## COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

*Proceedings of the Commissioners of the Sinking Fund at a Meeting Held in Room 16, City Hall, at 10.30 o'clock A. M., on Monday, May 23, 1904.*

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; Patrick Keenan, Chamberlain; Charles V. Fornes, President, Board of Aldermen, and John T. McCall, Chairman Finance Committee, Board of Aldermen.

The minutes of the meetings held May 11 and 16 were approved as printed.

The Mayor called for the report of the Committee appointed by the Chair at the last meeting, to examine into the recommendation of the Commissioner of Docks and the report of the Comptroller relative to the Staten Island Ferry matter. (See page .)

The Chairman of the Finance Committee of the Board of Aldermen reported verbally that the Committee were confronted with two propositions, one prepared by the Department of Finance and the other by the Department of Docks and Ferries; that there is quite a difference in the figures of the reports; that the Committee were unable to decide which figures were correct and that for the purpose of enabling the Committee to arrive at a better understanding of the matter, he moved that the Committee be continued and empowered to employ another appraiser to be instructed to examine the property and report to the Committee without delay.

The Comptroller presented the following report:

MAY 23, 1904.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Your Committee appointed at the meeting of May 16 to examine into the recommendation of the Dock Commissioner, in regard to the continuation of the ferry service to Staten Island, and the acquisition of the plant of the ferry company and the terminal at St. George, met at the office of the Comptroller on Friday last at 2.30 p. m.

There were present besides the Committee the Dock Commissioner and a representative each from the Baltimore and Ohio Railroad Company and the Rapid Transit Ferry Company and their respective counsel.

The Dock Commissioner presented a communication in reply to the report of the Engineer of the Department of Finance presented by the Comptroller at the last meeting, and in support of the recommendation originally made by him, taking the position that on June 1, 1905, the Department will be in a position to operate the ferry in a creditable manner, and that the City should then commence the operation of the same as a municipal ferry.

The question of the payment of the sum of \$175,000 for the Whitehall street terminal, the Dock Commissioner justifies by the statement that in his opinion a fair appraisal of the property at the present time would reach this amount, and that the same could not be reproduced for less.

For the improvements at the St. George terminal it is stated that the sum of \$86,000, proposed to be paid by the City, represents an outlay of \$313,000 by the ferry company.

In regard to this, the Engineer of the Department of Finance was informed that the docks, platforms and substructures generally, with the exception of the ferry racks and coal trestle, were the property of the railway company and in the original appraisal of \$435,000 the sum of \$97,500 was allowed the company for such improvements exclusive of the \$65,000 allowed the ferry company for ferry-house, racks, trestle, etc.

As a compromise, the Engineer recommends that the sum of \$475,000, instead of \$435,000 be paid the railway company, thus giving \$40,000 more than appraised, which might be added to the amount allowed for the improvements and the account would then stand:

To ferry company for improvements (superstructures).....	\$65,000 00
To railroad company for improvements (substructures).....	97,500 00
To railroad company, additional.....	40,000 00
	<hr/> \$202,500

—as against \$313,000 said to have been expended.

The Dock Commissioner has figured out the value of the bulkhead rights and upland in rear on the basis of a 5 per cent. rental to be..... \$367,000 00

—or at the rate of \$337 per foot front.

Add to this the value of land for widening of street in the rear as appraised for the Comptroller..... 52,000 00

And value of improvements said to have been made by the railroad company, substructures..... 97,500 00

Frame and brick building and stable as appraised for the Comptroller.... 8,250 00

---

\$524,750 00

—which is the total the Dock Commissioner recommends, so it does not appear that on any basis of computation, the sum proposed is a low one.

The purchase of all three of the old boats is strongly recommended by the Commissioner as absolutely necessary.

As the Department of Docks is to be responsible for the operation of the ferry when taken over by the City, the recommendation of the Commissioner to purchase all three of the old boats should be accepted. This would add \$45,000 to the amount recommended to be paid to the railroad company, or a total of \$550,000 against \$600,000 demanded, a difference of \$50,000. The difference between the amount demanded by the ferry company and the City's offer was \$121,000.

On behalf of the City, a proposition was made to split the difference in each case, and the Comptroller stated that as under the Charter it was necessary to have his individual approval to all purchases of real property, it would be necessary to go to condemnation unless better terms than that proposed were offered.

The representatives of the two companies took the offer under consideration.

As much has been said in regard to the offer previously made by Mr. George F. Randolph, of the Baltimore and Ohio Railroad, there are appended copies of the Comptroller's letters to the company and Mr. Randolph's replies.

Mr. Randolph called upon the Comptroller on November 23, 1903, in accordance with the appointment made, and was requested to make his proposition to Mr. Nichols of the Engineering Bureau.

A memorandum made by Mr. Randolph in the office of the Engineer, showing the terms and conditions of the proposed sale for \$500,000, is likewise appended together with a report of the Engineer made to the Comptroller at the time and a copy of the Comptroller's letter to Mr. Randolph offering \$435,000 for the property.

