"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)
 Human Resources Administration (HRA)
 Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

Name, Description and Location of Proposal:

Xu Hotel and Residences

The Negative Declaration originally issued on October 20 2014, has been revised in order to reflect a correction in the description of the proposed rezoning area.

The applicant, CG & J Realty LLC, is seeking a zoning map amendment to rezone Block 4960, Lot 29 (the "project site") and part of Lots 28, 57, 58, 59, 60, 61, 62, and 63 from a R6/C2-2 district to C4-3 and R6 districts in the Downtown Flushing neighborhood of Queens, Community District 7 (the "proposed action"). The proposed action would facilitate the construction of an approximately 214,539 gross square foot (gsf) eleven-story, mixed-use building containing hotel, residential, commercial, and community facility uses.

Block 4977, Lot 130 had been previously included in the list of lots to be rezoned by the proposed action. It should be noted that Block 4977, Lot 130 is a designated park and therefore is not subject to zoning. As detailed in the Revised EAS, it was determined that the corrections to the rezoning area would not have the potential for significant adverse impacts on the environment and would not alter the conclusions of the previous environmental review.

The project site is located in a R6/C2-2 district which allows residential and community facility Use Groups 1 through 4, with a permitted residential floor area ratio (FAR) ranging from 0.78 to 2.43 and a community facility FAR of 4.8. The existing C2-2 commercial overlay permits Use Groups 1 through 9 and 14 and a maximum commercial FAR of 2.0. The proposed action seeks to extend the C4-3 zoning district to the south of the project site to facilitate a mixed use building with a wider range of commercial uses than what would be permitted on an as-of-right-basis. The proposed C4-3 zoning district permits Use Groups 1 through 6, 8, 9, 10, and 12 and a commercial FAR of up to 3.4, a residential FAR of between 0.78 and 2.43, and a community facility FAR of up to 4.8.

The project site, Block 4960, Lot 29, is currently developed with a one-story 25,300 square foot (sf) supermarket and an accessory parking lot containing 38 parking spaces. Vehicular access to the parking lot is provided via curb cuts onto Northern Boulevard and Leavitt Street. The rezoning boundary also extends beyond the project site and includes portions of the following non-Applicant owned lots: Block 4960, Lots 28 and 57 through 63. These parcels are not expected to be redeveloped or enlarged as a result of the proposed action. Block 4960, Lots 28 and 57 through 62 are developed with one- to three-family residential buildings. Block 4960, Lot 63 is developed with a City owned parking lot that serves Flushing Town Hall, a Landmark Preservation Commission (LPC) designated landmark and National Register listed site located directly west of the project site. The rezoning area extends 125 feet in from the Northern Boulevard street line, therefore approximately 0.16 feet (two inches) in width of Block 4960, Lots 28 and 57 through 62 would be zoned C4-3. The remainder of the C2-2 commercial overlay would be removed from these lots and would maintain their effective R6 zoning. It is an open space area owned by the NYC Department of Parks and Recreation.

The proposed action would facilitate a proposal by the applicant to construct an approximately 214,539 gsf eleven-story mixed-use building on the project site. The proposed development would include approximately 43 dwelling units within 37,361 gsf of floor area, 191 hotel rooms within 97,401 gsf of floor area, 10,420 gsf of accessory retail space, and approximately 7,037 gsf of community facility space (non-profit club). The proposed development would also include 155 accessory attended parking spaces (plus 16 reservoir spaces), 33 bicycle parking spacing, and one loading berth. The cellar level of the building would be used for hotel parking and accessed from ramps on the basement level on Leavitt Street and by vehicle elevators. The first floor of the building would be used for residential parking garage and would be accessed from ramps on the basement level on Leavitt Street.

The analysis year for the proposed action is 2017.

DEPARTMENT OF HOUSING PRESERVATION & DEVELOPMENT (HPD) OFFICE OF MANAGEMENT AND BUDGET (OMB) COMMUNITY DEVELOPMENT BLOCK GRANT – DISASTER RECOVERY PROGRAM FINAL NOTICE AND PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN A 100-YEAR FLOODPLAIN

To: All Interested Agencies, Groups, and Individuals:

This publication gives notice that the City of New York (the City) has conducted an evaluation of several proposals under the United States Department of Housing and Urban Development's (HUD) Community Development Block Grant-Disaster Recovery (CDBG-DR) grant, as required by Executive Order 11988 in accordance with HUD regulations 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management. This evaluation is made to determine the potential affect that proposed activities in the floodplain will have on the human environment. Through the "Disaster Relief Appropriations Act, 2013" (Public Law 113-2, January 29), the City's initial allocation of CDBG-DR funds is \$1,772,820,000. Of this total, the City has allocated \$648 million in funding for assistance to address the various unmet housing needs. The focus of this notice is the NYC Build-It-Back: Multi-Family Building Rehabilitation Program, which will be administered by the Department of Housing Preservation & Development (HPD). Of the initial \$648 million of CDBG-DR funds allocated to housing, \$215 million would be provided to HPD for the rehabilitation of multifamily buildings (5+ units) and 3-4 unit buildings that are not owner-occupied. The properties shown below are subject to this public notice:

Proposed Action in the Floodplain:

Under the Multifamily Building Rehabilitation Program, actions may include rehabilitation and resiliency measures such as repair to structure and grounds; elevation of facilities including electrical, mechanical, plumbing and elevator equipment to the extent practicable; and in the event of substantial damage and substantial improvement, modifying structures to elevate residential use above the base flood elevation. Additionally, eligible homeowners could seek reimbursement for pre-award costs associated with reconstruction, rehabilitation and demolition work. Specific project descriptions for the properties which are subject to this notice are contained below:

3030 Emmons Ave, Brooklyn - This development is a 134-unit, seven-story rental apartment building. Public Explanation of a Proposed Activity in the 100-Year Floodplain:

The City has carried out the procedures required by Executive Order 11988 on Flood Plain Management including the consideration of a no-action alternative, to avoid adverse effects and incompatible development in the floodplain. *The no-action alternative would not achieve the City's goals of restoring the health and safety of hurricane-damaged multi-family housing for its residents, nor would it promote planning and implementation of resilience measures to mitigate damage from future weather extremes.* Residents would continue to be displaced from their homes located in the floodplain, live in damaged, unsafe, and unsanitary housing within the hurricane-damaged neighborhoods or seek shelter elsewhere. Poor structural integrity of hurricane-damaged buildings within the floodplain would put residents at a greater risk should a flood event occur, especially if buildings do not meet current elevation requirements. Storm debris fields on the properties of residential buildings would potentially remain unaddressed, also posing a threat to public health and water quality.

The City has considered alternatives and mitigation measures to be taken to minimize adverse impacts and to restore and preserve natural and beneficial values of the floodplain. It therefore proposes to support the projects because there is no practicable alternative to develop the projects totally outside the floodplain. To minimize potential harm to the floodplain, HPD will require that the projects implement the following mitigation measures:

- 1) Property owners will be required to purchase and maintain flood insurance for the life of the property or the term of federal assistance; and
- 2) All alterations and repair work must comply with the NYC Department of Buildings requirements for flood-resistant construction (Appendix G of the 2008 Building Code) and resiliency/mitigation measures described above will be implemented as practicable.
