(Affidavit as to publication of notice of hearing in the CITY RECORD on file with the papers.)

Pier A, North River, April 28, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor and Chairman of the Commissioners of the Sinking Fund:*

Sir—I herewith transmit plan for the alteration and amendment of the plan for improving the waterfront and harbor of the City of New York, as adopted by the Board of Docks April 13, 1871, and approved by the Commissioners of the Sinking Fund April 27, 1871, in the vicinity of Pier 19, foot of Warren street, North River, Borough of Manhattan, which has this day been adopted by me as Commissioner of Docks. If the Commissioners of the Sinking Fund approve, I beg to request that they certify this plan.

The proposed alteration and amendment consists of the widening of Pier 19, North River, on the southerly side, 15 feet, extending from the established bulkhead line to the established pierhead line.

Very truly yours, R. A. C. SMITH, Commissioner of Docks.

No one appearing for or against the proposition the Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 18, 1914.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—Enclosed with a communication dated April 28, 1914, the Commissioner of Docks transmitted for your approval a plan for the alteration and amendment for improving the water front and harbor of the City of New York, in the vicinity of Pier No. 19, North River, Borough of Manhattan.

Pier No. 19 was leased to the New England Navigation Co. for a term of 10 years from December 1, 1904, at a rental of $30,250 per annum. On October 21, 1912, the lease was assigned to the Eastern Steamship Co.

The bulkhead between Pier No. 18 and Pier No. 19 (186.04 feet) was leased to the New England Navigation Co. for two terms of 10 years each, from November 1, 1908, at a rental for the first 10 year term of $7,875 per annum and $8,268.75 per annum for the second 10 year term. On October 21, 1912, this lease was assigned to the Eastern Steamship Co.

The present tenant, the Eastern Steamship Co., have made application to have the pier widened. The present pier is 60 feet wide on the inshore end and 45 feet on the outer end. The proposed amendment consists of the widening of Pier 19 on the southerly side 15 feet, extending from the established bulkhead line to the established pier head line. The adoption of this plan will permit the Commissioner of Docks to negotiate with the Eastern Steamship Co. for a lease for the additional space.

There appears no objection to the proposed amendment of the plan submitted for the improvement of the waterfront and providing the Commissioners of the Sinking Fund approve the amendment, at the public hearing, the adoption of the attached resolution approving the request is hereby recommended.

Respectfully submitted, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve the plan for the alteration and amendment of that portion of the plan for improving the water front and harbor of The City of New York, as approved by the Board of Docks April 13, 1871, and approved by the Commissioners of the Sinking Fund April 27, 1871, in the vicinity of Pier No. 19, foot of Warren street, North River, Borough of Manhattan, adopted by the Commissioner of Docks, in accordance with law, April 28, 1914.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The chair then declared the hearing closed.

The Chair called for a hearing in the matter of the request of the Commissioner of Docks for approval of the plan for the alteration and amendment of the plan for the improvement of the waterfront and harbor of The City of New York in the vicinity of Pier 13, foot of Wall street, East River, Borough of Manhattan.

(Affidavit as to publication of notice of hearing in the CITY RECORD on file with the papers.)

Pier A, North River, May 14, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman, Commissioners of the Sinking Fund:*

Sir—I transmit herewith Plan for the Alteration and Amendment of the Plan for the Improvement of the Waterfront and Harbor of The City of New York as determined by the Board of the Department of Docks April 13, 1871, and approved by the Commissioners of the Sinking Fund April 27, 1871, in the vicinity of Pier 13, Wall street, East River, which has this day been adopted by me as Commissioner of Docks.

If the Commissioners of the Sinking Fund approve, I beg to request that they certify the plan.

The proposed amendment and alteration consists in:

First—The widening of Pier 13, East River, along its westerly side, bounded and described as follows:

Beginning at the intersection of the bulkhead line established by the Board of Docks with the westerly side of Pier 13, East River, as shown on the new plan amended by the Board of Docks October 26, 1900; running thence southerly and along the westerly side of said Pier 13, East River, to the pierhead line; thence westerly and along the pierhead line until intersected by a line drawn 20 feet west of and parallel with the westerly side of said Pier 13, East River, thence northerly and along said parallel line 315 feet; thence in a straight line to a point in the bulkhead line established by the Board of Docks 52 feet 6 inches west of the westerly side of

said Pier 13, East River, measured along said bulkhead line; thence easterly and along said bulkhead line to the point or place of beginning.

Second—The establishment of a lateral inshore extension to the westerly side of Pier 13, East River, fifty feet in width adjoining the bulkhead line established by the Board of Docks, and extending from the easterly side of Pier 12 to the westerly side of Pier 13, as widened, and described above.

Also the elimination of ferry slips between Piers 12 and 13, East River.

Yours very truly, R. A. C. SMITH, Commissioner of Docks.

No one appearing for or against the proposition, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 26, 1914.

To the Commissioners of the Sinking Fund:

Gentlemen—With a communication dated May 14, 1914, the Commissioner of Docks transmitted for approval a plan for the alteration and amendment of the plan for the improvement of the waterfront and harbor of The City of New York, in the vicinity of Pier No. 13, foot of Wall street, East River, Borough of Manhattan.

The proposed amendment consists in:

First—The widening of Pier No. 13, East River, along its westerly side.

Second—The establishment of a lateral inshore extension to the westerly side of Pier No. 13, fifty feet in width adjoining the bulkhead line, and extending from the easterly side of Pier No. 12 to the westerly side of Pier No. 13, as widened.

Third—The elimination of the ferry slips between Piers Nos. 12 and 13, East River.

The Wall Street Ferry, which formerly used the bulkhead between Piers Nos. 12 and 13, having been abandoned, the adoption of this layout will permit the Commissioner of Docks to negotiate with the tenants of Pier No. 13 (the New York and Cuba Mail Steamship Company), to lease this area.

As Pier No. 12 is leased and used by the United States Government, the proposed narrowing of the slip and the establishment of platform area between Piers Nos. 12 and 13 will in no way interfere with the use of Pier No. 12.

In the event of the Commissioners of the Sinking Fund approving the amended plan at the public hearing to be held, pursuant to chapter 372 of the Laws of 1907, the attached resolution is recommended for adoption approving the request.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the plan for the alteration and amendment of that portion of the plan for the improvement of the water-front and harbor of The City of New York, determined by the Board of the Department of Docks, April 13, 1871, in the vicinity of Pier No. 13, Wall street, East River, Borough of Manhattan, adopted by the Commissioner of Docks in accordance with law May 14, 1914.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The chair then declared the hearing closed.

A communication was received from the Commissioner of Docks requesting approval of a lease of 120 feet of bulkhead next northerly to Pier 42, North River, Borough of Manhattan, to William Farrel & Son, and the Deputy and Acting Comptroller presented a report thereon recommending that the lease be approved.

Laid over.

Laid over.

The following communication was received from the Commissioner of Docks requesting approval of a lease to the Ruffle Bar Association, of a portion of Ruffle Bar, Jamaica Bay, Borough of Brooklyn.

Pier A, North River, April 28, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman of the Commissioners of the Sinking Fund:*

Sir—I beg to recommend that a resolution be adopted by the Commissioners of the Sinking Fund approving of and consenting to the execution by the Commissioner of Docks of a lease to Ruffle Bar Association, incorporated under the laws of the State of New York, of all that portion of Ruffle Bar, Jamaica Bay, Borough of Brooklyn, City of New York, which is owned by The City of New York.

The lease shall commence on the first day of the month next succeeding the date on which said lease is approved by the Commissioners of the Sinking Fund and shall be for a term of ten years.

The lessee shall have the privilege of erecting bulkheads and other retaining structures, of dredging portions of the marsh lands and filling in the remaining sedge and marsh lands, of erecting and maintaining on said property buildings and other structures, and of making canals and other basins; all of which improvements shall be constructed in accordance with the requirements of law and shall revert to and become the property of The City of New York at the expiration or sooner termination of the lease.

The rental for the first term of ten years shall be at the rate of $10 per lot per annum, for each lot or part of a lot which shall be improved and occupied by structures of any description, or devoted to other than the general use of the public, payable quarterly at the end of each quarter for the number of lots or parts of lots so improved and occupied, but in no case shall the rental for the first year be less than $1,000, for the second year $2.000 per annum, and $1,000 additional for each succeeding year of the term of the lease. The word "lot" shall be understood to mean an area of 2,000 square feet.

In case this lease is not approved by the Commissioners of the Sinking Fund on or before May 10, 1914, then there shall be no minimum fixed for the first year, but the rent shall be at the rate of $10 per lot or part of a lot occupied by structures of any description, as hereinbefore provided.

The lessee shall have the privilege of renewal of said lease for a further term of ten years upon giving three months notice in writing to the Commissioner of Docks prior to the expiration of the first term. The rental for the renewal term to be 10 per cent. advance on the rental for the preceding term, but, if at any time after ten years from the commencement of the lease The City of New York shall determine to proceed with the work of building wharves, piers, bulkheads, basins, docks or slips for commercial purposes which shall include any part of the premises hereby leased according to any plan or plans which may hereafter be adopted and approved, pursuant to any existing or future law, and if The City of New York shall determine that for such purposes it will be necessary to terminate the interest of the lessee in said property or any part thereof, then upon service upon the lessee of written notice from the Commissioner of Docks to that effect, describing the premises or the part thereof affected thereby, the interest of the lessee in the said property or part thereof shall be terminated one year from the date of service of such notice, and such proportionate deduction from the rent herein and hereby reserved shall be made by The City of New York as it shall deem to be just and reasonable and no claim for damages or compensation in favor of the lessee by reason of the termination of such interest or for or on account of any construction or improvements that may have been made or erected upon the premises shall at any time be made by any person or persons whomsoever, except as herein otherwise provided.

