NEW YORK, February 18, 1878. }

In pursuance of the authority contained in the 112th section of chapter 335, being an act entitled "An act to reorganize the local government of the City of New York," passed April 30, 1873; and section 1 of chapter 779, being an act entitled "An act in relation to raising money by taxation in the County of New York, for county purposes," passed June 14, 1873; and chapter 304, being an act entitled "An act to consolidate the government of the City and County of New York, and further to regulate the same," passed April 30, 1874; and chapter 303, being an act entitled "An act in relation to the estimates and apportionment for the support of the government of the County of New York," passed April 30, 1874; and chapter 308, being an act entitled "An act in relation to the estimates and apportionment for the support of the government of the City of New York," passed May 1, 1874—a meeting is hereby called of the Mayor, Comptroller, President of the Board of Aldermen, and the President of the Department of Taxes and Assessments, constituting a Board of Estimate and Apportionment, to be held at the office of the Mayor, on Tuesday, February 19, 1878, at 1 o'clock P. SMITH ELY, JR., Mayor.

1121. SMITH ELY, JR., Mayor :

S. R.—You are requested to call a meeting of the Board of Estimate and Apportionment on Tuesday, the 19th instant, at 1 o'clock P. M., for the purpose of authorizing the issue of \$35,000 "Consolidated Stock of the City of New York," authorized by chapter 351, Laws of 1875, and acting on such matters as may be brought before the Board.

Very respectfully, JOHN KELLY, Comptroller.

INDORSED : Admission of a copy of the within, as served upon us this 18th day of February, 1878.

SMITH ELY, JR., Mayor; JOHN KELLY, Comptroller; WILLIAM R. ROBERTS, President of the Board of Aldermen; JOHN WHEELER, President of the Department of Taxes and Assessments.

Present—All the members, viz.:

Smith Ely, Jr., the Mayor of the City of New York; John Kelly, the Comptroller of the City of New York; William R. Roberts, the President of the Board of Aldermen; and John Wheeler, the President of the Department of Taxes and Assessments.

The minutes of the meeting held January 23, 1878, were read and approved.

By unanimous consent the rule adopted at meeting of June 23, 1874, relating to calls of meetings was suspended in order to act upon the issue of "Consolidated Stock of the City of New York," and Bonds of the Mayor, Aldermen and Commonalty of the City of New York.

The Comptroller presented the following communication :

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE, }
February 18, 1878. }

To the Board of Estimate and Apportionment :

On the 2d of June, 1875, the Commissioners of the Department of Public Parks made a requisition on the Comptroller for the issue of \$200,000 "Consolidated Stock of the City of New York," the amount authorized to be raised and expended by section 2, chapter 351, Laws of 1875, for the equipment of the building of the Museum of Natural History, erected in the Central Park, under the provisions of section 2, chapter 290, Laws of 1871. On reports made by the Comptroller on April 16 and October 16, 1877, that contracts and agreements amounting to the sum of \$161,833.85 had been entered into by the Department of Public Parks for performing the work so provided for, resolutions were adopted by the Board of Estimate and Apportionment, authorizing the Comptroller to issue said stock to the amount of \$165,000.

The contracts made by the Department of Public Parks for this work and filed in this Department amount to \$176,561, and bills without contract have also been incurred to the amount of \$15,818.02, making the total expense for work and materials at this date \$192,379.02.

In order to meet these contracts and bills as they fall due, and such other expenses as may be necessary for the same purpose, it will be necessary to issue the balance of said Consolidated Stock, amounting to the sum of \$35,000, and I herewith submit a resolution for that purpose.

Respectfully, JOHN KELLY, Comptroller.

And offered for adoption the following resolution :

Resolved, That in pursuance of the authority conferred upon the Board of Estimate and Apportionment, by the provisions of section 112, of chapter 335 of the Laws of 1873, the Comptroller be and he is hereby authorized to issue, from time to time, as may be required, and at a rate of interest not exceeding seven per cent. per annum, "Consolidated Stock of the City of New York," as authorized by chapter 351, Laws of 1875, to the amount of thirty-five thousand dollars, in full of requisition of the Commissioners of the Department of Public Parks, dated June 2, 1875.

The Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote :

Affirmative—The Mayor of the City of New York (Chairman), the Comptroller of the City of New York, the President of the Board of Aldermen, and the President of the Department of Taxes and Assessments—4.

The Comptroller presented the following communication :

CITY OF NEW YORK—FINANCE DEPARTMENT, }
COMPTROLLER'S OFFICE, February 9, 1878. }

To the Board of Estimate and Apportionment :

The Commissioners having the authority conferred upon them by the provisions of chapter 429, Laws of 1876, to determine the amount of a fair and reasonable compensation for the actual use and occupation of any building or buildings in the City of New York, as armories and drill-rooms for any regiment or other organization of the National Guard of the State of New York, between January 1, 1871, and May 1, 1876, have filed in the Comptroller's office on February 8, 1878, a report and certificate in writing, of their determination upon the following claim, brought before them pursuant to said act, to wit :

For rent of the rear portion of the first floor of the building on the east side of the Bowery, known as Nos. 291 and 293 Bowery, also the rear building on the south side of First street, connecting, known as No. 21 First street, from January 7 to May 1, 1874.

