### COMMISSIONERS OF THE SINKING FUND.

*Proceedings of the Commissioners of the Sinking Fund at the Meeting held July 27th, 1886.*

Present—William R. Grace, Mayor; Frederick Smyth, Recorder; Edward V. Loew, Comptroller; and William M. Ivins, Chamberlain.

The minutes of the meeting held June 25th, 1886, were read and approved.

The Comptroller submitted the following report, viz.:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
July 27th, 1886.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—On April 3d, 1885, a resolution was adopted by the Armory Board authorizing an alteration in the plans for the rifle range in the armory building of the Twelfth Regiment, at a cost to the City not exceeding \$250, and on June 16th, 1885, a resolution was also adopted authorizing alterations in the plans of the south wall of the building, at a cost not exceeding \$897. Vouchers duly certified by the Armory Board, dated May 6th, 1886, with bills for the work done as authorized have been presented to the Finance Department, which require the approval of the Commissioners of the Sinking Fund before payment can be made.

The amounts in both these cases are under \$1,000, and in a similar case acted upon by the Commissioners of the Sinking Fund on March 5th, 1886, the Counsel to the Corporation advised that it was not necessary that the work should be done by contract under a public letting, and that if the work in question was not included in the original contract for erecting the building, that the bill should be paid if the prices charged are fair and reasonable and the Commissioners of the Sinking Fund concur in the action of the Armory Board.

A resolution is presented to approve of the work and authorize the Comptroller to pay the amount of the vouchers.

Respectfully,  
EDWARD V. LOEW, Comptroller.

Resolved, That the Commissioners of the Sinking Fund concur in the resolutions of the Armory Board, adopted April 3d, 1885, and June 16th, 1885, authorizing and directing departures from the original plans for the rifle range and the south wall of the armory building of the Twelfth Regiment, and to make the necessary alterations, and the Comptroller is hereby authorized to pay the bills for performing the work according to the vouchers therefor certified by the Armory Board, as follows:

Moran & Armstrong—

For materials and mason work necessary for alterations to the southwest corner of drill-room, ordered June 16th, 1885.....	\$897 00
For materials and mason work, ordered April 3d, 1885.....	250 00

The report was accepted, and, on motion, the resolution was unanimously adopted, all the Commissioners present voting in the affirmative.

The Comptroller submitted the following communication from the Armory Board, viz.:

ARMORY BOARD—CITY OF NEW YORK,  
CITY HALL, NEW YORK, July 1st, 1886.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—At a meeting of the Armory Board, held on the 29th day of June, contracts for additional material and work in the construction of the Twelfth Regiment Armory, were awarded, subject to approval of sureties by the Comptroller and the concurrence of the Sinking Fund Commissioners, to the following-named lowest bidders:

And the amount in the treasury to the credit of the Twelfth Regiment Armory Fund beyond all obligations is more than sufficient to cover the expenditure. The proposals are herewith submitted and your concurrence respectfully asked.

M. COLEMAN, Secretary.

Whereupon the following preamble and resolution, submitted by the Comptroller, were, on motion, unanimously adopted, all the Commissioners present voting in the affirmative:

Whereas, Certain contracts for additional material and work in the construction of the Twelfth Regiment Armory, have been awarded by the Armory Board, as provided by section 3 of chapter 91, Laws of 1884, and chapter 487, Laws of 1886, subject to the concurrence of the Commissioners of the Sinking Fund;

The Comptroller submitted the following report in relation to overpayments of rents on the lease of the ferry between Forty-second street and Weehawken, N. J., viz.:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
July 27th, 1886.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—Herewith I submit a report to me by the Collector of City Revenue, with a statement of overpayments of rents paid by the New York, West Shore and Buffalo Railway Company, on the lease of the ferry between Forty-second street and Weehawken, N. J., amounting to \$1,541.35.

The rent provided for by the lease is five per centum of the gross receipts collected at the landing place in the City of New York, and the Receiver of the Railway Company erroneously paid five per centum upon the whole gross receipts from ferriage on both sides of the river. The returns of receipts and the accounts of the Railway Company have been examined and the amount of overpayments verified.

