### 129-20 SPECIAL PERMITS

### 129-2

### Special Permit for Use and Bulk Modifications

For #developments#, #enlargements#, #conversions#, or changes of #use# involving one or more #zoning lots#, but planned as a unit, that comprise in total an area of at least 1.5 acres, where all zoning lots are located wholly within the #Special Industry City District#, the City Planning Commission may allow, by special permit, the modifications listed in paragraph (a) of this Section provided that the Commission determines that the findings in paragraph (b) are met. Application requirements are set forth in paragraph (c) and additional requirements are set forth in paragraph (d) that apply subsequent to the approval of an application.

### (a) Permitted modifications

The Commission may permit the following modifications to the underlying #use# and #bulk# regulations, subject to any applicable conditions.

(1) Use modifications

The Commission may permit:

- (i) the following #uses# from Use Group 3A: #schools#, with no living or sleeping accommodations; colleges or universities, including professional schools, libraries, museums and non-commercial art galleries, in total, limited to an aggregate #floor area# of 625,000 square feet:
- (ii) #transient hotels#, as listed in Use Groups 5 and 7A;
- (iii) all #uses# listed in Use Groups 6A, 6C, 7B, 8B, 9A, 10A, 12B and 14A, regardless of whether permitted as-of-right in the underlying district, provided that:
  - (a) all retail and service establishment #uses# shall be limited to an aggregate #floor area# of 900,000 square feet;
  - (b) if the amount of aggregate #floor area# for such #uses# exceeds 120,000 square feet, all additional retail and service establishment #uses# shall provide parking at the rate of one space per 500 square feet of #development#, #enlargement# or change of #use#; and
  - (c) art, music, dancing or theatrical studios in Use
    Group 9A and depositories for storage of office
    records, microfilm or computer tapes, or for
    data processing, photographic or motion picture
    production studios and radio or television studios in
    Use Group 10A shall be exempt when calculating
    aggregate retail and service #floor area#;
- (iv) #physical culture or health establishments#, including gymnasiums. For the purposes of applying the underlying regulations, a #physical culture or health establishment# shall be considered a Use Group 9A #use#; and
- (v) modifications to the performance standards for distilleries, as listed in Use Group 18A as an alcoholic beverage manufacturing establishment, as follows. In lieu of Sections 42-272 (Classifications) and 42-275 (Regulations applying to Class III materials or products), all distilleries established by this special permit, and the Class III materials they manufacture, store, handle and use, shall be subject to the design, installation, operation and maintenance requirements of the New York City Fire Code and rules, including

occupancy group restrictions, floor restrictions, storage limitations, and facility and equipment requirements. An application demonstrating compliance with the New York City Fire Code and rules shall be made to the Fire Department for approval. No distilleries shall be permitted to open or receive a certificate of occupancy by the Department of Buildings and no existing distilleries shall be allowed to expand except with Fire Department approval.

### (2) Bulk Modifications

The Commission may permit modifications to all underlying #bulk# regulations other than the permitted #floor area ratio#.

### (b) Findings

To grant a special permit, the Commission shall find that:

- (1) any modifications will aid in achieving the general purposes and intent of the Special District;
- (2) for #uses# modifications:
  - (i) such proposed #uses# are compatible with existing #uses# and are appropriate for the location;
  - (ii) such #uses# will be located so as to draw a minimum of vehicular traffic to and through local #streets#;
  - (iii) access to public #streets# from such #uses# is designed to maximize pedestrian safety and minimize vehicle and pedestrian conflicts;
  - (iv) such #uses# will not impair the essential character or future use or development of the surrounding area.
  - (v) For #uses# in Use Group 3A:
    - (a) an adequate separation from air, noise, traffic and other adverse effects is achieved to minimize the potential conflicts from surrounding industrial uses. For #schools#, such separation shall be achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#; and
    - (b) in selecting the site for such uses, due consideration has been given to the proximity and adequacy of mass transit facilities;
    - (c) for #schools#, the movement of traffic through the #street# on which the #school# is located will be controlled so as to protect children going to and from the #school#. The Commission shall refer the application to the Department of Transportation for its report with respect to vehicular hazards to the safety of children within the block and in the immediate vicinity of the proposed site; and
  - (v) for #transient hotels# in Use Group 5 or 7A:
    - (a) an adequate separation from air, noise, traffic and other adverse effects is achieved to minimize the potential conflicts from surrounding industrial #uses#; and
    - (b) such #use# is appropriate to the needs of business in the #Special Industry City District# and will not impair the essential character or future #use# or #development# of the surrounding area; and
- (3) for #bulk# modifications, the Commission shall find that:
  - (i) the proposed modifications facilitate a good site plan that enhances the streetscape and promotes a harmonious relationship in scale and design with existing #buildings# and the essential character within the #Special Industry City District#;
  - (ii) such proposed modifications will not unduly obstruct access to light and air of adjoining properties or public #streets#; and
  - (iii) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the public #streets#.

