BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES, MEETING OF THE BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, HELD IN ROOM 16, CITY HALL, TUESDAY, OCTOBER 30, 1906.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Bermel, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

The Secretary presented the following communication from the Comptroller, submitting statements showing the amounts to be included in the Budget for the year 1907 for State taxes, rents, for the payment of the principal of and interest on the City debt, and a statement showing the condition of the Fund for Street and Park Openings on September 30, 1906.

Which was ordered printed in the minutes and placed on file.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 25, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—I submit herewith statements showing the amounts to be included in the Budget for the year 1907 for State taxes, rents and for the payment of the principal of and interest on the City debt.

The communications from the Comptroller of the State of New York show that the items required to be inserted in the Budget for State taxes amount in the aggregate to the sum of seventy-five thousand seven hundred and four dollars and thirteen cents (\$75,704.13), a decrease in the amount required for 1907 of eight hundred and twenty-seven thousand nine hundred and twenty-eight dollars and fifty-six cents (\$827,928.56).

The statement for rents shows the premises leased for public offices and other purposes of the City and County government, for which no other provision has been made to the officers or boards, and which should be provided for under the appropriate accounts in the Budget for 1907, the aggregate amount thereof being four hundred and thirty-eight thousand one hundred and two dollars and eighty-nine cents (\$438,102.89), a decrease of eight thousand eight hundred and eleven dollars and sixty-nine cents (\$8,811.69).

The totals of the amounts contained in the statement showing in detail the amounts necessary to be included in the Budget for 1907, for the payment of the principal of and interest on the City debt, as compared with the appropriations for the same purposes for the year 1906, are as follows:

For interest	\$18,459,015 38	\$20,799,880 82	\$2,340,865 44
For redemption	12,657,191 83	14,458,564 55	1,801,372 72
	\$31,116,207 21	\$35,258,445 37	\$4,142,238 16

In addition to the foregoing, statements are presented showing all bonds maturing during the year 1907, payable from the Sinking Fund or from assessments, and also, item by item, the detail of the manner in which the Sinking Fund installments have been calculated.

I also present a statement showing the condition of the "Fund for Street and Park Openings" on September 30, 1906. The excess of the liability of this fund over the cash balance was three million nine hundred and eight thousand five hundred and twenty-nine dollars and seventy-nine cents (\$3,908,529.79), and the amount of Corporate Stock authorized to be issued to reimburse the fund is six hundred and ninety-seven thousand five hundred and forty-six dollars and thirty-three cents (\$697,546.33), leaving a balance of three million two hundred and ten thousand nine hundred and eighty-three dollars and forty-six cents (\$3,210,983.46).

Section 174 of the Greater New York Charter, as amended by chapter 70 of the Laws of 1905, authorizes the Comptroller to issue "Street and Park Opening Assessment Bonds" to replenish the "Fund for Street and Park Openings" to the extent of the uncollected assessments, which are liens on property benefited, and the assessments to be imposed in proceedings in which the awards only have been confirmed.

The estimated amount of assessments in street and park opening proceedings remaining to be laid on property benefited thereby in proceedings in which the awards have been confirmed and substantially paid is..... \$10,306,308 41
The estimated amount of assessments laid and not yet collected is.... 3,928,329 10

Making a total of..... \$14,234,637 51

Under this authority, provision can be made for the above balance or excess of liability of \$3,210,983.46 over cash balance, and Corporate Stock authorized to be issued for account of this fund by the issue of Assessment Bonds, and the necessity of including said balance or excess in the Budget no longer exists.

Respectfully,

H. A. METZ, Comptroller.

STATE OF NEW YORK—COMPTROLLER'S OFFICE,
ALBANY, October 4, 1906.

Hon. HERMAN A. METZ, Comptroller of The City of New York, New York City:

DEAR SIR—Your letter of the 1st inst. has come to hand. I send you under separate cover, a statement levying the tax for Judges', Stenographers' and other court expenses for the Counties of Richmond and Queens.

There is no State tax this year to be levied for the Canal Debt Sinking Fund. By reference to chapters 461 and 472, Laws of 1906, you will see that the amount necessary as the contribution to the Canal Debt and Highway Improvement Sinking Funds is appropriated from the General Fund.

Very truly yours,

WM. C. WILSON, Acting Comptroller.

STATE OF NEW YORK—COMPTROLLER'S OFFICE,
ALBANY, September 24, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I beg leave to transmit herewith list of premises leased by the City for the uses and purposes of the various Departments of the City Government. This list gives the full particulars of each and every lease, date, lessor, premises leased, department occupying the same, date of expiration, annual rental and the estimated amount of rental to be provided for in the year 1907.

The list is made up to October 10, 1906, and comprises all leases in force at that date not included in and provided for in the estimates of the several departments of the City Government, so far as a careful and close examination of the same can determine.

Respectfully submitted,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Correct:
JOHN T. CUMING.

The Secretary presented the following resolution of the Board of Aldermen recommending to the Board of Estimate that in the preparation of the Budget, instead of following the usual course of making general and unitemized allowances to the general accounts of the various departments, specific appropriation be allowed, indicating what estimates are allowed and which denied, etc., and that the expenditure of each allowance be confined to the purposes so indicated, and to provide, as far as possible, that no transfer be made, even for different items in the same account, without the authorization of the Board of Estimate:

In the Board of Aldermen.

(By Alderman Davies, for Committee on Finance.)

Whereas, During several years past, and especially during this present year, the heads of the Departments of this City have felt compelled to request the issuance of very large amounts of Special Revenue Bonds in order to meet their Department's ordinary running expenses, explaining that the Department's Budget allowances had been greatly under the estimate submitted, and that the allowance had been so general and unitemized that the Commissioner could not know what reductions were intended, and was not able to make a substantial and intelligent reduction; and

Whereas, This Board believes that the public interest is opposed to the issuance of these bonds except for emergencies; and

Whereas, The 1907 Budget is now in course of preparation by the Board of Estimate and Apportionment to be later submitted to this Board; therefore be it

Resolved, That the Board of Aldermen respectfully recommends to the Board of Estimate and Apportionment, that in the preparation of the Budget for 1907, instead of following the usual course of making general and unitemized allowances to the general accounts of the various Departments, that the Budget do allow specific appropriations, indicating which estimates are granted and which are denied, in the case of every item in every account as they appear in the Departmental Estimate, and that the expenditure of each allowance be confined to the purposes as so indicated, and to provide as far as possible, that no transfers be made, even for different items in the same account, without the authorization of the Board of Estimate and Apportionment.

Adopted by the Board of Aldermen October 9, 1906, a majority of all the members elected voting in favor thereof.

P. J. SCULLY, Clerk.

The following was offered:

Whereas, The Board of Estimate and Apportionment has received certain preamble and resolutions adopted by the Board of Aldermen October 9, 1906, requesting "that the Budget do allow specific appropriations, indicating which estimates are granted and which are denied, in the case of every item in every account as they appear in the Departmental Estimate, and that the expenditure of each allowance be confined to the purposes as so indicated," etc.; and

Whereas, Time has not permitted the adoption of this plan in more than a small part of the Budget for 1907; be it therefore

Resolved, That it is the opinion of the Board of Estimate and Apportionment that the Budget of The City of New York for the year 1908 should contain, whenever possible, a specific item for each class of expenditure to be made thereunder in order that through said Budget adequate control may be had over the administrative and other cost of the various city and other departments, especially to prevent increases in salary expenditures by department heads within the Budget allowances of said departments for the year but in excess of the annual rates of salary allowances upon which the Budget was granted, and for the purpose of carrying out this plan the Comptroller is hereby requested to direct the preparation, by the Bureau of Municipal Investigation and Statistics, of the Finance Department, and submit to the Board of Estimate and Apportionment, not later than May 1, 1907, an outline plan for the Departmental Estimate for each one of the departments and county and other offices of the City to which allowances will be made in the Budget for 1908, said plan to provide for compliance with the purpose of this resolution in the said Budget of 1908.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

The Secretary presented the Departmental Estimates for the year 1907, which were ordered printed in a separate volume of the minutes.

The following resolution was offered:

BUDGET FOR 1907.

Resolved, That, pursuant to the provisions of section 226 of the Greater New York Charter, the Board of Estimate and Apportionment makes this the Budget of The City of New York for the year one thousand nine hundred and seven, being: First, the amounts estimated to be required to pay the expenses of conducting the

public business of said City for the said year, including State taxes, viz.: One hundred and twenty-two million seven hundred and fifty-six thousand six hundred and sixty-six dollars and sixteen cents (\$122,756,666.16); secondly, the amounts estimated to be required to pay the charges and expenses of the Counties of New York, Kings, Queens and Richmond for the said year, viz.: Four million six hundred and sixty-four thousand eight hundred and thirty-nine dollars and fifty cents (\$4,664,839.50), and, thirdly, the amount estimated to be the deficiency on January 1, 1906, in the product of taxes theretofore levied, deemed to be uncollectible and not otherwise provided for, as required by chapter 209 of the Laws of 1906, viz.: Three million dollars (\$3,000,000), amounting in the aggregate to the sum of one hundred and thirty million four hundred and twenty-one thousand five hundred and five dollars and sixty-six cents (\$130,421,505.66).

FOR CHARITABLE INSTITUTIONS.

All such appropriations being made subject to the following conditions:	
1. The accounts of all charitable institutions receiving public moneys shall be so kept as to show receipts and disbursements in such form as shall be satisfactory to the Comptroller, showing the addresses of the parents, guardians, or nearest relatives of inmates, and other information designed to facilitate inquiry into their financial inability to provide for such inmates.	
2. Moneys received from the City Treasury shall be used by such institutions only for recurring expenses of "care, support, education and maintenance."	
3. All institutions receiving public moneys shall be at all reasonable times open to the visitation and inspection of duly authorized representatives of the Department of Public Charities and the Department of Finance.	
4. Upon it appearing to the satisfaction of the Comptroller that it would be to the public interests to withhold payments to any charitable institution for which an appropriation has been made, he shall give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to so withhold such payments, and upon the determination of said Board that such pay- ments should terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon cease.	
5. Except where appropriations are made in bulk and not upon a per capita basis, no payment shall be made for inmates of private charitable institutions unless the same shall have been accepted by the Commissioner of the Depart- ment of Public Charities as a proper charge against the City, and, except in emergency cases, Commissioner of Charities shall not accept as proper charges against the City inmates capable of paying for their own support or for whose care adequate provision can be made in public institutions. The City shall not become liable for any payment to a charitable institution in excess of the appropriation which may have been made to such institution, notwithstanding any per capita rates of payment that may have been fixed for the inmates thereof.	
6. All institutions receiving money from the City are required to state specific- ally the amount so received, as from the City Treasury, in their printed annual re- ports.	
7. That no money be paid to any private charitable institution which pays any salary to or gives any consideration, financial or of any kind, for services to, or that has any business dealing with, or secures goods or merchandise, directly or indirectly, from any officer or trustee or member of its Board of Managers."	
8. Where the City is paying 50 per cent. and upwards of the cost of maintenance of an institution the Board of Estimate and Apportionment requires representation in the board meetings of that institution, with the right of taking part in all business transactions. This representation shall be through the Comptroller, who may attend any meeting, either in person or through a representative appointed by him, of which appointment the Comptroller will give written notice to the board of the institution.	
9. The Board of Estimate and Apportionment will not pay for the main- tenance of dependent and delinquent children in the same institution.	
10. The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows:	
For infants under two (2) years of age, and in infants' hospitals also between the ages of two and five, per day.....	\$0 45
For dependent children, from two (2) to sixteen (16) years of age, per week.....	2 25
For delinquent children, per annum.....	135 00
For adult inmates of reformatories, committed by the Courts, per annum.....	135 00

For inmates in homes for unfortunate and friendless women, per annum	\$110 00
*For maternity cases, per case	18 00
*For homeless mothers, nursing infants, per month	12 00
To hospitals for medical treatment, per day	70
To hospitals for surgical treatment, per day	90
For the chronic, incurable or infirm, per day	35
For defective children in institutions maintained exclusively for such, per day	60

For services of Custodian, first year, \$900; second year \$1,050; thereafter \$1,200 per annum.

That charitable institutions for children now carried in the Budget and not sending their inmates to the Public Schools, and not sharing in the Corporate School Fund, and not receiving Teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institutions, shall be paid a per capita of 7 cents per day, five school days in the week, for each child receiving such instruction of four years of age and over during ten months in the year. This money to be paid under the authorization of section 230 of the Charter, but under the general conditions relating to institutions receiving Corporate School money, as provided in section 1754.

It is the judgment of the Board of Estimate and Apportionment that all children should be fully surrendered by their parents or guardians to the institutions to which they may be committed and the Commissioner of Charities is requested to secure such surrenders as far as possible.

Magistrates are requested to transfer dependent, and when judicious, no proper guardianship children, and all cases coming to their attention in the courts where no crime is proven against the child to the Commissioner of Charities, who can commit to institutions. Magistrates are earnestly requested not to commit a dependent child to an institution on a Court commitment.

The Commissioner of Charities is instructed to take such steps, either by appeal to the national authorities or by proper bills to the Legislature, as to provide that the children of emigrants abandoned within one year after arrival in this City be returned to the country whence they came.

P. F. McGOWAN, President of the Board of Aldermen;
JOHN F. AHEARN, President of the Borough of Manhattan;
BIRD S. COLER, President of the Borough of Brooklyn;
LOUIS F. HAFEN, President of the Borough of The Bronx;
JOSEPH BERMEI, President of the Borough of Queens;
GEORGE CROMWELL, President of the Borough of Richmond;
Board of Estimate and Apportionment.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Presidents of the Boroughs of The Bronx and Richmond arrived later in the meeting and asked to be recorded as voting in favor of the resolution.

The following resolution was offered, directing the Secretary to forthwith transmit to the Board of Aldermen the Budget of The City of New York for the year 1907:

Resolved, That the Secretary be and he hereby is directed to forthwith transmit to the Board of Aldermen the Budget of The City of New York for the year 1907, for consideration and action thereon, in accordance with the provisions of section 226 of the Greater New York Charter.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

The Presidents of the Boroughs of The Bronx and Richmond appeared and took their places in the Board.

The following resolution was offered, approving of the establishment of various grades and positions in the offices of the Mayor, the Bureau of Licenses in the Mayor's office, the Board of Aldermen and City Clerk as set forth in the Budget for the year 1907:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the various grades and positions in the offices of the Mayor, the Bureau of Licenses in the Mayor's office, and the Board of Aldermen and City Clerk as set forth in the Budget for the year 1907, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of each of the said grades and positions be fixed at the rates therein indicated and provided for; also that the number of incumbents in each grade in all positions in the "exempt" class, and all "ungraded" positions

in the "competitive" class, and all positions in the "tenth" grade in the "clerical service," as those terms are defined by the Civil Service Rules, be limited to the number contained in the foregoing Budget; this action to take effect on the first day of January, 1907.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment October 26, 1906, which reads as follows, be and the same is hereby rescinded:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted October 16, 1906, and approved by the Mayor October 30, 1906, in relation to an appropriation of seventy-five thousand dollars (\$75,000) for repairing streets in the Borough of Brooklyn, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of seventy-five thousand dollars (\$75,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the President of the Borough of Brooklyn and resolution of the Board of Aldermen relative to an issue of \$75,000 Special Revenue Bonds for the purpose of repairing and maintaining streets in the Borough of Brooklyn.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, October 18, 1906.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I hereby request immediate consideration by your Board of a resolution adopted on Tuesday by the Board of Aldermen authorizing the issue of \$75,000 Special Revenue Bonds for the purpose of repairing and maintaining streets in this borough. The Departmental Estimates show the following Budget allowances for the purpose of maintenance in the Highways Bureau:

1903.....	\$413,544 00
1904.....	422,944 00
1905.....	420,850 00
1906.....	420,850 00

This indicates that in the last four years there has been practically no increase in the amount allowed for keeping our paved street in proper condition, although the mileage of such paved streets has increased about 100 per cent. and the population has increased more than 30 per cent. The burden of the Highways Bureau has increased also because many of the street pavements are no longer chargeable for repairs to the contractors, the guarantee having expired, but must now be maintained as a charge against the fund of which I speak. The result has been a process of deterioration in the condition of the streets which, under the conditions, was unavoidable and which is now actually dangerous. If the winter is allowed to crystallize around this condition, it will be impossible to make repairs until late in the spring, and the result will be that the holes in the pavement will have greatly increased in size and the cost of repair to the City will have correspondingly increased. Expedition is therefore a thing of great importance in this connection. In order to show that the request made on the part of Brooklyn is in no way unfair, I might state that the Borough of The Bronx received an allowance for this purpose for 1906 of \$570,000 as against the \$420,850 allowed for Brooklyn. Yet Brooklyn has a mileage greater than that of Manhattan and The Bronx combined. I am not making this statement with the idea that the Bronx has received less than it should have received. I think it was wise to make a large allowance in that great and growing borough. I am only trying to show that the appropriation for Brooklyn was inadequate.

Hoping, therefore that this matter will receive the approval of the Board, I am

Yours very truly,

BIRD S. COLER,
President of the Borough of Brooklyn.

In the Board of Aldermen.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of seventy-five thousand dollars (\$75,000), the proceeds whereof to be applied to the purpose of repairing streets in the Borough of Brooklyn.

Adopted by the Board of Aldermen, October 16, 1906, three-fourths of all the members voting in favor thereof.

Approved by the Mayor, October 30, 1906.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted October 16, 1906, and approved by the Mayor October 30, 1906, in relation to an appropriation of seventy-five thousand dollars (\$75,000), for repairing streets in the Borough of Brooklyn, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of seventy-five thousand dollars (\$75,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of Richmond presented the following resolution of the Board of Aldermen, and report from the Supervising Statistician and Examiner, Department of Finance, approved by the Comptroller, relative to an issue of \$20,000 Special Revenue Bonds to be placed to the credit of the President of the Borough of Richmond, Bureau of Engineering, Construction, Salaries and Supplies:

In the Board of Aldermen.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty thousand dollars (\$20,000), the proceeds whereof to be placed to the credit of the President of the Borough of Richmond, Bureau of Engineering, Construction, Salaries and Supplies.

Adopted by the Board of Aldermen, October 2, 1906, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor, October 16, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 25, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Examination has been made in the Bureau of Municipal Investigation and Statistics in the matter of a resolution adopted by the Board of Aldermen, October 2, 1906, as follows:

"Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty thousand dollars (\$20,000), the proceeds whereof to be placed to the credit of the President of the Borough of Richmond, Bureau of Engineering, Construction, Salaries and Supplies."

As a result of the facts disclosed in the examination thus made, I beg to submit the following report:

A representative of the Department of Finance has conferred with Theodore S. Oxholm, Principal Assistant Engineer in charge of the Bureau of Engineering, Borough of Richmond, and has learned from that official that there has been an unusually large volume of work required during the present year owing to the preparation of preliminary plans for the building of a concrete retaining wall and ferry approaches at St. George, as well as similar work in connection with the proposed construction of eight large sewer systems in the Borough, two of which have already been authorized by the Board of Estimate and Apportionment. The Departmental Estimate for 1906 specified \$35,000 as the amount that would be required for the purposes of the account known as "Construction—Salaries and Supplies;" the Board of Estimate and Apportionment appropriated \$30,000 in the Budget. It has been found impracticable to charge any part of the cost of the preliminary work thus far done in connection with the St. George improvement, previously referred to, to Assessment Bonds, as the fund for this purpose will not be made available until contracts are ready to be let. This condition also applies to the larger sewer projects, and in the meantime the cost of maintaining the technical force required in the work must be met out of the Budget appropriation accounts. The Engineer-in-charge states that the volume of work required to be done by his bureau during the present year is nearly double that of last year; the services of eight men, he says, have almost constantly been employed on the St. George improvement since August of 1905. This improvement is estimated will cost approximately \$765,000. The amount available in the appropriation account this year, namely, \$30,000, is depleted, and on September 14, 1906, the Board of Estimate and Apportionment authorized a transfer to this account from the appropriation account known as "Topographical—Salaries and Supplies." The bulk of the ordinary construction work done by the Bureau of Engineering, it appears, is in connection with the building of new sewers. The large increase in the number of new residents during the past two years, has resulted in the Board of Health requiring the Borough authorities to provide more speedily for the construction of sewers, and in many instances the City has acquired fee to land lying within the lines of new streets for the sole purpose of laying sewer mains. There has been a notable advance made in the building development throughout the whole borough, which has caused an almost general demand for the installation of up to date improvements.

