PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- *Win More Contracts at nyc.gov/competetowin*

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.

- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

HUNTER'S POINT SOUTH INFRASTRUCTURE AND WATERFRONT PARK: CONSTRUCTION MANAGEMENT, RESIDENT ENGINEERING AND INSPECTION, AND OTHER CONSULTANT SERVICES - Request for Proposals - PIN#27360016 - Due 11-4-14 at 4:00 P.M.

New York City Economic Development Corporation (NYCEDC) is seeking a consultant or consultant team for construction management and other services related to the infrastructure improvements and a park along the waterfront in Long Island City, Queens. The project includes utility lines, roadway work, sidewalk and curb, bicycle paths, site landscaping, parks structures, lighting, street furniture, signage, shoreline work, and environmental remediation. The project site includes 2nd Street from Borden Avenue to 54th Avenue plus the area bounded by 54th Avenue to the north, 2nd Street (inclusive) to the east, Newtown Creek to the south, and the East River to the west.

NYCEDC plans to select a consultant on the basis of factors stated in the RFP which include, but are not limited to: the quality of the proposal, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed fee.

This project has Minority and Women Owned Business Enterprise ("M/WBE") participation goals, and all respondents will be required to submit a Contractor Statement on MWBE Goals with their response. To learn more about NYCEDC's M/WBE program, visit <http://www.nycedc.com/opportunitymwbe>. For the list of companies who have been certified with the New York City Department of Small Business Services as M/WBE, please go to the www.nyc.gov/buycertified.

NYCEDC established the Kick Start Loan programs for Minority, Women and Disadvantaged Business Enterprise (M/W/DBE) interested in working on NYCEDC construction projects. Kick Start Loans facilitates financing for short-term mobilization needs such as

insurance, labor, supplies and equipment. Bidders/subcontractors are strongly encouraged to visit the NYCEDC website at www.nycedc.com/opportunitymwdb to learn more about the program.

An optional pre-proposal session will be held on Wednesday, October 15, 2014 at 2:00 P.M. at NYCEDC. Those who wish to attend should RSVP by email to hpscm@nycedc.com on or before October 14, 2014.

Respondents may submit questions and/or request clarifications from NYCEDC no later than 5:00 P.M. on Monday, October 20, 2014. Questions regarding the subject matter of this RFP should be directed to hpscm@nycedc.com. Answers to all questions will be posted by Monday, October 27, 2014, to www.nycedc.com/RFP.

Please submit six (6) hard copies and one (1) electronic copy of your proposal.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Economic Development Corporation, 110 William Street, 4th Floor, New York, NY 10038, Maryann Catalano (212) 312-3969; Fax: (212) 312-3918; hpscm@nycedc.com

VENDOR LIST

Construction/Construction Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION - NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR") AND/OR ("PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualifications and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construction its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction reconstruction site work of up to \$3,000,000 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contractors by making them more competitive in their pursuit of NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the venture being a certified M/WBE*;
3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

*Firms that are in the process of becoming a New York City-certified M/WBE may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

Application documents may also be obtained on-line at: http://a856-internet.nyc.gov/nycvendronline/home.asp.; or http://www.nycgovparks.org/opportunities/business

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Vaux Road Demapping

The applicant, Firecom Inc., proposes a city map amendment involving the elimination, discontinuance and closing (i.e. demapping) of Vaux Road (the "proposed action"). The area to be demapped (Block 1230, Lots 70, part of 35, and an adjoining, city-owned, portion of the road bed where a tax lot number has not been allocated) is located in the Woodside neighborhood of Queens, Community District 2. According to the applicant, the proposed action would remove the encumbrance on

its property caused by the mapped street. Following the demapping, it is the City's process to dispose the city-owned portion of the demapped street with the expectation that the applicant would purchase it in order to consolidate its property.

