The President put the question whether the Board would agree to accept the report and adopt the several resolutions.

Which was decided in the affirmative on a division, as follows :

Affirmative—The President, Vice-President Fitzsimons, Aldermen D. Barry, R. J. Barry, Butler, Carlin, Clancy, Cowie, Divver, Down, Flynn, Gilligan, Goetz, Gregory, Gunther, Hammond, Lynch, Morris, Noonan, Oakley, Rapp, Rinckhoff, Storm, Sullivan, Tait, and Walker—26.

The Committee on Railroads, to whom was referred the annexed resolution in favor of permitting the New York Central and Hudson River Railroad Company to reconstruct the bridges over One Hundred and Twelfth and One Hundred and Thirteenth streets at Park avenue, respectfully

REPORT :

That, having examined the subject, they believe the proposed improvement to be necessary, as it appears the present structures are inadequate to bear the strain occasioned by the passage of some of the immense trains that now occasionally pass over them, and their reconstruction is a matter of public safety. In addition one foot of space will be added to the height of the bridges, measuring from the surface of the street below, and is to that extent also an advantage to the public ; the work is to be done at the expense of the company. They therefore recommend that the said resolution be adopted.

Resolved, That the New York Central and Hudson River Railroad Company be and is hereby authorized and permitted to reconstruct the bridges over One Hundred and Twelfth and One Hundred and Thirteenth streets and Fourth avenue, and for that purpose, and in order to increase the height of said bridges from the street level, the said company is hereby authorized and permitted to put iron columns on the line of the curb on each side of both streets, as shown on the accompanying diagram ; the work on the surface of the said streets, and the erection of the columns, to be under the direction and supervision of the Commissioner of Public Works.

MAYOR'S OFFICE, NEW YORK, November 1, 1889.

To the Honorable the Board of Aldermen :

I herewith transmit, for such action as you may deem proper, the inclosed communication from Hon. Chauncey M. Depew, President of the New York Central and Hudson River Railroad Company, suggesting that a new hack-stand be established and located on the north side of Forty-third street, between Depew avenue and Lexington avenue.

HUGH J. GRANT, Mayor.

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY,
GRAND CENTRAL DEPOT,
NEW YORK, October 25, 1889.

His Honor HUGH J. GRANT, Mayor :

DEAR SIR—I am in receipt of your letter of the 1st inst., through your Secretary, enclosing an abstract of the opinion of the Corporation Counsel, with reference to the privileges, etc., of cab companies.

I suppose that so far as any of the acts referred to constitute violations of law, their prevention or punishment may properly be left to the officers of the law having cognizance of such matters. I shall, of course, give such officers every facility and assistance in my power to prevent any violations of law upon the property of the railroad company.

I avail myself of this opportunity to respectfully request your Honor to designate the north side of Forty-third street, between Depew avenue and Lexington avenue, as a public hack-stand, for the following public reasons :

- 1st. It is needed for the accommodation of the traveling public.
- 2d. It will help to relieve the already overcrowded hack-stand No. 13.
- 3d. Such use will not interfere with the travel of the general public, either on foot or in vehicles, as that street is very little used as a thoroughfare.
- 4th. The railroad company owns the entire block in front of which the hacks will stand, and instead of objecting to its use, they favor it.

Yours, very truly,

CHAUNCEY M. DEPEW, President.

Which was referred to the Committee on Law Department.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, November 12, 1889.

To the Honorable the Board of Aldermen :

GENTLEMEN—I transmit herewith a communication from the counsel to the Broadway and Seventh Avenue Railroad Company for your consideration and action, expressing the wish of that company to change its motor power upon Broadway, between Central Park and South Ferry, from horse to cable power, provided that the local authorities shall consent to the change.

It is manifest that any change which will add to the comfort and convenience of the travelling public ought to be made, if it can be done under such restrictions and conditions as to properly protect the public interests.

The experience of most of the largest cities of the country, in substituting mechanical for horse power upon their principal streets, justifies the belief that a similar change here might result in a substantial public benefit. That this opinion is entertained by the people of the city, appears from the practically unanimous expression of the public press.

I recommend that you give the subject your speedy attention and give your consent to the proposed change, upon such terms and conditions as the interests of the city may require.

This is an excellent opportunity to accomplish the removal of the centre-bearing rail which has become so dangerous to vehicles, and to require as a condition of your consent the laying of such improved rail as may be selected by the Commissioner of Public Works.

The railroad company should also be required to give suitable guarantees for the change of any sewer or water pipes or other underground structures with which their conduit would interfere ; and any changes in location of tracks, sewer or gas pipes, or other underground structures rendered necessary by the construction of said cable conduit should be by agreement with the Commissioner of Public Works, who, whenever the construction of said conduit shall interfere with existing underground structures of any kind, should approve of the methods of construction of said conduit prior to the adoption thereof by the said company. These removals should be made under the direction of the Department of Public Works and the railroad company should be required to pay the expense. They should be required to do their work in such manner as not to stop or materially interfere with travel upon Broadway, and to that end I think that their work below Grand street should be required to be done entirely at night, or if it is considered that it would in the end interfere less with the use of Broadway, they should be required to prosecute their work day and night, and to complete it within a limited time.

They should be required to do the work in harmony with the plans of the Department of Public Works for repaving, so that for the laying of the cable conduit and track, and the repaving of Broadway, but one interference with travel would be required, and the railroad company should be required to pay the expense of a newly-made and solid pavement between and adjacent to their tracks.

The whole work should be done under the supervision of a competent engineer, who shall be satisfactory to the Mayor and the Commissioner of Public Works.

As to the operation of the road the company should be required to furnish cars at least twenty-four feet in length, to be lighted at night by gas or electricity. Such cars will afford far greater and better accommodation, would take up less room upon the street than is now occupied by the present car with its horses. They should also be prohibited from running their cars at a greater rate than six miles an hour below Grand street and nine miles an hour above Grand street, between the hours of 8 A. M. and 7 P. M. The performance of these conditions should be secured by a satisfactory bond with good sureties, with a penalty of not less than \$500,000.

As you are aware, the Legislature, at its last session, passed a law which assumed to take from the local authorities the right to determine the motive power to be used by street railroad companies in this city and to vest that power in the State Board of Railroad Commissioners.

