Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows: During the month of January all the divisions of Bellevue Hospital were visited daily by the Attending Physicians and Surgeons or their assistants and the Out Patient Department was regularly attended. The allied hospitals and their Out Patient Departments were visited regularly.

On the evening of February 3 there was a runaway by one of the ambulances of Gouverneur Hospital. There seemed to be extenuating circumstances as far as the Driver was concerned, the bit having broken, but as he has not been careful in his driving in the past he was suspended for a week without pay.

The Department of Finance has invited attention to the fact that other departments purchase fresh fruits and vegetables by contract, and advises that this Department make such contract. The expenditure averages \$380 a month, and various green grocers about the City have supplied this Department. To comply with the request of the Department of Finance it is necessary to advertise for bids.

In the estimate for additions, alterations and repairs at Bellevue in 1906 there was an item of \$2,200 for laundry machinery. If the old mangles become the property of the successful bidder, it is possible that a bid on a new mangle at \$2,200 may be received, which could be charged either to the appropriation for Additions, Alterations and Repairs, or to Supplies. The last mangle was purchased in June, 1902, and cost \$990.

The accompanying letter from Mr. G. Weil, offering a theatrical benefit performance in aid of Bellevue Hospital, is respectfully referred to the Board of Trustees.

On motion, duly seconded, it was

Resolved, To refer to the President and Superintendent, with power, the matter of making a contract for the purchase of fresh fruits and vegetables.

On motion, duly seconded, it was

Resolved, That the matter of purchasing a new mangle for Bellevue Hospital be laid over until the next meeting in order that additional information may be obtained.

On motion, duly seconded, it was

Resolved, That the offer of Mr. G. Weil to give a theatrical benefit performance in aid of Bellevue Hospital be and the same is hereby declined.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

It is recommended that the matter of the petition from the Physicians to Out Patients to Gouverneur Hospital, together with the letter of Dr. J. H. Huddleston, be referred to the Executive Committee of that institution.

In the construction of the fence that is to cut off that part of the grounds of Bellevue Hospital on which the new building is to be erected, this Department will encroach on the new-made ground, and part of that ground will be within the scope of the work. Attention is invited to the fact that the Dock Department has not yet transferred control of that land to the Department of Bellevue and Allied Hospitals. A transfer will also be necessary in the event that the new-made ground may have to be used later on for temporary buildings for hospital purposes.

The contractor began work on pulling down the erysipelas ward on February 6 and the work is progressing satisfactorily.

Inspection of Gouverneur, Harlem and Fordham Hospitals shows them to be in good condition. At Gouverneur and at the new Harlem the work of construction seems to progress slowly. The lease of the Harlem Hospital Out Patient Department expires about April 1. If the contractor expedites the work at the new Harlem Hospital, the Out Patient Hospital there could be occupied on that date.

A direct telephone line at Harlem Hospital, with 1,500 messages a year, will cost \$74.25. There does not seem to be any unusual delay in getting that institution at the present time, and, in view of the fact that in a few months the present buildings will be abandoned, it is recommended that an additional telephone be not installed.

On motion, duly seconded, it was

Resolved, That the petition from the Physicians to Out Patients at Gouverneur Hospital, that the medical clinical session be changed from the morning to the afternoon be referred to the Executive Committee of the Medical Board of Gouverneur Hospital for its opinion and recommendation.

On motion, duly seconded, it was

Resolved, That a communication be sent to the Commissioner of Docks, requesting the transfer of the new made ground at Bellevue Hospital to the Department of Bellevue and Allied Hospitals.

On motion, duly seconded, it was Resolved, That a communication be sent to Messrs. P. J. Carlin & Co. urging them to complete the work at the new Harlem Hospital, so that the Out Patient Department will be ready when the lease of the present Out Patient Department expires.

#### Communications.

#### Reports of Committees.

Mr. Tierney, of the Committee on Buildings, reported on the matter of the solarium at Gouverneur Hospital that it is the opinion of the Committee, after very careful consideration, that it is not practicable to have one there; it is not needed and would be a disadvantage on account of cutting off light and air from the wards. The Committee suggested that a fund be created, the interest on which might be used for some purpose in connection with the children—perhaps sending them to the seaside.

On motion, the Board adjourned.

ARDEN M. ROBBINS, Secretary pro tem.

### BOARD OF EXAMINERS.

Board of Examiners, }  
March 6, 1906. }

Present—Messrs. Warren A. Conover, Charles Buek, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and William J. Fryer, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal 6—FSC 1 of 1906, premises No. 85 Clinton street, Brooklyn; the Brooklyn Heights Railroad Company, appellant.

(Referred to Chief Croker for examination and report with recommendation.)

On motion, laid over.

Appeal 8—New Building 1757 of 1905, premises No. 315 Fifth avenue, Manhattan; Maynicke & Franke, appellants.

(Laid over at last meeting.)

Mr. Julius Franke appeared before the Board.

On motion, that the application to be exempted from the requirements of providing specifically for the effects of "wind pressure" be approved on condition that the construction be otherwise found adequate by the Bureau of Buildings.

Appeal 10—New Building 58 of 1906, premises southeast corner Duncomb avenue and Elizabeth street, The Bronx; Adolph Mertin, architect and appellant.

This building must be constructed fireproof. See section 32 of Code.

The building as planned is only 625 square feet in excess of the area allowed for non-fireproof brick buildings.

Can the building be constructed covering the excess of 625 feet in area?

It is very undesirable for the accommodations of the interior requirements to reduce the width of the building, as a reduction in space would cause great inconvenience to the tenants.

The appellant would request to be personally heard by the Board regarding this appeal.

Mr. Mertin appeared before the Board.

On motion, approved.

The following communication was presented and read:

Honorable Board of Examiners, No. 1 Madison Avenue, City:

Gentlemen—Will you kindly return to us all the papers which we left with you some couple of months or so ago, referring to the appeal made by the Board of Education for permission to use limestone brick, made by our company, in Public School 92 of Brooklyn. We particularly wish the letter signed by Isaac A. Hopper, Superintendent of Buildings of the Borough of Manhattan, permitting the use of our brick in this borough. We believe this letter was among the papers left with you.

Very truly yours,

PEERLESS BRICK COMPANY,

By Olcott Payne, President.

The Clerk was instructed to reply; the communication being order on file.

Adjourned.

THOMAS F. DONOHUE, Clerk.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 7, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Secretary of the Department of Docks and Ferries, under date of February 28, 1906, transmits by direction of the Commissioner, for the information of the Commissioners of the Sinking Fund, a copy of communication of same date forwarded to the Board of Estimate and Apportionment, submitting estimates of moneys required for the uses and purposes of the Department of Docks and Ferries, for the year 1906, amounting to \$21,800,000, and requesting that the necessary action be taken in order that Corporate Stock be issued for the above amount. I would report:

It has been the custom of the Commissioners of the Sinking Fund to recommend to the Board of Estimate and Apportionment, without comment, the issuance of the amount of Corporate Stock requested by the Commissioner of Docks and Ferries, leaving the question of the exact amount to be appropriated with the Board of Estimate and Apportionment.

I see no reason why this practice should not be continued in the present case, and would suggest that the Commissioners of the Sinking Fund, pursuant to the provisions of section 180 of the amended Greater New York Charter, recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue from time to time, as may be required, Corporate Stock of The City of New York, to the amount of \$21,800,000, the proceeds thereof to be applied for the uses and purposes of the Department of Docks and Ferries.

Respectfully,

CHANDLER WITHINGTON,  
Principal Assistant Engineer.

Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment, that the Comptroller be authorized to issue from time to time, as may be required, Corporate Stock of The City of New York to the amount of twenty-one million eight hundred thousand dollars (\$21,800,000), the proceeds whereof to be applied to the uses and purposes of the Department of Docks and Ferries.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks relative to a lease of 265 feet of the south half of the pier at the foot of East Twenty-first street, Manhattan, to the Henry B. Turner Coal Company:

NEW YORK, January 31, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I beg to advise that subject to the approval of the Commissioners of the Sinking Fund I have this day agreed to lease to the Henry B. Turner Coal Company 265 feet of the south half of the pier at the foot of East Twenty-first street, East river, running easterly from a point 235 feet offshore from the inner end of the pier, the lease to be for a term of two years from March 22, 1906, the date of expiration of the existing lease of space on the East Twenty-second Street Pier, and the rental to be at the rate of \$950 per annum, payable quarterly in advance.

I respectfully request that the Commissioners of the Sinking Fund approve the proposed lease.

The remaining terms and conditions thereof to be similar to those contained in leases of wharf property now in use by this Department.

Respectfully yours,

J. A. BENSEL, Commissioner.

NEW YORK, February 27, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—Referring to the action taken by the Commissioner of the Sinking Fund at the meeting held February 21, 1906, in regard to the recommended lease of the pier at the foot of Twenty-second street, East river, to the New England Navigation Company, and the recommended lease of 265 feet of the south half of the pier at the foot of East Twenty-first street, East river, to the Henry B. Turner Coal Company, which were referred back to this Department with request that information be furnished as to the rentals of the adjoining piers for purposes of comparison, I beg to submit herewith a statement showing leases and permits for half a mile on each side of the property in question, and would further call your attention to the following:

After considerable time spent in negotiation I have succeeded in having the New England Navigation Company file a request for a lease of the pier at the foot of Twenty-second street, East river, at the rental proposed in the recommendation, viz., \$7,000 per annum. This pier, as previously stated, has only one side available for wharfage, the upper or northerly side being occupied by the ferry racks of the Brooklyn Ferry Company of New York, but the proximity of this pier to the terminal of the Metropolitan Traction Company at the foot of Twenty-third street, East river, places the pier in a superior position in so far as the business desired to be done by the New England Navigation Company for the quick distribution of its passengers is concerned.

There is nothing, to my mind, in the use of the adjoining piers which will enable a proper comparison of rentals to be made, as may be noted from the attached memoranda in regard to the use of the adjacent piers under leases and permits.

No compensation as large as the one in question has ever been received by the City for property in the locality; it is, in my opinion, the unique position of the pier at the foot of Twenty-second street, East river, which enables the City to secure so beneficial a lease as the one recommended.

In regard to the lease to the Henry B. Turner Coal Company, this compares, as regards rental to be received, favorably with privileges of like character in the vicinity. It has been recommended for a period of two years only, as I anticipate that the character of use of this section of the water front, viz., between Eighteenth and Twenty-third streets, East river, will probably be changed if the lease is made effective between the City and the New England Navigation Company; the value of piers for leasing purposes in this vicinity in that event will, in my opinion, be made considerably higher, and with this in view I have recommended a short term for the lease.

I have quoted in the attached memoranda, giving leases and permits on piers in the vicinity of the two in question, the facts in regard to the lease of the bulkhead between Twentieth and Twenty-third streets, East river, to the Consolidated Gas Company, which as a matter of fact did not hold any relation to the other privileges or leases in this locality, but were able to be fixed on these high bases in view of the fact that the company found it necessary for the protection of its property interests to secure these bulkheads for the maintenance of their oil pipes, conveyors, etc., across the marginal street in order to get at its property in the rear, and which arrangement was a part of the consideration when the City entered into the improvement of the district between Eighteenth and Twenty-third streets, East river.

Respectfully yours,

J. A. BENSEL, Commissioner.

In the case of leases of bulkheads to Candee & Smith, between Twenty-fifth and Twenty-sixth streets, and to the Consolidated Gas Company, between Twentieth and Twenty-second streets, I beg to state that these leases were granted as a part consideration for the purchase of property from private owners. In the latter case, the Consolidated Gas Company paid 5 per cent. of the cost of the property taken from them, plus the cost of improving the property, building exterior street, etc.

In connection therewith the Comptroller presented the following report and offered the following resolution:

February 15, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. John A. Benschel, Commissioner, Department of Docks and Ferries, in communication under date of January 31, 1906, states:

"That subject to the approval of the Commissioners of the Sinking Fund, I have this day agreed to lease to the Henry B. Turner Coal Company 265 feet of the south half of the pier at the foot of East Twenty-first street, East river, running easterly from a point 235 feet offshore from the inner end of the pier, the lease to be for a term of two years from March 22, 1906, the date of expiration of the existing lease of space on the East Twenty-second street pier, and the rental to be at the rate of \$950 per annum, payable quarterly, in advance."

I would report that I consider the rental just and reasonable, and I would advise that the Commissioners of the Sinking Fund approve the action of the Commissioner of Docks and Ferries.

