**BOARD OF ESTIMATE AND APPORTIONMENT.**

Minutes of Meeting of Board of Estimate and Apportionment, Held in Room 16, City Hall, Thursday, March 21, 1912.

**FINANCIAL AND FRANCHISE MATTERS.**

The Board met in pursuance of an adjournment.

Present—William J. Gaynor, Mayor; William A. Prendergast, Comptroller; Ardolph L. Kline, Acting President, Board of Aldermen; George McAneny, President, Borough of Manhattan; Alfred E. Steers, President, Borough of Brooklyn; Cyrus C. Miller, President, Borough of The Bronx; Maurice E. Connolly, President, Borough of Queens, and George Cromwell, President, Borough of Richmond.

The Mayor, Hon. William J. Gaynor, presided.

After disposing of the Public Improvements Calendar, the following Financial and Franchise Matters were considered:

The minutes (Financial and Franchise Matters) of the meeting held March 14, 1912, were approved as printed in the City Record March 21, 1912.

**FRANCHISE MATTERS.****RAPID TRANSIT RAILWAYS.**

In the matter of the communication from the Public Service Commission for the First District transmitting offer of the Interborough Rapid Transit Company relative to operation of certain rapid transit railways.

This communication was presented to the Board at the meeting of March 14, 1912, when it was referred to the Committee on Pending Transit Proposals. The report of said Committee to be considered this day.

The President of the Borough of Manhattan, Chairman of the Committee, stated the Committee had not completed its report and at his request the matter was laid over until March 28, 1912.

The President of the Borough of Manhattan offered the following:

Whereas, The Public Service Commission for the First District and the Board of Estimate and Apportionment of The City of New York have under consideration plans for the construction and operation of a system of subway and rapid transit lines that will extend rapid transit facilities to every part of the city and secure to the people an extension of service that will increase three fold the area throughout which passengers may be carried for a single five-cent fare; and

Whereas, The plans under consideration when approved must give to the city the best possible returns for its own future investment in rapid transit lines; and

Whereas, In order to render possible the adoption of such plans it is necessary that the present rapid transit statutes be amended in certain particulars; and

Whereas, There is now pending before the legislature an act amendatory of the rapid transit act, prepared by the Public Service Commission and designed to permit the public authorities to enter into contracts for the construction, equipment and operation of rapid transit lines in accordance with the plans aforesaid, and upon the best possible basis to be secured to the city; and

Whereas, The passage of the said act would not commit the city to action of any sort, nor limit or restrict the authority of the Public Service Commission and the Board of Estimate and Apportionment, but merely broaden their powers to the degree deemed necessary; and

Whereas, The failure of the passage of the said act would leave the rapid transit situation in confusion and put off indefinitely the relief for which the people of the city are waiting; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of the City of New York earnestly urges upon the legislature the importance of the prompt passage of Senate Bill No. 1277, amending the rapid transit act and introduced by Senator Wagner on March 18th; and be it further

Resolved, That the Secretary be directed, on behalf of this board, to forward copies of these resolutions to the President of the Senate and the Speaker of the Assembly, and that the Corporation Counsel be requested to represent this board at such hearings as may be given upon the bill in either house.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of Queens offered the following:

Whereas, In the offer made by the Interborough Railroad Company for the operation of certain lines specified in their proposal there is included the operation of the Belmont Tunnel, when completed, as far as the Grand Central Depot and thereafter to Times Square; and

Whereas, It will take, in the estimation of those informed of the situation, at least two years to construct the portion west of Lexington Avenue towards Times Square; and

Whereas, In the meantime the inconvenience to the public will continue and the injury to property will increase unless steps are taken for the immediate operation of the Tunnel; therefore be it

Resolved, That the Interborough Company be requested to include in their offer an agreement to operate without delay that portion of the Belmont Tunnel already constructed, between Lexington Avenue in the City of New York and Jackson Avenue in Long Island City, upon the same terms and conditions as are provided for in their offer to operate the entire tunnel when completed.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**EBLING BREWING COMPANY.**

In the matter of the overhead structures maintained across Eagle Avenue, between 156th and 158th Streets, Borough of The Bronx.

At the meeting of March 14, 1912, a communication was received from the President of the Borough of The Bronx, together with proposed resolutions authorizing the appointment of a refrigeration engineer to advise of a plan for removing the pipes from above the street to a position underneath the street and directing the removal of the said structures within thirty (30) days.

Action was deferred until this day at the request of a representative of Leventritt, Cook & Nathan, attorneys for the Company, so as to afford Mr. Leventritt an opportunity to be heard.

Hon. David Leventritt appeared on behalf of the Company.

The President of the Borough of Queens moved that the matter be referred to the Corporation Counsel to advise the Board if it had authority, under the law, to permit the Company to occupy the street by the overhead structures by granting a revocable license therefor and report to the Board in two weeks—April 4, 1912.

Which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**MANHATTAN BRIDGE THREE CENT LINE.**

In the matter of the petition of the Manhattan Bridge Three Cent Line for a franchise to construct, maintain and operate a street surface railway from the Flatbush Avenue Station of the Long Island Railroad Company, Borough of Brooklyn, upon and along various streets and avenues and upon, along and over the Manhattan Bridge and its approaches to the Desbrosses Street Ferry, North River, Borough of Manhattan.

This matter was referred to the Franchise Committee at the meeting of July 6, 1911.

The Secretary presented the following:

City of New York, Board of Estimate and Apportionment, March 19, 1912.  
To the Board of Estimate and Apportionment:

Gentlemen—Your Committee, to which was referred on July 6, 1911, a proposed

form of contract for a franchise to the Manhattan Bridge Three Cent Line for a street surface railway from the Flatbush Avenue Station of the Long Island Railroad in the Borough of Brooklyn, to and across the Manhattan Bridge to the Desbrosses Street Ferry on the North River, in the Borough of Manhattan, would report as follows:

We have considered the contract as proposed and would recommend that it be modified as follows:

First—That the fare clause, now providing for a three-cent rate, shall be amended so as to provide that two tickets shall be sold for five (5) cents.

Second—That the clause providing that the company shall not operate cars upon the Manhattan Bridge until it shall have put in operation the railway upon the entire route, be eliminated, thus permitting the company to commence operation upon a part of the route.

Third—By providing that the City shall purchase at its then value the plant and property of the company outside of the street, in case the company does not secure the right to operate for a further period at the expiration of the term of the contract.

The second modification requires an additional clause in the compensation section, providing for the payment by the company of the interest charges on any terminal facilities required.

These modifications have been made and a proposed form of contract is now transmitted herewith, with the recommendation that it be tentatively approved by the Board and forwarded to the Corporation Counsel for his approval as to form and for the insertion therein of such matter as he deems necessary to fully protect the interests of the City.

A resolution is submitted for adoption. Respectfully,

W. J. GAYNOR, Mayor; WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen.

The contract as amended is as follows:

This contract, made this day of , 1911, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Manhattan Bridge Three Cent Line (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the following rights and privileges:

First—To construct, maintain and operate a street surface railway with the necessary wires and equipment for the purpose of conveying passengers and property in the Boroughs of Manhattan and Brooklyn in The City of New York, upon the following routes:

Also a branch beginning at and connecting with the above described route at the intersection of Washington and Desbrosses streets, thence by single track in and upon Desbrosses street to Greenwich street, thence by single track in and upon Greenwich street to Vestry street, and there connecting with the above-described tracks in said last-named street, all in the Borough of Manhattan.

The said routes with turnouts, switches and crossovers hereby authorized are shown upon a map entitled: "Map showing proposed track of the Manhattan Bridge Three Cent Line in the Boroughs of Manhattan and Brooklyn, City of New York, to accompany petition to the Board of Estimate and Apportionment, dated December 30, 1909," and signed by F. Brackenridge, Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Second—To operate the cars of the Company upon two (2) tracks when constructed upon the Manhattan Bridge and approaches thereto, such tracks to be assigned to the Company by the Commissioner of Bridges; beginning at a point in the southerly side of Canal street upon the land acquired by the City for bridge terminal purposes, in the Borough of Manhattan, and there connecting with the tracks of the Company, first above described, thence in and upon said bridge terminal to the approach to the Manhattan Bridge in the Borough of Manhattan, thence upon and along said bridge approach to the Manhattan Bridge, thence upon and along said bridge to the approach thereto in the Borough of Brooklyn, to land acquired for the Manhattan Bridge terminal in the Borough of Brooklyn, thence upon and along said land to Nassau street, and there connecting with the above-described tracks in Nassau street. The said route is more particularly shown upon the map hereinbefore referred to and is to be operated by the Company as a continuous route in connection with the route hereinbefore described.

Section 2. The grant of the right or privilege to construct, maintain and operate said railway from a point in the marginal way adjacent to the North River at or near Desbrosses Street Ferry to the entrance to the Manhattan Bridge and upon the approach thereto upon the routes hereinbefore described in the Borough of Manhattan, and from the entrance to the Manhattan Bridge to the intersection of Atlantic avenue with Fourth avenue, upon the routes hereinbefore described in the Borough of Brooklyn, is subject to the following conditions which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said six (6) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right and privilege shall be held and enjoyed by the Company for the term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of fifteen (15) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier

than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding fifteen (15) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the routes hereinbefore described, and the Company shall not at any time oppose, but shall consent to the construction and operation of any street surface railway by any such other corporation or individual which may receive a franchise therefor from the City, and which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Should the City at any time during the term of this contract grant the right to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described or any portion thereof, then the City shall within thirty (30) days thereafter give notice to the Company that such right has been granted and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route or any portion thereof over which such corporation or individual may receive a right or privilege, and continue such operation during the term thereof. Such corporation or individual shall pay to the Company for the right to use its tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the railway upon the Company's tracks, such sum or sums as may be agreed upon by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, then such sum or sums as shall be determined by arbitrators, as hereinafter provided.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such tracks, then such compensation shall be fixed by arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual. In default of such selection by either party within thirty (30) days after the expiration of said ninety (90) days, then the person who shall have been so selected by one party shall appoint and associate with himself one fit and impartial person for the purposes aforesaid, and if the person so chosen shall differ in judgment, they shall appoint a fit and impartial person to be associated with them for the said purpose, if they can agree upon such person, or if they cannot agree, then each of them shall nominate two fit and impartial persons and from the names of the four persons so nominated that of one of them shall be drawn by lot, who shall be associated for the purpose aforesaid with the said two persons previously so respectively chosen or appointed. The decision under oath of any two of the said persons who shall be so selected shall be final and conclusive. The compensation and expenses of the persons so selected shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement has been reached between said parties or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators as herein provided, the said parties shall enter into a written agreement which will specify the sum or sums which such corporation or individual shall pay to the Company for said privilege and the Company shall file the same with the Board. If the Company fails to sign such an agreement within said thirty (30) days and file the same with the Board, then the right herein granted shall cease and determine.

Fourth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order, by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

If at the termination of the renewal term of this contract, the Company shall not have leased said railway from the City and thereby obtained the right to operate said railway for a further period, then the City shall purchase at its then value the property not within the streets then owned by the Company and necessary for the operation of said railway. In case the City and the Company cannot agree upon the value of said property, the value therefor shall be determined by arbitration.

Fifth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court made pursuant to section 174 of the Railroad Law confirming the determination of the Commissioners appointed thereunder, that such railway ought to be constructed, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such consents or the date of such order; otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board, the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Sixth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials. In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The portion of said railway in the Borough of Manhattan and upon the Manhattan Bridge and its terminals shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan, by gas engine power or by electric storage battery power; provided that any other power may be used, except locomotive steam power, horse power or overhead electric power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York. The portion of said railway in the Borough of Brooklyn, except upon the Manhattan Bridge and its terminals, may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Brooklyn, by gas engine power or by electric storage battery power; provided that any other power may be used, except locomotive steam power or horse power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Eighth—No wires for the transmission of power, except trolley wires, shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two (2) conduits not less than three (3) inches in diameter each for the exclusive use of the City. The Company hereby agrees that such conduits shall be used only by the Company and the City, as above.

Ninth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Tenth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs in the Borough of Manhattan after the expiration of thirty (30) days' notice to do so from the President of the Borough of Manhattan or to make pavement or repairs in the Borough of Brooklyn, after like notice from the President of the Borough of Brooklyn, then the said Presidents or either of them may make such pavement or repairs in their respective Boroughs at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Eleventh—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twelfth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Thirteenth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Section 3. The grant of the right or privilege to operate cars upon two (2) tracks on the Manhattan Bridge and the approaches thereto, upon the route hereinbefore described, and to use other equipment owned by the City upon said bridge, is subject to the following conditions, which shall be complied with by the Company.

First—The said right and privilege shall be held and enjoyed by the Company for a term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of fifteen (15) years, upon a fair revaluation of said right and privilege.

Such revaluation shall be made in like manner and upon the same conditions as that herein provided for the revaluation of the right and privilege to construct, maintain and operate a railway from Desbrosses Street Ferry to the Manhattan Bridge in the Borough of Manhattan and from the intersection of Atlantic avenue with Fourth avenue to the Manhattan Bridge in the Borough of Brooklyn.

Second—The Company shall use only such tracks as shall be assigned to the Company by the Commissioner of Bridges, and nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, or to affect the right of the Commissioner of Bridges to assign the same or other tracks to such individual or other corporation.

Such tracks and all electrical equipment necessary for the operation of cars thereon shall be installed at the expense of the City, and shall remain the property of the City, but the Company shall pay the cost of keeping and maintaining such tracks and electrical equipment in good order and repair, and in such manner as shall be approved and directed by the Commissioner of Bridges, and shall furnish all motive power required by the Commissioner of Bridges, for the operation of its cars, and the Company shall renew any or all tracks and electrical equipment used by it upon the bridge and its terminals when directed by the Commissioner of Bridges and in such manner as may be prescribed by him. If deemed necessary by the Commissioner of Bridges, the Company shall install and operate a system of signals to insure the safe and efficient operation of cars; such system to be approved by the Commissioner of Bridges. In the event of any necessity for changing the layout of tracks, curves, switches, sidings or platforms on the bridge in order to facilitate operation of cars by the Company, said Company must do all the work and furnish all the labor and tools necessary for effecting such changes, which shall all be made under the control and direction of the Commissioner of Bridges, and no such changes or construction connected therewith, or relating thereto, shall be made unless the plan or plans for the same have been first submitted to the Commissioner of Bridges and approved by him.

If, however, the tracks and appliances herein mentioned are used by any other individual or corporation, then the Company shall bear only such proportion of the cost or work required by the terms and conditions of this subdivision as the use of such track and appliances by the Company bears to the entire use of such track and appliances.

