The 735 deaths represent a death-rate of 20.31, against 23.53 for the previous week and 18.80 for the corresponding week of 1894.

Contagious and infectious diseases show a slight decrease, the number of cases reported of diphtheria, measles, scarlet fever, typhoid fever and small-pox being respectively 130, 68, 21, 31 and 0, against 113, 84, 26, 34 and 0 for the previous week, a total of 250 against 257. The increase of diphtheria was mainly in the Twelfth and Thirteenth Wards, and the decrease in the Nineteenth Ward. The increase of measles was most marked in the Tenth Ward, and the decrease in the Twelfth and Twenty-second Wards. The increase of scarlet fever was chiefly in the Twelfth Ward, and the decrease in the Ninth and Twentieth Wards. Thirteen of the 31 cases of typhoid fever were above Fourteenth street, and 8 of the remaining 18 were below Fourteenth street. No case of small-pox was reported.

BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, MAYOR'S OFFICE, CITY HALL, TUESDAY, September 10, 1895, 2 o'clock P. M.

The Board met in pursuance of an adjournment.

Present—William L. Strong, the Mayor; Ashbel P. Fitch, the Comptroller; Edward P. Barker, the President of the Department of Taxes and Assessments; William L. Turner, the Acting Counsel to the Corporation. Absent—John Jeroloman, the President of the Board of Aldermen.

The minutes of the meeting held September 9, 1895, were read and approved.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, September 10, 1895. To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of this Board held July 31, 1895, there was referred to the Comptroller a communication of the Commissioner of Street Cleaning requesting the issue of revenue bonds, pursuant to chapter 368 of the Laws of 1894, to the amount of \$198,000, to make good the deficiencies in appropriations of the Street Cleaning Department caused by transfers made during the current year to the "Snow and Ice" account.

The following table shows the state of the "Snow and Ice" account of the Street Cleaning Department on September first of each year since 1892 and the expenditures charged to that account up to that date:

	APPROPRIATION.	EXPENDITURES
September 1, 1892.....	\$40,000 00	\$22,172 97
September 1, 1893.....	62,500 00	62,451 95
September 1, 1894.....	66,000 00	59,099 30
September 1, 1895.....	238,000 00	215,673 08

The transfers heretofore made by the Board of Estimate and Apportionment to the "Snow and Ice" account have all been from the "Sweeping" account, and were made as follows:

January 29, 1895.....	\$18,000 00
February 7, 1895.....	55,000 00
February 20, 1895.....	75,000 00
February 27, 1895.....	50,000 00
	\$198,000 00

Chapter 368 of the Laws of 1894 provides, *inter alia*, as follows:

"If the necessary cost of removing snow or ice from the streets and avenues shall, in any one year, exceed the amount appropriated therefor, the board of estimate and apportionment may authorize such additional expenditure as may be required for the removal of such snow or ice to be paid out of any unexpended balance of the appropriation made for the purposes of said department; and the comptroller shall raise the amount of such additional expenditure by the issue and sale of revenue bonds, and shall place the amount so raised to the credit of the department of street cleaning, to supply the amount of the deficiency occasioned by such additional expenditure."

These transfers having been heretofore authorized by the board of estimate and apportionment, and the language of chapter 368 of the Laws of 1894, above quoted, being plainly mandatory, it is proper to comply with the request of the Commissioner of Street Cleaning.

Respectfully, ASHBEL P. FITCH, Comptroller.

And offered the following:

Resolved, That the Comptroller be and is hereby authorized to issue revenue bonds of the Mayor, Aldermen and Commonalty of the City of New York, to the amount of one hundred and ninety-eight thousand dollars (\$198,000), bearing interest at a rate not exceeding three per cent. per annum, and the amount required for the redemption thereof to be included in the final estimate for 1896; the proceeds of which bonds shall be applied to supply the deficiency in the appropriation made to the Department of Street Cleaning for the year 1895 entitled "Sweeping," occasioned by the additional expenditure incurred in removing snow and ice from the streets and avenues of the City of New York, pursuant to chapter 368 of the Laws of 1894, by means of transfers made from said account to the account of the Department of Street Cleaning for the year 1895 entitled "Snow and Ice."