No notice of termination of said lease for the reasons specified in this paragraph shall be of any validity or effect until

(a) It shall have been approved by resolution of the Commissioners of the Sinking Fund passed after a hearing of which notice shall be given to the lessee,

(b) The City shall have paid to the lessee the amount of money due to the lessee as hereinafter determined,

(c) The City of New York shall appropriate and set aside a sum sufficient to carry on the work of improvement of the part of the premises hereby leased and described in said notice.

In case the interest of the lessee in any part of the said demised premises shall be

terminated as hereinbefore provided, the City shall refund to the lessee on or before the date of such termination one-half of all moneys paid by the lessee to the City as rental for the premises hereby demised.

All of the work of erecting bulkheads, retaining walls, dredging and filling in, and making of canals and other waterways shall be done in accordance with general plans to be submitted to and approved by the Chief Engineer of this Department.

The lessee shall furnish a bond in a sum to be fixed with sureties to be approved by the Comptroller of The City of New York for the faithful performance of the covenants and conditions of the lease. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 22, 1914.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from the Commissioner of Docks to the Commissioners of the Sinking Fund requesting them to approve of and consent to the execution by the Commissioner of Docks of a lease to Ruffle Bar Association, of all that portion of Ruffle Bar, Jamaica Bay, Borough of Brooklyn, which is owned by The City of New York; the lease to commence on the first day of the month next succeeding the date on which the approval is obtained from the Commissioners of the Sinking Fund, and to be for a term of ten years therefrom; the lessee to have the privilege of erecting bulkheads and other retaining structures, of dredging portions of the marsh lands and filling in the remaining sedge and marsh lands, of erecting and maintaining on said property buildings and other structures and of making canals and other basins, all of which improvements are to be made in accordance with the requirements of the law and shall revert to and become the property of The City of New York at the expiration or sooner termination of the lease.

The land which the Ruffle Bar Association wishes to lease from the Commissioner of Docks is at the present time unsalable, as it lies six inches under water at ordinary tide. It contains an area of about eighty acres, and has been appraised by the Division of Real Estate of this Department at about $1,000 per acre. The lessees intend to fill in this property, and will pay the sum of $500 per annum for the first year, $2,000 per annum for the second year, and $1,000 additional for each succeeding year of the term of the lease. This rental is figured at the rate of $10 a lot per annum, for each lot which they fill in and improve. In other words, if they fill in more than fifty lots during the first year of the term of the lease, the rental for such first year will be $10 more for each additional lot improved, and so on during each year of the lease which will be for ten years, with the privilege of renewal for an additional term of ten years, upon giving three months' notice in writing to the Commissioner of Docks prior to the expiration of the first term.

The rental for the renewal term to be 10 per cent. advance on the rental for the preceding term, but, if at any time after ten years from the commencement of the lease, The City of New York shall determine to proceed with the work of building wharves, piers, bulkheads, basins, docks or slips for commercial purposes which shall include any part of the premises leased according to any plan or plans which may be hereafter adopted, pursuant to any existing or future law, and the City shall determine that for such purposes it will be necessary to terminate the interest of the lessee in said property or any part thereof, then upon service upon the lessee of written notice from the Commissioner of Docks to that effect, describing the premises or the part thereof affected thereby, the interest of the lessee in the said property or part thereof shall be terminated one year from the date of service of such notice, and such proportionate deduction from the rent herein and hereby reserved shall be made by the City as it shall deem to be just and reasonable, and no claim for damages or compensation to the lessee by reason of the termination of such interest or for or on account of any construction or improvements that may have been erected on the premises, shall at any time be made by any person or persons whomsoever, except as herein otherwise provided. No notice of termination of said lease shall be of any validity or effect until

(a) It shall have been approved by resolution of the Commissioners of the Sinking Fund passed after a hearing of which notice shall be given to the lessee,

(b) The City shall have paid to the lessee the amount of money due to the lessee as hereinafter determined.

(c) The City of New York shall appropriate and set aside a sum sufficient to carry on the work of improvement of the part of the premises hereby leased and described in said notice.

In case the interest of the lessee in any part of the demised premises shall be terminated as above provided, the City shall refund to the lessee on or before the date of such termination one-half of all moneys paid by the lessee to the City as rental for the premises hereby demised.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt the attached resolution. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to Ruffle Bar Association, incorporated under the laws of the State of New York, of all that portion of Ruffle Bar, Jamaica Bay, Borough of Brooklyn, City of New York, containing approximately about eighty (80) acres, which is owned by The City of New York, for a term of ten years from June 1, 1914, at a rental of $10 per lot per annum for each lot or part of a lot which shall be improved and occupied by structures of any description, or devoted to other than the general use of the public, payable quarterly at the end of each quarter for the number of lots or parts of lots so improved and occupied, but in no case shall the rental for the first year be less than $500 per annum, for the second year $2,000 per annum, and $1,000 additional for each succeeding year of the term of the lease. The word "lot" shall be understood to mean an area of 2,000 square feet. The lessee to have the privilege of renewal for an additional term of ten years upon giving three months' notice in writing to the Commissioner of Docks prior to the expiration of the first term; the rental for the renewal term to be 10% advance on the rental for the preceding term; the lease to contain a clause providing that if at any time after ten years from the commencement of the lease The City of New York shall determine to proceed with the work of building wharves, piers, bulkheads, basins, docks or slips for commercial purposes which shall include any part of the premises hereby leased according to any plan which may hereafter be adopted and approved, pursuant to any existing or future law, and if The City of New York shall determine that for such purposes it will be necessary to terminate the interest of the lessee in said property or any part thereof, then upon service upon the lessee of written notice from the Commissioner of Docks to that effect, describing the premises or the part thereof affected thereby, the interest of the lessee in the said property or part thereof shall be terminated one year from the date of service of such notice, and such proportionate deduction from the rent herein and hereby reserved shall be made by The City of New York as it shall deem to be just and reasonable and no claim for damages or compensation in favor of the lessee by reason of the termination of such interest or for or on account of any construction or improvements that may have been made or erected upon the premises, shall at any time be made by any person or persons whomsoever, except as herein otherwise provided.

No notice of termination of said lease for the reasons specified in this paragraph shall be of any validity or effect until

(a) It shall have been approved by resolution of the Commissioners of the Sinking Fund passed after a hearing of which notice shall be given to the lessee.

(b) The City shall have paid to the lessee the amount of money due to the lessee as hereinafter determined.

(c) The City of New York shall appropriate and set aside a sum sufficient to carry on the work of improvement of the part of the premises hereby leased and described in said notice.

In case the interest of the lessee in any part of the said demised premises shall be terminated as hereinbefore provided, the City shall refund to the lessee on or before the date of such termination one-half of all moneys paid by the lessee to the City as rental for the premises hereby demised. All of the work of erecting bulkheads, retaining walls, dredging and filling in, and making of canals and other waterways shall be done in accordance with general plans to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries.

The lessee shall furnish a bond in a sum to be fixed with sureties to be approved by the Comptroller of The City of New York for the faithful performance of the covenants and conditions of the lease.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease of ten lots on the southerly side of Avenue P, between West street and West 1st street, Borough of Brooklyn, for use of the Board of Education:

May 16, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education in a communication to your Board under date of March 26, 1914, states that at a meeting of that Board held March 25, 1914, a resolution was adopted requesting the Commissioners of the Sinking Fund to adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of Lots 1 to 10, inclusive, in Block 6631, as shown on Wood, Harmon & Company's map of Marlboro, located on the south side of Avenue P, between West street and West 1st street, Borough of Brooklyn, used as a site for temporary school buildings, for a period of two years from July 1, 1914, at an annual rental of $500, and otherwise upon the same terms and conditions as contained in the existing lease for Lots 1 to 5, inclusive.

The City has been a tenant of Lots 1 to 5, inclusive, for a number of years, and it is desired to secure the additional land in order that portable buildings may be erected thereon to meet the increasing demands in this locality.

The premises in question consist of a plot of ground fronting 200 feet on the south side of Avenue P, between West street and West 1st street and 109 feet ¾ inch on the west side of West street, and 52 feet 11¾ inch on the east side of West 1st street.

This property is assessed for $6,500 for the year 1914, and is appraised by the Division of Real Estate at the same figure.

