## MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

City of New York, Office of the Mayor, December 29, 1911.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith, disapproved, proposed resolution No 5113, entitled: “Resolution to permit Ward's Baking Co. to parade an advertising automobile.”

This proposed ordinance would permit an advertising automobile with an organ to parade through the streets of the City. If we allow one baker to make such a fuss in the streets, all of them will ask to do the like, and could not be consistently refused, on the rule of special privilege to none.

Very truly yours,

W. J. GAYNOR, Mayor.

Resolved, That permission be and the same is hereby given to Ward's Baking Co. to parade an advertising automobile, with an organ through the least congested streets and thoroughfares of The City of New York, under the supervision of the Police Department; such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Which was laid over, ordered to be printed in the minutes and published in full in the City Record.

Reports of Committee on Public Letting—

No. 5014.

The Committee on Public Letting, to which was referred on December 5, 1911 (Minutes, page 443), the annexed resolution in favor of authorizing the Borough President of Manhattan to move the subway kiosks at 14th st. and 6th ave., and 23d st. and 6th ave. at a cost not to exceed \$40,000, without public letting, respectfully

#### REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. The reasons for the authorization are set forth in the letter of request. The Committee recommends that the said resolution be adopted.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he hereby is authorized and empowered to enter into a contract without public letting for the removal and relocation of the kiosks of the Hudson and Manhattan Railroad Company at the intersection of 14th st. and 6th ave., and 23d st. and 6th ave., the work to be done in accordance with plans approved by the Consulting Engineer of the Borough of Manhattan and the Consulting Engineer of the Public Service Commission, at a cost not to exceed forty thousand dollars (\$40,000).

FRANCIS P. BENT, JAMES J. SMITH, JOHN F. WALSH, JOHN McCANN, MAX S. LEVINE, JOHN J. REARDON, Committee on Public Letting.

City of New York, Office of the President of the Borough of Manhattan, City Hall, November 28, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, 51 Chambers St., New York City:

Dear Sir—Application is hereby made for exemption from public letting of a contract for the removal and relocation of the subway kiosks of the Hudson and Manhattan Railroad Company at the intersection of 14th st. and 6th ave., and 23d st. and 6th ave. The estimated cost of this work is \$40,000.

The reasons for this request are as follows:

On the 9th day of March, 1911, the Board of Estimate and Apportionment adopted a resolution directing the widening of 23d st. between certain limits therein mentioned, and on the 25th day of May, 1911, directed the widening of the roadway of 14th st. between certain limits therein mentioned. To carry out the work described in these resolutions requires the removal and relocation of the kiosks of the Hudson and Manhattan Railroad Company at the points above mentioned. The Railroad Company has consented to make the necessary alterations provided the consent of the Public Service Commission can be obtained. Application for such consent has already been made, and favorable action is expected.

Upon the advice of the Corporation Counsel it has been agreed that the original expense shall be borne by the City, but that after the work has been completed an agreed statement of facts shall be submitted to the Appellate Division

with the request that a determination be made as to whether the City or the Railroad Company shall ultimately pay the cost of the work.

If this work can be done by the contractor who carried out the original construction of this tunnel, it will result in a considerable saving, as he is familiar with the plans and details of all subsurface structures and has in his possession all the plans, profiles and engineering data necessary for such alterations.

I am convinced that in these circumstances it would result in unnecessary waste and delay to advertise for bidders for this work, and I therefore respectfully urge upon your Board the desirability of adopting the resolution granting the necessary exemption of this contract from public letting. Such a resolution is transmitted herewith.

Respectfully,

GEORGE McANENY, President of the Borough of Manhattan.

Under Rule 21, consideration of this report was referred. Subsequently Alderman Smith moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution:

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Becker, Bolles, Boschen, Brush, Callaghan, Campbell, Carberry, Cole, Coleman, Cornell, Cunningham, Curran, Davis, Delaney, Desmond, Dotzler, Dowling, Downing, A. No. 5015.

The Committee on Public Letting to which was referred on December 5, 1911 (Minutes, page 443), the annexed request from the Commissioner of Bridges for authority to contract with the Bradley Contracting Company for filling in and excavating under the Queensboro Bridge, respectfully

#### REPORTS:

That, having examined the subject, it believes the proposed authorization to be advisable. The details are fully set forth in the letter of request. The Commissioner of Bridges recommends this contract as a benefit to the City. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Bridges be and he is hereby authorized and empowered to enter into a contract with the Bradley Contracting Company, without public letting, for the filling of land, including marginal and cross streets, under the Queensboro Bridge, between Vernon ave. and Jackson ave., Borough of Queens. Also the regulating and grading, including earth and rock excavation and supplying necessary fill, between Vernon ave. and the bulkhead line, together with constructing the bulkhead and doing all necessary dredging, the consideration to the Bradley Contracting Company to be the use and occupancy of bulkhead and space immediately to the rear of same for a period of ten (10) years, under terms of occupancy satisfactory to the Department of Bridges, and form and terms of contract to be approved by the Corporation Counsel.