Third—Before beginning the operation of the cars, the Company shall file with the Commissioner of Bridges a statement for his approval and assent as to the type of car which it proposes to operate and a sketch showing clearance dimensions, weight on axles and wheel spacing, or such other information as may be required by said Commissioner. All cars operated over the bridge by the Company and all equipment and appliances relating to such operation shall be subject at all times to the inspection of

the Commissioner of Bridges or his authorized representatives, who shall have power to forbid the entrance to the bridge of cars which may for any reason be unsatisfactory, and who shall have power to direct the removal of any old or inadequate appliance and the substitution thereof of appliances of approved character.

Said Commissioner may adopt rules and regulations in regard to the number of cars to be operated over the bridge, the rate of speed of said cars, the movement and headway thereof, the type and weight of cars to be used and the condition thereof, the switching of cars and the use of platforms and the control of the electrical current used by the Company, and the said Commissioner may alter and amend any such rules and regulations so as to secure the safety and comfort of persons using the bridge and preserve the purposes for which the bridge was constructed, and, upon serving notice upon the Company that such rules and regulations have been made, amended or altered, the Company shall comply with all the requirements thereof.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the Commissioner of Bridges to make any alterations or changes in the construction, operation or management of the bridge or to affect in any way the control of such Commissioner over such bridge, as provided by the Charter of the City.

Section 4. The grant of the said right and privilege to construct, maintain and operate a street surface railway from a point in the marginal way adjacent to the North River at or near Desbrosses Street Ferry to the westerly approach to the Manhattan Bridge in the Borough of Manhattan and from the easterly approach to said bridge to the intersection of Fourth and Atlantic avenues in the Borough of Brooklyn, upon the routes hereinbefore described and the grant of the said right and privilege to operate cars upon the Manhattan Bridge and the approaches thereto are both subject to the following conditions which shall be complied with by the Company:

First—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of fifteen thousand dollars (\$15,000) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than four thousand dollars (\$4,000), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of four thousand dollars (\$4,000).

During the second term of five (5) years an annual sum which shall in no case be less than seven thousand dollars (\$7,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven thousand dollars (\$7,000).

The gross annual receipts mentioned above shall be the gross receipts of the Company from all sources within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

(c) For the use of the tracks owned by the City upon the Manhattan Bridge and the approaches thereto, the sum of five cents for each round trip or the sum of two and one-half cents for each single trip of each and every car operated upon the bridge.

The number of such cars shall be certified by the Commissioner of Bridges to the Comptroller once each month in such form as shall be designated by the Comptroller.

(d) The Company shall pay to the City four (4) per cent. per annum upon the cost of any terminal loops or other terminal facilities which are the property of the City and used by the Company; provided, however, that if such terminal facilities are used by any other company or companies, then the Company shall only pay such portion of four (4) per cent. per annum upon the cost thereof as shall be proportionate to the use of such facilities by the Company.

The Commissioner of Bridges shall determine such amounts due the City and certify the same to the Comptroller.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board or any law of the State of New York.

Second—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Third—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fourth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Fifth—The rate of fare for any passenger upon said railway shall not exceed three (3) cents, and the Company shall not charge any passenger more than three (3) cents for one continuous ride from any point on its road or on any road, line or branch operated by it or under its control to any other point thereof or any connecting branch thereof within the limits of the City, and the Company shall at all times have tickets on sale, one of which shall entitle a passenger to a like privilege, and the Company shall sell such tickets at a rate not exceeding five (5) cents for two tickets.

Should the Company at any time during the term of this contract be merged or consolidated with any other street surface railway company or companies, whose lines connect with or intersect the lines of the Company, the Company shall, by reason of such merger or consolidation, become obligated to receive passengers from and transfer passengers to the lines of such merged or consolidated company or companies and said passengers shall be given a continuous ride over the lines of the Company and the lines of such merged or consolidated company or companies for a single fare of not exceeding five (5) cents.

In the event of the failure at any time subsequent to such merger or consolidation of the Company or any merged or consolidated company or companies whose lines connect with or intersect the lines of the Company or of the successors or assigns of such company or companies for any reason whatsoever to receive and transfer passengers as hereinabove provided, this franchise shall ipso facto become void and forfeited.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Sixth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway. Provided that no cars for the transportation of express matter shall be operated between the hours of six o'clock a. m. and eight o'clock p. m. daily, and that the Board may further limit the operation of such cars as public convenience may require.

The rate for the carrying of property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such services than provided for by it.

Seventh—The Company shall attach to each car run over the said railway proper fenders and wheelguards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eighth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter during the term of this contract be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Ninth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Tenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Eleventh—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time upon the request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twelfth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Thirteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fourteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Fifteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Sixteenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars (\$10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting thereunder, relating to the headway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheelguards, in case of a violation of the provisions relating to these matters, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the

amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars (\$10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Seventeenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Eighteenth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, driveways, bridges, viaducts, public places or any other property to which the City has title or over which the public has an easement," encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Nineteenth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 5. Nothing in this contract shall be construed as in any manner limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 6. This grant is also upon the further and express condition that the provisions of article 5 and other provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

The Secretary presented the following:

The Brooklyn and North River Railroad Company, 165 Broadway, New York, March 20, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman of Franchise Committee of the Board of Estimate and Apportionment of The City of New York, City Hall, New York, N. Y.:

Dear Sir—There has been referred to your Committee the matter of the application of the Brooklyn and North River Railroad Company for a franchise from a terminal at or near the intersection of Flatbush avenue and Fulton street, in the Borough of Brooklyn, along the Flatbush avenue extension and across the Manhattan Bridge and its approaches and along Canal street and other streets to the Desbrosses Street Ferry, North River, together with a report from the Engineer, Chief of Bureau of Franchises, dated January 15, 1912.

There has also been referred to your committee the application of the Manhattan Bridge Three Cent Line, which proposes to operate a street surface railroad from the Flatbush avenue station of the Long Island Railroad Company along various streets and over the Manhattan Bridge and its approaches to the Desbrosses Street Ferry, North River. This latter application, we understand, will appear upon the calendar of the Board of Estimate and Apportionment to-morrow morning with the report of the Franchise Committee.

As you have been informed by the petition pending before you, the Brooklyn and North River Railroad Company is in a position to make arrangements with the various surface railroad companies in the Boroughs of Manhattan and Brooklyn for the exchange of transfers for a five-cent fare, and is also in a position to make arrangements with the various companies involved for the use of their tracks. The Manhattan Bridge Three Cent Line is not in a position to accomplish either of these objects, and it is obvious that the final result of granting a franchise to the Three Cent Line would only be operation over the bridge structure and the Flatbush avenue extension for a three-cent fare without the various privileges which are offered by the companies which have formed the Brooklyn and North River Railroad Company.

Our object in writing this letter is to ask that the Brooklyn and North River Railroad Company shall have an opportunity to present its proposed plans to the Franchise Committee before the adoption of any formal resolution by the Board of Estimate and Apportionment on the application of the Manhattan Bridge Three Cent Line. We believe that the proposition made by the Brooklyn and North River Railroad Company is highly advantageous to the public and will serve persons using the Manhattan Bridge far better than possibly can be done by the Three Cent Line.

Yours very truly,

THE BROOKLYN AND NORTH RIVER RAILROAD COMPANY,

By GEO. KEEGAN, Secretary.

George W. Davison, William N. Coleman and George D. Yeomans appeared on behalf of the Brooklyn and North River Railroad Company and requested that action on the petition of the Manhattan Three Cent Line be deferred pending a hearing on the petition of the Brooklyn and North River Railroad Company, so that the merits of both petitions could be jointly discussed.

Arthur Carter Hume appeared on behalf of the Manhattan Bridge Service Company.

Almet R. Latson appeared on behalf of the Manhattan Bridge Three Cent Line. The matter was laid over until the meeting of March 28, 1912, to permit the members of the Board an opportunity to familiarize themselves with the proposed contract.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

\$1,367.15, within the appropriation made to the Department of Parks, Boroughs of Manhattan and Richmond, for the year 1911.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, February 28, 1912.

To the Honorable the Board of Estimate and Apportionment, The City of New York:

Gentlemen—I transmit herewith a copy of a communication addressed to me by the Director of the New York Aquarium, under date of February 2, 1912, requesting a transfer of \$1,367.15 within the appropriation made for the Aquarium in the Budget of 1911. The original never reached this office, which has caused some delay.

I respectfully request that you take immediate action upon the matter to enable the Aquarium to liquidate outstanding liabilities against the various accounts in the Budget of last year. Respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

February 2, 1912.

Hon. CHARLES B. STOVER, Commissioner, Department of Parks, Manhattan and Richmond, The Arsenal, Central Park, New York City:

Sir—I respectfully ask that you request the following transfers from various accounts, amounting to \$1,367.15, within the appropriation made for the Aquarium in the Budget for 1911.

FROM		
1090 General Supplies .....	\$509 62	
1094 Fuel and Light .....	723 97	
1095 Contingencies .....	133 56	
	<u>\$1,367 15</u>	
TO		
1089 Telephone Service .....	\$19 21	
1091 Materials for Repairs and Replacements by Departmental Labor..	145 10	
1092 Repairs and Replacements by Contract or Open Order .....	120 46	
1093 Hired Teams, Horses and Carts .....	27 33	
1096 Special Contract Obligations .....	1,055 05	
	<u>\$1,367 15</u>	

The request for these transfers is made necessary for the reason that I have been able to effect a saving in some accounts for the year, while others I have found it impossible to get along with.

In the account of Fuel and Light there has been a saving amounting to \$723.97, for the reason that we have installed a new system of heating the water to keep the tanks at various temperatures.

We have also economized in our General Supply account during the year, and the balance available we would like to transfer to help us liquidate liabilities that we have incurred in other accounts.

During the early part of the summer of 1911 we began to keep the Aquarium open until ten o'clock, and this naturally increased the cost of lighting to a considerable extent. The total amount allowed in the Budget of 1911 for Special Contract Obligations was \$1,375. There is outstanding against this account contract liabilities which we have incurred for the additional lighting necessary in keeping the building open at night to an amount of \$1,055.05.

It will also be necessary to transfer the amount of \$27.33 to 1093, Hired Teams, Horses and Carts. The deficit in this case was caused by it becoming necessary to employ cartmen to remove our garbage and ashes during the recent strike.

During the past year it became necessary to enlarge the telephone system at the Aquarium, thereby increasing the cost of maintenance.

The amounts requested to be transferred to Material for Repairs and Replacements by Departmental Labor and Repairs and Replacements by Contract and Open Order are necessary because of extensive repair and contract repair to the building. Very respectfully yours, CHARLES H. TOWNSEND, Director.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 28, 1912, the Commissioner of Parks, Manhattan and Richmond, requested the transfer of \$1,367.15 within appropriations for the Maintenance of the Aquarium, for the year 1911. In connection therewith I report as follows:

The request is for the purpose of providing for deficits in the following accounts:

1089 Telephone Service .....	\$19 21
1091 Materials for Repairs and Replacements by Departmental Labor..	145 10
1092 Repairs and Replacements by Contract or Open Order .....	120 46
1093 Hired Teams, Horses and Carts .....	27 33
1096 Special Contract Obligations .....	1,055 05

The Director of the Aquarium states that the deficit in No. 1096 was caused by increased cost for lighting due to keeping the Aquarium open most of the year until 10 p. m. instead of 6 p. m. The appropriation for the account was \$1,375, and the expenditures and liabilities amounted to \$2,430.05.

The deficit in No. 1093, was caused by the hire of cartmen to remove ashes and garbage during the street cleaning strike. It was found necessary to make extensive repairs to the building, causing the deficit of \$120.46 in Nos. 1091 and 1092. The deficit in No. 1089, the Director states, was due to an enlargement of the telephone system in the Aquarium. There are sufficient balances available for the debit transfers in the following accounts:

1090—General Supplies.  
1094—Fuel and Light.  
1095—Contingencies.

I recommend the adoption of the attached resolution approving the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Parks, Boroughs of Manhattan and Richmond, for the year 1911, as follows:

\$2,174.43 within the appropriation made to the Department of Water Supply, Gas and Electricity, for the year 1911.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, March 7, 1912.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, New York:

Dear Sir—The telephone bills for the last part of 1911 have all been rendered and have been checked up. The total amount is less than the balances remaining in the appropriations for telephone service, but in the appropriate accounts for two of the boroughs there is not sufficient to pay these bills. I therefore respectfully request that the Board of Estimate and Apportionment transfer from the surplus balances of other appropriations for telephone services to the two which are deficient, as indicated below:

FROM		
1911—476 Water Supply, Boroughs of Manhattan and The Bronx, Administration, Telephone Service .....	\$1,694 30	
1911—597 Water Supply, Borough of Richmond, Administration—Telephone Service .....	480 13	
	<u>\$2,174 43</u>	
TO		
1911—455 Department of Water Supply, Gas and Electricity—Departmental Administration, Telephone Service .....	\$1,896 55	
1911—567 Water Supply, Borough of Queens, Administration—Telephone Service .....	277 88	
	<u>\$2,174 43</u>	

Yours truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 7, 1912, the Commissioner of Water Supply, Gas and Electricity requested transfers aggregating \$2,174.43 with four appropriations to his Department for telephone service, for the year 1911. In connection therewith I report as follows:

The present status of the accounts within which the proposed transfers are to be made is stated as follows:

		Appropriation.	Audited Vouchers.	Bills. Outstanding.	Balance.
Account	No. 455.....	\$3,600 00	\$3,528 06	\$1,968 49	*\$1,896 55
Account	No. 476.....	5,000 00	3,256 00		1,744 00
Account	No. 567.....	1,600 00	1,491 87	3,386 01	*277 88
Account	No. 597.....	1,500 00	1,019 87	.....	480 13
		<u>\$11,700 00</u>	<u>\$9,295 80</u>	<u>\$2,354 50</u>	<u>\$49 70</u>

\*Deficit.

The deficit of \$1,896.55 in No. 455 is mainly due to the fact that the cost of telephone services for the office of the Water Registrar in Manhattan and The Bronx under the new system of accounting installed in the Department during 1911 was charged against Departmental Administration instead of Water Supply—Boroughs of Manhattan and The Bronx—Administration. This service in 1911 cost \$1,849.90.

It is stated that the transfers will permit payment of the telephone bills of the Department for 1911.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Respectfully, JOHN W. BRANNAN, Secretary, Board of Trustees.

Bellevue and Allied Hospitals, Office of the General Medical Superintendent, Bellevue Hospital, 1st Avenue and 26th Street, New York City, February 7, 1912.

Dr. GEORGE O'HANLON, General Medical Superintendent, Bellevue and Allied Hospitals:

Dear Sir—Mr. Charles Barry called at this office recently in regard to his claim for \$163 for repairs to Bellevue Hospital ambulance No. 4, which was damaged by a 3d avenue trolley car at 23d street and 3d avenue, on or about the 1st of September, 1910.

