MUNICIPAL ASSEMBLY OF THE CITY OF NEW YORK.

THE COUNCIL.

[From the proceedings of the Council, October 2, 1900.]

No. 1858.

THE BOARD OF EDUCATION.

To the Board of Education:

The Committee on Finance presents herewith the estimate of the Department of Education for the year 1901, amounting to nineteen million two hundred and ninety-two thousand eight hundred and sixty-eight dollars and eighty cents (\$19,292,868.80).

The Charter provides that all moneys raised for educational purposes in The City of New York shall be raised in two funds, to be known as the Special School Fund and the General School Fund, respectively. The estimate of the Department of Education for the year 1901 is therefore divided as follows:

Special School Fund.....	\$4,676,380 03
General School Fund.....	14,616,488 77

Total..... \$19,292,868 80

—an increase over the appropriations for 1900 of \$4,673,757.71.

The General School Fund, being the larger of the two funds, is presented first.

GENERAL SCHOOL FUND, 1901.

Chapter 751 of the Laws of 1900, an act to amend the Greater New York Charter (chap. 378 of the Laws of 1897), provides as follows:

The Board of Estimate and Apportionment shall appropriate for the General School Fund for the year 1901, and annually for each year thereafter, an amount equivalent to not less than four mills on every dollar of assessed valuation of the real and personal estate in the City of New York liable to taxation, inclusive of so much of the State school moneys apportioned by the Superintendent of Public Instruction for the payment of teachers' wages as is actually paid into the said General School Fund.

The Comptroller has furnished the following statistics as to the taxable valuations of property within The City of New York for the year 1900 by boroughs:

BOROUGH.	VALUATIONS.
Manhattan and The Bronx.....	\$2,799,871,672 00
Brooklyn.....	695,335,940 00
Queens.....	109,926,453 00
Richmond.....	48,988,128 00

Total..... \$3,654,122,193 00 X .004 \$14,616,488 77

Fourteen millions six hundred and sixteen thousand four hundred and eighty-eight dollars and seventy-seven cents.

The following opinion regarding the apportionment of the General School Fund has been received from the Corporation Counsel:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, September 5, 1900.

Hon. WILLIAM H. MAXWELL, City Superintendent of Schools:

SIR—I have received your communication of September 5, 1900, which reads as follows:

"As the officer of the Board of Education designated by the By-laws (section 30) to report the aggregate number of days of attendance of pupils upon which the distribution of the General School Fund shall be based, I beg leave to submit the following statements and questions for your official opinion:

"Section 1065 of the Charter, before amendment by chapter 751 of the Laws of 1900, provided that the General School Fund should be distributed among the several boroughs in the following manner:

"1. A distributive quota to each school board of one hundred dollars for every qualified teacher, or for successive qualified teachers who shall have actually taught in the schools under the charge of the board during a term of not less than thirty-two weeks of five successive school days each, inclusive of legal holidays.

"The remainder of such general school fund shall be apportioned among the said school boards by the said board of education in proportion to the aggregate number of days of attendance of the pupils resident in the boroughs under their charge, between the ages of five and eighteen years, at their respective schools, during the last preceding school year, and also of such pupils resident thereto over four years of age, as shall, during the last preceding school year, have attended any kindergarten schools established under the direction of the school boards, or any of them, pursuant to the provisions of this act."

"Under this provision of law I included in former years in the number of qualified teachers in the boroughs of Manhattan and The Bronx and in the Borough of Brooklyn the teachers in the corporate schools under the charge of the board of education in those boroughs, and I included in 'the aggregate days of attendance' the aggregate days of attendance of the pupils in said corporate schools.

"Chapter 751 of the Laws of 1900 amends the clauses of section 1065 of the Charter so that they now read as follows:

"1. A distributive quota to each school board of six hundred dollars for every qualified teacher, or for successive qualified teachers, who shall have actually taught in the public schools under the charge of the board during a term of not less than thirty-two weeks of five successive days each, inclusive of legal holidays.

"2. The remainder of such general school fund shall be apportioned among the said school boards by the said board of education in proportion to the aggregate number of days of attendance of the pupils of the public schools resident in the boroughs under their charge, between the ages of four and twenty-one years, at their respective schools, during the last preceding school year."

"The changes to which I invite your attention more specifically are these:

"The original language of the Charter speaks of 'qualified teachers who shall have actually taught in the schools under the charge of the board.' For these words the amended section substitutes the expression 'qualified teachers who shall have actually taught in the public schools under the charge of the board.'"

"The original language of the Charter of 'pupils resident in the boroughs under their charge.' For these words the amended sections substitute the expression 'pupils of the public schools resident in the boroughs under their charge.'"

"Upon this statement I ask the following question:

"1. Should I include among the qualified teachers referred to in section 1065 of the Charter, as amended by chapter 751 of the Laws of 1900, the teachers, or any of them, employed in the corporate schools mentioned in section 1152 of the Charter?"

"2. Should I include among the qualified teachers referred to in section 1065 of the Charter, as amended by chapter 751 of the Laws of 1900, the teachers, or any of them, employed in the corporate schools mentioned in section 1154 of the Charter?"

"3. Should I include in the 'aggregate number of days of attendance of the pupils of the public schools,' referred to in section 1065 of the Charter, as amended by chapter 751 of the Laws of 1900, the days of attendance of the pupils in the corporate schools mentioned in section 1152 of the Charter?"

