BOROUGH OF MANHATTAN

At a meeting of the Board of Local Improvements of the Washington Heights District held July 5, 1904, the following members were present: Aldermen Davies, Meyers and Grifenhagen.

On motion, Alderman Grifenhagen was elected Chairman of the meeting.

The minutes of the previous meeting were approved.

The Chairman presented for the Board's consideration matter of widening Boulevard Lafayette and "laying out tributary streets, between West One Hundred and Fifty-eighth and West One Hundred and Sixty-fifth streets."

Mr. Dunn, representing Mr. Peter Hendrick, appeared before the Board and urged that an adjournment be granted.

On motion, subject was laid over for one week.

The Chairman presented for the Board's consideration change of grade of West One Hundred and Sixty-seventh street, from Amsterdam avenue to Edgecombe road, and of Jumel place, from West One Hundred and Sixty-seventh street to Edgecombe road.

This matter was approved by the Local Board of the Washington Heights District October 27, 1903, but was not considered by the Board of Estimate and Apportionment.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused the notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

That the map or plan of The City of New York be altered by changing the grades of West One Hundred and Sixty-seventh street, from Amsterdam avenue to Edgecombe road, and Jumel place, from West One Hundred and Sixty-seventh street to Edgecombe road, in the Twelfth Ward, Borough of Manhattan.

And it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

On motion, Board adjourned.

BERNARD DOWNING, Secretary.

INVITATION TO CONTRACTORS.

SEALED BIDS WILL BE RECEIVED IN THE office of the Rapid Transit Railroad Commissioners, Room 401, No. 320 Broadway, New York, on

TUESDAY, AUGUST 9, 1904,

at 12 o'clock noon, for the following work: SPECIFICATION FOR CASTING AND PLACING IN POSITION THREE BRONZE TABLETS IN THE CITY HALL STATION.

GENERAL.

Working models from which castings are to be made will be furnished by others. The Contractor will call for these models at No. 166 East Thirty-eighth street, when so instructed.

The finished tablets are to be perfect in every respect; no inferior or imperfect work will be accepted. The work at all times to be under the direction of the Architects or their representative.

The Contractor shall assume all responsibility and expense in removing models from Sculptor's studio to his foundry.

CASTING.

The tablets are to be cast in "Standard Bronze." The accompanying Contract Drawing No. 1-28 gives the sizes and disposition of these tablets. Each tablet is to be cast in a single piece; no applied work whatsoever will be allowed. Chasing and chiseling will not be allowed, except as specially directed.

When so directed, the Contractor will prepare the castings for the patina process. This process will be carried out by others. The Contractor will cleanse castings of all grit and sand, and then treat with an acid bath, and otherwise prepare the tablets to receive a patina, which will be put on or directed by the Sculptor.

ERECTING.

The Contractor is to securely place the tablets in position. He is to provide suitable lugs at the backs of tablets or otherwise prepare the backs for anchoring them in position. The brickwork in the two side panels will be done by others.

The Contractor will be held responsible for any damage to existing work.

DEPARTMENT OF DOCKS AND FERRIES.

SALE OF BUILDINGS.

PETER F. MEYER, AUCTIONEER, WILL sell, at public auction, on behalf of the Department of Docks and Ferries, on

MONDAY, AUGUST 8, 1904,

commencing at 10 o'clock A. M., on the premises with Lot No. 1. On the block between West Sixteenth and West Seventeenth streets, and westerly from Eleventh avenue, in the Borough of Manhattan, the following lots of materials composed in the buildings hereinafter described:

Lot No. 1. A two-story brick building with a frontage of about 20 feet on the southerly side of West Seventeenth street, with a depth of about 33 feet, and whose westerly side is about 318 feet easterly from Eleventh avenue.

Also a brick wall about 8½ feet high and 150 feet long, running parallel to and about 37 feet easterly from the easterly side of Eleventh avenue.

Also a brick wall about 8½ feet high and 110 feet long, running about on the south line of Seventeenth street, the westerly end of which is about 337 feet easterly of the easterly side of Eleventh avenue.

Also a brick wall about 8½ feet high and 185 feet long running about on the north line of Sixteenth street, the westerly end of which is about 337 feet easterly of the easterly side of Eleventh avenue.

Lot No. 2. Two iron gas holders extending practically from the northerly side of West Sixteenth street to the southerly side of West Seventeenth street, and from a line about 360 feet easterly from the easterly side of Eleventh avenue to a line about 440 feet easterly from the easterly side of Eleventh avenue. These gas holders are each about 85 feet in diameter, built in two lifts of about 30 feet each. All the iron or steel work of these holders, including the columns and girders on the exterior are to be removed down to the surface of the brick or concrete foundations. The weight of the iron and steel work in each gas holder to be removed is roughly estimated at 250,000 pounds.

