Certificates in respect to the vacation of premises at No. 597 Saratoga avenue, Borough of Brooklyn, and west side of Wickes street, about 125 feet north of Metropolitan avenue, Richmond Hill, Borough of Queens.

On motion, the following preambles and resolutions were adopted:
Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 597 Saratoga avenue, in the Borough of Brooklyn, has become dangerous to life by reason of want of repair, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot No. 597 Saratoga avenue, in the Borough of Brooklyn, be required to vacate said building on or before December 7, 1909, for the reason that said building is dangerous to life by reason of want of repair, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot on west side of Wickes street, about 125 feet north of Metropolitan avenue, Richmond Hill, in the Borough of Queens, has become dangerous to life by reason of want of repair, and is unfit for human habitation because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot on west side of Wickes street, about 125 feet north of Metropolitan avenue, Richmond Hill, in the Borough of Queens, be required to vacate said building on or before December 7, 1909, for the reason that said building is dangerous to life by reason of want of repair, and is unfit for human habitation because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Report on Compliance with Certain Orders to Vacate Premises, etc.

On motion, it was
Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

BOROUGH OF MANHATTAN.

Certificates declaring stable located at north side of Eighteenth street, 200 feet East of Sixth avenue, Borough of Brooklyn, and stable located at west side Wickes street, about 125 feet north of Metropolitan avenue, Richmond Hill, Borough of Queens, public nuisances.

On motion, the following orders were entered:

Whereas, The stable located at north side of Eighteenth street, 200 feet east of Sixth avenue, Borough of Brooklyn, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its

declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the wooden floors of horse stalls and stable, and the saturated soil beneath same be removed, the site cleaned and disinfected, and the floors of the stalls be cemented, and so graded as to discharge all liquids into a watertight valley drain which is connected with a sewer by means of a properly trapped drain of extra heavy cast iron pipe; that each stall be provided with a movable rack, and that the portions of the stable floor not cemented be provided with a new and proper watertight floor; that the yard be thoroughly cleaned, and all manure removed therefrom; that hereafter all manure be kept inside the stable, and removed from the premises daily unless pressed in bales, barrels, or boxes so as to reduce it to not more than one-third its original bulk.

Whereas, The stable located at rear of west side Wickes street, about 125 feet north of Metropolitan avenue, Richmond Hill, Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated earth floor of horse stalls be removed, the site cleaned and disinfected, and the floor of the horse stall be cemented, and so graded as to discharge all liquids into a watertight valley drain which is connected to a cesspool by means of a properly trapped drain of extra heavy cast iron pipe; that the stall be provided with a movable rack, and that the portions of the stable floor not cemented be provided with a new and proper watertight floor; that the walls and ceilings of the rooms throughout the house and the walls and ceiling of the cellar be cleaned and whitewashed; that the roof be repaired so as not to leak.

BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENT MATTERS.)

Minutes of meeting of Board of Estimate and Apportionment, City of New York, held in Room 16, City Hall, Thursday, December 23, 1909.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John Cloughen, Acting President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; John F. Murray, President, Borough of The Bronx; Lawrence Gresser, President, Borough of Queens, and George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

After disposing of the Franchise and Financial Calendar, the following Public Improvement matters were considered:

ACQUIRING TITLE TO THE LANDS AND PREMISES REQUIRED FOR A DRAINAGE DITCH OR CANAL, LOCATED BETWEEN CANAL AVENUE NORTH AND CANAL AVENUE SOUTH AND EXTENDING FROM GRAVESEND BAY TO SHEEPSHEAD BAY, AND BETWEEN WEST TENTH STREET AND WEST ELEVENTH STREET, EXTENDING FROM CANAL AVENUE NORTH TO AVENUE V, BROOKLYN.

In the matter of fixing an area of assessment for the proposed acquisition of title to the lands and premises required for a drainage ditch or canal, located between Canal Avenue North and Canal Avenue South and extending from Gravesend Bay to Sheepshead Bay, and between West Tenth street and West Eleventh street, extending from Canal Avenue North to Avenue V, Borough of Brooklyn, affidavits of publication were presented showing that the matter had been duly advertised.

A communication from Mr. Joseph F. Keany, attorney for the Long Island Railroad Company, objecting to the inclusion of the lands of that company in the proposed area of assessment was received and placed on file.

After hearing a representative of the Climax Coal Company, who appeared in opposition to the proposed improvement only in so far as it affects the water-front rights of that company, the President of the Board of Aldermen moved that further consideration of the matter be postponed until the first public improvements meeting of the Board in 1910.

Which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

LAYING OUT A STREET SYSTEM FOR THE TERRITORY BOUNDED BY THE NEW YORK, NEW HAVEN AND HARTFORD RAILROAD, BRONXDALE AVENUE, WHITE PLAINS ROAD, BRONX AND PELHAM PARKWAY AND WILLIAMSBRIDGE ROAD, THE BRONX.

The following report of the Committee to which this matter was referred on December 17, 1909, was presented:

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER.
December 20, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment held on December 17 last, a hearing was given in the matter of changing the City plan by laying out a street system for the territory bounded by the New York, New Haven and Hartford Railroad, Bronxdale avenue, White Plains road, Bronx and Pelham Parkway and Williamsbridge road, Borough of The Bronx.

At this hearing an objection was raised to the treatment of Sackett avenue through the two blocks between Haight avenue and Williamsbridge road and a question was raised as to whether the street as here planned followed the lines shown upon the tentative plan for the district, adopted by the Board of Estimate and Apportionment on June 19, 1908, and the matter was referred to a committee consisting of the Chief Engineer of the Board and the President of the Borough of The Bronx for investigation.

Your committee begs to report that the objections raised are not well founded and that in the vicinity affected the map appears to agree with the tentative plan of 1908. The later plan provided a slight modification in the lines of Sackett avenue as shown upon a tentative map adopted in 1905, but the latter plan contemplated a street layout which, we believe, would not have been more advantageous to the objector.

In view of the fact that both of the tentative maps were adopted after public hearings and that the determination of the layout of the territory affected should be

made at an early date in order to permit of advancing the construction of the New York, Westchester and Boston Railway, as well as of the immediate development of a large portion of the property affected, we would recommend the approval of the map under consideration, with the understanding that a further study will be made of the treatment of Sackett avenue and that any modifications which can advantageously be made in its lines will be shown upon an amended plan to be submitted at an early date.

Respectfully,

JOHN F. MURRAY,

President, Borough of The Bronx.

NELSON P. LEWIS,

Chief Engineer, Board of Estimate and Apportionment.

The following resolutions were then adopted:

Whereas, At a meeting of this Board, held on the 3d day of December, 1909, resolutions were adopted proposing to change the map or plan of The City of New York so as to lay out a street system within the territory bounded by the New York, New Haven and Hartford Railroad, Bronxdale avenue, White Plains road, Bronx and Pelham parkway and Williamsbridge road, in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board to be held on the 17th day of December, 1909, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 17th day of December, 1909; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 17th day of December, 1909; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out a street system within the territory bounded by the New York, New Haven and Hartford Railroad, Bronxdale avenue, White Plains road, Bronx and Pelham parkway and Williamsbridge road, in the Borough of The Bronx, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated November 19, 1909.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

Resolved, by the Board of Estimate and Apportionment of The City of New York, That the width of the roadway of Van Nest avenue, between Bronxdale avenue and Williamsbridge road, Borough of The Bronx, be and it hereby is established as follows:

The roadway of Van Nest avenue, between Bronxdale avenue and Williamsbridge road, Borough of The Bronx, is to be centrally located and is to be forty feet wide.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond, and the Acting President of the Borough of Manhattan—16.

Resolved, by the Board of Estimate and Apportionment of The City of New York, That the width of the roadway of Rhinelander avenue, between Bronxdale avenue and Williamsbridge road, Borough of The Bronx, be and it hereby is established as follows:

The roadway of Rhinelander avenue, between Bronxdale avenue and Williamsbridge road, Borough of The Bronx, is to be centrally located and is to be forty feet wide.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond, and the Acting President of the Borough of Manhattan—16.

Resolved, by the Board of Estimate and Apportionment of The City of New York, That the width of the roadway of Lydig avenue, between White Plains road and Bogart avenue, and between Colden avenue and Williamsbridge road, Borough of The Bronx, be and it hereby is established as follows:

The roadway of Lydig avenue, between White Plains road and Bogart avenue, and between Colden avenue and Williamsbridge road, Borough of The Bronx, is to be centrally located and is to be forty feet wide.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond, and the Acting President of the Borough of Manhattan—16.

On motion, the Secretary was then instructed to call the attention of the President of the Borough of The Bronx to the desirability of amending the plan for the Bronx-dale avenue crossing, in accordance with the recommendations of the Chief Engineer.

RESOLUTIONS GOVERNING THE WIDTH AND USE OF ROADWAYS AND SIDEWALKS, ETC.

On May 14, 1909, the Board adopted a resolution declaring the resolutions adopted by the Board on April 23, 1909, governing the width of roadways and sidewalks and intended to prevent the erection of buildings which would encroach on streets laid out upon the City map, inoperative prior to December 1, 1909, in so far as they relate to encroachments upon streets which have been opened or dedicated to public use, and also appointed a Select Committee, consisting of the Corporation Counsel, the Chief Engineer of the Board and the Consulting Architect of the Board, to consider and report, prior to December 1, 1909, on the question of modifying said resolutions of April 23, 1909. On November 19, 1909, the Board adopted a resolution declaring the resolutions referred to inoperative prior to December 23, 1909.

The following communication from the Corporation Counsel and report of the Select Committee appointed on May 14, 1909, were presented:

CITY OF NEW YORK, LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL.
December 21, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor:

SIR—You will remember that on April 23 last, a resolution was adopted by the Board of Estimate and Apportionment revoking all permits in regard to encroachments heretofore granted. The Title Companies objected strongly to this, as they said it would affect titles to existing buildings, and make a great many difficulties in transfer

and sales thereof, and at their suggestion a resolution was passed declaring the resolution in question inoperative and appointing a Committee to revise the same. This in-operation period expires on December 23 next.

The Committee has prepared a report and enclosed forms of resolutions repealing the old resolutions and substituting new ones in their place, which the Committee thinks obviates all the questions raised by the Title Companies.

I write this to call your attention to the matter in order that you may understand it, and the necessity of adopting the resolutions on December 23, as the Title Companies feel that if the resolution of April 23 goes into effect again, it will seriously affect large interests.

Yours very truly,

F. K. PENDLETON, Corporation Counsel.

CITY OF NEW YORK, LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 22, 1909.

To the Board of Estimate and Apportionment of The City of New York:

SIRs—The question of modifying the resolutions of the Board of Estimate and Apportionment adopted April 23, 1909, governing the width of roadways and sidewalks and encroachments upon streets, having been by resolution of said Board, adopted May 14, 1909, referred to a committee consisting of the Corporation Counsel, the Chief Engineer of the Board of Estimate and Apportionment and the Consulting Architect of the said Board, and the said Committee having duly considered and examined the subject, submit the following report:

The resolutions adopted on April 23, 1909, were very far reaching in their provisions, and met with the opposition and criticism of representatives of real estate interests in the City, who felt that, as they stood, the titles of property might be affected or left uncertain. As a result of this protest, resolutions have been adopted from time to time providing that the operation of such resolutions of April 23, 1909, should be suspended for given periods, which expire on December 23, 1909.

Your Committee have had before them representatives of numerous interests, and a large number of suggestions have been made as to exactly what permits for encroachments should be prohibited. Such numerous and divergent views have been expressed that your Committee feels it would not be proper to formulate detailed provisions on this matter without an opportunity to the various interests to examine the exact terms of any proposed provision, and to be heard in regard thereto at a public hearing.

Your Committee are of opinion that this whole question as to permits for encroachments should receive careful investigation by your Board, with a view of adopting proper resolutions governing the entire matter for the whole City. In the meantime, in order that there may be no prejudicial effects engendered by the uncertainties in connection with the effect of the resolutions adopted by your Board on the 23d day of April, 1909, and which have been since from time to time declared inoperative, your Committee recommends that so much of said resolutions as relate to this question of encroachments should be repealed and rescinded, and for the purpose of accomplishing this result, your Committee recommends the adoption of the following resolutions:

Resolved, That the resolutions adopted by the Board of Estimate and Apportionment of The City of New York on April 23, 1909, governing the width of roadways and sidewalks, and canceling and revoking certain ordinances, resolutions, permits and licenses allowing encroachments upon the public streets previously granted, and intended to prevent the erection of buildings which would encroach upon streets laid out upon the City map, be and the same are, and each of them is, in all respects, hereby rescinded and repealed and declared to be of no force and effect.

Resolved, That unless otherwise provided by special resolution of this Board adopted on or after March 12, 1909, the following rules shall apply to all streets which may hereafter be improved by regulating, grading or paving within the limits of The City of New York:

1. The roadway width of streets shall be such as to give a clear space between curb lines as follows:

(a) For streets less than 20 feet wide and used for vehicular traffic, the roadway shall occupy the entire street width, less the space occupied by the curb.

(b) For streets having a width ranging from 20 feet to 50 feet, and not occupied by a railroad, the width of the roadway shall be 60 per cent. of the total width of the street.

(c) For streets having a width not less than 50 feet nor more than 60 feet, and not occupied by a double-track railroad, the roadway shall have a width of 30 feet.

(d) For streets having a width of more than 60 feet and not more than 66 feet 8 inches, and not occupied by a double-track railroad, the width of the roadway shall be one-half of the total of the street.

(e) For all streets having a width of over 66 feet 8 inches, except those portions of Fifth avenue and of Forty-second street, Borough of Manhattan, concerning the treatment of which a resolution was adopted by this Board on December 18, 1908, the roadway width shall be 80 per cent. of the street width, less 20 feet, subject, however, if the street is occupied by a railroad, to the provision as to the minimum roadway width herein provided for streets occupied by a railroad.

(f) For streets in which there is a single-track railroad the minimum roadway width is to be 30 feet.

(g) For streets in which there is a double-track railroad the minimum roadway width is to be 40 feet.

2. The curb corners of street intersections where the interior angle is 30 degrees or more shall be turned with a curb having a radius of 5, 6, 8, 10 or 12 feet, this being determined for each case as the nearest of these dimensions which would represent 10 per cent. of the width of the wider street, provided, however, that in case the interior angle is less than 80 degrees the radius shall not be less than 20 per cent. of the distance between the building line corner and the point of intersection of the curb tangents.

For intersections where the interior angle is less than 30 degrees a tangent shall be inserted in the curb line at the corner at right angles to the line bisecting the said interior angle, and at a distance from the building line corner equivalent to the width of the wider sidewalk of the intersecting streets, the said distance being measured along the bisecting line. The curves to connect this tangent with the curb lines otherwise provided for shall each have a radius of 6 feet.

3. The roadways shall be centrally located between the street lines, and for streets having a width of 20 feet or more the remaining space on each side of the roadway shall be designated as the sidewalk.

Respectfully submitted,

F. K. PENDLETON, Corporation Counsel:

NELSON P. LEWIS,

Chief Engineer, Board of Estimate and Apportionment;

WALTER COOK,

Consulting Architect, Board of Estimate and Apportionment.

The following resolutions were then adopted:

On motion, the matter of projections and encroachments beyond the house line was laid over for consideration by the incoming Board.

RELIEF FROM ASSESSMENT IN THE PROCEEDING FOR ACQUIRING TITLE TO WASHINGTON AVENUE, BETWEEN THE EAST RIVER AND JACKSON AVENUE, QUEENS.

The following report of the Chief Engineer and opinion of the Corporation Counsel, to whom the matter was referred on December 3, 1909, were presented:

REPORT No. 7385.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 20, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment held on December 3, 1909, a petition was presented by Charles E. Lydecker requesting the adoption of a resolution providing for relieving property assessed in the proceeding for acquiring title to Washington avenue between the East River and Jackson avenue, in the Borough of Queens, from so much of the assessment as was due to the inclusion in the proceeding of land under water.

In the report which was presented upon this application it was shown that the area under water had been properly included within the street system and that the Board was prohibited under the provisions of section 980 of the Charter from reconsidering its original determination to place the entire expense upon the abutting property. For the purpose of removing any question as to this interpretation of the law the matter was referred to the Corporation Counsel for an opinion.

In the accompanying communication, bearing date of December 17, the Corporation Counsel advises that under the provisions of chapter 536 of the Laws of 1889 all of the streets and avenues of Long Island City had been extended to the bulkhead line and that the opening proceeding, as carried out, is in accordance with the plan thus established. He also states that the inclusion of land between the high water line and the bulkhead line could not have materially increased the awards, as the courts have held that the acquisition of title to the former line carries with it the right of access to the channel. He is of the opinion that the Charter does not permit of extending any relief in this proceeding.

I would therefore recommend that the application be denied.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

THE CITY OF NEW YORK,
LAW DEPARTMENT, OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 17, 1909.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I am in receipt of your communication of December 4, 1909, by which you transmit a copy of a communication dated October 15, 1909, from Charles E. Lydecker, Esq., a petition of the Wotherspoon Plaster Mills Company, dated September 21, 1909, and the copy of the report of the Chief Engineer of your Board in the matter of said Wotherspoon Plaster Mills Company, from relief from assessment in the proceeding to acquire title to Washington avenue, from the East River to Jackson avenue, in the Borough of Queens. You say that at a meeting of your Board held December 3, 1909, this matter was referred to the Corporation Counsel.

I wish to say also that I am in receipt of a letter from Charles E. Lydecker, dated December 3, 1909, in relation to the same matter. I have had an investigation of the facts in the case made and I find them to be as follows:

Washington avenue from the East River to Jackson avenue, Borough of Queens, in relation to which my advice is requested, was first laid out on a map prepared by the Commissioners appointed pursuant to chapter 765 of the Laws of 1871, entitled "Commissioners' Map of Long Island City, in Queens County, State of New York," which map was filed in the City Clerk's office, Long Island City April 25 1873. That act was entitled "An Act to provide for the laying out of streets, avenues, roads and parks in Long Island City."

On April 25 1873, a tentative map was filed as aforesaid upon which no grades, block distances or angles were shown.

Upon the map aforesaid Washington avenue was shown as a street extending to a proposed bulkhead line of the East River. Subsequently on a map prepared by the same Commissioners under amendments made by the Legislature to the foregoing act, a map was made which was filed in the City Clerk's office of Long Island City on December 31, 1875, and entitled "Map of grades, monuments and sewers, Long Island City, Queens County, New York," dated December 28, 1875. On this map Washington avenue was shown as laid out and extended to the high water line of the East River.

By chapter 536 of the Laws of 1889, entitled "An Act to Establish and Settle the Bulkhead and Pier Line along the East River at Long Island City and Ravenswood, in the Port of New York," it was provided by section 3 that the streets and avenues

of Long Island City or Ravenswood should be deemed to be extended to the bulkhead and pier lines established by that act.

In the notice of application for the appointment of the Commissioners herein, in the petition for the appointment of Commissioners as well as upon the rule map attached to said petition, Washington avenue was shown as extending to the pier and bulkhead line of the East River, and reference was made in both the petition and notice of application that Washington avenue was shown on the Commissioners' map of Long Island City, filed in the office of the County Clerk of Queens County, Jamaica, April 25, 1873. The term "East River" as a boundary was taken to mean the bulkhead line, or the line beyond which the solid filling could not extend; and accordingly the proceedings for the acquisition of title to Washington avenue have always included the acquisition of the land under water out to the pier and bulkhead line.