It would appear from the facts, as ascertained in this examination, that there has been an unusually large amount of work involved in surveying, mapping and contract making in the Bureau of Engineering, Borough of Richmond, during the present year, and that the fund provided in the Budget for 1906 is inadequate for the requirements of the year. I would therefore respectfully suggest that you recommend to the Board of Estimate and Apportionment the approval of the resolution of the Board of Aldermen of October 2, 1906, authorizing the issue of Special Revenue Bonds to the amount of \$20,000, the proceeds to be used for the preliminary survey work and the preparation of plans for public improvements.

Yours respectfully,
CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted October 2, 1906, in relation to an appropriation of twenty thousand dollars (\$20,000) to meet the cost of the work of the Bureau of Engineering in the office of the President of the Borough of Richmond, in connection with preliminary surveys and the preparation of plans for public improvements, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of twenty thousand dollars (\$20,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Board adjourned to meet Friday, November 2, 1906, at 10.30 o'clock a. m.

JOSEPH HAAG, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES, MEETING OF THE BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, HELD IN ROOM 16, CITY HALL, FRIDAY, NOVEMBER 2, 1906.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Bermel, President, Borough of Queens; Louis L. Tribus, Acting President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

After disposing of the Public Improvements Calendar, the following financial matters were considered by unanimous consent:

The matter of the petition of the Brooklyn Grade Crossing Commission and the Long Island Railroad Company, lessee of the New York, Brooklyn and Manhattan Beach Railroad Company, for a change of location of the tracks of the latter company between Manhattan Beach Junction and Neptune avenue, Borough of Brooklyn, was called up, and the Chair stated that a number of protests had been received by him and by the Secretary against the adoption of a grade which would give a clearance

of 16 feet for both the Brighton Beach and Long Island Railroad Companies, which grade was recommended by the Committee of the Whole at the meeting held October 19, 1906, and suggested that the matter be referred to the Chief Engineer of the Board for report.

In accordance with the suggestion of the Chair, the matter was referred to the Chief Engineer for consideration and report.

The Secretary presented the following communication from the Chief Engineer, Board of Estimate and Apportionment, recommending the fixing the salary of Frederick W. Koop, Assistant Engineer employed on the triangulation of the city, at \$2,550 per annum from November 1, 1906, and that he be transferred to the office of the Chief Engineer of this Board from said date; also that William A. Sherry, Chainman and Rodman, be appointed a Leveler at a salary of \$1,350 per annum, to take effect November 1, 1906, and further recommending that the Secretary be authorized to consent to the temporary transfer of any or all of the men now employed on the work of the triangulation of the city to the offices of the Borough Presidents.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
November 1, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The sum allowed for the expense of the triangulation of The City of New York for the current year is practically exhausted, and inasmuch as the limit of the expenditure for this purpose is fixed by section 439 of the City Charter as amended by chapter 406 of the Laws of 1903, it does not seem possible to replenish this fund in any way. It would therefore be necessary to discontinue the work and disband the force. This would be most unfortunate and I have conferred with the different Borough Presidents with a view of securing temporary transfers of the most of these men to their Topographical Bureaus for the remaining months of the year. This has been arranged subject to the consent of the Board of Estimate and Apportionment, and the Civil Service Commission has also agreed to approve of these transfers. There is one Assistant Engineer employed upon this work whom it would be desirable to retain on the staff of the Board of Estimate and Apportionment. His present salary is \$2,400 per annum. The nearest corresponding grade in the Board of Estimate and Apportionment is \$2,550 per annum, and I beg to recommend that the salary of Mr. Frederick W. Koop, Assistant Engineer assigned to the work of triangulation, be fixed at \$2,550 per annum, beginning November 1, 1906, and that he be transferred to the office of the Chief Engineer of the Board.

Another of the men employed on this work is William A. Sherry, Chainman and Rodman, at \$1,350 per annum. The President of the Borough of Queens would like to have him transferred to his office for the remainder of the year, but he has no grade of Chainman and Rodman at \$1,350, but he has one of Leveler at this salary. Mr. Sherry has taken an examination for promotion to the grade of Leveler, and the Civil Service Commission has certified to the fact of his eligibility for such promotion, and I beg, therefore, to recommend that the grade of Mr. Wm. A. Sherry, Chainman and Rodman, be established as that of Leveler at his present salary, namely, \$1,350 per annum.

I would further recommend that the Secretary of the Board of Estimate and Apportionment be authorized to give the consent of the Board to the above transfers when requests therefor are received from one or more of the Borough Presidents.

Resolutions to the above effect are herewith submitted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the salary of Mr. Frederick W. Koop, Assistant Engineer assigned to the work of triangulation of The City of New York, be fixed at \$2,550 per annum from November 1, 1906, and that he be assigned to the office of the Chief Engineer of the Board of Estimate and Apportionment.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Acting President of the Borough of Richmond—16.

The following resolution was offered:

Resolved, That William A. Sherry, now employed as Chainman and Rodman on the triangulation of The City of New York at a salary of \$1,350 per annum, be appointed a Leveler at a salary of \$1,350 per annum, to take effect November 1, 1906, the Civil Service Commission having certified his eligibility to such promotion in grade.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Acting President of the Borough of Richmond—16.

The following resolution was offered:

Resolved, That the Secretary of the Board of Estimate and Apportionment be and he hereby is authorized to consent to the temporary transfer of any or all of the men now employed on the work of triangulation of The City of New York to one or more of the Borough Presidents' offices upon the presentation of proper requests for such transfers.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Acting President of the Borough of Richmond—16.

The Secretary presented the following communication from the President, Borough of Manhattan, requesting the transfer of \$11,900 from various accounts for the year 1906 to other accounts for the same year:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, October 30, 1906.

JOSEPH HAAG, Esq., Secretary to the Board of Estimate and Apportionment:

DEAR SIR—Request is herewith made to the Board of Estimate and Apportionment for the following mentioned transfer of funds:

From Bureau of Highways, Salaries, 1906, to General Administration, Salaries, 1906, \$1,400.

From Bureau of Sewers, Salaries, 1906, to Bureau of Sewers, Boring Examinations, 1906, \$500.

From Bureau of Highways, Repairs and Renewals of Pavements and Regrading, 1906, to Bureau of Public Buildings and Offices, Salaries and Wages, 1906, \$10,000.

Yours respectfully,

JOHN F. AHEARN,
President of the Borough of Manhattan.

The following resolution was offered:

Resolved, That the sum of eleven thousand nine hundred dollars (\$11,900) be and the same is hereby transferred from appropriations made to the President of the Borough of Manhattan, for the year 1906, entitled and as follows:

Bureau of Highways, Salaries.....	\$1,400 00
Bureau of Highways, Repairs and Renewals of Pavements and Regrading.....	10,000 00
Bureau of Sewers, Salaries.....	500 00
	<hr/>
	\$11,900 00

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said President of the Borough of Manhattan, for the same year, entitled and as follows:

General Administration, Salaries.....	\$1,400 00
Bureau of Sewers, Boring Examinations.....	500 00
Bureau of Public Buildings and Offices, Salaries and Wages.....	10,000 00
	<hr/>
	\$11,900 00

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Acting President of the Borough of Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen and report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom on October 26 was referred said resolution relative to an issue of \$150,000 Special Revenue Bonds to meet deficiencies in the appropriations for the Department of Public Charities for the year 1906:

In the Board of Aldermen.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred and fifty thousand dollars (\$150,000), the proceeds whereof to be applied to meet deficiencies in the appropriations for the Department of Public Charities for the year 1906.

Adopted by the Board of Aldermen October 2, 1906, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor, October 16, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 1, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioner of Public Charities applied to the Board of Aldermen for an issue of Special Revenue Bonds amounting to \$203,367.75, to meet deficiencies in the departmental appropriation accounts for 1906. Of this amount \$198,900.24 was requested to replenish the account known as Supplies and Contingencies, the Budget appropriation for this year for these purposes being \$1,176,984.66.

The Board of Aldermen, at its meeting held October 2, 1906, adopted a resolution requesting the Board of Estimate and Apportionment to authorize an issue of Special Revenue Bonds for \$150,000, the Commissioner of Public Charities having stated to the Finance Committee of that Board that he believed economies could be made in the purchase of supplies during the last quarter of the year which would result in a saving of about \$50,000, thus rendering necessary an appropriation of about \$150,000 instead of the amount originally requested.

The resolution of the Board of Aldermen requesting the Board of Estimate and Apportionment to authorize an appropriation of \$150,000 was referred to the Comptroller, and has been made the subject of examination in the Bureau of Municipal Investigation and Statistics.

It appears from the examination thus far made, that the amount of the probable deficiency in the appropriation accounts is based solely upon an estimate of the cost of supplies which would be required for the year 1906. Your Examiners are making an examination, as is your desire, in all matters of Revenue Bond issues, that will be based upon facts indicated by actual expenditures for the same purposes in the past. This examination will be completed within a few days, and will be ready for consideration by the Board of Estimate and Apportionment at the meeting to be held Friday, November 9.

In the meantime, it would seem proper that the Board of Estimate and Apportionment should take action at its meeting to-morrow, November 2, concurring with the resolution of the Board of Aldermen to the extent of \$60,000, so as to permit of the certification of certain contracts for coal recently made, and to provide further for the payment of accumulated liabilities amounting to, approximately, \$50,000. The amount of \$60,000 is suggested because it has been found that, pursuant to the directions of the Board of Estimate and Apportionment in a resolution adopted in 1905, State's prison goods to this amount were ordered by the former Commissioner during 1905, but were not delivered until 1906, and were, therefore, required to be charged to the appropriation account of this year.

If this suggestion meets with your approval, please present the inclosed resolution to the Board of Estimate and Apportionment and request unanimous consent for its consideration.

Yours respectfully,

R. B. MCINTYRE, Auditor of Accounts.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted October 2, 1906, to the extent of sixty thousand dollars (\$60,000), for the purpose of providing means to meet a deficiency in the appropriation account of the Department of Public Charities for supplies and contingencies for the year 1906, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended, to issue Special Revenue Bonds of The City of New York, to an amount not exceeding sixty thousand dollars (\$60,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens, and the Acting President of the Borough of Richmond—16.

The Secretary presented the following communication from the Corporation Counsel and report of the Investigations Division, Department of Finance, approved by the select committee, consisting of the Comptroller and the President, Board of

Aldermen, to whom on October 26, 1906, was referred said communication relative to the establishment of the various grades for the positions of Assistant, Junior Assistant, Messenger and other positions in the Bureau of Street Openings, Law Department:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 23, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I respectfully request that your Board authorize the number of positions and salaries of the employees of the Bureau of Street Openings in the offices in the Boroughs of Manhattan, Brooklyn and Queens be established according to the accompanying schedule.

These expenses of the Bureau of Street Openings are paid out of a special trust fund known as the Fund for Street and Park Openings, and not out of my departmental appropriation, and therefore can be fixed and established at any time.

As it is the desire of your Board to establish these positions and salaries at this time of the year when it has the appropriations for the several departments under consideration, I deem it advisable to make this request now.

I have not included any recommendation as to the persons in that bureau coming within Civil Service Schedule B, as their salaries and positions will be regulated by the positions made for my department generally.

Yours respectfully,

WILLIAM B. ELLISON, Corporation Counsel.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The request of the Corporation Counsel addressed to the Board of Estimate and Apportionment under date of October 23, 1906, for the approval by that body of a new schedule of salary grades and positions in the Bureau of Street Openings of the Law Department, was referred to the Comptroller and the President of the Board of Aldermen, as a Select Committee, for consideration and report. The matter having been referred by you to the Bureau of Municipal Investigation and Statistics, a representative of this division has conferred with the officials of the Law Department regarding the reasons for the proposed designations and new salary grades.

The schedule submitted by the Corporation Counsel, for which approval is asked, is as follows:

Positions and Salaries, Bureau of Street Openings, Law Department.

Position.	Proposed Salary.
1 Assistant	\$7,500 00
1 Assistant	5,500 00
1 Assistant	4,500 00
1 Assistant	4,000 00

1 Topographical Draughtsman	1,350 00

The aggregate salaries proposed to be paid under this schedule of positions will be \$91,000 per annum. At present the number of employees and the aggregate salaries paid in the several classifications are as follows:

13 Assistants to the Corporation Counsel	\$39,100 00
4 Junior Assistants	5,100 00
2 Messengers	1,800 00
1 Switchboard Telephone Operator	600 00
15 Computers of Assessments	19,500 00
5 Topographical Draughtsmen	7,800 00

A total of

This would represent a net increase in the annual cost for the Bureau, in so far as it affects the positions enumerated, of \$17,100.

The cost of the maintenance of the Bureau of Street Openings is charged to the several funds for Street and Park Openings in the different boroughs, these funds being furnished by bond issues from time to time and, in a large measure, reimbursed by assessments levied upon the properties benefited.

The Corporation Counsel states that he has made a very careful inquiry into the conditions existing in the Bureau of Street Openings, and he finds that there has been a tremendous increase in the amount of work required of the force there employed owing to the rapid growth and development of the outlying sections of the City. At the present time there are, approximately, 250 proceedings already authorized and now in process; about 350 more proceedings pending before the Board of Estimate and Apportionment for authorization, and a great many more under way in the various local Boards of Improvement. Throughout the City there has been much complaint on the part of property owners on account of delay in prosecuting street opening proceedings; and it was due to this fact largely that the provisions of the City Charter relating to these proceedings were amended in the 1906 session of the Legislature.

By the provisions of the City Charter, as amended, a preliminary report giving appraised values of land to be taken for street openings is required to be filed by the Commissioners of Condemnation within sixty days from the filing of their oaths of office. This and other features of the law, it is anticipated, will necessitate more prompt work and greater efficiency in the Bureau of Street Openings.

It will be noticed that the same number of Assistants to the Corporation Counsel and Computers of Assessments are to be employed; the new positions included in the schedule now under consideration being two additional Junior Assistants to the Corporation Counsel, two Messengers and one Topographical Draughtsman. The compensation of the Switchboard Telephone Operator is fixed at \$750 per annum, instead of \$600.

The Corporation Counsel, after inquiring into all of the facts, urges the Board of Estimate and Apportionment to approve the salary schedule as proposed, so as to provide for promotions and increases of salaries in his staff of Assistants for efficiency and meritorious service. There have, he says, been no promotions of consequence among the employees of this Bureau in a number of years, and that the Department must be in a position to retain the services of competent lawyers engaged in such important work; and he believes it is economy for the City to make the salary increases proposed.

The same is true of the Topographical Draughtsmen, whose services are in large demand in other departments of the City Government. The higher grade of salary is asked to be fixed so as to enable the Department to retain the services of competent men who are familiar with the work of the Bureau.

It would appear from the information obtained from the Corporation Counsel, that the importance and responsibility of the positions occupied by the Assistants to the Corporation Counsel in this Bureau would entitle them to the salaries proposed; and, in view of the present accumulation of Street Opening proceedings and the anticipated increase in these proceedings during 1907, I would respectfully suggest that you recommend to the Board of Estimate and Apportionment the approval of the request.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK,
HELD IN ROOM 16, CITY HALL, FRIDAY, NOVEMBER 9, 1906.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Bermel, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

The Secretary presented the following:

CITY OF NEW YORK—OFFICE OF THE MAYOR,
November 1, 1906.

To the Secretary of the Board of Estimate and Apportionment:

SIR—The Mayor directs me to return to you, duly approved by him, the enclosed certified copy of a resolution adopted by the Board of Estimate and Apportionment, October 26, 1906, granting to James S. Maher an extension of time in which to complete the construction of three tunnels under and across Brook avenue, between Rose and Grove streets, Borough of The Bronx, construction of which was authorized by resolution adopted by the Board May 25, 1906.

Respectfully,

WILLIAM A. WILLIS, Executive Secretary.

Which was ordered filed.

The Secretary presented the following:

CITY OF NEW YORK—OFFICE OF THE MAYOR,
October 31, 1906.

To the Secretary of the Board of Estimate and Apportionment:

SIR—The Mayor has this day approved the resolution adopted by the Board of Estimate and Apportionment, on October 26, 1906, fixing a date for a public hearing on the application of the Nassau Electric Railroad Company for a franchise, and has designated the New York "World" and the New York "Times" as the daily newspapers in which notice of such hearing shall be published.

The resolution duly approved is herewith returned.

Respectfully,

FRANK M. O'BRIEN, Secretary.

Which was ordered filed.

A communication, dated October 24, 1906, was received from the West End Board of Trade in favor of the application of the Nassau Electric Railroad Company to construct, maintain and operate a street surface railway on and along Thirteenth avenue, Thirty-ninth street, and other streets and avenues in the Borough of Brooklyn. Which was referred to the Bureau of Franchises.

Interborough Rapid Transit Company.

The Secretary presented the following amended petition of the Interborough Rapid Transit Company. The original petition was presented June 8, 1906, and referred to the Bureau of Franchises. It was found that this petition did not cover the bed of Twelfth avenue, in which the company claimed rights by reason of a lease from the Dock Department. The Corporation Counsel decided that the lease from the Dock Department gave no rights to the company within the limits of Twelfth avenue, and the amended petition was therefore presented.

To the Honorable Board of Estimate and Apportionment:

The petition of Interborough Rapid Transit Company respectfully shows:

That your petitioner is a corporation, duly organized and existing under the laws of the State of New York, and engaged in the operation of the rapid transit railroad, constructed and owned by The City of New York pursuant to contract between said City and John B. McDonald, dated February 21, 1900, and the agreements amendatory thereof, the leasing part of said contract having been duly assigned to your petitioner with the consent of said City duly granted.

That in the operation of said railroad and pursuant to the requirements of said contract your petitioner constructed and now maintains a power house in the Borough of Manhattan between Eleventh and Twelfth avenues and Fifty-eighth and Fifty-ninth streets, where electric current is generated for the operation of said rapid transit railroad.

That in connection with said power house it became necessary to construct, and your petitioner did construct and now maintains for conveying coal to said power house from the North river and for the disposal of ashes, a passageway under the surface of West Fifty-eighth street, from its power house to the easterly line of Twelfth avenue, and thence under the marginal street and a pier at the foot of West Fifty-eighth street to the river front, and also discharge and suction tunnels under the surface of West Fifty-eighth street from its said power house to the easterly side of Twelfth avenue and thence under the marginal street and the pier at the foot of West Fifty-eighth street to the river front. The location of the said power house and tunnels is shown upon the map submitted herewith.

That said tunnels were built at the time of the erecting of the said power house, and in accordance with plans which were presented to the Board of Rapid Transit Railroad Commissioners, and by them approved September 27, 1901, as more fully appears in "Exhibit A," hereto annexed and made a part hereof.

That the right to maintain such portion of said tunnels as is situated under the marginal street between the easterly line of Twelfth avenue and the North river under the wharf at the foot of West Fifty-eighth street, was obtained by your petitioner by virtue of a lease which was made to John B. McDonald by the Department of Docks, and by said John B. McDonald assigned to your petitioner, with the written consent of said Department of Docks, as is more fully set forth in said "Exhibit A," but other departments of the City government insist that such lease gave no rights east of the westerly line of Twelfth avenue.

That while your petitioner is advised and believes that your petitioner is entitled to maintain said tunnels as a part of the said power house by virtue of the provisions of said contract and the authority of the Board of Rapid Transit Commissioners, yet, inasmuch as the right to maintain them east of the westerly line of Twelfth avenue has been disputed by other departments of the City, your petitioner is desirous of securing from your Honorable Board a clear recognition and confirmation of its right to maintain said tunnels.

That annexed hereto is a statement setting forth in greater detail the facts in connection with the said tunnels, which statement is marked "Exhibit A" and made a part of this petition.

Wherefore, your petitioner prays your Honorable Board to confirm it in the occupation of so much of said tunnels as lie under Fifty-eighth street, east of the westerly side of Twelfth avenue.

Dated New York, October 17, 1906.

INTERBOROUGH RAPID TRANSIT COMPANY,
By AUGUST BELMONT, President.

State of New York, County of New York, ss.:

August Belmont, being duly sworn, says: That he is the president of the Interborough Rapid Transit Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof, and that the same is true of his own knowledge, except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true.

The reason this verification is made by deponent and not by the petitioner, is that the petitioner is a corporation and he is an officer thereof.

AUGUST BELMONT.

Sworn to before me this 17th day of October, 1906.

EXHIBIT "A."

