That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no

member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the city.

EDWARD GILON, Chairman,

the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded in each case will be awarded to the lowest bidder.

Blank forms for proposals and forms of the several contracts which the successful bidder will be required to execute can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Department, Nos. 49 and 51 Chambers street.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for each class of the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced on or about the 2d day of May, 1892, and all the work contracted for is to be fully completed on or before the 31st day of July, 1892, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the crib-bulkhead to be removed under this contract will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done, in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work comprised in both classes, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection

with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent in writing of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The total damages claimed were..... \$251,000 00
The total damages recovered were..... 4,175 30
The percentage of recovery was only one and two-thirds per cent.

GENERAL REMARKS—MISCELLANEOUS.

The work of the Department during the year has been very satisfactory. Not only at the Trial Terms but also in the Appellate Courts the percentage of decisions in favor of the City shows improvement over that of the preceding year, in the aggregate ratio of sixty-four and one-half per cent. to sixty.

The collections made by the Department during 1891 (Schedule 8) were nearly double the amount received in 1890. The Attorney for the Collection of Arrears of Personal Taxes shows an increase of \$21,000 over the amount returned last year, which was so large then in comparison with former years as to be mentioned in the report as "unprecedented."

ASSESSMENT LITIGATION IN THE YEAR 1891.

The results of litigation in this branch of the business of the Law Department for the year 1891 are very favorable to the City, as will appear from the following statement:

Number of special proceedings under the Act of 1858 to vacate or reduce assessments, pending December 31, 1890.....	2,057
Number of special proceedings under the Act of 1858, to vacate or reduce assessments, pending December 31, 1891.....	1,635
New proceedings begun during the year.....	38
Number of such proceedings disposed of during the year.....	29
Number of proceedings disposed of (both new and old).....	422

Number of proceedings terminated by order of dismissal for lack of prosecution or as a result of favorable decisions.....	373
Number of cases where the assessment was vacated.....	6
Number of cases where the reductions were made for technical reasons under old decisions.....	2
Number of cases where the reductions were made to the fair cost of the improvement.....	41

All of the cases where the assessments were vacated, and the two specially mentioned above, were under decisions rendered previous to my appointment as Counsel to the Corporation.

Twenty of the cases where reductions were made to the fair value of the improvement were under decisions rendered previous to the year 1891.

Of the remaining twenty-one, twenty related to Clifton street regulating, from St. Ann's to Union avenue, where a reduction of thirty-one per cent. was ordered by the Court on the ground that the cost of the work was excessive because of an unbalanced bid.

In one case the assessment for regulating One Hundred and Fifty-fifth street, from Elton to Courtlandt avenue, was reduced thirty-three per cent. for a similar reason.

The total amount of the reduction in these two last mentioned improvements was only about \$3,800.

The total amount of money recovered from the City by persons who have paid illegal assessments was \$4,046.14. This amount was paid on judgments rendered in six suits. Five of these suits were cases where the payments were made under various compromises and settlements made by my predecessors. In the remaining case the assessment had been held to be illegal by the Court of Appeals. The amount recovered in this case was the excess over the fair cost of the improvement which had been paid by the plaintiff.

Compared with previous years, the loss to the City during the year 1891, resulting from the vacation or reduction of assessments, was merely trivial.

Two important decisions were rendered by the Court of Appeals in favor of the City in suits brought to recover payments made on illegal assessments. These were the cases in which Isabel S. Tripler and John L. Redmond and others were the plaintiffs. They were decided February 24, 1891, and are reported in volume 125 of New York Reports, at pages 617 and 632. The Court of Appeals reversed the judgments of the lower courts and granted new trials. The opinions go far toward sustaining the position that I have taken that payments in many of these cases are voluntary and cannot be recovered.

In two other important cases the Court of Appeals held that the structure of a street railroad in a street or avenue is not assessable for the expense of paving the street. These cases are People ex rel. John Davidson vs. Edward Gilon and others, and People ex rel. D. Willis James vs. Edward Gilon and others, reported in volume 126 of New York Reports, at pages 147 and 640. Under these decisions, all of the proceedings begun to vacate or reduce assessments on the ground that the structure of the railroad had not been assessed were dismissed.

THE CITY WATER-FRONT.

During the year two important litigations, involving the water-front of the City, were practically disposed of.

One was a suit by William M. Kingsland, as trustee, to recover damages for the destruction of the wharfage rights along the 104 feet of bulkhead on the westerly side of West street, next southerly to Charlton street, by the carrying out of the new plan adopted by the Dock Department in 1871. On the trial the jury rendered a verdict for the plaintiff for \$90,000 principal, which, with ten years' interest, amounted to about \$145,000. On the appeal the General Term reversed the judgment and ordered a new trial.

The plaintiff's attorney has offered to settle the litigation for about \$83,000, and negotiations for a settlement are now pending.

The other suit was brought by the City to recover possession of a large piece of property between Fifty-fourth and Fifty-fifth streets and North river, below high-water mark. Three trials of this action were had under the Code. The first resulted in a disagreement of the jury; on the other two a verdict was rendered in favor of the defendant in each instance. On appeal the General Term reversed the judgment, and delivered an opinion which will be of the greatest importance in the other ejectment suits still pending in the office. As a result of this decision the case was settled on terms most advantageous to the City.

