#### A. J. Waldron—Asking Board of Aldermen to Take Into Consideration the Right to Build a Wall 60 Feet in Depth with 8-inch Walls, for a Building Not More Than Three Stories in Height.

A. J. Waldron, Real Estate, 1153 Bedford Ave., Near Putnam Ave., Brooklyn Borough, New York City, January 12, 1915.

Board of Aldermen, Aldermanic Chambers, City Hall, New York City:

Dear Sirs—In the interest of the three-family house particularly, but also in the interest of the two-family house, with either inner or outer court, I would ask your honorable body to take into very careful consideration the right to build a wall 60 feet in depth with 8-inch walls for a building not more than three stories in height.

The demand for good light and airy rooms in either two or three-family houses is now the universal demand and in order to get light rooms with suitable sized outer or inner courts, it is necessary to build a house at least 60 feet in depth and builders cannot afford to build these in two or three stories with 12-inch walls, and hope that you will see that we have a right to build an 8-inch wall 60 feet in depth in the new building code. Yours truly,  
A. J. WALDRON.

Which was referred to the Committee on Buildings.

No. 1247.

#### Petition of Taxpayers of the Town of Eastchester and The City of New York, Requesting That "Tuckahoe Marble" Be Designated as the Material to Be Used in the Construction of the New County Court House.

Tuckahoe, N. Y., January 13th, 1915.

Hon. JOHN PURROY MITCHEL, Mayor of The City of New York, City Hall, New York:

Honorable Dear Sir—Inclosed please find petition signed by the taxpayers of the Town of Eastchester and City of New York, which we wish placed before the Common Council of the City of New York, and hope that your honorable body will give it due consideration.

Kindly let me know what action is taken in this matter. Thanking you and the members of the Common Council for anything you can do to help this along, I remain, yours respectfully,  
THOMAS FORREST.

Town of Eastchester, Tuckahoe, New York.

To the Honorable Mayor and Board of Aldermen of The City of New York:

We, the undersigned residents and taxpayers of the Town of Eastchester and the City of New York, seeing by the press that you are about to erect a new Court House in the said City, and we having within five miles of the City limits the best material in the way of marble for exterior work in the United States, which can be seen in the Metropolitan Building and also the New York Life Insurance Building.

We therefore petition your honorable body to designate "Tuckahoe Marble" as the material that said building shall be constructed of, which will not only help this town, but also give employment to hundreds of unemployed stone workers now in New York City.

Hoping your honorable body will give this petition favorable consideration, we remain, yours truly,

R. B. CUSHION, Rector, Church of the Immaculate Conception, et al.

Which was ordered on file.

No. 1250.

President of the Borough of Richmond—Request for Authority to Draw on Account of Minor Incidental Expenses.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, January 12th, 1915.

Hon. Board of Aldermen, City Hall, New York City:

Gentlemen—I would request that you authorize a draft upon the Comptroller for the sum of \$450 for the purpose of furnishing cash to this office to pay minor incidental expenses in cases where such items of expense can not be obtained on open market order, such as postage stamps, freight, express charges, etc. This is in accordance with the procedure for past years. I attach copy of former resolution similar to that adopted in the past and would request that you adopt this resolution for said purposes. Yours respectfully,

C. J. McCORMACK, President of the Borough of Richmond.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the President of the Borough of Richmond, the said President of the Borough of Richmond may, by requisition, draw upon the Comptroller for sums as follows:

General Administration, not to exceed	\$325 00
Public Buildings and Offices, not to exceed	25 00
Engineering, not to exceed	25 00
Highways, not to exceed	25 00
Sewers, not to exceed	25 00
Street Cleaning, not to exceed	25 00

—and may in like manner renew the draft as often as may be deemed necessary, to the extent of the appropriations set apart for the respective bureaus of his office during the year 1915; but no such renewal shall be made until the money paid upon the preceding draft on the funds of the respective bureaus above enumerated shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the President of the Borough of Richmond covering the expenditure of the money paid thereon.

The President put the question whether the Board would agree to adopt said resolution.

City of New York, President of the Borough of Manhattan, Municipal Building, January 13, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, N. Y.:

Dear Sir—For the purpose of defraying minor and incidental expenses of the Bureau of Buildings during the year 1915, request is hereby made for permission to draw upon the Comptroller by requisition, for a sum not exceeding two hundred and fifty dollars (\$250), chargeable to appropriations of this Department entitled Office Supplies, No. 392B, and Contingencies, No. 447B, respectively, the renewal of such

In connection herewith Alderman Curran offered the following resolution and moved its adoption:

Resolved, That for the purpose of defraying minor incidental expenses of the Bureau of Buildings for the year 1915, the President of the Borough of Manhattan may, by requisition, draw upon the Comptroller for a sum not exceeding two hundred and fifty dollars (\$250), and may in like manner renew the draft as often as he may deem necessary to the extent of the appropriation set aside for said department, entitled "Office Supplies, No. 392B," and "Contingencies, No. 447B"; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the President of the Borough of Manhattan, covering the expenditure of the money paid thereon.

No. 1252.

**Department of Finance—Request for Special Revenue Bonds, \$600, for Rent of Premises for Use of the Public Administrator of Kings County, During the Year 1915.**

The City of New York, Department of Finance, Comptroller's Office, January 13, 1915.

To the Honorable the Board of Aldermen of the City of New York:

Gentlemen—On April 22, 1914, the Commissioners of the Sinking Fund adopted a resolution authorizing a lease of the southerly half of the first floor over store at 76-78 Court Street, Borough of Brooklyn, for use of the Public Administrator of Kings County for storage purposes, for a period from May 1, 1914, to April 30, 1919, at an annual rental of \$600.

The Public Administrator went into occupation of these premises on May 1, 1914, but the lease was not duly executed until October 21, 1914. Revenue Bonds, however, were issued to provide for the payment of the rent from May 1, 1914, to December 31, 1914. Owing to the delay in the execution of the lease, no provision was made for the payment of this rent in the budget for the year 1915.

As the term of this lease is for a period of five years, it will be necessary to provide a full year's rental for the year 1915.

Under the above conditions, and in order that proper provision may be made for the payment of this rent, I respectfully recommend that your Honorable Board adopt the following resolution:

Resolved, That, in pursuance of Subdivision 8, Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$600, the proceeds whereof to be used by the Comptroller for the payment of rent of the southerly half of the first floor over the store at 76-78 Court Street, Borough of Brooklyn, for use of the Public Administrator of Kings County, under a lease to the City from January 1, 1915, to December 31, 1915, the same being a charge against the County of Kings. Respectfully,

WM. A. PRENDERGAST, Comptroller.

**Department of Finance—Request for Special Revenue Bonds, \$1,742.40, for Rent of Premises for Use of One of the Justices of the Court of Appeals During the Year 1915.**

The City of New York, Department of Finance, Comptroller's Office, January 13, 1915.

To the Honorable the Board of Aldermen of the City of New York:

Gentlemen—On January 6, 1915, the Commissioners of the Sinking Fund adopted a resolution authorizing a lease to the City from the Emigrant Industrial Savings Bank of Rooms 1031 and 1032 in the Emigrant Industrial Savings Bank Building, No. 51 Chambers Street, Borough of Manhattan, for use of one of the Justices of the Court of Appeals for a period of one year and four months from January 1, 1915, with the privilege of renewal for an additional two years at an annual rental of \$1,742.40, payable quarterly.

It will be noted that the resolution of the Commissioners of the Sinking Fund is dated January 6, 1915, and the date of the beginning of the lease is January 1, 1915. It will therefore be seen that no provision for the payment of this rent was included in the budget for the year 1915, and accordingly, it will be necessary to provide for the payment of the same by the issue of Special Revenue Bonds for a period from January 1, 1915, to December 31, 1915, at the rate of \$1,742.40 per annum.

Under these circumstances and in order that proper provision may be made for the payment of this rent I respectfully recommend that your Honorable Board adopt the following resolution:

Resolved, That, in pursuance of Subdivision 8, Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$1,742.40, the proceeds whereof to be used by the Comptroller for the payment of rent for Rooms 1031 and 1032 in the Emigrant Industrial Savings Bank Building, 51 Chambers Street, Borough of Manhattan, for use of one of the Justices of the Court of Appeals, under a lease to the City from January 1, 1915, to December 31, 1915, the same being a charge against the County of New York.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The President laid before the Board the following communication from the Park Commissioner of the Borough of Queens.

No. 1254.

**Commissioner of Parks, Borough of Queens—Request for Authority to Award Contracts for the Reconstruction of a Comfort Station in Kings Park, Jamaica, Without Public Letting.**

The City of New York, Department of Parks, Borough of Queens, the Overlook, Forest Park, Richmond Hill, L. I., January 14th, 1915.

The Honorable the Board of Aldermen, City Hall, New York City:

Sirs—Application is hereby made for permission to award, without public letting, contracts for the reconstruction of a comfort station in Kings Park, Jamaica.

The reasons for this application are as follows:

Under the law work of this nature must be done under three separate contracts—one for construction, one for plumbing and one for heating.

This Department has \$2,100 with which to put the comfort station in Kings Park into proper condition. This building was formerly used as a smoke-house for the old King Mansion and is at present entirely unsuited to the purposes for which it is used. It is poorly ventilated, without light and heat and has been condemned by the Board of Health.

Estimates by reliable contractors indicate that the construction work can be done for \$975; plumbing for \$900 and the heating for \$200, which will reach the exact amount available for the work if done on open order.

The same contractors have submitted estimates of \$1,200 for construction, \$1,050 for plumbing and \$300 for heating, making a total of \$2,550 if the work is done by contract provisions.

The reasons for these increases they say are due to the necessity for providing bonds and other formalities attendant on public letting.

If your Board grants permission to proceed with this work without public letting I can assure you that contracts will be awarded only upon informal bidding. Bids will be called for in the regular way by the Commissioner, will be opened at a given

time and the work given to the lowest bidder, the only difference being that the contractors will not be required to furnish sureties and bonds or submit deposits for their bids.

I have the honor to remain,

Respectfully,

JOHN E. WEIER, Commissioner.

**President of the Borough of The Bronx—Request for Authority to Draw on Account of Minor Incidental Expenses.**

City of New York, President of the Borough of The Bronx, Third Avenue and 177th Street, January 14, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen:

Dear Sir—I enclose herewith for early action by the Board of Aldermen resolution authorizing the President of the Borough of The Bronx to draw upon the Comptroller as often as may be deemed necessary for funds to the extent of three hundred dollars (\$300), for the purpose of defraying minor incidental expenses contingent to this office for the year 1915. Respectfully,

DOUGLAS MATHEWSON, President, Borough of The Bronx.

In connection herewith Alderman Curran introduced the following resolution, and moved its adoption:

Resolved, That for the purpose of defraying minor or incidental expenses contingent to the office of the President of the Borough of The Bronx, the said President may by requisition draw upon the Comptroller for a sum not exceeding three hundred dollars (\$300), and may in like manner renew the draft as often as he may deem necessary, to the extent of the appropriation set apart for the office of said President during the year 1915, viz.: Code No. 475, "Office Supplies, Administration, Public Works," but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the President of the Borough of The Bronx, covering the expenditure of the money paid thereon.

Whereas, The supplies required by Hunter College of The City of New York and its several departments are of so varied a character and used in such comparatively small quantities; and

Whereas, It has been estimated that the cost of preparing, printing and advertising according to law a supply list such as that of the Board of Education would involve an expenditure greater than 10 per cent. of the total appropriation for such supplies; be it

Resolved, That the Board of Aldermen be requested to grant permission to the Trustees of Hunter College of The City of New York to procure such books, chemical, physical and scientific apparatus and material, and such other supplies as may be purchased from the advertised list of the Board of Education for the purposes of Hunter College, the High School and the Model School or Training Department, during the year 1915, at an expense not to exceed \$15,000 without public letting.

No. 1258.

**Commissioner of Parks, Borough of The Bronx—Request for Special Revenue Bonds, \$200, to Pay the Salary of the Chief Clerk of Department for January, 1915.**

The City of New York, Department of Parks, Office of Commissioner for the Borough of The Bronx, Zbrowski Mansion, Claremont Park, New York, January 16, 1915.

