INTRODUCTION TO THE REPORT

We are pleased to present the Annual Report of the New York City Employees' Retirement System and the New York City Public Employees' Group Life Insurance Plan (Plan) for the fiscal year ended June 30, 2011. The Annual Report consists of this Introductory Section, a Financial Section that contains the financial statements of the Plan, as well as investment and statistical tables, and a Summary of Plan Provisions.

ACCOUNTING SYSTEM AND REPORTS

This Annual Report has been prepared in conformity with principles of governmental accounting and reporting, promulgated by the Governmental Accounting Standards Board, and is the responsibility of the Plan's management. The accrual basis of accounting is used to record assets and liabilities, and revenue and expenses. Revenues for the system are taken into account when earned without regard to date of collection, and expenses are recorded when the corresponding liabilities are incurred, regardless of when payment is made. Investments are valued at fair value. The Statement of Plan Net Assets and Statement of Changes in Plan Net Assets are based on the audited financial statements. Those statements, as well as many more statistical tables may be found in the Plan's Comprehensive Annual Financial Report (CAFR). The CAFR is generally a more difficult document to read for the non-financial user. You can access the CAFR and other information at the NYCERS web-site, www.nycers.org.

The management of the Plan is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments made by management are required, in order to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization, and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Our independent auditors have stated that the internal accounting controls of the system are adequate to assure the above objectives. There have been no irregularities that would have a material effect on the financial statements.

AWARDS

The Government Finance Officers' Association awarded a Certificate of Achievement for Excellence in Financial Reporting to NYCERS for its CAFR for the fiscal year ended June 30, 2010. In order to be awarded a Certificate of Achievement, which is valid for a period of one year only, the governmental unit must publish an easily readable and efficiently organized CAFR, the contents of which conform to program standards. Such financial reports must satisfy both generally accepted accounting principles and applicable legal requirements. The Plan has received this certificate for the past 25 years.

The Public Pension Coordinating Council (PPCC) awarded a Public Pension Standards Award for Funding and Administration to NYCERS for 2011. This is the second year that NYCERS has applied for and

received this prestigious award. In order to be awarded a Public Pension Standards Award, a public pension program must meet professional standards for plan design, administration, and funding, as set forth in the Public Pension Standards. The Public Pension Standards reflect minimum expectations for public retirement system management and administration, and serve as a benchmark by which all defined benefit public plans should be measured. A Public Pension Standards Award is valid for a period of one year.

ADMINISTRATION

NYCERS was established by an act of the legislature of the State of New York under Chapter 427 of the laws of 1920. Chapter 427 created a retirement system in accordance with sound actuarial principles. The governing statutes are contained in the New York State Retirement and Social Security Law (RSSL), and the New York City Administrative Code. The head of the retirement system is the Board of Trustees. The system became operational on October 1, 1920 with 13,331 original members. As of June 30, 2009, the date of the Plan's most recent actuarial valuation, the Plan's membership included 186,284 members in active pay status, 131,031 retirees and beneficiaries receiving benefits, 8,867 terminated vested members who are not yet receiving benefits, and 21,513 members who are no longer on payroll but not otherwise classified.

MEMBERSHIP

Membership in NYCERS is available to all New York City employees who are not eligible to participate in the New York City Teachers' Retirement System, the New York City Police Pension Fund, the New York City Fire Department Pension Fund, or the New York City Board of Education Retirement System.

All persons holding permanent civil service positions in the competitive or labor class are required to become members of the system six months after their date of appointment, but may voluntarily elect to join the system prior to their mandated membership date. All other eligible employees have the option of joining the system upon appointment or at anytime thereafter.

EMPLOYERS

The Plan is a cost-sharing, multiple-employer public employee retirement system. In addition to the various departments of the City of New York, members of NYCERS are also employed by the New York City Transit Authority, the Triborough Bridge and Tunnel Authority, the New York City Housing Authority, the New York City Health and Hospitals Corporation, the New York City Off-Track Betting Corporation, the New York City Housing Development Corporation, the City University of New York, the New York City School Construction Authority, the New York City Municipal Water Finance Authority, and certain employees in departments of the State of New York which had formerly been New York City departments.

