If you would like to register to testify via phone, need assistance with technical issues, or have any questions about participation you may call any of the phone numbers listed above. Then enter the following meeting ID and password when prompted.

- Meeting ID: 952 5914 5598
- Password: 1
- [The Participant ID can be skipped by pressing #]

Instructions on how to participate, as well as materials relating to the meeting, will be posted on the site in advance of the meeting, at least one hour prior to the start time. To help the meeting host effectively manage members of the public who sign up to comment, those who do not intend to actively participate are invited to watch the livestream or the recording that will be posted after the meeting. The livestream can be found in the above NYC Engage link and will be made available on the day of the scoping meeting.

Written comments will be accepted through Thursday, May 20, 2021. They can be submitted through the above webpage or mailed to Olga Abinader, Director, Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271.

Copies of the Draft Scope of Work and the Environmental Assessment Statement may also be obtained by contacting the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271, Olga Abinader, Director, by calling (212) 720-3493 or by emailing oabinad@planning.nyc.gov. In addition, the Draft Scope of Work and scoping protocol will be made available for download, at <https://www1.nyc.gov/site/planning/applicants/scoping-documents.page>.

Please inform the Department of City Planning if you need a reasonable accommodation, such as a sign language interpreter, in order to participate in the meeting. Requests for a reasonable accommodation or foreign language assistance during the meeting should be emailed, to AccessibilityInfo@planning.nyc.gov or made by calling (212) 720-3508. Requests must be submitted at least ten business days before the meeting, by April 30, 2021.

The Applicant, One45 Lenox, LLC, is seeking several land use actions, including a zoning map amendment from C8-3 and R7-2/C1-4 zoning districts to a C4-6 zoning district; special permits to waive height, setback, supplementary use, and parking requirements; a certification to waive retail continuity requirements; a certification to allow for additional curb cuts, pursuant to New York City Zoning Resolution (ZR) Sections 74-74 and 74-533 and CPC certifications, pursuant to ZR Sections 32-435(c) and 26-15); and a zoning text amendment to establish the rezoning area as a Mandatory Inclusionary Housing (MIH) area to facilitate the development of two new mixed-use buildings on the eastern portion of the block bounded by West 144th and 145th Street, Lenox Avenue, and Adam Clayton Powell Jr. Boulevard in the West Harlem neighborhood of Manhattan (Block 2013, Lots 29, 33, 38, 44, and 50, the "Development Site") in Community District 10. The proposed actions would facilitate the construction of two new mixed-use buildings on the Development Site containing a Museum of Civil Rights; a new headquarters for Reverend Al Sharpton's National Action Network; approximately 866 to 939 new residential units, including 217 to 282 affordable units, pursuant to MIH; ground-floor retail space; and a banquet hall/event space. The new buildings, totaling approximately 941,000 gsf, would replace vacant land, a vacant gas station, and existing one- and two-story structures containing retail, restaurant, gas station, and community facility uses.

The Analysis Year for the Proposed Actions is 2026.

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and

Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- *Win More Contracts, at nyc.gov/competetowin*

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)
Department of Homeless Services (DHS)
Department of Probation (DOP)
Department of Small Business Services (SBS)
Department of Youth and Community Development (DYCD)
Housing and Preservation Department (HPD)
Human Resources Administration (HRA)
Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

84121P0010-84119MBTR301 MOBILE PARKING PAYMENT SYSTEMS (PARKNYC) AKA PAY BY CELL - Competitive Sealed Proposals - Other - PIN# 84121P0010 - Due 5-10-21 at 2:00 P.M.