Respectfully,  
CHANDLER WITHINGTON,  
Principal Assistant Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks, of a lease to the Henry B. Turner Coal Company, of 265 feet of the south half of the pier at the foot of East Twenty-first street, East river, running easterly from a point 235 feet outshore from the inner end of the pier, for a term of two years from March 22, 1906, at a rental of nine hundred and fifty dollars (\$950) per annum, payable quarterly in advance; the remaining terms and conditions of the lease to be similar to those contained in leases of wharf property, now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated January 31, 1906.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, relative to a lease of the pier at the foot of East Twenty-second street, Manhattan, to the New England Navigation Company:

NEW YORK, February 14, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Sinking Fund Commission:

SIR—I beg to advise that after consideration I am of the opinion that the interests of the City would be best served by leasing the pier at the foot of East Twenty-second street, East river, in the Borough of Manhattan, and therefore would submit the following:

That a lease of the said pier be granted to the New England Navigation Company for a term of ten years from April 1, 1906, at a rental of \$7,000 per annum, the lease to provide for one renewal term of ten years at an advance of five per cent. over the rental charged for the first term; the lessee to have the privilege of erecting a shed on the pier, such shed to be erected in accordance with plans to be first approved by the Engineer-in-Chief of this Department, and to revert to and become the property of The City of New York at the expiration or sooner termination of the lease, the remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now in use by this Department.

The northerly side of the pier at the foot of East Twenty-second street is not available for wharfage purposes owing to the maintenance of ferry structures thereat, and the lessee should therefore be limited in the use of the pier to the entire surface, the south side and the outer end thereof by the terms of the lease.

The above is submitted for your action in accordance with the terms of the Charter.

Yours respectfully,  
J. A. BENSEL, Commissioner.

For a comparison of the rental with adjoining piers, see communication from the Commissioner of Docks with the preceding matter.

In connection therewith the Comptroller presented the following report and offered the following resolution:

The terms and conditions of the proposed lease I consider just and reasonable, and think the Commissioners of the Sinking Fund, pursuant to section 825 of the Greater New York Charter, as amended by chapter 609 of the Laws of 1902, may properly approve the terms of the proposed lease of the pier at the foot of East Twenty-second street to the New England Navigation Company, as set forth in the communication of the Commissioner of Docks and Ferries under date of February 14, 1906.

CHANDLER WITHINGTON,  
Principal Assistant Engineer, Department of Finance.

February 17, 1906.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the New England Navigation Company, of the pier at the foot of East Twenty-second street, East river, in the Borough of Manhattan, excepting the northerly side of said pier, for a term of ten years from April 1, 1906, at an annual rental of seven thousand dollars (\$7,000), the lease to provide for one renewal term of ten years at an advance of five per cent. over the rental charged for the first term; the lessee to have the privilege of erecting a shed on the pier, such shed to be erected in accordance with plans to be first approved by the Engineer-in-Chief of the Department of Docks and Ferries, and to revert to and become the property of The City of New York at the expiration or sooner termination of the lease. The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated February 14, 1906.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented a report of the Engineer of the Department relative to the proposed renewal of the lease of the ferry franchise to operate the Barclay and Christopher Street Ferries, to the Hoboken Ferry Company (see Minutes, 1905, page 1229).

On motion, the matter was laid over for at least three weeks, in order that General Howard Carroll may be present when the matter is taken up.

A communication was received from the Commissioner of Docks relative to the establishment and leasing of a ferry from and to the foot of Ocean avenue, Sheepshead Bay; thence to Plum Beach; thence to Barren Island; thence to various points on Rockaway Beach, stopping enroute when required at the various houses in Jamaica Bay, used for boating and fishing purposes.

On motion of the Chairman, Finance Committee, Board of Aldermen, the matter was laid over.

A communication was received from the Commissioner of Docks requesting an expression of opinion from the Commissioners of the Sinking Fund as to the advisability of taking out insurance on ferry boats and terminals.

On motion of the President of the Board of Aldermen, the matter was laid over.

The following communication was received from the Commissioner of Docks relative to a sale at public auction of the steel freight shed on Pier, old 10, East river:

NEW YORK, February 15, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—This Department desires the removal of the steel freight shed now located on Pier, old 10, between Cuyler's alley and Old slip, East river, Borough of Manhattan, in connection with the progress of the work of improvement thereat.

The steel shed is in good condition and consists of two parts, the office portion at the inshore end and the shed proper. The office portion is about 60 feet long by 37½ feet wide, and is built in two stories; the centre height from the deck of the pier is about 35 feet. The shed proper is a single story structure, about 384 feet long and

about 37 feet wide; its centre height from the deck of the pier is about 20 feet. The entire shed covers an area of about 16,458 square feet.

All the posts, studs, purlins, trusses and bracing composing the framing of the shed are of structural steel. The roof sheathing, window frames, partitions, walls, ceiling, office doors, etc., of the second story of the office portion are of woodwork in first-class condition. The sides of the building, not taken up by doors, are covered by galvanized corrugated steel. The roof of the office portion is covered with roofing tin laid on boards which rest on the wooden purlins. The roof of the shed proper is composed of double spruce covering and laid over with 1½-inch tongue and grooved yellow pine flooring.

The principal parts or items composing the shed on Pier, old 10, East river, are all the trusses, columns, studs, purlins, bracing, corrugated steel folding doors, corrugated steel sheeting composing sides and end of shed, steel frames, and all material of every description comprising the shed proper and office portion, down to the decking of the pier, excepting the backing log, and any portion or portions of the pier proper which may be above the level of said decking of the pier.

The items enumerated above are believed to be approximately correct, but bidders must satisfy themselves as to the quantity, quality and condition of the material composing the shed, at the time of sale.

The purchaser of this shed will be given possession of the same on April 15, 1906, upon which date he shall begin the work of removal and shall complete all such work of removal within thirty days from that date.

I would respectfully request that the shed be sold by the Commissioners of the Sinking Fund and that the conditions relative to the commencement and completion of the work of removal be inserted in the terms of sale as outlined herein.

Yours respectfully,  
J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

February 19, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable J. A. Bense, Commissioner of the Department of Docks and Ferries, in a communication under date of February 15, 1906, addressed to the Commissioners of the Sinking Fund, requests the removal of the steel freight shed now located on Pier, old 10, between Cuyler's alley and Old slip, East river, Borough of Manhattan, in connection with the progress of the work of improvement thereat.

It appears that the terms and conditions upon which City buildings are sold would not cover the sale of this shed. I would therefore respectfully recommend that the Commissioners of the Sinking Fund, pursuant to section 1553 of the amended Greater New York Charter, authorize the Comptroller to sell at public auction to the highest bidder the steel freight shed now located on Pier, old 10, between Cuyler's alley and Old slip, East river, Borough of Manhattan.

Respectfully submitted for approval,  
MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:  
H. A. METZ, Comptroller.

Resolved, That pursuant to the provisions of section 1553 of the amended Greater New York Charter, the Comptroller be and is hereby authorized and directed to sell at public auction to the highest bidder, the steel freight shed now located on Pier, old 10, between Cuyler's alley and Old slip, East river, Borough of Manhattan.

The report was accepted and the resolution unanimously adopted.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education at its meeting held February 14, 1906, adopted the following resolution:

"Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a lease of the premises situated on the northwest corner of Grand and Van Alst avenues, Long Island City, Borough of Queens, occupied as an annex to Public School 7, for a period of one year from April 1, 1906, with the privilege of renewal for an additional year, at an annual rental of \$1,200, payable quarterly, and water taxes; the owner, Richard Webber, One Hundred and Twentieth street and Third avenue, Manhattan, to make all repairs to roof, the Board of Education to make all other necessary repairs and to give notice of its intention to exercise the option of renewal on or before February 1, 1907; otherwise on the same terms and conditions as contained in the existing lease."

The Bureau of Buildings and the Department of Health having reported that the condition of the building is suitable for school purposes, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the premises on the northwest corner of Grand and Van Alst avenues, Long Island City, Borough of Queens, for a period of one year from April 1, 1906, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of \$1,200, payable quarterly; the lessor to make all repairs to the roof and the City to pay the water tax and make all other necessary repairs, and to give notice of its intention to exercise the option of renewal on or before February 1, 1907, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Richard Webber.

Respectfully submitted for approval,  
THOMAS F. BYRNES,  
Appraiser of Real Estate, Department of Finance.

Approved:  
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education, of a renewal of the lease to the City of premises on the northwest corner of Grand and Van Alst avenues, Long Island City, Borough of Queens, for a period of one year from April 1, 1906, with the privilege of a renewal for an additional year upon the same terms and conditions, at an annual rental of twelve hundred dollars (\$1,200), payable quarterly; the lessor to make all repairs to the roof and the City to pay water taxes and make all other necessary repairs and to give notice of its intention to exercise the option of renewal on or before February 1, 1907, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Richard Webber; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises known as Balzer Hall, located on Prospect and Grant streets, Borough of Brooklyn, for the Board of Education:

February 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education, at a meeting held February 5, 1906, adopted the following resolution:

"Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a renewal of the lease of the premises known as Balzer Hall, located on Prospect and Grant streets, Borough of Brooklyn, for a period of one year from April 1, 1906, at an annual rental of \$1,000, otherwise on the same terms and conditions as contained in the present lease. Owner, Elizabeth F. Balzer, No. 1003 Flatbush avenue, Brooklyn."

The premises mentioned are located at the northwest corner of Prospect street and Snyder avenue (formerly Grant street). The plot measures about 43 by 100 feet and has on it a two-story frame building 40 by 50 feet, with a two-story frame

annex 24 by 30 feet. The assessed valuation on the property is \$5,000. The building has six class rooms in use, besides an assembly hall and a large play room, and has been occupied by the Board of Education for about five years. The rent asked, \$1,000, is an advance of \$400 a year over the rent now paid, but Mrs. Balzer refuses to accept any less for the property, claiming that she has had an offer of \$1,200 a year from May 1. She has received notice that the resolution given above was passed by the Board of Education.

The building is used as an annex to Public School 90, and is occupied by the six primary classes of that school. The annex has a seating capacity of 233, a total enrollment of 204, and an average daily attendance of about 170. Public School 90 has a seating capacity of 547 and an average attendance of 370, but it would be impossible to accommodate the children of the primary grades in Public School 90 without putting two classes in one room.

There is no other building available for the purpose of the annex in the immediate neighborhood. The rental now asked for the property is full value, but not excessive. The use of the building for school purposes as an annex to Public School 90 for another year seems to be unavoidable. Both Public School 89, six blocks south, and Public School 92, about five blocks north, are being enlarged, and will greatly relieve the pressure in Public School 90, but the new wings of these buildings will probably not be ready for occupancy before next September.

I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the premises known as Balzer Hall, located on Prospect street and Snyder avenue (formerly Grant street), Borough of Brooklyn, for a period of one year from April 19, 1906, at an annual rental of \$1,000, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Elizabeth F. Balzer.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Lessor, the Brooklyn Benevolent Association; John McGreevey, treasurer.

In regard to the lease of the three rooms and first or store floor of the building on the northeast corner of Morris Park avenue and Lincoln street, Van Nest, in the Borough of The Bronx, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease for a period of one year from July 1, 1906, at an annual rental of \$450, payable quarterly, and water taxes, otherwise upon the same terms and conditions as contained in the existing lease. The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises at No. 320 Myrtle avenue, Borough of Brooklyn, for the Department of Street Cleaning.

March 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable John McGaw Woodbury, Commissioner of the Department of Street Cleaning, in a communication under date of February 28, 1906, addressed to the Commissioners of the Sinking Fund, requests a renewal of the lease of the store of premises No. 320 Myrtle avenue, Borough of Brooklyn, for another term of three years from May 1, 1906, at an annual rental of \$480, payable quarterly. This rental is an increase of \$60 yearly over the present rental paid by the City.

After an examination of the premises I find the same to be at the corner of Myrtle avenue and Cumberland street, which measures 28 feet front, 15 feet in the rear and has a depth of about 42 feet. In view of the rental values in that locality I am of the opinion that the price asked of \$480 per annum is reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the store of the premises No. 320 Myrtle avenue, Borough of Brooklyn, for a period of three years from May 1, 1906, at an annual rental of \$480, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease, except that the lessor is to provide sufficient room in the basement for the amount of coal and other property that it may be found necessary to store there. Lessor, James A. Walsh.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

In connection therewith the Comptroller presented the following report and offered the following resolution:

February 14, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—John Kirk, Esq., Chairman of the Bayside Local Committee of the Queens Borough Library, in a communication under date of January 25, 1906, requests a lease

of the premises on Bell avenue, near Warburton avenue, Bayside, Borough of Queens, for a term of twenty-seven months from February 1, 1906, at an annual rental of \$480, payable quarterly; alterations and repairs, to be made by the owner prior to the commencement of the lease, are that walls of both stores will be tinted buff, ceilings cream color and an archway cut through between the two stores at the back as wide as possible, and connections made with the gas main in the street. Owner will make outside repairs but no inside repairs after the commencement of the lease; owner pays water tax. Library to supply heat, light and janitor service.