These communications speak for themselves. A copy of a letter dated March 23, 1904, from Mr. J. H. Maddy to the Dock Commissioner, demanding \$580,000 for the property with the Engineer's report to the Comptroller, is likewise attached.

The whole matter may be very briefly summarized as follows:

The pending proposition to pay the ferry company \$506,000 is for property which concededly represents an investment to them of \$382,000. The proposition to pay the railroad company \$525,000 for its terminals is for the same property which a representative of that company a few months ago offered to the City for \$500,000. Such propositions, it seems to me, cannot properly be accepted by the City.

In the foregoing communication I have not undertaken to repeat at length the facts and figures set out so fully in the report of the Engineer of this Department, presented at the last meeting, and I refer to them now in support of the position taken.

As to the ferry company, I have suggested that the difference between \$382,000, their actual investment, and \$506,000, the sum demanded, be divided. As to the railroad company, I have suggested that the difference between the \$525,000 demanded and the \$475,000 recommended by the Engineer of this Department as a compromise figure, be divided, thus reaching the sum which Mr. Randolph offered some months ago. This compromise is the best, in my judgment, which the City officials can justify.

Respectfully,

EDWARD M. GROUT, Comptroller.

Discussion of the matter followed, and the Chairman of the Finance Committee renewed his motion that the Committee be continued and empowered to employ another appraiser to value the property, and report to the Committee without delay; the motion was seconded and carried by the following vote:

Affirmative—The Mayor, Chamberlain, President of the Board of Aldermen, and Chairman of the Finance Committee, Board of Aldermen.

Negative—The Comptroller.

The following communication was received from the Commissioner of Docks, requesting that the resolution approving of a lease to the Raritan Steamboat Company, of the pier at Rossville, Borough of Richmond, be rescinded:

PIER A, NORTH RIVER, NEW YORK, May 17, 1904.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—This Department is in receipt of a communication from the Raritan Steamboat Company, signed by Mr. George H. Janeway, president, to the effect that the company has transferred its business to another line and does not now desire a lease of the pier at Rossville, on Arthur Kills, in the Borough of Richmond. The lease of the pier in question was authorized by the Commissioners of the Sinking Fund in 1903, pursuant to a request made by the former Commissioner of Docks; the company, however, declined to execute at that time a lease containing a covenant that the lessee should do the necessary dredging and has not entered into possession of the pier; I would therefore request that the resolution authorizing the lease be rescinded.

Yours respectfully,

MAURICE FEATHERSON, Commissioner

In connection therewith the Comptroller offered the following resolution:

Resolved, That the resolution adopted by this Board at meeting held December 9, 1903, approving of and consenting to the execution, by the Commissioner of Docks, of a lease to the Raritan Steamboat Company, of the present pier belonging to the City and recently constructed at Rossville, Staten Island, be and the same is hereby rescinded.

Which was unanimously adopted

The Comptroller presented the following report and offered the following resolutions relative to the setting apart out of the revenues and income of the Sinking Fund of The City of New York for the redemption of the City Debt, the sum of \$219,941.15 for the Redemption of Bonds and Stock, and determining to invest \$9,500,000 in General Fund Bonds of The City of New York:

MAY 18, 1904.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Chapter 103 of the Laws of 1903 entitled "An Act to amend the Greater New York Charter relative to the Sinking Fund of The City of New York, for the redemption of the City Debt, by adding a new section to be known as section two hundred and twenty-two, providing for the issue of additional bonds of The City of New York, to be called General Fund Bonds, and by amending section one hundred and sixty-nine of said Charter," provides,

First—"The Board of Commissioners of the Sinking Fund in the year 1903 and in each year thereafter until all of the bonds and stock which are redeemable from

"the fund known as the 'Sinking Fund of The City of New York for the Redemption of the City Debt' shall have matured, shall set apart out of the revenues and income of said Sinking Fund, except the income and accumulation thereof derived from assets held by said Sinking Fund on January 1, 1903, and except also the income and accumulation thereof derived from the amount to be thus annually set apart, a sum, which with the accumulation of interest thereon, together with the said assets of said Sinking Fund and the earnings and accumulations thereof, shall be sufficient to redeem at maturity all the bonds and stock of The City of New York which are redeemable from said Sinking Fund."

Second—"At least five weeks before the annual meeting of the Board of Aldermen in each and every year for the purpose of receiving the assessment rolls required to be delivered by the Board of Taxes and Assessments to the Board of Aldermen, the Board of Commissioners of the Sinking Fund may, in its discretion, certify to the Board of Aldermen the amount as estimated by said Board of Commissioners of revenues or income, from all sources, of 'the Sinking Fund of The City of New York for the Redemption of the City Debt' during the then calendar year, and also the amount required by this section to be set apart for such calendar year out of such revenues and income for the Redemption of Bonds and Stock."