Vaux Road is an unimproved, 11,604 square foot mapped street, located immediately south of the LIRR and immediately north of an adjoining property owned by the applicant (3927 59th Street, Block 1230, Lot 35). Vaux Road measures approximately 230 linear feet and is situated between two dead end streets, 59th and 60th Streets. The western portion of Vaux Road is owned by the City, comprising 5,464 sf., and the eastern portion is owned by the applicant, comprising 6,140 sf. The applicant owned portion of the project site, currently utilized as a parking lot, is located within an R5B contextual zoning district with a maximum allowable FAR of 1.35.

In the future with the proposed action, Vaux Road would be eliminated from the City Map between 59th and 60th Streets and the western approximately 5,253 sf portion would be disposed of to the applicant.

As a result of the proposed demapping, the area to be demapped and the adjoining property owned by the applicant at 3927 59th Street (collectively, the "project site") could be developed on an as-of-right basis pursuant to the underlying R5B zoning regulations. For the purposes of a conservative analysis, the Reasonable Worst Case Development Scenario (RWCDs) analyzed in the Environmental Assessment Statement (EAS) assumes that a development containing 32 residential units in two 3-story buildings, and 22 accessory parking spaces would be constructed on the project site.

In the future without the proposed action, it is expected that existing conditions would remain. Vaux Road would continue to function as a mapped street and private parking lot for Firecom Inc. The analysis year for the proposed action is 2015.

To avoid any potential significant adverse impacts with respect to hazardous materials, air quality and noise, the Mapping Agreement between the applicant and the City of New York in connection with the proposed demapping shall set forth the environmental requirements outlined below concerning the applicant and city-owned properties at Block 1230, Lots 70 & 35.

The environmental requirements for hazardous materials are as follows:

Task 1: Sampling Protocol

The applicant submits to DEP, for review and approval, a Phase I of the site along with a soil, groundwater and soil vapor testing protocol, including a description of methods and a site map with all sampling locations clearly and precisely represented. If site sampling is necessary, no sampling should begin until written approval of a protocol is received from DEP. The number and location of samples should be selected to adequately characterize the site, specific sources of suspected contamination (i.e., petroleum based contamination and non-petroleum based contamination), and the remainder of the site's condition. The characterization should be complete enough to determine what remediation strategy (if any) is necessary after review of sampling data. Guidelines and criteria for selecting sampling locations and collecting samples are provided by DEP upon request.

Task 2: Remediation Determination and Protocol

A written report with findings and a summary of the data must be submitted to DEP after completion of the testing phase and laboratory analysis for review and approval. After receiving such results, a determination is made by DEP if the results indicate that remediation is necessary. If DEP determines that no remediation is necessary, written notice shall be given by DEP.

If remediation is indicated from test results, a proposed remediation plan must be submitted to DEP for review and approval. The applicant must complete such remediation as determined necessary by DEP. The applicant should then provide proper documentation that the work has been satisfactorily completed.

A construction-related health and safety plan should be submitted to DEP and would be implemented during excavation and construction activities to protect workers and the community from potentially significant adverse impacts associated with contaminated soil, groundwater and/or soil vapor. This plan would be submitted to DEP prior to implementation.

The environmental requirements, as set forth in the Mapping Agreement, would preclude the potential for significant adverse air quality impacts related to heating and hot water systems (HVAC) emissions. As noted above, the environmental requirements for air quality would apply to the following properties: Block 1230, Lots 70 & 35.

The environmental requirements for air quality are as follows:

Any new development or enlargement on the above-referenced property that has frontage on 60th Street must use natural gas as the type of fuel for heating, ventilating, and air conditioning (HVAC) and ensure that HVAC stack(s) are located at least 30 feet from the lot line facing Roosevelt Avenue to avoid any potential significant air quality impacts.

The environmental requirements, as set forth in the Mapping Agreement, would preclude the potential for significant adverse impacts related to noise. As noted above, the environmental requirements for noise would apply to the following properties: Block 1230, Lots 70 & 35.