84121P0010-84119MBTR Services Related to Public Safety and Sustainable Transportation Education and Media Campaigns The New York City Department of Transportation, is seeking proposals to provide a complete mobile APP payment system that is flexible enough

to accommodate mobile payment solutions and curb management tools as well as future technological innovations by leveraging technologies beyond traditional fixed parking related devices installed on City street for all current and planned paid (and potentially other regulated) parking spaces in the City of New York. This Request for Proposals (RFP) is released through PASSPort, New York City's online procurement portal. Responses to this RFP must be submitted via PASSPort. To access the RFP, vendors should visit the PASSPort public Portal, at https://www1.nyc.gov/site/mocs/systems/about-go-to-passport. page and click on the "Search Funding Opportunities in PASSPort" blue box. Doing so will take one to the public portal of all procurements in the PASSPort system. To quickly locate the RFP, insert the EPIN: 84121P0010, into the Keyword search field. In order to respond to the RFP, vendors must create an account within the PASSPort system if they have not already done so. A pre-proposal conference via ZOOM is scheduled for 4/16/21, at 11:00 A.M. Those wishing to attend must email the authorized agency contact for a link. The deadline for the submission of questions is 4/19/21 by 5:00 P.M. The proposal due date (submission via PASSPort) is 5/10/21 by 2:00 P.M. This procurement is subject to participation goals for Minority-owned Business Enterprises (MBEs) as required by Section 6-129 of the New York Administrative Code. The M/WBE goal for this project is 15%. Any inquiries concerning this RFP should be directed by email, under the subject line "Mobile Payment Parking System RFP" to the email address of the Authorized Agency Contact, David Maco, at dmaco@dot.nyc.gov .

Name, Description and Location of Proposal:

One 45 Civil Rights Museum

The Applicant, One45 Lenox, LLC, is seeking several land use actions, including a zoning map amendment; special permits to waive height, setback, supplementary use, and parking requirements; a certification to waive retail continuity requirements; a certification to allow for additional curb cuts; and a zoning text amendment to establish the rezoning area as a Mandatory Inclusionary Housing (MIH) area to facilitate the development of two new mixed-use buildings on the eastern portion of the block bounded by West 144th and 145th Street, Lenox Avenue, and Adam Clayton Powell Jr. Boulevard in the West Harlem neighborhood of Manhattan (Block 2013, Lots 29, 33, 38, 44, and 50, the «Development Site») in Community District 10. The proposed actions would facilitate the construction of two new mixed-use buildings on the Development Site containing a Museum of Civil Rights; a new headquarters for Reverend Al Sharpton's National Action Network; approximately 866 to 939 new residential units, including 217 to 282 affordable units, pursuant to MIH; ground-floor retail space; and a banquet hall/event space. The new buildings, totaling approximately 941,000 gsf, would replace vacant land, a vacant gas station, and existing one-and two-story structures containing retail, restaurant, gas station, and community facility uses.

Development of the Proposed Project requires approvals from the City Planning Commission (CPC) for the following discretionary actions:

- Amend Zoning Map 6A to change zoning on the Project Site, from an area currently mapped in a C8-3 district, along the southern side of West 145th Street between Adam Clayton Powell Jr. Boulevard and Lenox Avenue, as well as an area currently mapped in a C1-4/R7-2 district on the northwest corner of Lenox Avenue and West 144th Street, to a C4-6 district;
- A special permit, pursuant to Zoning Resolution (ZR) Section 74-74 (Large-Scale General Development) to modify the height and setback regulations of Section 35-64 and the supplementary use regulations of Sections 32-422 and 32-423;
- A special permit, pursuant to ZR 74-533 to modify the residential parking regulations of Section 36-33 and 25-33;
- A CPC certification, pursuant to ZR 32-435(c), to modify certain retail continuity requirements;
- A CPC certification, pursuant to ZR 26-15, to allow additional curb cuts; and
- A zoning text amendment to Appendix F of the ZR to establish a Mandatory Inclusionary Housing (MIH) area at the rezoning area. Under MIH, when new housing capacity is approved through land use actions, CPC and the New York City Council can choose to impose one of several different options regarding affordable housing set-asides. The two options that may be mapped for every MIH area are:
 - MIH Option 1: At least 25 percent of the residential floor area would be set aside for persons making no more than 60 percent of Area Median Income (AMI) on average, with at least 10 percent of the residential floor area set aside for persons making 40 percent of the AMI, and no AMI bands shall exceed 130 percent of the AMI; or
 - MIH Option 2: At least 30 percent of the residential floor area would be set aside for persons making no more than

80 percent of the AMI on average, and no AMI bands shall exceed 130 percent of the AMI.