I have had an examination made of the premises and beg to report that the rental asked, \$480 per annum, while full value, is not excessive in view of the required alterations to be made by the lessor.

I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises on Bell avenue, near Warburton avenue, Borough of Queens, for a term of twenty-seven months from the date of occupation, at an annual rental of \$480, payable quarterly, the lessor to make alterations and repairs prior to the commencement of the lease and to tint the walls of both stores buff and the ceilings cream color and cut an archway between the two stores at the back as wide as possible, and make connections with the gas main in the street, keep the outside of the premises in good repair and pay the water tax; the City to make inside repairs and to supply light, heat and janitor service. Lessor, John A. Lindner.

In a communication under date of February 17, 1906, Mr. Walter G. Frey, President of the Queens Borough Library, states that the Chairman of the Local Committee has been empowered to act for the Board in this matter.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from John A. Lindner, of premises on Bell avenue, near Warburton avenue, Bayside, Borough of Queens, for the use of the Queens Borough Library, for a term of twenty-seven months from the date of occupation, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly; the lessor to make alterations and repairs prior to the commencement of the lease, and to tint the walls of both stores buff and the ceilings cream color, and to cut an archway between the two stores at the back as wide as possible, and make connections with the gas main in the street, keep the outside of the premises in good repair and pay the water tax; the City to make inside repairs and to supply light, heat and janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Queens Borough Library relative to a lease of premises at Nos. 26 and 28 Washington street, Jamaica, Borough of Queens:

January 9, 1906.

Sinking Fund Commission, No. 280 Broadway, New York City:

GENTLEMEN—I am directed to request your Commission to lease part of the building at Nos. 26 and 28 Washington street, corner of Fleet street, Jamaica, L. I., two rooms, one 25 by 22 feet 6 inches, and the other 12 by 22 feet 6 inches; the owner to connect the two rooms by an opening 7 feet wide, making the space 37 feet by 22 feet and 6 inches, for a term of one year from February 1, at yearly rental of \$360. The owner is Ellen Everitt, No. 25 Washington street, Jamaica, L. I.

Yours very truly,

J. F. HUME, Librarian.

In connection therewith the Comptroller presented the following report and offered the following resolution:

February 14, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—J. Hume, Esq., Librarian of the Queens Borough Library, in a communication under date of January 9, 1906, requests a lease of part of the building Nos. 26 and 28 Washington street, corner of Fleet street, Jamaica, L. I., for a term of one year from February 1, 1906, at an annual rental of \$360. The premises desired to be leased consist of two rooms, 25 feet by 22 feet 6 inches and 12 feet by 22 feet 6 inches, respectively. The owner to connect the two rooms by an opening 7 feet wide, making the space 37 feet by 22 feet 6 inches.

I have caused an examination to be made of these premises and beg to report that the rental asked, \$360 per annum, is full value, but it does not seem possible to get better accommodations in this vicinity. I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the lease of two rooms, 25 feet by 22½ feet and 12 feet by 22½ feet, respectively, in the building Nos. 26 and 28 Washington street, corner of Fleet street, Jamaica, L. I., for a term of one year from the date of occupation, at an annual rental of \$360, payable quarterly; lessor to connect the two rooms by an opening 7 feet wide, making the total area 37 feet by 22 feet 6 inches. Lessor, Ellen Everitt.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Ellen Everitt, of two rooms, 25 by 22½ feet and 12 feet by 22½ feet, respectively, in the building known as Nos. 26 and 28 Washington street, corner of Fleet street, Jamaica, Borough of Queens, for the use of the Queens Borough Library, for a term of one year from the date of occupation, at an annual rental of three hundred and sixty dollars (\$360), payable quarterly; the lessor to connect the two rooms by an opening 7 feet wide; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to the lease of premises on East One Hundred and Seventy-fifth street, between Anthony and Clay avenues, Borough of The Bronx, occupied by the President of the borough:

February 21, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held March 22, 1905, authorized a renewal of the lease of premises on the south side of East One Hundred and Seventy-fifth street, between Anthony and Clay avenues, Borough of The Bronx, for the use of the President of the Borough of The Bronx, for a term of one year from May 1, 1905, at a rental of \$35 a month.

The lease thereof was never executed, and it appears that on January 22, 1906, the Estate of John P. Schmenger sold the property to Mrs. Eva W. Bailey. I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend the resolution of March 22, 1905, by making the term of the lease for a period from May 1, 1905, to January 22, 1906, instead of for a period of one year from May 1, 1905.

I would further recommend that the Commissioners of the Sinking Fund authorize a lease of the premises on the south side of East One Hundred and Seventy-fifth street, between Anthony and Clay avenues, Borough of The Bronx, for a period from January 22, 1906, to May 1, 1906, at a rental of \$35 a month, otherwise upon the same terms and conditions contained in the existing lease. Lessor, Eva W. Bailey.

Respectfully submitted for approval,  
MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at a meeting held March 22, 1905, authorizing a renewal of the lease to the City of premises on the south side of East One Hundred and Seventy-fifth street, between Anthony and Clay avenues, Borough of The Bronx, for the use of the President of the Borough of The Bronx, for a term of one year from May 1, 1905, at a rental of thirty-five dollars (\$35) per month, otherwise upon the same terms and conditions as contained in the existing lease, be and the same is hereby amended, by substituting as the term of the lease "for a period from May 1, 1905, to January 22, 1906," instead of "for a term of one year from May 1, 1905."

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Eva W. Bailey, of premises on the south side of East One Hundred and Seventy-fifth street, between Anthony and Clay avenues, Borough of The Bronx, for the use of the President of the Borough of The Bronx, for a period from January 22, 1906, to May 1, 1906, at a rental of thirty-five dollars (\$35) per month, otherwise upon the same terms and conditions as contained in the former lease of these premises from the Estate of J. P. Schmenger, the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of lots at One Hundred and Forty-fifth street and College avenue, Borough of The Bronx, for the use of the President of the Borough:

February 26, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Louis F. Haffen, President of the Borough of The Bronx, in a communication under date of January 23, 1906, addressed to the Commissioners of the Sinking Fund, requested a renewal of the lease of the premises on One Hundred and Forty-fifth street and College avenue, being seven lots, two lots fronting on One Hundred and Forty-fourth street and five lots on One Hundred and Forty-fifth street and College avenue, the owner being the Mott Haven Company, the lease expiring February 10, 1906; rent, \$1,200 a year.

After the receipt of this communication the President of the Borough of The Bronx transmitted a communication from Henry H. Sherman, attorney for the Mott Haven Company, in which he requests an increased rental for the premises of \$500 per annum. The President of the Borough of The Bronx was requested to give information as to whether the plot of ground purchased by The City of New York on One Hundred and Eightieth and One Hundred and Eighty-first streets and Webster avenue could not be used instead of the leased premises of which a renewal was requested, and in reply thereto he states that the same could not be done.

I have had an examination made of the property and find that the rental asked of \$1,700 per annum, while full value, is not excessive, in view of the increased values in that locality of the Borough of The Bronx, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the vacant ground containing seven lots, five in One Hundred and Forty-fifth street, fronting on College avenue, and two in One Hundred and Forty-fourth street, west of College avenue, for a period of one year from February 10, 1906, at an annual rental of \$1,700, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Mott Haven Company.

Respectfully submitted for approval,  
MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from the Mott Haven Company, of the vacant ground containing seven lots, five in One Hundred and Forty-fifth street, fronting on College avenue, and two in One Hundred and Forty-fourth street, west of College avenue, for the use of the President of the Borough of The Bronx, for a period of one year from February 10, 1906, at an annual rental of seventeen hundred dollars (\$1,700), otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Borough of The Bronx relative to a renewal of the lease of a plot of land on Tremont avenue, just west of the Southern Boulevard:

NEW YORK, February 21, 1906.

Commissioners of the Sinking Fund, No. 280 Broadway, Manhattan, City:

GENTLEMEN—I transmit herewith copy of a communication received by me from Mr. Joseph Pickard, Property Clerk of this borough, informing me that the lease of the plot of land on the south side of Tremont avenue, just west of the Southern Boulevard, now occupied by the Bureau of Incumbrance, will expire on the 1st day of April next.

I respectfully recommend therefore that the Commissioners of the Sinking Fund authorize the renewal of said lease for another year on the same terms and conditions as in the present lease.

Yours truly,  
LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

February 21, 1906.

Hon. LOUIS F. HAFFEN, President, Borough of The Bronx:

DEAR SIR—I beg respectfully to state that the lease of plot of ground on south side of Tremont avenue, just west of the Southern Boulevard, now occupied by the Bureau of Incumbrance, will expire on the 1st of April next.

I recommend that the Commissioners of the Sinking Fund be requested to authorize its renewal for another year on same terms and conditions as existing lease.

Yours respectfully,  
(Signed) JOSEPH PICKARD, Property Clerk.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 1, 1906.

Recommended that the lease of the plot of land on the southerly side of Tremont avenue, west of Southern Boulevard, in the Borough of The Bronx, be renewed for a period of one year from April 1, 1906, at an annual rental of \$400, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Adah M. McDermott.

Respectfully submitted for approval,  
MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from Adah M. McDermott, of the plot of land on the south side of Tremont avenue, west of the Southern Boulevard, in the Borough of The Bronx, for the use of the President of the Borough of The Bronx, for a period of one year from April 1, 1906, at an annual rental of four hundred dollars (\$400), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to the lease of premises corner One Hundred and Forty-second street and Alexander avenue, Borough of The Bronx, for the use of the Fire Department (see page 59):

February 23, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund at their meeting held January 25, 1906, authorized a lease of certain rooms in the building on the southeast corner of One Hundred and Forty-second street and Alexander avenue, in the Borough of The Bronx, for a period from April 1, 1906, to May 1, 1907, at an aggregate rental of \$1,900 for the period. The resolution provides that the lessor is to pay for light and heat used in the premises. The lessor now states that he will not pay for the light used in the premises, in view of the fact that he has never agreed to do so.

I am of the opinion that the proposition is fair that the City should pay for the light used in the rooms, as the building is a loft building. I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution of January 25, 1906, in regard to the above matter, by striking the words "light and" from the portion of the resolution which reads "the lessor to pay for the light and heat used in the premises."

Respectfully submitted for approval,  
THOMAS F. BYRNES,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held January 25, 1906, authorizing a lease of rooms Nos. 1, 2, 3, 10 and 11 in the building on the northeast corner of One Hundred and Forty-second street and Alexander avenue, in the Borough of The Bronx, for the use of the Fire Department, for a period from April 1, 1906, to May 1, 1907, at an aggregate rental of nineteen hundred dollars (\$1,900) for the period, payable monthly; the lessor to install one bath tub or a double shower bath, as may be preferred by the Fire Department, in a location to be agreed upon, and the premises to be turned over to the Fire Department immediately upon completion of the work, and the City to have occupation of the same, free of rent, until April 1, 1906, the lessor to pay for light and heat used in the premises—be and the same is hereby amended by omitting the words "light and" from that portion of the resolution which reads "the lessor to pay for light and heat used in the premises."

Which resolution was unanimously adopted.

February 23, 1906.

The City of New York acquired on September 30, 1903, the property on the northerly side of Bay Twenty-second street, near Bath avenue, in the Borough of Brooklyn, as an addition to the plot owned by the City on the northwesterly corner of Bay Twenty-second street and Bath avenue, in the Borough of Brooklyn, for the erection thereon of a police precinct station house. In connection therewith the Comptroller presented the following report and offered the following resolution:

February 20, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Armory Commissioners, at its meeting held December 8, 1905, adopted a resolution approving the bill and expense of the Lawyers Title Insurance and Trust Company, amounting to \$313.75, for the examination and insurance of title to premises on the northeasterly corner of One Hundred and Sixty-sixth street and Franklin avenue, in the Borough of The Bronx, which was acquired for the use of that Board as a site for an armory for the Second Battery, N. G., S. N. Y., and requesting the Commissioners of the Sinking Fund to concur in their approval and authorize the issue of bonds for such payment.

It appears that the Commissioners of the Sinking Fund, at their meeting held July 20, 1904, authorized the issue of Corporate Stock to an amount not exceeding \$85,300, the proceeds whereof to be used for the acquisition of the site and the payment of the cost of the examination of the title. Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

G., N. Y., and three hundred dollars (\$300) thereof to be used for the payment of the cost of the examination of the title.

New York, February 15, 1906.