The proceedings were first authorized by a resolution of the Board of Estimate and Apportionment, adopted on July 18, 1902, directing the Corporation Counsel to "make application for the appointment of Commissioners of Estimate and Assessment to acquire title wherever the same has not been heretofore acquired for the use of the public to the lands, tenements and hereditaments required for the purpose of opening and extending Washington avenue, from the East River to Jackson avenue, in the First Ward of the Borough of Queens, City of New York."

It was further

"Resolved, That the entire cost and expense of said proceeding shall be assessed upon the property deemed to be benefited thereby."

By the provisions of the Greater New York Charter, section 970, the map or plan of Long Island City as then constituted became a part of the map or plan of The City of New York.

At a meeting of the Board of Estimate and Apportionment held on January 29, 1909, the map or plan of The City of New York was changed by extending Washington avenue from the mean high water line of the East River to the United States pier and bulkhead line, Borough of Queens; and the action of the Board in reference thereto was approved by the Mayor on February 26, 1909. It was at that meeting further

"Resolved, That the Corporation Counsel be and he is hereby authorized and requested to apply to the Supreme Court for the amendment of the proceeding authorized by the Board of Estimate and Apportionment on July 18, 1902, for the acquisition of title to Washington avenue, from the East River to Jackson avenue, in the Borough of Queens, so as to have the same conform to a change in the map or plan of The City of New York, by extending Washington avenue from the mean high water line of the East River to the United States pier and bulkhead line, authorized by resolution adopted by the Board of Estimate and Apportionment on January 29, 1909, and approved by the Mayor on February 2, 1909.

No proceedings were ever taken to amend the proceeding herein, as, under the notice of application for the appointment of Commissioners, the petition therefor and the rule map attached to said petition, it was deemed that no formal amendment was necessary.

The awards which have been made for the parcels extending to the pier and bulkhead line in the Commissioners' report include the value of the land under water out to the bulkhead line, and no increase in said awards was rendered necessary by the foregoing change in the map or plan of The City of New York.

Under section 980 of the Greater New York Charter, revised, it is provided that

The determination or decision of said board as to the proportion of cost and expense to be borne and paid by the city of New York, and as to the proportion to be borne by the property benefited, after it shall have been made and announced, shall be final, and such determination or decision shall not be reopened or reconsidered by said board. In all proceedings instituted before December thirty-first, nineteen hundred and one, and now pending, in which no portion of the cost of such proceedings has been assumed by or placed upon the city of New York, the board of estimate and apportionment may by resolution direct that such proportion of the cost thereof as it in its discretion shall deem just and equitable shall be borne by the city of New York.

The foregoing language is extremely positive; and the question now arises under the petition of the Wotherspoon Plaster Mills (Inc.), to the Board of Estimate and Apportionment, and the communication to the Corporation Counsel of its counsel Charles E. Lydecker, whether or not the resolution of the Board of Estimate and Apportionment of July 18, 1902, placing all the cost and expense of this proceeding upon the property owners benefited, was adopted, in view of the fact that the proceedings included land under water available for dock purposes. It is suggested that the Board of Estimate and Apportionment did not have before it in 1902 when it adopted its resolution placing the entire cost and expense upon the property benefited, a true picture of the situation, as shown by its subsequent action of the same Board in extending Washington avenue, from mean high water line out to the bulkhead line, when such street had already been laid out according to law. It must be assumed that the Board intended to open the street to where the water-front legally was, namely, to the bulkhead line or line of solid filling, or channel line.

The acquisition of title to a street down to the high-water line would carry with it the condemnation of access out to the channel.

Matter of City of Brooklyn, 73 N. Y.

Matter of One Hundred and Thirty-sixth street, 127 App. Div., 672.

The award for the land taken would necessarily include the use of such land for access, and it would not be material, so far as cost was concerned, whether the street was condemned to the high-water line or to the bulkhead line, as there could not be any material increase in the cost of the land taken, between condemning it to the high-water line and the bulkhead line of the Harlem River. And as in my opinion the resolution placing the entire cost and expense on the property owners benefited, stands good as to all of the proceeding as far as the high-water line, I think under the language of the section 980 aforesaid, and all the circumstances of the case, that your Board cannot now amend the resolution placing the entire cost and expense upon the property owners.

Very respectfully,

G. L. STERLING, Acting Corporation Counsel.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby denies the petition, dated September 21, 1909, presented by Charles E. Lydecker on behalf of the Wotherspoon Plaster Mills Company, praying for relief from assessment in the proceeding for acquiring title to Washington avenue, between the East River and Jackson avenue, Borough of Queens.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

FIXING THE ROADWAY AND SIDEWALK WIDTH OF THE SERVICE STREET ON THE EASTERLY SIDE OF RIVERSIDE DRIVE, EXTENDING FROM WEST ONE HUNDRED AND FIFTY-EIGHTH STREET TO WEST ONE HUNDRED AND SIXTY-FIFTH STREET, MANHATTAN.

The following communication from the Chief Engineer was presented:

REPORT No. 7380.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER.
December 18, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on December 17 a resolution was adopted authorizing the regulating and grading of the service roadway on the easterly side of Riverside drive between West One Hundred and Fifty-eighth street and West One Hundred and Sixty-fifth street.

This street has a width of 40 feet and is intended to serve as an outlet for the abutting property on its easterly side. Under the general resolution adopted by the

Board on April 23, 1909, governing the treatment of roadways and sidewalks, the street would have a roadway width of 24 feet with 8-foot sidewalks on each side. It is understood that the plans which have been prepared for this improvement contemplate the omission of the westerly sidewalk and provide a sidewalk width of 13 feet on the easterly side with a 27-foot roadway.

In my judgment this treatment is a desirable one and I would recommend the adoption of the accompanying resolution which provides authority for carrying out the improvement along these lines.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, by the Board of Estimate and Apportionment of The City of New York, That the roadway width and the sidewalk width of the service street on the easterly side of Riverside drive, between West One Hundred and Fifty-eighth street and West One Hundred and Sixty-fifth street, Borough of Manhattan, be and they hereby are established as follows:

The roadway width of the service street on the easterly side of Riverside drive, between West One Hundred and Fifty-eighth street and West One Hundred and Sixty-fifth street, Borough of Manhattan, is to be 27 feet, with a sidewalk on the easterly side thereof, to be 13 feet wide.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

PROVIDING SOUTHERLY OUTLETS FOR SIXTH AND SEVENTH AVENUES, MANHATTAN.

The following report of the Select Committee, consisting of the President of the Board of Aldermen, the Comptroller and the President of the Borough of Manhattan, to which this matter was referred on November 22, 1907, was presented:

December 21, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment, held on November 22, 1907, a public hearing was given upon three different plans for providing outlets at the southerly end of Sixth and Seventh avenues, in the Borough of Manhattan, and the matter was referred to a Select Committee, consisting of the President of the Board of Aldermen, the Comptroller and the President of the Borough of Manhattan.

The Committee begs to report that it has considered the various plans which have been presented, and has concluded that the greatest measure of relief will be secured for the same expenditure by extending Seventh avenue from its present terminus at Greenwich street to the intersection of Carmine street and Varick street at a width of 100 feet; by the widening of Varick street from 60 to 100 feet between Carmine and Canal streets; and by the widening of Carmine street from 60 to 100 feet between Sixth avenue and the proposed extension of Seventh avenue. This will provide an outlet for Sixth avenue, while if Sixth avenue were extended as suggested on one of the plans, it would result in very great expense through the creation of two new thoroughfares each 100 feet wide with a very short distance between them. The plan known as Project D covers the changes above suggested, and in addition thereto provides for a widening of Christopher street to 100 feet between Greenwich street and Greenwich avenue, and for a widening of Vestry street to 100 feet between Canal and West streets. These two widenings would establish outlets to the waterfront; and, while they are very desirable, we believe that they should not be undertaken at the present time.

Your Committee would therefore suggest what is known as Project D for adoption by the Board except as to the widening of Christopher street and of Vestry street.

The question of meeting any portion of the expense of this change by an assessment for benefit need not be considered at this time, but will be determined when proceedings are instituted to acquire title.

Respectfully,

....., President, Board of Aldermen.

H. A. METZ, Comptroller.

JOHN CLOUGHEN, Acting President, Borough of Manhattan.

On motion of the President of the Board of Aldermen the matter was then laid over.

RECONSTRUCTING THE SEWER UNDER PIER 40, AT THE FOOT OF CLARKSON STREET, NORTH RIVER, MANHATTAN.

The Comptroller asked and obtained unanimous consent for the present consideration of the matter of reconstructing the sewer under Pier 40, at the foot of Clarkson street, North River, Borough of Manhattan.

(At the meeting of the Board on December 3, 1909, the President of the Borough of Manhattan, the Board of Assessors and the Comptroller were requested to advise the Board as to the expense involved in their respective offices for carrying out this improvement if an assessment is levied for it, and to give information in each such estimate as to how much of the expense could not be included in the assessment.)

The following communication from the Comptroller was then presented:

CITY OF NEW YORK, DEPARTMENT OF FINANCE.
NEW YORK, December 21, 1909.

Board of Estimate and Apportionment:

GENTLEMEN—Replying to your letter relative to reconstructing sewer under Pier 40, North River, which was referred by the Board at a meeting held December 3, 1909, to the President of the Borough of Manhattan, to the Board of Assessors and to myself, with a request that the Board be advised as to the expense involved for carrying out the improvement if an assessment is levied for it, and information be given as to how much of the expense could not be included in the assessment, I desire to say that the practice of this office has been not to include in the assessment the cost of the services performed in this Department in connection with an improvement.

For the information of the Board, I desire to say that the contract for the above-mentioned improvement was filed in this Department on December 3, 1909, and is certified against the Street Improvement Fund. There has been advanced on account thereof the sum of \$24 for inspection on the payroll for the week ending December 11, 1909.

In the event of this contract being certified against some other fund on account, it will be necessary to reimburse the Street Improvement Fund with the moneys advanced therefrom.

Respectfully,

H. A. METZ, Comptroller.

On motion, the communication from the Comptroller was referred to the Chief Engineer of the Board.

The President of the Board of Aldermen then moved that when the Board adjourns it adjourn to meet on Thursday, December 30, 1909, at 10.30 o'clock in the forenoon.

Which motion was adopted.

The Board then adjourned to meet on Thursday, December 30, 1909, at 10.30 o'clock in the forenoon.

ACQUIRING TITLE TO UNION STREET, BETWEEN NEW YORK AVENUE AND ROCHESTER AVENUE, AND BETWEEN BUFFALO AVENUE AND EAST NEW YORK AVENUE, BROOKLYN.

The following report of the President of the Board of Aldermen, to whom this matter was referred on December 3, 1909, was presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT, BOARD OF ALDERMEN,
NEW YORK, December 27, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on December 3, 1909, a hearing was given on the area of assessment in connection with proceedings to acquire title to Union street, between New York and Rochester avenues and between Buffalo and East New York avenues, Borough of Brooklyn. Some of the property owners in interest recommended that the title to be taken on the block between Brooklyn and Kingston avenues should be an easement instead of a fee title owing to the fact that a steam heating plant serving a number of private residences on both sides of Union street had pipes across the street, and that a serious question would be raised as to the right to maintain these pipes if the title were taken in fee, and the matter was referred to the President of the Board of Aldermen as a Special Committee of one.

I understand that it is very desirable that proceedings should be instituted to acquire title to this street at its increased width, and that this should be done as promptly as possible in order that the improvement of private property now contemplated may be carried out. I am also given to understand that the property owners who appeared before the Board have expressed their willingness that a fee should be taken rather than that there should be any delay in the proceedings, and inasmuch as the policy of the City has lately been to acquire a fee title in all opening proceedings, I would recommend that the proceedings be authorized and that the title to the entire street be taken in fee.

I cannot but believe that if it becomes necessary for the owners of this steam heating plant to secure a franchise in order to maintain their pipes across the street, such franchise would be granted for a nominal consideration, and I so recommend.

Respectfully submitted,

P. F. MCGOWAN, President, Board of Aldermen.

The following resolution was then offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Union street, between New York avenue and Rochester avenue and between Buffalo avenue and East New York avenue, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Union street, between New York avenue and Rochester avenue and between Buffalo avenue and East New York avenue, in the Borough of Brooklyn, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17 of the Greater New York Charter as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Brooklyn in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 19th day of November, 1909; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board.

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

1. Bounded on the north by a line always midway between Union street and Eastern parkway, and the prolongation of the said line; on the east by a line distant 100 feet easterly from and parallel with the easterly line of Rochester avenue, the said distance being measured at right angles to Rochester avenue; on the south by a line always midway between Union street and President street and by the prolongation of the said line; and on the west by the easterly line of New York avenue.

2. Beginning at a point on the prolongation of a line midway between Union street and Eastern parkway as these streets are laid out between Buffalo avenue and Ralph avenue, distant 100 feet westerly from the westerly line of Buffalo avenue, and running thence eastwardly along the said line midway between Union street and Eastern parkway, and along the prolongations of the said line to the intersection with the northwesterly line of East New York avenue; thence southwardly and parallel with Tapscott street to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of East New York avenue, the said distance being measured at right angles to East New York avenue; thence southwestwardly along the said line parallel with East New York avenue to the intersection with the prolongation of a line midway between Union street and President street as these streets are laid out easterly from and where they adjoin Buffalo avenue; thence westwardly along the said line midway between Union street and President street, and along the prolongations of the said line to the intersection with a line parallel with Buffalo avenue and passing through the point of beginning; thence northwardly along the said line parallel with Buffalo avenue to the point or place of beginning.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

Negative—The President of the Borough of Brooklyn—2.

ACQUIRING TITLE TO SUYDAM STREET AND TO WILLOUGHBY AVENUE, FROM IRVING AVENUE TO THE LINE BETWEEN THE BOROUGH OF BROOKLYN AND THE BOROUGH OF QUEENS, BROOKLYN.

The following opinion of the Corporation Counsel, to whom this matter was referred on March 12, 1909, and report of the Chief Engineer were presented:

CITY OF NEW YORK, LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 3, 1909.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I am in receipt of your communication of March 27, 1909, addressed to the Corporation Counsel, transmitting copies of papers in the matter of acquiring title to Suydam street, from Irving avenue to the line between the Borough of Brooklyn and the Borough of Queens; to Willoughby avenue, from Irving avenue to the line between the Borough of Brooklyn and the Borough of Queens, and to Starr street, between Irving avenue and Wyckoff avenue, where not already acquired, Borough of Brooklyn.

You inform me that at the meeting of the Board held on the 12th day of March, 1909, the Comptroller presented a memorandum of which the following is a copy:

"The City of New York, as successor to the City of Brooklyn, owns title to a strip of land 100 by 200 between DeKalb avenue and Hart street through which this road runs. This land was turned over to the President of the Borough of Brooklyn as a corporation yard. The title was acquired under chapter 114 of the Laws of 1883, which law has been held constitutional by the Court of Appeals, and title made thereunder in accordance with the law good. Case of Wheeler vs. White. The railroad company has, I have been told, requested a release from the Commissioners of the Sinking Fund for the strip of land and offered a sum of money for such release. Under these circumstances, I would recommend that the matter be referred to the Corporation Counsel for the purpose of informing this Board, after he has verified the facts, whether the City should not take some action in the premises."

—and that on motion the memorandum was referred to the Corporation Counsel for the purpose of informing the Board whether the Board could not take some action in the premises.

The memorandum in question refers to a plot of land, 100 feet in depth, extending from DeKalb avenue to Hart street, through which the Evergreen Branch of the Long Island Railroad runs.

The proceedings which were under consideration by the Board of Estimate and Apportionment at the time the foregoing memorandum was presented were proceedings for the acquiring title to Suydam street, Willoughby avenue and Starr street, which cross the lands of the Evergreen Branch of the Long Island Railroad.

The plot referred to in the memorandum of the Comptroller is situated one block south of the most southerly of the three streets then under consideration by the Board, and, if owned by the City, it seems to have been thought that such ownership might affect the right to operate a railroad across the streets to the north.

Even assuming that the City is the owner of the plot in question, I do not think such ownership would affect the right of the railroad to acquire title to the same, either by purchase or by condemnation proceedings, if such lands are required for its roadbed, provided the line of the railroad has been located in the manner required by law and the City had consented to such location, and the railroad had been constructed within the time required by the statute, facts which I do not understand are now in dispute, since it appears to be a fact that the railroad has been in operation for years across the plot in question.

The sale to the City of the lands in question would affect the title of the railroad to this plot, but if the railroad company's title is defective, or has been lost by reason of the sale to the City, the Railroad Law authorizes the acquisition of the same for the purpose of perfecting its title to the lands required for its roadbed.

I am also of the opinion that, even assuming the City owns the land in question, such ownership does not essentially change the situation in Suydam street, Willoughby avenue or Starr street, where such streets cross the roadbed of the railroad; and the situation there is such that we must assume that such streets cross the roadbed of a railroad, and to cross the same in the manner proposed by the map of the City it will be necessary to submit the question to the Public Service Commission.

While it appears to me that the memorandum with reference to the plot of land between DeKalb avenue and Hart street was submitted for the purpose of determining whether it would be necessary to treat the situation in Suydam street, Starr street and Willoughby avenue as streets crossing the roadbed of a railroad, and therefore the foregoing may be a sufficient reply thereto, it may not be amiss to consider the objection of the railroad company to the claim that the City has become the owner of the plot in question.

From the information furnished to me by the Comptroller's office it appears that the plot in question was sold for unpaid taxes and assessments at a tax sale held under and by virtue of chapter 114 of the Laws of 1883; that the sale took place on June 2, 1886, and that the City of Brooklyn was the purchaser at that sale of the plot in question; that thereafter notices of the sale were served on William N. Butler, as one of the owners of the plot in question; on Edward Johnson, Secretary of the People's Trust Company, and on Austin Corbin, as President of the Brooklyn and Rockaway Beach Railway Company, and that proofs of such service were filed on February 5, 1895, in the office of the then Register of Arrears of the City of Brooklyn, and that on October 30, 1897, the City of Brooklyn received a deed under such sale from the Register of Arrears of the City of Brooklyn.

Thereafter, on October 22, 1902, the Commissioners of the Sinking Fund adopted the following resolution:

"Resolved, That the vacant property owned by the City, situated on the south side of Hart street, 400 feet east of Irving avenue, in the Borough of Brooklyn, and being 100 feet in width, front and rear, by a depth of 200 feet on each side, to DeKalb avenue, be and the same is hereby set apart and assigned to the President of the Borough of Brooklyn, for use as a storage yard by the Bureau of Highways; use and occupation of same to continue during the pleasure of the Commissioners of the Sinking Fund.

"The report was accepted and the resolution unanimously adopted."

Thereafter the City authorities commenced to use the land for storage yard purposes, and some clash resulted between them and the representatives of the Long Island Railroad Company with reference to this land.

