#### MESSAGE FROM THE MAYOR.

No. 450.

Message from the Mayor—Request to Have Friday, April 26, 1918, Made a Legal Holiday for City Employees.

City of New York, Office of the Mayor, April 23, 1918.

To the Honorable the Board of Aldermen:

Gentlemen—On the eighteenth day of April President Wilson issued the following proclamation:

"An enemy who has grossly abused the power of organized government and who seeks to dominate the world by the might of the sword, challenges the rights of America and the liberty and life of all the free nations of the earth. Our brave sons are facing the fire of battle in defence of the honor and rights of America and the liberty of nations. To sustain them and to assist our gallant associates in the war a generous and patriotic people have been called upon to subscribe to the third Liberty Loan.

"Now, therefore, I, Woodrow Wilson, President of the United States of America, do appoint Friday, the twenty-sixth day of April, one thousand nine hundred and eighteen, as Liberty Day. On the afternoon of that day I request the people of the United States to assemble in their respective communities and liberally pledge anew their financial support to sustain the nation's cause. Patriotic demonstrations should be held in every city, town and hamlet throughout the land, under the general direction of the Secretary of the Treasury and the immediate direction of the Liberty Loan committees organized by the Federal reserve banks. Let the nation's response to the third Liberty Loan express in unmistakable terms the determination of America to fight for peace, the permanent peace of justice.

"For the purpose of participating in Liberty Day celebrations all employees of the Federal Government throughout the country whose services can be spared may be excused at 12 o'clock noon, Friday, the twenty-sixth of April.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia this eighteenth day of April, in the year of our Lord one thousand nine hundred and eighteen, and of the independence of the United States of America one hundred and forty-second.

"WOODROW WILSON.

"By the President: ROBERT LANSING, Secretary of State."

So that the City may offer its full cooperation in connection with Liberty Loan Day, I respectfully request your honorable body to declare Friday, April 26th, a legal holiday for all City employees. It is expected that every City employee benefited by this vacation will co-operate in every way possible in the selling of Liberty Bonds and the celebration of Liberty Loan Day. Respectfully,

JOHN F. HYLAN, Mayor.

In connection with the foregoing communication the President of the Borough of Manhattan offered the following resolution:

Resolved, That for the purpose of participating in the Liberty Loan celebration for which the 26th day of April, 1918, has been designated by the Hon. Woodrow Wilson, President of the United States, the Board of Aldermen of the City of New York does hereby declare Friday, April 26, 1918, a legal holiday for all City employees.

Which was unanimously adopted by a rising vote.

#### Central Federated Union—Communication Relative to Minimum Compensation for City Employees.

Central Federated Union of Greater New York and Vicinity, Labor Temple, 243 East 84th Street, New York, April 13th, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, N. Y. C.:

Dear Sir—Your esteemed attention is directed to the following proposed ordinance, which has been endorsed by this body. Very truly yours,

ERNEST BOHM, Corresponding Secretary, 210 E. 5th St., New York City.

##### Minimum Compensation for City Employees.

Whereas, Conservative and reliable estimates of the yearly income necessary to support a workingman and his family have been placed during the year 1917 at amounts varying from \$980 to \$1,200; and

Whereas, An increase in the prices of commodities during the present year consonant with that which has occurred for two years past will increase such minimum necessary income anywhere from 25 to 50 per cent. by the year 1919; and

Whereas, There are at present over 13,000 regular adult employees in 233 grades of positions in the various City Departments, who receive compensation at rates less than \$1,200 per year and who suffer hardship in consequence thereof; and

Whereas, It is generally acknowledged that the City should be in all respects a model employer and pay compensation sufficient to enable its employees to maintain a living in accordance with recognized American standards; therefore, be it

Resolved, by the Board of Aldermen of The City of New York:

1st. That the Board of Estimate and Apportionment be and it is hereby urgently and respectfully requested, in the budget for 1919 and thereafter, to recommend the compensation of any person employed by The City of New York as a regular employee, which compensation shall be paid out of the City treasury and for full-time service of eight hours or more per day, without maintenance, at a sum less than \$1,200 per year, or at a daily, weekly, monthly or other rate amounting to less than such sum as a yearly aggregate of actual working days, provided that this limitation shall not apply to persons under the age of 21 or those holding pupil positions; and

2nd. That on and after the first day of November, 1918, the said Board of Aldermen, pursuant to the powers granted to it under section 56 of the City charter, will not fix the annual compensation of any such regular full-time employee, without maintenance and over the age of 21, at less than the said sum of \$1,200.

#### Electrical Cable Splicers, Fire Department—Request for Increase of Salary to the Prevailing Rate.

International Brotherhood of Electrical Workers, Beethoven Hall, 210 East 5th Street, New York City, April 15, 1918.

To the Members of the Board of Aldermen:

Gentlemen—We, the Cable Splicers employed in the Fire Alarm Telegraph Bureau, and members of the I. B. of E. W., Local No. 386, in our request to increase our salary to the prevailing rate, wish to submit a few facts and figures for your consideration:

First—Our work consists of splicing and maintaining the Underground Cable System of the Fire Alarm Telegraph Bureau.

Second—We are subject to call twenty-four (24) hours per day for three hundred and sixty-five (365) days each year, with no pay for overtime or days off for extra days worked.

Third—We have to work in all kinds of inclement weather, and under the most dangerous and unsanitary conditions.

Fourth—We have had no increase in salary in twelve years, but were decreased two hundred dollars (\$200) in 1916, and in 1917 nine splicers received fourteen hundred dollars (\$1,400), and six splicers were put on a graduated scale from twelve hundred dollars (\$1,200) to fourteen hundred dollars (\$1,400), something which does not prevail with any other organized trade employed by the City.

Fifth—The splicers in the Fire Department were formerly employed by the large operating companies, such as the New York Telephone Company, Standard Underground Cable Company, Safety Insulated Wire and Cable Company, and others,

where they served from three to five years as apprentices before becoming journeymen. A few, passing an examination, were appointed to the Fire Department at a time when the same rate of wages prevailed.