"4. Should I include in the 'aggregate number of days of attendance of the pupils of the public schools,' referred to in section 1065 of the Charter, as amended by chapter 751 of the Laws of 1900, the days of attendance of the pupils in the corporate schools mentioned in section 1154 of the Charter?"

"In case these questions, or any of them, are decided in the affirmative, a secondary question will arise:

"I gather from your opinion, rendered under date of February 20, 1900, to the Hon. George M. Van Hoesen, and printed in the Journal of the Board of Education, pp. 214-221, that if any of the teachers in the corporate schools are to be counted as of the number of 'qualified teachers who shall have actually taught in the public schools under the charge of the Board,' only those who are qualified through holding a license to teach shall be so counted. You did not, however, specify in that opinion the kind or grade of license that would be sufficient to qualify a teacher in a corporate school. For the purposes of this question the teachers in the corporate schools may be divided into classes:

"Class I.—Those employed at the time of consolidation.

"Class II.—Those appointed since consolidation.

"With regard to Class I., shall these teachers in the corporate schools who hold any form of license issued by an officer empowered by law to issue licenses to teach be regarded as 'qualified teachers?' Or is it necessary that they should hold licenses issued by the former City Superintendent of Schools of New York, or the former Superintendent of Public Instruction of Brooklyn?"

With regard to Class II., is it necessary that those appointed since consolidation should have been licensed by the Board of Examiners of The City of New York, and that they should possess the minimum qualifications for license prescribed by the Board of Education in order to be regarded as 'qualified teachers?'"

"As it is desirable that the figures upon which the apportionment of the General School Fund among the several boroughs shall be based should be presented to the Board of Estimate and Apportionment along with the Budget for the year 1901, I would respectfully ask for an opinion on the question submitted in this letter at your early convenience."

In reply thereto I beg leave to state that, in my opinion, the former scheme of distribution of school moneys among certain private schools provided for in sections 1152 and 1154 of the Greater New York Charter has not been abrogated or changed by the amendment to section 1065 of the Charter enacted in 1900. Section 1065, as amended, and sections 1152 and 1154 must be construed together in such manner that due force be given to each section. The public policy of the State, as shown by legislation for the last fifty years, contemplates an apportionment of school moneys to the schools of incorporated orphan asylums, etc., upon the basis of per capita attendance of children in said schools (chap. 261 of the Laws of 1850; sec. 32 of article XII., title XV. of the Consolidated School Law; chap. 76 of the Laws of 1848; sec. 22 of chap. 386 of the Laws of 1851; secs. 1152 and 1154 of the Greater New York Charter). I therefore answer in the affirmative questions 1, 2, 3 and 4 of your communication.

In determining what teachers in said schools are "qualified," I am of opinion that all teachers "who hold any form of license issued by an officer empowered by law to issue licenses to teach" should be regarded as qualified teachers within the spirit of the statutes.

Respectfully,

GEORGE HILL, Acting Corporation Counsel.

In view of the foregoing opinion, the City Superintendent of Schools has presented the following statistics, covering the school year ending July 31, 1900, upon which the apportionment may be made:

Attention is requested to the fact that there are eighty-seven (87) separate buildings used for school purposes, while there are four (4) buildings and one addition unfinished as a legacy from the period just before consolidation, and three (3) unoccupied buildings, all constantly requiring care and attention, making a total of ninety-five (95) buildings, while two new buildings are in course of erection and one shortly to be started at Whitestone.

The office force and assistants during the current year have not been able to cope successfully and promptly with all demands, hence the allowance made in budget for a sanitary and heating and ventilating draughtsman and heating inspector.

EXPLANATION OF THE FOREGOING ESTIMATES.

General Repairs.

The excess over the amount allowed for last year for general repairs is due to the condition of the buildings which have not heretofore been properly cared for and long neglected in many important particulars. The allowance for 1900 is totally inadequate, and it has not been possible to make any substantial improvement in the general condition of the schools.

Many of the buildings will require new roofs, metal ceilings, new floors, interior walls decorated, same having been in use for years without ever having seen a coat of calcimine. Much plastering is of very doubtful stability and will have to be replaced during 1901.

Premises in very exposed places, where the streets have not been regulated and improved, without fences, are subject to all forms of trespassing from using the grounds as short cuts from point to point to lounging on premises at night, breaking windows and breaking into school buildings; many of the present inclosing fences are reaching a point beyond repair, requiring new fences as a measure of economy, while others require extensive repairs and painting.

Every frame school building and the woodwork of brick buildings erected before consolidation require to be speedily painted, as a measure of preservation, with very few exceptions.

The heating apparatus in many buildings is almost worn out, while in others it is almost past repair; much of it is obsolete and does not provide for any ventilation at all, while still more is inadequate to properly warm much less ventilate to the actual necessities of school rooms.

In the great majority of the schools, the entire sanitary apparatus is open to grave criticism, in others not worth repairing, and new should be installed as quickly as possible. Many schools are without adequate sanitary accommodations, some even without their own water supply.

Many of the schools erected before consolidation never had the premises graded, walk or pavement of any kind seeded down to grass, nor even a tree or shrub planted. The bond issues in the majority of the buildings begun before consolidation and since completed or in process of erection did not provide a sufficient amount of money to even fully finish them, and yet lack these essentials; some require much filling, others grading off, paving, curbing, guttering and draining.