Third—"If in any year the said estimated amount of revenues or income of said Sinking Fund, excepting the income and accumulation thereof derived from the assets held by said Sinking Fund on January first, nineteen hundred and three, and from the amounts annually set apart for the Redemption of Bonds and Stock as by this section required, shall exceed the amount required to be set apart in such year as in this section provided, the Board of Commissioners of the Sinking Fund may, in its discretion, at the time of making said certificates to the Board of Aldermen, determine to invest the whole or any part of the amount of such excess in General Fund Bonds of The City of New York for the account of 'the Sinking Fund of The City of New York for the Redemption of the City Debt,' but such investments shall not be made in any year until the amount required by this section to be set apart for such year, as provided herein, shall have been so set apart."

Fourth—"The Board of Commissioners of the Sinking Fund shall then notify the Board of Aldermen and the Comptroller of the amount it has determined to invest in General Fund Bonds during the current year, and the Comptroller shall include said amount in the Certificate of Estimated Revenues of the General Fund required to be by him made to the Board of Aldermen, pursuant to section nine hundred of this act."

Potter and Elizabeth S. Jones, who are the owners and are to be addressed in care of E. Ashforth, No. 51 West Forty-second street, Borough of Manhattan.

Respectfully,

The following communication was received from the Department of Water Supply, Gas and Electricity, relative to a lease of rooms Nos. 1636, 1637, 1638 and 1639 in the Park Row Building, Borough of Manhattan:

CITY OF NEW YORK, April 29, 1904.

I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of the request of the Commissioner, and authorize a lease of Rooms Nos. 1636, 1637, 1638 and 1639, in the Park Row Building, Nos. 13-21 Park row, for a period from the date of occupation to April 1, 1905, at an annual rental of \$1,461.90, this being the rent paid by the City under the lease for the rooms for the use of the City Record. The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises No. 472 Water street, Borough of Manhattan, for the Department of Bridges:

MAY 18, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Commissioner of the Department of Bridges, in a communication under date of May 17, 1904, requests a renewal of the lease of premises No. 472 Water street, Borough of Manhattan, for a term of one year with the privilege of renewal for two years more, at an annual rental of \$480, the same to cover necessary space for storing coal, but not to cover heating and lighting.

At a meeting held on June 10, 1903, the Commissioners of the Sinking Fund adopted a resolution approving of the request of the Commissioner of Bridges and authorizing the present lease of the above premises. The existing lease contained a clause that the owner was to furnish light and heat. In a communication attached to the Bridge Commissioner's letter of May 17, the owner, on account of the excessive cost of lighting and heating in proportion to the rent charged, has declined to renew the lease for the coming year unless the City furnishes its own light and heat. The Commissioner of Bridges requests that the lease be renewed with these modifications, and I so recommend.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Approved.

EDWARD M. GROUT, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from George F. Gminder, lessee, of the floor above the ground floor, of premises No. 472 Water street, Borough of Manhattan, for use of the Department of Bridges, for a term of one year from June 1, 1904, with the privilege of a renewal for two years more, at an annual rental of four hundred and eighty-dollars (\$480), payable quarterly; the rent to cover the necessary space for storing coal, but not to cover heating and lighting, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions, relative to a lease of premises at No. 59 Madison street, Borough of Manhattan, for the use of the Second District Municipal Court:

MARCH 22, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Herman Bolte, Justice of the Second District Municipal Court, requests the Commissioners of the Sinking Fund to authorize a lease of premises No. 59 Madison street, now used as a club-house, as he finds his present quarters untenable.

The Second District Municipal Court now occupies premises in Centre Market. This market has been recently turned over to the Police Department for the purpose of erecting thereon a Police Headquarters. All the tenants of the market have been removed therefrom, with the exception of this District Court, and we have been unable up to the present time to find quarters for Justice Bolte that would suit him as to location, or the City as to price.

No. 59 Madison street is a two and one-half brick-and-stone building on a plot of ground about 20 by 100 feet. The first floor consists of one large room 18 feet 10 inches wide by 70 feet long, having eight large windows and ceiling about 17 feet high, and one small room about 10 feet by 18 feet 6 inches. The hall is 8 feet wide by 18 feet 6 inches long. This floor is reached from the street by eight steps. The second floor has two large rooms, front room 18 by 19 feet, rear room 18 by 50 feet, and two small rooms, toilets, etc. The basement is 18 feet by 94 feet, and contains two bowling alleys. Ceilings about 10 feet high. The proposition, however, of the Club is not to lease the basement to the City.

There is a steam-heating plant in the sub-basement, which is concreted, size 18 by 20 feet. The building is supplied with heat and gas, and the general condition is good and could be readily adapted for Court purposes. The front of the building has an imposing appearance, and is certainly better than any in the neighborhood.

The Commissioners of the Sinking Fund, at a meeting held July 27, 1903, adopted a resolution assigning to the use of the Second District Municipal Court certain quarters now used by the Coroners on the street floor of the Criminal Court Building, corner of Elm and White streets. The Coroners seriously objected to this assignment, and nothing has been done under this resolution.

The owners of the building No. 59 Madison street have agreed to lease the premises to the City for a term of years, to furnish steam heat, light and janitor services at an annual rental of \$3,000, for the use of the Second District Municipal Court.