H. A. METZ, Comptroller.

The Comptroller presented the following report with certificate of the Corporation Counsel relative to the petition of Emma Rockmore for a release or quit-claim of the City's interest in a portion of the old Hunterfly road, in the Borough of Brooklyn, and offered the following resolution (see Minutes, 1905, page 1128):

February 27, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of September 23, 1905, this office transmitted to the Corporation Counsel a verified petition of Emma Rockmore, addressed to the Commissioners of the Sinking Fund, requesting a release of a portion of the old Hunterfly road in the Borough of Brooklyn, together with a report made thereon by this Bureau. The report, after stating the facts, recommended that the application be transmitted to the Corporation Counsel for his opinion as to whether the City's interest in the old Hunterfly road crossing the petitioner's property was material or nominal and a mere cloud upon the title of a private owner. In answer thereto, in an opinion under date of November 18, 1905, the Corporation Counsel certified that whatever interest the City had in the portion of the old Hunterfly road in the Borough of Brooklyn located within the area of the property owned by the petitioner was a mere cloud upon the title of a private owner, but the description of the property included in the opinion recited "Chestnut street" instead of "Chester street." It was therefore necessary, in accordance with section 205 of the Revised Charter, to have a new certification for a release of the property in question. The matter was referred back to the Corporation Counsel in a communication under date of February 1, 1906, requesting that he certify as to whether the property described in the report of the Bureau of Real Estate is of material interest to The City of New York or nominal and a mere cloud upon the title of the private owner, in order that the matter could again be presented to the Commissioners of the Sinking Fund for amendment of the original resolution, and in reply thereto the Corporation Counsel in an opinion under date of February 21, 1906, states:

I hereby certify that the interest of the City in so much of the old Hunterfly road in the Borough of Brooklyn as is located within the area of the property owned by Emma Rockmore, which property is more particularly described hereinafter, is a mere cloud upon the title of a private owner. Said property is bounded and described as follows:

Beginning at the corner formed by the intersection of the southerly side of Blake avenue with the easterly side of Bristol street, and running thence easterly along the southerly side of Blake avenue 100 feet to the centre line of the block between Bristol and Chester streets, and running thence southerly parallel with Bristol street 400 feet 5½ inches; thence westerly and parallel with Blake avenue 100 feet to the easterly side of Bristol street and thence northerly along the easterly side of Bristol street 400 feet 5½ inches to the point or place of beginning.

Excepting and reserving therefrom any portion of the above described property that may lie in the bed of either Bristol street or Blake avenue as legally opened.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution of November 28, 1905, by authorizing a release or quit-claim for a nominal consideration to Emma Rockmore of all the right, title and interest of The City of New York in and to all that portion of the old Hunterfly road included within the lines of the property heretofore described, upon the condition that the petitioner shall produce evidence that all taxes, assessments and water rates now a lien upon said premises or any portion thereof, or any sale for the non-payment of taxes, assessments and water rates upon said property or any portion thereof, shall have been paid before receiving such release from the City.

I would also recommend that the amended resolution shall contain a clause making the expense of such release, examination, etc., to be fixed at \$200, to be paid by the petitioner.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

NEW YORK, February 21, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I am in receipt of a letter signed by you, dated February 1, 1906, in which it is stated that under date of September 23, 1905, your predecessor transmitted to me a verified petition of Emma Rockmore, addressed to the Commissioners of the Sinking Fund, requesting a release of a portion of the old Hunterfly road in the Borough of Brooklyn, together with a report thereon by the Bureau of Real Estate.

The report in stating the facts recommended that the application be transmitted to me for my opinion as to whether the City's interest in the old Hunterfly road crossing the petitioner's property was material or nominal, and a mere cloud upon the title of a private owner, and that the description of the property contained in the report is as follows:

Beginning at the corner formed by the intersection of the southerly side of Blake avenue with the easterly side of Bristol street, and running thence easterly along the southerly side of Blake avenue 100 feet to the centre line of the block between Bristol and Chester streets, and running thence southerly parallel with Bristol street 400 feet 5½ inches; thence westerly and parallel with Blake avenue 100 feet to the easterly side of Bristol street and thence northerly along the easterly side of Bristol street 400 feet 5½ inches to the point or place of beginning.

You state in your letter that in answer thereto in an opinion under date of November 18, 1905, I certified that whatever interest the City had in the portion of old Hunterfly road in the Borough of Brooklyn located within the area of the property owned by the petitioner was a mere cloud upon the title of a private owner; but the description of the property included in my opinion recites "Chestnut" street instead of "Chester" street, and that it will therefore be necessary, in accordance with section 205 of the revised Charter, to have a new certificate for a release of the property in question, and you request me to certify as to whether the property described in the report of the Real Estate Bureau is of material interest to The City of New York, or nominal and a mere cloud upon the title of a private owner, in order that the matter may again be presented to the Commissioners of the Sinking Fund for amendment of the original resolution.

As I stated in my opinion of November 18, 1905, referred to, the application of Emma Rockmore is similar to many others in which opinions have been rendered by the Corporation Counsel in relation to this old road.

In accordance with opinions heretofore given, I hereby certify that the interest of the City in so much of the old Hunterfly road in the Borough of Brooklyn as is located within the area of the property owned by Emma Rockmore, which property is more particularly described hereinafter, is a mere cloud upon the title of a private owner.

Said property is bounded and described as follows:

Beginning at the corner formed by the intersection of the southerly side of Blake avenue with the easterly side of Bristol street, and running thence easterly along the southerly side of Blake avenue 100 feet to the centre line of the block between Bristol and Chester streets, and running thence southerly parallel with Bristol street 400 feet 5½ inches; thence westerly and parallel with Blake avenue 100 feet to the easterly side of Bristol street and thence northerly along the easterly side of Bristol street 400 feet 5½ inches to the point or place of beginning.

Excepting and reserving therefrom any portion of the above described property that may lie in the bed of either Bristol street or Blake avenue as legally opened.

Very respectfully,

G. L. STERLING, Acting Corporation Counsel.

Resolved, That the resolution adopted by this Board, at meeting held November 28, 1905, authorizing a release or quit-claim to Emma Rockmore, of all the right, title and interest of The City of New York in and to a portion of the old Hunterfly road, in the Borough of Brooklyn, be and the same is hereby rescinded.

Resolved, That, pursuant to the provisions of section 205 of the Amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit-claim to Emma Rockmore, of all the right, title and interest of The City of New York in and to all that portion of the old Hunterfly road, in the Borough of Brooklyn, included within the lines of the following described property:

"Beginning at the corner formed by the intersection of the southerly side of Blake avenue with the easterly side of Bristol street, and running thence easterly along the southerly side of Blake avenue 100 feet to the centre line of the block between Bristol and Chester streets, and running thence southerly parallel with Bristol street 400 feet 5½ inches; thence westerly and parallel with Blake avenue 100 feet to the easterly side of Bristol street, and thence northerly along the easterly side of Bristol street 400 feet 5½ inches to the point or place of beginning.

"Excepting and reserving therefrom any portion of the above described property that may lie in the bed of either Bristol street or Blake avenue as legally opened,"

—the Corporation Counsel having certified under date of February 21, 1906, that whatever interest the City may have in the property is a mere cloud upon the title of a private owner.

Resolved, That the interest of The City of New York in and to the same be and is hereby appraised at the nominal sum of \$1, and the expense of such release, examination, etc., be and is hereby fixed at \$200, to be paid by the petitioner, and evidence produced that all taxes, assessments and water rates now a lien upon said premises or any portion thereof, or any sale for the nonpayment of taxes, assessments and water rates upon said property or any portion thereof, have been paid before the execution and delivery of such release.

The report was accepted and the resolutions severally unanimously adopted.

The following petition was received from Albert Golin, for a release or quit-claim of the City's interest in a portion of the old Brooklyn and Newtown turnpike:

In the Matter

of  
The application to the Commissioners of the Sinking Fund of The City of New York, by Albert Golin, for a quit-claim deed from The City of New York in and to the premises on the northerly side of Flushing avenue, one hundred and twenty-six (126) feet and three (3) inches east of Evergreen avenue, in the Borough of Brooklyn, New York City.

To the Commissioners of the Sinking Fund of The City of New York:

1. The petition of Albert Golin, by Adolph Benevy, his attorney, respectfully shows and alleges:

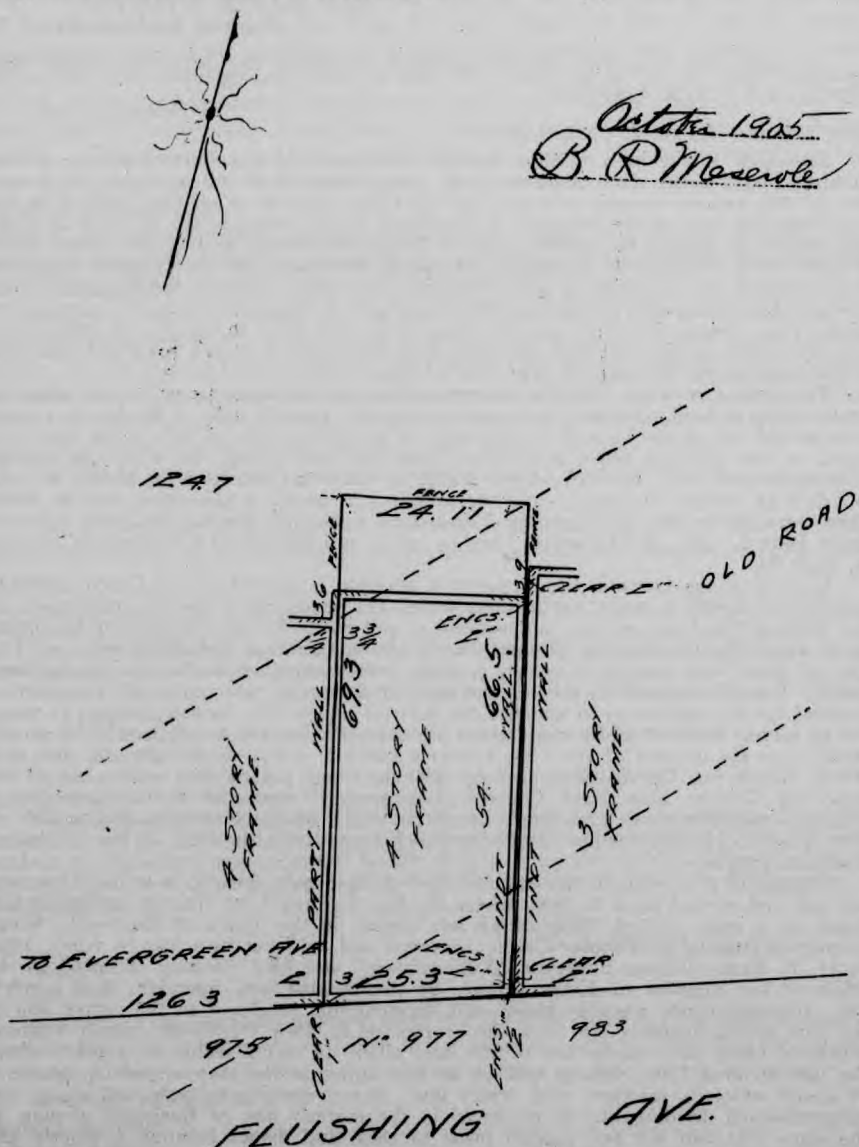

That your petitioner is a resident of the Borough of Brooklyn, County of Kings, City and State of New York, and a citizen of this State and of the United States.

2. That your petitioner is the owner in fee simple of all those premises situate in the Borough of Brooklyn, County of Kings, City and State of New York, and bounded and described as follows, to wit:

Beginning at a point on the northerly side of Flushing avenue, distant one hundred and twenty-six (126) feet and three (3) inches easterly from the corner formed by the intersection of the northerly line of Flushing avenue and the easterly line of Evergreen avenue; running thence northerly parallel with Evergreen avenue sixty-nine (69) feet and three (3) inches; thence easterly twenty-five (25) feet; thence southerly, parallel with Evergreen avenue, sixty-six (66) feet and five (5) inches to the northerly side of Flushing avenue, and thence westerly along the said northerly side of Flushing avenue twenty-five (25) feet and three (3) inches to the point or place of beginning. Said premises are known as and by the street number 977 Flushing avenue, and are designated as Lot No. 19 of Block 3124, in Section 10, on the tax map of Kings County, and as Lot No. 12, of Block 180, in Ward Eighteen, on the old tax map of Kings County.

3. That the said petitioner became the owner of said property by a deed of conveyance made by Bertha Sheindelman, dated the 24th day of June, 1905, and duly recorded in the office of the Register of the County of Kings on the 30th day of June, 1905, in Section 10, Block 3124 of Conveyances, and that the petitioner has been truly the owner of said premises since the 24th day of June, 1905, and has paid taxes thereon to The City of New York.