MEMORANDUM AS TO THE CONSTRUCTION OF THE COAL CONVEYOR BY INTERBOROUGH RAPID TRANSIT COMPANY UNDER FIFTY-EIGHTH STREET AND TWELFTH AVENUE.

In the construction of the rapid transit railroad pursuant to contract between The City of New York (acting by its Board of Rapid Transit Railroad Commissioners) and John B. McDonald, dated February 21, 1900, the general power house to furnish electrical current for use in operating the railroad was established, with the approval of the Board of Rapid Transit Railroad Commissioners, on the westerly side of Eleventh avenue, between West Fifty-eighth and West Fifty-ninth streets, in the Borough of Manhattan. The general plans of the power house were approved "as to their design and quantity" by the Board of Rapid Transit Railroad Commissioners on September 27, 1901. (Minutes Rapid Transit Board, page 1288.)

On January 9, 1902, the Chief Engineer of the Rapid Transit Board made a report to the Rapid Transit Commission referring to the proposed site of the power house and a request which had been made by the contractor that he be permitted to occupy Twelfth avenue with a portion of his building, stating, among other things, as follows:

"The advantage to be derived by the contractor in the occupancy of this property is one to be shared jointly by him and the City. The City will have a first lien upon this property, and it is, therefore, to the advantage of the City that this property be put in the best condition for the operation of the road. This requires that the connection between the power house and the river front should be made as direct and convenient as possible for the handling of fuel." (See Minutes Rapid Transit Board, pages 1247-8.)

At a meeting of the Rapid Transit Board, held February 6, 1902, the subject was again brought before the Board, and the following resolution was adopted:

"Whereas, the contractor is about to locate the main power house for the operation of the Rapid Transit Railroad on the block between Eleventh and Twelfth avenues and Fifty-eighth and Fifty-ninth streets; and

"Whereas, The contractor has requested this Board to co-operate with him in obtaining the consent of the City authorities to the use and occupation of Twelfth avenue, between Fifty-eighth and Fifty-ninth streets, for the purpose of the Rapid Transit Railroad:

"Resolved, That the Board recommend to the City authorities to consent to the use and occupation of Twelfth avenue, between Fifty-eighth and Fifty-ninth streets, for the purposes of the Rapid Transit Railroad."

On October 17, 1902, Mr. John B. McDonald transmitted to the Rapid Transit Board a full set of plans of the new power house. No formal action was taken by the Board upon such plans, although the construction of the power house was commenced and prosecuted in accordance therewith, and a full statement as to the site of the power house, and the general plan of electrical equipment, is contained in the report of the Board for the year 1902 at pages 202-205, and a description of the power house is given on page 257 of the report of the Commissioners for the year 1904.

At a meeting of the Rapid Transit Board held January 29, 1903 (Minutes, page 1956), its Chief Engineer reported that the detail plans of the equipment, including power plant, had been referred to Messrs. Duncan & Hutchinson, and their report followed, showing that they had received the plans, specifications and general information covering all equipment, including the power house, all of which had been examined with great care, and which they reported would give satisfactory service.

On October 16, 1903, the Department of Docks leased to John B. McDonald the wharf property described as follows:

"The northerly side and outer end of new pier at the foot of West Fifty-eighth street, North river, together with the use of the entire surface of said pier, together with the right to construct and maintain 'discharge and suction tunnels' under the marginal wharf, street or place laid out and determined by the Department of Docks and Ferries at the foot of West Fifty-eighth street; also under and along the pier at the foot of West Fifty-eighth street, and the lessee shall also have the privilege of erecting and maintaining coal handling and ash removing devices upon the said pier and over and under said street, in accordance with plans to be submitted to and approved by the Engineer in Chief of the Department of Docks and Ferries; all the work to be done under his direction and supervision; but no tunnels or other devices under ground shall be less than three and one-half (3 1/2) feet below the surface of the street, and nothing less than twenty (20) feet in height above the street surface."

The said lease also contained the following provision:

"And the said party of the first part further gives and grants unto the said party of the second part license and authority to erect and maintain, during the term of this lease, discharge and suction tunnels under and through the marginal street, wharf or place laid out and determined upon pursuant to law and under and along the pier at the foot of West Fifty-eighth street; such tunnels and other devices under ground to be not less than three and one-half (3 1/2) feet below the surface of the marginal street, wharf or place; also to erect and maintain coal handling and ash removing devices upon said pier and over said marginal street, wharf and place, such coal handling and ash removing devices over said marginal street, wharf or place are, however, to provide for a clear space of not less than twenty feet above the surface of the marginal street, wharf or place; all such structures over and under said marginal street, wharf or place and under, along and upon said pier are to be constructed in accordance with plans to be submitted to and approved by the Engineer-in-Chief of the Department of Docks and Ferries; all such structures remaining upon said pier are to revert to and become the property of The City of New York, free from all encumbrance of every kind and description whatsoever, upon the expiration or sooner determination of this lease or any renewal thereof."

This lease was thereafter, with the written approval of the Department of Docks and Ferries, assigned to Interborough Rapid Transit Company, and in connection with the construction of the said power house there was erected and maintained through and under the marginal street referred to therein from the easterly side of Twelfth avenue to and under the edge of the bulkhead a passageway for handling coal and ashes, which is shown upon the plan enclosed herewith, and which plans were approved by the Chief Engineer of the Department of Docks and Ferries.

The said passageway, or "coal conveyor runway," for conveying coal is thus described in the application to the Board of Docks made by Mr. John B. McDonald December 14, 1901:

"This proposed runway will be located between the 'intake conduit' above described and the northerly Fifty-eighth street building line or extension of the same along the marginal street or place at the foot of Fifty-eighth street, and will extend from the bulkhead line to the westerly side of Twelfth avenue, thence along Fifty-eighth street to the southwest corner of the power house. The runway will be constructed of masonry and steel, resting on a timber crib or piling, and the inside width of the runway will be twelve feet four inches with a height of about seven feet, the floor being located about nine feet six inches below the level of the street. About eight hundred tons of coal per day will be necessary for the operation of the machinery in the power house, and you will observe that as the proposed situation of this coal conveyor runway is underground the necessity for either an unsightly structure above the street or the public inconvenience resulting from carting through the street the large quantities of coal necessary for the operation of the power house machinery will be avoided."

On December 10, 1903, a preliminary report was made to the Board of Rapid Transit Railroad Commissioners by its Chief Engineer with respect to the equipment, reporting that he had received from the consulting engineer of the Interborough Rapid Transit Company the drawings, specifications and plans of the equipment proposed to be used by it, which he had referred to the consulting electrical engineers of the Board. Thereafter the work of constructing the power house, including the coal conveyor runway referred to, was completed, and on October 27, 1904, the Rapid Transit Railroad from the City Hall to One Hundred and Forty-fifth street on the west side was formally turned over to the Interborough Rapid Transit Company and opened for operation, the power house and its appurtenances being necessarily used to produce the power with which to conduct such operation, and such power house has been continuously operated since that date, and in connection with such operation the coal runway has been necessarily used and is now being used in carrying coal from the river front to the power house and in removing ashes from the power house to the river.

In November, 1905, the Comptroller's office addressed communications to the Interborough Rapid Transit Company asking by what authority the coal conveyor and conduits referred to had been constructed and were maintained, in reply to which said company informed him that the same were appurtenant to the power house of the Rapid Transit Railroad constructed under and by authority of the Rapid Transit Act, chapter 4, Laws of 1891, and the acts amendatory thereof and supplemental thereto.

On December 29, 1905, the Comptroller addressed a communication to the Board of Rapid Transit Railroad Commissioners, asking whether the coal conveyor and conduits were constructed under the authority of the Board, and if so, what clause or clauses of the Rapid Transit Act were claimed to authorize their existence. At the meeting at which this communication was presented, the Chief Engineer of the Board reported to it that his predecessor, Mr. Parsons, had recommended the Board to allow the Interborough Rapid Transit Company to build the coal conveyor and conduits across Twelfth avenue to the North river as an alternative proposition instead of closing Twelfth avenue at this point, but that he could find no action taken by the Board on the subject and no permit issued with respect thereto (Minutes, p. 3845). The subject was thereafter brought to the attention of this company by the counsel for the Rapid Transit Board, and upon the investigation which ensued it was found that although the power house and its appurtenances had been completed in accordance with plans submitted to the Rapid Transit Board, and which had been acted upon as above stated, no formal resolution of final approval of the construction of the power house had been actually adopted by the Board. The Interborough Rapid Transit Company, therefore, on March 16, addressed a communication to the President of the Rapid Transit Board calling his attention to this fact, and asking a more formal approval of the construction of the equipment, and particularly of the power house and the installation therein and connected therewith, although it stated that it was advised that the facts set forth in the communication being substantially those detailed above constituted a practical approval by the Board of Rapid Transit Railroad Commissioners of the plans and construction of the power house (Minutes, Rapid Transit Board, p. 3964).

On April 12, 1905, the Board of Rapid Transit Railroad Commissioners adopted a resolution of which the following is a copy:

"Resolved, That the plans of the power house of the Interborough Rapid Transit Company situated at Fifty-eighth street and Hudson river, including the equipment therein contained, and which were heretofore submitted to this Board, be and the same are approved both as to design and quantity; provided, however, that this approval is not to be considered as implying any grant by this Board of a right or authority to occupy any portion of Twelfth avenue, or any other of the public streets adjacent to the contractor's property, or as an approval of the actual construction of

the said power house and its contents as to material and workmanship, which latter subject is referred to the Chief Engineer for investigation and report."

On the 19th day of April, 1906, a further resolution was adopted by the said Board, of which the following is a copy:

"Resolved, That the construction of the power house and of the machinery and fixtures therein contained in the block bounded by Fifty-eighth street, Fifty-ninth street, Eleventh and Twelfth avenues be and the same is hereby approved by this Board as to material and workmanship." (Minutes, p. 4046.)

Which was referred to the Bureau of Franchises.

Manhattan Refrigerating Company.

By resolution duly adopted by the Board July 6, 1906, the Manhattan Refrigerating Company was required to remove, on or before November 1, 1906, all refrigerating pipes maintained under the streets west of Hudson street, from Horatio to Fourteenth streets, under the supervision of the President of the Borough of Manhattan, who was requested to report to this Board on or before November 9, 1906, stating whether such pipes were removed in accordance with the aforementioned resolution and the work done to his satisfaction.

The Secretary presented the following:

OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, November 3, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Pursuant to resolution adopted by the Board of Estimate and Apportionment at its meeting held July 6, 1906, the Manhattan Refrigerating Company was required to remove pipes in the streets west of Hudson street, from Horatio to Fourteenth streets, in the Borough of Manhattan, on or before the 1st day of November, 1906, under the supervision of this Department, and the President of the Borough of Manhattan was requested to report to the Board of Estimate and Apportionment on or before November 9, 1906, stating whether such pipes had been removed, in accordance with the resolution.

In this connection I am directed by President Ahearn to advise you that, upon an examination made November 2, 1906, it was found that the said pipes had not been removed, in compliance with the resolution, nor have any steps been taken by the Manhattan Refrigerating Company in that direction.

Very truly yours,

BERNARD DOWNING, Secretary.

The President of the Borough of Manhattan offered the following:

Resolved, That the matter be referred to the Corporation Counsel, with a request to take such steps as are necessary to secure the removal of the pipes, as directed by the Board in its resolution of July 6, 1906.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

Spuytan Duyvil and Port Morris Railroad Company.

On October 26, 1906, a report was presented from the Bureau of Franchises relative to the procedure in regard to the change of route of the Spuyten Duyvil and Port Morris Railroad, in the Borough of The Bronx, copy of which was forwarded to Mr. Ira A. Place, general counsel for the company.

The Secretary presented the following:

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY,
GRAND CENTRAL STATION,
NEW YORK, October 29, 1906.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—I beg to acknowledge receipt of your favor of the 26th inst., with report from the Bureau of Franchises, in reply to mine of October 13, 1906, relative to procedure in regard to change of route of the Spuyten Duyvil and Port Morris Railroad, in the Borough of The Bronx.

The statement quoted from the Assistant Engineer's report of October 8, 1906: "The situation is somewhat different than originally proposed, in that the company desires to keep its original right of way and use the same for a siding and for the storage of cars, whereas the first application was for a change of route, with the understanding that the original right of way should be abandoned."

—is correct in so far as it states that the situation is somewhat different from that originally proposed, in that the company desires to continue to use its present right of way for certain purposes, devoting, however, a portion of it for street purposes, the necessary interest therein to be dedicated to the City.

I did not overlook this matter, but so far as the railroad company is concerned there is but one application before the City authorities, and that was for the approval of the City authorities required by section 13 of the Railroad Law.

It gets the new route of its line under that law, which is in force to-day just as it was when the application was made, and governs this proceeding in so far as it affects the railroad company.

This at least is my opinion, reached as a result of the best consideration that I can give to the matter; but, of course, I may be wrong, and if the Board does not agree with me I would respectfully suggest that the matter be referred to the Corporation Counsel for his opinion.

Yours respectfully,

IRA A. PLACE, General Counsel.

NEW YORK, October 31, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—Referring to the matter of the proposed fixing of terms and conditions for the carrying out of the change in route of the Spuyten Duyvil and Port Morris Railroad Company at Spuyten Duyvil, Borough of The Bronx, I note from the letter of Ira A. Place, general counsel for the railroad, to Mr. Joseph Haag, Secretary of your Board, dated October 13, 1906, and from the letter of Harry P. Nichols, Assistant Engineer, to you, under date of October 19, there appears to be an uncertainty between the counsel for the railroad and your Assistant Engineer as to the procedure in this matter.

As representing the association of property owners in the District affected, I beg to express the hope that any uncertainty as to the formal method of procedure may be speedily cleared up, so that the change in route, which will mean so much in the way of bettered conditions to the district, may be undertaken and completed at once.

If I understand the matter aright, the uncertainty is one which could be quickly determined to the satisfaction of your Board by submission to the Corporation Counsel and the taking of his opinion thereon.

May I urge that your Board will take such action as may be necessary to have the matter submitted to the Corporation Counsel?

Yours very truly,

J. J. McKELVEY,
Secretary Park District Protective League.

Which were referred to the Bureau of Franchises, for consultation with the Corporation Counsel.

PARK DISTRICT PROTECTIVE LEAGUE,
OFFICE OF SECRETARY, No. 66 BROADWAY,
NEW YORK, October 31, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—We hereby respectfully petition your Board for certain changes in the grades and lines of the streets as now laid down and established upon the City map, the removal of certain streets and portions of streets from said map, and the laying out of certain new streets thereon.

The present application is made, pursuant to suggestion of your Board conveyed to us, upon recommendation of Harry P. Nichols, Assistant Engineer. The said changes in the City map being incidental to and necessary for the obtaining of certain improvements in connection with the proposed change by the Spuyten Duyvil and Port Morris Railroad in its route at Spuyten Duyvil, Borough of The Bronx.

The changes in the City map hereinabove referred to and hereby petitioned for are shown upon the accompanying map in red ink and are as follows:

1. The changing of the grade of the Spuyten Duyvil road at the easterly crossing of the said Spuyten Duyvil road over the present tracks of the Spuyten Duyvil and Port Morris Railroad, as shown on said map, from the present established grade to a grade of twenty-nine (29) feet.

2. The changing of the grade of the Spuyten Duyvil road at the westerly crossing of said Spuyten Duyvil road over the present tracks of the Spuyten Duyvil and Port Morris Railroad, as shown on said map, from the present established grade to twenty-eight (28) feet.

3. The changing of the grade of the Spuyten Duyvil road at the easterly crossing of the said Spuyten Duyvil road over the proposed tracks of the Spuyten Duyvil and Port Morris Railroad, as shown on said map, from the present established grade to thirty-five (35) feet.

4. The changing of the grade of the Spuyten Duyvil road at the westerly crossing of the said road over the proposed tracks of the Spuyten Duyvil and Port Morris Railroad, as shown on said map, from the present established grade to thirty-three and five-tenths (33.5) feet.

5. The laying out of a new street of a width of fifty (50) feet from the easterly crossing of the Spuyten Duyvil road over the present tracks of the Spuyten Duyvil and Port Morris Railroad along and over the said tracks as same now are located, to the westerly crossing of said Spuyten Duyvil road over the present tracks of the Spuyten Duyvil and Port Morris Railroad, thus connecting the two sections of the Spuyten Duyvil road by a short route over the property now occupied by the present tracks of the Spuyten Duyvil and Port Morris Railroad. Said street to be of uniform grade, starting at a grade of twenty-eight (28) feet at the above mentioned westerly crossing and reaching a grade of twenty-nine (29) feet at the above mentioned easterly crossing of the Spuyten Duyvil road over the present tracks of the said Spuyten Duyvil and Port Morris Railroad Company.

6. The laying out of a new street connecting the Spuyten Duyvil road at a point about fifty (50) feet northerly from the proposed tracks of the Spuyten Duyvil and Port Morris Railroad and the street known as "Teunissen place" at a point about fifty (50) feet northerly from the present tracks of the Spuyten Duyvil and Port Morris Railroad; said street to be upon a viaduct of a width of fifty (50) feet and to be of uniform grade, starting with a grade of thirty-six and thirty-three one hundredths (36.33) feet elevation at the westerly end and reaching the present established grade of the intersection of Terrace View avenue and West Two Hundred and Twenty-fifth street. The grade from Teunissen place to West Two Hundred and Twenty-fifth street to be changed to conform to the uniform grade above mentioned.

7. The removal from the map of the street now laid down on the present City map, extending from a point in the Spuyten Duyvil road near the westerly crossing of said road over the present tracks of the Spuyten Duyvil and Port Morris Railroad northwesterly along the northeasterly side of said tracks to a point in said Spuyten Duyvil road where same, at its northwesterly end, intersects the present tracks of the Spuyten Duyvil and Port Morris Railroad.

The application for the above changes is presented with a view to obtaining at an early date the improvements which will result from the change in the route of the Spuyten Duyvil and Port Morris Railroad as heretofore applied for by said road and approved by the municipal authorities, subject to the terms and conditions being determined by the Board of Estimate and Apportionment.

We especially urge upon the Board the importance of early action in this matter, so that our district may have, as soon as possible, the relief which will be afforded by the completion of the electrical equipment of the railroad, which, as we understand, is awaiting final agreement between the City and the railroad respecting the carrying out of the proposed change of route.

Respectfully submitted,

PARK DISTRICT PROTECTIVE LEAGUE,
By J. J. McKELVEY, Secretary.

Which was referred to the President of the Borough of The Bronx, to make such recommendations as he may see fit in regard to the proposed street changes, and to prepare the necessary maps for the change of the map or plan of the City, in accordance therewith.

Petition for the Abolition of Horse Cars.

The Secretary presented the following:

To the Hon. GEORGE B. MCCLELLAN, Mayor of The City of New York, and the Board of Estimate and Apportionment:

GENTLEMEN—Philadelphia and Boston dispensed with horse cars over a decade ago. Not so New York. In the Borough of Manhattan 48.207 miles of street surface railroad is still operated by horses.

Horse cars do not give service—they preserve franchises. The Metropolitan Street Railway Company, which recently issued \$108,000,000 of new securities, cannot afford to electrify its horse car lines, cannot afford to carry its passengers in decency and comfort.

The downtown horse car lines carry the tenement dwellers from the crowded east side to their work in the Broadway wholesale district. It is especially important that transportation facilities here be adequate. Yet horse cars are of about half the size of the electric cars—they are unspeakably dirty—few are heated even in the dead of winter. At night it is almost impossible to read; light is furnished by a smoky kerosene lamp high in one corner, though recently some of the cars have been supplied with extra lamps in the middle. No pretence of maintaining a regular schedule is made. Oren Root, vice-president of the Metropolitan Street Railway Company, admits that the service is only "haphazard."

During rush hours, when the streets leading to the east side are flowing streams of people, the little cars fairly bulge with people; passengers drip from the railings, front and rear. These conditions are not new; they but grow worse as the population increases. The New York City Railway Company in all these years has done nothing to bring about a change. It proposes to do nothing—unless compelled.

Our Appeal to the State Board of Railroad Commissioners.

Last March several of your petitioners appealed to the State Board of Railroad Commissioners for relief. In the petition it was stated, and we here reiterate and emphasize:

"Almost half a million people live in the section bounded by the Bowery, Fourteenth street, the Brooklyn Bridge approach and the East river. In no city in the country of half a million inhabitants is the street car equipment so antiquated and the service so poor. * * * Most prefer to walk rather than put up with such conditions. Most have to walk whether they want to or not. In fair weather there are not cars sufficient to accommodate the crowds, and when it is cold or rainy thousands of women and girls employed in the Broadway district, after a long day's toil, tramp a mile or more through rain and slush to their homes on the east side. * * * Horse cars in this great city are an anomaly. The people have a right to clean cars and decent service. The east side lines should long ago have been equipped with electricity."

