NEW YORK, April 2, 1889.

Hon. JOHN H. V. ARNOLD, President of the Board of Aldermen and Chairman of its Centennial Committee :

SIR—I am instructed by Mr. Elbridge T. Gerry, the Chairman of the Executive Committee on the Centennial Celebration of the Inauguration of George Washington as President of the United States, to say, that it has delayed reply to a communication received from your Committee, offering to take part in the ceremonies, for the reason that, until to-day, it has been unable to so arrange the details as to reply thereto in a manner which it is believed will be satisfactory to your Honorable Board.

1. The Committee has arranged to furnish complimentary tickets to each member of the Board of Aldermen, to the Grand Stand, which will be constructed on Fifth avenue, between Twenty-third and Twenty-sixth streets. How many can be furnished to each member is not yet definitely settled, but at least four will be so furnished. This stand is reserved exclusively for the distinguished guests of the Committee, the centre part being occupied by the President and his

Cabinet, and the remaining seats by distinguished invited guests, including Governors and Commissioners from States, the Diplomatic Corps, Representatives of Legislatures, and others. The tickets for this stand have not yet been received from the printer, but are promised during the week, and will be sent you as soon as received.

Resolved, That the Common Council of the City of New York hereby approves and respectfully requests the Legislature of this State to enact into a law Assembly Bill No. 803, introduced by Mr. Mullaney, being "An act to amend section ninety-three of chapter four hundred and ten of the laws of one thousand eight hundred and eighty-two, entitled 'An act to consolidate into one act, and to declare the special and local laws affecting public interests in the City of New York,' in relation to the procuring of counsel for the Board of Aldermen of New York city," as such an officer is indispensably necessary in view of the fact that the person designated to advise and direct the Common Council of the City of New York on all mooted questions of law, and questions in which the rights and powers of the Corporation are involved, is head of one of the eleven executive departments into which the city government is now sub-divided, and who, on all questions in controversy between any of the said several executive departments and the governing body of the city has invariably acted as Counsel against instead of Counsel for the Corporation, as was, and is, from his position as head of one of such departments, naturally to be expected. As head of the Law Department, his opinions are regarded and implicitly obeyed as conclusive, even to the extent of nullifying laws of the State and ordinances of the city by the other departments, and are always against the rights, powers and prerogatives of the Common Council when opposed to the unlawful claims or usurped powers of the several executive departments, some of whom claim to be vested with legislative powers, and although their acts are all by law directed to be performed for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, they do not hesitate to claim, not only co-ordinate but even superior power to those whom they are so directed to represent in transacting public business; the appointment, therefore, of a Counsel to the Board of Aldermen, now the Common Council, and the chosen representatives of the people of this city in their local government, would aid materially in retaining in this only representative body the responsibility for governing the city, and restrain these executive departments to the exercise of the powers delegated to them by the Legislature, and the due execution, as executive officers, of the laws of the State and ordinances of the Common Council, thus avoiding all conflict of authority and jurisdiction between the legislative and executive branches of the city government, aiding in determining the legitimate powers of both and preventing the numberless evils that arises from the clashing of authority; and be it further

Resolved, That the Special Committee appointed to represent the Common Council before the State Legislature and its Committees, be and is hereby authorized and directed to place in the hands of the President of the Senate and the Speaker of the Assembly a certified copy of the foregoing resolution, for presentation in each branch of the Legislature, and that said Committee use every honorable means to secure the passage of said Assembly Bill No. 803 by the Legislature of this State and its approval by his Excellency David B. Hill, Governor.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative, on a division called by Alderman Oakley, as follows:

I return herewith, without my approval, the resolution of your Honorable Board, worded as follows:

"Resolved, That whereas extensive repairs are necessary on the public baths under the charge of the Department of Public Works, more especially on the submerged portions thereof, and it is impossible to make sufficiently approximate estimate and specifications for such repairs to form a proper basis for bids or proposals; therefore,

"Resolved, That authority is hereby given to the Department of Public Works to have the necessary repairs to said public baths made by one or several contractors, or others, without public advertisement or letting, and in such manner as the said Department may deem for the best interests of the city, including all the labor and materials necessary for the same, provided the sum or sums so expended shall not exceed the sum of eight thousand (\$8,000) dollars, to be paid from the appropriation 'Free Floating Baths,' 1889, as provided in section 64 of the New York City Consolidation Act of 1882."

