## BOARD OF EXAMINERS.

March 10, 1903.

Present—Messrs. William J. Fryer, Warren A. Conover, Cornelius O'Reilly, William C. Smith, Charles D. Purroy, Charles G. Smith and Walter Cook (Chairman).  
 Meeting called to order at 3 p. m.

Minutes of meeting of the 3d instant read and on motion approved.

Appeal No. 15—The Chairman presented a letter from Mr. L. Barnard in re this appeal, and in reply to communication sent by the Board last week, which was ordered on file.

On motion, appeal was laid over.

Appeal No. 24—The Chairman presented a letter from the appellants, Messrs. M. L. & H. G. Emery, withdrawing Appeal No. 24 in reply to communication sent them by the Board last week.

Letter ordered on file.

Appeal No. 36—On March 9 papers were returned to the Superintendent of Buildings, Brooklyn, on his request, in order that plans might be amended.

On motion, laid over.

Appeal No. 44—Alteration No. 204 of 1903, Nos. 165 and 167 East One Hundred and Twenty-sixth street and Nos. 168 and 170 East One Hundred and Twenty-sixth street, Manhattan, Hackett-Hankinson Co., architects and appellants. Laid over at last meeting.

Mr. Martin Hackett appeared before the Board.

On motion, denied.

Appeal No. 46 of 1903, Fireproof Shutter Case No. 6 of 1903, Nos. 62 and 64 West One Hundred and Thirty-fourth street, Manhattan, Mr. William C. Dewey, appellant.

On motion, referred to Chief Purroy for examination and report with recommendation.

Appeal No. 47 of 1903, New Building 103 of 1903, northeast corner of Suffolk and Broome streets, Manhattan, Messrs. Bernstein & Bernstein, architects and appellants, Appeal withdrawn by the Superintendent of Buildings.

Appeal No. 48 of 1903, New Building 115 of 1903, north side of West One Hundred and Eleventh street, about 400 feet east of Broadway, Manhattan, Messrs. Schwartz & Gross, architects and appellants.

To use steel columns and girders where span exceeds 26 feet between walls, and in consideration for which we agree to provide from floor to floor a 3-inch fireproof (4-inch finished) partition.

In cellar we have a continuous 24-inch stone wall fore and aft; in the upper stories as the private halls parallel said partitions, we have in height of beam two (2) additional fire stops.

Mr. Simon I. Schwartz appeared before the Board.

On motion, laid over with instructions to the appellant to amend the papers.

Appeal No. 49 of 1903, New Building No. 721 of 1903, Brooklyn, Nos. 339 and 341 Broadway, Mr. B. Gallagher, appellant.

The building to be erected is to be 45 feet front and rear by 98 feet in depth, and intended to be used as a lodging house. The thickness of walls, strength of floors and general mode of construction is far above the requirements of the present law, and the owner respectfully requests that he may be granted the privilege of making the building 5 feet and 6 inches higher than that prescribed by the sections of the Building Code relative to such classes of buildings.

The reasons for asking these concessions are that he may have greater height of ceiling, thereby adding to the healthfulness and sanitary conditions of new building.

Mr. B. Gallagher appeared before the Board.

On motion, approved.

Appeal No. 50 of 1903, Alteration No. 1673 of 1902, northwest corner of Madison avenue and One Hundred and Fourth street, Manhattan, Messrs. Bernstein & Bernstein, architects and appellants.

It is proposed to raise present basement extension one story, said story to be used for photograph studio. Building covers about 88½ per cent. of the lot.

Would respectfully ask that this be granted, as it does not interfere with the light and ventilation for living rooms.

Extension is 16 feet 9 inches x 12 feet 6 inches deep and about 10 feet average height.

Mr. M. Bernstein appeared before the Board.

On motion, approved.

Appeal No. 51 of 1903, New Building No. 88 of 1903, No. 11 East Seventeenth street, Manhattan, Messrs. Isaacs & Harder, architects and appellants.

The Board of Examiners is respectfully requested to allow a modification of the Code so that the elevator may be enclosed with fireproof partition formed of 3-inch blocks and angle iron frame and fireproof doors, as shown, instead of a brick wall, for the reason that although the building is less than 75 feet in height and might be built non-fireproofed under the law, steel beams are provided throughout with 2-inch planking over, thereby giving superior construction and minimizing the fire risk to a greater extent than the law requires, and than a literal compliance with the law by the use of wooden timbers would give.

Mr. Charles H. Isaacs appeared before the Board.

On motion, denied.

Appeal No. 52, F. S. C. No. 7 of 1903, No. 93 Adams street, Brooklyn, Mr. C. P. Woodruff, appellant.

On motion, referred to Chief Purroy for examination and report with recommendation.

Appeal No. 53 of 1903, Alteration No. 52B of 1903, west side Third avenue, about 73.77 feet from St. Paul's place, The Bronx, Bronx Architectural Co., architects and appellants.