The Railroad Commissioners, after a public hearing, promptly issued an order for the electrification of four out of five of the cross-town horse car lines. A few days later it issued supplemental recommendations, which contained the following findings:

"Nearly all of the statements made by the parties at the public hearing in reference to inadequate service furnished by the New York City Railway on the cross-town lines operated by it in lower Manhattan, especially on the horse car lines, are found to be true.

"The service on these lines is entirely inadequate for the present and rapidly increasing travel which moves across the lower end of Manhattan during the morning and evening hours. * * *

"A large number of horse cars are not equipped with any means of heating.

"Very few, if any, of the cars are properly lighted.

"The ventilation of the cars is very poor.

"All cars operated on the Grand and Cortlandt Street Ferry line, the Chambers and Madison street line and the Spring and Delancey street line are seriously overloaded during the morning and evening rush hours.

"No permanent relief can be furnished for the serious conditions of traffic which exist in the section of Manhattan above mentioned except through the electrification of the different horse car lines at present operated."

To the report of the Railroad Commissioners we desire to add a quotation from a letter dated February 9, 1906, written by the Hon. John F. Ahearn, a member of your Board and a resident of the east side, to H. H. Vreeland, the President of the New York City Railway Company:

"Service on the Canal street, the Madison and Chambers street and the Delancey street roads is, to speak mildly, execrable. There has been no attempt whatever to maintain a schedule.

"In addition, there has been an utter failure to provide anything like a sufficient number of cars, and the conditions of the few cars which your company does operate is positively indecent. They reek with filth * * * and are in such a dilapidated condition generally as to be a menace to health, life and limb."

What the Order of the Railroad Commissioners Has Accomplished.

A slight improvement in the condition of the cars has been noticeable—portions of the track have been relaid—mere temporary patch work. There can be no permanent or effective relief until the roads are electrified.

The Board of Directors of the New York City Railway Company appointed a committee to consider the advisability of a change in motive power, as ordered by the Railroad Commissioners. This committee has recently reported. The exact contents of the report are not known. We do know that it is unfavorable to the electrification of the horse car lines. Vice President Root has intimated that we are not to expect electrification for several years.

The appeal to the State Board of Railroad Commissioners failed, for while the Commissioners ordered the changes desired, it has no power to enforce its recommendations. It is a court without power to carry out its decree.

What We Propose.

We are informed, and have reason to believe, that the franchises of some of the cross-town horse car lines have lapsed. We therefore ask that your Board request the Bureau of Franchises to make a thorough investigation into the franchises rights of the following roads:

Madison and Chambers street.
Canal street and East Broadway.
Spring and Delancey streets.
Houston street and Avenue C.

We exclude the Twenty-eighth and Twenty-ninth street crosstown line, for we are informed by the Railroad Commissioners that the railroad company has promised to electrify this line as soon as it can get the necessary material.

We are informed, and have reason to believe, that the franchises of all the East Side crosstown horse car lines, whether lapsed or not, have been forfeited, or are subject to forfeiture, by reason of the failure of the New York City Railway Company to give adequate service to patrons of these lines. The function of a public service corporation is to give public service; the continued control of valuable public franchises by a private monopoly can be justified only by superior service. The horse cars do not give service—they are a make-shift, a disgrace and shame to the City which has so long tolerated them with complacency. We ask that your Board request the Corporation Counsel thoroughly to investigate the feasibility of invalidating the franchises of the crosstown horse car lines for "misuser."

The franchises of these roads should be taken away and should be regranted only upon promise to electrify and upon payment to the City of value for value received.

We are not opposed to the traction merger because it is a monopoly. We recognize the fact that public service corporations may be most effective when systematized and centralized. We do contend that public corporations should be regulated by the City. We are opposed to private monopoly in public franchises, self-centred and all powerful, lawless, defiant of the people's rights.

Long Island Railroad Company and Nassau Electric Railroad Company.

The Secretary presented the following:

In the Matter
of

The application of the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and said Nassau Electric Railroad Company, for the construction of an electric railroad on portions of Atlantic avenue, in the Borough of Brooklyn, City of New York.

To the Board of Estimate and Apportionment:

The petition of the undersigned respectfully shows:

First—By chapter 256 of the Laws of 1832, the Brooklyn and Jamaica Railroad Company was organized and empowered to construct a railroad, "with such appendages as may be deemed necessary for the convenient use of the same," between Brooklyn and Jamaica.

In addition to the general powers given by law, the corporation was authorized to prescribe the manner in which the railroad should be used, and by what force the carriages to be used thereon may be propelled.

Second—That thereafter it constructed a steam surface railroad upon a right of way which it acquired by purchase or condemnation proceedings, portions of which line were included within the limits of what is now Atlantic avenue.

Third—By chapter 178 of the Laws of 1834 the Long Island Railroad Company was organized and empowered to construct a railroad from Greenport to a point on the waters adjacent to Brooklyn, "with such appendages as may be deemed necessary for the convenient use of the same," with power to prescribe the manner in which its road shall be used, and by what force the carriages to be used thereon may be propelled.

Fourth—By chapter 94 of the Laws of 1836 the Brooklyn and Jamaica Railroad Company was authorized to lease its railroad from Brooklyn to Jamaica to the Long Island Railroad Company, and it was provided that the use of the said Brooklyn

and Jamaica Railroad, under such lease, should be taken as a performance of the obligations on the part of the Long Island Railroad Company to construct its road from Greenport to Brooklyn.

Fifth—This lease was made of all the corporate rights and franchises of the said Brooklyn and Jamaica Railroad Company, and has been extended from time to time, and now has seventy (70) years to run. The Long Island Railroad Company under it and under its own charter has been for many years operating a double-track steam railroad over the right of way formerly of the Brooklyn and Jamaica Railroad Company, situated in the centre of what is now Atlantic avenue, from the junction of Atlantic and Flatbush avenues, in the Borough of Brooklyn, to Jamaica and points eastward thereof.

Sixth—The Brooklyn and Jamaica Railroad Company was foreclosed and its property conveyed to the Atlantic Avenue Railroad Company of Brooklyn; and said Atlantic Avenue Railroad Company of Brooklyn was, on or about January 26, 1899, merged with the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company is now possessed of all its property and franchises.

Seventh—By chapter 499 of the Laws of 1897, for the improvement of Atlantic avenue and for the removal of the steam railroad of the Long Island Railroad Company from the surface, it was provided that the railroad of the Atlantic Avenue Railroad Company of Brooklyn, "now leased and operated by the Long Island Railroad Company," between Flatbush avenue and Atkins avenue, should be changed by said companies "by depressing the same from Flatbush avenue to near the easterly side of Bedford avenue, so as to leave the surface free from the steam railroad tracks, fences and gates of the steam railroad of the Long Island Railroad Company then existing thereon. From this point the right of way of the railroad should be operated in an open cut, to a point between Bedford and Nostrand avenues. From there running east the tracks should be raised and run on an elevated structure to the easterly side of Ralph avenue. From Ralph avenue the tracks were to descend to the grade of Atlantic avenue, at a point between Ralph and Howard avenues. From there they were to be operated in an open cut to the west side of Cooper place. From there they were to be placed below the surface of the street to a point near the east side of Stone avenue. From there the right of way should be through an open cut to a point near the westerly side of Jardine place, where it should coincide with the grade of Atlantic avenue. From there eastward it should be operated on a surface grade to near the easterly side of Snedeker avenue. At this point the tracks were to be elevated, passing over Williams avenue at a height of eight feet, and over Alabama avenue at a height of twelve feet, and from the easterly side of Alabama avenue the tracks should be operated over an elevated structure to a point near Linwood avenue. From there they should descend to the grade of Atlantic avenue, near Atkins avenue, and from that point eastward should be operated on the existing grade.

Eighth—Said act also provided that when completed the Long Island Railroad Company, as lessee of the Atlantic Avenue Railroad Company of Brooklyn, was authorized and directed to run its trains "over such improvement and the road of such railroad as constructed and authorized by law," and no cars of other companies, without permission of the said the Long Island Railroad Company, shall be run thereon or thereunder.

Ninth—By chapter 497 of the Laws of 1899 it is provided that whenever any right of way, grade or tracks of any steam railroad in any street, in any city of the first class, are required by law to be changed or altered by elevating or depressing the same for the purpose of discontinuing the use of steam power upon the surface of said highway or street, such alteration or change of grade shall not be deemed to curtail or affect any right which such company, or its lessees or assigns, may have to maintain and operate a surface passenger railroad within the limits of the right of way so depressed or elevated, and over or under the railroad tracks so depressed or elevated, with all turnouts, sidings or tracks necessary to secure the continuous connection of portions of such surface railroad. In the event that any such turnouts, sidings or tracks shall extend beyond the lines of the right of way of such railroad corporation whose tracks have been so depressed or elevated in or upon any of the streets or highways aforesaid, such turnouts, sidings or tracks so extending beyond the lines of such right of way shall only be constructed upon condition that the consent of the owners of one-half in value of the property bounded, and the consent also of the local authorities having the control of that portion of such street or highway upon which it is proposed to construct such turnouts, siding or tracks, shall be first obtained. No such railroad shall be operated by steam locomotives, and shall not be used except for passenger traffic.

Tenth—That the change of grade provided in and by the aforesaid acts for the improvement of Atlantic avenue has been duly made, such portions of the aforesaid track required by said act to be depressed below the surface of the street have been so depressed, and such portions as were required to be elevated have been elevated, that the connections between the same have been constructed, and the trains of the Long Island Railroad Company are now being operated thereon by electricity.

Eleventh—That the tracks for an electrical railroad have been laid upon the aforesaid right of way of the said railroad, over or under the said improvement, with the exception of the following portions thereof, viz.:

1. From the westerly side of Bedford avenue to a point midway between Nostrand avenue and New York avenue.
2. From a point opposite Columbus place to a point near Louis place.
3. From a point opposite Olive place to a point nearly opposite Alabama avenue, with the exception of the portion of the south side of Atlantic avenue, between Snediker and Georgia avenues, occupied by the tracks of the Brooklyn and Rockaway Beach Railroad Company, over which the Long Island Railroad Company has the right to operate.

At these points, where either the cuts are located (being the portions of said right of way by which the trains from the depressed subway reach the surface), or the inclined portion of the elevated structure extends from the grade of the avenue to a place where there is sufficient headroom for the cars to pass thereunder. At these points the existence of these obstacles make it impossible to operate a continuous railroad upon the surface of said right of way.

Twelfth—That in order to secure a continuous connection and operation of said surface railroad, it is necessary that a turnout or siding, consisting of a single track on each side of said right of way, should be constructed in the various portions of Atlantic avenue lying between the points aforesaid, and also that the same should be connected with the tracks of the street surface railroads intersecting the same. That such sidings and connections have been duly located, and that the portions of the streets proposed to be occupied thereby are, and the general line of the improvement is designated on the blue print hereto annexed, marked "A," Drawing No. R-4. Maps showing each one of such sidings in detail are also hereto annexed, marked "B," "C," "D"; maps "E" and "F" show the location of the poles carrying the electric wires.

Thirteenth—That your petitioners are advised and believe that under the statutes aforesaid, and under the provisions of law relative to the subject, your petitioners are authorized to construct said turnouts and sidings and to operate an electric railroad over the same in connection with the line constructed upon the surface of the aforesaid right of way as aforesaid, upon obtaining the consent of the local authorities of The City of New York, and the consent of the majority of the owners of the property abutting on said sidings, or, in lieu of the latter, the consent of the Appellate Division of the Supreme Court.

Fourteenth—That your petitioners have used diligent efforts to obtain the consent of the majority of said abutting owners, but have been unable so to do, and are now about to apply to the Appellate Division for its consent in lieu thereof.

Fifteenth—That the portions of Atlantic avenue over which the petitioners desire to obtain the consent of the City to operate is only a very small portion of the entire route of the proposed railroad, the remainder being upon the property of your petitioners.

That this proposed railroad will be a trolley railroad of the most modern character, and its construction and operation will be a great public convenience, and will, as your petitioners are informed and believe, largely enhance the value of the property abutting on Atlantic avenue and of that in the vicinity. That your petitioners believe that a rental of one hundred dollars (\$100) a year for a franchise to operate each of four turnouts, or the aggregate annual rent of four hundred dollars (\$400) (which represents a capitalization at four per centum of \$10,000), would be a reasonable rent to pay for such privileges, and your petitioners hereby offer to pay the same to the City for its consent to such construction.

Wherefore, your petitioners respectfully pray that the Board of Estimate and Apportionment will grant to the Nassau Electric Railroad Company and the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, the consent of The City of New York for the construction of a double track electrical railroad to be laid on the surface of Atlantic avenue in the Borough of Brooklyn, City of New York, one track thereof to be laid on each side of said avenue in the portions thereof adjoining the places where the right of way of the Long Island Railroad Company above mentioned is obstructed by the elevated and depressed tracks, to wit:

1. Leaving the said right of way at a point forty (40) feet westerly from the westerly side of Bedford avenue, and thence running with a single track on each side of the line of the said right of way and the inner rail of said tracks to be about four (4) feet distant therefrom, to a point about one hundred and fifty (150) feet easterly from the easterly line of Nostrand avenue, and thence curving inward, intersecting the said right of way and connecting with the tracks thereon.

2. Leaving the said right of way at a point about opposite the easterly line (if extended) of Columbus place, and running with a single track on each side of the line of the said right of way and the inner rail of said tracks to be about four (4) feet distant therefrom, to a point about opposite to the easterly side of Cooper place (if extended), and thence curving inward, intersecting the said right of way, and connecting with the tracks thereon.

3. Leaving the said right of way at a point approximately at the centre of Stone avenue, or Eastern Parkway Extension, and running with a single track on each side of the line of the said right of way, to a point about opposite the easterly curb line of Alabama avenue (excepting the portion of the southern side of Atlantic Avenue between Snediker and Alabama avenues, occupied by the existing tracks of the Brooklyn and Rockaway Beach Railroad Company, over which the Long Island Railroad Company has the right to operate); thence curving inward into the said right of way and connecting with the tracks laid thereon.

4. Together with the right to erect and maintain the necessary poles, wires and appurtenances, the poles supporting the wires by which said cars are to be operated to be placed as far as practicable within the limits of the right of way aforesaid.

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,
November 5, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and the said Nassau Electric Railroad Company, in a petition dated July 3, 1906, pray for the right or franchise to construct, maintain and operate a street surface railroad on various portions of Atlantic avenue, in the Borough of Brooklyn.

The application was referred to the Bureau of Franchises at a meeting of the Board of Estimate and Apportionment held September 14, 1906. This Bureau will be prepared to submit on December 7, 1906, a report upon the application, copies of which will be forwarded to the members at least one week previous thereto.

I would therefore recommend that the Board of Estimate and Apportionment, pursuant to the provisions of law, adopt a resolution fixing a date for a public hearing thereon, and that the same be advertised in the public press in two daily newspapers to be designated by the Mayor. Form of resolution is submitted for adoption.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Whereas, The foregoing petition from the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company, dated July 3, 1906, was presented to the Board of Estimate and Apportionment at a meeting held September 14, 1906,

Resolved, That, in pursuance of law, this Board sets Friday, the 7th day of December, 1906, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard, and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

United States Automatic Telephone Company.

In the matter of the petition of the United States Automatic Telephone Company for a franchise to construct, maintain and operate the necessary appurtenances for the

transaction of a general telephone business in and throughout all the boroughs of The City of New York, which was presented to this Board at its meeting of June 8, 1906, and referred to the Bureau of Franchises.

On October 26, 1906, a communication was presented from the Bureau of Franchises, stating that the Corporation Counsel, in an opinion dated October 17, 1906, advised "that the United States Automatic Telephone Company has no power to receive and the Board of Estimate and Apportionment has no power to grant the franchise applied for."

Upon the request of Mr. Elias E. Ries, President of the Company, action on this matter was deferred, to allow him an opportunity to consult with the Corporation Counsel.

The following was offered:

Whereas, The United States Automatic Telephone Company petitioned this Board for a franchise to construct, maintain and operate the necessary appurtenances to transact a general telephone business in and throughout all the boroughs of The City of New York; and

Whereas, The Corporation Counsel of The City of New York, in an opinion dated October 17, 1906, advises "that the United States Automatic Telephone Company has no power to receive and the Board of Estimate and Apportionment has no power to grant the franchise applied for"; now therefore be it

Resolved, That the application of the United States Automatic Telephone Company be and it hereby is denied.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

Seaboard Refrigeration Company.

The Secretary presented the following:

No. 15 GRAMERCY PARK, NEW YORK, }
October 30, 1906. }

Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—On the 14th day of September, 1906, your Honorable Board adopted a resolution consenting to an extension of the time up to and including November 1, 1906, for this company to comply with the provisions of section 2, articles 3 and 22 of the franchise heretofore granted by your Board to this company to install a system of refrigerating pipes at Coney Island, which articles respectively provide for the payment of \$5,000 on account of the purchase price of said franchise, and a deposit of \$5,000 as security for the performance of the contract.

A further extension of the time within which to comply with the requirements referred to has become necessary because there has prevailed since the granting of this franchise a very great stringency in the money market. Necessarily, the subscriptions to the capital which we have secured are not to be called in and made available, for they are made upon the usual condition that no subscription shall be called until substantially the whole amount of the required capital has been subscribed.

We also find that at present the manufacturers of machinery have orders far in advance of their capacity to fill them, and that the delivery of the necessary valves, fittings and other apparatus will be greatly delayed.

We have every confidence that we can and will raise the balance of the necessary capital to comply with the requirements of the franchise and install the new pipe line in connection with our present plant, so as to furnish refrigeration to those on the completed line who may desire it at Coney Island from the beginning of the next season.

We therefore respectfully ask that the time for the first payment of \$5,000 and the deposit of the additional \$5,000 be extended to and including the 1st day of May, 1907.

Respectfully yours,

SEABOARD REFRIGERATION COMPANY,
By CHAS. E. BOOTH, President.

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,
November 2, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Seaboard Refrigeration Company, through its president, Charles E. Booth, in a communication dated October 30, 1906, to the Board of Estimate and Apportionment, requests an extension of time until May 1, 1907, in which to make the initial payment of \$5,000 and the deposit of \$5,000 in cash or securities, as required by the franchise held under contract by the company and executed July 6, 1906.

By resolution duly adopted by the Board of Estimate and Apportionment on September 14, 1906, this company was granted an extension of time to make the aforesaid payments up to and including November 1, 1906.

In the application for the second extension of time Mr. Booth states it is necessary because there has prevailed since the granting of the franchise a very great stringency in the money market, and the subscriptions to the capital which the company has secured are not to be called in and made available, for they are made upon the usual condition that no subscription shall be called until substantially the whole amount of the required capital has been subscribed.

As I have no reason to doubt his statement, and as no public interest will suffer by the proposed extension of time, I would recommend that same be granted, provided the company files an acceptance in writing and agrees to abide by and perform all the other requirements of the contract, the same as if no such extension of time had been granted.