The said Commissioners have determined that for the use and occupation of the said premises by an organization of the National Guard of the State of New York, during such period as has not been paid for, namely, from January 7 to May 1, 1874, the aggregate compensation shall be four hundred dollars (\$400). The claim for rent amounted to \$1,666.66.

Respectfully submitted, JOHN KELLY, Comptroller.

And offered for adoption the following resolution :

Resolved, That in pursuance of the authority conferred upon the Board of Estimate and Apportionment, by the provisions of section 112, chapter 335, Laws of 1873, the Comptroller be and he is hereby authorized to issue bonds of the Mayor, Aldermen, and Commonalty of the City of New York, bearing interest at a rate not exceeding seven per cent. per annum, and payable at a period not to exceed three years from the date thereof, the amount certified and reported by the Commissioners appointed by and under chapter 429, Laws of 1876, as determined by them, to be paid as compensation for the actual use and occupation of the following premises as an armory and drill-room : Rear portion of the first floor of the building on the east side of the Bowery, known as Nos. 291 and 293, Bowery, also the rear building on the south side of First street, connecting, known as No. 21 First street, from January 7th to May 1st, 1874, four hundred dollars (\$400).

The Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote :

Affirmative—The Mayor of the City of New York (Chairman), the Comptroller of the City of New York, the President of the Board of Aldermen, and the President of the Department of Taxes and Assessments—4.

The Comptroller presented the following communication :

CITY OF NEW YORK—FINANCE DEPARTMENT, }
COMPTROLLER'S OFFICE, February 18, 1878. }

To the Board of Estimate and Apportionment :

Bonds issued by the late town of West Farms for Roads and Bridges, Nos. 8, 9, 10, for \$500 each, held by Wm. D. Lent, and No. 12, for \$500, held by B. Byrne, were due on February 1, 1878, and have been presented for payment.

The Finance Department has refused to recognize this class of bonds, but, on an examination of the question, the Corporation Counsel gave an opinion some time since, that the city is liable for their payment.

As no appropriation for the purpose has been made, it is, therefore, necessary to make a transfer of \$2,000 from some unexpended appropriation in order to provide for their payment, and save the city the expense of useless litigation.

Respectfully, JOHN KELLY, Comptroller.

And offered for adoption the following resolution :

Resolved, That the sum of two thousand dollars be and the same is hereby transferred from the

appropriation for "Interest on the City Debt," for 1877, the same being in excess of the amount required for the purposes and objects thereof, to the appropriation for "Redemption of the Debt of the annexed territory of Westchester county," for 1878, which is insufficient.

The Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote, viz.:

Affirmative—The Mayor of the City of New York (Chairman), the Comptroller of the City of New York, the President of the Board of Aldermen, and the President of the Department of Taxes and Assessments—4.

The Chairman presented the following communications :

Gentlemen of the Excise Board :

The Gilbert Library and Prisoners' Aid Society" was duly incorporated during the past year. We shall seek the necessary funds for carrying on the work of the Society from private subscriptions, and from such Boards as your own.

We propose placing a Library of readable, non-sectarian, elevating books in each of our prisons and jails; and in aiding the prisoner when released to obtain honest elevating employment. By placing these men and women in positions, or ourselves giving them employment as peddlers, etc., we hope to save them from a return to the same or some other prison or jail, and the community from the expense of their support. We would thus save them from crime—and what is only a grade less—pauperism. We will also, in needed and worthy cases, supply the families of the prisoner, during his incarceration.

Our Books of Account are always open to the inspection of your Board, and annual reports of receipts and expenditures will be made. If you desire, the society will appear before you by an authorized representative.

Should you desire your appropriation devoted to any special object, please name it, and we will so use it.

We ask you to aid us by the appropriation of two thousand dollars.

Awaiting your early answer, we are, gentlemen,

The Gilbert Library and Prisoners' Aid Society. ALFRED NELSON, Board R. H. GILBERT, of LINDE GILBERT, Managers.

Temporary business office, No. 58 Broadway, New York.

P. S.—The money to be received from your Board will not be used for purchase of books, but will be wholly applied to the purchase of food and clothing, payment of lodging expenses, and securing employment for discharged prisoners.

NEW YORK, January 29, 1878.

NEW YORK, January 29, 1878.

To the Honorable the Board of Apportionment :

The free system for the inspection of weights and measures having been abolished by the Board of Aldermen, the undersigned Inspector of Weights and Measures, would most respectfully request you to fix a salary for such services, and as the faithful performance of the duties of such Inspector requires an assistant, a reasonable compensation for him also.

The requirements of the office are one Inspector for each Inspection District.

Office room in any of the public buildings.