The rent of $500 a year is therefore approximately 7 7-10 per cent. of the assessed and appraised values.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease to the City of ten lots, designated as Lots 1 to 10, inclusive, in Block 6631 on Wood, Harmon & Company's map of Marlboro, located on the southerly side of Avenue P, between West street and West 1st street, Borough of Brooklyn, for a period of two years from July 1, 1914, with the privilege of renewal for an additional year on the same terms and conditions, at an annual rental of $500, payable quarterly, for the placing thereon of portable school buildings, the lessor to pay taxes, the lessee to pay water rates and supply heat, light and janitor service. Lessor, Brooklyn Development Company, care Wood, Harmon & Company, 261 Broadway, Manhattan.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease to the City of 10 lots, designated as Lots 1 to 10, inclusive, in Block 6631, on Wood, Harmon & Company's map of Marlboro, located on the southerly side of Avenue P, between West street and West 1st street, Borough of Brooklyn, for a period of two years from July 1, 1914, with the privilege of renewal for an additional year on the same terms and conditions, at an annual rental of five hundred dollars ($500), payable quarterly, for the placing thereon of portable school buildings; the lessor to pay taxes; the lessee to pay water rates and supply heat, light and janitor service; lessor, Brooklyn Development Company; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease of the vacant plot of ground on East 23d street, 117 feet north of Kings Highway, in the Borough of Brooklyn, for use of the Board of Education:

May 20, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education in a communication to your Board under date of April 9, 1914, states that at a meeting of that Board held April 8, 1914, a resolution was adopted requesting a lease of a plot of ground consisting of six lots, with a frontage of 120 feet on East 23d street by 100 feet in depth, located on the west side of East 23d street, 117 feet 8½ inches north of Kings Highway, Borough of Brooklyn, as a site for a portable school building, for a period from May 1, 1914, to July 1, 1917, at an annual rental of $300.

The owners at first demanded a rental of $300 a year, but after negotiations by the Division of Real Estate of this Department, they have consented to a reduction to $234 a year.

This property is assessed for $3,900, and the appraised value is the same. The rent is therefore 6 per cent. of the assessed and appraised values.

As this is a rapidly growing neighborhood where the school is needed, and the rent reasonable, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of the vacant plot of ground, 120 feet front on East 23d street by 100 feet in depth, containing six lots, on the west side of East 23d street, 117 feet 8½ inches north of Kings Highway, Borough of Brooklyn, for use of the Board of Education, for a period from June 1, 1914, to July 1, 1917, at an annual rental of $234, payable quarterly, the lessor to pay taxes, the lessee to pay water rates and furnish heat, light and janitor service in the building or buildings to be erected thereon owned by the City, and to have the right to remove from the premises at the expiration of this lease, or any renewal thereof, any and all improvements which it may have placed thereon. Lessors, Frank W. Lahey and Marie Farrell, care Albert C. Asche, 253 Broadway, Manhattan.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease to the City of the vacant plot of ground, 120 feet front on East 23d street by 100 feet in depth, containing six lots, on the west side of East 23d street, 117 feet 8½ inches north of Kings highway, Borough of Brooklyn, for use of the Board of Education for a period from June 1, 1914, to July 1, 1917, at an annual rental of two hundred and thirty-four dollars ($234), payable quarterly; the lessor to pay taxes; the lessee to pay water rates and furnish heat, light and janitor service in the building or buildings to be erected thereon owned by the City, and to have the right to remove from the premises at the expiration of this lease, or any renewal thereof, any and all improvements which it may have placed thereon; lessors, Frank W. Lahey and Marie Farrell; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a lease to the City of premises at No. 162 Second avenue, Borough of Manhattan, for use of the Board of Education:

June 5, 1914.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education, in a communication to your Board, states that at a meeting of the Board of Education held May 27, 1914, a resolution was adopted requesting your Board to approve of and consent to the execution by the Board of Education of a renewal of the lease of the first floor of the premises 162 Second avenue, Borough of Manhattan, occupied as an annex to Public School 122, for a period of one year from July 1, 1914, at an annual rental of $480, and otherwise upon the same terms and conditions as contained in the existing lease.

Renewal of this lease was authorized by your Board on June 25, 1913, for a period of one year from July 1, 1913, at a rental of $360 a year, but with the understanding that any renewal beyond that period should be at the rate of $480 a year, as the extra cost of coal to keep up heat in the forenoon and the extra pay to the janitor for the daily care of these rooms has amounted to more than the rental paid.

At a rental of $480 a year, the rate is 18 cents a square foot.

Deeming the rent reasonable and just, Irespectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the

execution by the Board of Education of a renewal of the lease to the City of the first floor of the premises 162 Second avenue, Borough of Manhattan, for use of the Board of Education, for a period of one year from July 1, 1914, at a rental of $480 a year, payable quarterly, with the privilege of renewal for an additional year upon the same terms and conditions, the lessor to pay taxes and water rates, put and keep the premises in good and tenantable condition, furnish heat, light and janitor service and otherwise upon the same terms and conditions as contained in the existing lease. Lessor, New York City Baptist Mission Society, 162 Second avenue, Borough of Manhattan. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

The following communication was received from the Board of Education relative to sites under control of the Board which can be turned over to the Commissioners of the Sinking Fund as not being required for school purposes:

May 15, 1914.

Mr. JOHN KORB, Jr., *Secretary, Sinking Fund Commission, City of New York:*

Dear Sir—I beg leave to acknowledge the receipt of your communication of the 13th instant, stating that at a meeting held on the same date, the Commissioners of the Sinking Fund requested me to inform you as to what sites under the control of the Board of Education could be turned over to the Commissioners of the Sinking Fund as not being required for school purposes.

At a conference with Mr. Bruere, Mr. Curran and Mr. Wilson, held just before the above-mentioned meeting of the Commissioners of the Sinking Fund, Mr. West, of this Department, agreed to make a thorough investigation covering the entire city, with a view to determining the necessity for the retention of the unimproved sites, and also as to what buildings, if any, now occupied by this Department, can be abandoned. It was agreed, however, that Mr. West should be given until the end of this year to submit his report.

It was also agreed that a special investigation should be made as to two sites in the Borough of Queens—one on Onderdonk and Willoughby avenues and Starr street, Metropolitan, and the other on Myrtle, Washington and Ridgewood avenues, Glendale. This matter was attended to immediately, with the result that the Board of Education, at the meeting held on the afternoon of the same date, surrendered these two sites to the Commissioners of the Sinking Fund. Yours very truly,

T. W. CHURCHILL, President, Board of Education.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a lease of premises at Nos. 231-233 East 57th street, Borough of Manhattan, for use of the Department of Health:

May 18, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On February 11, 1914, the Commissioners of the Sinking Fund authorized a lease of the large room on the second floor of the premises No. 231 East 57th street, and the front basement rooms in Nos. 231-233 East 57th street, and the large front room on the first floor of No. 233 East 57th street, Borough of Manhattan, for use of the Department of Health, for a period of one year from March 1, 1914, at an annual rental of $1,200, payable quarterly, with the privilege of renewal for an additional year at a rental of $900, and otherwise upon the same terms and conditions, the lessor to make all necessary alterations, remove dwarf partitions and close up openings where required on first floor of 233 East 57th street; cut door opening in basement wall between Nos. 231 and 233, and erect partition from floor to ceiling dividing basement hall from front basement as required in No. 231 East 57th street, and to supply heat, light, water and janitor service.

It has since been found advisable by the Department of Health to substitute space in No. 233 for the room on the second floor in No. 231, to which the owners have agreed, and the owners have refused to agree to one of the terms of the lease, wherein they are required to furnish janitor service.

I therefore respectfully recommend that the resolution above mentioned, adopted February 11, 1914, be rescinded, and the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a further resolution authorizing a lease of the front basement rooms in Nos. 231-233 East 57th street, and the large front room on the first floor in No. 233 East 57th street, Borough of Manhattan, for use of the Department of Health, for a period of one year from March 1, 1914, at an annual rental of $1,200, payable quarterly, with the privilege of renewal for an additional year at a rental of $900, otherwise upon the same terms and conditions, the lessor to make all necessary alterations, remove dwarf partitions and close up openings where required on first floor of No. 233 East 57th street, cut door opening in basement wall between Nos. 231 and 233, and erect partition from floor to ceiling dividing basement hall from front basement as required in No. 231 East 57th street, and to supply heat, light and water, the lessee to supply janitor service. The following communication was received from the Police Commissioner relative to a site for the new court house in the Washington Heights section:

May 26, 1914.

Hon. HENRY BRUERE, *Chamberlain, City of New York:*

My dear Mr. Bruere—Some time ago the Sinking Fund Commission was making inquiry concerning a location for a new Court building in the Washington Heights section.

This Department intends to request Corporate Stock Funds for the purpose of erecting a new station house and stable in the 42d Precinct, which is in the extreme northern end of Manhattan Island. If this is done it will be possible to release a plot of ground on Amsterdam avenue, fifty feet frontage by one hundred feet depth.

This plot adjoins the 40th Precinct Station House, which is located at the corner of Amsterdam avenue and 152d street. It is occupied at the present time by a stable, but horses are no longer used in this precinct. The horses now quartered there are assigned to the 42d Precinct, and will be transferred as soon as a stable can be erected in that precinct.

If the plot of ground occupied by the stable is released by this Department, it will be desirable to obtain a small plot at the rear of the station house, for the purpose of erecting a garage for a patrol wagon. This plot is vacant and no doubt can be bought for a reasonable price.

Very sincerely, A. H. WOODS, Police Commissioner.

The following communication was received from the Police Commissioner relative to a site for the new court building in the Ridgewood section of Queens:

May 26, 1914.