Honorable GEORGE MCANENY, President, Board of Aldermen, City Hall, New York City:

Sir—Application is hereby respectfully made for the issuance of special revenue bonds, amounting to \$200, for the purpose of paying the salary of Gunther K. Ackerman, Chief Clerk of this department, for the month of January, 1915.

Mr. Ackerman was retired by the Board of Estimate and Apportionment on January 8, 1915, such retirement to take effect on January 31, 1915.

This department's budget for 1915 does not provide for the position of Chief Clerk, and, inasmuch as it was expected that the Board of Estimate and Apportionment would retire Mr. Ackerman prior to January 1, 1915, no provision was made in this year's budget for the Chief Clerk's salary in case he should not be retired before January 1, 1915. The President laid before the Board the following communication from the Comptroller:

No. 1259.

**Department of Finance—Request for Authority to Enter Into Contract with the Guaranty Trust Company for the Payment of Coupons of The City of New York Without Public Letting.**

The City of New York, Department of Finance, Comptroller's Office, January 18, 1915.

The Honorable the Board of Aldermen of New York City:

Gentlemen—For seven years past interest Coupons of The City of New York have been paid by the Guaranty Trust Company of New York with money deposited by The City of New York with said company for that purpose.

The only compensation heretofore received by said company for its services in paying said Coupons has been whatever income it could derive from the use of the money deposited with said company for the payment of such Coupons pending the disbursement thereof.

In the early part of last year the said company claimed that owing to the very great amount of Coupon Bonds and Stock issued by the City in recent years and to the very limited time that the money for their payment remained on deposit, this method of compensation was entirely inadequate to meet the cost of the services rendered, and asked for direct payment for their services on the basis of the cost of the work performed.

Appreciating the justice of the claim of said company the Comptroller had an analysis made of the various items of expense incurred by said company in the payment of said Coupons, and found that the rate of such cost was eighty-seven one-thousandths of one per cent. (87-1000 of 1 per cent.) of the amount disbursed.

At this rate the cost of paying as they become due the Coupons now outstanding will be about seventeen thousand dollars (\$17,000) per annum, but as the amount of Coupons outstanding is constantly changing owing to conversions of bonds and stock from coupon to registered form, and from registered to coupon form, and to new issues, the exact amount cannot be stated.

The Guaranty Trust Company of New York paid for the City during the year 1914 about 630,000 Coupons, whose aggregate value was about \$12,600,000.

As it is very necessary for the City to secure a responsible and reliable agent for the payment of its Coupons, and as the Guaranty Trust Company of New York meets all requirements in these respects, and has been doing this work for the past seven years, I respectfully request that your Honorable Board adopt a resolution authorizing the Comptroller to make a contract with said Company for the payment of Coupons of The City of New York, without public letting.

Inasmuch as the said company continued to pay said Coupons pending the obtaining of permission from your Honorable Board to provide for direct payments, I would request that authority be given to make such contract date from September 1, 1914. Respectfully,

ALEX. BROUGH, Deputy Comptroller.

Resolved, That, in pursuance of the provisions of Section 419 of the Greater New York Charter, the Comptroller of The City of New York be and he is hereby authorized and empowered to make a Contract with the Guaranty Trust Company of New York, without public letting, for the payment of Coupons of The City of New York upon the basis of the payment to said Company by The City of New York of a sum of money equal to eighty-seven one-thousandths of one per cent. (87-1000 of 1 per cent.) of the amount of such Coupons paid and to be paid by said Company with money deposited by the City for that purpose, from and including September 1, 1914.

**Board of Estimate and Apportionment—Resolution to Fix the Compensation of Certain Janitors in the Department of Education.**

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, January 18, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment January 15, 1915, recommending the fixing of the compensation of Janitors in various public schools under the jurisdiction of the Department of Education, as set forth therein.

I also enclose copy of report of the Committee on Salaries and Grades relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Whereas, By opinions of the Corporation Counsel as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

A true copy of resolution adopted by the Board of Estimate and Apportionment January 15, 1915.

JOSEPH HAAG, Secretary.

The City of New York, Department of Finance, Comptroller's Office, January 11, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 30, 1914, the Board of Education requested the establishment of temporary rates of compensation for Janitors of Public Schools 26, 79, 122, 135 and of the 68th street depository, Manhattan, and of Public School 14, Queens, the establishment of permanent rates for Public Schools 28 Brooklyn and 14 Queens, and increase in the temporary rates for the Bay Ridge High School and Public School 51, The Bronx. In connection therewith we report as follows:

Temporary rates, which are the regular rates less rent allowance, are proposed as follows:

Janitor, Public School 26, 124 West 30th Street, Manhattan, \$1,968 per annum less \$325.....	
Janitor, Public School 79, 38 First Street, Manhattan, \$2,376 per annum, less \$273.....	
Janitor, Public School 122, 9th Street and First Avenue, Manhattan, \$2,328 per annum, less \$325.....	
Janitor, Public School 135, First Avenue and 51st Street, Manhattan, \$2,652 per annum, less \$312.....	

For the Janitor of Public School 183, 66th and 67th Streets, east of 1st Avenue, Manhattan, a temporary rate of \$35 per month is proposed to compensate him for the care of the Supply Depository at 418 East 68th Street, until the vacancy in the position of Janitor for this building is filled. The rate regularly paid the Janitor of the Supply Depository is \$1,050 per annum.

For new Public School 14, Fairview and Hillside Avenues, Corona Heights, Queens, a temporary rate of \$150 per month is requested, and also the regular rate of \$2,964 per annum, based on measurement of the building, is proposed, to take effect when the building is occupied.

Public School 28, Herkimer Street, near Ralph Avenue, is now completely occupied by pupils, and as a result the annual rate of \$2,700, based on measurement of the building, is requested to take the place of the temporary rate of \$150 per month.

In the new Bay Ridge High School, 4th Avenue, 67th and Senator Streets, Brooklyn, and in new Public School 51, 158th Street, Jackson and Trinity Avenues, The Bronx, the construction work has been completed and it is expected that the buildings will be occupied on or before February 1st. It is necessary that they be heated to keep the furniture and varnish in proper condition. The Janitor has been ordered to employ a Fireman and Coal Passer in the Bay Ridge High School, and in 51, The Bronx, a Fireman. The Board of Education requests that the temporary rates for these buildings fixed heretofore at \$150 each per month be increased to \$265 per month for the Bay Ridge High School to provide \$75 for a Fireman and \$40 for a Coal Passer, and to \$225 per month for 51, The Bronx, to provide \$75 additional for a Fireman.

We recommend the adoption of the attached resolution granting the requests.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE MCANENY, President, Board of Aldermen; Committee on Salaries and Grades.

In connection herewith Alderman Colne offered the following resolution and moved its adoption:

The President laid before the Board the following communication from the Commissioner of Public Charities:

No. 1262.

**Department of Public Charities—Amended Request for Special Revenue Bonds to Provide for Additions to the Staff of the Municipal Lodging House.**

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, January 18, 1915.

In re Special Revenue Bonds—Municipal Lodging House.

To the Honorable the Board of Aldermen:

Gentlemen—I desire to amend my letter of January 6th, 1915, so as to request you to authorize an issue of Special Revenue Bonds in the amount of \$9,460.00 to provide for the following additional persons to be added to the staff of the Municipal Lodging House:

1 Deputy Superintendent—Municipal Lodging House.....	\$1,200 00
1 Clerk.....	720 00
1 Social Investigator.....	1,200 00
2 Social Investigators at \$900.....	1,800 00
1 Housekeeper.....	600 00
1 Steward.....	900 00
1 Laundryman.....	600 00
2 Hospital Helper Mechanics.....	1,440 00
Physicians at \$4.00 per diem (250 days).....	1,000 00

\$9,460 00

This changes the request contained in my letter of the 6th instant by omitting cots and bed clothing \$7,000.00.

The above is in lieu of the request which I made in my Departmental Estimate for Personal Service and Hospital Helpers, Municipal Lodging House, for the year 1915. Notwithstanding my strong protest, these positions were cut out of the request for the Municipal Lodging House. The only salaried positions which were left in the Budget beyond an allowance of \$4,380 for Hospital Helpers were the following:

1 Superintendent .....	\$2,400 00
1 Inspector .....	750 00
	\$3,150 00

It is manifestly absurd to expect the Department to conduct so important an institution, registering in the course of a year over 200,000 lodgers and caring for from 2,000 to 2,700 lodgers a night, and to do this work with any degree of efficiency or credit to the City, with a Superintendent, an Inspector, and a few Hospital Helpers who must be recruited from the ranks of the applicants at the Lodging House itself. In ordinary times the Lodging House cares for from 300 to 400 men and women each night during the summer months and from 800 to 1,500 during the winter. Even in ordinary times it is absurd to expect the Department of Public Charities to operate the Lodging House efficiently and to render even a reasonably satisfactory and adequate service with the institution so woefully undermanned. All of which I pointed out to the Budget Committee during the hearings last fall.

We are, however, facing an extraordinary condition this winter. Last winter, at this time, the Lodging House maintained less than 900 beds, although it registered at times approximately 2,000 applicants. All applicants in excess of the number of beds were sent to sleep on the bare floors of boats moored at the dock at the foot of East 26th Street, on the floors of waiting rooms and even on the floors of the prison pen and the morgue. This character of service was maintained with great difficulty with the small staff which has been heretofore, and still is, maintained at the Municipal Lodging House. This administration has attempted to correct this condition and has succeeded to some degree. Although we have registered as many as 2,660 lodgers in a single night, we have provided beds for all of them. We have not yet been obliged to put a single person on the floor.

As Overseer of the Poor, it is my duty under the State Law to provide for the destitute; therefore, as the winter approached and as it seemed evident to everybody that it was going to be a very hard one and that there would be thousands of people out of work and out of funds with no place to sleep and nothing to eat, after consulting with His Honor, the Mayor, I speedily made arrangements to provide 1,000 beds in addition to those which had been added to the Lodging House during the past winter and summer. I also secured several hundred cots which could be pressed into service in case of emergency. These additional beds were provided at an expense of \$3,750. On November 2nd, 1914, we requested Special Revenue Bonds to pay the bills incurred, which request has been granted by your Honorable Body and is now pending before the Board of Estimate and Apportionment.

I am sure it will be clear to your Honorable Body that this Department cannot be expected to operate a Lodging House, accommodating 2,700 people, with any degree of efficiency, using the same force which for years past has been provided and apparently required to operate an institution accommodating less than a thousand. But for the fact that the Department has been able to provide help through securing voluntary contributions, it would have been quite impossible to operate the Lodging House at all, the institution would have completely broken down. The Superintendent has been obliged frequently to be on duty almost twenty-four hours out of the twenty-four. Moreover, we are endeavoring to carry out a plan whereby lodgers applying more than three nights in succession will be required to work for any additional meals or lodging which has been provided for them. This plan has depended thus far on voluntary service in order to prevent the influx of thousands of the unemployed from neighboring cities and states. The work policy should be regularly and rigidly enforced in this institution. It is quite out of the question to do this without adequately manning the institution. I am therefore requesting revenue bonds to the amount of \$9,460 for Personal Service and Hospital Helpers, which is slightly less than the amount which was cut out by the Budget Committee, viz.: \$9,580. This request has been put in a slightly different form to meet the situation as it now appears and also to conform with the rulings of the Civil Service Commission.

In order that we may be able to give intelligent and discriminating attention to the needs of applicants for help at the Lodging House, in order that we may give particular consideration to those who apply for assistance more often than three nights in a month, and in order that we may be able to properly differentiate between the employable and the unemployable and adequately meet the needs of both, I sincerely hope that your Honorable Body will appreciate the importance of granting this request.

Very respectfully yours, JOHN A. KINGSBURY, Commissioner.

The President laid before the Board the following communication from the President of the Borough of Manhattan:

No. 1263.

