Permission (82006) was granted the New York Excursion Company to land the steamer "Zephyr" at the pier foot of Twenty-fourth street, East River, and at the Battery landing, to continue during the pleasure of the Commissioner, but not longer than September 30, 1909, rental to be at the rate of \$3 per day for each location, payable at the end of each week to the Dockmaster.

The Corporation Counsel was requested to have an examination made for the purpose of ascertaining whether in his opinion the City has any right, title or interest in the whole or any part of the land under water upon which a pier and shed

at or near the foot of North First street, Brooklyn, are to be constructed by the Ireland Real Estate Company and the New York, New Haven and Hartford Railroad Company.

A communication (82299) was received from the Commissioners of the Sinking Fund transmitting certified copies of resolutions adopted July 2, 1909, as follows:

1. Fixing time and place for a public hearing in regard to the proposed acquisition by condemnation proceedings of the property between South Sixth street and Broadway, Brooklyn.

2. Approving amended form of time table for the Stapleton Ferry.

3. Approving of and authorizing a lease, by private agreement to the Interborough Ferry Company of a franchise to operate ferries from and to the foot of East Tenth street, Borough of Manhattan, to and from the foot of Greenpoint avenue, Borough of Brooklyn, and from and to the foot of East Twenty-third street, Borough of Manhattan, to and from the foot of Greenpoint avenue, Borough of Brooklyn, together with the wharf property and structures belonging to the City, which have heretofore been used for the purposes of said ferries, except as hereinafter provided, for a term of twenty-five years, from May 1, 1909, at a rental of 2 per cent. of the gross receipts of said company annually, but in no case shall said rental be less than \$7,500 per annum, and said lessee shall furnish a bond of a surety company to be approved by the Commissioner of Docks, in the sum of \$15,000 for the faithful performance of all the terms and conditions of the lease.

The word "Slip," when used, shall intend and mean the ferry racks, bridges, floats, ferry houses, structures or portions of same appurtenant to and used in connection with each slip respectively; Slip No. 1 shall intend and mean the slip immediately adjoining the north side of the pier foot of East Twenty-second street; Slip No. 2, the slip immediately north of Slip No. 1; Slip No. 3, the slip immediately north of Slip No. 2; as they are at the present time.

The Interborough Ferry Company shall, during the term of the lease, have the use of Slip No. 2, the City, however, reserving the right to enter upon and take possession of said slip in case of its inability to use Slip No. 1, on account of repairs, rebuilding or dredging required to same, the time of such possession to continue while such repairing, rebuilding or dredging is in progress.

The lessee shall further covenant and agree that if at any time during the term of the lease the Commissioner of Docks shall determine to proceed with the work of building or rebuilding wharves, piers, bulkheads, basins, docks or slips within a section or district of the water-front which shall include the premises referred to in said lease, according to any plan or plans now adopted and approved, or which may hereafter be adopted and approved, and pursuant to any existing or future law; and if the Commissioner of Docks shall determine that for the purpose of such building or rebuilding it will be necessary to terminate the interest of the lessee in the said wharf property or any part thereof, then upon service upon the lessee of written notice from the Commissioner of Docks to that effect, describing the premises or the part thereof affected thereby, the interest of the lessee in said wharf property or part thereof under this lease shall be thereby terminated, and no claim for damages or compensation in favor of the lessee by reason of the termination of such interest in said wharf property, or to or on account of any structures or improvements that may have been erected or made by the lessee, shall at any time be made by the lessee or by any person or persons whomsoever. And in the event that the interest of the lessee in the whole or any part of the demised premises shall be terminated, as herein provided, then the Commissioner of Docks shall lease, demise and to farm let to the said lessee, sufficient wharf property for the accommodation of two slips at a locality to be designated by the Commissioner of Docks between the northerly side of East Twenty-second street and the centre line of East Twenty-third street, and any alterations to existing structures made necessary by such designation or any dredging necessary to fit the premises for ferry purposes, shall be done by and at the sole cost and expense of the lessee, in accordance with plans and specifications to be submitted to and approved by the Commissioner of Docks, and which, in his opinion, shall be the most economical layout for such two slips.