—on the ground that in my opinion the work should be done by a contract awarded after a public letting. The provision of law that contracts calling for an expenditure of more than one thousand dollars shall be so awarded, is in my judgment salutary. In the absence of special reasons, the principle established by the statute should be followed. No reason whatever for a departure from it is assigned in this case.

HUGH J. GRANT, Mayor.

Resolved, That whereas extensive repairs are necessary on the public baths under the charge of the Department of Public Works, more especially on the submerged portions thereof, and it is impossible to make sufficiently approximate estimate and specifications for such repairs to form a proper basis for bids or proposals; therefore,

Resolved, That authority is hereby given to the Department of Public Works to have the neces-

sary repairs to said public baths made by one or several contractors, or others, without public advertisement and letting, and in such manner as the said Department may deem for the best interests of the city, including all the labor and materials necessary for the same, provided the sum or sums so expended shall not exceed the sum of eight thousand (\$8,000) dollars, to be paid from the appropriation 'Free Floating Baths,' 1889, as provided in section 64 of the New York City Consolidation Act of 1882.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, March 30, 1889.

To the Honorable the Board of Aldermen:

I return herewith, without my approval, the following resolution of your Honorable Board, viz.:

"Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in German place, from Westchester avenue to Rae street, under the direction of the Commissioner of Public Works."

—on the ground that, as I am informed by the Superintendent of Lamps and Gas, the City has not yet acquired title to this street, that it is not graded, that there are no sidewalks on which to place public lamps, and that because of these facts the resolution is premature.

HUGH J. GRANT, Mayor.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in German place, from Westchester avenue to Rae street, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, March 29, 1889.

To the Honorable the Board of Aldermen:

I return herewith, without my approval, the resolution of your Honorable Body, worded as follows:

"Whereas, It is necessary to increase the passenger elevator facilities in the New Court-house, and as it is impossible to make a sufficiently approximate estimate and specifications for the work to be done and materials to be furnished to form a proper basis for bids or proposals; therefore

"Resolved, That authority is hereby given to the Commissioner of Public Works to have constructed and placed in the New Court-house two new passenger elevators in the place of the one now in use in said building, the work to be done by one or several contractors or orders, without public advertisement and letting and in such manner as the said Commissioner of Public Works may deem for the best interests of the city, including all the labor and materials necessary for the same, provided the sum or sums so expended shall not exceed the sum of six thousand (\$6,000) dollars, to be paid from the appropriation 'Public Buildings—Construction and Repairs,' 1889, as provided in section 64 of the New York City Consolidated Act of 1882."

—on the ground that no sufficient reason exists why the policy indicated by law, viz., that work done or supplies furnished involving an expenditure of more than one thousand dollars shall be done by contract and upon public letting, should not be followed in this case. The specifications for the work can be so drawn as to secure a fair competition among reputable firms in the city having the facilities requisite for a performance of the work in question, while they can, at the same time, be so framed as to exclude such concerns as are not so situated as to be able to undertake in good faith the performance of the desired work.

I do not desire to establish a precedent for a departure from the fixed rule which I have heretofore adhered to, namely, that in all cases where the work to be performed exceeded in value one thousand dollars it should be performed in accordance with a contract awarded after a public bidding open to all competitors. This rule is so salutary that a very exceptional case must present itself to induce me to depart from it, and, as heretofore stated, the case presented by the resolution is not such a one.

HUGH J. GRANT, Mayor.