Also a one-story brick building about 16 feet long and 24 feet deep whose westerly side is about 437 feet easterly of the easterly side of Eleventh avenue, and whose southerly side is about 80 feet northerly of the northerly side of West Sixteenth street.

TERMS AND CONDITIONS OF SALE.

The sale will commence at 10 o'clock A. M. Each of the above lots will be sold separately and for a sum in gross.

The purchaser of the property will immediately take the necessary steps to protect his property, so that no claim or demand may hereafter be made that any of the items have been removed from the premises by others after he has purchased them.

The estimated dimensions given for the several lots are believed to be correct; but the Commissioner will not make any allowance from the purchase money for variations in any lot, and bidders must judge for themselves as to the correctness of the estimate when making their bids.

The purchase money must be paid in funds current, to Peter F. Meyer, Auctioneer, at the time and place of sale.

All the materials of every class and description composing the buildings, and their foundations, including machinery found therein, within the hereinbefore described area are to be torn down to the level of the existing curb, and entirely removed from the premises, excepting any coal which may be left on the premises, or any of the personal property of the Consolidated Gas Company.

Any pipes, valves or other appurtenances which may be found within a depth of three feet below the level of the sidewalk, may be removed, and in that case become the property of the purchaser.

The removal of said materials composing the buildings and their foundations in Lot No. 1

must be begun by the purchaser within three days from the date of the receipt of a notification from the Engineer-in-Chief to begin work, and all the material of every class and description composing the building and foundations is to be torn down to the level of the existing curb and entirely removed from the premises within ten days after the receipt of the said notice to begin work. The removal of materials composing the gas holders, and designated as Lot No. 2, must be begun by the purchaser within three days from date of receipt of a notification from the Engineer-in-Chief to begin the work, and all the material of every class and description composing said gas holders is to be torn down to the level of the existing curb and entirely removed from the premises within three months after receipt of said notification to begin work. If the purchaser fails to commence the said removal, as specified, and to diligently prosecute the same with a sufficient force, and to complete the same within the time specified, the money paid on the day of sale will be forfeited, and all claim of ownership in said materials is waived by the purchaser.

Then the Commissioner of Docks may, at his option, complete the said removal and charge the expense of the same to the said purchaser, who shall sign the present terms of sale and agree to be bound thereby.

The work of removing the materials composing the building herein enumerated shall be carried on in such manner and at such times as may be directed by the Engineer-in-Chief of the Department of Docks and Ferries. The work of removal may be suspended and shall not be resumed until written notice is given by said Engineer-in-Chief so to do. The time elapsed during such suspension shall not be counted against the purchaser, but a like number of days will be given him which may have elapsed during such suspension.

And for the further securing of the removal of the said materials, etc., hereinbefore mentioned, the purchaser will be required at the time of sale and the award of said property to him, to execute a bond in such form and with such sureties as may be approved by the Commissioner of Docks of The City of New York, and in a penalty of One Thousand Dollars (\$1,000), for Lot No. 1, and a bond in the amount of \$5,000 for Lot No. 2, that he will in all things carry out the terms of sale and comply with the conditions thereof, and remove said property within the time required by the said terms of sale.

The form of bond to be executed by the purchaser may be seen at the office of the said Department at Pier "A," Battery Place, New York.

Dated THE CITY OF NEW YORK, July 27, 1904.

PETER F. MEYER, AUCTIONEER, WILL sell, at public auction, on behalf of the Department of Docks and Ferries, on

MONDAY, AUGUST 8, 1904,

commencing at 10 o'clock A. M., on the premises with Lot No. 1. On the block between West Sixteenth and West Seventeenth streets, and westerly from Eleventh avenue, in the Borough of Manhattan, the following lots of materials composed in the buildings, hereinafter described:

Lot No. 1. One-story brick building at the southwest corner of West Eighteenth street and Eleventh avenue, having a frontage of about 18 feet on Eleventh avenue and about 16 feet on West Eighteenth street.

Lot No. 2. Two-story brick building embracing the entire block on the easterly side of Eleventh avenue between West Seventeenth and West Eighteenth streets, and having a frontage of about 146 feet on West Seventeenth street and about 146 feet on West Eighteenth street.

Lot No. 3. One-story brick building, having a frontage of about 54 feet on West Eighteenth street, whose westerly side is about 146 feet east of the easterly side of Eleventh avenue, and whose depth is about 113 feet, together with an iron elevator shaft in rear about 15 feet deep by about 7 feet in width and about 30 feet in height. The shaft has structural iron frame and is covered with corrugated iron.

