**Article XIII: Special Purpose Districts**

**Chapter 1**

**Special Coney Island District**

**131-60**

**Special Permit for Auditoriums**

The special permit set forth in this Section is established to allow outdoor entertainment #uses# on a limited-term basis in a unique beachfront location within the #Special Coney Island District#. The #development# of such a #use# on a temporary basis pursuant to this special permit provides for the opportunity for a valuable public amenity to exist within an area that, while approved for future #residential development# pursuant to the #Special Coney Island District# plan, is currently underutilized and does not exhibit the characteristics of a well-developed #residential# neighborhood. Any special permit granted under this Section shall be subject to a term of years, in order to ensure that such #use# is consistent with and does not impede the goal of long-term revitalization of the surrounding area, pursuant to the #Special Coney Island District# plan.

In the Coney West Subdistrict, for Parcels B and G, the City Planning Commission may approve, by special permit, open-air auditoriums with greater than 2,000 seats, for a term no greater than ten years from the date a certificate of occupancy, including a temporary certificate of occupancy, has been issued, provided that the proposed auditorium meets the conditions of paragraph (a) and the findings of paragraph (b) of this Section, in addition to the #sign# and parking provisions of paragraphs (c) and (d) of this Section, respectively.

For any application for such special permit, the applicant shall provide plans to the Commission including but not limited to a site plan, signage plan, parking and loading plan, lighting plan and operations plan (the "Proposed Plans").

(a) The Commission may permit open-air auditoriums with a maximum of 5,100 seats, provided the Proposed Plans demonstrate that:

- (1) at all times when the Riegelmann Boardwalk is open to the public, all publically accessible space, as shown on the proposed plans, will remain accessible to the public, except that access may be restricted as necessary during scheduled events, for the setup and takedown for such events, and in connection with maintenance activities; any barriers erected for the purpose of restricting access or visibility during such events shall be completely removed at all other times;
- (2) the height of all structures, temporary or fixed, does not exceed 70 feet in height, as measured from the level of the Riegelmann Boardwalk;
- (3) any roof or structural canopy above the open-air auditorium seating area will be removed prior to the month of November and shall remain removed during the entire off-season period between November through April, as well as in advance of severe weather events;
- (4) the signage plan and parking and loading plan comply with the provisions of paragraphs (c) and (d) of this Section, respectively; and
- (5) the City and applicant will enter into an agreement under which Parcel G will be returned to the City as of the expiration of the term of the special permit in a condition set forth in such agreement appropriate for #use# as a #public park#.

(b) In granting such permit, the Commission shall find that:

- (1) such open-air auditorium will not unduly impair the essential character or the future #use# or #development# of the surrounding area, pursuant to the goals and objectives of the #Special Coney Island District# plan;
- (2) the outdoor lighting for such open-air auditorium is located and arranged so as to minimize any negative effects on nearby #residences# and #community facilities#, and that Proposed Plans include noise attenuation features and measures which serve to reduce the effect of noise from the open-air auditorium on the surrounding area, including nearby #residences# and #community facilities#;
- (3) the construction of a stage as part of any #building# on Parcel B, for the purpose of accommodating an open-air auditorium #use#, will:
  - (i) enable the stage area to be closed to the outdoor portion of the open-air auditorium during the off-season when the open-air auditorium is not in use, so as to be operated for indoor entertainment #uses# with an eating and drinking establishment or other #use# permitted on Parcel B; and
  - (ii) allow for such #building# to be operated subsequent to the expiration of the special permit for #uses# permitted on Parcel B, such as eating or drinking establishments with entertainment;

(4) appropriate visual and pedestrian connections are maintained in the general area of the former street bed from the termination of West 22st Street to the Riegelmann Boardwalk;

(5) the portions of the site not dedicated to stage area or event seating are so designed to serve as a full time park-like resource for the public, and the portions of the site designed for open-air auditorium #use# serve as a high-quality open space resource when not in auditorium use;

(6) any roof or structural canopy above the open-air auditorium seating area will be visually unobtrusive, and maximize openness and visibility between the site and the Riegelmann Boardwalk,

(7) the operations plan, which shall include a protocol for queuing for concert-goers, demonstrates that there would be no interference with the public use and enjoyment of adjacent public facilities; and

(8) the site plan, signage plan and lighting plan incorporate good design, effectively integrate the site with surrounding streets and the Riegelmann Boardwalk, and are consistent with the purposes of the #Special Coney Island District#.