The services of a horse and wagon for carting heavy weights (2,000 lbs.) for at least one month in each year, and oftener if required, in order to test coal, hay and ice scales; also Weighmaster's beams, stationery, such as bill-books, stating the name and address of each person using scales, weights and measures inspected, said book to be delivered to the Comptroller or such person as you may designate at the end of each month, in case your Honorable Body should intend collecting the fees for such services and which would more than defray the expenses for the maintenance of said office and thereby add to the revenues of the city.

Printed notices, intended for persons using scales, weights and measures not conformable to the standard, commanding such persons to send them to the office of the City Sealer of Weights and Measures to be adjusted and sealed as now provided by law.

By giving this your earliest attention you would greatly oblige,

Yours, very respectfully, THEODORE S. KENT, Inspector of Weights and Measures, Second District.

To the Board of Estimate and Apportionment, City of New York :

GENTLEMEN—In a communication which we had the honor to lay before you some months since in reference to the institutions under the charge of the Department of Public Charities and Correction of this city, we stated that in our opinion it was necessary to establish a new asylum for the chronic insane, and suggest a purchase of land for this purpose. A special act of the Legislature being required to enable the city to acquire real estate, we now address you again to request that you will at once take steps to secure the passage of such an act.

In order that there may be no doubt as to the necessity of extra accommodation for the criminals, paupers, and insane of this city, or that the best way to provide such extra accommodation is to establish a new insane asylum, we have obtained the following figures, showing both the number of inmates for which the most important buildings on the various islands were intended and the actual number of inmates in each building on January 1, 1878.

Table with 2 columns: Institution and Inmates. Includes CHARITY HOSPITAL, PENITENTIARY, ALMS-HOUSE, and various islands like Blackwell's and Randall's.

These figures show that there were, on January 1, 1878, on Blackwell's, Ward's, Randall's and Hart's Islands, fourteen hundred and fifty-five insane women, and nine hundred and eighty insane men, or twenty-four hundred and thirty-five lunatics in all, while the two asylums built for this class of unfortunates were intended to accommodate respectively nine hundred and eighty-six, and four hundred and thirty-four inmates, leaving a surplus of one thousand and fifteen patients to be housed in any way that can be devised. Of these one thousand and fifteen surplus patients, four hundred and fifty-two are crowded into the asylums, injuring the other patients and themselves being injured by the close contact. The rest are distributed as follows: Seventy-one women and seventy-nine men are in the Homœopathic Hospital on Ward's Island, where two patients occupy each room—two hundred men are in a building on Ward's Island, borrowed from the Bureau of Emigration for one year only, sleeping in dormitories containing each one hundred beds; one hundred and twenty-five are on Randall's Island, and eighty-eight women on Hart's Island.

This distribution means that these insane men and women are kept in buildings not intended for them and usually under the charge of persons who have had little or no experience in dealing with the insane, and the result must be an increase in the number of chronic cases, for many who might recover under more favorable circumstances lose every chance of improvement crowded together as they are. It is to be remembered also that there is year by year a steady increase in the number of insane, and that consequently, the evils will become greater and greater.

Besides the surplus insane there are one hundred and sixty-nine more men in the penitentiary than there are cells, and there is no room at all in the building for the one hundred and eighty-three women prisoners, who sleep over the work-shops in large open dormitories. In the Alms-house also there were on January 1st, one hundred and sixty-nine more inmates than beds.

Were the extra number of insane provided for as we suggest, all the sick who naturally belong on Blackwell's Island, where they would receive adequate medical attendance, could be returned from Randall's and Hart's Islands, and the latter island used as a branch of the Penitentiary. It is peculiarly fitted for a reformatory for young prisoners, being at a distance from the city and affording facilities for classification and for farm work.

There is indeed the most urgent need of classification throughout the whole Department, but no step forward is possible while the excessive number of insane patients keeps so large a proportion of all the buildings overcrowded. The moment this pressure was removed great improvement would be possible.

We therefore again urge you to ask at once for a law authorizing the City of New York to buy land for the purpose of establishing an insane asylum outside the city.

January 14, 1878.

Respectfully,
 THEODORE ROOSEVELT, } Commissioners of
 JOSEPHINE SHAW LOWELL, } the State Board of Charities.
 50 WALL STREET,
 NEW YORK, January 31, 1878. }

To the Board of Estimate and Apportionment of the City of New York:

GENTLEMEN—Referring to the communication to you by the Commissioners of the State Board of Charities of the 14th instant, I beg to call your attention to the fact that an act has already been passed by the Legislature, and is in force, giving the Commissioners of Public Charities and Correction in the City of New York full power to acquire title on behalf of the Mayor, Aldermen, etc., to all or any part of the land on Ward's Island not owned by the city—the price, if not agreed to by the owners, to be determined by arbitration.

(Laws of 1872, chapter 679.)

The upland on Ward's Island, not owned by the city, and not embraced in the land between high and low water mark, consists of lots 7, 8, 22, 23, 61, 62 and 63 on the Ward's Island Map—in all 18 acres, 1 rood and 8 perches strict measure, and will furnish sufficient accommodation for the poor and insane of the city for many years to come.