**President of the Borough of Manhattan—Request for Special Revenue Bonds, \$30,000, to Be Expended by the Commissioner of Bridges Upon the Work of Painting and Making Necessary Structural Repairs to the Riverside Viaduct Across Manhattan Valley.**

City of New York, President of the Borough of Manhattan, Municipal Building, January 18th, 1915.

Hon. GEORGE MCANENY, President of the Board of Aldermen, City Hall, New York City:

Dear Sir—I beg to transmit herewith application for an issue of special revenue bonds to the amount of \$30,000, the proceeds to be expended under the direction of the Commissioner of Bridges upon the work of painting and making necessary structural repairs to the Riverside Viaduct across Manhattan Valley. This is work of the most emergent character and should be attended to without delay. Inspections have been made by Engineers of the Department of Public Works, the Department of Bridges and the Bureau of Contract Supervision, and all agree that steps should be taken immediately to prevent further disintegration of this structure.

According to an estimate prepared by the Bridge Department Engineers, this work will require the expenditure of \$30,000, of which \$21,000 will be required for wages of painters and riveters, and \$9,000 for materials and equipment.

The Department of Bridges is now engaged at similar work in connection with the 155th Street Viaduct, and this work is almost completed.

If the appropriation herein requested be authorized promptly the work can be carried on with the present force, and the necessary scaffolding and rigging can be transferred direct to the Riverside work, thus saving considerable expense in hauling and handling.

Request is also made herein for an issue of special revenue bonds to the amount of \$12,760 for the purpose of replenishing the wages appropriations of the President of the Borough of Manhattan for the amount transferred to the Bridge Department on January 15, 1915, to provide for the completion of work on the 155th Street Viaduct. This money was transferred from our account "Care of Sewers, Wages, Temporary Employees, 379, Cleaning and Repairing," and this account must be reimbursed to carry the necessary cleaning and repairing forces. The transfer was made for the purpose of avoiding any interruption in the work on the 155th Street Viaduct, and with the understanding that revenue bonds to replenish the appropriation thereby depleted would later be requested.

It is accordingly requested that this matter be placed before the Board of Aldermen at meeting to be held on January 19, 1915. Very truly yours,

MARCUS M. MARKS, President, Borough of Manhattan.

The President laid before the Board the following communication from the President of the Borough of The Bronx:

No. 1264.

**Commissioner of Parks, Borough of The Bronx—Request for Special Revenue Bonds, \$101,066.50, for the Purpose of Employing Laborers, Gardeners, Etc.**

The City of New York, Department of Parks, Office of Commissioner for the Borough of The Bronx, Zbrowski Mansion, Claremont Park, January 19, 1915.

Honorable GEORGE MCANENY, President, Board of Aldermen, City Hall, New York City:

Sir—I have the honor to request that the Board of Aldermen adopt a resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in a sum not to exceed one hundred and one thousand sixty-six dollars and fifty cents (\$101,066.50), for the purpose of employing the neces-

sary Laborers, Gardeners, Climbers and Pruners, teams and carts, to enable this department to cut down and remove dead trees in the forests of the park land in the Borough of The Bronx.

This sum, in addition to the appropriation for the present year, will enable me to employ our present force of 300 Laborers, 16 teams and 16 carts, together with a new force of 264 Laborers, 28 teams and 28 carts, full time for a period of three months. There is an abundance of work for these men in the 1,000 acres of forest lands in the parks of this borough.

The State Department of Agriculture has directed me, as it did my predecessor in office, repeatedly during the past three years, to remove all the trees that have died or become diseased through the chestnut blight and the hickory beetle, for the reason that the longer these trees remain the greater the devastation.

To me it seems a crime to expose our forests to the ravages of these diseases, and I urge upon your Board the necessity of clearing the forests. In addition, the employment of these men will make it possible to recover approximately 100,000 young trees of sixteen different varieties, at a present market value of \$16,000. It is estimated that these 100,000 young trees will have a market value of \$49,338 in three years.

We shall also have approximately 1,600 cords of firewood, at a present market value of about \$9,600, as well as a very large quantity of timber, valued at \$5,376, that could be used in this and other departments.

As a result of this work, the forests would be put in a clean and healthy condition and the department could thereafter, with ordinary care, keep them free of pests and tree diseases generally. The present wretched condition of the forests renders them liable to devastation by fire, inasmuch as there is an immense quantity of dead and dry timber.

The accompanying table will show the varieties of young trees in our forests, their dimensions, present value and approximate future value.

There is also enclosed a table giving in detail the number of men, the number of teams, with the rate of compensation, necessary for the accomplishment of this work.

If this request were forced to take the regular course, and go through the ordinary routine, several weeks would pass before this department would be in a position to go forward with the work contemplated. If, therefore, it shall be found possible for the Board of Aldermen and the Board of Estimate and Apportionment to agree to suspend whatever rules and regulations might ordinarily intervene, and upon the ground of unusual conditions and great emergency, act immediately upon this request, I think it will be a splendid thing. Respectfully,

THOMAS W. WHITTLE, Commissioner of Parks, Borough of The Bronx.

**Report of the Committee on Finance in Favor of Adopting Resolution for \$32,000 Special Revenue Bonds for Payment of Typewriting Copyists, Office of the County Clerk, New York County.**

The Committee on Finance, to which was referred on December 22, 1914 (Minutes, page 794), the annexed request for \$32,000 Special Revenue Bonds for compensation of copyists in the office of the County Clerk, New York County, respectfully

## REPORTS:

That having examined the subject, it believes the proposed appropriation to be necessary to carry on to completion the very necessary work on which these copyists are engaged and for which this Board already made an appropriation for the latter half of 1914. The Finance Department has checked up this request in detail and agrees that this amount is needed.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-two thousand dollars (\$32,000), the proceeds whereof to be used by the County Clerk of New York County for the purpose of paying wages of Typewriting Copyists, at the rate of five cents a folio, during the year 1915.

County Clerk's Office, County of New York, New County Court House, New York, December 26, 1914.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I hereby respectfully request an issue of Special Revenue Bonds to the amount of \$32,000.00, as provided in Subdivision 8 of Section 188 of the Greater New York Charter, to provide for the compensation of Typewriting Copyists at the rate of five cents a folio who are engaged in bringing up to date the recording of instruments filed in this office.

Your honorable Board is fully conversant with the situation, having on July 2nd, 1914, last, upon my request, established the position and grade of Typewriting Copyist in this office at 5 cents per folio.

The Board of Estimate and Apportionment has failed to make provision for the payment of these men in 1915, which necessitates my application for Special Revenue Bonds. Respectfully yours,

WM. F. SCHNEIDER, County Clerk, New York County.

Alderman Curran moved the adoption of this resolution.

It therefore recommends that the said ordinance be adopted.

**AN ORDINANCE relating to the numbering of buildings in The City of New York.**

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The ordinance adopted by the Board of Aldermen, July 18, 1911, which took effect July 31, 1911, without the approval or disapproval of the Mayor (pursuant to the provisions of Section 40 of the Greater New York Charter, as amended and supplemented), entitled "An Ordinance to provide for the more conspicuous numbering of certain buildings in the City of New York," as amended by an ordinance adopted by the Board of Aldermen, April 2, 1912, which took effect April 16, 1912, without the approval or disapproval of the Mayor [pursuant to the provisions of § 40 of the Greater New York Charter, as amended and supplemented], entitled "An Ordinance to amend section 1 of 'An Ordinance to provide for the more conspicuous numbering of certain buildings in the City of New York,'" is hereby further amended to read as follows:

§ 2. **REPORTS:**

That, having examined the subject, it believes the proposed ordinance to be necessary. This will limit the crossing of the sidewalks to such places where permits have been obtained in the legal way, and a driveway erected.

It therefore recommends that the said ordinance be adopted.

**Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution to Relocate Tracks of the Street Surface Railroad Company on Central Park West.**

The Committee on Public Thoroughfares, to which was referred on December 22, 1914 (Minutes, page 796), the annexed resolution in favor of relocating tracks of the street surface railroad in Central Park West, respectfully

**REPORTS:**

That, having examined the subject, it believes the proposed improvement to be necessary. The present situation of the easterly track has caused a great many accidents, and agitation for the change contemplated by this resolution has been taking place for a number of years. The Committee recommends that the said resolution be adopted.

Whereas, the mayor, aldermen and commonalty of the city of New York, in common council convened on the fourth day of June, 1851, and duly passed and adopted a resolution which was approved by the mayor on the thirtieth day of July, 1851, granting to John Pettigrew, Edmund R. Sherman, Solomon Kipp, Abraham Brown, Washington Smith, Joseph N. Barnes, John O'Keefe, John J. Duryea, Jesse A. Marshall and Timothy Townsend permission to lay or build a railroad track in the following streets, namely:

"From a point at the intersection of West Broadway and Chambers street, thence through West Broadway to Canal street, and down Canal street to Hudson street, along Hudson street and Eighth avenue to Harlem river."

—and

Whereas, said resolution provided in part:

"\* \* \* that said parties, on being required at any time by the corporation and to such extent as the common council shall determine, shall take up, at their own expense, said rails, or such part thereof as they shall be required, and on failure so to do in ten days after such requirement the same may be done at their expense by the street commissioner,"

—and

Whereas, the above quoted condition contained in said resolution was duly accepted by an instrument in writing on September sixth, 1851, by the grantees therein named and was subsequently confirmed by chapter 140 of the laws of 1850, and

Whereas, the grantees of said resolution organized themselves as the Eighth Avenue Railroad Company, and said company subsequently built said road to the terminus thereof, and has leased the said road to the New York Railways Company, which is now operating the same, and

Whereas, congestion and confusion of traffic resulted from the present location of the street railway tracks of the Eighth Avenue Railroad Company, and unnecessary collisions between vehicles and between vehicles and surface cars, have thereby been occasioned, and accidents have befallen pedestrians using the street by reason of the proximity of the said easterly tracks to the curb, and

Whereas, the board of estimate and apportionment on January ninth, 1913, in the interest of public safety, adopted a resolution adding seven feet to the width of the roadway of Eighth Avenue, by setting back the easterly curb and established a 55-foot roadway with a 25-foot sidewalk on the westerly side and a 20-foot sidewalk on the easterly side, and as a necessary part of this plan it is essential that the easterly track of the Eighth avenue railway should be relocated on the westerly side of the present westerly track, thus giving a roadway of approximately 20 feet on each side of the said tracks on Eighth avenue, so laid by the said Eighth Avenue Railroad Company, and this plan will place the tracks in the centre of the said roadway by relocating but one of the said two tracks, and

Whereas, public safety and convenience demand the removal of said easterly tracks of said railway and a relocation thereof on the westerly side of the present westerly track on Eighth avenue,

Resolved, that said Eighth Avenue Railroad Company and the said New York Railways Company, as lessee of the Eighth Avenue Railroad Company, within ten days after service upon them, or either of them, of a certified copy of this resolution take up the easterly track of the said railway and relocate same on the westerly side of the present westerly track.

City of New York, Law Department, Office of the Corporation Counsel, New York, December 17, 1914.

Hon. GEORGE MCANENY, President of the Board of Aldermen:

Sir—Pursuant to a report of the Committee on the City Plan, dated May 28, 1914, the Board of Estimate and Apportionment directed the Eighth Avenue Railroad Company and the New York Railways Company, as lessee of the said Eighth Avenue Railroad Company, to take up the easterly tracks of the street railway on Central Park West, between 59th Street and 110th Street, and relocate same on the westerly side of the present westerly track, in order to relieve the congestion and confusion of traffic which has arisen from the present location of the street railway tracks, and which has resulted in collisions between vehicles and the surface cars.

I am about to institute a proceeding for a mandamus directing the New York Railways Company and the Eighth Avenue Railroad Company to relocate the tracks in accordance with the order of the Board of Estimate and Apportionment.

By the franchise under which the railway companies are operating in Central Park West it is provided:

"\* \* \* That said parties on being required at any time by the corporation and to such extent as the Common Council shall determine, shall take up, at their own expense, said rails or such part thereof as they shall be required, and on failure so to do, in ten days after such requirement, the same may be done at their expense by the Street Commissioner."