FRANCIS P. BENT, ALEXANDER S. DRESCHER, MAX S. LEVINE, JOHN McCANN, JOHN F. WALSH, JOHN J. REARDON, Committee on Public Letting. Department of Bridges, City of New York, 13-21 Park Row, Manhattan, December 1, 1911.

To the Honorable Board of Aldermen of the City of New York, City Hall, Manhattan:

Gentlemen—I respectfully request your Honorable Board, under the powers conferred by section 419 of the Greater New York Charter, to authorize a contract, without public letting, between the Department of Bridges and the Bradley Contracting Company, for the filling of land including marginal and cross streets under the Queensboro Bridge between Vernon ave. and Jackson ave., Borough of Queens. Also the regulating and grading including earth and rock excavation and supplying necessary fill between Vernon ave. and the bulkhead line, together with constructing the bulkhead and doing all necessary dredging, the consideration to the Bradley Contracting Company to be the use and occupancy of bulkhead and space immediately to the rear of same for a period of ten (10) years under terms of occupancy satisfactory to this Department and form and terms of contract to be approved by the Corporation Counsel.

The total value of the work to be done under this contract by the Bradley Contracting Company is far in excess of the consideration as shown by the attached memorandum, the value of constructing bulkhead, earth and rock excavation, dredging and supplying necessary fill being estimated at \$155,400 and the total value of consideration, use of bulkhead and space in the rear of same, as estimated by the Department of Docks and Ferries, being \$35,000.

The City is benefited by this contract in many other ways, among them being the increased tax value of the property in the neighborhood, the opening up of all the area west of the bridge plaza by giving access to Vernon ave. at this point, the need of which is decidedly noticeable, the improvement of the marginal and cross streets under the jurisdiction of the President of the Borough of Queens and which, under present conditions, cannot be done by that Borough owing to the fact that the value of the adjoining property would not warrant the assessment.

I enclose herewith copy of proposition as submitted by the Bradley Contracting Company together with memorandum and map in connection with same.

Yours truly,

ARTHUR J. O'KEEFE, Commissioner.

Bradley Contracting Company, 1 Madison ave., New York, September 3, 1911.

Hon. ARTHUR J. O'KEEFE, Commissioner of Bridges:

Dear Sir—Pursuant to our conversation of recent date, we propose to fill under the Queensboro Bridge from east side of Vernon ave. to Queensboro Bridge plaza, including cross streets under said bridge; and North Jane and South Jane sts., from plaza to Vernon ave.; also excavate all rock and earth within the above limits from Vernon ave. to the river to the level of the westerly side of the Vernon ave. curb, and build new bulkhead under the Queensboro Bridge.

In consideration of performing all this work free of cost to The City of New York, we request that bulkhead and all property back to Vernon ave. under the Queensboro Bridge be given over to us for our exclusive use for a term of ten (10) years without cost to us.

Yours very truly,

BRADLEY CONTRACTING COMPANY,

Grades, referring to the request of the City Clerk for the establishment of the grade of position of Messenger at \$1,200 per annum, for one incumbent, and stating that no action is necessary on said request as said grade of position was established on April 3, 1902, for an unlimited number of incumbents.

The report (copy of which is herewith enclosed) was ordered on file and copy thereof sent to the City Clerk.

Very truly yours,

#### GENERAL ORDERS.

Alderman W. Drescher called up General Order 149, being a report and ordinance adopting a building code for The City of New York.

(For text of this ordinance see minutes of December 26, 1911.)