REVENUES

The funds needed to finance retirement benefits are accumulated through the collection of employer contributions, employee contributions, and through income on investments. Contributions and investment income for fiscal year 2011 equaled \$10,657,119,000, an increase of \$3,736,932,000 over fiscal year 2010 revenue of \$6,920,187,000. The substantial increase in revenue is the result of the positive investment performance results.

EXPENSES

The primary expense of a retirement system relates to the purpose for which it is created; namely, the payment of benefits. Consequently, recurring monthly retirement benefit payments and death benefit payments prescribed by the Plan, and refunds of contributions to terminated members comprise the major expenses. Expenses for benefit payments and withdrawals in fiscal year 2011 totaled \$3.57 billion, a \$185 million increase from the prior year.

FUNDING

The financial objective of the Plan is to fund members' retirement benefits during their active service, and to establish employer contribution rates which, expressed as a percentage of active member payrolls, will remain approximately level over the future working lifetime of those active members. The bottom line for a retirement system is the level of funding. The better the level of funding, the larger the ratio of assets accumulated, giving the participants a higher degree of assurance that their pension benefits are secure. The advantage of a well-funded plan is that the participants can look at the assets that are irrevocably committed to the payment of benefits.

Employer contributions are determined annually by the Chief Actuary of the Plan, in accordance with generally accepted actuarial principles.

INVESTMENTS

The Administrative Code of the City of New York authorizes the investment of Plan assets subject to the terms, conditions, limitations and restrictions imposed by law for investments by savings banks. The New York State Retirement and Social Security Law establishes the criteria for permissible equity investments.

Investment policies are adopted by the Plan's Board of Trustees. The Board creates the overall investment philosophy under which the Plan's funds are invested and, in defining the investment objectives, develops a framework under which specific objectives are established with regard to allocating the assets of the Plan among the various investment types. The following is a brief outline of the Plan's philosophy and objectives:

- ▶ In order for the Plan to meet its responsibility of providing members with their legally entitled benefits, the level of investment risk should be prudent and not jeopardize the Plan's financial stability. The Plan's assets must be protected from severe adverse market conditions and wide fluctuations in investment results.
- ▶ Since higher investment returns are generally associated with a certain amount of risk, it is reasonable and justified to assume a moderate level of risk in order to strengthen long term results.
- ▶ Diversification reduces the overall portfolio risk. This is achieved by allocating funds among different asset categories and then, within each category, having a broad representation of industries and companies. The bulk of the portfolio is in a very wide variety of domestic stocks and bonds. The Policy Mix consists of 41% in U.S. Equities, 18% in an International Investment Fund involving only New York City pension plans, 30% in U. S. Fixed Income, and 11% in Alternative Investments which

includes private equity and real estate investments. Public equity investments are allocated among passive, emerging markets, and approaches that focus on companies of various size capitalizations. Fixed income bonds are primarily allocated among government, government guaranteed mortgage-backed, and corporate securities. The Plan also invests a portion of its fixed income allocation in inflation-linked Treasury securities. Private Equity investments have increased and broadened in scope to include international ventures as well as domestic. Real Estate related investments have also expanded. The intent of further diversification is to reduce the Plan's concentration in U.S. equity securities.

- ▶ Since retirement benefits are paid on a monthly basis, and other benefits such as loans, refunds and death benefits are paid weekly or bi-weekly, the liquidity of the portfolio must be considered. The cash flow from employer contributions, dividends and interest must be structured so that benefits can be paid in a timely manner. A portion of the portfolio is kept in short term investments to assure that this is so.
- ▶ Achieving long term results is the most reasonable objective for an institution such as a retirement system that is accumulating resources for liabilities that are primarily due in the distant future.

ECONOMIC CONDITIONS

The City's economy experienced a 4% growth rate during fiscal year 2011 after having contracted during the previous two years. However, it seems that the economic recovery has lost its momentum due to continued restraint in spending by consumers and most businesses. Both have been impacted by the continued tightening of the credit markets despite the fiscal and monetary policies enacted by Congress and the Federal Reserve. The enactment of these policies, however, is not likely to create long-term systemic changes.

With interest rates at historically low levels, the housing market has improved, although not as much as might have been expected based on past experience. The glut of foreclosed homes and tight credit have created a weakness in home prices and have discouraged most new housing construction.