I would respectfully recommend, the terms being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises No. 59 Madison street for a period of three years from the date of occupation, at an annual rental of \$3,000, the lessor to furnish light, heat and janitor services and to keep the outside of the building in repair during the term of the lease; lessor, The P. Divver Association; and I would also recommend that they adopt a resolution rescinding the action taken by the Commissioners on the 27th day of July, 1903, in the assignment of this Court to the Criminal Courts Building, and adopt a resolution assigning the Second District Municipal Court to the premises No. 59 Madison street, in the Borough of Manhattan.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held July 27, 1903, assigning for the permanent use of the Second District Municipal Court, the court-room used by the Coroners on the street floor of Criminal Court Building, corner of Elm and White streets, the room adjoining on the east which connects the White street entrance, and the rooms adjoining on the south which connect with the Elm street entrance, be and the same is hereby rescinded.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the P. Divver Association, of premises No. 59 Madison street, Borough of Manhattan, with the exception of basement, for the use of the Second District Municipal Court, for a period of three years from the date of occupation, at an annual rental of three thousand dollars (\$3,000), payable quarterly; the lessor to furnish light, heat and janitor service and to keep the outside of the building in repair during the term of the lease; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Resolved, That, pursuant to the provisions of section 205 of the Charter, the Commissioners of the Sinking Fund hereby assign the premises No. 59 Madison street, in the Borough of Manhattan, as the place where the Second District Municipal Court shall be held from the date of occupation.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following statement, and offered the following resolution, relative to an amendment to resolution authorizing a lease of premises No. 692 Vernon avenue, Long Island City, for the use of the Fire Department (see page 266):

MAY 16, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Commissioners of the Sinking Fund at a meeting held on March 29, 1904, adopted a resolution authorizing a renewal of a lease of premises No. 692 Vernon avenue, Long Island City, Borough of Queens, from Jacob Ruppert.

Application has been made to have the name of the lessor changed to Mary Johnson, and I would respectfully recommend that the Commissioners of the Sinking Fund amend said resolution so as to read Mary Johnson instead of "Jacob Ruppert."

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Resolved, That so much of the resolution adopted by this Board at meeting held March 29, 1904, as relates to a renewal of the lease to the City, from Jacob Ruppert, of premises No. 692 Vernon avenue, Long Island City, Borough of Queens, for the use

of the Fire Department (paragraph 3) be and the same is hereby amended by substituting "Mary Johnson" as the name of the lessor in place of "Jacob Ruppert." Which resolution was unanimously adopted.

The following communication was received from the Corporation Counsel relative to a renewal of the lease of rooms in the Staats Zeitung building, occupied by the Law Department:

NEW YORK, April 23, 1904.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—The lease of the second, third, and part of the fourth floor in this building, occupied by the Law Department in the Staats Zeitung Building will expire on May 1, proximo. The annual rental of these rooms is \$16,000.

I request that the Commissioners of the Sinking Fund authorize a renewal of this lease for a term of one year from May 1, 1904, upon the same terms and conditions as are contained in the existing lease.

Respectfully yours,  
JOHN J. DELANY, Corporation Counsel.

Approved for renewal upon the same terms and conditions as are in the present existing lease.

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

The President of the Board of Aldermen, to whom this matter was referred, at meeting held April 27, 1904, reported verbally that he had interviewed the owners and that they have agreed to let the City have the privilege of terminating the lease at any time upon giving three months' notice of its intention so to do.

The Comptroller thereupon offered the following resolution:

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from the New Yorker "Staats Zeitung," of the second and third floors and Rooms Nos. 1, 2 and 3 on the fourth floor of the New Yorker Staats Zeitung Building, Tryon row, Borough of Manhattan, for the use of the Law Department, for a term of one year from May 1, 1904, at a rental of sixteen thousand dollars (\$16,000) per annum, payable quarterly, the City to have the privilege of terminating the lease at any time upon giving three months' notice of its intention so to do, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Which was unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a sale at public auction of property owned by the City and known as No. 28 Beaver street, Borough of Manhattan:

MAY 18, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—On or about May 21, 1816, The City of New York acquired from John Suydam, premises known as No. 28 Beaver street, Borough of Manhattan, being situated on the southerly side of Beaver street, 66 feet 2 inches westerly from the southwesterly corner of Beaver and Broad streets, being 31 feet 2 inches in width front, extending through to Marketfield street, being 31 feet 9 inches in width on Marketfield street, with a depth of 53 feet 9 inches on the westerly side, and 50 feet 1 inch on the easterly side, and on or about January 1, 1846, entered into a lease for a period of twenty-one years, which expired on January 1, 1867, at a rental of \$150 per annum, payable quarterly; the lessees to erect a building on the lot, the first floor to be reserved to the use of the Fire Department, excepting the entrance and hoistway. The first lease contained the privilege of renewal for a further period of twenty-one years at such rental as might be agreed upon; or if not agreed upon at the expiration of the time, the City was to pay for the then value of the building.

