Re: Report on Open Data Compliance

The New York City Charter, Chapter 49, Section 1133, requires that agencies submit to DORIS all reports, documents, studies and publications required by local law, executive order, or mayoral directive to be published, issued, or transmitted to the City Council or Mayor.

Per the New York City Administrative Code Title 23, Section 502(a), agencies shall publish a report on which public data set or sets that it is unable to make available, the reasons why it cannot do so and the date by which the agency expects that such public data sets or sets will be available on the single web portal.

MOIA is in compliance with the provision. DOITT now gathers this information and produces a yearly report; agencies are no longer required to file this report every other year.