Which was adopted by the following vote: Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessments, and Acting Counsel to the Corporation—4.

The matter of the application of the Commissioner of Street Cleaning for an appropriation for a dump on the Harlem river at the foot of Wolf street was taken up for consideration.

The Comptroller presented the following:

CITY OF NEW YORK, FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, July 9, 1895. Hon. ASHBEL P. FITCH, Comptroller:

SIR—The Commissioner of Street Cleaning, in communication of June 13, 1895, to the Board of Estimate and Apportionment, informs the Board that the Dock Department has assigned to the use of his Department the water front at the foot of Wolf street, near Highbridge, for the establishment of a dump; that he considers it very important to the interests of his Department that a dump should be established at this point; that there is no other place for the deposit of garbage in the whole annexed district than the dump at Lincoln avenue; that Wolf street is so situated as to shorten the

haul very materially; that the New York Central Railroad and the New York and Northern Railroad, in all six tracks, run between the shore and Sedgwick avenue, which is the nearest roadway to the dump. He states that "it will be necessary to make an abutment approach and an iron viaduct having a total length of about 450 feet, with a covered storage dump at the end."

He submits plans for the work, and asks "that authority be given to construct this work at a cost not to exceed \$20,000, to be paid for by the issue of bonds for new plant."

Wolf street was legally opened, by proceedings confirmed February 24, 1892, from Union street to the United States channel line. It is 50 feet in width. It has been regulated and graded to Sedgwick avenue, but not from Sedgwick avenue to the bulkhead line. The latter portion is that on which it is proposed to erect the viaduct.

The regulation width of sidewalk for a 50-foot street is 13 feet, leaving a roadway of 24 feet.

According to the plan submitted, the Street Cleaning Department proposes to erect a structure 18 feet in width, in the middle of this street, the first 50 feet of which, next to Sedgwick avenue, to be an abutment of masonry, leaving only 3 feet each side for traffic. The street, therefore, though legally opened, is practically closed, by this structure, to all business except that of the Street Cleaning Department.

In my opinion there is no department of the City Government possessing the legal power to so obstruct the general traffic of any street.

Presuming, however, that such power exists, and that it be exercised to authorize such a structure as shown on the plan submitted, the floor of which is some 25 feet above the grade of the street, would not the City be liable to the payment of heavy damages to the abutting owners, for such a roadway in front of their property, devoted to the cartage of material universally considered a nuisance?

The erection of the magnificent viaduct on One Hundred and Fifty-fifth street, ornamental as it is, and by most men considered an improvement to the neighborhood, has already cost the City some \$20,000—by judgment of Court, for damages on account of loss of light and air, etc., and other suits, I believe, are pending.

With such a viaduct as that proposed, which must of necessity be a palpable nuisance, no idea can be formed of the amount the City would be obliged to pay in the way of damages.

I do not enter into the discussion as to the location of this dump, for the reason that the preliminary matters herein mentioned must, in my opinion, be disposed of before anything else is done.

Respectfully, EUG. E. MCLEAN, Engineer.

John M. Tierney, representing the High Bridge Improvement Association, appeared and made a statement protesting against its location at that point.

Debate was had thereon, whereupon the subject was referred back to the Commissioner of Street Cleaning.

The Comptroller offered the following:

Resolved, That the sum of six thousand five hundred and seventy-four dollars and eighty cents (\$6,574.80) be, and the same is hereby, transferred from the appropriation made to the Department of Buildings for 1895, entitled "Salaries"—the same being in excess of the amount required for the purposes and objects thereof—to the appropriation made to said Department for 1895, entitled "Contingencies and Emergencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote: Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessments, and Acting Counsel to the Corporation—4.