This claim has been held in this office with the understanding that it had been agreed with the railroad company to settle direct with Mr. Barry. No information to the contrary had been received in this office, until about May 1, 1911, at which time Mr. William Barry, son of Mr. Charles Barry, called and informed the writer that payment for this amount had not been made by the railroad company. He agreed to take the matter up direct with the company.

The next information was received under date of August 21, 1911, when Mr. Charles Barry wrote. After this I telephoned to Mr. H. A. Wellington, who is the representative of Mr. Frederick W. Whitridge, receiver of the Third Avenue Railroad Company. Mr. Wellington and another gentleman paid a visit to this office under date of November 13, 1911, at which time he made an offer to settle this account for \$81.50. This offer on one of his visiting cards, together with letter of Charles Barry, and copy of order, are transmitted herewith. Mr. Wellington was referred to the General Medical Superintendent, but as I have since learned, never reached that office. During the conversation, Mr. Wellington informed the writer that his firm had received an offer to repair this ambulance for \$92.75, but did not care to mention the name of the firm, but stated he believed it to be reliable. This statement is not substantiated by any written evidence.

It now appears that this Department should pay this bill, and a claim should be made for these damages by the City through the Corporation Counsel against the railroad company. This amount has not been carried on our books as a liability and as the balances in the appropriation against which this should be charged have been written off our books by direction of the Comptroller, I recommend that the Board of Estimate and Apportionment be requested to grant a transfer within the appropriation of 1910 to meet this liability as follows:

Transfer from appropriation entitled

199 General Supplies, 1910 .....

	\$163 00
--	----------

—to the appropriation entitled

201 Repairs and Replacements by Contract and Open Order, 1910.. \$163 00  
—as there is an unexpended and unencumbered amount in the former to permit of this transaction. Respectfully yours,

GEO. A. WHITE, Contract Clerk and Auditor.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 15, 1912, the Board of Trustees of Bellevue and Allied Hospitals requested the transfer of \$163 within appropriations to that Department for the year 1910. In connection therewith I report as follows:

The request is in two supply accounts. The credit transfer is to No. 210, Repairs and Replacements by Contract or Open Order, the \$163 to cover a bill for repairs to an ambulance.

In September, 1910, Bellevue Hospital Ambulance No. 4 was damaged by a trolley car of the Third Avenue Railroad Company. The Department ordered that the ambulance be repaired by Charles Barry, who rendered a bill for \$163. A representative of the receiver of the railroad company offered to settle the account for \$81.50. Mr. Barry refused to accept that amount. He holds the order of the Department to perform the work, which was inspected and found satisfactory by a representative of the Department of Finance. The Board of Trustees does not consider the bill for \$163 unreasonable, and has requested the Corporation Counsel to proceed to recover the amount from the railroad company.

There is an ample unencumbered balance in No. 199, General Supplies, for the transfer.

I recommend that the request be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Bellevue and Allied Hospitals for the year 1910, as follows:

FROM	
199 General Supplies .....	\$163 00
TO	
201 Repairs and Replacements by Contract or Open Order.....	\$163 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

\$366.79 from Account 2306, within the appropriation made to the County Court of Kings County for the year 1912, to Account 2326, within the appropriation made to the County Clerk of Kings County, for the same year.

County Clerk's Office, County of Kings, Hall of Records, Brooklyn, N. Y., February 9, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller, 280 Broadway, New York City:

My Dear Mr. Comptroller—For the purpose of improving the telephone service of the County Court of Kings County, and for the reduction of operating expenses, I respectfully request that you transfer from the Salaried Account of the County Court of Kings County to the Salaried Account of the County Clerk of Kings County, Code No. 2300 of 1912, the sum of nine hundred dollars, and also Code No. 2306 of 1912, Telephone Service, four hundred dollars.

The purpose as I explained to you in our conversation is to consolidate under one Operator one switchboard service for both the County Court and County Clerk's office.

If you will kindly facilitate this transfer as speedily as possible, I will appreciate it very much. Very sincerely yours,

CHARLES S. DEVOY, County Clerk, Kings County.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 9, 1912, the County Clerk of Kings County requested the transfer to his office of \$1,300, appropriated to the County Court, Kings County, for the year 1912. On March 1, 1912, the request was orally amended to make the amount \$366.79. In connection therewith I report as follows:

The transfer is from No. 2306, Telephone Service, County Court, to No. 2326, Telephone Service, County Clerk. The two County Judges have consented to the transfer.

At present there are two telephone switchboards, one in the County Court and one in the County Clerk's office; necessitating the employment of two Operators, at \$900 and \$720 per annum, respectively. It is proposed to consolidate the switchboards, and employ only one Operator, at \$900. In addition to the saving, the County Clerk and the Judges are of the opinion the telephone service will be improved.

The appropriation for No. 2306 was \$400, and the balance is \$366.79. The expenditures are to be paid by the County Clerk.

I recommend the adoption of the attached resolution granting the amended request. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Trusting that this request will receive your early and favorable consideration, I remain, Yours very truly,

M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 28, 1912, the Commissioner of Public Charities requested transfers in the sum of \$6,810 within appropriations to his Department for the year 1911, as follows:

FROM	
778 Materials for Repairs and Replacements by Departmental Labor, Brooklyn and Queens.....	\$1,065 00
779 Repairs and Replacements by Contract or Open Order, Brooklyn and Queens .....	4,275 00

753 Telephone Service, Manhattan and The Bronx.....	300 00
806 Donations to Grand Army Veterans, Miscellaneous.....	4,900 00

The appropriation for No. 747 was \$122,964. The present liabilities amount to \$124,541.39, showing a deficit of \$1,577.39.

The appropriation for No. 753 was \$6,000. Liabilities amounting to \$6,278.09 were incurred, or \$278.09 in excess of the appropriation.

The appropriation for No. 806 was \$33,000. The amount required to date for donations to Grand Army Veterans is \$37,868.89, showing a deficit of \$4,868.89.

The Commissioner states that the small amounts asked for in excess of the present liabilities are to provide against additional possible bills. The balances in the debit accounts are sufficient for the proposed transfers.

I recommend that the request be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller.

\$20 from Account 829, within the appropriation made to the Police Department, for the year 1911, to Account 1418, within the appropriation made to the City Magistrates' Court, First Division, for the same year.

Board of City Magistrates, First Division, City of New York, 300 Mulberry Street, Manhattan, March 11, 1912.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, Manhattan:

Sirs—Having obtained the consent of Hon. Rhinelander Waldo, Police Commissioner, for the transfer of the sum of twenty dollars (\$20), from the unexpended funds in the Police Department, to the use of this Division, application is hereby respectfully made for said transfer from the 1911 appropriation, Contingency Account of the Police Department, to the 1911 appropriation, Contingency Account of the City Magistrates' Courts, First Division.

This transfer is necessary to meet an outstanding obligation incurred in 1911, which remains unpaid owing to lack of funds. Very respectfully yours,

PHILIP BLOCH, Chief Clerk.

Police Department of The City of New York, Office of the Commissioner, March 8, 1912.

Hon. WILLIAM McADOO, Chief City Magistrate, 300 Mulberry Street, New York City:

My Dear Judge—I have your letter of March 7. I have no objection to the transfer of \$20 from the 1911 Contingent Fund of this Department to your Department. Yours very truly,

R. WALDO, Police Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 11, 1912, the Chief Clerk of the Board of City Magistrates, First Division, requested the transfer of \$20 from an appropriation to the Police Department for the year 1911 to an account in the City Magistrates' Courts, First Division, for the same year. In connection therewith I report as follows:

It is proposed to transfer the \$20 from No. 829, Contingencies, Police Department, to No. 1418, Contingencies, City Magistrates' Courts, First Division.

The appropriation for No. 1418 was \$1,200. On February 21, 1912, the account was increased to \$1,235 by a transfer from No. 829. It now appears that a claim of Edward Stoetzel for \$20, for labor in assisting in restoring and filing records in the West Side Court Building, was improperly charged against the 1912 instead of the 1911 account for Contingencies. The item was not paid by the Department of Finance, and the transfer is to permit of payment from the 1911 account. The Police Commissioner has consented to the transfer of the \$20 from the Contingent Account in his Department.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

\$995 within the appropriation made to the President of the Borough of Brooklyn for the year 1912.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, February 24, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller, 280 Broadway, New York:

Dear Sir—I respectfully request that you kindly prepare a report recommending that the Board of Estimate and Apportionment transfer the sum of \$995 from appropriation known as, "1954, Repairs and Replacements by Contract or Open Order, Bureau of Public Buildings and Offices," to appropriation known as, "1991, Purchase and Original Equipment of Automobiles, Bureau of Highways."

The necessity for this transfer is the purchase of one automobile to replace a machine that has practically outlived its usefulness, and which, if we continue to operate, will be very costly to maintain. We feel that it would be a much cheaper and more businesslike proposition to purchase another machine for the sum of \$995, rather than maintain this old one.

As there is sufficient appropriation in the account 1954, I would thank you to have a favorable report made on this matter at your early convenience.

Yours very truly,

L. H. POUNDS, Acting Borough President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 24, 1912, the Acting President of the Borough of Brooklyn requested the transfer of \$995 from Repairs and Replacements by Contract or Open Order, No. 1954, Public Buildings and Offices, to Purchase and Original Equipment of Automobiles, No. 1991, Highways, in his office for the year 1912. In connection therewith I report as follows:

The transfer is for the purchase of an automobile for the Bureau of Public Buildings and Offices, to replace one which, it is stated, is old and worn, and in need of repairs estimated to cost several hundred dollars. The old car was purchased in December, 1908, for \$1,542. The cost of repairs for 1910 amounted to \$282.64, and in 1911 to \$478.33. The Acting President is of the opinion it would be more economical to purchase a new machine, and it is intended to purchase a second-hand car for \$995. As no appropriation was made in the 1912 Budget for the purchase of automobiles for the Bureau of Public Buildings and Offices, it is proposed, in order that the expenditure may be charged to an account for the purpose, that the \$995 necessary be transferred to the Highways Account. The automobile when purchased will be transferred to the Bureau of Public Buildings and Offices.

It is stated by the Acting President that it is necessary for the Superintendent to have an automobile to perform properly the duties of his office. There are 43 buildings, baths and comfort stations under his jurisdiction. It is stated that there is sufficient appropriation in Account No. 1954, Repairs and Replacements by Contract or Open Order, to permit of the transfer of \$995.

I recommend the adoption of the resolution hereto attached granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented reports of the Comptroller as follows:

Relative to the numerous cash balances in corporate stock funds, representing amounts in excess of the sums required for the purposes for which the respective issues of corporate stock were authorized, and recommending that the Board approve of a plan for the disposition of these unencumbered cash balances, by the amendment of section 237 of the Charter, and that the Corporation Counsel be requested to introduce in the Legislature for enactment such proposed amendment;

Relative to the installation of cost and expense records in the various departments of the City government, and submitting report on the present status of the work.

Which were laid over one week, March 28, 1912.

The Secretary presented the following report of the Comptroller recommending that the conditions in the Budget for 1912 governing payments to charitable institutions, be modified, so that the per capita allowance for blind babies will be \$1 per day in lieu of 60 cents per day, and the per capita allowance for defective children in institutions maintained exclusively for such will be 60 cents in lieu of 50 cents per day:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—In preparing the Budget for the Charitable Institutions for 1912, the Budget Committee found evidence that the per capita allowance made in previous Budgets for blind babies and for defective children were inadequate to provide for proper care and maintenance. It was the intention of the Budget Committee to in-

crease the rate for blind babies from sixty cents to one dollar per day, and for defective children from fifty cents to sixty cents per day. This decision was made in the last hours of the preparation of the Budget. A few hours later the Budget Committee decided to reduce the general Budget as already set up by about four and one-half million dollars. This necessitated several hundred changes, in fact an almost complete remaking of the Budget. In the great rush of this work, the per capita allowance for blind babies and defective children was set up in the Budget at rates that prevailed in 1911, and not at the new rate decided upon by the Budget Committee.

The per capita rate for blind babies and defective children applies to several institutions maintained exclusively for the care of such children. The appropriations made for Charitable Institutions is sufficient to pay the higher rate necessary in order to make proper provision for these children. However, the appropriations are governed by conditions which limits the per capita allowance. I recommend that the conditions governing payments of the charitable institutions be modified so that the per capita allowance for blind babies will be one dollar per day instead of sixty cents per day, and the per capita allowance for defective children in institutions maintained exclusively for such shall be sixty cents instead of fifty cents per day. Attached hereto is a resolution, which, if adopted, will carry this recommendation into effect. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby modifies the conditions in the 1912 Budget governing payments to charitable institutions so that the per capita allowance for blind babies shall read one dollar (\$1) per day in lieu of sixty (60) cents per day, and the per capita allowance for defective children in institutions maintained exclusively for such shall read sixty (60) cents in lieu of fifty (50) cents per day.

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond requesting, and report of the Comptroller recommending, modification of salary schedule 910, supporting the appropriation made in the Budget for the year 1912, for said Department, to be effective as of March 1, 1912, providing for the substitution of a Clerk, at \$900 per annum, for a Stenographer and Typewriter at the same rate:

The City of New York, Department of Parks, Arsenal, Central Park, March 5, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—Pursuant to your communication under date of 28th ult., relative to the installation of the cost accounting system and store's ledger in this Department, and recommending that I assign a Clerk to insure the continuation of that work, I respectfully request a modification of Schedule 910, Salaries, Regular Employees, in the Budget for 1912, by eliminating therefrom one Stenographer and Typewriter at \$900 per annum and inserting in lieu thereof an additional Clerk at \$900 per annum.

This request is necessary for the reason that I cannot spare a Clerk from the present staff, and, in addition, feel that I can make much better use of a Clerk under the conditions than I could of a Stenographer.

The Examiners detailed from the Division of Expert Accounting, in your Department, are now working upon this system and your immediate action upon this request will enable me to assign a Clerk to them so that he may be instructed by them while on the work. I further request that the modification requested take effect as of March 12 so this work will not be delayed.

The schedule as revised entails no increase in the appropriation and will read as follows:

To the Board of Estimate and Apportionment:

Gentlemen—On March 5, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested modification of the 1912 salary schedule in his Department entitled, Personal Service, Administration, Executive, No. 910, Salaries, Regular Employees. In connection therewith I report as follows:

It is proposed to substitute a Clerk, at \$900 per annum, for a Stenographer and Typewriter at the same rate. The Clerk is to be appointed for work on the Cost Accounting System, now being installed in the Department by employees of the Department of Finance.