The private property on Ward's Island has been ruined by the city for the purposes of private use, notwithstanding which it is annually taxed for city purposes.

From time to time, during the last twenty years, negotiations have been had between the city and the private owners for a sale to the city of their interests, but without avail.

The act of 1872 was passed with the concurrence of the Commissioners then in office, as I understand, and in fact, in that year, after the passage of the act, negotiations were again opened, and an arbitration agreement was drawn by me and submitted on behalf of all the property owners to the Commissioners of Charities and Correction, and by that Board formally referred to its counsel.

One or two clauses in the agreement being objected to by counsel, some delay occurred, and the matter was finally dropped.

I may say that I am still authorized on behalf of the private owners to sell the property designated to the city, either under the act referred to, or otherwise, and I think you will agree on consulting the map and the location of the lots, that it would be much more advantageous to the city to purchase them than to look elsewhere.

I remain,
 Yours very respectfully,
 DWIGHT H. OLMSTEAD.

STATE OF NEW YORK,
 OFFICE OF THE STATE BOARD OF CHARITIES,
 120 EAST THIRTIETH STREET, January 28, 1878. }

Hon. JOHN KELLY, Comptroller, etc.:

DEAR SIR—Mr. Donnelly, Commissioner of the State Board of Charities, writes me that he has talked with you in regard to a plan for improving the condition of the insane in our city asylums, by the purchase of land for a new insane asylum, and that you are convinced that, in the present financial condition of the city, no such plan ought to be approved.

I cannot agree with this view, because I feel sure that, apart from the obligation which the city is under to care for her insane in a humane manner, such a measure as we propose would result in the truest economy. Under the present system acute attacks of insanity in many patients sent to the insane asylums of our city are increased in duration and severity, owing to want of proper care and accommodation, while other cases which, with better management might have been cured, become chronic. This statement I make on the authority of the published report of Dr. Parsons,

who for nine years was Medical Superintendent of the Asylum on Blackwell's Island. Thus the very attempt to save money one year entails on the city a heavy expense for many years.

I understand that large tracts of land can be bought on Long Island for a very low price per acre, from ten to twenty dollars, so that \$20,000 would buy one thousand acres or more. The land once bought, one or two pavilions could be put up for the use of insane patients from Ward's Island, who then, under competent superintendence, could help to build more of the same kind.

I have sent to-day to the Board of Apportionment a letter signed by Mr. Theodore Roosevelt and myself some two weeks since, asking action is this matter. The letter has been kept back for various reasons, but I think it right to send it now.

Respectfully yours,

JOSEPHINE SHAW LOWELL, Commissioner, etc.

Which was referred to the Comptroller.

The following communications were presented:

OFFICE OF THE COUNSEL TO THE CORPORATION,
 NEW YORK, January 28, 1878. }

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I have received a copy of a communication addressed to your honorable Board, signed by the Chief Clerk of the Department of Police, by order of that Board, referred to me by your honorable body.

It states that the Mayor recently deemed it his duty to prefer charges of official maladministration and neglect of duty against a majority of the Police Board. That in preparing and presenting their defense they necessarily incurred considerable expense, which, in view of the fact that the charges were dismissed, it is believed should not be borne by the Commissioners personally, and that at a meeting of the Board, on the 15th inst., it was resolved that the Board of Estimate and Apportionment be requested to provide for the payment of the expense incurred by the Police Commissioners, Messrs. Wheeler, Erhardt and Nichols, members of the Board of Police, in defending themselves against said charges, or that the Department be authorized to pay such expenses from the moneys theretofore appropriated to it.

In considering the subject referred to in the communication, I have endeavored to ascertain what the precedents have been. None can be found applicable to precisely the investigation referred to in the communication, because the proceeding is novel. I find, however, a large number of cases in which the Legislature has made appropriations for the purpose of paying the expenses of public officials charged and put upon their defense, where the charges were subsequently dismissed. There are no precedents upon either side, in the case of proceedings before the Mayor, the provision for that investigation having been first introduced into our municipal law by the charter of 1873. Of such appropriations by the Legislature the following may be referred to.

Laws of 1869, volume 2, page 1928. "Appropriation for the counsel of Robert C. Dorn, in full for services, six thousand dollars, for expenses for rooms, procuring witnesses, telegraphing and printing, three hundred and ninety-seven dollars and seventy-five cents."

This was the case of the Dorn impeachment.

Laws of 1870, volume 1, page 1095. "Appropriation for Gilbert Robinson, Junior, Edward L. Fursman and Jacob J. Runkle, for their services and expenses as counsel for John Artz, Acting Superintendent of the poor, of Rensselaer County, in the investigation ordered by the Governor, the sum of ten thousand dollars to be equally divided between them, and to be in full for their services and expenses in said investigation."

Same volume, page 1120. "Appropriation for Jonathan S. Buell, for expenses in his defense upon charges preferred against him as Police Commissioner, of the City of Buffalo, in the year 1869, three hundred dollars."