Fire-escapes.

During the current year the Department of Buildings for Queens, at the instance of the Fire Department, has requested the Board of Education to take up the matter of fire-escapes on a number of schools which really require them in this borough. It has been impossible to meet the

Furniture—The item for Furniture and Repairs, of \$13,922, is about equal to that of 1900. The 1900 estimate was founded on general office information. The estimate herewith presented has been carefully estimated from a knowledge of the conditions and requirements for new furniture in the place of that which is obsolete and worn out, and for buildings where the present equipment is insufficient.

The figures submitted represent the amount appropriated by the State and apportioned
by the State Superintendent of Public Instruction to the entire City of New York for the year
1900, in order to take advantage of which the laws require that the City should appropriate in
addition a similar sum. The amount allowed for the year 1900 by the City was \$22,782.54.

SCHEDULE No. 9.

Special School Fund—Libraries and Apparatus. (Regents' Schools.)

These items are inserted in order that the City may avail itself of the grants of the money
made by the Regents of the University of the State of New York. These grants are similar in
character and principle to those made through the State Superintendent of Public Instruction for
public school libraries, and may be said to bear the same relation to the High Schools as the
apportionment of State moneys does to the elementary schools. Manhattan and The Bronx has
three High Schools, Brooklyn has four, Queens has eleven, schools and classes, and Richmond
has some schools and classes which are registered by the Regents.

Appropriation by the Board of Estimate and Apportionment for 1900 was \$23,740. This item then being in the General Fund suffered a reduction by reason of the apportionment, per section 1065 of the Charter, and salaries of many Janitors were necessarily reduced; these have in the main been restored, and the slight increases in others are made to adequately compensate them for the labor to be performed, and for the reason that they have to give all of their time to their schools, be they large or small.

Amount allowed by Board of Estimate and Apportionment for this item for 1900 was \$10,000. This, with other items which were then in the General School Fund, suffered a loss by reason of the apportionment per section 1065 of the Charter. Contemplated readjustment of salaries, therefore, could not then be made. The Borough Superintendent of Schools states that these employees never have received pay commensurate with services required, as five of them attend to one school each; three have two schools; one has three schools; three have four schools; one has five schools—and pay their own traveling expenses.

BOARD OF PUBLIC IMPROVEMENTS.

The Board of Public Improvements of The City of New York met at the office of the Board, No. 21 Park row, on Wednesday, October 3, 1900, at 2 o'clock P. M., pursuant to notice.

The following members were present :

The Commissioner of Water Supply, the Commissioner of Highways, the Commissioner of Street Cleaning, the Commissioner of Public Buildings, Lighting and Supplies, the Commissioner of Bridges (Deputy Commissioner York), the President of the Borough of The Bronx, the President of the Borough of Brooklyn, the President of the Borough of Queens and the President of the Borough of Richmond.

The President, Hon. Maurice F. Holahan, presided.

The minutes of the meeting of September 26, 1900, were approved as printed.

NEW YORK AND WESTCHESTER WATER COMPANY.

The resolution fixing rates to be charged to private consumers by the New York and Westchester Water Company, which was laid over at the last meeting (Minutes, September 26, 1900, pp. 2568-2569), was brought up for consideration.

Mr. W. C. Prime, counsel for the New York and Westchester Water Company, requested that, owing to the absence of the president of the company, who was also one of the receivers, the matter be postponed for one week.

The Commissioner of Water Supply moved that the Board proceed to the consideration of the matter at once, which motion was unanimously adopted.

The Board then proceeded to the consideration of the resolution offered by the President of the Borough of Brooklyn on September 26, and printed on pages 2568 and 2569 of the Minutes.

Mr. Prime, on behalf of the New York and Westchester Company, entered a protest against the Board taking action, stating that in the absence of proper action on the part of the officers of the company, the company could not regard itself as bound by the action of the Board.

Action was taken on the resolution, which was adopted by the following vote :

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Bridges, President of the Borough of The Bronx and President of the Board.

Negative—None.

LAYING OUT AVENUE D AND CLOSING AVENUE C, BROOKLYN.

In the matter of the proposed laying out of Avenue D, from the junction of Avenue C to Coney Island avenue, and closing that portion of Avenue C from the junction of Avenue D to Coney Island avenue, in the Borough of Brooklyn, the report of the Secretary was read, showing that the matter had been fully advertised for a hearing as required by law.

Nobody appearing in opposition to the proposed laying out and closing, the following resolution was adopted :

LAYING OUT PUBLIC PLACE AT PITKIN AND HOWARD AVENUES, BROOKLYN.

In the matter of the proposed laying out of a public place bounded by Pitkin avenue, Eastern parkway extension and Howard avenue, in the Twenty-fourth, Twenty-fifth and Twenty-ninth Wards, Borough of Brooklyn, the report of the Secretary was read, showing that the matter had been duly advertised for a hearing as required by law.

A delegation of property-owners in the neighborhood appeared in opposition to laying out the proposed public place, and submitted the following protest :

BOROUGH OF BROOKLYN, NEW YORK, October 3, 1900.