U.S. Gross Domestic Product, which had grown 0.3% in fiscal year 2010, grew 2.6% in fiscal year 2011. While strong economic growth was realized during the first half of fiscal year 2011, growth decelerated during the second half of the fiscal year, measuring at an annual rate of 0.7%.

The City unemployment rate rose steadily from 4.6% in March 2008 to 10% in January 2010, but declined to 8.7% in July 2011. However, the NYC labor-force participation rate dropped from 60.7% in March 2010 to 59.3% in July 2011. This would indicate that a good part of that declining unemployment rate is due to those people who have discontinued searching for employment and are therefore no longer counted as unemployed in the government statistics. It should be noted that among those people who are employed, many are either in temporary positions or have taken positions lower than their skill levels. Without regaining more jobs than had been lost, there is little room to absorb all of the new entrants that would normally be entering the workforce, e.g., new residents or those who have attained working age. Despite increased profits in some sectors of the economy, employers have generally been slow to

renew hiring for permanent positions. This instability in the job market has dampened the prospects of a full economic recovery.

The market values of NYCERS' assets, particularly those of equities, had been adversely impacted by the market conditions during fiscal years 2008 and 2009. The favorable results of fiscal year 2010 resulted in the Plan recouping about 30% of the losses of those prior two fiscal years. The favorable investment asset appreciation of fiscal year 2011 nearly restores the investment asset value to that of June 2007, before the financial crisis broadened. However, in that time the annual benefits and expenses have increased from \$3.4 billion to \$3.8 billion. Despite this, the Plan continues to have sufficient liquidity, in terms of both current income and liquid assets.

PROFESSIONAL SERVICES

The Comptroller of the City of New York is the Custodian of the Plan's assets, and provides investment services through independent advisors and consultants. Actuarial services are provided to the Plan by the Chief Actuary employed by the Board of Trustees. The City's Corporation Counsel provides legal services to the Plan.

ACKNOWLEDGMENTS

The compilation of this Annual Report reflects the combined effort of NYCERS' staff, under the leadership of the Board of Trustees. It is intended to provide complete and reliable information as a basis for making management decisions, as a means of determining compliance with legal provisions, and as a means for determining responsible stewardship for the assets contributed by the members and their employers.

DESIGNATED BENEFICIARY

Any person designated by a member, by filing a properly completed form with NYCERS, to receive a survivor benefit upon the death of the member in Active Service.

ELIGIBLE BENEFICIARY

A person who is eligible to be paid an Accidental Death Benefit, in the following order of priority:

- ▶ a surviving spouse who has not remarried (A surviving spouse of a Tier 1 or Tier 2 uniformed worker of the

NYC Department of Sanitation may subsequently remarry and still retain the Accidental Death Benefit.)

- ▶ dependent child - up to age 18 for Tiers 1 and 2 members
- ▶ dependent child - up to age 25 for Tiers 3 and 4 members
- ▶ dependent parents, or
- ▶ for Tiers 3 and 4 members only, any person up to age 21 who qualified as a dependent on the member's final Federal income tax return.
- ▶ Anyone you name as your beneficiary for your Ordinary Death Benefit

An Eligible Beneficiary must make application for an Accidental Death Benefit and NYCERS' Medical Board and Board of Trustees must approve the application.

In the event that a class of Eligible Beneficiaries consists of more than one person (for example, two or more children under the age of 25), benefits will be divided equally among such persons.

FINAL AVERAGE SALARY (FAS)

The greater of the average annual Wages earned during any three consecutive calendar year periods, or the final 36 months immediately preceding the member's retirement date.

But, if the salary earned during any year included in the calculation of the member's FAS exceeds the specific limits for Tier 2, Tier 3 or Tier 4 members, the amount in excess of such limits is excluded from the computation.

FINAL COMPENSATION

The average compensation earned during:

- ▶ the five-year period immediately preceding the member's retirement date, or
- ▶ any consecutive five calendar-year period prior to the member's retirement date that would provide him or her with the greatest average compensation.

Where the period used to determine Final Compensation is the period which immediately precedes the date of retirement, any month or months (not in excess of 12) during which the member was on authorized leave of absence at partial pay or without pay are excluded and an equal number of months immediately preceding the five-year period shall be substituted in lieu thereof to provide Credited Service totaling five calendar years.