The office has also been active in the initiation of condemnation proceedings for the acquisition of private property for the improvement of the water front of the City, no less than eight proceedings having been initiated which are now pending, involving several millions of dollars.

ADMIRALTY CASES.

The record for the year in the United States District Court has been exceptionally gratifying. As a rule the amounts involved in Admiralty cases to which the City is a party are comparatively small, but each case requires careful preparation. In former years the City has seldom succeeded even in splitting the damages, but has been obliged to pay the full amount claimed, with interest and costs. During the past year, however, out of eight suits brought against the City, one was settled by payment of a small sum, two were dismissed on legal defenses interposed, four resulted in a division of the damages and one is still untried.

In the single case brought by the City as libellant against the steam propeller "Express," to recover damages for the sinking of the "Franklin Edson" in the East river, a decree has been entered in favor of the City which will result in the recovery of over ten thousand dollars, or more than six times the total amount that the City has been called upon to pay in the seven cases brought against it which were disposed of during the year. This outcome of a year's litigation is undoubtedly due, in great measure, to the thorough preparation of the cases for trial, which has elicited favorable comment from the Court.

ACQUISITION OF REAL ESTATE—SCHOOL SITES.

The condemnation proceeding referred to in the last annual report of the Counsel to the Corporation has been concluded; the report of the Commissioners of Estimate having been confirmed and the title to the property involved acquired by the City.

During the year I have examined and passed the title to twenty-six lots of land situated in various parts of the city, purchased by the City for school purposes. The amount paid for these lots aggregate \$310,662.95.

The examination of the title to the eight sites referred to in the last report as having been commenced has been concluded and the title acquired by the City. These eight titles are included in the twenty-six lots above referred to.

Only one condemnation proceeding has been instituted during the past year, and Commissioners are now taking testimony. The Board of Education has been able to agree with the owners of the various pieces of property they desired to purchase, with the exception of this one title.

POLICE SITES—ARMORY SITES.

I have examined and passed the title to four lots constituting sites for station-houses, lodging-houses and prisons, involving the payment of \$59,000.

I have also examined and passed the title to eight lots, constituting a portion of a site for the Ninth Regiment Armory, for which the City paid \$181,605.97.

A condemnation proceeding in now pending to acquire the title to the residue of the site, consisting of ten lots. It is expected that the Commissioners of Estimate will make their report during the early part of the ensuing year.

In addition to the foregoing properties I have examined and passed the title to the block of land and land under water bounded by Twenty-sixth and Twenty-seventh streets, Thirteenth avenue and the Hudson river, including the bulkhead, purchased by the Dock Department in March, 1891, for \$120,000 to Piers, old 23 and 24, at the foot of Vesey street, North river, including certain bulkhead, purchased by the City in July, 1891, for \$200,000; and to a lot of land on the north side of One Hundred and Fifteenth street, one hundred feet east of Lenox avenue, purchased by the City for the use of the Fire Department and on which it is proposed to erect a new engine house.

I have also examined the title to and accepted a deed for a portion of Heath avenue ceded to the City in November. Inasmuch as the validity of an assessment laid for improving a ceded street depends upon the validity of the title of the City to the street acquired by the cession, it is necessary to examine the title the same as though the City purchased the property.

EAST RIVER PARK.

On the 12th of June, 1891, an order was granted confirming the report of the Commissioners of Estimate in the matter of acquiring title to certain lands in the Twelfth Ward, for an extension to the present East River Park.

In this proceeding, which was begun in 1888, the City has acquired title to about one hundred lots of land, extending from Avenue B, on the west, to the East river, and from Eighty-sixth street, on the south, to the Harlem river, just above Eighty-ninth street. A serious contest arose on the question of value, and over 1,500 pages of testimony were taken on that subject.

STREET OPENING PROCEEDINGS.

An examination of Schedule 9, hereto annexed, will show the immense volume of transactions relating to the opening of streets and parks within the city limits.

Without referring in detail to the various proceedings covered by the report, I am pleased to state that the proceedings to acquire title for Melrose avenue, from Third avenue to One Hundred and Sixty-third street, mentioned in my last report, was consummated during the year.

TAX LITIGATION.

In the annual report of the Law Department for 1890, reference was made to the proceeding then pending for the collection from the City of certain State taxes for the year 1887.

The decision against the City by the referee was confirmed at General Term, in the Third Department, on a point not affecting the merits of the case, and subsequently was affirmed, without opinion, in the Court of Appeals. Another proceeding, relating to the taxes for the year 1889, will soon be brought to trial, in which it is believed that the courts will deem it proper to pass upon the merits of the questions involved.

Various questions have risen during the year which emphasize the need of a revision or amendment of our tax laws. The decision and opinion of the Court of Appeals in the case of the Union Trust Company, rendered in June last, have almost unsettled the established method of assessing for taxation the capital stock of corporations having their principal office in the City of New York. It will, doubtless, require several years of litigation to determine the scope and meaning of the decision referred to. The taxable status of express companies, of insurance companies, of non-resident holders of bank stock, of persons having more than one apparent residence within the State, of non-resident persons and corporations having capital invested in business in the city, and various questions affecting the taxation of real and personal property, are still undetermined.