While the power of the City to require the relocation of the tracks to promote public safety exists irrespective of any contract or franchise obligation of the railway companies, yet, in order to strengthen the City's position in the proceeding about to be brought, I think it advisable that a resolution in the form herewith enclosed should be adopted by the Board of Aldermen directing the railway companies to relocate the tracks, pursuant to the above provision of the franchise.

A certified copy of the resolution should be addressed to the New York Railways Company, as lessee of the Eighth Avenue Railroad Company, and served upon one of the officers of the company personally, and another certified copy thereof should be addressed to the Eighth Avenue Railroad Company and served personally upon one of its officers.

I enclose herewith a pamphlet containing the report of the Committee of the City Plan, the resolutions of the Board of Estimate and Apportionment, the opinions of the Corporation Counsel and the communication from the New York Railways Company.

Respectfully yours,

FRANK L. POLK, Corporation Counsel.

Reports of Committee on Salaries and Offices—

Nos. 980 and 1058.

**Report of the Committee on Salaries and Offices in Favor of Referring Proposed Ordinance Relating to Appointment of Clerks in the Office of Surrogate, Bronx County, to the Board of Estimate and Apportionment.**

The Committee on Salaries and Offices, to which was referred on October 6 and November 17, 1914 (Minutes, pages 51 and 602), the annexed ordinance in favor of authorizing the Surrogate of Bronx County to appoint certain Clerks in his office, respectfully

**REPORTS:**

That it is in receipt of the attached report of the Bureau of Standards and the opinion of the Corporation Counsel in relation to the power of the Board of Aldermen in connection herewith. It would appear therefrom that jurisdiction over this subject lies with the Board of Estimate and Apportionment, and in order that said Board may give the matter consideration with a full knowledge of its progress so far, the Committee recommends that the said ordinance and all other papers in the case be referred to the Board of Estimate and Apportionment.

**AN ORDINANCE Authorizing the Surrogate of the County of Bronx to Appoint Certain Clerks in His Office.**

By virtue of the power given by Section 2491 of Chapter 443 of the Laws of 1914 of the State of New York, be it hereby ordained by the Board of Aldermen of The City of New York, as follows:

First—That the Surrogate of the County of Bronx may appoint, and at pleasure remove, one accounting clerk, at a salary of three thousand dollars per annum, one

deputy clerk of the court at a salary of two thousand dollars per annum, one general clerk at a salary of eighteen hundred dollars per annum, one court attendant at a salary of fifteen hundred dollars per annum, one junior clerk at a salary of six hundred dollars per annum.

Second—That said positions and salaries hereby fixed be in addition to those heretofore established in said Surrogate's Court of the County of Bronx.

Third—This ordinance shall take effect on December 1, 1914.

W. W. COLNE, JACOB WEIL, ANTHONY J. McNALLY, D. M. BEDELL, OSCAR IGSTAEDETER, MICHAEL CARBERRY, CHARLES DELANEY, EDWARD EICHORN, Committee on Salaries and Offices.

Chambers of the Surrogate's Court, County of Bronx, New York, October 5, 1914.

Hon. HARRY ROBITZEK, 2804 Third Avenue, The Bronx, New York City:

Dear Sir—In preparing the budget for the year 1915 for this court, I ask for the establishment of new positions, as follows:

- (1) Accounting Clerk—Salary \$3,000 per annum.
- (2) Deputy Clerk of the Court—Salary \$2,000 per annum.
- (3) General Clerk—Salary \$1,800 per annum.
- (4) Court Attendant—Salary \$1,500 per annum.
- (5) Junior Clerk—Salary \$600 per annum.

The matter of this budget was taken up for hearing by the sub-committee of the Budget Committee of the Board of Estimate and Apportionment of The City of New York on October 1, which decided that the Board of Estimate was deprived of any power to establish positions in the County of Bronx as provided by chapter 266 of the Laws of 1913, by reason of the amendment of chapter 18 of the Surrogate's Law, which is chapter 443 of the Laws of 1914. In said chapter 443 it is provided in section 2491 as follows:

"Each surrogate may appoint, and at pleasure remove, as many other clerks for his office, to be paid by the county, as the board of supervisors of his county, or in the City of New York the board of aldermen, authorize him so to appoint."

"The board of supervisors, or, in the counties embraced within the City of New York, the board of aldermen, as the case requires, must fix the compensation of the clerk or clerks appointed under this section; and may authorize them, or either of them, to receive, for their or his own use, any legal fees permitted to be charged by law."

Until September 1, 1914, the power to create positions and fix salaries had been vested so far as the County of Bronx was concerned, in the Board of Estimate. It appears that, by chapter 443 referred to, this power is now vested in your body.

I therefore respectfully request that the new positions above enumerated be created for this office at the salaries respectively stated by the Board of Aldermen. The reason for this request is as follows:

This office came into existence on January 1st, 1914. The Surrogate's practice both as to executors', administration and guardians' accounts at that time did not require that any accountings be had as to the estates in the hands of the respective representatives for a period of one year from the time of their appointment. Therefore there was no necessity for establishing an accounting department in this court, but now that almost a year has elapsed it will be necessary to establish such a department so as to be ready to take up matters of accountings that will be submitted on and after January 1st, 1915. The position of Accounting Clerk in this office will be a most important one as this clerk will be called upon to attend to all accountings in probate, administration and guardianship matters, and his salary should not be less than that of the probate or administration clerks. Between January 1st and September 30th, 1914, 1,242 petitions were filed in these departments, 425 in the first, 453 in the second and 364 in the third quarter. July and August are the vacation months, when the office was open only from 9 to 2 o'clock. These figures show a continual increase of business. Undoubtedly this continual increase in petitions presented will continue so that by the end of the year I estimate that almost 2,000 petitions will have been filed in matters in which accountings will become due in the course of the year 1915. The present staff is fully occupied in matters coming within their respective departments and it will be impossible for them to attend to matters of accounting to the satisfaction of the public, and the services of an accounting clerk charged with these special duties will be imperative.

I am requesting a General Clerk for the reason that each one of the departments mentioned requires assistance in disposing of the clerical duties connected with the respective department. I believe that a general clerk whose duty it shall be to render clerical assistance in the entering up of items in record books in these departments, and in the accounting department to be established, and other work of that nature, thus relieving the probate, administration, guardian and accounting clerks from such purely clerical work which now interferes with the calls made upon them by the public visiting this office, will meet a real necessity and such general clerk should be appointed for this office.

The appointment of a Deputy Clerk of the Court and an additional Court Attendant is made advisable and necessary under the provisions of the new act relating to Surrogate's Courts above referred to, by which there is established in this court the right to trial by jury on controverted questions of fact in all matters over which the Surrogate takes jurisdiction, and giving the Surrogate within the limits of these matters, practically the powers of a Supreme Court Judge. There is at present in this office my personal attendant and an attendant and messenger who attends to matters of general office work. The court attendant will be charged with the specific duty of taking care of the court room and taking charge of juries when empanelled, and I believe the appointment of such additional attendant is necessary in order that the work may be properly attended to.

The Chief Clerk is designated as Clerk of the Surrogate's Court also, and I find that the duty he now performs in the ordinary work thus far coming before the Surrogate under the law as it existed prior to September 1st, 1914, together with his work as Chief Clerk in the general administration of the office, is all that he can possibly accomplish. A considerable amount of additional clerical work will be added to the court with the institution of jury trials and it is my purpose that the deputy clerk of the court shall take charge particularly of all matters connected with jury trials and shall in addition assist generally in the work of the court.

With the increasing amount of work to be done in this office since its organization and the multiplication of detail matters connected with the clerical work of the office, a Junior Clerk who could attend to the filing of papers, letters, communications, answer telephone calls, run errands, attend to the stamping and mailing of letters and the distribution of mail, should be appointed for this office.

I desire to call your attention to some figures based on conditions as they exist in Bronx County as compared with Kings County. I select Kings County for comparison for the reason that the conditions there with regard to population, area and density of population, correspond more closely to the conditions in this county than they do to any other county of Greater New York. In Kings the population is approximately 3 times that of The Bronx and the area is also 3 times that of The Bronx. Excluding the Surrogate and his salary from the computation, there is in the Kings County Surrogate's office a staff of 49, receiving an aggregate of salaries of \$93,686. There is one employee to 36,753 of population and the per capita charge per employee is .058. In this court at the present time there are 12 employees receiving an aggregate of salaries of \$25,100. There is one employee to 48,666 of population and the per capita charge per employee is .043. At the Kings County per capita rate this county would be paying for the salaries of the staff \$33,892. It is in fact now paying for staff \$25,100, and with the accounting clerk added would be paying \$28,100, or \$5,792 less than the rate at which the Kings County staff is paid. The other four additional positions asked for are not taken into the computation for the reason that they are made necessary by the additional work that will undoubtedly fall to the Surrogate's office as the result of the new law applicable to the Surrogate's Courts, namely, Chap. 443 of the Laws of 1914, giving the Surrogate's Court the right to try controverted questions of fact before a jury and otherwise extending his jurisdiction.

It would seem, therefore, that by a comparison with an existing office operating under conditions almost similar to that of The Bronx, the Surrogate's Court of Bronx County is operating as economically as is consistent with efficiency. It must always be borne in mind that the work of the Surrogate's Court is more directly related to population than that of any other civil court, for the reason that its work always increases with population, for, with increase of population, comes an increase in the number of deaths, resulting in an increase in the number of estates requiring to be administered. Whether the estate is large or small the clerical work of the office is practically the same, for the same steps have to be taken in the administration of a \$500 estate as in a \$5,000 or \$50,000 estate.

I annex hereto a general consolidated report of the business of this court showing the number of matters and steps in various matters begun and disposed of between January 1st and September 30th, 1914, inclusive. The monthly reports from which this consolidated statement was prepared shows an average monthly increase of the business done of a trifle less than 25 per cent.

Very respectfully yours,

GEORGE M. S. SCHULZ.

Chambers of the Surrogate's Court, County of Bronx, New York City, November 17, 1914.

Hon. HARRY ROBITZEK, 2804 Third Avenue, Bronx, New York City:

Dear Sir—Referring to the Ordinance introduced by you in the Board of Aldermen October 6, 1914, No. 980, I transmit annexed hereto, a further memorandum with respect to the necessity for the creation of the positions asked for in this office and referred to in said Ordinance.

Respectfully yours, FRANZ SIGEL, Law Assistant and Clerk to Surrogate.

Memorandum as to Accounting Clerk, Deputy Clerk of the Court, General Clerk, Court Attendant and Junior Clerk, in Proposed Ordinance No. 980, Board of Aldermen, October 6, 1914.

The clerks of this office may be generally divided into two classes:

- (1) The Probate, Administration and Guardian Clerk and the Law Assistant (who is also Clerk to the Surrogate) who attend to the strictly legal work of the office .....
- (2) The Chief Clerk (who is also Clerk of the Court), Cashier, Court Stenographer, Confidential Stenographer and two Recording Clerks who attend to the administration and executive details of the office, take care of moneys received and paid out, the issuance of certificates, etc. ....
- There are also:
- (3) The Judge's Personal Attendant and an Attendant and Messenger .....

Total .....

The Accounting Clerk would be in addition to the force designated above as (1). Those clerks at the present time are, and since the organization of this court have been, fully occupied doing a good fair day's work in their respective departments, in attending to the matters directly under their charge. The work of an Accounting Clerk cannot properly be distributed among several. Responsibility in this department must be fixed on one. Nor could any one of these clerks be fairly and reasonably expected, in addition to the duties they now perform, to attend to the duties of such Accounting Clerk as will be set forth hereafter. All of those clerks mentioned are called upon to confer with attorneys and parties in this office who call for information and direction. The Administration and Guardian Clerks are required to examine sureties where there are personal instead of surety company bonds, and a great deal of their time is taken up in responding to the demands of the public. In the administration and guardian departments particularly, many of the matters are put through without the interposition of an attorney, which means that the clerks of these departments have to prepare the papers for the parties.

Experience has shown that the Chief Clerk, who is also the Clerk of the Court, is also fully occupied at the present time. Under Sec. 2538 of Ch. 18, C. C. P., 1914, providing that any controverted question of fact arising in any proceeding may be tried by jury, jury trials may be had and probably will frequently be had in the Surrogate's Court, and it shall be generally the duty of the Deputy Clerk to take complete charge of matters connected with jury trials, the summoning of a jury, etc.