Hon. HENRY BRUERE, *Chamberlain, City of New York:*

My dear Mr. Bruere—I am in receipt of your letter of May 22, concerning a site for the new court building in the Ridgewood section of Queens. It is the intention of this Department to request an issue of Corporate Stock Funds, for the purpose of obtaining a site and erecting a building for the 285th Precinct, which is located in the Ridgewood and Glendale sections. Your suggestion that provision be made in this building for the court meets with my approval.

No plans have been prepared, nor is any site on City property available, I am informed. However, upon the authorization of corporate stock allotments, steps can be taken immediately to obtain the site and start preparations for the erection of the building.

Sincerely yours, A. H. WOODS, Police Commissioner.

At this time the Chairman of the Finance Committee of the Board of Aldermen called attention to the fact that Judges Wadhams and Crane, of the Court of General Sessions, who were interested in No. 60 on the calendar, had just arrived after adjoining court and asked that immediate consideration be given to their matter.

No. 60 was a request of the Judges that a room be set aside in the Criminal Courts Building for the new part of the Court of General Sessions created by chapter 134 of the Laws of 1914.

Judge Wadhams and Judge Crane were heard at length in regard to the matter.

Mr. John H. Frazee, Secretary of the New York County Association of the Criminal Bar, who was present in regard to No. 61 on the calendar, being the request of his association for the assignment of room in the Criminal Courts Building for the use and occupancy of said association and for lawyers practising in the criminal courts, as well as for members of the bar generally, was also heard.

Discussion of the matter followed.

On motion of the Deputy and Acting Comptroller, the request of the Judges of the Court of General Sessions and the petition of the New York County Association of the Criminal Bar were both referred to the Comptroller and President of the Borough of Manhattan for adjustment and report.

These rooms were rented to the City at the rate of $6.53 per day, which to my mind is reasonable and just.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the assignment of small triangular parcel of land acquired by the City for widening of Jerome avenue, opposite the junction of Woodlawn road, to the President of the Borough of The Bronx:

June 6, 1914.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the Board of Estimate and Apportionment, transmitting a copy of a communication from the President of the Borough of The Bronx requesting that provision be made for transferring jurisdiction to his Department over a small triangular parcel of land acquired by The City of New York as a part of Van Cortlandt Park, but now needed for the widening of Jerome avenue on its westerly side, opposite the junction with Woodlawn road.

At a meeting of the Board of Estimate and Apportionment held on April 17, 1914, a plan was approved providing for improving the alignment of Jerome avenue by including within the street area about 3-10 of an acre of property which fell within the park limits. It is this property which the Borough President desires to have transferred to his Department.

The Park Commissioner has consented to such a transfer.

I therefore respectfully recommend that the Commissioners of the Sinking Fund assign to the President of the Borough of The Bronx, all that certain piece or parcel of land, situate, lying and being in the Borough of The Bronx, City of New York, bounded and described as follows:

Beginning at a point in the western line of Jerome avenue as legally acquired, distant 742.02 feet south of the intersection of said line with the southern line of Mosholu avenue as legally acquired; thence southerly along the said western line of Jerome avenue for 213.15 feet; thence still southerly along last mentioned line for 190.67 feet; thence still southerly along last mentioned line for 330.80 feet; thence northerly curving to the left on the arc of a circle of 840 feet radius for 701.99 feet to the point of beginning. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Board of Estimate and Apportionment at meeting held April 17, 1914, approved the plan providing for the improvement of the alignment of Jerome avenue by including within the street area about 3/10 of an acre of property which fell within the Park limits and more particularly hereinafter described; and

Whereas, The Commissioner of Parks for the Borough of The Bronx, having turned over as no longer required the property hereinafter described, it is

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter as amended, the Commissioners of the Sinking Fund hereby assign to the President of the Borough of The Bronx, all that certain piece or parcel of land, situate, lying and being in the Borough of The Bronx, City of New York, bounded and described as follows:

Beginning at a point in the westerly line of Jerome avenue as legally acquired, distant 742.02 feet south of the intersection of said line with the southern line of Mosholu avenue as legally acquired; thence southerly along said western line of Jerome avenue 213.15 feet; thence still southerly along last mentioned line for 190.67 feet; thence still southerly along last mentioned line for 330.80 feet; thence northerly curving to the left on the arc of a circle of 840 feet radius for 701.99 feet to the point of beginning.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease to the City of premises at No. 17 N. 1st street, Jamaica, Borough of Queens, for use of the President of the Borough of Queens:

June 8, 1914.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—The Acting President of the Borough of Queens, in a communication to your Board under date of May 19, 1914, requests a lease of the house 18 feet by 22 feet on a plot 22 feet by 70 feet, with privilege of the driveway, known as No. 17 N. 1st street, Jamaica, Borough of Queens, for use of his Department as a street cleaning section station, for a term of five years from July 1, 1914, with the privilege of renewal for an additional three years upon the same terms and conditions, at a rental of $240 a year, payable quarterly, the lessor to pay taxes and water rates, the lessee to furnish heat, light and janitor service and to make such repairs and alterations as it may deem necessary.

The premises in question consist of a one and one-half story and basement frame house 18 feet by 22 feet, with gas, water and toilet, and rear yard space about 22 feet by 40 feet, and use of rear shed if needed.

There is no other similar property in the neighborhood for comparison, but the house in question, without yard space, is rented at $216 a year.

These premises are for use of Section 16, consisting of fourteen men, who are at present using a small part of the basement of Jamaica Town Hall, and such other places as they are permitted to use through courtesy of the owners. This same arrangement applies to the storage of tools and other implements used by this Bureau, and indirectly has been the cause of the loss of a number of tools belonging to the section.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises No. 17 N. 1st street, Jamaica, Borough of Queens, consisting of a plot 22 feet by 70 feet, with a one and one-half story frame house 18 feet by 22 feet located thereon, and with privilege of driveway, for use of the President of the Borough of Queens, for a period of five years from July 1, 1914, with the privilege of renewal for an additional three years upon the same terms and conditions, at a rental of $240 a year, payable quarterly, the lessor to pay taxes and water rates, the lessee to furnish heat, light and janitor service and make such repairs and alterations as it may deem necessary. Lessor, George Marshall, No. 1 Delap place, Jamaica, Borough of Queens.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from George Marshall, of the premises No. 17 North First street, Jamaica, Borough of Queens, consisting of plot 22 by 70 feet, with a 1½-story frame house 18 feet by 22 feet, located thereon, and with the privilege of driveway, for use of the President of the Borough of Queens, for a period of five years from July 1, 1914, with the privilege of renewal for an additional three years upon the same terms and conditions, at a rental of two hundred and forty dollars ($240) a year, payable quarterly; the lessor to pay taxes and water rates; the lessee to furnish heat, light and janitor service and make such repairs and alterations as it may deem necessary; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution recommending that the resolution, adopted March 4, 1914, authorizing a lease of 248 square feet of space in the Municipal Building, Court square, Long Island City, for use of the President of the Borough of Queens, be rescinded:

June 3, 1914.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—Under date of January 17, 1914, application was made to your Board by the President of the Borough of Queens for the leasing of 248 square feet of space on the sixth floor of the Municipal Building, Long Island City, for the use of the Legal Status Division of the Topographical Bureau of the Borough of Queens, at a rental of $250 per annum, and on my recommendation a resolution was adopted by the Commissioners of the Sinking Fund on March 4, 1914, authorizing the leasing of these premises.

While this rental is at the rate of approximately $1 per square foot as against 75 cents now being paid by the City for numerous floors in this building, I felt constrained, in view of the choice location of this room and the necessity of providing additional space for this Bureau, to recommend the same.

Under date of February 26, 1914, the President of the Borough of Queens addressed a communication to his Honor, the Mayor, as Chairman of the Sinking Fund Commission, in which he states that the room which the owner intends leasing to the City contains but 125.25 square feet, and on the basis of $250 per annum, the rate would be $2.06 a square foot, which to my mind is excessive.

I therefore respectfully recommend that the resolution adopted by your Board on the fourth day of March, 1914, authorizing a lease of the premises in question, be rescinded, and that the Secretary be directed to notify the President of the Borough of Queens to this effect. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held March 4, 1914, authorizing a lease to the City of 248 square feet of space on the sixth floor of the Municipal Building, Court Square, Long Island City, Borough of Queens, for use of the President of the Borough of Queens, for a period from March 1, 1914, to August 1, 1915, with the privilege of a five-year renewal upon the same terms and conditions, at a rental at the rate of two hundred and fifty dollars ($250) per annum, payable quarterly,

—be and the same is hereby rescinded.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

On May 22, 1914, the owner, Mr. Jacob W. Segall, stated that other disposition had been made of these premises and that they were not available for use by the Bureau of Street Cleaning.