I submit a resolution to authorize a warrant to be drawn for that amount, in favor of the Treasurer of the New York Central and Hudson River Railroad Company, lessee or legal representative of the West Shore Railway.

Respectfully,  
EDWARD V. LOEW, Comptroller.

Resolved, That a warrant for the sum of one thousand five hundred and forty-one dollars and thirty-five cents (\$1,541.35), payable from the Sinking Fund for the Payment of Interest on the City Debt, be drawn in favor of E. V. W. Rossiter, Treasurer, New York Central and Hudson River Railroad Company, lessee or legal representative of the New York, West Shore and Buffalo Railway, refunding overpayments of rent of the ferry between Forty-second street, North river, and Weehawken, New Jersey.

The report was accepted, and, on motion, the resolution was unanimously adopted, all the Commissioners present voting in the affirmative.

[Papers submitted with the report ordered on file.]

The Comptroller submitted the following report on the petition of Jacob A. Weil for release of strip of land (part of the old Harlem road), southwest corner of Lexington avenue and One Hundred and Nineteenth street:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
July 27th, 1886.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—The Comptroller, to whom was referred, on April 16th, 1886, the petition of Jacob A. Weil for a release from the City of a part of an old road at the corner of Lexington avenue and One Hundred and Nineteenth street, for a nominal consideration, respectfully reports thereon, as follows:

The petitioner alleges that he owns a lot of land situated on the corner of Lexington avenue; that an old road, called the "old Harlem road," used to run past the easterly side of said lot, at or about where Lexington avenue now lies, and that according to certain maps on file in the Department of Public Works, and particularly a certain map called the "Randall Map," covered a small slip of said lot from eight to thirteen feet in width on the easterly side of said lot; and that he or his grantors have been in possession of the whole of said premises for more than forty years. The petitioner asks for a release from the City of so much of said old road as lies within the boundaries of his said lot for a nominal consideration.

This petition was referred to the Counsel to the Corporation for his opinion as to the title of the City to the strip of land referred to, and for his advice as to what action should be taken by the Commissioners of the Sinking Fund. The opinion of the Counsel to the Corporation is herewith submitted.

The main question is, whether the old road referred to was laid out before 1664 or not, and this question is not determined.

Upon this point the Counsel to the Corporation says that, "whoever asserts that it was laid out before 1664 must prove the assertion, otherwise the presumption of title in the adjacent owner prevails."

"If the road was laid out before 1664, the title is in the City."

"If the road was not laid out before 1664, the title to the land in question is probably in Mr. Weil."

"I understand it to be asserted in Riker's History of Harlem, that a road at this place existed under the Dutch Government, etc."

"It is true that the City authorities have quite uniformly taken the position that it is not a Dutch road, and that the title to its bed is in the adjacent owners, they having taxed and assessed it, and made compensation to adjoining owners for the part of it taken for Lexington avenue."

Now the only known evidence is that of the old maps showing that it was an old Dutch road, and if this is so the City should not give a release for a nominal consideration.

I recommend, therefore, that the petition be denied, and present a resolution refusing to give a release for a nominal consideration.

Respectfully,  
EDWARD V. LOEW, Comptroller.

Resolved, That the petition of Jacob A. Weil for a release from the City of a strip of land formerly a part of an old road known and laid down on the Randall Map of the City of New York now on file in the Department of Public Works, as the "Old Harlem road," situated at the southwest corner of Lexington avenue and One Hundred and Nineteenth street, for a nominal consideration, be and the same is hereby refused.

The report was accepted, and, on motion, the resolution was unanimously adopted, all the Commissioners present voting in the affirmative.

The following opinion of the Counsel to the Corporation was submitted with the report:

LAW DEPARTMENT,  
OFFICE OF THE COUNSEL TO THE CORPORATION,  
NEW YORK, June 2d, 1886.