Sixth—At this time, owing to the high cost of living and other conditions brought on by the war, and the great demand for mechanics of our craft, these outside operating companies have increased the wages of their splicers from year to year, so at this time the prevailing rate for journeymen cable splicers is five dollars and sixty cents (\$5.60) per day of eight (8) hours, time and one-half for overtime, and double time for Sundays and holidays, which means an income of from two thousand dollars (\$2,000) to two thousand five hundred dollars (\$2,500) per year.

Seventh—These operating companies also provide for death and sick benefits for their splicers, as insurance companies will not take the risk; but the splicers employed by the City do not get any death benefit from any source, and since the Workmen's Compensation Law went into effect do not receive their salary if hurt in the discharge of their duty.

In laying these facts before you, we ask you to give us consideration in this matter, as we know you are in favor of giving city employees the rate of wages prevailing in outside corporations.

All companies and contractors in and around New York are paying from \$5.60 to \$6 per day, time and one-half for overtime.

The City of Chicago, \$7 per day; Boston, \$5.75 per day; Cleveland, \$5.60 per day; Philadelphia, \$5.50 per day; Public Service of New Jersey, \$5.50 per day.

Respectfully yours,  
FREDERICK B. MANNING, Sect.  
(Seal.)

**Memorial Committee, G. A. R.—Request for Special Revenue Bonds, \$1,000, to Meet Increased Cost of Material, Labor and Other Essentials Incidental to the Observance of Memorial Day.**

Memorial Committee, Grand Army of the Republic, County of New York, New York, April 15, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Gentlemen—The Memorial Committee of the Grand Army of the Republic of the County of New York begs most respectfully to present to your honorable Board the urgent necessity for an increased appropriation for the defrayment of the expenses incident to the observance of Memorial Day, based upon the increased cost of material, labor and other essentials, while we have for several years been accorded an appropriation of three thousand dollars (\$3,000), and expended by our committee including the cost of reviewing stands and the evening exercises at Carnegie Hall. An itemized statement of the expenditures, duly audited by our committee, has been filed with the Comptroller.

We have experienced some difficulty in the past keeping within the limits of the appropriation, but advanced prices this year forces the Grand Army of the Republic to appeal for an additional appropriation of one thousand dollars (\$1,000) for a proper observance of Memorial Day that shall reflect credit upon our county and be a fitting testimonial to the defenders of our Republic.

Very respectfully,  
WM. F. KIRCHNER, Chairman.

E. J. ATKINSON, Secretary.

**International Art Service—Requesting the Repeal of the Ordinance Requiring the Printing of Floor Plans in Theatre Programmes.**

International Art Service, 33 West 42d Street, New York City, April 11, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, New York City:

Dear Sir—We enclose herewith copy of a letter which we addressed, on March 21, to Hon. John F. Hylan, Mayor of New York City, which is self-explanatory. On March 22 this letter was acknowledged by the Mayor's Executive Secretary, who stated that it was being sent to the Fire Commissioner for attention, and on March 30 Hon. Thomas J. Drennan, Fire Commissioner, informed us in writing that he did not believe that he could be of any assistance in the matter "as the requirement is mandatory under the provisions of article 25, section 527, subdivision 13, of chapter 5 of the Code of Ordinances."

For this reason we are taking the liberty of bringing the matter to your attention, and would ask that you read and consider the contents of our letter to the Mayor and hope that you may see your way clear to take such action as will bring this matter to the attention of the Board of Aldermen and result in the repeal of the ordinance requiring the printing of floor plans in theatre programmes.

We feel justified in making this request because, as pointed out in our letter to the Mayor, the printing of these floor plans serve no useful purpose whatever and is of no service to the public, and constitutes a heavy financial burden upon the theatrical interests and the programme publishers in this City. Very truly yours,  
INTERNATIONAL ART SERVICE, A. F. WIENER, President.

March 21, 1918.

Hon. JOHN F. HYLAN, Mayor, New York City:

Dear Mr. Mayor—We are writing to call your attention to a needless burden imposed upon the theatrical business of this City by a Fire Department regulation requiring the publication of floor plans of theatres and motion picture houses in all theatrical programmes. The ostensible purpose of this regulation is to place before the patrons of the various theatres information by which they can determine the location of fire exits.

As a matter of fact, it is safe to say that nobody ever studies these printed plans for that or any other useful purpose. All theatrical programmes carry or should carry the notice which appears at the top of page 4 of the Rialto Revue enclosed. In all theatres fire exits are plainly marked by red lights and it is the universal custom of the theatre going public to note, when they take their seats, the location of the fire exits nearest to them. In any event it would be difficult, if not impossible, for the theatre-goer to determine, by even a careful study of the floor plans printed in the programme, just where he or she might be sitting with reference to fire exits; and it would, of course, be absolutely impractical, in case of fire or panic, to turn to the page upon which the plans appear and study out the location of fire exits.

We believe it is true that these plans serve no useful purpose whatever. We have taken this matter up with officials of the Fire Department, and they are unable to give any good reason for the continued publication of these plans. They realize that they are of no use to the public and state to us that they recognize them as an expensive nuisance to the theatrical business and to the programme publisher.

In the programme we are enclosing herewith, for example, a whole page is devoted to these plans, and that page, if sold for advertising purposes, would produce a revenue of \$100 a week. You will observe that this imposes upon the theatre a burden which in this particular case amounts to \$5,200 worth of space per year. We do not think this burden should be longer borne, and we assure you that relief from it would constitute a favor to the theatrical business which would be most highly appreciated and which would work no harm to any body.

We have been unable to find any reason for the publication of these floor plans or diagrams, except that in case of fire or other trouble in the theatre, the Fire Commissioner desires to have at his immediate disposal diagrams showing the floors of the theatre and the fire exits. We suggest that this might be brought about in a much more satisfactory way by requiring each theatre to have on file in their box offices and place on file with the Fire Department, large floor diagrams which would give, in much clearer and more useful form, the information desired.

