No. 277 Broadway, Room 805.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held May 25, 1906, the following petition was received and was referred to the Bureau of Franchises.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of Conron Bros. Company respectfully shows:

1. The said Conron Bros. Company is a corporation duly organized and existing under the laws of the State of New York, having for its principal place of business No. 40 Tenth avenue, in the City of New York, and is operating a plant at that point for artificial refrigeration for itself and a few others in the same block, and has been doing so for a period of three years.

2. The said Conron Bros. Company petitions your Honorable Board to grant a license to lay a conduit not more than twelve inches in diameter, to contain refrigerating pipes, extending across Thirteenth street, about one hundred feet east of Tenth avenue; also a pipe to cross Washington street about the middle of the block and about one hundred feet north of Thirteenth street, the said pipes to be laid under the surface of the streets.

3. That said pipes are to be used to convey brine, ammonia or other refrigerating medium, to connect with other pipes of Conron Bros. Company at the terminal points for the purpose of supplying to such customers, as may desire the same refrigeration for properly insulated compartments for the preservation of meats and other perishable goods.

4. That the said district through which it is proposed to lay said pipes is largely devoted to the meat and produce trade, and for the proper carrying on of which it is necessary to have refrigeration, and that this company has been requested by persons engaged in said business along said route, to extend its lines and to supply such persons with refrigeration.

5. That should said permit be granted, your petitioners will supply to all persons providing proper compartments of boxes and requiring the same, refrigeration at reasonable prices, and will save the City harmless from any loss or damage to any sewer, gas or water pipe, or from any cause that may arise from the exercise of the privilege so obtained by it, and will furnish such indemnity or security as the City may require to insure the faithful compliance with the conditions that it may see fit to impose upon your petitioners conditioned to the license applied for.

6. This company desires that the said franchise may continue for a period of ten years from the date of granting the same, and the company offers to pay to the City as a reasonable compensation or tax therefor annually a sum equal to 2 1/2 per cent. on the gross amount of receipts derived from the customers supplied by pipes to be laid under the proposed franchise. The company further offers that the percentage of its gross receipts to be paid for said franchise after the period of five years shall be increased to 5 per cent. during the remainder of the term.

7. This company further petitions that it may have the right or option, at the expiration of the said term of ten years, to a further term of ten years upon paying a like tax of 5 per cent. upon the gross receipts as above specified.

8. That said proposed franchise will not interfere with any fixtures or appurtenances forming part of the water mains, sewers, conduits, subways or other structures existing by virtue of any franchise heretofore granted, all of which appears from the map herewith submitted. The company will do all work under the said franchise under the direction of the proper officers and

departments of the City Government and will comply with all the requirements thereof.

Dated New York, June 1, 1906.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.