### (c) Application requirements

An application to the Commission for the grant of this special permit shall include a site plan showing the boundaries and the proposed location of all #buildings or other structures# on each #zoning lot#. Any #development#, #enlargement#, #conversion# or change of #use# shall be on a tract of land which is under the

sole control of the applicant(s) as in single fee ownership or in alternate ownership arrangements according to the #zoning lot # definition in Section 12-10 (DEFINITIONS), or as holders of a written option to purchase at the time of application for this special permit. Such site plans shall provide zoning calculations and proposed #use#, bulk, parking, and loading for each #zoning lot# portion. Alternate site plans may be provided for approval by the Commission, which clearly identify all portions in common ownership (single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10 (DEFINITIONS)) and all portions not in common ownership at the time of application for this special permit. Such plans may include #zoning lots# within the boundaries of the special district which are not under the sole control of the applicant(s) as fee owners or holders of a written option to purchase at the time of application for this special permit.

### (d) Additional restrictions and requirements

Subsequent to the approval of an application for a special permit pursuant to this Section, the following shall apply, where applicable:

- (1) Prior to issuing a building permit facilitated by this special permit for a #development#, #enlargement#, #conversion# or change of #use# on a #zoning lot# or portion of a #zoning lot# that was not under the sole control of the applicant(s) at the time of application for this special permit, as represented in an alternate site plan, the Department of Buildings shall be furnished with a certification by the Chairperson of the City Planning Commission that confirms such #zoning lot# or portion thereof is, at the time of application for such building permit, under the sole control of the applicant(s) as single fee owners or alternate ownership arrangements according to the #zoning lot # definition in Section 12-10 (DEFINITIONS), or as holders of a written option to purchase.
- (2) Where a #building# contains a #use# permitted in Use Groups 3A, 5 or 7A through this special permit, such #uses# may locate in a #building#, or share a common wall with a #building#, containing #commercial uses#, or #manufacturing uses#, other than those listed in Use Group 18, upon certification by a licensed architect or engineer to the Department of Buildings that any such #use# listed in Use Group 16 or 17:
  - (i) does not have a New York City or New York State environmental rating of "A", "B" or "C" under Section 24-153 of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and
  - (ii) is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances.
- (3) The maximum number of permitted parking spaces in an #accessory group parking facility# pursuant to Section 44-12 (Maximum Size of Accessory Group Parking Facilities) may be increased to 500 spaces if the Commissioner of Buildings determines that each such facility:
  - (i) has separate vehicular entrances and exits, located not less than 25 feet apart;
  - (ii) is located on a street not less than 60 feet wide and has adequate reservoir space at the vehicular entrance to accommodate either 10 automobiles or five percent of the total parking spaces provided by the use, whichever amount is greater.
- (4) #Accessory# off-street parking may be located on #zoning lots# other than the same #zoning lot# as the #use# to which they are #accessory#, provided that they are located within the boundary of the special permit application.
- (5) For the purposes of applying the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit) to any special permit granted under this Section including a future certification pursuant to paragraph (d)(1) of this Section, substantial construction shall, in addition to having the meaning set forth in Section 11-42, also mean the issuance by the Department of Buildings of a temporary or permanent certificate of occupancy, or an equivalent, for any use not permitted by the underlying district regulations.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

### HOUSING PRESERVATION AND DEVELOPMENT

### ■ NOTICE

PLEASE TAKE NOTICE that a public hearing, will be held at on Tuesday, March 3, 2020, at the Morningside Heights Library/The New York Public Library, at 2900 Broadway, New York, NY 10025, at 10:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed amendment to the Deed described below.