Board of Public Improvements, New York :

GENTLEMEN—The undersigned, property-owners residing or owning property near the proposed public place (for which this meeting to-day is called), respectfully beg your Honorable Board, before giving the matter as to the laying out of a public place at Howard avenue further consideration, that it (for the present, at least) be laid on the table, inasmuch as :

That the proposed public place is in a sparsely populated section, and is distant only two blocks from Lincoln Park on Eastern parkway.

That from the said Lincoln Park to Highland Park, on the line of Eastern parkway extension, a distance of about two miles, and running through a thickly populated section, there is no public place.

That a public place on the said line, about midway between the aforesaid parks, say, at or near the greatest thoroughfare in this section, and which is known as Rockaway avenue, would be the most desirable even from a disinterested point of view, would best subserve the public interests, and be of the greatest good to the greatest number.

That you will do nothing further before satisfying yourselves in every particular as to the consistency and feasibility of all that is embraced in this our protest and petition, which we now humbly submit to your Honorable Board.

MARIA FRIEDEL, and others.

On motion of the Commissioner of Bridges, the matter was laid over for two weeks.

Subsequently, at the request of the President of the Borough of Brooklyn, who had not been present when the matter was brought up, the foregoing motion was rescinded.

On motion of the President of the Borough of Brooklyn, the matter was referred back to the Local Board.

Resolved, That this Board does hereby give its consent and approval to the said map or plan and profile of the final maps and profiles of the Borough of Manhattan, City of New York, prepared by the President of this Board, under authority of section 433 of chapter 378, Laws of 1897, and dated New York, July 18, 1900.

ACQUIRING PROPERTY FOR ARIETTA STREET SEWER, RICHMOND.

The following report from the Topographical Engineer was read and the matter was referred to the President of the Borough of Richmond :

OFFICE OF PRESIDENT OF THE BOARD OF PUBLIC IMPROVEMENTS, }
NEW YORK, September 26, 1900. }

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements :

SIR—In reply to the action taken by the Board of Public Improvements, referring for report a communication from the Commissioner of Sewers relative to acquiring property under and above water for the construction of the outlet of the proposed sewer in Arietta street, Borough of Richmond, I wish to state that after a consultation with the Deputy Commissioner and Chief Engineer of the Borough of Richmond it was concluded that an easement to a strip of land 20 feet in width from the foot of Arietta street to the pierhead-line established by the United States Government June 21, 1899, would be sufficient for the purpose of constructing the outlet sewer of Arietta street.

I have prepared therefore for adoption by the Board of Public Improvements the accompanying map entitled "Map or Plan showing easement to be acquired for the Arietta Street Outlet Sewer in the First and Second Wards, Borough of Richmond."

I also transmit the technical description of the easement to be acquired.

Papers in the matter herewith returned.

Respectfully,

F. GREIFFENBERG,

Principal Assistant Topographical Engineer.

OPENING CLARKSON STREET, BROOKLYN.

The following communication from the President of the Borough of Brooklyn was placed on file, title having vested on the filing of the oaths of the Commissioners of Estimate and Assessment :

BOROUGH OF BROOKLYN, September 28, 1900.

Board of Public Improvements :

GENTLEMEN—The Department of Charities and the Long Island State Hospital petitioned the Local Board of the Eighth District over a year ago to institute proceedings for the grading and paving of Clarkson street, in the Twenty-ninth Ward of the Borough of Brooklyn. This street passes the buildings of both institutions, and there is great necessity for having it improved. It was found when the petition was presented that the street as it is now used is at variance slightly with the lines of the street as laid down on the official map. It was necessary, therefore, to institute proceedings for the opening of the street, which was done. I understand that the street-opening commission has been appointed, and I request, therefore, that as soon as this fact is officially before the Board of Public Improvements title to the street be taken in accordance with section 990 of the Charter. Proceedings for the grading and paving of the street will in the meantime be instituted by the Local Board.

Yours very truly,

EDWARD M. GROUT, President of the Borough.

OFFICE OF PRESIDENT OF BOARD OF PUBLIC IMPROVEMENTS,
NEW YORK, September 28, 1900.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

SIR—In reply to the action taken by the Board of Public Improvements referring for report a communication from the President of the Borough of Brooklyn recommending that proceedings be initiated to acquire title to One Hundred and Sixth street, from Battery place to Seventh avenue, in the Borough of Brooklyn, I have to state that said street is laid down on the Kings County Survey Map, filed in the Register's office of Kings County June 17, 1874, and that there is no legal obstacle against the legal opening of the same.

I wish, however, to call the attention of the Board to the fact that there is a movement under way for enlarging the Government Reservation at Fort Hamilton, including thereby One Hundred and Sixth street.

The communication of the President of the Borough of Brooklyn mentions that the street is required for the construction of a sewer, which eventually would be located in the Government Reservation, and I recommend, therefore, that the matter be referred to the Commissioner of Sewers for examination whether the sewer is absolutely necessary to be located in One Hundred and Sixth street.

I recommend therefore that the matter be referred back to the Local Board with a request to be informed whether it is the intention of the Local Board to put Fort Hill place on the official Map of the City.

Papers in the matter herewith returned.

Respectfully,

F. GREIFFENBERG,
Principal Assistant Topographical Engineer.

OPENING HAMILTON TERRACE, MANHATTAN.

