BOARD OF STREET OPENING AND IMPROVEMENT.

The Board of Street Opening and Improvement met, pursuant to call, in the Mayor's Office, at 2 P. M., on Wednesday, January 21, 1880.

Upon a call of the roll the following were ascertained to be present: Edward Cooper, Mayor; Richard A. Storrs, Deputy Comptroller; Allan Campbell, Commissioner of Public Works; John J. Morris, President of the Board of Aldermen.

The following authorization was presented by the Deputy Comptroller:

Pursuant to the provisions of section 32 of chapter 335 of the Laws of 1873, I hereby designate and authorize Richard A. Storrs, Deputy Comptroller, to possess every power and perform all and every duty belonging to the office of Comptroller of the City of New York, on Wednesday and Thursday, the 21st and 22d days of January, 1880, for the reason that on those days I shall be absent from the Comptroller's Office.

Which was directed to be recorded on the minutes.

The minutes of the meeting held December 16, 1879, were read and approved.

James F. Wenman, President of the Department of Public Parks, then appeared and took part in the meeting.

The Secretary presented a paper signed by the members of the Board, acknowledging that they had received due and timely notice of the present meeting, which was ordered on file.

The Secretary also notified the Board that he had caused to be inserted in the CITY RECORD a notice, signed by all the members, that they proposed to lay out and open West Fifty-third street, from the Tenth avenue to the Eleventh avenue, and West Fifty-fourth street, from the Tenth avenue to the established bulkhead line on the Hudson river, and would lay their proposed action before the Board of Aldermen on or after January 27, 1880.

The Mayor presented the following communication, which was ordered on file.

To the Board of Street Opening and Improvement of the City of New York:

GENTLEMEN—The undersigned, owners of property, respectfully petition that Washington street be extended from Little West Twelfth street to West Fourteenth street, so as to run parallel with the Ninth and Tenth avenues, in the manner shown on the accompanying diagram.

We respectfully submit that this improvement should be made for the following among other reasons:

Washington street, which is almost exclusively devoted to business purposes, and on which there is a great amount of travel, terminates abruptly in a short, narrow street (Little Twelfth), and there is no suitable way of entrance to or exit from its northern end, which its importance as a business street requires. If it is extended to Fourteenth street, a distance of only two blocks, it will then terminate in a large, wide, and extensive thoroughfare.

There is no suitable or sufficient way of access to or departure from the new market which has just been established on the Fort Gansevoort property at Washington and Little West Twelfth streets. The streets that now lead to the Market are very narrow, are encumbered with car tracks and filled with obstructions, and do not afford sufficient means of communication with it. It is proposed also to establish a ferry from the foot of West Fourteenth street to Jersey City, and the probabilities are that it will be in operation in a short time. Inasmuch as the inauguration of the market and the ferry will tend to largely increase the travel and business in this locality, an avenue such as the proposed improvement would make will be a public necessity.

If extended in accordance with annexed diagram it will not be necessary to tear down or remove any buildings, as the land which it is proposed to take consists of vacant lots. A large item of expense will thereby be saved.

The proposed extension will not alter or interfere with any existing house or lot lines. An objection of considerable consequence is thus avoided.

If undertaken at once, the cost of this improvement will be small, and the consequent expense to the property owners trivial.

Your petitioners therefore urgently request that immediate action be taken by your Board.

Very respectfully yours,

Resolved, That the Board of Street Opening and Improvement deem it to be for the public interest to lay out and open, and they propose to lay out and open a street to extend from the northerly side of Little West Twelfth street to the southerly side of West Fourteenth street, the easterly line of such street to be parallel with the Ninth avenue and four hundred and twenty-five (425) feet west of the westerly line of Ninth avenue, and the westerly line of such street to be five hundred (500) feet west of the westerly line of Ninth avenue and parallel thereto.