The Comptroller presented the following:

CITY OF NEW YORK, FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, September 10, 1895. Hon. ASHBEL P. FITCH, Comptroller:

SIR—The President of the Department of Public Parks in communication to the Comptroller of September 5, 1895, states "that there are a number of balances remaining on some of the many accounts under the Million Dollar Law," which he is anxious to utilize "as far as possible in completing other work authorized under the same law, particularly the asphalt work."

He incloses a list of the balances referred to, which aggregate the sum of \$5,603.54, including the sum of \$5,000 from the appropriation for removing the rock at One Hundred and Fifty-fifth street and Seventh avenue, which he states "is practically surplus."

This amount of \$5,603.54 he requests to have transferred to the account "Central Park, Improvement of, Resurfacing walks with asphalt from Fifty-ninth street to Transverse Road No. 3," chapter 11, Laws of 1894.

The amount of \$603.54 includes the fixed balances of definite work as enumerated on the list, the amount \$5,000 is estimated as what will remain of the work under the appropriation of \$54,000, for "Macomb's Dam road, One Hundred and Fifty-fifth street and Seventh avenue, Improvement of, Removal of rock." The exact estimated surplus is \$5,554.87.

I can see no objection to the transfer being made as requested.

The President also incloses a list of balances on completed work done under chapter 575, Laws of 1887, amounting in the aggregate to the sum of \$6,933.42.

This amount he desires to have transferred the account "Central Park, Improvement of, Asphalt walks," chapter 575 Laws of 1887.

DEPARTMENT OF PUBLIC WORKS

COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET, NEW YORK, September 9, 1895.

BIDS OR PROPOSALS FOR PROVIDING

wharfage and storage for the fifteen Free Floating Baths, from the close of the bathing season of 1895 to the beginning of the bathing season 1896.

Bids or proposals, inclosed in a sealed envelope, indorsed as above, and with the name and address of the bidder, will be received at this office until 12 o'clock M., September 23, 1895, at which time and place they will be publicly opened and read.

The bidder must state the amount, in writing, and also in figures, at which he will agree to provide the wharfage and storage for each bath per diem.

The estimated period the wharfage will be required is from October 15, 1895, until May 15, 1896.

In the storage of baths there must be ample room for the baths to be stored five to six feet apart. No obstruction of any kind to be allowed in the basin or place of storage for the baths.

The privilege of repairing baths at the place of storage is essential and must be a condition of the lease. No extra charge to be made for material of any kind that may be delivered at the place of storage, nor on the dock or place adjoining it.

The Commissioner of Public Works reserves the right to increase or diminish the length of the period the baths may be in storage.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates, or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of \$200. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the lease is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the lease has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the lease within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, and any further information desired, can be obtained at Room No. 15, No. 31 Chambers street.

WILLIAM BROOKFIELD, Commissioner of Public Works.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope to said Commissioner of Street Cleaning at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Commissioner of Street Cleaning reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of fifteen thousand (\$15,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of seven hundred and fifty (750) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders are required to state, in writing, and also in figures, in their proposals ONE PRICE OR SUM for which they will execute the ENTIRE WORK.

The time allowed to complete the whole work will be THREE CALENDAR MONTHS, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are fixed at TWENTY DOLLARS per day.

The amount of security required is THREE THOUSAND DOLLARS.

NO. 5, ABOVE MENTIONED.

Bidders will state a price or sum for completing the entire work specified to be done.

The entire work is to be completed within SIXTY DAYS after notice to commence work has been given, and the penalty for non-completion within the specified time will be TWENTY DOLLARS per day.

The amount of security required is ONE THOUSAND DOLLARS.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interests of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded, in each case, will be awarded to the lowest bidder.

Blank forms for proposals and forms of contract which the successful bidders will be required to execute, can be had at the office of the Department, Arsenal, Sixty-fourth street and Fifth avenue, Central Park.