The constitutionality of this measure is open to serious question. The Counsel to the Corporation and eminent counsel whom he has consulted upon the subject concur in the belief that the law is in conflict with the constitutional provision which confers upon the local authorities of every city the right to prescribe the conditions on which its highways may be used by corporations of this character. It has been therefore determined by the city authorities to contest in the courts the power of the Railroad Commissioners to confer upon any corporation privileges which had not been granted to it by its charter.

The company which makes the application which I have the honor to transmit herewith has, however, voluntarily consented to submit itself to the jurisdiction of the municipal authorities. Upon the receipt of its communication offering to comply with any conditions that might be imposed by the local authorities, I consulted with the Commissioners of the Sinking Fund, who are charged with the care of the city revenues, and asked their advice as to the terms on which the privilege asked by this corporation should be granted. The conditions which have already been described appeared to be advantageous to the city without being unfair or oppressive to the company.

It was, however, deemed advisable to exact from the petitioning company a stipulation that the revenue which under its existing franchise it is compelled to pay into the City Treasury should never be permitted to fall below one hundred and fifty thousand dollars.

Should the experiment which it is about to make prove unfortunate in its pecuniary results to the corporation, the city would thus be protected from loss ; while, on the other hand, if it proved to be a source of increased revenue to the company, the City Treasury will reap a corresponding benefit.

I therefore recommend to your Honorable Body the passage of a resolution granting to this company the permission which it asks, upon the terms and conditions which I have already described.

It is submitted, that when a corporation frankly recognizes the jurisdiction of the municipal authorities and complies with the conditions prescribed by them, it is the part of prudence as well as of justice to deal with the request in a spirit of entire fairness and equity.

The passage of a resolution such as I recommend would justify the local authorities in withdrawing any opposition to a change which would result in a substantial advantage to the comfort of the public and the revenues of the city.

Yours, respectfully,

HUGH J. GRANT, Mayor.

Whereas, The Mayor has requested the opinion and advice of this Board upon the application of the owners and holders of the street, surface railroad from Central Park to South Ferry, by way of Broadway and Seventh Avenue, for the consent of the local authorities for the use of cable power in the operation of said railroad.

Now, after hearing the representative of the companies making such application, and considering the plans proposed by them,

Resolved, That in the opinion of this Board, such application should be granted upon the terms and conditions already proposed by us and accepted by said applicants.

Resolved, That in the opinion of this Board, the Mayor should transmit such application to the Common Council and recommend favorable action thereon, upon the said terms and conditions.

HUGH J. GRANT, Mayor.

RICHARD CROKER.

THEO. W. MYERS, Comptroller.

WALTON STORM, Chairman Finance Committee Board of Aldermen.

FREDERICK SMYTH, Recorder.

Hon. HUGH J. GRANT, Mayor, etc. :

DEAR SIR—The Broadway and Seventh Avenue Railroad Company is now prepared to undertake a change of motor power upon its line between South Ferry and Central Park from horse-power to cable provided the public authorities charged by law with the duty of determining such questions choose that it shall be done.

The law as it stands upon the statute books seems to vest this authority in the Railroad Commissioners ; but we understand that the City Government questions the validity of that law and takes the position that the local authorities of the city alone have jurisdiction of the subject.

We think that the proposed change will be a great public benefit, and will be beneficial to us only because it will furnish better means of travel to the public. We wish to prosecute the work not in opposition to any duly constituted authority, but in harmony with the public interest ; and we have no question of receiving the hearty assent and co-operation of all public officers charged with any duty in the premises whenever the subject is fairly presented to them.

Independently of any legal question, we wish in the first instance to obtain the assent and co-operation of the City Government ; and we respectfully ask an opportunity to lay before you, or such local authority as you may designate, our plans for the proposed change in order that the consent of the local authorities may be obtained upon any reasonable modifications, restrictions or conditions that may be deemed necessary for the interest of the city.

I am authorized to make this application as counsel for the Broadway and Seventh Avenue Railroad Company, the South Ferry Railroad Company, and the owner of the track and franchises formerly of the Broadway Surface Railroad Company.

Very respectfully,
(Signed) ELIHU ROOT.

In connection with the foregoing, Alderman Storm offered the following :

Whereas, The Legislature of the State at its last session assumed to take from the Common Council of this city the power to authorize changes in the motive power of street surface railroads in this city and to confer the same upon the State Board of Railroad Commissioners ; and

Whereas, Such legislation is claimed by this Board to be in violation of its constitutional prerogatives ; and

Whereas, The owners and operators of the street surface railroad upon Broadway and Seventh Avenue, from South Ferry to the Central Park have, in deference to this Board, made application for the consent of the local authorities to the use of cable power over the said line of railroad, with the right to make such changes in the construction of said road as may be rendered necessary for the use of such power, and have offered to comply with such reasonable terms and conditions as the local authorities shall deem necessary for the protection of the interests of the City ; and

Whereas, This Board is desirous of securing for the people of the City the public advantage to be derived from such facilities as will thereby be secured, especially in view of the action of said applicants in coming before the local authorities for their opinion of the terms upon which such privilege should be given ; therefore

Resolved, That as a settlement of the differences arising under the legislation aforesaid, the consent of the local authorities be and it is hereby given to the Broadway and Seventh Avenue Railroad Company, the South Ferry Railroad Company and the successors to the franchises formerly of the Broadway Surface Railroad Company, and to their successors and assigns respectively, for the use of the cable power in the operation of the street surface railroads, owned or operated by them respectively, from the Central Park by the way of Seventh Avenue, Broadway, Whitehall and State streets and Battery place to the South Ferry, and for the making of any changes in the construction of said roads or roadbeds, which shall be necessary for the use of such motive power, upon the following terms and conditions, that is to say :

First—That in making the necessary changes in construction the existing centre-bearing rails upon the said line shall be removed and new rails of improved form, to be approved by the Commissioner of Public Works, be substituted therefor upon the said line.