The following table shows the line item changes in detail:

No increase in compensation is involved.

I recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communications from the Department of Docks and Ferries requesting, and report of the Comptroller relative to, the modification of salary schedules 126, 130, 134, supporting the appropriation made in the Budget for the year 1912, for said Department, to be effective as of January 1, 1912, providing for a decrease in the salary of a Stenographer and Typewriter from \$1,200 to \$1,000, and for an increase in the salary of two Stenographers from \$1,000 to \$1,100 each, for the appointment of two Topographical Draftsmen at \$1,200 each per annum, and for the appointment of a Foreman of Ship Carpenters at \$5 a day:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, January 22, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman of the Board of Estimate and Apportionment:

Sir—In the Budget for this Department for the year 1912 in "Personal Service, General Administration, Executive, Salaries of Regular Employees," there is provision for one Stenographer and Typewriter, at \$1,200 per annum.

There is also provision in the same schedule for two Stenographers and Typewriters, at \$1,000 per annum.

I request that instead of the provision for one Stenographer and Typewriter, at \$1,200 per annum, and for two at \$1,000 per annum, the schedule be modified to allow for two at \$1,100 per annum and for one at \$1,000 per annum.

Very respectfully, CALVIN TOMKINS, Commissioner of Docks.  
Department of Docks and Ferries, City of New York, Pier "A," North River, New York, January 22, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman of the Board of Estimate and Apportionment:

Sir—I find that in Item 130 of this Department's Budget for the year 1912, General Maintenance, Engineering, Salaries of Regular Employees, there is no schedule line for three Topographical Draftsmen, at \$1,200 per annum. These men have been in the service for some time past and it is necessary to continue them in the service this year. I request that the schedule be modified so as to include these three Topographical Draftsmen, at \$1,200 per annum, increasing the schedule total to \$272,940 and the corporate stock part allowance to \$220,132. The granting of this request will make allowance for four men instead of one at \$1,200 per annum.

We have the corporate stock funds to meet this increased amount of corporate stock part allowance and the change does not increase or in any way alter the tax levy part allowance. Yours respectfully,

CALVIN TOMKINS, Commissioner of Docks.  
Department of Docks and Ferries, City of New York, Pier "A," North River, New York, January 26, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman of the Board of Estimate and Apportionment:

Sir—I request that the Budget for this Department for the year 1912 be modified as follows:

In Personal Service, Construction, Engineering, Line 129B, Wages, Temporary Employees, Corporate Stock Force, drop Ship Carpenter, \$4 per day (7,234 days), \$28,936, and add Ship Carpenter, \$4 per day (6,854 days), \$27,416, and transfer difference, \$1,520, to No. 134, adding that amount to the corporate stock part allowance of \$71,093.25.

In Repairs, Mechanical Bureau, Line 134, Wages, Temporary Employees, Tax Levy and Corporate Stock Force, drop Foreman Ship Carpenter at \$5 per day (35 days), \$175, and add Foreman Ship Carpenter, at \$5 per day (399 days), \$1,995.

This change is necessary in order to make provision for a Foreman of Ship Carpenters required in the Department's work. Yours respectfully,

CALVIN TOMKINS, Commissioner of Docks.  
Department of Docks and Ferries, City of New York, Pier "A," North River, New York, February 15, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman of the Board of Estimate and Apportionment:

Sir—On January 22, 1912, I forwarded to the Board of Estimate and Apportionment a request for the modification of Item No. 130 in this Department's Budget for the year 1912, General Maintenance, Engineering, Salaries of Regular Employees, to add into the schedule a new line for 3 Topographical Draftsmen, at \$1,200 per annum, to permit the payment of salaries to three men who are in the service, but who were in some manner not provided for in the schedule as already adopted.

I hereby withdraw the request of January 22, 1912, and in lieu thereof substitute the following:

In Item No. 130, as already adopted, provision is made for 7 Topographical Draftsmen, at \$1,600 per annum, for 1 Topographical Draftsman, at \$1,350 per annum, and for 1 Topographical Draftsman, at \$1,200 per annum. The positions fixed at \$1,200 per annum and \$1,350 per annum are now vacant and there is one vacancy in the position at \$1,600 per annum.

I request that the schedule be amended as follows, to be effective as of January 1, 1912:

Drop 7 Topographical Draftsmen, at \$1,600 per annum, 1 Topographical Draftsman, at \$1,350 per annum, and 1 Topographical Draftsman, at \$1,200 per annum, and add 6 Topographical Draftsmen, at \$1,600 per annum and 3 Topographical Draftsmen, at \$1,200 per annum, and schedule \$550 as an unassigned balance.

The three Topographical Draftsmen, at \$1,200 per annum, have been at work without pay since January 1, 1912, and I therefore urge that action be taken on this matter as soon as possible.

Very respectfully, CALVIN TOMKINS, Commissioner of Docks.  
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 22 and 29, 1912, the Commissioner of Docks made requests for modification of two wage and two salary schedules in his Department for the year 1912. On February 15 and March 2 the requests were amended to include one wage and two salary schedules. In connection therewith I report as follows:

In Personal Service, General Administration, Executive, No. 126, Salaries, Regular Employees, it is proposed to decrease a position of Stenographer and Typewriter from \$1,200 to \$1,000, and use the balance of \$200 to increase two Stenographers and Typewriters from \$1,000 to \$1,100 each.

In General Maintenance, Engineering, No. 130, Salaries, Regular Employees, Tax Levy and Corporate Stock Force, there are vacancies for Topographical Draftsmen at \$1,600 and \$1,350 each. It is proposed to appoint incumbents at \$1,200 each, the balance of \$550 to be scheduled as unassigned.

To provide for a Foreman of Ship Carpenters at \$5, in General Maintenance, Repairs, Mechanical Bureau, No. 134, Wages, Temporary Employees, Tax Levy and Corporate Stock Forces, a corresponding decrease is made in Ship Carpenters at \$4 per diem. The change involves no increase in compensation.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, March 1, 1912.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, New York:

Dear Sir—Several employees assigned to the Executive, Audit and Accounts and Purchase and Storage of Supplies Divisions of the Administration Branch of the Department are paid from schedules other than their appropriate ones, and, in order to place them in their appropriate schedules and also that I may employ a Typewriter Copyist in place of a Clerk (for which there is already provision in one of these schedules), I respectfully ask that the Board of Estimate and Apportionment approve the enclosed modified schedules; also, that they make the transfer of funds between the accounts affected which is necessary to make these modifications effective.

The transfers are as follows:

HENRY S. THOMPSON, Commissioner.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, March 4, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Dear Sir—In a communication addressed to the Board of Estimate and Apportionment, I asked for modification of salary schedules changing a \$900 Clerkship to Typewriter Copyist at the same rate—\$900. My attention has been called to the fact that the number of Typewriter Copyists established for this Department is already filled. I ask, therefore, that, in your recommendation to the Board of Estimate and Apportionment, the position remain as Clerk at \$900. Yours truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 1, 1912, the Commissioner of Water Supply, Gas and Electricity requested modification of five salary schedules in his Department for 1912, involving transfers aggregating \$2,583.34. In connection therewith I report as follows:

In Personal Service, General Administration, Executive, No. 454, Salaries, Regular Employees, it is proposed to drop a Messenger, at \$1,100, and add a Draftsman, at \$900, an Attendant, at \$1,300, a Clerk at \$900 and schedule \$200 as unassigned. The schedule total is increased from \$93,950 to \$96,150, an increase of \$2,200 on an annual basis, or \$1,833.34 from March 1, 1912. The increase is provided for by transfers of \$1,083.34, from No. 456, and \$750 from No. 462.

In Personal Service, General Administration, Audit and Accounts, No. 455, Salaries, Regular Employees, the addition of a Typewriter Copyist, at \$900 is requested. The attention of the Commissioner having been called to the fact that the number of incumbents in the grade of the position of Typewriter Copyist, at \$900, for his Department is limited to the number provided for in the 1912 Budget schedules, the request has been amended by substituting a Clerk, at \$900, for the Typewriter Copyist, at the same rate. The schedule total is increased from \$41,800 to \$42,700, an increase of \$900 on an annual basis, or \$750 from March 1, 1912. This is provided for by a transfer of \$750 from No. 468.

In Personal Service, General Administration, Purchase and Storage of Supplies, No. 456, Salaries, Regular Employees, an Attendant, at \$1,300, transferred to No. 454, is dropped, and a Clerk is reduced from \$540 to \$300 and \$240 scheduled as unassigned. The schedule total is reduced from \$31,290 to \$29,990, a decrease of \$1,300 on an annual basis, or \$1,083.34 from March 1, 1912. The sum of \$1,083.34 is transferred to No. 454.

In Personal Service, Water Supply, Pumping, No. 462, Salaries, Regular Employees, a Clerk, at \$900, transferred to No. 454, is dropped. The schedule total is reduced from \$33,450 to \$32,550, a decrease of \$900 on an annual basis, or \$750 from March 1, 1912. The sum of \$750 is transferred to No. 454.

In Personal Service, Water Supply, Distribution, No. 468, Salaries, Regular Employees, Tax Levy and Corporate Stock Force, a Draftsman, at \$900, transferred to No. 454, is dropped. The schedule total is reduced from \$61,050 to \$60,150, and the Tax Levy, Part Allowance from \$31,044 to \$30,144, a decrease of \$900 on an annual basis, or \$750 from March 1, 1912. The sum of \$750 is transferred to No. 455.

The line item changes, in detail, are as follows:

Account No.	Schedule Line.	Schedule Transfer.		Cash Transfer.	
		Decrease.	Increase.	Decrease.	Increase.

I recommend the adoption of the attached resolutions granting the amended request. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Supreme Court, Queens County, requesting, and report of the Comptroller recommending, modification of salary schedule 2383, supporting the appropriation made in the Budget for the year 1912 for said Court, providing for increases in the salaries of five Court Attendants from \$1,500 to \$1,600 per annum each, to be effective as of March 1, 1912:

Supreme Court of the State of New York, Long Island City, N. Y., March 4, 1912.  
Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York, 280 Broadway, New York City:

Dear Sir—On February 20, 1912, Justices Garretson and Van Siclen, resident Justices of the Supreme Court in Queens County, pursuant to section 351 of the Judiciary Law, as amended by chapter 566 of Laws of 1911, fixed the salaries of five Court Attendants, namely, Edward A. Frost, Richard W. Burke, Theodore Dohi, Charles McCardell and Charles J. Schneller, at the rate of \$1,600 per annum instead of \$1,500 per annum.

I therefore respectfully request that revenue bonds for the sum of \$416.65 be issued to meet the increase in salaries from March 1, 1912, to the end of the year.

The above section is mandatory. Yours very truly,

THOMAS B. SEAMAN, Special Deputy Clerk, Supreme Court, Queens County, New York.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 4, 1912, the Special Deputy Clerk, Supreme Court, Queens County, requested \$416.65 in special revenue bonds, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter, to provide increases in the compensation of five Court Attendants. In connection therewith I report as follows:

Chapter 566 of the Laws of 1911 provides, in part, as follows:

The court attendants appointed for the supreme court in the county of Queens, pursuant to section one hundred and sixty-eight of this chapter, shall each receive an annual salary to be fixed by the justice or justices in said section mentioned; and the court attendants appointed for the county court in said county, pursuant to section two hundred of this chapter, shall each receive an annual salary to be fixed by the county judge of said county, and all of such salaries shall be a county charge.

Pursuant to the above, Justices Garretson and Van Siclen, resident Justices of the Supreme Court in Queens County, increased the salaries of five Court Attendants from \$1,500 to \$1,600 per annum each, to be effective as of March 1, 1912; and the request is to provide funds for the same to the end of the year.

The amount necessary for the increased compensation will be provided by the issue of special revenue bonds by the Comptroller, as requested.

I recommend the adoption of the attached resolution modifying the salary schedule for the court to include the increased rates. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Commissioner of Records, Surrogates' Court, New York County, requesting, and report of the Comptroller recommending, modification of salary schedule 2183, supporting the appropriation made in the Budget for the year 1912, for the office of said Commissioner of Records for the year 1912, to be effective as of March 15, 1912, to provide for six Index Clerks at \$1,200 each per annum:

Commissioner of Records, Surrogates' Court, County of New York, New York, February 26, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

My Dear Comptroller—As Commissioner of Records of the Surrogates' Court for the County of New York, I would like, on the first day of March, 1912, to appoint

six (6) Index Clerks, as called for in the recent Budget (code number 2183 of 1912 Budget). My request was that said Clerks should be compensated at \$1,000 a year. I have since discovered that, this being a new office, it will really be necessary for me to have experienced men. I cannot do so at the figure named, and I respectfully ask that I be allowed to appoint said Clerks at \$1,200 per annum.

Awaiting your favorable reply, I remain,

Yours very truly,

JOHN F. CURRY.

Approved: John P. Cohalan, Surrogate; Robert Ludlow Fowler, Surrogate.

To the Board of Estimate and Apportionment:

Gentlemen—On February 26, 1912, the Commissioner of Records, Surrogates' Court, New York County, requested \$909.14 in special revenue bonds, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter, to provide additional compensation for six Index Clerks in his office. In connection therewith I report as follows:

Chapter 534 of the Laws of 1911 provides, in part, as follows:

Such commissioner of records shall appoint such employees to assist him in the performance of his duties as may be authorized by the surrogates of the county of New York, and the compensation of such employees shall be fixed by such surrogates and paid in the manner now provided by law for the payment of salaries of employees in the other offices of the county of New York.

Provision was made in the 1912 Budget for six Index Clerks at \$1,000 per annum each. The Commissioner states that he has found it impossible to get experienced Index Clerks at the rate, and therefore proposes to transfer six from the Register's office, New York County. The incumbents to be transferred are at present receiving \$1,200 per annum each, the same rate they are to receive in the office of the Commissioner of Records.

The request of the Commissioner has been approved by the Surrogates of New York County, and therefore provision is mandatory. The \$909.14, which will be provided by bonds issued by the Comptroller, as requested, is for the additional compensation of one Index Clerk from March 15, and five from April 1 to December 31, 1912.

In view of the foregoing I recommend the adoption of the attached resolution providing the necessary schedule modification for payment of the increased rates.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Hon. WILLIAM A. PRENDERGAST, Comptroller, New York City:

Dear Sir—I would respectfully request the Honorable the Board of Estimate and Apportionment to authorize the revision of the salaries, regular employees, schedule, to date from January 1, 1912, in the following item, viz.:

## Branch Workhouse, Harts Island.

243 Salaries, Regular Employees—

Provision was made in Budget for 1912 for payment of two (2) Matrons at \$900. Since that time one of the Matrons left the Department, and the vacancy thus caused is to be filled by an appointment at the minimum rate of \$600.