In most cases the controversies arise from the uncertainty of the law, and not because of disputed questions of fact. It is obvious that this uncertainty breeds litigation, and may at times seriously affect the City revenues.

NUMBER OF OPINIONS GIVEN.

The reports of my predecessors show that the preparation of opinions at the request of the heads of the various departments is a very important and rapidly increasing branch of the office work, which covers an immense field and range of subjects and which frequently involves prolonged study.

During 1891 written opinions were given as follows:

Comptroller	228
Public Works Department	22
Dock Department	23
Park Department	9
The Mayor	18
Police Department	11
Fire Department	1
Street Cleaning Department	7
Aqueduct Commission	9
Board of Street Opening	10
Department of Charities and Correction	12
Common Council	5
Board of Assessors	3
Taxes and Assessments	1
Board of Estimate	4
Miscellaneous	33
	396

There were received from the Police Department 94 reports of accidents, which were examined into and filed.

There were received from the Finance Department 508 requests for the examination of claimants, in 244 of which oral examinations, under oath, were conducted. The circumstance that only 244 claimants were examined, when 508 requests for examination were received, is principally explained by the fact that a large number of the claims filed were in assessment matters, where, all the facts being already within the knowledge of the City officers, examinations were not necessary.

CONTRACTS.

There were contracts examined or drafted and approved, as to form, as follows:

Department of Public Works	577
Department of Public Parks	32
Department of Charities and Correction	31
Department of Docks	87
Fire Department	33
Armory Board	8
Aqueduct Commission	19
Police Department	5
Health Department	3
Finance Department	1
Street Cleaning Department	8
Commissioner of Street Improvements	8
Miscellaneous	156
	973

THE OFFICE STAFF.

The office force, which varied from time to time during the year, comprised at its close:

The Counsel to the Corporation.	One Librarian.
One First Assistant.	Two Clerks.
Eleven Assistants.	One Copyist.
Three Junior Assistants.	Six Typewriters.
One Senior Law Clerk.	Five Stenographers.
Seven Junior Law Clerks.	One Examiner.
One Chief Clerk.	Two Messengers.
One Deputy Chief Clerk.	Five Messenger Boys.
One Register Clerk.	In all, fifty-one individuals.

I desire again to express cordial appreciation of the faithful service of the office staff, without whose intelligent assistance the results obtained would have been impossible.

I have the honor to remain,

Very respectfully, yours,

WM. H. CLARK, Counsel to the Corporation.

REPORT OF STREET OPENING PROCEEDINGS FOR YEAR 1891.

OFFICE OF THE CLERK OF STREET OPENINGS, No. 200 BROADWAY,
NEW YORK, December 31, 1891.

WILLIAM H. CLARK, Esq., *Counsel to the Corporation:*

SIR—I have the honor to transmit herewith report of street opening proceedings under my charge, for the year terminating December 31, 1891.

This report is prepared upon the same plan as that adopted by me in the annual report for 1890, and is substantially similar in its arrangement to my annual reports since 1886.

The statistics of work performed during the year are embraced in seven schedules, as follows :

SCHEDULE I.

This schedule is divided into two heads, "A." and "B."

"A" is a complete list of proceedings considered during the year terminating December 31, 1891, showing the length of the street or avenue, or portion thereof, to which title is sought to be acquired, and, where reports have been confirmed during the year or abstracts of estimate and assessment completed, the amount of awards, total assessment, number of parcels assessed and number of city lots assessed.

"B" is a statement showing the condition of each proceeding considered under "A" on December 31, 1891.

This schedule shows that there have been under consideration during the year forty-three proceedings.

SCHEDULE 2.

This is a list of proceedings confirmed during the year, with the date of the entry of each respective order of confirmation.

It appears from this schedule that there have been seventeen proceedings confirmed during the year.

SCHEDULE 3.

This is a list of proceedings discontinued during the year, with the date of the entry of each respective order of discontinuance.

As shown by this schedule, one proceeding has been discontinued during the year.

SCHEDULE 4.

This is a list of proceedings finally disposed of during the year.

The number of proceedings finally disposed of is shown by this schedule to be seventeen.

SCHEDULE 5.

This is a list of proceedings in which appeals have been taken to the General Term or Court of Appeals, either on the part of the City or on the part of property-owners.

There were six proceedings of this character in which nine appeals have been taken, as shown by this schedule.

SCHEDULE 6.

This is a list of proceedings in which abstracts of estimate and assessment have been completed during the year.

This schedule shows that such abstracts have been completed in eight proceedings.

SCHEDULE 7.

This is a list of proceedings pending on the 31st day of December, 1891.

Twenty-six proceedings are pending, as shown by this schedule.

These schedules are followed by a summary of the work performed during the year.