Second—That any and all changes in location of tracks or of water-pipes, sewers, gas-mains or other underground structures rendered necessary by the construction of the conduit for said cable power, shall be by agreement with the Commissioner of Public Works, who, wherever the construction of said conduit shall interfere with existing underground structures of any kind, shall approve of the method of construction of said conduit, prior to the adoption thereof by said company, and that all such changes or removals shall be done by the Department of Public Works or under its supervision, at the expense of said company.

Third—That said company shall pay the expense of the repavement of the said street between the rails of its tracks and for a space two feet in width, outside of and adjoining the outside rails of said tracks, and the repairs of such pavement from time to time, such repavement and repairs to be made by or under the supervision of the Department of Public Works.

Fourth—That the cars run upon such line by the use of such cable power shall be not less than twenty-four feet in length, and shall be lighted by the most approved method with gas or electricity.

Fifth—That the Broadway and Seventh Avenue Railroad Company shall, within thirty days from the passing of this resolution and in consideration of the consent of the local authorities hereby given, execute and deliver to the Comptroller of the city, its corporate bond under seal, in a penalty of \$500,000, conditioned that from the time when such cable railroad shall be in operation and so long as no other railroad than those now existing shall be constructed upon, over or under the said routes in Broadway or any part thereof, the percentages upon gross receipts paid into the City Treasury under existing provisions of law for the use of Broadway for railroad purposes, together with the rental of \$40,000 also paid for such use under such provisions, shall amount to the annual sum of at least \$150,000, which the said company shall agree shall be the minimum amount to be paid annually for such percentages and rental. The petitioning corporation shall also be required to give a satisfactory bond in the sum of at least \$100,000 to save and keep harmless the Mayor, Aldermen and Commonalty of the City of New York from all suits, actions and claims of any kind resulting to persons or property from the constructing of said conduits or the laying of said cable.

Alderman Morris moved to refer to the Committee on Railroads, with instructions to report at the next meeting of the Board.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Board of Estimate and Apportionment:

BOARD OF ESTIMATE AND APPORTIONMENT,
NEW YORK, November 11, 1889.

To the Honorable Board of Aldermen:

In pursuance of the requirements contained in section 189 of the New York City Consolidation Act of 1882, the Board of Estimate and Apportionment herewith submits the Provisional Estimate for the year 1890, with their reasons for it in detail.

Very respectfully,

CHAS. V. ADEE, Clerk.

Resolved, That the Provisional Estimate made by the Board of Estimate and Apportionment on the 31st day of October, 1889, of the amount required to pay the expenses of conducting the public business in the City and County of New York, in each department and branch thereof, and the Board of Education, for the ensuing financial year, to wit: for the year eighteen hundred and ninety, be submitted to the Board of Aldermen, with the reasons for it in detail, as required by section 189 of the New York City Consolidation Act of 1882, as follows:

THE LEGISLATIVE DEPARTMENT.

The Common Council—The sum of \$75,600 is appropriated in the Provisional Estimate for 1890, which is \$1,200 less than the Departmental Estimate and the appropriation for 1889, that amount being deducted for the salary of one clerk. The sum of \$50,000 is appropriated for the salaries of twenty-five Aldermen at \$2,000 each per annum, and \$3,000 for the President of the Board, as provided by law, the Clerk of the Board being allowed \$5,000. Provision is also made for the salaries of the Deputy Clerk, Clerks, Librarian, Sergeant-at-Arms and Messengers, and city contingencies and Clerk of the Common Council.

THE MAYORALTY.

The Departmental Estimate for the Mayor's Office in 1890 is \$26,000, the amount appropriated for 1889, which sum is appropriated in the Provisional Estimate, including the salary of the Mayor, at \$10,000 per annum, as provided by law.

THE FINANCE DEPARTMENT.

The Departmental Estimate for 1890 is \$287,000, the same as the appropriation for 1889, including salary of the Comptroller at \$10,000; and compensation of the Chamberlain at \$25,000 per annum, as provided by law, and including also the expenses of cleaning the public markets, amounting to \$42,500, for which \$42,000 was allowed, making a total appropriation of \$286,500 in the Provisional Estimate for 1890, deemed necessary for the administration of the Finance Department.

INTEREST ON THE CITY DEBT.

The amount of interest becoming due in 1890 on bonds and stocks payable by law from taxation, included in the Provisional Estimate, is \$5,327,554.19, being \$123,579.17 less than the amount raised by tax for interest in 1889, which was \$5,451,133.36. The appropriation for interest in the Final Estimate for 1889 was \$7,129,048.90, from which sum was deducted \$1,677,915.54, which was paid out of "The Sinking Fund for the payment of interest on the City Debt," under the provisions of chapter 178 of the Laws of 1889, as fully explained in the communication of the Comptroller submitting the Departmental Estimate of the Finance Department for 1890. Under the same law the amount of interest on stocks and bonds which will be paid out of the Sinking Fund in 1890, and would otherwise be paid from taxation, is, as estimated, \$1,701,597.86 for interest on stocks and bonds of the Sinking Fund held as investments for "The Sinking Fund for the Redemption of the City Debt," which is also explained by the Comptroller in his communication with the Departmental Estimate.

The appropriation for interest includes the amount to be paid on Revenue Bonds to be issued in anticipation of taxes in 1890, estimated at \$190,000; also interest on the debt of the annexed territory for which the City is liable, and also the sum of \$214,807.50 for interest on stocks and bonds to be issued, as estimated, after August 31, 1890.

THE REDEMPTION OF THE CITY DEBT.

For the payment of the principal of the City Debt becoming due in 1890, the sum of \$134,587.41 is appropriated in the Provisional Estimate.

The additional sum of \$4,298,000 of the Funded Debt, payable by law originally from taxation, becomes due in 1890, and is not included in the Provisional Estimate to be raised by tax in 1890; provision will be made for the payment thereof from "The Sinking Fund for the Redemption of the City Debt," under sections 176 and 177 of the Consolidation Act of 1882.

A further sum of \$963,666.54 is appropriated in the Provisional Estimate for 1890, to redeem the bonds and stocks issued for the supply of water since December 31, 1884, in pursuance of the provisions of the State Constitution, as amended in that year, requiring instalments to be raised by tax for that purpose, annually, and paid into the Sinking Fund.