To allow me to construct the extension on front of building three stories high of frame, as shown on plans, inasmuch as the present building is constructed of frame, and that, the roof being a peaked roof, the construction and support of same would be as practical and in fact better of frame than of brick. Also that the part of extension is really only two stories, as the first story will be an entire store front.

Mr. F. Hammond appeared before the Board.

On motion, approved.

Appeal No. 54 of 1903, New Building No. 66 of 1903, east side Locust avenue, about 230 feet from East One Hundred and Thirty-eighth street, The Bronx, Mr. C. H. Caldwell, architect and appellant.

In view of the fact that the amount and character of the machinery required by the proposed marble working plant requires a building 100 feet x 240 feet on the ground, it is desired to build it this size with wooden floor beams, as shown, for the reason that it is just as good in this particular case, as the building is an isolated one with the river on the east, Locust avenue on the west (the building being 60 feet from the east line of the street), the New York Central Railroad yards on the north, and an open marble yard, some 125 feet wide, on the south, owned and used by the appellant, and because the proposed building but slightly overruns the maximum size as given in the Code.

Also, the appellant desires to be allowed to build two flights of stairs shown 4 feet wide in place of the number required by the Code, for the reason that the building is but two stories high, open on all sides, with lifting windows, easily accessible on all sides, that could be used in an emergency.

Mr. C. H. Caldwell appeared before the Board.

On motion, approved on condition that two (2) additional staircases are placed in building, substantially where now marked on plans by appellant.

Appeal No. 55 of 1903, New Building No. 706 of 1903, west side of Gravesend avenue, about 335 5-12 feet from Avenue F, Brooklyn, Mr. Frederick Wunder, architect and appellant.

Section No. 146 of the Building Code (Laws of 1899) limits the height of frame buildings to 40 feet in height and three stories.

I beg the Board to grant me permission to erect a frame building to the height as shown on the plans No. 706, which is 58 feet 2 inches above the grade at the highest point, this building is outside of the fire limits and isolated from all property or buildings of others than the petitioner. To make the building less in height would practically make it useless for the purpose and to build it of any other materials than frame would not be so good for the purpose and would not be so strong and would cost a great deal more. There being no doubt in the minds of the Examiner and Engineer of the Department as to the strength, but they cannot grant permit, as it is stated as above the 40 feet limit.

I therefore ask your Honorable Board to grant my appeal allowing me to erect the building as per plans and application.

Mr. F. Stanley appeared before the Board.

On motion, approved.

The Chairman presented a communication from P. J. Scully, City Clerk, transmitting copy of resolution adopted by the Board of Aldermen in re vacations for all City employees. Which was ordered on file.

On motion,

Resolved, That all appeals hereafter presented to this Board must be typewritten in triplicate.

The Clerk was thereupon instructed to forward a copy of this resolution to the Superintendent of Buildings in each Borough, with the request that same be posted in a conspicuous place, and the attention of intending appellants called thereto.

The Clerk was also instructed to post a copy in the office of this Board, and to call attention thereto.

Mr. S. I. Schwartz reappeared before the Board and requested a further hearing in Appeal No. 48, having amended the papers, as instructed. Which privilege, on motion, was granted.

Amendment—Besides the fireproof partition at line of fore and aft girders, we will provide similar fireproof partitions enclosing each apartment, extending from floor to floor; also wire lath and plaster the steel girders; the columns to be enclosed with fireproof blocks.

In the height of beams the fire stop to be brick, over girder 8 feet, as shown on section.

On motion, approved as amended.

The Chairman informed the Board that the vouchers for completion of office equipment, authorized under date of December 23, 1902, have been held up by the Finance Department, the transfer of funds of date January 9, 1903, from balance of 1902 appropriation not being permitted to apply to articles purchased or ordered after January 1, 1903. It therefore becomes advisable to notify the Finance Department that the fund heretofore transferred will not be used; and in its place to secure a transfer of 1903 funds, covering liabilities incurred.

On motion,

Resolved, That the Chairman be authorized and directed to take such steps as may be necessary to secure the transfer of five hundred dollars (\$500) from the "Salaries Account, 1903," to the "Contingent Account, 1903," said sum to be used in purchasing articles required for the complete equipment of the offices of this Board.

Carried by unanimous vote.

Adjourned.

JAMES GAFFNEY, Clerk.

The Clerk read a communication from Mr. F. A. Thayer withdrawing petition for the paving of the full length of Washington avenue, which was accepted and ordered on file.

The Acting President presented the matter of laying a crosswalk across Broadway, on the north side of One Hundred and Forty-eighth street.

The Clerk read a communication from the Rapid Transit Commission, which had been presented at the last meeting, to the effect that the crosswalk could not be laid across Broadway on the north side of One Hundred and Forty-eighth street for the reason that the Rapid Transit Commission has control at this point, and no crosswalk can be laid until the tunnel work is finished.

Alderman Klett, however, moved that a suitable resolution be adopted approving of the laying of such a crosswalk, which was approved.

Adjourned.

GEORGE W. BLAKE, Secretary.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