The aggregate of the awards in proceedings in which reports have been confirmed during the year is more than double that of 1890, being \$759,398.54, as against \$299,037.81 in 1890. The assessments for benefit in similar proceedings, which were levied upon 9,605 parcels, comprising 15,098 city lots, aggregate \$697,534.01. The proceeding for the opening of One Hundred and Fifty-fourth street, from Eighth avenue to the bulkhead-line of the Harlem river, was discontinued by the Board of Street Opening and Improvement on March 13. Costs to the amount of \$236.60 were taxed in this proceeding.

A very important proceeding, from a sanitary standpoint, consummated during the year was that to acquire title to Melrose avenue, from Third avenue to East One Hundred and Sixty-third street, which was confirmed on May 2. The motion for the confirmation of this report was argued in October, 1890. The awards made by the Commissioners in this proceeding amount to \$362,717.40 for 116 parcels of land, with the improvements thereon, to cover which and the costs of the proceeding, there were assessed for benefit 3,362 parcels, comprising over 5,500 city lots an aggregate of \$363,979.47.

Awards to the amount of \$341,870.34 have been computed in eight proceedings in which draft abstracts of estimates and assessment have been completed and assessments aggregating \$417,991.62 made up. These assessments are imposed upon 1,820 parcels, comprising 7,568 city lots.

Title has been acquired to 22,348 lineal feet of streets and to 101,050 square feet of land for public parks. There have been 222 meetings of Commissioners, 48 motions and 2 appeals argued, 7 appeals determined, 538 orders entered and 1,097 communications to Commissioners, property owners and various municipal departments and boards written during the year.

The work performed during the year shows a very substantial increase in many particulars over that accomplished during 1890.

Respectfully yours,

CARROLL BERRY, Clerk of Street Openings.

SCHEDULE 1—"B."

Statement showing the condition of each proceeding considered under "A" on the 31st day of December, 1891.

1. Alexander Avenue—

The Commissioners' report was completed and presented to the Court (Beach, J.) and confirmation moved on March 5. Confirmation was opposed by Henry H. Anderson, counsel for the Harlem River and Portchester Railroad Company, upon various grounds. Report, abstracts, maps, objections, evidence and briefs submitted. Decision reserved. On May 1 an opinion was handed down by Justice Beach, overruling all the objections interposed to the confirmation and granting the motion. The order confirming the report was settled and entered on May 5. On May 15 an order resettleing the order of confirmation was duly entered. Thomas S. Bassford, Granville P. Hawes and Morris & Steele, attorneys for various objectors, were duly served with copies of the order of confirmation and notice of entry. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice; Commissioner of Street Improvements and Department of Public Works notified of the confirmation of report. On May 19 an appeal was taken to the General Term by the Harlem River and Portchester Railroad Company from the order confirming the report of Commissioners. The argument of the appeal was adjourned by consent from October to November and from November to December. There being no General Term held in December, owing to the retirement from the bench of Mr. Justice Daniels, the appeal went over to January, 1892. Note of issue for the January Term has been filed and notice of argument duly given, and the appeal will be disposed of at that Term.

2. Avenue B—

The costs of the Commissioners in this proceeding were duly taxed and allowed by the Court (Ingraham, J.) on December 14. The report was presented to the Court (Ingraham, J.) and confirmation moved on December 16. Motion granted. Report, maps, abstracts, etc. duly filed and order confirming report entered. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice. Department of Public Works notified of the confirmation of report.

3. Bergen Avenue—

The abstract of estimate and assessment was completed and filed by the Commissioners for the inspection of owners in April and notice of such filing given, and that objections would be received on or before June 1. Very many objections were filed to this abstract and numerous hearings given property-owners thereon. The question of the duty of the Commissioners to make awards to property-owners for damage by reason of the change of grade has been decided against the claimants. A very nice question of law as to the dedication of certain property included within the lines of the street has been raised before the Commissioners and considerable testimony introduced relative to such question. The testimony has been closed and the Commissioners will meet in January for the purpose of determining the questions presented. Their costs were duly taxed and allowed by the Court (Beach, J.) on June 23. The report will likely be presented to the Court for confirmation in the latter part of January or early in February.

4. Birch Street—

The final maps were received from the Commissioner of Street Improvements on February 4 and on March 6 the abstract of estimate and assessment was completed and filed for the inspection of property-owners. Numerous objections were filed and hearings thereon had before the Commissioners. The costs were duly taxed and allowed by the Court (O'Brien, J.) on May 2. The report was completed and presented to the Court (Beach, J.) for confirmation on June 29. Confirmation opposed by Thomas S. Bassford on behalf of Henry P. DeGraaf. Report, maps, etc., and briefs submitted. Decision reserved. On June 30 the motion to confirm was granted, the report, etc., filed and order confirming report duly entered. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice. Commissioner of Street Improvements and Commissioner of Public Works notified of the confirmation of report.

5. Boscobel Avenue—

The abstract of estimate and assessment of the Commissioners was completed and filed for the inspection of property-owners on October 13. Numerous objections to the abstract as filed were presented on behalf of various owners and hearings had upon the same. These hearings have been closed and the matter submitted to the Commissioners for final determination.