4. That the petitioner is informed that an ancient road commonly known as the turnpike from Brooklyn to Newtown, was formerly passing through said property, as is shown on the following diagram:

5. That said road has been for years closed to the public, and your petitioner is informed that The City of New York now has a nominal claim to a portion of said property, which lay within said road, and that said claim of The City of New York is a cloud upon the title to the said premises.

Wherefore your petitioner prays that The City of New York execute and deliver to your petitioner a quit-claim deed of its interest in and to the premises above described.

ADOLPH BENEVY,

Attorney for Petitioner, O and P. O. address No. 42 Graham Avenue, Brooklyn, N. Y.

State of New York, Borough of Brooklyn, County of Kings, ss.:

Albert Golin, being duly sworn, deposes and says that he is the petitioner in the within petition; that he has heard read the foregoing petition and knows the contents thereof; that the same is true to his own knowledge except as to matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

ALBERT GOLIN.

Sworn to before me this 19th day of January, 1906.

SADIE A. KOENIG,

Notary Public, County of Kings.

In connection therewith the Comptroller presented the following report, with opinion of the Corporation Counsel, and offered the following resolution:

Hon. HERMAN A. METZ, Comptroller:

SIR—Albert Golin, Esq., in a verified petition under date of January 19, 1906, received in this office under date of February 8, 1906, addressed to the Commissioners of the Sinking Fund, requests a release of the City's interest in and to that portion of the old Brooklyn and Newtown turnpike which extends through property owned by him and known as No. 977 Flushing avenue, in the Borough of Brooklyn, City of New York.

The petitioner states that he is the owner in fee simple of property located on the northerly side of Flushing avenue, distant 126 feet 3 inches easterly from the corner formed by the intersection of the northerly line of Flushing avenue with the easterly line of Evergreen avenue, size 25 feet 3 inches front and 69 feet 3 inches in depth on the westerly side and 66 feet 5 inches in depth on the easterly side, with a rear of 25 feet and is designated as Lot No. 19 in Block 3124, section 10, on the Tax Map of the County of Kings, and as Lot No. 12 in Block 180 in Ward 18 on the old Tax Map of Kings County, and that the petitioner became the owner of the said property by deed of conveyance made by Bertha Sheindelman, dated June 24, 1905, and duly recorded in the office of the Register of the County of Kings on June 30, 1905, in section 10, Block 3124 of Conveyances, and the petitioner states that he has been truly the owner of said premises since June 24, 1905, and has paid taxes thereon to The City of New York.

The request for a release of the City's interests in this old road is similar to other requests that have heretofore been granted both by the Commissioners of the Sinking Fund and by the Common Council of the City of Brooklyn, and more particularly, the Corporation Counsel, in an opinion under date of November 5, 1904, in the matter of the application of George Ganzle for a release of a portion of the old Brooklyn and Newtown turnpike, in the Borough of Brooklyn, which was presented to the Commissioners of the Sinking Fund under date of November 30, 1904 (see Minutes Sinking Fund, 1904, page 882), he states:

"The old road is one of the highways formerly existing in Kings County connecting the different towns thereof. It has long since ceased to be used as a highway, has been inclosed and occupied as private property, has been subject to the lien of taxes and assessments for local improvements and has not been subject to the control of the municipality to any greater extent than other property in private hands has been."

I would respectfully recommend that the matter be referred to the Corporation Counsel for his opinion as to whether the interest of the City in the old road lying within the area of the lines of the property bounded and described as follows:

All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on the northerly side of Flushing avenue, distant 126 feet 3 inches easterly from the corner formed by the intersection of the northerly line of Flushing avenue and the easterly line of Evergreen avenue; running thence northerly parallel with Evergreen avenue 69 feet 3 inches; thence easterly 25 feet; thence southerly parallel with Evergreen avenue 66 feet and 5 inches to the northerly side of Flushing avenue, and thence westerly along the said northerly side of Flushing avenue 25 feet 3 inches to the point or place of beginning;

—is material or a mere cloud upon the title of a private owner. If he shall certify that the interest of the City is a mere cloud upon the title of a private owner, the Commissioners of the Sinking Fund, pursuant to section 205 of the amended Greater New York Charter, may properly authorize a release or quit claim for a nominal consideration to the said Albert Golin of all the right, title and interest of The City of New York in and to all that portion of the old road and within the area of the property heretofore described, upon the condition that the petitioner shall produce evidence that all taxes, assessments and water rates now a lien upon the said described premises or any portion thereof, or any sale for the non-payment of taxes, assessments and water rates upon said property or any portion thereof, shall have been paid or redeemed before receiving such release from the City. I would also recommend that if the Corporation Counsel shall decide that the interest of the City is not material and purely a cloud upon the title of a private owner, that the interest of the City be appraised at the nominal sum of \$1, and that the expense and cost of such release, examination, etc., be fixed at \$100, to be paid by said petitioner before the delivery of such release.

Respectfully submitted for approval,

Appraiser of Real Estate in Charge of Bureau.

NEW YORK, February 27, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have received your communication of February 13, 1906, transmitting for my consideration an application made to the Commissioners of the Sinking Fund by Albert Golin for a release of a portion of the old Brooklyn and Newtown turnpike, together with a report made to you on the subject by the Bureau of Real Estate of the Department of Finance. I am requested to advise you whether the interest of The City of New York in this piece of property is material or simply nominal and a mere cloud upon the title of a private owner. If the latter, I am asked so to certify that the matter may be presented to the Commissioners of the Sinking Fund, pursuant to section 205 of the amended Greater New York Charter.

This old road is one of those old highways in the former City of Brooklyn which has long since been closed to public travel and has passed under the control of private ownership, being subjected to municipal charges in the way of taxes and assessments for local improvements, and is under the jurisdiction of the municipality only so far as all private property is under such jurisdiction.

I hereby certify that that portion of the old Brooklyn and Newtown turnpike, which is included within the following described property, is a mere cloud upon the title of a private owner. Said property is bounded and described as follows:

All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on the northerly side of Flushing avenue, distant 126 feet 3 inches easterly from the corner formed by the intersection of the northerly line of Flushing avenue and the easterly line of Evergreen avenue; running thence northerly parallel with Evergreen avenue 69 feet 3 inches; thence easterly 25 feet; thence southerly parallel with Evergreen avenue 66 feet and 5 inches to the northerly side of Flushing avenue, and thence westerly along the said northerly side of Flushing avenue 25 feet and 3 inches to the point or place of beginning.

I transmit herewith a proper release of the City's interest therein, approved by me as to form, together with two copies thereof.

Respectfully yours,

G. L. STERLING,

Acting Corporation Counsel.

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit-claim to Albert Golin, of all the right, title and interest of The City of New York in and to all that portion of the old Brooklyn and Newtown turnpike which is included within the lines of the following described property:

All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on the northerly side of Flushing avenue, distant 126 feet 3 inches easterly from the corner formed by the intersection of the northerly line of Flushing avenue and the easterly line of Evergreen avenue; running thence northerly parallel with Evergreen avenue 69 feet 3 inches; thence easterly 25 feet; thence southerly parallel with Evergreen avenue 66 feet and 5 inches to the northerly side of Flushing avenue, and thence westerly along the said northerly side of Flushing avenue 25 feet and 3 inches to the point or place of beginning,

—the Corporation Counsel having certified under date of February 27, 1906, that whatever interest the City may have in the property is a mere cloud upon the title of a private owner.

Resolved, That the interest of The City of New York in and to the same be and is hereby appraised at the nominal sum of \$1, and the expense of such release, examinations, etc., be and is hereby fixed at \$100, to be paid by the petitioner, and evidence produced that all taxes, assessment and water rates now a lien upon said premises or any portion thereof have been paid or redeemed before the execution and delivery of such release.

The report was accepted and the resolution unanimously adopted.

The following petition was received from Leib Lurie for a release or quit claim of the City's interest in a portion of the old Bushwick lane in the Borough of Brooklyn:

To the Commissioners of the Sinking Fund of The City of New York:

GENTLEMEN—The undersigned, Leib Lurie, respectfully petitions your body for a quit-claim deed from The City of New York of certain premises shown on the accompanying diagram, the same being a portion or part of the old lane which formerly led from the cross roads to New Bushwick, under section 205 of the Charter of the Greater City of New York, for the reason that the title to the same in this petitioner is questioned by the Title Guarantee and Trust Company, which claims that The City of New York may have an interest in said premises by reason of the fact that the said lane may have been a Dutch road and that the title to the same might be vested in The City of New York, and for that reason there is a cloud on the title of the petitioner to the premises owned by him, part of which is shown on said diagram.

That said petitioner is the owner of the premises adjoining the same, and running up to and bordering on said strip of land on the easterly side of Bushwick avenue as now laid out on the map of the Borough of Brooklyn of The City of New York; that the adjoining property was conveyed to this petitioner by a deed made by Conrad Hasenflug and Selma, his wife, and George Hilkemeier and Julia, his wife, dated the 1st day of March, 1904, and recorded on the 2d day of March, 1904, in Liber 33, Section 11, page 3, and the premises, a quit claim of which is asked from The City of New York, was conveyed to the petitioner by Edward F. Koch and Regina, his wife, by deed dated the 2d day of June, 1904, and recorded the 14th day of June, 1904, in Liber 46 of Conveyances, Section 11, page 73.

That at the time of the obtaining of said deed from Koch this petitioner was informed that he had obtained a good title to the premises, a quit claim of which is requested from The City of New York, and that at that time the Title Guarantee and Trust Company said that they would insure the title of this petitioner to said property; but since that time, upon an application for a loan on said premises, the said Title Guarantee and Trust Company has refused to guarantee said title for the purpose of a loan thereon, and has refused to make advances under said loan to this petitioner, and this petition is made for the purpose of eliminating any question as to the title of said property and remove whatever cloud there may be thereon by reason of The City of New York having any interest therein.

LEIB LURIE.

Dated January 11, 1906.

City and State of New York, County of Kings, ss.:

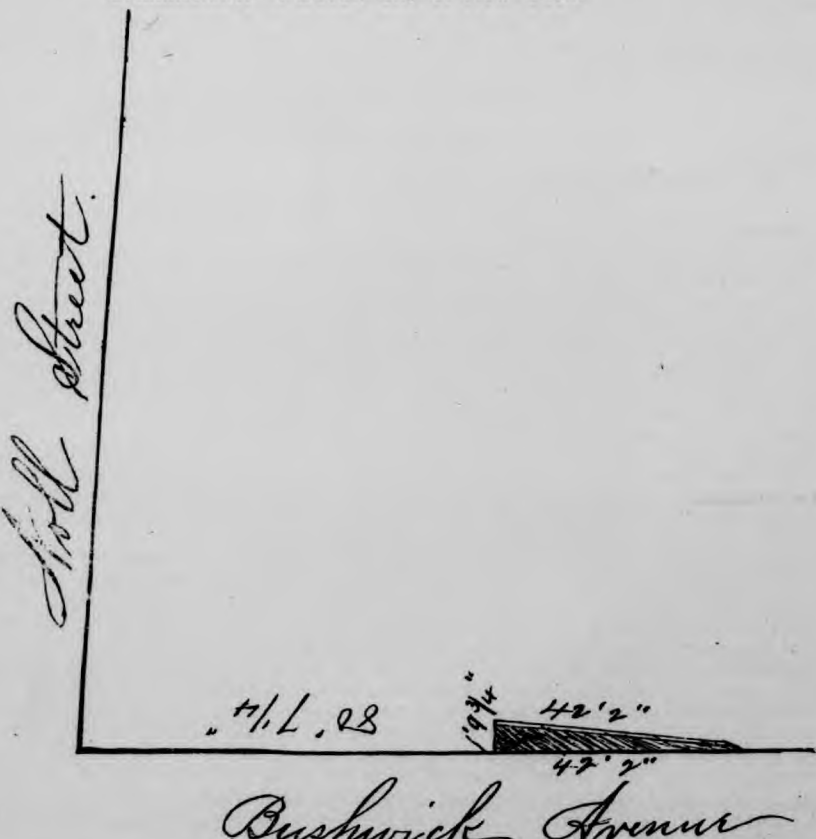

Leib Lurie, being duly sworn, deposes and says that he is the foregoing petitioner; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge, except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

LEIB LURIE.

Sworn to before me this  
11th day of January, 1906.

WILLIAM TRIMBORN,

Commissioner of Deeds, City of New York.

Note—The shaded diagram shows the property, a quit-claim deed of which is requested from The City of New York, being a parcel of land located between the line of Bushwick avenue, as laid out prior to 1865, and the present line of Bushwick avenue, in front of property now owned and in the possession of Lieb Lurie.

January 25, 1906.