I transmit herewith resolution for adoption, carrying this recommendation into effect.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment did, by resolution adopted June 15, 1906, approved by the Mayor June 22, 1906, grant to the Seaboard Refrigeration Company the franchise, right or privilege to construct, maintain and operate a conduit not to exceed 18 inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, under and along certain streets and avenues in the Borough of Brooklyn, and designated therein; and

Whereas, A contract containing certain terms and conditions to govern the aforesaid franchise, right or privilege, was executed by Charles E. Booth, President, and Henry Guttin, Secretary, on the 22d day of June, 1906, for and on behalf of the Seaboard Refrigeration Company, and by the Honorable Patrick F. McGowan and P. J. Scully, the Acting Mayor and City Clerk of The City of New York, for and on behalf of said City, on July 6, 1906; and

Whereas, "Section 2, Third" provides that the company shall pay to The City of New York "five thousand dollars (\$5,000) in cash within thirty (30) days after the signing of the contract"; and

Whereas, "Section 2, Twenty-second" provides that "this grant is upon the express condition that the company, within thirty (30) days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit

with the Comptroller of The City of New York the sum of five thousand dollars (\$5,000) either in money or in securities to be approved by him, which fund shall be security for the performance by the company of the terms and conditions of this grant * * *; and

Whereas, On September 14, 1906, by resolution duly adopted by the Board of Estimate and Apportionment, this company was granted an extension of time up to and including November 1, 1906, in which to comply with the provisions of "Section 2, Third" and "Section 2, Twenty-second" of the aforesaid contract; and

Whereas, The Seaboard Refrigeration Company, in a petition dated October 30, 1906, requests a further extension of time in which to comply with the provisions of "Section 2, Third" and "Section 2, Twenty-second" of the aforesaid contract, upon the ground that it has been unable to secure the necessary capital to make the required payments on account of the great stringency in the money market; now therefore be it

Resolved, That the Board of Estimate and Apportionment hereby grants upon the conditions hereinafter set forth, an extension of time up to and including May 1, 1907, for the company to comply with the provisions of "Section 2, Third" and "Section 2, Twenty-second" of said contract; and be it further

Resolved, That this extension of time shall not become operative until said Seaboard Refrigeration Company shall duly execute, under its corporate seal, an instrument in writing, to the satisfaction of the Board of Estimate and Apportionment, and file the same in the office of the said Board within thirty (30) days from the approval of this resolution by the Mayor, wherein said company shall promise, covenant and agree that the consent of the Board of Estimate and Apportionment so given to the extension of time requested shall not in any wise change, alter or amend any of the terms, conditions and requirements in the contract, fixed and contained, and which said contract shall remain in full force and effect except as herein expressly stated.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

New York Central and Hudson River Railroad Company.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,
September 11, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In a communication dated October 5, 1905, from the then Dock Commissioner, he requested the approval of the Commissioners of the Sinking Fund to a lease to the New York Central and Hudson River Railroad Company of certain land under water along the northerly side of the West Fifty-ninth Street Pier, North river, extending from the easterly line of Thirteenth avenue outshore to the pier-head line, with the privilege of maintaining a track trestle thereon.

The trestle was to be about 18 feet long on the north side of the West Fifty-ninth Street Pier, and a single track railroad spur was to be constructed thereon to permit loading from boats to cars and to connect with the tracks of the company on Twelfth avenue at Sixtieth street, where is located the yards of the company, maintained under authority of chapter 714 of the Laws of 1887.

This petition was submitted to the Bureau of Franchises for investigation, and in a report to the Commissioners of the Sinking Fund from this Bureau objection was made to the granting of the lease upon the grounds that the company had no right or authority to lay tracks in Twelfth avenue without the consent of the Board of Estimate and Apportionment, as it was thought such a grant was in the nature of a supplemental franchise, and consent or permission therefor should be received from the City authorities.

Since the submission of my report to the Commissioners of the Sinking Fund on this matter I have had several conferences with the representatives of the railroad company without coming to any definite conclusion.

Mr. Robert L. Luce, attorney for the company, eventually expressed the wish that the matter be submitted to the Corporation Counsel for an opinion as to whether or not the company had authority to maintain tracks at the point designated.

The company based its right for the maintenance of the tracks at this point on the enactment of an omnibus resolution by the Common Council in 1867, giving the company authority "to lay down such switches and turnouts at their several passenger and freight depots as are necessary for the convenient transaction of their business."

On August 2, 1906, in a communication to the Corporation Counsel, I advised him of the entire situation, and requested that he furnish me with an opinion so as to definitely determine the rights of the company to lay the aforesaid tracks, and I transmitted therewith a copy of a resolution which I requested that he approve, should he deem it advisable, or make any amendments or suggestions to accomplish the object desired, if the tracks at this point were illegally maintained and operated.

In a communication dated August 2, 1906, Acting Corporation Counsel Sterling renders an opinion as the result of an exhaustive investigation and examination of the matter.

The Corporation Counsel states he can find no authority for the following tracks, maintained and operated by the company:

"Two parallel tracks on the easterly side of Twelfth avenue extending from the yards of the company to the northerly side of Fifty-ninth street.

"Another track from such railroad yard along the westerly side of Twelfth avenue to the southerly side of Fifty-ninth street.

"Another siding from the power house across Twelfth avenue to the approach of the Fifty-ninth Street Pier of the Railroad Company at the foot of Fifty-ninth street."

These matters were not involved in the letter addressed to the Corporation Counsel, but he states "were revealed on examination of the entire situation, and are sufficiently important to warrant prompt action being taken. The tracks in question practically usurp the entire avenue between Sixtieth and Fifty-ninth streets, while the curve about which you originally wrote occupied but a very small part of the streets."

Speaking particularly of the track in Twelfth avenue, connecting the yard of the company with the track on the trestle, the Corporation Counsel, after quoting a section of the resolution adopted by the Common Council in 1867 and heretofore mentioned, states:

"Whatever rights the company might have by virtue of such resolution to connect with this pier, the general improvement sought here cannot be regarded as coming within the purview of such resolution. * * * I cannot, therefore, find any right of the company to maintain or any authority in the Dock Commissioner to authorize this trestle beyond the bulkhead line."

He then advises:

"That the track in question on Twelfth avenue should be removed, and that the company should be notified that the trestle at present constructed is an unauthorized and illegal structure and the Commissioner of Docks should be notified he has no authority to execute a lease of the lands under water between the bulkhead line and the pier line."

He proposes certain amendments to the resolution which was transmitted to him for approval, and I append hereto the resolution as amended for adoption.

I transmitted copy of the aforesaid opinion to the Commissioner of Docks and Ferries, and I have also notified the attorney for the railroad company of the contents of the opinion, in a communication dated August 6, 1906, and requested that he present on behalf of the railroad proper applications for any tracks which it may desire to maintain and stipulate it will agree to accept the consent for the main-

ance of the tracks upon the usual terms provided by the Board; otherwise remove them. No reply has been received to this letter, and to my knowledge no application has been presented to the Board. I am therefore submitting with this report a form of resolution for adoption, carrying into effect the recommendations of the Corporation Counsel that the tracks on Twelfth avenue, between Fifty-eighth and Sixtieth streets, be removed.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

Whereas, The Common Council of The City of New York did on June 20, 1867, adopt resolutions reading, in part, as follows:

"Resolved, That permission is hereby granted to the Hudson River Railroad Company, during the continuance of their charter, to use dummy engines to draw their cars between their several passenger and freight stations in The City of New York upon condition that they pay in each year a license fee of \$50 for each of said engines used by them during that year, to lay down such switches and turnouts at their several passenger and freight depots as are necessary for the convenient transaction of their business;" and

Whereas, Purporting to act under and by the authority of such resolution, the Company has occupied some of the streets of the City, the right to which occupation the City, by its proper officials, is now contesting; and

Whereas, The existence of such a broad privilege is against the policy of the people of The City of New York, and contrary to their best interest; now therefore be it

Resolved, That said resolution be and the same is hereby amended by striking therefrom the words

"To lay down such switches and turnouts at their several passenger and freight depots as are necessary for the convenient transaction of their business,"

—and substituting in their place the words

"But no tracks shall hereafter be laid by such company in the streets of the City by way of extensions, connections, switches or turnouts, without the consent of this Board."

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, November 7, 1906.

Board of Estimate and Apportionment:

GENTLEMEN—Under date of August 2, 1906, my predecessor wrote to Mr. Nichols, of the Bureau of Franchises, relative to the rights of the New York Central and Hudson River Railroad Company to maintain certain tracks on Twelfth avenue, between Fifty-ninth and Sixtieth streets. In that opinion a trestle constructed by the railroad company to the north of the Fifty-ninth street pier was spoken of as an unauthorized and illegal structure.

At the request of the Commissioner of Docks, I re-examined the opinion, in so far as it affected the question of the trestle, and pending such re-examination requested that your Board defer taking action. Under date of November 1, 1906, I sent a communication to the Commissioner of Docks, a copy of which I herewith inclose, which to some extent modifies the opinion of my predecessor in regard to the trestle. The latter opinion, however, in no way affects the franchise question involving the right of the company to maintain tracks in Twelfth avenue, which is a question solely within the jurisdiction of your Board.

On this point I concur in the opinion of my predecessor and think that irrespective of the question of the legality or illegality of this trestle, the railroad company has no right to connect its yard to the north of Sixtieth street with the Fifty-ninth street pier, or the trestle along the side of that pier by means of a railroad in Twelfth avenue, and has no right to maintain any of the tracks now laid in Twelfth avenue, between Fifty-ninth and Sixtieth streets. Your Board is therefore free to consider and pass upon the franchise questions covered by the opinion of August 2, which matters are now on your calendar and are now, I think, set down for consideration on November 9.

Reference was also made in the former opinion to a proposed amendment of a resolution adopted by the Common Council June 20, 1867, granting permission to the Hudson River Railroad Company to run locomotives, use dummy engines and lay down switches and turnouts.

This raises important questions which, however, are not material for the disposition of the present case, as I hold that under this resolution, the railroad company has no right to lay or maintain tracks in Twelfth avenue, between Fifty-ninth and Sixtieth streets. It seems to me not advisable, therefore, at the present time to pass upon the questions that arise when any amendment of that resolution is discussed.

If, however, your Board desire to raise these questions and to be advised by the Corporation Counsel thereon, he will take pleasure in complying with your request to that effect.

Your Board should also, I think, consider whether it ought not to give the railroad company an opportunity to be heard before it amends this ordinance which has been in force nearly forty years and upon which important interests of the City, as well as of the railroad company, depend.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

The following was offered:

Resolved, That the Secretary be directed to forward to the New York Central and Hudson River Railroad Company a copy of the proposed resolution in relation to the amendment of an ordinance adopted by the Common Council and approved on June 20, 1867, permitting said company to lay down switches and turnouts at their several passenger and freight depots, and requesting the New York Central and Hudson River Railroad Company to submit to this Board, in writing, on or before November 30, 1906, any objections which it may have to the adoption of said resolution.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15

The following was offered:

Resolved, That the New York Central and Hudson River Railroad Company be and it hereby is directed to remove on or before December 21, 1906, all connections, switches and turnouts from the surface of Twelfth avenue, between Fifty-eighth and Sixtieth streets, in the Borough of Manhattan, and to restore the street pavement to its original condition, under the supervision and to the satisfaction of the President of the Borough of Manhattan; and be it further

Resolved, That the President of the Borough of Manhattan be requested to report to this Board on December 21, 1906, whether the tracks have been removed and the pavement restored to his satisfaction.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15

New York and Richmond Gas Company.

The Secretary presented the following:

To the Honorable the Board of Estimate and Apportionment of The City of New York: The petition of New York and Richmond Gas Company respectfully shows:

First—Your petitioner is a corporation, duly organized and existing under and by virtue of the laws of the State of New York for the purpose of manufacturing and

supplying gas for light, heat and power for public and private use in the County of Richmond, in the State of New York.

Second—Your petitioner desires to obtain from The City of New York, and hereby respectfully applies for its consent to, and a grant of, the franchise, right and privilege to lay, construct, maintain and operate pipes, mains and conductors, with the necessary branches and connections therefrom, in, under and along all of the streets, avenues, highways, boulevards, parkways and public places within the territory comprised in the Fifth Ward of the Borough of Richmond (formerly the Town of West-Heid), in the City and State of New York, for the purpose of transmitting and supplying gas for light, heat and power to public and private consumers.

Third—Your petitioner is and has been for several years last past engaged in the business of manufacturing, supplying and distributing gas for light, heat and power in the territory comprised in the First, Second, Third and Fourth wards of the Borough of Richmond, in The City of New York, and has constructed, maintained and operated, and now maintains and operates numerous lines of pipes, mains and conductors in the streets, avenues, highways and public places within said wards.

Fourth—That no other company or individual is engaged in manufacturing or supplying gas for light, heat or power for either public or private use within the boundaries of the Fifth Ward of the Borough of Richmond and the inhabitants of said ward have no means of securing gas for light, heat or power at the present time. That said Fifth Ward is the only ward in the Borough of Richmond in which no gas is manufactured or supplied to public or private consumers, and a large number of the residents and property owners in said ward have requested your petitioner to construct and lay pipes and mains in the streets, avenues, highways and public places of said ward for the purpose of supplying them with gas.

Wherefore, your petitioner prays that the assent of your Honorable Board of the Corporation of The City of New York be granted to it to construct, lay, maintain and operate pipes, mains and conductors, with the necessary branches and connections therefrom, in, under and along the streets, avenues, highways, parks and public places within the territory comprised in the Fifth Ward of the Borough of Richmond for transmitting and distributing gas for light, heat and power to public and private consumers, and that the desired consent, grant or franchise be embodied in the form of a contract, with proper terms and conditions, in accordance with the provisions of the Greater New York Charter.

Dated New York City, November 1, 1906.

NEW YORK AND RICHMOND GAS COMPANY,
By THOS. O. HORTON, Secretary.

State of New York, County of Richmond, ss.:

Thomas O. Horton, being duly sworn, deposes and says that he is the secretary of New York and Richmond Gas Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true to his own knowledge, except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true. That the reason why this verification is not made by the petitioner is that it is a corporation; that deponent is an officer of said corporation—to wit, secretary—and that the grounds of his information in regard to the matters stated in the foregoing petition, so far as the same are not within his personal knowledge, are statements and reports made by officers or employees of the corporation to him as secretary thereof.

THOS. O. HORTON.

Sworn to before me this 1st day of November, 1906.

The Secretary presented the following communication from the President, Borough of Queens, requesting the transfer of \$4,300 from the account Bureau of Sewers—Salaries, for the year 1906, to various accounts for the same year:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS,
LONG ISLAND CITY, October 30, 1906.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

DEAR SIR—I find that a surplus exists in the Salaries Fund of the Bureau of Sewers of this borough, and that there is a deficiency in the amount allowed the Far Rockaway Disposal Works, Jamaica Disposal Works and the Newtown Disposal Works, 1906, in the same Bureau. I therefore forward resolution for the transfer of the sum of forty-three hundred dollars, which I would request be placed on the calendar at an early date.

Yours truly,

JOSEPH BERTEL,
President of the Borough of Queens.

The following resolution was offered:

Resolved, That the sum of four thousand three hundred dollars (\$4,300) be and the same is hereby transferred from the appropriation made to the President of the Borough of Queens, for the year 1906, entitled Bureau of Sewers—Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriations made to said President of the Borough of Queens, for the same year, entitled and as follows:

Bureau of Sewers—Far Rockaway Disposal Works.....	\$1,700 00
Bureau of Sewers—Jamaica Disposal Works.....	1,200 00
Bureau of Sewers—Newtown Disposal Works.....	1,400 00
	<u>\$4,300 00</u>

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented the following communication from the Justice, Twelfth District Municipal Court, Borough of Manhattan, requesting the transfer of \$500 from the Salary Account for the year 1906, to the account Supplies and Contingencies:

MUNICIPAL COURT OF THE CITY OF NEW YORK,
NO. 2555 BROADWAY,
NEW YORK, November 5, 1906.

To the Honorable Board of Estimate and Apportionment, City Hall:

GENTLEMEN—This Court has never been supplied with a library and has but about two dozen books in all. Some reasonable provision of this kind is absolutely necessary, especially in this portion of the city, where there is no other library available.

I am informed that there is to the credit of Salary Account of the Twelfth District Municipal Court an unexpended balance of over eight hundred dollars for the current year. I therefore request that at least \$500 of this unexpended balance be transferred from Salary Account to Supplies and Contingencies Account of this Court to enable us to provide such books and bookcases therefor as are indispensable.

Yours very truly,

ALFRED P. W. SEAMAN, Justice.

The following resolution was offered:

Resolved, That the sum of five hundred dollars (\$500) be and same is hereby transferred from the appropriation made to the Twelfth District Municipal Court, Borough of Manhattan, for the year 1906, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said court for the same year entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented the following communication from the Justice, Seventh District Municipal Court (Borough of Brooklyn) requesting the transfer of \$426.33 from the Salary Account of this Court to the Contingent Account for the year 1906:

MUNICIPAL COURT OF THE CITY OF NEW YORK,
PENNSYLVANIA AVENUE AND FULTON STREET,
September 21, 1906.

The Honorable Board of Estimate and Apportionment, City of New York:

DEAR SIRS—There are remaining unexpended in the Salary Account of this Court the following amounts:

Attendant's salary, from January 1 to March 17, 1906.....	\$209 67
Interpreter's salary, from July 1 to September 6, 1906.....	216 66
Total	<u>\$426 33</u>

I would respectfully ask that the above amount be transferred from the Salary to the Contingency Account.

This Court was established on January 1, 1906. The amount appropriated for furniture and fixtures proved to be inadequate, and we are short filing cases, shelving, bookcases, and innumerable articles, which we will be obliged to purchase out of the contingency fund.

Respectfully,

ALEXANDER S. ROSENTHAL, Justice.

The following resolution was offered:

Resolved, That the sum of four hundred and twenty-six dollars and thirty-three cents (\$426.33) be and the same is hereby transferred from the appropriation made to the Seventh District Municipal Court (Borough of Brooklyn), for the year 1906, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Court for the same year, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented the following communication from the Clerk of Kings County, requesting the transfer of \$2,750 from the accounts Recopying and Remounting Maps (\$2,000) and Fees to Searchers (\$750), for the year 1906, to the accounts Recopying and Reindexing Mutilated and Worn-out Judgment Rolls, etc. (\$2,000) and Salaries (\$750) for the same year:

COUNTY CLERK'S OFFICE, COUNTY OF KINGS,
HALL OF RECORDS, BROOKLYN,
NEW YORK, October 11, 1906.

The Honorable Board of Estimate and Apportionment, No. 277 Broadway, New York City, N. Y.:

GENTLEMEN—Application is hereby made for the transfer of the sum of two thousand dollars (\$2,000) from the fund designated Recopying and Remounting Maps to the fund Recopying and Reindexing Mutilated and Worn-out Judgment Rolls, etc. This transfer is necessitated by reason of the demands that have been made on the recopying and reindexing funds by the Commissioner of Records.

I also make application for the transfer of the sum of seven hundred and fifty dollars (\$750) from the fund designated Fees to Searchers to the fund appropriated for salaries, to enable me to meet the increased demand upon the salary account by chapter 566 of the Laws of 1906.

Yours respectfully,

CHAS. T. HARTZHEIM, Clerk, Kings County.

The following resolution was offered:

The Secretary presented the following communications from the Commissioner of Bridges and President, Borough of Queens, also report of the Bureau of Investigations, Department of Finance, approved by the Comptroller, to whom, on February 16, was referred said communication from the President, Borough of Queens, relative to the request of the Commissioner of Bridges for the transfer of \$3,500 from the appropriation made to said Borough President for the maintenance of Hunter's Point Avenue Bridge over the Dutch Kills, Queens, to the account of the Bridge Department, entitled For Maintenance of and Repairs to Bridges in the Borough of Queens:

DEPARTMENT OF BRIDGES, }
Nos. 13 to 21 PARK ROW, }
NEW YORK, January 23, 1906. }

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—It appears that the Hunter's Point Avenue Bridge over Dutch Kills in the Borough of Queens is over a navigable stream. Such being the case it should, under the Charter, be under the control of the Commissioner of Bridges.

I have made this statement to President Bermel of the Borough of Queens and have requested him to sanction the transfer from the Budget of 1906 for the Maintenance of Viaducts and Bridges in Queens, which included the operation and maintenance of this bridge, an amount necessary to operate and maintain this bridge during the year 1906, estimated at \$3,500.

If this transfer of funds is not made, I respectfully request that your Honorable Board will make special provision for the operation and maintenance of the bridge in the amount above named.

Respectfully,

J. W. STEVENSON, Commissioner of Bridges.

THE CITY OF NEW YORK, }
OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS, }
LONG ISLAND CITY, February 8, 1906. }

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Replying to yours of the 5th inst., advising me of a communication to the Board of Estimate and Apportionment, from the Commissioner of Bridges, relating to the maintenance of the Hunter's Point Avenue Bridge over Dutch Kills, which was referred to me for consideration and report, I send you herewith copy of a communication to the Commissioner of Bridges regarding this matter.

As stated in this communication, the amount allowed for maintenance of viaducts and bridges in this borough is hardly sufficient to maintain the numerous other bridges in this borough, and for that reason I feel that the transfer requested should not be sanctioned, but that if additional fees are necessary, a special appropriation be secured for that purpose.