6. Brown Place—

It is deemed advisable in this case not to complete the Commissioners' report until after the determination by the General Term of the questions presented in Alexander avenue, as objections of a similar character are likely to be presented in this case.

7. Corlears Hook Park—

Upon the appointment of Henry A. Gildersleeve, Esq., as a successor to Lyttleton G. Garrettson, deceased, the Commissioners resumed their hearings and continued the same about twice a week until the resignation of Commissioner Gildersleeve, when the hearings were suspended pending the appointment of his successor. David McClure, Esq., has been recently appointed to succeed Judge Gildersleeve, and the hearings have been resumed and are now continuing once or twice a week.

8. Dyckman Street—

The report of the Commissioners was completed and presented to the Court (O'Brien, J.) for confirmation on April 24. Motion granted. On July 8 the objections were overruled, motion granted and order confirming report duly entered. Granville P. Hawes and Thomas S. Bassford served with copies of order of confirmation and notice of entry. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect. Certified copies of orders confirming report and taxing costs transmitted to Finance Department with letter of advice. 10. East One Hundred and Sixty-second Street—

The Commissioners as a result of the hearings upon the objections filed to their preliminary abstract of estimate and assessment prepared, and on December 29 filed a new abstract of estimate and assessment in the office of the Commissioner of Public Works. Notice of the filing of such abstract and that objections to the same would be received on or before the 8th day of February, 1892, and their report presented for confirmation on February 26, is now being published in the CITY RECORD.

11. East One Hundred and Sixty-fourth Street—

It has been found necessary to have the maps furnished the Commissioners altered and corrected and the Commissioners have now under consideration the question of awards and assessments in view of these changes.

On July 2 an appeal was taken to the General Term by John A. Beall on behalf of Peter Liebertz and Julia O'Keefe. September 26 note of issue was filed and notice of argument served on the said Beall. On September 28 notice of withdrawal of said appeals was served by the attorney for Liebertz and O'Keefe. On October 5 motions were made before the General Term to dismiss the said appeals, which motions were granted and orders of dismissal duly entered. On October 15 the Comptroller was notified of the dismissal of such appeals.