FINAL SALARY (TIER 1 MEMBERS)

For members of the uniformed forces of the departments of Sanitation and Correction who joined the retirement system prior to July 1, 1973:

the annual rate of salary earnable on the day before the date of retirement.

For all others:

the salary earnable in the year ending on the day before the date of retirement or alternatively, the average annual compensation during any three calendar years designated by the member, if in a Career Pension Plan Position.

Tier 1 members with a membership date after 6/17/71 may be subject to certain limits if their Final Salary exceeds that of the prior year by more than 20%.

INCREASED-TAKE-HOME-PAY (ITHP)

Contributions for Tier 1 and Tier 2 members that are contributed by their employer equal to 2% of the members' gross salaries; 2.5% for Correction Officers.

MEMBER CONTRIBUTION ACCUMULATION FUND (MCAF)

An account maintained for each Tier 3 and Tier 4 member into which the "basic" contributions of 3% of Wages deducted from the member's paycheck each payroll period are deposited, **plus** interest earned on such contributions at the rate of 5%, compounded annually.

MEMBERSHIP SERVICE

Service rendered after joining NYCERS - includes all service while on the payroll of the City of New York or a Participating Employer and Military Service.

MINIMUM ACCUMULATION

The amount of normal contributions accumulated with interest to the earliest date for service retirement, less the amount of the reserve for Increased-Take-Home-Pay on such date. For a member in the Career Pension Plan, the amount of normal contributions is accumulated to the date on which he or she either completed or could have completed 25 years of Career Pension Plan Qualifying Service.

PARTICIPANT

Any member of NYCERS who elects or is required to participate in one of the Special Plans described in this document.

LEGISLATION

LEGISLATION ENACTED DURING FISCAL YEAR 2011 (JULY 1, 2010 - JUNE 30, 2011)

LAWS OF 2010

(enacted between July 01, 2010 and December 31, 2010)

CHAPTER 157 OF THE LAWS OF 2010

Chapter 157 of the Laws of 2010 provided that an employee of the School Construction Authority (SCA) who was suspended (laid off) on or after December 1, 2002 because of economy measures taken by the SCA, and who returned to service prior to January 08, 2008, shall be deemed to have been in continuous service for retirement purposes. Eligible members are required to make the same pension contributions they would have otherwise made had they remained in service during the “layoff period.” In addition, members must pay an “Extra Member Contribution (EMC),” the amount of which will be determined by the NYC Actuary.

Chapter 157 also provided that any member who was laid off during the applicable period, and who retired for service or disability from a position with the SCA prior to the effective date of Chapter 157 (July 07, 2010), may purchase service for the layoff period. Such retirees must file an application to purchase the service within 120 days after July 07, 2010 and pay the same pension contributions they would have otherwise made had they remained in service during this “layoff period,” including the EMC determined by the NYC Actuary, within one year after July 07, 2010.

Chapter 157 was signed by the Governor on July 07, 2010 and took effect immediately.

CHAPTER 265 OF THE LAWS OF 2010

Chapter 265 of the Laws of 2010 extended the actuarial interest rate of 8% for one year (expired June 30, 2011). The law also extended the “special” and “additional” interest rates used to credit the contributions and Increased-Take-Home-Pay (ITHP) Reserves for Tier 1 and 2 members for one year (expired June 30, 2011). Such interest rates equal 1.25% and, when added to the regular rate of interest of 7%, bring the total interest rate used to credit Tier 1 and 2 members’ accounts to 8.25%.

Chapter 265 was signed by the Governor on July 30, 2010 and was deemed to have been in full force and effect on and after July 1, 2010.

CHAPTER 299 OF THE LAWS OF 2010

Chapter 299 of the Laws of 2010 amended Retirement and Social Security Law (RSSL) §211 to transfer the approval authority for the issuance of RSSL §211 Waivers to service retirees returning to work in classified positions with the City University of New York (CUNY) from the New York City Department of Citywide Administrative Services to CUNY.

Chapter 299 was signed by the Governor on July 30, 2010 and took effect immediately.

CHAPTER 439 OF THE LAWS OF 2010

Chapter 439 of the Laws of 2010 increased the salary used in the computation of the special accidental death benefit provided under Section 208-f of the NYS General Municipal Law by 3%. The beneficiaries of the following NYCERS members were covered: members of the Uniformed Correction Force, Housing and Transit Police, Emergency Medical Technicians and Triborough Bridge and Tunnel Authority members. The benefit is payable to the widow, widower, or the children of the deceased (under 18 years of age or under 23 if the child is a student) if the widow or widower is deceased.