Yours respectfully,

JOSEPH BERMEL,

President of the Borough of Queens.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, }
COMPTROLLER'S OFFICE, }
October 25, 1906. }

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of a request made by James W. Stevenson, Commissioner of Bridges, that special provision be made in the amount of \$3,500 for the operation and maintenance, under the supervision of the Department of Bridges, of the Hunter's Point Avenue Bridge, Borough of Queens, provided that President Bermel of the Borough of Queens does not sanction the transfer of a like amount from the 1906 Budget appropriation for Maintenance of Viaducts and Bridges under his jurisdiction to the appropriation made for the Department of Bridges, which was referred to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

From the examination made by your representatives the following facts appear: Hunter's Point Avenue Bridge, although a swinging bridge, is rarely opened, and then only for the passage of the scows or floats of the contracting firm which is bulk-heading the Dutch Kills. There are no bridge tenders assigned to the bridge, the work of opening it being attended to by the employees of the firm mentioned, subject to some supervision by the bridge tenders connected with the Borden Avenue Bridge. Judging from the condition of Hunter's Point Avenue, which is unpaved and totally unimproved in the locality of the bridge, it would seem that the amount of traffic would be very little. The expense of maintaining the bridge while it was under the supervision of the President of the Borough of Queens did not exceed \$250 a year, and judging from present conditions it will not require any greater outlay during the present year.

In view of the fact that the Budget appropriation for 1904 and 1905, viz., \$20,016.26, was considerably larger than was necessary to meet all the expense connected with the

maintenance of bridges in the Borough of Queens under the control of the Department of Bridges, and the further fact that the only increase in the number of bridges to be cared for in 1906 over those cared for in 1904 and 1905 has been the addition of the Hunter's Point Avenue Bridge, the maintenance cost of which is small under present conditions, it would seem that the Budget appropriation of \$20,016.26 for the Department of Bridges—Maintenance of and Repairs of Bridges in the Borough of Queens, would be sufficient to meet all the demands made upon it, including the care of the Hunter's Point Avenue Bridge.

I would therefore respectfully recommend that the request of the Commissioner of Bridges that special provision to the amount of \$3,500 be made for the operation and maintenance of the Hunter's Point Avenue Bridge during 1906 be disapproved.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the request of the Commissioner of Bridges, under date of January 23, 1906, for the transfer of \$3,500 from the account of the President, Borough of Queens, for the year 1906, entitled Bureau of Highways—Maintenance of Viaducts and Bridges, to the account of the Commissioner of Bridges for the same year, entitled For Maintenance and Repairs to Bridges in the Borough of Queens, be and the same is hereby disapproved.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, recommending the rescinding of the resolution adopted June 22, 1906, approving of the issue of \$5,000 Corporate Stock for the preparation of plans and specifications for the construction of a court house on Sterling place and Flatbush avenue, Brooklyn, for the Sixth District Municipal Court, and the acquisition by condemnation of property on Sterling place and Flatbush avenue, Brooklyn, as a site for a headquarters building for the Police Department, etc.

Laid over.

The Secretary presented the following resolution of the Board of Education requesting the acquisition of property located on Pitkin avenue, Crescent street and Hemlock street, Brooklyn, selected as a site for school purposes, and report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, recommending the acquisition of said property by purchase, at a price not exceeding \$21,984, with the exception of one plot within the area of said streets, which it is recommended be acquired by condemnation, the title to vest ten days after the filing of the oaths of the Commissioners:

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations of the Local School Board of District No. 40 and the City Superintendent of Schools that a site be acquired in the vicinity of Pitkin avenue and Crescent street, Borough of Brooklyn, for a new school building to relieve Public School 64, in which there are over 1,500 children on part time, and is of the opinion that property on Pitkin avenue, Crescent and Hemlock streets should be selected for this purpose. It is the intention to erect a new building on the property mentioned as soon as title thereto is acquired, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Pitkin avenue, Crescent and Hemlock streets, in Local School Board District No. 40, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$12,500:

Beginning at a point formed by the intersection of the northerly line of Pitkin avenue with the easterly line of Crescent street, and running thence northerly along the easterly line of Crescent street two hundred (200) feet; thence easterly and parallel with Pitkin avenue two hundred (200) feet to the westerly line of Hemlock street; thence southerly along the westerly line of Hemlock street two hundred (200) feet to the northerly line of Pitkin avenue; thence westerly along the northerly line of Pitkin avenue two hundred (200) feet to the easterly line of Crescent street, the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be, and it is hereby, requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education, October 24, 1906.

A. EMERSON PALMER, Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 26, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education at a meeting held October 24, 1906, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Pitkin avenue, Crescent and Hemlock streets, in Local School Board District No. 40, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$12,500:

"Beginning at a point formed by the intersection of the northerly line of Pitkin avenue with the easterly line of Crescent street, and running thence northerly along the easterly line of Crescent street 200 feet; thence easterly and parallel with Pitkin avenue 200 feet to the westerly line of Hemlock street; thence southerly along the westerly line of Hemlock street 200 feet to the northerly line of Pitkin avenue; thence westerly along the northerly line of Pitkin avenue 200 feet to the easterly line of Crescent street, the point or place of beginning, be the said several dimensions more or less.

"Resolved, That the Board of Estimate and Apportionment be, and it is hereby, requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

The property included within the area above described is owned in three separate ownerships, the larger part being 200 feet by 200 feet by 100 feet by 40 feet by 100 feet by 160 feet, and is owned by Mr. Claus Doscher, who offers to sell the same to the City for the sum of \$21,984. The price asked by Mr. Doscher is fair and reasonable, and I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition of the same at private sale on the part of the Comptroller at a price not exceeding \$21,984.

The other two parcels, one a vacant lot and one with a house on it, the owners ask more than their fair market value. Negotiations are now under way looking to the acquisition of this property at private sale, but pending the same, I believe that nothing should be put in the way of the Board of Education acquiring the property in order that they may begin building on this plot to furnish a school site in this rapidly growing neighborhood.

I therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition of the strip of land 50 feet front by 100 feet in depth, more particularly described in the resolution accompanying this report, by condemnation proceedings, said resolution among other clauses to contain a clause that title shall vest in the City ten days after the filing of the oaths of the Commis-

sioners of Estimate and Appraisal appointed in the proceedings, and shall also contain a clause that the Comptroller may acquire this property at any time during the proceedings upon reporting to this Board that it can be acquired at a fair and reasonable price.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described premises for school purposes, in the Borough of Brooklyn:

Beginning at a point formed by the intersection of the northerly line of Pitkin avenue with the easterly line of Crescent street, and running thence northerly along the easterly line of Crescent street 200 feet; thence easterly and parallel with Pitkin avenue 200 feet to the westerly line of Hemlock street; thence southerly along the westerly line of Hemlock street 200 feet to the northerly line of Pitkin avenue; thence westerly along the northerly line of Pitkin avenue 200 feet to the easterly line of Crescent street, the point or place of beginning, be the said several dimensions more or less,

—and that the Comptroller of The City of New York is hereby authorized to enter into a contract for the acquisition of the following portion of the above described property:

Beginning at a point formed by the intersection of the northerly line of Pitkin avenue with the easterly line of Crescent street; running thence easterly along the northerly side of Pitkin avenue 200 feet to the westerly side of Hemlock street; thence northerly along the westerly side of Hemlock street 200 feet; running thence westerly parallel with Pitkin avenue 100 feet; thence southerly parallel with Hemlock street 40 feet; thence again westerly parallel with Pitkin avenue 100 feet to the easterly side of Crescent street; thence southerly along the easterly side of Crescent street 160 feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises, of, in and to the streets in front thereof to the centre thereof, —at a price not exceeding twenty-one thousand nine hundred and eighty-four dollars (\$21,984), said contracts to be presented to the Corporation Counsel for his approval as to form; and be it further

Resolved, That the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of the following described property:

Beginning at a point on the easterly side of Crescent street distant 160 feet northerly from the intersection of the easterly side of Crescent street with the northerly side of Pitkin avenue; running thence easterly parallel with Pitkin avenue 100 feet; thence northerly parallel with Crescent street 40 feet; thence westerly again parallel with Pitkin avenue 100 feet to the easterly side of Crescent street; thence southerly along the easterly side of Crescent street 40 feet to the point or place of beginning.

Assessed valuation of the above described lands and premises for the purposes of taxation, as shown by the books of record on file in the Department of Taxes and Assessments, is \$2,450; and be it further

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest that the title to all of said lands shall be acquired at a fixed or specified time, does hereby direct that title to said lands and premises and interest therein shall vest in The City of New York ten days after the filing of the oaths of the Commissioners to be appointed in accordance with the provisions of section 1437 of the Greater New York Charter.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described property at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Commissioner of Correction, report of the Chief Engineer, Department of Finance, approved by the Comptroller, and resolution of the Board of Aldermen, relative to an issue of \$5,000 Special Revenue Bonds for repairing steamboats of the Department of Correction:

DEPARTMENT OF CORRECTION,
COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,
NEW YORK, August 7, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I would respectfully ask that, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Honorable the Board of Estimate and Apportionment will authorize the issue of Corporate Stock of The City of New York to the amount of five thousand dollars (\$5,000) for "Repairing Steamboats."

In this connection I would ask your careful attention to the enclosed report of the Department Inspector showing the necessity of these repairs.

Very respectfully yours,

FRANCIS J. LANTRY, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
September 5, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Francis J. Lantry, Commissioner, Department of Correction, in communication under date of August 7, 1906, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$5,000, to be used for repairs to steamboats of the Department of Correction.

I have looked up this matter, and I find that it is proposed to use this money for ordinary repairs to the boats of the Department. The work contemplated consists of renewals of copper sheathing, of decks and deck coverings and various repairs and renewals of other portions of the boats and their equipment. So far as I am able to ascertain, there is no intention of using any part of this money for permanent improvements or in a way to make any part of any boat or its equipment substantially better than when first built or equipped.

Since these boats were built from the proceeds of the sale of Corporate Stock and represent an investment of City funds, it is manifest that repairs of the nature mentioned above might be made to such an extent that the boats would eventually represent an issue of City Bonds far beyond their value.

I am of the opinion that all repairs of ordinary character should be provided for in the annual Budget, leaving extraordinary and unforeseen repairs to be provided for by the issue of Special Revenue Bonds; and I believe it is against the interest of the City and contrary to present policy to issue long term bonds (or Corporate Stock) for the purpose of securing funds for ordinary repairs.

If, however, the Board of Estimate and Apportionment should think it advisable to issue Corporate Stock for this purpose, it may authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$5,000, for the purpose of making repairs to the steamboats of the Department of Correction.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of five thousand dollars, the proceeds whereof to be applied to pay for repairs to the steamboats of the Department of Correction.

Adopted by the Board of Aldermen October 9, 1906, three-fourths of all the members voting in favor thereof, having been first advertised as required by law.

Received from his Honor the Mayor, October 20, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted October 9, 1906, and approved by the Mayor October 20, 1906, in relation to an appropriation of five thousand dollars (\$5,000), to pay for making repairs to the steamboats of the Department of Correction, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of five thousand dollars (\$5,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Education and report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, relative to the acquisition by purchase, at a price not exceeding \$21,400, of property located on Vandervoort avenue and Anthony street, Brooklyn, selected as a site for school purposes:

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations of the City Superintendent of Schools and the Local School Board of District No. 34 that a site be acquired for a new school building to relieve Public Schools 23, 51 and 110, Borough of Brooklyn. Building operations are very heavy in this section and additional school accommodations are urgently needed. Your Committee is of the opinion that property on the easterly side of Vandervoort avenue, running from Anthony street to Cherry street, should be acquired as a site for a new school building. It is the intention to erect a school building on said property as soon as title thereto is obtained, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Vandervoort avenue, Anthony and Cherry streets, in Local School Board District No. 34, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$3,200:

Beginning at a point formed by the intersection of the northerly line of Anthony street with the easterly line of Vandervoort avenue, and running thence northerly along the easterly line of Vandervoort avenue two hundred (200) feet to the southerly line of Cherry street, thence easterly along the southerly line of Cherry street two hundred (200) feet, thence southerly and parallel with Vandervoort avenue two hundred (200) feet to the northerly line of Anthony street, thence westerly along the northerly line of Anthony street two hundred (200) feet to the easterly line of Vandervoort avenue, the point or place of beginning, be the said several dimensions, more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education, at a meeting held on the 24th day of October, adopted the following resolution:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Vandervoort avenue, Anthony and Cherry streets, in Local School Board District No. 34, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$3,200:

Beginning at a point formed by the intersection of the northerly line of Anthony street with the easterly line of Vandervoort avenue, and running thence northerly along the easterly line of Vandervoort avenue 200 feet to the southerly line of Cherry street; thence easterly along the southerly line of Cherry street 200 feet; thence southerly and parallel with Vandervoort avenue 200 feet to the northerly line of Anthony street; thence westerly along the northerly line of Anthony street 200 feet to the easterly line of Vandervoort avenue, the point or place of beginning, be the said several dimensions, more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

The property above described is 200 feet square and is known on the tax maps of the Borough of Brooklyn for the purposes of taxation as Lots Nos. 1, 3, 6, 9, 10 and part of Lot No. 11, in Block 2811, and is assessed at \$3,200, and there are four ownerships in the entire plot.

Lot No. 1, 50 by 100 feet, is on the northeast corner of Vandervoort avenue and Anthony street, and is offered to the City for the sum of \$2,500. Lot No. 6, located on the southeast corner of Vandervoort avenue and Cherry street, being 75 by 100 feet, is offered for the sum of \$1,200. Lot No. 10, located on the southerly side of Cherry street, 125 feet east of Vandervoort avenue, is offered to the City for the sum of \$1,300, the remaining part being 75 feet on Vandervoort avenue, 100 feet on Anthony street and 75 feet on Cherry street, has been offered to the City for the sum of \$13,000. This makes approximately \$1,300 for inside lots and \$1,600 for the two corners. I do not consider that this price is excessive and I would respectfully recommend that the Board of Estimate and Apportionment approve of the action of the Board of Education in the selection of this site and authorize its acquisition at a price not exceeding \$21,400.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described premises for school purposes, in the Borough of Brooklyn:

Beginning at a point formed by the intersection of the northerly line of Anthony street with the easterly line of Vandervoort avenue, and running thence northerly along the easterly line of Vandervoort avenue two hundred (200) feet to the southerly line of Cherry street, thence easterly along the southerly line of Cherry street two hundred (200) feet, thence southerly and parallel with Vandervoort avenue two hundred (200) feet to the northerly line of Anthony street, thence westerly along the northerly line of Anthony street two hundred (200) feet to the easterly line of Vandervoort avenue, the point or place of beginning, be the said several dimensions, more or less. Together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof,

—and the Comptroller of The City of New York is hereby authorized to enter into a contract for the acquisition of the above described property at a price not exceeding twenty-one thousand four hundred dollars (\$21,400), said contracts to be presented to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Police Department and report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, relative to the acquisition by purchase at a price not exceeding \$105,000 of property selected as a site for a stable for the Police Department, located on Jamaica avenue and the North Hempstead turnpike, Flushing, Queens:

POLICE DEPARTMENT,
OFFICE OF THE COMMISSIONER, No. 300 MULBERRY STREET,
NEW YORK, November 1, 1906.

Hon. HERMAN A. METZ, Comptroller, No. 280 Broadway, City:

SIR—On July 19, 1906, \$2,000,000 was made available for the use of the Police Department for the construction of new station houses. One of the most urgent needs of the Department is a proper stable and exercising ground for new horses, and also, if it be possible, a pasture for horses which are footsore. It ought to be possible to obtain sufficient ground in connection with the construction of some needed new station house. Such a place would naturally fall in one of the outlying districts where mounted Patrolmen are needed. It should be large enough for a small ring for exercising horses, and such a place could incidentally be used for athletic sports for the men of the force perhaps. The necessity, however, for a proper training stable in connection with one of the new station houses is apparent. With the assistance of Mr. Thomas F. Byrnes, one of your appraisers of real estate, I have located a piece of property on the northeasterly corner of Jamaica avenue and the North Hempstead turnpike, in the Borough of Queens, containing 22.123 acres, which seems to be admirably suited for the purpose. I am informally advised by your appraiser that the property can be acquired at private sale at a fair price and that at an early date the property could be ready for departmental use. It is therefore respectfully requested that you present the matter to the Board of Estimate and Apportionment, in order that the property may be acquired by the Police Department for the purpose stated. There are sufficient available funds to pay for the property if acquired at private sale.

Respectfully,

THEO. A. BINGHAM, Police Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Theodore A. Bingham, Commissioner of the Police Department, in a communication under date of November 1, 1906, states that on July 19, 1906, \$2,000,000 was made available for the use of the Police Department for the construction of new station houses, and that one of the most urgent needs of the Department is a proper stable and exercising ground for new horses, and also, if it be possible, a pasture for horses that are footsore, and further states that it ought to be possible to obtain sufficient ground in connection with the construction of some needed new station house, and that such a place would naturally fall in one of the outlying districts where mounted patrolmen are needed, and that it should be large enough for a small ring for exercising horses, and such a place could incidentally be used for athletic sports for the men of the force.

The necessity, however, for a proper training stable in connection with one of the new station houses is apparent, and he requests that the Board of Estimate and Apportionment take the necessary steps to acquire the property on the northeasterly corner of Jamaica avenue and the North Hempstead turnpike, in the Borough of Queens, containing 22.123 acres, which he states seems to be admirably situated for the purposes.

This office has been in considerable negotiation with the owner of the property for the acquisition of the same at private sale. The price asked by him of \$105,000 is in my opinion not excessive, in view of the high values at which property is held in the locality caused by the extension of the rapid transit system. The property is in close proximity to Kissena Park, and if at any future time the Commissioner of Police should deem it expedient to discontinue the premises for the use now desired, it could well be made a part of the park system of the Borough of Queens.

I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution approving of the selection by the Police Department of the site located on the northeasterly corner of Jamaica avenue and the North Hempstead turnpike, Flushing, Borough of Queens, containing 22.123 acres, and authorize the acquisition of the same at private sale at a price not exceeding \$105,000.

Respectfully submitted for approval,

THOMAS F. BYRNES,
Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Police Department in the selection of a site for departmental purposes in the Borough of Queens, bounded and described as follows:

Beginning at the corner formed by the intersection of the northerly side of the North Hempstead turnpike and the easterly side of Jamaica avenue; thence northerly 21 degrees 13 minutes east 318.80 feet; thence southerly 88 degrees 57 minutes east 350 feet, along the land of the Estate of Poppenhusen; thence north 59 degrees 29 minutes east 382.9 feet, and still along the line of the said estate; thence south 49 degrees 9 minutes east 152 feet along the land of Parsons & Sons Company; thence south 65 degrees 39 minutes east 409.8 feet along said land last mentioned; thence north 79 degrees 30 minutes east 353 feet and still along land last mentioned; thence south 65 degrees 36 minutes east 154 feet along the land of Joseph Fisher; thence south 44 degrees 23 minutes east 114.3 feet along the last mentioned land; thence south 29 degrees 13 minutes west 402.4 feet along the land of Sylvester and Teresa Fogarty; thence south 22 degrees 16 minutes west 335.2 feet along the last-mentioned land to the northerly side of the North Hempstead turnpike; thence north 71 de-

grees 7 minutes west 220.66 feet; thence north 18 degrees 53 minutes east 208.71 feet; thence north 71 degrees 7 minutes west 208.71 feet; thence south 18 degrees 53 minutes west 208.71 feet to the northerly side of the North Hempstead turnpike; thence north 71 degrees 7 minutes west 1,194.39 feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof. Said property containing 22.123 acres.

—and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the same at private sale at a price not exceeding \$105,000; said contracts to be submitted to the Corporation Counsel for his approval as to form.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, to whom, on September 14 and October 26, 1906, were referred the offers of sale of Mr. Louis J. Marx, of property known as Nos. 338 and 340 East Sixtieth street, Manhattan, which was ordered on file:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 1, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of September 12, 1906, Mr. Louis J. Marx transmitted an offer to the Board of Estimate and Apportionment to sell to the City property Nos. 338 and 340 East Sixtieth street, Borough of Manhattan, for the sum of \$41,500. The matter was referred to me at a meeting of the said Board held September 14, 1906. Under date of October 8, 1906, Mr. Marx was notified by this office that after taking up the matter with the Assistant Corporation Counsel in charge of the proceeding, the office would be unable to accept his offer, in view of the fact that the price mentioned by him was excessive.

Under date of October 11, 1906, Mr. Marx made a new offer to the Board of Estimate and Apportionment to sell the property in question for the sum of \$41,250, which was referred to me at a meeting of the Board of Estimate and Apportionment held October 26, 1906. I still hold the same view as to the value of the property, and have this day transmitted a copy of the previous communication, informing Mr. Marx that his price is excessive. I would therefore respectfully recommend that the Board of Estimate and Apportionment order filed the communications in question.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The Secretary presented a communication from the Board of Education submitting resolutions relative to the acquisition of school sites, etc., as follows:

Belmont avenue, Warwick and Ashford streets, Brooklyn.