"Appropriation for Lyman K. Bass and Sherman S. Rogers, for services and expenses as counsel for Salmon Shaw and Obadiah J. Green, on the proceedings against them as Police Commissioners for the City of Buffalo, one thousand and fifty-eight dollars."

Laws of 1873, Chapter 760. "Appropriation for Sterling G. Hadley, for services as Attorney and Counselor for Canal Commissioner William W. Wright, and Canal Superintendent John Haggerty, in their defense on charges preferred against them before the Canal Committee of the Assembly of 1872, the sum of two hundred dollars."

Same volume, page 1149. "To Horace G. Prindle, Judge and Surrogate of Chenango county, in full for the payment of counsel fees of Henry R. Mygatt, James W. Glover, and E. H. Prindle, and all other expenses incurred by him in defending himself against the charges preferred against him before the Senate, three thousand two hundred and fifty-nine dollars."

Same volume, page 1150. "Henry Smith, Robert Cochrane, and H. C. Dennison, counsel appearing on the part of the defendant on the trial of George M. Curtis, Justice of the Marine Court, upon the charges preferred against him before the Senate, in full for services and expenses, two thousand dollars."

Laws of 1874, Chapter 323, page 389. "Appropriation for Josiah T. Miller, for services as counsel in the defense of Canal Commissioner W. W. Wright, indicted for malfeasance in office in Seneca county, 1872, the sum of three hundred dollars."

Laws of 1877, page 294, appropriation "to Stephen Moffat, for counsel fees and expenses, necessarily expended in the investigation before the Committee on State Prisons, of the Senate, of charges made against him in the report of the State Prison Commission, three hundred dollars."

From these citations, covering various classes of investigation, and which are cited as illustrations merely, it appears to have been the policy of the State to treat the legitimate expenses of persons who are charged with some alleged misconduct in office, before the proper tribunal, and who, upon making their defense, are found to have acquitted themselves of the charges, as matters proper to be borne by the public, and in 1874, by chapter 323, page 388, of the Laws of that year, it was provided that "Hereafter, in all proceedings before the Governor, for the removal of any county officer, upon charges preferred against him, all the costs and expenses thereof, including those of taking and printing the testimony therein, shall be a county charge upon such county, and shall be audited and allowed by the Board of Supervisors of such county, and be included in the assessment-roll," etc.

It seems to have been considered that, if the charges brought against the person were well founded, so that they resulted in a conviction, before whatever tribunal the investigation was had, that the responsibility and the burden should be borne by the individual, as they doubtless should, for misconduct in office is a personal and individual offense.

But where the result of the inquiry has shown that the official misconduct did not exist, and that he is innocent of the charges brought against him, it would seem to follow that he had done nothing to justify the imposition of personal burdens upon him.

He has been put to the expense solely by virtue of his holding public office, not by reason of any misconduct therein. This the verdict of the tribunal must be supposed to have settled, so far as the particular charge is concerned, and any legitimate expense which he has been put to, without personal responsibility therefor, solely by reason of the holding by him of a public office, it would seem to be for the public to pay.

In incurring the expenditures, he takes the risk of being obliged to discharge them himself, according as the result shall show that the charges made are well-founded or unfounded.

Cases can be imagined where it would be exceedingly unjust and oppressive to compel a public officer, at his individual expense, to defend his official administration. It would often involve a far-reaching inquiry and investigation fraught with great expense and the dread of such an expense might very readily be employed to drive from office a perfectly innocent and honest and valuable public officer.

I do not think that the present appropriations of the Police Department cover any expenditure of this sort, but the general legislative function, possessed by the Board of Apportionment, is adequate to make provision for any legitimate expense of any public officer or department, in this respect exercising substantially the function that is exercised by the Legislature with respect to County and State offices.

If the Board of Apportionment shall, in their discretion, make an appropriation or transfer an appropriation to discharge the legitimate expense of counsel and printing, etc., incurred by the Board in answering the charges preferred by the Mayor, I think they can be paid.

The charges, although in form against each of the Commissioners as a member of the Board, were in law, charges against the Board itself, for upon their face, each of the three Commissioners was called into court to answer for his conduct as a member of the Board, and not for the failure to discharge any duty which by law was imposed upon him individually, other than as member of the Board he shared in the obligations which the law had imposed upon the Board.

The charges were against the Police Board, and as the result of the investigation must be held to have shown that there was sufficient doubt with regard to their correctness as to justify the verdict passed upon them by his Honor the Mayor, of not being proven, the department must be credited with an acquittal in the view of the law, and I think that it is within the power of the Board of Apportionment to make the necessary appropriations to pay the legitimate expenses to which the Board was subjected.

I am, gentlemen, yours respectfully,

WILLIAM C. WHITNEY, Counsel to the Corporation.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
 300 MULBERRY STREET,
 NEW YORK, February 16, 1878. }

The Honorable the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Police, held this day, it was

Resolved, That the Board of Estimate and Apportionment be requested to transfer the sum of \$6,000 from the appropriation for Street Cleaning for 1877, which is in excess of the amount required

for the objects and purposes thereof, to the appropriation for Contingent Expenses for 1877, as per letter of January 18, 1878."