Inasmuch as no additional appropriation will be required, I trust that your Honorable Board will take favorable action in the matter. Very respectfully,

PATRICK A. WHITNEY, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 23, 1912, the Commissioner of Correction requested modification of four salary schedules for appropriations to his Department for the year 1912. In connection therewith I report as follows:

The schedule for Administration, Branch Workhouse, Harts Island, No. 243, Salaries, Regular Employees, provides for two Matrons at \$900 each per annum. One of the incumbents retired, and the vacancy was filled on January 1, 1912, by an appointment at the initial rate of \$600. It is proposed to modify the schedule, therefore, by transferring \$300 to unassigned balance. After the new appointee has served the prescribed length of time her salary will be automatically increased to \$900.

In Operation, Branch Workhouse, Harts Island, No. 260, Salaries, Regular Employees, a lump sum appropriation of \$11,550 is provided for ten Keepers, with salaries ranging from \$800 to \$1,200 per annum. The grades of Keepers are \$800, \$900, \$1,050 and \$1,200, advances in salary being made every two years until the maximum rate of \$1,200 is reached. A vacancy in the \$1,200 grade has been filled by an appointment at \$800. It is proposed to modify the schedule by transferring \$400 to unassigned balance. Similar requests are made in Nos. 263 and 265, vacancies in the higher grades of Keeper having been filled by appointments at \$800.

In view of the fact that appropriations for Keepers are made in lump sums

for specified numbers of incumbents, on the plea that all increases are automatic and mandatory, and that no reason has been advanced to show the necessity for placing the amounts released by the lower rates of compensation in unassigned balances, I recommend that the request in these items be not approved.

The following table shows the line item changes in No. 243, in detail:

Account No.	Schedule Line.	Schedule Transfer.		Cash Transfer.	
		Increase	Decrease	Increase	Decrease
243	Matron, 2 at \$900.....		\$900 00		\$900 00
	Matron, at \$600.....	\$600 00		\$600 00	
	Unassigned balance .....		300 00		
		\$900 00	\$900 00	\$900 00	\$900 00

I recommend the adoption of the attached resolution approving the request for modification of No. 243. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Department of Correction for the year 1912, to be effective as of January 1, 1912, as follows:

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller relative to, the modification of salary schedule 474, supporting the appropriation made in the Budget for the year 1912, for said Department, to be effective as of March 1, 1912, providing for an increase in the salary of a Clerk from \$1,650 to \$1,800 per annum, and for a decrease in the salary of a Clerk from \$1,350 to \$1,200:

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, March 4, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Dear Sir—Owing to the death of a Clerk receiving a salary of \$1,350 per annum there is a vacancy which I do not desire to fill at that rate. I would like, however, to have the schedule supporting appropriation for "Salaries, Water Revenue Collection, Regular Employees," in which this vacancy occurs, amended by reducing the \$1,350 line to \$1,200, and by increasing by a corresponding amount, the salary of a Clerk now receiving \$1,650. This man is most highly recommended for this promotion by the Water Register and I feel that he is entitled to the increase.

A copy of the schedule with the suggested modifications is enclosed herewith. Yours truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 4, 1912, the Commissioner of Water Supply, Gas and Electricity requested modification of a salary schedule in his Department for 1912. In connection therewith I report as follows:

The request is in Personal Service, Water Supply, Water Revenue Collection, No. 474, Salaries, Regular Employees. It is proposed to increase a Clerk from \$1,650 to \$1,800, the funds necessary to be provided by a corresponding decrease in the position of a Clerk from \$1,350 to \$1,200. The Commissioner states that the employee to be increased is highly recommended for promotion by the Water Register.

The line item changes, in detail, are as follows:

Acc. No.	Line Item.	Schedule Transfer.		Cash Transfer.	
		Decrease	Increase	Decrease	Increase
474	Clerk, 2 at \$1,800.....		\$1,800 00		\$1,500 00
	Clerk, 11 at \$1,650.....	\$1,650 00		\$1,375 00	
	Clerk, 11 at \$1,350.....	1,350 00		1,125 00	
	Clerk, 2 at \$1,200.....		1,200 00		1,000 00
		\$3,000 00	\$3,000 00	\$2,500 00	\$2,500 00

The attached resolution, if adopted, will grant the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

#### To the Board of Estimate and Apportionment:

Gentlemen—On February 27, 1912, the Board of Aldermen requested special revenue bonds to the amount of \$3,150, the proceeds to be used by the Department of Water Supply, Gas and Electricity for paying the salaries during 1912 of two employees whose compensation was inadvertently omitted from the 1912 Budget. In connection therewith I report as follows:

The two employees referred to are Richard L. Blake, Assistant Engineer, at \$2,100, employed in the Boroughs of Manhattan and The Bronx; and John Matthews, Jr., a Clerk, at \$1,050 per annum, employed in the Borough of Queens. Both of these employees have been connected with the Department for several years, and were provided for in the 1911 Budget. Provision for Mr. Blake's compensation was requested in the departmental estimate, but was omitted through a clerical error in drafting the Budget schedules. Through a clerical error no request was made for Mr. Matthews' salary in the departmental estimate.

I recommend the adoption of attached resolutions granting the request and modifying the necessary schedules to include the two incumbents.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following resolution of the Board of Aldermen requesting an issue of \$200 special revenue bonds (subdivision 8, section 188 of the Charter) to provide for the maintenance, during the year 1911, of an automobile used by the Chief of the Bureau of Licenses, Mayor's Office, together with a report of the Comptroller, to whom this resolution was referred January 11, 1912, recommending an issue of \$92.06 for this purpose:

#### In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred dollars (\$200), the proceeds whereof to be used by the Chief of the Bureau of Licenses, Mayor's office, for the purpose of meeting cost of maintenance of an automobile for the year 1911.

Unanimously adopted by the Board of Aldermen December 19, 1911, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor January 15, 1912, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

#### To the Board of Estimate and Apportionment:

Gentlemen—On December 19, 1911, the Board of Aldermen adopted a resolution requesting \$200 in special revenue bonds, for 1911 maintenance charges for an automobile used by the Chief of the Bureau of Licenses, Mayor's office. In connection therewith I report as follows:

An appropriation of \$600 for the maintenance of this automobile in 1911 was authorized on August 31, 1911.

For the six months ending December 31, 1911, the cost of maintenance amounted to \$692.06, a large amount being necessary for repairs because of an explosion which seriously damaged the machine. The unpaid balance is due the Department of Bridges, which maintains the municipal garage where the car is stored. It is stated that, as the Municipal garage is operated at cost, the failure to pay this charge will be likely to cause a deficit, and that the Commissioner of Bridges therefore would request revenue bonds.

The amount of \$200 was estimated before the bills were rendered, but \$92.06 will be sufficient to close the account.

I therefore recommend the adoption of the attached resolution approving the request to the extent of \$92.06. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on December 19, 1911, requesting an issue of special revenue bonds in the sum of two hundred dollars (\$200), the proceeds whereof to be used by the Chief of the Bureau of Licenses, Mayor's office, for the purpose of meeting the cost of maintenance of an automobile for the year 1911, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment to the extent of ninety-two dollars and six cents (\$92.06), and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding ninety-two dollars and six cents (\$92.06), redeemable from the tax levy of the year succeeding the year of their issue, the proceeds of said issue of special revenue bonds to be applicable only to claims found just and reasonable after audit in the Department of Finance of The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen requesting, communication from President of the Borough of Brooklyn relative thereto, and report of the Comptroller recommending, the issue of \$2,000 special revenue bonds (subdivision 8, section 188 of the Charter) to provide for the salaries of two Inspectors of Plastering, from March 1, 1912, office of the President of the Borough of Brooklyn, also recommending the modification of salary schedule No. 1938 for the year 1912, to be effective March 1, 1912, to include said positions, and to provide for certain salary increases:

(On March 7, 1912, a resolution of the Board of Aldermen requesting the above appropriation was referred to the Comptroller.)

*In the Board of Aldermen.*

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand dollars (\$2,000), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of paying salaries of two Inspectors of Plastering during 1912 at the rate of \$1,200 each per annum.

Adopted by the Board of Aldermen February 13, 1912, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor February 27, 1912, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, March 8, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Dear Sir—I submit herewith for investigation by your Bureau of Statistics, salary schedule No. 1938, which I would respectfully request that you recommend to the Board of Estimate and Apportionment for adoption. The changes in this schedule are as follows:

The elimination of 1 Inspector of Plumbing at \$1,650 and 2 Inspectors of Carpentry and Masonry at \$1,500, and the addition of 1 Inspector of Plumbing at \$1,800, 1 Inspector of Carpentry and Masonry at \$1,650, and 1 Inspector of Carpentry and Masonry at \$1,200.

As this modification will not require any additional appropriation or transfer of funds, I would respectfully request that the matter be given early consideration.

Yours very truly, ALFRED E. STEERS, Borough President.  
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 19, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 13, 1912, the Board of Aldermen adopted a resolution requesting an issue of special revenue bonds in the amount of \$2,000, the proceeds to be used by the President of the Borough of Brooklyn for the purpose of paying the salaries of two Inspectors of Plastering during 1912, at the rate of \$1,200 each per annum. In connection therewith I report as follows:

The proposed issue is for two Inspectors of Plastering, appointed on March 1, 1912, in order to meet the requirements of section 60, chapter 156, Laws of 1911, as follows:

The building department of every city of the first class shall have jurisdiction over all plastering except where it conflicts with the duties of any other department or conflicts with any law conferring on any other department supervision of any portion of plastering. For such purpose there shall be appointed in each building department in a city of the first class by the head thereof a sufficient number of Inspectors to perform such work as is necessary in the enforcement of this article who, in addition to such qualifications as may be required by the civil service law, shall be competent plasterers of at least ten years' practical experience.

Through an oversight no request was made by the Borough President in the Budget for 1912 for the purpose of conforming with the requirements of this law.

On January 25, 1912, the Board of Estimate and Apportionment adopted a resolution establishing the position at the \$1,200 rate, for two incumbents. On February 13, 1912, the Board of Aldermen concurred in the resolution and fixed the position.

To provide for payment of the two incumbents modification is necessary of the 1912 schedule entitled, Personal Service, Buildings, Inspection, No. 1938—Salaries, Regular Employees.

On March 8, 1912, the President of the Borough of Brooklyn requested modification of No. 1938. It is proposed to increase an Inspector of Plumbing from \$1,650 to \$1,800, and an Inspector of Masonry and Carpentry from \$1,500 to \$1,650 per annum. The \$300 for the increase is to be provided by decreasing an Inspector of Carpentry and Masonry from \$1,500 to \$1,200. These changes are in conformity with the provisions of the resolution governing salary increases adopted by your Board on October 5, 1911.

The employees proposed for increase, their period of service, etc., are as follows: Thomas Muldoon, Inspector of Plumbing, from \$1,650 to \$1,800 Per Annum.

Mr. Muldoon was appointed on February 1, 1900, at \$1,200 per annum. On May 1, 1903, he was increased to \$1,350 per annum; on March 1, 1904, to \$1,500, and on October 1, 1905, to the present rate.

David F. Moore, Inspector of Carpentry and Masonry, from \$1,500 to \$1,650 Per Annum.

Mr. Moore was appointed on April 1, 1897, as an Inspector of Buildings, at \$1,200 per annum, and later increased to \$1,500. On February 1, 1902, he was further increased to \$1,750, and on May 1, 1902, to \$1,800 per year. On May 21, 1902, his title was changed to Inspector of Carpentry and Masonry at the same rate. On January 1, 1906, he was appointed as Superintendent of Buildings, Borough of Brooklyn, at \$5,000 per annum. On September 1, 1911, he was appointed as an Inspector of Carpentry and Masonry at the present rate.

The following table shows the line item changes involved by the President's request:

Account No.	Schedule Line.	Schedule Transfer.		Cash Transfer.	
		Decrease.	Increase.	Decrease.	Increase.
1938	Inspector of Plumbing, 2 at \$1,800 .....		\$1,800 00		\$1,500 00
	Inspector of Plumbing, 1 at \$1,650 .....	\$1,650 00		\$1,375 00	
	Inspector of Carpentry and Masonry, at \$1,650 .....		1,650 00		1,375 00
	Inspector of Carpentry and Masonry, 25 at \$1,500 .....	3,000 00		2,500 00	
	Inspector of Carpentry and Masonry, 5 at \$1,200 .....		1,200 00		1,000 00
		\$4,650 00	\$4,650 00	\$3,875 00	\$3,875 00

In view of the foregoing I recommend the adoption of the attached resolutions concurring in the resolution of the Board of Aldermen, and approving the request of the President and the necessary modification of the schedule.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on February 13, 1912, requesting an issue of special revenue bonds in the sum of two thousand dollars (\$2,000), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of paying salaries of two Inspectors of Plastering during 1912, at the rate of \$1,200 each per annum, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding two thousand dollars (\$2,000), redeemable from the tax levy of the year succeeding the year of their issue.

The Secretary presented the following communication from the Department of Docks and Ferries requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, specifications and estimate of cost (\$1,712.50) for preparing for and paving with asphalt the deck of Pier 42, East River, Borough of Manhattan, under the jurisdiction of said Department:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, February 29, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman, Board of Estimate and Apportionment:

Sir—This Department prepared a form of contract in three classes, each a separate contract in itself, for laying asphalt pavement over concrete decks on pier at Whale Creek, Brooklyn, on pier foot of Jamaica avenue, Astoria, Borough of Queens, and on Pier 42, East River, Borough of Manhattan. These three contracts were submitted to you for approval as to specifications and estimates, and on November 16, 1911, a resolution of approval was adopted applying to Class 1 for the work at the Whale Creek pier, and to Class 2 for the work at the pier at Astoria. No action, however, was taken at that time as to Class 3 for asphalt paving the deck of Pier 42, East River, Borough of Manhattan, owing to the fact that at that time no money was available for the work.

At a meeting of the Commissioners of the Sinking Fund, held December 13, 1911, a resolution was adopted recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock to the amount of \$1,800 to provide means to pay the cost of laying asphalt pavement on the deck of Pier 42, East River, Borough of Manhattan.

A resolution having to-day been adopted by the Board of Estimate and Apportionment authorizing the Comptroller to issue corporate stock in the sum of \$1,800 for this work, I request approval of the specifications, estimate and form of contract, Contract 1287, Class 3. This contract 1287, Class 3, for laying asphalt pavement on the deck of Pier 42, East River, Borough of Manhattan, is estimated at \$1,25 per square yard, which, for the area of 1,370 square yards, amounts to \$1,712.50; adding the 5 per cent. additional which might be ordered under Article F of the contract, makes the total estimate for the work \$1,798.13. Form of contract and specifications enclosed. Contract to be charged against C. D. D.—28A, Paving With Asphalt, Deck of Pier 42, East River. Yours very truly,

CALVIN TOMKINS, Commissioner of Docks.  
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

The cost is to be paid from corporate stock fund of \$1,800, authorized by the Board of Estimate and Apportionment on February 29, 1912, and entitled, "C. D. D.—28A, Department of Docks and Ferries, Paving with Asphalt the Deck of Pier 42, East River." On March 12, 1912, there had been no expenditures from the fund.