Newport, Alabama and Georgia avenues, Brooklyn.

Ridgewood and Railroad avenues and Hemlock street, Brooklyn.

Lott and Hopkinson avenues and Amboy street, Brooklyn.

Second avenue and Fifty-sixth street, Brooklyn.

Fort Hamilton avenue, Fifty-eighth street and Kouwenhoven land, adjoining Public School 105, Brooklyn.

East One Hundred and Fifth street, near Lexington avenue, adjoining Public School 72, Manhattan.

West Twentieth and Twenty-first streets, between Eighth and Ninth avenues, Manhattan.

East Twelfth street, between Avenues B and C, Manhattan.

Amending resolution of proposed school site on Canarsie avenue and East Ninety-first street, adjoining Public School 115, Brooklyn.

Vesting title in site located on East One Hundred and Eleventh and East One Hundred and Twelfth streets, west of Lexington avenue, Manhattan.

Which was referred to the Comptroller.

The Secretary presented a communication from the President, Borough of The Bronx, calling attention to the necessity existing for the construction of a temporary bridge over the tracks of the New York Central and Hudson River Railroad Company at Mott avenue, in The Bronx.

Which was referred to the Comptroller.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, recommending the acquisition by purchase, at a price not exceeding \$18,500, of certain property located in the Boroughs of Manhattan and The Bronx, near the Harlem River Ship Canal, required for the foundation and approach for the Henry Hudson Memorial Bridge:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 5, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment at its meeting held June 15, 1906, authorized the acquisition of certain property located in the Boroughs of Manhattan and The Bronx, near the Harlem River Ship Canal, which would be necessary for the foundation and approach for the Henry Hudson Memorial Bridge. The map or plan of the layout of the same was approved by the Board of Estimate and Apportionment at that time, and Mr. A. J. Watson, the owner of a portion of the premises included within the area of said approach, through his agent Steven B. Ayres, offered to dispose of a portion of his property which is required by the City, containing an area of 5.1-10 lots, for the sum of \$35,000. There was erected on this property a large mansion, the lines of the bridge property to be taken running diagonally through the building, as shown by the map hereto annexed.

The return proposition made by this office to Mr. Ayres was that the City would buy his property, but that it thought that if he was allowed a sufficient sum of money necessary to remove the building, that he should remove it therefrom, leaving the City only the land to be taken, and he has accepted this proposition.

I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition of the property herein-after described, which is owned by Mr. A. J. Watson, and is included within the area of the property to be acquired for bridge purposes; the owner to remove the building therefrom within sixty days from date of vesting of title. The price to be paid by the City being \$18,500, which price is reasonable and just. The said property being located in the Borough of The Bronx, City of New York.

Beginning at the point of intersection where the westerly line of the Henry Hudson Memorial Bridge intersects the southerly line of the land of Alexander J. Watson, forming an angle of 87 degrees 26 minutes 40 seconds; running thence northerly along said westerly line of said Henry Hudson Memorial Bridge 166.70 feet to the northerly line of the land of said Alexander J. Watson, which intersecting lines form an angle of 90 degrees 45 minutes; thence running easterly 52.94 feet; thence northeasterly 34 feet to the point of intersection of the northerly line of land of said Watson with the easterly line of land of said Watson, which intersecting point forms

an angle of 73 degrees 1 minute and 24 seconds; thence southerly along the easterly line of said Watson's land 171.75 feet to land of said Watson, which intersection of the two lines forms an angle of 98 degrees 39 minutes 36 seconds; thence westerly along said southerly line of the land of Watson 68.13 feet to the point or place of beginning, said above described premises being wholly within the line of the 300-foot strip of land laid out as an approach to the Henry Hudson Memorial Bridge, and contains in area 12,688 square feet, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Commissioner of the Department of Bridges of a site for bridge purposes in the Borough of Manhattan, bounded and described as follows:

Beginning at the point of intersection where the westerly line of the Henry Hudson Memorial Bridge intersects the southerly line of the land of Alexander J. Watson, forming an angle 87 degrees, 26 minutes, 40 seconds; running thence northerly along said westerly line of said Henry Hudson Memorial Bridge 166.70 feet to the northerly line of the land of said Alexander J. Watson, which intersecting lines form an angle of 90 degrees, 45 minutes; thence running easterly 52.94 feet; thence northeasterly 34 feet to the point of intersection of the northerly line of land of said Watson with the easterly line of land of said Watson, which intersecting point forms an angle 73 degrees, 1 minute and 24 seconds; thence southerly along the easterly line of said Watson's land 171.75 feet to land of said Watson, which intersection of the two lines forms an angle of 98 degrees, 39 minutes, 36 seconds; thence westerly along said southerly line of the land of Watson 68.13 feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof; said above described premises being wholly within the line of the 300-foot strip of land laid out as an approach to the Henry Hudson Memorial Bridge, and contains in area 12,688 square feet,

—and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the above-described property at private sale at a price not exceeding eighteen thousand five hundred dollars (\$18,500), said contracts to be submitted to the Corporation Counsel for his approval as to form.

That the owner of said premises is hereby authorized to remove the improvements erected upon the property within sixty days from the date of the vesting of title of the above described property in the City.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communications from the Department of Street Cleaning and the Board of Elections relative to the transfer of \$40,000 to the account of the Department of Street Cleaning for 1906, entitled Administration:

DEPARTMENT OF STREET CLEANING,
NEW YORK, October 30, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I desire to have transferred to the account of Administration of this Department for the year 1906 the sum of forty thousand dollars (\$40,000). If you can find this amount available from some of the funds at your disposal I will greatly appreciate it.

Respectfully,

M. CRAVEN, Commissioner.

BOARD OF ELECTIONS,
GENERAL OFFICE, No. 107 WEST FORTY-FIRST STREET,
NEW YORK, November 5, 1906.

Hon. HERMAN A. METZ, Comptroller, City of New York:

SIR—You are hereby notified of the adoption this day by the Board of Elections of the following resolution, viz.:

Resolved, In compliance with the request dated November 1, 1906, of the Finance Department of this City, the Board of Elections of The City of New York does hereby consent to the transfer by the Board of Estimate and Apportionment of the sum of \$20,000 from the appropriation made to the Board of Elections for the year 1906, entitled Expenses made necessary by the Primary Election Law, to such other appropriation for which said sum is needed.

Respectfully,

JOHN R. VOORHIS, President.

The following resolution was offered:

Resolved, That the sum of forty thousand dollars (\$40,000) be and the same is hereby transferred from the appropriations made for the year 1906, entitled and as follows:

Board of Elections—For Expenses made necessary by the Primary Election Law	\$20,000 00

	<u>\$40,000 00</u>

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to the Department of Street Cleaning for the same year, entitled Boroughs of Manhattan, The Bronx and Brooklyn—Administration, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The following matters not upon the calendar were considered by unanimous consent:

The Comptroller presented the following communication from the Presiding Justice, Court of Special Sessions, First Division, relative to the transfer of \$121.96 to the account for 1905, entitled Supplies and Contingencies:

COURT OF SPECIAL SESSIONS, FIRST DIVISION,
No. 32 FRANKLIN STREET, NEW YORK CITY,
May 28, 1906.

Hon. HERMAN A. METZ, Comptroller:

DEAR SIR—There are bills against the Clerk's office of this Court for telephone service during the months of October and December of last year remaining unpaid. These bills amount to \$121.96. As we have no Contingent Fund covering expenses

incurred during 1905, I respectfully ask that you will, if you can see your way clear to do so, transfer from some unexpended balance that you may have available the sum of \$121.96 to pay the bills referred to.

Yours respectfully,

LORENZ ZELLER, Justice Presiding.

The following resolution was offered:

Resolved, That the sum of one hundred and twenty-one dollars and ninety-six cents (\$121.96) be, and the same is, hereby transferred from the appropriation made to the Municipal Courts, City of New York, for the year 1905, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Court of Special Sessions, First Division, for the same year, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Comptroller presented the following communication from the President, Borough of The Bronx, relative to the transfer of \$145 to the account for 1906, entitled Bureau of Public Buildings and Offices—Supplies and Repairs:

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
October 23, 1906.

Hon. HERMAN A. METZ, Comptroller:

DEAR SIR—E. Rattey, No. 224 West Twenty-sixth street, Manhattan, has presented a bill for \$145 for "Building a wire partition and roof over same, for two cages, including one sliding door for each." The work was done in the Cashier's office of the Collector of Taxes, Borough of The Bronx, and the bill described has been duly approved by Mr. J. B. Underhill, Deputy Receiver, and request is hereby made that the necessary funds be provided with which to pay Mr. Rattey's bill, pursuant to your agreement contained in your communication of June 15, 1906, "Taxes," when requisition was made on this office for the work described.

I will thank you to arrange for a transfer of the amount required, viz., \$145, at your earliest convenience.

Said transfer should be to the appropriation entitled Supplies and Repairs—Public Buildings and Offices, Borough of The Bronx.

Immediately upon the receipt of notice that the transfer has been made, a voucher in favor of Mr. Rattey will be at once forwarded to the Finance Department for payment.

Respectfully,

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

The following resolution was offered:

Resolved, That the sum of one hundred and forty-five dollars (\$145) be and the same is hereby transferred from the appropriation made to the Department of Finance for the year 1906, entitled Supplies and Contingencies, Comptroller's Office, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the President of the Borough of The Bronx for the same year, entitled Bureau of Public Buildings and Offices—Supplies and Repairs, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Comptroller presented the following communication from the County Clerk of Queens County relative to the transfer of \$1,000 to the account County Contingent Fund for the year 1906:

OFFICE OF THE COUNTY CLERK OF QUEENS COUNTY,
JAMAICA, BOROUGH OF QUEENS,
October 31, 1906.

Hon. HERMAN A. METZ, Comptroller, No. 280 Broadway, New York:

DEAR SIR—The Contingent Fund in the Queens Borough list of appropriations has always been reserved for the payment of bills for books of record for my office. There is a bill owing for such books of record now, and more books are on order.

I am informed that a considerable balance in the Contingent Fund has been transferred to some other fund, and, therefore, there is no money to pay the book bills.

Will you please have some money placed in the Contingent Fund to meet these liabilities.

Very truly yours,

D. L. VAN NOSTRAND, Clerk.

The following resolution was offered:

Resolved, That the sum of one thousand dollars (\$1,000) be and the same is hereby transferred from the appropriation made to Queens County for the year 1906, entitled Supplies for County Offices, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said county entitled County Contingent Fund for the same year, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the President, Borough of Queens, relative to a transfer from various accounts for 1905 to the account Bureau of Sewers—Labor, Maintenance and Supplies, for the same year:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS,
LONG ISLAND CITY, October 24, 1906.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 277 Broadway, New York:

DEAR SIR—I am advised by the Superintendent of the Bureau of Sewers that a deficit exists in the appropriation to that Bureau for the year 1905, and that bills to the amount of \$4,674.68 remain unpaid.

He advises me further that there are balances in the several funds as follows:

Salaries	\$21 37
Labor, Maintenance and Supplies.....	667 18
Far Rockaway Disposal Works.....	12 30
Jamaica Disposal Works.....	6 66
Newtown Disposal Works.....	3 59
	<hr/>
	\$711 10

Making a total surplus of seven hundred and eleven dollars and ten cents to meet the above noted liabilities, showing a net deficit of thirty-nine hundred and sixty-three dollars and fifty-eight cents (\$3,963.58).

I would, therefore, request that the amounts noted above be transferred to the account Labor, Maintenance and Supplies, Bureau of Sewers, for the year 1905, and

that an additional sum of thirty-nine hundred and sixty-three dollars and fifty-eight cents (\$3,963.58) be transferred from some other appropriation to that fund.

Respectfully yours,

JOSEPH BERMEL,

President of the Borough of Queens.

The following resolution was offered:

Resolved, That the sum of four thousand and seven dollars and fifty cents (\$4,007.50) be and the same is hereby transferred from the appropriations made for the year 1905, entitled and as follows:

President, Borough of Brooklyn, Bureau of Buildings—Salaries.....	\$3,963 58
President, Borough of Queens, Bureau of Sewers—Salaries.....	21 37
President, Borough of Queens, Bureau of Sewers—Far Rockaway Disposal Works	12 30
President, Borough of Queens, Bureau of Sewers—Jamaica Disposal Works	6 66
President, Borough of Queens, Bureau of Sewers—Newtown Disposal Works	3 59
	<hr/>
	\$4,007 50

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to the President, Borough of Queens, for the same year, entitled Bureau of Sewers—Labor, Maintenance and Supplies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Comptroller presented the following communication from the Sheriff of Richmond County relative to the transfer of \$600 to the account Disbursements, etc., for 1906:

SHERIFF'S OFFICE, RICHMOND COUNTY,
RICHMOND, N. Y., October 18, 1906.

Hon. HERMAN A. METZ, Comptroller, City of New York:

DEAR SIR—I find that the appropriation made to me for disbursements for the year 1906 is insufficient to cover the business for the balance of this year, and I therefore respectfully request that a transfer be made to my appropriation for disbursements to the amount of six hundred dollars (\$600).

Very respectfully yours,

CHAS. J. McCORMACK, Sheriff.

The following resolution was offered:

Resolved, That the sum of six hundred dollars (\$600) be and the same is hereby transferred from the appropriation made to Richmond County for the year 1906 entitled County Contingent Fund, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Sheriff of said County for the same year entitled Disbursements, under chapter 392, Laws of 1896, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Comptroller presented a communication from the Department of Street Cleaning transmitting bids for the removal of snow and ice, Boroughs of Brooklyn and The Bronx, which was referred to a select committee consisting of the Comptroller and the President, Borough of Brooklyn.

The Comptroller presented the following communication from the Board of City Magistrates, First Division, and report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom on September 14, 1906, was referred said communication relative to the granting of an appropriation to meet the salaries of probation officers, which were ordered on file:

BOARD OF CITY MAGISTRATES, FIRST DIVISION,
September 12, 1906.

The Honorable Board of Estimate and Apportionment, City of New York:

GENTLEMEN—On behalf of the Board of City Magistrates of the First Division, City of New York, I do hereby make application for an appropriation for the salaries, as probation officers, of Susanne A. McCusker of No. 326 East One Hundred and Nineteenth street, beginning the 8th day of June, 1906, and continuing to December 31, 1906; also of Adele Szold, beginning on the same date and ending August 15, 1906, on which date she resigned.

These appointments have the ratification of the Municipal Civil Service Commission, and were made upon information received that an appropriation for the salaries of Probation Officers for the First Division had been made. The appointment was at nine hundred dollars per year, a copy of the appointment being herewith enclosed; but I am informed that the salaries of female Probation Officers has been fixed at one thousand dollars per year for the Second Division, and I therefore ask that the same provision be made for the First Division.

Miss McCusker has been doing work as Probation Officer since the day of her appointment, and Miss Szold performed her duties as Probation Officer for the period intermediate her appointment and resignation.

Very respectfully yours,

C. G. F. WAHLE, President.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 5, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the request of the Board of City Magistrates, First Division, to the Board of Estimate and Apportionment, for an appropriation to pay the salaries of Susanne A. McCusker and Adele Szold, Probation Officers, referred to the Comptroller, and by you referred to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

At a meeting of the Board of City Magistrates, held June 6, 1906, Susanne McCusker and Adele Szold were appointed Probation Officers, at a salary of \$900 per annum each. They were selected from a Civil Service list, and your Examiner was informed by William M. Tighe, Certification Clerk of the Municipal Civil Service Commission, that they are eligible to receive remuneration for their services at the salary stated.

On April 7, 1905, the Board of Estimate and Apportionment, in pursuance of chapter 508 of the Laws of 1904, adopted a resolution determining that a number of women appointed to act as Probation Officers should receive salaries, and fixing the amount at \$900 per annum each. One of those named was Susanne A. McCusker, and she appears to be the only one of those then named who reached the standard for appointment set by the Municipal Civil Service Commission.

Acting on a report from the Investigations Division of this Department, submitted by you, the Board of Estimate and Apportionment, on March 23 of the present year, authorized the issue of \$10,200 Special Revenue Bonds to pay the salaries of thirteen female Probation Officers employed in the City Magistrates' Courts, Second Division. As their appointments were duly certified by the Municipal Civil Service Commission, they are receiving compensation for their services.

There is no reason, therefore, why the legally appointed and qualified female Probation Officers employed in the City Magistrates' Courts, First Division, should not receive compensation for their services. Miss McCusker is entitled to a salary from June 7. Miss Szold resigned her office August 15, and is entitled to a salary from June 7 to that date.

Your Examiner therefore recommends an issue of \$677.50 Special Revenue Bonds to pay the salary of Susanne A. McCusker from June 7 to December 31, 1906, and the salary of Adele Szold from June 7, to August 15, 1906, which compensation is at the rate of \$900 per year.

Yours respectfully,
CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:
H. A. METZ, Comptroller.

The Comptroller presented the following communication from the Appraiser of Real Estate, Department of Finance, as Chairman of the Commission appointed by the Mayor, pursuant to a resolution adopted June 22, 1906, for the purpose of investigating the condition of improved property owned by The City of New York, acquired for departmental purposes, etc., etc., requesting an extension of time to file the report of the said Commission:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 9, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Estimate and Apportionment, held on the 5th day of October, 1906, a communication was presented from the committee designated in a resolution adopted by the Board of Estimate and Apportionment at a meeting held June 22, 1906, requesting an extension of time in which to file a report in the matter "of investigating the condition of improved property owned by The City of New York, acquired for departmental purposes and not under the jurisdiction of the department for which it was acquired," until the meeting of the Board to be held November 9, 1906, and such extension was granted. Since the time of that request for an extension of time, the Hon. Charles L. Guy, who represented the Law Department, has been elected Justice of the Supreme Court, First Department, and, owing to circumstances, has been unable to give his attention to the preparation of a legislative act which could be presented to the Board of Estimate and Apportionment, in order to cure the evils which now exist. Hon. William B. Ellison, Corporation Counsel, has within the past week designated Assistant Corporation Counsel Blake of his Department in place of Judge-elect Guy, and at a meeting of the Committee held at the Finance Department on Wednesday, the 7th inst., I was requested to ask this Board for an extension of time until the meeting to be held on the 23d inst., and I would request that such extension of time be granted.

Respectfully submitted,

MORTIMER J. BROWN, Chairman.

In accordance with the request contained in said communication, the Board granted an extension of time.

The Comptroller presented the following communication from the President, Borough of Manhattan, relative to repaving Fourth street, between Bank street and Eighth avenue, the cost of same to be charged to the Bond Account for Repaving Streets in the Borough of Manhattan:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, November 5, 1906.

JOSEPH HAAG, Esq., Secretary to the Board of Estimate and Apportionment:

DEAR SIR—Herewith is transmitted for adoption by the Board of Estimate and Apportionment a form of resolution authorizing the repaving of Fourth street, between Bank street and Eighth avenue, the cost to be charged to the Bond Account for Repaving Streets, Borough of Manhattan.

A search has been made of the records in the office of the Finance Department without success, to ascertain the date of the confirmation of the assessment list for the original pavement of this street.

Yours respectfully,

BERNARD DOWNING, Secretary, Borough of Manhattan.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the repaving of Fourth street, between Bank street and Eighth avenue, under the direction of the President of the Borough of Manhattan, the cost of such repaving to be charged to the Bond Account for Repaving Streets in the Borough of Manhattan.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The President, Borough of Manhattan, moved that when the Board adjourn it adjourn to meet Friday, November 16, 1906, at 10.30 o'clock a. m., which motion was adopted.

The Board adjourned to meet Friday, November 16, 1906, at 10.30 o'clock a. m.

JOSEPH HAAG, Secretary.

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Stockholm street, between the Borough line and Woodward avenue, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the southwest by the Borough line; on the northwest by a line through the middle of the block between Stockholm street and DeKalb avenue, extended to a point distant 100 feet northeasterly from the northeasterly line of Woodward avenue, measured on a line at right angles thereto; on the northeast by a line 100 feet northeasterly from and parallel with the northeasterly side of Woodward avenue; and on the southeast by a line through the middle of the block between Stockholm street and Stanhope street, the same being extended to meet the line last described.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 14th day of December, 1906.