On June 29, 1903, William J. Kelly, General Solicitor for the Long Island Railroad Company, wrote the Comptroller with reference to this matter, stating there had been some interruption to their trains and some clash had occurred between the track supervisor at that point and the parties representing the City who had taken possession of

the land for yard purposes; that the railroad thought there must have been some mistake on the part of the City with reference to the matter, as the company did not understand that the City owned the property, and he asked that the matter be referred to some one who could take the matter up and straighten out the difficulty.

Several communications appear to have passed between the Comptroller and the Long Island Railroad Company with reference to this plot.

On July 13, 1903, the same Solicitor again wrote to the Comptroller, and among other matters said:

"* * * I find that your information is correct and that this property was sold by the old City of Brooklyn and purchased by the City.

"Notwithstanding the sale, the company has been paying taxes annually on this property for years past. Since 1899 the property has been included on the corporation's assessment list of the New York, Brooklyn and Manhattan Beach Railway Company. The company's tracks are located on the line and the railroad is operated over it.

"* * * I state the facts to you, feeling assured that as the City is the owner of the property, and as we have paid taxes faithfully up to date, if there is any way in which we can reclaim it our application will find favor with the City authorities."

On November 16, 1903, the Long Island Railroad Company, in an application signed by its Secretary, asked the City to reconvey to them by quit-claim the plot of land in question, and said:

"* * * We therefore respectfully ask that the City may dispose of whatever interests it has obtained under this sale in the premises mentioned, and we offer to bid or pay for the premises the full amount of the arrears for which the property was sold, with interest and all lawful charges to date. This offer is made with a view to adjusting the matter on a fair, equitable basis with the City; we make it without prejudice to our right to claim that the sale in question was void and that no notice of sale was given as required by law or opportunity afforded us to redeem."

The real basis of the claim of the Long Island Railroad Company that the sale is void seems to rest on the fact that notice of the sale had been served on the Brooklyn and Rockaway Beach Railroad Company instead of on the New York and Manhattan Beach Railway Company or on the Long Island Railroad Company.

The Long Island Railroad Company claimed that the legal title to the lands in question was in the New York, Brooklyn and Manhattan Beach Railway Company, a corporation which had leased the railroad and property belonging to it to the Long Island Railroad in perpetuity, on its agreement to maintain and operate it and to pay taxes and assessments.

An examination of the record title of these premises will disclose that at the time of the service of notice of sale the record title was not in the New York, Brooklyn and Manhattan Beach Railway Company, but, if in any railway company, was in the Brooklyn and Rockaway Beach Railway Company, as the premises were conveyed to the latter company in February and March, 1877, by Cornelia G. Ten Eyck and Bladina S. C. Ten Eyck, respectively, and service on such company of the notice was good service, as the act of 1883 contemplated that such service should be made on the owners of record.

I do not think, therefore, that the objection based on the non-service of the notice of sale on the Manhattan Beach or Long Island Railroad Company is a valid objection to the title of the City to the premises in question.

Unless some agreement can be entered into between the Sinking Fund Commissioners and the railroad company with reference to the price at which the property may be exposed at public auction, I think proceedings should be taken to eject the railroad company from the lands in question.

Very respectfully,

G. L. STERLING, Acting Corporation Counsel.

REPORT No. 7391.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 27, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on January 29, 1909, a public hearing was given concerning the district of assessment proposed in a proceeding for acquiring title to the following streets in the Borough of Brooklyn:

Suydam street and Willoughby avenue from Irving avenue to the line between the Borough of Brooklyn and the Borough of Queens.

Starr street from Irving avenue to Wyckoff avenue where not already acquired.

At this time it was shown that the Starr street proceeding was intended to relate only to the land within the limits of the right of way of the Evergreen Branch of the Long Island Railroad, title to the remaining length of the block having already been acquired under formal proceedings; it was also shown that both Willoughby avenue and Suydam street crossed the same branch of the railroad. At this hearing an objection to the proceeding was raised by the attorney for the Long Island Railroad unless it was understood that all of the expense involved in adjusting the grade of the railroad to conform with that proposed for the streets would be assumed by the City. As a result of this objection, and to permit of obtaining the opinion of the Corporation Counsel relative to the form of resolution to be used in making application to the Public Service Commission for a determination as to the method in which the streets were to be carried across the railroad, action was postponed to February 26, and again to March 12.

The desired opinion was presented at the meeting held on the latter date and the Board was then advised that since the only land to be acquired in Starr street related to the railroad right of way, this street should be omitted from the proposed proceeding and with the understanding that the desired result could be obtained by the adoption of a resolution petitioning the Public Service Commission to determine the character of the railroad crossing required at this point. A resolution providing for this treatment was then submitted, while the character of the crossings required at Suydam street and Willoughby avenue were made the subject of another resolution, intended to be acted upon in connection with the opening proceeding. On this date the Comptroller called the attention of the Board to the fact that certain lands used by the railroad company as a right of way were the property of The City of New York, and at his suggestion the Board requested the Corporation Counsel to advise as to whether this ownership would have any bearing upon the proposed proceeding.

In the accompanying communication from the Corporation Counsel, bearing date of December 3, 1909, the Board is informed that the land in question is located one block east of the streets to which the proposed proceeding would relate and that this ownership should not in any way affect the procedure. He suggests, however, that unless an agreement can be entered into between the Sinking Fund Commissioners and the railroad company providing for the sale of the property, proceedings should be taken to eject the railroad company from its occupancy.

From another opinion of the Corporation Counsel submitted to the Board at this time in connection with a request of the President of the Borough of The Bronx, relative to advancing a proceeding for acquiring title to White Plains road, it would appear that since a public hearing has been given concerning the district of assessment proposed in the matter of acquiring title to Suydam street, Willoughby avenue and Starr street, it would not be necessary to give a new hearing on the amended district to conform with the conditions resulting from the omission of Starr street, to which he holds the proceeding should not relate, providing the boundary of the new district does not include any area outside of that originally proposed.

Under these conditions I would recommend that a proceeding be instituted for acquiring title to Suydam street and Willoughby avenue between Irving avenue and the Borough line; that title to these streets be acquired in fee; that all of the cost and expense of the proceeding, including damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out to comprise the following area:

Bounded on the east by the Borough line; on the southeast by a line midway between Suydam street and Hart street; on the southwest by a line distant 100 feet southwesterly from and parallel with the southwesterly line of Irving avenue, the said distance being measured at right angles to Irving avenue; and on the northwest by a line midway between Willoughby avenue and Starr street.

I believe that there are no buildings upon the land to be acquired.

I would also recommend the adoption of the accompanying resolutions prepared by the Corporation Counsel relative to the application to the Public Service Commission for a determination as to the method by which Starr street, and Willoughby

avenue and Suydam street should be carried across the tracks of the Evergreen branch of the Long Island Railroad.

I would also recommend that a copy of the Corporation Counsel's opinion relative to the ownership of land within the limits of the right of way of this railroad company be forwarded to the Comptroller.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Suydam street and Willoughby avenue, between Irving avenue and the Borough line, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Suydam street and Willoughby avenue, between Irving avenue and the Borough line, in the Borough of Brooklyn, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Brooklyn in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 29th day of January, 1909; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Bounded on the east by the Borough line; on the southeast by a line midway between Suydam street and Hart street; on the southwest by a line distant 100 feet southwesterly from and parallel with the southwesterly line of Irving avenue, the said distance being measured at right angles to Irving avenue; and on the northwest by a line midway between Willoughby avenue and Starr street.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

Whereas, Starr street, in the Borough of Brooklyn, between Irving avenue and Wyckoff avenue, crosses the Evergreen branch of the Long Island Railroad; and

Whereas, A notice was served on the said railroad company that a hearing would be given to it on the 29th day of January, 1909, on the question of the necessity of carrying said Starr street across the railroad right of way, and a hearing on that day was had thereon; and

Whereas, The Board of Estimate and Apportionment hereby declares that it is necessary to carry the said street across the said railroad tracks and right of way; and

Whereas, Starr street on either side of the railroad and within the limits of the roadway of said streets has been constructed to conform to the established grade of said street; and

Whereas, The said railroad crosses the said Starr street within the limits of the roadway of said street at an elevation of 2.35 feet below the established grade of the street; it is therefore

Resolved, That the Board of Estimate and Apportionment of The City of New York petition the Public Service Commission of the First District to determine the manner in which the said Starr street shall be carried across the railroad tracks and right of way of the Evergreen branch of the Long Island Railroad Company; and it is further

Resolved, That this Board hereby recommends that the said Starr street be carried across the said railroad at the established grade of the street, and that the grade of the railroad be changed to conform therewith; and it is further

Resolved, That the Secretary of this Board be directed to present this petition to the Public Service Commission of the First District.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

Whereas, The Board of Estimate and Apportionment of The City of New York, by a resolution adopted on the 30th day of December, 1909, has directed that proceedings be initiated in the name of The City of New York to acquire title, wherever the same has not been heretofore acquired, for the use of the public to the lands, tenements and hereditaments required for the purpose of opening and extending Suydam street, from Irving avenue to the Borough line, and Willoughby avenue, from Irving avenue to the Borough line, in the Borough of Brooklyn; and

Whereas, The said street and avenue extend across the tracks of the Evergreen branch of the Long Island Railroad; and

Whereas, A notice has been served on the said railroad company that a hearing would be given to it on the 29th day of January, 1909, on the question of the necessity

of carrying the said street and avenue across the railroad tracks and right of way, and a hearing on the aforesaid date was had thereon; and

Whereas, The Board of Estimate and Apportionment hereby declares that it is necessary that the aforesaid street and avenue be carried across the said railroad tracks and right of way; and

Whereas, The grade of the railroad within the lines of Suydam street is 2.72 feet below the established grade of the said street, and within the lines of Willoughby avenue is 2.85 feet below the established grade of the street.

Resolved, That the Board of Estimate and Apportionment of The City of New York petition the Public Service Commission of the First District to determine the manner in which the said Suydam street and the said Willoughby avenue be carried across the said railroad; and be it further

Resolved, That this Board recommend that the said street and the said avenue be carried across the railroad at their established grades respectively, and that the grade of the said railroad be changed to correspond therewith; and it is further

Resolved, That the Secretary of this Board be directed to present this petition to the Public Service Commission of the First District.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

On motion, the Secretary was then instructed to forward the Comptroller a copy of the opinion of the Corporation Counsel relative to the City's ownership of the railroad land.

ACQUIRING TITLE TO WHITE PLAINS ROAD, BETWEEN A POINT NEAR THE OLD UNIONPORT ROAD AND A POINT NEAR THWAITES PLACE, THE BRONX.

The following communication from the President of the Borough of The Bronx and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT, BOROUGH OF THE BRONX,
December 27, 1909.

JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

DEAR SIR—I am forwarding herewith copy of a communication received from the Corporation Counsel in connection with the above proceeding. He states that "as it was legal for your Board to modify the proposed improvement by disapproving of one proceeding, and to adopt or decrease the area of assessment, it seems to me that no injury is done to any property owner by your action in adopting the proposed area of assessment, without a further re-advertisement and re-hearing. The cases in which you have been advised that a re-hearing and re-advertisement should be had were cases like that of Pitken avenue, where the lines of the street were altered or where property which should have been included in the area of assessment was not included, or cases where under the amendment to the proceedings other property was included in the proceeding, which was then included in the area of assessment and should be stricken out."

As this proceeding should be expedited, I would request that it be submitted to the Board for action.

Respectfully,

JOHN F. MURRAY, President, Borough of The Bronx.

REPORT No. 7390.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 27, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on April 10, 1908, a hearing was given concerning the area of assessment proposed in the proceeding for acquiring title to the following streets in the Borough of The Bronx:

Bronx Park East, as widened, between White Plains road and Bronx and Pelham parkway.

White Plains road, between a point near the old Unionport road and a point near Thwaites place.

An objection was at this time raised to the boundary planned for the assessment district, and at the close of the hearing the matter was referred back to the Borough President for further consideration.

The proceeding was again considered by the Board at its meeting of September 24, 1909, on which date a communication was presented from the Borough President urging a modification in the boundary of the assessment district. At this time the Board adopted a resolution disapproving the Local Board resolution relating to the acquisition of title to the widening of Bronx Park East, and the Borough President was requested to submit a map showing changes which he would recommend in the lines of this street and in those of White Plains road, provided that it was found to be necessary to reduce the width of either or both of the streets in order to keep the assessment within limits which might properly be imposed upon the property deemed benefited. Since this date the Borough President has called the attention of the Board to the fact that it would not be advisable to reduce the width of White Plains road, which as now mapped has a width of 100 feet, as the street has been selected by the Rapid Transit Commission as a portion of the proposed Subway Route No. 18.

With the accompanying communication, bearing date of December 27, the Borough President submits a copy of an opinion rendered to him by the Corporation Counsel, under date of December 17, in which he is advised that the proposed opening proceeding, in so far as it relates to White Plains road, could be authorized by the Board of Estimate and Apportionment without giving a new public hearing concerning the assessment district, provided no territory were included within it which was outside of the limit originally planned, concerning which a hearing was given on April 10, 1908. The Borough President states that this proceeding should be expedited, and he requests that it now be authorized by the Board.

Under the conditions named, I see no reason why the desired action should not be taken, and I would recommend the adoption of the resolution, and that the assessment district be fixed to correspond with the boundary as proposed for both streets.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of White Plains road, between a point near the old Unionport road and a point near Thwaites place, in the Borough of The Bronx, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the

same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending White Plains road, between a point near the old Unionport road and a point near Thwaites place, in the Borough of The Bronx, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of The Bronx, in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 10th day of April, 1908; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Beginning at a point on the prolongation of a line which is 100 feet northerly from and parallel with the northerly line of Astor avenue as laid out immediately east of Boston road, and as shown on Section 31 of the Final Maps of the Borough of The Bronx, distant 100 feet westerly from the westerly line of Bronx Park East, the said distance being measured at right angles to the line of Bronx Park East, and running thence eastwardly along the said line parallel with Astor avenue and the prolongation thereof to the intersection with a line distant 880 feet easterly from and parallel with the easterly line of White Plains road as laid out between Bear Swamp road and Bronx and Pelham parkway, the said distance being measured at right angles to the line of White Plains road; thence southwardly along the said line parallel with White Plains road to the intersection with a line at right angles to the line of White Plains road, and passing through a point on its easterly line distant 300 feet southerly from the angle point south of Bear Swamp road; thence westwardly along the said line at right angles to White Plains road to the intersection with the prolongation of a line distant 466 feet westerly from and parallel with the easterly line of Bronx Park East as laid out between White Plains road and Boston road, the said distance being measured at right angles to the line of Bronx Park East; thence along the said line parallel with Bronx Park East and the prolongation thereof to the intersection with a line parallel with Bronx Park East as laid out northerly from Pelham Parkway North, and passing through the point of beginning; thence northwardly and parallel with Bronx Park East to the point or place of beginning.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

ACQUIRING TITLE TO THE EXTENSION OF UNIVERSITY PARK, THE BRONX.

The following communications from the President of the Borough of The Bronx and Mr. Henry M. MacCracken, Chancellor of New York University, were presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT, BOROUGH OF THE BRONX,
November 26, 1909.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

SIR—I have just received a letter from Chancellor MacCracken, of the New York University, bringing to my attention the proceeding for laying out an extension to University Park.

I understand this extension is on the northerly side of the present University Park and has a park approach extending westerly between Cedar avenue and Harlem River terrace, which will provide direct communication between the University Heights station and the University buildings. From the information I have, the Board appointed a committee and the report of the committee was presented to the Board of Estimate and Apportionment at its meeting of February 15, 1907, and was to the following effect:

"Laying Out an 'Extension to University Park'—We would respectfully recommend that the entire expense of the acquisition should be borne and paid by The City of New York."

It appears to me that this improvement is in every respect a desirable one and largely for the benefit of the University, and in view of the fact that the committee has recommended as above, I wish to urge that the proceeding be progressed in accordance with the recommendation in said report and that a date be fixed for vesting of title in the City at as early a day as possible.

Under date of December 24, 1907, the Secretary of the Board of Estimate and Apportionment transmitted to the President of the Borough of The Bronx copies of the papers in the matter of vesting title to the extension of University Park, Borough of The Bronx, in accordance with resolution of the Board of Estimate and Apportionment adopted December 20, 1907, which Board referred this matter back to the President of the Borough of The Bronx for the purpose of having a Local Board resolution adopted initiating proceedings for acquiring title. As there has been no petition presented to the Local Board regarding this title matter, no action has been taken by the Local Board, and, as I understand the situation, the Local Board is not called upon to take any action in view of the fact that no petition is before that body.

Therefore, this particular matter in connection with University Park is also referred back to the Board of Estimate and Apportionment for the reasons above stated.

Very respectfully,

JOHN F. MURRAY, President, Borough of The Bronx.

NEW YORK UNIVERSITY, WASHINGTON SQUARE EAST,
UNIVERSITY HEIGHTS, November 24, 1909.

Hon. JOHN F. MURRAY, President, Borough of The Bronx:

DEAR PRESIDENT—I called upon you this week, but finding you had just left your office, I placed in Chief Engineer Briggs' hands certain papers in regard to the present Board of Estimate, before it goes out of office, passing a resolution that the City take title to the land shown on the City map as an extension to University Park.

I now enclose a copy of a letter and of a statement of "reasons" which I have sent to the Mayor and have also sent to Comptroller Metz and to President McGowan, in regard to this subject. The whole subject is explained by pages 642-643 of the minutes of the Board of Estimate and Apportionment of February 15, 1907.

According to routine, the President of The Bronx should perhaps bring up the matter at the next meeting of the Board of Estimate, because on December 20, 1907, Chief Engineer Lewis, after signing the report, along with Messrs. Metz, McGowan and Haffen, of February 15, 1907, that the City bear the cost, without assigning any reasons except his own belief, recommended a diametrically opposite action which

would cause the University to be assessed for nearly all the expense. This recommendation of his, of December 20, 1907, was referred back with the whole matter to the President of the Borough of The Bronx. Hence technically it may be considered to be in your hands.

The University is claiming this improvement as a substitute for what was taken away from it at the time that the Hudson River Railway was obliged to abolish our old station, which we had had twelve years at our own expense. The University declines to pay for having common justice rendered it by the great City of New York.

We ask, therefore, that the President of The Bronx report back recommending that the Board of Estimate take up the matter where it was left on February 15, 1907, at which date the Board accepted the report of Messrs. Metz, McGowan, Lewis and Haffen, which recommended two items, first, that this park extension be put on the map; second, that the entire expense be paid by the City. The first item was adopted, namely, the putting on the map. Under the circumstances, does this not morally bind the City to act upon the second item, namely, the acquisition of the land by the City at its own cost?

Very truly yours,

HENRY M. MACCRACKEN.

On motion of the Comptroller, the matter was then laid over for consideration by the incoming Board.

DEED OF CESSION TO CERTAIN LANDS LYING WITHIN THE LINES OF BARRETTO STREET, THE BRONX.