13. East One Hundred and Sixty-eighth Street—

The abstract of estimate and assessment was completed and filed for the inspection of property-owners in the office of the Commissioner of Public Works on November 16, and notice of such filing and that objections would be received on or before December 26, duly published in the CITY RECORD. 16. Edgcombe Road—
Numerous objections were filed to the Commissioners' abstract of estimate and assessment, and a number of hearings had thereon. These hearings have not yet been closed, but have been adjourned from time to time at the request of the attorneys for various objectors.
17. Fifty-second Street—
This proceeding has not yet been discontinued by the Board of Street Opening and Improvement.
18. Fifty-fourth Street—
A Commissioner in the place of Lyttleton G. Garrettson, deceased, has not yet been appointed, and as an application for discontinuance is now pending before the Board of Street Opening and Improvement on behalf of parties who represent a majority in interest of the property affected by the improvement, no further steps will be taken (in order to avoid the unnecessary expense of preparing maps, etc.), until after this application is disposed of.
19. Grove Street—
The abstract of estimate and assessment has been completed, and will be filed for the inspection of property-owners early in the coming year. The filing of this abstract has been somewhat delayed, in order that the question as to change of grade presented in the matter of Bergen avenue, and similar to one presented in this case, might be disposed of, and the benefit of the decision on that case utilized in this, the Commissioners being the same in both proceedings.
20. John Street—
The report of the Commissioners was completed and presented to the Court (Beach, J.), and confirmation moved on July 3. Opposition was interposed by Truman H. Baldwin, of counsel for Adolph G. Hupfel. The report was referred back to the Commissioners, with directions that they report to the Court their reasons for having assessed the land of Mr. Hupfel to the extent shown in their report, and it was directed that the motion to confirm stand over until the 14th. On July 14, the report, together with the reasons of the Commissioners for assessing the property of Mr. Hupfel, was presented to the Court (Truax, J.), and confirmation of the same moved. Mr. Baldwin appeared in opposition. Report, maps, objections, etc., and brief submitted. Decision reserved. Commissioner of Street Improvements and Commissioner of Public Works notified of the confirmation of report.
22. Lexington Avenue—
In January voluminous papers were served by James A. Deering, as attorney for John Schreyer and executors of Stephen H. Thayer, on a motion to vacate and set aside the order of June 30, 1885, appointing Commissioners of Estimate and Assessment in the proceeding, and to vacate and set aside the order of confirmation and the proceedings taken by the Commissioners. These motions having been adjourned from time to time were finally argued before Andrews, J., on February 13. Briefs were thereafter submitted, and on June 17 opinions handed down denying the motion in each case, with ten dollars costs. The orders upon these motions were settled and entered on June 22. Appeals were thereafter taken from the orders of June 22 on behalf of both Schreyer and the executors of Thayer. The appeal taken by Schreyer from the order of December 4, 1888, was argued before the General Term in October, and on October 17 the order was affirmed with ten dollars costs and disbursements. (Opinion by Ingraham, J.) On October 22, the order of the General Term affirming the Special Term order was duly entered. On October 17 the General Term handed down its opinion on the appeal argued on November 17, 1890. The opinion was written by Bartlett, J., and concurred in by Van Brunt, P. J., and Barrett, J., and affirmed the order of the Special Term denying the motion of the Elevated Railroad Company for a discontinuance of the proceeding. Upon the decision of this appeal preparation was made for the argument of the other pending appeals at the December General Term, but owing to the retirement of Justice Daniels from the bench there was no General Term held during December, and the appeals, of necessity, went over to the January Term of 1892. Notes of issue and notices of argument have been served by the City in all these appeals, and they will be argued before the General Term during the first week of the January Term.
23. Manhattan Street—
The hearings on the objections filed to the Commissioners' abstract of estimate and assessment were closed, after the taking of voluminous testimony, early in the year and the costs of the Commissioners taxed and allowed by the Court (O'Brien, J.) on August 4. The report was completed and presented to the Court (O'Brien, J.) for confirmation on August 12. At the request of various counsel for property-owners the motion was adjourned to September 8 and on September 8 to September 15. On September 15, at the request of counsel for objectors, it was adjourned to September 23 and on September 23 to September 29. On September 29 the motion to confirm was argued before Van Brunt, P. J. James A. Deering, J. A. Beall and John C. Shaw argued in support of confirmation. The motion was opposed by Charles E. Miller, John P. Dunn, Charles Kitchell, Ernest Hall and Truman H. Baldwin. Report, maps, abstracts and memorandum submitted. Decision reserved. On October 6 an opinion was handed down by Presiding Justice Van Brunt overruling all objections and confirming the report, save as to one parcel owned by the New York Central and Hudson River Railroad Company, as to which it was referred back to the Commissioners with directions that they report their award for such parcel as subject to the easement or right of way in the said railroad company over the same for railroad purposes. On October 19 an order in accordance with this decision was settled and entered. On October 22, the report, corrected as directed by the order of October 19, was submitted to the Court (Barrett, J.) for confirmation. Report finally confirmed and order duly entered. Duplicate report, maps and abstract of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders taxing costs and confirming report of Commissioners transmitted to Finance Department with letter of advice. Commissioner of Street Improvements and Commissioner of Public Works notified of the confirmation of report.
24. Melrose Avenue—
On May 2 the motion for the confirmation of the Commissioners' report, which had been argued on October 27, 1890, was granted by Ingraham, J., and an order confirming the said report settled and entered. On June 5 an appeal from the order of confirmation was taken to the General Term by W. Stebbins Smith on behalf of various objectors. This appeal was subsequently withdrawn, and on October 8 an order of the General Term entered dismissing such appeal. Duplicate report, maps and abstract of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice. Commissioner of Street Improvements and Commissioner of Public Works notified of the confirmation of report.
25. Mulberry Bend Park—
The proofs of title in this proceeding have been completed and the Commissioners are now sitting twice a week for the purpose of receiving testimony relative to the value of the property. It is likely that the testimony on values will be closed in February.
26. One Hundred and Eighteenth Street—
The abstract of estimate and assessment was completed and filed on January 12. The costs of the Commissioners were taxed and allowed by the Court (Beach, J.) on March 10. The final report of the Commissioners was presented to the Court (Beach, J.) and confirmation moved on March 12. Motion granted. Report, abstracts, etc., filed. Order confirming report duly entered. Duplicate report, maps and abstract of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice. Commissioner of Public Works notified of the confirmation of report.