The General Clerk shall have the duty of generally assisting the probate, administration, guardian and accounting clerks.

The personal attendant of the judge is required to wait on the judge personally.

This leaves one attendant, who is also a messenger, in the court room. In jury trials at least two should be provided.

The position of Junior Clerk could be as adequately filled under the title of Office Boy, who would be required to clean desks, mail letters and do the usual office boy's work, answering telephone, etc.

The duties of the Cashier have been extended since September 1, 1914; he is the person designated under Sec. 2650 C. C. P., 1914, to receive, collect and deposit jointly with guardians in estate less than \$2,000. In September and October, 35 out of 43 estates were under \$2,000; in 80 per cent. the Cashier was required to act. He keeps records in these estates of what is received and paid out, and frequently has to leave the office.

Memorandum of duties of positions requested, follow in detail.

Memorandum as to Accounting Clerk.

Will have charge of department of executors, trustees, administrators and guardians accounts, and will be responsible only to the Surrogate.

Will be called upon to see and confer with attorneys and parties in such proceedings; advise in preparation of papers; point out defects and have them remedied; see that the jurisdiction of the parties has been properly obtained; must pass on correctness and legality of items in accounts; must fix amount of costs to be taxed by Surrogate on accountings.

As to specific duties see Ch. 18, Title 5, Articles 1, 2, 3, C. C. P. 1914.

Must also be familiar with provisions respecting executors, administrators, testamentary trustees and guardians, their respective duties, rights and liabilities contained in Ch. 18, Title 1, Articles 1, 3; Title 2, Articles 1, 2; Title 3, Articles 1, 2, 3; Title 4, Articles 1, 2, 3; also with decedent's estate law of descent and distribution of real and personal property.

Guardian's accounts must be filed yearly until the infant is of age, when final account must be made.

In almost every administration matter an account is filed because most bonds given in surety company bonds and the administrator must be discharged by accounting in order to prevent accrual of premium on bonds. Not all executors and trustees account, but assuming that only half of them do render final account, the Accounting Clerk, based upon the number of matters in this office for the past 10 months and estimating the next 2 months, would show 1,500 matters, about 500 of which might be probate matters, so that over 1,000 accounts would probably come in after January 1st next, and during the year. Thus far on probate and such matters, from 10 to 20 people call at the office and make inquiries daily, and on court days, Mondays and Wednesdays, frequently double this amount require the attention of the Clerks. The Accounting Clerk would in like manner be called upon to meet attorneys and parties and others interested in the accountings that would come before him that would take up a great deal of his time.

The following is a memorandum of the forms used in his department.  
(Can be procured at the New York Surrogate's Office.)  
Form Nos. 11, 16, 24, 29, 31, 36, 37, 38, 40, 42, 45, 46, 48, 51, 52, 71A, 78, 81, 82, 87, 95, 96, 97, E. W. B.; F. F.; O. S.

These are standard forms. The Accounting Clerk will have to consider many typewritten papers in matters in which special circumstances make it impracticable to use the forms. He will be called upon to examine and decide questions of law arising on papers submitted.

#### Memorandum Regarding General Clerk.

Will have to index and enter matters in books from which searches as to estates are made. Must determine from papers where to index them, in all departments.

Will take charge of bookkeeping of office and entering up accounts, etc. Will prepare letters testamentary, etc., from decrees entered, index same, and generally take charge of clerical work of entry, indexing, etc.

#### Memorandum Regarding Deputy Clerk of Court.

The Chief Clerk is also Clerk of the Court.  
The Deputy Clerk requested shall have entire charge of jury trials, summoning of the jury, drawing same, keeping records of service, and assist generally in office.

See Sec. 2538 et seq. of Ch. 18, C. C. P., 1914.  
See also Jury Forms, Nos. J. F. 1, 2, 3, 4, 5, 6, 7, 8, 9.

Of 50 contests filed to date (10 months) only 2 were filed in July and August, leaving 48 filed in 8 months. With right of trial by jury, will contests are sure to increase, aside from a normal increase in business. This Clerk will meet a need arising from the additional present jury trials will entail. Until such trials are actually had, other work that is not at present up to date will keep this Clerk busy.

#### Memorandum Re Court Attendant.

The Surrogate has his personal attendant, whose duties should be strictly personal to the Surrogate. There is also an Attendant who is also Messenger, and is frequently sent out on errands, for books from the library, to the New York Surrogates' Office for papers and blanks, etc. One man with divided duties is not enough to take care of the court room properly, especially when jury trials begin. Thus far the Surrogate has been forced to use his personal Attendant to discharge the duty of Court Attendant.

#### Memorandum Re Office Boy.

The staff of this office now numbers 12; much of its work is done by letter and telephone; an office boy to attend to mailing and filing letters and replies, answer the telephone, and be on hand to do what office boys generally do in an office, is necessary to save the time of those discharging responsible duties. City of New York, Board of Estimate and Apportionment, Municipal Building, November 20, 1914.

Hon. HENRY CURRAN, Chairman, Committee on Finance, Board of Aldermen, City Hall.

Dear Sir—I send you herewith copies of the examiner's report on the request of the Surrogate of Bronx County for the establishment of certain positions and grades of positions in his office. I know that you are anxious to get these reports, bearing on both the legal and administrative sides of the question, as soon as possible, and have decided not to delay sending them for the purpose of making a more formal report.

If, for any reason, the Committee on Salaries and Offices of the Board of Aldermen desires a report of record, signed by me, I can furnish it.

Very truly yours,  
GEORGE L. TIRRELL, Director.  
City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, November 9, 1914.

Mr. GEORGE L. TIRRELL, Director, Bureau of Standards:

Sir—In the Board of Aldermen on October 6, 1914, Alderman Robitzek introduced the following ordinance:

"AN ORDINANCE authorizing the Surrogate of the County of Bronx to Appoint Certain Clerks in his office.

"By virtue of the power given by Section 2491 of Chapter 443 of the Laws of 1914 of the State of New York, be it hereby ordained by the Board of Aldermen of the City of New York, as follows:

"First—That the Surrogate of the County of Bronx may appoint, and at pleasure, remove, one Accounting Clerk, at a salary of three thousand dollars per annum, one Deputy Clerk of the Court, at a salary of two thousand dollars per annum, one General Clerk at a salary of eighteen hundred dollars per annum, one Court Attendant at a salary of fifteen hundred dollars per annum, one Junior Clerk at a salary of six hundred dollars per annum.

"Second—That said positions and salaries hereby fixed be in addition to those heretofore established in said Surrogates' Court of the County of Bronx.

"Third—This ordinance shall take effect on December 1, 1914."

In connection therewith I report as follows:  
The authority in law under which it is proposed to adopt the foregoing ordinance is Chapter 443 of the Laws of 1914, which amends Chapter 18 of the Code of Civil Procedure, known as the Surrogates' Law, and which became effective on September 1, 1914. Section 2491 of said law provides, in part, as follows:

"Each Surrogate may appoint, and at pleasure remove, as many other clerks, or in the City of New York the board of aldermen, authorize him so to appoint.

"The board of supervisors, or, in the counties embraced within the City of New York, the Board of Aldermen, as the case requires, must fix the compensation of the Clerk or Clerks appointed under this section; and may authorize them or either of them, to receive, for their or his own use any legal fees permitted to be charged by law."

There is, however, a further provision in Chapter 443 of the Laws of 1914, designated as Section 2771, which is, as follows:

"Section 2771—Effect of this chapter on Laws applicable to certain counties.

"Nothing in this Chapter shall repeal, amend or modify any existing law nor in any manner affect any litigation, action or special proceeding pending at the time when this act takes effect, and such pending action or special proceeding shall proceed under the practice established, the same as though not affected by this act."

Chapter 548 of the Laws of 1912, as amended, known as the Bronx County Law, is an act to erect the County of Bronx from the territory comprised within the limits of the Borough of Bronx, in the City of New York. This is an existing law and specially applies to Bronx County. Section 3 of the said Law provides, in part, as follows:

"Section 3. There shall be a County Court and a Surrogate's Court in and for the County of Bronx, with all the jurisdictions and powers respectively vested in said courts by the constitution and the general laws relating to the County Courts and Surrogates' Courts respectively in the several Counties of this State now included in the City of New York, except as hereinafter provided. \* \* \* \* \* The Surrogate shall make the following appointments, and the annual salary of each appointee shall be as hereinafter specified: A chief clerk, at two thousand five hundred dollars; a cashier, at two thousand five hundred dollars; a probate clerk, at three thousand dollars; an administration clerk, at three thousand dollars."

Section 4, of Chapter 548 of the Laws of 1912, further provides, in part, as follows:

"Section 4. \* \* \* \* \* and except as herein otherwise provided the position, terms, grades, salaries, and compensation of all persons who may be appointed under the provision of law by any of the officers above mentioned or who may be required to carry on the public business as contemplated by this act shall be fixed by the board of estimate and apportionment of the City of New York, \* \* \* \* \*

In view of the fact that the Bronx County Law is an existing law specially

applying to Bronx County and which specially authorizes the Board of Estimate and Apportionment to fix the "positions, terms, grades, salaries, and compensation of all persons who may be appointed" in the Surrogate's Court, Bronx County, other than those specially fixed by the statute itself, it does not appear that Section 2491 of Chapter 443 of the Laws of 1914 transfers the authority of fixing the positions and salaries in the Surrogate's Court, Bronx County, from the Board of Estimate and Apportionment, to the Board of Aldermen. The proposed ordinance is therefore without authority in law. Respectfully,  
M. J. HICKEY, Examiner.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, November 19th, 1914.

Mr. GEORGE L. TIRRELL, Director, Bureau of Standards:

Sir—The Surrogate of Bronx County has requested the Board of Aldermen to establish, pursuant to the provisions of section 2491 of chapter 443 of the Laws of 1914, the following additional positions in his court:

Accounting Clerk .....	\$3,000 00
Deputy Clerk of the Court.....	2,000 00
General Clerk .....	1,800 00
Court Attendant .....	1,500 00
Junior Clerk .....	600 00

The matter of the legality of the proposed ordinance has been the subject of a separate report made by me at your direction. In connection with the facts bearing on the necessity of the proposed positions, the duties attached thereto and the rates of salary requested, I report thereon as follows:

The Surrogate's Court was established on January 1, 1914, by the Bronx County Law. On September 1, 1914, the new law in regard to the practice in Surrogates' Courts throughout the State became operative. The bearing of the time of the establishment of the court and the operation of the new law in relation to the requested positions will be developed in connection with the facts showing the necessity for the several positions requested.

The present organization of the court staff is as follows:

<i>Legal Division.</i>	
Probate Clerk .....	\$3,000 00
Administration Clerk .....	3,000 00
Guardian Clerk .....	2,000 00
Law Assistant and Clerk to Surrogate.....	3,000 00

<i>Clerical Division.</i>	
Chief Clerk .....	\$2,500 00
Cashier .....	2,500 00
Court Stenographer .....	2,000 00
Confidential Stenographer .....	2,000 00
Recording Clerks (2 at \$1,200).....	2,400 00

<i>Attendant and Messenger Division.</i>	
Confidential Attendant .....	\$1,500 00
Attendant and Messenger .....	1,200 00

The positions of Chief Clerk, Cashier, Probate Clerk and Administrative Clerk and the salaries attached are specifically fixed in the Bronx County Law, Chapter 548 of the Laws of 1912. All the other positions in the court, when necessity for them has been shown, have been established by the Board of Estimate and Apportionment pursuant to the provisions of the said law.

#### Accounting Clerk at \$3,000.

The request for the position of Accounting Clerk is based on the fact that the court enters into its second year on January 1, 1915. Heretofore there was no necessity for the position, as accountings generally are not made more frequently than annually. The incumbent of this position should possess legal and accounting knowledge. Based on the experience of the past year it is estimated that there will be presented to the court early in 1915 over one thousand accountings.