The following communication from the Secretary, Commissioners of the Sinking Fund, was ordered printed in the minutes and placed on file:

CITY OF NEW YORK, DEPARTMENT OF FINANCE,
December 16, 1909.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

DEAR SIR—At a meeting of the Commissioners of the Sinking Fund held on the 15th inst., the following preamble and resolution were adopted:

Whereas, The Board of Estimate and Apportionment, at meeting held January 15, 1909, pursuant to the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest, changed the map or plan of The City of New York by closing Barretto street, between Garrison avenue and Lafayette avenue, in the Borough of The Bronx, in accordance with the map signed by the President of the Borough of The Bronx and dated December 18, 1908, with instructions to the Secretary of the Board not to forward the resolution to the Mayor for his signature until a deed of the land within the proposed lines had been prepared in form satisfactory to the Corporation Counsel and to the Sinking Fund Commission; and

Whereas, Said deed having been prepared in form satisfactory to the Corporation Counsel, it is

Resolved, That the Commissioners of the Sinking Fund hereby approve of the form of said deed.

Very truly yours,

N. TAYLOR PHILLIPS,

Secretary, Commissioners of the Sinking Fund.

DISCONTINUING THE PROCEEDING FOR ACQUIRING TITLE TO ST. NICHOLAS AVENUE, BETWEEN MYRTLE AVENUE AND COOPER STREET, QUEENS.

The following communication from the President of the Borough of Queens and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT, BOROUGH OF QUEENS,
LONG ISLAND CITY, December 21, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In the matter of the proposed change in the map or plan of The City of New York, by discontinuing St. Nicholas avenue, from Jefferson avenue to Cooper street, Second Ward, of the Borough of Queens, which, at the meeting of the Board of Estimate and Apportionment, held on October 8, 1909, was referred back to me for further consideration, I desire to report as follows:

After a public hearing held of all parties concerned, and after very careful consideration, I learn that it is the wish of those persons living within the area of assessment that the proceedings to legally open St. Nicholas avenue, from Myrtle avenue to Cooper street, be rescinded. This matter was first presented to the Local Board for consideration in the early part of 1903. The Commissioners of Estimate and Assessment, however, were not appointed until January, 1909. In the meantime, a great number of buildings have been erected, and the expense which would be involved by their condemnation, in connection with assessments for other improvements, would result in confiscation of the property. This street is not required at this time, and will not be at any time in the future; Wyckoff avenue is now being widened and will afford ample facilities for all traffic.

In view of these facts, I would recommend to your Honorable Board that the map or plan of The City of New York be changed by discontinuing St. Nicholas avenue, from Myrtle avenue to Cooper street, and, that, therefore, the resolution of the Board of Estimate and Apportionment, authorizing the proceedings to legally open St. Nicholas avenue, from Myrtle avenue to Cooper street, be rescinded.

Respectfully,

LAWRENCE GRESSER, President, Borough of Queens.

REPORT No. 7388.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 24, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment, held on April 23, 1909, a resolution was presented by the Local Board of the Newtown District, Borough of Queens, requesting the amendment of the proceeding for acquiring title to St. Nicholas avenue, between Myrtle avenue and Cooper street, by excluding the section between the latter terminal and Jefferson avenue. At this time the attention of the Board was called to the fact that a large number of buildings encroached upon the street between Jefferson avenue and Cooper street and that the application was evidently based on the desire of the owners of the abutting property to escape what would unquestionably be a very large assessment if the proceeding were carried out. Attention was also called to the fact that if the proceeding were to be postponed to a later date the expense would probably be increased, and that for this reason the discontinuance of the proceeding should be construed as carrying with it a determination to remove this portion of the street from the City map. At this meeting, and on the recommendation of your Engineer, the proposed amendment of the proceeding was disapproved.

On June 10 following another resolution was adopted by the Local Board, requesting the discontinuance of the St. Nicholas avenue proceeding. No argument was offered in support of this request, but for the purpose of ascertaining the desires of the property owners in the locality the Board gave a public hearing on October 8, 1909, concerning a proposed change in the map of this street by discontinuing that portion of it east of Jefferson avenue and with the understanding that if the map change were made it would be followed by an amendment of the proceeding to correspond. On the latter date the matter was referred back to the Borough President for further consideration.

In the accompanying communication, bearing date of December 21, 1909, the Borough President states that he has given a public hearing to all of the parties concerned in the proceeding and he learns that all of them who live within the district of assess-

ment are desirous of having the proceeding discontinued. He therefore recommends the approval of the resolution adopted by the Local Board on June 10, 1909, providing for the discontinuance of the opening proceeding which was authorized by the Board on December 14, 1906, and he also asks that the street be eliminated from the City map.

On inquiry at the office of the Corporation Counsel in charge of the Bureau of Street Openings I find that the expenses which have already been incurred amount to about \$1,000. In case the proceeding is discontinued it will not be possible to reimburse the treasury for the expenditure, but in view of the facts as stated by the Borough President I believe that the proceeding might properly be discontinued and would recommend such action. I would also suggest that the attention of the Borough President be called to the necessity of submitting a map showing the modifications required in the City map to provide for the removal from it of St. Nicholas avenue through that portion of its length east of Myrtle avenue.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Mr. DeLancey F. Nichols, having obtained permission to address the Board, requested that action in the matter be deferred in order to give him an opportunity to show that the sentiment of the property owners in the vicinity is against the discontinuance of the proceeding.

The following resolution was then offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 1000 of the Greater New York Charter, as amended, deeming it for the public interest so to do, hereby discontinues the proceeding instituted by the Board on December 14, 1906, for acquiring title to St. Nicholas avenue, between Myrtle avenue and Cooper street, Borough of Queens; and be it further

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby rescinds the resolution adopted by the said Board on December 14, 1906, for acquiring title to St. Nicholas avenue, between Myrtle avenue and Cooper street, Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

On motion, the Secretary was then instructed to call the attention of the President of the Borough of Queens to the desirability of submitting a map providing for the discontinuance of St. Nicholas avenue through that portion of its length east of Myrtle avenue.

ACQUIRING TITLE TO PROPERTY BOUNDED BY SIXTY-FOURTH STREET TWENTY-SECOND AVENUE, SIXTY-FIFTH STREET AND THE NEW YORK AND SEA BEACH RAILROAD, TO BE USED FOR THE PARKVILLE DRIVEN WELL STATION, BROOKLYN.

(A hearing was given on December 17, 1909, in the matter of acquiring title to this property, and also to land located on the northerly side of Avenue M. An objection was raised concerning the latter site, and the matter was referred to the Chief Engineer of the Board.)

The following communication from the Commissioner of Water Supply, Gas and Electricity, with enclosure from the Chief Engineer of that Department, was presented:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
BOROUGH OF BROOKLYN, OFFICE OF DEPUTY COMMISSIONER,
BROOKLYN, December 20, 1909.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith a statement prepared by the Chief Engineer of this Department, Borough of Brooklyn, regarding the lands required by the Department for the Flatlands driven well station. On December 17 a hearing was held by your Board on the maps for the Parkville and Flatlands driven well stations, and the matter was referred back to the Chief Engineer. If the latter is unable this week to make a report, I would respectfully ask that action be taken on the approval of the map for the Parkville driven well station, at the corner of Twenty-second avenue and Sixty-fourth street. I am advised that no objection was raised to the acquiring of this property at the hearing of the 17th inst.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

THE CITY OF NEW YORK,
DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
BROOKLYN, December 20, 1909.

Hon. WILLIAM C. COZIER, Deputy Commissioner:

DEAR SIR—In response to your request, I submit herewith further information regarding the lands to be acquired for a driven well station at Flatlands, Borough of Brooklyn. You will recall that this matter came up before the Board of Estimate and Apportionment on Friday, December 17, and was referred to the Chief Engineer.

The alternative site suggested by the New York-Pennsylvania Real Estate Associates, owners of the original site, is on land, also belonging to them, which averages about two feet higher than that proposed by the Department on the northerly side of Avenue M. The surface of the ground on the alternative site is, therefore, two feet higher above the ground water and the additional cost of construction would be about \$2,000 over that originally estimated on the site selected by the Department.

Much of the land on the site shown on the map presented by this Department is below street grade and it was assumed that such land was less valuable than other lands belonging to the New York-Pennsylvania Real Estate Associates on which it would not be necessary to make a fill to bring the property up to grade. Furthermore, the alternative site proposed does not front on Kings highway, and an easement would necessarily have to be secured to obtain access to this site.

Respectfully,

WALTER E. SPEAR, Chief Engineer.

On motion, the matter was then laid over.

RECONSTRUCTING THE SEWER UNDER PIER 40, AT THE FOOT OF CLARKSON STREET, NORTH RIVER, MANHATTAN.

(At the meeting of the Board on December 3, 1909, the President of the Borough of Manhattan, the Board of Assessors and the Comptroller were requested to advise the Board as to the expense involved in their respective offices for carrying out this improvement, if an assessment is levied for it, and also to state in such estimate how much of the expense could not be included in the assessment.)

The following communications from the Board of Assessors and the Acting President of the Borough of Manhattan were presented:

OFFICE OF THE BOARD OF ASSESSORS,
No. 320 BROADWAY,
NEW YORK, December 14, 1909.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Replying to your letter of the 8th inst., relative to the matter of proposed assessment for sewer improvement at Pier 40, Borough of Manhattan, and referring to our former letter on the same subject, and the report of the Chief Engineer

of the Board of Estimate and Apportionment thereon, I beg to say that we cannot definitely state the cost of laying the proposed assessment in this office. It would probably require the services of two men, with necessary supervision, for at least a month, to make the calculations; but, as the expenses of this office are provided for by an annual Budget appropriation, it would be impossible to segregate that particular item. No part of the cost of our work is included in assessments laid by us. Owing to the recent activity of the Borough Presidents in certifying assessment lists to this office, our work at the present time is very heavy, and the laying of this proposed assessment would simply operate to increase it.

We do not believe that there should be any general practice of providing for assessable improvements by general tax levy, but in this particular case, where the area affected is so large and the total amount so small, an exception might properly be made.

Respectfully,

ANTONIO ZUCCA, President.

OFFICE OF COMMISSIONER OF PUBLIC WORKS,
BOROUGH OF MANHATTAN,
December 23, 1909.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I duly received your letter of December 8, requesting that the Board of Estimate and Apportionment be advised as to the expense involved for carrying out the reconstruction of the sewer under Pier 40, North River, if an assessment is levied for it, also asking for information as to how much of the expense could not be included in the assessment.

In reply, I would say that the Chief Engineer of the Bureau of Highways reports that the preparation of the assessment list will cost about \$1,650, and it is estimated that the supervision of the work in the matter of engineering and inspection will cost about \$350, making a total of about \$2,000. None of the above items could be excluded from the assessment.

Yours respectfully,

JOHN CLOUGHEN, Acting President, Borough of Manhattan.

On motion, the matter was referred to the Chief Engineer, to whom the report of the Comptroller was also referred at the meeting on December 23, 1909.

PLAN SHOWING BRIDGE WHICH IT IS PROPOSED TO BUILD TO CARRY THE TRACKS OF THE NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY OVER BERRIAN STREET, THE BRONX.

The following communication from the Chief Engineer of the New York, Westchester and Boston Railway Company and report of the Chief Engineer of the Board were presented:

NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY,
No. 65 BEAVER STREET,
NEW YORK, December 27, 1909.

MR. NELSON P. LEWIS, Chief Engineer, Board of Estimate and Apportionment:

DEAR SIR—We have revised the Berrian Street Bridge plan in accordance with your favor of the 20th inst., and I am sending you herewith the tracing and one print of same.

Kindly return the tracing after approval, and I will then send you an additional print.

I phoned your office last Friday, asking that this matter be placed on the calendar for this week and that I would have the plan in your office today.

Very truly yours,

J. L. CRIDER, Chief Engineer.

REPORT No. F-118.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 30, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of December 27, 1909, the New York, Westchester and Boston Railroad Company, through its Chief Engineer, Mr. J. L. Crider, has, in accordance with the provisions of paragraph 10 of section 2 of the agreement of June 24, 1904, between the New York, New Haven and Hartford Railroad Company and The City of New York, transmitted for the approval of the Board of Estimate and Apportionment a general drawing showing the railroad bridge which it is proposed to build over Berrian street, in the Borough of The Bronx.

This street crosses the tracks of the New York, Westchester and Boston Railroad at a point a little west of Morris Park avenue. The drawing indicates that a clearance of nineteen feet and three inches will be provided over the roadway, and that the elevation conforms with the street grades heretofore established. The bridge will be of the deck plate girder type and will possess the following characteristics:

Berrian street has been laid out to have a width of eighty feet and at this point is on a curve having a 600-foot radius at the centre line. The railroad, which will be four-tracked, crosses at an angle of about forty-eight degrees and will be carried on eight girders. These will be supported on abutments built on each street line and on intermediate columns placed one foot and six inches inside of the curb line. The maximum length of span will be about fifty-five feet and the depth of the girders back to back of angles will be about six feet.

The design appears to be in accordance with the best modern practice, and it is recommended that the plan be approved.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, Under date of December 27, 1909, the New York, Westchester and Boston Railway Company, through its Chief Engineer, has, in conformity with the provisions of subdivision 10 of section 2 of the agreement of June 24, 1904, between The City of New York and the New York, Westchester and Boston Railway Company, submitted to the Board of Estimate and Apportionment of The City of New York for its consideration a plan showing the bridge proposed for carrying Berrian street over the tracks of the said railway company, in the Borough of The Bronx, City of New York; be it

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the aforesaid plan, subject, however, to any action that may be necessary by the Art Commission.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

PRELIMINARY AUTHORIZATION OF LOCAL IMPROVEMENTS.

RESCINDING RESOLUTION AUTHORIZING PRELIMINARY WORK REQUIRED PRIOR TO THE CONSTRUCTION OF A SEWER IN ELM AVENUE, BETWEEN MYRTLE AVENUE AND FRESH POND ROAD, QUEENS.

The following communication from the Secretary of the Borough of Queens and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT, BOROUGH OF QUEENS,
LONG ISLAND CITY, December 21, 1909.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—President Gresser directs me to transmit herewith a report relative to the construction of a sewer in Elm avenue, from Myrtle avenue to Fresh Pond road,

Second Ward, of the Borough of Queens, and a communication from the Engineer of Sewers of this Department in connection therewith.

Yours very truly,

JOHN M. CRAGEN, Secretary, Borough of Queens.

REPORT No. 7387.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 23, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment held on June 18, 1909, a resolution was adopted authorizing the President of the Borough of Queens to do the preliminary work required prior to the construction of a sewer in Elm avenue, between Myrtle avenue and Fresh Pond road, proceedings for which had been initiated by the Local Board of the Newtown District. The work was estimated to cost \$27,700.

With the accompanying communication from the Secretary of the Borough, bearing date of December 21, 1909, there is presented information showing that the sewer has been built under private contract in the block between Fresh Pond road and Buchanan avenue and the final authorization of the improvement is requested in so far as it affects the remaining length. This treatment would involve an amendment of the resolution as presented by the Local Board, a procedure which appears to be somewhat questionable. The Board has requested the Corporation Counsel to give an opinion concerning a similar improvement where it is proposed to depart from the Local Board recommendation, but the desired advice has not yet been received.

It appears that no expense has been incurred in carrying out the preliminary work, and for the purpose of removing any question as to the legality of the authorization which might invalidate the assessment to be levied I would recommend that the resolution of the Board of Estimate and Apportionment of June 18, 1909, be rescinded, and that the attention of the Borough President be called to the desirability of submitting a new resolution of the Local Board properly describing the improvement.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby rescinds the resolution adopted by said Board on the 18th day of June, 1909, authorizing the performance of the work which is required prior to placing under contract the following local improvement, to wit:

"To construct a sewer and appurtenances in Elm avenue, from Myrtle avenue to Fresh Pond road, in the Second Ward of the Borough of Queens."

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens, and Richmond—16.

On motion, the Secretary was then instructed to call the attention of the President of the Borough of Queens to the desirability of presenting a new Local Board resolution describing the improvement as now desired.

FINAL AUTHORIZATION OF LOCAL IMPROVEMENTS.

BOROUGH OF QUEENS.

The following report of the Chief Engineer was presented:

REPORT No. 7389

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 27, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith are transmitted communications from the President of the Borough of Queens, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with.

1. Sewers in the following streets: Van Alst avenue, from Harris avenue to Payntar avenue; Payntar avenue, from William street to Sherman street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on September 24, 1909, at which time information was presented to show that its probable cost would be about \$70,000. The Borough President states that the time to be allowed for the completion of the improvement is 200 days, and that the expense incurred for the preliminary work amounts to nothing.

The work to be done comprises the following:

890 linear feet 6-foot 3-inch by 4-foot 3-inch sewer.
622 linear feet 4-inch circular sewer.
590 linear feet 3-foot 9-inch by 2-foot 6-inch sewer.
65 linear feet 2-foot 6-inch sewer.
338 linear feet 24-inch pipe sewer.
270 linear feet 18-inch pipe sewer.
268 linear feet 15-inch pipe sewer.
460 linear feet 12-inch pipe sewer.
27 manholes.

4 receiving basins.

The cost of the improvement is now estimated to be \$50,300.

2. Sewer in Webster avenue, from Third avenue to Fourth avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on October 8, 1909, at which time information was presented to show that its probable cost would be about \$1,100. The Borough President states that the time to be allowed for the completion of the improvement is thirty days, and that the expense incurred for the preliminary work amounts to nothing.

The work to be done comprises the following:

210 linear feet 12-inch pipe sewer.
2 manholes.

The cost of the improvement is now estimated to be \$1,000.

3. Sewer in Fourth avenue, from a point about 190 feet south of Pierce avenue to Jackson avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on October 8, 1909, at which time information was presented to show that its probable cost would be about \$9,400. The Borough President states that the time to be allowed for the completion of the improvement is ninety days, and that the expense incurred for the preliminary work amounts to nothing.

The work to be done comprises the following:

385 linear feet 18-inch pipe sewer.
495 linear feet 15-inch pipe sewer.
1,175 linear feet 12-inch pipe sewer.
14 manholes.
5 receiving basins.

The cost of the improvement is now estimated to be \$10,600.

I see no reason why the construction work required to carry out these improvements should not be authorized, and would recommend such action.

I would also recommend that title be vested in the City on February 1, 1910, to the following streets:

Payntar avenue, between Van Alst avenue and the northwesterly line of Sherman street.

Van Alst avenue, between the northeasterly line of Payntar avenue and the southwesterly line of Harris avenue.

Fourth avenue, between Jackson avenue and Washington avenue.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

SEWERS IN VAN ALST AVENUE, FROM HARRIS AVENUE TO PAYNTAR AVENUE, AND IN PAYNTAR AVENUE, FROM WILLIAM STREET TO SHERMAN STREET, QUEENS.

Vesting Title to Payntar Avenue, from Van Alst Avenue to the Northwesterly Line of Sherman Street, Queens.

Vesting Title to Van Alst Avenue, from the Northeasterly Line of Payntar Avenue to the Southwesterly Line of Harris Avenue, Queens.