Whereas, It is necessary to increase the passenger elevator facilities in the New Court-house, and as it is impossible to make a sufficiently approximate estimate and specifications for the work to be done and materials to be furnished to form a proper basis for bids or proposals; therefore

"Resolved, That authority is hereby given to the Commissioner of Public Works to have constructed and placed in the New Court-house two new passenger elevators in the place of the one now in use in said building, the work to be done by one or several contractors or orders, without public advertisement and letting and in such manner as the said Commissioner of Public Works may deem for the best interests of the city, including all the labor and materials necessary for the same, provided the sum or sums so expended shall not exceed the sum of six thousand (\$6,000) dollars, to be paid from the appropriation 'Public Buildings—Construction and Repairs,' 1889, as provided in section 64 of the New York City Consolidated Act of 1882."

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

PROPOSALS FOR FURNISHING THE CITY PRINTING.

BOARD OF THE CITY RECORD.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Mayor's Office, Common Council and Board of the City Record of the City Government with Printing, including Books, Blank Books, etc., as per annexed specifications, will be received at the office of the Mayor, in the City of New York, until 12 o'clock M. of Tuesday, the 9th day of April, 1889, at which place and time said estimates will be publicly opened and read.

Any person making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for furnishing Printing," and also the name of the person making it, and the date of its presentation.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair, and without collusion or fraud; and that no member

of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given upon each award, and in which the sureties shall justify, shall be FIVE HUNDRED DOLLARS.

Should the person to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Secretary of the Board of the City Record, who has charge of the estimate-book; and no estimate can be deposited in said box until such check or money has been examined by said Secretary and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N.B.—Bidders will state a total price for each description of Printing as set forth in the specifications, and all estimates will be considered informal which do not contain bids for all things which bids are called for.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Board of City Record to reject any or all bids which may be deemed prejudicial to the public interests.

The entire quantity of Printing is to be put up in packages and delivered at such times and places and in such quantities as shall be directed by the Board of City Record.

Separate contracts will be made with the lowest bidder for each and every description of Printing involving an expense of more than five hundred dollars.

DESCRIPTION OF ARTICLES.
For particulars as to the quantity and kind of Printing, reference must be had to the specifications attached to the blank forms of the estimates, copies of which, as well as samples of said Printing, may be seen by application to the Department of Public Works.

Any person making an estimate shall furnish the same in a sealed envelope indorsed "Estimate for furnishing Printing," and also the name of the person making it, and the date of its presentation.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be FIVE HUNDRED DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Secretary of the Board of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Secretary and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—Bidders will state a total price for each description of Printing as set forth in the specifications, and all estimates will be considered informal which do not contain bids for all items for which bids are called herein.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Board of City Record to reject any or all bids which may be deemed prejudicial to the public interests.

The entire quantity of Printing is to be put up in packages and delivered at such times and places and in such quantities as shall be directed by the Board of City Record.

PROPOSALS FOR MATERIALS AND WORK REQUIRED IN MAKING ALTERATIONS TO THE LODGE, BLACKWELL'S ISLAND, N. Y.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until 9:30 o'clock A. M. of Friday, April 5, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for making Alterations to The Lodge, Blackwell's Island," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TEN THOUSAND (\$10,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that

he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety.

The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope indorsed "Bid or Estimate for Groceries, Crockery, Dry Goods, Iron, Tin, Leather, Hardware, Woodenware and Lumber," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

The rate charged for steam-vessels taking water daily or belonging to daily lines, is one-half cent per ton (Custom House measurement) for each time they take water. Steamers taking water other than daily, one cent per ton (Custom House measurement).

Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons.

All matters not hereinbefore embraced are reserved for special contract by and with the Commissioner of Public Works.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

By order,
JOHN NEWTON,
Commissioner of Public Works.

PUBLIC NOTICE AS TO WATER RATES.

PUBLIC NOTICE IS HEREBY GIVEN THAT in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 351 of the New York City Consolidation Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rents:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

A penalty of five dollars (\$5) is hereby established, and will be imposed in each and every case where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the respective buildings or property, and, if not collected, be returned in arrears in like manner as other charges for water.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled of record on the books of the Department.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water used.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for