Pursuant to Section 507(2)(d) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") has proposed amendments to the terms and conditions of the sale of certain real property previously conveyed by the City of New York ("City"), located in the Borough of Manhattan and known as:

<u>BLOCK</u>	<u>LOT</u>	<u>ADDRESS</u>
1717	22	17-21 West 118th Street
1717	23	15 West 118th Street

on the Tax Map of the City ("Premises") and, now known as the WIN West 118th Street and West End West 118th Street projects, in the Supportive Housing Loan Program.

On December 11, 1987, the City conveyed the property, known as 21 West 118th Street, New York, New York and then designated as Block 1717, Lot 23 (now Lots 22 and 23) to Milbank Housing Development Fund Corporation ("Milbank HDFC"), which operated the site as a DHS-funded shelter until June 2013. In 2015, Milbank HDFC sold the property to WIN 118th Street Housing Development Fund Corporation ("WIN HDFC"), an affiliate of Women in Need, Inc. ("WIN"), which converted the building on Lot 22 to contain 34 residential dwelling units and one superintendent's unit for formerly homeless families, utilizing rehabilitation financing from HPD. At this time, the deed restrictions were amended for Lot 23 via a deed modification to permit a community facility containing offices for WIN and other non-profit and philanthropic institutions. The offices were never built and in July 2018, WIN HDFC sold Lot 23 to West 118 Acquisition LLC, an affiliate of Azimuth Development Group, LLC. West 118 Acquisition LLC, in conjunction with the supportive housing provider West End Residences Housing Development Fund Company, Inc., has proposed, to develop a 51-unit supportive housing building on the parcel (the "Proposed Project"). The new building resulting from the Proposed Project would be filed as a mix of Use Group 3 (nonprofit community facility with sleeping accommodations) and Use Group 4 (community facility).

This submission is to request approval to modify the Deed to remove the restriction that Lot 23 be used solely as a Use Group 4 community facility and instead allow for the new building to be a Use Group 3 (nonprofit community facility with sleeping accommodations) and Use Group 4 (community facility) building.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office of Contract Services ("MOCS") via email, at disabilityaffairs@mocs. nyc.gov, or via phone at (212) 788-0010. ### PROCUREMENT

### "Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

● Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

### HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

### **Participating NYC Agencies**

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

### NOTICE OF ADOPTION OF EMERGENCY RULE AUTHORIZING ADDITIONAL PAYMENTS IN CONNECTION WITH THE CITYFHEPS PROGRAM

The Commissioner of the New York City Department of Social Services/Human Resources Administration (DSS/HRA), hereby gives notice, pursuant to his authority under Sections 603 and 1043 of the New York City Charter and Sections 34, 56, 61, 62, 77, and 131 of the New York Social Services Law, of the adoption of the following emergency rule, effective immediately, authorizing DSS/HRA to make additional payments, in connection with the CityFHEPS program, to landlords of certain units that are subject to a New York City Department of Housing Preservation & Development ("HPD") regulatory agreement or similar instrument, where such payments are needed to make up the difference between the CityFHEPS maximum rent and the regulatory rent.

New text is <u>underlined</u>. Deleted text is [bracketed].

### Statement of Basis and Purpose of Emergency Rule

In order to implement the Mayor's priority of preventing homelessness and moving households into stable housing, the Commissioner of the New York City Department of Social Services/Human Resources

Administration (HRA) issues this emergency rule concerning the CityFHEPS rental assistance program. Specifically, this emergency rule authorizes DSS/HRA, to make additional payments, over and above the regular CityFHEPS rental assistance amounts, to landlords of units that are subject to the New York City Department of Housing Preservation & Development ("HPD")/New York City Housing Development Corporation ("HDC") Marketing Handbook pursuant to a regulatory agreement or similar instrument for which HPD and/or HDC is requiring or approving that such units be filled by homeless individuals or families instead of or subsequent to a lottery, where such payments are needed to make up the difference between the CityFHEPS maximum rent and the regulatory rent.