Under the provisions of chapter 178 of the Laws of 1889, the Sinking Fund has assumed the payment, at maturity, of the principal of stocks and bonds issued after June 3, 1878, for the redemption of which instalments have been heretofore included in the estimates to be raised by tax annually. Except for this provision for the redemption of such stocks and bonds, the sum of \$1,078,529.33 would also have been included in the estimates to be raised by tax in 1890.

THE STATE TAXES.

The State taxes to be raised in 1890 amount to \$5,698,248.89, being \$1,597,426.18 greater than for the year 1889, including \$12,588.48 for the salary and expenses of the Shore Inspector, as provided by law.

RENTS.

The sum of \$129,822 is appropriated for rents of property leased to the city for public offices, court-rooms, etc., other than armories and drill-rooms, for which the sum of \$50,250 is appropriated, being \$23,250 less than for 1889; and the amount appropriated for wages of Armorer, Janitors and Engineers is \$37,960 as necessary expenditures.

JUDGMENTS.

For the payment of judgments against the city that have been or may be obtained, and are not otherwise provided for, the sum of \$150,000 is included in the Provisional Estimate for 1890, being \$50,000 less than was asked for in the Departmental Estimate and was appropriated for 1889, that amount being deemed sufficient.

SPECIAL APPROPRIATIONS.

As provided by chapter 57, Laws of 1879, the sum of \$15,000 is appropriated for the Seventh Regiment New Army Fund, and \$10,000 for necessary expenses of the Commissioners of the Sinking Fund and of real estate belonging to the city.

THE LAW DEPARTMENT.

The sum of \$197,000 is appropriated for the Law Department in 1890, being \$19,554 less than was appropriated in the Final Estimate for 1889, and a reduction of \$34,000 from the total amount asked for in the Departmental Estimate for all purposes, including salaries fixed by law of the Counsel to the Corporation, the Public Administrator and the Attorney for the Collection of Arrears of Personal Taxes.

THE DEPARTMENT OF PUBLIC WORKS.

The sum of \$3,233,870 is appropriated in the Provisional Estimate for 1890, which is \$174,775 less than asked for in the Departmental Estimate, reductions being made of various items not deemed necessary.

THE DEPARTMENT OF PUBLIC PARKS.

The sum of \$1,177,700 is appropriated for this Department in the Provisional Estimate for 1890, which is \$718,345 less than the Departmental Estimate, reductions being made in various items for which the amounts asked for are not deemed to be necessary, and \$34,500 less than the appropriation of the Final Estimate for 1889.

THE DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

The sum of \$1,986,210 is appropriated for all purposes in the Provisional Estimate for 1890, being \$1,004,840 less than asked for in the Departmental Estimate; reductions being made in various items of expense included therein considered to be greater than the amounts required for the several purposes; and \$210,840 less than the amount appropriated in the Final Estimate for 1889.

The Departmental Estimate for new buildings is \$834,150, on account of which \$100,000 was included in the Provisional Estimate, further allowance being postponed for future consideration.

THE HEALTH DEPARTMENT.

The sum of \$392,800 is appropriated for this Department in the Provisional Estimate for 1890, which is \$24,296 less than the amount of the Departmental Estimate, for reductions in various items of expense deemed to be greater than necessary for the purposes thereof, and \$21,500 less than the appropriation in the Final Estimate for 1889.

THE POLICE DEPARTMENT.

The sum of \$4,616,515.84 is appropriated in the Provisional Estimate for the Police Department in 1890, which is \$207,750 less than the amount asked for in the Departmental Estimate, being for reductions in various items included therein, principally on account of salaries of 170 Roundsmen rated at \$1,400 each per annum, which are reduced to \$1,200 per annum; and for salaries of Patrolmen at a salary of \$1,200 each per annum, the gross amount of which asked for in the Departmental Estimate was reduced \$50,000, which amount is deemed to be unnecessary on account of frequent vacancies in the force.

The sum of \$4,409,550.94 was appropriated to the Police Department in the Final Estimate for 1889, which amount was increased \$74,700 by a transfer of \$59,700 under a resolution of the Board of Estimate and Apportionment, for an increase of the salaries of Sergeants and Detective Sergeants, pursuant to chapter 350 of the Laws of 1888; and also a transfer of \$15,000 for expenses of placing telegraph and telephone wires under ground, making a total amount allowed the Police Department in 1889, \$4,484,250.94, the amount appropriated in the Provisional Estimate being \$132,264.90 for 1890 more than was allowed in 1889.

This increase is deemed to be necessary to provide for the salaries of a large number of Patrolmen, the grading of salaries as provided by law, the construction of a new station-house in the Twenty-sixth Precinct, and the purchase of a site for a station-house in a new precinct to be established, taking portions of the Twenty-fifth and Twenty-sixth Precincts.

THE DEPARTMENT OF STREET CLEANING.

The sum of \$1,221,000 is appropriated in the Provisional Estimate for 1890, which is deemed sufficient, being a reduction in various items of \$213,860 from the amount of the Departmental Estimate for all purposes of a regular character; the sum of \$215,000, also asked for as an extra appropriation for Additional Plant, being disallowed. The amount appropriated is \$51,040.54 less than the appropriation made for 1889.

THE FIRE DEPARTMENT.

The sum of \$2,114,043 is appropriated in the Provisional Estimate for 1890 for the salaries of the Commissioners and Firemen, as provided by law, and for various other purposes and objects required for the administration of the Fire Department, which sum is \$246,449.50 less than the amount of the Departmental Estimate, on account of reductions made in various items of expense, and is \$22,000 less than the amount appropriated in the Final Estimate for 1889.

THE DEPARTMENT OF TAXES AND ASSESSMENTS.

The sum of \$117,200 is appropriated in the Provisional Estimate for 1890, which is \$2,900 less than the amount of the Departmental Estimate and the same as the appropriation for 1889, deemed sufficient.

THE BOARD OF EDUCATION.

The sum of \$4,235,617 is appropriated in the Provisional Estimate for 1890, which is deemed sufficient for all objects and purposes required to be provided for by taxation (new school buildings and school sites being provided for by the issue of bonds under existing laws), the amount so appropriated being \$311,230 less than the Departmental Estimate, on account of reductions made in numerous items of expense included therein, while, however, it is \$156,608.14 more than the amount appropriated for 1889, which increase is mainly on account of salaries for a larger number of teachers required for new schools.