In pursuance of resolution adopted on September 19 (Minutes, p. 2544) the following report from the Commissioner of Highways was read:

DEPARTMENT OF HIGHWAYS, October 2, 1900.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—With a letter dated September 21, 1900, from the Secretary of the Board, I received a copy of a petition signed by C. Reinschild and others, requesting that proceedings be instituted to acquire title to Hamilton terrace, from West Fourteenth street to West One Hundred and Forty-fourth street, in the Borough of Manhattan, and that title to said street be vested in the City at once, in order that the regulating, grading and paving of said street may be proceeded with.

In reply, I beg to say that the estimated cost of paving with asphalt Hamilton terrace, from the north side of One Hundred and Forty-first street to the north side of One Hundred and Forty-fourth street, was reported to the Board by me November 20, 1899, said estimated cost of paving with asphalt on concrete foundation being \$10,500, and the assessed value of the property affected being \$1,288,000.

In accordance with a resolution adopted by the Local Board of the District, December 12, 1899, the matter was referred to the Topographical Engineer, Board of Public Improvements, for report, and after the receipt of his report, on January 3, 1900, a resolution was adopted by the Board to the effect that the Corporation Counsel be requested to apply for the appointment of Commissioners to acquire title to the street.

I understand that Commissioners have accordingly been appointed, but, upon inquiry at the office of the Bureau of Street Openings of the Law Department, it is ascertained that title has not yet been vested in the City.

As soon as this Department is advised of the vesting of title and the passage of resolutions and ordinances by the Board of Public Improvements and the Municipal Assembly, respectively, it will be ready to undertake the work of paving Hamilton terrace.

Presumably the original petition of C. Reinschild and others for the vesting of title has been transmitted to the Bureau of Street Openings, Law Department, but if not, it is suggested that the petition be transmitted to that office for action.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

The following resolution was then adopted:

"Resolved, That it appears to this Board, from the surveys made and information furnished to it by the President of the Board of Public Improvements, that there are no buildings upon the lands that shall or may be required for the purpose of opening and extending Hamilton terrace, from West One Hundred and Forty-first street to West One Hundred and Forty-fourth street, in the Borough of Manhattan, City of New York.

"Resolved, That this Board directs that, upon the 3d day of October, 1900, the title to any piece or parcel of land lying within the lines of such Hamilton terrace, from West One Hundred and Forty-first street to West One Hundred and Forty-fourth street, in the Borough of Manhattan, City of New York, so required, shall be vested in The City of New York.

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Public Buildings, Lighting and Supplies, Commissioner of Bridges and President of the Board.

Negative—None.

The grades of Marion avenue, as shown on this map, coincide very nearly with those suggested by the Deputy Commissioner and can be adopted without giving a public hearing, since, according to the records, no grades on this avenue were legally established prior to this date.

The papers and diagram in the matter are herewith returned.

Respectfully,

F. GREIFFENBERG,
Principal Assistant Topographical Engineer.

The following resolution was then adopted :

REPORTS FROM TOPOGRAPHICAL ENGINEER.

The following report from the Topographical Engineer was referred to the Commissioner of Sewers:

TOPOGRAPHICAL BUREAU, September 26, 1900.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

SIR—In reply to the action taken by the Board of Public Improvements, referring for report a communication from the President of the Borough of Queens, for the construction of a public sewer in Newtown avenue, from Van Alst avenue to Rapalje avenue, in the First Ward of the Borough of Queens, I have to state that the location and size of the sewer in Newtown avenue, between Van Alst avenue and Rapalje avenue, is shown on Sewerage District, No. 60 (Hoyt avenue system) (No. 6 C.), filed in the Board of Public Improvements July 12, 1900.

Newtown avenue is laid down on the Long Island City Commissioners' Map of 1873, and is proposed to be widened on the modified plan of the street system of the First Ward, Borough of Queens, adopted by the Board of Public Improvements May 23, 1900.

The sewer is to be constructed in the existing Newtown avenue, and there is no legal obstacle against approving the recommendation of the President of the Borough of Queens.

The papers in the matter returned.

Respectfully,

F. GREIFFENBERG,
Principal Assistant Topographical Engineer.

According to the list received from the President of the Borough of Queens, Commissioners of Estimate and Assessment were appointed for eighteen streets or avenues during April, 1900, and I have to report that in five cases the Draft Damage Maps have been forwarded, namely:

1. Blackwell street, from Broadway to Graham avenue;
2. Bradley avenue, from Borden avenue to Greenpoint avenue;
3. Borden avenue, from Bradley avenue to Greenpoint avenue;
4. Public park, bounded by Jackson avenue and Van Alst avenue;
5. Webster avenue, from the East river to Jackson avenue;

—and work on all proceedings where Commissioners of Estimate and Assessment are appointed is underway.

The Damage Map Surveys for the following avenues and streets are made:

1. Van Alst avenue.
2. Crescent avenue.
3. DeBevoise avenue.
4. Lathrop street.
5. Pomeroy street.
6. Woolsey avenue.
7. Hoyt avenue.
8. Blackwell street.
9. Delap place.

The work of making the necessary surveys for the Draft Damage Maps is hampered very much, because many of the monuments which define these streets are missing; 174 monuments, which were set according to the Long Island City Map of 1873, are reported missing.

102 reports were made by the Topographical Engineer since March 15, 1900, on matters which were referred by the Board of Public Improvements and related to the Borough of Queens.