The form of contract and specifications are satisfactory, and the estimate of cost is reasonable.

Lynch to Charles H. Goodsell, recorded in the office of the Clerk of Queens County in Liber 766 of Conveyances, page 190, as follows:

"And the said party of the second part, for himself, his heirs and assigns, doth further covenant to and with the said party of first part, his heirs, executors and administrators, that neither the said party of the second part, nor his heirs or assigns, shall or will ever erect or permit, on said premises, or any portion thereof, any building within ten feet of the line of any street, avenue or road on which any lot or lots front, and that neither the said party of the second part, nor his heirs or assigns, shall or will ever erect, or permit, on said premises, or any portion thereof, any cow-stable or pig-sty, and that this last covenant as to buildings, cow-stable and pig-sty, shall be and shall be construed as a covenant running with the land for all times"

The Secretary presented the following report of the Comptroller recommending that the resolution adopted November 16, 1911, authorizing the acquisition of property on the southeasterly corner of Metropolitan avenue and High street, Borough of Queens, at private sale, for \$2,400, for the use of the Fire Department, be rescinded, and further recommending the acquisition, at private sale, at a price not exceeding \$3,000, of property on the northerly side of Metropolitan avenue, 291 feet westerly from the corner of Collins avenue, as a site for the use of the Fire Department, in lieu of the site previously authorized to be purchased:

City of New York, Department of Finance, Comptroller's Office, March 15, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On November 16, 1911, your Board adopted a resolution authorizing the Comptroller to purchase, at private sale, for use of the Fire Department, a certain parcel of ground at the southeast corner of Metropolitan avenue and High street, Borough of Queens. It has since developed that Metropolitan avenue is to be widened on the southerly side of the avenue 30 feet, making the plot unavailable for the purposes intended.

Other sites have been considered, with the result that a plot of ground 50 feet in width by 100 feet in depth may be secured, on the northerly side of Metropolitan avenue, 291 feet westerly from the corner of Collins avenue.

The original price demanded for these premises was \$4,000, but after negotiation by the Comptroller they may be purchased for the sum of \$3,000. The Fire Commissioner has approved of the selection of this site.

I therefore recommend that the resolution adopted by your Board November 16, 1911, relative to the purchase of the plot of ground on the southerly side of Metropolitan avenue and the easterly side of High street, Borough of Queens, for use of the Fire Department, be rescinded; and I further recommend, the price being reasonable and just, that your Board approve of the selection of the following described premises for use of the Fire Department:

All that certain lot, piece or parcel of ground, situate, lying and being in the 2d Ward, Borough of Queens, City of New York, bounded and described as follows:

Beginning at a point on the northerly side of Metropolitan avenue, distant 291.92 feet westerly from the corner formed by the intersection of the northerly side of Metropolitan avenue with the westerly side of Collins avenue; running thence northerly, and at right angles to Metropolitan avenue 100 feet; thence westerly and parallel with Metropolitan avenue 50 feet; thence southerly and at right angles to Metropolitan avenue 100 feet to the northerly side of Metropolitan avenue; thence easterly along the northerly side of Metropolitan avenue 30 feet to the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the avenue in front thereof to the centre thereof; being the same property guaranteed to the Title Guarantee and Trust Company, by Homer L. Bartlett, City Surveyor and Civil Engineer, 189 Montague street, Borough of Brooklyn, dated March 8, 1912.

—and authorize the Comptroller to enter into contract for the purchase of the same, at private sale, at a price not exceeding \$3,000, said contract to be submitted to the

Corporation Counsel for his approval as to form. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented a report of the Corporate Stock Budget Committee recommending the purchase of property in the town of Smithtown, Suffolk County, New York, containing about 523 acres, at the rate of \$225 an acre, for the purpose of a hospital and industrial colony for the care and treatment of inebriates, and further recommending the issue of corporate stock in the sum of \$120,000 to provide means therefor.

Which was laid over one week, March 28, 1912.

(On March 7 and again on March 14, 1912, the above report was laid over for one week.)

The Secretary presented a resolution of the Board of Aldermen returning resolution of the Board of Estimate and Apportionment authorizing (subject to the concurrence of the Board of Aldermen) the issue of \$25,000 corporate stock for the construction of a tunnel under and across Centre street, connecting the basement of the Hall of Records with the basement of the new Municipal Building, authorized by the Board of Estimate and Apportionment on February 8, 1912.

Which was ordered filed and the Secretary directed to notify the President of the Borough of Manhattan, and the Commissioner of Bridges of the action of the Board of Aldermen.

(On February 29, 1912, the Board of Estimate and Apportionment adopted a resolution rescinding the resolution adopted February 8, 1912, authorizing the above issue of corporate stock and requesting the Board of Aldermen to return said resolution to this Board without action thereon.)

The Secretary presented the following communication from the President of the Borough of Richmond relative to, and report of the Comptroller recommending that the resolution adopted June 3, 1910, authorizing the issue of \$8,500 corporate stock to provide for the construction of a storage house and the improvement of a storage yard in connection with the Bureau of Highways, under the jurisdiction of the President of the Borough of Richmond, be amended by including in said authorization the acquisition of a site, and further recommending, after the amendment of this resolution, and its concurrence by the Board of Aldermen, that the Comptroller be authorized to enter into a contract for the acquisition of two parcels of property on the westerly side of Harbor road, south of Richmond terrace, at a price not exceeding \$1,500 for each parcel, as a site for said corporation yard:

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, May 23, 1911.

Board of Estimate and Apportionment, 277 Broadway, New York:

Gentlemen—We are desirous of establishing in the district known as Mariners Harbor a corporation yard for our Bureau of Highways. At present we are leasing a yard at the corner of Nicholas avenue and Richmond terrace, which we may be asked to vacate at almost any time, though do not wish so, to do until we have succeeded in using the large quantity of materials there stored; so shall desire to retain our lease for some time longer. At present, however, we need a yard nearer the centre of a considerable part of our work.

To that end, we have found three pieces of property, either one of which would be serviceable, though our decided preference is for the plot on the westerly side of Harbor road, south of Richmond terrace, known as Lots 47 and 49, having a total frontage of 100 feet on Harbor road, a depth of 114 feet, and a frontage of about 100 feet on a public lane in the rear. This would be our first choice; the second choice would be a plot known as Lot 56, on the southeast corner of Van Name and Division avenues, while the third choice would be plot known as Lot 72, on the easterly side of Van Name avenue, and bounded on the south by the right of way of the Staten Island Rapid Transit Railway Company. The prices of these three pieces as quoted to us are, respectively: \$3,000, \$3,600, and \$2,000.

We would ask that the Comptroller be authorized to purchase the property of our choice upon the best terms which he may be able to secure, charging said purchase against the balance in the corporate stock account which has been provided for the acquisition of corporation yards. Yours respectfully,

GEORGE CROMWELL, President of the Borough.

(On June 1, 1911, the request of the President of the Borough of Richmond for the acquisition of property in the district known as Mariners Harbor, for use as a corporation yard, was referred to the Comptroller.)

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 18, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On June 3, 1910, a resolution was adopted by your Board approving of the issue of corporate stock amounting to \$8,500, to provide means for the con-

struction of storage houses and the improvement of a storage yard in connection with the Bureau of Highways, under the jurisdiction of the President of the Borough of Richmond. This resolution was concurred in by the Board of Aldermen on June 28, 1910. There is now remaining of said appropriation an unexpended balance of \$4,914.49.

At a meeting of your Board held June 1, 1911, there was referred to the Comptroller a communication from the President of the Borough of Richmond, stating that he proposed the establishment of a corporation yard for the Bureau of Highways, in the district known as Mariners Harbor, and suggesting as the most desirable site a plot of ground on the westerly side of Harbor road, south of Richmond terrace, known as lots 47 and 49, having a frontage of 100 feet on Harbor road, a depth of 114 feet and a frontage of about 100 feet on a public lane in the rear of Harbor road, and further requesting that the Comptroller be authorized to acquire this property, charging the cost against a balance in the corporate stock fund above referred to.

The acquiring of this plot of ground will save to the City the sum of \$360, the present rental for a plot of ground under lease at the southwest corner of Richmond terrace and Nicholas avenue, in Port Richmond, Borough of Richmond. The premises are undesirable for the reason that they are not located in the section where most of the new work is being carried on.

The new site consists of four lots, 25 by 114, which, after negotiation by the Comptroller, may be purchased for \$3,000. The property is in two ownerships.

I therefore respectfully recommend that the resolution adopted by your Board on June 3, 1910, and concurred in by the Board of Aldermen on June 28, 1910, be amended, subject to the concurrence of the Board of Aldermen, to read as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding eight thousand five hundred dollars (\$8,500), to provide means for the acquisition of a site, the construction of storage houses and the improvement of storage yards in connection with the Bureau of Highways, in the Borough of Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eight thousand five hundred dollars (\$8,500), the proceeds whereof to be applied to the purposes aforesaid;

—and I further recommend, after the amendment of this resolution and its concurrence by the Board of Aldermen, the price being reasonable and just, that the Comptroller be authorized to enter into contract for the acquisition of the following described property, at private sale, for use of the Bureau of Highways; Borough of Richmond:

Parcel No. 1.

All that certain lot, piece or parcel of land situated, lying and being on the westerly side of Harbor road (now Summerfield avenue) at Mariners Harbor, in the 3d Ward of the Borough of Richmond, County of Richmond, City and State of New York, bounded and described as follows:

Taylor; thence running westerly along the southerly line of their land one hundred and fourteen feet, more or less, to a lane; thence running southerly along the easterly side of said lane fifty feet to the northerly line of land conveyed to La Grange Jones; thence running easterly along the northerly line of his land one hundred and fourteen feet, more or less, to the westerly side of Summerfield avenue; thence running northerly along the westerly side of said Summerfield avenue fifty feet to the point or place of beginning; bounded northerly by land of Esther and William H. Taylor, westerly by a lane, southerly by La Grange Jones and easterly by Summerfield avenue; said property being known on the tax maps of the Borough of Richmond, City of New York, as block 105, lot 47; together with all the right, title and interest, if any, of the owner, of, in and to the streets in front thereof to the centre thereof;

—at a price not exceeding \$1,500, said contract to be submitted to the Corporation Counsel for his approval as to form; also

Parcel No. 2.

All those two certain lots, pieces or parcels of land situate, lying and being on the westerly side of Harbor road, in the 3d Ward of the Borough of Richmond, County of Richmond, City and State of New York, bounded and described as follows:

Jones' land one hundred and fourteen feet and six inches, more or less, to land of Ernest Miller; thence northerly along said land of Ernest Miller and a lane fifty feet; thence easterly parallel with the first described line one hundred and fourteen feet and six inches, more or less, to the westerly line of Harbor road; and thence southerly along the westerly line of Harbor road fifty feet to the point or place of beginning; said property being known on the tax maps of the Borough of Richmond, City of New York, as block 105, lot 49; together with all the right, title and interest, if any, of the owner, of, in and to the streets in front thereof to the centre thereof;

—at a price not exceeding \$1,500, said contract to be submitted to the Corporation Counsel for his approval as to form. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Commissioner of Licenses relative to, and report of the Committee on Salaries and Grades, recommending the establishment, in the office of said Commissioner of the grade of position of Law and Complaint Clerk, at \$2,250 per annum, for one incumbent:

(On February 21, 1912, the request of the Commissioner of Licenses for the establishment of the above grade of position, at \$2,300 per annum, was referred to said Committee.)

Office of the Commissioner of Licenses for The City of New York, 277 Broadway, Borough of Manhattan, February 17, 1912.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, Manhattan:

Dear Sir—Application is hereby respectfully made to the Board of Estimate and Apportionment to establish the following position in the office of the Commissioner of Licenses, and to fix the salary of the same as follows:

Law and Complaint Clerk (one incumbent), \$2,300.

This change of grade and increase of salary does not require any increase in my appropriation for the current year; the money for the same is available as a result in the reduction in the salary of the Telephone Operator in my office from \$900 to \$600 per annum, the change having taken effect January 1, 1912.

Resolution is enclosed herewith. Respectfully,

HERMAN ROBINSON, Commissioner of Licenses.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 8, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 17, 1912, the Commissioner of Licenses requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Law and Complaint Clerk, at \$2,300 per annum. In connection therewith we report as follows:

The grade is proposed to increase Henry N. Steinert, appointed Law and Complaint Clerk on December 31, 1904, at \$1,500 per annum. On April 1, 1907, he was increased to his present rate of \$2,000.

The Commissioner states that Mr. Steinert is a lawyer of twelve years' standing and is of particular value to the office because of knowledge of its past history, and of the persons with whom it deals. While his duties are described as for Law and Complaint clerical work, it is stated that he is mostly engaged on the legal work attached to the office. He keeps the records of all complaints, conducts the hearings upon such complaints, examines the witnesses, and sees that proper legal minutes are made in each case. He also represents the office in the prosecution of violations of the Employment Agency Law.

The Commissioner proposes to make the \$300 for the increase available from an unassigned balance of \$300 created by the decrease in a position of Telephone Operator, from \$900 to \$600.

The \$2,300 rate is not in conformity with the regular schedule of salaries.

We recommend, therefore, that establishment of the regular grade of \$2,250 per annum be approved for one incumbent by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the Commissioner of Licenses of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Law and Complaint Clerk .....	\$2,250 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of Bellevue and Allied Hospitals requesting, and report of the Committee on Salaries and Grades recommending the establishment, in said Department, of the grades of position of Hospital Helper, at \$600 per annum, for 2 incumbents, and for an unlimited number of incumbents, at the rates, per annum, of \$312, \$288, \$270 and \$192, and further recommending the establishment of the position of Lecturer, for an unlimited number of incumbents, at rates of \$3, \$5, \$8 and \$10 a lecture:

(On March 7, 1912, two communications from the Secretary of the Board of Trustees of Bellevue and Allied Hospitals relative to the establishment of grades of Hospital Helper were referred to said Committee.)