We ask that you have this matter taken up by the proper officials and shall be glad to give you or them any further facts or information which may be desired. We shall highly appreciate such attention as you may find it possible to give this matter, and remain, yours very respectfully,

INTERNATIONAL ART SERVICE, A. F. WIENER, President.

**COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.**

The President laid before the Board the following communication from the Commissioner of Parks, Borough of Brooklyn:

No. 456.

**Commissioner of Parks, Brooklyn—Request for Authority to Purchase Broken Stone Without Public Letting.**

City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Fifth Street and Prospect Park West, April 16, 1918.

To the Honorable Board of Aldermen, City Hall, Manhattan:

Gentlemen—In accordance with the provisions of section 419 of the Greater New York Charter, I hereby request that the Board of Aldermen authorize the purchase

by this department, without public letting, of 3/4-inch, 1 1/2-inch and 2 1/2-inch broken stone, not exceeding in total 1,000 cubic yards. The reason for this request is that this Department has already advertised for broken stone in the above quantity and the lowest bid received was in the amount of \$3.10 per cubic yard.

This material will be required in small quantities during the year for patching purposes only; and on account of the exceedingly high prices of other highway materials which we have been compelled to purchase so far, it was impossible to award this contract.

If the above permission is granted, this Department has been informed that it will be possible for us to make purchases of stone in small amounts, as required, not exceeding above total quantity, at prices much lower than lowest bid received under advertised contract, which will be rejected on April 18th.

Very truly yours,  
JOHN N. HARMAN, Commissioner.

The President laid before the Board the following communication from the President, Borough of Brooklyn:

No. 457.

**President, Borough of Brooklyn—Request for Authority to Purchase Castings and Lime Without Public Letting.**

The City of New York, Office of the President of the Borough of Brooklyn, April 17, 1918.

To the Honorable Board of Aldermen of the City of New York:

Dear Sirs—Our Bureau of Sewers is in immediate need of basin hoods, manhole heads and covers, manhole covers, assorted sizes, basin pans and 700 tons of quick lime.

Owing to conditions prevailing in the casting and quick lime market at present, the firms handling this class of supplies inform us that they will be unable to submit any bids for a large supply. The Saverio Products Company and the Rockland Lime Company state that they will only furnish small quantities of lime, from time to time, at the market quotations.

In regard to castings, Messrs. Maher & Flockhart and the Central Foundry Company also inform us that they will only supply castings on monthly deliveries at the market price prevailing at the time of delivery.

As during the year our requirements of the above articles will amount to considerably more than the \$1,000 allowed by the Charter to be purchased on open market order, I would request that the attached resolution be adopted by your honorable Board as early as possible, permitting us to purchase castings and lime on open market order from April 20th, 1918, to December 31st, 1918. Yours very truly,

JOSEPH FENNELLY, Acting Borough President.

Resolved, That, acting in pursuance of section 419 of the Charter, the President of the Borough of Brooklyn is hereby authorized to purchase, without public letting, quick lime in an amount not to exceed 700 tons, and manhole covers, assorted sizes, not to exceed 1,250; basin pans, long lugs not to exceed 120; basin hoods and pans, not to exceed 150 sets; manhole heads and covers, not to exceed 35.

**President, Borough of The Bronx—Request for Change of Name of Parkview Place to Devoe Terrace.**

City of New York, President of the Borough of The Bronx, Third Avenue and Tremont Avenue, Office of the President, April 17, 1918.

The Honorable Board of Aldermen, City Hall, Manhattan, New York City:

Gentlemen—I have received a unanimous request from the property owners on Parkview Place in this Borough asking that said street be officially designated as Devoe Terrace. This street is one block in length, extending from Webb Avenue to West 190th Street, and lies west of University Avenue. The old farm within which this street is located was for many years owned by the Devoe family. The street has been known locally for many years as Devoe Terrace, although the official name on the city maps is still Parkview Place.

Former Borough President Cyrus C. Miller at one time notified the property owners in accordance with their request that the street would be known as Devoe Terrace. For many years the street signs at the end of this street have been marked Devoe Terrace. No official action, however, has been taken by your Board to confirm the name of Devoe Terrace, and I would, therefore, ask for such action.

Yours very truly, HENRY BRUCKNER, President of the Borough of The Bronx.

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 459.

**Commissioner of Street Cleaning—Request for Correction of Resolution for Purchase of Wheels and Parts for Squeegee Machines Without Public Letting.**

Department of Street Cleaning of the City of New York, Office of the Commissioner, Municipal Building, New York City, April 18, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—On March 22d, 1918, request was made for authority to purchase in the open market, without public letting, wheels for Watson bottom dumping wagons and parts for Kindling and Hvass squeegee machines.

By an inadvertence, my letter stated that the cost of the parts for Hvass squeegee machines would be \$721.70, whereas it should have stated \$3,721.70.

On April 18th, 1918, the Board of Aldermen adopted a resolution authorizing such purchases, but fixing the cost of the parts for the Hvass machine at \$721.70.

I therefore request that the resolution be amended by changing this amount to \$3,721.70. Yours truly,  
A. B. MACSTAY, Commissioner.

City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Fifth Street and Prospect Park West, April 19, 1918.

Hon. Board of Aldermen, City Hall, New York City:

Gentlemen—You are respectfully requested to grant the Department of Parks, Borough of Brooklyn, permission to enter into contract without public letting for bathing suits and towels to be used at Betsy Head Bath House, situated in Betsy Head Playground, Hopkinson, Blake and Dumont Avenues, Brooklyn, for the season 1918.

(6) That the said Commission be and it is hereby authorized and empowered to propose and submit such proposals as it may from time to time deem necessary and advisable for carrying out this program, to those boards, departments and divisions of the city government that may be concerned therewith.

