The assessment list for sewer and appurtenances in Brown place, between Southern Boulevard and One Hundred and Thirty-fourth street, received from the Board of Assessors, without objections, under date of April 1, 1895, was presented by the Comptroller. Mr. Truman H. Baldwin, attorney, on behalf of a client, objected to the confirmation of this assessment. Whereupon, on motion, the assessment list was referred back to the Board of Assessors to afford Mr. Baldwin an opportunity of presenting his objections.

The assessment list for regulating, grading, curbing and flagging Woodruff street, from the Southern Boulevard to Lillian place, with record of awards for damages caused by a change of grade of the street, and petitions for awards of Thomas Conway, Alexander Livingston, and others, filed by Truman H. Baldwin, attorney, and of Henry C. Reid, Mary A. Myers, and others, filed by Thomas S. Bassford, attorney, were presented by the Comptroller, having been received from the Board of Assessors on May 8, 1895. No objections having been filed thereto, on motion, the said assessment list was confirmed, all the members voting in the affirmative.

The assessment list for regulating, grading, curbing and flagging and laying crosswalks in Grove street, from Third to Brook avenue, together with a list of awards for damages by reason of a change of grade of the street, and objections of John L. Mead, filed by B. E. V. McCarty, attorney, and petitions of John S. and Catharine Benzler and Henry Schmidt, for awards, filed by Thomas S. Bassford, attorney, were presented by the Comptroller, having been received from the Board of Assessors on May 13, 1895.

The Board of Assessors states that no objections have been filed to the last advertisement of the assessment.

The Comptroller said: "There are two Grove streets in the city, one running into Hudson street, and then we have this Grove street, in the Annexed District."

Counsel to the Corporation—"There are also two Vanderbilt avenues."

Recorder—"There are also two Columbia streets."

The Comptroller moved, that it is the sense of this Board, to be expressed to the proper authorities, that where the names of streets in the Annexed District are the same as those in the old city, some change should be made at once; which was agreed to by all the members of the Board.

On motion, the said assessment list was confirmed, all the members voting in the affirmative.

The assessment list for regulating and grading Brook avenue, from the New York and Harlem Railroad to a point 487 feet southerly from One Hundred and Thirty-second street, together with the approaches thereto, with record of awards for damages, for a change in the grade of the avenue, and objections of the Manhattan Railway Company, filed by James A. Deering, attorney; of the Port Morris Land and Improvement Company, filed by Thomas S. Bassford, attorney; of the Bradley and Currier Company and others, filed by Truman H. Baldwin, attorney; of John Frees and others, filed by McCarty & Baldwin, attorneys; and of Elizabeth J. Davis. Also petitions for awards, of Sarah J. Downes and others, filed by W. Stebbins Smith, attorney; of Charles F. White and others, filed by Thomas S. Bassford, attorney; of Louisa Hammer and others, filed by Truman H. Baldwin, attorney; of Franklin A. Wilcox, filed by Berry Bros., attorneys; of Elizabeth J. Davis and Catharine E. Rapp, filed by B. E. V. McCarty, attorney; and opinion of the Counsel to the Corporation of February 26, 1895, relative to the claim of Charles F. White and others, for awards for damage by change of grade, were presented by the Comptroller, having been received from the Board of Assessors under date of April 9, 1895. The Assessors state that the list has been readjusted and that no objections have been received to the last apportionment of the assessment. Mrs. Elizabeth J. Davis objected to the assessment for the reasons that her property between One Hundred and Sixty-first and One Hundred and Sixty-second streets has been injured by a wall in front of it twelve and a half feet high, and that there have already been a number of assessments charged against her two lots. In reply to questions by the Comptroller it appeared that she had presented a claim for damages to said property to the Change of Grade Commission. On motion, the said objections were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The assessment list for paving One Hundred and Seventh street, from Amsterdam avenue to the Boulevard, with granite blocks and laying crosswalks, the consideration of which was postponed at meeting of March 29, 1895, and the same referred back to the Board of Assessors for further consideration, was presented by the Comptroller, having been returned by said Board on April 15, 1895. On motion, the said assessment list was confirmed, all the members voting in the affirmative.