I therefore respectfully recommend that the Secretary of the Commissioners of the Sinking Fund notify the Acting President of the Borough of Queens of the above facts. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Secretary be and is hereby requested to notify the President of the Borough of Queens that the owner of the premises No. 2604 Jamaica avenue, Richmond Hill, Borough of Queens, has notified the Comptroller that the premises have been leased to other parties and that they are not now available for use of the Bureau of Street Cleaning.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from George H. Parshall, of the third or top floor, containing approximately 4,260 square feet, and two rooms on the second floor, containing approximately 1,788 square feet, in the three-story brick, store and loft building, 60 by 65 feet, at the northwest corner of 3d avenue and 53d street, Borough of Brooklyn, for use as a court room for the Fifth District Municipal Court, for a term of three years from June 20, 1914, at a rental of twenty-two hundred dollars ($2,200) a year, payable quarterly; the lessor to pay taxes and water rates, furnish steam heat and light, make outside repairs, erect partitions and provide additional toilet facilities on second floor as required by the resident Justice; the lessee to furnish janitor service, and to make such interior alterations or repairs as it may deem necessary; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to sale at public auction of a strip of land containing one-half an acre on the easterly side of Amawalk Reservoir, Town of Somers, New York:

June 9, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of Water Supply, Gas and Electricity in a communication to the Commissioners of the Sinking Fund transmits a letter from B. W. Bedell, of Lincolndale, New York, stating that he is the owner of premises on the east side of Amawalk Reservoir. He states that there is about one-half an acre of land adjoining his property which belongs to the City which he desires to acquire to maintain as a lawn.

The Commissioner of Water Supply, Gas and Electricity in his communication states that he has no objection to the use of this property, provided the same is maintained only as a lawn, and that no shrubbery or soil be removed, nor any cesspool or buildings of any description erected thereon.

These premises contain 45/100 of an acre and has been appraised by the Division of Real Estate of this Department at $150 an acre. Mr. Bedell has agreed to bid this amount in the event of the property being put up at public auction.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the sale of the following described property:

All that certain piece or parcel of land situate, lying and being in the Town of Somers, County of Westchester, shown on Sheet No. 56 of Atlas of Lands in Westchester County, used for water supply purposes, on file in the Office of the Commissioner of Water Supply, Gas and Electricity, New York City, and more particularly described as follows:

Beginning at the point formed by the intersection of the easterly boundary line of the property of the City of New York, with the easterly side of road along the easterly side of the Amawalk Reservoir, said property line being the easterly boundary of Parcel 17A (shown on above-mentioned map) of the Amawalk reservoir takings; running thence south 14 degrees 8 minutes east 380 feet more or less along the easterly boundary of lands of the City of New York to the end of a stone wall; thence westerly about 60 feet more or less to the easterly line of the above-mentioned road; thence northerly along said road about 400 feet more or less to the point or place of beginning, containing within said bounds 0.45 acres, more or less.

—at a minimum or upset price of $150, which I deem to be a fair appraisal of the market value of the land, plus the cost of advertising the sale, upon the following terms and conditions:

The highest bidder will be required to pay ten per cent. (10%) of the amount of his bid at the time of the sale, the balance to be paid upon the delivery of the deed, which shall be within sixty (60) days from the date of sale.

The Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of the sale, and the persons so failing to comply will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids.

The deed delivered shall be in the form of a bargain and sale deed without covenants, and shall contain a clause prohibiting the erection upon the demised premises of any building or buildings, nor shall any cesspool be created thereon, nor the seepage of any cesspool allowed to run there through, nor shall the premises be used at any time for any purpose detrimental to the City's water supply, the City to have access at all times for the purpose of protecting such water supply.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction of the following described property:

All that certain piece or parcel of land situate, lying and being in the Town of Somers, County of Westchester, shown on Sheet No. 56 of Atlas of Lands in Westchester County, used for water supply purposes, on file in the office of the Commissioner of Water Supply, Gas and Electricity, New York City, and more particularly described as follows:

—the minimum or upset price at which said property shall be sold be and is hereby appraised and fixed at the sum of one hundred and fifty dollars ($150) plus the

cost of advertising the sale, and the Comptroller be and is hereby authorized to take the necessary steps for conducting such sale upon the following terms and conditions:

The highest bidder will be required to pay ten (10) per cent. of the amount of his bid at the time of the sale, the balance to be paid upon the delivery of the deed, which shall be within sixty (60) days from the date of the sale.

Department of Education, The City of New York, Local School Board, District No. 39, Borough of Brooklyn, Canarsie, April 13, 1914.

Hon. WM. A. PRENDERGAST, *Comptroller, City of New York:*

Dear Sir—There is quite an agitation relative to playgrounds and recreation centres.

I wish to call your attention to the Canarsie Park, located at Sea View avenue, Canarsie, which can, with very little expense, be made one of the finest parks and playgrounds in the State of New York by pumping the sand out of the bay and filling up the meadow in front of the park, facing the bay. The town of Flatlands owned and controlled all this waterfront, and it was always used as a public landing place up to the time of consolidation, when the parties claiming riparian rights obtained grants from the State for lands under water and also leases, which were declared to be void by the Appellate Division (See case, Denton vs. Bennett, vol. 102, App. Div. Reports, page 494), and these claimants along the waterfront had no riparian rights, as there is a record of an old road, filed May 16, 1720, in the records office, Kings County (in Book, Court and Road Records, page 117). A portion of the old road is still in use, and what is not used is still visible, except what was filled in to build Golden City, through which the town dock was absorbed, and the public was refused the use of it.

I remain with respect,

JOHN C. MATHEWS, East 92nd Street, Avenue N, Canarsie.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the payment for premises known as Seton Falls Park, in the Borough of The Bronx, from the account known as "City Treasury, Special and Trust Account, Sale of City Property":

May 22, 1914.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—At a meeting of the Board of Estimate and Apportionment, held July 17, 1911, a resolution was adopted approving of the issue of corporate stock of The City of New York to an amount not exceeding $125,000, to provide means for the construction of a hospital for contagious diseases in the Borough of The Bronx, under the jurisdiction of the Department of Health. This resolution was concurred in by the Board of Aldermen on July 25, 1911, and approved by His Honor, the Mayor, on August 23, 1911. This resolution provided for the erection of buildings on City owned property, but after reconsideration a more available site was selected, and under date of April 14, 1914, an ordinance was adopted by the Board of Aldermen selecting as a site for a hospital for contagious diseases in the Borough of The Bronx, under the jurisdiction of the Department of Health, certain premises known as Seton Falls Park.

This resolution was approved by His Honor, the Mayor, on April 28, 1914, and at a meeting of the Board of Estimate and Apportionment held May 15, 1914, a resolution was adopted authorizing the Comptroller to purchase the above-mentioned premises at private sale, at a price not exceeding $82,500, subject to whatever taxes and assessments have become liens since December 26, 1913, said contract to be submitted to the Corporation Counsel for approval as to form.

Before such action can be taken, however, it will be necessary to provide funds for the acquisition of this site so that the sum of $125,000 already authorized may be available for the construction of hospital buildings.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the payment for this property from the fund known as the "City Treasury, Special and Trust Account, Sale of City Property." Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, Under date of April 14, 1914, an ordinance was adopted by the Board of Aldermen selecting as a site for a hospital for contagious diseases in the Borough of The Bronx, under the jurisdiction of the Department of Health, certain premises known as Seton Falls Park, which ordinance was approved by his Honor the Mayor April 28, 1914; and

Whereas, At a meeting of the Board of Estimate and Apportionment held May 15, 1914 a resolution was adopted authorizing the Comptroller to purchase the above mentioned premises at private sale, at a price not exceeding eighty-two thousand five hundred dollars ($82,500), subject to whatever taxes and assessments, have become liens since December 26, 1913; and

Whereas, Before such action can be taken it will be necessary to provide funds for the acquisition of this site, so that the sum of one hundred and twenty-five thousand ($125,000) dollars already authorized may be available for the construction of hospital buildings; therefore be it

Resolved, That the Comptroller be and is hereby authorized to pay for the property hereinabove mentioned from the fund known as the "City Treasury Special and Trust Account, Sale of City Property."

Gentlemen—Under date of April 29, 1914, the sum of $235.92, representing water lot rents, was deposited to the credit of the Sinking Fund for the Redemption of the City Debt No. 1. In order to correct error I request the adoption of the attached resolution.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That a warrant payable from the Sinking Fund for the Redemption of the City Debt No. 1 be drawn in favor of the Chamberlain of The City of New York for $235.92 to be deposited in the City Treasury to the credit of the Sinking Fund for the Payment of the Interest on the City Debt in order to correct erroneous deposit made April 29th, 1914.

the City of Brooklyn to the account "S-464-A, due from the Sinking Fund of the City of Brooklyn":

May 28, 1914.

To the Honorable the Commissioners of the Sinking Fund, City of New York:

Gentlemen—As a result of erroneous distribution of collections by the Collector of Assessments and Arrears during the years 1910, 1911 and 1912, certain items pledged to the Sinking Fund of the City of Brooklyn were erroneously deposited in the City Treasury, and certain other collections which should have been deposited in the City Treasury were erroneously deposited in the Sinking Fund of the City of Brooklyn.

In order that the accounts may be adjusted, I transmit herewith a resolution for your adoption, together with a detailed statement compiled from analysis of the accounts of the Collector of Assessments and Arrears and the Receiver of Taxes, showing the net amount to be returned to the City Treasury on account of the said erroneous deposits made during the years 1910, 1911 and 1912. May 27, 1914.