Whereas, The Board of Estimate and Apportionment on the 8th day of March, 1907, adopted a resolution requesting the Corporation Counsel to institute proceedings to acquire title in fee, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Payntar avenue, between Van Alst avenue and Vernon avenue, in the Borough of Queens, City of New York; and

Whereas, Commissioners of Estimate have been appointed by the Supreme Court in proceedings to acquire title to said street and the oaths of said Commissioners of Estimate were duly filed as required by law on the 2d day of March, 1909; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of February, 1910, the title in fee to each and every piece or parcel of land lying within the lines of said Payntar avenue, between Van Alst avenue and the northwesterly line of Sherman street, in the Borough of Queens, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Whereas, The Board of Public Improvements on the 15th day of February, 1899, adopted a resolution requesting the Corporation Counsel to institute proceedings to acquire title, in fee wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Van Alst avenue, from Nott avenue to Hoyt avenue, in the Borough of Queens, City of New York, and

Whereas, Commissioners of Estimate have been appointed by the Supreme Court, in proceedings to acquire title to said street and the oaths of said Commissioners of Estimate were duly filed as required by law on the 20th day of November, 1901; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of February, 1910, the title in fee to each and every piece or parcel of land lying within the lines of said Van Alst avenue, from the northeasterly line of Payntar avenue to the southwesterly line of Harris avenue, in the Borough of Queens, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 7th day of January, 1909, and approved by the President of the Borough of Queens on the 7th day of January, 1909, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a sewer and appurtenances in Van Alst avenue, from Harris avenue to Payntar avenue, and in Payntar avenue, from William street to Sherman street, in the First Ward of the Borough of Queens.

—and thereupon, on the 24th day of September, 1909, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$50,300; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$502,185 having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

SEWER IN WEBSTER AVENUE, FROM THIRD AVENUE TO FOURTH AVENUE, QUEENS.

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 8th day of April, 1909, and approved by the President of the Borough of Queens on the 8th day of April, 1909, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a sewer and appurtenances in Webster avenue, from Third avenue to Fourth avenue, in the First Ward of the Borough of Queens.

No. 488. By laying out a street system within the territory bounded by the New York, New Haven and Hartford Railroad, Bronxdale avenue, White Plains road, Bronx and Pelham parkway and Williamsbridge road, Borough of The Bronx. Adopted by the Board of Estimate and Apportionment December 23, 1909, and approved by the Mayor December 28, 1909.

No. 227 of 1907. By laying out (and acquiring title to) the lands and premises required for a Seaside Park at Far Rockaway, Borough of Queens, as shown on map or plan signed by the Chief Engineer of the Board of Estimate and Apportionment, and dated September 26, 1907. Adopted by the Board of Estimate and Apportionment October 18, 1907, and approved by the Mayor December 10, 1909.

Respectfully,

JOSEPH HAAG, Secretary.

After considering certain financial and franchise matters, on motion, the Board adjourned without date.

JOSEPH HAAG, Secretary.

BELLEVUE AND ALLIED HOSPITALS.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held in the staff room of Bellevue Hospital on Wednesday, November 3, 1909, at four o'clock.

Present—Dr. Brannan, the President, in the chair; Messrs. Farley, O'Keefe, Paulding, Robbins, Sachs and Stern, Trustees, and Mr. Hebbard, Commissioner of Public Charities.

The minutes of the meeting of October 19, a copy of which had been sent to each member, were held as read and approved.

Dr. W. H. Smith, the General Medical Superintendent, reported as follows:

From October 17 to October 30, inclusive, the following operations were performed, at all of which the attending Surgeons or their assistants were present:

Bellevue Hospital.....	55	Harlem Hospital.....	43
Gouverneur Hospital.....	24	Fordham Hospital.....	26

I submit herewith the reports of attendance of the visiting Physicians and Surgeons and their Assistants at the various hospitals during the month of October.

In accordance with the rules, a fire drill was held at Bellevue Hospital on October 18 and 30, at Gouverneur Hospital on October 18 and 29, at Harlem Hospital on October 29 and at Fordham Hospital on October 20 and October 29.

As per instructions of the Board of Trustees, the matter of the appointment of paid Physicians to the Out Patient Department at Gouverneur Hospital has been investigated. The list of these Physicians was submitted to the Conference Committee and was acted upon on September 7 by the Board of Trustees.

A report was called for on a letter from the Mayor approving payment of \$3,439.94 to the Training School. Copies of the correspondence dealing with this matter have been forwarded to each member of the Board of Trustees.

Dr. Miller recommends that the Ladies' Auxiliary be allowed to build a roof over a part of the lower deck, north end of the boat "Southfield." There will be no expense to this Department. This is to provide another out-door school, the present accommodations being insufficient. It is recommended that this be allowed.

Some weeks ago the depot carriage at Fordham Hospital met with an accident. The carriage was old and dilapidated and it hardly seemed worth while to repair it. The buggy was sent from Bellevue to Fordham Hospital for temporary use. It is recommended that this be left at Fordham until the first of January, at which time it is hoped that an automobile will be provided for this Department and the depot carriage can then be sent from Bellevue to Fordham Hospital.

It is recommended that new steam sterilizers be installed in connection with the delivery room in B 6. It will cost about \$700 to do this.

Two estimates have been received for removing French casement sash windows from twelve openings from wards to balconies at Gouverneur Hospital and substituting sliding windows. It is recommended that this be referred to the Building Committee.

It is recommended that the name of Mr. C. D. O'Neil be substituted for that of Mr. M. J. Rickard on the Board of Promotion and that the Civil Service be so notified.

It is recommended that in Pavilions A and B, sixth floor, the present porcelain urinals be removed and that two baby baths be installed. This will cost about \$600. It is recommended that these urinals be omitted in preparing plans for new buildings, as they are not particularly necessary or desirable.

A request was received from Miss Hynes, Acting Dietitian and Assistant House-keeper, for two weeks' extra leave of absence. Miss Hynes had no vacation last year and has been on continuous duty. It is recommended that this be allowed.

Specifications for lighting fixtures in the Pathological Department have been printed and are now in the Contract Clerk's office awaiting instructions to advertise.

Continuing report relative to the small fire which occurred in Dormitory 42, on October 27, upon investigation it appears that the opening in the wall was very small; so small that it had apparently escaped the notice of everybody. The hole was apparently caused by the breaking through of the wall from the room on the other side, which room is occupied as a storeroom by the General Drug Department.

Reporting on the recommendation of Mr. White, placed before you at the last meeting, that the transfers be made within the Salaries and Wages schedule, it appears that these are necessary and they are therefore recommended. A transfer is needed and has been asked for to Repairs and Replacements appropriation. A request was sent in some time in July. It is urged that steps be taken to hasten this transfer, if possible.

A report has just been received from the Supervising Nurse of Gouverneur Hospital that a patient eloped from the hospital early this morning. The patient was brought in last evening and was possibly an attempted suicide. An officer accompanied the patient to the hospital and reported at the Police Department, but the patient was not placed under arrest. The patient left in the hospital \$7.40.

On motion, duly seconded and carried, it was decided that each member of the Board should be furnished with the dates upon which the several bills comprising the \$3,439.94 to be paid to the Bellevue Training School were approved by the trustees.

On motion, duly seconded and carried, it was decided to allow the Ladies' Auxiliary to build a roof over a part of the lower deck of the boat "Southfield," so as to provide another outdoor school.

On motion, duly seconded and carried, the recommendation to continue the buggy at Fordham Hospital until January 1 was approved.

On motion, duly seconded and carried, it was decided to install new steam sterilizers in the delivery room, pavilion B, ward 6, at an estimated cost of \$700, and it was referred to the General Medical Superintendent to consider the advisability of forwarding to Harlem, Hospital the sterilizer which is to be removed from that room.

On motion, duly seconded and carried, the estimates for the proposed new windows at Gouverneur Hospital were referred back to the General Medical Superintendent to secure bids on a uniform basis.

On motion, duly seconded and carried, it was decided to notify the Civil Service Commission of the appointment of Mr. C. D. O'Neil, Assistant Superintendent, on the Board of Promotion of Bellevue Hospital.

On motion, duly seconded and carried, the recommendation in regard to the alterations in the bath rooms on the sixth floor of pavilions A and B, and also in regard to the installation of urinals in the new Bellevue Hospital, was referred to the Building Committee.

On motion, duly seconded and carried, it was decided to grant Miss Hynes an additional two weeks' leave of absence as recommended.

On motion, duly seconded and carried, it was decided to advertise for bids for the installation of lighting fixtures in the Pathological Department and Men's Dormitory as soon as approval to do so is obtained from the Board of Estimate and Apportionment.

On motion, duly seconded and carried, it was decided to request the transfers recommended by Mr. White at the last meeting in view of the approval of the General Medical Superintendent, and the request for transfer of funds which has been in abeyance since last July was referred to the President for action.

On motion, duly seconded and carried, the report in regard to the elopement of a patient at Gouverneur Hospital was referred back to the General Medical Superintendent for investigation and further report.

The General Medical Superintendent presented lists of changes in the help at Bellevue, Gouverneur, Harlem and Fordham Hospitals, and, on motion, duly seconded and carried, these were referred to the customary committees.

With the approval of the Committee on Supplies, the lowest bid in each case was accepted on the following:

Reports of Committees.

Mr. Paulding and Mr. Stern of the Gouverneur Conference Committee recommended the appointment of the following to the Out Patient Department, and, on motion, duly seconded and carried, the appointments were approved, viz.: Dr. Isaac

P. Starr, tuberculosis clinic; Dr. Samuel Hollander, dermatology; Dr. Samuel Greenfield, surgical; Dr. Morris Herman, children; Dr. Stella Schaffer, female medical; Dr. Henry J. Schreiber, male medical; Dr. Isidor N. Kahn, tuberculosis clinic.

Mr. Robbins and Mr. O'Keeffe of the Harlem Hospital Conference Committee recommended the appointment of the following to the Out Patient Department, and, on motion, duly seconded and carried, the appointments were approved, viz.: Dr. H. B. Pettingill, general medicine; Dr. R. J. Wren, general surgery; Dr. J. J. Steinfeld, general medicine; Dr. Ira Brewster Terry, general surgery. The appointment of Dr. F. M. Hanes as Pathologist to Harlem Hospital and the Out Patient Department was also approved upon the recommendation of the Medical Board and the Conference Committee.

Mr. Farley, Chairman of the Building Committee, submitted a written report as follows:

In regard to the extension of the balconies at Fordham Hospital, the Building Committee recommends that in view of the estimated cost of the proposed work, \$2,500, Mr. Almirall be requested to prepare plans and specifications and that the work be advertised and not split up in items under \$1,000 each and made open market orders as recommended by Mr. Almirall.

Steps have been taken by the Supervising Engineer to satisfactorily and permanently provide gas and water for the boat "Westfield" in accordance with Mrs. Mandel's suggestion, and it is recommended that Mrs. Mandel be so informed.

Subject to the approval of the Department of Finance, the Building Committee recommends that the sum of \$475 be awarded to the contractors for the extra labor involved as a result of having to move the derrick and piles of which complaint was made by the Bureau of Sewers.

In regard to the alterations to the fence on Twenty-sixth street, a bid was received from Cooper & Evans amounting to \$880, but as this was considered excessive for the work involved, and they refused to quote a lower figure, the architects have been instructed to obtain estimates from other firms for the construction of the foundations and these have not as yet been received.

The Building Committee recommends that competitive bids be secured for the repairs and alterations to the dumbwaiter at Gouverneur Hospital suggested by Miss Stowers.

Relative to the temporary sewer, the Building Committee reports that no further action is necessary inasmuch as Mr. Carlin has removed the derrick and the piles complained of.

The Building Committee reports that the architects have been requested to change the counter of the proposed gate house and to include a toilet as suggested by Mr. Hebbard.

In regard to a court on the roof of pavilions A and B for the use of the members of the house staff, the Committee reports progress.

It is recommended that a door be cut in the infirmary of the new training school as requested by Miss Goodrich.

Each recommendation in the report was considered separately, and, upon motion, duly seconded and carried in each instance, each and every recommendation contained therein was adopted.

The Committee on Supplies reported progress in the preparation of the specifications for supplies required for the year 1910.

In regard to the question of the supply of milk, the Committee reported that a conference had been held with a Committee of the Medical Board and that as a result the whole correspondence was considered at a full meeting of the Medical Board, and a special resolution of the Medical Board on the subject was submitted as follows:

"In the matter of the specifications for milk, the Medical Board approves of the present standard of solids, viz., 12½ per cent., and the reduction in the percentage of butter fat to 3½ in place of the present standard of 4 per cent. The increase in the number of hours between the time of milking and delivery was also approved. The Medical Board unanimously disapproves of the pasteurization of any milk delivered to the hospital. It is the opinion of the Board that the bacterial standard at present specified be continued. The Medical Board recommends that the farms from which the milk is to be supplied be designated at the earliest possible moment, in order that they may be under inspection by the Board of Health."

Reference was also made to the communications received from the Bureau of Municipal Research dated October 28 and November 1, copies of which had been sent to each member of the Board of Trustees. Upon motion of Mr. Hebbard, duly seconded and carried, it was thereupon

Resolved, That, in compliance with the recommendation of the Medical Board, this Board adopt for its milk specifications, covering the contract to be executed during 1910, the modified specifications as proposed by the Board of Health, which are identical with the recommendations of the Medical Board.

Resolved, further, That in special cases where necessary the cream contents shall be increased through the addition of cream to be purchased separately for that purpose; and

Resolved, That owing to the fact that an appropriation is only made to cover the year from January 1 to December 31, and no money has been given to extend the purchase into 1911, the trustees do not at present see their way clear to comply with the suggestion to let the contract from April to April.

The rules for the General Medical Superintendent, which had been made a special order for consideration at this meeting, were then considered, and, upon motion, duly seconded and carried, these were adopted as submitted by the Committee on rules, as follows:

1. The General Medical Superintendent is the executive officer of the Board of Trustees, and as such shall, unless excused by resolution of the Board, attend all meetings of the Board and be subject to the directions of the Board of Trustees.

2. The General Medical Superintendent shall, subject to the approval of the Board of Trustees, have general supervision and control of all hospitals of the Department, of all bureaus or departments thereof, of all officers and employees of the Department. He shall have control over the grounds, buildings and all appurtenances, and, subject to the approval of the Board of Trustees, shall make regulations for the government thereof.

3. With the approval of the Board of Trustees, the General Medical Superintendent shall have the power to employ and dismiss all employees in the unclassified service, and to suspend any officer or employee in the classified service, pending action by the Board of Trustees. Unless otherwise ordered by resolution of the Board, all vacancies shall be filled by the Board of Trustees, upon the nomination by the General Medical Superintendent. He shall assign the duties of all officers and employees and shall see that such duties are properly discharged. He may grant leaves of absence for officers and employees in accordance with the rules and regulations of the Board of Trustees. All applications for increases in salary shall be submitted to the Medical Superintendent for his recommendation before formal action is taken by the Board of Trustees. All bills shall be accompanied by a copy of the order and shall be certified by the person receiving the goods and by his superiors in order, including the General Medical Superintendent. They then shall be referred to the Auditing Committee of the Board for consideration. Payments on contracts or expenditures of money in any form shall be certified by the General Medical Superintendent and then also referred to the Auditing Committee for consideration.

4. He shall have control over and be responsible for the administration of the work of the Department, and the orders of the Board of Trustees shall be given through the General Medical Superintendent.

5. All correspondence of the Department, except that of the Board of Trustees, shall be conducted in his name and by his direction.

He shall direct the purchase of all furniture, stores, provisions, fuel, or other supplies for the Department, in accordance with the contracts and provisions of law, and shall be held responsible for their proper and economical use.

6. He shall, in his discretion, discharge or transfer all patients recommended for such action by the visiting Physicians and Surgeons, and he may discharge any patient for misconduct and report the same to the Board of Trustees.

7. The General Medical Superintendent shall report to the Board of Trustees any dereliction of duty on the part of any member of the Medical Board, scrutinize the use of supplies by any visiting Physician or Surgeon or member of the house staff, and bring to his notice any unusual outlay. The members of the house staff shall be under his supervision and he shall see that they conform strictly to all rules

and regulations. He may suspend and shall report to the Trustees any member who violates such rules or regulations.

8. He shall keep or have kept such books and records as will give an accurate account of all property for which the Department is responsible, of all stores purchased and issued, of all expenditures under the several appropriations, of all officers and employees, of all patients admitted and discharged, and also such other records as may be deemed advisable or as the Board of Trustees may direct.

When the Board of Trustees at any meeting adopts any resolution involving the expenditure of money, it shall be the duty of the General Medical Superintendent immediately to have recorded in proper record books every detail of such resolution. It shall further be his duty immediately to prepare letters or notification from the Trustees to the party or parties to whom any contract has been awarded by the Board, stating the amount, date, time and other details involved, and to submit such letter to the Secretary of the Board for his examination and signature and transmission.

On motion of Mr. Hebbard, duly seconded and carried, it was

Resolved, To exempt the Secretary to the President from the above rules and regulations.

Mr. O'Keeffe, on behalf of the Harlem Conference Committee, moved that the approval of the minutes of the meeting of the Harlem Hospital Medical Board, held on July 6, reading: "Moved, That it be recommended that a fourth position as Adjunct Visiting Physician be created," be reconsidered and that the Harlem Medical Board be so notified.

Mr. Paulding, on behalf of the Bellevue Conference Committee, recommended the appointment of Dr. Ernest Sachs to fill the place of Adjunct Assistant Attending Surgeon on the Fourth Division, recently created, Dr. Sachs' appointment having been recommended by the Medical Board. Upon motion, duly seconded and carried, this recommendation was adopted, and Dr. Ernest Sachs was appointed Adjunct Assistant Attending Surgeon to the Fourth Division and Surgeon to Out Patients.

Communications.

A communication dated October 26, was received from Messrs. McKim, Mead & White, enclosing letter received from the P. J. Carlin Construction Company, relative to the correspondence of the Department of Docks and Ferries and the Bureau of Sewers in regard to incumbrances left by the Carlin Company. On motion, duly seconded and carried, this communication was placed on file on the report of the Building Committee that these incumbrances were being removed.

A communication dated October 23, was received from Mr. R. F. Almirall, relative to his request for a supplementary contract in connection with Gouverneur Hospital, and, on motion, duly seconded and carried, this communication was placed on file.

The minutes of the Harlem Hospital Medical Board for the meeting held on October 26, were received from the Secretary, Dr. Van Santvoord. The resignation of Dr. W. H. Stratford was accepted. The request for the resignation of Dr. Campbell and Dr. Rosenberg was referred to the Conference Committee. The General Medical Superintendent was instructed to take action to change the flooring of the delivery room and to provide protection for the windows of the two small rooms attached to the maternity service. The question of an open air ward was referred to the Building Committee. The recommendation that diplomas be awarded to Drs. Bennett and Herry, retiring House Physician and Surgeon, for the full period of twenty months, was approved. The suggestion that a social service worker be appointed was referred to the General Medical Superintendent for consideration and report, to see if such a worker could be employed under the Budget, and it was decided to notify the Medical Board of Harlem Hospital that the Trustees heartily endorsed the suggestion, and Mr. O'Keeffe was requested to take the matter under advisement with the Social Service Committee of Bellevue Hospital. It was also decided that a copy of this recommendation be sent to the President of the Social Service Committee.

The recommendation of the Bellevue Hospital Medical Board that the children's service of the hospital be assigned to the First and Fourth Divisions, was again considered, when it was decided to inform the Medical Board that the separation of the service is inexpedient at the present time on account of the small number of children treated, and the fact that it is deemed best to have the constant attendance of a specialist for the children's service.