The assessment list for regulating, grading, curbing, flagging, laying crosswalks and rebuilding receiving-basins in One Hundred and Seventieth street, between Webster and Third avenues, together with record of awards for damages caused by a change of grade of the street, and objections of the New York and Harlem Railroad Company and Frederick Folz, filed by Truman H. Baldwin, attorney, also petitions of Elizabeth Lahm, and Eva D. B. Berndt, filed by Thomas S. Bassford, attorney, referred back to the Board of Assessors at meeting of March 29, 1895, for further consideration, were presented by the Comptroller, having been returned by said Board on April 2, 1895. On motion, no one appearing in opposition to the assessment after notice, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The assessment list for regulating and grading, curbing and flagging One Hundred and Thirtieth street, from Amsterdam avenue to Convent avenue, together with record of awards for damages caused by a change of grade and petitions for awards of Martin Larkin, filed by James A. Deering, attorney; of Morris Littman, filed by Truman H. Baldwin, attorney; and of John Wohleben and others, filed by Thomas S. Bassford, attorney; and objections of Morris Littman, filed by Truman H. Baldwin, attorney, referred back to the Board of Assessors at meeting of March 29, 1895, for further consideration, were presented by the Comptroller, having been retransmitted by said Board on April 15, 1895. Mr. Baldwin objected to the assessment for the reason that no award had been made for damages to the property of Mr. Littman, situated at the southwesterly corner of Convent avenue and One Hundred and Thirtieth street, which as alleged are at least \$2,000, and claimed that this damage should be assessed over the area benefited by the general change of grade and not locally upon the immediate place of the change of grade. Mr. Gumbleton, of the Board of Assessors, explained the action of the Assessors in the matter. Mr. Deering, attorney, favored the confirmation of the assessment, and stated that the property in question was purchased by Mr. Littman after the grade of Convent avenue had been established at One Hundred and Thirtieth street, and that, therefore, there could be no claim for damages. On motion, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The assessment list for regulating, grading, curbing and flagging and laying crosswalks in Bergen avenue, from One Hundred and Forty-seventh street at Willis avenue to Brook avenue, together with a list of awards for damages caused by a change of grade of the avenue, and petitions for awards of the estate of Henry Schmidt, the estate of William A. Juch and others, filed by Thomas S. Bassford, attorney; of John L. Mead and Moise Geissmann, filed by McCarty & Baldwin, attorneys, and objections of Theodore Von Gerichten were presented by the Comptroller, having been received from the Board of Assessors under date of May 15, 1895. Mr. George W. Van Tassel, attorney, was heard in behalf of Mr. Von Gerichten, in opposition to the amount charged upon the property of his client, claiming that an allowance should have been made to him in the assessment for the cost of the filling, flagging and curbing performed by him under a permit and the supervision of the Department of Public Parks. Mr. Wendt, Chairman of the Board of Assessors, was heard in explanation of the action of said Board. Mr. Bassford, attorney, favored the confirmation of the assessment as apportioned. On motion, the objections were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The assessment list for regulating and grading, setting curb-stones, flagging the sidewalks and laying crosswalks in Eagle avenue, from One Hundred and Forty-ninth to One Hundred and Sixty-third street, also building steel bridge in Eagle avenue crossing Clifton street, together with a list of awards for damages caused by change of grade, and objections of Charles Jones and others, filed by Truman H. Baldwin, attorney; petition for an award and objections of Jacob G. Miner; petitions for awards of Jacob Riehl and others, filed by McCarty & Baldwin, attorneys; of Ann McCarthy, Philip and Wm. Ebling Brewing Company and others, filed by Thomas S. Bassford, attorney, which were referred back to the Board of Assessors at meeting of March 29, 1895, for further consideration, were presented by the Comptroller, having been returned by said Board on April 15, 1895. Mr. Baldwin was heard in opposition to the assessment, claiming that the cost of the bridge and the charge for gas-pipes as part of the expense of the work, are not lawfully assessable, and that the lots between One Hundred and Forty-ninth street and Westchester avenue, forming part of another system of streets on a lower line, were not benefited by the construction of the bridge, and should not be assessed for it. Mr. Bassford, attorney, stated that Mr. Baldwin's clients did derive a benefit from the Bridge and that the only objection is on the ground of apportionment. Mr. Gumbleton, of the Board of Assessors, explained the assessment. On motion, the said assessment list and accompanying papers were referred back to the Board of Assessors for further consideration.