The CPC and the City Council could also add one or both of two other affordability options:

- MIH Option 3: 20 percent of the residential floor area would be set aside for household making an average of 40 percent of AMI, with subsidies allowed only where they are necessary to support more affordable housing; and
- MIH Option 4: 30 percent of the total residential floor area would be set aside for households making an average of 115 percent of AMI, with 5 percent of that number set aside for households at 70 percent of AMI and another 5 percent of that number set aside for households at 90 percent of AMI. None of the affordable DUs can go to households with incomes above 135 percent of AMI, and no direct subsidies can be used for these affordable DUs.

The Applicant proposes to map both Option 1 and Option 2.

Implementation of the proposed actions would require review and approval of the discretionary action pursuant to the City's Uniform Land Use Review Procedure (ULURP). DCP is acting as lead agency on behalf of the CPC and is conducting a coordinated environmental review under the City Environmental Quality Review (CEQR) process.

The analysis year for the Proposed Actions is 2026.

Statement of Significant Effect:

On behalf of the City Planning Commission (CPC), the Department of City Planning has determined, pursuant to 6 NYCRR Part 617.7, that the Proposed Actions may have a significant adverse effect on the environment as detailed in the following areas, and that an environmental impact statement will be required:

The Proposed Actions may result in significant adverse impacts related to: land use, zoning, and public policy; socioeconomic conditions; community facilities; open space; shadows; historic and cultural resources (architectural); urban design and visual resources; natural resources; hazardous materials; transportation, air quality; greenhouse gas emissions and climate change; noise; public health; neighborhood character; and construction.

The Proposed Actions would not result in significant adverse impacts related to: historic and cultural resources (archaeological); water and sewer infrastructure; and solid waste and sanitation services and energy.

Supporting Statement:

The above determination is based on an Environmental Assessment Statement prepared for the Proposed Actions which finds that:

1. Land Use, Zoning, and Public Policy - As the Proposed Project requires a number of zoning actions, the EIS will include a land use, zoning, and public policy analysis. The Development Site is within New York City's Coastal Zone; therefore, the EIS also will evaluate its consistency with the New York City Waterfront Revitalization Program.
2. Socioeconomic Conditions – The Proposed Actions would facilitate the construction of a net increment of approximately 817 to 890 new residential units, which would exceed the CEQR Technical Manual threshold of 200 units for assessing the potential indirect effects of a project. Therefore, an assessment of indirect residential displacement will be provided in the EIS. The proposed project would not result in any direct residential displacement. The proposed actions would directly displace a total of approximately 22,332 sf of retail, restaurant, and gas station use and 8,000 gsf of community facility space (NAN offices and Timbuktu Islamic Center) currently located on the Development Site. An assessment will be included in the EIS to estimate the numbers of workers associated with the directly displaced businesses and to consider whether any of the directly displaced businesses meet any of the characteristics warranting further analysis. The EIS will also include an assessment of the potential for significant adverse impacts due to indirect business displacement due to increased rents. Because the proposed actions would result in a net decrease in retail uses on the Development Site by 2026, the proposed actions do not have the potential to result in significant adverse impacts due to retail market saturation, and an analysis of this concern is not warranted.
3. Community Facilities – The proposed actions would not result in the physical alteration or displacement of any community facilities, however they would result in a new residential population that would create new demands for community facilities. In accordance with the thresholds of the CEQR Technical Manual, the proposed actions are not expected to trigger detailed analyses of middle schools, public high schools, outpatient health care facilities or police and fire protection serving the rezoning area. However, based

on a projected incremental increase of up to 939 residential units for the rezoning area, the proposed actions will require analyses as part of the EIS for public elementary schools, publicly funded day care, and libraries.