Hon. EDWARD V. LOEW, Comptroller:

SIR—I have duly received your communication of the first of May transmitting petition of Jacob A. Weil to the Commissioners of the Sinking Fund for a release of a strip of land formerly a part of an old road known and laid down on the "Randall Map" of the city, now on file in the Department of Public Works, as the "Old Harlem road," situated at the southwest corner of Lexington avenue and One Hundred and Nineteenth street, as shown by a diagram annexed to the said petition.

You state that said petition had been referred to you; that it appears that this strip of land for which a release is now asked, formed part of a lot designated as Ward No. 56, Block No. 409, Twelfth Ward; that in the Lexington avenue opening, from One Hundred and Second street to the Harlem river, confirmed February 10, 1874, awards of \$20,320 for lands and buildings were made to Thomas Winsor upon lots designated on the damage map as Map Nos. 100 to 103, inclusive, all forming a part of the "Old Harlem road," No. 100 being then a part of Ward No. 56.

You request me to advise you whether the City has any, and, if any, what right, title or interest in the strip of land referred to in said petition, and what action should be taken on it by the Commissioners of the Sinking Fund.

In the petition to which reference is made, the petitioner alleges as additional facts that he owns the lot on the corner of Lexington avenue and One Hundred and Nineteenth street, one hundred and ten feet ten inches on Lexington avenue and seventy feet on One Hundred and Nineteenth street. That he and his grantors have been in possession of the whole premises for more than forty years. That the Old Harlem road, so called, which formerly ran past the easterly side of said lot, and which, according to the Randall Map, covered from eight to thirteen feet of the easterly side of said lot, was closed up about 1856, and has never since been used for travel and has never been opened, but has since remained continuously disused and closed up.

That taxes, water rates and numerous assessments on said land, including the part of the road, have been paid by the grantors of petitioner. That releases have been made to other parties by the City of a portion of said road in order to perfect their title to so much of the road as is included in their lots, and the petitioner refers particularly to a release to one Robert Smith, in 1863, for a nominal consideration.

It appears that these premises form a part of a road known as the "Old Harlem road." The presumption is that old roads in this City were laid out under the Colonial or State governments, and that the title to the soil within their limits between either side and the centre is therefore vested in the owner of the adjacent lands fronting on the road.

But if it be shown or appear that the road is one which was laid before the conquest of New York by the English, in 1664, or during the supremacy of the Dutch Government, the fee is in the City as successor to the rights of that government, which always had the title in fee simple to roads laid out through private property.

The important question is, therefore, whether the road in question was laid out before 1664, or not.

If the road was not laid out before 1664, the title to the land in question is probably in Mr. Weil.

If the road was laid out before 1664, the title is in the City.

Whoever asserts that it was laid out before 1664 must prove the assertion, otherwise the presumption of title in the adjacent owner prevails.

I understand it to be asserted in Riker's History of Harlem, that a road at this place existed under the Dutch Government. But I know of no evidence that would prove this to be the fact, nor do I believe that the existence or the identity of the location of this road with the land in question could at this day be proved. Still I am unable to positively say whether it could be proved or not.

It is true that the City authorities have quite uniformly taken the position that it is not a Dutch road and that the title to its bed is in the adjoining owner, they having taxed and assessed it and made compensation to adjoining owners for the part of it taken for Lexington avenue.

This, while not conclusive as an estoppel against the City, as I have several times advised you in similar cases, is pretty strong evidence that it has not been considered to be a Dutch road.

If you think it was a Dutch road and that the title is in the City you ought not to give the petitioner the release he asks, but might sell the City's interest at auction as provided by law.

If you think it was not a Dutch road, the City has no interest except as trustee of the public right of way over the old road and if there has been a discontinuance of the road you may safely give the release.

No evidence of a formal discontinuance by resolution of the Common Council has been furnished me, and it might be advisable to see if there has been such a resolution, though the fact of non-user, if it be as set forth in the petition, together with the enclosure and building up of the road would afford strong evidence that there had been such a discontinuance.