The lessee shall have the right to use the City property under the jurisdiction of this Department, at or near the foot of East Tenth street, which was formerly included in lease to the Tenth and Twenty-third Street Ferry Company and the Brooklyn Ferry Company of New York, which, however, does not include the northerly side of the pier at the foot of East Tenth street, formerly leased to and now occupied under permit by the estate of George Law.

The lessee shall also covenant and agree that if at any time during the term of the lease the Commissioner of Docks shall determine to proceed with the work of building or rebuilding piers at or near the foot of East Tenth and Twenty-third streets, East River, according to any plan or plans now adopted and approved, or which may hereafter be adopted and approved, and pursuant to any existing or future law, then The City of New York or the Commissioner of Docks shall have the right to enter upon the premises hereby leased, for the purpose of such building or rebuilding, and the lessee shall not at any time make any claim for or by way of reduction from rent or otherwise or for any damage arising from or consequent upon any building or rebuilding that the City may do or cause to be done, or in consequence of the occupation of the said premises by the City or its agents and contractors for the purpose of such building or rebuilding.

The lease to contain a clause that if at any time during the term of the lease the City should decide to operate another ferry from the foot of East Twenty-third street, the City reserved the right to use Slip 2 generally, with the Interborough Ferry Company, to such extent as the Commissioner of Docks may deem necessary.

The lessee shall furnish a statement of the receipts and expenditures of said ferry, duly verified by the proper officer of said company, to the Commissioner of Docks, whenever so requested by him, and The City of New York, its officers, agents or employees shall at all times have access to and power to examine the books and accounts of said lessee relating to the affairs of said ferry. The remaining terms and conditions of the lease to be similar to those contained in leases of ferry franchises and wharf property now used by the Department of Docks and Ferries, the form of which shall be approved by the Corporation Counsel, otherwise to be of no force or effect. The above resolution amends that adopted June 9, 1909.

4. Approving of and consenting to the execution, by the Commissioner of Docks, of a lease to the estate of George Law of the right to erect and maintain ferry racks and ferry structures along the northerly side of the present pier at the foot of East Tenth street or along the northerly side of a new pier to be built by and at the expense of The City of New York at the foot of East Tenth street, and the southerly side and entire surface of the pier at the foot of East Eleventh street, East River, Borough of Manhattan, subject, however, and without prejudice to each and all the rights and obligations of the respective parties by and under the grant or indenture bearing date on or about the 28th day of February, A. D. 1825, made and delivered by the Mayor, etc., of The City of New York, unto Charles Henry Hall, from whom the title of George Law, deceased, to certain portions of the premises described in the said grant or indenture was derived.

The lease to be for a term of ten years from August 1, 1909, at a rental of \$4,000 per annum. The lessee to have the privilege of erecting and maintaining during the term of the lease, along the northerly side of the pier foot of East Tenth street ferry racks. The lease to contain a covenant that if at any time during the term thereof the Commissioner of Docks shall determine to proceed with the work of building or rebuilding the pier at the foot of East Tenth street, according to any plan or plans now adopted and approved, or which may hereafter be adopted and approved, and pursuant to any existing or future law, then The City of New York or the Commissioner of Docks shall have the right to enter upon the premises hereby leased for the purpose of such building or rebuilding, and the lessee will not at any time make any claim for or by way of reduction from rent or otherwise or for any damage arising from or consequent upon any building or rebuilding that the City may do or cause to be done, or in consequence of the occupation of the said premises by the City or its agents or contractors for the purpose of such building or rebuilding; the remaining terms and conditions of the lease, including the covenant relative to the prosecution of work under the "new plan," shall be similar to those contained in leases of wharf property now used by this Department.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