Lot No. 4. Two wooden tanks on wood and concrete bases; one about 17 feet in diameter, the westerly side of which is about 150 feet east of the easterly side of Eleventh avenue and its southerly side about 50 feet north of the northerly side of West Seventeenth street, and one about 23.5 feet in diameter whose westerly side is about 213 feet east of the easterly side of Eleventh avenue and whose southerly side is about 5 feet north of the northerly side of West Seventeenth street.

Lot No. 5. One-story brick building, having a frontage of about 45 feet on the northerly side of West Seventeenth street and whose westerly side is about 146 feet east of the easterly side of Eleventh avenue. This building is about 16 feet deep on the easterly side and about 39 feet deep on the westerly side, forming an "L" about 23 feet deep and 18 feet wide.

Lot No. 6. Part of two-story brick building fronting on the southerly side of West Eighteenth street, having a depth of 114 feet, and whose westerly side is about 200 feet easterly of the easterly side of Eleventh avenue. The building is to be cut off on the easterly line of the marginal street. The line on which this building is to be cut off is not at right angles to the structure, but on a diagonal line between trusses. Arrangements must therefore be made by the buyer to properly support this building where it is cut off, so as to leave the balance of the building inshore, at the cut-off, in a secure condition, all to the satisfaction of the Engineer-in-Chief. The portion to be removed has a frontage on West Eighteenth street of about 150 feet, and a length in the rear of about 195 feet. Its length along the marginal street is about 122 feet.

Also an iron overhang and elevated railroad extending along the southerly side of afore described building a distance of about 200 feet.

Lot No. 7. A brick wall about 12 feet high and 230 feet long running along the northerly line of West Seventeenth street, whose westerly end is about 190 feet easterly from the easterly side of Eleventh avenue.

TERMS AND CONDITIONS OF SALE.

The sale will commence at 10 o'clock A. M. Each of the above lots will be sold separately and for a sum in gross.

The purchaser of the property will immediately take the necessary steps to protect his property, so that no claim or demand may hereafter be made that any of the items have been removed from the premises by others after he has purchased them.

The estimated dimensions given for the several lots are believed to be correct; but the Commissioner will not make any allowance from the purchase money for variations in any lot, and bidders must judge for themselves as to the correctness of the estimate when making their bids.

The purchase money must be paid in funds current, to Peter T. Meyer, Auctioneer, at the time and place of sale.

All the materials of every class and description composing the buildings and their foundations, including machinery found therein within the hereinbefore described area, are to be torn down to the level of the existing curb, and entirely removed from the premises, excepting any coal which may be left on the premises, or any of the personal property of the Consolidated Gas Company. Any pipes, valves, or other appurtenances, which may be found within a depth of three feet below the level of the sidewalk, may be removed, and in that case become the property of the purchaser.

The removal of said materials composing the buildings and their foundations must be begun by the purchaser within three days from the date of the receipt of a notification from the Engineer-in-Chief to begin work, and all the material of every class and description composing the buildings and their foundations is to be torn down to the level of the existing curb and entirely removed from the premises within ten days after the receipt of the said notice to begin work. If the purchaser fails to commence the said removal as specified, and to diligently prosecute the same with a sufficient force, and to complete the same within the time specified, the money paid on the day of sale will be forfeited, and all claim of ownership in said materials is waived by the purchaser.

Then the Commissioner of Docks may, at his option, complete the said removal and charge the expense of the same to the said purchaser, who shall sign the present terms of sale and agree to be bound thereby.

The work of removing the materials composing the various buildings herein enumerated shall be carried on in such manner and at such times as may be directed by the Engineer-in-Chief of the Department of Docks and Ferries. The work of removal may be suspended and shall not be resumed until written notice is given by said Engineer-in-Chief so to do. The time elapsed during such suspension shall not be counted against the purchaser, but a like number of days will be given him which may have elapsed during such suspension.

And for the further securing of the removal of the said materials, etc., hereinbefore mentioned, the purchaser will be required at the time of sale and the award of said property to him, to execute a bond in such form and with such sureties as may be approved by the Commissioner of Docks of The City of New York, and in a penalty of One Thousand Dollars (\$1,000) for each lot, that he will in all things carry out the terms of sale and comply with the conditions thereof, and remove all of said property within the time required by the said terms of sale.

The form of bond to be executed by the purchaser may be seen at the office of the said Department at Pier "A," Battery place, New York.

Dated, The City of New York, July 23, 1904.

