### DEPARTMENT OF FINANCE.

#### WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE THURSDAY, FEBRUARY 21, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

CHARLES L. CRAIG, Comptroller.

### Bellevue and Allied Hospitals.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Tuesday, Jan. 15, 1918, at 3:30 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. O'Keefe, Farley, Sachs and Wright, Trustees. Excused—Mr. Paulding, Mr. Stern, Trustees, and Mr. Coler, Commissioner of the Department of Public Charities.

The President appointed John G. O'Keefe as Secretary to the Board until the annual meeting to be held in February in accordance with the charter.

The President appointed Mr. Coler, Commissioner of the Department of Public Charities, to the following committees: Rules, Supplies, Finance.

The President appointed Mr. Wright to the following committees: Rules, Supplies, Officers and Employees, Buildings and Grounds, Medical Affairs, Harlem Hospital Conference Committee, Fordham Hospital Conference Committee.

Dr. O'Hanlon, the General Medical Superintendent, reported as follows:

Marion Ethridge, Nellie Allen and Marjorie Shannon, pupil nurses; Catherine Wallace and Blanche Vail, graduate nurses, have been taken ill during the past few days with measles, and Helen Carey, a pupil nurse, with whooping cough. These nurses were on duty in the admitting baths, ward 32, and the children's surgical ward, where they were exposed to these diseases, and undoubtedly contracted them in that way. Miss Carey has pneumonia, and while quite ill, is not considered in serious condition.

Osborn Hall annex was occupied on Jan. 1, and the second floor of the Nurses' Residence is being repainted, preparatory to receiving the incoming class of probationers.

John J. Hill, at present Superintendent of the Volunteer Hospital, has been appointed from the Civil Service list to fill, temporarily, the position of Assistant Medical Superintendent at Bellevue. Dr. Hill expects to report for duty on the 18th inst.

The hospital experienced great difficulty during the recent severe weather in making patients comfortable by reason of the large number of frozen and broken water pipes, and our inability to maintain wards at proper temperature. This is particularly apparent in the old building; practically all the lavatories are out of commission. The water lines for fire prevention are frozen and broken, and the gas in all the diet kitchens is frozen so that it is impossible to heat the dishes or re-heat the food coming from the main kitchen. Conditions have not as yet become normal, but are improving each day, and we are engaging a number of mechanics from the outside to make the necessary repairs.

The nurses belonging to Base Hospital Unit No. 1 are being mobilized at the present time.

The open air classes on the Camp Huddleston, which recently have been occupying the frame building back of Gouverneur Hospital, have temporarily been moved into the old quarters of the Out Patient Department. These quarters are now available for remodeling, and plans should be gotten under way at once. \$10,000 appropriated some time ago for the Children's Ward will be available for this purpose.

To meet the deficit in the appropriations for 1917, which have not otherwise been cared for, a transfer of funds within the appropriations is requested, as follows: Transfer from the 1917 appropriation entitled No. 2070—Food Supplies, \$5,610; to the 1917 appropriations entitled No. 2072—Fuel Supplies, \$3,200; No. 2078—Motor Vehicle Supplies, \$350; No. 2079—General Plant Supplies, \$450; No. 2081—Household Equipment, \$300; No. 2084—Wearing Apparel, \$400; No. 2091—Cafare, \$50; No. 2094—Telegraph, Cable and Messenger Service, \$150; No. 2095—General Plant Service, \$360; No. 2096—Contingencies, \$350; \$5,610.

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent, as follows:

In discussing the illness of the nurses at Bellevue, reference was made to the closing of the Minton Hospital. The

**NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.**

**TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.**

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as early together as the circumstances will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put, by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