There is an urgent need for this rule. Despite the tens of thousands of households that have exited shelter to permanent housing using the existing CityFHEPS program and its predecessor programs (LINC, CITYFEPS and SEPS), the shelter census data shows that the number of families and individuals in the New York City Department of Homeless Services ("DHS") shelter system is trending down but the shelter vacancy rate continues to be low. Specifically, on January 13, 2020 there were 59,774 people in DHS shelter. On that date, the vacancy rate for shelters for families with children was 1.26 percent, the vacancy rate for adult family shelters was 2.77 percent, and the vacancy rate for single adult shelters was 4.8 percent.

There is a lack of access to affordable housing in New York City, with rents in recent years increasing by nearly 19% while income has increased by less than 5%. According to the 2017 Housing and Vacancy Survey, the citywide rental vacancy rate was 3.63% in 2017. See Selected Initial Findings of the 2017 New York City Housing and Vacancy Survey at 4 ("2017 HVS"), available at https://www1.nyc.gov/assets/hpd/downloads/pdf/about/2017-hvs-initial-findings.pdf. However, units available for the lowest rents are extremely scarce, with vacancy rates even lower than the 3.63% citywide rate. For example, the vacancy rate in 2017 for units with asking rents of less than \$800 was just 1.15 percent, units in the \$800-\$999 range had a vacancy rate of 2.09 percent, and units with rents between \$1,000 and \$1,499 had a vacancy rate of 2.52 percent.

Currently, there are more than 150 available units, many under the State's 421-a Affordability Option C program, that, with the payments authorized under this emergency rule, can be made immediately available to individuals and families currently in DHS shelter, thereby enabling hundreds of individuals (families and single adults) to move to permanent housing within the next 60 days.

HRA's authority for this emergency rule may be found in sections 34, 56, 61, 62, 77, and 131 of the New York Social Services Law and sections 603 and 1043 of the New York City Charter.

Section 1. Section 10-01 of Chapter 10 of Title 68 of the Rules of the City of New York is amended to add new subdivisions (tt) and (uu) to read as follows:

- (tt) "HPD" means the New York City Department of Housing Preservation and Development.
- (uu) "HDC" means the New York City Housing Development Corporation.
- § 2. Section 10-03(a)(7) of Chapter 10 of Title 68 of the Rules of the City of New York is amended to read as follows:

(7) The household must have a lease, other agreement, or regulatory right to rent, for at least one year, a residence in New York City that has passed a safety and habitability assessment. The rent for the unit must not exceed the maximum monthly rent, or in the case of a unit towards which an additional payment pursuant to section 10-15(h) will be applied, must not exceed the regulatory rent, and must be protected from rent increases for at least a year, except that, if the unit is an apartment where the household resided immediately prior to receiving CityFHEPS rental assistance and the unit is subject to government regulations with respect to allowable rents, rent increases authorized under the applicable government regulations will be permitted midyear. If a household includes a person younger than eighteen years of age, the lease or other rental agreement must be for an apartment.

## $\S$ 3. Section 10-05(a) of Chapter 10 of Title 68 of the Rules of the City of New York is amended to read as follows:

(a) Except as provided in subdivision (b) of this section or section 10-03(a)(7), or where a household is moving into a unit in which an additional payment is being offered to the landlord pursuant to 10-15(h), the maximum monthly rent for an apartment towards which CityFHEPS rental assistance may be applied during the first year of the rental agreement must not exceed the amounts in the table below:

Maximum rents for apartments											
Household Size	1	2	3	4	5	6	7	8	9	10	
Maximum Rent	\$1,246	\$1,303	\$1,557	\$1,557	\$2,010	\$2,010	\$2,257	\$2,257	\$2,600	\$2,600	

### § 4. Section 10-15 of Chapter 10 of Title 68 of the Rules of the City of New York is hereby amended to include a new subdivision 15 to read as follows:

(h) HRA in its discretion may offer payments to landlords of units that are subject to the HPD/HDC Marketing Handbook pursuant to a regulatory agreement or similar instrument, for which HPD or HDC is requiring or approving such units to be filled by homeless individuals or families instead of or subsequent to a lottery, where such payments are needed to make up the difference between the CityFHEPS maximum rent under section 10-05 and the regulatory rent.