To the Honorable Commissioners of the Sinking Fund, The City of New York:

Gentlemen—As a result of the reconciliation as of December 31, 1909, of the accounts of the Comptroller, Chamberlain, Collector of Assessments and Arrears, and the Receiver of Taxes, it was found that certain receipts which are pledged to the Sinking Funds had been erroneously reported and deposited as City Treasury moneys and that certain other receipts which belong to the City Treasury had been erroneously reported and deposited as Sinking Fund moneys.

In addition to the foregoing errors, there were others of various kinds discovered. To the end that the accounts may be corrected, I have caused warrants to be drawn against the City Treasury in favor of the Commissioners of the Sinking Fund for the amounts of the erroneous deposits in the City Treasury, and I have prepared the accompanying resolutions to which are attached summary schedules of the amounts erroneously deposited in the Sinking Funds. I respectfully request that these resolutions be adopted. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a request of the Armory Board for the transfer of $55,363.62 from the fund entitled "Moneys Available for Permanent Improvements for which Corporate Stock may lawfully be issued" to the account "C. A. B.—2-B, 8th Coast Artillery District, Erection of Completed Armory, including architect's fees":

June 6, 1914.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—In a communication dated May 15, 1914, the Secretary of the Armory Board transmitted a certified copy of a resolution passed by said board May 13, 1914, as follows:

"Resolved, That the Armory Board hereby requests the Board of Estimate and Apportionment, upon the concurrence of the Commissioners of the Sinking Fund, to transfer the sum of fifty-five thousand three hundred and sixty-three dollars and sixty-two cents ($55,363.62), pursuant to the provisions of section 237 of the Greater New York Charter, as amended, from the fund entitled 'Moneys Available for Permanent Improvements for which Corporate Stock may lawfully be issued' to the account 'C. A. B.—2-B—8th Coast Artillery District, Erection of Completed Armory, including Architect's fees.'"

In connection therewith it is reported as follows:

On December 17, 1913, there remained a balance of $84,363.62 (Bonds Unallotted, $29,000; Cash Balance, $55,363.62) in the fund "C. A. B.—2-A, Erecting a Retaining Wall Between the Site of the New Eighth Artillery District Armory and the Westerly Basin of Jerome Park Reservoir."

This balance existed on account of a change of plans being made of the reservoir property, it being decided not to make the adjoining reservoir property a reservoir for the storage of Water, as the purpose for which this retaining wall was planned to serve was abandoned, and the work on the retaining wall was stopped.

On December 17, 1913, the Commissioners of the Sinking Fund adopted resolutions decreasing the authorization of $140,000 for the retaining wall to $111,000, and increasing the authorization of $1,150,000 for the erection of the building to $1,179,000. A resolution was also adopted pursuant to section 237 of the Greater New York Charter, as amended, by chapter 36 of the Laws of 1913, transferring the cash balance of $55,363.62 from the fund entitled "C. A. B.—2A, Erecting a Retaining Wall Between the Site of the New Eighth Coast Artillery District Armory and the Westerly Basin of Jerome Park Reservoir" to the fund entitled "C. F. M.—24—Moneys Available for Permanent Improvements for which Corporate Stock may lawfully be issued."

When it became apparent, about a year ago, that the original appropriation ($1,500,000) for the completion of the armory building was insufficient, the Comptroller recommended that the balance remaining in the retaining wall fund be used for the completion of the building.

The $29,000 authorized but unallotted in the fund for the retaining wall has been transferred to the fund "C. A. B.—2B—Eighth Coast Artillery District, Erection of Completed Armory, including Architect's fees." The $55,362.62 cash balance in the retaining wall fund has been transferred to the fund entitled "C. F. M.—24." To make this sum available for the erection of the building it will be necessary to transfer the same from the fund designated as "C. F. M.—24" to the fund entitled "C. A. B.—2A."

The necessity for making the transfer at the present time is eo enable the Armory Board to advertise and award contracts for the plumbing and heating of the building.

The delay in this portion of the work will defer the completion of the building. The estimated cost of these items is as follows:

Plumbing	$42,000 00
Heating and ventilating	50,000 00
	$92,000 00

It is anticipated that by carrying out the proposed transfer there will be sufficient funds available to award these contracts referred to, computed as follows:

Original appropriation for building (C. A. B.—2A)		$1,150,000 00
Balances from Retaining Wall Fund (C. A. B.—2A)—		
Bonds allotted not issued	$29,000 00	
Cash balances	55,363 62	
		84,363 62
		$1,234,363 62
Charged against fund (C. A. B.—2B)—		
Foundation	$72,815 86	
Structural steel	532,000 00	
Superstruction	471,692 00	
Granite blocks	3,140 00	
Architect's contracts:		
Preliminary	14,375 00	
Final	41,071 42	
Steel inspection	6,384 00	
		1,141,478 28
		$92,885 34

In order that the cash balance ($55,363.62) formally retained in the fund for the retaining wall may be made available for the erection and completion of the Eighth Regiment Armory Building, the adoption of the attached resolution is recommended, concurring in and approving the request. Respectfully submitted,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Armory Board adopted the following resolution on May 13, 1914:

"Resolved, That the Armory Board hereby requests the Board of Estimate and Apportionment, upon the concurrence of the Commissioners of the Sinking Fund, to transfer the sum of fifty-five thousand three hundred and sixty-three dollars and sixty-two cents ($55,363.62) pursuant to the provisions of section 237 of the Greater New York charter, as amended, from the fund entitled "Moneys Available for Permanent Improvements for which Corporate Stock may lawfully be issued" to the account "C. A. B.—2B, 8th Coast Artillery District, Erection of Completed Armory, including Architect's fees." Be it

Resolved, That the Commissioners of the Sinking Fund hereby concur in and approve of the resolution adopted by the Armory Board on May 13, 1914, and request the Board of Estimate and Apportionment to adopt the following resolution:

Resolved, That, pursuant to the provisions of section 237 of the Greater New York Charter, as amended by chapter 36 of the Laws of 1913, the Comptroller is hereby authorized to transfer the sum of fifty-five thousand three hundred and sixty-three dollars and sixty-two cents ($55,363.62) from the fund known as "C. F. M.—24, Moneys available for permanent improvements for which corporate stock may lawfully be issued" to the fund known as "C. A. B.—2B, Erection and Completion of the 8th Coast Artillery District Armory, including architect's fees."

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Which was ordered printed in the minutes.

The following matters were brought up by unanimous consent.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the rescinding of resolution authorizing a renewal of the lease to the City of premises at No. 1389 St. Nicholas avenue, Borough of Manhattan, and to authorize a new lease of premises on the easterly side of Haven avenue between West 176th and West 177th streets, Manhattan, for use of the Police Department:

June 16, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 22, 1914, the Commissioners of the Sinking Fund authorized a renewal of the lease of the store and cellar premises 20 feet by 75 feet at No. 1389 St. Nicholas avenue, Borough of Manhattan, together with the entire second floor 100 feet by 75 feet, for use of the Police Department, for a term of one year from July 1, 1914, at an annual rental of $6,000, payable quarterly, the lessor to pay taxes, furnish steam heat and make outside repairs, the lessee to pay water rates, supply light and janitor service and make such interior alterations and repairs during occupancy as it may deem necessary.

The Commissioner of the Police Department in a communication to your Board under date of June 5, 1914, requests that the above mentioned resolution be rescinded and that a lease be authorized instead of the premises on the easterly side of Haven avenue, between West 176th and West 177th streets, Borough of Manhattan, known on the present tax maps as Lot 500, Block 2139, Section 8, for a period of two years from July 1, 1914, at an annual rental of $5,000.

This property has a frontage of 180 feet 7⅝ inches on Haven avenue, and has on it a 2½-story frame building, and is assessed for the year 1914 at $61,000, which is also the fair market value. The rental of $5,000 a year is therefore at the rate of about 8 per cent.

I therefore respectfully recommend that the resolution authorizing a renewal of the lease of the premises No. 1389 St. Nicholas avenue, Borough of Manhattan, be rescinded, and that, the rent being reasonable and just, the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises on the easterly side of Haven avenue, between West 176th and West 177th streets, Borough of Manhattan, known on the present tax maps as Lot 500, Block 2139, Section 8, for use of the Police Department, for a period of two years from July 1, 1914, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of $5,000, payable quarterly, the lessor to pay taxes and water rates, the lessee to make such outside and inside alterations and repairs during occupancy as it may deem necessary and furnish heat, light and janitor service, the lessor to have the right to terminate the lease upon giving ninety days' written notice of their intention so to do, in which event they shall refund to the City three months' rent. Lessor, Ruxton Realty Company, 20 Nassau street, Manhattan.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held April 22, 1914, authorizing a renewal of the lease to the City, of the store and cellar of premises No. 1389 St. Nicholas avenue, Borough of Manhattan, together with the entire second floor, for use of the Police Department, for a term of one year from July 1, 1914, at an annual rental of six thousand dollars ($6,000), payable quarterly, be and the same is hereby rescinded.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Ruxton Realty Company of the premises on the easterly side of Haven avenue, between West 176th and West 177th streets, Borough of Manhattan, known on the present tax maps as Lot 500, Block 2139, Section 8, for use of the Police Department, for a period of two years from July 1, 1914, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of Five Thousand Dollars ($5,000), payable quarterly, the lessor to pay taxes and water rates, the lessee to make such outside and inside alterations and repairs during occupancy as it may deem necessary and furnish heat, light and janitor service; the lessor to have the right to terminate the lease upon giving ninety days' written notice of their intention so to do, in which event they shall refund to the City three months' rent; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted, and the resolutions severally adopted, all the members present voting in the affirmative.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE, THURSDAY, JUNE 25, 1914.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date, in which is shown the Department of Finance voucher number, the date of the invoices or the registered number of the contract, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher the date of the earliest is given, excepting that when such vouchers are submitted under a contract the registered number of the contract is shown instead.