I regret that the main question, that of the origin of the road, is a question of fact which I am unable to determine and the course of action adopted by you must be according to the conclusion to which you arrive on that point.

I return the petition submitted by you.

Very respectfully yours,

E. HENRY LACOMBE, Counsel to the Corporation.

The Comptroller submitted a communication from the Department of Public Charities and Correction, applying for a lease of premises No. 702 Westchester avenue, in the Twenty-third Ward, for an office for said Department, "for the purpose of furnishing medical attendance and distributing medicines and supplies to the out-door poor of the Twenty-third and Twenty-fourth Wards of the City of New York," and presented the following resolution, which, on motion, was unanimously adopted, all the Commissioners present voting in the affirmative:

The Comptroller submitted the following communication from the Commissioner of Public Works, transmitting a revised estimate of the cost of new market buildings on the Fort Gansevoort property; which was laid over for consideration:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, July 9th, 1886.

Hon. EDWARD V. LOEW, Comptroller:

SIR—In answer to your letter of 23d ult., requesting a revised estimate of the cost of new market buildings on the Fort Gansevoort property, according to the plans submitted to and approved by the Commissioners of the Sinking Fund on December 5th, 1884, I herewith transmit the enclosed estimate furnished me by Mr. Douglas Smyth, architect, who made the plans, amounting to \$499,677, together with Mr. Smyth's letter transmitting and explaining the same.

Very respectfully,

ROLLIN M. SQUIRE, Commissioner of Public Works.

NEW YORK, July 7th, 1886.

Hon. ROLLIN M. SQUIRE, Commissioner of Public Works:

SIR—In accordance with your request, I submit a revised estimate of the approximate cost of the new Gansevoort Market, according to the plans adopted by the Sinking Fund Commission in 1884, copies of which plans I also forward.

I have gone over the ground more thoroughly, and in greater detail than in 1884, and obtain at the present date a total approximate estimate of \$499,677—this including an allowance for all expenses, and a sufficient margin for errors which might arise from fluctuation in prices, and from details which might have been overlooked.

Although this estimate is a moderate one, considering the large area to be covered, yet I have no doubt it is correct, and that the work can be done within the amount named.

I furnished the estimates to your predecessor for the following markets, and give the cost of each for comparison; they were all built within the amounts estimated:

Fulton Market, 41,000 square feet; cost, \$186,000, or \$4.53 per square foot of area.  
Jefferson Market, 11,000 square feet; cost, \$70,000, or \$6.36 per square foot of area.  
Washington Market, 55,000 square feet; cost, \$280,000, or \$5.10 per square foot of area.  
Gansevoort Market, 181,376 square feet; estimate, \$499,677, or \$2.75 per square foot of area.  
In this comparison the lower cost per square foot, as estimated for Gansevoort Market, is owing to the absence of piles for foundations, and to a less expensive construction above ground.

Very respectfully yours,

DOUGLAS SMYTH, Architect.

The resolutions were adopted by the unanimous vote of the Commissioners.

Commissioner Barnes next offered the following preamble and resolution, which was also adopted by the unanimous vote of the Commissioners:

Whereas, In compliance with the requirements of section 4, chapter 490 of the Laws of 1883, the Commissioner of Public Works has prepared and now submits to us the six similar property maps of additional lands to be taken in fee simple for the New Croton Aqueduct and its appurtenances at and near Shafts 25, 26 and 27 in the Twelfth Ward of this City, as the same are shown upon the maps approved by the Aqueduct Commissioners on the 17th day of June, 1885, and filed in the office of the Register of the City and County of New York on the 28th day of August, 1885, and also as shown upon the "Final Plan Sheet No. 5 A," this day approved and adopted by us; and

Whereas, In compliance with the requirements of said section of said Laws, the said Commissioner of Public Works has also prepared and now submits to us the six similar property maps of the additional lands to be taken in fee upon the proposed new Convent avenue, between One Hundred and Thirty-seventh and One Hundred and Forty-fifth streets, on the line of the New Croton Aqueduct, as shown upon the plans adopted and filed on the 9th day of April, 1884, and also as

shown upon the "Final Plan Sheet, No. 5 B," this day approved and adopted by us; therefore be it