A communication dated October 26, was received from Mrs. Mandel, Secretary of the Local Needs Committee for the Corlear's Hook District of the Charity Organization Society, together with a letter from Orrin G. Cocks, the Chairman of that Committee, recommending the establishment of a dental clinic in that neighborhood, and offering a room for that purpose. On motion, duly seconded and carried, these communications were referred to the General Medical Superintendent for consideration and report.

A communication dated October 21, was received from the Alumni Association of the Mills Training School, recommending the appointment of a male Superintendent in that school. On motion, duly seconded and carried, it was decided to request the President of the association to appear at the next meeting of the Board of Trustees, together with Dr. Draper, Chairman of the Board of Managers, and the other persons whose names have been mentioned verbally by members of the association to the Trustees.

A communication dated October 27, was received from Dr. W. M. Po'k. Dean and Director of the Cornell University Medical College, stating that the plans for the old college building, No. 408 East Twenty-sixth street, are such that it would permit the making of so short a lease as to render it doubtful whether it could be of any service to the Trustees. On motion, duly seconded and carried, this communication was placed on file, and the General Medical Superintendent was directed to continue his efforts to secure a building suitable for the tuberculosis clinic.

A communication dated October 25, was received from Dr. Frank S. Fiedler, recommending the appointment of a social service Nurse to care for the children of the Fourth Division. On motion, duly seconded and carried, it was decided to appoint a Nurse for the remainder of this year, and to try to effect an arrangement to make the appointment permanent.

A notice of the continuation of a mechanics' lien by Robert A. Keasbey Company against the Rossman & Bracken Company was received and ordered placed on file.

A letter from the Department of Finance dated October 22, relative to a voucher in favor of Dr. Kellogg for cab hires to Gouverneur Hospital, together with the reply by the President, was presented and ordered placed on file.

The request of Dr. Bryant for a leave of absence from December 24 to December 29, was approved.

A communication from A. Redfern dated October 20, relative to the removal of garbage at Bellevue Hospital, was read and referred to the General Medical Superintendent.

Reports were received from the State Board of Charities upon an inspection of the Bellevue and Gouverneur Hospital dispensaries, both of which had been placed in Class 2, Bellevue, because of the inadequate accommodations for the tuberculosis clinic, and Gouverneur, because of the inadequate accommodations for all services. It was stated that a temporary arrangement had been made for the tuberculosis clinic at Bellevue, outside of the dispensary building, and in regard to the clinic at Gouverneur Hospital; on motion of Mr. Hebbard, duly seconded and carried, it was resolved to ask the City to take steps to acquire property in the neighborhood of Gouverneur Hospital as a site for the erection of an adequate and properly equipped dispensary building, this being considered the only permanent solution of the difficulty.

A communication was received from the H. W. Baker Linen Company dated October 30, regarding their contract for blankets. On motion, duly seconded and carried, this was referred to the General Medical Superintendent with power.

A letter dated October 30, from Father Breslin, requesting that four additional sick call sets be supplied to Fordham Hospital, was referred to Mr. O'Keeffe for report.

A letter was received from Messrs. McKim, Mead and White, with the plans and specifications for the proposed new tennis court at Bellevue Hospital. On motion, duly seconded and carried, these were referred to the Building Committee for consideration.

The minutes of the Bellevue Hospital Medical Board for the meeting held on November 1, were received, and the proposed appointments of Dr. Gordon Lindsav, Assistant Physician to Out Patients, Children's Service, First Division, and Dr. George W. Partridge, Assistant Surgeon to Out Patients, Third Division, were referred to

the Conference Committee. The request of Dr. W. P. Wadhams for leave of absence for six months was approved.

New Business.

Mr. Stern referred to the salary of one of the employees at Fordham Hospital, and, upon motion, duly seconded and carried, this was referred to the General Medical Superintendent for recommendation.

A motion to adjourn the meeting was seconded and carried.

J. K. PAULDING, Secretary.

BELLEVUE AND ALLIED HOSPITALS.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held in the staff room of Bellevue Hospital on Tuesday, November 16, 1909, at four o'clock.

Present—Dr. Brannan, the President, in the Chair; Messrs. Farley, O'Keefe, Paulding, Robbins, Sachs and Stern, Trustees.

The minutes of the meeting of November 3, a copy of which had been sent to each member, were held as read and approved.

The following bills were presented for approval, and, on motion, duly seconded, it was

Resolved, That they, having been duly examined by the Finance Committee, be forwarded to the Comptroller for payment:

Dr. W. H. Smith, the General Medical Superintendent, reported as follows:

From October 31 to November 13, inclusive, the following operations were performed, at all of which the attending Surgeons or their assistants were present:

Bellevue Hospital.....	64
Gouverneur Hospital.....	20
Harlem Hospital.....	33
Fordham Hospital.....	26

In accordance with the rules a fire drill was held at Bellevue Hospital on November 3 and November 9; at Gouverneur Hospital on November 4 and 12; at Harlem Hospital on November 2, November 10 and 15, and at Fordham Hospital on November 2 and 10.

Special Nurses have been requested by visiting Physicians and Surgeons, and these have been authorized, inasmuch as it appeared that the services of special Nurses were needed. Your approval is asked for.

Martin Havier, admitted to Ward 40 on November 11, suffering from hernia, to be operated on this day, committed suicide about 2 o'clock this morning by cutting his throat with a knife used in the ward for cutting bandages. A full investigation has been made and it is believed that the Nurses in attendance were in no way at fault.

A letter has been received from the Supervising Nurse of Gouverneur Hospital asking that a police officer be detailed at the Out Patient Department. On November 6, 706 patients were treated, and an officer is urgently needed in order to control the large number of patients now attending the Gouverneur Dispensary.

In attempting to make some satisfactory arrangement whereby the Physicians and Surgeons may be furnished transportation to Gouverneur Hospital on night calls, it is found that there is only one livery stable in that neighborhood, and whenever that stable has been patronized for this purpose the prices charged have been outrageously high. The Supervising Nurse reports that Dr. Erdmann in taking night calls has been met by the ambulance at the elevated station and that the above procedure has been most satisfactory. Is it desired to continue this custom?

It is recommended that the awnings at Gouverneur Hospital be taken down and stored for the winter by Mr. George Vause, the maker of the awnings. The storage room at Gouverneur Hospital is insufficient. Mr. Vause will take them down and store them for 15 cents per awning.

A Redfern bids \$20 per month for the garbage of Bellevue Hospital.

Dr. J. H. Huddleston asks that two patients, Luka Varillo and William Jaraslow, on the boat "Westfield," be appointed as Hospital Helpers, temporarily, at \$20 a month, for the purpose of painting the boat. It is recommended that this be allowed.

It is reported by Miss Stowers that considerable difficulty has arisen in handling the several barbers that have been allowed the privilege of coming to the hospital to shave the patients. Owing to a recent quarrel which they had within the hospital she has forbidden them the privilege, and asks that a barber be appointed for that institution. It is suggested that a barber be appointed who does not live in the immediate vicinity, and who shall visit the hospital on Monday, Wednesday and Friday, his salary to be paid out of Contingencies.

It is recommended that a telephone office of sufficient size be built in the main office on the first floor, and that the telephone switchboard be moved to that office.

On request a bid has been received from the American Water Supply Company for installation of an apparatus which furnishes drinking cups. This arrangement is very satisfactory and is very much needed in all the dispensaries of this Department. Patients coming to the Dispensary now use a common cup. It is recommended that

five of these be installed, one in each of the dispensaries and one in the admitting office in Bellevue, at a sum of \$10 each, and that cups be purchased at \$6 per thousand.

A requisition has been received from Dr. Darling, X-Ray Photographer, for a photographic equipment at a cost of \$227.90. This calls for a first-class equipment. The Department owns no photographic equipment.

A request for a transfer of \$10,000 from Salaries and Wages to Repairs and Replacements appropriation has been before the Board of Estimate and Apportionment for several months. Since the last meeting it is found upon investigation that this will not be allowed. A substitute request or a transfer of \$10,000 from General Supplies to Repairs and Replacements appropriation has been sent in. Your approval is asked for.

At the last meeting it was voted to ask for a transfer of \$10,500 within the Salaries and Wages schedules. It is recommended that a substitute request be submitted at once, as follows: Schedule 315, Salaries and Wages, Central Office, \$1,500, to 313, Salaries and Wages, Office General Medical Superintendent.

Specifications for the installation of a new fire alarm system at Bellevue and Harlem Hospitals have been returned by the Department of Water Supply, Gas and Electricity, with the criticism that the wiring should be installed in a pipe conduit system. This criticism was submitted to Mr. Ross, our fire expert, and he has submitted in turn a letter explaining why in his opinion it is unnecessary to install such a system. In brief, the letter is as follows: That the current of these wires is so weak that there is no danger from fire; that the Board of Fire Underwriters does not require such a system; that it would be needlessly expensive in view of the fact that this alarm system will be torn out within the next few years to be reinstalled in the new Bellevue Hospital, in which the conduit system will be employed. It is recommended that the explanation given by Mr. Ross be submitted to the Department of Water Supply, Gas and Electricity, with the request that the written specifications be allowed to stand.

On motion, duly seconded and carried, the action of the General Medical Superintendent in supplying special temporary Nurses at the request of Visiting Physicians and Surgeons for urgent cases was approved.

On motion, duly seconded and carried, it was Resolved, To renew the request to the Police Department that an officer be detailed to the Out Patient Department at Gouverneur Hospital.

On motion, duly seconded and carried, the suggestion of the General Medical Superintendent to continue the custom of sending an ambulance at night to meet Visiting Physicians and Surgeons of Gouverneur Hospital was approved, and it was decided to abrogate the rule permitting the hire of taxicabs.

On motion, duly seconded and carried, the General Medical Superintendent was instructed to secure an estimate from Mr. Vause for replacing the awnings at Gouverneur Hospital in addition to taking them down and storing them.

On motion, duly seconded and carried, the General Medical Superintendent was requested to secure competitive bids for the removal of garbage from Bellevue Hospital.

On motion, duly seconded and carried, the appointment of two patients as Hospital Helpers temporarily, at \$20 a month, on the boat "Westfield," for the purpose of painting the boat, was approved.

On motion, duly seconded and carried, it was Resolved, To appoint a Barber at Gouverneur Hospital, in accordance with the suggestion of the General Medical Superintendent.

On motion, duly seconded and carried, the recommendation that the telephone office at Bellevue Hospital be removed to the main office on the first floor was approved and the General Medical Superintendent was ordered to obtain estimates for the execution of the work.

On motion, duly seconded and carried, it was Resolved, To install an automatic machine to furnish drinking cups in each of the four dispensaries of the Department and one in the admitting office of Bellevue Hospital, at a cost of \$10 each, and that cups be purchased at \$6 a thousand.

On motion, duly seconded and carried, it was Resolved, To grant the requisition for a photographic equipment at Bellevue Hospital, at a cost of \$227.90.

On motion, duly seconded and carried, the substitution of a transfer of \$10,000 from General Supplies, in place of from salary funds, as formerly authorized, was approved.

On motion, duly seconded and carried, the recommendation that a transfer of \$1,500 be made from schedule 315 to schedule 313, in place of the transfer of \$10,500, heretofore authorized, was also approved.

On motion, duly seconded and carried, the recommendation that the explanation given by Mr. Ross relative to the fire alarm system be submitted to the Department of Water Supply, Gas and Electricity, with the request that the written specifications be allowed to stand, was approved.

The General Medical Superintendent presented list of changes in the help at Bellevue Hospital for the weeks ending September 25 and October 2, and, on motion, duly seconded, these were referred to the Committee on Officers and Employees.

With the approval of the Committee on Supplies, the lowest bid in each case was accepted on the following:

In accordance with the resolution adopted at last meeting, Dr. W. K. Draper, Chairman, Board of Managers, Mills Training School, appeared before the Board and made a statement relative to the request of the Alumni Association of Mills Training School that a male Superintendent be appointed at that school. Mr. W. F. Quain, President of the Alumni Association, was also present and made a statement in support of the recommendation. After an extended discussion by the members of the Board, it was decided to delay action on the matter until the next meeting of the Board of Trustees.

Mr. Benedict, Assistant Corporation Counsel, appeared before the meeting relative to the application for a writ of mandamus or an alternative writ made by Mr. Samuel J. Jones, and presented a letter which he had received from Mr. Jones resigning his position of Supervising Engineer under date of May 17, 1909, the date upon which he was dismissed. The resignation was accompanied by a release in favor of the City from all claims that might arise should the resignation be accepted. On motion of Mr. Paulding, duly seconded and carried, it was

Resolved, To reconsider the action in dismissing Mr. Jones. It was thereupon

Resolved, On motion of Mr. Robbins, duly seconded and carried, to accept the resignation of Mr. Samuel J. Jones as Supervising Engineer as of May 17, 1909.

Reports of Committees.

The Building Committee reported that the specifications for the tennis court at Bellevue Hospital had been amended during the interval since last meeting to conform to a suggestion of Dr. Smith and recommended that they be approved and the

work authorized to be advertised. On motion, duly seconded and carried, this recommendation was adopted and the General Medical Superintendent instructed accordingly.

Dr. Brannan reported the receipt on November 9 of bids for coal, meats and medical supplies required for the remainder of the year 1909. The Committee on Supplies recommended that the lowest bid be accepted in each and every instance; that in lines 8 and 9 for medical supplies, where uniform prices were received from two or more bidders, the contract be awarded to George C. McKesson and to Merck & Co. respectively. On motion, duly seconded and carried, this recommendation was adopted and contracts were awarded accordingly.

Dr. Brannan referred to the delay in the publication of the annual report for 1908, and, on motion, duly seconded and carried, it was referred to the General Medical Superintendent to take steps to have the report in print before December 31.

Dr. Brannan reported upon the claim of Mr. Barta for \$150 for the drawing of plans for the layout of the grounds of Bellevue Hospital. On motion, duly seconded and carried, this matter was referred to the Building Committee.

Dr. Brannan also reported the result of his interview with the Bureau of Real Estate of the Department of Finance relative to the acquisition of a site for a new dispensary at Gouverneur Hospital, and, on motion, duly seconded and carried, this matter was referred to the Building Committee.

The Bellevue Hospital Conference Committee, on the recommendation of the Medical Board, recommended the appointment of Dr. Gordon Lindsay, as Assistant Physician to Out Patients, children's service, first division, and Dr. George W. Partridge as Assistant Surgeon to Out Patients, third division. On motion, duly seconded and carried, this recommendation was adopted.

The Fordham Conference Committee recommended that Dr. A. McDonald Bell, Pathologist, be granted one year's leave of absence on account of illness, and also that the following physicians and surgeons be appointed Clinical Assistants to Out Patients at Fordham Hospital: Dr. A. C. Butts, gynecology; Dr. V. Manarino, orthopedics; Dr. Charles Ginsberg, nose and throat; Dr. A. Roberts, surgery; Dr. C. P. Hansell, medicine; Dr. J. J. Lordi, surgery; Dr. C. E. O'Grady, children, and Dr. LeRoy Vail, medicine. Upon motion, duly seconded and carried, the report of the Conference Committee was adopted.

The Committee on Supplies submitted a report in regard to specifications for 1910, as follows:

It is recommended that the figures on the specifications should be rounded, that is, lowered or raised to the next round figure; also that the following modifications be made:

Meats—Six hundred pounds of fillet of beef to be added to specification. Porter-house steak to be added to specification. Lines 1 and 4 reduced 5 ribs to 4 ribs. Lines 5 and 9 are to be merged. Specifications for sausage to read "without cereal."

Fish—Add perch, smelts, butterfish and porgies to specification, reducing the other amounts in proportion to the additions of these named fish.

Poultry—To be listed on the specifications as "Undrawn," and one-third more to be added to the weight.

Add 22,000 pounds of fowl to specification and reduce chickens a like amount.

Bread—Add milk rolls in the same line with French rolls and add new lines for rye and graham bread and the amount deducted from Vienna bread.

Doctors' Uniforms—Add the specification as submitted by Mr. Weil, together with that portion of the book on rules which refers to these uniforms.

Omit line 333.

Line 345 of 1909 calls for initials on blankets. To be changed to read "Names."

The cost of medical supplies for the year 1909 will be between \$50,000 and \$53,000.

Milk—Specifications to be changed to agree with the Department of Health specifications for milk.

Bandage Gauze—To be purchased in rolls instead of bolts. Dr. Smith to consult with the General Drug Department.

Eggs—Specifications as issued by the Department of Charities for eggs to be adopted by the Department of Bellevue and Allied Hospitals.

Meats—Steak to be worded to weigh not more than four pounds, instead of five, as formerly.

Extermination of Vermin—This matter to be left in the hands of Dr. Smith, to be handled as an open market.

Coal—Dr. Smith to confer with the Fuel Engineering Company, Mr. Gould, regarding the specifications for coal.

Horses—Specifications for horses, action on which is deferred until it is decided by the Board of Estimate as to whether we are to be allowed more auto ambulances or not. The number of horses will be affected by this.

Upon motion, duly seconded and carried, the report of the Committee on Supplies in regard to the specifications for supplies required during 1910 was adopted, and authority granted to the General Medical Superintendent to print the specifications and advertise for bids.

Communications.

A communication dated November 15 was received from Mrs. Elizabeth A. Mandel, President of the Women's Auxiliary of the Tuberculosis Clinic of Gouverneur Hospital, requesting that the tuberculosis clinic be transferred to other rooms in the dispensary. On motion, duly seconded and carried, this communication was referred to the General Medical Superintendent for recommendation.

A communication dated November 16 was received from McKim, Mead & White with plans and specifications and estimate for Pavilions I, K, L and M of the New Bellevue Hospital, together with descriptive letter addressed to the Chief Engineer of the Department of Finance. On motion, duly seconded and carried, the plans and specifications were referred to the Building Committee, and it was decided to request an appropriation of \$2,728,104.83 (less \$500,000 previously authorized) with which to construct and complete the buildings. It was also

Resolved, To refer a set of the plans to the Municipal Art Commission for final approval.

A communication dated November 11 was received from the Department of Public Charities relative to the transfer of patients from Bellevue Hospital, and on motion, duly seconded and carried, the communication was referred to the General Medical Superintendent.

A communication was also received from the Department of Public Charities dated November 1, requesting that patients suffering from fractures be transferred in splints instead of casts, and on motion, duly seconded and carried, this communication was referred to the Executive Committee of the Medical Board for recommendation.

A communication dated November 12 was received from Parish & Schroeder relative to fence at the new training school, and on motion, duly seconded and carried, it was decided to defer action on this matter.

A communication was received from McKim, Mead & White dated November 5, with estimates for borings in connection with Pavilions I, K, L and M, and on recommendation of the Building Committee, it was decided to accept the lowest of three bids received for the work, that of F. W. Miller, at 60 cents per linear foot.

A communication was received from McKim, Mead & White, dated November 4, relative to the specifications for floors in Pavilions I, K, L and M, and on recommendation of the Building Committee, the suggestion contained therein that a clause be inserted in the specifications calling for a unit price of 50 cents per square foot for floor material to be selected for wards and all bedrooms was approved, it being understood that if the flooring decided upon costs less a rebate will be made.

A communication dated November 9 was received from McKim, Mead & White with revised plans and specifications for the temporary office at the gate of Bellevue Hospital and for the alterations in the admitting office, and upon the recommendation of the Building Committee, these plans and specifications were approved and the work authorized to be advertised.