Dated December 1, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held November 9, 1906, the following petition was received:

In the matter of the application of the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and said Nassau Electric Railroad Company, for the construction of an electric railroad on portions of Atlantic avenue, in the Borough of Brooklyn, City of New York.

To the Board of Estimate and Apportionment:
The petition of the undersigned respectfully shows:

First—By chapter 256 of the Laws of 1832, the Brooklyn and Jamaica Railroad Company was organized and empowered to construct a railroad, "with such appendages as may be deemed necessary for the convenient use of the same," between Brooklyn and Jamaica.

In addition to the general powers given by law, the corporation was authorized to prescribe the manner in which the railroad should be used, and by what force the carriages to be used thereon may be propelled.

Second—That thereafter it constructed a steam surface railroad upon a right of way which it acquired by purchase or condemnation proceedings, portions of which line were included within the limits of what is now Atlantic avenue.

Third—By chapter 178 of the Laws of 1834 the Long Island Railroad Company was organized and empowered to construct a railroad from Greenport to a point on the waters adjacent to Brooklyn, "with such appendages as may be deemed necessary for the convenient use of the same," with power to prescribe the manner in which its road shall be used, and by what force the carriages to be used thereon may be propelled.

Fourth—By chapter 94 of the Laws of 1836 the Brooklyn and Jamaica Railroad Company was authorized to lease its railroad from Brooklyn to Jamaica to the Long Island Railroad Company, and it was provided that the use of the said Brooklyn and Jamaica Railroad, under such lease, should be taken as a performance of the obligations on the part of the Long Island Railroad Company to construct its road from Greenport to Brooklyn.

Fifth—This lease was made of all the corporate rights and franchises of the said Brooklyn and Jamaica Railroad Company, and has been extended from time to time, and now has seventy (70) years to run. The Long Island Railroad Company under it and under its own charter has been for many years operating a double-track steam railroad over the right of way formerly of the Brooklyn and Jamaica Railroad Company, situated in the center of what is now Atlantic avenue, from the junction of Atlantic and Flatbush avenues, in the Borough of Brooklyn to Jamaica and points eastward thereof.

Sixth—The Brooklyn and Jamaica Railroad Company was foreclosed and its property conveyed to the Atlantic Avenue Railroad Company of Brooklyn, and said Atlantic Avenue Railroad Company of Brooklyn was, on or about January 26, 1899, merged with the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company is now possessed of all its property and franchises.

Seventh—By chapter 499 of the Laws of 1897, for the improvement of Atlantic avenue and for the removal of the steam railroad of the Long Island Railroad Company from the surface, it was provided that the railroad of the Atlantic Avenue Railroad Company of Brooklyn, "now leased and operated by the Long Island Railroad Company," between Flatbush avenue and Atkins avenue, should be changed by said companies "by depressing the same from Flatbush avenue to near the easterly side of Bedford avenue, so as to leave the surface free from the steam railroad tracks, fences and gates of the steam railroad of the Long Island Railroad Company then existing thereon." From this point the right of way of the railroad should be operated in an open cut, to a point between Bedford and Nostrand avenues. From there running east the tracks should be raised and run on an elevated structure to the easterly side of Ralph avenue. From Ralph avenue the tracks were to descend to the grade of Atlantic avenue, at a point between Ralph and Howard avenues. From there they were to be operated in an open cut to the west side of Cooper place. From there they were to be placed below the surface of the street to a point near the east side of Stone avenue. From there the right of way should be through an open cut to a point near the westerly side of Jardine place, where it should coincide with the grade of Atlantic avenue. From there eastward it should be operated on a surface grade to near the easterly side of Snediker avenue. At this point the tracks were to be elevated, passing over Williams avenue at a height of eight feet, and over Alabama avenue at a height of twelve feet, and from the easterly side of Alabama avenue the tracks should be operated over an elevated structure to a point near Linwood avenue. From there they should descend to the grade of Atlantic avenue, near Atkins avenue, and from that point eastward should be operated on the existing grade.

Eighth—Said act also provided that when completed the Long Island Railroad Company, as lessee of the Atlantic Avenue Railroad Company of Brooklyn, was authorized and directed to run its trains "over such improvement and the road of such railroad as constructed and authorized by law," and no cars of other companies, without permission of the said Long Island Railroad Company, shall be run thereon or thereunder.

Ninth—By chapter 497 of the Laws of 1899 it is provided that whenever any right of way, grade or tracks of any steam railroad in any street, in any city of the first class, are required by law to be changed or altered by elevating or depressing the same for the purpose of discontinuing the use of steam power upon the surface of said highway or street, such alteration or change of grade shall not be deemed to curtail or affect any right which such company, or its lessees or assigns, may have to maintain and operate a surface passenger railroad within the limits of the right of way so depressed or elevated, and over or under the railroad tracks so depressed or elevated, with all turnouts, sidings or tracks necessary to secure the continuous connection of portions of such surface railroad. In the event that any such turnouts, sidings or

tracks shall extend beyond the lines of the right of way of such railroad corporation whose tracks have been so depressed or elevated in or upon any of the streets or highways aforesaid, such turnouts, sidings or tracks so extending beyond the lines of such right of way shall only be constructed upon condition that the consent of the owners of one-half in value of the property bounded, and the consent also of the local authorities having the control of that portion of such street or highway upon which it is proposed to construct such turnout, siding or tracks, shall be first obtained. No such railroad shall be operated by steam locomotives, and shall not be used except for passenger traffic.

Tenth—That the change of grade provided in and by the aforesaid acts for the improvement of Atlantic avenue has been duly made, such portions of the aforesaid track required by said act to be depressed below the surface of the street have been so depressed, and such portions as were required to be elevated have been elevated, that the connections between the same have been constructed, and the trains of the Long Island Railroad Company are now being operated thereon by electricity.

Eleventh—That the tracks for an electrical railroad have been laid upon the aforesaid right of way of the said railroad, over or under the said improvement, with the exception of the following portions thereof, viz:

1. From the westerly side of Bedford avenue to a point midway between Nostrand avenue and New York avenue.

2. From a point opposite Columbus place to a point near Louis place.

3. From a point opposite Olive place to a point nearly opposite Alabama avenue, with the exception of the portion of the south side of Atlantic avenue, between Snediker and Georgia avenues, occupied by the tracks of the Brooklyn and Rockaway Beach Railroad Company, over which the Long Island Railroad Company has the right to operate.

At these points, where either the cuts are located (being the portions of said right of way by which the trains from the depressed subway reach the surface), or the inclined portion of the elevated structure extends from the grade of the avenue to a place where there is sufficient headroom for the cars to pass thereunder. At these points the existence of these obstacles make it impossible to operate a continuous railroad upon the surface of said right of way.

Twelfth—That in order to secure a continuous connection and operation of said surface railroad, it is necessary that a turnout or siding, consisting of a single track on each side of said right of way, should be constructed in the various portions of Atlantic avenue lying between the points aforesaid, and also that the same should be connected with the tracks of the street surface railroads intersecting the same. That such sidings and connections have been duly located, and that the portions of the streets proposed to be occupied thereby are, and the general line of the improvement is designated on the blue print hereto annexed, marked "A," Drawing No. R-4. Maps showing each one of said sidings in detail are also hereto annexed, marked "B," "C," "D," "E" and "F" show the location of the poles carrying the electric wires.

Thirteenth—That your petitioners are advised and believe that under the statutes aforesaid, and under the provisions of law relative to the subject, your petitioners are authorized to construct said turnouts and sidings and to operate an electric railroad over the same in connection with the line constructed upon the surface of the aforesaid right of way as aforesaid, upon obtaining the consent of the local authorities of the City of New York, and the consent of the majority of the owners of the property abutting on said sidings, or, in lieu of the latter, the consent of the Appellate Division of the Supreme Court.

Fourteenth—That your petitioners have used diligent efforts to obtain the consent of the majority of said abutting owners, but have been unable so to do, and are now about to apply to the Appellate Division for its consent in lieu thereof.

Fifteenth—That the portions of Atlantic avenue over which the petitioners desire to obtain the consent of the City to operate is only a very small portion of the entire route of the proposed railroad, the remainder being upon the property of your petitioners.

That this proposed railroad will be a trolley railroad of the most modern character, and its construction and operation will be a great public convenience, and will, as your petitioners are informed and believe, largely enhance the value of the property abutting on Atlantic avenue and of that in the vicinity. That your petitioners believe that a rental of one hundred dollars (\$100) a year for a franchise to operate each of four turnouts, or the aggregate annual rent of four hundred dollars (\$400) (which represents a capitalization of four per centum of \$10,000), would be a reasonable rent to pay for such privileges, and your petitioners hereby offer to pay the same to the City for its consent to such construction.

Wherefore, your petitioners respectfully pray that the Board of Estimate and Apportionment will grant to the Nassau Electric Railroad Company and the Long Island Railroad Company, as lessees of the Nassau Electric Railroad Company, the consent of The City of New York for the construction of a double track electrical railroad to be laid on the surface of Atlantic avenue in the Borough of Brooklyn, City of New York, one track thereof to be laid on each side of said avenue in the portions thereof adjoining the places where the right of way of the Long Island Railroad Company above mentioned is obstructed by the elevated and depressed tracks, to wit:

1. Leaving the said right of way at a point forty (40) feet westerly from the westerly side of Bedford avenue, and thence running with a single track on each side of the line of the said right of way and the inner rail of said tracks to be about four (4) feet distant therefrom, to a point about one hundred and fifty (150) feet easterly from the easterly line of Nostrand avenue, and thence curving inward, intersecting the said right of way and connecting with the tracks thereon.

2. Leaving the said right of way at a point about opposite the easterly line (if extended) of Columbus place, and running with a single track on each side of the line of the said right of way and the inner rail of said tracks to be about four (4) feet distant therefrom, to a point about opposite to the easterly side of Cooper place (if extended), and thence curving inward, intersecting the said right of way, and connecting with the tracks thereon.

3. Leaving the said right of way at a point approximately at the center of Stone avenue, or Eastern Parkway Extension, and running with a single track on each side of the line of the said right of way, to a point about opposite the easterly curb line of Alabama avenue (excepting the portion of the southern side of Atlantic avenue between Snediker and Alabama avenues, occupied by the existing tracks of the Brooklyn and Rockaway Beach Railroad Company, over which the Long Island Railroad Company has the right to operate); thence curving inward into the said right of way and connecting with the tracks laid thereon.

4. Together with the right to erect and maintain the necessary poles, wires and appurtenances, the poles supporting the wires by which said cars

are to be operated to be placed as far as practicable within the limits of the right of way aforesaid.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS IN THE BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 12.

POND PLACE—PAVING AND CURBING, from East One Hundred and Ninety-seventh street to East One Hundred and Ninety-eighth street. Area of assessment: Both sides of Pond place, from East One Hundred and Ninety-seventh street to East One Hundred and Ninety-eighth street, and to the extent of half the block at the intersecting streets.

—that the same, was confirmed by the Board of Assessors, November 27, 1906, and entered on November 27, 1906, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payment made thereon on or before January 26, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named avenue in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.

BATHGATE AVENUE—OPENING, from Wendover avenue to East One Hundred and Eighty-eighth street. Confirmed May 12, 1905; entered November 27, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line drawn parallel to the southerly side of East One Hundred and Seventy-first street and distant 100 feet southerly therefrom with a line drawn parallel to the westerly side of Washington avenue and distant 100 feet westerly therefrom; running thence northerly along the last-mentioned parallel line to its intersection with a line drawn parallel to the northerly side of East One Hundred and Eighty-ninth street and distant 100 feet northerly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the easterly side of Lorillard place and distant 100 feet easterly therefrom; thence southerly along said parallel line to the junction with Third avenue; place, near its junction with Third avenue; thence southerly on a straight line to the intersection of the southwesterly side of Belmont place with a line drawn parallel to the easterly side of Third avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to its intersection with a line drawn parallel to the southerly side of East One Hundred and Seventy-first street and distant 100 feet southerly therefrom; thence westerly along said parallel line to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 26, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the northerly side of Hamburg avenue where the same is intersected by the centre line of the block, between Decatur street and Cooper street; running thence northerly and along the centre line of the blocks between Decatur street and Cooper street to the line dividing the boroughs of Queens and Kings; running thence northwesterly and along the line dividing the boroughs of Kings and Queens to the centre line of the blocks between Decatur street and Schaeffer street; running thence southwestwardly and along the centre line of the blocks between Decatur street and Schaeffer street to the northerly side of Hamburg avenue; running thence easterly along the northerly side of Hamburg avenue to the point or place of beginning.

THIRTIETH WARD, SECTION 18.

NARROWS AVENUE—OPENING. from Seventy-first street to Shore road. Confirmed March 29, 1906; entered November 20, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Commencing at the intersection of the easterly side of Narrows avenue with the Bay Ridge parkway or shore road; running thence easterly and parallel with the southerly side of Eighty-ninth street to the centre line of the block between Narrows avenue and First avenue; running thence northerly and along the centre line of the blocks between Narrows avenue and First avenue to the southerly side of Bay Ridge avenue; thence westerly along the southerly side of Bay Ridge avenue to the Shore road, and thence southerly along the easterly side of the Bay Ridge parkway or Shore road to the point or place of beginning.

The above-entitled assessments were entered on the day hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that: "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of 7 per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all

payments made thereon on or before January 17, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of 7 per centum per annum from the date when the above assessments became liens to the date of payment.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND SIXTY-SEVENTH STREET—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSSLINKS. from Edgecombe avenue to Amsterdam avenue. Area of assessment: Both sides of West One Hundred and Sixty-seventh street, from Amsterdam avenue to Edgecombe avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

TWENTY-SECOND WARD, SECTION 4.

WEST SIXTY-EIGHTH STREET—ALTERATION AND IMPROVEMENT TO SEWER. between West End avenue and Amsterdam avenue. Area of assessment: Both sides of Sixty-eighth street, from West End avenue to Amsterdam avenue; east side of West End avenue and west side of Amsterdam avenue, from Sixty-eighth to Sixty-ninth street.

WEST SIXTY-NINTH STREET—ALTERATION AND IMPROVEMENT TO SEWER. between West End avenue and Amsterdam avenue. Area of assessment: Both sides of Sixty-ninth street, from West End avenue to Amsterdam avenue; east side of West End avenue and west side of Amsterdam avenue, from Sixty-ninth street to a point about 100 feet northerly therefrom.

—that the same were confirmed by the Board of Assessors on November 20, 1906, and entered on November 20, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and all payments made thereon on or before January 19, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the use of the Board of Education, said buildings being situated in the

Borough of Manhattan

and erected upon property bounded and described as follows:

Beginning at a point on the easterly side of Hudson street distant 71 feet northerly from the northerly line of Grove street, and running thence easterly along the northerly line of the site of Public School 3 one hundred and nine (109) feet to an angle in said line; thence northeasterly and still along the northerly line of the site of Public School 3 sixty-six (66) feet three (3) inches to the westerly line of Bedford street; thence northerly along the westerly line of Bedford street 51 feet 6 inches; thence southwesterly along the northerly line of the premises No. 105 Bedford street 62 feet 7 inches; thence westerly along the northerly line of the premises No. 403 Hudson street 87 feet 10 inches to the easterly line of Hudson street; thence southerly along the easterly line of Hudson street 43 feet to the northerly line of the site of Public School 3, the point or place of beginning, be the said several dimensions more or less.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

MONDAY, DECEMBER 3, 1906.

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any

of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the face of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Corporation Counsel of The City of New York, No. 2 Tryon row, in The City of New York, at 11 o'clock a. m. on

FRIDAY, DECEMBER 7, 1906

for searching the title of all the property involved in a proceeding known as "In the matter of acquiring title by The City of New York to certain lands and premises situated in the Counties of Kings and Queens," etc., the said property being generally a strip about two hundred (200) feet wide, immediately south of the present conduit line in the County of Queens, and running from the Kings County line or thereabouts to the Nassau County line or thereabouts. Accurate surveys will be furnished by the City, and may be seen at the office of the Corporation Counsel in the Borough of Brooklyn.

Only bids from title companies will be accepted.

The search required should run back forty years, and should be guaranteed to the City, and should show all persons having any interest of any description in the property on the date of vesting title in the City, June 18, 1906, and all taxes, liens or other incumbrances. The City will furnish the names of the reputed owners of the property and the instruments under which they claim so far as known to it.

The amount of the security shall be Five Hundred Dollars.

No. 1. FOR MANUAL TRAINING EQUIPMENT IN STUYVESANT HIGH SCHOOL, ON FIFTEENTH AND SIXTEENTH STREETS, ABOUT 80 FEET WEST OF FIRST AVENUE, BOROUGH OF MANHATTAN.

The time allowed to complete the whole work will be 90 working days, as provided in the contract.

The amount of security required in each case will be fifty per cent. (50%) of the total aggregate cost of item or items awarded to the contractor where such aggregate equals or exceeds one thousand dollars (\$1,000). For awards whose aggregate cost in each case is less than one thousand dollars (\$1,000) no contract will be entered into and no bond or sureties will be required. Such awards will be made by written order.

(a) Each item must be bid upon as separate and distinct from any other item.

(b) A person submitting a proposal may enter upon one bid blank two or more items, as he may see fit, but each item must be bid upon as required in (a).

(c) Should a person who had submitted a proposal for each item separately, including them all, desire to supply all the materials and perform all of the work, Items 1 to 44, inclusive, at a less price than the sum total of the bids for each item of his bid, such a proposal may be entered thereon, and not otherwise, as an alternate under the heading: LUMP SUM BID FOR ALL OF THE MATERIALS AND LABOR AS REQUIRED BY ITEMS 1 TO 44, INCLUSIVE, but the Committee will not make such award unless paragraph (a) has been strictly complied with, and the lump sum so bid is lower than the total sum of the lowest amount bid for each item.

(d) In the event of award being made as provided in (c) the amount of security required will be Thirty Thousand Dollars (\$30,000).

On Contract No. 1 the bidders must state the price of each or any article or item contained in the specifications or schedules herein contained or hereto annexed, by which the bids will be tested.

Extensions must be made and footed up, as the bids will be read from the total of each item, and award made to the lowest bidder on each item.

Delivery will be required to be made at the time and manner and in such quantities as may be directed.

Blank forms, plans and specifications may be obtained or seen at the office of the Superintendent at Estimating Room, ninth floor, Hall of the Board of Education, Park avenue and Fifty-ninth street, Borough of Manhattan.

By reason of the discontinuance, abandonment and closing in front thereof of former Kingsbridge road, from Prospect avenue to Southern Boulevard, in the Twenty-fourth Ward, Borough of The Bronx, The City of New York.

WE, THE COMMISSIONERS OF ESTIMATE AND APPORTIONMENT in the above-entitled proceeding, having been directed as follows:

First—By order bearing date the 22d day of March, 1904, and duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Benjamin F. Gerding for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 32 in Block 3100 (old Lot No. 79 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Second—By order bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Franz Guth for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 35 in Block 3100 (old Lot No. 80 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Third—By order bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Franz Yuengling for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 36 in Block 3100 (old Lot No. 81 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Fourth—By order bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to John F. Dowd, for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 37 in Block 3100 (old Lot Nos. 82, 83, 84 and 85 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Fifth—By order, bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Fred Flaccus and Charles Flaccus, for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 6 in Block 3100 (old Lot No. 86 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

All the foregoing premises are more particularly described in the petitions on which the said orders were based and filed therewith in the office of the Clerk of the County of New York and are shown on the Damage Map attached to our abstract of Estimate and Assessment.

And we, the said Commissioners, having been directed also by the aforesaid order and by the provisions of chapter 1006 of the Laws of 1895, to ascertain and determine the benefit and advantage to the lands, tenements and hereditaments and premises which shall be benefited by the closing, discontinuance and abandonment of the aforesaid Kingsbridge road, from Prospect avenue to Southern Boulevard.

We, therefore, the undersigned, hereby give notice to all persons interested in these proceedings, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Sixth—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 17th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of December, 1906, at 10 o'clock a. m.

Seventh—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of December, 1906.

Eighth—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx in The City of New York, and being all that part of Kingsbridge road within the block bounded by Southern Boulevard, Prospect Avenue, Grote Street and Garden Street, and designated on the tax maps of The City of New York as Lot No. 33 in Block 3100.

Ninth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 22d day of January, 1907, at the opening of the Court on that day.

Tenth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, October 13, 1906.

FRANK D. ARTHUR,
Chairman;

THEODORE E. SMITH,
HENRY H. SHERMAN,
Commissioners.

JOHN P. DUNN,
Clerk.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or her name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
