No. 3 WEST TWENTY-NINTH STREET, NEW YORK, N. V., May 5, 1900.

Mr. RANDOLPH GUGGENHEIMER, President, Municipal Assembly, No. 8 East Eighty-first street, New York, N. V. 1

New York, N. Y.:

DEAR SIE—I was much interested in the persistent effort you made some time ago to prevent loaded wagons using Fifth avenue during driving hours of the day, and regret, in common with most New York prople, that your effort failed.

Fresuming on your interest in this beautiful avenue, I write to call your attention to its condition at the crossing of Forty-second street. As you are doubtless aware, the Third Avenue Railway Company have lad a temporary crossing there for more than a year. It is now and has been for mouths in a most deplorable and delapidated condition. It would be a diagrace in any village in the State of New York, much more to the great metropolitan city of which you have the honor to be president of its Municipal Council.

I write to you, as Acting Mayor at the city, to ask if you will not notify the Hon. Hugh J. Grant, Receiver of the Third Avenue Railway Company, in at more remove this nuisance, and either replace the asphalt or put the temporary crossing in first-class-condition. And may I suggest that, as President of the Municipal Council, you present a resolution requesting the Mayor to notify Mr. Grant that if this matter is not remedied within ten days, the City will remove the tracks as a nuisance and replace the asphalt. You will remember that Mr. Grant, when Mayor of the city, took similar action with the Western Union Telegraph Company when they neglected to remove over-head lines, so that he will appreciate the precedent that he has set.

Truly yours.

THOMAS K. CREE.

In connection therewith the President presented the following resolution:
Resolved, That the Commissioner of the Department of Highways be and he is hereby requested to notify Honorable Hugh J. Grant, in his capacity as Receiver of the Third Avenue Railway Company, to remove the nussince created by said company in permitting the temporary crassing at Forty-second street and Fifth avenue to remain in a deplorable and dispidated condition; and to inform him that it said nussance be not remedial within sen days, The City of New York will take steps to remove the tracks and replace the asphalt.

DEPARTMENT OF PARKS—CITY OF NEW YORK, THE ARSENAL, CENTRAL PARK, April 18, 1900.

Hor. P. J. RYDER, Councilman, City Hall, New York City;

Mor. P. J. Ryder, Conscious, City Hall, New York City:

Dear Siz.—Forement to the request made by telephone in your behalf the other day, I beg to report that the work of improving Hadson Park can be done on the request of the Department by Evocable action upon a resolution authorizing a bond issue by the Board of Estimate and Aldermen and Council. It requires no action by the Board of Public Improvements.

Under the provisions of the Charter, the Park Department is not represented on the Board of Public Improvements, nor has that Board jurisdiction over its work.

Last year an estimate was made out by our Engineer of the cost of the necessary work in put Hudson Park in proper basics in place of those new in one (stand paper, with small square heads), the lutilding of proper basics in place of those new in one (stand paper, with small square heads), the furnishing and setting of about 3,000 feet of bluestone edging, the laying of about 400 extra feet of drain-pipe, increasing the depth of mould, which at present is about 4 inches to 1 foot, and resolding the lawns.

It is found that the sum of \$15,000 will be required for this work, and the Park Department will be glad to have your assistance in obtaining invariable action from the Board of Estimate and the City's legislative bodies upon this question.

Very requestfully yours.

WILLIS HOLLY, Secretary, Park Board.

PATRICK J. RYDER, COUNCILMAN, SECOND DISTRICT, No. 154 SPRING STREET, New YORK, MAY 8, 1900.

The Board of Estimate and Apportionment :

GENTLEMEN—In reference to the annexed resolution I wish to say that Hudson Park was turned over to the City by the contractors about two years ago in an uncompleted condition. The walks were not esphalted, and were not drained. They simply consisted of loose loam and clay, which after a rain storm forms mad about five ar an inches deep. The tawns also need in be solded, and bluestone edging placed around same, etc., as explained in the report of the Park Department. This park is in a thickly-populated neighborhood, and is very popular with the residents of that locality, and if put in proper condition as it should be it would be greatly appreciated by the people whom it is designed to benefit. Trusting that your honorable body will give this matter your favorable attention, I remain,

Vours very respectfully.