The Accounting Clerk in these matters will be called upon to pass on the legal questions involved and also as to the manner and correctness of the accountings. His decisions on these matters will be final and will be subject to review only by the Surrogate when they are disputed. In the preparation of such accountings it is the frequent practice of attorneys and the parties interested to submit matters on which there is doubt to the Accounting Clerk for his advice thereon. There appears to be now a necessity for this position in the court. The salary paid in the Surrogates' Court, New York County, to the Accounting Clerk is \$3,000 and to the Assistant Accounting Clerk is \$2,000. In Kings County the salary of Accounting Clerk is \$4,000 and the Assistant Accounting Clerk is \$1,500. The laws, however, for both these counties permit the Surrogates to fix the salaries of all the positions in their courts. A salary of \$2,400 would be a reasonable one for an Accounting Clerk in the Surrogate's Court, Bronx County. The position, if established, will be in the Legal Division of the court.

#### Deputy Clerk of the Court at \$2,000.

The Chief Clerk is now acting also as Clerk of the Court. During the ten months of the court's existence there have been fifty (50) contests filed. These were all practically begun prior to the new Surrogates law which took effect September 1, 1914. It is believed that by reason of the fact that the new law authorizes jury trials in the court and also enlarges its jurisdiction otherwise that the court and jury work will require the entire attention of a Clerk in the court. It is also expected that the additional work in the office which will be imposed on the Chief Clerk by the enlargement of the court matters will not allow him any time for attendance to any court duties. There will be, no doubt, a considerable increase of court work in connection with the new law. It is not certain what the increase will be, and it would seem to be proper to give the law a test in time of a considerable length in order to actually determine whether the entire time of a Deputy Clerk of the Court would be necessary to cope with the additional work caused by the operation of the new law. Action on the request for the proposed position of Deputy Clerk of the Court at \$2,000 should therefore be deferred until further necessity for the place is demonstrated.

#### General Clerk at \$1,800.

This request is for a Clerk in the office, and his duties in general will be as follows: Index and enter matters in books from which searches as to estates will be made. Determine by inspection of such papers where they should be located and indexed. Have charge of the bookkeeping of the office. Prepare letters testamentary, etc., from the decrees entered and also assist generally in the clerical and legal divisions. As the work of the office has been increased by the law this additional position seems a necessary one. In addition, by allowing this employee, the Chief Clerk should be able to relieve himself of certain office routine and thereby be enabled to devote more of his time to the court work and consequently there will be no necessity for having the position of Deputy Clerk of the Court, which has been requested, until the jury trial work of the court under the new law greatly increases. The salary of \$1,800 requested appears to be too great. A competent clerk for this position should receive \$1,200 per annum.

#### Court Attendant at \$1,500.

In the Attendant service in the court there are now a Confidential Attendant and an Attendant and Messenger. The first employee is specially assigned to the Surrogate. The second does court duty and also acts as a general messenger for the office. The additional Attendant is requested because it is believed that hereafter the court duties of the Attendant and Messenger will take up practically his entire time and consequently leave no one to do the necessary messenger service. By an adjustment of the office duties in this respect there should be no present need for this additional duty, as there is a request for a position of Junior Clerk at \$600 which should be granted and who should assume all the messenger work now done by the Attendant, thus permitting him to be entirely employed in the court.

#### Junior Clerk at \$600.

This request is for a Clerk who will attend to the telephone, mail and copy letters, file correspondence and run errands. There is now no one in the office who has to specially attend to these duties, except that the Attendant and Messenger does the general messenger service. There is a need for this new position, and if it is granted will relieve the Attendant from messenger work and will permit him to be wholly assigned to court work and thereby do away with the necessity for the establishment of the position of an additional Attendant for the court. The duties of the requested position warrant a salary of not more than \$480.

It therefore appears that there is a necessity for the following positions at the salaries set opposite the positions, all of which will be in the competitive Civil Service class:

Accounting Clerk .....	\$2,500 00
Clerk .....	1,200 00
Clerk .....	480 00

Your attention is called to the fact that the original request for the additional positions in the Surrogate's Court, Bronx County, was made before the Budget Committee. No funds were recommended by it, and no appropriation made therefor. If the positions recommended as above are established the salaries would have to be met by an issue of special revenue bonds.

Respectfully,  
M. J. HICKEY, Examiner.  
City of New York, Law Department, Office of the Corporation Counsel, New York, January 12, 1915.  
Hon. HENRY CURRAN, Chairman, Committee on Finance, Board of Aldermen, City Hall.

Sir—I am in receipt of a letter dated December 7, 1914, from the Committee Clerk of the Board of Aldermen in relation to an ordinance authorizing the Surrogate of Bronx County to appoint certain clerks in his office, and I am also in receipt of your letter, dated December 16, 1914, asking that a reply to the first letter be sent as soon as possible.

The letter of the Committee Clerk reads as follows:  
"The Committee on Salaries and Offices of the Board of Aldermen has before it an Ordinance authorizing the Surrogate of Bronx County to appoint certain clerks in his office. A question has been raised by the Bureau of Standards of the Board of Estimate and Apportionment as to the authority of the Board of Aldermen to confer this privilege on the Surrogate. The Committee has directed me to request your opinion as to the powers of the Board in this matter."

"Enclosed please find copy of the papers in the case, with the exception of a report from the Bureau of Standards, which is at the disposal of your office should you require it."

The ordinance referred to, a copy of which was enclosed in the above letter, is as follows:

"AN ORDINANCE authorizing the Surrogate of the County of Bronx to Appoint Certain Clerks in His Office.

"By virtue of the power given by Section 2491 of Chapter 443 of the Laws of 1914 of the State of New York, be it hereby ordained by the Board of Aldermen of The City of New York, as follows:

"First—That the Surrogate of the County of Bronx may appoint, and at pleasure remove, one accounting clerk, at a salary of three thousand dollars per annum, one deputy clerk of the court at a salary of two thousand dollars per annum, one general clerk at a salary of eighteen hundred dollars per annum, one court attendant at a salary of fifteen hundred dollars per annum, one junior clerk at a salary of six hundred dollars per annum.

"Second—That said positions and salaries hereby fixed be in addition to those heretofore established in said Surrogate's Court of the County of Bronx.

"Third—This ordinance shall take effect on December 1, 1914."

The ordinance purports on its face to be based upon the authority of Chapter 443 of the Laws of 1914. This Act amends Chapter XVIII of the Code of Civil Procedure, which Chapter, as thus amended, contains the following sections:

"Section 2491. Clerk and deputy clerk of Surrogate's Court, and clerks in Surrogate's office; appointment; salary.

"By a written order filed and recorded in his office, which he may in like manner revoke at pleasure, a surrogate may appoint a clerk of the surrogate's court, and in any county containing a city of the second class, and in the counties of Monroe and Erie the surrogate may also appoint a deputy clerk of said court.

"Each surrogate may appoint, and at pleasure remove, as many other clerks for his office, to be paid by the county, as the board of supervisors of his county, or in the City of New York the board of aldermen, authorize his so to appoint.

"The board of supervisors or, in the counties embraced within the city of New York, the board of aldermen, as the case requires, must fix the compensation of the clerk or clerks appointed under this section; and may authorize them, or either of them, to receive, for their or his own use, any legal fees permitted to be charged by law. A surrogate may appoint, and at pleasure remove, as many additional clerks to be paid by him as he thinks proper."

"Section 2771. Effect of this chapter on laws applicable to certain counties.

"Nothing in this chapter shall repeal, amend or modify any existing law specially applying to any county, which is inconsistent with any section of this chapter nor in any manner affect any litigation, action or special proceeding pending at the time when this act takes effect, and such pending action or special proceeding shall proceed under the practice established, the same as though not affected by this act."

At the time of the adoption of the foregoing provisions, special statutory enactment had been made for determining the number of positions to be filled by the Surrogate of Bronx County and for fixing the salaries of the incumbents of such positions, by Chapter 548 of the Laws of 1912, known as the Bronx County Act. This Act creates a number of county offices, or positions, and specifically fixes the salaries thereof. Section 3 of that statute, as amended by Chapter 825 of the Laws of 1913, provides that:

"The surrogate shall make the following appointments, and the annual salary of each appointee shall be as hereinafter specified: A chief clerk, at two thousand five hundred dollars; a cashier, at two thousand five hundred dollars; a probate clerk at three thousand dollars; an administration clerk at three thousand dollars; \* \* \* The surrogate of the county of Bronx shall also appoint a public administrator of the county of Bronx, and such public administrator shall have all the authority and powers within said county of Bronx as are now conferred by law upon the public administrator of the county of New York. The salary of the public administrator of the county of Bronx shall be four thousand dollars per annum and he shall, in addition, receive and retain to himself the same allowance for his services and expenses incurred as are allowed to a county treasurer under section twenty-six hundred and sixty-seven of the code of civil procedure."

Section 4 of that Act, as amended by Chapter 266 of the Laws of 1913, reads, in part, as follows:

"\* \* \* except as herein otherwise provided the positions, terms, grades, salaries, and compensation of all persons who may be appointed under the provision of law by any of the officers above mentioned or who may be required to carry on the public business as contemplated by this act shall be fixed by the board of estimate and apportionment of the city of New York. \* \* \*

At the time that the Bronx County Act was passed, the authority of surrogates generally, to make clerical appointments was derived from section 2508 of the Code of Civil Procedure, reading as follows:

"Section 2508. Clerks in surrogate's office. Each surrogate may appoint, and at pleasure remove, as many clerks for his office, to be paid by the county, as the board of supervisors of his county, or in the city and county of New York, the board of aldermen, authorize him so to appoint. The board of supervisors or the board of aldermen, as the case requires, must fix the compensation of the clerk or clerks so appointed and may authorize them or either of them to receive for their own use the legal fees for making copies of any record or paper in the office of the surrogate. A surrogate may appoint, and at pleasure remove, as many additional clerks, to be paid by him, as he thinks proper."

Section 2491 of the Code of Civil Procedure, as enacted in 1914, is, so far as it relates to the question in issue, a re-enactment of Section 2508, above quoted, as the latter section existed prior to the passage of Chapter 443 of the Laws of 1914.

While the question presented is not free from doubt, it seems to me, from a review of these various statutory provisions, that Section 2771 of the Code, above quoted, makes applicable to the Surrogate of Bronx County the provisions of Section 4 of the Bronx County Act.

I beg to advise you, therefore, that in my opinion the Board of Aldermen has no power to regulate the number of salaries of employees in the office of the Surrogate of Bronx County, as set forth in the ordinance in question, such power remaining in the Board of Estimate and Apportionment, except in reference to the salary of attendant, for which provision is made by Section 2493 of the Code of Civil Procedure as enacted by the Laws of 1914, Chapter 443. Respectfully yours,

FRANK L. POLK, Corporation Counsel.

**Report of the Committee on Salaries and Offices in Favor of Returning Resolution to Establish Grade of Thermostat Repairer to Board of Estimate and Apportionment for Modification.**

The Committee on Salaries and Offices, to which was referred on January 4, 1915 (Minutes, page 11), the annexed resolution in favor of establishing the grade of position of Thermostat Repairer in City Departments, respectfully

## REPORTS:

That it has given this resolution a careful review and is of the opinion that the clause requiring all persons employed under this title to qualify as a plumber or steamfitter would work an injustice to those employees now classified in this grade who passed the Civil Service examination prescribed for this class of work. The Committee believes that this qualification may well be prescribed for such persons as may hereafter take this examination, but as it is of the opinion that the Board of Aldermen cannot change the terms of the resolution, it recommends its return to the Board of Estimate and Apportionment for modification to this extent, "provided that all persons hereafter employed under the title Thermostat Repairer shall qualify either as Plumber or Steamfitter."

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in City departments of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Diem, Incumbents.	Number of
Thermostat Repairer .....	\$5 50	Unlimited

Provided that all persons employed under the title Thermostat Repairer shall qualify either as Plumber or Steamfitter.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, December 19, 1914.