27. One Hundred and Twenty-seventh Street (1)—
The Commissioners have not yet determined the question of the awards to be made for this property, a large portion of which is water front, and it is doubtful if an assessment sufficient to cover the expense of the proceeding can be levied upon the property benefited.
28. One Hundred and Twenty-seventh Street (2)—
The corrected and amended report was filed for the inspection of property-owners on February 3. A number of objections were filed to this corrected or amended report and numerous hearings had thereon. Commissioners' costs were taxed and allowed by the Court (O'Brien, J.) on April 21. Final report completed and presented to the Court (Truax, J.) and confirmation of same moved on July 8. Motion granted. Report, maps, abstracts, etc., filed and order confirming report duly entered. Duplicate report, maps and abstract of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice. Commissioner of Public Works notified of the confirmation of report.
29. One Hundred and Thirty-second Street—
The remaining Commissioners in this proceeding, Hon. Joseph E. Newburger and Sidney J. Cowen, Esq., having resigned as Commissioners, an application was made on December 9 before Ingraham, J., for the appointment of their successors and of a successor to Lyttleton G. Garrettson, deceased. Papers upon this application were submitted. Decision reserved. No decision upon the application has yet been rendered.
30. One Hundred and Fifty-fourth Street—
The report of the Commissioners in this proceeding had been completed, when, on February 20, the Board of Street Opening and Improvement adopted a resolution directing the discontinuance of the proceeding, and, on March 13, a motion to discontinue the same was made before Beach, J., and granted. Order of discontinuance duly entered. Certified copies of orders taxing costs and discontinuing proceedings transmitted to Finance Department, with letter of advice.
31. One Hundred and Sixtieth Street—
In January the General Term affirmed on appeal the order of the Special Term directing the Commissioners to receive further proof as to dedication of certain lands embraced within the lines of the street before making their final report. The Commissioners, in pursuance of this order, proceeded with such hearings, and testimony pro and con was introduced by contesting property-owners. The final amended report of the Commissioners was completed and presented to the Court (Lawrence, J.) and confirmation moved on November 13. John C. Shaw, attorney for William F. Buckley, joined in the motion for the confirmation of the amended report, and James A. Deering, representing various owners, opposed. Report, amended report, abstracts, maps, testimony, etc., together with briefs, submitted. Decision reserved. No decision has yet been reached on this motion.
32. One Hundred and Sixty-second Street—
The Commissioners' abstract of estimate and assessment was completed and filed on February 4. Objections were filed to the abstract, but not pressed before the Commissioners. The costs of the Commissioners were taxed and allowed by the Court (Ingraham, J.) on April 4. The report was presented to the Court (Patterson, J.) on April 10 and confirmation moved. Miller & Wells, representing objectors, withdrew objections to confirmation. Motion to confirm granted. Reports, maps, etc., filed and order confirming report duly entered. Duplicate report, maps and abstract of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice. Commissioner of Public Works notified of the confirmation of report.
33. One Hundred and Sixty-third Street—
No objections were received by the Commissioners to their abstract of estimate and assessment as filed. Subsequent to the time limited by the Commissioners for the filing of such objections, objections were presented by James A. Deering, on behalf of Martin B. Brown. The Commissioners declined to receive such objections, as the time limited by them for the receipt of the same had expired. In January papers were served on a motion for an order directing the Commissioners to receive and consider the objections of the said Brown. On February 13 the motion was argued before Andrews, J., James A. Deering appearing in support of the motion. Papers and briefs submitted. Decision reserved. An April 7 the motion was granted, and an order granting the same settled and entered on May 19. An appeal was taken by the City from the order of May 19, which appeal was argued before the General Term (Van Brunt, P. J.; Ingraham and Daniels, J.J.) on October 9. Papers submitted. Decision reserved. On October 17 the order of the Special Term was affirmed, with \$10 costs and disbursements, and an order to that effect entered on October 22. On December 23 an appeal was taken by the City to the Court of Appeals, and such appeal is on the Court of Appeals calendar for January and will be argued during that term.
34. One Hundred and Seventy-third Street—
On March 11 the report of the Commissioners was presented to the Court (Beach, J.) and confirmation moved. No opposition was interposed and the motion was granted. On March 14 an order to show cause was obtained by Mr. Deering why the order of confirmation should not be vacated and set aside and the objectors represented by him have an opportunity to be heard upon the motion to confirm the report. This motion was heard before Barrett, J., and the application granted. On March 31 the motion to confirm the report was argued before Barrett, J. Report and briefs submitted. Decision reserved. On May 26 an opinion was handed down denying the motion to confirm the report and referring it back to new Commissioners. This order was settled and entered on June 11 and appointed William Henry Willis, William A. Duer and Samuel W. Milbank, Commissioners. An appeal taken by the City from this order was withdrawn and the hearings before the new Commissioners are now proceeding.
35. One Hundred and Eighty-first Street—
No reply has been received from the Commissioner of Public Works to the letter of the Commissioners addressed to him in December 1890, and the Commissioners have therefore been unable to progress the proceeding.
36. Riverside Park—
Robert O'Byrne having been appointed a Commissioner in the place and stead of John O'Byrne, resigned, the hearings upon the objections filed to the abstract of estimate and assessment were resumed and closed. The costs of the Commissioners were taxed and allowed by the Court on December 24. The report of the Commissioners was completed and presented to the Court (Andrews, J.), and confirmation moved on March 30. Opposition was interposed by Truman H. Baldwin. Report, maps, etc., and memorandum submitted. Motion granted. Order confirming report entered on December 31. Duplicate report, maps and abstract of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice. Department of Public Parks notified of the confirmation of report.
37. Teasdale Place—
Abstract of estimate and assessment was filed in the office of the Commissioner of Public Works on January 28. No objections to the abstract were presented. Costs taxed and allowed by the Court (Ingraham, J.) on April 2. Report completed and presented to the Court (Patterson, J.) and confirmation moved on April 6. Motion granted. Report, maps, etc., filed and order confirming report duly entered. Duplicate report, maps and abstract of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice. Commissioner of Street Improvements and Commissioner of Public Works notified of the confirmation of report.