These reports were made in the main office, One Hundred and Seventy-seventh street and Third avenue, and consumed considerable time of the force not located in the Long Island City office.

The topographical survey of the Second Ward, Borough of Queens, and the triangulation of the borough are under way since the beginning of the year, and 34 employees of the Topographical Bureau are engaged thereon.

This work has no connection with the street-opening matters and is mentioned for the purpose of showing that the work in the Borough of Queens is not neglected in favor of other boroughs.

The papers of the President of the Borough of Queens are herewith returned.

Respectfully,
F. GREIFFENBERG,
Principal Assistant Topographical Engineer.

On motion of the President of the Borough of Queens the following resolution was unanimously adopted:

Resolved: That quicker progress be made in supplying Damage Maps to Commissioners of Estimate and Assessment appointed in street-opening proceedings in the Borough of Queens.

MISCELLANEOUS COMMUNICATIONS.

The following communications were referred to the Commissioner of Highways:

JOHN JACOB ASTOR ESTATE,
NO. 21 WEST TWENTY-SIXTH STREET,
June 20, 1900.

To Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

The undersigned, being owners of the majority of the property situated on Madison avenue, between the north side of East Thirty-fourth street and the south side of East Thirty-sixth street, respectfully request that the avenue between above limits be paved with asphalt or with similar pavements.

WILLIAM WALDORF ASTOR,
By CHARLES A. PEARBODY, Attorney.

West side 320.11½ feet front, and others.

NEW YORK PRODUCE EXCHANGE,
NEW YORK, September 19, 1900.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements, City of New York:

DEAR SIR—I beg to call to your attention the condition of the street pavement fronting our Exchange building on Broadway and Stone street. These streets are now paved with Belgian blocks, and the noise from the traffic is the cause of constant complaint on the part of our tenants, especially in hot weather, when it is almost impossible to transact business in the offices on the ground floor of the building. The interests affected by this annoyance are the Post-office (the seventh largest in the United States), the Western Union Telegraph Company, Baltimore and Ohio Railroad Company, the Produce Exchange Bank and the Maritime Association, all tenants on our ground floor. The Stock Exchange will occupy a space on the Stone street side of our main floor, second story, next spring, and the business on this floor is also greatly affected by this noise during the summer season when it is necessary to have the windows open.

In view of the fact that we pay taxes to the amount of \$56,192, in addition to which amount taxes are also paid by some of our tenants, we feel that you will accord to this matter the same prompt attention you give to all matter of public improvement in this city.

Trusting that favorable consideration and action may result from this application, and availing of this opportunity to extend assurances of my personal esteem,

Very truly yours,

ELLIOT BARROWS, President.

NEW YORK PRODUCE EXCHANGE BANK,
September 20, 1900.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—I wish to add my most earnest indorsement of the request of the President of the Produce Exchange that steps be taken at your earliest convenience to mitigate the discomfort we all suffer from the noise resulting from the heavy traffic over the Belgian pavement. I hope you will see your way to giving us an asphalt pavement soon in front of the Exchange and on Stone street.

Respectfully your obedient servant,

F. H. PARKER, President.

THE PENNSYLVANIA RAILROAD COMPANY,
September 22, 1900.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements, No. 19 Park Row, New York City:

DEAR SIR—I am informed that the President of the Produce Exchange, and the President of the Produce Exchange National Bank, have written you, requesting that that portion of Broadway and of Whitehall street, between Beaver and Stone streets, be asphalted.

In behalf of the Pennsylvania Railroad Company, I desire to join in this request, and to urge upon you the great desirability of this improvement. The noise of the heavy traffic on Broadway and Whitehall street at this point, seriously interferes with the work in our office at all times in the year, and more especially in summer, when the windows have to be kept open.

Trusting you can see your way to authorize this much needed improvement, I remain,

Very truly yours,

S. P. HUTCHINSON, Assistant General Agent.

LEHIGH VALLEY RAILROAD, September 27, 1900.

Mr. MAURICE F. HOLAHAN, President, Board of Public Works, No. 19 Park Row, New York City:

DEAR SIR—I herewith beg to make request that the paving of Broadway, between Beaver and Stone streets, be done with asphalt pavement in place of the granite blocks they have now, as the present pavement makes the street so noisy that it annoys the clerks in our office very much. I understand that several other people in the Produce Exchange Building have been troubled the same way and are making the same request.

Yours very truly,

H. B. MOORE, JR., F. F. & L. Agent.

THE BALTIMORE AND OHIO RAILROAD COMPANY,
SEPTEMBER 28, 1900.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements, No. 19 Park Row, New York City:

DEAR SIR—As representative of the Baltimore and Ohio Railroad, with office at the Produce Exchange Building, I beg to add our petition to the requests of the President of the Produce Exchange and the President of the Produce Exchange National Bank, that that portion of Broadway and of Whitehall street, lying between Beaver street and Stone street, be asphalted.

The noise arising from passing traffic over the present surface of these thoroughfares renders the transaction of business in offices facing them, at times, very difficult and we earnestly hope that you may see your way clear to authorize this improvement.