On January 1, 1867, the lease of these premises was again renewed for a period of twenty-one years to expire January 1, 1888, at an annual rental of \$600, payable quarterly. Said lease contained a clause for a further lease for a term of 21 years at an annual rental as agreed upon or ascertained, or the City to pay for the value of the building on the premises.

On January 1, 1888, another lease was entered into for a period of 21 years, which will expire on January 1, 1909. The annual rental was appraised and agreed upon at \$1,050, payable quarterly. The lessees were not to transfer or assign the lease without the consent in writing of the City. There were no provisions in said lease for a renewal clause, and no clause to pay for the building upon the premises. The lessee was liable for rent if the building was destroyed by fire or the elements.

The use and occupation by the Fire Department of the first floor, with the exception of the hoistway and entrance, extended through the two terms of the lease, and is now in the present existing lease. The premises now used by the Fire Department, that is, the first floor, is inadequate for its purpose, and it is proposed to acquire a site in the rear of the present Fire Department house on Stone street, the new premises being known as No. 25 Bridge street, and after the acquisition of this new site the fuel station will be transferred to the new quarters; in that event The City of New York will be enabled to dispose of the property to the highest bidder, under and by virtue of the provisions of the Charter.

One Clarke G. Dailey, of No. 135 Broadway, Borough of Manhattan, submits an offer to purchase No. 28 Beaver street, owned by The City of New York, the ground floor of which is occupied as a fuel station by the Fire Department, the upper portion leased to the executors of William H. Aspinwall, by lease running 21 years, from January 1, 1888, and expiring January 1, 1909, for which the estate pays to the City the sum of \$1,050 in annual rental, at an upset price of \$40,000, and accompanies the offer with a check on the North American Trust Company in the sum of \$350, as an evidence of good faith in his bid. This sum of money is to cover the cost and expenses of advertising and selling the property, or so much thereof as may be necessary, in case the property is not sold at his bid at public auction.

The premises in question is a strip of land located on the southerly side of Beaver street, bounded and described as follows:

Beginning at a point on the southerly side of Beaver street, distant sixty-six (66) feet two (2) inches westerly from the southwesterly corner of Beaver and Broad streets; running thence southerly fifty (50) feet to the northerly side of Marketfield street; thence westerly along the northerly side of Marketfield street thirty-one (31) feet seven (7) inches; thence northerly fifty-three (53) feet to the southerly side of Beaver street; thence easterly along the southerly side of Beaver street thirty-one (31) feet, one (1) inch to the point or place of beginning, be the said several dimensions more or less, premises being known as Lot No. 14, in Block 11, on the tax maps of the Borough of Manhattan, City of New York.

Mr. Dailey's offer is to purchase the property and take it subject to the lease of the Aspinwall estate which expires in 1909, and of course subject to the tenancy of the Fire Department for a like period, or until such time as the Fire Department is in a position to remove to the new quarters, No. 25 Bridge street.

This property is, although exempt from taxation, assessed by the Deputy Tax Commissioners for \$58,000, and if the City disposes of the same at auction, will immediately become tax paying property. I think the property is worth more than \$40,000, and will bring more than that at public auction, but taking into consideration the fact that the purchasers will not be able to take possession for a period of five years, I think the original offer or upset price is a fair and reasonable one, and I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the sale of this property at public auction at an upset price of not less than \$40,000, and upon the following

#### Terms and Conditions.

The highest bidder will be required to pay 10 per cent. of the amount of his bid, together with the auctioneer's fees, at the time of sale; 30 per cent. upon the delivery of the deed, which shall be thirty days from the date of the sale; the remain-

ing 60 per cent. either to be paid at the date of the delivery of the deed or at the option of the purchaser, to remain on bond and mortgage for five years, with interest at the rate of 6 per cent. per annum, payable semi-annually, the mortgage to contain the customary thirty days' interest and ninety days' tax and assessment and insurance clauses.

The survey hereto attached, made by Walter M. Meserole, C. E., and dated February 8, 1904, is included in and made part of this petition.

Dated February 19, 1904.

MARY W. SMITH, No. 1269 Bergen Street, Brooklyn, New York City.

City of New York, ss.:

On this 19th day of February, 1904, before me personally came Mary W. Smith, to me known and known to me to be the individual described in, and who executed the foregoing petition, and she acknowledged to me that she executed the same.

DAVID H. M. WEYENBERG,  
Commissioner of Deeds, City of New York.

NEW YORK, May 5, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received your communication of April 30, 1904, transmitting for my consideration an application made to the Commissioners of the Sinking Fund by Mary W. Smith for a release of a portion of the old road known as the Brooklyn and Jamaica Turnpike, in the Borough of Brooklyn, and you request me to advise you whether the interest of The City of New York in this piece of property is material or simply nominal and a mere cloud upon the title of a private owner, and, if the latter, to so certify so that the matter may be presented to the Commissioners of the Sinking Fund, pursuant to section 205 of the Amended Greater New York Charter.