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, February 27, 1912.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the establishment of additional grades of positions in this Department as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Hospital Helper .....	\$192 00	Unlimited.
Hospital Helper .....	270 00	Unlimited.
Hospital Helper .....	600 00	2

As a rule the women Hospital Helpers in this Department are engaged at a wage of \$180 per annum. Experience, however, has demonstrated that it is impossible to secure Waitresses, Shirt Waist Ironers, and Chambermaids at that amount, and in consequence the minimum wage for these employees has been fixed at \$192. An increase of \$2 is allowed at the end of six months, and another increase at the end of one year. The men Helpers begin at a salary of \$20 per month. During the past year an effort has been made to increase these Helpers each six months by \$2.50 until the maximum of \$25 is reached. It is also requested that the grade of Hospital Helper at \$700 be established. This rate was paid in the Department for many years. In April, 1909, the Civil Service Commission limited the maximum wage for Hospital Helpers to \$480. In consequence, the salary of a number of the employees who were then receiving \$600 was reduced. On July 12, 1911, the Civil Service Commission

restored the maximum wage for Hospital Helpers to \$600. Quite a number of grades now exist for Hospitals Helpers, but there is no record of the formal establishment at rates of \$192, \$270 and \$600. These rates were paid last year, when the allowance granted for Helpers was appropriated in one sum. This year, however, the schedules have been set up in line numbers, and it is necessary that the grades of \$192, \$270 and \$600 be formally established, in order that the employees now in receipt of these amounts may be kept on the payroll. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.  
Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, February 29, 1912.  
Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Sir—Supplementing my letter of February 27, I have now the honor to request the establishment of additional grades in this Department, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Hospital Helper .....	\$288 00	Unlimited.
Hospital Helper .....	312 00	Unlimited.

This request is necessary inasmuch as we have just been informed that the Bureau of Municipal Investigation and Statistics has recommended that all sums allowed for employees under various titles at \$360 or less have been listed under the titles of Hospital Helpers at the same amounts. The schedules for Laundresses, Seamstresses, and others who are in receipt of wages at either of these amounts, \$288 or \$312, have been set up under the titles of Hospitals Helpers at the same amounts, and it is necessary that grades covering these two amounts should be established. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.  
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 27 and 29, 1912, the Board of Trustees of Bellevue and Allied Hospitals requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions for the Department:

	Rate Per Annum.
Hospital Helper .....	\$600 00
Hospital Helper .....	312 00
Hospital Helper .....	288 00
Hospital Helper .....	270 00
Hospital Helper .....	192 00

On February 13, 1912, the Board of Trustees requested the substitution of lump sum appropriations for line items in various grades of Hospital Helpers in 1912 schedules of salaries for temporary employees. The request was not approved by your Board. However, to make more elastic the appropriations for low-priced help, your Board on March 7 transferred positions of "Waitress," "Seamstress," etc., calling for \$360 per annum, or less, to line items of "Hospital Helper," of similar grades. The change makes necessary the establishment of the grades of positions of Hospital Helper, as requested, with the exception of the \$600 rate. Regarding this item in the request the Board of Trustees states the following:

In April, 1909, the Civil Service Commission limited the maximum wage for Hospital Helpers to \$480. In consequence the salary of a number of employees who were then receiving \$600 were reduced. On July 12, 1911, the Civil Service Commission restored the maximum wage for Hospital Helpers to \$600.

The number of Hospital Helpers fluctuates from month to month, and for that reason establishment should be unlimited, except for the \$600 grade.

In No. 202, Bellevue Hospital, Operation, a lump sum is provided for Lecturers. It is proposed to establish the rates at which the Lecturers may be employed, namely, \$3, \$5, \$8 and \$10 a lecture, as per oral request of the Board of Trustees.

We recommend the adoption of the attached resolution approving the requests. WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President of the Board of Aldermen, Select Committee.

The following resolution was offered:  
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Department of Bellevue and Allied Hospitals, of the grades of positions, in addition to those heretofore established, as follows:

	Per Annum.	Number of Incumbents.
Hospital Helper .....	\$600 00	2
Hospital Helper .....	312 00	Unlimited.
Hospital Helper .....	288 00	Unlimited.
Hospital Helper .....	270 00	Unlimited.
Hospital Helper .....	192 00	Unlimited.
Lecturer .....	Per Lecture, \$3, \$5, \$8, \$10	Unlimited.

Which was adopted by the following vote:  
Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of Parks, Borough of The Bronx, relative to, and report of the Committee on Salaries and Grades recommending, the establishment in said Department of the grade of position of Clerk at \$600 per annum for one incumbent:

The City of New York, Department of Parks, Office of Commissioner for the Borough of The Bronx, Zbrowski Mansion, Claremont Park, February 19, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—I respectfully request a modification of the salary schedule of this Department by the establishment of a new grade as follows:

"Personal Service, Administration, Executive, Salaries, Regular Employees, Code No. 984, 1912," by adding to said schedule one Clerk at \$600 per annum, in place of one Clerk at \$750 per annum, leaving an unassigned balance, as shown by schedule revised, hereto annexed. Very truly yours,

T. J. HIGGINS, Commissioner of Parks, Borough of The Bronx.  
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 19, 1912, the Commissioner of Parks, Borough of The Bronx, requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Clerk, at \$600 per annum, for one incumbent. In connection therewith we report as follows:

The establishment is for the substitution of an incumbent at the \$600 rate for one at \$750 per annum; or a decrease of \$150. A request for the necessary schedule modification has been made, but no action can be taken in this connection pending establishment.

We recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The Secretary presented the following communication from the Department of Health requesting the establishment of the grade of position of Medical Inspector at \$2,250 per annum, for two incumbents, together with a report of the Committee on Salaries and Grades recommending that said request be not approved, as the establishment of this grade is to provide for increasing two Medical Inspectors from \$1,500 to \$2,250 per annum, the funds to be provided by striking out a vacant position of Medical Inspector at \$1,500, which is contrary to the provisions of the resolution governing salary increases, adopted by the Board on October 5, 1911:

(On February 21, 1912, the request of the Department of Health for the establishment of the above grade of position, was referred to said committee.)

Department of Health, City of New York, Southwest Corner 55th Street and 6th Avenue, Borough of Manhattan, Office of the Secretary, New York, February 15, 1912.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway:

Sir—At a meeting of the Board of Health of the Department of Health, held February 13, 1912, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to recommend to the Board of Aldermen, pursuant to the provisions of section 56 of the Greater New York Charter, the establishment of the grade of Medical Inspector in the Department of Health, in addition to those heretofore established, with salary at the rate of \$2,250 per annum for two incumbents.

A true copy. EUGENE W. SCHEFFER, Secretary,

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 13, 1912, the Board of Health requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Medical Inspector, at \$2,250 per annum, for two incumbents. In connection therewith, we report as follows:

The establishment is to increase two Medical Inspectors from \$1,500 to \$2,250 per annum, the funds to be provided by striking out a vacant position of Medical Inspector at the \$1,500 rate. To provide salary increases by eliminating positions is contrary to the provisions of the resolution governing increases adopted by your Board on October 5, 1911.

We recommend, therefore, that the request be not approved. Respectfully, WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Select Committee.

The following resolution was offered:

Resolved, That the request of the Board of Health by resolution adopted February 13, 1912, for the establishment of the grade of position of Medical Inspector in the Department of Health, with salary at the rate of twenty-two hundred and fifty dollars (\$2,250), for two (2) incumbents, be and the same is hereby disapproved.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to transmit a copy of the report of the Committee to the Department of Health.

The Secretary presented a report of the Committee on Salaries and Grades, returning for filing, communication from the Acting President of the Borough of Brooklyn requesting the establishment of the grade of position of Steam Fitter at \$5 per day, for the reason that this request has been withdrawn.

Which was ordered filed and the Secretary directed to return to the President of the Borough of Brooklyn the communication referred to therein.

(On January 18, 1912, the request of said Acting President for the establishment of the above grade of position was referred to the above committee, as well as the communication presented to the Board on March 7, 1912, withdrawing said request.)

The Secretary presented a report of the Committee on Salaries and Grades, returning for filing communication from the Chief City Magistrate, First Division, requesting the establishment of various grades of positions, for the reason that said request has been withdrawn.

Which was ordered filed and the Secretary directed to return to the Chief City Magistrate, First Division, the communication referred to therein.

(On February 1, 1912, the communication from the Chief City Magistrate, requesting the establishment of various grades of positions, was referred to the above committee, as well as a communication presented to the Board at the meeting held March 14, 1912, withdrawing said request.)

The Secretary presented a report of the Committee on Salaries and Grades, referring to a request of the Flatbush Taxpayers' Association for favorable action on the request of the Police Commissioner for an allowance in the 1912 Budget for 1,000 additional Patrolmen, and recommending that the request be placed on file for the reason that said request was made subsequent to the adoption of the Budget for the year 1912, which does not provide for an increase in the quota of Patrolmen.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the Flatbush Taxpayers' Association.

(On November 29, 1911, a resolution of the above Association was referred to the Budget Committee.)

The Secretary presented the following resolution of the Board of Aldermen requesting, and report of the Comptroller recommending, the issue of \$7,600 special revenue bonds (subdivision 8, section 188 of the Charter), for the purpose of paying the wages of 10 Laborers, at \$2.50 per diem each, part of the Subsurface Examination Gang, under the jurisdiction of the President of the Borough of The Bronx, also recommending the modification of salary schedules Nos. 1859 and 1860, supporting the appropriation made in the Budget for the year 1912, for the office of the President of the Borough of The Bronx, providing for a reduction in the budgetary part allowance in schedule 1859, of \$7,600:

(On February 15, 1912, the resolution of the Board of Aldermen, requesting the above appropriation, was referred to the Comptroller.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven thousand six hundred dollars (\$7,600), the proceeds whereof to be used by the Borough President of The Bronx for the purpose of paying the wages of ten Laborers at \$2.50 per day, part of the subsurface examination gang.

Adopted by the Board of Aldermen January 23, 1912, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor February 6, 1912, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 23, 1912, the Board of Aldermen adopted a resolution requesting special revenue bonds to the amount of \$7,600, to provide for the payment of wages for a force of Laborers employed by the President of the Borough of The Bronx, and assigned to engineering work. In connection therewith I report as follows:

The President, on January 8, 1912, requested the approval of your Board to certain modifications of schedules supporting budgetary part appropriations, including a request for an additional force of Laborers assigned to the work of boring examinations in connection with sewer work, and regarded as a Budget charge. Appropriation was made in former years for a force for the work. There was allowed for 1911 the sum of \$17,271. The departmental estimate for 1912 contemplated a cost of \$11,552 for two Foremen and twelve Laborers, and this amount was recommended to your Board by the Budget Committee.

The President submitted as a supplement to his departmental estimate a request for the consolidation of all schedules of employees assigned to engineering work. In the setting up of the consolidated schedule, there was inadvertently included in

the budgetary part allowance for salaries an amount sufficient to pay a force of ten Laborers in addition to two provided for in the wages schedule. Subsequently, the President made request to the Board of Aldermen for special revenue bonds with which to pay the force.

The budgetary part allowance for the engineering force is in excess by at least \$7,600. The special revenue bonds will provide for the full labor requirements.

I recommend that your Board approve the request of the Board of Aldermen, and that the available budgetary part allowance in No. 1859, Salaries, be reduced \$7,600, which amount is to be shown separately on the books of the Borough President and of the Department of Finance as an accrued balance, and no charge to be made or audited against such amount.

Transmitted herewith are resolutions which, if adopted, will carry out the above recommendation. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on January 23, 1912, requesting an issue of special revenue bonds in the sum of seven thousand six hundred dollars (\$7,600), the proceeds whereof to be used by the Borough President of The Bronx for the purpose of paying the wages of ten Laborers at \$2.50 per day, part of the subsurface examination gang, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not to exceed seven thousand six hundred dollars (\$7,600), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative: The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller referring to the request of the Commissioner of Water Supply, Gas and Electricity for the modification of schedule supporting account S-325—Water Revenue Collection, Borough of Brooklyn, and stating that no action is necessary thereon, as the request was made to enable the Commissioner to hire an automobile at an increased rate over that allowed in the schedule, since which time an arrangement has been made to obtain said automobile at the rate scheduled.

Which was ordered filed.

The Secretary presented the following communication from the Board of Education requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, specifications, plans and estimates of cost, for items 1, 2, 3, 4, 5 and 6, aggregating \$15,505, for furniture for new Public School 40, Borough of Queens, under the jurisdiction of the Department of Education, provided the paragraph "M" of the form of contract is amended:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 29, 1912, the Board of Education requested approval of the form of contract, specifications, plans and estimates of cost for furniture for New Public School 40, Borough of Queens, as follows:

	Estimated Cost.
Item 1.....	\$2,132 00
Item 2.....	930 00
Item 3.....	1,545 00
Item 4.....	1,400 00
Item 5.....	750 00
Item 6.....	8,748 00

The cost of the equipment is to be charged to the Corporate Stock Fund, entitled, "C. D. E.—71E, Interior Construction and Equipment, Queens, Sub-title 11." The appropriation, in the sum of \$47,340, was authorized by the Board of Estimate and Apportionment on June 3, 1910, and by the Board of Aldermen on June 28, 1910. An additional appropriation, in the sum of \$16,000, was authorized by the Board of Estimate and Apportionment on January 11, 1912, and by the Board of Aldermen on January 30, 1912. On March 13, 1912, there was an unencumbered balance in the fund of \$22,555.

The form of contract fixes the sum to be paid by the contractor as liquidated damages for overtime in completing the work at \$10 a day on each contract under \$10,000. This is not specific, for the reason that, until the bids are received and contracts awarded, the amount of each contract will not be known. Should the amount exceed \$10,000, the liquidated damages would be increased proportionately by the Committee on Buildings of the Board of Education.

In order to render the form of contract satisfactory, paragraph (M), page 3, should be amended to read as follows:

(M) In case the Contractor shall fail to complete the work hereunder in accordance with the specifications and to the satisfaction of the Committee on Buildings and Superintendent within the time aforesaid, the Contractor shall and will pay to the City for each and every day the time consumed in said performance and completion may exceed the time hereinbefore allowed for that purpose the following sum or sums:

- On Item 1, the sum of ten dollars (\$10) per day.
- On Item 2, the sum of ten dollars (\$10) per day.
- On Item 3, the sum of ten dollars (\$10) per day.
- On Item 4, the sum of ten dollars (\$10) per day.
- On Item 5, the sum of ten dollars (\$10) per day.

In the event that the contract includes work to be performed at or upon more than one school building, or for more than one item, the sum to be paid by the Contractor for overtime on any building or item shall be computed separately for that building or item, which said sum or sums, in view of the difficulty of ascertaining the loss which the City will suffer by reason of delay in the performance of the work hereunder, is or are, hereby agreed upon, fixed and determined by the parties hereto as the liquidated damages that the City will suffer by reason of said delay and default, and not as a penalty; and the City shall and may deduct and retain the amount of such liquidated damages out of the moneys which may be due or become due to the Contractor under this agreement.