Alderman Willard offered the following resolution:

The Committee on Buildings, to which was referred on May 16, 1911 (Minutes, page 326), an ordinance adopting a building code for The City of New York, respectfully

#### REPORTS:

That on May 16, 1911, Alderman Kenneally, Chairman of the Committee, introduced a proposed ordinance adopting a building code for The City of New York, being the result of study and preparation since the beginning of the term of the present Board. Said ordinance was referred to this Committee, and public hearings were held on May 22, 24, 26 and 27, at which everyone who appeared was given an opportunity to present his opinion as to the various sections of the code. On July 19, at the suggestion of a number of persons interested, his Honor the Mayor held a hearing at which discussion was had concerning certain provisions of the proposed code, particularly as it relates to concrete construction. On July 21 his Honor the Mayor addressed a letter to the Chairman of this Committee, which was published broadcast in the public press at the time, in which he made certain direct suggestions as to changes which, in his opinion, must be made in the code. The Committee have again taken up the matter, have considered it from every standpoint, and have complied with every suggestion made by the Mayor, which may be recapitulated as follows:

1. The requirement for the screening of cinders to be used in cinder concrete has been eliminated.
2. The height of reinforced concrete buildings has not been limited.
3. The use of segmental and flat arches is made optional.
4. The stresses upon reinforced concrete are made 650 pounds on an extreme fibre, and 450 pounds in direct compression.
5. The minimum thickness of flat arches of cinder concrete is made 4 inches.
6. The weight of the reinforcing material is reduced to one-third pound instead of one pound.

With these changes, and a change in the requirements as to frame buildings in the Borough of Brooklyn, and other minor changes recommended by the Superintendents of Buildings of the Boroughs of The Bronx, Brooklyn, Queens and Richmond, the Committee believes that the proposed code is now ready for presentation in a shape to provide for proper regulation of the building industry in all its branches, and it, therefore, recommends that the accompanying ordinance be adopted.

Wm. Kenneally, John J. White, John Loos, James J. Nugent, James J. Smith, Frank A. Cunningham, William Fink, Michael Carberry, James E. Campbell, Committee on Buildings.

Resolved, That introductory No. 3552, being a report of the Building Committee, be laid on the table.

The Vice-Chairman put the question whether the Board would agree with resolution offered by Alderman Willard.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Becker, Bolles, Boschen, Brush, Callaghan, Coleman, Curran, Davis, Diemer, Dotzler, Downing, Ehntholt, Eichhorn, Esterbrook, Finley, Folks, Gaynor, Grimm, Hamilton, Herbst, Markert, Morrison, Mulhearn, Nicoll, Potter, Schloss, Shipley, Volkmann, Van Nostrand, Weston, Willard; President Cromwell, President Connolly, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, by L. H. Pounds, Commissioner of Public Works; President McAneny—36.

Negative—Aldermen Baldwin, Barton, Brady, Campbell, Carberry, Cole, Cornell, Cunningham, Delaney, Desmond, Dowling, W. Drescher, Fink, Godwin, Hannon, Hickey, Kenneally, Kenney, Levine, Loos, McAleer, McCann, Marx, Meagher, Molen, Nugent, Reardon, Ruff, Sheridan, Smith, Snell, Stapleton, Walsh, Wendel, White and the Vice-Chairman—36.

Alderman Dowling then moved the previous question.

President McAneny secured the floor to offer the following point of order:

The President of the Borough of Manhattan makes the following point of order against the consideration of the proposed ordinance adopting a building code for The City of New York, Introductory No. 3552:

That the said ordinance, in sections 5, 6 and 10, provides for the appropriation of public moneys, whereas section 30 of the Charter requires that "no ordinance or resolution providing for or contemplating \* \* \* the appropriation or expenditure of public moneys" shall be finally passed or adopted by the Board of Aldermen without unanimous consent until at least five days after such abstract of its provisions have been published as provided in section 29 of the charter; whereas the ordinance now before the Board has been published not more than two days.

That the ordinance presented to the Board, although it repeals existing ordinances and incorporates many sections of such existing ordinances without structural change, and in many cases without verbal change, it is not printed in accordance with Rule 30 of the Board, which requires that ordinances "which are amendatory of or repeal any existing law, code or ordinance, or any part of either thereof, shall contain in parentheses the part amended or repealed, and shall have the new part which is to be inserted marked by underscoring."

The point of order is that because of the failure of the ordinance to conform to the provisions of the charter, and of the rules above cited, it cannot be considered at this session of the Board.

The Chair ruled the point of order not well taken, and ordered the Clerk to call the roll on the question, "Shall the main question be now put?"

The Clerk proceeded to call the roll, when Alderman Callaghan moved to adjourn.

The Chair held that inasmuch as the roll call on the previous question was in progress the motion to adjourn could not be entertained.

Alderman Callaghan offered an appeal from the decision of the Chair, which the Chair refused to accept, pending roll call.