(c) The Commission may, through approval of the Proposed Plans, permit #signs# notwithstanding the applicable #sign# regulations, except that #flashing signs# shall not be permitted and only #advertising signs# that are oriented toward the interior of the open-air amphitheater and not visible from the Riegelmann Boardwalk or other public area shall be permitted.

In order to permit such #signs#, the Commission shall find that proposed signage is appropriate in connection with the permitted open-air auditorium #use#, is not unduly concentrated within one portion of the site, and will not negatively affect the surrounding area.

(d) The Commission may, through approval of the Proposed Plans, reduce or waive required parking, provided the Commission finds that the open-air auditorium will be adequately served by a combination of surrounding public parking facilities and mass transit. In addition, the Commission shall find that the proposed loading facilities on the site are located so as not to adversely affect the movement of pedestrians or vehicles on the #streets# surrounding the auditorium.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area. Such conditions and safeguards may include, but are not limited to restrictions on signage or requirements for soundproofing of auditoriums, shielding of floodlights or screening of open #uses#.

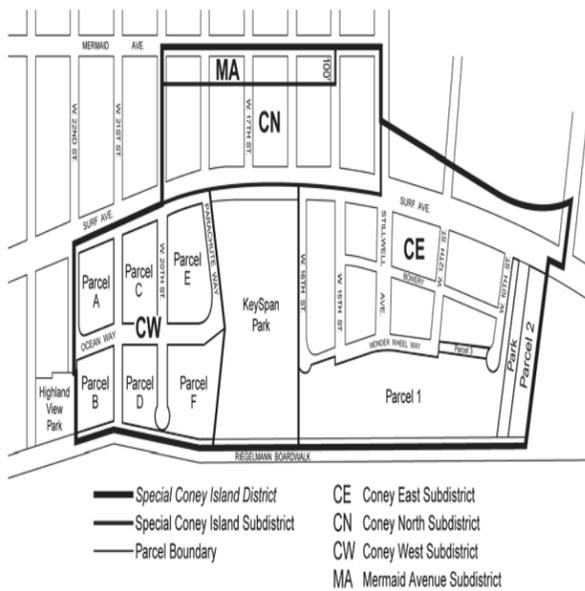

Upon the first issuance of this permit for an open-air auditorium, the effective period of the permit shall be ten years from the date a certificate of occupancy, including a temporary certificate of occupancy, has been issued. To

establish the term of years for subsequent applications for this special permit, the Commission shall, in determining whether the finding of paragraph (b)(1) of this Section is met, take into account the existing character of the surrounding area, as well as #residential# and #community facility development# proposed or under construction on surrounding #blocks#, and shall also consider whether continuation of such auditorium #use# within a proposed term of years would be compatible with or may hinder achievement of the goals and objectives of the #Special Coney Island District# plan. Subsequent applications for this special permit shall be filed no later than one year prior to expiration of the term of the permit then in effect.

#### HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs) released Fall 2013 and later, vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. To establish this, the City of New York is using the innovative procurement method, as permitted and in accordance with Section 3-12 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"). The new process will remove redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding will be more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

RFPs to be managed by HHS Accelerator are listed on the NYC Procurement Roadmap located at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/road>

[map.shtml](#). All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

#### Participating NYC Agencies

HHS Accelerator, led by the Deputy Mayor for Health and Human Services, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Client and Community-based Services Agencies:

- Administration for Children's Services (ACS)
  - Department for the Aging (DFTA)
  - Department of Corrections (DOC)
  - Department of Health and Mental Hygiene (DOHMH)

## AGENCY RULES

## FINANCE

### NOTICE

#### NOTICE OF ADOPTION

Pursuant to the power vested in me as Commissioner of Finance by sections 237 and 1642-a of the Vehicle and Traffic Law, sections 389(b) and 1043 of the New York City Charter, and section 19-203 of the Administrative Code of the City of New York, I hereby promulgate the within Rules of the Commissioner of Finance Relating to Intercity Bus Permit System. These rules were published in proposed form on August 28, 2013. A hearing for public comment was held on October 3, 2013.

S/S  
Beth E. Goldman  
Commissioner of Finance

#### Statement of Basis and Purpose

The intercity bus industry has grown significantly over the last fifteen years. While intercity buses provide a useful service, their on-street operations can cause serious disruption to the local traffic network and risks to public safety. In certain communities within the City, the proliferation of these buses has led to an increase in traffic and sidewalk congestion; a higher concentration of on-street bus parking, double parking or blocking of travel lanes; and the creation of traffic and safety concerns for drivers, travelers, pedestrians and residents.