If the vouchers are found to be correct and properly payable to the respective claimants it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WILLIAM A. PRENDERGAST, Comptroller.

REPORT FOR THREE MONTHS ENDING MARCH 31ST, 1914.

During the past quarter the necessary repairs have been made to the structures; the lighting of the bridges; terminals have been maintained, and repaving has been done on the roadways and footwalks when required. The painting on the structures has been continued when weather conditions would permit, excepting at the Queensboro Bridge, where painting work was entirely discontinued on March 18.

The bridges have been maintained during the period without any serious mishaps to the structures. All accidents to the public and to the employees of this Department have been immediately reported. Of the 199 accidents which occurred during the period, 26 of them were employees (none seriously), 15 continued at their work, and all but two returned to duty after short absences.

The following matters arising during the quarter deserve special attention:

The entire "Construction Painting" force of 65 men has been taken off the Queensboro Bridge, 43 of these at the beginning of the year and the balance on March 18. On the Manhattan Bridge the painting force was reduced from 42 to 21 men. These reductions have been made necessary in order to conform to the Budget allowances for the present year.

The numerous and heavy snow storms occurring during the period disarranged somewhat the schedules of work laid out. A total of 38.2 inches in depth of snow fell. The strongs winds prevailing at times during these storms (attaining a velocity of 60 miles per hour on one occasion, and on another 85 miles per hour), made travel across the main structures and the removal of snow difficult and dangerous. No delays to traffic occurred, however, caused either by delay in the removal of snow, or in the operations attendant thereto. Overloaded newspaper delivery wagons blocked traffic on the Brooklyn Bridge during the storm of March 22, necessitating the diverting of vehicular traffic to the Manhattan Bridge. Prompt measures were taken to keep the roadways open, and as many emergency Laborers (250 of them furnished through your office) as could be properly supervised by men of the regular force (acting as gang leaders) were employed to maintain traffic. New snow chutes were completed and used for the disposal of snow on the Williamsburg Bridge, which reduced the long hauls previously required in disposing of the snow on the footwalks. The total cubic yards of snow removed in the various divisions during the period and the cost amounted to, as follows:

Brooklyn Bridge.

Notwithstanding unfavorable weather conditions during the period, the work on this Bridge has proceeded in a satisfactory manner. The Subway Connection with the Centre Street Loop shows about 80 per cent. complete. The Franklin Square Span is about 90 per cent. complete. During the quarter the Contractor worked an average daily force of about seventy-seven (77) men. Traffic has been maintained at all times during progress of this construction work.

On February 20th the contract was let for furnishing and delivering the fabricated material required for the balance of the steel curb on the inner side of the south roadway, the price bid being $2,068, or 235 cents per pound for the 88,000 pounds required.

Preliminary plans have been made for the reconstruction of the stairway leading to Park Row from the covered passageway over the North Roadway at the west end of the Manhattan station. The stairway as planned is to run nearly parallel to Park Row. The work includes a widening of the North Roadway, a retaining wall on North William st., and a short flight of stairs and sidewalks leading to the underground passageways on William st.

Manhattan Bridge.

The two contracts under way, namely, the completion of the Manhattan Plaza and the Brooklyn Plaza, have proceeded as satisfactorily as possible under adverse weather conditions during the period.

The work on the Manhattan Plaza shows 40.83 per cent. completed, while that on Brooklyn Plaza shows 36.64 per cent. finished.

Williamsburg Bridge.

The strengthening of the end spans under contract with the Snare & Triest Company shows 98.56 per cent. complete The reinforcement of the top and bottom chords between towers has proceeded to 93 per cent. on the upper chord and 9 per cent. on the bottom chord, making 63 per cent. of the entire work completed. This work is being performed by department labor. The unfavorable weather of the period shows a loss of 100 hours on this work, in marked contrast with the first quarter of 1913, when but 4 hours were lost.

Trimming platforms are being constructed under the arc lamps on the Main and End Spans, sample erected at panel point 6, Brooklyn End Span, having been approved by the Chief Engineer. The installation of these platforms will obviate the use of a trimming platform and reduce to a minimum the risk of the Electricians engaged in trimming the arc lamps.

Queensboro Bridge.

The work during this period on this bridge was principally that of maintenance and upkeep. The Bradley Contracting Company has practically completed the filling and grading within bridge lines between Vernon and Ely avenues. On March 16th the Contractors for the Construction of the Astoria, Woodside and Corona Rapid Transit Railroad commenced the erection of a temporary stairway to the north footwalk at North Jane street and Ely avenue, and on March 25th started cutting out the rivets connecting the stringers to the floor beams on the section from Ely avenue east to the end of the present construction at Bent 98.

Manhattan and Bronx Bridges (Harlem Division).

While there were no structural changes on any of the 18 bridges in this division, the maintenance and operation of them during this quarter, owing to the inclement weather, required considerable attention. The increased traffic on the Harlem River necessitated close supervision of the operating machinery of the fourteen bridges which open. As approximately 5,000 draw openings were made by these bridges during the quarter to permit 10,000 vessels to pass, and six times the latter number passed in the same period with the draws closed, one can realize the attention these bridges require, especially during a stormy winter.

The shops at the Madison Avenue Bridge are gradually drawing towards completion. Much of the electrical work in connection with the new light and power installation was done, a transformer built, new switchboards installed, and motors put in place where the supports had been completed. The current was turned on on March 17th. The supports for the overhead shafting were nearly all in place at the close of the quarter.

The new office building adjacent to the Manhattan approach to the Madison Avenue Bridge has its floor and roof beam in place. The steel frame was fabricated and erected and the drain built from the office to the bulkhead. This work is being performed solely by departmental labor.

Brooklyn, Queens and Richmond Bridges.

The routine maintenance and minor repairs on the 23 bridges in this division were maintained during the quarter.

Municipal Building.

Work under contract with Thompson-Starrett Company for the interior finish was advanced to 96 per cent. complete.

The installation of the elevators is practically completed, except for adjustment, tests and painting.

Window shades have been installed and the work advanced to 65 per cent. complete.

Drawings for lighting fixtures have been submitted and satisfactory progress has been made on those approved by the Department of Water Supply, Gas and Electricity.

Drawings have been submitted covering the installation of the metal railings, screens and counters, for approval, and the work of manufacturing same is making satisfactory progress.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.
All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.
Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.
All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.
At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher unless otherwise directed.
The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 100 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above described basin up to grade shall be completed within twenty-nine days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.
In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against him and forfeit the money paid for the privilege.
The purchaser shall during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same.
The purchaser shall provide all plank and other appliances and all necessary labor, and shall at all times keep the dump graded to the satisfaction of the Engineer.
No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money in the full amount of the bid price.
The purchaser agrees that he will comply with the provisions of the Labor Law. He further agrees that no laborer, workman or mechanic in the employ of the contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract shall be permitted or required to work more than eight hours in any one calendar day except as in cases of extraordinary emergency caused by fire, flood or danger to life and property.
That the wages to be paid for a legal day's work to all classes of such laborers, workmen or mechanics upon public work or upon any material to be used thereon shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such laborer, workman or mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of Sections 3 and 14 of the Labor Law.

Any electricity required by the successful bidders other than the regular lighting of the terminals must be paid for by the successful bidders. No installation of water, gas or electricity shall be attempted without consent being first obtained from the Department of Water Supply, Gas and Electricity and from the Commissioner of Docks.

4. The Commissioner of Docks expressly reserves the right to:

(a) Revoke, cancel and annul any permit issued to or agreement made with any successful bidder at this sale who shall fail or neglect to observe, keep and perform any of the terms, conditions or limitations of such permit or agreement.

(b) Resell any privileges where the successful bidder fails, refuses or neglects to comply with the terms and conditions herein contained, the parties so failing, refusing or neglecting to be liable to The City of New York for any deficiency resulting from or occasioned by such resale.

SEC. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the grantees.

First—The said right to construct, maintain and operate said transmission line shall be held and enjoyed by the grantees from the date upon which this contract is signed by the Mayor until January 1, 1938, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the grantees shall determine to exercise the privilege of renewal they shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the grantees and the Board.

If the grantees and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the grantees shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the grantees; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the grantees and their officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual compensation shall, in any event, be less than that required for the last year of the original term of this contract. If in any case the annual compensation shall not be fixed prior to the termination of the original term of this contract, then the annual compensation theretofore prevailing shall continue until the new rate shall be determined, and the grantees shall then make up to the City the amount of any excess of the annual compensation then determined over the previous annual compensation. The compensation and expenses of the said appraisers shall be borne jointly by the City and the grantees, each paying one-half thereof.