4. Open Space – The proposed rezoning area is located in a portion of Manhattan Community District (CD) 10 that is considered neither “underserved” nor “well-served” for public open space as defined by the CEQR Technical Manual. The Proposed Actions would introduce between 1,961 and 2,136 incremental new residents and thus would exceed the 200-resident CEQR threshold requiring a residential open space analysis. The proposed actions would result in an incremental decrease in new workers, compared to the No Action scenario; therefore, the proposed actions would not meet the 500-worker threshold requiring a nonresidential open space analysis. Therefore, a residential open space analysis will be provided in the EIS.
5. Shadows – The Proposed Actions would permit development of buildings greater than 50 feet in height, some of which would be located in the vicinity of sunlight sensitive resources (e.g., the Colonel Charles Young Playground). Therefore, the Proposed Actions have the potential to cast new shadows on nearby sunlight sensitive resources. As such, an analysis of the new buildings’ potential to result in shadow impacts on sunlight sensitive resources is warranted and will be included in the EIS.
6. Historic and Cultural Resources – A historic and cultural resources assessment is required if a project has the potential to affect either archaeological or architectural resources. In a comment letter dated January 19, 2021, the New York City Landmarks Preservation Commission concluded that the Development Site has no archaeological or architectural significance. The existing buildings on the Development Site are not known architectural resources, however, there are known architectural resources in the surrounding area. Therefore, a historic and cultural resources analysis will be prepared for the EIS.
7. Urban Design and Visual Resources – The Proposed Actions and subsequent development on the Development Site could result in physical changes to the proposed rezoning area beyond the bulk and form currently permitted as-of-right. These changes could affect a pedestrian’s experience, requiring an urban design assessment. Therefore, an assessment of urban design and visual resources will be provided in the EIS.
8. Natural Resources – According to the CEQR Technical Manual, a natural resources assessment may be appropriate if a natural resource is present on or near the site of a project, and the project would, either directly or indirectly, cause a disturbance of that resource. In addition, the New York City Council recently enacted legislation intended to decrease bird strikes at buildings; therefore, the Proposed Project would be required to adhere to Section 1403.8 of the New York City Building Code, which was enacted on January 10, 2020 to specify bird friendly design and construction requirements in accordance with Article 103, Section 36, of Title 28 of the Administrative Code of the City of New York. The EIS will assess the potential for the Proposed Project to affect wildlife, including long-term effects such as the potential for bird strikes with the proposed buildings. Therefore, a screening level natural resources will be evaluated in the EIS.
9. Hazardous Materials – The Proposed Actions would allow commercial and residential uses in an area in or close proximity to current or historical uses potentially of concern for hazardous materials, such as manufacturing uses and facilities some of which are known to have had spills/releases that affected the subsurface, and the Development Site contains an active gas station/automotive repair facility. Therefore, the EIS will include an assessment of hazardous materials.
10. Water and Sewer Infrastructure – For the Proposed Actions, an analysis of water and sewer infrastructure is not warranted because the Development Site is located in a combined sewer area and would not be developed with more than 1,000 residential units, which is the CEQR threshold for requiring a preliminary analysis of wastewater and stormwater conveyance and treatment. As the Development Site is not located in an area that experiences low water pressure, and the Proposed Project would not result in an exceptionally large demand for water, a water supply analysis is not warranted.
11. Solid Waste and Sanitation – The Proposed Actions would not result in a substantial increase in solid waste production that would overburden available waste management capacity and would not result in solid waste generation greater than the threshold of 50 tons per week. Therefore, no significant

adverse impacts related to Solid Waste and Sanitation are expected and further analysis will not be provided in the EIS.