(7) That for the purpose of such investigations the said Commission be and it is hereby authorized and empowered, pursuant to the provisions of section 20, paragraph 21 and section 23, paragraph 2 of the General City Law, to require and enforce by subpoena the attendance of witnesses, and to retain such employees as may be necessary to carry out the provisions of this resolution.

**Report of the Committee on Finance in Favor of Filing Request of the Board of Trustees of the Queens Borough Public Library for Special Revenue Bonds, \$1,572, for the Purchase of Coal for the Remainder of the Year.**

The Committee on Finance, to which was referred on March 26, 1918 (Minutes, page 687), the annexed request of the Board of Trustees of the Queens Borough Public Library for special revenue bonds, \$1,572, for the purchase of coal for the remainder of the year, respectfully

**REPORTS:**

That the Committee is advised in the annexed report of the investigating bureau of the Board of Estimate and Apportionment that by the exercise of economy the Trustees of the Queens Borough Public Library should have no difficulty in meeting these additional needs from the budgetary appropriations for 1918.

Your Committee accordingly recommends the request be placed on file.

The Queens Borough Public Library, Jamaica, New York, March 15, 1918.

Hon. Board of Aldermen, City of New York:

Gentlemen—I beg to inform you that at a meeting of the Board of Trustees of the Queens Borough Public Library, held on March 14, 1918, the following action was taken:

"(38) Resolved, That application be and hereby is made to the Board of Aldermen of The City of New York for an issue of revenue bond funds, to provide the sum of \$1,572.00, the amount estimated to be necessary for the purchase of sufficient coal for the remainder of the year 1918 for the Queens Borough Pub-

lic Library, and that the Secretary transmit this request, with a copy of this resolution, to the Board of Aldermen of The City of New York."

In accordance with the provisions of the resolution, I hereby transmit this request to your Honorable Board with the request that you will consider it favorably.

Very truly,  
JOHN W. DOLAN, Secretary, Board of Trustees.  
The Queens Borough Public Library, Jamaica, Long Island, New York, March 15, 1918.

To the Honorable Board of Aldermen of The City of New York:

At a meeting of the Board of Trustees of the Queens Borough Public Library, held at Jamaica, Long Island, on Thursday, March 14, 1918, the following action was taken:

**Extract from the Minutes.**

"(38) Resolved, That application be and hereby is made to the Board of Aldermen of The City of New York for an issue of revenue bond funds, to provide the sum of \$1,572.00, the amount estimated to be necessary for the purchase of sufficient coal for the remainder of the year 1918 for the Queens Borough Public Library, and that the Secretary transmit this request, with a copy of this resolution, to the Board of Aldermen of The City of New York."

A true copy.  
JOHN W. DOLAN, Secretary.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, Room 1300, April 15, 1918.

No. 383—Queensborough Public Library—Request for Special Revenue Bonds, \$1,572, for the Purchase of Coal for the Remainder of 1918.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—In accordance with your verbal request I have investigated the above matter.

There are fourteen branch libraries in the Borough of Queens. In January, 1918, a study of the coal requirements for these libraries for the year indicated a need of 440 gross tons, of which 160 tons represented the estimated needs from September to December, inclusive; no coal is burned during the months of June, July and August. The appropriation for fuel supplies in the 1918 budget was \$2,976, on the basis of 380 tons of coal at an average price of \$7.60, and also an allowance for wood.

Because of the high price and inferior quality of the coal used this winter, requiring an increased quantity, the library authorities have expended \$2,315 of the budget allowance for fuel, and estimate that 217 tons of coal and a small amount of kindling wood will be required for the remainder of the year, at a cost of \$2,233. This amount, less the balance available, is the sum requested.

It is apparent that funds in excess of the amount estimated at the time the budget was prepared will be required for the purchase of fuel.

However, the budget allowance for the Queens Borough Public Library is an unsegregated amount of \$175,791.49, the aggregate of amounts estimated for the several activities of the library. Included in this amount is \$100,692.75 for personal services and \$29,382 for the purchase of books and periodicals. The library authorities may expend this fund in any proportion they deem necessary for the maintenance of the libraries under their jurisdiction; for instance, amounts accruing monthly in the sum set aside for salaries may be used for other purposes, or they can purchase fewer books. With strict economy there should be no difficulty in keeping the libraries going for the remainder of the year and meet the additional needs for coal, within the total amount allowed in the budget. Respectfully,

RICHARDSON SAUNDERS, Assistant Engineer.

Which report was accepted.

**Report of the Committee on Finance in Favor of Filing Resolution Requesting the Board of Estimate and Apportionment to Take Action for the Speedy Improvement of the Court House Site at Centre Street, Borough of Manhattan.**

The Committee on Finance, to which was referred on April 16, 1918 (Minutes, page 84), the annexed resolution requesting the Board of Estimate and Apportionment to take action for the speedy improvement of the Court House site at Centre street, Borough of Manhattan, respectfully

**REPORTS:**

That this matter was referred to the Board of Estimate and Apportionment and to the Court House Board, and in view of the facts contained in the annexed communication from the Court House Board, the Committee believes the Board of Aldermen and the Board of Estimate and Apportionment are without jurisdiction in the premises and accordingly recommends the resolution be placed on file.

