The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
March 3, 1887.

To the Board of Estimate and Apportionment :

On April 24, 1884, the school-house and lots Nos. 135 and 137 Mulberry street, known as Colored School No. 1, were sold at public auction by order of the Commissioners of the Sinking Fund, upon the application of the Board of Education, under a resolution adopted February 20, 1884, pursuant to the provisions of chapter 89, Laws of 1881 (section 186, New York City Consolidation Act of 1882).

The highest bidder was Louis Metzger, to whom it was struck down for the sum of \$29,600. He paid ten per cent. at the time of the sale, which was then paid into the City Treasury, as required by said act and section 186 of the New York City Consolidation Act of 1882.

When a deed of the property was tendered to him he refused to accept it, alleging some objection to the title from the City. He assigned his bid to Frank Rhoner, and proceedings were begun to compel him to complete the purchase. Recently a compromise settlement of the action has been made with the assignee, Frank Rhoner, and a deed executed to him on February 16, 1887, by the Mayor, Aldermen and Commonalty, upon payment of the balance of the purchase money and interest according to agreement.

The total amount of the purchase money and interest paid is \$31,302.74.

Section 206 of the Consolidation Act of 1882 provides as follows :

"The Board of Estimate and Apportionment shall immediately after its receipt appropriate to the Board of Education for the purpose of purchasing property or erecting school buildings for new schools, the establishment of which shall have been authorized according to law, all moneys received from sales made in pursuance of the provisions of section one hundred and eighty-six."

Pursuant to this statute I submit herewith a resolution appropriating the amount received from the sale of the school property in question for the action of the Board of Estimate and Apportionment.

Respectfully,

E. V. LOEW, Comptroller.

And offered the following resolution :

Resolved, That, pursuant to section 206 of the New York City Consolidation Act of 1882, the moneys received from the sale at public auction of the premises Nos. 135 and 137 Mulberry street, known as Colored School No. 1, made April 24, 1884, by the Commissioners of the Sinking Fund, as provided by chapter 89 of the Laws of 1881, and section 186 of the said Consolidation Act, amounting to thirty-one thousand three hundred and two dollars and seventy-four cents (\$31,302.74), be and is hereby appropriated to the Board of Education for the purpose of purchasing property or erecting school buildings for new schools, the establishment of which shall have been authorized by law.

Which was adopted by the following vote :

Affirmative—The Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—3.

The Secretary presented the following :

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET,
NEW YORK, February 8, 1887.

Hon. ABRAM S. HEWITT, Mayor :

SIR—In the Final Estimate for 1887 the sum of \$3,000 is set apart for the use of this Department for "Repairing Water-main to North Brother Island." I would recommend that this appropriation be transferred to the control and use of the Health Department for the following reasons :

North Brother Island, and the structures on it, as well as the means of transportation from the mainland to the island, are under the exclusive control of the Health Department. The so-called water-main is practically a service-pipe, and not one of the mains forming a portion of the distributing system of mains under the control of this Department. The water-pipe has been kept in

repair by the Health Department for the past two years, and the Superintendent in charge of the island can supervise all necessary repairs, thus avoiding expense which would be incurred by the supervision of such work under this Department.

Very respectfully,

D. LOWBER SMITH, Deputy and Acting Commissioner of Public Works.

Which was laid over, and the Secretary directed to notify the Commissioner of Public Works and the Commissioners of Health of the next meeting of the Board, and to request their attendance thereat relative thereto.

The Secretary presented the following:

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET,
NEW YORK, February 18, 1887.

Hon. ABRAM S. HEWITT, Mayor and Chairman Board of Estimate and Apportionment:

SIR—The enclosed letter of Mr. William Appleton to your predecessor, Hon. William R. Grace, was presented to the Board of Estimate and Apportionment, and by that Board referred to me, and I now have the honor to present the following statement of the circumstances of the case, so far as I have been able to ascertain them:

In 1868 the Croton Aqueduct Board entered into an agreement with the late John A. Jackson, the sculptor, to make models for statues to be cast in bronze and to be placed at the gate-houses on the new reservoir in Central Park.