Very respectfully,
S. C. HAWLEY, Chief Clerk.

Whereupon the Comptroller offered for adoption the following resolution:
Resolved, That the sum of six thousand dollars be and the same is hereby transferred from the appropriation for "Cleaning Streets under Police Department" for 1877, the same being in excess of the amount required for the purposes and objects thereof, to an appropriation for "Contingent Expenses" for 1877, for which the same is required.

The Chairman put the question whether the Board would agree with said resolution.
Which was decided in the affirmative by the following vote:
Affirmative—The Mayor of the City of New York (Chairman), the Comptroller of the City of New York, and the President of the Board of Aldermen—3.
Negative—The President of the Department of Taxes and Assessments—1.
The Chairman presented the following communications.

OFFICE OF THE BOARD OF COMMISSIONERS OF PILOTS,
No. 40 BURLING SLIP,
NEW YORK, January 25, 1878.

DEAR SIR—Your favor of yesterday, in reply to our request for information as to any available balances of former appropriations for the removal of incumbrances and obstructions in the harbor, is received, and we are obliged for your prompt attention.

As it appears that under existing circumstances you must apply to the Board of Apportionment for funds for that purpose, we would suggest that you ask for, say \$3,000, as we are about to contract for the removal of a wreck lying on the sand spit in the East river, near Governor's Island, at about \$300 or \$400, and there is probability of other calls within the fiscal year. A vessel has already struck this wreck.

It was the custom under your predecessors in office to have an annual sum in the tax levy for the purpose of removing wrecks, of say \$5,000, and as prompt action in the removal of obstructions to safe navigation is all important, we would suggest the propriety of asking for such an appropriation for the coming year.

The record of the Board in the use of former appropriations will convince you that it will not call for any part of the money without good cause.

Yours, very respectfully,
GEO. W. BLUNT, Secretary.

JOHN KELLY, Esq., Comptroller.

Resolved, That the Commissioners of Police be and they are hereby respectfully requested to re-establish the Sixth Police Precinct and assign to duty therein the requisite Police force, and the Board of Estimate and Apportionment be and is hereby requested to provide the means necessary to repair, refit, and refurnish the station-house in Franklin street for the use and occupation of the said Police force by transfer of any available balances of appropriations of former years or otherwise.

Adopted by the Board of Aldermen, January 26, 1878.

Approved by the Mayor, February 6, 1878.

FRANCIS J. TWOMEY,
Clerk Common Council.

DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE (EAST),
NEW YORK, January 30, 1878.

Hon. JOHN KELLY, Comptroller:

SIR—On the pay-roll for the Engineers and Draughtsmen for December, 1877, there is an item of \$75.79 chargeable to "surveying, laying out, etc." There is also a bill in this Department for \$72.52 chargeable to the same appropriation. The balance of this appropriation for 1877 is only \$13.58 so there is a deficiency of \$134.73.

To meet this the Department to-day adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment be and is hereby requested to transfer the sum of \$134.73 from the appropriation for "surveying, laying out, monumenting, etc., north end of the island, and Twenty-third and Twenty-fourth Wards" for 1875, for the purposes of which it is not required, to the appropriation for "surveying, laying out, and monumenting Twenty-third and Twenty-fourth Wards, including north end of this island" for 1877, which is insufficient.

By your having the matter acted on at the next meeting of the Board of Estimate and Apportionment you will much oblige, as the employees on the pay-roll are in want of their pay.

Yours respectfully,
JAMES F. WENMAN,
President Department Public Parks.
NEW YORK, February 9, 1878.

To the Hon. JOHN KELLY, Comptroller, etc.:

DEAR SIR—Allow me to call your attention to the inadequacy of the appropriation by the Board of Apportionment for the expenses of the Children's Fold for the year 1878.

The amount applied for was twelve thousand dollars, of which ten thousand four hundred was based upon an estimate of one hundred children to be supported; and sixteen hundred dollars to cover a deficiency in the payment from the City Treasury for 1877. The accounts for the year having been since made up and the last payment received from the city, the deficiency, as will appear by examining the returns from our Treasurer, is thirteen hundred and sixteen dollars and eighty-two cents. The number of children January 1, 1878, was 81; on December 1, 1877, 80; November 1, October 1, and September 1, each 77.

Owing to the growing destitution which crowds all charitable institutions, the pressure for accommodation is in excess of our room. We have accordingly hired and are fitting up a large house in prospect of being obliged to receive one hundred children. Every care is and will be exercised to exclude all but those in real need.

The act of the Legislature under which we suppose ourselves entitled to apply for this aid is hereto annexed:

Chap. 506—Laws New York, 1874, p. 696.

AN ACT, conferring certain powers on "The Children's Fold" of the City of New York. Passed May 20, 1874.