Vours very respectfully, P. J. RYDER,

Resolved, That the Board of Estimate and Apportionment be and they are hereby respect-fully requested to make provision for an issue of Corporate Stock in an amount sufficient to allow the arm of fifteen thousand dollars (\$15,000) for the purpose of making the necessary and needed improvements in Hudson Park, Borough of Manhattan.

MAURICE F. HOLAHAN, President.

(Frokid.)

To the Henorable the Board of Public Improvements:

GENTLEMEN—In opposition to the application for no extension of Van Corlear place (east) from the easterly side of Kingsbridge avenue to the northwesterly side of Broadway at Marble Hill, in the Twelfth Ward. Boreegh of Marblettini, City of New York.

We, the undersigned, property-owners of Marble Hill, oppose such proposed extension for the college of the college

the following reasons:

First—That such street is not an extension to Van Curlear place (east).

Second—The opening of such street would impose a heavy assessment on property-owners on said Martile Hill and would nide enterially to the burdens of assessments yet to come for grading and paying the arrests of Martile Hill.

Third—The City authorizes should first see that the entire hill is sewered and all the streets properly graded and payed before festing the expense of a new street on the taxpayers of Martile Hills.

Marble [Hi]s.

Fourth—There being no order from Benadway to Kingsbridge avenue at its southerly termination, and also one connecting it with Terrace View avenue on the north, such extension of Van Corlear place is unnecessary, and the expense incurred thereby unwarranted.

Fifth—The main ground urged for such extension is that there is no accuss to the top of Marble Hill by team from the north, but your petitioners respectfully submit that if such extension is opened traffic by team by way of such proposed extension will nevertheless be impossible on account of the high grade thereof.

Stuth—According to the projected plans entside of the parks of the city there would be no similar street in New York City.

Seventh—While the burden of the assessment resulting from such extension of Van Corlear place would fall mainly upon the underlighed, among others, who would derive very little, if any, benefit therefrom, the party mostly hencified and so very anxious and persistent in arging the extension is the Marble Hill Real Estate Company, which would thereby be enabled to dispose of some of its undestrable property, and which would by such extension have some of its interior lots torned into four valuable corner lots.

Eighth—According to the said maps this projected street would be laid out on an impossible grade of 8 per cent.

Eighth—According to the said maps this projected sizes.

Sinth—The present existing in-foot public lane (a perpetual right of way for all let owners on North Marble Hill) is ample and sufficient for pedestrians from the northwest side of Broadway to the easterly side of Kingsbridge avenue, while the grade of such new street would present its use for traffic by team, the very reason urged as a ground for such extension.

Tenth—This proposed street would necreating a change in the existing grade of Broadway, to the serious damage or the owners of a large number of four-story tenement-houses and other improvements on said Broadway, which the City would have to pay and which would greatly add

improvements on and increases, which the City would have to pay and which would greatly add to the cost of each proposed street, and greatly increase (for assessment.

Elevents—The change to the existing grade of Broadway would impede traffic on the only outlet at the extreme northerly and of Manhatian Island.

We therefore respectfully ask that the application be denied, and the resolution disapproved. Dated New York, April 28, 1900.

D. E. SEVBEL and eight others.

(Petition.)

NEW YORK, April 30, 1900.

To the Board of Public Improvements, How. MAURICE F. HOLARAN, President;

General of Panic Improvements, Iron, Markick P. Hollands, President:

General Section of the College of College of the College of the College of the College of Manhattan, City of New York, which has been set down for May 2d next, for consideration by your Homorable Board.

In the early part of 1898 the Local Board of Improvements of the Nineteenth District, on the request of the Fire Department of our city, passed a resolution recommending the apening of Van Corlege place, from Kingshelde avenue to Broadway, and that resolution is now a part of the minutes and record of your body.

In November, 1899, your Honorable Board, on a petition signed by nearly every public-

spirited owner of property in Marble Hill referred the requested improvement to the Topographical Engineer of your Department. Your Engineer found that the distance to be traversal between King-beidge avenue and a point at the approach to the new bridge on Broadway was 1,600 fest, and the proposed extension would save, between these points, about 1,200 feet, and also reported that the improvement was an actual necessity, and submitted a plan for the same showing a roadway of 100 feet in width. At a public hearing set by your Board in the matter a roadway of 100 feet was objected to, and, at a second hearing, a compromised width of 60 feet caused the opposition to withdraw after all interested had been heard at great length, and the resolution adopting the bloes of extension was passed; the matter was then referred to the Municipal Assembly.

