EXAMINING BOARD OF PLUMBERS.

PURSUANT TO THE PROVISIONS OF section 1573 of the Greater New York Charter, the following rules adopted by the Examining Board of Plumbers at a meeting held the thirteenth day of June, 1918, are hereby published in the City Record:

M. J. McGRATH, Chairman.

Rules.

I.
Persons applying for examination for certificates to engage in the business of master or employing plumber shall, before being examined, file with the Board an application on such forms as may be prescribed by the Board, and shall furnish to the Board such information as it may require concerning the applicant's fitness and qualifications to receive a certificate as aforesaid. All applications must be under oath.

Each applicant shall be required to furnish two vouchers, who shall appear before the Board and sign under oath on forms prescribed by the Board certifying to the time the applicant has been employed by them as journeyman plumber. Such vouchers at the time of signing applications must be lawfully engaged in the plumbing business in the City of New York.

The Board shall refuse to receive an application from any person who at the time of making application may be unlawfully engaged in business as a master or employing plumber.

II.
No person shall be examined unless he shall have had an experience of at least three years as a journeyman plumber, and is able to furnish satisfactory evidence of such fact.

No application will be received from any person who is not a citizen of the United States.

III.
The examinations of the Board shall be in two parts, namely, a practical test to determine the applicant's skill as a journeyman, and a written examination. The written examination shall consist of questions and plan to determine the applicant's fitness and qualifications to engage in the business of master or employing plumber.

IV.
All examinations shall be written by the applicant and must be in English.

The time and place of holding examinations shall be left to the discretion of the Board. Ample notice shall be given to applicants.

VI.
Persons who pass the tests as prescribed by the Board shall be eligible to receive a certificate of competency as master or employing plumber.

VII.
An applicant who fails in the practical test shall not be eligible for another test until the expiration of three months; should he fail in the second test he will not be eligible for a third test until the expiration of six months, and, failing in the third test, he will not be eligible for a fourth test until the expiration of one year. An applicant who fails in the written examination shall not be eligible for re-examination until the expiration of one month; should he fail in the second examination he will not be eligible for another examination until the expiration of three months; should he fail in the third examination he will not be eligible for another examination until the expiration of six months, and should he fail in the fourth examination he will not be eligible for another examination until the expiration of one year.

VIII.

All applications will expire and be cancelled after a period of one year if the applicant does not appear for examination within that period.

IX.

Before issuing a certificate to engage in the business of master or employing plumber the Board shall inquire into the applicant's fitness and qualifications for conducting such business, and may require the applicant to submit under oath such evidence, in addition to the examinations and tests hereinbefore provided, as will satisfy the Board that he is a person of good repute, character and responsibility, and otherwise qualified to engage in business as a master or employing plumber.

Each applicant for examination shall pay the sum of Five Dollars, and the further sum of Five Dollars, plus the amount for revenue, stamp tax, or both, upon the issuance of a certificate to engage in the business of master or employing plumber. Where an applicant has paid the first Five Dollars for examination, and failed, for each subsequent examination he shall pay an amount to be fixed by the Board, not to exceed Five Dollars.

XI.

In case a certificate of competency is lost by the holder thereof, the Board may issue a duplicate where such original certificate was issued during the term of office of all the members of the Board in office when such duplicate certificate is requested. In other cases the Board shall issue a certificate of record stating that the records of the office show that a certificate was issued to a specific person. The charge for such duplicate certificate or for a certificate of record shall be Two Dollars.

XII.

Applicants who pass the examination of the Board and receive certificates of competency will be required, upon engaging in business, under the provisions of chapter 305 of the Laws of 1916, to obtain a metal plate or sign, the fee for which is Five Dollars.

XIII.

Any person retiring from business as a master or employing plumber shall surrender to the Examining Board of Plumbers his metal plate or sign. His failure to do so will constitute a misdemeanor, and he will be prosecuted to the full extent of the law, as provided in chapter 305 of the Laws of 1916. j18,24,jy1

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on the date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All w/r, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