## Required Finding Pursuant to New York City Charter Section 1043(i)(1)

IT IS HEREBY CERTIFIED that the immediate effectiveness of this emergency rule authorizing HRA to make additional payments in connection with the CityFHEPS program is necessary to address the immediate need to connect homeless households within Department of Homeless Services (DHS) shelters to permanent housing. Sheltering households that do not have housing is a City service that must legally be met by the City's shelter system. Without the immediate implementation of the payments authorized by this rule, families with children and individuals who could otherwise move into permanent housing will remain in shelter unnecessarily and other emergency measures would be required to meet the need for shelter capacity. It is therefore necessary to act by emergency rulemaking so that the City of New York and its agencies can immediately begin to use available funding to enable households from shelters to move to stable housing in the community, thereby taking immediate action with respect to shelter system capacity, pending the adoption of a final rule.

Shelter census data shows that the number of families and individuals in the DHS shelter system continues to be very high, despite the tens of thousands of households that have exited shelter to permanent housing using the existing CityFHEPS program and its predecessor programs (LINC, CITYFEPS and SEPS). Specifically, on January 13, 2020 there were 59,774 people in DHS shelter. On that date, the vacancy rate for shelters for families with children was 1.26 percent, the vacancy rate for adult family shelters was 2.77 percent, and the vacancy rate for single adult shelters was 4.8 percent.

New York City rents in recent years have increased by nearly 19% while income has increased by less than 5%. According to the 2017 Housing and Vacancy Survey, the citywide rental vacancy rate was

3.63% in 2017. See Selected Initial Findings of the 2017 New York City Housing and Vacancy Survey at 4 ("2017 HVS"), available at https://www1.nyc.gov/assets/hpd/downloads/pdf/about/2017-hvs-initial-findings.pdf. However, units available for the lowest rents are extremely scarce, with vacancy rates even lower than the 3.63% citywide rate. For example, the vacancy rate in 2017 for units with asking rents of less than \$800 was just 1.15 percent, units in the \$800-\$999 range had a vacancy rate of 2.09 percent, and units with rents between \$1,000 and \$1,499 had a vacancy rate of 2.52 percent.

Currently, there are more than 150 available units that are subject to the HPD/HCD Marketing Handbook that HPD is requiring to be filled by homeless individuals or families subsequent to a lottery, but where the rents exceed the CityFHEPS maximum rents. The payments authorized under this emergency rule will enable these units and additional units that may be identified prior to a permanent rule going into effect to be used by individuals and families moving from shelter with CityFHEPS rental assistance who would otherwise remain in shelter.

No price can be placed on the human costs of homelessness, and the high level of homelessness has a substantial fiscal impact for government. The immediate implementation of the payments authorized under this rule will increase the number of exits from shelter, helping to address and alleviate current demands on the shelter system.

Delaying implementation of this rule pending non-emergency rulemaking would result in longer stays in shelters for currently homeless men, women and children, increasing the strain on the shelter system, which, as indicated, provides a necessary service to large numbers of such households.

Pursuant to section 1043(i)(2) of the Charter, the emergency rule will remain in effect for not more than 120 days while HRA prepares a permanent rule.

IT IS THEREFORE HEREBY CERTIFIED that the immediate effectiveness of a rule authorizing HRA to make up the difference between regulatory rents and CityFHEPS maximum rents in certain HPD-regulated housing is necessary to address an imminent threat to a necessary service.

This rule was first published on March 27, 2019 and a public hearing was held on May 1, 2019. DOT received written and oral comments.

### Statement of Basis and Purpose of Final Rule

The Commissioner of the New York City Department of Transportation (DOT) is authorized to promulgate rules regarding parking and traffic operations in the City by Section 2903(a) of the City Charter. The rules that DOT amends are contained within Chapter 4 of Title 34 of

the Rules of the City of New York, relating to the "Traffic Rules and Regulations."

The purpose of these rule amendments is to help reduce traffic congestion in the City of New York. Specifically, the amendments to Chapter 4 of Title 34 are the following:

- Section 4-08(f)(1) is amended to clarify double parking restrictions.
- Section 4-08(l)(1) is REPEALED in its entirety.
- Sections 4-08(l)(2) and 4-08(l)(3)(i) are amended to expand the area where double parking is prohibited from 8<sup>th</sup> Avenue to 12<sup>th</sup> Avenue.

The Department of Transportation's authority for these rules is found in section 2903(a) of the City Charter.

Based on DOT's final review of the rule and comments received from the public, references to commercial vehicles were updated throughout and examples of what the term "actively engaged" means were added.