In an effort to help address these concerns, New York State adopted Vehicle and Traffic Law (VTL) Section 1642-a, which authorized the City to establish an intercity bus permit system inclusive of a schedule of fines or civil penalties for violations of rules related to the system. The Parking Violations Bureau (PVB), a part of the Department of Finance (DOF), is authorized to adjudicate violations of the DOT intercity bus permit system rules pursuant to Section 1642-a and Article 2-B of the VTL.

On April 10, 2013, the Mayor issued a letter designating the DOT to promulgate rules to implement and enforce the intercity bus permit system, and DOT has subsequently promulgated such rules (the "DOT intercity bus permit system rules"), found at 34 RCNY §§ 4-01 and 4-10. The Mayor also designated the DOF and the ECB to promulgate rules setting forth fines or civil penalties for violations of the DOT intercity bus permit system rules.

In coordination with the DOT and the New York City Police Department (NYPD), both DOF and ECB intend to establish penalty schedules for violations of the DOT intercity bus permit system rules as part of a coordinated enforcement scheme. In this rulemaking, DOF is amending 19 RCNY § 39-05 to add civil penalties for such DOT violations returnable to the PVB. Violations of such enforcement codes will result in a civil penalty of \$500 for each violation. It is anticipated that in a separate rulemaking, ECB will amend its DOT penalty schedule to include enforcement codes resulting in a civil penalty for first violations and enhanced penalties for repeat violators of the DOT intercity bus permit system rules, including violators of the DOF enforcement codes.

#### Violations of the DOT Intercity Bus Permit System Rules

These amendments to the DOT penalty schedule for offenses adjudicated at PVB involve the following violations of the DOT intercity bus permit system rules:

- Unauthorized passenger pickup or discharge in violation of 34 RCNY § 4-10(c)(1)

The intent of implementing an intercity bus permit system is to ensure that intercity bus operators utilizing the City's curb space inform the DOT of their intended operations, and, once approved for such operations, adhere to permit requirements. In applying for a permit, bus operators will provide DOT with important information related to overall bus operations within the City necessary for administration of the program.

- Failure of an intercity bus permit holder to prominently display a copy of an intercity bus permit in violation of 34 RCNY § 4-10(d)(7)(ii)

The prominent display of a copy of the intercity bus permit is necessary to assure that enforcement officers are easily able to identify buses with valid authorization to utilize the City's curb space.

- Failure of an intercity bus permit holder to properly display the operator's name, address and telephone number in violation of 34 RCNY § 4-10(d)(7)(iii)

The operator's name, address, and telephone number must be affixed in characters at least five inches high on both sides of the vehicle, with such display being in a color contrasting with that of the vehicle and placed approximately midway vertically on doors or side panels. The operator's name, address, and telephone number are necessary to ensure that enforcement officers are easily able to identify buses with valid authorization to utilize the City's curb space.

- Unlawful stopping or standing in an assigned on-street bus stop location except when actively engaged in the pick-up or discharge of passengers by an intercity bus permit holder in violation of 34 RCNY § 4-10(d)(7)(v)

Intercity bus permits are for the temporary utilization of curb space by approved bus operators in order to expeditiously pick up or discharge passengers. This code is necessary to ensure that permittees do not park or stand their vehicles in curb space and thereby create layover spaces in bus stops not intended for longer-term stops.

- Altering an intercity bus permit in violation of 34 RCNY § 4-10(d)(7)(vi)

Prohibiting the alteration of an intercity bus permit is necessary to ensure that enforcement officers have the ability to easily determine whether permittees are adhering to permit requirements.

New material is underlined.

#### Amendment to Rules Relating to Intercity Bus Permit System

Section 1. New subdivisions (s), (t), (u), (v) and (w) are added to section 39-05 of Chapter 39 of Title 19 of the Rules of the City of New York) to read as follows:

|     |   |          |

#### Statement of Basis and Purpose of Proposed Rules

These proposed rules are authorized by Section 2303 of the Charter and Sections 19-503 and 19-506 of the New York City Administrative Code. These rules address technical considerations that were identified by TLC staff. The amendments are intended, among other things, to clearly differentiate situations in which a license may be suspended immediately (summary suspension) by the TLC before a hearing from situations in which a suspension can be imposed by an ALJ after a hearing as a penalty for a violation of a rule or law. The rule is intended to make sure that penalties required for rule violations are consistently applied.

The proposed rule changes to Title 35 of the Rules of the City of New York are as follows:

- Amendments to clarify when summary suspension of TLC licenses can occur prior to a hearing for certain violations;
- Amendments to clarify the penalties for certain violations, including to clarify when a suspension can be imposed by an ALJ after a hearing;
