DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, April 3, 1894.

Hon. GEORGE B. McCLELLAN, President, Board of Aldermen:

DEAR SIR—From the files of the CITY RECORD I find that there are many resolutions and ordinances pending in your Board as General Orders which provide for new pavements, payable by local assessments, principally for streets within the limits of grants of land under water. The new pavements within land grants are to be supplementary to and continuous of repavements already authorized for the same streets, so far as they are not within land grants. It is obviously desirable that the contracts for both classes of pavements be let and executed at the same time, so that the work of both classes can be prosecuted and finished simultaneously or continuously. It is equally desirable that all the pavement works be put under contracts as early in the season as possible, so that they can be prosecuted when the season is most advantageous, and can all be finished before the advent of winter. For these reasons, I respectfully ask prompt action by the Board in passing these resolutions and ordinances.

Very respectfully,

MICHAEL T. DALY, Commissioner of Public Works.

Which was ordered on file.

From William A. Coffin, forwarding a petition signed by representatives of the various art societies, asking that provision be made for the supervision of the construction of the Harlem River Driveway by the Landscape Architect; and

The award of the contracts will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law.

The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, to the amount of five (5) per centum of the amount of the security required. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

1,600 bags first quality Bran, 40 pounds to the bag. —will be received by the Board of Commissioners of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Monday, April 9, 1894, at which time and place they will be publicly opened by the head of said Department and read.

All of the articles are to be delivered at the various houses of the Department in such quantities and at such times as may be directed.

No estimate will be received or considered after the hour named.

The form of the agreement (with specifications), showing the manner of payment for the articles, may be seen and forms of proposals may be obtained at the office of the Department.

Proposals must include all the items, specifying the price per cwt. for hay and straw, and per bag for oats and bran.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of five thousand (5,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of two hundred and fifty (250) dollars. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

### PUBLIC NOTICE.

**ESTIMATES INCLOSED IN SEALED ENVELOPES**, and indorsed with the name and address of the person or persons making the same, and the date of the presentation, and a statement of the work to which they relate, will be received at the office of the Department of Street Cleaning of the City of New York, until 12 o'clock M. of Friday, the sixth day of April, 1894, at which time and place the estimates will be publicly opened and read for the towing of deck scows of the Department of Street Cleaning containing the loads of such scows, consisting of ashes, garbage, street sweepings and other refuse collected in the City of New York, and delivered at the several dumps or dumping places of the Department of Street Cleaning in said city, from such dumps as may be required to Riker's Island, and there unloading such scows within the crib-work there constructed, and returning the same to such dumps as may be designated for a period of one year, from the sixteenth day of April, 1894, until the fifteenth day of April, 1895, both days inclusive, in pursuance of authority conferred by chapter 367, Laws of 1881, upon the Commissioner of Street Cleaning to make and execute special contracts.

The estimated quantity of ashes, garbage, street sweepings and refuse to be so towed from the several dumping places and unloaded at Riker's Island for one year is one million two hundred thousand cubic yards. The person or persons to whom the contract may be awarded will be required to furnish such suitable and sufficient steam-tugs as may be necessary for the towing of such scows as may be required to be towed, and to defray the expense of towing and unloading said scows or boats, and all other expenses incurred in connection with such towing and unloading, and to conform to and obey all laws of the United States, of the State of New York, ordinances of the Board of Aldermen of the City of New York, the Sanitary Code of the Board of Health of said City, relating to or affecting the work to be so done.

If any part of said substances and material should be required by any person or persons or Department of the City of New York, for the purpose of filling in lots or for other purposes, the Commissioner expressly reserves the right to deliver as much of said substance and material as he may deem necessary for such purposes, or to send as much of said substance and material as he may deem proper to be unloaded at sea or elsewhere, without invalidating the terms of the contract.

Bidders are required to state in their estimates, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that it is made without any connection with above work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested. Each estimate shall also be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residences, or a Guarantee Company incorporated under the Laws of the State of New York as shall be satisfactory to the Comptroller, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance in the amount of TWENTY-FIVE THOUSAND DOLLARS; and if he or they shall omit or refuse to execute the same they will pay to the Mayor, Aldermen and Commonalty of the City of New York, any difference between the sum to which he would be entitled on its completion, and that which the Mayor, Aldermen and Commonalty of the City of New York may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller.

The person or persons to whom the contract may be awarded shall deposit with the Comptroller of the City of New York, on or before the execution of the contract or agreement, FIVE THOUSAND DOLLARS in cash, or securities approved and accepted by said Comptroller, as an additional security for the faithful performance of all the terms and conditions of the contract or agreement, and as a fund to be drawn upon by the Commissioner of Street Cleaning to pay for any expense that may be incurred under the contract or agreement by the said Commissioner, or by the Mayor, Aldermen and Commonalty of the City of New York, by reason of the failure of the party or parties to whom the contract may be awarded, to faithfully comply with the terms and conditions of the contract.

The person or persons to whom the contract may be awarded will be required to attend at this office with sureties offered by him or them, and execute such contract within five days from the date of the service of a notice to that effect; and, in case of failure or neglect so to do, he or they will be considered as having abandoned such contract, and as in default to the Corporation, whereupon the Commissioner of Street Cleaning may either make another selection from the bids or estimates submitted or readvertise the work, as he may consider best for the public interest.

If the person or persons to whom the contract may be awarded shall neglect or delay to commence the work, or any portion thereof, on or after the 15th day of April, 1894, the Commissioner of Street Cleaning may perform the said work, or any portion thereof, for such period of neglect or delay, and charge the whole expense of the same against the said person or persons, and deduct the same from any amount due or to become due under the contract.

Each estimate must be accompanied by a CERTIFIED CHECK ON A SOLVENT BANKING INCORPORATION IN THE CITY OF NEW YORK, payable to the ORDER OF THE COMPTROLLER OF THE CITY OF NEW YORK, for five per cent. of the amount bid for the performance of all the work required by said contract to be done in any

one year. On the acceptance of any bid the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract the check of the accepted bidder will be returned to him.

The price for which the work will be done must be written in the bid and stated in figures, and shall be at a rate per cubic yard; measurements and estimates to be made by Inspectors appointed by the Commissioner of Street Cleaning, on the said boats or scows, at the several dumps or dumping places of the Department of Street Cleaning.

Any contract made by the Commissioner of Street Cleaning may be terminated on ten days' notice by the said Commissioner, with the approval of the Mayor.

All bids must be made with reference to the form of contract and the requirements thereof on file at the Department of Street Cleaning, or they will be rejected. Blank forms of contract, specifications and proposals may be obtained at the Department of Street Cleaning, New Criminal Court Building, New York City, on or after the 26th day of March, 1894.

### TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property who shall also be the owners of a majority of the property in frontage, on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
