC. 5. This contract shall not become operative unless and until the grantees shall procure and cause to be executed an agreement which shall be proved in proper form for record and duly delivered to the Board, by which the Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company shall agree with each other, with the Westchester Company and with the City to furnish, whenever called upon by either the Westchester Company or the City, such service as may be required by the Westchester Company in order to supply to the City the electrical current necessary to fulfill the terms of this contract, and by which the said Northern Westchester Lighting Company and the said Peekskill Lighting and Railroad Company shall further agree with each other, with the Westchester Company and with the City to permit the Westchester Company to use so much of their facilities as shall be necessary to carry out the provisions of this contract. Upon the failure of either or any of said Companies to furnish such service or to permit the use of said facilities for any reason at any time hereafter, the rights hereby granted shall cease and determine and this contract shall be null and void and of no effect.

IN WITNESS WHEREOF, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and each of the parties of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