The specifications and plans are satisfactory and the estimates of cost are reasonable.

I recommend the adoption of the attached resolution approving the form of contract, as amended, the specifications, plans and estimates of cost. Respectfully,

WM. A. PRENDERGAST, Comptroller.

- On Item 4, the sum of ten dollars (\$10) per day;
- On Item 5, the sum of ten dollars (\$10) per day.

The Secretary presented the following communication from the President of the Borough of Manhattan relative to, and report of the Committee on Salaries and Grades recommending, the establishment in the office of said Borough President of the following grades of positions:

	Per Annum.	Incumbents.
Chief Engineer of Highways.....	\$5,000 00	1
Assistant Engineer .....	1,500 00	2
Leveler .....	1,650 00	1
Rodman .....	1,650 00	1

—and that the grade of position of Chief Engineer of Highways at \$6,000 per annum, for one incumbent, be abolished, and further recommending the establishment in said office of the position of Librarian, at \$1,200 per annum.

(On February 29, 1912, the request of the President of the Borough of Manhattan for the establishment of the above position and grades of position was referred to said Committee.)

City of New York, Office of the President of the Borough of Manhattan, City Hall, February 21, 1912.

JOSEPH HAAG, Esq., Secretary of Board of Estimate and Apportionment, 277 Broadway, New York City:

Dear Sir—Request is hereby made that the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Charter, recommend to the Board of Aldermen the establishment of the following salary grades under the jurisdiction of the President of the Borough of Manhattan:

Title.	Rate per Annum.	Number of Incumbents.
Chief Engineer of Highways.....	\$5,000 00	1

This position already exists at the rate of \$6,000 per annum and appears at that figure in the Budget schedules. The position is at present vacant, and it is thought that a competent man can be obtained at the lower salary.

Title.	Rate per Annum.	Number of Incumbents.
Assistant Engineer .....	\$1,500 00	2

The lowest grade existing for Assistant Engineer in this Department at present is \$1,800 per annum. It is desired to appoint two men under this title as assistants to the Engineer-in-Charge of the Bureau of Engineering, Design and Survey. It has been found that competent men can be secured at \$1,500 per annum.

Title.	Rate per Annum.	Number of Incumbents.
Leveler .....	\$1,650 00	1
Rodman .....	1,650 00	1

These grades are to provide increases in salary for the two men in immediate

charge of pavement maintenance and repairs, the former being assigned to sheet asphalt and the latter to asphalt block and wood block. This work is very responsible and the increases are desired in order that salaries may be paid commensurate with the value of services performed. In the case of the Leveler the increase amounts to \$150 and of the Rodman \$450.

Title.	Rate per Annum.	Number of Incumbents.
Chemist .....	\$1,200 00	8

These are new positions and the men appointed are to be detailed at the plants of the various asphalt companies to inspect and analyze the manufacture of pavements to be laid in the Borough of Manhattan.

Title.	Rate per Annum.	Number of Incumbents.
Librarian .....	\$1,200 00	1

This is a new position. The incumbent, when appointed, will be assigned to the Engineer-in-Charge of the Bureau of Engineering, Design and Survey and placed in charge of the indexing and filing of the various records and maps relating to the Borough of Manhattan. Very truly yours,

GEORGE McANENY, President, Borough of Manhattan.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 21, 1912, the President of the Borough of Manhattan requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of a new position and grades of positions as follows:

*New Position.*

Title.	Rate Per Annum.	Number of Incumbents.
Librarian .....	\$1,200 00	1
<i>Grades of Positions.</i>		
Chief Engineer of Highways.....	\$5,000 00	1
Assistant Engineer .....	1,500 00	2
Leveler .....	1,650 00	1
Rodman .....	1,650 00	1

The position of Librarian is for an incumbent to arrange, classify, index and file maps and other data now in possession of the Bureau of Design and Survey, which was recently organized; to prepare all maps relating to public streets, and improvements therein; and to have custody of all data relating to the streets. There are at present about fifteen thousand maps, some of them very old and valuable as records, but they have not been classified or filed. The funds necessary for the position are to be provided by eliminating a Topographical Draftsman, at \$1,200.

In the Budget for 1912, allowance was made for one Chief Engineer of Highways at \$6,000 per annum. The President states that he can secure a competent Engineer for the position at \$5,000, or a decrease of \$1,000.

The lowest established grade for Assistant Engineer is \$1,800 per annum. It is proposed to make two appointments, at \$1,500 each. Funds to meet the salaries of the two incumbents are to be provided by eliminating a Draftsman and Transitman, at \$1,500 each.

The grade of Leveler at \$1,650 is to increase an incumbent from \$1,500. It is stated that the work done by the incumbent is very responsible, as he is in immediate charge of sheet asphalt pavement maintenance and repairs.

The grade of Rodman at \$1,650 is to increase an incumbent from \$1,200. This employee is in immediate charge of the maintenance and repair work on asphalt block and wood block pavement.

The \$600 needed for these two increases is made available by the decrease of \$1,000 in the rate for the Chief Engineer of Highways.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Committee on Salaries and Grades.

The President of the Borough of Manhattan moved to amend the resolution submitted with the report by striking therefrom the part which provided for the abolishing of the grade of Chief Engineer of Highways, at \$6,000 per annum. The amendment was accepted.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Manhattan of the grades of positions, in addition to those heretofore established, as follows:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 5, 1912, the Supervisor of the City Record requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions:

Title.	Rate Per Annum.	Number of Incumbents.
Editor .....	\$2,700 00	1
Bookkeeper .....	2,250 00	2

The present rate for the position of Editor is \$3,000 per annum. The \$300 decrease is to be used to increase William Viertel and Edward J. McPike, Bookkeepers, from \$2,100 to the \$2,250 rate. The proposed changes conform to the provisions of the resolution governing salary increases adopted by your Board on October 5, 1911.

The Supervisor states that the new grades are necessary to provide for the redistribution of certain work connected with the publication of the CITY RECORD.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Select Committee.

The Secretary presented the following communication from the Police Department requesting, and report of the Comptroller recommending, the modification of salary schedule 694, supporting the appropriation made in the Budget for the year 1912 for said Department, providing for a decrease in the number of Lieutenants by 14, and an increase in the number of Sergeants by 18:

Police Department of The City of New York, Office of the Commissioner, March 4, 1912.

The Honorable Board of Estimate and Apportionment:

Gentlemen—I respectfully request modification of the salary schedule, Code No. 694, Police Department, Police Fund, Uniformed Force, Surgeons, etc., Salaries, Regular Employees, so that the same shall read as follows:

Police Fund, Uniformed Force, Surgeons, etc.—

694 Salaries, Regular Employees:

Lieutenant .....	1,377,000 00
Lieutenant Detailed to Permanent Census Board.....	2,250 00
Sergeant .....	1,037,750 00
Detective, First Grade.....	337,500 00
Patrolman .....	10,774,023 98

Assistant Superintendent of Telegraph and Electric Service.....	3,000 00
Assistant Superintendent of Telegraph and Electric Service.....	2,700 00
Boiler Inspector, 2 at \$1,300.....	2,600 00

\$14,294,323 98

The modification consists in decreasing the number of Lieutenants by 14, at \$2,250 each, making a total of \$31,500; and increasing the number of Sergeants by 18, at \$1,750 each, making a total of \$31,500. This is desired due to the fact that there are more Lieutenants than can be properly used, while there are not sufficient Sergeants. Respectfully,

R. WALDO, Police Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 4, 1912, the Police Commissioner requested modification of a schedule of salaries in his department for the year 1912. In connection therewith I report as follows:

The request is in No. 694, Police Fund, Uniformed Force, Surgeons, etc. It is proposed to reduce the lump sum line item for Lieutenants from \$1,408,500 to \$1,377,000, a reduction of \$31,500, and to increase the lump sum line item for Sergeants from \$1,006,250 to \$1,037,750, an increase of \$31,500. The change will give a decrease of 14 Lieutenants, and an increase of 18 Sergeants.

The Commissioner states that there are more Lieutenants than can be properly used, while there are not sufficient Sergeants; that the change will be in the interest of greater efficiency in the Uniformed Force.

The following table gives the quota of Lieutenants, Sergeants and Patrolmen provided for in the 1912 budget, and the numbers actually in the service on March 13:

Title.	Quota.	Number of Incumbents March 13.	Vacancies.
Lieutenants .....	628	614	14
Sergeants .....	586	586	..
Patrolmen .....	8,586	8,578	11

Under the provisions of chapter 160 of the Laws of 1907, amending section 276 of the Greater New York Charter, four Lieutenants and four Sergeants are allowed for each fifty Patrolmen. If funds were available, the Police Commissioner would have authority to appoint 684 Lieutenants and 684 Sergeants.

The amendments of section 276 read as follows:

Until otherwise provided by the Board of Estimate and Apportionment, upon the recommendation of the Mayor and the Police Commissioner, the police force in the Police Department created by this chapter shall consist of the following members, to wit: Captains of Police, not exceeding in number one to each fifty of the total Patrolmen, except in the rural portion of the City, in addition to the number detailed to act as Inspectors, as herein provided; Lieutenants of Police, not exceeding four in number to each fifty of the total number of Patrolmen; Sergeants not exceeding four in number to each fifty Patrolmen.

The principal duty of a Lieutenant is to take charge of the station house desk and to act as Captain during the latter's absence from the precinct. A Lieutenant also has supervisory authority over Sergeants.

The Sergeants now occupy the position of former Roundsmen. It is their duty to see that Patrolmen render the police service required of them. The Commissioner states that additional Sergeants are needed for this purpose in several Brooklyn and Queens precincts, and in the larger precincts in Manhattan and The Bronx.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 16, 1912, the Surrogates of New York County notified the Comptroller of thirty-one salary increases in their Court, and requested an appropriation for payment of the same from February 1 to December 31, 1912. In connection therewith I report as follows:

Chapter 775 of the Laws of 1911 provides in part as follows:

"The surrogates may appoint and remove all clerks, officers, attendants and employees in their office, or connected with their court. The compensation of each person so appointed shall be fixed by the surrogates, and the same shall be a county charge, and the number and duties of all such clerks, officers, attendants and employees shall be such as the surrogates shall designate and approve."

Pursuant to these provisions, the Surrogates increased the compensation of the thirty-one incumbents in amounts from \$150 to \$1,700 per annum each. The total annual increase is \$14,450. The cost for the eleven months from February 1, 1912, is \$13,245.83.

Provision is mandatory under the statute, and the necessary amount will be provided by the Comptroller, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter.

I recommend the adoption of the attached resolution modifying the schedule to permit payment of the increased rates. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Which was adopted by the following vote:  
Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Committee consisting of the President of the Borough of Manhattan, the President of the Board of Aldermen and the President of the Borough of Richmond (appointed February 29, 1912, to study the matter of the final disposition of garbage, ashes and city refuse, etc.), recommending that the Board approve of the amendment suggested by the Commissioner of Street Cleaning, that section 544 of the Charter be changed so that the maximum contract period be increased from five to ten years:

March 20, 1912.

To the Honorable Board of Estimate and Apportionment:

Dear Sirs—The Commissioner of Street Cleaning has suggested to your Committee on Final Disposition of Refuse the advisability of amending section 544 of the Charter, so that it may be possible to let contracts for a period of ten years instead of the maximum period now prescribed, of five years. Your Committee has not progressed far enough as yet to be in a position to recommend the term of contract which would be most desirable, but in view of the fact that bidding for this work may involve the erection of a costly plant on the part of the bidder, it is not improbable that your Committee will recommend the extension of the term of contract beyond the present period, and as it would not be possible to carry such a recommendation into effect without a change in the Charter, your Committee approves of the proposed amendment making the maximum period ten years instead of five years.

Attached hereto is a resolution approving this change, and requesting the Corporation Counsel to further the wishes of this Board, which is submitted for your consideration. Very truly yours,

GEORGE McANENY, President, Borough of Manhattan; A. L. KLINE, Acting President, Board of Aldermen; GEORGE CROMWELL, President, Borough of Richmond, Committee on Final Disposition of Refuse.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the proposed change in section 544 of the Charter by the substitution of the words "ten years" in place of the words "five years," as the maximum period of contracts, and that the Corporation Counsel be requested to take the necessary steps to have this amendment introduced and furthered.

Which was adopted by the following vote:

The following matter, not upon the calendar for this day, was considered by unanimous consent:

partment of Finance.

The Committee on Supplies recommended that the lowest bid received on December 19, 1911, for lumber (line 493), referred to in the minutes of January 2, 1912, and at that time ordered to be rejected, be accepted inasmuch as the rejection of this bid had been made in error. Approved.

The special committee, consisting of the President and Mr. O'Keeffe, appointed on November 8 to confer with the Board of Managers of the Training School, reported that a conference between the Executive Committee of the Board of Managers and the Trustees would be held on January 17.

The special committee, consisting of Mr. Paulding and Mr. O'Keeffe, appointed at last meeting to confer with the Commissioner of Public Charities in regard to the use of the new morgue, reported that they had interviewed Commissioner Drummond and that he had subsequently visited the new morgue and inspected the facilities and had promised to communicate with the Trustees on the subject.

The Committee on Supplies reported upon the bids for supplies for 1912, opened on December 28, 1911, and recommended that the lowest bid be accepted in each instance, with the exception of lines 107, 114, 119, 129, 130, 131, 133, 151, 155, 156, 157, 167, 170, 179, 181, 184, 189, 190, 194, 197, 200, 206, 211, 213, 217, 269, 273, 277, 303, 304, 315, 323 and 324, and recommended that in the best interests of the City these excepted lines be rejected. These recommendations were adopted and the action of the Secretary in authorizing a readvertisement for bids for all the rejected lines (except 107, 119, 273 and 277), pending action by the Board, was approved. The reasons for the rejection of these bids were shown in letters received from the Purchasing Agent and Contract Clerk, dated December 29 and January 2, respectively, which were submitted. On the further recommendation of the Committee on Supplies it was resolved, in view of the fact that arrangements had been made for the purchase of cotton waste, to authorize a readvertisement for bids on half the quantity of cotton batting specified in line 277, and in the case of tie bids to award line 118 to J. F. Cysen and line 192 to John Bellman.

The Committee on Supplies submitted a list of bids received on January 11 for forage, x-ray tubes and x-ray plates, together with a communication thereon received from the Contract Clerk dated January 15, and recommended that the lowest bid on forage be accepted and that all bids received for x-ray plates be rejected. The Committee further reported that tie bids had been received for x-ray tubes and recommended that the contract be awarded to E. Machlett & Sons. These recommendations were adopted.

**NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.**

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, tanks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