Whereas, The City of New York is the owner of certain premises located on Lafayette, Leonard, Baxter, Park, Duane and Pearl Streets and City Hall Place, in the Borough of Manhattan, City of New York, which were purchased for the purpose of having erected thereon a new county court house for New York County; and

Whereas, The City has been the owner of a portion of said premises since March 1, 1913 and the remaining portion since May 6, 1915, and since acquisition thereof nothing has been done to improve said premises, same being vacant and unemployed, bringing no income to the City, but on the contrary have been the source of tremendous expense, and incidentally by reason of the present condition of the premises are an eyesore in a locality where land is extremely desirable and valuable; and

Whereas, The City paid for said premises the sum of \$12,031,562.36, for which amount up to December 31, 1917, corporate stock was allotted; and

Whereas, The estimated annual interest at four per cent. on said sum amounts to \$481,262.49, and the estimated taxes lost through city ownership of the premises amounts to \$600,000; and

Whereas, That inasmuch as the proposed new court house will not be erected for many years to come, owing to the City's impoverished financial condition and considering the enormity of the interest bearing charges and taxes lost per annum, which together amount to about half a million of dollars, by reason of the city ownership of said site, both of which have to be paid and stood for by the taxpayers of The City of New York, and further considering the high tax rate for the ensuing year; therefore be it

Resolved, By the Board of Aldermen of The City of New York:

1. That the Board of Estimate and Apportionment of The City of New York be and it hereby is respectfully requested to take all necessary and proper measures, not in conflict with any legislative, judicial or other act relating to the use of said site, either to improve said site for the purpose of temporarily housing some of the City departments, boards, commissions or other municipal bodies, to house which large sums of rent are now being paid by the City to private owners, or to lease said site or parts thereof to private parties for adequate rent, upon proper terms and for periods which will not interfere with the original purpose for obtaining said site.

2. That the said Board be and it hereby is respectfully requested to proceed with all convenient speed in the aforesaid matter, for the purpose of alleviating to some degree, if possible, the financial burden of the taxpayers of The City of New York.

Court House Board, Room 2028, Municipal Building, New York, April 22, 1918.

Hon. FRANCIS P. KENNEY, Chairman of the Committee on Finance of the Board of Aldermen of The City of New York, City Hall, New York City:

Dear Sir—The attention of the Court House Board has been called to a resolution which appeared in the CITY RECORD of April 18, 1918, which was offered in the Board of Aldermen and referred to the Finance Committee:

"Whereas, The City of New York is the owner of certain premises located on Lafayette, Leonard, Baxter, Park, Duane and Pearl Streets, and City Hall Place, in the Borough of Manhattan, City of New York, which were purchased for the purpose of having erected thereon a new county court house for New York County; and

"Whereas, The City has been the owner of a portion of said premises since March 1, 1913, and the remaining portion since May 6, 1915, and since acquisition thereof nothing has been done to improve said premises, same being vacant and unemployed, bringing no income to the City, but on the contrary have been the source of tremendous expense, and incidentally by reason of the present condition of the premises are an eyesore in a locality where land is extremely desirable and valuable; and

"Whereas, The City paid for said premises the sum of \$12,031,562.36, for which amount up to December 31, 1917, corporate stock was allotted; and

"Whereas, The estimated annual interest at four per cent. on said sum

amounts to \$481,262.49, and the estimated taxes lost through City ownership of the premises amounts to \$600,000; and

"Whereas, That inasmuch as the proposed new court house will not be erected for many years to come, owing to the City's impoverished financial condition, and considering the enormity of the interest bearing charges and taxes lost per annum, which together amount to about half a million of dollars, by reason of the City ownership of said site, both of which have to be paid and stood for by the taxpayers of The City of New York, and further considering the high tax rate for the ensuing year; therefore be it

"Resolved, By the Board of Aldermen of The City of New York:

"1. That the Board of Estimate and Apportionment of The City of New York be and it hereby is respectfully requested to take all necessary and proper measures, not in conflict with any legislative, judicial or other act relating to the use of said site, either to improve said site for the purpose of temporarily housing some of the City departments, boards, commissions or other municipal bodies, to house which large sums of rent are now being paid by the City to private owners, or to lease said site or parts thereof to private parties for adequate rent, upon proper terms and for periods which will not interfere with the original purpose for obtaining said site.

"2. That the said Board be and it hereby is respectfully requested to proceed with all convenient speed in the aforesaid matter, for the purpose of alleviating to some degree, if possible, the financial burden of the taxpayers of The City of New York."

This Board is desirous of calling your Committee's attention to the following facts

On May 6, 1913, the acting Corporation Counsel, Charles D. Olendorf, rendered an opinion to the Comptroller of The City of New York, covering the power and control vested in the Court House Board, which in part reads as follows:

"\* \* \* I am of the opinion therefore that while upon the vesting of title to the property embraced within the site for the new Court House the possession and control of the property is vested in the Court House Board the Collector of City Revenue should collect the rental for the temporary use and occupation thereof until such time as the Court House Board shall determine that the property is needed for the purpose for which it was acquired.

"I would suggest, however, that your department confer with the Court House Board in regard to the temporary renting of each of the buildings included within the site after title to the same shall have vested in the City in order that there may be no conflict with the plans of that Board. \* \* \*

On March 5, 1917, a majority of the Justices of the Supreme Court approved the contract, plans and specifications for the building of the new court house, and on the same day the Art Commission approved the designs.

On March 7, 1917, the Court House Board passed a resolution approving the form of the contract, plans and specifications for the construction of the new court house. This contract has the approval of the Corporation Counsel, and the Court House Board is now ready to advertise for bids.

On March 9, 1917, the Board of Estimate and Apportionment passed a resolution authorizing the Court House Board to advertise for bids for the construction of the new court house. Under this authorization the Court House Board has proceeded with the printing of the contract and specifications, and is only awaiting a proper market to proceed with the same.

In view of the Corporation Counsel's opinion that the property is now under the care and control of the Court House Board, the Court House Board is entitled for its own protection to be heard on any question relating to the use of the property. In all other cases the Board has always been accorded this right and has never failed to comply with any reasonable requests.

The Board of Aldermen has no power or control in any way whatsoever over the Court House site. The Corporation Counsel has decided that the Court House Board has entire control of the site and that the Court House Board should be consulted for whatever temporary use the site is to be put to.