This application is precisely similar in its nature to that of Thomas Everett and others, concerning which an opinion was rendered to you by the Corporation Counsel on the 31st of January, 1902, and to the application of Patrick Murphy, concerning which an opinion was rendered on March 22, 1902. The status of this old road was considered in those opinions, and it was decided that the interest of The City of New York therein was only nominal and a cloud upon the title of the owners of the property within which a portion of the old road was included.

I respectfully refer you to those opinions for the reasons set forth in reaching that conclusion, and I hereby certify that whatever interest The City of New York may have in the property formerly forming a part of the old Brooklyn and Jamaica turnpike, which is bounded and described as follows, is a mere cloud upon the title of such owner, to wit:

"Beginning at the point of intersection of the easterly side of said old road, known as the Brooklyn and Jamaica turnpike, with a line drawn parallel with Sackman street from a point in the southerly side of Somers street distant sixty (60) feet easterly from Sackman street; running thence southeasterly along said easterly line of said Brooklyn and Jamaica turnpike about twenty-nine (29) feet and eleven (11) inches to a point where the same is intersected by the northeasterly line of the old road, known as the Brooklyn and Jamaica Plank road; thence northwesterly along said northeasterly line of the Brooklyn and Jamaica Plank road about ten (10) feet and one-half (½) inches to a point where the same is intersected by the said line drawn parallel with Sackman street, from a point in the southerly line of Somers street distant sixty (60) feet easterly from said Sackman street; and thence northerly along said line drawn parallel with Sackman street about twenty-three (23) feet, five and one-half (5½) inches to the point or place of beginning."

In accordance with your request I have prepared a quit-claim deed of the property in question and have approved the same as to form which, with two copies thereof, I herewith transmit.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

Resolved, That, pursuant to the provisions of section 205 of the Amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit-claim to Mary W. Smith, of all the right, title and interest of the City, of, in and to all that portion of the old road formerly known as the Brooklyn and Jamaica turnpike, located in Block No. 1544, section 6, on the land map of the County of Kings and more particularly described as follows:

"Beginning at the point of intersection of the easterly side of said old road, known as the Brooklyn and Jamaica turnpike, with a line drawn parallel with Sackman street, from a point in the southerly side of Somers street distant sixty (60) feet easterly from Sackman street; running thence southeasterly along said easterly line of said Brooklyn and Jamaica turnpike about twenty-nine (29) feet and eleven (11) inches to a point where the same is intersected by the northeasterly line of the old road known as the Brooklyn and Jamaica Plank road; thence northwesterly along said northeasterly line of the Brooklyn and Jamaica Plank road about ten (10) feet and one-half (½) inch, to a point where the same is intersected by the said line drawn parallel with Sackman street from a point in the southerly line of Somers street distant sixty (60) feet easterly from said Sackman street; and thence northerly along said line drawn parallel with Sackman street about twenty-three (23) feet five and one-half (5½) inches to the point or place of beginning."

—the Corporation Counsel having certified to the Commissioners of the Sinking Fund, under date of May 5, 1904, that whatever interest the City may have in the property is a mere cloud upon the title of the owners.

Resolved, That the interests of The City of New York in and to the same be and is hereby appraised at the nominal sum of one dollar (\$1), and the expense of such release, examination, etc., be and is hereby fixed at one hundred dollars (\$100), to be paid by the petitioner and evidence produced that all taxes, assessments, water rates and sales for the same, due and unpaid against the property, have been paid before the execution and delivery of such release.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Fire Department, requesting that the resolution authorizing a lease of premises at Nos. 1239 and 1241 DeKalb avenue, Borough of Brooklyn, be rescinded (see page 383).

BOROUGH OF MANHATTAN, May 19, 1904.

To the Honorable Commissioners of the Sinking Fund:

GENTLEMEN—The Deputy Chief of Department, in charge boroughs of Brooklyn and Queens, having reported that the premises Nos. 1239 and 1241 DeKalb avenue will not be required for the use of the Department, I have the honor to request that the resolution adopted by your Honorable Board on the 11th inst., authorizing the lease of these premises for a term of one month from date of occupation with the privilege of renewal for another month at a rental of \$125 per month, be rescinded.

Respectfully yours,

THOMAS W. CHURCHILL, Deputy Fire Commissioner.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the resolution adopted by this Board at meeting held May 11, 1904, authorizing the lease of premises Nos. 1239 and 1241 DeKalb avenue, Borough of Brooklyn, for the use of the Fire Department, be and the same is hereby rescinded. Which was unanimously adopted.

The Comptroller presented the following report, and offered the following resolution, relative to a transfer from the appropriation for 1904, entitled "Rents" to the appropriation made to the Coroner of the Borough of Richmond for 1904:

MAY 20, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Hon. George F. Schaefer, Coroner of the Borough of Richmond, requests that the sum of \$360 be transferred from the General Appropriation Fund, entitled "Rents, 1904," to the Coroner of the Borough of Richmond, "Rent, 1904," for the rental of premises No. 174 Bay street, Stapleton.