The environmental requirements for noise are as follows:

In order to ensure an acceptable interior noise environment, future residential uses must provide a closed window condition with a minimum of 31 dB(A) window/wall attenuation on all facades in order to maintain an interior noise level of 45 dB(A). In order to maintain a closed-window condition, an alternate means of ventilation must also be provided. Alternate means of ventilation includes, but is not limited to, central air conditioning.

With the above environmental requirements ensured through the Mapping Agreement, no significant hazardous materials, air quality or noise impacts are expected as a result from the proposed action.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated September 25, 2014, prepared in connection with the ULURP Application (No. 130383MMQ). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once it is modified as follows:

1. If future development of the demapped property, including soil disturbance, is proposed, the applicant agrees to prepare a Phase II Environmental Assessment Statement (ESA) and submit to the Department of Environmental Protection (DEP) for approval. This requirement will be embodied in the Mapping Agreement to be executed in connection with the demapping.
2. If future development of the demapped property is proposed, the applicant agrees that in order to avoid any potential significant adverse impacts with respect to air quality, future residential development with a frontage on 60th Street must use natural gas as the type of fuel for heating, ventilating, and air conditioning (HVAC) and ensure that HVAC stack(s) are located at least 30 feet from the lot line facing Roosevelt Avenue. This requirement will be embodied in the Mapping Agreement to be executed in connection with the demapping.
3. If future development of the demapped property is proposed, the applicant agrees that in order to ensure an acceptable interior noise environment, future residential uses must provide a closed window condition with a minimum of 31 dB(A) window/wall attenuation on all facades in order to maintain an interior noise level of 45 dB(A). In order to maintain a closed-window condition, an alternate means of ventilation must also be provided. Alternate means of ventilation includes, but is not limited to, central air conditioning. This requirement will be embodied in the Mapping Agreement to be executed in connection with the demapping.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA) was prepared for the area to be demapped. The Phase I ESA was reviewed by DEP's Office of Environmental Planning and Assessment, and pursuant to a letter dated April 1, 2014, a Phase II Environmental Site Assessment (ESA) would be required if future development of the demapped property, including soil disturbance, is proposed. As such, the applicant agrees that the Mapping Agreement will ensure that a detailed Phase II testing would occur, and is binding upon the property's successors and assigns. The environmental requirements set forth in the Mapping Agreement will serve as a mechanism to assure the potential for hazardous material contamination, that may exist in the subsurface soils and groundwater on the area to be demapped, would be characterized prior to any site disturbance (i.e. site grading, excavation, demolition, or building construction. Consequently, no significant adverse impacts related to hazardous materials will occur.

2. The environmental requirements that will be set forth in the Mapping Agreement for hazardous materials will ensure that the proposed action will not result in significant adverse impacts due to hazardous materials.
3. The environmental requirements that will be set forth in the Mapping Agreement for air quality will ensure that the proposed action will not result in significant adverse impacts due to air quality.
4. The environmental requirements that will be set forth in the Mapping Agreement for noise will ensure that the proposed action will not result in significant adverse impacts due to noise.
5. No other significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions not fully incorporated into the proposed action, this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before proceeding further with said proposal

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Conditional Negative Declaration, please contact Ingrid Young of the Department of City Planning at (212) 720-3425.

NEGATIVE DECLARATION

Project Identification
 CEQR No. 13DCP024M
 ULURP No. 1300066ZSM
 SEQRA Classification: Type I

Lead Agency
 City Planning Commission
 22 Reade Street
 New York, NY 10007
 Contact: Olga Abinader
 (212) 720-3493

Name, Description and Location of Proposal:

498 Broome Street

The Applicant, Goose Mountain NYC, LLC., is seeking a special permit pursuant to Zoning Resolution Section 74-711 of the New York City Zoning Resolution to modify use regulations of section 42-10. The proposed action would facilitate a proposal by the applicant to convert 6,295 gross square feet of floor area located on floors 2 through 6 of an existing six story building from Joint Living Work Quarters for Artists (JLWQA) use (Use Group 17) to residential use (Use Group 2.) The subject building is located at 498 Broome Street (Block 487, Lot 6), in an M1-5A zoning district in the SoHo neighborhood of Manhattan, Community District 2. The project site is also located within the SoHo Cast Iron Historic District, which is both NYC designated historic district and listed on the State and National Registers.