Commissioners of the Sinking Fund of The City of New York, Stewart Building, No. 280 Broadway, New York City:

GENTLEMEN—Referring to the application of Lieb Lurie for a release of a portion of the old Bushwick avenue, in the Borough of Brooklyn, filed in your office about a week ago, and as to which H. L. Smith, Assistant Deputy Comptroller, wrote to me under date of the 17th inst., asking for proof of ownership of adjoining property, I desire to say that in the petition a reference to the deed under which Mr. Lurie obtained title is made. The description in the deed referred to as being recorded in Section 11, Liber 43, page 3, is as follows:

All those certain lots, pieces or parcels of land situate, lying and being in the Borough of Brooklyn of The City of New York, Kings County, and State of New York, bounded and described as follows:

Beginning at a point on the easterly line of Bushwick avenue, as formerly laid out, distant 80 feet southerly from and on a line drawn at right angles to the southerly side of Noll street (formerly Prospect street), running thence southerly along said old line of Bushwick avenue, 42 feet and 2 inches to the intersection of said old line with the present easterly line of Bushwick avenue; thence southerly along the present easterly line of Bushwick avenue to a point thereon distant 322 feet 6½ inches southerly from the southerly side of Noll street, measured along the said present easterly line of

Bushwick avenue; thence northeasterly 100 feet and 3 inches to a point distant 100 feet from and on a line drawn at right angles to the present easterly line of Bushwick avenue; thence northerly and parallel with the present easterly line of Bushwick avenue 222 feet and 3 inches to a point distant 80 feet southerly from and on a line drawn at right angles to the southerly line of Noll street, and thence westerly parallel with Noll street 99 feet to the point or place of beginning.

Reference to the diagram attached to said petition will show that this property is the property adjoining that for which a release is asked from the City. Mr. Lurie also obtained deed to the following-described property, which I believe is a release from a person who was the owner of the land in the old lane or road, if the same were found to be an English road and which is described in the petition as made by Koch to said Lurie, and is recorded in Liber 46, page 73, Section 11:

All that certain tract, piece or parcel of land situate in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at a point in the easterly line of Bushwick avenue, as said avenue was laid out and existed prior to 1865, where the line dividing Lots Nos. 25 and 38 as laid down on a map entitled "Map of 53 lots situate in the Town of Bushwick, Kings County, belonging to Thomas Green, surveyed and laid out into lots in April, 1850, by H. F. Betts, Village Surveyor, Williamsburg," and filed January 18, 1851, in the office of the Register of Kings County by the number 226, intersects said easterly line; and running thence westerly along said dividing line produced to the centre line of the lane which formerly led from the cross roads to New Bushwick; thence running southerly along said centre line of the lane about 42 feet 2 inches to a point where the line dividing Lots Nos. 39 and 40, as laid down on the map aforesaid, would, if produced westerly, intersect said centre line; thence running easterly and along said last-mentioned dividing line so produced to the easterly line of Bushwick avenue, as the same was laid out, and existed prior to 1865, and thence running northerly and along said last-mentioned line 40 feet 2 inches, more or less, to the point or place of beginning.

Mr. Lurie assumed and was assured at the time he obtained these two deeds by the Title Guarantee and Trust Company that he obtained the title to all of the property up to the present line of Bushwick avenue; but since then obtaining a building loan from the Title Guarantee and Trust Company they have assumed the position that these deeds are not sufficient to remove any question as to the title to the property, but require Mr. Lurie to obtain from the City a quit-claim deed to any right the City might have in the property between the old and new lines of Bushwick avenue, seeming to fear that at some time the old lane or road, part of which is included in the premises, might be found to be a Dutch road in which the City might have some interest.

It is important that this matter be expedited as much as possible, as new buildings are now being erected on this property, and the Title Guarantee and Trust Company are making payments by advances. The buildings are now in a position where the owner, Mr. Lurie, is entitled to receive an advance, but the Title Company refuses to make it until a deed is obtained from the City.

By expediting this matter as much as possible you will confer a great favor on my client, the petitioner and the present owner of the property.

Yours truly,

VAN MATER STILWELL,  
Attorney for LEIB LURIE.

In connection therewith the Comptroller presented the following report and offered the following resolution:

February 1, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Leib Lurie, in a verified petition, addressed to the Commissioners of the Sinking Fund, under date of January 16, 1906, which is hereto annexed and forms part of this report, requests a release of the City's interest to all that portion of the old Bushwick lane, in the Borough of Brooklyn, which premises are in front of property owned by him on the easterly side of Bushwick avenue, 80 feet 7¼ inches south of Noll street, Borough of Brooklyn. The petitioner states that the property requested to be released was a portion or part of the old lane which formerly led from the cross-roads to New Bushwick. That the Title Guarantee & Trust Company, in examination of the title, claims that The City of New York may have an interest in said premises, by reason of the fact that said lane may have been a Dutch road and that title to the same might be vested in The City of New York.

The petitioner states that the property adjoining and running up to and abutting on the strip of land requested to be released on the easterly side of Bushwick avenue as now laid out on the map of the Borough of Brooklyn, City of New York, was conveyed to him by deed made by Conrad Hasenflug and Selma, his wife, and George Hilkemeier and Julia, his wife, dated March 1, 1904, and recorded on March 2, 1904, in Liber 33, section 11, page 3, and the premises to which a quit-claim deed is asked were conveyed to the petitioner by Edward F. Koch and Regina, his wife, by deed dated June 2, 1904, and recorded June 14, 1904, in Liber 46 of Conveyances, section 11, page 73.

In view of the fact that the property in question is part of an old Dutch road, the question is similar to many applications which are presented to the Commissioners of the Sinking Fund for releases of portions of old roads in the Borough of Brooklyn, upon which the Corporation Counsel has rendered opinions that the interest of The City of New York therein is merely nominal and a cloud upon the title of a private owner. I would respectfully recommend that the matter be referred to the Corporation Counsel for his opinion as to whether the interest of the City in the premises is material or merely nominal and a cloud upon the title of a private owner, and if he should certify that the interest of the City is merely nominal and a cloud upon the title of a private owner, the Commissioners of the Sinking Fund, pursuant to section 205 of the Amended Greater New York Charter, may properly authorize a quit-claim for a nominal consideration to Lieb Lurie of all the right, title and interest of The City of New York to all that portion of old Bushwick lane within the lines of the following-described property:

Beginning at a point in the easterly line of Bushwick avenue, as said avenue was laid out and existed prior to 1865, where the line dividing Lots Nos. 25 and 38 as laid down on a map entitled "Map of 53 lots situate in the Town of Bushwick, Kings County, belonging to Thomas Green, surveyed and laid out into lots in April, 1850, by H. F. Betts, Village Surveyor, Williamsburg," and filed January 18, 1851, in the office of the Register of Kings County by the number 226, intersects said easterly line; running thence westerly along said dividing line produced to the centre line of the lane which formerly led from the crossroads to New Bushwick; thence running southerly along said centre line of the land about 42 feet 2 inches to a point where the line dividing Lots Nos. 39 and 40, as laid down on the map aforesaid, would, if produced westerly, intersect said centre line; thence running easterly and along said last-mentioned dividing line so produced to the easterly line of Bushwick avenue, as the same was laid out and existed prior to 1865, and thence running northerly and along said last-mentioned line 40 feet 2 inches, more or less, to the point or place of beginning.

Upon the condition that the petitioner shall produce evidence that all taxes, assessments and water rates now a lien upon said premises, or any portion thereof, or any sale for the non-payment of taxes, assessments and water rates, have been paid before receiving such release from the City.

I would further recommend that if the Corporation Counsel shall decide that the interest of the City in this property is not material and purely a cloud upon the title of a private owner that the interest of the City be appraised at the nominal sum of \$1, and that the expense of such release, examination, etc., be fixed at the sum of \$100, to be paid by the petitioner before the delivery of such release.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

NEW YORK, February 27, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have received your communication of January 30, 1906, transmitting for my consideration an application made to the Commissioners of the Sinking Fund by Leib Lurie for a release of a portion of the old Bushwick lane, in the Borough of Brooklyn, together with a report made to you on the subject by the Bureau of Real Estate in the Department of Finance. I am requested to advise you whether the interest of The City of New York in this piece of property is material or simply nominal, and a mere cloud upon the title of a private owner, and, if the latter,

so to certify that the matter may be presented to the Commissioners of the Sinking Fund, pursuant to section 205 of the amended Greater New York Charter.

This old lane was a highway in the former Town of Bushwick, which town became a part of the City of Brooklyn in the year 1854. The highway has long since been closed to public travel and has passed under the control of private ownership, forming parts of premises upon which have been imposed taxes and assessments for local improvements, and has been subjected to public control only so far as all private property is thus subject.

I hereby certify that whatever interest The City of New York may have in that portion of old Bushwick lane, which is contained in the following-described premises, is a mere cloud upon the title of a private owner. Said premises are bounded and described as follows:

Beginning at a point in the easterly line of Bushwick avenue, as said avenue was laid out and existed prior to 1865, where the line dividing lots Nos. 25 and 38, as laid down on a map entitled "Map of 53 lots situate in the Town of Bushwick, Kings County, belonging to Thomas Green, surveyed and laid out into lots in April, 1850, by H. F. Betts, Village Surveyor, Williamsburgh," and filed January 18, 1851, in the office of the Register of Kings County by the number, 226, intersects said easterly line; running thence westerly along said dividing line produced to the centre line of the lane which formerly led from the cross roads to New Bushwick; thence running southerly along said centre line of the land about 42 feet 2 inches to a point where the line dividing Lots Nos. 39 and 40, as laid down on the map aforesaid, would, if produced westerly, intersect said centre line; thence running easterly and along said last mentioned dividing line so produced to the easterly line of Bushwick avenue, as the same was laid out and existed prior to 1865, and thence running northerly and along said last mentioned line 40 feet 2 inches, more or less, to the point or place of beginning.

I transmit herewith a proper release of the City's interest therein, approved by me as to form, together with two copies thereof.

Respectfully yours,  
G. L. STERLING,  
Acting Corporation Counsel.

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit-claim to Leib Lurie, of all the right, title and interest of The City of New York to that portion of old Bushwick lane within the lines of the following described property:

Beginning at a point in the easterly line of Bushwick avenue, as said avenue was laid out and existed prior to 1865, where the line dividing lots Nos. 25 and 38, as laid down on a map entitled "Map of 53 lots situate in the Town of Bushwick, Kings County, belonging to Thomas Green, surveyed and laid out into lots in April, 1850, by H. F. Betts, Village Surveyor, Williamsburgh," and filed January 18, 1851, in the office of the Register of Kings County by the number, 226, intersects said easterly line; running thence westerly along said dividing line produced to the centre line of the lane which formerly led from the cross roads to New Bushwick; thence running southerly along said centre line of the land about 42 feet 2 inches to a point where the line dividing Lots Nos. 39 and 40, as laid down on the map aforesaid, would, if produced westerly, intersect said centre line; thence running easterly and along said last mentioned dividing line so produced to the easterly line of Bushwick avenue, as the same was laid out and existed prior to 1865, and thence running northerly and along said last mentioned line 40 feet 2 inches, more or less, to the point or place of beginning.

—the Corporation Counsel having certified, under date of February 27, 1906, that whatever interest the City may have in the property is a mere cloud upon the title of a private owner.

Resolved, That the interest of The City of New York in and to the same be and is hereby appraised at the nominal sum of \$1, and the expense of such release, examination, etc., be and is hereby fixed at \$100, to be paid by the petitioner and evidence produced that all taxes, assessments and water rates, now a lien upon said premises or any portion thereof, or any sale for the non-payment of taxes, assessments or water rates have been paid before the execution and delivery of such release.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Queens Borough Library relative to a lease of premises at No. 491 Broadway, Long Island City:

January 22, 1906.

Sinking Fund Commission, No. 280 Broadway, New York, N. Y.:

GENTLEMEN—We are about to open a new branch library in Long Island City, and the following resolution was passed at the last meeting of our Board of Trustees, held January 12, 1906:

"Resolved, That the Board authorize the Local Committees to approve the leases for Bayside, Jamaica and German Settlement Branches and that the Sinking Fund Commission be asked to draw up same on their recommendation."

The lease is to run for twenty-seven months, from February 1, 1906; no privilege of renewal; the rent payable quarterly; no alterations and repairs. The owner makes no repairs during the term of the lease. The owner pays water tax, but does not pay for heat, light and janitor service.

Very truly yours,  
R. F. MACFARLANE, M. D.,

The Comptroller presented the following report and offered the following resolution relative to the payment of one-half month's rental of premises No. 599 East One Hundred and Fortieth street, Borough of The Bronx, occupied by the Board of Education:

March 5, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The City acquired the title to the premises No. 599 East One Hundred and Fortieth street, in the Borough of The Bronx, for the use of the Board of Education on November 1, 1905, the report of the Commissioners in the proceeding known as the "matter of One Hundred and Fortieth and One Hundred and Forty-first streets school site, between Alexander and Brook avenues, in the Borough of The Bronx," having been confirmed on that date.