The Commissioners of the Sinking Fund refused to authorize a renewal of the lease of the premises for the reason that the property is owned by the wife of the Coroner (see Min. S. F., 1903, p. 15), but as the premises are conveniently situated and the terms lower than similar accommodations could be procured for his use, the Commissioners of the Sinking Fund by resolution authorized payment of the rent for the year 1903.

As the premises are still occupied under the same conditions, I would respectfully recommend that the Commissioners of the Sinking Fund approve of and consent to the transfer by the Board of Estimate and Apportionment of the sum of \$360 from the General Appropriation Fund, entitled "Rents, 1904," to the Coroner of the Borough of Richmond, "Rent, 1904," it being understood that this transfer is to be

BROOKLYN, February 8, 1904.

WALTER M. MESEROLE, C. E.

City Surveyor.

In connection therewith the Comptroller presented the following report of the Appraiser of Real Estate of the Department of Finance, with opinion of the Corporation Counsel, and offered the following resolution:

APRIL 29, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Mary W. Smith, of No. 1269 Bergen street, Borough of Brooklyn, City of New York, in a verified petition, states that she is the owner of the following described premises located in Block 1544, Section 6, on the Land Map of the County of Kings:

"Beginning on the southerly side of Somers street, at a point distant sixty (60) feet easterly from the intersection of the southerly side of Somers street with the easterly side of Sackman street; running thence easterly along the southerly side of Somers street twenty (20) feet; thence southerly parallel with Sackman street seventy-five (75) feet; thence westerly parallel with Somers street twenty (20) feet; and thence northerly again parallel with Sackman street seventy-five (75) feet to the point or place of beginning."

—and requests that the Commissioners of the Sinking Fund release to her so much of the roadbed formerly belonging to the old road known as the Brooklyn and Jamaica turnpike, as may be included in the area of the plot of land above described, which said old roadbed within the area of the said lot, is bounded and described as follows:

"Beginning at the point of intersection of the easterly side of said old road, known as the Brooklyn and Jamaica turnpike, with a line drawn parallel with Sackman street from a point in the southerly side of Somers street, distant sixty (60) feet easterly from Sackman street; running thence southeasterly along said easterly line of said Brooklyn and Jamaica turnpike about twenty-nine (29) feet and eleven (11) inches to a point where the same is intersected by the northeasterly line of the old road known as the Brooklyn and Jamaica Plank road; thence northwesterly along said northeasterly line of the Brooklyn and Jamaica Plank road about ten (10) feet and one-half (½) inches, to a point where the same is intersected by the said line drawn parallel with Sackman street from a point in the southerly line of Somers street, distant sixty (60) feet easterly from said Sackman street; and thence northerly along said line drawn parallel with Sackman street about twenty-three (23) feet five and one-half (5½) inches, to the point or place of beginning."

Similar requests for releases in the matter of this old road have been presented to the Commissioners of the Sinking Fund and have been referred to the Corporation Counsel for his opinion as to whether the interest of the City is material or a mere cloud upon the title of a private owner, and I would respectfully recommend that this petition be referred to the Corporation Counsel for his opinion, and if he decides that the City's interest is not material and merely a cloud upon the title of a private owner that he so certify the same in order that the Commissioners of the Sinking Fund, pursuant to section 205 of the Amended Greater New York Charter, may properly authorize a release or quit-claim for a nominal consideration to the petitioner, of all the right, title and interest of The City of New York, of, in and to all that portion of the old road lying within the area of the lot first above described and shown on the diagram attached to the said petition, and if the interests of the City be not material, that it be appraised at the nominal sum of one dollar (\$1), and the expenses of such release, examination, etc., be fixed at the sum of one hundred dollars (\$100), to be paid by the petitioner before the delivery of such release, and that the petitioner shall produce evidence that all taxes, assessments, water rates and sales for the same, due and unpaid against the property, shall have been paid before receiving such release from the City.

MAY 20, 1904.

Hon. EDWARD M. GROUT, Comptroller:

The following communication was received from the Department of Water Supply, Gas and Electricity, relative to a lease of Rooms Nos. 601 to 605, inclusive, in the Park Row Building, Nos. 13-21 Park row, Borough of Manhattan:

CITY OF NEW YORK, May 18, 1904.

Hon. N. TAYLOR PHILLIPS, Secretary of the Sinking Fund Commission:

DEAR SIR—Preliminary plans and specifications for the installation of the high pressure water system to be installed in the Borough of Manhattan, for which the Board of Estimate and Apportionment has appropriated the sum of \$5,000,000, are now being prepared. The Chief Engineer, Mr. Nicholas S. Hill, has advised me that in order that there shall be no delay in the progress of the work it will be necessary for additional rooms to be had for the use of the Draughtsmen, Assistant Engineers and the clerical force, necessary for the preparation of the contracts.

Rooms Nos. 601 to 605, in the Park Row Building, Nos. 13-21 Park row, are desirable; as the floor space of 903 square feet is sufficient to accommodate the force of men necessary, I respectfully recommend that the Honorable Board request the Comptroller to make a lease for the assignment of the above rooms to the Department of Water Supply, Gas and Electricity, with the privilege of renewal, lease to date from the present time to April 30, 1905, the date which, I am informed, the leases to the rooms occupied by the municipal departments in the said building expire. The yearly rental is \$1,806, payable quarterly.