The assessment list for paving Amsterdam avenue from One Hundred and Fifty-fifth street to Fort George avenue with granite blocks and laying crosswalks, and objections of Charles L. Tiffany and others, filed by Truman H. Baldwin, attorney; of Emily A. Smith and others, filed by John C. Shaw, attorney; of Theodore F. Hicks and others, filed by F. A. Thayer, attorney; of W. C. Baker and others, filed by A. B. Johnson, attorney; together with an opinion of the Counsel to the Corporation relative to the objections, were presented by the Comptroller, having been received from the Board of Assessors under date of April 18, 1895. No one appearing in opposition to the assessment after notice, on motion, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The assessment list for regulating, grading, setting curb-stones and flagging the sidewalks, laying crosswalks, building culverts and grading approaches in Third avenue, from the line of the Twenty-third and Twenty-fourth Wards to Pelham avenue; also list of awards for damages caused by a change of grade on the line of Third avenue, and objections to the assessment, of the New York and Harlem Railroad Company and the Farmers' Loan and Trust Company and others, filed by Truman H. Baldwin, attorney; and of the estate of William A. Bedell and others, filed by McCarty & Baldwin, attorneys; and petitions for awards of Franklin A. Wilcox, Marie Steindler and others, filed by Thomas S. Bassford, attorney; and of John F. Byrne and others, filed by McCarty & Baldwin, attorneys; and communication from the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, and papers filed, in relation to the bill of the Northern Gas-light Company, for \$6,019, for alleged cost in making changes, repairs, etc., on its mains and service pipe by reason of the work of regulating, grading, etc., the said avenue, referred back to the Board of Assessors at meeting of February 28, 1895, for a revision of the assessment, were presented by the Comptroller, having been returned by the Board of Assessors under date of May 13, 1895. Mr. Bassford, attorney, stated that he was interested in the confirmation of the assessment in order that certain awards which had been made for change of grade might be paid, which would enable the parties interested to make the necessary alterations to their buildings at once. Mr. Baldwin objected to the charge for interest at the rate of six per cent. upon the advances made to the contractor for two years and three months after the completion of the work. Mr. Francis B. Chedsey, attorney for the Northern Gas-light Company, was heard relative to the bill of said company for changes and repairs to its mains and pipes by reason of the work of regulating and grading the said avenue, which had not been included in the assessment list as part of the expense of the work. On motion, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The assessment list for paving Fort George avenue, from Amsterdam to Eleventh avenue,

with macadam pavement, and paving the gutters four feet wide with trap blocks, and objections of Louis Wendel, Jr.; of William Kramer, filed by Walter H. Martin, attorney; and of Thomas J. Powers, filed by Truman H. Baldwin, attorney, referred back to the Board of Assessors at meeting of March 29, 1895, for further consideration, were presented by the Comptroller, having been returned by said Board on April 2, 1895. No one appearing in opposition after notice, on motion, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The Comptroller presented the petition of Henrietta A. Mittnacht, under authority of chapter 441, Laws of 1895, in the matter of her claim for damages to her property on One Hundred and Forty-third street, known as Ward Nos. 39 and 40, Block No. 1299, being a portion of Lot No. 2089, on the land map of the City, caused by the changing of the original grade of said street, between the Boulevard and the Hudson River Railroad. On motion of the Comptroller, the papers were referred to the Counsel to the Corporation.

CHARITIES AND CORRECTION.

NEW YORK, June 14, 1895.
MATERIALS AND WORKMANSHIP REQUIRED FOR THE MEDICAL BATH AT BELLEVUE HOSPITAL, NEW YORK CITY.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third avenue, in the City of New York, until Thursday, June 27, 1895, until 10 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for the Medical Bath at Bellevue Hospital," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of FIVE THOUSAND (\$5,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances

of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office, No. 66 Third avenue; and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

36 barrels prime quality Spirits Turpentine.

No empty packages are to be returned to bidders or contractors, except such as are designated in the specifications.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one

of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. N. B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded in each case will be awarded to the lowest bidder.

That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said

If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

DEPARTMENT OF DOCKS.

TO CONTRACTORS (No. 501).

PROPOSALS FOR ESTIMATES FOR FURNISHING AND DELIVERING ABOUT 600 TONS OF ANTHRACITE COAL.

ESTIMATES FOR FURNISHING AND DELIVERING about 600 Tons of Anthracite Coal will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

TUESDAY, JULY 2, 1895.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of One Thousand Dollars.

The Engineer's estimate of the quantity of coal to be furnished and delivered is about 600 tons.

It is expected that about 500 tons will be required to be delivered at the West Fifty-seventh Street Yard of the Department of Docks, and that about 100 tons will be required to be delivered at the East Twenty-fourth Street Yard.

Where the City of New York owns the wharf, pier or bulkhead at which materials under this contract are to be delivered, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1) Bidders must satisfy themselves by personal examination of the location of the proposed delivery of materials, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per ton, to be specified by the lowest bidder, shall be due or payable for the entire work.

A ton of coal under these specifications shall be 2,240 pounds avoirdupois.

The work to be done under the contract is to be commenced within ten days from the date of the receipt of an order from the Engineer to begin the delivery of coal, and the delivery will be continued in lots of about 200 tons, at such times and places and in such manner as may be directed by the Engineer, and the delivery of said coal will be fully completed on or before the 1st day of November, 1895; and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per ton, for furnishing and delivering coal, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless

accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of six hundred (600) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation. THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.