## To the Board of Estimate and Apportionment:

Gentlemen—On May 28, 1914, it was suggested to the Board that the title of Thermostat Repairer be changed to Plumber, with knowledge of Thermostat Repairing, and that the rate of compensation be increased from \$5 to \$5.50 per diem. The Bureau of Standards reports thereon under date of May 28th as follows:

"The request is based upon the claim of Samuel Polglase, a Thermostat Repairer employed in the Department of Education, that \$5.50 per diem is the prevailing rate. In the City service 'Thermostat Repairer' appears in that Department and in the College of The City of New York. Four establishments employ practically all the Thermostat Repairers doing private work in New York City, as follows:

"Johnson Service Company, East 27th street, employing 15 to 40 men, according to conditions in the trade.

"Powers Regulator Company, East 41st street, with six to eight men.

"National Regulator Company, East 42d street, an average of 10 men.

"Standard Regulator Company, West street, an average of 10 men.

"About 50 Thermostat Repairers find steady employment in the Greater City.

"These four concerns stated as follows:

"Johnson Service Company, East 27th Street—Our understanding is that a man, to be fully qualified as Thermostat Repairer, must be a Plumber. Thermostat Repairers are members of the Plumbers' Union, and receive the Plumber's rate of \$5.50 per diem, which we pay.

"Powers Regulator Company, East 40th Street—Thermostat Repairers are classed as Plumbers, are members of the Plumbers' Union, and are paid the Plumber's rate of \$5.50. It is a recognized specialty of the Plumber's trade, while a man may not be an all-round Plumber.

"National Regulator Company, East 34th Street—All our Thermostat Repairers are required to be qualified Plumbers before we break them in as Repairers. They belong to the Plumbers' Union, and we pay them \$5.50 per diem.

"Standard Regulator Company, West Street—When we undertake to teach our men Thermostat Repairing, we require that they be Plumbers to start with. They may not have passed the examination required for an all-round Plumber. We pay them the Plumber's rate of \$5.50 per diem.

"A controversy between the Enterprise Union of Steamfitters and the Amalgamated Society of Plumbers and Gasfitters concerning the control of thermostatic work was settled by Hon. Seth Low, as umpire, in 1897. The contending organizations having presented to the umpire their claims to control of the work, Mr. Low concluded his finding as follows:

"It is admitted that, under certain conditions, that is, where lead pipe is used, the Plumbers and Gasfitters must do the thermostatic work. It is claimed that under certain other conditions, that is, where screw pipe is used and is attached to a radiator, the Steamfitters should do it. This seems to me, in one aspect, a claim that the union that ought to control any specific piece of thermostatic work is to be determined by the use to which the thermostat is to be applied. In this view the claim is contrary to what I understand to be the usual line of distinction between unions.

"Whatever bricklaying is to be done, for instance, the bricks are to be laid by the Bricklayer. The bricks may be needed for the wall of a house, or for a mantle, or for the foundation of a boiler; but whatever the use, they are laid by the Bricklayer. If the same rule be applied to the thermostatic work, as between two unions, one of which can do it only under some conditions and for some of its applications, and the other of which can do it under all conditions and for all its applications, this work should be assigned to the union that can do the work as a whole in every one of its applications, in an old building as well as in a new.

"Under this view, the control of thermostatic work is determined, not by the chance of its being done in a new building and to connect with a radiator, but by the more fundamental consideration that the union which, under some circumstances, must do it, should do it under all circumstances.

"My finding is for the Plumbers and Gasfitters."

"Thermostat repairing is a specialized trade, requiring a thorough knowledge of plumbing and some knowledge of steamfitting. The title 'Thermostat Repairer' seems to be more appropriate than either Plumber or Steamfitter, and the rate should be \$5.50 per diem, as paid to both these trades. It appears from the foregoing facts that the prevailing rate for Thermostat Repairer is \$5.50 per diem."

In view of the above facts, we recommend that the attached resolutions, approving the \$5.50 rate for Thermostat Repairer, provided that all persons employed under this title shall qualify either as Plumber or Steamfitter, and requesting the heads of City departments to provide for the increase be adopted.

Respectfully,  
 WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.  
 Which report was accepted.

## GENERAL ORDERS.

No. 485—Int. No. 1218.

**Preamble and Resolutions Calling Upon Representatives in Congress to Bring About with All Promptitude Passage of Senate Bill No. 3672, Providing for Exchange Between Federal Government and State of New York of Certain Waterways.**

Your committee, to which was referred the resolution recommending furtherance of the bill (S 3672), providing for cession to the State of New York by the Federal government of land to be abandoned by the United States in exchange for land required for improvement of the Harlem River, begs leave to

## REPORT:

Adequate improvement of the Harlem River directly concerns water-borne traffic in all the States bordering on the New England seaboard, Lake Champlain and the Great Lakes, States contributing more than one-half of the country's revenues.

Traffic by that channel is already large (over eighteen million tons), but almost wholly by vessels under their own steam or moved by tugs alongside.

Passage of large boats and of barges in tow has been made difficult and at certain times and tides impossible for thirty-five years by a sharp curve left in the channel near the Hudson entrance under the antiquated Federal project of 1878, adopted by Congress following the concurrent resolution of the New York Legislature, under Governor Tilden, asking improvement of the Harlem in the commercial interest of the whole country, so as to afford a safe and convenient channel between the North River, East River, Long Island Sound and the Eastern States, shortening the distance of travel by more than twenty miles around the Battery, avoiding the tedious, expensive and unsafe navigation of the waters that skirt the City, and steering clear of the dangerous passage of Hell Gate.

Leisurely prosecuting that long obsolete project, scantily modified, the United States has expended thereon \$1,683,678, but in the mean season subjected the City and the riparian owners for largess of lands under the State statutes of 1879, 1880, 1881 and 1883, and for new bridges squared to the currents with new approaches and new grades under the Federal act of September 19, 1890, to outlays amounting to over \$24,000,000.

On August 7, 1909, Colonel Black, the United States Engineer in charge of the district, reported "from personal observation that the difficulties of passing are very great, and, if commerce increases, there will be times when vessels cannot pass on this curve. It is expected that when the New York State Barge Canal is opened to traffic, the amount of tows that will want to pass through the Harlem River will be very greatly increased. With this curve in the river, the passage will be practically impossible at times of maximum currents." (H. Doc., 557, 62nd Cong., 2nd Sess., p. 4.)

On November 17, 1910, the District Officer again reported thereon, stating: "The tidal currents in the Harlem River in this vicinity, during both ebb and flood tides, are strong, reaching 1.74 feet per second, and 1.66 feet, respectively, for ordinary tides. These, with the sharp turns required at the Johnson Iron Works, make navigation somewhat difficult there for single boats and dangerous when boats bound in opposite directions meet in the turn. In its present condition the river at this point is not fitted for heavy traffic" (p. 7).

Congress at last, and on March 4, 1913, to relieve the long existing congestion, modified its primitive object of 1878, according to the recommendation of the accomplished District Officer, by adopting a plan (known as Project No. 3), to cut a cord through the strip within the obstructing curve, but provided that no constructive work should be executed until the land necessary for the new right-of-way were furnished free of cost to the United States.

In the very month next following, the State of New York made provision (c. 414, L. 1913) to furnish that right-of-way whenever the Federal government should agree to exchange therefor the land to be abandoned in the old channel.

To authorize this exchange, Senator Root introduced a bill (S. 3672), approved by the United States Engineers. The bill was passed by the Senate, without amendment, in March last. On April 1st it was referred to the Committee of the House, wherein it still pend.

Immediate action upon the bill is desirable, even urgent. Without its enactment no steps can be taken under the statute of New York to acquire the land for the new channel, opening of which can hardly be accomplished with all diligence before the opening of the barge canal.

Adequate improvement of the Harlem River is of much moment to Greater New York. Besides the large benefits it will contribute to the commerce and business of the whole City, it will bring and give riparian employment to over 64,000 new population and add above \$3,500,000 to the assessable valuation of the immediate waterfront.

No objection has been raised against the bill. It asks for no appropriation of money. It calls only for exchange by the Federal government of lands once ceded to it without cost, and the use of which it will abandon for land which it requires.

It has no relation to the Rivers and Harbors Bill, and should not be subjected to the fortune or the fate of that measure.

Your Committee, therefore, with unanimity, recommends the passage of the resolution so referred to it, and herewith returned.

Whereas, the protracted failure in the House to pass Senate Bill No. 3672, providing for exchange between the Federal government and the State of New York of the land to be abandoned in the old channel for that required for the proposed new channel of the Harlem river, prevents even preparation for the vast traffic which should flow through that tidal strait on the completion of the Barge Canal, to the great benefit of business and prosperity in the Boroughs of Manhattan, Bronx and Queens, as well as all places on Long Island Sound, be it

Resolved, That we call upon our Representatives in Congress, twenty-two in number, to bring about with all promptitude passage of Senate Bill No. 3672, not only for the commercial advantage of their immediate constituencies, but also to benefit those concerned in cheapening transportation and reducing the cost of living in all the communities from Eastport, Me., to Chicago and Duluth, in Illinois and Minnesota.

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, January 12, 1915.

Hon. HENRY H. CURRAN, Board of Aldermen, City Hall, Manhattan:

My Dear Alderman Curran—I have examined the resolution which Judge MacLean has asked the Board of Aldermen to pass, urging the representatives of New York in Congress to work for the passage of Senate Bill No. 3672, providing for the exchange of land between the United States Government and the State of New York, to provide for the straightening of the Harlem Ship Canal to eliminate the present bend at the Johnson Iron Works.

This bill is only one of a number of matters now pending in Congress in connection with the improvement of waterways around the City of New York, all of which should receive the active support of the representatives of the City and State

in Congress. As you know, the present City administration has been working hard to advance the interests of the Port of New York through Congressional action.

His honor, the Mayor, and the Committee on Port and Terminal Facilities of the Board of Estimate and Apportionment have worked unceasingly in co-operation with our great commercial associations to persuade Congress to take prompt action upon pending improvements to the port, which are of the utmost importance in its development.

We are peculiarly fortunate at the present time in having the co-operation and support of practically all the commercial organizations in the City, including the Chamber of Commerce, the Merchants' Association and the New York Board of Trade and Transportation. Today I have arranged for a conference with the Committee on Harbor and Shipping of the New York Chamber of Commerce and the United States army engineers, who are co-operating with us, to talk over a number of important port problems. Otherwise I should be very glad to appear before your Board and present my views concerning this bill in question.

I consider it very important to take every opportunity to impress upon our representatives in Congress the paramount necessity for prompt action in initiating pending port improvements. Among these is the Harlem River project, which is held back by failure of Congress to approve Senate Bill No. 3672. I would, therefore, advise you that it would be very appropriate for the Board of Aldermen to urge its prompt passage. Very truly yours,

R. A. C. SMITH, Commissioner of Docks

Which was unanimously adopted.

No. 486—Int. No. 1220.

**Preamble and Resolution in Protest of the Passage of the Immigration Bill Now Before the Congress of the United States.**

Whereas, There is before the Senate of the United States a bill which will require from those who seek the freedom of our shores a so-called literacy test, which, in the opinion of many is in contravention of the Constitution and certainly not in harmony with the spirit of the Declaration of Independence, which would safeguard to all men the right to life, liberty and the pursuit of happiness; and

Whereas, The trend of the contemplated legislation in the pending immigration act is not a move forward, but rather retrogressive, and leading the nation back to the days of know-nothingism and prejudice, and far removed from the ideas and thoughts expressive of twentieth century progress; therefore

Resolved, That this Board of Aldermen of The City of New York registers its earnest protest against the final enactment into law of this absurd and positively harmful bill, in that it will keep from this country much of the brawn of other lands, so frequently developing into the brains which have helped, as has been shown in the past, the greatness of our republic.

Resolved further, That a copy hereof be forwarded to the President, and to the Clerk of the Senate, and to the Clerk of the House of Representatives.

Which was unanimously adopted.