It appears that the premises were under lease for a considerable period, the lease thereof having expired on October 15, 1905, a claim having been transmitted to this office for rent for the period from October 15, 1905, to November 1, 1905, the amount of rent previously paid being at the rate of \$1,800 annually, the rent due being \$75 for the half month's rent, which is at the same rate as the previous existing lease.

The Board of Education having prepared a voucher in the amount of \$75, I would respectfully recommend that the Commissioners of the Sinking Fund authorize the Comptroller to pay the sum of \$75 to Margaret S. Sterling and Hannah M. Sterling, being the rent for the period from October 15, 1905, to November 1, 1905, for the premises No. 599 East One Hundred and Fortieth street, in the Borough of The Bronx, without the necessity of entering into a lease.

Respectfully submitted for approval,

Hon. N. TAYLOR PHILLIPS, Secretary, Sinking Fund Commission:

DEAR SIR—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 2, 1906, authorizing the issue of \$25,000 Corporate Stock, to provide means for the necessary expenses of a Commission to be appointed by the Mayor in connection with the general improvement and development of Jamaica Bay, in the boroughs of Brooklyn and Queens, and the general condition of the water front of the boroughs of The Bronx, Brooklyn, Queens and Richmond, and the preparation of plans and estimates in connection therewith, and requesting the Mayor to limit the time of the report of the Commission to be appointed to December 1, 1906, etc.

A true copy of resolution adopted by the Board of Estimate and Apportionment March 2, 1906.

JOSEPH HAAG, Secretary.

Which was ordered on file.

The following communication was received from the Board of Education relative to a lease of premises in Firemen's Hall on Rockaway avenue, Canarsie, Borough of Brooklyn:

NEW YORK, March 6, 1906.

To the Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—Owing to a fire occurring on Wednesday last, which caused serious damage to the building of Public School 114, Canarsie, Borough of Brooklyn, rendering it untenable and necessitating repairs which will require several weeks, it has become necessary for the Board of Education to take immediate steps to provide temporary accommodations for the children attending said school. The matter was promptly taken up by Hon. Richard H. Adams, Chairman of the Committee on Buildings, who found that the only available building was the premises known as Firemen's Hall, situated on Rockaway avenue, Canarsie, owned by Mr. F. W. Harms. This hall adjoins a small hotel, also owned by him, but has entrances which are entirely independent and away from the hotel proper.

This building, with two adjoining rooms, will provide accommodations for six or seven classes and practically take care of the entire school, and Mr. Harms has consented to lease the same to the Board of Education at a rental of \$100 per month, the Board of Education to furnish additional stoves which may be required for heating, janitor service, etc., and to provide such additional closet accommodations as may be deemed desirable.

In the emergency which existed, it became necessary for the Board of Education to take possession of the premises above mentioned immediately, and without waiting for action by the Commissioners of the Sinking Fund; and as the next meeting of the Board of Education will not be held until the 14th inst., it is deemed advisable to present the matter to said Commissioners in advance of formal action by the Board of Education.

I therefore respectfully request the Commissioners of the Sinking Fund to authorize the Board of Education to execute a lease of the premises known as Firemen's Hall, situated on Rockaway avenue, Canarsie, Borough of Brooklyn, together with two adjoining rooms, one now used as a billiard room and the other as a dining room, on a month to month basis, at a rental of \$100 per month, beginning March 5, 1906, the Board of Education to furnish additional stoves which may be required for heating and janitor service, and to provide such additional closet accommodations as may be necessary. Owner, F. W. Harms.

The matter of the lease of the premises above mentioned was considered by the Committee on Buildings at its meeting held yesterday, and the above request is submitted in accordance with the action of said committee. The matter will be submitted for approval to the Board of Education at its meeting to be held on March 14.

Yours very truly,

EGERTON L. WINTHROP, JR.,  
President Board of Education.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 6, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education in a communication dated March 6, 1906, addressed to the Commissioners of the Sinking Fund, requests immediate consideration by the Commissioners of the Sinking Fund for a lease of the premises known as "Firemen's Hall," situated on Rockaway avenue, Canarsie, owned by Mr. F. W. Harms. This hall adjoins a small hotel, also owned by Mr. Harms, but has entrances which are entirely independent and away from the hotel proper.

Mr. Harms has agreed to lease the entire building and two rooms in the hotel, namely, the billiard room and the dining room, at a monthly rental of \$100, the Board of Education to furnish sufficient additional stoves which may be necessary for the purpose of heating the building, to furnish janitor service and to provide such additional closet accommodations as may be deemed desirable.

The "Firemen's Hall," with the two rooms above-mentioned, will provide accommodations for six or seven classes and practically take care of the entire attendance of Public School 114, located at Canarsie, in the Borough of Brooklyn.

The immediate necessity for the occupation of this hall and the two rooms in the hotel was occasioned by a fire which occurred on Wednesday last, which caused serious damage to the building of Public School 114, rendering it untenable and necessitating such repairs, which will require several weeks to make. The use of this hall and the two rooms in the hotel is simply for temporary accommodations for the children attending Public School 114. This is an emergency condition which confronts the Commissioners of the Sinking Fund. The Board of Education has not had time to meet and adopt its usual resolution, requesting the Commissioners of the Sinking Fund to take proper action, but I presume this will be done at a later date, in order to keep the records straight. I understand that the Board of Education has proceeded to put in the school furniture, and I would respectfully recommend that the Commissioners of the Sinking Fund authorize the Board of Education to enter into a monthly lease of the premises known as "Firemen's Hall," located on Rockaway avenue, Canarsie, Borough of Brooklyn, together with two rooms known as the dining-room and billiard-room in the hotel adjoining, for occupation by the pupils of Public School 114, at a monthly rental of \$100, beginning March 5, 1906, and not to extend beyond July 5, 1906; the Board of Education to furnish additional stoves, which may be required for heating and janitor service and

to provide such additional closet accommodations as may be necessary, the said rent being, in my opinion, reasonable and just. Lessor, F. W. Harms.  
Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a lease to the City from F. W. Harms, of the premises known as Firemen's Hall, located on Rockaway avenue, Canarsie, Borough of Brooklyn, together with two rooms known as the dining-room and the billiard-room in the hotel adjoining, for occupation by the pupils of Public School 114, at a monthly rental of one hundred dollars (\$100), beginning March 5, 1906, and not to extend beyond July 5, 1906; the Board of Education to furnish janitor service and such additional stoves as may be required for heating, and to provide such additional closet accommodations as may be necessary; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Union Ferry Company notifying the Board that it will discontinue the operation of its ferries after May 1, 1906:

BROOKLYN, March 5, 1906.

To the Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—The Union Ferry Company respectfully calls your attention to the minutes of your proceedings on April 12 and May 10 last, referring to the controversies theretofore existing between the City and this Company.

Following those proceedings, this Company has continued and expects to continue until May 1, 1906, to operate the ferries, paying therefor 2 per cent. of the gross receipts of the ferriage. These ferries are those known as Hamilton Ferry, South Ferry, Wall Street Ferry, Fulton Street Ferry and Catharine Street Ferry, operating between the Boroughs of Manhattan and Brooklyn.

It is expected that the tunnel to Brooklyn from the Battery will be in operation by the end of this year. It seems clear from the facts set forth in your minutes of April 12 last, by the City's Auditor, that upon the beginning of the operation of such tunnel the receipts of the ferries known as Hamilton and South will be so reduced as to no longer enable the Company to meet the operating expenses upon the five ferries and also pay any return upon the capital invested. Under such circumstances it cannot be reasonably expected that a private corporation will continue such operation. Indeed, the officers of this company are advised by counsel that they would make themselves personally liable to their stockholders if they deplete the assets of the company by continuing the operation of the ferries at a loss. It will, therefore, be necessary for this Company to cease the operation of such ferries, not perhaps necessarily on May 1 next, but at some date in the near future and probably as soon as the municipal tunnel shall be completed and put in operation, which will be the latter part of the year 1906 or the early part of 1907.

We bring these facts to the notice of the City authorities at this time so that there may be ample opportunity to make some practical provision for the emergency.

If no other alternative is presented when the time for discontinuance arrives, the Company may be obliged to dispose of its property, including its real estate at the foot of Atlantic and Hamilton avenues, in Brooklyn and go into voluntary liquidation. The public interests, however, may indicate the consideration of an alternative. The accounts of this Company show a daily average of 85,930 passengers, excluding Sundays and holidays, for the year ending October 31, 1905. In addition, about 5,700 trucks and vehicles of various other kinds make daily use of these means of crossing the river—enough, if placed in a continuous line, to extend over seventeen miles. Aside from the question of public convenience, the discontinuance of these ferries would undoubtedly have a substantial and depreciating effect on the values of the water front and neighboring property of both Manhattan and Brooklyn. Tunnels will not accommodate vehicular traffic. The first bridge is already carrying all that it can, and neither it nor the new bridges under construction can accommodate the sections accommodated by the ferries.

It seems to us, therefore, that the City authorities, before facing the discontinuance of these ferries, with the inevitable consequences, must carefully consider whether or not the public interests demand, both for convenience of the passengers and vehicles and for the preservation of property values, the acquisition of the ferries and the property necessary for their operation and their operation by the City. There is no question of buying up the franchise, since the franchise or lease of the Union Ferry Company will have expired, but even to buy the tangible property used in and necessary for the operation of such ferries will require an enabling act from the Legislature, and if such is not obtained at the present session of the Legislature, there will be no alternative presented and no result possible except the closing of the ferries when their operation becomes impossible by the present corporation.

Being necessarily more familiar with the facts, the Union Ferry Company deems it a duty to call such facts briefly to your attention at this early date, so that some steps may be taken as you deem best.

Respectfully,

JULIUS D. FAIRCHILD, as President.

Which was ordered on file.

Adjourned.

N. TAYLOR PHILLIPS, Secretary.

The Board met in pursuance of an adjournment.

McGowan, President of the Board of Aldermen; William Dalton, Commissioner of Public Works, and Acting President of the Borough of Manhattan; Bird S. CITY OF NEW YORK—OFFICE OF THE MAYOR,  
March 5, 1906.

To the Secretary of the Board of Estimate and Apportionment:

SIR—The Mayor directs me to transmit to you the inclosed communication received by him from the Comptroller under date of March 3, and to inform you that he has no objection to taking up both the financial and improvement calendars at the session of the Board of Estimate and Apportionment on March 9.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
March 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, City of New York:

SIR—There was presented to the Board of Estimate and Apportionment at its meeting held Friday, March 2, 1906, reports from this office in the matter of the acquisition of real estate which were referred to the Presidents of the Boroughs in which the property is situated, and to the Comptroller. Inasmuch as I had heretofore approved the same in accordance with the provisions of section 149 of the amended Greater New York Charter, I have communicated with the Presidents of the various boroughs wherein the property is located, and requested that they act alone and make their reports to the Board of Estimate and Apportionment at its meeting to be held on Friday, March 9, 1906.

Ordinarily, Friday, March 9, is a public improvement calendar, but I would respectfully request that the financial calendar be taken up on that date, inasmuch as some of these parcels are under options, and if allowed to go over until the regular date two weeks hence, the City may not be able to obtain the property at the prices named therein.

Respectfully,

H. A. METZ, Comptroller.

The Secretary presented the following:

CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,

To the Board of Estimate and Apportionment:

GENTLEMEN—At the meeting of the Board of Estimate and Apportionment held March 2, 1906, there was referred to a committee, consisting of the Comptroller and the President of the Borough of Manhattan, two reports known on the calendar as Nos. 36 and 39.

Report No. 36 related to the acquisition of property for school purposes located at East One Hundred and Thirty-eighth and East One Hundred and Thirty-ninth streets, 100 feet west of Fifth avenue, Borough of Manhattan.

Report No. 39 related to the acquisition of property for park purposes located at No. 404 West Twenty-eighth street, in the Borough of Manhattan.

After a careful consideration of these matters I beg to say that I approve of the recommendations contained in the reports above mentioned, and request favorable action thereon.

Very truly,

JOHN F. AHEARN,  
President, Borough of Manhattan.