Chapter 439 was signed on August 30, 2010 and was deemed to have been in full force and effect on and after July 1, 2010.

TIER 1

TIER 1 RETIREMENT OPTIONS

SELECTION OF BENEFITS WITHOUT OPTIONAL MODIFICATION (MAXIMUM RETIREMENT ALLOWANCE)

If a member upon retirement does not elect one of the options below, his or her benefit will be paid as a Maximum Retirement Allowance payable in monthly installments throughout his or her life, with all payments ceasing at death.

OPTION 1: UNMODIFIED AND MODIFIED INITIAL RESERVE

Option 1 provides the pensioner with a reduced monthly lifetime allowance. If the pensioner dies before his or her payments equal the total value of the initial reserve set aside to provide his or her benefits on the date of retirement, the balance is paid to the designated beneficiary(ies) in either a lump-sum or monthly payments. More than one beneficiary may be named and the beneficiary(ies) may be changed at any time.

OPTION 2: 100% JOINT-AND-SURVIVOR

The pensioner receives a reduced monthly lifetime allowance. When the pensioner dies, the surviving beneficiary receives 100% of the reduced allowance for life. Only one beneficiary may be named, and the beneficiary may not be changed once named and the option is in effect.

OPTION 3: 50% JOINT-AND-SURVIVOR

The pensioner receives a reduced monthly lifetime allowance. When the pensioner dies, the surviving beneficiary receives 50% of the reduced allowance for life. Only one beneficiary may be named, and the beneficiary may not be changed once named and the option is in effect.

OPTIONS 4-2 AND 4-3: POP-UP JOINT-AND-SURVIVOR OPTIONS

These pop-up options are variations of Options 2 and 3. The pensioner receives a reduced monthly lifetime allowance under either a 100% or 50% joint-and-survivor arrangement, but if the beneficiary dies before the pensioner, the pensioner's benefit "pops-up," that is, it automatically becomes the Maximum Retirement Allowance.

OPTION 4: LUMP-SUM PAYMENT

The pensioner receives a reduced monthly lifetime allowance with the provision that when he or she dies, the beneficiary receives a limited lump-sum payment specified by the pensioner at the time he or she chose this option. More than one beneficiary can be named and the beneficiary(ies) can be changed at any time.

NOTE: A pensioner may elect to receive any form of payment that is the actuarial equivalent of his or her Maximum Retirement Allowance, as certified by NYCERS' Chief Actuary and approved by the Board of Trustees.

TIER 2

TIER 2 RETIREMENT OPTIONS

SELECTION OF BENEFITS WITHOUT OPTIONAL MODIFICATION (MAXIMUM RETIREMENT ALLOWANCE)

If a member, upon retirement, does not elect one of the options listed below, his or her benefit will be paid as a Maximum Retirement Allowance payable in monthly installments throughout his or her life, with all payments ceasing at death.

OPTION 1: RETURN OF ANNUITY RESERVE

Option 1 provides the pensioner with a reduced monthly lifetime allowance. If the pensioner dies before the Annuity portion of his or her payments equal the total value of the Annuity reserve set aside to pay his or her Annuity on the date of retirement, the balance is paid to the designated beneficiary in either a lump sum or monthly payments. Option 1 cannot be elected for the ITHP or Pension portions of the retirement allowance. More than one beneficiary may be named and the beneficiary(ies) may be changed at any time.

OPTION 2: 100% JOINT-AND-SURVIVOR

The pensioner receives a reduced monthly lifetime allowance. When the pensioner dies, the surviving beneficiary receives 100% of the reduced monthly allowance for life. Only one beneficiary may be named, and the beneficiary may not be changed once named and the option is in effect.

OPTION 3: 50% JOINT-AND-SURVIVOR

The pensioner receives a reduced monthly lifetime allowance. When the pensioner dies, the surviving beneficiary receives 50% of the reduced monthly allowance for life. Only one beneficiary may be named, and the beneficiary may not be changed once named and the option is in effect.