**Resolution Requesting the Public Service Commission of the First Department and the Corporation Counsel of The City of New York to Take Steps for the Enforcement of the Covenants of the Agreement Executed by The City of New York, Dated February 21st, 1900.**

Whereas, Under the agreement executed by the City of New York, dated February 21st, 1900, for the construction and operation of the subways of the City of New York, at Chapter III thereof, under the title of leases, it is provided, among other things, as follows:

"The contractor shall keep all tunnels sufficiently lighted at all times to permit the tracks and walls and roofs of the tunnels to be clearly visible for inspection,"—and whereas, under the same chapter, it is further provided:

"The contractor shall keep the waiting rooms in clean and comfortable condition, and provide therein proper seating capacity and good drinking water. The contractor shall provide, in connection therewith, sufficient and suitable water closets and keep the same in sanitary condition."

And Whereas, the Interborough Rapid Transit Company, the present holder of the said agreement and lease, has failed to comply with the provisions of the said agreement, first above mentioned, exposing the people of the City of New York to avoidable dangers, and has failed to comply with the provisions of the said agreement, last above mentioned, subjecting the public to unsanitary conditions and unnecessary inconveniences, which are avoidable; now, therefore, be it

Resolved, That the Public Service Commission of the First Department and the Corporation Counsel of the City of New York are hereby respectfully requested to take such steps as they may deem advisable for the prompt, proper and full enforcement of the covenants of the said agreement.

Which was unanimously adopted.

**WHEREAS, The Company, in order to carry out the alteration, relocation and rearrangement of its tracks and structures pursuant to such agreement, has, under date of June 10, 1914, applied to the Board for a franchise to construct and maintain certain retaining walls within the lines of Sixth Street, East Avenue and Jackson Avenue, and to construct, maintain and operate certain additional tracks under and across Vernon, East and Jackson Avenues, all in the First Ward of the Borough of Queens, City of New York; and**

**SECTION 1. The City hereby grants to the Company the right to construct and maintain certain retaining walls and to construct, maintain and operate certain additional tracks in the vicinity of and in connection with the so-called North Shore Freight Yard of the Company, located in the First Ward of the Borough of Queens, City of New York, as follows:**

**(a) A retaining wall within the boundaries of Sixth Street and extending along the southerly line of said street from a point about two hundred and fifteen (215) feet east of the easterly line of West Avenue to a point about one hundred and eighty-five (185) feet west of the westerly line of East Avenue; also a retaining wall from a point in East Avenue about thirty-four (34) feet south of the southerly line of Sixth Street; thence across East Avenue; across the open square or space known as Sanford Angle, under the jurisdiction of the Department of Parks, and across Jackson Avenue to a point on the southerly line of Jackson Avenue about forty-five (45)**

**(b) Four (4) tracks under and across Vernon Avenue immediately south of the retaining wall specified above;**

**(c) Two (2) tracks under and across East Avenue and Jackson Avenue at the junction thereof, and immediately south of the retaining wall specified above.**

**—all as shown on a map entitled:**

**"Map and profile to accompany application dated June 10, 1914, of The Long Island R. R. Co. to the Board of Estimate and Apportionment, City of New York, for the right to install and maintain tracks under and across and change the grades of Vernon, East and Jackson Avenues and retaining wall underneath the surface of Sixth St., East Ave. and Jackson Ave., Long Island City, in the Borough of Queens"**

**—signed, The Long Island R. R. Co., by Ralph Peters, President, approved, J. R. Savage, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that the proposed street grades shown on said map shall not be followed if grades other than those shown are established or if it shall be unnecessary to change the existing established grades. If grades other than those shown on said map are established, then such other established grades shall be followed.**

**SEC. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:**

**First—The said right to construct, maintain and operate said structures shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until October 1, 1939, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.**

**If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board. If the parties shall not agree upon the compensation to be paid, if any, during the renewal term, on or before the day nine (9) months before the expiration of the original term, then the matter shall be submitted to three disinterested freeholders to be selected in the following manner:**

**One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties. If such appraisers shall determine that any compensation shall be paid to the City during the renewal term, the parties shall enter into a written agreement providing for the payment of the compensation so fixed and the time and manner of making such payment. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.**

**Second—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, unless the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by all of the terms and conditions of this contract, and agreeing to waive any more favorable conditions created by its charter or any statute relating to the consolidation or merger of corporations, or otherwise. The filing of such agreement shall constitute a condition precedent to the passing or vesting of the rights hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of the failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which the consolidation, merger, etc., is to take effect, the rights hereby granted shall cease and determine.**

**Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues hereinbefore described.**

**Fourth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the retaining walls, guard rails, tracks and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.**

**If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.**

**Fifth—Said retaining walls, guard rails, tracks, bridges and other structures authorized or required by this contract shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.**

**No construction upon said retaining walls, tracks, bridges or other structures shall be commenced until written permits have been obtained from the proper City officials.**

**In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.**

**The electrical equipment to be installed by the Company for the operation of the tracks hereby**

**authorized, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.**

**Sixth—The Company shall commence and complete construction of the structures herein authorized or required within ten (10) years from the date of the adoption by the Board of a resolution changing and re-establishing the grades of the streets to permit the construction of the structures as contemplated should it be necessary to change or re-establish the grades of any of the streets in which structures are herein authorized or required, or in case it shall be unnecessary to change such grades, or in case said grades shall be changed or re-established before the date on which this contract is signed by the Mayor, then the Company shall commence and complete the construction within ten (10) years from the date on which the contract shall be so signed, otherwise this right shall cease and determine, and the sum of five thousand dollars (\$5,000), which sum is a portion of the amount heretofore deposited with the Comptroller of the City as security for the faithful performance of the terms and conditions of a contract hereinafter referred to and dated May 4, 1914, and which is herein-after made likewise a fund which shall be security for the faithful performance of the terms and conditions of this contract, shall thereupon be forfeited to the City. In case of the forfeiture of the rights hereby granted as above and the forfeiture to the City of the sum of five thousand dollars (\$5,000), as provided herein, the Company shall immediately deposit with the Comptroller of the City an additional sum of five thousand dollars (\$5,000), to replace such sum forfeited for the purpose of completing and making up the sum of ten thousand dollars (\$10,000) required to be deposited with and held by the Comptroller as security for the faithful performance of the terms and conditions of the aforementioned franchise contract of May 4, 1914; provided that the period for commencement and completion may be extended by the Board, but the total extension of time shall not exceed in the aggregate six (6) months; and provided further that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement and completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.**

**Seventh—It is agreed that the right hereby granted to construct, maintain and operate the structures authorized or required herein shall not be in preference or in hindrance to public work of the City, and should the said structures in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, support and protect the retaining walls, tracks, bridges and appurtenances in the manner directed by the City officials having jurisdiction over such public work.**

**Eighth—The retaining walls herein authorized, where they occupy the bed of streets, shall be so constructed as to permit the laying of pavement over the same at the established sidewalk and roadway grades, and wherever necessary for the protection of the public said walls shall be surmounted by good and sufficient guard rails or fences. Said retaining walls shall be constructed of concrete under the direction of the President of the Borough of Queens and shall be of sufficient strength and thickness to support the surface of the streets within which they are constructed and the subsurface structures in such streets.**

**Ninth—Vernon Avenue, East Avenue and Jackson Avenue shall be carried at their established widths and grades over the tracks of the Company hereby authorized, by means of bridges. Plans for such bridges shall be submitted to the Board for its approval, and must receive such approval before the work of construction thereon shall be commenced.**

**Such bridges shall be so constructed and maintained as to accommodate thereon the existing twelve (12) inch water mains of the City crossing the tracks of the Company at East Avenue, Jackson Avenue and Vernon Avenue, and also the proposed thirty (30) inch water main to be constructed across the Company's tracks at East Avenue. Should the City at any time during the term of this contract desire to construct across the tracks of the Company herein authorized any additional water mains or pipes other than those specified above, the Company shall permit the same to be carried on the bridges herein required, provided said bridges shall be of sufficient strength to accommodate such pipes or mains or be properly strengthened in order to accommodate them.**

**Tenth—The Company shall do all the work and pay the entire cost:**

**(a) Of constructing and maintaining the retaining walls, guard rails or fences and tracks hereby authorized or required.**

**(b) Of constructing the necessary bridges to carry the streets over the tracks hereby authorized at the established grades thereof, and maintaining such bridges or portions thereof as and in the manner provided by the Railroad Law.**

**(c) Of changing the street grades, water supply and drainage systems as may be necessary in the construction of the structures hereby authorized or required, and of all work of any kind incidental thereto, including refilling, repaving and recubing of the streets and the roadway of the bridges constructed as herein required.**

**(d) Of protecting all the surface and subsurface structures which shall in any way be disturbed by the construction of the structures hereby authorized or required.**

**The Company shall pay the entire cost: Of all damages to the lands, tenements and hereditaments caused by and in consequence of the changes in grades which may be made in the said streets or other streets affected thereby in connection with the structures herein authorized, and the grantee shall also indemnify The City of New York from and against any and all liability for such damage.**

**Eleventh—The City shall have the right, without cost, during the term of this contract, whether original or renewal, to construct and maintain under and across the existing tracks of the Company and the tracks and structures hereby authorized to be constructed across Vernon Avenue, East Avenue and Jackson Avenue, all such sewer pipes which in the opinion of the President of the Borough of Queens shall be necessary or proper and which shall not conflict with the maintenance and operation of the railroad, of the Company.**

**Twelfth**—The privilege hereby granted so far as it shall affect the use or occupation of any lands or property of the City under the jurisdiction of the Department of Parks, is and shall be subject to the further consent of such department.

**Thirteenth**—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the structures constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

**Fourteenth**—If the Company shall fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a period to be fixed by the Board when giving such notice, and upon failure of the Company to remedy such default within the period fixed the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

**Fifteenth**—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction, maintenance or operation of the structures authorized or required by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

**Sixteenth**—This grant is upon the express condition that the sum of ten thousand dollars (\$10,000) heretofore deposited with the Comptroller of the City by the Company under and pursuant to the franchise granted to the Company by the City by contract dated May 4, 1914, authorizing the construction of certain tracks across Hamilton Street, South Street and Farmers Avenue in the Borough of Queens, for the faithful performance by the Company of the terms and conditions of said contract, shall likewise form a fund which shall be security for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the construction and maintenance of the structures herein authorized, change of street grades, alterations to water supply and drainage systems, protection of the surface and subsurface structures interfered with during the course of construction and of the payment for the damages to lands, tenements and hereditaments occasioned by the change of street grades in connection with the structures herein authorized or required, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in payment of the annual charges, should any be hereafter required, shall collect the same with interest from the said fund after ten (10) days' notice to the Company, or in case of default to observe the said terms and conditions of this contract and orders of the Board acting hereunder, the Company shall pay a penalty of ten dollars (\$10) a day for each day of failure; all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund heretofore deposited with him, as specified herein. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice pay to the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars (\$10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of penalties are in addition to the right to forfeit the franchise conferred by Section 2, Fourteenth, of this contract.

**Seventeenth**—The words "notice" or "direction," wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. **PUBLIC SERVICE COMMISSION** For the First District.  
To the Board of Estimate and Apportionment of the City of New York.

The Public Service Commission for the First District transmits herewith to your Honorable Board for your approval and the approval of the Mayor of the City, as required by law, a certified copy of resolutions adopted by it on January 8, 1915, amending the route or routes and general plan of construction for the Seventh and Eighth Avenue Route (Route No. 4) so as to provide for a passageway and station approaches in and under West Fortieth Street between Broadway and Seventh Avenue to connect the station on Broadway with the station on Seventh Avenue and to afford access to and egress from said stations or either of them. The present general plan of construction provides that stations or station approaches may be built under cross streets but that no part of any cross street shall be used for a station approach at a distance greater than seventy-five (75) feet from the exterior line or side of the longitudinal street of the route. Under this provision seventy-five (75) feet of the proposed passageway from the station on Broadway to the station on Seventh Avenue could be constructed at each end of the passageway next to Broadway and Seventh Avenue, but in order that no question may be raised as to the right of the Commission to build the intermediate portion of the passageway the Commission has deemed it advisable to adopt the amendment to the route or routes and general plan of construction herewith transmitted for approval.

Dated January 8, 1915.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only which may be left but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the buildings.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, braced, etc., bricked up, and the wall pointed and made exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