Therefore, as the full power and control of this property has been vested in the Court House Board under the Court House Act, the Court House Board respectfully requests that the resolution referred to your committee by the Board of Aldermen on April 16, 1918, be disapproved. Respectfully yours,

L. LAFLIN KELLOGG, Chairman.

**Report of the Committee on Finance in Favor of Filing Request of the Board of Trustees of Bellevue and Allied Hospitals for Special Revenue Bonds, \$756, to Pay Salaries of Four Hospital Helpers for the Remainder of the Year.**

The Committee on Finance, to which was referred on March 26, 1918 (Minutes, page 687), the annexed request of the Board of Trustees of Bellevue and Allied Hospitals for special revenue bonds, \$756, to pay salaries of four Hospital Helpers for the remainder of the year, respectfully

**REPORTS:**

That the Committee is advised that this request should properly be made to the Board of Estimate and Apportionment for a modification of existing salary schedules, and provision for same by a transfer of salary accruals.

Your Committee, therefore, recommends the request be placed on file.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, March 22, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York: Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$756, to pay the salaries of four Hospital Helpers for the admitting baths of the Alcoholic and Psychopathic Service for the remainder of the year, as follows:

<i>Day Service—</i>	
1 Hospital Helper, woman, at.....	\$240 00
1 Hospital Helper, man, at.....	264 00
<i>Night Service—</i>	
1 Hospital Helper, woman, at.....	240 00
1 Hospital Helper, man, at.....	264 00
Total, on annual basis.....	\$1,008 00
Less elapsed time, January, February and March.....	256 00

Amount required from April 1st to December 31st..... \$756 00

Provision was made for these places in the departmental estimate for 1918, but not allowed by the Board of Estimate and Apportionment. As these employees are necessary for the proper administration of this division of the hospital the Trustees request your Board to issue the funds, carrying with it authority to hire such employees. It may be possible that the department will be able to obtain a sufficient amount for this purpose from the salary accruals. Respectfully,

JNO. G. O'KEEFE, Secretary, Board of Trustees.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, April 15, 1918.

No. 400—Trustees, Bellevue and Allied Hospitals—Request for Special Revenue Bonds, \$756, to Pay Salaries of Four Hospital Helpers for the Remainder of the Year. Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—In accordance with the request of your Committee under date of April 4, 1918, I have made an examination of this matter.

The 1917 Board of Estimate and Apportionment passed upon the necessity for the services of the four employees in question in connection with the 1918 budget, and denied the request for their employment. The proper course to be followed by the Board of Trustees, Bellevue and Allied Hospitals, would seem therefore to be a request upon the present Board of Estimate and Apportionment for a modification of the existing salary schedules to include the employment of these additional employees, provision for payment for their services, if they are now found to be necessary, to be made by the transfer of salary accruals, rather than by an issue of special revenue bonds. Respectfully,

G. W. J. ANGELL, Expert Accountant.

**Report of the Committee on Finance in Favor of Filing Request of the Board of Trustees of the Brooklyn Public Library for Special Revenue Bonds, \$16,176, to Cover Loss by Fire at the Pacific Branch Library.**

The Committee on Finance, to which was referred on April 2, 1918 (Minutes, page 3), the annexed request of the Board of Trustees of the Brooklyn Public Library for special revenue bonds, \$16,176, to cover loss by fire at the Pacific Branch Library, respectfully

**REPORTS:**

Your Committee is advised in the annexed report of the investigating bureau of the Board of Estimate and Apportionment that the necessary funds may be provided by a transfer of salary accruals.

It therefore recommends the request be placed on file.

FRANCIS P. KENNEY, JOHN S. GAYNOR, W. F. QUINN, JOHN DIEMER, JNO. J. O'ROURKE, ALGERNON LEE, B. E. DONNELLY, EDWARD V. GILMORE, MICHAEL STAPLETON, Committee on Finance.

Brooklyn Public Library, 26 Brevoort Place, March 26, 1918.

To the Honorable, The Board of Aldermen, City of New York:

Gentlemen—The Board of Trustees of the Brooklyn Public Library respectfully requests that revenue bonds to the total amount of \$16,176 be issued to cover loss by fire at the Pacific Branch Library, March 29, 1917. This amount includes \$6,718 to replace furniture and \$9,458 for books destroyed.

On May 8, 1917, the Board of Aldermen, at the request of the Trustees of the Brooklyn Public Library, voted to issue revenue bonds to the extent of \$28,804 for the purpose of reconstructing the Pacific Branch of the Brooklyn Public Library, damaged by fire, for the replacement of 8,000 books and for the refurnishing of the building.

When the original request for the issue of revenue bonds was made it was based upon the estimated cost of repairs, but when the actual bids were received, owing to the increased cost of labor and materials, it was found impossible to pay for the cost of the replacement of books and furniture out of the amount appropriated.

The condition of the building was such that reconstruction was necessary at once; and in November the Trustees of the Brooklyn Public Library entered into a contract with John Thatcher & Son to undertake the work of repair on a cost basis. The contract calls for the estimated expenditure of \$25,428 in addition to the architect's fee of 10 per cent, and will be completed early in April.

Respectfully submitted,

DAVID A. BOODY, President.

JOHN HILL MORGAN, Secretary.

No. 402—Trustees, Brooklyn Public Library—Request for Special Revenue Bonds, \$16,176, to Cover Loss by Fire at the Pacific Branch Library.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—In accordance with your request of April 2, 1918, I have made an examination of this matter.

On June 15, 1917, the Board of Estimate and Apportionment concurred in a request of the Board of Aldermen for an issue of \$28,804 special revenue bonds to repair the building and to replace equipment of the Pacific Branch Public Library, Borough of Brooklyn, which was damaged by fire on March 29, 1917, on estimates of cost as follows:

Repairs to the building.....	\$15,000 00
Replacement of books.....	8,225 00
Replacement of furniture.....	5,579 00

Total..... \$28,804 00

Subsequently, bids obtained for the reconstruction of the building exceeded the total amount of the appropriation. Owing to the necessity of proceeding with the work, in order to preserve the part of the building left standing, a contract was made in November, 1917, with the firm of John Thatcher & Son, on the basis of cost, plus ten per cent. The estimated cost of the work is stated in the contract to be \$25,428. This action did not require the approval of the Board of Estimate and Apportionment.