The Secretary presented the following resolution of the Board of Education and report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, relative to the purchase, at a price not exceeding \$153,000, of property located at West One Hundred and Thirty-eighth and One Hundred and Thirty-ninth streets and Fifth avenue, Borough of Manhattan, as a site for school purposes, which matter at the meeting held March 2, 1906, was referred back to the Comptroller for further consideration and report:

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to the matter of the selection of a site for a new school building north and east of West One Hundred and Thirty-fifth street and Lenox avenue, Borough of Manhattan, and is of the opinion that a plot of land one hundred and seventy (170) feet wide, running from West One Hundred and Thirty-eighth street to West One Hundred and Thirty-ninth street, between Fifth and Lenox avenues, should be acquired for this purpose. It is the intention of the Board of Education to erect a new building in this locality as soon as a suitable site is obtained, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on West One Hundred and Thirty-eighth and West One Hundred and Thirty-ninth streets, between Lenox and Fifth avenues, in Local School Board District No. 21, Borough of Manhattan, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$81,500:

Beginning at a point on the northerly line of West One Hundred and Thirty-eighth street distant one hundred (100) feet westerly from the westerly line of Fifth avenue, and running thence northerly and parallel with Fifth avenue one hundred and ninety-nine (199) feet ten (10) inches to the southerly line of West One Hundred and Thirty-ninth street; thence westerly along the southerly line of West One Hundred and Thirty-ninth street one hundred and seventy (170) feet; thence southerly and again parallel with Fifth avenue one hundred and ninety-nine (199) feet ten (10) inches to the northerly line of West One Hundred and Thirty-eighth street; thence easterly along the northerly line of West One Hundred and Thirty-eighth street one hundred and seventy (170) feet to the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A. EMERSON PALMER, Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 20, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education at a meeting held February 14, 1906, adopted the following resolution:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on West One Hundred and Thirty-eighth and West One Hundred and Thirty-ninth streets, between Lenox and Fifth avenues, in Local School Board District No. 21, Borough of Manhattan, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$81,500:

Beginning at a point on the northerly line of West One Hundred and Thirty-eighth street, distant 100 feet westerly from the westerly line of Fifth avenue, and running thence northerly and parallel with Fifth avenue 199 feet 10 inches to the southerly line of West One Hundred and Thirty-ninth street; thence westerly along the southerly line of West One Hundred and Thirty-ninth street 170 feet; thence southerly and again parallel with Fifth avenue 199 feet 10 inches to the northerly line of West One Hundred and Thirty-eighth street; thence easterly along the northerly line of West One Hundred and Thirty-eighth street 170 feet to the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

I have had an examination made of the premises and find the same to be a vacant plot of ground on the north side of One Hundred and Thirty-eighth street and the southerly side of West One Hundred and Thirty-ninth street, 100 feet west of Fifth avenue, with a frontage of 170 feet on each of said streets, and known as Lots Nos. 40½ to 46, inclusive, and Lots Nos. 32½ to 27, inclusive, in Block 1736, on the tax maps of the Borough of Manhattan, City of New York.

After negotiation with the owners they have agreed to sell the same to The City of New York for the sum of \$153,000, divided as follows:

Lot No. 40½, owned by Schmeidler & Bachrach, who also own the adjoining Fifth avenue front, price \$12,000.

Lots Nos. 41 to 46, inclusive, are owned by the Northwestern Realty Company, price \$65,500.

Lots Nos. 32½ to 29, inclusive, are owned by David Levy and Robert Freidman, price \$52,000.

Lots Nos. 27 and 28, price \$23,500.

In my opinion the prices asked, while full value, are not excessive, in view of the increase in values in that locality during the past year. I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution approving of the selection of this site, heretofore described, for school purposes, and authorize the acquisition of the same at private sale at a price not exceeding \$153,000, said resolution to authorize the Comptroller to enter into contracts for the acquisition of the property after said contracts are approved by the Corporation Counsel as to form.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described lands and premises for school purposes in the Borough of Manhattan:

Beginning at a point on the northerly line of West One Hundred and Thirty-eighth street, distant 100 feet westerly from the westerly line of Fifth avenue, and running thence northerly and parallel with Fifth avenue 199 feet 10 inches to the southerly line of West One Hundred and Thirty-ninth street; thence westerly along the southerly line of West One Hundred and Thirty-ninth street 170 feet; thence southerly and again parallel with Fifth avenue 199 feet 10 inches to the northerly line of West One Hundred and Thirty-eighth street; thence easterly along the northerly line of West One Hundred and Thirty-eighth street 170 feet to the point or place of beginning, be the said several dimensions more or less, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof,

—and the Comptroller of The City of New York be and is hereby authorized to enter into a contract for the acquisition of the above described premises at a price not exceeding one hundred and fifty-three thousand dollars (\$153,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

The matter was again referred to the same Committee for further consideration and report.

The Secretary presented the following resolution of the Board of Education and report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, recommending the acquisition by purchase, at a price not exceeding \$6,673.80, of property located at Orchard avenue and Elm street, Borough of Queens, as a site for school purposes, and communication from the President of the Borough of Queens concurring in the recommendation contained in said report, which matter, at the meeting held March 2, 1906, was referred to a Select Committee consisting of the Comptroller and the President of the Borough of Queens for further consideration and report.

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations that property adjoining Public School 56, Borough of Queens, be acquired for a necessary addition to said school building, and is of the opinion that property on Orchard avenue and Elm street should be selected for this purpose. It is the intention of the Board of Education to erect an addition to said school building as soon as the necessary additional property is acquired, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Orchard avenue and Elm street, adjoining Public School 56, in Local School Board District No. 44, Borough of Queens, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$2,200:

A. EMERSON PALMER,  
Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education, at a meeting held on December 27, 1905, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Orchard avenue and Elm street, adjoining Public School 56, in Local School Board District No. 44, Borough of Queens, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$2,200:

"Beginning at a point on the southerly line of Orchard avenue, where the same is intersected by the westerly line of the lands of Public School 56, which point is distant 100 feet westerly from the westerly line of Elm street, and running thence southerly along the westerly line of the lands of Public School 56, 100 feet, thence easterly along the southerly line of the lands of said school 100 feet to the westerly line of Elm street, thence southerly along the westerly line of Elm street 56 feet, thence westerly and parallel with Orchard avenue 150 feet, thence northerly and parallel with Elm street 156 feet to the southerly line of Orchard avenue 50 feet to the westerly line of the lands of Public School 56, the point or place of beginning, be the said several dimensions more or less.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

Concerning the proposed addition to the school site of Public School 56, after an examination, I have the honor to report as follows:

The present school site is located at the southwest corner of Orchard avenue and Elm street, and is 100 feet by 100 feet. It is proposed to enlarge the site so as to have a frontage of 50 feet on Orchard avenue and 56.52 feet on Elm street. Both Orchard avenue and Elm street are macadamized and have flagged sidewalks, gas and water, but no sewers.

The properties to be taken are known on the tax assessment books as Lot No. 73 and parts of Lots Nos. 67 and 77a, all in the Fourth Ward of Queens, volume 1, map page 11, Block 4. Since the selection of the Brooklyn and Jamaica Plank road as a route for the proposed subway to Jamaica, property along the line has advanced very materially in value. The Elm street front of the property to be taken for the school is only 250 feet north of that thoroughfare. All of the property to be taken belongs to the A. P. Man Estate, of which William Man and Alrick H. Man, the latter a member of the Board of Education, are joint tenants, with the right to convey.

The title to the interior plot 77a, 50 by 50 feet in size, is in the name of James T. Nelson, but it is like the others, owned by the Man Estate, and title will come through the Mans.

The total assessed valuation of this L-shaped parcel to be taken is \$2,500 for the year 1906, while the owners' lowest cash price, as given in the letter from School Commissioner Man to the Comptroller, herewith, is \$6,673.80. Thus the assessment is only 37½ per cent. of what is claimed as the present fair market value.

In view of the embarrassing position of Commissioner Man, being a member of the Board of Education and selling property to the City for school purposes, he has gone over the matter at length in a communication under date of January 9, 1906, in which he states that the title to "these lots stands in the name of William Man and Alrick H. Man (myself) as joint tenants. They are part of a large tract of property which my father bought before 1870 and which have belonged to him and to the family ever since. My own interest in them, although the legal title stands as I have stated, is one-seventh, which is the share to which I am entitled in the estate"; and concludes, "I have instructed my agents to hold this property out of the market for at least two years past, knowing that these lots would ultimately be needed in connection with the school."

The price asked by the owners, \$6,673.80, is in my opinion, while full value, not excessive, in view of the recent sales in that locality, and considering the small amount of money involved and the cost of condemnation proceedings, I believe it would subserve the interests of the City if the offer were accepted. I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution approving of the selection of the site heretofore described for school purposes and authorize the acquisition of the same at private sale at a price not exceeding \$6,673.80, said resolution to contain a clause authorizing the Comptroller to enter into contracts for the acquisition of the property.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS,  
LONG ISLAND CITY, March 8, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment, New York City:

SIR—Referring to the matter of acquisition of property by purchase, required for the Board of Education and located at Orchard and Elm avenues, in the Borough of Queens, and which was referred to a committee composed of the Comptroller and the President of the Borough of Queens, I beg to advise that I have carefully looked into the matter, and recommend the site for favorable consideration by the Board of Estimate and Apportionment, at the price specified in the report of the Appraiser of Real Estate, Department of Finance, namely, \$6,573.80.

Respectfully,

JOSEPH BERMEI,  
President of the Borough of Queens.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Board of Education of a site for school purposes in the Borough of Queens, bounded and described as follows:

Beginning at a point on the southerly line of Orchard avenue where the same is intersected by the westerly line of the lands of Public School 56, which point is distant 100 feet westerly from the westerly line of Elm street; running thence southerly along the westerly line of the lands of Public School 56 100 feet; thence easterly along the southerly line of the lands of said school 100 feet to the westerly line of Elm street; thence southerly along the westerly line of Elm street 56 feet; thence westerly and parallel with Orchard avenue 150 feet; thence northerly and parallel with Elm street 156 feet to the southerly line of Orchard avenue; thence easterly along the southerly line of Orchard avenue 50 feet to the westerly line of the lands of Public School 56, the point or place of beginning, be the said several dimensions more or less, together with all the right, title and interest of the owner of said premises, of, in and to the streets in front thereof to the centre thereof.

—and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the above-described property at private sale at a price not exceeding six thousand six hundred and seventy-three dollars and eighty cents (\$6,673.80), said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens, Richmond and Acting President of the Borough of Manhattan—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, recommending the acquisition by purchase, at a price not exceeding \$15,000, of property known as No. 404 West Twenty-eighth street, Manhattan, for park purposes, being within the area of property heretofore authorized to be condemned, which matter at the meeting held March 2, 1906, was referred to a Select Committee, consisting of the Comptroller and the President of the Borough of Manhattan, for further consideration and report:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 15, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting held February 24, 1905, authorized the institution of condemnation proceedings, pursuant to the provisions of section 970 of the Greater New York Charter, of the block bounded by West Twenty-seventh street, West Twenty-eighth street, Ninth and Tenth avenues, Borough of Manhattan, for park purposes. The resolution contained the following clause:

"Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described premises at private sale, subject to the approval of this Board."

The owner of the property No. 404 West Twenty-eighth street, which is within the area of the described property authorized to be condemned for park purposes, has offered to dispose of the same to the City for the sum of \$15,000. The property has a

frontage of 18 feet and 64 feet from Ninth avenue, and therefore part of the corner lot. Under this condition I am of the opinion that the price asked is reasonable. I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition of the following-described property at private sale, at a price not exceeding \$15,000:

All that certain lot, piece or parcel of land situate, lying and being in the Borough of Manhattan, bounded and described as follows:

Beginning at a point on the southerly side of West Twenty-eighth street distant 64 feet westerly from the corner formed by the intersection of the westerly side of Ninth avenue with the southerly side of West Twenty-eighth street; thence southerly and parallel with Ninth avenue 98 feet 9 inches to the centre line of the block between West Twenty-seventh and West Twenty-eighth streets; thence westerly and along the centre line of the block and parallel with West Twenty-eighth street 18 feet; thence northerly and again parallel with Ninth avenue 98 feet 9 inches to the southerly side of West Twenty-eighth street; thence easterly along the southerly side of West Twenty-eighth street 18 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises, of, in and to the streets in front thereof to the centre thereof, said property being known as Lot No. 46, in Block 725, on the tax maps of the Borough of Manhattan, City of New York.

Whereas, The Board of Estimate and Apportionment at a meeting held February 24, 1905, adopted a resolution pursuant to the provisions of section 970 of the Greater New York Charter, that the title to the lands and premises in the block bounded by West Twenty-seventh street, West Twenty-eighth street, Ninth and Tenth avenues, Borough of Manhattan, shall be acquired for park purposes, and by said resolution authorized the Corporation Counsel to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the described premises; and

Whereas, The Comptroller of The City of New York having presented to this Board a report and recommendation that one of the parcels within the area described in said resolution of February 24, 1905, can be acquired at private sale for the sum of \$15,000; and

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 430 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