OPTIONS 4-2 AND 4-3: POP-UP JOINT-AND-SURVIVOR OPTIONS

These options are variations of Options 2 and 3. The pensioner receives a reduced monthly lifetime allowance under either a 100% or 50% joint-and-survivor arrangement, but if the beneficiary dies before the pensioner, the pensioner's benefit "pops-up," that is, it automatically becomes the Maximum Retirement Allowance.

OPTION 4: LUMP-SUM PAYMENT

The pensioner receives a reduced monthly lifetime allowance. When the pensioner dies, the surviving beneficiary(ies) receives a limited lump-sum payment specified by the pensioner at the time he or she chose this option. More than one beneficiary can be named and the beneficiary(ies) can be changed at any time.

NOTE: A pensioner may elect to receive any form of payment that is the actuarial equivalent of their Maximum Retirement Allowance, as certified by NYCERS' Chief Actuary and approved by the Board of Trustees.

OPTION 5 (FIVE-YEAR CERTAIN)

The pensioner receives a reduced monthly lifetime allowance. If the pensioner dies within five years from the date of retirement, the reduced monthly retirement allowance will be paid to the surviving designated primary beneficiary for the unexpired balance of the five-year period. If the designated primary beneficiary predeceases the pensioner, the balance of the payments due for the remainder of the five-year period is continued to the pensioner's designated contingent beneficiary. If none exists, it is paid in a lump-sum to the estate of the pensioner.

Should a designated primary beneficiary also die, after having started to receive payments under this option selection, the balance will be paid in a lump-sum to the designated contingent beneficiary. If none exists, the lump-sum balance will be paid to the estate of the primary beneficiary.

OPTION 6 (TEN-YEAR CERTAIN)

The pensioner receives a reduced monthly lifetime allowance. If the pensioner dies within ten years from the date of retirement, the reduced monthly retirement allowance will be paid to the surviving designated primary beneficiary for the unexpired balance of the ten-year period. If the designated primary beneficiary predeceases the pensioner, the balance of the payments due for the remainder of the ten-year period is continued to the pensioner's designated contingent beneficiary. If none exists, it is paid in a lump-sum to the estate of the pensioner.

Should a designated primary beneficiary also die, after having started to receive payments under this option selection, the balance will be paid in a lump-sum to the designated contingent beneficiary. If none exists, the lump-sum balance will be paid to the estate of the primary beneficiary.

TIER 3

TIER 3 RETIREMENT OPTIONS

SELECTION OF BENEFITS WITHOUT OPTIONAL MODIFICATION (MAXIMUM RETIREMENT ALLOWANCE)

If a member, upon retirement, does not elect one of the options listed below, his or her benefit will be paid as a Maximum Retirement Allowance, payable in monthly installments throughout his or her life, with all payments ceasing at death.

OPTION 1: 100% JOINT-AND-SURVIVOR

The pensioner receives a reduced monthly lifetime benefit. When the pensioner dies, the surviving beneficiary receives the same reduced monthly benefit for life. Only one beneficiary may be named, and the beneficiary may not be changed once named and the option is in effect.

OPTION 2: OTHER JOINT-AND-SURVIVOR OPTIONS

The pensioner receives a reduced monthly lifetime benefit. When the pensioner dies, the surviving beneficiary receives a benefit of 90% or less (amount depends on the pensioner's choice, in increments of not less than 10%) of the pensioner's reduced monthly benefit for life. Only one beneficiary may be named, and the beneficiary may not be changed once named and the option is in effect.

OPTION 3: FIVE-YEAR CERTAIN

The pensioner receives a reduced monthly lifetime benefit. If the pensioner dies within five years from the date of retirement, the reduced monthly retirement benefit will continue to be paid to the surviving designated primary beneficiary for the unexpired balance of the five-year period. If the designated primary beneficiary predeceases the pensioner, the balance of the payments due for the unexpired balance of the five-year period is continued to the pensioner's contingent beneficiary or, if none exists, is paid in a lump-sum to the estate of the pensioner. Should a designated primary beneficiary who has started to receive payments die before the unexpired balance of the five-year period, the balance of the payments for the unexpired balance of the five-year period is paid in a lump-sum to the designated contingent beneficiary or, if none exists, to the estate of the primary beneficiary.