Resolved, That the above-named property maps this day submitted by the Commissioner of Public Works, in accordance with section 4, chapter 490 of the Laws of 1883, be and the same are hereby approved and adopted by us; and the Secretary is hereby directed to have the same duly certified by the Aqueduct Commissioners as required by said section of said act, and to transmit Nos. 1, 2, 4, 5 and 6 of said maps so certified to the Counsel to the Corporation, with request that he cause Nos. 1 and 2 thereof to be filed in the Office of the Registers of the City and County of New York and the County of Westchester, and Nos. 4, 5 and 6 thereof to be delivered to the Commissioners of Appraisal, as required by said act.

The Comptroller, under date of July 14, gave notice of the issue of warrants for vouchers not certified by the Aqueduct Commissioners for counsel fees, etc., in the matters before the Commissioners of Appraisal for Westchester County, amounting to \$2,775, and for clerical services rendered to the Commissioners of Appraisal for New York County, amounting to \$200, which notice was ordered placed upon file and entered upon the books of this Commission.

The Chairman of the Special Committee on the taking of additional estate in parcels of land upon the line of the New Aqueduct, stated that the Committee were not yet prepared to make report, and, upon motion of Commissioner Barnes, Commissioner Fish was made a member of said committee.

The Chief Engineer made report, of this date, recommending that the additional shaft heretofore ordered by the Commissioners to be located between Shafts 12 B and 13 should be located between Shafts 12 A and 12 B, and that it be known as "Shaft 12 C."

On motion of Commissioner Baldwin the recommendation of the Chief Engineer was approved by the Commissioners, and the said additional shaft ordered to be located.

The Chief Engineer next made report, of this date, submitting a plan for the construction of the New Aqueduct in tunnel through Gould's Swamp, and recommended that for the purpose of facilitating the prompt construction of the said tunnel that the contractor be authorized to sink an additional shaft about thirty (30) feet deep at Station 648, 50—that Station being about seventy (70) feet north of the present Shaft 11 B, the said additional shaft to be known as "Shaft 11 C."

On motion of Commissioner Barnes, the plan submitted by the Chief Engineer was approved by the Commissioners, and the Secretary directed to have the same duly certified by the Commissioners and placed upon file, and the sinking of said additional shaft by the contractor was authorized, provided the same can be done within the limit of \$5,000, an agreement to be made with the contractor therefor, under section 30 of the Statute.

The Secretary presented the accounts of Messrs. George S. Greene, John Newton and Q. A. Gillmore, for expenditures and professional services as members of the Board of Examining Engineers; and on motion of Commissioner Barnes, the same was referred to the Committee of Finance and Audit for examination and report.

The Secretary next presented notices of liens filed by John Kelly against O'Brien & Clark; one for the sum of \$1,000 for work and material furnished upon Section 9 of the New Aqueduct, and one for \$1,020 for work and material furnished for Section 9 and Section B; and on motion of Commissioner Barnes, the said notices of lien were ordered placed on file.

A communication was received from Messrs. O'Brien & Clark, contractors, dated July 17, with regard to the closing up of Sedgwick avenue, near Shaft 22, and asking the aid of the Commissioners in having the said avenue opened for use in moving brick and cement for lining the Aqueduct tunnel.

On motion of Commissioner Dowd, the communication was referred to the Committee on Construction.

Another communication was received from Messrs. O'Brien & Clark, and Heman Clark, contractors, of this date, giving notice that they should hold the City liable for all loss and damage occasioned by the delay in payment of the monthly estimates for work done during the month of June.

On motion of Commissioner Dowd, the communication was referred to the Committee of Finance and Audit.

Commissioner Barnes offered the following resolution, which was adopted:

Resolved, That the Chief Engineer be authorized to detail Inspectors to inspect brick or stone at the yards or quarry from which the same are supplied, provided that the contractors agree to allow the added expenses incurred by said Inspectors, to be deducted from their estimates.