Section 1. The Trustees of the "Children's Fold" and Orphan Asylum, located in the city of New York, are hereby authorized and empowered to adopt into families any orphan, half-orphan or destitute child who may have been in their care and charge for the space of one year, in case said children be under ten years of age, or six months, in case of children over ten years old.

Sec. 2. The Board of Supervisors of the city and county of New York, shall levy and collect by tax in the year one thousand eight hundred and seventy-four, and every year thereafter at the same time and in the same manner as the contingent charges and expenses of the city and county are levied and collected, and shall pay over to "The Children's Fold" of the City of New York, the sum of two dollars per week for each and every orphan, half-orphan and destitute child received and supported by said institution, the expense of whose support is not paid by private parties.

Sec. 3. This act shall take effect immediately.

The failure to receive the amounts due will seriously embarrass the society in its operations, as there is owing by it on past obligations the whole amount of the deficiency, and moreover the current expenses will require from month to month the per capita sum to which we are entitled, besides contributions from private sources.

I would therefore respectfully ask, on behalf of the trustees, that the needed relief be granted by the payment of last year's deficiency, and that provision may be made, as in your judgment shall seem best, for our present and increasing number of beneficiaries.

Your obedient servant,
THOMAS M. PETERS,
President of the Children's Fold.
NEW YORK, February 18, 1878.

To his Honor SMITH ELY, JR., Mayor of the City of New York:

SIR—A number of citizens, desiring to add to the attractions of our metropolitan city, have conferred with the Department of Public Parks, in regard to the establishment of Zoological and Botanical Gardens, and in accordance with the views of the Department have formed themselves into a body corporate, for the purpose of creating and maintaining such gardens, and have chosen the undersigned an Executive Committee to carry out their wishes.

We, therefore, herewith respectfully submit a copy of our Charter and By-laws and the draft of an act which, passed by the Legislature, will enable the Department to make a contract with the Corporation upon conditions mentioned in the accompanying "memoranda," and thus render certain the immediate establishment of such gardens and their maintenance upon a liberal scale, and without the incurring of any expense or liability whatever by the Department or by the city.

We desire your cordial indorsement of the plan proposed, and that you join the Department and ourselves in a request to the Honorable the Legislature of the State, that the proposed act be passed without delay, and we wish also for a similar indorsement from the Honorable the Common Council of this city.

Respectfully yours,
ADRIAN FRELING,
JAMES M. CONSTABLE,
HUGH ANCHINCLOSS.

Section 2. Section 3. This act shall take effect immediately.

MEMORANDA.

3. Receipts to be applied—1st, to maintenance; 2d, to interest at seven per cent. on stocks and bonds paid for; 3d, the surplus, if any, to be devoted to the purchase of more animals, the improvement of the grounds, or reduction of admission.
4. The city is not to be at any expense either for the construction or maintenance of said gardens, except furnishing policemen to preserve order.
5. The city authorities to have the right to investigate the accounts of the corporation.

Which were referred to the Comptroller.

SANITARY BUREAU—HEALTH DEPARTMENT, NEW YORK, February 25, 1878.

W. DE F. DAY, M. D., Sanitary Superintendent:

SIR—In accordance with your instructions, I have carefully inspected the dwellings in Forty-second street, between Seventh and Eighth avenues, with the view of ascertaining the source of the foul odors of which the occupants complain, and respectfully report: That the dwellings on the block named are constantly, and for a long time past, have been subjected to an influx of gas from a defective gas-main in Forty-second street. The odor of carbureted hydrogen escaping from some of the waste-pipes of the buildings was quite perceptible, and left no doubt as to its source. The leakage complained of from the gas-main is of long standing, and has saturated the soil below the street pavement to such an extent that the gas is escaping therefrom into the street sewer, thence by means of the house-sewers into the dwellings. There being three gas-mains in this street owned by separate companies, I was unable to determine positively from which pipe the leakage proceeded. As, however, the nuisance is complained of by different families in the block, and the life and health of many persons is endangered by it, I would respectfully recommend that measures be taken for the abatement of the same, without delay.

Very respectfully,

THOMAS J. NEALIS, Sanitary Engineer.

The foregoing are the quantities which have been estimated approximately for the construction of the work. They form, however, no part of the contract, and persons bidding are cautioned that the Department of Docks do not hold themselves responsible that any of them shall strictly obtain in the construction of the work, and bidders are required to examine the plans and the premises, and to judge for themselves of the quantity and other circumstances affecting the cost of the work.

The time allowed for the completion of the work is to the 20th day of April, 1878, and the damages to be paid by the contractor for each day that the contract may be unfulfilled, after the said time has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at fifty dollars per day.

Bidders will state in their proposals the price for the whole of the work to be done in conformity with the annexed specifications, by which the bids will be tested. This price is to cover the expenses of furnishing all the necessary materials and labor, and the performance of all the work set forth in the annexed agreement.

Bidders will write out the amount of their estimate for doing this work, in addition to inserting the same in figures.

