AQUEDUCT COMMISSION.

Minutes of Adjourned Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Friday, February 25, 1887, at 3 o'clock P. M.

Present—Commissioner Spencer, the Commissioner of Public Works, and Commissioners Baldwin, Barnes, Ridgway and Fish.

Also Chief-Engineer Church, and Chief-Engineer Birdsall of the Department of Public Works. The minutes of the stated meeting of February 23, were read and approved.

The Committee of Finance and Audit reported that on Monday, the 21st instant, Mr. George E. Clark, one of the bidders for the construction of additional Shaft No. 13 A, appeared before said Committee, and that the sureties proposed by him, namely, Mr. Jacob Ebling and Patrick Hendrick, both of the City of New York, were notified to appear before the Committee on the same day, but failed to do so; that they were again notified to appear before the Committee at a meeting to be held at 2 o'clock P. M., on February 23, and that they again failed to appear; that the notices requiring said sureties to appear at such meeting, were personally served on both of said sureties by Mr. Allen, the Stenographer of the Commissioners, at which time Mr. Ebling stated that he would not become surety for Mr. Clark, and declined to appear before the Committee, and that inasmuch as neither of said sureties appeared before the Committee, they reported that they were unable to personally examine said sureties and pass upon their qualifications. The report of the Committee was approved.

Commissioner Barnes, from the Committee on Construction, reported that said Committee had had under consideration a communication from the Secretary and a verbal statement from the Chief Engineer, stating that in order to facilitate the work of type-writing which is done in their respective offices, they recommended that an appropriation be made to purchase one Remington No. 2 and one Remington No. 3 type-writing machines, desks and incidentals for same, and recommend the adoption of the following resolution:

Resolved, That an appropriation of \$240, be made to purchase two type-writing machines, desks and incidentals for same for use in the Secretary's office and in the Chief Engineer's office of the Commission. Adopted.

A communication was received from the Chief Engineer, dated February 25, stating that six Axemen are required to complete the Third Division Corps and two Axemen to complete the Second Division Corps, and recommending that eight Axemen be selected from the list of men who are well recommended. The communication was read, and in connection therewith Commissioner Barnes, from the Committee on Construction, presented the following resolution and moved its adoption:

Resolved, That the requisition of the Chief Engineer be approved, and that the following persons be and they are hereby appointed to the position of Axemen:

John T. Hyland,
Thomas Coghlan,
M. J. O'Connor,
James Coughlan,

J. M. Crummonford,
McCrae Sykes,
H. A. Percival,
Thomas McClure.

Adopted.

Commissioner Barnes, from the Committee on Construction, presented the weekly progress report of the Chief Engineer for the week ending February 19, which was read and ordered placed upon file.

The Chief Engineer presented a communication, dated February 24, stating that on the 19th instant the ground at the north heading of Shaft No. 14 became so saturated with water, caused by the recent storms, that the timbering gave way at one point and filled the heading for 75 feet; and further stating that the contractors are again working through and excavating the material, and that the progress in this heading will probably be as much delayed as at South 13, as the bad ground between these two headings will be excavated is 3,003 feet, and the necessarily slow progress yet to delay the work beyond any other part of the tunnel, unless the construction of the additional shaft ordered at Station 792 50 be commenced at an early day, and recommending that the sinking of said shaft be commenced at once.

Commissioner Barnes moved that the recommendation of the Chief Engineer be approved of, and that the work of construction of Shaft No. 13½, heretofore ordered suspended by the Commissioners, be commenced at once. Carried.

In connection therewith Commissioner Barnes offered the following resolution, and moved its adoption:

Resolved, That the Commissioner of Public Works is hereby requested to present to the Aqueduct Commissioners and to the Counsel to the Corporation forms of contract and specifications and of bonds for the faithful performance thereof, for the doing of the work and furnishing the materials required to be done and furnished in the construction of Additional Shaft No. 13½. Adopted.

Commissioner Baldwin presented the following resolution, and moved its adoption:

Resolved, That the contract for the construction of Additional Shaft No. 13A be and the same is hereby awarded to Messrs. O'Brien & Clark on their bid; and that the Committee on Real Estate is hereby directed to prepare and submit to the Commission a contract for the construction of said shaft for execution between the Aqueduct Commissioners and Messrs. O'Brien & Clark and their sureties; said contract to be presented on Wednesday next, the 2d day of March, 1887.

The resolution was adopted by the affirmative vote of all the Commissioners present.

President Spencer then stated to the Commissioners that the Committee on Real Estate had procured the execution of agreements between Cyrus W. Field and the Aqueduct Commissioners for the use of his land during the construction of Additional Shafts Nos. 13½ and 13A, and that the same were on file with said Committee. Action of the Committee approved.

The Commissioners then adjourned.

JURORS.

NOTICE IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
 ROOM 127, STEWART BUILDING,
 CHAMBERS STREET AND BROADWAY,
 NEW YORK, June 1, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc. etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,
 Commissioner of Jurors.

COPIES OF THE CITY RECORD CAN BE obtained at No. 2 City Hall (northwest corner basement). Price three cents each.

FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,
157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, February 19, 1887.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING fifteen thousand (15,000) feet of 2½-inch Peerless Manufacturing Company's (P) Brand seamless fabric, four-ply rubber hose, with standard couplings attached, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 11 o'clock A. M., Wednesday, March 9, 1887, at which time and place they will be publicly opened by the head of said Department and read.

Special attention is directed to the test of the hose by the Fire Department and the guarantee of the hose by the contractor, required by the specifications.

No estimate will be received or considered after the hour named.

For information as to the description of the hose, bidders are referred to the specifications which form part of these proposals.

The form of the agreement, with specifications, and showing the manner of payment for the work, may be seen and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate, in addition to insert the same in figures.

The hose is to be delivered at the Repair shops of the Fire Department (Nos. 130 and 132 West Third street) on or before the ninetieth (90th) day after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are, by a clause in the contract, fixed and liquidated at twenty-five (25) dollars per day.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the supply to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, who have their respective places of business or residence to the effect that if the contract be awarded to the person making the estimate, they will, on

its being so awarded, become bound as sureties for its faithful performance in the sum of eight thousand (8,000) dollars; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law.

The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount four hundred dollars (\$400). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct.

All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.
