Honorable Corey Johnson  
Speaker, New York City Council  
City Hall  
New York, New York 10007

Dear Speaker Johnson:

Pursuant to Section 1043(b) of the New York City Charter, the New York City Department of Sanitation ("DSNY") submits to you notices of adoption for three final rules relating to the implementation of commercial waste zones.

These rules establish public safety requirements for commercial waste zone carters, establish requirements regarding commercial waste generation audits and administrative fees for commercial waste zones, and establish customer service, recycling and organics collection, and operations requirements for commercial waste zone carters.

These three final rules are being published in the City Record today. These rules become effective in each zone as the commercial zones get implemented.

Sincerely,

Edward Grayson