Should the lowest bidder or bidders neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to him or their bid or proposal, or if, after acceptance, he or they shall refuse or neglect to execute the contract and give the proper security for forty-eight hours after notice that the same is ready for execution, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it is accepted and executed.

Bidders are required to state in their proposals their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the proposal shall distinctly state the fact; also that the bid is made without any connection with any other person making any estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by section 6 of chapter 574, Laws of 1871, and by section 27 of chapter VIII, of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the proposals is reserved, if deemed for the interest of the Corporation.

Bidders are requested, in making their bids, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application at the office of the Department, Room No. 6.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

WILLIAM KENNELLY, AUCTIONEER.

SALE OF FERRY FRANCHISES.

THE FRANCHISES TO RUN THE FOLLOWING ferries and a lease of the wharf property belonging to the city, if any, set apart for ferry purposes at each of said ferries, will be sold at public auction to the highest bidder, at the office of the Comptroller of the City of New York, on Thursday, November 8, 1877, at 12 o'clock, noon, for the period of five years from November 1, 1877, except as otherwise stated:

Ferry from Peck Slip, New York City, to the foot of One Hundred and Thirtieth street at Third avenue, Harlem, with an intermediate landing at or near Eighty-fourth street, East river.

Ferry from Fulton Market slip, New York City, to Mott Haven, with an intermediate landing at or near Eighty-fourth street, East river, until May 1, 1879. Ferry as now established from foot of Roosevelt street, in the City of New York, East river, to South Seventh street, Brooklyn, Eastern District, together with the bulkheads and slips adjacent to and east of the wharf property at foot of Roosevelt street, East river, owned by the Bridge Company, and now occupied for said ferry.

Bidders must bid for the franchise and lease of wharf property of each ferry separately, but no bid will be received unless it includes an offer for both the ferry franchise and wharf property.

The form of the lease required to be executed by the highest bidder can be seen at the office of the Comptroller. All bids will be regarded as made with reference to said form of lease, and in case the highest bidder shall neglect to execute a lease according to said form, for ten days after said sale, his bid will, at the option of the Comptroller and the Board of the Department of Docks, be rejected.

The leases will contain a covenant requiring the lessees to pay rent quarter-yearly to the Comptroller.

The minimum rate for which the ferry franchise or license to operate such ferries shall be used or enjoyed has been appraised and set by the Commissioners of the Sinking Fund at five per cent. per annum upon the gross receipts or ferrage collected at the New York landing-place for the ferry as now established from the foot of Roosevelt street, New York, to South Seventh street, Brooklyn, and at two and one-half per cent. per annum upon the gross receipts collected for ferrage for the ferries from Peck slip, New York, to the foot of One Hundred and Thirtieth street, Third avenue, Harlem; and from Fulton Market slip, New York, to Mott Haven, such percentage to be paid quarter-yearly to the Corporation, and a covenant will be contained in each lease requiring the lessees to make and deliver to the Comptroller of the City of New York, quarter-yearly, a statement in writing, verified by oath or affirmation of the lessee, or of such proper officer of the lessee as may be designated by the Comptroller, of the actual total gross receipts for ferrage received by such lessee during the preceding three months, and also, that the lessee shall keep regular books of account, showing the daily gross receipts of the ferry leased, and allow said Comptroller, or any person designated by him, to examine such books.

The franchise will be put up and knocked down to the person offering to pay the largest percentage.

All moneys received for the conveyance of passengers, animals, vehicles or freight from New York to be collected at the landing place in New York, or, if collected elsewhere, to be included in the receipts upon which such percentage is to be calculated and paid.

No bid less than such percentage on such gross receipts will be entertained.

The successful bidder will be required to pay to the Collector of City Revenue the sum of fifteen hundred dollars immediately after the franchise shall have been struck down to him, as security for the execution and performance of the lease, such amount to be credited on the rent when the same becomes due.

Security, satisfactory to the Comptroller, will be required for the punctual performance by the lessees of the covenants of the lease of the franchise in their behalf.

Each purchaser of a lease will be required, at the time of the sale, and in addition to the auctioneer's fees, to pay to the Department of Docks twenty-five per cent. of the amount of the annual rent bid for the wharf property, as security for the execution of the lease, and which twenty-five per cent. will be applied to the payment of the rent for such property first accruing under the lease, when executed, or forfeited if the lessee neglects or refuses to execute the lease and bond after being duly notified that the lease is prepared and ready for signature, or, in case the bid be finally rejected, will be returned to the bidder.

Lessees will be required to pay their rent for the wharf property quarterly, in advance, in compliance with a stipulation therefor in the form of the lease adopted.

The franchise and the lease of the wharf property, if any, of each ferry will be put up and sold together to the highest bidder, subject to the condition hereinafter expressed, and subject also to the right of the Comptroller and the Board of the Department of Docks to reject any or all bids, if deemed to be for the interest of the city.

The right to reject any bid, if deemed to be to the interest of the City of New York, is reserved by the Commissioners of the Sinking Fund.