The Chief Engineer stated to the Commissioners that he was authorized by Mr. Joseph P. Davis, to request the acceptance by the Commissioners of his resignation as Consulting Engineer of the Commission.

On motion of Commissioner Barnes, the resignation of Mr. Davis was accepted by the Commissioners, and the Secretary directed to express to Mr. Davis their high appreciation of his professional skill and the valuable service which he has heretofore rendered to the Commission, and that his resignation was accepted with great regret.

The Chief Engineer next submitted to the Commissioners a communication from Deputy Chief Engineer Alphonso Fteley, stating that in consequence of the enfeebled condition of his health he would be unable to resume active service for some time, and therefore, as he had previously tendered his resignation and it had not been accepted, he now asked leave of absence, without pay, until such time as his health would permit him to resume active duty.

Thereupon Commissioner Spencer offered the following resolution:

Resolved, That the resignation of Deputy Chief Engineer Alphonso Fteley tendered some time since, in consequence of continued ill-health, be accepted, to take effect on the 31st instant. That this acceptance is subject to the expression of the Commissioners of their regret at parting with the service of Mr. Fteley and a desire to avail themselves of the same in the capacity of Consulting Engineer at a future time, when his restoration to health will permit; and that in the meantime and after the 31st instant he shall be considered as Consulting Engineer of the Commission, with indefinite leave of absence and without pay.

On motion of Commissioner Ridgway the above resolution was unanimously adopted by the Commissioners, and the Secretary directed to transmit a copy thereof to Mr. Fteley.

The Commissioners then adjourned, to meet on Tuesday next, 27th instant, at 2 o'clock P. M.

JAMES W. McCULLOH, Secretary.

*Minutes of Special Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Tuesday, July 27, 1886, at 2 o'clock P. M.*

Present—Commissioners Spencer, Dowd, Commissioner of Public Works, Commissioners Baldwin, Barnes, Ridgway, and Fish.

Also Chief Engineer Church.

The Commissioners met and went into Executive Council for the consideration of the recommendations of the Committee on Construction in relation to the appointment of Principal Assistant Engineers, and of a reduction in the number of Division Engineers.

Upon resuming the open session, President Spencer presented the following resolutions:

1st. Resolved, That Mr. J. Imbrie Miller and Mr. Charles Pugsley be appointed Principal Assistant Engineers from this date.

Resolved, That the rate of pay of the Principal Assistant Engineers shall be at the rate of \$400 per month (\$4,800 per annum), and that of Division Engineers \$250 per month (\$3,000 per annum).

This resolution was adopted by the unanimous vote of all the Commissioners.

2d. Whereas, In the reorganization of the Engineering Department it is deemed best, for the more economic administration of the work, to merge the now existing seven divisions into five divisions, thereby rendering unnecessary the services of two Division Engineers; therefore

Resolved, That from and after August 1, 1886, the services of Division Engineers Gould and Watkins be and they are hereby dispensed with.

This resolution was adopted by the affirmative vote of all the Commissioners excepting Commissioner Dowd, who voted in the negative.

3d. Resolved, That the question of an accurate division of the aqueduct work into five divisions be referred to the Committee on Construction for consideration and report to the Commissioners; and also the assignment of the Division Engineers to the same, with power.

This resolution was adopted unanimously.

4th. Resolved, That the selection of the remaining members of the force on the line be referred to the Committee on Construction, to report to the Commission.

This resolution was also unanimously adopted.

Commissioner Barnes offered the following resolution, which was unanimously adopted:

Whereas, In the reorganization of the Engineer Corps of this Commission it has become necessary to reduce the number of Division Engineers from seven to five, and to dispense with the services of two of them; therefore, be it

Resolved, That this Commission dispenses with the services of Messrs. Gould and Watkins with great regret—they having performed their duties as such Division Engineers with energy and fidelity, and we tender, to them the assurance of our entire confidence and high esteem, and that copies of this resolution be furnished to said Engineers.