OPTION 4: TEN-YEAR CERTAIN

The pensioner receives a reduced monthly lifetime benefit. If the pensioner dies within 10 years from the date of retirement, the reduced monthly retirement benefit will continue to be paid to the surviving designated primary beneficiary for the unexpired balance of the 10-year period. If the designated primary beneficiary predeceases the pensioner, the balance of the payments due for the unexpired balance of the 10-year period is continued to the pensioner's contingent beneficiary or, if none exists, is paid in a lump-sum to the estate of the pensioner. Should a designated primary beneficiary who has started to receive payments die before the unexpired balance of the 10-year period, the balance of the payments

for the unexpired balance of the 10- year period is paid in a lump-sum to the designated contingent beneficiary or, if none exists, to the estate of the primary beneficiary.

Members who retire on or after November 21, 1992 are eligible to elect Option 5, the Pop- Up Option.

OPTION 5: POP-UP OPTION

The Pop-Up Option is a variation of Options 1 and 2. The pensioner receives a reduced monthly lifetime benefit under a 100%, 90% or less (amount depends on the pensioner’s choice, in increments of not less than 10%) joint-and-survivor selection. If the beneficiary dies before the pensioner, the pensioner’s benefit “pops-up,” that is, it automatically becomes the Maximum Retirement Allowance.

TIER 4 RETIREMENT OPTIONS

SELECTION OF BENEFITS WITHOUT OPTIONAL MODIFICATION (MAXIMUM RETIREMENT ALLOWANCE)

If a member, upon retirement, does not elect one of the options listed below, his or her benefit will be paid as a Maximum Retirement Allowance payable in monthly installments throughout his or her life, with all payments ceasing at death.

OPTION 1: 100% JOINT-AND-SURVIVOR

The pensioner receives a reduced monthly lifetime allowance. When the pensioner dies, the surviving beneficiary receives the same reduced monthly allowance for life. Only one beneficiary may be named, and the beneficiary may not be changed once named and the option is in effect.

OPTION 2: OTHER JOINT-AND-SURVIVOR

The pensioner receives a reduced monthly lifetime allowance. When the pensioner dies, the surviving beneficiary receives a lifetime benefit of 25%, 50% or 75% of the pensioner's reduced monthly benefit, depending on the pensioner's choice. Only one beneficiary may be named, and the beneficiary may not be changed once named and the option is in effect.

OPTION 3: FIVE-YEAR CERTAIN

The pensioner receives a reduced monthly lifetime benefit. If the pensioner dies within five years from the date of retirement, the reduced monthly retirement benefit will be paid to the surviving designated beneficiary(ies) for the unexpired balance of the five-year period. If the pensioner's designated beneficiary predeceases the pensioner, the balance of the payments due for the unexpired balance of the five-year period is paid in a lump-sum to the pensioner's contingent beneficiary(ies) or, if none exists, to the estate of the pensioner. Should a designated primary beneficiary also die, after having started to receive payments, the balance will be paid in a lump-sum to the designated contingent beneficiary(ies). If none exists, the lump-sum balance is paid to the estate of the primary beneficiary.

OPTION 4: TEN-YEAR CERTAIN

The pensioner receives a reduced monthly lifetime benefit. If the pensioner dies within 10 years from the date of retirement, the reduced monthly retirement benefit will be paid to the surviving designated beneficiary(ies) for the unexpired balance of the ten-year period. If the pensioner's designated beneficiary predeceases the pensioner, the balance of the payments due for the unexpired balance of the ten-year period is paid in a lump-sum to the pensioner's contingent beneficiary(ies) or, if none exists, to the estate of the pensioner. Should a designated primary beneficiary die before the unexpired balance of the ten-year period, the balance of the payments for the unexpired balance of the ten-year period is paid in a lump-sum to the designated contingent beneficiary(ies) or, if none exists, to the estate of the primary beneficiary.

Members who retire on or after November 21, 1992 are eligible to elect Option 5, the Pop-Up Option.

OPTION 5: POP-UP OPTION

The Pop-Up Option is a variation of a joint-and-survivor option. The pensioner receives a reduced monthly lifetime benefit under a 100%, or 50% joint-and-survivor option. If the beneficiary dies before the pensioner, the pensioner's benefit "pops-up," that is, it automatically becomes the Maximum Retirement Allowance.