Yours truly,

J. N. JOHNSTON.

The President of the Borough of Brooklyn called the attention of the Board to the present condition of affairs in the Borough of Brooklyn, arising from the lack of a sufficient supply of water, stating that he had received a proposition from the Queens County Water Company, which he had submitted to the Deputy Commissioner of Water Supply for the Borough of Brooklyn, offering to supply from seven to nine million gallons of water a day at \$35 per million. He also submitted, for the information of the Board, a proposal then handed to him from the Flatbush Water Company, offering to supply water at \$40 per million gallons.

The Commissioner of Public Buildings, Lighting and Supplies offered the following resolution:

Resolved, That the whole matter be referred to the Commissioner of Water Supply.

The President of the Borough of Brooklyn moved to amend the resolution by adding:

And that the Commissioner of Water Supply be requested to report to this Board at the next meeting what can be done in order to relieve the present water emergency in the Borough of Brooklyn.

The Commissioner of Bridges moved to amend the amendment by adding:

And that he report to this Board as to the advisability of entering into a contract with a private water company for a supply of water.

Which amendment was accepted by the President of the Borough of Brooklyn.

Action was then taken on the amendment, which was adopted by the following vote:

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Public Buildings, Lighting and Supplies, Commissioner of Bridges, President of the Borough of Brooklyn and President of the Board.

Negative—None.

Action was then taken on the resolution as amended, which was unanimously adopted.

The resolution as adopted is as follows:

Resolved, That the whole matter be referred to the Commissioner of Water Supply, and that the Commissioner of Water Supply be requested to report to this Board at the next meeting what can be done in order to relieve the present water emergency in the Borough of Brooklyn, and that he report to this Board as to the advisability of entering into a contract with a private water company for a supply of water.

Adjourned.

Attest:

JOHN H. MOONEY, Secretary.

DEPARTMENT OF CORRECTION.

DEPARTMENT OF CORRECTION,
 October 3, 1900.

PROPOSALS FOR MATERIALS AND WORK REQUIRED FOR COMPLETING THE INSTALLATION OF A COMPLETE HIGH-PRESSURE STEAM PLANT IN THE WORKHOUSE, AND A COMPLETE PUMPING OUTFIT FOR THE STONE QUARRY, BLACKWELL'S ISLAND.

SEALED BIDS OR ESTIMATES FOR MATERIALS AND WORK required for completing the installation of a complete high-pressure steam plant in the Workhouse, Blackwell's Island, and a complete pumping outfit for the Stone Quarry, Blackwell's Island, New York City, in conformity with specifications, will be received at the office of the Department of Correction, No. 148 East Twentieth street, in The City of New York, until 12 o'clock M. of

OCTOBER 18, 1900.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for completing the installation of a High-pressure Steam Plant for Workhouse and Pumping Outfit for the Stone Quarry, Blackwell's Island, New York City," with his or their name or names and the date of presentation, to the head of said department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner, or his duly authorized agent of said department, and read.

THE COMMISSIONER OF THE DEPARTMENT OF CORRECTION reserves the right to reject all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND (\$2,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence or place of business of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York or of a guaranty or surety company duly authorized by law to act as surety, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety

in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of One Hundred Dollars (\$100) being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications.

The work and materials must conform in every respect to the printed specifications and plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Installation of New Steam Heating Passenger Elevator and Electric Lighting in the Penitentiary Block, Blackwell's Island," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner, or his duly authorized agent, of said Department, and read.

THE COMMISSIONER OF THE DEPARTMENT OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the amount of FIFTEEN THOUSAND (\$15,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence or place of business of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, trust, bond or security companies in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of

New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of seven hundred and fifty (750) dollars, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and plans. The work and materials must conform in every respect to such printed specifications and plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

For particulars as to quantity and quality of supplies, or the nature and extent of the work required, bidders are referred to the printed specifications. The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Department. Such references are cause for rejecting bids when they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders must state the price of each article or pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the footings and awards made to the lowest bidder on each item or class.

All estimates not conforming to these requirements may be considered as informal.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioner may determine.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreement approved as to form by the Corporation Counsel, and any further information desired, can be obtained at the office of the General Bookkeeper and Auditor.

Commissioner.

PROPOSALS FOR DRY GOODS.

BOROUGH OF MANHATTAN AND THE BRONX.

SEALED BIDS OR ESTIMATES FOR ABOVE-MENTIONED SUPPLIES, in conformity with samples and specifications will be received at the office of the Department of Public Charities, foot of East Twenty-sixth street, in The City of New York, until 12 o'clock noon, on

MONDAY, OCTOBER 22, 1900.

No empty packages are to be returned to bidders or contractors except such as are designated in the specifications.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Dry Goods," with his or their name or names and address and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, or his duly authorized agent, and read.

The Board of Public Charities reserves the right to reject all bids or estimates if deemed to be for the public interest.

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids, and supplies must be delivered immediately.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the amount of fifty (50) per cent, of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in The City of New York, with their respective places of business or residence, or of a responsible guaranty or surety company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by the Revised Ordinances if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute or perform the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal, but if he shall execute or perform the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

For particulars as to quantity and quality of supplies, or the nature of the work required, bidders are referred to the printed specifications.

The quantity and quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders must state the price of each article per pound, dozen, gallon, etc. (unless otherwise specified and grouped in a class), by which the bids will be tested. The extensions must be footed up, as the bids will be read and recorded from the total footing. Awards will be made to the lowest bidder on each class or item, as the case may be.