THE COLLEGE OF THE CITY OF NEW YORK.

The sum of \$146,500 is appropriated in the Provisional Estimate for 1890, that amount being deemed to be sufficient for all objects and purposes of the College of the City of New York, including altering and repairs to the college buildings, being \$500 less than the Departmental Estimate and the same as the appropriation made for 1889.

NORMAL COLLEGE.

The sum of \$118,500 is appropriated in the Provisional Estimate for 1890, being deemed sufficient for all objects and purposes. It is \$6,500 less than the amount of the Departmental Estimate and the same as the appropriation made in the Final Estimate for 1889.

ADVERTISING, PRINTING, STATIONERY AND BLANK BOOKS.

The sum of \$246,700 is appropriated for these purposes in the Provisional Estimate for 1890 as sufficient therefore, this amount being \$41,000 less than the amount appropriated in the Final Estimate for 1889. Reductions are made in the Departmental Estimate of \$5,000 on the cost of publication of the CITY RECORD and \$36,000 in the expense of Printing, Stationery and Blank Books, including arrearsages and publication of Court Calendars. An allowance of \$9,000 is made in the appropriation for "Arrearsages," which are necessarily provided for, otherwise the total reduction for 1890 would be \$50,000 less than the appropriation made for 1889.

MUNICIPAL SERVICE EXAMINING BOARDS.

The sum of \$25,000 is appropriated in the Provisional Estimate for 1890, the amount of the Departmental Estimate and the same as the appropriation for 1889.

THE CORONERS.

The sum of \$52,500 is appropriated for salaries and expenses in 1890, the amount being \$2,500 more than was appropriated for 1889, which is asked for the salary of a Stenographer pursuant to chapter 443 of the Laws of 1889.

THE COMMISSIONERS OF ACCOUNTS.

The sum of \$27,500 is appropriated for 1890, being \$7,500 less than the amount asked for in the Departmental Estimate and the same as the appropriation for 1889, which is deemed sufficient.

THE SHERIFF.

The sum of \$65,700 is appropriated in the Provisional Estimate for 1890, being \$17,100 less than the amount of the Departmental Estimate, and the same as the appropriation for 1889, which is deemed sufficient for the objects and purposes thereof.

THE REGISTER.

The sum of \$122,250 is appropriated for 1890, being \$20,700 less than the amount of the Departmental Estimate, and the same as the appropriation for 1889, which is deemed sufficient for the objects and purposes thereof. The Register asked for a special appropriation of \$31,500 for recopying mutilated records in his office, for which purpose the sum of \$22,000 is appropriated under the head of a general appropriation entitled "For the Preservation of Public Records" (chapter 57, Laws of 1883), being the same amount as was appropriated for this purpose for 1889.

THE BUREAU OF ELECTIONS.

The sum of \$258,857 is appropriated in the Provisional Estimate for 1890, which includes compensation of Inspectors and Poll Clerks, etc., and is considered sufficient for all purposes for which the appropriation is made. Reductions deemed advisable are made in several items of the Departmental Estimate, and the sum of \$30,000 is appropriated for advertising Election Districts, the official canvass, etc., and \$2,000 for Clerks to the Board of County Canvassers.

MISCELLANEOUS PURPOSES.

The President laid before the Board the following communication from the Counsel to the Corporation :

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, October 29, 1889.

To the Honorable the Board of Aldermen of the City of New York :

GENTLEMEN—I have the honor to acknowledge the receipt of your resolution adopted October 22, 1889, as follows :

“Resolved, That the question of the authority of this Board to make rules and regulations affecting the intensity of the current used in electrical conductors in the City of New York be referred to the Counsel to the Corporation for his opinion thereon to this Board.”

Section 1 of chapter 716 of the Laws of 1887, provides :

“That all the powers and duties heretofore by law conferred or imposed upon the local authorities of said City (New York), or any of them, in respect to or affecting the placing, erecting, construction, suspension, maintenance, use, regulation or control of electrical conductors

in said city, are hereby transferred to and conferred and imposed upon, and shall hereafter be exclusively exercised and performed by the said Board of Electrical Control.”

Section 4 of the same act provides :

“Except with such permission (of the Board of Electrical Control) no electrical conductors, poles or other fixtures or devices therefor, nor any wires shall hereafter be continued, constructed, erected or maintained or strung above ground in any part of the said city. Said Board of Electrical Control may establish, and from time to time may alter, add to or amend, all proper and necessary rules, regulations and provisions for the management and use of the electrical conductors.”

The above-quoted provisions seem to me to be obviously sufficient to transfer from your Board the power to make rules and regulations in relation to the use of electrical conductors, and pursuant thereto the Board of Electrical Control is vested with exclusive authority to make rules and regulations in respect to the intensity of the current to be used in electrical conductors in the City of New York.

The opinion of Judge Ingraham, lately delivered in the case of The East River Electric Light Company against The Mayor, etc., and others, sustains the position that the Board of Electrical Control is now vested with all the powers of control and regulation of the use of electrical conductors within the city, which, prior to the Act of 1887, were vested in and exercised by the local authorities thereof.

I therefore advise you that your Board has no authority to make the rules and regulations referred to in your resolution.

I remain, yours, respectfully,

WM. H. CLARK, Counsel to the Corporation.

Which was ordered on file.

The President laid before the Board the following communication from the Common Council of Norwich, Ct. :

At a meeting of the Court of Common Council of the City of Norwich, held at the Council Chamber, October 7, 1889.

Present—His Honor S. Ashbel Crandall, Mayor, presiding, Aldermen Batlett, Gilmour, Pratt, and Johnson, Councilmen Adams, Scott, Hewitt, Kingsley, Dawson, and Potter.