In 1870 the powers and duties of the Croton Aqueduct Board were transferred to the Department of Public Works, and at that time no payment had been made to Mr. Jackson. Upon suit brought against the City, Mr. Jackson obtained judgment for \$3,300, representing the cost of the models; \$200 for storage to December, 1883, and \$997 interest.

There was no appropriation then, and none has been made since, to pay the expense of making use of the models by having them cast in bronze, brought to this country, and set up at the reservoir gate-houses, and the matter has thus been left in abeyance till this day, and actually stands as represented in the letter of Mr. Appleton.

When the subject was brought up in 1878, the then Commissioner of Public Works, Mr. Allan Campbell, thought the expense too great. The City, however, is the owner of the models, and is liable for the expense of keeping them stored in their present location, and the question is whether it would not be most economical to pay the present charge or claim for storage and to have the models shipped to this city.

As no provision has been made in any appropriations of this Department for such expense, I see no way of paying it through the Department unless your Board can make a special appropriation for the purpose, by transfer or otherwise.

Yours, very respectfully,

JOHN NEWTON, Commissioner of Public Works.

Which was laid over and the Secretary directed to notify William H. Appleton of the next meeting of the Board, and to request his presence thereat in relation thereto.

Francis Blessing appeared before the Board and requested an appropriation for a connecting sewer at Fourth avenue and Ninety-seventh street.

The Comptroller called up the following communication, presented at a meeting held November 19, 1886:

To the Honorable the Board of Estimate and Apportionment:

APPROVED PAPERS.

Whereas, This Board did, by resolution adopted by them, April 28, 1884, and which was approved by the Mayor, May 2, 1884,

Resolve, Upon the certificate and report of the Commissioner of Public Works, made in accordance with the provisions of section 321 of the New York City Consolidation Act of 1882, that certain streets and parts of streets mentioned in said resolution, including Fifteenth street, from Tenth avenue to North river, and Sixteenth street, from Tenth avenue to North river, should be repaved with trap-block pavement, the work to be done by contract publicly let to the lowest bidder; and

Whereas, It appears that the portions of the said streets which it was provided in said resolution should be repaved, are subject to the covenants contained in certain water grants from the Mayor, Aldermen and Commonalty of the City of New York to various persons, in each of which water grants the grantee or grantees therein covenant and agree, and it is made a condition of said grants, that said grantee or grantees shall build, maintain, uphold and repair some part of said streets

respectively therein particularly described, the covenants in all of said grants providing for building, maintaining, upholding and repairing all of the portions of said streets above mentioned; therefore

Resolved, That the work of repaving said Fifteenth and Sixteenth streets, from Tenth avenue to the North river, instead of being done by contract publicly let to the lowest bidder, be done by the several grantees in said water grants respectively, in the manner and as provided in said respective grants, or by the persons who have acquired the titles to land conveyed by said grants respectively, or have assumed the performance of the covenants and conditions contained in said grants respectively.

Resolved, further, That the Commissioner of Public Works be and he is hereby directed to notify the several persons who under the covenants and conditions of said grants respectively are bound to build, maintain, uphold and repair Fifteenth and Sixteenth streets, from Tenth avenue to the North river, to repave with trap-block pavement in a complete and proper manner such parts of said streets respectively as are required to be built, erected, upheld and repaired by the grantees in the several water grants to them, or under which they have acquired title, or the performance of the covenants and conditions of which they have assumed, and that they complete such work within the time specified in the notice of the Commissioner of Public Works.

Adopted by the Board of Aldermen, February 15, 1887.

Approved by the Mayor, February 21, 1887.

JURORS.
NOTICE
IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
ROOM 127, STEWART BUILDING,
CHAMBERS STREET AND BROADWAY,
NEW YORK, June 1, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given. Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice" requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc. etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents. All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt. Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

(1.) Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work contracted for, to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work to be done under the contract is to be fully completed on or before the fifteenth day of June, 1887, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled, after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the said pier, to be removed under the contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

All the material excavated is to be removed by the contractor, and deposited, in all respects, according to law.

Bidders will state in their estimates a price for the whole of the work to be done, in each class in conformity with the approved form of agreement and the specifications thereon set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work comprised in all the classes, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the securities offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-awarded and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the

security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered, to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall exe-

cute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-awarded and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