To date the charges against this appropriation total \$16,477.40, as follows:

Watchman.....	\$405 00
John Thatcher & Son.....	14,800 99
Architect's fees.....	1,271 41

\$16,477 40

The balance remaining of the appropriation is \$12,326.60. The contractor states that the payments to date do not represent all the charges, as many items have not been included in the bills rendered. He also states that the work will cost very nearly the amount stated in the contract as the estimated cost of the work.

The present request is based on stated needs as follows:

Replacement of destroyed books.....	\$9,458 00
Replacement of equipment and furniture.....	6,718 00

\$16,176 00

The Pacific Branch Library at the end of the year 1916 contained approximately 21,000 books. It is stated that 8,055 books were destroyed by the fire.

The estimate of \$9,458 is fifteen per cent. higher than the estimated value of May, 1917, due to the advance in the cost of books. A large number of books for the blind, which constituted part of the original collection, were found to be badly damaged by water, which destroyed the raised print. The estimate of \$9,458 appears to be a reasonable amount for the restoration of the collection, exclusive of some obsolete books, which it is not proposed to replace.

For the restoration of the furniture and equipment of the library there is an increase of twenty per cent. over the estimated cost prepared in May, 1917, due to advance in prices.

Following are the details of the present estimate:

Six juvenile tables at \$30 each.....	\$180 00
96 juvenile chairs at \$5.50 each.....	528 00
Six revolving stools at \$10 each.....	60 00
40 adult chairs at \$5.50 each.....	220 00
Five adult tables at \$30 each.....	150 00
One 20-tray catalogue case.....	70 00
One stenographer's desk.....	40 00
One stenographer's chair.....	10 00
One desk for blind department.....	45 00
Cork carpet.....	1,900 00
Rubber matting and treads.....	150 00
Refinishing miscellaneous furniture.....	500 00
Children's charging desk.....	1,200 00
Adult's charging desk.....	1,200 00
Two small tables at \$12 each.....	24 00
12 lockers at \$18 each.....	216 00
Window shades for entire building.....	225 00

Total..... \$6,718 00

It is suggested that in the place of the cork carpet a better floor covering would be quarter-inch battleship linoleum, which would cost \$2 per square yard, for 750 square yards, a total of \$1,500. This will effect a reduction of \$400.

The estimated costs of the various furniture items are reasonable under existing conditions.

The equipment listed above is necessary for the operation of the library.

The amount necessary for furniture and equipment is.....	\$6,318 00
For books.....	9,458 00

Total..... \$15,776 00

The 1918 budget contains an appropriation of \$540,727.30 for the various branches of the Brooklyn Public Library. This sum may be expended by the library Trustees according to their own determination and it is probable that, with the strict economy with which all funds should be administered during the war that sufficient savings could be effected to meet the cost of the work for which funds are requested.

In the preparation of the budget the sum of \$85,000 was determined upon as the amount necessary for the purchase of books and periodicals. It may be possible to use part of this amount for the restoration of the collection of the Pacific Branch. It is also possible that there may be accruals from that part of the appropriation designated for personal service, which totals \$316,284.25.

If it develops that some sum in addition to the present revenue bonds and the 1918 budget appropriation is required it could probably be provided by transfer from available city salary accruals. Respectfully,

EDWARD RIORDAN, Assistant Engineer.

**Report of the Committee on General Welfare in Favor of Adopting Substitute Ordinance to Amend the Code of Ordinances, Relating to Hospitals.**

The Committee on General Welfare, to which was referred on March 26, 1918 (Minutes, page 694), the annexed ordinance to amend article 1 of chapter 13 of the Code of Ordinances relating to hospitals, respectfully

**REPORTS:**

The Committee has given this matter more than ordinary consideration. It is worthy the attention, and after consultation with the Comptroller by the introducer, the conclusions of which were expressed at a meeting of the Committee, it was deemed wise to offer it to the Board for adoption in amended form. The amended form embraces the uniformed force of the Department of Street Cleaning with those of the Police and Fire Departments. This conclusion was reached, based on the request of the Commissioner of Street Cleaning (with whom Alderman McManus, the introducer, consulted), which set forth that the percentage of accidents to employees in his department was far in excess of those in the others. Considering that the employees of the latter department are deserving of thought the Committee reports for adoption the accompanying substitute ordinance.

**SUBSTITUTE.**

*A member of the uniformed forces of the fire or police departments who shall be injured while actually employed in the discharge of police or fire duty, as the case may be, or while under orders of his superior officers in the police station or fire house, as the case may be, or who as the result of illness traceable directly to the performance of police or fire duty, as the case may be, or a member of the uniformed force of the department of street cleaning who shall be injured while actually employed in the discharge of duty, when certified to by the head of the department, shall be received by any hospital for care and treatment at the usual ward patient rates. SPECIAL ORDERS.  
S. O. 43 (Int. No. 286).**Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Water Supply, Gas and Electricity to Purchase Automobile and Auto Trucks Without Public Letting.**

The Committee on Public Letting, to which was referred on February 26, 1918 (Minutes, page 474), the annexed request of the Commissioner of Water Supply, Gas and Electricity for authority to purchase automobiles and auto trucks without public letting, respectfully

## REPORTS:

That Mr. Thomas Murphy, of the Department of Water Supply, Gas and Electricity, appeared before the Committee and advised it that the Department had in mind the purchase of certain makes of autos and there would be no advantage in preparing specification and advertising for bids. Your Committee believes that Department heads are the best judges as to the requirements of their respective departments, and recommends the adoption of the accompanying resolution.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby authorized to purchase automobiles and automobile trucks on open market orders in an amount not to exceed twenty-five thousand four hundred and ninety dollars (\$25,490).

JOHN McCANN, CHARLES A. McMANUS, CHARLES J. MOORE, PETER SCHWEICKERT, GEORGE HILKEMEIER, WILLIAM K. WALSH, EDWARD W. COX, THOMAS M. FARLEY, STEPHEN F. ROBERTS, JOHN J. RYAN, Committee on Public Letting.