The term of the Aldermanic Body of the Assembly having expired on the 30th day of December, 1890, it was notessary to have the matter repeased by your Honorable Board.

The matter is now before you, and nearly every honest interest in Marble Hill favors the improvement.

improvement.

improvement.

Members of your Honorable Board will remember that at several public hearings of this matter even those opposed were obliged to state that some more direct communication than that existing between Kingabridge avenue and Broadway was actually necessary.

One of the stations of the great underground railway will be located on Marble Hill, at or near the Broadway terminus of the improvement we seek to have effected.

Many improvements are contemplated in our section, but before beginning same, we must have the lines of Van Corlear place extended between the points named, and adopted as a part of a street system of our section.

Trusting your Honorable Board will grant the relief requested, I beg to remain,

Yours very truly,

RICHARD ALEXANDER.

Nos. 13 TO 21 PARK ROW,
New York, March 2, 1900.

Hon. Randolff Guggenhumer, President, Municipal Assembly:
Dear Sis—In consequence of a fire which occurred early in January last, the one-story brick and frame building at the pipe-yard of this Department, foot of East Twenty-tourth street, used as a storchouse and repair shop, was badly damaged. The Commissioner of Buildings for the boroughs of Manhatian and The Bronx has served legal notice on the Commissioner of Public Buildings, Lighting and Supplies, requiring the reconstruction of this building, at an estimated cost of \$5,000. This is an entirely unforeseen expenditure, not provided for in any existing appropriation. It is proper, therefore, that provision for it be made by the issue of Revenue Bonds under subdivision 8 of section 188 of the City Charter, which requires authorization by concurrent vote of all the members of the Board of Essimate and Apportionment, upon a joint resolution requesting such authorization by the affirmative vote of three fourths of all the members elected to each branch of the Municipal Assembly.

In order that the building casy as soon as possible be restored to its accessary uses. I respect-

In order that the building way as soon as possible be restored to its necessary uses. I respectfully ask the adoption by both branches of the Municipal Assembly of such resolution, a draft of which I herewith submit.

To the Honorable the Board of Aldermen of The City of New York, Hon, THOMAS F. WOODS, President :

GREETING—The undersigned hereby certifies that the annexed is a full and correct copy of petition for the establishment of a ferry from Callege Point, in Third Ward, Borough of Queens, to the Borough of The Brens, both in The City of New York, which was submitted in the Local Board of the Borough of Queens and Igvorable acted upon at its meeting held May 4, 1900, by the adoption of preamble and resolution, copy of which is also hereto americal, and are herewith respectfully transmitted to you for action by your Board therein.

Yours truly,

FREDERICK BOWLEY, President.

Whereas, The President of the Borough of Queens, City of New York, did submit to this, the Local Buard of said borough, at its meeting held May 4, 1900, petition received by him, that a ferry route be established from the foot of Eighth avenue, at Flushing Bay, Cellege Point, Third Ward, said borough, to the foot of One Hundred and Thirty-eighth street, Borough of The Bronx, all in city aforenamed ; and

city aforenamed; and.

Whereas, Due notice was published of public hearing to be had thereon before this Board at its meeting to be held this day; and

Whereas, Such public hearing was so had, and no opposition thereto was presented, wherenoon this Board concluded that the establishment of the ferry as positioned for would be in the best interests of this city; therefore

Resolved, That recommendation be and hereby is made to the Municipal Assembly of The City of New York that it extend to the wishes of the positioners its most favorable consideration and action towards the accomplishment of same.

To Hon. Funnesce Bows.ev, Fresident of the Borough of Queens, and The Municipal Assembly of the City of New York:

We, the undersigned tampayers of the Third Ward of the Borough of Queens, do hereby petition and request that a ferry route he established from the foot of Eighth avenue, at Flushing Bay, said ward, to the foot of East One Hundred and Thirty-eighth street, Borough of The Bronx.

At the present time there is no direct communication between the aforesaid portion of the Borough of Queens and the said Borough of The Bronx, and with the completion of the various

streets, parkways and other improvements contemplated and comprised by and in a map now on file in the Bureau of Public Improvements, without such ferry, this Borough will be isolated from the neighboring Borough of The Bronx.

Considering it to be for the best interests and necessary development of the Borough of Queens, for the convenience of the traveling public and intercommunication between these two sections of the city, we hereoute subscribe our names.
