● *Win More Contracts at nyc.gov/competetowin*

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)

ANTI VIOLENCE REFORM AGENDA - Negotiated Acquisition - Judgment required in evaluating proposals - PIN# 072201539SPL - Due 8-17-15 at 3:00 P.M.

The New York City Department of Correction (DOC) intends to engage McKinsey and Company, Inc. Washington D.C. for a consulting contract to "Accelerate and Sustain the Department of Correction's Anti Violence Reform Agenda." DOC seeks to retain consulting services in order to finalize the last phase of the work initiated under an expiring New York City Economic Development Corporation (NYCEDC) contract. DOC is also considering expressions of interest from other vendors for evaluation.

The agency anticipates a contract for a period of one (1) year, commencing September 2015.

DOC's Anti-Violence Reform Agenda:

Phase I - III of the NYCEDC Contract

DOC's Anti-Violence Reform Agenda represents the administration's continued commitment to reform Rikers Island after decades of neglect. The agency's goal is to reduce violence and improve safety in the jails. 14 initiatives were developed based on their potential to systematically reduce violence in DOC facilities.

- Keep weapons, drugs and contraband out of Rikers, including visitor reforms
- Create an integrated classification and housing strategy
- Provide comprehensive security camera coverage
- Design effective inmate education opportunities and services to reduce idle time
- Redefine first line incident response
- Improve leadership development and culture
- Redefine the Investigations Division
- Design a recruitment, hiring and staff selection plan
- Design a staff performance management plan
- Implement operational performance metrics and analysis
- Create a well-defined supply distribution process
- Improve custody management processes
- Expand targeted training for officers and non-uniformed staff
- Raise facilities to a state of good repair

The current contractor provided consulting services with a focus on building the capabilities of key DOC stakeholders and the implementation and pilot of the reform agenda.

Compelling Need and Scope of Work for Phase IV
DOC is in the process of building its capacity to run a newly created Program Management Office (PMO), executing the plans associated with the 14 reform initiatives and is in the early stages of piloting some of the initiatives at two (2) facilities. There is a continued need for consulting services to support the PMO and reform initiatives, with a focus on building the capabilities of key DOC stakeholders. The vendor will

- Enhance the capabilities of the Program Management Office through skill based training and coaching
- Begin to transition responsibilities to DOC staff
- Scale up the development and deployment of analytic tools, including those needed to operationalize a new Housing and Classification Strategy

- Roll out the Model Facility across the system incorporating lessons learned from each model facility
- Build a customized training curriculum for top departmental leaders to develop managerial capabilities and leadership skills
- Strengthen overall institutional capacity

The full impact of the antiviolen reform agenda will be achieved over multiple years and will require additional assistance. Critical start-up support is required from a qualified consulting firm for DOC to be successful in implementing the antiviolen reform agenda.

A solicitation document may be obtained from DOC's website at <http://www.nyc.gov/html/doc/html/contracting/contracting.shtml>

Vendors that believe they can provide comprehensive organizational analysis and operational assistance to DOC as detailed in Phase IV, are invited to submit an expression of interest along with a written experience statement by letter.

DOC will not be responsible for any expenses in the preparation and/or presentation of responsive submittals, or for other disclosure of any information or material received in connection with the solicitation.

DOC reserves the right to request additional information or clarification, if necessary.

ATI PROGRAM WITH GPS MONITORING - Demonstration Project - Testing or experimentation is required - PIN# 20150600154 - Due 8-21-15 at 3:00 P.M.

To ensure ATI programs are safe and effective, there is a need for the courts and ATI service providers to enhance programmatic oversight of ATI participants, particularly felony youthful offenders (ages 16-18 years). The integration of cutting edge GPS monitoring and notification systems and treatment services in felony ATI programs may help address this area of concern, and ultimately improve ATI graduation and recidivism outcomes among higher-risk youthful offender participants.

The New York County District Attorney's Office (DANY) seeks to implement an Alternative to Incarceration (ATI) pilot program through

a demonstration project with Corrisoft and the Center for Courtroom Innovation (CCI). The proposed project will evaluate the efficacy of a newly introduced ATI intervention model that incorporates a new state of the art enhanced electronic monitoring/notification system, and community-based treatment services that empower defendants to make positive life changes while living with their families. Pilot participants will consist of eligible youthful offenders (ages 16-18 years) being prosecuted by DANY. Higher risk defendants with a history of violence will be exempt from the pilot.

Any firm which believes it can also provide these services is invited to indicate so, by letter. Vendors are also encouraged to join the City Bidders list by filling out the "NYC-FMS Vendor Enrollment Application available on-line at "NYC.gov/selltonyc" and in hard copy by calling the Vendor Enrollment Center at (212) 857-1680.