The City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York, February 21, 1918.  
Hon. ALFRED E. SMITH, President, Board of Aldermen, Municipal Building, New York City.

Dear Sir—There were appropriated \$25,490 for the purchase of automobiles and auto trucks to be assigned to the Bureaus of Water Supply, Gas and Electricity and to the Division of Supplies.

It has been found impossible to prepare specifications which would permit of free and open competition for this equipment. Where attempts have been made in the past to secure open bidding it has been found that the specifications have been so drafted as to favor some particular make of automobile, and, in my opinion, this is a clear evasion of section 419 of the Charter.

It is not possible to prepare specifications which do not embody these same ideas and I therefore respectfully ask that the Honorable Board of Aldermen grant me permission to expend this sum of money for the purchase of automobiles and automobile trucks without the formality of advertising for competitive bids.

I enclose herewith a draft of resolution in relation to this subject. Respectfully,  
NICHOLAS J. HAYES, Commissioner.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Bell, Buckley, Burden, Cassidy, Collins, Colne, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Farley, Ferguson, Ferrand, Fowler, Fullum, Gilmore, Hubert, Hilkemeier, Hogan, Kennelly, Kenney, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Stapleton, Sullivan, Walsh, Williams, Wirth, Wise, Zettler; the Vice-Chairman—51.

**Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Supervisor of the City Record to Purchase Auto Trucks Without Public Letting.**

The Committee on Public Letting, to which was referred on March 26, 1918 (Minutes, page 690), the annexed request of the Supervisor of the City Record for authority to purchase auto trucks without public letting, respectfully

## REPORTS:

That Mr. Peter J. Brady, Supervisor of the City Record, appeared before the Committee and stated he proposed to purchase a certain make of auto, which by test is suitable for the work of his department. Your Committee, believing that Department heads are the best judges as to department requirements, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Supervisor of the City Record be and he is hereby authorized and empowered to purchase two one-and-one-half or two two-ton auto trucks complete with bodies, in the open market without public letting, at a cost not to exceed five thousand dollars (\$5,000).

JOHN McCANN, CHARLES A. McMANUS, CHARLES J. MOORE, PETER SCHWEICKERT, GEORGE HILKEMEIER, WILLIAM K. WALSH, EDWARD W. COX, THOMAS M. FARLEY, STEPHEN F. ROBERTS, JOHN J. RYAN, Committee on Public Letting.

The City of New York, Board of City Record, Office of the Supervisor, Municipal Building, March 12, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Dear Sir—I respectfully request that, pursuant to the provisions of section 419 of the Greater New York Charter, that the Board of City Record be authorized to purchase in the open market, without public letting, two one-and-one-half or two-ton auto trucks, complete with bodies, at a cost not to exceed \$5,000.

Consent is requested to this purchase in the open market, without public letting, so that the selection may be made of trucks adapted to the purposes required by the Board of City Record, and, further, so that time may be saved, which is very essential, in view of the immediate necessity for this equipment. For the reasons stated herein, I would respectfully request that your Board take immediate action on this request so that the order for trucks may be awarded promptly. Respectfully,  
PETER J. BRADY, Supervisor of the City Record.

The City of New York, Board of City Record, Office of the Supervisor, Municipal Building, March 22nd, 1918.

Hon. JOHN McCANN, Chairman, Committee on Public Letting, Board of Aldermen:

Dear Sir—On March 12th, 1918, I forwarded a letter to the Board of Aldermen, requesting permission, under section 419 of the Greater New York Charter, to purchase, without public letting, two two-ton auto trucks, complete with bodies, at a cost not to exceed \$5,000. It was my intention to forward the enclosed letter and not the one sent, as it has not been decided whether we would have to use one-and-one-half or two-ton auto trucks. I respectfully request that the enclosed letter be substituted for the one forwarded. Respectfully,  
PETER J. BRADY, Supervisor of the City Record.

The President put the question whether the Board would agree with said report and adopt such resolution.

The Committee on Salaries and Offices, to which was referred on March 4, 1918 (Minutes, page 523), the annexed resolution to establish the grade of position of Clerk, office of the Commissioner of Licenses, respectfully

## REPORTS:

That this resolution regrades these positions in accordance with the Civil Service

Regulations so as to permit the incumbents to receive increases allowed in the 1918 Budget. Your Committee recommends the adoption of said resolution.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 1, 1918:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Commissioner of Licenses of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk .....	\$1,140 00	Four

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

JAMES R. FERGUSON, EDWARD W. COX, THOMAS A. WILLIAMS, WILLIAM K. WALSH, JOHN F. McCOURT, MATTHEW G. FULLUM, FRED SMITH, Committee on Salaries and Offices.

City of New York, Department of Licenses, 49 Lafayette Street, March 1, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—Provision was made in the budget of the Department of Licenses for the year 1918, for the payment of increased salaries of four Clerks, as follows:

	From.	To.
1 Clerk .....	\$1,080 00	\$1,200 00
1 Clerk .....	1,050 00	1,200 00
1 Clerk .....	960 00	1,200 00
1 Clerk .....	900 00	1,200 00

The increases requested carried the salaries beyond the grades. Promotions were accordingly made to amounts within the grades, and each Clerk was placed on the payroll at the rate of \$1,140 per annum.

The Civil Service Commission and the Department of Finance are unable to approve the payrolls at the rate of \$1,140, for the reason that the positions at those salaries were never established.

In order to adjust the matter, request is hereby respectfully made for the establishment of the grade of Clerk, with salary at the rate of \$1,140 per annum, and that my request be approved by the Board of Estimate and Apportionment and referred to the Board of Aldermen for approval. Respectfully,

JOHN F. GILCHRIST, Commissioner.

The President put the question whether the Board would agree with said report and adopt such resolution.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereon will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, the sidewalks and curbs in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