Currently, the project site is occupied by a vacant six story building. The building was recently enlarged pursuant to Department of Buildings (DOB) and Landmarks Preservation Commission (LPC) approvals to contain a penthouse above the fifth floor and retrofitted for four conforming Use Group 17 Joint Living Work Quarters for Artists (JLWQA) on the second through the penthouse floors. The building's ground floor, which is not the subject of the proposed special permit, is currently 1,475 gsf of vacant retail.

Under the proposed action, the 6,295gsf JLWQA space on floors two through six would be converted from JLWQA use to residential use. No additional construction is needed to complete the conversion. The building's ground floor, which is not the subject of the proposed special permit, would be occupied by as-of-right commercial use (Use Group 6). M1-5A zoning districts permit light industrial uses, including JLWQA use (Use Group 17) and certain commercial uses (Use Group 6) up to a 5.0 floor area ratio (FAR). JLWQA units are permitted above the second floor level. Residential uses (Use Group 2) are not permitted. The proposed conversion is expected to be completed in 2015.

The Proposed Action is being applied for in conjunction with a City Landmark Preservation Commission (LPC) Approval, which includes the exterior rehabilitation of the building's façade. The Project was issued an LPC Certificate of Appropriateness and Certificate of No

Effect dated August 20, 2012, and an LPC Restrictive Declaration will be filed against the property to regulate the continued maintenance of the historic building.

Absent the proposed action, the applicant has stated that the 6,295gsf of vacant JLWQA units on the second through sixth floors would be occupied and the building's vacant ground floor commercial space would also be occupied.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated September 25, 2014, prepared in connection with the ULURP Application (ULURP No. 1300066ZSM). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. The building at 498 Broome Street is located within the SoHo-Cast Iron Historic District. As such, the Landmarks Preservation Commission (LPC) was consulted to determine measures appropriate for protecting the significant historic architectural features and building fabric during construction and to develop a continuing maintenance and repair program for historic structure. A Restrictive Declaration will be filed against the property to regulate the continued maintenance of the historic building.
2. No significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

HUMAN RESOURCES ADMINISTRATION

■ NOTICE

The 2014-2015 Biennial Temporary Assistance and Supplemental Nutrition Assistance Employment Plan for the City of New York for the period January 1, 2014, through December 31, 2015, mandated by Social Services Law Sec. 333 and 18 N.Y.C.R.R Sec. 385.10 is available for review and comment until the close of business on November 7, 2014. The Plan can be obtained from HRA's Internet homepage www.nyc.govra www.nyc.gov/hra or by writing to the New York City Human Resources Administration, 180 Water Street, Room 2017, New York, NY, 10038, Attn.: Andrew Mandell, Assistant Deputy Commissioner, Office of Policy, Procedures and Training, Family Independence Administration.

As background information, the Executive Summary to the Plan, a PowerPoint presentation of the Plan, a press release and testimony to the City Council on the Plan will also be posted on the HRA internet site.

There will also be a public hearing on the Plan at HRA's headquarters, 180 Water Street, 12th Floor, New York, NY 10038, on October 16, at 1:00 P.M. If you plan to attend the public hearing or require language or sign language interpretation please RSVP to Malcolm Sanborn-Humm at sanborn-humm@hra.nyc.gov.

Persons wishing to comment on the 2014-2015 Biennial Temporary Assistance and Supplemental Nutrition Assistance Program Employment Plan should do so by sending an email to constituentaffairs@hra.nyc.gov or by mailing comments to Andrew Mandell at the above address.