A letter dated November 5 was received from the Department of Health, requesting that the dental facilities of Bellevue Hospital be made available for public school children, and on motion, duly seconded and carried, this communication was referred to the President.

A communication dated November 6 was received from R. F. Almirall relative to the extension of the balconies at Fordham Hospital, and on motion, duly seconded and carried, it was decided to suggest to Mr. Almirall that an open market order be issued to him for this work instead of a formal contract, in view of the limited amount of fees which will be involved.

A communication dated October 8 was received from the State Board of Charities relative to the alcoholic patients, and on motion, duly seconded and carried, was referred to the General Medical Superintendent for report.

Correspondence with the Department of Health, the Sheffield Farms-Slawson-Decker Company, and the Mutual Milk and Cream Company as to specifications for the supply of milk for 1910 was referred to the Committee on Supplies with power.

Three estimates were received for the making of steam connections to sterilizers on the fifth and sixth floors of Pavilion B, and on motion, duly seconded and carried, the estimate of the lowest bidder, Gillis & Geoghegan, was accepted.

A communication dated November 6 was received from the Department of Finance relative to the deduction of \$100 from the contract of John F. Kuhn, and on motion of Mr. Robbins, duly seconded and carried, it was thereupon

Resolved, That inasmuch as John F. Kuhn, contractor for the laying of cast-iron floors on the balconies of Harlem Hospital, did not complete the work within the time allowed by the contract, and thereby failed to complete the work in accordance with the specifications and to the satisfaction of the Board within the specified time, the contractor shall and will pay to the City the sum of \$100, being \$10 for ten days, which is the number of days considered to have been exceeded beyond the time allowed for the completion of the contract; which said sum, in view of the difficulty of ascertaining the loss which the City will suffer by reason of delay in the performance of the work, is hereby fixed and determined as the liquidated damages that the City will suffer by reason of said delay and default, and not as a penalty; and the City shall and may deduct and retain the amount of said liquidated damages out of the moneys which may be due or become due to the contractor under this agreement.

An estimate was received from the Kenney-Renner Company dated November 11, for the installation of shower curtain rings and rubber curtains in the toilet rooms of Wards 18 and 25, at a total cost of \$111.50, and on motion, duly seconded and carried, this estimate was accepted.

The minutes of the meeting of the Medical Board of Fordham Hospital, held on November 1, were received from the Secretary, Dr. Alexander Nicoll, and after consideration, upon motion of Mr. O'Keeffe, duly seconded and carried, it was

Resolved, That the vacancies existing in the Visiting Staff of Fordham Hospital should be filled; it was thereupon

Resolved, On motion, duly seconded and carried, that Dr. Alfred S. Taylor be appointed Visiting Surgeon to Fordham Hospital.

The minutes of the meeting of the Gouverneur Hospital Medical Board, held on November 1, were received from the Secretary, Dr. J. H. Huddleston, and on motion, duly seconded and carried, the nomination of Dr. Benjamin Schwartz for the place of Associate Pathologist and Bacteriologist was referred to the Conference Committee. The transfer of Dr. Casey to fill the vacancy caused by the resignation of Dr. T. H. Russell was approved, as was also the appointment of Dr. Wallace D. Carr to fill the vacancy made by Dr. Casey's transfer. The request of Dr. Turner for a diploma covering his nine months' service was referred to the Conference Committee.

A request for a leave of absence was received from Dr. Hayden for two or three weeks on account of illness, and on motion, duly seconded and carried, this request was granted.

A letter was received from the Municipal Civil Service Commission dated November 12, stating that the appointment of Mr. C. D. O'Neil, Assistant Superintendent, as a member of the Board of Promotions in place of Mr. M. J. Rickard was approved. On motion, duly seconded and carried, this communication was placed on file.

A motion to adjourn the meeting was seconded and carried.

J. K. PAULDING, Secretary.

Dr. W. H. Smith, the General Medical Superintendent, reported as follows:

From November 14 to November 27, inclusive, the following operations were performed, at all of which the attending Surgeons or their Assistants were present: Bellevue Hospital, 48; Gouverneur Hospital, 19; Harlem Hospital, 28; Fordham Hospital, 18.

In accordance with the rules a fire drill was held in Bellevue Hospital on November 18 and 30; at Fordham Hospital on November 15 and 24; at Gouverneur Hospital on November 19 and 20, and at Harlem Hospital on November 24.

In the matter of the establishment of a dental clinic in the Gouverneur Hospital district, as recommended to the Board, it has to be reported that although a dental clinic in that district is undoubtedly much needed, it is not believed policy for this Department to assume this work at the present time. The dental work should be carried on in the various hospitals, as it is in Bellevue, for the benefit of patients only. It is not possible to establish such a clinic at Gouverneur Hospital at the present time on account of lack of room.

In the matter of the request of the tuberculosis clinic at Gouverneur Hospital for an additional room, it has to be reported that additional room is certainly most necessary for the use of this clinic, but to grant the rooms asked for would rob the surgical clinic of much needed space. It would satisfy the demands of one clinic by robbing another. It is recommended that additional space in the immediate vicinity of the hospital be obtained, if possible, and that this space be used for the tuberculosis clinic, enabling the removal of all tuberculous patients from the general dispensary where

they mingle with other patients. It should be understood that the acquisition of additional space should in no way interfere with most earnest efforts to acquire land and money for a new dispensary building to be erected by the City.

On November 17 a fire occurred in the laundry building of Bellevue Hospital, and was extinguished by the local fire department. The report of the local chief, commending the men for their prompt action, has already been brought to your attention.

Patrick McArdle, a Fireman at Bellevue Hospital, was recently forced to do double time for three days, and filed a claim for extra pay. This was denied by the Finance Department. It is recommended that an effort be made to secure payment for this man. The dismissal of a Fireman left us short handed, and unless claims for extra pay can be collected we shall have difficulty in getting the men to work overtime on such occasions.

On the main floor of the Bellevue administration building are located three adjoining rooms, used as follows: Office of the Secretary to the President, surgical supply room, and Doctors' pantry. All of these rooms are cramped. It is proposed to remove the surgical supply room to the floor above, and divide the additional space between the pantry and the office of the Secretary to the President.

Referring again to the matter of babies' baths for Pavilions A and B, it is desired to change the former recommendation, and to recommend the establishment of one babies' bath in Ground-A, the admitting and observation department.

It is recommended that in the future the minutes of the Board of Trustees and the calendar be prepared by the Secretary to the President.

Since the last meeting a request for revision of schedules was necessary in order to get the November payroll passed. The revision involved no transfers and no increases, and was forwarded to the Comptroller, and your approval is asked for.

On motion, duly seconded and carried, it was Resolved, In accordance with the recommendation of the General Medical Superintendent, not to establish a dental clinic in the Gouverneur Hospital District.

On motion, duly seconded and carried, the report in regard to the request of the tuberculosis clinic for additional room was approved, and it was referred to the General Medical Superintendent to endeavor to obtain suitable accommodations in the immediate vicinity of the hospital to which the tuberculosis clinic may be removed.

On motion, duly seconded and carried, the claim of Patrick McArdle for three days' extra pay for overtime was referred to the President to take up with the Department of Finance.

On motion, duly seconded and carried, it was Resolved, To move the surgical supply room at Bellevue Hospital and divide the vacated space between the office of the Secretary to the President and the doctors' pantry, in accordance with recommendation of the General Medical Superintendent.

On motion, duly seconded and carried, upon the recommendation of the Building Committee, it was

Resolved, To install one babies' bath tab in Ward Ground-A only, and not also on the sixth floor in both bath rooms as had been proposed.

On motion, duly seconded and carried, it was Resolved, That the Secretary to the President should keep the minutes, prepare the calendar, and attend to the correspondence of the Board until other arrangements can be made. On motion, duly seconded and carried, it was further

Resolved, To include provision for a Stenographer to the Board of Trustees in the next modification that is made of the Budget.

On motion, duly seconded and carried, the modifications of the salaries and wages schedules which have been requested in the interval since last meeting were approved.

The General Medical Superintendent presented lists of changes in the help at Bellevue Hospital for the weeks ending October 8 and October 16, and on motion, duly seconded and carried, these were referred to the Committee on Officers and Employees.

With the approval of the Committee on Supplies, the lowest bid in each case was accepted on the following:

Reports of Committees.

Mr. Farley, Chairman of the Building Committee, reported that after considering all the circumstances in the claim of Mr. Barta it was recommended that the sum of one hundred dollars (\$100) be offered in full settlement. A letter was read from Mr. Barta agreeing to accept this amount. On motion, duly seconded and carried, the General Medical Superintendent was instructed to transmit a bill for \$100 to the Department of Finance in favor of Mr. Barta in accordance with this recommendation.

Dr. Brannan and Mr. Farley reported the steps that had been taken to date in regard to securing a site for the new Gouverneur Hospital dispensary. A letter from the President to the Department of Finance under date of November 29, requesting that an option also be secured on the vacant lot lying to the east of Gouverneur Hospital measuring 70 by 150 feet, was approved.

The Building Committee reported that the plans and specifications for Pavilions I, K, L and M had been the subject of several conferences and that, with the exception of a few minor modifications which had been made or were to be made, they were satisfactory in every way. It was thereupon

Resolved, upon motion, duly seconded and carried, to approve the plans and specifications for Pavilions I, K, L and M of the new Bellevue Hospital.

The Building Committee also reported that the plans for the tennis court of the new Bellevue Hospital had been sent to the Board of Estimate and Apportionment with the request for authority to advertise the work, and that the engineers had recommended that, instead of drawing the contract against the existing Bellevue funds, a special appropriation be requested to provide for its construction, as well as for the laying out, improving, and planting of the entire grounds of the new Bellevue Hospital. The Committee further recommended that the sum of \$25,000 be requested for this purpose. It was thereupon

Resolved, on motion, duly seconded and carried, to approve this report and to request the Board of Estimate and Apportionment to authorize an appropriation of \$25,000 for the purpose named.

Mr. O'Keefe reported that it was very desirable to institute convalescent relief work at Harlem Hospital and recommended that one nurse be appointed for this purpose. On motion, duly seconded and carried, this recommendation was adopted.

Mr. O'Keefe also reported that the communication received from Father Breslin, referred to him at the meeting of November 3, had been placed in the hands of the Supervising Nurse of Fordham Hospital for action.

The Committee on Officers and Employees reported that the lists of changes in help submitted to them at last meeting had been examined, and on motion, duly seconded and carried, these lists were approved as follows:

The Committee on Officers and Employees also reported that no action seemed to be necessary in regard to the recommendation that a Watchman be appointed and that an increase be made to all Hospital Helpers at the end of one year's service. On motion, duly second and carried, this report was adopted.

Dr. Brannan reported upon an interview he had had with Dr. Walter Benschel, Sanitary Superintendent of the Department of Health, in regard to the request of that department that school children be treated in the dental service established at Bellevue Hospital, and stated that Dr. Benschel, upon learning how small the facilities would be for such work, had informally withdrawn his request.

The Committee on Supplies reported that after investigation it had been decided to reduce the total solids in the specifications for milk to 12 per cent. The Committee also recommended that certain modifications be made in the specifications for coal for 1910. On motion, duly seconded and carried, both reports were approved.

Communications.

A communication, dated November 29, was received from Parish and Schroeder requesting the President to meet at their office in regard to the fence at the Training School for Women Nurses. On motion, duly seconded and carried, this communication was referred to the President and Mr. Farley and Mr. Robbins.

The minutes of the meeting of the Executive Committee of the Medical Board of Bellevue Hospital, held on November 10, were read, and, upon the recommendation contained therein, it was

Resolved, That in future no diploma be granted to any member of the house staff for a period of less than one year's service. On motion, duly seconded and carried, the General Medical Superintendent was requested to report what certificates, if any, had been issued for a shorter period than one year, and upon what authority.

The minutes of the meeting of the Executive Committee of the Medical Board of Bellevue Hospital, held on November 24, were also read. On motion, duly seconded and carried, the report that it would be unwise and unsafe to transfer patients with fractures in splints rather than in plaster casts was approved, and the Secretary was instructed to so inform the Commissioner of Public Charities.

A communication, dated November 24, was received from the Mallinckrodt Chemical Works in regard to the grade of ether used in the department. On motion, duly seconded and carried, it was

Resolved, That a contract should be made for the supply of Squibb's ether during the first three months of the year 1910, and that during the interval the General Medical Superintendent obtain more information in regard to other brands. It was also

Resolved, To communicate with some prominent anesthetists in regard to Mallinckrodt's ether.

A communication, dated November 22, was received from the Department of Finance transmitting a copy of a bound volume entitled "Manual of Accounting and Business Procedure." It was reported that a request had been made for six copies for the use of the various officers of the Department. On motion, duly second and carried, the communication was thereupon placed on file.

A communication dated November 23 was received from the Municipal Civil Service Commission approving of the action of the Board in rescinding the dismissal of Mr. Samuel J. Jones from the position of Supervising Engineer under date of May 17, 1909, and accepting his resignation as of that date. On motion, duly seconded and carried, this communication was placed on file.

A communication dated November 22 was received from McKim, Mead & White enclosing certificate from the New York Board of Fire Underwriters on the electrical work in wards 18 and 25 of Bellevue Hospital, and on motion, duly seconded and carried, this communication was placed on file.

A communication dated November 19 was received from Miss Ruth Morgan, Acting President of the Convalescent Relief Committee of Bellevue Hospital, in regard to the proposed extension of convalescent relief work to Harlem Hospital. On motion, duly seconded and carried, this communication was referred to Mr. O'Keefe.

A communication dated November 16 was received from the Board of Estimate and Apportionment transmitting a certified copy of resolutions adopted November 12, 1909, relative to the modifications in the schedules supporting the salary appropriations for the year 1909. On motion, duly seconded and carried, this communication was placed on file.

Unfinished Business.

On motion, duly seconded and carried, the General Medical Superintendent was instructed to report upon his ideas in regard to the Mills Training School for men nurses and also upon the possible uses of the building.

New Business.

Upon the motion of Mr. Paulding, duly seconded and carried, it was Resolved, To abrogate the rule requiring the retention of \$1.50 a day from all patients admitted to the hospital with more than \$50 in their possession; the change, however, not to go into effect until an investigator is appointed.

On motion, duly seconded and carried, the General Medical Superintendent was authorized to readvertise for bids for the supply of blankets for the Training School for Women Nurses.

A motion to adjourn the meeting was seconded and carried.

J. K. PAULDING, Secretary.

PERMANENT CENSUS BOARD.

The Board met in the office of the City Superintendent of Schools, No. 500 Park avenue, Tuesday, December 28, 1909.

Present—William F. Baker, Police Commissioner, and William H. Maxwell, City Superintendent of Schools.

The minutes of the previous meeting were read and approved.

A communication was presented from Mrs. Evelyn M. Bortell, Clerk, asking to be excused for absence on December 2 and 3. On motion, such absence was excused.

The Secretary requested that he be authorized to purchase a map of Greater New York, by Boroughs, to be mounted on cardboard in sections approximating 36 by 48 inches, for the use of this office.

On motion, it was

Resolved, That a map of Greater New York, by Boroughs, on the scale of 600 feet to the inch, be authorized for the use of the Secretary's office, the map to be mounted on cardboard in sections approximating 36 by 48 inches, each section to show one or more school districts, as far as may be feasible.

Bids were received for furnishing this office with a map of the five Boroughs, on a scale of 880 feet and 600 feet to the inch (map to be mounted so that on one cardboard approximately 36 by 48 inches one or two school districts will be shown, as far as may be feasible), from the following bidders:

Rand McNally Company, No. 142 Fifth avenue, 880 feet.....	\$2,400 00
August R. Ohman, No. 258 Broadway, 600 feet.....	250 00
Mr. Bormay.....	700 00

Resolved, That the contract for furnishing a map according to the above specifications be awarded to August R. Ohman for the price bid of \$250.

The Secretary requested authority to provide, as may be convenient, an alphabetical file of all children between four and eighteen years of age, as described in chapter 249 of the Laws of 1908.

On motion, it was

Resolved, That the Secretary be so authorized.

Bids for furnishing filing cabinets were received from three bidders. In part the specifications provided for two plans of filing, (a) by drawers holding four rows of cards and (b) by drawers holding six rows of cards. The latter plan was approved.

Yawman & Erbe, No. 360 Broadway.....	\$564 26
Koller & Smith, No. 298 Broadway.....	403 75
Library Bureau, No. 316 Broadway.....	395 48

On motion, it was

Resolved, That the contract for furnishing filing material as per specifications be awarded to the Library Bureau, No. 316 Broadway, for the sum of \$395.48.

A financial statement summarizing incurred and proposed liabilities amounting to \$9,328.66 was submitted. On motion, this statement was approved.

On motion, it was

Resolved, That the action of the Secretary in purchasing the following articles be approved:

One desk, one dictionary stand, one dating stamp, three stenographers' chairs, office chairs, manila folders, vertical filing guides and twenty-four oak cane box-seat chairs.

The Secretary requested authority to purchase the following articles: One addressograph, with attachments; one time stamp, Sanborn maps (Brooklyn and Richmond), tabulating machine, twelve trays, two high chairs, office carpet, drawing boards, etc.

On motion, it was

Resolved, That such authority be granted.

The Secretary submitted specifications for delivering census cards and circulars to schools and institutions located in the five Boroughs of The City of New York, and

for collecting and returning the same number of packages, of equivalent weight and size, from the schools and institutions to which delivery is made. The following bid was received:

United District Messenger Company, No. 12 Cortlandt street, 20 cents a package for delivering and 15 cents a package for collecting.

On motion, it was

Resolved, That the contract for delivering and collecting census cards be awarded to the United District Messenger Company, No. 12 Cortlandt street, at the price stated above.

The matter of the appointment of two additional Clerks was presented.

On motion, it was

Resolved, That the following appointments, to take effect December 31, be approved: Mrs. Lulu E. Cheshire, at an annual salary of \$1,050; Mrs. Alice G. Jepson, at an annual salary of \$900.

The matter of the promotions of Clerks and of the changes in the schedule of Salaries was laid over until the next meeting.

The meeting then adjourned.

GEORGE H. CHATFIELD, Secretary.

The Board of Assessors has levied and assessed the foregoing assessments in twenty equal annual installments.

The "Seventh Installment" in each case is now due and payable, and hereafter for thirteen years an amount equal to one of the aforesaid annual installments, with interest, shall be assessed upon the lots or parcels of land benefited by said improvements. These assessments were confirmed by the Board of Revision of Assessments on December 29, 1903, and the "Seventh Installment" entered on December 29, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the seventh installment in each case shall be paid within sixty days after said date of entry, interest shall be charged, collected and received thereon as provided in section 1019 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before February 28, 1910, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMISSIONER OF PARKS for the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York acquired by it for park purposes in the

Borough of The Bronx.

Being all those unoccupied buildings, parts of buildings, etc., standing upon land acquired for the extension of Bronx Park, easterly side, as laid out on the map of July 1, 1905, in the Twenty-fourth Ward, Bronx, and being more particularly designated as parts of parcels 4, 17, 18 and 22, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 9, 1909, the sale of the above described buildings and appurtenances thereto will be held by sealed bids, by direction of the Comptroller, on

THURSDAY, JANUARY 13, 1910, at 11 a. m. in lots and parcels and in manner and form as follows:

Parcel 4—Two-story brick house, with extension, shed and outhouse, being the second house east of Bronx Park Bridge, on the Boston Post road.