Very truly yours,

JOHN T. OAKLEY, Commissioner.

In connection therewith, the Comptroller presented the following report and offered the following resolution:

MAY 20, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Commissioner of Water Supply, Gas and Electricity, in a communication under date of May 18, 1904, requests the leasing of Rooms Nos. 601 and 605 in the Park Row Building, Nos. 13-21 Park row, Manhattan, for a term from date of occupation to April 30, 1905, at an annual rental of \$1,806, payable quarterly. This additional space is required for the use of Draughtsmen, Assistant Engineers and clerical force necessary for the installation of the high pressure water system authorized by the Board of Estimate and Apportionment at a meeting held March 31, 1904.

The rent asked for these rooms, \$1,806, is reasonable, being at the same special rate, viz.: \$2 a square foot, that the various other City offices are now paying, and payable out of the appropriation for the installation of the high pressure water system.

I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of Rooms Nos. 601 to 605, inclusive, in the Park Row Building, Nos. 13-21 Park row, Borough of Manhattan, for a term from date of occupation to April 1, 1905, at an annual rental of \$1,806, payable quarterly. Lessor to furnish light, heat, elevator and janitor service. Lessor, Park Row Realty Company.

The Board of Education has been paying the water charge under the renewal of lease authorized by the Commissioners of the Sinking Fund, at a meeting held January 21, 1902, and I would respectfully recommend that the Commissioners of the Sinking Fund amend their resolution adopted April 27, 1904, relative to renewal of lease of premises No. 799 Vernon avenue, Borough of Queens, by including therein the following provision: "The Board of Education to pay water tax."

## BOARD OF EXAMINERS.

MAY 24, 1904.

Present—Messrs. Walter Cook, Warren A. Conover, William C. Smith, Charles G. Smith, Edward F. Croker, Charles Brendon, and William J. Fryer (Chairman).

Meeting called to order at 3 P. M.

On motion, minutes approved as amended to read:

Appeal 66—N. B. 197 of 1904. On motion, approved on condition that the construction as shown be found of adequate strength by the Bureau of Buildings. Striking the above sentence from Appeal 69, N. B. 291 of 1904.

Appeal 61—N. B. 96 of 1904, West Eighth street, Thirty-first Ward, Coney Island, referred to Chief Croker and Mr. C. G. Smith for report. On motion, laid over for one week.

Appeal 70—N. B. 791 of 1903, Nos. 3, 5 and 7 East Twenty-seventh street, Manhattan, William H. Birkmire, appellant. Laid over at last meeting that the appellant file plans with the Clerk of the Board. Appellant having complied with the order, on motion, the appeal was laid over pending the appearance of the appellant or his agent.

Appeal 71—N. B. 310 of 1904, northwest corner of Hester and Forsyth streets, Manhattan, A. E. Badt, appellant.

"2. Brick partition wall should be provided in upper stories where distance between bearing walls exceed 26 feet.

"To provide brick partition wall of thickness required by the Code would make it impossible to get the desired number of rooms in this location to make this property pay.

"It is asked that the provisions of the Code be modified so far as to allow the omission of the brick partition walls in centre of building on the second and upper floors and to provide instead brick filled fireproof partitions, separating each apartment, as marked on plans by cross hatching, formed by filling in between the studs with brick, and covering both sides of partition with 3/4-inch mesh metal lath securely fastened to each stud with long staples; said partitions to be plastered with three good coats of plaster on both sides and partitions carried on each floor by steel beams of size marked on plans.

"To provide brick partition walls of thickness required by Code would make it impossible to get the desired number of rooms required in this location to make this property pay."

A communication from the Superintendent of Buildings of Manhattan, addressed to the Board was read, stating that the subject matter of the appeal had already been adjusted in that Bureau. On motion, the appeal was dismissed on the above grounds.

Appeal 72—Alteration 200 of 1904, No. 840 Southern Boulevard, The Bronx, Charles Volz, appellant.

"Not in conformity with sections 26 and 32 of the Code.

"The manner of construction as proposed is not covered by sections 26 and 32, and is therefore submitted to this Board according to section 411 of Greater New York Charter.

"To permit the construction of angle irons, wrought iron columns and steel roof beams and steel floor girders covered on the outside and on roof with galvanized corrugated iron, the whole resting on 12-inch brick walls with 12-inch by 36-inch concrete footings, the steel columns on brick piers, granite templates and concrete bases all as submitted on attached drawing.

"The exigency of the business of the owners are best served by the form of construction as proposed.

"The structure is to be used for storage of boxes only and all openings of present building where the new structure joins the old one are bricked in solid except one in each story. The structure is considered for temporary use only and ground being filled in the substructure has been designed as light as possible so as not to incur unnecessary expense in foundation work."

Mr. Volz appeared before the Board. On motion, approved.

Adjourned.

THOMAS F. DONOHUE, Clerk.