The following preamble and resolutions were adopted :

Whereas, The four hundredth anniversary of the discovery of America by Columbus is at hand and it is proposed to signalize its advent by holding a universal exposition in the United States ; and

Whereas, We, the members of this Common Council, on our own behalf and on behalf of the people of Norwich, whose official representatives we are, in common with our fellow-citizens throughout our country, recognize the importance of the impending event, and realize the appropriateness and expediency of its commemoration by means, and in a manner worthy of the occasion and of our nation ; and

Whereas, We believe that the holding of a Universal Exposition, whereat all the nations of the earth may attend and unite with us in celebrating the event, and in inaugurating in a fitting way the fifth century of the settlement of this continent by civilized man, is the most desirable means to employ ; and

Whereas, We believe that it is of the utmost moment that the proposed Exposition should be held in the chief city of this western hemisphere, where alone an enterprise of such magnitude can be successfully and properly carried out, and whose enlightenment, liberality, wealth and grandeur entitle it to this distinction ; therefore

Resolved, That we endorse the City of New York as preeminently the proper place to hold the contemplated Universal Exposition of 1892 ; and

Resolved, That we give support to this endorsement by all the moral and material forces at our command, and that we hereby authorize and empower his Honor the Mayor of the city to act for, and represent this body and this city, in all matters appertaining to the subject of these resolutions, and

Resolved, That the City Clerk be and he hereby is directed to transmit to his Honor, Hugh J. Grant, Mayor of the City of New York, and to the Board of Aldermen of said city and the Secretary of the New York General Committee on the World's Fair, certified copies of the foregoing preamble and of these resolutions.

Dated at Norwich, Conn., this 7th day of October, 1889.

I hereby certify that the above and foregoing is a true copy of record.

Attest :

EDWARD T. BURKE, City Clerk.

BOARD OF STREET OPENING AND IMPROVEMENT.

The Board of Street Opening and Improvement met at the Mayor's office on Friday, November 8, 1889, at 11 o'clock A. M., pursuant to the following notice :

OFFICE OF THE BOARD OF STREET OPENING AND IMPROVEMENT,
ROOM NO. 10, STEWART BUILDING,
NEW YORK, November 6, 1889.

SIR—You are respectfully requested to attend a special meeting of the Board of Street Opening and Improvement of the City of New York, to be held in the Mayor's office, in the City Hall, on Friday, November 8, 1889, at 11 o'clock A. M., at which it is proposed to consider the matter of the area of High Bridge Park, and such other matters as may be brought before the Board.

I am, very respectfully,

V. B. LIVINGSTON, Secretary.

The roll was called and all the members were present, and answered to their names.

The minutes of the meeting of November 1, 1889, were read and approved.

The Secretary read the following preamble and resolution, unanimously adopted by the Board of Street Opening and Improvement, at an Executive Session of the Board, held on the 7th instant :

Whereas, At the present time extraordinary expenditures are required for the prosecution of various important and greatly needed public works, many already in progress, including the repaving

of the city's streets, the new buildings for municipal and judicial purposes, the new aqueduct and projected reservoirs in connection therewith, the water-front improvement, new parks, the opening of College place and other improvements; and

Whereas, It appears that nearly one-half of the property-owners on the line of the projected widening and extending of Elm street protest against such action; therefore

Resolved, That action upon the proposed widening of Elm street, involving as it does a very large additional outlay, is, in the opinion of this Board, deemed at this time inexpedient.

The Board then took up the matter of the area of the proposed High Bridge Park.

Messrs. John A. Havens and George S. Lespinasse, representing many property-owners, urged a reduction of the area as at present established.

Messrs. F. A. Thayer and Clark Bell, on behalf of other property-owners, argued in opposition to any reduction whatever.

After much discussion, the subject was laid over for future consideration, and all parties interested were invited to submit to the Board, in writing, any arguments or briefs in the matter before Friday next, the 15th instant.

On motion, the Board then adjourned.

V. B. LIVINGSTON, Secretary.

M. COLEMAN,
President of the Department of Taxes and Assessments.

Present—The following members, viz.:

Hugh J. Grant, the Mayor; Theodore W. Myers, the Comptroller; Michael Coleman, the President of the Department of Taxes and Assessments.

Absent—John H. V. Arnold, the President of the Board of Aldermen.

On motion, the reading of the minutes of the previous meeting was dispensed with.

The Comptroller offered the following preamble and resolutions:

Whereas, The quota of the State taxes of the City and County of New York required to be raised by tax in the year 1890, including the tax for Common Schools of the State, is \$5,698,248.89, being an increase of \$1,597,426 over the amount of State taxes paid by the City in 1889; and

Whereas, The State equalization table of 1889 shows that the sum of \$119,425,063 was arbitrarily and unjustifiably added to the valuation of real estate in the City and County of New York, and was deducted from the valuations in some other counties of the State; therefore

Resolved, That this Board do hereby earnestly and solemnly protest against this arbitrary action of the State Board of Equalization, thus enormously increasing the valuation of property in the City and County of New York upon which the State Taxes are assessed, and deducting the amount from the valuations in other counties of the State, thereby unjustly increasing the State tax in the City and County of New York upon which nearly one-half of the amount of the State tax is assessed.

Resolved, That a copy of the foregoing preamble and resolution be transmitted to each member of the State Board of Equalization.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller and President of the Department of Taxes and Assessments—3.

The Comptroller offered the following resolution:

Resolved, That the Provisional Estimate made by the Board of Estimate and Apportionment on the 31st day of October, 1889, of the amount required to pay the expenses of conducting the public business in the City and County of New York, in each department and branch thereof, and the Board of Education, for the ensuing financial year, to wit: for the year eighteen hundred and ninety, be submitted to the Board of Aldermen, with the reasons for it in detail, as required by section 189 of the New York City Consolidation Act of 1882, as follows:

THE LEGISLATIVE DEPARTMENT.

The Common Council—The sum of \$75,600 is appropriated in the Provisional Estimate for 1890, which is \$1,200 less than the Departmental Estimate and the appropriation for 1889, that amount being deducted for the salary of one Clerk. The sum of \$50,000 is appropriated for the salaries of twenty-five Aldermen, at \$2,000 each per annum, and \$3,000 for the President of the Board, as provided by law, the Clerk of the Board being allowed \$5,000. Provision is also made for the salaries of the Deputy Clerk, Clerks, Librarian, Sergeant-at-Arms and Messengers, and city contingencies and Clerk of the Common Council.

THE MAYORALTY.

The Departmental Estimate for the Mayor's Office in 1890 is \$26,000, the amount appropriated for 1889, which sum is appropriated in the Provisional Estimate, including the salary of the Mayor, at \$10,000 per annum, as provided by law.