Parcel 17A—Two-story frame house, on the Bronx and Pelham parkway, about 230 feet east of Snuff Mill road.

Parcel 17B—Two-story stone house and out-house on Snuff Mill road, about 60 feet south of Bronx and Pelham parkway.

Parcel 18A—Two-story frame house on Snuff Mill road, about 260 feet south from Bronx and Pelham parkway, and standing about 60 feet in from Snuff Mill road; also shed in the rear of same.

Parcel 18B—Two-story stone house, shed and out-house in the centre of field, between Bronx and Pelham parkway and Snuff Mill road.

Parcel 22—Two-story frame house, shed and out-house on Snuff Mill road, being the next house west of the public school building.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 13th day of January, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened January 13, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City."

from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following:

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in the street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the

Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for street opening purposes, in the

Borough of Brooklyn.

Being all the buildings, parts of buildings, etc., standing within the lines of Sullivan street, from the westerly line of Bedford avenue to the easterly line of Rogers avenue, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of The Bronx.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held December 22, 1909, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, JANUARY 14, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Two and one-half story frame house in Sullivan street, west of Rogers avenue.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 14th day of January, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale, as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened January 14, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in the street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

AT THE REQUEST OF THE COMMISSIONER OF WATER SUPPLY, GAS AND ELECTRICITY, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for pipe line purposes in the

Counties of Queens and Nassau.

Being all the buildings, parts of buildings, etc., now standing within the lines acquired for the purpose of the 72-inch pipe line from Clear Stream to Amityville, L. I., and being more particularly described as Parcel No. 305, Plate 5176, at Forestport, formerly owned by H. P. Fish, consisting of the following buildings: East side of Church street, running through to Main street, part of two-story frame building, office of the Board of Health, 33.8 feet on Church street, 32.45 feet on the north side, 84.8 feet on the south side and 3 feet on the side facing Main street, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held June 23, 1909, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, JANUARY 12, 1910,

at 11 a. m., at the office of the Collector of City Revenue, Department of Finance, upon the usual terms and conditions as contained in other advertisements of the sale of old material in the CITY RECORD.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY PROPERTY BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of The Bronx.

Being the buildings, parts of buildings, etc., standing within the lines of Eden avenue, from East One Hundred and Seventy-second to East One Hundred and Seventy-fourth street, in the Twenty-fourth Ward of the Borough of The Bronx, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held December 15, 1909, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, JANUARY 11, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Part of three-story frame house at the northeast corner of Eden avenue and the Parkway (Belmont street); cut 5 feet on north and south sides by 53 feet.

Parcel No. 2. Part of one and one-half story frame house at the southwest corner of East One Hundred and Seventy-fourth street and Eden avenue; cut 5 feet on north and south sides by 16.5 feet.

Sealed bids (blank forms of which may be obtained upon application) will be received by

the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 11th day of January, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened January 11, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in the street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save

harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them, or any of them, and against and from all damage and costs to which it, they, or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Bidders will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item.

The bids will be compared and award made to the lowest bidder for each Borough and also for the steamboat "Patrol" and steam launches.

The coal must be delivered during the year 1910 in such quantities and at such time or times and places of delivery as may be directed by the Police Commissioner (unless otherwise stated in the specifications).

Bidders will state the kind of anthracite coal they propose to furnish by giving the name of its mine or other business appellation.

Bidders for furnishing coal for use of the steamboat "Patrol" and for use of steam launches will state in the bid the place where the coal will be delivered.

Coal for the use of the steamboat "Patrol" and for the use of steam launches must be delivered as directed where water is of sufficient depth at low water mark for the steamboat "Patrol," at any point on the North River below One Hundred and Twenty-ninth street, upon the easterly bank, or at or below Weehawken, on the westerly bank, or on any point on the East River south of Blackwells Island, to be placed on board of the steamboat "Patrol" or on board of either of the steam launches of the Police Department of The City of New York, without expense of delivery, in quantities not exceeding twenty tons, whenever required by the officer in command of such steamboat, upon any day, Sundays excepted, between the date of the execution of this contract and the 31st day of December, 1910. Provided, also, that the contractor shall, when ordered, deliver specified quantities of coal, not exceeding three hundred tons for the entire contract, to Forty-second Sub-precinct Station at One Hundred and Twenty-second street and Harlem River, such coal to be deposited on dock or launches as may be directed.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Commissioner, and any further information can be obtained at the office of the Bureau of Repairs and Supplies, Headquarters of the Police Department, Broome, Grand and Centre streets, Borough of Manhattan.

BOARD OF WATER SUPPLY.

ASHOKAN RESERVOIR.

SALE AND REMOVAL OF TIMBER.

PURSUANT TO ACTION TAKEN BY THE Board of Water Supply of The City of New York, November 16, 1909, the timber standing at the date of sale upon the following property of The City of New York and lying below contour elevation 593 feet above mean tide at Sandy Hook, will be sold at public auction at the office of the Department Engineer, Browns Station, Ulster County, N. Y., on

WEDNESDAY, JANUARY 12, 1910,

commencing at 10 o'clock a. m., said property being known by the following parcel numbers on the maps of the Ashokan Reservoir, prepared by said Board and filed in the office of the Clerk of Ulster County, at Kingston, N. Y., said parcels lying either wholly or in part below said contour elevation 593 feet. The areas from which the timber is to be sold have been marked on the ground, for the convenience of intending bidders, with red and white flags:

Fountain Kill Lot—Parcels 3, 7, 10, 11, 12, 21, in Section 1, and 140, 142, 143, 144, in Section 4.

Bridal Veil Lot—Parcels 316, 317, 319, 320, in Section 8.

Snyder Lot—Parcels 166, 171, 172, in Section 4.

Teas Lot—Parcels 200, 204, 205, in Section 5.

Cudney Lot—Parcel 185, in Section 5.

Hogan Lot—Parcels 85, 94, 95, in Section 3.

The timber on each of said lots will be sold separately and for a sum in gross to the highest bidder, who will be required to deposit with the auctioneer, at the time of sale, 50 per cent. of the knockdown price, a receipt for which will be given. Within ten days after the date of the sale the highest bidder will be required to sign an agreement covering the payment of the balance of the purchase price, the furnishing of a satisfactory bond, the manner of cutting the timber, the clearing up of the ground and the time limit within which the timber shall be entirely removed, said time limit being fixed as 120 days from the date of the agreement.

Copies of the form of agreement can be seen and other necessary information can be obtained at the office of the Department Engineer, at Browns Station, N. Y.

CONTRACT No. 52.

SEALED BIDS WILL BE RECEIVED BY the Board of Water Supply, in Room 910, No. 299 Broadway, New York, until 11 a. m., on

TUESDAY, JANUARY 11, 1910,

FOR CONTRACT No. 52.

FOR THE CONSTRUCTION OF PORTIONS OF THE WHITE PLAINS DIVISION OF THE CATSKILL AQUEDUCT.

The work includes three tunnels on the hydraulic gradient, aggregating 1.6 miles in length, one being 17 feet high by 13½ feet wide inside and two 17½ feet high by 13½ feet wide inside, and about 2.8 miles of plain concrete conduit known as cut-and-cover aqueduct, 17½ feet high by 18 feet wide inside. The work is located in the Towns of Mount Pleasant and Greenburg, Westchester County, N. Y.

An approximate statement of the quantities of the various classes of work and further information are given in the Information for Bidders, forming part of the contract. At the above place and time bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board reserves the right to reject any and all bids.

Two or more bonds, the aggregate amount of which shall be Four Hundred and Seventy-five Thousand Dollars (\$475,000), will be required for the faithful performance of the contract.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of The City of New York, to the amount of Fifty Thousand Dollars (\$50,000).

Time allowed for the completion of the work is thirty-six (36) months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal and contract, specifications, etc., and pamphlets of contract drawings, can be obtained at Room 906, at the above address, upon application, in person or by mail, by depositing the sum of ten dollars (\$10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENSEL, President;

CHARLES N. CHADWICK,

CHARLES A. SHAW,

Commissioners of the Board of Water Supply.

J. WALDO SMITH, Chief Engineer.

STATE WATER SUPPLY COMMISSION.

In the matter of the application of The City of New York.

PUBLIC NOTICE.

NOTICE IS HEREBY GIVEN THAT, PURSUANT to the provisions of chapter 724 of the Laws of 1905 and the acts amendatory thereof and supplemental thereto, and to article 2 of the State Boards and Commissions Law, being chapter 56 of the Laws of 1909, the State Water Supply Commission will meet at the office of the Board of Water Supply, No. 299 Broadway, in the Borough of Manhattan, City of New York, on the 12th day of January, 1910, at 11 o'clock in the forenoon of that day, for the purpose of hearing all persons, municipal corporations or other civil divisions of the State of New York that may be affected by the execution of the modification, or amendment, dated November 15, 1909, of the plans of The City of New York for securing a new and additional supply of water, plans for which modification or amendment have been filed with the New York State Water Supply Commission, at its office, Lyon Block, Albany, N. Y., where the same are open for public inspection; and for the purpose of determining whether said plans are justified by public necessity and whether the same are just and equitable to the other municipalities and civil divisions of the State of New York and to the inhabitants thereof affected thereby, and whether said plans make fair and equitable provisions for the determination and payment of any and all damages to persons and property, both direct and indirect, which will result from the execution thereof.

The execution of such plans, it is alleged, will affect lands situate in the Counties of New York, Kings, Queens and Richmond.

All persons, municipal corporations and other civil divisions of the State of New York who have objection to the execution of said plans, in order to be heard thereon, must file such objections thereto in writing in the office of the State Water Supply Commission in the City of Albany, N. Y., on or before the 11th day of January, 1910. Every objection so filed must particularly specify the grounds thereof.

No person, municipal corporation or local authority can be heard in opposition thereto except on objections so filed.

FIRE DEPARTMENT.

HEADQUARTERS OF THE FIRE DEPARTMENT OF THE CITY OF NEW YORK, NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK, December 31, 1909.

IN VIEW OF THE FACT THAT THE EXPERIENCE of many years has demonstrated that the sale of fireworks at retail during the period intervening the 10th day of June and the 10th day of July in each year, as permitted by the provisions of section 764 of the amended Greater New York Charter, in the discretion

of the Fire Commissioner has resulted in largely augmenting the annual number of fires, with their attendant property loss, and in the death and maiming of many people, for which reasons the Fire Commissioner on February 2, 1909, deemed it his duty to issue an order that no permits for such sales during said period would be issued; which order was subsequently, on April 14, 1909, modified so as to authorize the issuance of such permits for the period extending from June 25 to July 6, 1909; on the representations of the wholesale fireworks manufacturers that the enforcement of the original order, during the period specified in the year 1909, would entail severe financial loss both upon them and on the retail dealers as well as both classes would be unable to dispose of the stock which they had accumulated in anticipation of being allowed to sell the same as heretofore; and in view of the further fact that there is no substantial reason for the existence in 1910 of the conditions in this respect which obtained in the year 1909;

It is hereby ordered, and notice is hereby given, That no permits will be issued by the Fire Commissioner for the sale of fireworks at retail during the period intervening the 10th day of June and the 10th day of July, 1910.

NICHOLAS J. HAYES, Commissioner.

HEADQUARTERS OF THE FIRE DEPARTMENT OF THE CITY OF NEW YORK, NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

No. 1. FOR FURNISHING AND DELIVERING HAY, OATS, BRAN, STRAW AND OATMEAL FOR COMPANIES IN BROOKLYN.

The time for the delivery of the articles, materials and supplies and the performance of the contract is by or before September 30, 1910.

The amount of security required is fifty (50) per cent. of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total. The bids will be compared and the contract awarded at a lump or aggregate sum.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Fire Department, Nos. 157 and 159 East Sixty-seventh street, Manhattan.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of AN UNNAMED STREET, located about 1,500 feet north of West One Hundred and Eighty-first street, extending from Fort Washington avenue to Northern avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of January, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 31st day of January, 1910, at 11 o'clock a. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of January, 1910, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 31st day of January, 1910, at 12 o'clock m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 22d day of November, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the west by a line distant 100 feet westerly from and parallel with the westerly line of Northern avenue, the said distance being measured at right angles to the line of Northern avenue; on the north by a line distant 100 feet northerly from and parallel with the northerly line of the unnamed street to be opened, the said distance being measured at right angles to the line of the said street, and by the prolongation of the said line; on the east by a line always distant 100 feet easterly from and parallel with the easterly line of Fort Washington avenue, the said distance being measured at right angles to the line of Fort Washington avenue, and on the south by a line 100 feet distant southerly from and parallel with the southerly line of the new street to be opened, the said distance being measured at right angles to the line of the said street, and by the prolongation of the said line.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 31st day of January, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 8th day of March, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater

New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, December 30, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, in and to the lands and premises required for an easement for sewer purposes at the foot of MAPLE AVENUE, in the Fourth Ward, more particularly shown on a map or plan adopted by the Board of Estimate and Apportionment November 20, 1908, in the Fourth Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of January, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 31st day of January, 1910, at 3 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of January, 1910, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 31st day of January, 1910, at 4 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 18th day of December, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly line of Bay street where it is intersected by the prolongation of the northerly line of Willow avenue, as in use immediately east of New York avenue, and running thence southwardly along the westerly line of Bay street to a point distant 75 feet northerly from the northerly line of Sylvaton terrace, the said distance being measured at right angles to the line of Sylvaton terrace; thence westwardly and parallel with Sylvaton terrace to a point distant 100 feet easterly from the easterly line of New York avenue, the said distance being measured at right angles to the line of New York avenue; thence southwardly and parallel with New York avenue to the northerly line of Pennsylvania avenue; thence westwardly along the northerly line of Pennsylvania avenue to a point distant 120 feet westerly from the westerly line of New York avenue, the said distance being measured at right angles to the line of New York avenue; thence southwardly and parallel with New York avenue to a point distant 100 feet southerly from the southerly line of Pennsylvania avenue, the said distance being measured at right angles to the line of Pennsylvania avenue; thence westwardly and parallel with Pennsylvania avenue to the intersection with the prolongation of a line distant 1,400 feet southerly from and parallel with the southerly property line of the Staten Island Railway, as said property line exists immediately east of Steuben street, the said distance being measured at right angles to the said property line; thence westwardly along the said parallel line and the prolongation thereof to the intersection with the prolongation of the westerly line of Steuben street; thence northwardly along the said prolongation of the westerly line of Steuben street to the northerly property line of the Staten Island Railway; thence eastwardly along the said property line a distance of 750 feet; thence northwardly at right angles to the said property line a distance of 250 feet; thence eastwardly in a straight line to a point on the westerly line of Beachwood avenue distant 350 feet northerly from its intersection with the northerly property line of the Staten Island Railway; thence northwardly in a straight line to a point on the southerly line of Simmonson avenue distant 970 feet westerly from its intersection with the westerly line of Centre street; thence northwardly at right angles to Simmonson avenue to a point distant 200 feet northerly from its northerly line; thence eastwardly and parallel with Simmonson avenue to the westerly line of Centre street; thence southwardly along the westerly line of Centre street and the prolongation thereof to the southerly property line of the Staten Island Railway; thence eastwardly along the said property line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Willow avenue, the said distance being measured at right angles to the line of Willow avenue; thence eastwardly along the said parallel line to the westerly line of New York avenue; thence eastwardly in a straight line to the point or place of beginning. (None of the streets named has yet been incorporated upon the City map, and the lines referred to are intended to apply to those determined by usage and as commonly recognized.)

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 31st day of January, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 21st day of February, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, December 29, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of FOURTEENTH AVENUE, from Church avenue to Sixty-fifth street, excepting that portion of said street occupied by the tracks of the Long Island Railroad and the Sea Beach Railroad, between Sixty-first street and Sixty-second street, in the Twenty-ninth and Thirtieth Wards, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSION-ers of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 15th day of January, 1910, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of January, 1910, at 3.30 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 26th day of January, 1910.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northeasterly side of Sixty-fifth street where the same is intersected by the centre line of the block between Fourteenth avenue and Thirteenth avenue; running thence northeasterly and parallel with Fourteenth avenue to the northeasterly side of Thirty-sixth street; running thence northwesterly and along the northeasterly side of Thirty-sixth street to its intersection with the southerly side of Louisa street; running thence southerly and along the southerly side of Louisa street to the westerly side of West street; running thence southerly and along the westerly side of West street to the northeasterly side of Thirty-fifth street; running thence northwesterly along the northeasterly side of Thirty-fifth street to the prolongation of the line which forms the centre line of the blocks between Fifteenth avenue and Fourteenth avenue; running thence southwesterly along the centre line of the blocks between Fifteenth avenue and Fourteenth avenue to the northeasterly side of Sixty-fifth street; running thence northwesterly along the northeasterly side of Sixty-fifth street to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 28th day of February, 1910, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the City Record and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York, relative to acquiring title to an easement, wherever the same has not been heretofore acquired for the same purpose, to the lands, tenements and hereditaments required for the construction of sewers in TAPSCOTT STREET, from Blake avenue to East Ninety-eighth street; VIENNA AVENUE, from Snedeker avenue to Hinsdale street, and from Malta street to Williams avenue; MALTA STREET, from Vienna avenue to Wortman avenue, and WORTMAN AVENUE, from Malta street to New Jersey avenue, in the Twenty-sixth, Twenty-ninth and Thirtieth Wards, Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 15th day of January, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 17th day of January, 1910, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 15th day of January, 1910, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 18th day of January, 1910, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 29th day of January, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

1. Bounded on the north by the southerly line of Blake avenue; on the east by a line midway between Tanscott street and Howard avenue and by the prolongation of the said line; on the south by the northeasterly line of East Ninety-eighth street, and on the west by a line midway

between Tappan street and Union street, and by the prolongation of the said line.

2. Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Vienna avenue, the said distance being measured at right angles to the line of Vienna avenue; on the east by the westerly line of Hinesdale street; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Vienna avenue, the said distance being measured at right angles to the line of Vienna avenue; and on the west by the easterly line of Snediker avenue.

3. Beginning at a point on the easterly line of Williams avenue distant 100 feet northerly from the northerly line of Vienna avenue, the said distance being measured at right angles to the line of Vienna avenue, and running thence easterly and parallel with Vienna avenue to the intersection with a line midway between Malta street and Alabama avenue; thence southwardly along the said line midway between Malta street and Alabama avenue to a point distant 100 feet northerly from the northerly line of Wortman avenue; thence easterly and parallel with Wortman avenue to the westerly line of New Jersey avenue; thence southwardly along the westerly line of New Jersey avenue to a point distant 100 feet southerly from the southerly line of Wortman avenue; thence westwardly and parallel with Wortman avenue to the intersection with a line midway between Malta street and Louisiana avenue; thence northwardly along the said line midway between Malta street and Louisiana avenue to a point distant 100 feet southerly from the southerly line of Williams avenue; thence easterly and parallel with Williams avenue to the point or place of beginning.

Fourth—That the abstracts of said estimate, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 26th day of January, 1910.

Fifth—That, provided there be no objections filed to any of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court of the City of New York, in the Borough of Brooklyn, in the City of New York, on the 28th day of February, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk thereof, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