All estimates not conforming to these requirements may be considered as informal.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine. All bids must be based upon the description furnished or samples exhibited by this Department and not on samples furnished by the bidder.

A deposit will be required on all bids.

Surety blanks and information regarding all formalities connected therewith may be obtained at the Central Office of this Department.

Samples will be on exhibition at the office of Purchasing Agent, foot of East Twenty-sixth street, during office hours, until the bids are opened.

Blank forms of bid or estimates, the proper envelopes in which to inclose the same, the specifications and agreement approved as to form by the Corporation Counsel, and any further information desired, can be obtained at the office of the General Bookkeeper and Auditor, foot East Twenty-sixth street.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with three copies of the Enrollment Books used on the days of Registration for the General Election of 1900, will be received at the Central Office of the Department of Police, in The City of New York, until 2 o'clock P. M. of

THURSDAY, THE 11th DAY OF OCTOBER, 1900.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Copies of Enrollment Books," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and

read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the quantity and kind of copies required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price for the work and materials furnished in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity is to be delivered as stated in the specifications and as shall be directed by the Superintendent of Elections of The City of New York.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of Ten Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as a surety, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interests of the City so to do, and to readvertise until satisfactory bids or proposals shall be received.

Blank forms of bid or estimate and also the proper envelopes in which to inclose the same, together with the form of agreement, including the specifications approved as to form by the Corporation Counsel, and showing the manner of payment, can be obtained upon application therefor at the office of the Superintendent of Elections of The City of New York, at his office in the Central Department.

Before submitting estimates Contractors must consult "Contractor's Bulletin Board," and compare the office copy of specifications with the set to be submitted with their proposal, and such proposal shall be read as in conformity with said office copies of specifications. In case of any discrepancy they are to report to the Chief Clerk of the Police Department, and their specification will be corrected to conform with the office copy.

If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are requested in making their bid or estimates to use the blank prepared for the purpose by the Police Board, a copy of which and also the proper envelope in which to inclose the same, together with the form of agreement, including the specifications, approved as to form by the Corporation Counsel, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Chief Clerk of the Police Board, where the plans which are made a part of specifications may be seen.

Bidders must particularly examine into the depth at which solid bottom is found.

Bidders will be required to complete the entire work within one hundred and eighty calendar days from the date of the contract, to the satisfaction of the Board of Police and the Architects appointed by them, and in accordance with the drawings and directions given or which may be given by the Architects, and in conformity with the specifications hereunto annexed.

No extra compensation beyond the amount payable for the several classes of work contemplated, and which shall be actually performed at the price therefor to be specified by the accepted bidder, shall be due or payable; and no allowance will be made nor anything paid for blasting or excavating, nor for carrying masonry to solid bottom, nor for any filling or ramming of trenches, nor for any bailing or pumping rendered necessary in prosecuting the work, nor for any sheet-piling, shoring or other timbering, nor for any underpinning or other precautions necessary to protect adjoining buildings or grounds or the work in progress, nor for any scaffolding or centres required in prosecuting the work.

Bidders will be required to prepare for all pumping and bailing which may be found necessary in the prosecution of the work.

Bidders will state in writing, and also in figures, upon blanks which will be furnished on application, a price for the work complete. The price is to cover the furnishing of all materials and labor and the performance of all the work called for by the specifications, plans, drawings and form of agreement. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Board of Police to reject all bids should it be deemed to the public interest to do so.

All persons estimating are requested to enter their names and addresses in a book provided for this purpose in the Estimating Room in the Architects' office.

Before submitting estimates Contractors must consult "Contractor's Bulletin Board," and compare the office copy of specifications with the set to be submitted with their proposal, and such proposal shall be read as in conformity with said office copies of specifications. In case of any discrepancy they are to report to the Chief Clerk of the Police Department, and their specification will be corrected to conform with the office copy.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of Forty-five Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person, other than sub-contractors, be so interested, it shall distinctly state that fact.

The estimate shall state that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two (2) surety companies, householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons or surety companies signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered

has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are requested in making their bid or estimates to use the blank prepared for the purpose by the Police Board, a copy of which and also the proper envelope in which to inclose the same, together with the form of agreement, including the specifications, approved as to form by the Corporation Counsel, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Chief Clerk of the Police Board, where the plans, which are made a part of specifications, may be seen.

BIDDERS MUST NAME A PRICE FOR EACH AND EVERY ITEM INCLUDED IN THE SPECIFICATIONS UPON WHICH THESE BIDS ARE BASED, AND ALSO STATE THE TOTAL AMOUNT OF THEIR BIDS FOR THE CLASS SUPPLIES NAMED.

Bidders, or their representatives, must satisfy themselves, by personal examination, as to the nature and quantity of the supplies required, and shall not at any time after the submission of an estimate dispute or complain of such statement, nor assert that there was any misunderstanding relative to the quality or quantity of the supplies to be furnished.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Fire Commissioner reserves the right to reject all the bids received in response to this advertisement if he should deem it for the interest of the City so to do. For further particulars as to the quantity and quality of the supplies to be furnished bidders are referred to the printed specifications. Such supplies must conform in every respect to the printed specifications. Bidders are cautioned to examine the specifications for particulars of what is required before making their estimates.

Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

A. B. - A price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Fire Commissioner reserves the right to reject all the bids received in response to this advertisement if he should deem it for the interest of the City so to do.