12. Energy – Although significant adverse energy impacts are not anticipated for the Proposed Actions, the EIS will disclose the projected amount of energy consumption during long-term operation resulting from the Proposed Actions, as this information is required for the assessment of Greenhouse Gas Emissions.
13. Transportation – The Proposed Actions would generate additional vehicular, pedestrian, and transit trips exceeding the threshold warranting analysis and could result in excess parking demand. Therefore, the Proposed Actions have the potential to result in significant adverse impacts related to transportation.
14. Air Quality – The Proposed Actions warrant an air quality analysis including both mobile and stationary sources (i.e., industrial and/or large emission source analyses) as it introduce new sensitive receptors on the Development Site. Therefore, the EIS will include both mobile and stationary source analyses.
15. Greenhouse Gas Emissions (GHG) – The proposed development associated with the Proposed Actions would exceed 350,000 sf, and therefore a GHG assessment will be provided in the EIS. In addition, since the Development Site is within the 0.2 percent annual chance floodplain as indicated on the Federal Emergency Management Agency (FEMA) Preliminary Flood Insurance Rate Maps (PFIRMs), the EIS will assess the potential impacts of climate change on the Proposed Project, including the potential for the Proposed Project to affect flood risk within and in the vicinity of the Development Site.
16. Noise – A noise analysis will be included in the EIS as the Proposed Actions would result in additional vehicle trips to and from the proposed rezoning area as well as introduce new sensitive receptors to the area. Building attenuation required to provide acceptable interior noise levels for the Projected Development Sites will also be examined and discussed in the EIS.
17. Public Health – As none of the relevant analyses that typically determine the need for a Public Health Assessment have been completed yet the potential for an impact in these analysis areas, and thus potentially to public health, cannot be ruled out at this time. Therefore, an assessment of public health will be provided in the EIS.
18. Neighborhood Character – The proposed action could affect land use, zoning, and public policy, urban design and visual resources and historic and cultural resources, and consequently, the Proposed Actions could have the potential to result in significant adverse impacts related to the affected area’s neighborhood character. Consequently, a Neighborhood Character analysis will be provided in the EIS.
19. Construction – A preliminary assessment will be provided to evaluate the duration and severity of the disruption or inconvenience to nearby sensitive receptors of the proposed actions. If the preliminary assessments indicate the potential could exist for a significant impact during construction, a detailed construction impact analysis will be undertaken and reported in the EIS.

Public Scoping:

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting has been scheduled for Monday, May 10, 2021 at 2:00 PM. In support of the City’s efforts to contain the spread of COVID-19, DCP will hold the public scoping meeting remotely. To join the meeting and comment, please visit the NYC Engage site, <https://www.nyc.gov/engage>.

Written comments will be accepted through Thursday, May 20, 2021.

This determination has been prepared in accordance with Article 8 of the Environmental Conservation Law.

Should you have any questions pertaining to this Positive Declaration, you may contact the Project Manager, Evren Ulker-Kacar, AICP, at eulker@planning.nyc.gov or (212) 720-3493.

NOTE:

- (A), (B) and (C) Contract 4087216, item 7.3 is replaced by item 8.3 (Winter Version) effective April 1, 2020**
- As of February 9, 2018, the Bio-Diesel Blender Tax Credit was retroactively reinstated for calendar year 2017. Should the tax credit be further extended, contractors will resume deducting the tax credit as a separate line item on invoices.
- Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.
- The National Oil Heat Research Alliance (NORA) has been extended until February 6, 2029. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. All other terms and conditions remain unchanged.
- Contract #4087216, effective June 1, 2020, replaces former items (1.2-17.2) on Contract #3987206**
- Due to RIN price adjustments Biomass-based Diesel (2020) is replaced by Biomass-based Diesel (2021) commencing 1/1/2021.**

LATE NOTICE

HOUSING PRESERVATION AND DEVELOPMENT
 ■ PUBLIC HEARINGS

CORRECTED NOTICE

PLEASE TAKE NOTICE that a public hearing will be held on May 12, 2021 at 10:00 AM. The Public Hearing will be held via Conference Call. Call-in #: 1-646-992-2010, Access Code 717-876-299.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development (“HPD”) of the City of New York (“City”) has proposed the sale of the following City-owned property (collectively, “Disposition Area”) in the Borough of Brooklyn:

<u>Addresses</u>	<u>Blocks/Lots</u>
306 Pennsylvania Avenue	3754/31
392 Wyona Street	3774/138
426 Wyona Street – 467 Vermont Street	3791/25

Under HPD’s Neighborhood Construction Program, sponsors purchase City-owned or privately owned land or vacant buildings and construct multifamily buildings in order to create up to 45 units of affordable rental housing on infill sites. Construction and permanent financing is provided through loans from private institutional lenders and from public sources including HPD, the New York City Housing Development Corporation, the State of New York, and the federal government. Additional funding may also be provided from the syndication of low-income housing tax credits. The newly constructed buildings provide rental housing to low income, moderate income, and middle income families. Subject to project underwriting, up to 30% of the units may be rented to formerly homeless families and individuals.

Under the proposed project, the City will sell the Disposition Area to HP New Penn Housing Development Fund Company, Inc., (“Sponsor”) for the nominal price of one dollar per tax lot. The Sponsor will also deliver an enforcement note and mortgage for the remainder of the appraised value (“Land Debt”). The Sponsor will then construct three buildings containing a total of approximately 46 rental dwelling units, plus one unit for a superintendent. The proposed project is part of a larger scattered site cluster project with 10 new buildings and approximately 71 units, plus two units for superintendents.

The Land Debt or the City’s capital subsidy may be repayable out of resale or refinancing profits for a period of at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven at the end of the term.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by emailing Margaret Carey, at careym@hpd.nyc.gov on business days during business hours.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor’s Office Of Contract Services (“MOCS”) via email, at disabilityaffairs@mocs.nyc.gov or via phone at (212) 298-0734. TDD users should call Verizon relay services.

Any person requiring reasonable accommodation for the public hearing should contact MOCS at least three (3) business days in advance of the hearing to ensure availability.

CORRECTED NOTICE

PLEASE TAKE NOTICE that a public hearing will be held on April 14, 2021 at 10:00 AM. The Public Hearing will be held via Conference Call. Call-in #: 1-646-992-2010, Access Code 717-876-299.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development (“HPD”) of the City of New York (“City”) has proposed the sale of the following City-owned property (collectively, “Disposition Area”) in the Borough of Manhattan:

<u>Addresses</u>	<u>Blocks/Lots</u>
4780 Broadway	2233/13
630 Academy Street	2233/p/o 20

Under HPD’s Extremely Low and Low Income Affordability Program, sponsors purchase City-owned or privately owned land or vacant buildings and construct multifamily buildings in order to create affordable rental housing. Construction and permanent financing is provided through loans from private institutional lenders and from public sources including HPD, the New York City Housing Development Corporation, the State of New York, and the federal government. Additional funding may also be provided from the syndication of low-income housing tax credits. The newly constructed buildings provide rental housing to low-income families with a range of incomes from 30% to 80% of the Area Median Income (“AMI”). Projects may include tiers of units with rents affordable to households earning up to 100% of AMI. Subject to project underwriting, up to 30% of the units may be rented to formerly homeless families and individuals.

Under the proposed project, the City will sell the Disposition Area to The Eliza Housing Development Fund Corporation (“Sponsor”) for the nominal price of one dollar per tax lot. The Sponsor will also deliver an enforcement note and mortgage for the remainder of the appraised value (“Land Debt”). The Sponsor will then construct one building containing a total of approximately 173 rental dwelling units, plus one unit for a superintendent and approximately 39,565 square feet of community facility space, including approximately 20,926 square feet for a new library, approximately 6,835 square feet for universal pre-kindergarten classrooms and a playground, and approximately 11,804 square feet of additional community facility space on the Disposition Area. Upon construction completion, the Sponsor will convey the new library space to the New York Public Library. The Sponsor will also enter into an agreement with the School Construction Authority for the pre-kindergarten space, which will be operated by the Department of Education.

The Land Debt will be repayable out of resale or refinancing profits for a period of at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven at the end of the term.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by emailing Margaret Carey, at careym@hpd.nyc.gov on business days during business hours.