Commissioner Baldwin offered the following resolution, which was unanimously adopted:

Resolved, That if it be hereafter found necessary to increase the Engineer Corps beyond the number now fixed upon, such increase shall be made, so far as practicable, from amongst those who have heretofore been employed by the Commissioners, and proved competent and worthy of such employment.

The President then officially announced the sudden death of Hubert O. Thompson, Esq., formerly Commissioner of Public Works of this City, and ex-officio member of this Commission; whereupon Commissioners Squire, Dowd and Baldwin were appointed a Committee to draft suitable resolutions for adoption at the regular meeting of the Commissioners to-morrow, 28th instant.

The Commissioners then adjourned.

JAMES W. McCULLOH, Secretary.

## JURORS.

## NOTICE

## IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,  
ROOM 127, STEWART BUILDING,  
CHAMBERS STREET AND BROADWAY,  
NEW YORK, JUNE 1, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.  
Those who have not answered as to their liability, or proved permanent exemption, will appear before me this year. Whether liable or not, such notices must be answered in person, if possible, and at this office only under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.  
All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,  
Commissioner of Jurors.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; of the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been deposited by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

## DEPARTMENT OF PUBLIC PARKS.

DEPARTMENT OF PUBLIC PARKS,  
NOS. 27 AND 29 READE STREET,  
NEW YORK, JULY 24, 1886.

## TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR THE following-mentioned work, with the title of the work and the name of the bidder indorsed thereon, will be received by the Department of Public Parks, at its offices, Nos. 27 and 29 Reade street, until ten o'clock A. M., on Wednesday, August 4, 1886:

FOR THE RENEWAL OF THE WOOD SUPER-STRUCTURE UPON THE TWO IRON TRUSSES OF THE CENTRAL BRIDGE OVER THE HARLEM RIVER.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Department, with the sureties offered by him or them, and execute the contract within five days after written notice that the same has been awarded to his or their bid or estimate, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the contract will be re-advertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioners of the Department of Public Parks may designate.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in the specifications, or which contain bids for items not called for therein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Department of Public Parks to reject any or all estimates which it may deem prejudicial to the public interest. No estimate will be accepted from, or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose; and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. Where more than one person is interested in the estimate, the verification must be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and over and above all his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders are required to state in writing, and also in figures, in their proposals one price or sum for which they will execute the ENTIRE WORK ABOVE FOR THE FLOOR BEAMS, including the furnishing of all materials, labor and transportation; all implements, tools, apparatus and appliances of every description necessary to complete in every particular the whole of the work as set forth in the plans and in the specifications, estimate and form of agreement; also a price for one thousand feet, board measure, for furnishing and placing in the work yellow pine floor beams.

The time allowed to complete the work will be thirty days and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are, by a clause in the contract, fixed and liquidated at ten dollars per day.

The engineer's estimate of work to be done, and by which the bids will be tested, is as follows:

1. The one sum or price bid for the execution of the entire work above or floor beams.

2. 17,000 ft. et, board measure, yellow pine in floor beams put in the work, including the framing and putting in place.

sioners of the Department of Public Parks and the Architect appointed by them.

Bidders for above-mentioned work, No. 4, will be required to provide for all pumping and bailing which may be found necessary in the execution of the work, and are notified that all building-stone or other material now upon the ground which, in the judgment of the Commissioners and the Architect, may be suitable, will be available to the contractor.

Bidders are informed that no deviation from the plans and specifications will be allowed except a written direction therefor shall have been previously given by the Architect, indorsed in writing with the approval of the Commissioners of the Department of Public Parks.

The contractors will be required to notify the Architect in writing, forty-eight hours prior thereto, of the date they intend to actually begin work.

Bidders are specially notified that the Department of Public Parks reserves the right to determine the times and places for commencing and prosecuting the several works, and that postponement or delay on the whole or any part thereof, cannot constitute a claim for damages.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the city so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contracts when awarded will in each case be awarded to the lowest bidder.