FOR THE RIGHT TO DUMP AND FILL-IN BEHIND THE BULKHEAD WALL RECENTLY BUILT AT THE NORTHERLY END OF THE CHELSEA SECTION ON THE NORTH RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from a point 100 feet south of the southerly side of West Twenty-third street extended, southerly, a distance of about 1,035 feet, measured along the bulkhead wall, to a point on the northerly line of West Twentieth street extended.

The northerly limiting line of this contract will run parallel with West Twenty-third street, while the southerly limiting line will run at right angles to the bulkhead wall.

The filling will extend from the rear of the bulkhead wall or coping westerly a distance of about 70 to 120 feet to the face or bank, which has been excavated in the recent dredging. For the length of wall extending along the southerly side of West Twenty-second street, and for a distance of about 400 feet, the filling will extend from the rear of the bulkhead wall northerly to the face or bank excavated in the recent dredging thereat.

The filling will be brought to a grade level with the top of the coping of the bulkhead wall and will extend inshore on a regular grade to the top of the ground at the adjacent or inshore bank.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to 50,000 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the area between about West Twentieth and West Twenty-third streets, as above more fully described, and being the basin calling for the filling of a void space estimated at about 50,000 cubic yards.

Should the Commissioner of Docks deem it to be the best interest of the City, he may extend the southerly limit of this fill southerly a distance of about 400 feet to a point about 105 north of the northerly side of West Eighteenth street, the southerly line or limit to be at right angles to the bulkhead wall. Should the limits of the fill be extended southerly to this new line, a basin will be created in addition to the above-described basin, whose cubical contents in net void space will be equal to about 27,000 cubic yards. In the event of this extra filling being ordered by the Commissioner of Docks, it will be estimated at the same proportional rate as is received for the void space in the first section, whose southerly limit is about the northerly line of West Twentieth street, the prices on which the bids are to be tested.

In each of the estimated amounts given the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out to the finished grade for a distance of about 40 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling may be commenced from the shore toward the crib.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 300 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within one hundred and seventy days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling the time for completing said filling shall be extended so much as may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of the said work, in accordance with the terms and conditions hereof.

MAURICE FEATHERSON,
Commissioner of Docks.

Designated by the Board of City Record, April 26, 1904.

SUPREME COURT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND EIGHTY-FIFTH STREET (although not yet named by proper authority) from Washington avenue to Third avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us, at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 24th day of August, 1904, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 25th day of August, 1904, at 1 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 3d day of September, 1904.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection of a line parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Eighty-fourth street with the easterly line of Park avenue, East; running thence northerly along the easterly line of Park avenue, East, to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of East One Hundred and Eighty-sixth street; thence easterly along said parallel line and its easterly prolongation to its intersection with a line parallel to and 100 feet east of Bathgate avenue, thence southwesterly along said parallel line to its intersection with the middle line of the blocks between Third avenue and East One Hundred and Eighty-seventh street; thence southeasterly along said middle line to its intersection with a line parallel to and distant 100 feet southeasterly from the southeasterly line of Lorillard place; thence southwesterly along said parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Belmont place; thence southerly along said parallel line to its intersection with the northwesterly line of Arthur avenue; thence southwesterly along said line of Arthur avenue and its prolongation to its intersection with a line parallel to and 100 feet southwesterly from the southwesterly line of Belmont place; thence north-

westerly along said parallel line and its northwesterly prolongation to its intersection with a line parallel to and distant 100 feet northwesterly from the northwesterly line of Third avenue; thence northeasterly along said parallel line to its intersection with a line parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Eighty-fourth street; thence northwesterly along said parallel line to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads and portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 18th day of October, 1904, at the opening of the Court on that day.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of DAWSON STREET (although not yet named by proper authority), from Craven street to East One Hundred and Fifty-sixth street to Intervale avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 13th day of August, 1904, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of September, 1904, at 11 o'clock A. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 25th day of August, 1904.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the middle line of the blocks between Kelly street and Beck street with the middle line of the blocks between Leggett avenue and Avenue St. John; running thence northerly along the last-mentioned middle line to its intersection with the southwesterly prolongation of the middle line of the blocks between Prospect avenue and Hewitt place; thence northeasterly and northerly along said last-mentioned prolongation and middle line and its northerly prolongation to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Westchester avenue; thence northeasterly along said parallel line to its intersection with the middle line of the blocks between Kelly street and Tiffany street; thence southerly and southwesterly along said middle line of the blocks and along the middle line of the blocks between Kelly street and Beck street to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 17th day of November, 1904, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, June 9, 1904.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau deputy thereof, or clerk therein, or other officer of The City of New York, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 400 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