THE FINANCE DEPARTMENT.

The Departmental Estimate for 1890 is \$287,000, the same as the appropriation for 1889, including salary of the Comptroller at \$10,000, and compensation of the Chamberlain at \$25,000 per annum, as provided by law, and including also the expenses of cleaning the public markets, amounting to \$42,500, for which \$42,000 was allowed, making a total appropriation of \$286,500 in the Provisional Estimate for 1890, deemed necessary for the administration of the Finance Department.

INTEREST ON THE CITY DEBT.

The amount of interest becoming due in 1890 on bonds and stocks payable by law from taxation, included in the Provisional Estimate, is \$5,327,554.19, being \$123,579.17 less than the amount raised by tax for interest in 1889, which was \$5,451,133.36. The appropriation for interest in the Final Estimate for 1889 was \$7,129,048.90, from which sum was deducted \$1,677,915.54, which was paid out of "The Sinking Fund for the Payment of Interest on the City Debt," under the provisions of chapter 178 of the Laws of 1889, as fully explained in the communication of the Comptroller submitting the Departmental Estimate of the Finance Department for 1890. Under the same law the amount of interest on stocks and bonds which will be paid out of the Sinking Fund in 1890, and would otherwise be paid from taxation, is, as estimated, \$1,701,597.86 for interest on stocks and bonds of the Sinking Fund held as investments for "The Sinking Fund for the Redemption of the City Debt," which is also explained by the Comptroller in his communication with the Departmental Estimate.

The appropriation for interest includes the amount to be paid on Revenue Bonds to be issued in anticipation of taxes in 1890, estimated at \$190,000; also interest on the debt of the annexed territory for which the City is liable, and also the sum of \$214,807.50 for interest on stocks and bonds to be issued, as estimated, after August 31, 1890.

THE REDEMPTION OF THE CITY DEBT.

For the payment of the principal of the City Debt becoming due in 1890, the sum of \$134,587.41 is appropriated in the Provisional Estimate.

The additional sum of \$4,298,000 of the Funded Debt payable by law originally from taxation, becomes due in 1890, and is not included in the Provisional Estimate to be raised by tax in 1890; provision will be made for the payment thereof from "The Sinking Fund for the Redemption of the City Debt," under sections 176 and 177 of the Consolidation Act of 1882.

A further sum of \$963,666.54 is appropriated in the Provisional Estimate for 1890, to redeem the bonds and stocks issued for the supply of water since December 31, 1884, in pursuance of the provisions of the State Constitution as amended in that year, requiring installments to be raised by tax for that purpose, annually, and paid into the Sinking Fund.

Under the provisions of chapter 178 of the Laws of 1889, the Sinking Fund has assumed the payment at maturity of the principal of stocks and bonds issued after June 3, 1878, for the redemption of which installments have been heretofore included in the estimates to be raised by tax annually. Except for this provision for the redemption of such stocks and bonds, the sum of \$1,078,529.33 would also have been included in the estimates to be raised by tax in 1890.

THE STATE TAXES.

The State taxes to be raised in 1890 amount to \$5,698,248.89, being \$1,597,426.18 greater than for the year 1889, including \$12,588.48 for the salary and expenses of the Shore Inspector, as provided by law.

RENTS.

The sum of \$129,822 is appropriated for rents of property leased to the City for public offices, court-rooms, etc., other than armories and drill-rooms, for which the sum of \$50,250 is appropriated, being \$23,250 less than for 1889, and the amount appropriated for wages of Armorer, Janitors and Engineers is \$37,960 as necessary expenditures.

JUDGMENTS.

For the payment of judgments against the City that have been or may be obtained and are not otherwise provided for, the sum of \$150,000 is included in the Provisional Estimate for 1890, being \$50,000 less than was asked for in the Departmental Estimate and was appropriated for 1889, that amount being deemed sufficient.

SPECIAL APPROPRIATIONS.

As provided by chapter 57, Laws of 1879, the sum of \$15,000 is appropriated for the Seventh Regiment New Army Fund, and \$10,000 for necessary expenses of the Commissioners of the Sinking Fund and of real estate belonging to the City.

THE LAW DEPARTMENT.

The sum of \$197,000 is appropriated for the Law Department in 1890, being \$19,544 less than was appropriated in the Final Estimate for 1889, and a reduction of \$34,000 from the total amount asked for in the Departmental Estimate for all purposes, including salaries fixed by law of the Counsel to the Corporation, the Public Administrator and the Attorney for the Collection of Arrears of Personal Taxes.

THE DEPARTMENT OF PUBLIC WORKS.

The sum of \$3,233,870 is appropriated in the Provisional Estimate for 1890, which is \$174,775 less than asked for in the Departmental Estimate, reductions being made of various items not deemed necessary.

THE DEPARTMENT OF PUBLIC PARKS.

The sum of \$1,177,700 is appropriated for this Department in the Provisional Estimate for 1890, which is \$718,345 less than the Departmental Estimate, reductions being made in various items for which the amounts asked for are not deemed to be necessary, and \$34,500 less than the appropriation of the Final Estimate for 1889.

THE DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

The sum of \$1,986,210 is appropriated for all purposes in the Provisional Estimate for 1890, being \$1,004,840 less than asked for in the Departmental Estimate; reductions being made in various items of expense included therein considered to be greater than the amounts required for the several purposes; and \$210,840 less than the amount appropriated in the Final Estimate for 1889.

The Departmental Estimate for new buildings is \$834,150, on account of which \$100,000 was included in the Provisional Estimate, further allowances being postponed for future consideration.

THE HEALTH DEPARTMENT.

The sum of \$392,800 is appropriated for this Department in the Provisional Estimate for 1890, which is \$24,296 less than the amount of the Departmental Estimate, for reductions in various items of expense deemed to be greater than necessary for the purposes thereof, and \$21,500 less than the appropriation in the Final Estimate for 1889.

THE POLICE DEPARTMENT.