38. Tremont Avenue—

The abstract of estimate and assessment of the Commissioners was completed early in the year. In this abstract the Commissioners extended their area of assessment some 2,000 feet from the avenue and included in their assessments over 2,200 parcels. The Commissioners upon completion of this abstract determined to reduce the area of assessment very materially, which rendered necessary the preparation of a new abstract. This abstract was completed and the maps returned to the Commissioner of Street Improvements for some necessary corrections and alterations in December. The corrected maps were returned to the Commissioners on December 21, and their new abstract will be completed and ready for filing in January.

39. Twelfth Avenue—

The abstract of estimate and assessment has not been completed in this proceeding owing to the fact that the area covered is embraced in a more extensive proceeding, which is now under consideration by the municipal authorities.

40. Webster Avenue—

The hearings upon objections to the Commissioners' abstract of estimate and assessment have been completed and the Commissioners have now under consideration their final report. A question of considerable importance relative to the alleged dedication of certain land included within the lines of the avenue has been presented and voluminous testimony thereon introduced. It is likely that the questions presented to the Commissioners for determination will be disposed of in January and their final report ready for presentation for confirmation in February.

41. Wendover Avenue—

The final report of the Commissioners has been completed and will be presented for confirmation as soon as the necessary resolution transmitted to the Board of Street Opening and Improvement by the Counsel to the Corporation shall have been adopted. The preparation of this final report has been delayed owing to the low assessed valuation of property subject to assessment, which prevented the Commissioners from assessing thereon the amount which they deemed the property benefited by the improvement.

42. Wolf Street—

The abstract of estimate and assessment of the Commissioners was completed and filed in the office of Commissioner of Public Works on December 22, and notice of such filing and that objections would be received on or before the second day of February and the report presented for confirmation on February 16, 1892, is now being published.

43. Lafayette Place—

The reference in this matter is not being progressed owing to the death of the Referee, Hon. Homer A. Nelson. No steps have been taken by the parties in interest for the appointment of another Referee.

SCHEDULE "B"—II.

Statement Showing the Condition of each Proceeding Considered under Schedule "B" on the 31st day of December, 1891.

Albany Road— Commissioners have not been appointed. Papers submitted.	
Audubon Avenue— The Commissioners of Estimate and Assessment in this proceeding have duly qualified by taking the oath of office, organized by the election of James P. Campbell as Chairman, and have viewed the premises to be taken. The awards to be made for the lands and building to be condemned have been determined. A preliminary area of assessment for benefit has been decided upon, as well as the principle according to which the assessment for benefit shall be distributed. The necessary draft damage and benefit maps have been received from the Department of Public Works. Owing to the decision of Mr. Justice Barrett, in re West One Hundred and Seventy-third street that the fee encumbered by the easements of the lot-owners has a substantial value, it will be necessary to obtain the opinion of the General Term on that point before any of the streets embraced in the Jumel Tract, of which this is one, can be opened.	
Bethune Street— Commissioners have completed their preliminary abstract of awards and assessments, which will be filed for public inspection in January, 1892.

Report of the Public Administrator.

BUREAU OF THE PUBLIC ADMINISTRATOR,
No. 49 BEEKMAN STREET,
NEW YORK CITY.

Hon. WILLIAM H. CLARK, Counsel to the Corporation:

SIR—In compliance with the regulation of your Department, requiring the Public Administrator to render to you annually a full and complete report of all the proceedings of this Bureau, I beg to submit the following report for the year ending December 31, 1891:

Number of estates reported and investigated	378
Number of estates upon which letters of administration have been granted	198
Number of estates upon which letters with the will annexed have been granted	3
Number of estates upon which letters of administration were granted upon application of creditors or next of kin	99
Number of estates upon which letters were granted upon application of the Public Administrator	96

There are three estates now in the Bureau held subject to trusts contained in wills, which trusts are duly executed.

The accounts of proceedings of the Public Administrator have been judicially settled and allowed by the Surrogate in ninety-seven estates, and the estates distributed pursuant to the decree of the Surrogate.

Under the Laws of 1887, providing for the settlement of estates under \$250 without judicial decree seventy-five estates have been closed during the year.

Five hundred and eighty-one estates of little value were received from the Coroners' Office, and from Commissioners of Charities and Correction, and paid directly into the City Treasury.

In three cases objections were filed to accounts above mentioned; but in one case only did said objections raise the question of the correctness of said accounts, and in that case said objections were disallowed.

Three references are now pending before referees relating to the question of kinship, but involving no other question.

Ten actions were commenced in courts of record by and against the Public Administrator.

Four proceedings are now pending to determine the validity of rejected claims.

In twenty-seven cases citations were served on the Public Administrator to attend the probate of a last will and testament, and his appearance noted.

One thousand and forty-five notices were served on hotels, boarding-house keepers, undertakers and others, pursuant to law.

All reports and returns to the Comptroller, Common Council, Board of Aldermen, and to the Supervisor of the CITY RECORD have been rendered.

The amount disbursed to creditors, next of kin and for expenses of administration, since letters were issued, upon estates settled under decree of Court and upon estates closed pursuant to law was one hundred and sixty thousand three hundred and thirty-eight dollars and twelve cents.

Amount paid City Treasury for commissions in the year 1891	\$7,664 65
Amount paid City Treasury for account intestate estates	25,875 08
Amount collected and received exclusive of stocks and bonds	227,845 21

Balance on hand December 31, 1891	219,877 37

The annual report for 1891 with full details, filed with the Board of Aldermen pursuant to law, as well as the monthly reports to the same body, give the foregoing facts itemized.

December 31, 1891.
Respectfully,
CHARLES E. LYDECKER, Public Administrator in the City of New York.
