Adopted by the Board of Aldermen, February 27, 1883.

Approved by the Mayor, March 9, 1883.

Whereas, The communication from the Department of Public Works to the Common Council, under date of 19th February, 1883, in response to the request contained in the resolution of the Common Council of the 16th day of January, ulto., while confirming the salubrity and proving the adequacy of the sources of the supply of water required by the city for its present and future use, establishes the insufficiency to the present and probable demands upon its capacity, of the aqueduct provided for the transmission of the water from its sources to the city's reservoirs, together with the consequent necessity of replacing the same with one of more capacious dimensions; and

Whereas, Notwithstanding such admitted necessity, a belief prevails with many respectable citizens, that the water actually brought by the present aqueduct to the High Bridge, at One Hundred and Thirty-fourth street, is not rendered to the Central Park reservoirs nor delivered for the use of the city; therefore

Resolved, That the Department of Public Works be and is hereby further respectfully requested to communicate to this Common Council the average quantity of water during the last six months, contained in, flowing through or delivered by the aqueduct at One Hundred and Thirty-fourth street, and the average quantity of water, during the same time, flowing and delivered into and contained in the aqueduct at Ninety-second street, and if the quantity at Ninety-second street shall be ascertained to be less than the quantity at One Hundred and Thirty-fourth street, then to communicate to this Common Council the causes which have operated to occasion the difference.

Adopted by the Board of Aldermen, March 6, 1883.

Approved by the Mayor, March 9, 1883.

Resolved, That permission be and the same is hereby given to James O'Connor to erect a storm-door in front of No. 1322 Fourth avenue, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, March 6, 1883.

Approved by the Mayor, March 9, 1883.

Whereas, By resolution which became adopted April 6, 1883, the Commissioner of Public Works was "instructed to take measures immediately for opening and keeping open constantly the mains leading to and from the Murray Hill reservoir, in order to maintain therein a full head of water and constant supply therefrom equal to its greatest capacity, and that he be directed also not to lessen the supply of water from that source, without the consent of the Common Council first had and obtained;" and

Whereas, Since the adoption of the said resolution, nearly three years ago, not the slightest effort has been made to give effect to the directions to the Commissioner of Public Works contained therein, nor has any explanation been vouchsafed to the Common Council for neglecting to comply with the directions so given; and

Whereas, It has transpired quite recently, and has become unofficially known, that an appropriation approximating four thousand dollars is necessary in order to enable the Commissioner of Public Works to perform the work therein mentioned, or at least that the appropriation from which the requisite amount may be taken should be designated, before the work can be legally undertaken by him; be it therefore

Resolved, That the Commissioner of Public Works be and he is hereby again authorized and directed "to take measures immediately for opening and keeping open constantly the mains leading to and from the Murray Hill reservoir," at Fifth avenue, Fortieth and Forty-second streets, and to connect the mains therewith, where now disconnected, "in order to maintain therein a full head of water and constant supply therefrom equal to its greatest capacity," such full supply not to be lessened without the consent of the Common Council; the expense of carrying into effect the directions contained in this resolution to be charged to and taken from the appropriation for "Repairing and Renewal of Pipes, Stop-cocks, etc.," for the present year.

Adopted by the Board of Aldermen, March 6, 1883.

Approved by the Mayor, March 9, 1883.

Resolved, That the Comptroller be and he is hereby authorized and directed to draw a warrant in favor of A. F. Warburton & Co. for the sum of twenty-one dollars and twenty-five cents, to be in full payment for bill hereto annexed, for stenographic report of argument of Alderman John Cochrane, before the Committee on Affairs of Cities of the Assembly, in opposition to proposed amendments to the City Charter, the amount to be charged to the appropriation for "City Contingencies."

Adopted by the Board of Aldermen, March 6, 1883.

Approved by the Mayor, March 9, 1883.

Resolved, That the roadway of Willis avenue, from the crosswalk at or near the intersection of said avenue with the northerly side of the Southern Boulevard to the crosswalk at or near the intersection of said avenue with the easterly side of North Third avenue, and as much of the roadway at each intersection of any other street or avenue with said avenue as lies between the crosswalk across such intersection, and the curb-line of said Willis avenue, be paved with Belgian or trap-block pavement, except where crosswalks shall have heretofore been ordered to be laid, under the direction of the Commissioners of the Department of Public Parks; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, February 27, 1883.

Approved by the Mayor, March 10, 1883.

Whereas, The accommodation for passengers and teams afforded by the lessee or lessees of the ferry at the foot of West Forty-second street is unsafe and insufficient;

Resolved, That the owners and lessees of said ferry franchise and of said premises be and they are hereby directed and required forthwith to put and maintain in good order and substantial repair the bridges, floats, and other fixtures at the landing place of said ferry and the necessary docks and slips thereat, and that said lessees and owners shall provide suitable foundations for the ferry-house and approaches thereto at his or their proper costs and charges, and for that purpose are hereby directed and required forthwith to build, erect, make, and furnish a good and sufficient bulkhead at the foot of West Forty-second street, the whole width thereof, and fill in the same with good and sufficient earth, and regulate and pave the same and lay the sidewalks thereof; such alterations, repairs and bulkhead shall be in accordance with the plans heretofore prepared by the Board of the Department of Docks and adopted by the Commissioners of the Sinking Fund.

Adopted by the Board of Aldermen, March 6, 1883.

Approved by the Mayor, March 10, 1883.

FRANCIS J. TWOMEY,  
Clerk Common Council.

## JURORS.

## NOTICE

## IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or "proved permanent exemption," will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. —or any part thereof, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A. M., of Friday, March 16, 1883. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, etc.," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department, and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the Contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of Chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