The sum of \$4,616,515.84 is appropriated in the Provisional Estimate for the Police Department in 1890, which is \$207,750 less than the amount asked for in the Departmental Estimate, being for reductions in various items included therein, principally on account of salaries of 170 Roundsmen rated at \$1,400 each per annum, which are reduced to \$1,200 per annum, and for salaries of Patrolmen at a salary of \$1,200 each per annum, the gross amount of which asked for the Departmental Estimate was reduced \$50,000, which amount is deemed to be unnecessary on account of frequent vacancies in the force.

The sum of \$4,409,550.94 was appropriated to the Police Department in the Final Estimate for 1889, which amount was increased \$74,700 by a transfer of \$59,700, under a resolution of the Board of Estimate and Apportionment for an increase of the salaries of Sergeants and Detective Sergeants, pursuant to chapter 350 of the Laws of 1888; and also a transfer of \$15,000 for expenses of placing telegraph and telephone wires under ground, making the total amount allowed the Police Department in 1889, \$4,484,250.94, the amount appropriated in the Provisional Estimate being \$132,264.90 for 1890 more than was allowed in 1889.

This increase is deemed to be necessary to provide for the salaries of a large number of Patrolmen, the grading of salaries as provided by law, the construction of a new station-house in the Twenty-sixth Precinct, and the purchase of a site for a station-house in a new precinct to be established, taking portions of the Twenty-fifth and Twenty-sixth Precincts.

THE DEPARTMENT OF STREET CLEANING.

The sum of \$1,221,000 is appropriated in the Provisional Estimate for 1890, which is deemed sufficient, being a reduction in various items of \$213,860 from the amount of the Departmental Estimate for all purposes of a regular character; the sum of \$215,000, also asked for as an extra appropriation for additional plant, being disallowed. The amount appropriated is \$51,040.54 less than the appropriation made for 1889.

THE FIRE DEPARTMENT.

The sum of \$2,114,043 is appropriated in the Provisional Estimate for 1890, for the salaries of the Commissioners and Firemen, as provided by law, and for various other purposes and objects required for the administration of the Fire Department, which sum is \$246,449.50 less than the amount of the Departmental Estimate, on account of reductions made in various items of expense, and is \$22,000 less than the amount appropriated in the Final Estimate for 1889.

THE DEPARTMENT OF TAXES AND ASSESSMENTS.

The sum of \$117,200 is appropriated in the Provisional Estimate for 1890, which is \$2,900 less than the amount of the Departmental Estimate, and the same as the appropriation for 1889, deemed sufficient.

THE BOARD OF EDUCATION.

The sum of \$4,235,617 is appropriated in the Provisional Estimate for 1890, which is deemed sufficient for all objects and purposes required to be provided for by taxation—new school buildings and school sites being provided for by the issue of bonds under existing laws—the amount so appropriated being \$311,230 less than the Departmental Estimate, on account of reductions made in numerous items of expense included therein, while, however, it is \$156,608.14 more than the amount appropriated for 1889, which increase is mainly on account of salaries for a larger number of teachers required for new schools.

THE COLLEGE OF THE CITY OF NEW YORK.

The sum of \$146,500 is appropriated in the Provisional Estimate for 1890, that amount being deemed to be sufficient for all objects and purposes of the College of the City of New York, including altering and repairs, to the college buildings, being \$500 less than the Departmental Estimate and the same as the appropriation made for 1889.

NORMAL COLLEGE.

The sum of \$118,500 is appropriated in the Provisional Estimate for 1890, being deemed sufficient for all objects and purposes. It is \$6,500 less than the amount of the Departmental Estimate and the same as the appropriation made in the Final Estimate for 1889.

ADVERTISING, PRINTING, STATIONERY AND BLANK BOOKS.

The sum of \$246,700 is appropriated for these purposes in the Provisional Estimate for 1890, as sufficient therefor, this amount being \$41,000 less than the amount appropriated in the Final Estimate for 1889. Reductions are made in the Departmental Estimate of \$5,000 on the cost of publication of the CITY RECORD, and \$36,000 in the expenses of Printing, Stationery and Blank Books, including arrears and publication of Court Calendars. An allowance of \$9,000 is made in the appropriation for "Arrears," which are necessarily provided for, otherwise the total reduction for 1890 would be \$50,000 less than the appropriation made for 1889.

The sum of \$122,250 is appropriated for 1890, being \$20,700 less than the amount of the Departmental Estimate and the same as the appropriation for 1889, which is deemed sufficient for the objects and purposes thereof. The Register asked for a special appropriation of \$31,500 for recopying mutilated records in his office, for which purpose the sum of \$22,000 is appropriated under the head of a general appropriation entitled "For the Preservation of Public Records" (chapter 57, Laws of 1883), being the same amount as was appropriated for this purpose for 1889.

THE BUREAU OF ELECTIONS.

The sum of \$258,857 is appropriated in the Provisional Estimate for 1890, which includes compensation of Inspectors and Poll Clerks, etc., and is considered sufficient for all purposes for which the appropriation is made. Reductions deemed advisable are made in several items of the Departmental Estimate, and the sum of \$30,000 is appropriated for advertising election districts, the official canvass, etc., and \$2,000 for Clerks to the Board of County Canvassers.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

TO CONTRACTORS.

MATERIALS AND WORK REQUIRED IN THE RECONSTRUCTION AND ADDITIONS TO NORTH HOSPITAL, RANDALL'S ISLAND, NEW YORK.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third avenue, in the City of New York, until 9.30 o'clock A. M., Tuesday, November 26, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Reconstruction and Additions to North Hospital, Randall's Island," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of **FIVE THOUSAND (\$5,000) DOLLARS.**

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy Head of a Department, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every

nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures. Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

TO CONTRACTORS.

FOR MATERIALS AND WORK REQUIRED FOR STEAM HEATING AT HART'S ISLAND.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until 9.30 o'clock A. M., Friday, November 22, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Steam Heating, Hart's Island," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of THREE THOUSAND (\$3,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

The rate charged for steam-vessels taking water daily or belonging to daily lines, is one-half cent. per ton (Custom House measurement) for each time they take water. Steamers taking water other than daily, one cent per ton (Custom House measurement).

Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons.

All matters not hereinbefore embraced are reserved for special contract by and with the Commissioner of Public Works.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, June 1st,

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

THOMAS F. GILROY,
Commissioner of Public Works.