Blank forms for proposals and forms of the several contracts which the successful bidders will be required to execute, can be had at the office of the Secretary of the Department, Nos. 27 and 29, Reade street, and the plans can be seen and information relative to them can be had at the Architect's office in the Metropolitan Museum of Art, Eighty-second street and Fifth avenue, Central Park.

DEPARTMENT OF PUBLIC PARKS,  
27 AND 29 READE STREET,  
NEW YORK, July 20, 1886.

### TO CONTRACTORS.

**SEALED BIDS OR ESTIMATES FOR EACH OF** the following-mentioned works, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received by the Department of Public Parks, at its offices Nos. 27 and 29 Reade street, until ten o'clock A.M., on Wednesday, August 4, 1886:

No. 1. For Constructing the Mill Brook Drains and Appurtenances, between One Hundred and Forty-fourth street and Westchester avenue, in the Twenty-third Ward of the City of New York.

No. 2. For Constructing a Sewer and Appurtenances in East One Hundred and Thirty-eighth street, from Brook avenue to St. Ann's avenue.

Special notice is given that the works must be bid for separately, that is, both works must not be included in the same estimate or envelope.

The nature and extent of each of the works, as near as it is possible to state them, in advance, is as follows:

#### NUMBER 1, ABOVE MENTIONED.

1,440 lineal feet of stone drain complete, as shown in the section on the plan, including rubble foundation, concrete cradle and stoneware invert or half pipe.  
350 lineal feet of 18-inch pipe outlet drain, including concrete foundation and cradle.  
9 manholes complete.  
200 cubic yards of dry rubble masonry, other than in the section of stone drain on plan.  
5,000 feet, B. M., of spruce timber and plank in place, for foundations.

In addition to the above estimated quantity of timber it is estimated that 30,000 feet, B. M., of timber for sheet piling and bracing will be required, which, if ordered to be left in the trench, will be paid for at ONE-HALF of the price bid for timber for foundation, but not to be paid for otherwise.

See section 13 (b) of the specification.  
Also, the time required for the completion of the whole work, which will be tested at the rate of \$4 per day.

#### NUMBER 2, ABOVE MENTIONED.

535 lineal feet of 15-inch pipe sewer, including concrete cradle, and exclusive of spurs for house connections.  
50 lineal feet of 12-inch pipe sewer, including concrete cradle, and exclusive of spurs for house connections.  
68 spurs for house connections, over and above the cost per foot of sewer.  
6 manholes complete.  
2 receiving-basins complete.  
1,000 feet (B. M.) of lumber furnished and laid.

In addition to the above quantities of work to be done, if sheet piling is required and ordered by the Engineer to be left in the trench, it will be measured and paid for at ONE HALF of the price bid for lumber. (See section 13 (b) of the specifications).

Also, the time required for the completion of the whole work, which will be tested at the rate of \$4 per day.

As the above-mentioned quantities, though stated with as much accuracy as is possible in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received.

1. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and shall not at any time after the submission of an estimate dispute or complain of such statement nor assert that there was any misunderstanding in regard to the depth of the excavation to be made or the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Department of Public Parks and in substantial accordance with the specifications for the work and the plans therein referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The person making any bid or estimate must furnish the same inclosed in a sealed envelope, to the head of said Department, at his office, on or before the day and hour above mentioned.

The envelope must be endorsed with the name or names of the person presenting the same, the date of its presentation, and a statement of the work to which it relates. The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for

its faithful performance in the sum of four thousand dollars (\$4,000); and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise upon any obligation to the Corporation.

The amount in which security will be required for the performance of the several contracts is as follows:

For No. 1, above mentioned, \$5,000.  
For No. 2, above mentioned, \$1,200.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the city so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contracts when awarded will in each case be awarded to the lowest bidder.

Blank forms for proposals and forms of the several contracts which the successful bidders will be required to execute, can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Department, Nos. 27 and 29 Reade street.