Second—As compensation for the privilege hereby granted the grantees jointly and severally agree to install equipment and furnish electrical current to the City without charge to it, as follows:

(*a*) Install, reserve and maintain for the exclusive use of the City, as an integral part of the generating and distributing systems of the grantees, generating machinery, sub-station apparatus, cables, switches and controlling apparatus up to the switchboards in the structures of the drainage chambers now or to be hereafter provided by the Board of Water Supply of the City for the unwatering of the pressure tunnels of the Catskill Aqueduct; said drainage chambers situated or to be situated

(1) At or near Croton Lake at the shaft known as the Croton Lake Drainage Shaft;

(2) At or near the intersection of Clinton and South Streets at the shaft known as No. 21 of the City Aqueduct; and

(3) In Morningside Park between West 120th and West 121st Streets, if the same were extended, at the shaft known as No. 11 of the City Aqueduct,

—sufficient in capacity to deliver 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 2200 volts at each of the shafts Nos. 11 and 21 and 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 40,000 volts at the Croton Lake Drainage Shaft.

(*b*) Furnish when called upon by the Board of Water Supply or its authorized representatives electrical energy up to the capacity of 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 2200 volts at each of the shafts Nos. 11 and 21 and up to the capacity of 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 40,000 volts at the Croton Lake Drainage Shaft.

(*c*) Install and maintain for the use of the City wires, cables or other conductors and controlling apparatus up to the switchboards in the buildings or other structures owned by the City and used in the operation of the Catskill Aqueduct; that is to say, gate-houses, offices, bridges and all other buildings and chambers used in the operation and maintenance of the aqueduct and aqueduct lands of the city which may be situated north of Battery Park in the Borough of Manhattan and south of the bundary line between the Counties of Westchester and Putnam.

(*d*) Furnish whenever required two-phase or three-phase alternating current having a frequency of sixty (60) cycles per second, at a pressure of 110 or more volts, sufficient for operating all motors and other apparatus as may be required for the maintenance and operation of the aqueduct.

(*e*) Furnish whenever required single-phase alternating current having a frequency of sixty (60) cycles per second, at a pressure of 110 or more volts, or direct current at a pressure of 120 or more volts, sufficient for lighting all said buildings, bridges and grounds as may be necessary, and for any and all other purposes as may be required in connection with the maintenance and operation of the aqueduct and appurtenant works and structures.

Any and all payments to be made or service to be rendered by the terms of this contract to the City by the grantees shall not be considered in any manner in the nature of a tax, but such payments shall be made and such service rendered in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, to operate upon a route upon all or any part of lands acquired for aqueduct purposes.

Fourth—The service hereby required to be rendered as payment for the rights hereby granted shall continue throughout the whole term of this contract (whether original or renewal), and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to service to be rendered as payment for the rights hereby granted, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—The consent hereby granted shall not be assigned, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the acts of any of the grantees, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Should the grantees at any time fail to supply the service herein required as payment for the privilege herein granted in an efficient manner satisfactory to the Board of Water Supply, then the right herein granted shall cease and determine, and all sums paid or deposited with the City shall be and become the property of the City.

Seventh—It is understood by the parties hereto that the right herein granted is subject to any and every limitation imposed by law upon the use of the aqueduct lands outside of the present limits of the City or by any and every condition upon which such lands were purchased or acquired. It is understood also that no rights of any kind whatsoever are herein granted to or in any of the aqueduct lands lying within the present limits of the City.

Eighth—The transmission line hereby authorized shall be used only for the transmission of electrical current to and within the Counties of Westchester and Putnam of the State of New York, and shall not be used as a portion of or in connection with a transmission line extending into any other portion of the State of New York nor into any portion of any other state; provided that the Board may by resolution authorize the use of such transmission line for the transmission of electrical current from, to and within districts outside of said Counties of Westchester and Putnam, but the Board may, upon the adoption of such resolution, require such compensation for the additional right and prescribe such terms and conditions to govern the same as in its discretion it may deem proper.

Ninth—The grantees shall immediately begin the construction of ducts, conduits, poles and towers and the installation therein or thereon of wires, cables or other conductors and complete so much of such construction and installation as shall be necessary to furnish the service herein required and stand ready to supply the current herein required for the purposes of the Board of Water Supply, and the City of New York on or before October 1, 1914; otherwise this right shall cease and determine; provided that the time for completion of such construction and installation and the commencement of current supply, as required, may be extended by the Board, but the total extension of time shall not exceed twelve months; and provided further that when the completion of the construction or installation or the delivery of current shall be prevented by legal proceedings in any court or by works of public improvement or from other causes not within the control of the grantees, then such time may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the grantees and provided further that in no case shall such delay be deemed to begin until the grantees shall have given written notice to the Board of any such court proceedings or other occasion of delay and shall have delivered to the Board copies of any injunction or other orders and the papers upon which the same shall have been granted, and unless upon the request of the Board the grantees shall in writing consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, the conduits, poles, towers, fixtures, wires, cables and equipment of the grantees constructed pursuant to this contract shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the grantees shall, upon thirty (30) days' notice from the Board, remove any part or all of such conduits, poles, towers, fixtures, wires, cables and equipments constructed pursuant to this contract and the aqueduct lands shall be restored to a condition satisfactory to the Board of Water Supply at the sole cost and expense of the grantees.

Eleventh—The grantees shall comply with all laws, ordinances or rules of the local authorities having jurisdiction over the construction, maintenance or operation of the transmission line herein authorized.

Twelfth—The position of said transmission line upon said aqueduct lands shall be such as shall coincide with that designated and fixed by the Board of Water Supply. Before any work of construction or installation herein authorized shall be commenced, the grantees shall submit to the Board of Water Supply plans and specifications which shall show and specify in detail the character of the structure or structures proposed by the grantees and the location of the same upon City land. Said plans and specifications must be approved by the Board of Water Supply before such work shall be commenced. The work of construction and installation shall be under the supervision of the Board of Water Supply, and any rules or directions given by said Board shall be complied with by the grantees. If in the opinion of the Board of Water Supply it shall become necessary to change at any time during the term of this contract the location or the character of the construction or installation of said transmission line for the protection of life or property, or if in the opinion of said Board it shall become necessary for the City to use during said term any part or all of the lands upon which the structures herein authorized shall be situated for any of the purposes for which said lands were acquired, then the grantees shall make at their own expense such changes in the character of the construction or installation or changes in the position of such structures on said Aqueduct Lands as directed by the Board of Water Supply.

Thirteenth—All structures and appurtenances erected hereunder shall be kept in good and safe repair and in accordance with the instructions given by the Board of Water Supply.

Fourteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the grantees, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the ducts, conduits, poles, towers, wires, cables, conductors, fixtures and all structures, constructed or in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the grantees to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the grantees fail to appear, action may be taken by the Board forthwith.

Fifteenth—This grant is upon the express condition that the grantees, within thirty (30) days after the signing of this contract, by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of twenty-five thousand dollars ($25,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the grantees of all of the terms and conditions of this contract and compliance with all orders of the Board, or the Board of Water Supply, acting under the powers herein reserved, especially those which relate to the furnishing of service herein required for the privilege hereby granted, and the maintenance of the property in good and safe condition throughout the whole term of this contract; and in case of default in the performance by the grantees of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board or Board of Water Supply, acting hereunder, the grantees shall pay a penalty of fifty dollars ($50) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the grantees, directing their Presidents, or any one of them, or other officers to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the grantees should not be penalized in accordance with the foregoing provisions. If the grantees fail to make an appearance, or, after a hearing, appear in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the grantees shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of twenty-five thousand dollars ($25,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Sixteenth—The grantees shall assume all liability to persons or property by reason of the construction or operation of the transmission line and its appurtenances authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the grantees hereby agree to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the grantees. The grantees shall pay all taxes on all property constructed or maintained pursuant to this contract and shall reimburse the City for all taxes upon said property which the City may be required to pay and shall reimburse the City, its officers and agents for any and all costs or expenses whatsoever of every name and nature to which the City may be put by reason of the construction, operation or maintenance of the transmission line and its appurtenances and shall save the City, its officers and agents harmless therefrom.

Seventeenth—If at any time the powers of the Board or of the Board of Water Supply, or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or the Board of Water Supply or other authorities, officer or officers.

SEC. 3. Nothing in this contract contained shall be construed as reviving or validating any lapsed or invalid franchise heretofore granted to any of the grantees herein or to their predecessors, or as enlarging or adding to the powers or privileges contained in said grants of franchises or as waiving any forfeiture thereto.

SEC. 4. Each of the parties of the second part, jointly and severally, promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

SEC. 5. This contract shall not become operative unless and until the grantees shall procure and cause to be executed an agreement which shall be proved in proper form for record and duly delivered to the Board, by which the Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company shall agree with each other, with the Westchester Company and with the City to furnish, whenever called upon by either the Westchester Company or the City, such service as may be required by the Westchester Company in order to supply to the City the electrical current necessary to fulfill the terms of this contract, and by which the said Northern Westchester Lighting Company and the said Peekskill Lighting and Railroad Company shall further agree with each other, with the Westchester Company and with the City to permit the Westchester Company to use so much of their facilities as shall be necessary to carry out the provisions of this contract. Upon the failure of either or any of said Companies to furnish such service or to permit the use of said facilities for any reason at any time hereafter, the rights hereby granted shall cease and determine and this contract shall be null and void and of no effect.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