The roll on the motion for the previous question resulted as follows:

Affirmative—Aldermen Baldwin, Barton, Brady, Campbell, Carberry, Cole, Cornell, Cunningham, Delaney, Desmond, Dowling, A. S. Drescher, W. Drescher, Fink, Godwin, Hannon, Hickey, Hoertz, Kenneally, Kenney, Levine, Loos, McAleer, McCann, Marx, Meagher, Molen, Nugent, Reardon, Ruff, Sheridan, Smith, Snell, Stapleton, Walsh, Wendel, White and the Vice-Chairman—38.

Negative—Aldermen Becker, Bolles, Boschen, Brush, Callaghan, Coleman, Curran, Davis, Diemer, Dotzler, Downing, Dujat, Ehntholt, Eichhorn, Esterbrook, Finley, Folks, Gaynor, Grimm, Hamilton, Herbst, Markert, Morrison, Mulhearn, Nicoll, Potter, Schloss, Shipley, Volkman, Van Nostrand, Weston, Willard; President Cromwell, President Connolly and President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, by L. H. Pounds, Commissioner of Public Works, and President McAneny—37.

The Vice-Chairman then put the question whether the Board would agree to accept such report and adopt said ordinance.

Which was decided in the negative by the following vote, a majority of all the members failing to vote in favor thereof:

Affirmative—Aldermen Baldwin, Barton, Brady, Campbell, Carberry, Cornell, Cunningham, Delaney, Desmond, Dowling, W. Drescher, Godwin, Hannon, Hickey, Kenneally, Kenney, Levine, Loos, McAleer, McCann, Marx, Meagher, Molen, Nugent, Reardon, Ruff, Sheridan, Smith, Snell, Stapleton, Walsh, Wendel, White and the Vice-Chairman—34.

Negative—Aldermen Becker, Bolles, Boschen, Brush, Callaghan, Coleman, Curran, Davis, Diemer, Dotzler, Downing, A. S. Drescher, Dujat, Ehntholt, Eichhorn, Esterbrook, Finley, Folks, Gaynor, Grimm, Hamilton, Herbst, Hoertz, Markert, Morrison, Mulhearn, Nicoll, Potter, Schloss, Shipley, Volkman, Van Nostrand, Weston, Willard; President Cromwell, President Connolly, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, by L. H. Pounds, Commissioner of Public Works, and President McAneny—39.

## PUBLIC SERVICE COMMISSION.

### INVITATION TO CONTRACTORS.

#### PART OF LEXINGTON AVENUE ROUTE.

The City of New York, acting by the Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section No. 2 of the Lexington Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2. Beginning at a point under Broadway about seventy-five (75) feet south of the center line of Park Place and extending thence northerly under Broadway to a point about ninety (90) feet north of the center line of Walker Street; with a station at City Hall.

The general plan of construction calls for a subsurface railroad having four tracks. Turnouts, cross-overs, connections and sidings, etc., will be constructed, all of which are more particularly indicated on the contract drawings. Bidders will not be required to do the station-finish work, nor to provide or lay tracks, ties or ballast.

The work of construction under the contract will include the construction of all necessary sewers and connections, along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning where necessary, of all buildings, monuments, surface, subsurface and elevated railroads and other structures, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and the temporary paving and maintenance of roadways.

The method of construction will be by trench excavation (under cover, unless otherwise specified in the form of contract or permitted by the Commission).

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders by payment of five dollars (\$5.00). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Commission.

Partial payments to the Contractor will be made monthly as the work proceeds as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of forty (40) months.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 23rd day of January, 1912, at twelve (12) o'clock noon, at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement, based upon the estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedules forming a part of the form of Contractor's Proposal. The quantities given in such schedules are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 2, Section No. 2," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited.

No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in the City of New York, satisfactory to the Commission and payable to the order of the Comptroller of the City of New York for the sum of fifteen thousand (\$15,000) dollars. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the Contractor will be required to furnish security to the City by giving a bond for seventy-five thousand (\$75,000) dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of

a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15%) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the sum of Three Hundred Thousand Dollars (\$300,000). Thereafter there shall be so deducted and retained for such purpose ten (10%) per centum of the amounts certified from time to time to be due to the Contractor.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other Contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with securities, or to make the required deposit, then the Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and its provisions in respect of the bond or deposit are complied with. The right to reject any and all bids is reserved.

New York, December 30, 1911.

At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15%) per centum of the amount certified from time to time to be due to the Contractor will be deducted until the amount so deducted and retained shall equal the sum of Two Hundred and Seventy-five Thousand Dollars (\$275,000). Thereafter there shall be so deducted and retained for such purpose ten (10%) per centum of the amounts certified from time to time to be due to the Contractor.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other Contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with securities, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal, as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with. The right to reject any and all bids is reserved.

### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Depart-

ment of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
